TAMMANY AND MEXICAN HELD REPUBLICANS SCORED BY HEARST

Gaynor and Bannard De-
nounced as Tools of Ma-
chine; Murphy Owns One,
Woodruff Other, Says Editor

WINS HOLDS PLACE IN CENTER OF STAGE

Latest Accusation Is That
Lawyer Received Big Sum to
Block Traction Investigation
in New York.

(By Morning Journal Special Leased Wire)
New York, Oct. 18.—William B. Hearst, independent nominee for mayor, and Otto T. Bannard, the republican nominee, both of whom are heading the fusion ticket, dashed through Harlem tonight and delivered a series of rapid fire speeches in support of their candidacy. Hearst made four addresses and Bannard three. Bannard confined himself to business issues. Hearst spoke at length and continued his denunciation of William G. Gaynor, democratic nominee, although he found time to refer to Bannard as a machine candidate. "I have got into this fight to defeat both Gaynor and his Tammany machine and Bannard and his Woodruff machine," he said "and I do not want Mr. Bannard to forget in the heat and excitement of the campaign that he is just as much of a machine candidate as W. G. Gaynor."

"For one, cannot see the difference in the blackness between the Tammany kettle and the Woodruff pot."

"Mr. Bannard was not named at the fusion conference. The fusion conference was broken up. He was not even named at the republican convention. He was appointed and announced the candidate of the Noble Order of Woodruffians and created a Knight of the Valiant at Jack's in the early hours of a September morning."

"Now, Mr. Bannard is not only not an independent candidate, but he is not even an anti-Tammany candidate. If Mr. Bannard's statement of the deal between Cannon and the republican machine with Murphy and the Tammany machine can be believed, Mr. Bannard was named, not to defeat Tammany, but to elect Tammany. Mr. Bannard is elected. Mr. Woodruff's pet trusts will get the city and if Judge Gaynor is elected the Tammany pet thieves will get the city."

Hearst defended himself against Gaynor's remark that he was induced by Tammany when he ran for governor against Hughes. "Gover, Cleveland," he said, "was a consistent foe of Tammany state, yet he ran for governor of the state on a democratic ticket. I ran for governor of New York as much a foe of Tammany hall as I had run for mayor a foe of Tammany hall the year before."

"Why did not Judge Gaynor do as I did? Why did not Judge Gaynor denounce Murphy and McCarron? He had plenty of time to do it before McCarron got sick."

Hearst's attack on Bannard tonight gives the campaign a new angle, for heretofore both have maintained what might be called a truce in view of the fact that both are attempting to defeat Tammany.

Bannard, in his speeches tonight, said: "I am a candidate for mayor because good many people think the city hall needs a business man. I am a business man with ten years of legal training and some knowledge of how city bonds should be sold. The issue is Tammany graft and waste."

William M. Ivis, although not a candidate himself, has laid the ground work for a major part of the personal attacks in the campaign, kept his place well in the calculation of charge and counter-charge during the day. Accused last night by Henry George, Jr., of trying to persuade his father, the single taxer, to withdraw from the mayoralty campaign of 1896, in consideration of a seat in congress offered by Tammany, he faces yet another charge made by Colonel William N. Amory, former secretary of the Third Avenue Railroad company. Amory in an affidavit attacked him as representing Thomas E. Ryan in blocking traction investigation in New York and he declares that Ryan was paid \$25,000 by the commission for shielding Ryan in the public service investigation.

"I am convinced," he said, "that Mr. Ivis at that time had an understanding with Ryan or his representatives for the deliberate suppression of the facts."

In reply Ivis issued a statement tonight in which he says: "I am sorry for him (Colonel Amory) for he could not take such a snarl if he were really responsible. As a matter of fact, I have not seen Mr. Ryan or any of his associates for months except as I have met his counsel in court as my adversary."

Gaynor spoke today with "personal liberty," Hearst and police misuse as his principal topics.

GUTIERREZ DE LARA IN TROUBLE AT LOS ANGELES

Friends Claim Arrest Is Plot to
Secure Prisoner's Extradition
to Mexico, Where Diaz Gov-
ernment Can Deal With Him.

(By Morning Journal Special Leased Wire)
Los Angeles, Oct. 18.—Gutierrez de Lara, Mexican attorney and author, was arrested today by United States immigration service inspectors, acting under orders from the department of commerce and labor. De Lara became widely known recently as the man who accompanied a well known American magazine writer into Mexico, where he obtained information for a series of articles on alleged "slavery in Mexico."

De Lara's friends allege that an effort is being made to "railroad" him across the border into Mexico, where authorities of that country might deal with him.

De Lara was arrested here October 9, two days before President Taft's arrival, with four other Mexicans charged with disturbing the peace. It was alleged that they had made incendiary speeches in the public plaza and were looked up as a precautionary measure for the safety of President Taft. All of the men were discharged today but De Lara, who had been at liberty under bond, was re-arrested immediately. He is now held in prison. His bail will be fixed by the department of commerce and labor. A. C. Ridgway, inspector in charge of the local immigration office, said today when asked what charges had been placed upon De Lara:

"He is accused of uttering words against the United States—against all government, in fact. He is accused of being undesirable. He has not been in this country three years and he may be deported. If found guilty, he will have a hearing before me and the testimony will be forwarded to the secretary of commerce and labor. If the secretary finds him guilty he may be sent back to Mexico."

De Lara, who is well educated, is fifty years old. He denies that he is an anarchist. He left Mexico after the publication of his book, "Los Ricos" (The Rich), which caused the antagonism of officials in Mexico. He was married a few weeks ago to an American woman.

MURDER TRIAL INCIDENT OF RANGE WAR

RICH WYOMING STOCKMEN IN SERIOUS PREDICAMENT

Charged With Raid on Sheep
Camp in Which Three Men
and Hundreds of Sheep Were
Slaughtered.

(By Morning Journal Special Leased Wire)
Cheyenne, Wyo., Oct. 18.—Geo. Sabin, Thomas Dixon, Ed Eaton, B. Brink, M. A. Alexander, Charles Ferris and William Keyes, prominent stockmen of Big Horn county, were placed on trial today at Basin, charged with the murder of Joe Alaman and Joe Emery, sheep owners and Joe Luxer, herder. These men were slain in the Spring Creek raid on the night of April 2, when hundreds of sheep were killed and maimed and the bodies of the men burned in the camp wagon.

The arrest of the men came as the result of an investigation started by the Wyoming Woolgrowers' association. The grand jury brought true bills and the accused men were arrested. An attempt to cause the escape of some of the men after they had been released on bail, was frustrated by arrest.

To prevent a jail delivery, the Cheyenne jail has been guarded day and night by the militia for months and two of the accused men have been sent to the county jail at Sheridan. William Garrison, a friend of the prisoners, who testified before the grand jury later committed suicide rather than appear at the trial.

An international aspect has been in the case through the activity of the French government, inasmuch as Luxer, one of the victims was a French subject.

The best legal talent has been retained to defend the accused. It is not expected that a jury will be completed for several days.

the county jail, issued a signed statement to the press as follows:

"I am not, never have been and never will be, an anarchist, for I have no sympathy with anything that savors of disorder."

"My arrest is the result of persecution of the Mexican government largely due to the information I furnished for a series of magazine articles on 'Barbarous Mexico.' If I am deported I firmly believe that I will be done away with—placed in a dungeon to rot or shot to death. Possibly they may deny me the courtesy of being executed formally and have me murdered by a hired assassin."

"But I look for justice at the hands of the immigration authorities and I believe I shall receive it, for I do not believe any liberty-loving man, no matter what his political or religious beliefs may be, will see an innocent man doomed. My arrest is all based on the allegation that I am an anarchist, who has been in the United States less than three years. I first came to this country more than three years ago. I do not believe that my brief return to Mexico to assist in securing material for the series of magazine articles can be construed into a permanent return."

"If I am sent to my doom, I shall go gladly knowing that I am a political sacrifice and that in the end justice will prevail."

"All I ask is justice."

"GUTIERREZ DE LARA."

PRISONER COMES FROM FAMOUS MEXICAN FAMILY

San Francisco, Oct. 18.—Gutierrez de Lara, arrested today in Los Angeles for having made statements alleged to be derogatory to the governments of the United States and Mexico, got into trouble with the United States authorities in 1907 at the time of the arrest in Los Angeles of Ricardo Flores Magón, Antonio Villarreal and Librado Rivera, Mexican liberal leaders now serving a term in the Arizona territorial prison at Yuma for alleged violation of the United States neutrality laws. Soon after these arrests De Lara was arrested by the United States marshal at Los Angeles, the charge against him being that of stealing eight cords of wood several years previously at Canaan, Mexico, when practicing law there. His attorneys proved the charges farcical. After being held a prisoner for three months he was released.

At the time of his imprisonment two years ago De Lara's friends and sympathizers asserted that his arrest and detention was part of a systematic persecution of Mexican liberals and liberal sympathizers who had taken refuge in the United States. De Lara, cousin of a famous Mexican family, his great-grandfather fought under Hidalgo for the original independence of Mexico and was sent to Washington as an official envoy in the presidency of George Washington.

PASSENGERS RESCUED FROM STRANDED VESSEL

New York, Oct. 18.—Passengers and part of the crew of the Southern Pacific liner Antilles, which ran aground off the southeast coast of Florida a week ago, were landed here today by the steamer "Comus" of the same line.

Among the passengers was Governor I. J. Sanders, of Louisiana, who said:

"We experienced two days of heavy weather, capped on Monday morning by a hurricane in which observations were impossible. Neither the captain nor the passengers felt much alarm, however, and most of us had retired when, just before midnight Monday, the Antilles struck sandy bottom with a shock that brought everybody up in a minute."

"There was no panic and Captain Byrnes assured us, after a hasty examination, that the boat was in no immediate danger."

HAYTI AGAIN SCENE OF WARLIKE OPERATIONS

Cape Hayti, Oct. 18.—News reached here tonight delayed by bad weather and bad roads, giving brief details of a sanguinary engagement between the insurgents and the government troops at Canongo.

The insurgents were in ambush behind a hill and made a surprise attack upon the advancing troops. There were large losses on both sides. Making a feint to re-enter Dajabon, the insurgents then proceeded to Guayubin and Sabana, which they captured without resistance. The loyal forces proceeded into Dajabon. The whole frontier is in the power of the insurgents.

