## GIRL BATTLED DESPERATELY FOR LIFE

NO CLUE TO BRUTAL MURDERERS AT CAIRO

Torn Clothing and Bruised Corpse of Victim Mute Evidence of Miss Pelley's Vain Struggle Against Dishonor.

(By Morning Journal Special Leased Wire) Cairo, Ill., Nov. 9.—Evidence that Miss Annie Pelley, a Cairo shop girl, fought through a terrific struggle before succumbing to brutal assailants last night was discovered today, when the authorities were confronted with the task of solving the mystery of her murder. Bits of torn clothing strewn the alleyway in which children found her disfigured body, these mute evidences of the girl's love for life and purity revealing that she fought her murderers for two blocks.

That her fight was destined to be a losing one was evidenced by the carefully prepared gag and the heavy cloth bands with which her cries were stifled and her strength overcome. Miss Pelley was a country girl of unusual strength and the authorities are inclined to believe that more than one was involved in the attack upon her.

Four negroes, a woman named Green, and three men, Will James, Arthur Alexander and Will Thomas, were arrested tonight and are being held in jail as a result of bloodhounds following a trail to Mrs. Green's home.

The first two dogs on the scent found the trail to the negro house. On a second trail they ended at the same place. Three bloodhounds brought over from Wyckoff, Ky., were put on the scent later and wound up at the Green cottage and for six successive trials the dogs went to the same place.

Two more bloodhounds arrived here tonight and will be placed on the scent.

Mayor George Parson, who offered a reward of \$200 early in the day, increased it to \$1,000 later and a large fund is being subscribed by the citizens in addition.

Evidence indicates that Miss Pelley was attacked in front of her home and dragged nearly a block and a half to the alley.

The victim of the crime was 24 years of age. She came here a few months ago from Anna, Ill., and has been living with a married sister. Because she frequently spent the night with girl friends there was no fear felt by her relatives when she failed to return home last night. She was on her way to take a car home from work when last seen by friends and it is thought the crime was committed early in the evening, at least twelve hours before the body was found.

## STAGE TRANCE FATAL FOR SUBJECT

WEIRD BUT VAIN EFFORT TO RESTORE LIFE IN CORPSE

Professor Sobs in Cell While Student of Hypnotism Attempts to Revive Man Pronounced Dead by Physicians.

(By Morning Journal Special Leased Wire) Somerville, N. J., Nov. 9.—While Arthur Everett, self-styled "professor" and traveling hypnotist, sobbed in his cell, three calm medical men witnessed a weird performance in the morgue of the Somerset hospital late this afternoon. There William E. Davenport, secretary to the mayor of Newark, and a student of hypnotism, vainly tried to bring back signs of life in the rigid body of Robert Simpson, a former street car conductor of Newark, who apparently died last night, after having been put into a hypnotic trance by Everett before a large audience at the Somerville theater.

Davenport failed, Simpson was declared officially dead, and an autopsy was held tonight.

Meanwhile, charged with manslaughter, unarrested and shaken, Everett remains in prison, where he must wait the action of the grand jury as a sequel to a stage trick.

It was at the piteous insistence of Everett, while in jail, after his ineffectual attempts to revive Simpson, that Davenport, a friend of Everett, came into the case today. Notwithstanding the declarations of physicians

## WARRINER GOT OFF WITH A MILLION

DEFALCATION OF BIG FOUR TREASURER GROWS

Railway Officials Only Mildly Interested in Blackmailing Story and Will Not Prosecute Alleged Extortionists.

(By Morning Journal Special Leased Wire) Cincinnati, Nov. 9.—The alleged blackmailers of Charles L. Warriner, former local treasurer of the Big Four railroad, accused of embezzling \$641,000, will be dealt with by the state authorities. County Prosecutor Hunt stated today that he has investigated the charges made by Warriner against a man and a woman and that he would proceed against them if he were able to collect sufficient evidence.

