OTTO THURSTON MAKES
BREAK FOR LIBERTY

Safely Jailed by Sheriff in Farm-
ington to Await Court Ses-
sion on Charges of Burglary.

(Special Dispatch to the Morning Journal)
Farmington, N. M., Oct. 23.—Otto
S. Thurston, charged with horse steal-
ing and jumping his bond, was put
safely into the local calaboose tonight
by Sheriff W. T. Dyer, who brought
him here from Gallup after a
rather strenuous experience. Thur-
ston was arrested in Gallup on advice
from the sheriff and Dyer left Sun-
day night out from Gallup on the way
back Thurston made a desperate
break for liberty. The party were in
camp at Tokay Springs and Thurston,
watching his chance, gave the
sheriff the slip and escaped in the
darkness. The officer discovered his
loss early in the morning and, em-
ploying some expert Navajo Indian
trailers, put them on the track of the
fugitive. The man was tracked to a
cave in a ledge of rocks, where he
was found at two o'clock in the after-
noon. He was kept securely manacled
and chained after chief expedi-
ency. Thurston will be kept in car-
cer until court convenes here for
the November term.

State and Federal Anti-Trust
Laws.

(By Morning Journal Special Leased Wire)
Oklahoma, Oct. 23.—Indict-
ments were formally filed here today
charging three of the largest cotton
purchasing, ginning and oil mill cor-
porations of Oklahoma with alleged vio-
lations of the federal and state anti-
trust laws. The defendants are, The
Houghton & Douglas company, W. H.
Coyne & Co. and the Lawton Cotton
company, firms which control at least
twelve other smaller corporations.

The indictments will, it is said, af-
fect seventy-five persons, including
some of the most prominent men in
the state. Their names will not be
made public until warrants have been
secured.

The Oklahoma laws provide either
a fine or imprisonment. The indict-
ments were returned following a
grand jury investigation which has
been proceeding here under the direc-
tion of Attorney General Charles
West of Oklahoma. Following the
returning of the indictments this af-
ternoon Mr. West said that he would
continue the probing over the entire
cotton district of Oklahoma.

CARLSBAD IN FULL BLAST

Three Quarters of Bale to Acre
in Pecos Valley; Good Crop
of Kaffir Corn Reported.

(Special Correspondence to Morning Journal)
Carlsbad, N. M., Oct. 23.—The gins
at Carlsbad and Loving have just
started for the season. The picking of
cotton has been in progress for some
time, and enough cotton is on hand to
keep the gin running for some time.
The average of cotton this season
was much less than last year. It has
been a fair season for cotton and it is
yielding from three quarters to a bale
to the acre. About 150 bales will be
ginned in Carlsbad, and over twice this
amount at the Loving gin. The har-
vesting of kaffir corn is progressing
well. The crop this year is good, run-
ning from a ton to two tons of corn
in the head to the acre. The fodder
is of high quality, the season having
been dry and favorable for producing
sugar in the stalk. The planting of
alfalfa for the season is about finish-
ed. It is estimated that about 2500
acres of new alfalfa has been plant-
ed this summer and fall. The plant-
ing of oats is now in full progress and
will continue till after the close of
the irrigation season November 1st.

AGED RESIDENT OF PORTALES TAKES HIS LIFE

Uncle of President of Bank
Shoots Himself Through Head
With Six Shooter; Cause Ill
Health.

(Special Dispatch to the Morning Journal)
Portales, N. M., Oct. 23.—J. H.
Spillman, seventy years of age, and
uncle of J. P. Stone, president of the
Citizens' National bank of Portales,
committed suicide a mile from here
last night by shooting himself through
the head with a revolver. Mr. Spill-
man had gone to the Stone farm as
usual after some cows, and when he
failed to return a search was insti-
tuted. Spillman was found dead in
the six-shooter lying by his side and
a note telling that he had decided to
end his life. As the deceased was
supposed to be in comfortable cir-
cumstances it is believed that ill health
was the cause of his act. He had
been at Portales only a short time.