PHYSICIAN ARRAIGNED FOR MANSLAUGHTER

Detroit, Oct. 18.—Dr. George A. Fritch was arraigned today on a charge of manslaughter in connection with the death of Maybelle Millman, whose dismembered body was found in Ecorse creek. Dr. Fritch's bail was fixed at \$15,000 and he was remanded to the county jail.

Haskell Granted Time.—In the federal court here today twenty days' time was allowed Governor Haskell and the other defendants in the Muskogee town lot fraud cases in which to file exceptions to the rulings of the court last week when Judge Marshall overruled the motions to quash. Defendants to the indictments will be arraigned on October 28.

Savings Bank Closes Doors.

Nashville, Tenn., Oct. 18.—The City Savings Bank which closed its doors Saturday failed to reopen today. The bank's indebtedness was given as more than \$200,000 and it is declared to be wholly insolvent in a petition granted today enjoining W. H. Green, from acting as assignee.

ARMY MEN FLY AT COLLEGE POINT

OFFICERS GUIDE MACHINE LIKE VETERAN AVIATORS

Six Successful Flights Under
Direction of Wilbur Wright
Demonstrates Ability of Military Men to Handle Aeroplane

(By Morning Journal Special Leased Wire)
College Park, Md., Oct. 18.—In six flights at the government aviation school, under the direction of instructor Wright, the army officers, Lieutenants Lahm and Humphrey, demonstrated their ability to handle the government's aeroplane purchased from the Wright brothers last summer, by the signal corps. Each officer accompanied Mr. Wright on three flights.

Before the gun had risen the aeroplane was rolled from its shed, and in what was practically a dead calm, Mr. Wright and Lieutenant Humphrey made a flight of more than eleven minutes and thirty-four seconds. While the machine was in the air, Lieutenant Lahm in the pupils' seat, was the longest made at the aerodrome, lasting eighteen minutes, thirty-seven seconds. In both flights the lieutenants operated the machine unaided.

The third flight was made in a slight breeze. Lieutenant Humphrey, again accompanying Mr. Wright, the machine was in the air more than ten minutes. Mr. Wright, accompanied by Lieutenant Lahm, then flew for eleven minutes and thirty-four seconds. While the machine was in the air, the field it was pitched and tossed by a ten mile wind.

Tonight Mr. Wright was accompanied on the first flight by Lieutenant Humphrey, who handled the machine unaided through most of the devious route. On the last flight Mr. Wright had Lieutenant Lahm with him for more than eight minutes. As the machine sped around Mr. Wright relinquished control of the craft to his pupil.

When flying with Lieutenant Lahm and Mr. Wright, the aeroplane came abreast of a swiftly moving express train. So close was the machine of the air to its rival on the earth that it appeared to be right above it. The disturbance of the air created by the aeroplane which swept down dangerously close to the earth. As the wind caught it and added it onward. It seemed to gain upon the train. Long flights and more difficult maneuvers are now to be attempted by the aviation class at the government aerodrome.

Lieutenant Benjamin D. Pontois, who made the famous Alexandria cross-country flight with Orville Wright, returned today from Nancy, France, where he had been as the representative of the United States army at the aeronautical congress. He will report at College Park tomorrow. It is probable that he will be added to the list of students of aviation.

DARING AEROPLANE CIRCLES EIFFEL TOWER

Paris, Oct. 18.—Count de Lambert, French aviator, just before dark tonight, accomplished one of the most remarkable and daring feats yet credited to heavier-than-air machines. Starting from the aerodrome at Juvisy he flew to Paris, about thirteen miles. After maneuvering over the city at an

average height of 400 feet he ascended in gradually diminishing circles, and passed several hundred feet above the Eiffel tower. He then returned to Juvisy.

Thousands who watched could barely credit their senses when they saw the aeroplane, a tiny object, gliding swiftly far above the tower, and the sensation created was more profound than when Santos Dumont circled the structure in his dirigible balloon in 1900.

Count de Lambert was given a tremendous ovation on his return to Juvisy. Orville Wright rushed forward and wrung the hands of the aviator as he alighted, pale but radiant. He was led to the pavilion, where his health was drunk, "the crowd meantime cheering lustily and crying 'Long live Count de Lambert,' 'Long live Russia,' de Lambert being of Russian ancestry. The count held up his hand and shouted, 'cry long live the United States, for it is to her that I owe this success.'"

The aviator said that throughout his trip he had entire control of the machine. The only inconvenience he suffered was from the throbbing of the engines and from difficulty in seeing towards the end in the gloom. The official time of the flight was 19.47 seconds. The distance was roughly estimated at 31 miles and the height varied from 300 to 1,200 feet.

Count de Lambert and Mr. Wright left the field together in an automobile. Dragoons were obtained to clear a way through the crowd.

CZAR DECLINES TO RIDE ACROSS BAVARIA

St. Petersburg, Oct. 18.—An important and unexpected change of itinerary has been made on the eve of Emperor Nicholas' departure for Italy.

It is understood the change was due in part to recent criticism of the Emperor in the Bavarian landtag, but as well known other and deeper reasons which according to the best information obtainable, here, resulted in the emperor's decision to avoid Bavaria and Switzerland and made a long circuit through western France to reach his destination.

The new route chosen is by way of Odesa, Posen, Frankfurt and Breslau, France and involves a railroad journey of nearly 2,000 miles.

A meeting between the emperor and the president of France is possible, though nothing official on this point can be obtained.

The elimination of Switzerland from the itinerary causes no particular regret among the Russian authorities responsible for the emperor's safety, as the small force of police and military in the mountainous country constitute almost a serious problem in the safeguarding of the emperor's train.

GOVERNOR NOT YET READY TO RESIGN

Delegate Andrews Says He

man of Pennsylvania Is After
the Job.

A story published by the Tribune-Citizen yesterday evening under the Santa Fe date, to the effect that Governor Curry is to resign at once and that he is to be succeeded by Hon. F. P. Andrews, chairman of the Republican state committee of Pennsylvania, and brother of Delegate W. H. Andrews of New Mexico, brought amused denials from both Governor Curry and Delegate Andrews last night.

"It is the first I have heard of," said Delegate Andrews at the Alvarado hotel to a reporter for the Morning Journal. "My brother is state chairman of Pennsylvania and he isn't interested in New Mexico affairs. If he has any intention of coming out here I never have heard a word about it. Of course there is not a word of truth in it."

"It is all news to me," said Governor Curry over the telephone last night. "I have never heard a word about it and I really have no intention of resigning at all. I have had some pretty strenuous jobs in my time and while it sometimes gets pretty strenuous being governor of New Mexico, I haven't found it too strenuous as yet. You may say that I haven't any intention of resigning this evening or at any time soon."

The story of the governor's intended immediate resignation caused considerable amusement in Albuquerque especially as coupled with the proposed appointment of the state chairman of Pennsylvania to the position.

MUCH BUSINESS BEFORE FEDERAL SUPREME COURT

Washington, Oct. 18.—The supreme court of the United States today began the second week of the term by hearing a large number of motions, rejecting petitions for writs of certiorari and acting upon several such petitions.

Of the petitions heretofore presented seven were granted and seventeen denied, the effect being to bring to this court for review cases in which the writ was granted and to practically affirm decisions of courts below in cases in which the writ was denied.

Washington, Oct. 18.—Sitting for the first time en banc in San Francisco, the interstate commerce commission met today to consider rate cases in which the Pacific coast and the southwest are interested. Today's session was occupied by arguments in the San Francisco and Los Angeles switching cases, testimony in which was taken some time ago by Commissioner Lane at hearings in this city and Los Angeles. In both these cities the railroads make a switching charge for each car and as no similar charge is collected in other cities, shippers or the two coast points contend that the charge is unfair.

Tomorrow the commission will take up the hearing on alleged excessive rates from coast terminals to Nevada points.

TREASURER TREAT IN FAVOR OF CENTRAL BANK

Boston, Oct. 18.—Making probably his last public appearance before his retirement from the office of treasurer of the United States, on November 1, Charles H. Trent, of Washington, tonight, addressed the bank officials association upon a "national clearing house, and bank and the currency problem."

He said among other things: "The lessons of the recent panic have emphasized the importance of having more co-ordination among banks. This desire has taken shape more particularly in the advocacy of a great central or clearing house bank that would provide resources wherein the banks could have adequate facilities for rediscounting their loans and thereby be afforded such banking accommodations as business requires."

While I am an advocate of a central bank or national clearing house bank, I am still convinced that the people would not accept any currency that does not have the government guarantee behind it."

EPISCOPAL PRIEST RENOUNCES THE FAITH

Washington Divine Turns Unitarian and is Deposed by Bishops.

Washington, Oct. 18.—Rev. G. W. H. Troop, an Episcopal clergyman, who recently renounced the creed of his church for the Unitarian faith, today was deposed from the ministry by Bishop Alfred Harding, Episcopal bishop of Washington. Rev. Mr. Troop formerly served as assistant pastor of St. John's church in Georgetown and created a sensation in church circles when, four months ago, he announced his renunciation of the faith in which he was ordained.

BROTHER'S BIG RANCH AT GREG- ORY, TEXAS, SHIELDS PRESIDENT FROM BANQUET GIVERS AND SPEECH DEMANDING PUBLIC.

First Real Rest Since
PRESIDENT LEFT BEVERLY

Address at Alamo Tribute to
Heroism of Texas Warriors
as Well as Appreciation of
Material Progress of People.

(By Morning Journal Special Leased Wire)
Gregory, Tex., Oct. 18.—President Taft arrived here tonight to pass four days on the ranch of Charles P. Taft, his brother.

Reports as to the size of the ranch vary from 100,000 to 200,000 acres. In either event, it approaches the proportions of a princely estate and during the time here the President will be secluded from the glimmers of banquets and from the arduous duty of constant speechmaking.

The President said he now intended, for once on the trip, to do as he pleased. "This means that he will play golf every morning; that he will ride in the afternoon and that he may go duck shooting."

The day at the ranch will be the first real rest of the President, for even the Yosemite valley, far from the beaten paths, had its schedules of long stage rides and hours of early rising.

At the Alamo, in San Antonio, President Taft was introduced by Mayor Callahan.

"The remarks of your chief magistrate accord with my own feeling in emphasizing the historical feature of the spot upon which we stand," said the President. "This is indeed one of the cradles of American liberty. Here the people of Texas fought out their own individual liberty and linked it with that of other peoples of the United States."

"Within a stone's throw of that building in which were offered up those sacred lives at the Alamo, one cannot but lay tribute at the feet of the state of Texas, as entitled to something a little more than one of thirteen states; in that she worked out her destiny without outside aid."