In the meantime apparently well founded reports maintain that the Warriner defalcations are far in excess of the sum mentioned by Vice President Harris of the New York Central, and that they may exceed one million dollars and may possibly reach two million dollars. These reports are supported by the fact that the railroad officials caused Warriner's arrest on a charge of embezzling \$54,000, and, when pressed later, admitted that the amount would be at least \$100,000. When that sum was raised to more than half a million dollars speculation became rife and it is practically assumed now that the total embezzlement will reach a record breaking figure.

Whatever may be the culpability of persons connected with Warriner, it appears that as far as the railroad officials are concerned they have no intention of proceeding against anyone but the defaulting treasurer. General Counsel Hackney declared he was in possession of no facts that would authorize his prosecution of anyone save Warriner.

"I believe Mr. Warriner's statement," said the attorney, "that he has been blackmailed, but we have only his word for it and we cannot act on that. That is for the state authorities to do if they choose."

The facts have been given to Prosecutor Hunt and will be brought before the grand jury. According to Mr. Hunt there is a perfect case against both Warriner and the man, who it is claimed, was the chief participant in the profits of the embezzlement. As far as the two women mentioned are concerned, both Mr. Hackney and Mr. Hunt insist that they as yet have no evidence to incriminate them.

The facts as divulged by Warriner's confession are still unknown. The railroad officials have so far refused to make them public, but Mr. Warriner's attorneys declared today that on their part they had no objection to the document being given out.

The amazement expressed on every hand that one man, unaided, could juggle the accounts of a great corporation for so long a time without detection was partly met today by a statement from a high railroad official of the Big Four that an entirely new system of conducting the finances is to be inaugurated.

## DEFENDANT FACES FIVE WIVES AND TWO FIANCEES

Angry Women Appear Against Lucien Pickett, Accused of Swindling Cripple Girl Out of Thousand Dollars.

(By Morning Journal Special Leased Wire) Cleveland, Nov. 9.—The evidence of five wives and two fiancées was produced by government officers today in the trial of Lucien Pickett, on trial in the United States court here on the charge of procuring under false pretenses \$1,000 from Miss Allie Greasley, a crippled woman from Springfield, Pa.

One after another the women told how Pickett had promised to marry them, how they had given him money and how finally he had gone away usually after, sometimes before the wedding.

Miss Addie Leonard, a Chicago school teacher, said she had given Pickett \$750 on his promise to marry her.

Miss Greasley, nearly helpless from a spinal affliction testified that Pickett was the only man who had ever loved her, and that she gave him \$1,000 to

establish him in business. A marriage license was issued but the wedding did not take place.

## PREJUDICED SHERIFF DISQUALIFIED BY JUDGE

Auburn, Cal., Nov. 9.—Feeling has grown so strong in the trial of Alma Bell, charged with the murder of Joseph Ames, that a temporary halt in the proceedings was necessary today. Judge Arnold sustained objections of counsel for the defense, disqualifying the sheriff because of alleged bias against the girl. The coroner also was declared partial and an alisor has been named to secure a panel.

## NORTH DAKOTA'S TESTS PROVE SATISFACTORY

Big Dreadnought Now Ready to be Delivered to the Government.

Boston, Nov. 9.—"Her performance was satisfactory in every particular," said H. G. Smith, general manager of the Fore River Shipbuilding company in speaking of the official trials of the American navy's new Dreadnought, the North Dakota.

The vessel had anchored in President Roads today after her final 24 hour trial run at 19 knots which was made chiefly to test her coal and water consumption.

From President Roads the North Dakota will return to the Fore River yards to receive her final touches before being delivered to the government.

The battleship during the final test, consumed 235 tons of coal, or twenty tons less than the amount required on a similar run by the Delaware, the only other vessel of her class in the American navy.

The official figures on the North Dakota's 12 knot run of 24 hours shows a coal consumption of 15 tons and 3800 brake horse power while the water rate on the turbines was 20.5 pounds and for all purposes 22.5 pounds.