MILLIONAIRE GAMBLER SUSPECTED OF INSANITY

Seattle, Oct. 23.—Samuel A. Bourn-
field, the banker, of Cashmere, Wash-
ington, whose fortune is estimated at
\$1,000,000, rushed into police head-
quarters today and demanded protec-

and a commission will investigate his
mental condition.

Bournfield is one of the best known
of the Alaska and Klamath gold field
prospectors. He established the first se-
rious and gambling house in Dawson
in the spring of 1897, and in one day
he cleared \$100,000. He was at one
time the richest man in the northwest.

More Than Enough Is Too Much.

To maintain health, a mother man
or woman needs but enough food to
repair the waste and supply energy
and body heat. The habit of consump-
tion of more food than is necessary
for these purposes is the prime cause
of stomach troubles, rheumatism and
disorders of the kidneys. If troubled
with indigestion, constipation, or
other ailments, let your diet, let
reason and not appetite control and
take a few doses of Chamberlain's
Stomach and Liver Tablets, and you
will soon be all right again. For sale

ALBUQUERQUE - NEW MEXICO

A HEALTHY YEARLING.

The Nation Range celebrated the
first anniversary of its daily edition
last Thursday, and in reviewing the
experience of the year it says:

"In spite of the fact that the Daily
Range reaches practically every home
in Albuquerque, it has not been a pro-
duced financial success, but the pub-
lishers believe they are giving their read-
ers a new way of looking at things, and
that in the near future the advertising
public will appreciate the fact that
the Range is the greatest business
builder in the community, and
that they will greet you with daily
business messages which will bring
benefit to readers and advertisers."

Our Nation Range has no reason
whatever to feel discouraged because
the financial returns of the first year
are not up to what the enthusiasm of
the publisher caused him to expect.
The pathway of a new daily paper is
not strewn with roses, and even if
there be a rose, now and then, there
are always a great many thorns at-
tached. The road to the establishment
of a daily paper, on a paying basis, is
a very long one, a very hard one, and
all the way up hill. When the pub-
lisher has assembled the materials
necessary to get out a paper, and the
first issue is at length off the press,
he is probably as happy and as proud
as a man can be anywhere. He sits
up late that night to admire his
handiwork. The beautifully engraved
editorial heading, announcing "The
Albuquerque Daily Morning Journal,"
is to his mind a sign of
victory as big as the side of a
house, and he goes to bed with the
cup of his ambition full and running
over. But also, for the reality, of
human charity. The multitude who
encouraged him to embark in the
daily venture because of the "long felt
want" are backward about coming
forward with their subscriptions, and
the merchants who were expected to
rush in with their advertisements pre-
fer to wait till the paper is establish-
ed before they invest much in its col-
umns, and the money received from
the few good friends who paid a "year
in advance, to help it along," is gone
by the end of the first week, and there
are fifty-one more weeks to come, be-
fore it will be their turn again, but
meanwhile the Saturday night pay roll
keeps coming around with sad-look-
ing regularity, and the merely dis-
appointed publisher soon discovers that
there is a mighty distinction between
the starting of a daily paper and the suc-
cessful maintenance of it.

But the Range has no reason to
complain. It shows ability in its ed-
itorial relations, and energy in its busi-
ness department. It has a good ex-
cuse for its being, and still gets there.

EXCLE JOE TURNED LOOSE.

The Inter Ocean's report of Speaker
Cannon's address at the United League
club in Chicago, last Wednesday eve-
ning, opens as follows:

"If there (Cannon and La Follette
are) Republicans, then I am not."

With this statement Speaker Can-
non at the United League club re-
vived his declaration of war against
the republican leadership in Congress
made the night before at the meeting
in flight.

"Uncle Joe" was besieged with ques-
tions during his stay at the club, and
the impression his friends carried
away was that from one on Messrs.
Cannon, La Follette and their sym-
pathizers were not going to manage
the front page of the metropolitan
newspapers in this country.

Mr. Cannon is going to be some-
thing himself. He has become un-
derstandable to the United League,
who believe he has been seriously
maligned, slandered and lied about
for months by those seeking his overthrow
and his retirement from public life.

It is concluded at the United League
club that "Uncle Joe" can say things that make
mighty interesting reading. The only
trouble has long been his habit of loosing
up and saying things. Up to the present
time all efforts to have Mr. Cannon
express his private opinion publicly
and for public edification have been
fruitless.