"Two days ago it was my good fortune to take part, as the representative of the people of the United States, in a ceremony tending to show the peace and good will and the bond of friendship that now exists between the United States and the great republic of Mexico."

"Happy those who, after quarrels and battles and bloody wars, can live to see the participants taking part in a ceremony of union and peace and sincere good will."

Speaking of the "material prosperity" that is evident on every hand, Mr. Taft said:

"I take it to appreciate what you have done, in order to show how you have overcome the natural obstacles to success, such a trip as I took yesterday from El Paso to this city and men who can make wealth and make products of the soil off that country are entitled to the congratulations of the whole nation."

In the review of the troops at Fort San Houston, a horse ridden by Major Johnston of the medical corps of the army became unmanageable. The animal ran directly across the parade ground, finally throwing Major Johnston. The officer was unhurt.

TAFT MAY TOUR MEXICO AT CLOSE OF WHITE HOUSE TERM

El Paso, Tex., Oct. 18.—The Times tomorrow will say:

"Tentative plans for a tour of Mexico by Mr. and Mrs. William H. Taft, upon the close of the President's term of office, were discussed Saturday night by President Taft and President Diaz. The discussion followed the banquet in Mr. Taft's honor in Juarez."

President Taft said that at the close of his term of office he expected to tour Mexico with Mrs. Taft.

"President Diaz replied he would look forward with pleasure to meeting Mr. Taft again. Mrs. Diaz, he said, would be Mrs. Taft's hostess, and he would be delighted to receive Mr. and Mrs. Taft in Mexico City."

PAT MCCARREN WELL ENOUGH TO SIGN CHECK

New York, Oct. 18.—Patrick H. McCarron, of Brooklyn had improved sufficiently today to sign two checks, one a contribution and one a gift to charity. He slept at intervals, but his pulse is irregular and the weakness of his heart continues to give concern.

His physician said tonight, when asked if he could recover:

"I am afraid to say yes, and afraid to say no."

The senator's inquiries about progress of the campaign were not answered by direction of Dr. Hughes who has forbidden him to talk politics.

Lady Frances Cook Comes From England to Plead Cause of Votes for Women Before President Taft.

(By Morning Journal Special Leased Wire) New York, Oct. 18.—Lady Frances Cook, better known in this country as Tennessee Claflin, who arrived today, said she is ready, if necessary, to spend \$1,000,000 of her fortune to win votes for women.

"I am going right to President Taft," Lady Cook continued, "to see if I cannot get him to do what Lincoln did, but by peaceable measures. I shall call the president's attention to the fourteenth amendment of the constitution. The constitution says that only white males and convicts may not vote, and I want to know if that bars women."

ACTRESS WIFE TIRES OF MANAGER HUSBAND

Margaret Illington Files Suit in Nevada Court for Divorce from Daniel Frohman; No Contest Likely.

(By Morning Journal Special Leased Wire) Reno, Nev., Oct. 18.—Mrs. Daniel Frohman, more familiarly known by her stage name of Margaret Illington, today filed suit for divorce in the district court of this city, alleging that her husband for the last two years failed to contribute to her support.

Other than the bare statements that the plaintiff has lived in Reno more than six months prior to filing the action, that there are no children and no community property, the complaint contains nothing. There are no allegations of a sensational nature, neither is there reference made to the theatrical manager other than that he is defendant and his wife the plaintiff in the action. No alimony is asked.

For nearly a year Mrs. Frohman has lived in this city, coming here within a few months after she completed her engagement as the star in "The Thief." She has lived quietly. "The Thief," she has lived quietly, but never appearing in social events, but contenting herself with taking early morning walks and horseback riding. It is not thought that the suit will be contested and Mrs. Frohman's attorneys said the case would be devoid of sensational features so far as their client is concerned. What Mrs. Frohman's plans are in case she obtains her decree is not known, although some time ago she stated that she was tired of the stage and wished to lead a simple home life in the future.

They were married in New York November 22, 1903.

BATONVILLE DIVORCE SUIT

New York, Oct. 18.—The second trial of Mrs. Frances Burke Roche Battonville's divorce suit against Aurel Battonville, a noted whip, began today.

In outlining her case the attorney told the jury that two questions to be decided related to the defendant's alleged unfaithfulness. Battonville was on hand when the case was called, but his wife had not appeared by the time a jury was obtained.

Mrs. Battonville's first suit was discontinued last June, when her attorney walked out of court after failing to find an absent witness.

Four women were mentioned in Mrs. Battonville's complaint, but her counsel announced today that charges involving two of them may be withdrawn.

The first witness was Eugene A. R.

STROBEL AIRSHIP MAKES GOOD AT DALLAS

Hundred Thousand People at State Fair See First Test of Aerial Navigation in Texas.

(By Morning Journal Special Leased Wire) Dallas, Oct. 18.—Aerial navigation was seen for the first time in Texas today when Frank Good, in a Strobel dirigible balloon sailed over the city, covering a distance of about five miles in 21 minutes. The balloon has been brought here by the Texas State fair and there were probably 100,000 persons who saw the feat.

BOARD TO CONSIDER FORTIFICATIONS OF PANAMA CANAL

Army and Navy Officers to Go Over Ground With View of Informing Congress as to Needs on Isthmus.

(By Morning Journal Special Leased Wire) Washington, Oct. 18.—The important work of constructing fortifications for the entrance to the Panama canal will, it was said today, be given careful consideration by a joint army and navy board this winter. This board will visit the isthmus and go over the entire ground, investigating conditions so that congress may be prepared to act intelligently.

The board will consist of brigadier general William L. Marshall, chief of engineers; brigadier general William Crozier, chief of ordnance; brigadier general Arthur Murray, chief of coast artillery; brigadier general W. W. Whitherspoon, assistant chief of staff; two naval officers, yet to be selected, and possibly others.

The general question of the fortifications for the canal has been discussed by the army and navy departments. It is possible that if the reinforcements of the board is made in time, congress may at this session appropriate money for the work.

SUPPLIES POUR IN FOR MONTEREY SUFFERERS

Washington, Oct. 18.—Relief supplies for flood sufferers in the vicinity of Monterey, Mex., are being forwarded for distribution among the thousands of destitute in northeastern Mexico, according to a dispatch from Consul General Hanna. These include food, coal, beans, rice, blankets, clothing and various other articles, some needed. The work of relief, says Mr. Hanna, must be actively continued in the winter.

GORE INVADERS NEW ENGLAND IN WAR ON TARIFF

Oklahoman Declines Payne Bill Utter Failure When Tested by Effect on Cost of Life's Necessities.

(By Morning Journal Special Leased Wire) Springfield, Mass., Oct. 18.—United States Thomas H. Gore, of Oklahoma, addressed a democratic rally here tonight. Discussing the tariff, he declared that the only test of the new tariff law was whether the cost of necessities of life is more or less under the new bill than it was under the old bill, and that by this test the new bill must be declared an utter failure.

Gore, he said, showed an increase as a result of the new tariff legislation.

SCOTTISH RITE IN FLOURISHING CONDITION

Biennial Council of the Order in America Convened at Washington; Noted Members Among Those Present.

(By Morning Journal Special Leased Wire) Washington, Oct. 18.—Attended by the three Masters of the highest standing in all America, the biennial meeting of the supreme council of the Scottish Rite of Free Masonry for the southern jurisdiction of the United States assembled here today. Sovereign Grand Commander James D. Richardson of the southern jurisdiction called the meeting to order, there being present, among others, General Samuel Crocker Lawrence, sovereign grand commander of the northern jurisdiction, and Dr. John M. Gibson, sovereign grand commander of the supreme council of Canada.

The address of Grand Commander Richardson contained a detailed review of the history of the order during the past two years.

"It is worthy of comment," he said, "that there are more members of our bodies filling seats in the senate and house of representatives in Washington at this time than there were members of the rite in several seats of our jurisdiction which I could name twenty-five years ago. These facts are not referred to by me as evidence of the popularity of the order, or in the nature of self-adulation or glorification, but to show that there is a profundity of meaning in its philosophy and dogma which engrosses the serious attention of men of ability, learning and culture, and further, to show evidence of the fact that as the rite grows, wisdom, multiplicity and enlarges its scope and influence, there will not be wanting strong minded and strong hearted members properly to utilize its potentialities and judiciously govern its councils."

Bullinger at Yuma. Yuma, Ariz., Oct. 18.—Secretary of the Interior Bullinger arrived today and investigated reclamation works near here. He left for the east tonight.

Bible School Students Parade. Pittsburgh, Oct. 18.—With a parade of about 10,000 members of the men's Bible classes of the denomination throughout the country, followed by three big meetings in the convention halls, "Bible school day" of the international centennial celebration and convention of the Disciples of Christ (Christian church) closed tonight.

JAPANESE SCRIBES MAKE PLEA FOR CLEMENCY

In Trouble for Sending Improper Matter Through the Mails Three Honolulu Editors Plead Ignorance of Law.

(By Morning Journal Special Leased Wire) Honolulu, Oct. 18.—Three editors of Japanese newspapers, recently indicted by the federal grand jury on a charge of sending objectionable matter through the mails, sent a joint open letter today to United States District Attorney Beckson, promising to exercise a strict censorship of their columns in the future. The editors pleaded ignorance of the law, and said that after studying the statute and reading the publications in the light of the law they were compelled to acknowledge their error.

Because of this frank avowal and evident intention to obey the law hereafter, it is expected that they will be punished by fine and that the imprisonment clause will not be invoked.

A BANKER'S NERVE.

Broken by Coffee and Restored by Postum.

A banker needs perfect control of the nerve and a clear, quick, accurate brain. A prominent banker of Chattanooga tells how he keeps himself in condition.

"Up to 17 years of age I was not allowed to drink coffee, but as soon as I got out into the world I began to use it and grew very fond of it. For some years I noticed no bad effect from its use, but in time it began to affect me unfavorably. My hands trembled, the muscles of my face twitched, my mental processes seemed slow and in other ways my system got out of order. These conditions grew so bad at last that I had to give up coffee altogether."

"My attention having been drawn to Postum, I began its use on leaving off the coffee, and it gave me pleasure to testify to its value. I find it a delicious beverage, like it just as well as I did coffee, and during the years that I have used Postum I have been free from the distressing symptoms that accompanied the use of coffee. The nervousness has entirely disappeared and I am as steady of hand as a boy of 25, though I am more than 32 years old. I owe all this to Postum."

"There's a Reason." Read the little book, "The Road to Well-Being," in packages. Grocers sell.