## PHILADELPHIA ENJOYS RIVAL OPERA SEASONS

Philadelphia, Nov. 9.—Two rival opera seasons, those of the Metropolitan and Manhattan opera companies, were inaugurated here tonight with performances of "Aida." Both productions were on the highest scale of operatic art and both houses were crowded with brilliant audiences.

In the Metropolitan production at the Academy of Music, Enrico Caruso made his reappearance in America, following his illness of last season. Critics pronounced his voice to be better than ever.

The feature of the Hammerstein production was the first American appearance of Mlle. Mazarin, heralded as one of the greatest French sopranos.

## LABOR CHIEFS HAVE HEARTY SUPPORT OF FELLOWS

Executive Committee of American Federation Determines to Carry Cases of Officers to Court of Last Resort.

## DEMAND JURY TRIAL IN CASES FOR CONTEMPT

System Which Permits Citizen's Liberty to Be Jeopardized by Will of One Man Denounced as Tyranny.

(By Morning Journal Special Leased Wire) Toronto, Ont., Nov. 9.—If President Samuel Gompers, Vice President John Mitchell and Secretary Frank Morrison of the American Federation of Labor, eventually have to serve jail sentences for contempt of court, it will not be due to lack of support from all of the federation recommended to the annual convention today that an appeal be taken to the supreme court of the United States both in the Buck Stove and Range company's injunction case and in the contempt proceedings growing out of it.

That the convention will ratify the recommendation seems certain and that the three labor leaders and their fellow officers will be re-elected for another year is predicted.

A vigorous denunciation of the use of labor injunctions and the denial of trial by jury was embodied in the council's report today. The report says:

"It should be borne in mind that in these proceedings Messrs. Gompers, Mitchell and Morrison did not have the constitutional right of trial by jury. All the circumstances in this case go to prove that conviction would not have followed if the case had been submitted on its merits to a jury of their peers. We hold that, excepting where the contempt is in the presence of the court, the liberty of no citizen should be jeopardized by any

one man, regardless of who he may be or what position he may hold; on the contrary, we hold that a citizen charged with violation of an injunction, the penalty of which involves imprisonment, should have the same legal right to a trial by jury that is always accorded to a person charged with violation of the criminal law. To deny the right of trial by jury is to take from the people the protection of a priceless heritage which were secured by them after centuries of perseverance, struggle, sacrifice, exile and even martyrdom.

"What difference of opinion may exist among men as to any controversy between labor and capital, no good citizen of our country who treasures freedom can rest secure until trial by jury becomes so well recognized and so firmly established in our legal jurisprudence that no man will ever again attempt to deny this essential and historic right. No class has suffered so much from the tyranny of autocratic power as the working people; none struggled more heroically than they to secure the blessings of true liberty, free government, free speech, free press and trial by jury, and it now devolves upon the wage earners to protect, defend and maintain this priceless peace of equity and justice."

The council also recommended that organized labor take appropriate action looking toward the naming of suitable citizens to fill vacancies that may occur in the supreme court of the United States and in the lesser federal courts.

On the subject of old age pensions the council reported a bill for the organization of the "old age home guard," to be composed of persons more than 65 years of age who do not own property worth more than \$1500, or whose incomes do not exceed \$240 per year. If this bill is passed by congress these persons may make a petition to the secretary of war for "pension enlistment" and shall receive from the government \$120 per year in quarterly installments.

The report recommends that every effort be made to assist in the work of conservation of natural resources. A continuation of work among unorganized labor is urged and each affiliated organization is asked "more thoroughly to advertise the names of firms which employ union labor and conduct their establishments under sanitary conditions."

## MRS. PEARY INTENDS TO KEEP HUSBAND AT HOME

Washington, Nov. 9.—Commander Robert E. Peary who has taken up his residence with his family in Washington for the winter, is not contemplating an expedition to the South pole.