But there is going to be a clearing
of the deck shortly, and meantime a
sweeping of the deck, according to the
interference drawn by some of his in-
timate friends.

clearly set forth yesterday when he
had not one word to take back, but
on the other hand indicated that he
was strongly of the opinion that his
services as a public speaker might be
given gratis in opposition to the Chan-
nel's accusations are long.

Mr. Cannon mapped out a program
early in the summer. It was one of
speeches for the time being. On the ad-
justment of Congress and many times
since he was urged to break this si-
lence. His reply has always been:

"Wait."

The waiting part of his program is
nearly at an end.

Those enjoying the confidence of the
Speaker understood that Mr. Cannon
desired to "hold his tongue" until the
new tariff bill was put into operation,
until it had been given something of a
trial and until after President Taft
had completed his swing around the
circle.

But persistent personal attacks on
the speaker and what he considers an
unwarranted assault on the republican
party and the principle of majority
rule within the party have aroused Mr.
Cannon to a point where, his friends
say, further silence is not the part of
discretion. Accordingly "Uncle Joe"
has about decided that he ought to
speak out in justice.

As it looks to folks abroad.

Speaking editorially at President
Taft's visit to New Mexico, and of
what he said to the people of Albu-
querque in regard to the matter of
statehood, the Rome, New York, cen-
tinel says:

"Those who feared that in going
about the country the president bears
only honored words and derives no
real benefit in the way of ascertain-
ing the opinion of the people, may
note Mr. Taft's experience at Albu-
querque in New Mexico. Although he
had previously announced his inten-
tion of going to the admission of New
Mexico and Arizona to separate state-
hood, he was compelled to listen to
two hours of speechmaking in which
arguments in favor of statehood for
New Mexico were advanced. Then he
arose and declared he was like a judge
he once knew who at the end of a
long argument by counsel, remarked:
"Mr. Wolfe, in spite of your argument
I am still with you!" One of the
speakers spoke of the "right" of New
Mexico to statehood. "It is a right,"
he said, "and it is a right until it
is accorded you!" A former attorney
general of the territory made some re-
marks, to which the president returned:
"The gentleman across the table said
the word 'possible' as if he still sus-
pects my sincerity and good will. Well,
of course a man can not do any more
than promise and then try to carry it
out. If this is not the real thing,
then let it be produced."

THE RETURN OF PROSPERITY.

James McCrea, president of the
Pennsylvania railroad company, was
interviewed at Pittsburgh, a few days
since, and in the course of his remarks
said:

"The present rapid return to pros-
perity will continue and prosperity
will be lasting. If legislators and
politicians do not interfere, this is the
proper time for a pause. The leg-
islature should wait a while and see
the effect of the laws already in force
before proceeding further."

Further, in referring particularly to
the railway situation, Mr. McCrea
said:

"In the railroad business this is the
double-track era. All roads with sin-
gle tracks are considering great im-
provements. The cars they use now
are in need of repair and stock must be
sold. It is probable that we are enter-
ing upon a period of reconstruction.
Investors are going to be frightened
away and progress will be blocked."
New laws, without first mending the
effect of those preceding them, may
work more harm than good. Corpora-
tions are now adjusting themselves to
the new conditions, and after a while
the new makers may discover better
what is needed. But while the new
legislation from which corporations
are now recovering is practically in-
terrupting they should be a good for some-
time. To rush about with new legisla-
tion will surely mean a loss at the
continuation of progress."

Mr. McCrea could not say in so many
words what would be the result of
more stringent legislation against rail-
roads and corporations, but he made it
plain by inference that it politicians
crowded business interests without re-
gard for conditions and blindly rush-
ed into new legislation there would be
a bad result.

BELIEVING IN THE BIBLE.

The Biblical World, published by
the University of Chicago, has called
upon its readers to explain in a context
that it believes will be the Bible. This
is the result of various proceedings
and criticisms drawn out by an edi-
torial in the preceding issue of the
magazine, to which the Morning
Journal referred about two weeks ago.