How to Make Better Cough Syrup Than You Can Buy

A full pint of cough syrup—enough to last a family a long time—can be made by the recipe given below in five minutes for only 24 cents. Simple as it is, there is nothing better of any price. It usually stops a deep-seated cough in twenty-four hours, and is a splendid household remedy for whooping cough, colds, hoarseness, bronchitis, etc.

Take a pint of granulated sugar, add ½ pint warm water and stir about 2 minutes. Put 2½ oz. Pinex in a pint bottle and fill up with syrup. Take a teaspoonful every one, two or three hours. It keeps perfectly and the taste is pleasing.

The chemical elements of pine which are very healing to membranes, are obtained in high proportion in Pinex, the most valuable concentrated compound of Norway White Pine Extract. None of the weaker preparations will work with this recipe. Your druggist has Pinex or can easily get it for you.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

Cost of Misrule in New York

Anti-Tammany fusion is meeting with some difficulty. The candidacy of Judge Gaynor, as we have explained, is a serious complication, and the demand of the Hearst followers for a "radical" platform, with municipal subsidies as the chief plank, introduces another complication.

But the issue of the municipal election is ready-made. Tammany graft, Tammany waste, and Tammany graft, competence are illustrated by the "swollen" budget tentatively worked out by the department heads. The aggregate is staggering—\$183,000,000. The increase over last year's total now asked is about \$27,000,000.

There was a time when New Yorkers were proud of their "imperial" budget. They used to point with satisfaction to the amounts appropriated for their municipal services for education, street cleaning, charities, police, fire protection, tenement and health inspection, etc. They are wiser and sadder now. They have seen their officials dismissed from office by the governor for corruption, neglect and inefficiency; they have discovered that they pay millions for "improvements" that are affected only on paper; they know that the city pays for land and other property three and five times the amounts paid by private purchasers. They have been told by disinterested investigators that every Tammany office is organized and every penny is padded.

How many millions of the taxpayers' money Tammany has either wasted or stolen and permitting others to steal each year—what part of the tremendous budget is due to graft and plunder—no one knows, but the estimates place it at between \$10,000,000 and \$40,000,000.

When each family of five is taxed about \$200 to pay Tammany's running expenses—to fill the pockets of men who are in politics for revenue only and enrich their friends and business associates—there should be no formidable obstacle to union against Tammany. Minor differences might well be waived in the interest of the simple honesty and reasonable efficiency in local administration. The anti-Tammany issue is moral, but it has practical side, a side that can be presented in eloquent figures.—Chicago Record-Herald.

The Handling of City Crowds.

No one of the many problems attending the astonishing development of the city in recent years is more perplexing than that of handling the throngs of people who press their way under ordinary conditions. It is incident when anything of a special nature takes place. The crowded cars during the rush hours the complaints of the army of tramp hangers, the dangers and difficulties of crossing the streets are familiar phases noted day after day.

Under such conditions it does not take much of an influx from outside to bring a state of congestion. A few thousands added to the crowd produce a visible effect. The steady stream of pedestrians on the sidewalks moves more slowly, the hotels are taxed, the transportation companies find increased difficulty in giving satisfactory service. Even the visit of a president for part of a single day brought a marked accession to the crowds on the fairly wide streets of Chicago.

FLEEING CONVICTS TAKEN AFTER FIGHT

Oregon Posse Completes Work of Rounding Up Desperate Band of Fugitives From State Prison; All Save One Wounded

(By Morning Journal Special Leased Wire) Salem, Ore., Oct. 18.—Driven from their refuge by a farmer who set fire to a strawstack in which they had hidden, the last two of the five convicts who escaped from the penitentiary guards Friday, were captured today. Before their capture, however, they attempted to escape from a posse which kept up a running fire. One of the fugitives was wounded, but not fatally. The two fugitives, Mike Ickolich, and Albert Murray, were not engaged in the battle with a posse Saturday night, in which the other three convicts had taken part, but had taken refuge in a strawstack near here this morning. The farmer, who owned the stack setting it afire. The convicts were driven from their hiding place. Suspecting the identification of the pair, the farmer telephoned to authorities at Independence. City Marshal Fogles, at the head of a posse, went to the farm and drove the convicts from cover and chased them toward a clump of brush while a running fire was kept up by the posse. Suddenly Mike Ickolich dropped to the ground. Albert Murray, his companion then stopped and signalled he would surrender.

DEATH WORKS HAVOC IN RANKS OF VETERANS

Nearly Thirty-Three Thousand Survivors of Civil War on Pension Rolls Pass Away During Past Fiscal Year.

(By Morning Journal Special Leased Wire) Washington, Oct. 18.—Deaths of the war veterans caused 48,312 names to be dropped from the pension rolls of the United States last year. Of this number 32,831 were survivors of the civil war. The total loss to the pension roll from all causes was 51,581.

In striking contrast to these figures compared in the annual report of Veterans' Affairs, commissioner of pensions, comes the statement that the government paid out in pensions in the fiscal year ending June 30, 1909, \$141,930,703, which the commissioner declares is the largest amount ever disbursed for pensions in one year.

Summarized, the report shows these facts:

Number of pensioners at the beginning of the year 951,657; number of new pensioners added to the roll, 46,488; pensioners on roll at close of year, 946,194, net decrease of 5,493; survivors of the civil war on the roll now number 593,951.

ADVISE TO WOMEN

A Message From a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexion and to remove blackheads, crows' feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in sallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly called catarrh.

In fact, this whole tendency is properly speaking, Catarrh. Banish this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Miss Swift, New York, the famous beauty specialist known throughout the world, and an accepted authority on all relating thereto, states that the one positive and permanent relief for catarrh is Rexall Mucro-Tone. Here is her letter:

"I can strongly endorse the claims made for Rexall Mucro-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Rexall Mucro-Tone, they will praise as I do its strengthening and healing qualities."

Rexall Mucro-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexall Mucro-Tone does relieve catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexion. Price, 50 cents and \$1.00 per bottle. Mail orders filled. It may be obtained only at our store, The Rexall Store, The J. H. Otteley Co.

ALBUQUERQUE - NEW MEXICO

A BOOMERANG.

The members of the Elks county grand jury, in a report which they submitted a few days ago, are entitled to credit for an earnest desire to assist the worthy movement which is now manifesting itself all over the country in the effort to minimize or eliminate the drink evil. But at the same time they are to be criticized for a very serious mistake of judgment in their attempt to put the argument in favor of the reform before the people of the municipalities of the territory upon a money basis. The suppression of the drink evil is a great moral reform, and those who would make the attempt successful must appeal to higher motives than one of dollars and cents. A gambling house or an establishment in the "red light" district can always plead justification for itself on the ground that it "pays," and when those who would suppress the honor traffic put their argument in favor of the cause upon a basis of pecuniary profit to the municipality, which will not fail to come back with damaging effect upon their own heads.

The report in question makes a comparison between the towns of Carlsbad and Artesia, showing that while the police court of the former place, which is a "wet" town, costs \$250 a year for its maintenance, that of the latter place, which is "dry," costs little or nothing. But this comparison is not fair, because in the two towns named are not any means the same. First, Artesia is a city of 10,000 people, while Carlsbad is a town of 2,000 people. Second, the cost of the police court in Carlsbad is not \$250 a year, but \$1,000 a year. Third, the cost of the police court in Artesia is not \$1,000 a year, but \$2,500 a year. Fourth, the cost of the police court in Carlsbad is not \$1,000 a year, but \$2,500 a year. Fifth, the cost of the police court in Artesia is not \$2,500 a year, but \$5,000 a year. Sixth, the cost of the police court in Carlsbad is not \$2,500 a year, but \$5,000 a year. Seventh, the cost of the police court in Artesia is not \$5,000 a year, but \$10,000 a year. Eighth, the cost of the police court in Carlsbad is not \$5,000 a year, but \$10,000 a year. Ninth, the cost of the police court in Artesia is not \$10,000 a year, but \$20,000 a year. Tenth, the cost of the police court in Carlsbad is not \$10,000 a year, but \$20,000 a year. Eleventh, the cost of the police court in Artesia is not \$20,000 a year, but \$40,000 a year. Twelfth, the cost of the police court in Carlsbad is not \$20,000 a year, but \$40,000 a year. Thirteenth, the cost of the police court in Artesia is not \$40,000 a year, but \$80,000 a year. Fourteenth, the cost of the police court in Carlsbad is not \$40,000 a year, but \$80,000 a year. Fifteenth, the cost of the police court in Artesia is not \$80,000 a year, but \$160,000 a year. Sixteenth, the cost of the police court in Carlsbad is not \$80,000 a year, but \$160,000 a year. Seventeenth, the cost of the police court in Artesia is not \$160,000 a year, but \$320,000 a year. Eighteenth, the cost of the police court in Carlsbad is not \$160,000 a year, but \$320,000 a year. Nineteenth, the cost of the police court in Artesia is not \$320,000 a year, but \$640,000 a year. ALL IN THE SAME BOAT.

Here is a paragraph from a good newspaper down in Florida, the Times-Union, of Jacksonville, which fits conditions in our own county as well as though it had been written for the Morning Journal.

What we want above all other things is more people in the country districts. The country will not gain in population in sections remote from the market—remote either by distance or bad road. One helps back as much as the other. If we wish a greater prosperity we must have more people, if we wish more people we must have good roads; if we wish good roads we must have the county to secure them.

WORDS OF ENCOURAGEMENT.

"The republican platform, upon which I had the honor to be elected, promised statehood for New Mexico and Arizona, and so far as I am concerned, I propose to do the best I can to carry out that promise. I want to say to you, however, that I am not the whole show. There are others who have to do with that, but I think you can count on our doing the best we can."—President Taft.

MATTER OF WORLD INTEREST.

Nothing could better illustrate the intense interest that is felt all over the world in matters pertaining to the navigation of the air, than the reports from Paris of a few days ago in regard to the flying that occurred among many thousands of people because of their great anxiety to see the airship. A contest was in progress a short distance out of Paris and in anticipation of a large crowd the railroad advertised trains every four minutes for the two towns, which, a mile apart, marked the bounds of the aviation field, twelve and a half miles from Paris. Owing to some failure of the management, train service became demoralized and the crowds broke beyond control and did great damage to the rolling stock of the line. It is estimated that at least 100,000 people burst through the barriers at the aviation field and took possession of the points of vantage, including the grandstand, without paying a penny. Fully 50,000 more people who left Paris for Juvigny were unable to get to the grounds.

WILLIE IS SO NICE, YOU KNOW.

The woman suffrage leaders of New York have talked around the banner of Mr. Hearst. It is admitted that the socialist candidate is just as friendly to their cause as Mr. Hearst, and probably a little more so, but there is no chance for him to succeed, and then "Willie is so nice, you know," Mr. Belmont has evidently got her politics on straight.

Giant Caps Caused Trouble.

A heavy cap of small boys and a giant cap caused considerable commotion last Monday. It seems that a number of small boys discovered a bunch of electric wires with giant cap attachments in the old ruins of the Union hotel. These wires are several feet in length with a dynamite cap attached. The boys were discovered by the police, being of a scientific turn of mind, decided to utilize the copper wire and construct a telephone line. After having severed about twenty of the wires with a hatchet, a mischief was made that exploded the cap with the following result. Strike the young son of Neil Sullivan had the church organ and organ of one hand and two fingers of the other hand badly lacerated, and back the young son of Mrs. M. L. Kahler was injured in the foot and leg, son of Mrs. Geo. T. Miller, received a shock that rendered him unconscious for a few moments. Miss Sullivan was most seriously wounded as a result of the explosion of the wires penetrating his stomach. Dr. Allen was immediately called and dressed the injured youngsters who are all doing well.—Hilberth Advocate.

The Best Plaster.

A piece of plaster damaged with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief that it affords. This liniment also relieves rheumatic pains and is certain to please any one suffering from that disease. Sold by all druggists.

POSTOFFICE THIEF GETS 3 YEARS

James Williams Sentenced by Judge McFie for Robbery Committed at La Plata.

(Special Dispatch to the Morning Journal)

Santa Fe, N. M., Oct. 18.—An adjourned session of United States district court was held today at the capital with Judge John B. McFie on the bench. Argument for a new trial in the Williams postoffice burglary case was to be heard and also sentence imposed upon Adolfo Espinosa, postmaster at Rancho de Taos, for embezzlement.

Judge McFie sentenced James Williams to three years in the penitentiary, having overruled the motion for a new trial. Williams was found guilty of robbing the postoffice at La Plata. The sentencing of Espinosa was continued until the next term of court, so as to give Espinosa time to make complete restitution of the amount embezzled, about \$4,300, which he has offered to do.

Judge McFie then adjourned United States court until the next regular term. He also drew the jurors for territorial district court in San Juan county. The territorial district court for Santa Fe county is still in session.

To Be Postal Supply Center.

Postmaster S. B. Grimshaw is in receipt of a letter from Third Assistant Postmaster E. L. Lawless asking him whether the Santa Fe postoffice would undertake to act as a distributing center for this section of postal supplies, including postal cards, stamps and stamped envelopes. Postmaster Grimshaw assured the third assistant that Santa Fe, on account of its three railroads and other facilities, certainly is the logical point for the keeping of supplies.

Territorial Board of Education.

The territorial board of education will convene on Friday of this week in the office of Territorial Superintendent of Education J. E. Clark.

New Mexico Educational Association.

The executive committee of the New Mexico Educational association

will meet on Saturday in the office of Territorial Superintendent of Education J. E. Clark, to complete the program for the annual meeting of the association at Roswell in December.

Incorporation.

Incorporation papers were filed today in the office of Territorial Secretary Jaffa by the Clayton Townsite company of Clayton, Union county. The incorporators and directors are: N. E. Charlton, eight shares; W. A. Henderson, eight shares; the capitalization being \$24,000, divided into 240 shares.

FURTHER DETAILS OF IMPRESSIVE FUNERAL

Whatever was mortal of Colonel Max Frost was laid to its last resting place in Fairview cemetery yesterday afternoon. The Grand lodge of Ancient, Free and Accepted Masons of New Mexico had charge of the funeral, which took place from the Frost residence on Palace avenue. Before the appointed hour many friends of the deceased came to look for the first time upon the features of their friend. The remains reclined in a handsome casket and looked very lifelike. Magnificent floral tributes filled the room, beautiful tokens of love and respect from different organizations and individuals.

The lodge of sorrow in Masonic hall was called to order by Grand Master Cutler of Raton, and the Masons, including the Grand lodge officers and many men prominent in New Mexico affairs, marched from the lodge pews to the house, where the beautiful ritual was read. At the grave the ceremonial was impressive and touching, especially when the Masons paid the funeral honors and Brother Nathan Jaffa repeated the immortal words from Bryant's "Thanatopsis": "So like that when thy summons come," etc.

Dr. E. McQueen Gray, president of the University of New Mexico, was chairman. The pall bearers were: Dr. James H. Wroth of Albuquerque, Dr. W. S. Harroun of Santa Fe, Colonel J. W. Wilson of Roswell, J. J. Kelly of Silver City, C. N. Blackwell of Raton, C. H. Sporeleder of Las Vegas, G. W. Ward of Las Vegas, J. W. Poe of Roswell. On behalf of the local Masonic lodge Dr. J. A. Massie was in charge of the ceremonies. It was an impressive moment as each Masonic brother in turn cast a twig of evergreen upon the coffin to the solemn words of "Dust to dust, ashes to ashes."

Spanish King Upbraids Premier for Blocking Royal Clemency in Case of Condemned Agitator.

(By Morning Journal Special Leased Wire)

Paris, Oct. 18.—A special from Madrid says King Alfonso has had a violent quarrel with the premier because of the latter's failure to give his majesty an opportunity to exercise the royal prerogative of pardon in the case of Ferrer. The dispatch says the unpleasant interview occurred when the king learned of the tempest that had been raised abroad by Ferrer's death.

PREMIER DECLINES TO BE DRIVEN FROM OFFICE

Madrid, Oct. 18.—In the chamber of deputies today Premier Maura, in reply to an attack made upon him by the united opposition, voiced by Senator Morel y Pendergast, the former premier, in a lengthy indictment of the government's policy, declared that he would remain unless the nation expressed the wish that he withdraw.

ARMY SAVINGS DEPOSIT SYSTEM WORKS WELL

Washington, Oct. 18.—The benefit of army savings bank deposit system to the enlisted men, the report of General Charles H. Whipple, lieutenant general of the army, says, is universally recognized. Deposits during the fiscal year 1909 amounted to \$1,881,198 from 69,285 men. The system encourages a spirit of thrift and saving, which in the opinion of Gen. Whipple, unquestionably elevates the standard of enlisted men.

Army pay officers handled during the year \$30,835,588, the only loss, amounting to \$9,941 occurring at an interior post in Alaska, the evidence of responsibility pointing to an enlisted man who was performing clerical duties and who deserted just prior to the discovery of the loss.

INHUMAN FATHER IS INDICTED FOR MURDER

New Born Babe Wrenched from Mother's Arms and Its Brains Beaten Out With Hoe Is Charge Against Colorado Farmer.

(By Morning Journal Special Leased Wire)

Holly, Colo., Oct. 18.—The coroner's jury returned a verdict of murder against Felipe Bandiera, his wife and their son, and they are now under arrest. According to the evidence presented to the jury, an illegitimate child was born to Bandiera's daughter, Rosa, and, it was alleged, that failing to persuade her to destroy the child, Bandiera wrenched the babe from its mother's arms and killed it with a hoe, unheeded of the screams of its mother.

In the presence of the mother the body was dug up by the sheriff on Saturday.

IRRIGATION BONDS MUST WAIT SAYS SENATOR SCOTT

West Virginian Says Senate Will Co-operate in Reclamation Work So Far as Consistent With Policy of Economy

(By Morning Journal Special Leased Wire)

Colorado Springs, Oct. 18.—"The issuance of \$10,000,000 in bonds for the promotion of western irrigation projects is a matter which must wait for a time," said United States Senator Nathan B. Scott of West Virginia here tonight. "I do not believe that there will be any \$50,000,000 deficit in the affairs of the government, as there was last year. I believe that the senate will co-operate in this matter of irrigation if it is consistent with the policy of economy, which must be pursued."

The senator also praised the tariff bill and asserted that Senator Aldrich is badly misunderstood.

LORD CORNWALLIS' HUMILIATION IS CELEBRATED

Yorktown Gaily Decorated in Honor of 128th Anniversary of Downfall of King George's Rule in America.

(By Morning Journal Special Leased Wire)

Newport News, Va., Oct. 18.—With a gaily decorated grand stand in front of the court house and arches along the street, the historic little village of Yorktown is ready for the celebration of Lord Cornwallis. The celebration will be held tomorrow for the descendants of the signers of the declaration of independence assisted by four companies of coast artillery, from Fort Monroe, a torpedo flotilla and a large body of interested citizens from this section and elsewhere.

Today was "Thomas Nelson Day" at Yorktown and was marked by a speech of the descendants of Governor Thomas Nelson, a signer of the declaration of independence and the war governor of Virginia, who commanded the state troops when Cornwallis was cornered at Yorktown.

MYSTERY SHROUDS IDENTITY OF NEXT MINISTER TO CHINA

Speculation Rife in Washington Concerning Crane's Successor; State Department Officials Silent.

(By Morning Journal Special Leased Wire)

Washington, Oct. 18.—Speculation is rife here regarding the selection of an incumbent to the position of United States minister to China, made vacant by the resignation recently of Charles R. Crane. While several prominent persons both in and out of the diplomatic service had been mentioned as possibilities for the Chinese post, nothing more substantial than rumor has as yet developed.

If officials of the state department have any information bearing upon the mission they are carefully refraining from divulging it. In the absence of Secretary Knox, who is passing a few days at his country home at Valley Forge, Pa., nothing definite upon the subject can be obtained here.

The belief was expressed tonight that no selection would be made until after the return of President Taft to Washington. In the meantime, however, American interests are not suffering in China. They are being looked after by Henry P. Fletcher of Pennsylvania, now charge d'affaires at Peking.

Among those mentioned in connection with the position, in addition to Mr. Fletcher, are Assistant Secretary of State Huntington Wilson; Charles E. Magoon, former provisional governor of Cuba; Thomas C. Dawson, retiring minister to Chile, who is now on his way here to assume the duties of chief of the bureau of Latin American affairs; Stuyvesant Fish of New York, and Guy Morrison Walker, an attorney of New York.

SOLIDERS TO FEED SUFFERERS IN KEY WEST

Army Post Ordered to Issue Rations to Storm Victims in Hurricane Swept Island City.

(By Morning Journal Special Leased Wire)

Washington, Oct. 18.—For the purpose of forwarding prompt relief to needy storm sufferers at Key West, Fla., the army post at that place is to issue rations for a few days, the cost of which will be borne by the American National Red Cross society.