In the course of writing the editorial
editor had written for the historical
interpretation of the Gospel books. He
had intended that in considering the
Bible from an ethical point of view
allowances must be made for historical
conditions—for customs and pre-
judices as they were in biblical times
and as they exist in our own days. By
much reasoning we should dispense of
the matters as the history of the Old
Testament shows, the interpretation,
as said to have been understood by

hush, of the women and children of
a neighboring town, and the New Testa-
ment story of the water changed into
wine.

Frequently some remonstrances from
those who take their Bible literally
and starting headlines from news edi-
tors who thought they perceived an
attack on the scriptures from a scrip-
tural standpoint. The Biblical World
was moved from its usual line of pub-
licity. It took notice of its critics. "We
believe," it says, "that the Bible con-
tains the record of the most important
series of experiences and events in the
sphere of morals and religion that are
recorded in history." Also that the
fundamental religious ideas and moral
principles emerging clearly from the
proper study of the Bible are the basis
and pivot of the world's history and
progress. But the editor retreats and at
all from the claim that not all bib-
lical ideas are of equal value to men
of today."

What the editor pretends, says the
New York World, is the difference be-
tween the personal and the historical
human world. He exhibits
with striking clearness a certain mod-
ern attitude on questions of biblical
import and acceptance.

WILL NOT HELP THE CAUSE.

The general protest of the (Spanish)
world against the military execution of
Professor Ferrer can gain no strength
from the various proceedings in vari-
ous European capitals. If sympathy
with Ferrer is represented by tumult
and destruction and general anarchy,
then those who would condemn the
action of the Spanish government upon
grounds of reason and humanity
will prefer to make their protest
silently. The dispatch from Madrid
indicates that King Alfonso recognizes
the irregularity of the trial which was
committed in his name, and which must
now be difficult to reverse. For any
permanent effect upon Spanish policy,
however, there is much more to be
expected from the deliberate opinion
of the world than from demonstrations
of violence that only call for violence
in reprisal. This is a good time for
people who value liberty of speech to
show themselves entitled to it by tem-
perance of utterance. We fully agree
with the Philadelphia Ledger, that
those whose avowed profession is de-
structive agitation are not qualified
champions of liberty nor disinterested
between president, candidate for
marriage. After a little proof some-
times they will sink again into their
original obscurity.

WHY THEY BUILD WARSHIPS.

For Hans Delbrueck, who occupies
the chair of history in the University of
Berlin, has undertaken to answer for
the benefit of English readers the
question, "Why does Germany build
warships?" And while his answers
do not add anything very new to the
discussion, his paper in the Contem-
porary Review, which is characterized
by frankness with respect to the na-
tional motives of both countries, such
to have a beneficial effect. His con-
clusion amounts to this—that it is for
the good of the world that the two
great powers—Germany and Great
Britain—should express a check upon
their armaments, and that these restrictions
are in fact entering by England
through its naval superiority and by
Germany through its superior land
armaments.

It is generally conceded that the

building of a good many miles of rail-

will greatly assist in the development
of the great big land region of north-
western New Mexico.

Reliable Shoes

A line of shoes is no stronger

than the weakest individual pair.

A customer who receives an
inferior quality in one grade will
unconsciously estimate the col-
ored line accordingly.

Realizing this truth, we re-

our business carefully to make
sure that it is the best.

What is the result?

PATTERNS FREE

Until quite recently we handled McCall's patterns which at that time we considered as good as could be secured.

We have since been convinced that a newer and better pattern was on the market—The Ladies' Home Journal Patterns. And, in keeping with our usual policy to always have for our customers the best in every line that can be secured, we immediately arranged to sell them in our store.

In closing our old agency however we had quite a large number of the old patterns left on our hands. The styles are, of course, not new, and our assortment is not complete but they take up room in our store and we want to dispose of them.

As long as they last, therefore, we will give one of these old patterns free with each purchase of materials that will require a pattern for the making.

While these patterns are absolutely free, and, we trust you will take one with your purchase we would sincerely recommend for future use.

DETROIT TEAM OFF
FOR CUBA

American League Champions to Make Barnstorming Tour of Sunny Island.

(By Morning Journal Special Leased Wire) Detroit, Oct. 23.—With outfielder Matty McIntyre in the role of manager, a dozen members of the Detroit American league team left here for Havana, Cuba, to meet to Cuban ball teams in a series of twelve games. The American league champions will measure their ability with the Havana or "Reds" and the Almendares, "Blues" of Havana. Although his team will be without the services of outfielders Cobb and Crawford, whose hitting played such a prominent part in the winning of the American league pennant by the local club, Manager McIntyre believes that he will present the strongest line up of any American team which ever played in Cuba.

In place of Cobb, Catcher Brecken-

dorf will cover right field for the "barnstormers" while D. Jones will fill Crawford's regular place at center field, with McIntyre on left. First baseman Tom Jones will not make the trip but Moriarty will cover the initial sack. O'Leary will play third, Mullin, Lelivelt and Willet will be the pitchers. The first game of the Havana series will be played next Saturday.

MENAUL SCHOOL IS
VICTOR ON THE
GRIDIRON

A. H. S. SUCCUMBS BEFORE
FAST MISSION ELEVEN

Successful Operation of Fake Kick Trick Responsible for Defeat of City Team at Traction Park Yesterday.

This Albuquerque high school football eleven went down to defeat before the Menaul school team at Traction park yesterday afternoon, the mission boys winning out by the score of 5 to 0. A touch-down in the last ten minutes of play in the first half gave the game to Menaul, their punter failing to kick the goal from the field.

The successful operation of the fake kick trick on the part of the mission school and the failure of several forward pass plays and inability to smash through the line on the part of the A. H. S. tells the story of the game. When every time the Menaul boys would get ready for a kick, to all appearances, and then after the ball had been put into play, one of the backs would hit the end, for substantial gains, catching the high school players in the race for all it was worth. It was this fake play which gained for the Menaul boys the only touch-down of the game. When within five yards of the goal Menaul lined up, evidently for a kick. The high school men were in readiness to see the piasin rolling down the field, but were considerably surprised when Green, fullback for the Menauls, received the ball and made a pretty end run for a touch-down. The Menaul eleven displayed considerable ability in signal work and trick plays and although they played a clever game, the high school team played brilliantly at times and on several occasions came dangerously near the Menaul goal. Each time the Menaul men managed to hold them down, however, and saved the day by a kick. Individual playing on the high school team was a feature of the game. Cox and Calkins being two of the stellar lights. The high school boys had a number of opportunities to demonstrate their ability on the forward pass and forward punt, but nearly every time the tricks failed to make good, owing to lack of concentrated team work. A. H. S. played an aggressive game and fought hard for a touch-down, but the fates were against them. A number of high school girls, gaily bedecked in class colors, were encouraging spectators of the contest, encouraging the players to greater efforts by real coed rooting.

The line-up for the game was as follows:
Menaul—Abelino, center; Romero, left guard; Padilla, right guard; Rael, left tackle; Dominguez, right tackle; Candelaria, left end; Lucero, right end; Rodriguez, left half; Green, fullback; Suano, right half; Bernal, quarterback.

A. H. S.—Walker, center; Peterson, left guard; Stahlin, right guard; O'Reilly, left tackle; Hall, right tackle; Brandt, left end; Cox, right end; Weiler, quarterback; Calkins, left half; Bakorn, full back; Goodin, right half; Anschub and Ramsey, substitutes.

Referee, Staab. Time of halves, 40 minutes each.

POPE-HARTFORD CAR
MAKES FAST TIME
IN ROAD RACE

Two Hundred and Fifty Miles in Two Hundred and Thirty-eight and One-half Minutes at San Francisco.

(By Morning Journal Special Leased Wire) Oakland, Oct. 23.—Relapsing the fastest record made in the Vanderbilt cup race and maintaining a speed of 60 miles throughout at times negotiating the twenty-one and one-half mile course in less than 20 minutes, the Pope-Hartford car No. 4, driven by Jack Fleming, won the 250 mile Portland road race today, with more than two laps to spare over its nearest competitors in the fast time of 2:38:13. Throughout the race, Fleming kept up a terrific speed and with the exception of one lap negotiated by the Stearns car No. 15, in 18 minutes, 19 seconds, the Pope-Hartford made the fastest time throughout.