The organization has undertaken an investigation on its own account and one of its experts, J. C. Logan, of Atlanta, Ga., has been directed to proceed to the scene and report to Washington the extent of relief and rehabilitation necessary. The action taken today follows an appeal from the mayor of Key West for federal assistance, which came to the White House, and by Secretary Carpenter was sent to the war department and the Red Cross.

Japanese Bank Closed.

San Francisco, Oct. 18.—The Japanese-American bank of this city was closed today by State Superintendent of Banking Aden Anderson after an examination conducted by the state bank commissioners since August 25.

State Superintendent Anderson says that the affairs of the bank are in a muddled condition and that so many loans were made on worthless securities that it is hardly likely that depositors will obtain more than fifteen cents on the dollar.

4,000,000 POUNDS OF BEANS

Produced on One 4000 Acre Tract in Idaho; Average Yield 1000 Pounds to the Acre.

(Special Correspondence to Morning Journal)

Spokane, Wash., Oct. 18.—Four million pounds of beans, for which the growers will receive from three to three and a half cents a pound, were produced on 4000 acres of land on the Kendrick ridges in Latah county, Idaho, this season, and, as a result of the success of the industry, buyers say that the coming year should see a yield worth not less than \$250,000, or double this year's crop. The average yield was 1,000 pounds the acre, while the cost of production was not more than \$2.50 an acre, leaving a net profit of \$2.50 an acre from land worth between \$25 and \$40 an acre. The growers have started to haul the crop and the finished product will be ready for the market in three weeks. One hundred cars are required to haul the beans, some of which will go as far east as Boston and points on the Atlantic seaboard, but the bulk will remain in the northwest.

Statistics compiled by the grain commission show that 2,295,000 acres of land (not irrigated) in Washington devoted to cereals, produced in 1909 a crop of 48,562,000 bushels, of which 23,992,000 was wheat, 9,200,000 was barley, 1,370,000 was oats, 1,000,000 was rye, 1,000,000 was corn, 1,000,000 was sorghum, 1,000,000 was millet, 1,000,000 was buckwheat, 1,000,000 was flax, 1,000,000 was clover, 1,000,000 was alfalfa, 1,000,000 was timothy, 1,000,000 was hay, 1,000,000 was straw, 1,000,000 was chaff, 1,000,000 was bran, 1,000,000 was shorts, 1,000,000 was middlings, 1,000,000 was meal, 1,000,000 was flour, 1,000,000 was cornmeal, 1,000,000 was rice, 1,000,000 was sugar, 1,000,000 was molasses, 1,000,000 was syrup, 1,000,000 was honey, 1,000,000 was butter, 1,000,000 was cheese, 1,000,000 was milk, 1,000,000 was cream, 1,000,000 was eggs, 1,000,000 was poultry, 1,000,000 was fish, 1,000,000 was game, 1,000,000 was furs, 1,000,000 was skins, 1,000,000 was bones, 1,000,000 was horns, 1,000,000 was hoofs, 1,000,000 was teeth, 1,000,000 was claws, 1,000,000 was nails, 1,000,000 was hair, 1,000,000 was wool, 1,000,000 was leather, 1,000,000 was rubber, 1,000,000 was glass, 1,000,000 was paper, 1,000,000 was cloth, 1,000,000 was furniture, 1,000,000 was machinery, 1,000,000 was tools, 1,000,000 was hardware, 1,000,000 was electrical, 1,000,000 was plumbing, 1,000,000 was carpentry, 1,000,000 was masonry, 1,000,000 was painting, 1,000,000 was decorating, 1,000,000 was architecture, 1,000,000 was engineering, 1,000,000 was medicine, 1,000,000 was law, 1,000,000 was religion, 1,000,000 was education, 1,000,000 was science, 1,000,000 was art, 1,000,000 was music, 1,000,000 was sports, 1,000,000 was recreation, 1,000,000 was travel, 1,000,000 was transportation, 1,000,000 was communication, 1,000,000 was commerce, 1,000,000 was industry, 1,000,000 was agriculture, 1,000,000 was forestry, 1,000,000 was mining, 1,000,000 was fishing, 1,000,000 was hunting, 1,000,000 was gardening, 1,000,000 was landscaping, 1,000,000 was horticulture, 1,000,000 was viticulture, 1,000,000 was arboriculture, 1,000,000 was floriculture, 1,000,000 was pomology, 1,000,000 was olericulture, 1,000,000 was pisciculture, 1,000,000 was apiculture, 1,000,000 was silviculture, 1,000,000 was viticulture, 1,000,000 was arboriculture, 1,000,000 was floriculture, 1,000,000 was pomology, 1,000,000 was olericulture, 1,000,000 was pisciculture, 1,000,000 was apiculture, 1,000,000 was silviculture.

At All Druggists 25c and 50c Sanitary Tubes, or Sample FREE

—Enough for several days' treatment. —Enough to prove to you conclusively that it is the most efficacious remedy for catarrh, the protracted, painful, most soothing and healing method for the treatment of this fond disease.

—Kondon's Catarrhal Jelly is applied directly on the raw surface of the inflamed mucous membrane, cleans the nasal passages for easy breathing, and permits the air to reach the lungs, thus curing the catarrh.

—That is the logical way to cure catarrh—Dr. Kondon's way.

—You would not apply salt water to a wound—nor spray it with a violent medicine which would burn, itch and irritate the raw places.

—Of the same reason you should stop the use of sprays, snuffs, douches and antiseptics for catarrh. The delicate lining of the nasal passages is raw, inflamed—sore from the action of the catarrh germs.

—Kondon's Catarrhal Jelly is soothing, healing, pleasant and cooling. Apply it once and you will have instant relief. Continued use, three times a day, will effect a permanent, safe and speedy cure of Catarrh, Cerebral Discharge, Hay Fever, Asthma, Cold in the Head, Croup, Sore Throat, and all other conditions resulting from chronic nasal catarrh.

—Remember, that Kondon's Catarrhal Jelly is sold by over 25,000 druggists in the United States—but if yours does not have it, send us for 25c or 50c tube (stamps or coin), and we will mail at once, postpaid. The 50c size contains three times as much as the 25c size. Every package is sold under our absolute guarantee of satisfaction or money refunded. Send for free sample today.

Seattle, Wash. Gentlemen—I have had a bad cold and catarrh in the head for months. I have been to a good doctor and had it treated, but did not get much relief, so I heard of your Catarrhal Jelly and have used it four days, and feel fine in the head. Please send me a free sample of please.

Corinne in "Mlle. Mischief" Which Appears at Elks Theater, October 25.

Mlle. Mischief One of Four Big Ones

Shuberts Have Four Other Operas Now Running in Australia Coming to America in Near Future.

The first Viennese operetta to be seen here this season will be the Shubert's production of "Mlle. Mischief," Oct. 2, score by Zieher and book and lyrics by Sidney Rosenfeld. Corinne will be the star.

At the present time these managers have at least four other operas, which are now running in Australia, slated for early production in America. Among these are "The Love Waltz," which is by the same author who gave us "Mlle. Mischief."

The story goes that Corinne, while in Vienna not long ago, saw several performances of "Mlle. Mischief," and liked the piece so well that she invited the Shuberts to participate with her in bringing it to New York. For the

time being the Shuberts were unable to do this and not until this season has Corinne been able to appear in her favorite opera.

She has a part that of a model which is said to suit her better than anything she has ever played and the Shuberts have given her an excellent supporting company in addition to a production which is said to be even greater than that seen in Vienna.

Apart from the story of the opera the score is said to be one of the particular features. There are at least twenty brilliant numbers among them being "The Regiment Waltz," "Viv! Viv! Viv!," "The Army Corps," and the dainty chanson, "Le Coucou de Ninou."

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is often told to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. BALLOON TO MAKE GET AWAY EARLY THIS MORNING

BLONDIN AND STAMM READY FOR VOYAGE

Prevailing Wind Makes Probable Destination of Aeronauts California or Honolulu

The Stamm balloon, carrying in its car Joseph A. Blondin, member of the Aero Club of America and successful balloonist, and Roy A. Stamm, owner of the balloon, will start early this morning with the purpose of making an aerial voyage which will break records in the southwest. The balloon will carry a full supply of provisions, scientific instruments, drag rope and anchor, cameras, 400 pounds of ballast and full equipment for a long trip.

"We are going to start just as early in the morning as possible," said Mr. Blondin last night, "no matter what the weather conditions, as it is getting too risky to hold the balloon longer. It was a continual fight all last night to keep her to her moorings in the high wind and if we had started last night in that east wind we might be in California by this time."

Mr. Stamm and three or four men were up all night watching the balloon and doing pretty strenuous work most of the time, while Mr. Blondin, who had practically no sleep for four or five nights, turned in and got a few winks.

In fact, neither of the aeronauts have been doing much sleeping during the week, between holding the balloon to earth and working the gas generator. The balloon will be full as she will hold this morning in preparation for the start. The fabric of the gas bag has demonstrated that it is strong and tough, as the strain to which it has been subjected in the past three days has had no apparent effect on the balloon anywhere.

BALLOON WILL ATTEMPT TO STAY NEAR GROUND

"We shall try to catch the ground current and keep at an altitude not to exceed about 500 feet," said Mr. Stamm last night. "It is a little more risky than sailing at a high altitude but we want to see the country and will try to maintain the low level. A drag rope of unusually tough fiber, some 300 feet long, will be allowed to hang from the balloon. When this drag rope hits a ridge or mountain and drags the release of its weight automatically causes the balloon to rise and thus keeps it at the same height above the ground. It is safer to sail at a higher altitude because in case of accident after dropping a thousand feet or more the balloon acts as a parachute. This has happened in a number of cases, notably in the balloon races at Berlin some two years ago, when two American entries fell in this manner for 2,000 feet, the balloon finally mushrooming out and bringing them safely to the ground like a parachute.

The grueling test to which the balloon has been put on the ground proves conclusively that it is a splendid fabric and the tight to keep her at her moorings, which has kept us busy for the past forty-eight hours, is a much more severe test than the balloon can possibly be subjected to in mid-air."

The impediments carried in addition to the heavy clothing worn by the balloonists will be as follows: Provisions, wrapped in a number of small parcels so that if necessary part may be thrown out. Considerable fuel will be taken along, oranges, acrobatic.

Two desert water bags. Small camera with universal focus. Thermos bottle. Small electric pocket flashlight. Six-shooter. Sheath knife to cut ropes in case of emergency.