Two cars were within two laps of the winner at the finish. These were the Apperson No. 12, driven by Harry Hanshue, and the Lozier No. 12, driven by Harry Michener. The Apperson made fine spurs towards the end in trying to overtake the Hartford. The Apperson car, which had negotiated a little less than eleven laps at the time the Pope-Hartford crossed the line a winner, was leading the Lozier No. 12 by almost a lap. Both finished in the order in which they had stood when the Pope-Hartford won.

Besides winning second place in the big event of the day, the 250 mile race the Apperson car won the second race, both finished in the order in which they had stood when the Pope-Hartford won.

The Lozier was given second place in the second race. Fleming made by far the best time in the second race, but was not entered for that event, and could not take the contest. This led to some confusion and it was generally believed that Fleming had won the whole trio of races.

The actual running time of the Pope-Hartford today was 44:51 miles an hour breaking the world's record, established at Santa Monica, or 64:44 and that of the Vanderbilt cup race of 64:42.

The races were marred by a number of accidents, two of which may result fatally. These two mishaps were due to inefficient policing of the course and in both cases spectators were the victims. O. F. Johnson of this city was struck by the Knox car driven by Frank Lee, on the course near Fruitville and sustained injuries of which he probably will die.

An old man named McKittick, had his skull fractured by a tire cast by the Sunset car.

On the second lap of the small endurance race A. G. Lutz, the mechanic of the Maxwell, was painfully injured by the breaking of the fly wheel of his motor. Early in the race the Chalmers-Detroit sustained a broken wheel and driver Howard Warner and his mechanic, James McCauley, were thrown from the machine and badly crushed.

JEFFERIES DECLARES
FIGHT IS CERTAIN

New York, Oct. 23.—James J. Jeffries expressed confidence today as to the result of his meeting with Johnson.

"There is really no use talking," he told his interviewers. "There is going to be a fight—I've said that over and over again, and it is rather tiresome to repeat it again. There's no doubt in my mind as to the result, either."

"Just now we're waiting—marking time until Johnson's representatives show up to sign the papers. We're waiting, too, for the authoritative representative of responsible clubs to make their bids."

Johnson's representative is expected in New York Tuesday. Jeffries is spending his time quietly.

GRIDIRON BATTLES
ON MANY HARD
FOUGHT FIELDS

Harvard Defeats Brown in Ragged Game Marked by Successful Carrying Off of Forward Passes.

(By Morning Journal Special Leased Wire) Cambridge, Mass., Oct. 23.—In a raggedly played game this afternoon Harvard defeated Brown 11 to 0, the home team scoring in each half and twice successfully defending its own goal when touchdowns by the visitors seemed almost inevitable.

Forward passes were carried off more successfully than in any other game on this field this season. Harvard outkicked Brown and the Crimson line, when fully realizing their danger, stiffened better than in any other game so far.

Both scores came within a short time after the Harvard goal had been threatened. In the first half Brown touched down two goals from the field, a punt on Harvard's 35-yard line, from which point Brown pushed the ball to the two-yard line, where the ball was lost on downs.

Harvard secured the ball on Brown's 25-yard line and Almont, by successive plunges, carried it over for the first score.

This action was repeated in the second half, but this time Brown managed to get within a foot of the Harvard chalk line before reluctantly relinquishing the ball on downs. Almont carried the ball over the second and last score for Harvard. The goal was missed.

E. Brown of Harvard snatched a fumble and will be out of the game for the rest of the year.

Walkover for Yale.

New Haven, Oct. 23.—Yale defeated Colgate this afternoon 26 to 0, making five touchdowns, five goals from the field. The field goals were both made by Coy in the first half. It was the first time since 1888 that a Yale man has kicked two goals from the field in the same game. Philbin made two touchdowns after long runs, the first a 40-yard dash and the other 52 yards.

Los Angeles, Oct. 23.—Leland Stanford university defeated the Castaways, 41 to 0, today.

Indians Easy for Pittsburg.

Pittsburg, Oct. 23.—The University of Pittsburg easily defeated the Carlisle Indians here today, 12 to 3. In the first half the Indians made their only score of three points. Calvin, star half back of the Pittsburg team, pointed a sensational lead from the line in the second period.