Two United States flags. Special barometer to determine altitude. Special thermometer. Compass.

Government and postal route maps of New Mexico, showing principal streams, roads and railroads. Bright red souvenir postal cards, each with a small leather donkey attached, stamped and ready for mailing, to be thrown out as balloon passes towns.

Stamm and Blondin will wear heavy sweaters and overcoats in event they seek a high altitude, as at this time of the year the cold may be severe.

For the past forty-eight hours the wind has been steady out of the east and southeast, so that it will likely be impossible to carry out the original plan of going to Colorado. In case the east wind continues California will be the objective point.

An anchor will be carried which by means of a ring device could down the drag rope and catches fast on the end.

Messrs. Stamm and Blondin were the recipients of many good-wishes and good wishes yesterday. It is likely that they will be sped on their way by the cheers of a big crowd when the start is made this morning.

Well Known Hotel Keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have always had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins, of Glasgow, Ky. This remedy is for sale by all druggists.

SHRINER'S PARADE MAKES HIT WITH POPULACE

NOBLES RIDE CAMELS WITH GREAT SUCCESS

Ceremonial Session of Ballot Abayad Temple Brings Big Crowd of Members to Albuquerque.

The much heralded parade of Ballot Abayad Temple Nobles of the Shrine was pulled off at 11:30 yesterday morning according to schedule and witnessed by big crowds. The feature of the cavalcade was the three camels furnished by Nat Reis' carnival which were ridden gracefully by three consecutive nobles despite a slight sea sickness which set in before the parade was over.

The parade was preceded by the Nat Reis' carnival band led by the Grand Marshal, General John Borradaile armed with an enormous gold (15 karat) battle-axe or similar barbed instrument. Illustrious Potentate L. H. Chamberlain, potentate along at the head of the Shrine, there being a long line of nobles and nobles clad in full regalia. An Oriental float from the carnival outfit carried a bunch of swishing burlap from the far, far east, with their attendants and the lion's cage carried four or five nobles rampaging up and down. There were many other equally curious and shimmering things including a baby carriage propelled by a Shriner bearing on his back a placard with the name of a well known attorney who was recently weeded, the well known attorney being assisted along behind the perambulator by two zealous shriners.

The sessions of the organization were very largely attended, and the Shriner say they were entirely successful in every detail. The business session was held preceding the parade in the Elks' building the ceremonial session being held last night after which the big banquet occurred, a brilliant assemblage of nobles surrounding the postal board.

The following is the full list of candidates who crossed the scorching sands of the desert yesterday: John M. Bowman, Alamogordo, N. M.; Henry M. Denny, Alamogordo, N. M.; Thomas A. Hoxley, Cloudcroft; George C. Scripps, Alamogordo; James Lee Lawson, Alamogordo; Charles D. Wilson, Gallup, N. M.; Marvin G. Vates, Santa Fe; Leon Locke, Springer; Robert E. Law, Gibson; Frank A. More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, rev. your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets, and you will soon be all right again. LITERARY TRIALS.

Novelist—It's enough to drive me crazy! I want the hero of my new novel to commit suicide, my mother-in-law insists that he live, while my wife wants to have him go to some watering place and be unhappy! A man can't even have a hero in a story die without a domestic row over it!

THE MERRY FISHERS.

A BUSY HOUSEHOLD.

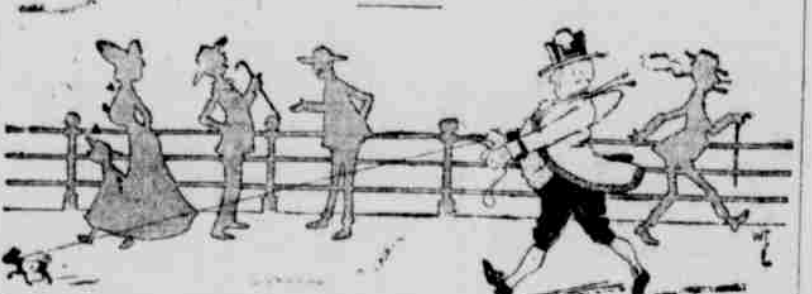

"You good-for-nothing boy! You've broken another pane of glass! If I wasn't busy I'd punish you for it! Go to your father and tell him what you've done!" (Five minutes elapse) "Say, ma, pa is busy, too!"

THE HUNTED HUNTER.

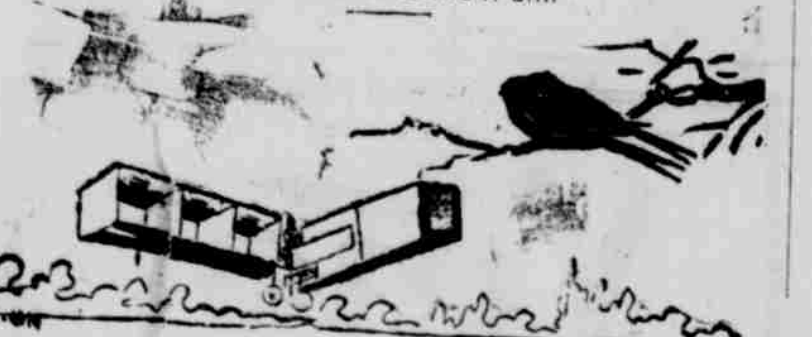

HIS PLAIN DUTY.

Mrs. Plutus—John, I want you to take Fido for a walk. John—If you please, mum, Fido won't follow me. Mrs. Plutus—Well, then, you must follow Fido.

ADVANTAGE OF BEING A BIRD.

The Birds—Well, we manage better than that, and we don't have to spend 50,000 francs either to do it.

Up Against It. "What is the poor man's trouble? How very sad he looks." "He has three kids in high school, and they all need books." Exacting. "What does your husband like for his breakfast?" "Anything I haven't got in the house."—Cleveland Leader.

HOUSEWIVES

Do you want to know about a wonderful new time, health and money-saving kitchen convenience?

Then you should see the complete line of "1892" Pure Spun Aluminum Cooking Utensils now on exhibition at your dealers.

This ware is guaranteed by the makers for 25 years. It is absolutely pure, wholesome and thoroughly hygienic, will not crack, scale, peel, break, rust, tarnish, scorch or burn.

It is light weight, easy to handle and easy to clean; makes kitchen work a delight instead of drudgery; saves your money, time, fuel; protects your health against metal poisoning and serious troubles resulting from chipping of small particles into the food, which is one of the dangers from the use of the old style enameled wares.

You buy patent canners, sweepers, egg-beaters, dish-washers, dish-driers, and many other time and labor saving appliances, but there is nothing that will prove so many useful household blessings than the "1892" Pure Spun Aluminum wares.

Loss no time in seeing for yourself what it will do. Money back if this ware fails to do what is claimed.

 Old Fellows' hall. Deputy Command-
 er Anna Bourne will be present.

There will be a regular meeting of
 Albuquerque aerie No. 165, F. O. E.,
 in Red Men's hall this (Tuesday)
 evening. All members requested to be
 present.

Capt. and Mrs. E. P. Bujae were visi-
 tors in the city yesterday, en route to
 their home in Carlsbad, returning
 from El Paso, where they saw Presi-
 dent Taft and President Diaz shake
 hands across the border.

Mr. and Mrs. George Roslington re-
 turned last night after spending their
 honeymoon in the east. Mr. Roslington
 is assistant general manager of the
 Occidental Life Insurance company.

St. John's guild will meet in the
 church vestry Wednesday at 2:30.
 The daughters of the King and Wom-
 en's auxiliary and other ladies of the
 parish are requested to meet at the
 same time in the church.

E. C. Abbott, district attorney of
 Santa Fe county, was in the city a few
 days en route to Santa Fe.
 Mr. Abbott attended the celebra-
 tion incident to the meeting of President
 Taft and President Diaz in El Paso
 Saturday.

E. W. Fox, receiver of the United
 States land office at Clayton, was in
 the city yesterday en route to his
 home. Mr. Fox was among the many
 New Mexicans who participated in
 the Taft-Diaz celebration in the Pass
 City Saturday.

John Rambo, sixty-four years old,
 and for the past twenty-five years a
 resident of Old Albuquerque, died yester-
 day morning at his home north of
 old town. Deceased is survived by a
 wife and several grown sons.
 The funeral will occur from San Felipe de
 Neri church in old town at 2:30
 o'clock this afternoon, with interment
 in Santa Barbara cemetery.

A sneak thief entered the room of
 E. R. Plumb, in the Highland house,
 in the late Sunday night and stole
 Plumb's wardrobe, consisting of sev-
 eral suits of clothes and other articles
 of wearing apparel. The thief packed
 the clothing in two suit cases and
 made his get-away without being dis-
 covered. Plumb is a Santa Fe coast
 lines brakeman and was out on his
 run when the robbery was committed.

D. J. Leahy, United States district
 attorney, D. T. Hoskins, cashier of the
 San Miguel National bank; Secundino
 Romero, district clerk, and Cleofas
 Romero, sheriff of San Miguel county,
 passed through the city yesterday
 morning en route to the Mesquero
 after attending the Taft-Diaz celebra-
 tion in El Paso Saturday.

W. B. Walton, editor of the Silver
 City Independent, J. J. Kelly, harness
 merchant, H. H. Kelly, assistant
 cashier of the Silver City National
 bank, E. R. Cogrove, hardware mer-
 chant, and W. M. Coleman were among
 the Silver City men who arrived yester-
 day morning to attend the Shriner-
 ical coronation session and the meet-
 ing of the New Mexico Masonic Grand
 lodge.

Charged with disorderly conduct,
 Frank Sandoval was last night a pris-
 oner in the city jail. Sandoval was
 among those present at a ball held
 in the Buechli building on East Ti-
 jeras avenue last night. Sandoval at-
 tempted to chastise one Marie Mar-
 tinez. Miss Martinez, it would seem,
 objected to being beaten, and a lively
 row was in progress when Officer
 Highbargin appeared in the scene. To
 avert further hostilities the officer
 escorted Sandoval to the jugado. The
 prisoner will be given an opportunity
 to explain the misunderstanding in
 police court this morning.

Prof. J. V. Clark, principal of the
 Third ward school, has received no-
 tice of the receiving of a free schol-
 arship, valued at some \$500, at the
 Lincoln Johnson university in Chi-
 cago, the honor being granted Prof.
 Clark by reason of a number of spe-
 cial articles on educational matters
 contributed by him. In securing his
 degree Prof. Clark will do correspond-
 ent work during the winter and
 leave at the expiration of the spring
 term to pursue his studies at the Uni-
 versity during the summer.