The locals outplayed the Indians' team, both in straight football and now open style.

Philadelphia, Oct. 23.—The University of Pennsylvania and the Pennsylvania State college football team fought a hard-fought even battle on Franklin field today, the final score being 3 to 3. During the first half neither side was able to score, but in the second half both teams scored with a 40-yard kick.

Princeton Suffers Surprise.

Princeton, N. J., Oct. 23.—On one of those sudden plays characteristic of football, Frank Brueckner, a second substitute right halfback on the Lafayette college team, caught the ball on a bound in the last minute of play after Cunningham's try 40 yards and kicked a field goal and ran 99 yards for a touchdown, making possible a Lafayette victory over Princeton by the score of 6 to 0.

Just as Captain McCrea kicked the goal time was called.

South Dakota in Hard Luck.

Denver, Oct. 23.—Denver university defeated the University of South Dakota eleven here today, 10 to 0. The game was an unfortunate one for the Dakota team in that it gained a neat touchdown on several occasions, only to be fought back by the superior playing of the Denver team.

Miners Defeat Utah.

Denver, Oct. 23.—The Colorado School of Mines eleven defeated Utah university this afternoon, 14 to 0, in a game that was marked by frequent fumbling, in which Utah was chiefly the culprit, and by a sensational run of 77 yards for a touchdown by Captain Spring of the Golden eleven.

Navy Shut Out.

Annapolis, Md., Oct. 23.—The football team of the University of Virginia this afternoon defeated the Navy 6 to 0 in a closely contested and interesting game. The teams fought each other for every inch of ground during the first half and the score was nothing to nothing up to within a minute of the close.

JACKS STILL BEING TALKED ABOUT IN DISTRICT COURT

Case of Jerdon Rogers Versus Santa Fe Railroad for \$2500 Will Probably Be Finished Monday.

The festive jacks, the beautiful animal sometimes referred to as the Rocky mountain canyons, occupied the greater share of the day in the district court yesterday. The probable value of the animal, what the railroad charges to ship him from the Missouri river to this territory, and other interesting data were discussed, and can be counsel in the case of Jerdon Rogers of San Marcial versus the Atchison, Topeka and Santa Fe railroad, in which the plaintiff seeks \$2,500 damages, alleging he had purchased horses to this amount as the result of the negligence of the railroad. Jerdon alleges that he shipped from Collier, Kan., to San Marcial, over the Santa Fe, three valuable jacks, and that two of the animals

had their necks broken in transit, meeting death as the result of carelessness on the part of the defendant company. A number of Santa Fe officials were placed on the stand yesterday as witnesses for the defense, among them being Traveling Freight and Passenger Agent W. P. Garside, Trainmaster J. B. McMahon of the New Mexico Division, Santa Fe Agent William Halford and others. At 2 o'clock the defense had not completed its case and an adjournment was taken until 9 o'clock tomorrow morning. It is thought the case will be placed in the hands of the jury before noon tomorrow.

Caffeine—in coffee—is a direct poison to the nerve centers of many highly organized persons. It produces all sorts of disorder, from stomach troubles, palpitation of the heart, kidney affection, etc., up to more intricate nervous troubles, such as paralysis.

The way to keep well is to leave off coffee and use Postum, which is a direct builder of the nerve centers.

FINANCE AND COMMERCE

WALL STREET.

New York, Oct. 23.—It was still manifest today that the foreign money position, rather than conditions at home, are dominating the New York stock market for the present, heavy selling orders were executed here for foreign account and while these were in progress there was selling also for the home professional account in the endeavor to get the benefit of the declining tendency in prices. The selling pressure relaxed again when the foreign orders had been executed, but was renewed in the apprehension of what is to occur next week. The sharp reaction in foreign exchange rates which occurred yesterday left no hope that requirements for remittance abroad had been covered with the approach of the period within which maturing obligations in London on November 1 could be covered. This hope was belied by the strong demand which sprang up for further remittances, not only to London, but to Berlin. The latter movement was in response to expectation that the Imperial Bank of Germany would on Monday advance its official discount rate from 5 per cent to 6 per cent, in answer to the Bank of England's action on Thursday. There was a small withdrawal of gold from the Bank of England today for shipment to Egypt, which raised the question of the efficacy of the present bank rate to protect the London gold supply and a decline of a fraction in the private discount rate in London also made doubtful the bank's control of the open money market. Increasing attention is turned to the Brazilian demand for gold in connection with the heavy exports of coffee from that country. It is this demand that the London market appears to be able to shift upon New York. The added likelihood of further gold shipment from New York to Brazil growing out of the violent recovery in foreign exchange rates, which has been the motive for the later acute weakness in the stock market.