James L. Pitts, a well known so-
 called lecturer, delivered a street ad-
 dress to a good sized crowd on Cen-
 tral avenue last night. His subject
 was "The laboring man, his wages,
 and working conditions." Mr. Pitts
 contended that under present condi-
 tions the capitalist has no other alterna-
 tive but to grind the workmen down.
 The speaker maintained that
 such conditions would continue to ex-
 ist until such a time as the laboring
 class owned the industries and con-
 trolled the output. Quite a number
 of questions were asked after the lec-
 ture and the meeting was quite a
 success.

Man Suffering From Curious
 Hallucination Taken in Custody
 by Police; Believed to
 Be Victim of Alcoholism.

Executing a marathon up and down
 First street and declaring that he
 was an angel from the devil and
 that he was going back to hell
 just as fast as he could get there, J. A.
 Filippi, a man about thirty-five years
 old, was yesterday morning taken into
 custody by Policeman Highbargin and
 placed in a cell in the city jail. Fil-
 pi was racing around First street at
 1 o'clock with even less wearing ap-
 pearance on his person than was worn
 by the Mohawk Indians on the day
 Columbus discovered America. The
 man's curious actions were witnessed
 by Special Patrolman Highbargin.
 With the thermometer close to the
 freezing point, running around in the
 chilling air was no joke and the his
 policeman took the heavy hand of the
 law on Filippi, borrowing a red table
 cloth from a nearby restaurant the of-
 ficer tenderly wrapped it around the
 shivering form of the emissary of the
 evil one and escorted him to the city
 jail where he was thawed out and put
 in a cell with a big bundle of blankets.
 "I am an angel of the devil," said
 Filippi when the policeman inquired
 as to his name and residence. "I
 just came from hell and I'm going
 back there as soon as I can. I'm on
 my way now. It's too cold here for
 me. All I am waiting for is a man
 to come along and saw off my head
 and soak it in coal oil. He should be
 here now." Investigations by the po-
 lice department developed the fact
 that Filippi arrived in the city Satur-
 day from Oklahoma and took a room
 at the Craig hotel at which place his
 clothes and effects were found yester-
 day afternoon. It is believed that
 the man became delirious as the result
 of too much whiskey and that he will
 become rational again as soon as the
 alcohol effects wear away. When ques-
 tioned last evening at the city jail Fil-
 pi claimed that he was a section
 boss on the Santa Fe coast lines, but
 was unable to furnish any other infor-
 mation regarding himself.

COUNCIL FAILS TO TAKE UP POLICE INQUIRY

EXPECTED ACTION
 DOES NOT DEVELOP

Brief Session of City Fathers;
 No Business of Importance
 is Transacted.

The expected developments in a ra-
 mped inquiry into the police depart-
 ment by the city council did not trans-
 pire at the council meeting last night.
 The police committee made no re-
 port and the mayor failed to mention
 the subject. It is believed from this
 that the mayor does not consider nec-
 essary any further inquiry into the
 charges which were made in the re-
 cent report of the grand jury in the
 district court, alleging grave irregu-
 larities in the conduct of the police de-
 partment and suggesting a investiga-
 tion in this department by the council.
 The mayor will be recalled stated at
 the time the charges were made pub-
 lic that the council was heartily in
 favor of a rigid inquiry and it would
 be made if considered necessary.

The council session was a brief one,
 adjournment being taken at 9 o'clock.
 Routine matters were taken up in-
 cluding a number of left over bills.
 The late unpleasantness in the wa-
 ter supply situation had a faint echo
 when on recommendation of Alderman
 Beven the council voted to deduct
 \$12.00 from the bill of the water
 company for water used by the city
 during the recent shortage. The bill
 as rendered was \$145.22 and the coun-
 cil allowed \$32.62. The deduction was
 on the ground that it cost the city
 that much extra expense to get water
 during the dry season.

Jesus Romero had a bill of \$25 for
 the rent of the pest house property.
 It was voted to allow some six dollars
 of this bill and notify Mr. Romero that
 the city wishes to terminate the lease
 at the end of this month.

The mayor stated that the property
 was of no further use for the purpose
 desired.

C. E. Gleickler submitted a com-
 munication asking the city to cut
 down the cottonwood trees at the
 corner of Gold avenue and Fourth
 street on the ground that they were
 scrubby and productive of worms and
 hurt the eye to look at them. The
 council granted Mr. Gleickler permis-
 sion to cut them down if he didn't like
 them.

The bond of F. M. Morgan, cement
 contractor, in the sum of \$2,000,
 sureties being W. W. Bacon and Chas.
 N. Davis, and approved as to form by
 the city attorney was accepted by the
 council.

Alderman J. H. Wroth suggested
 that the council take up the matter of
 seeking permission of the county com-
 missioners for excavation outside the
 city limits in Barcelona for the sewer
 system. Dr. Wroth acknowledged it
 was on him when the clerk told him
 he had been appointed chairman of a
 committee to do that several weeks
 ago. "It will be done, anyhow," said
 the doctor.

The aldermen present were Messrs.
 Leonard, Wroth, Neustadt, Beven,
 and Chen.

GOESLING BROTHERS GET JUDGMENT FOR \$3,131.01

Goesling Brothers were awarded
 judgment in the amount of \$3,131.01
 against Gross, Kelly and company in
 the district court yesterday morning.
 The court directing the jury to return
 a verdict to that effect. The plain-
 tiffs sued for \$5,000, alleged to be due
 as the result of delayed wool ship-
 ments.

Asks for Divorce

Austin Crawford yesterday filed a
 suit in the district court asking that
 the bonds between himself and wife,
 Mrs. Mauda R. Crawford, be dis-
 solved. Crawford alleges that he and
 his wife were married in Sierra county,
 New Mexico, in 1888, and that she
 abandoned him in 1908.

Judgment Asked on Note

Felix H. Baca, attorney for J. Lu-
 kens, filed a suit yesterday asking
 judgment for \$100 against William L.
 Skaley. It being alleged that this
 amount is due on a promissory note.

NAT REISS AND BIG SHOW LEAVE FOR ANCIENT

Best Carnival Outfit That Ever
 Appeared in Albuquerque
 Will Delight People of Santa
 Fe Rest of the Week.

Nat Reiss, his camels and lions,
 dancing girls and gay ladies of Paree,
 the Third Degree and Laundette, the
 Flying Lady, the Big Show, the Ferris
 wheel, the acrobats, Madame Beno
 with her Slide for Life, the Bohemian
 Glass Blowers, the Old Plantation, the
 Laundry, the Faries' Well, the Merry-
 go-Round, the Museum—and in fact
 the whole works will be on their way
 to Santa Fe this morning to spend the
 rest of the week in the Ancient City.

Nat Reiss has the best carnival he
 ever had and the best that has ever
 entertained thousands of people in Al-
 buquerque. It is a rattling good show,
 all the way through, clean and amus-
 ing and clever and interesting, and in
 fact Albuquerque can say nothing too
 good about Nat Reiss and his carnival.
 The "Plaza" has been the very best
 entertainment feature ever brought
 here by a territorial fair, and the car-
 nival grounds were literally packed all
 the week. Nat Reiss and his men are
 courteous and obliging and altogether
 the attraction is far out of the ordi-
 nary. It ought to have big crowds in
 Santa Fe, as it undoubtedly will have.

\$25,000 LIBEL SUIT TAKEN UP IN THE DISTRICT COURT

Case in Which Former Police-
 man Phillips Sues Sun Pub-
 lishing Co., et al., Called for
 Trial Yesterday.

The case of William Phillips, for-
 merly a policeman on the city force,
 versus the Sun Publishing Company,
 Mrs. Laura Biggar Bennett and C. C.
 Hendricks, in which Phillips asks
 \$25,000 and costs as compensation for
 injury to his character, alleged to
 have resulted from alleged libelous
 articles appearing in the Albuquerque
 Sun, was called for trial before Judge
 Ira A. Abbott in the district court
 yesterday afternoon. C. C. Hendricks
 was permitted by the court to act as
 his own attorney, but permission was
 refused him to represent the Sun
 company or Mrs. Bennett. Several
 months ago Hendricks was suspended
 from practicing in New Mexico
 courts for six months and the time
 has not yet elapsed for his reinstatement
 to the bar. But little progress
 was made in the case yesterday, and
 it is likely that several days will be
 required to present the evidence.
 Phillips alleges that the Sun published
 articles regarding him which were li-
 belous, his reputation being considerably
 damaged as a result. The trouble
 between Phillips and Hendricks grew
 out of a fist encounter between the
 policeman and the editor in which
 the policeman was badly worsted.
 Phillips is being represented in court
 by Hickey and Moore. Hendricks is
 defending his own case and Attorney
 Robert Moore, it is understood, will
 appear for Mrs. Bennett and the Sun
 company today.

Capitalists Who Bought Great
 Tract in Jemez Correct False
 Impressions Regarding Im-
 provement Work.

The final deeds and other papers
 which convey to ex-Lieutenant Gov-
 ernor Charles W. Stone, of Pennsylv-
 ania, and his associates, the Baca
 location No. 2, containing one of the
 largest areas of merchantable timber
 in the United States were signed and
 delivered yesterday afternoon. The
 property was sold to the Redondo De-
 velopment company, organized re-
 cently by Mr. Stone and party, the
 sellers being Fred J. Otero and Mar-
 iano S. Otero, Jr., president and sec-
 retary of the Valles Land company.
 Negotiations for the sale of the tract
 have been under way for the past sev-
 eral months and final arrangements
 for the close of the deal have been
 pending for the past three weeks.

That the Redondo company will not
 make any immediate attempt to devel-
 op the property was indicated in a
 very direct manner last night by Mr.
 Stone, who has conducted the major
 part of the negotiations for the pur-
 chase of the tract. "While we have
 purchased the property and expect to
 develop it at some future time," said
 Mr. Stone last night, "we do not care
 to have any false impressions get out
 regarding any immediate development
 work. The statement that a railroad
 is to be constructed in the near future
 from Albuquerque to the Jemez coun-
 try is incorrect. We have employed
 timber cruisers and surveyors and will
 make cruises of the standing timber
 and surveys for possible railroad con-
 struction. But to say that we propose
 to build a railroad into the timber at
 once is entirely erroneous. What we
 propose to do is to investigate the
 property thoroughly, ascertain the
 number of standing feet of timber,
 survey possible railroad routes and
 then lay the entire information ob-
 tained before the directors and stock-
 holders of our company."