The final and lowest prices for stocks were immediately followed on the tape by the figures of the bank statement, showing increased surplus reserves under both the average computation and the actual statement. The substantial gain in the bank's earnings, as shown by the daily averages contrasted with the increase in actual loans shows the growing effect during the week of the transfer of loans from foreign banks to New York. One of the most elaborate parties of the week was given yesterday afternoon by Mrs. E. Russell Edgar and her sister, Miss Brent, at the home of the first mentioned, 718 South Third street. The guests were asked to meet Miss Suzanne Edgar, of Bonnevill, Mo., who will spend most of the winter with Mrs. Edgar, and to spend the afternoon at the present favorite pastime—500. The rooms of the Edgar home were prettily decorated in fall flowers, chrysanthemums of various hues predominating. The bride, a dainty hand-embroidered handkerchief, was captured by Mrs. Margaret Medler. Those invited were: Mrs. L. Kempenich, Mrs. Margaret Medler, Mrs. Mabel Himmie, Mrs. Louis Hefel, Mrs. Davis, Rosewald, Mrs. C. S. White, Mrs. Frank Strong, Mrs. W. Y. Walton, Mrs. Arno Hanning, Mrs. M. L. A very pretty wedding took place Wednesday evening at the home of Mrs. W. C. Haxelstine, 745 West Tileras Road, when Miss Lucy Haxelstine, the eldest daughter, became the bride of Mr. William E. Dams. The ceremony was performed at 8 o'clock by the Rev. Mr. Warren, of St. John's Episcopal church, and was witnessed by a few intimate friends. Miss May Haxelstine, only sister of the bride, acted as maid of honor, while the groom was attended by Mr. J. N. Wilkerson. Mrs. Dams has grown up in Albuquerque and has a host of admiring friends. After a wedding supper Mr. and Mrs. Dams left immediately for the City of Mexico, where they will make their home.

Friday afternoon at 2 o'clock a marriage of interest occurred, when Miss Mary Truxy Heddling, daughter of Mr. and Mrs. J. E. Heddling, 421 South Third street, and Mr. Don Lawrence Sterling were wedded in the presence of relatives and friends. The wedding took place at the home of the bride's parents, the Rev. Samuel Blair officiating. Both Mr. and Mrs. Sterling are well known, having a wide circle of friends among the younger set. The happy young couple left on the evening train for Denver, Colo., where they will make their home.

A quiet wedding occurred Wednesday afternoon, when Miss Helen S. Pettit became the bride of Mr. Phillip A. Bailey. The ceremony was performed by the Rev. W. J. Marsh, of the Congregational church, and took place at the home of the bride's parents, at 4 o'clock. A few friends and relatives witnessed the ceremony, which was followed by a wedding dinner. Mr. and Mrs. Bailey will reside in this city.

Mrs. John Borradale gave a tea Wednesday afternoon at her home, 408 West Gold avenue, in honor of her sister, Mrs. Arnolfo Otero, of Los Angeles, Cal., who is her guest. Mrs. Borradale was assisted by her daughter, Miss Grace Borradale. The invitations issued for a second tea yesterday afternoon were recalled on account of the serious illness of Mr. Borradale's father at Long Beach, California.

Mrs. P. G. Cornish gave an informal bridge party Thursday afternoon at her home, 123 South Walter street. The spacious rooms of the Cornish home were beautifully decorated in chrysanthemums. The favors for the party were chrysanthemums.

Mrs. Rebecca Pearce was a charming hostess Monday evening when she entertained a number of young folks at dinner at the home of her parents.