Mrs. Peary said late today when informed that the commander would form an expedition to seek the south pole in the next five years, that she knew positively that this was untrue.

## Record Breaking Advertising

THE MONTH OF OCTOBER JUST CLOSED, PROVED A RECORD BREAKER FOR ADVERTISING IN THE MORNING JOURNAL. HERE ARE THE FIGURES, STUDY THEM CLOSELY

255,178 Agate Lines

18,227 Inches

911½ Columns

Average, per Sunday, for five Sundays 1,340 Inches

Average, per day, for thirty-one days 588 Inches

This is exclusive of all office advertising.

This is the greatest amount of advertising ever carried in any one month in any newspaper in New Mexico. The advertising rates in the Journal are doubly the highest in the territory. This is conclusive proof of the excellent results obtained by the advertisers through the large paid-in-advance circulation of the Journal.

The returns they receive from their advertising fully justify the merchants in placing their faith in the advertising columns of this paper, which has the largest sworn paid circulation in the city of Albuquerque and territory of New Mexico.

A plain, unvarnished statement of positive facts such as presented above should be of special interest to the prospective as well as the present advertiser.

## ORAL BETS NO BREACH OF LAWS

YORK DECISION FAVORS RACING MEN

Gambling Must Be Accompanied by Registration or the Use of Paraphernalia to Constitute a Crime, Says Court.

(By Morning Journal Special Leased Wire) Albany, N. Y., Nov. 9.—Betting is a crime only when accompanied by a record registry or the use of some part of the paraphernalia of professional gamblers, according to a decision handed down by the court of appeals.

In effect the decision holds that oral betting does not constitute bookmaking in violation of the law.

In holding that the laying of odds alone does not constitute a crime, Judge Haight said:

"If a man should offer to bet the ladies of his party a pair of gloves to a box of candy, it would be the laying of odds and publishing the same. To hold him a bookmaker, would, in my judgment, be a departure from the rule that gives to the terms of the statute their ordinary and accepted meaning and would be a construction which was not within the contemplation of the legislature."

Judge Cullen in his opinion says: "Legislation should be practical and it is at least doubtful whether a statute making every offer, or acceptance of a bet, or wager, a crime, could in the present state of morals, and the habits of the community, be enforced."

"While the statute makes all bets and wagers void and money lost thereon recoverable, it has made gambling a crime only where it is accompanied by record, registration or the use of some part of the paraphernalia of professional gamblers, except in the case of pool selling, where probably no written record is necessary to constitute the crime."

"While in reality the statute is directed against gambling, not against its incidents, the law has laid out certain incidents that if they are found to be present, the act itself would be suppressed because of the impracticability of carrying on gambling on a large scale without some of the accessories denounced by the statute."

"How far this plan has proved successful in operation, is for the legislature, not the court, to determine, and we cannot hold that the act of these men constitutes a crime unless it falls within the terms of the statute. Whether the plan adopted to suppress the evil is an efficacious one, is solely for the legislature."

In a dissenting opinion, Judge Vann says: "The constitution forbids bookmaking without defining it and the statute forbids engaging in it without defining it. In view of the explicit command of the constitution and the history of legislation, on the subject as well as the origin of the word bookmaking and its meaning in the country from which we borrowed it, I think the statute prohibits engaging in bookmaking with or without the aid of any writing, because, writing is not of the substance and need not be resorted to, in a more incident."

"Engaging in the business of public gambling by quoting and laying insidious odds to a multitude of people, was the evil aimed at, not the making of a record of the business which is comparatively innocent."

## INCOMPATIBILITY NO GROUND FOR DIVORCE

Oklahoma Supreme Court Decision Makes Marriage Tie Trifle More Binding in New State.

(By Morning Journal Special Leased Wire) Guthrie, Okla., Nov. 9.—Taking exceptions to the granting of divorce on trivial grounds and declaring that the marriage tie "will not be dissolved except for grave and substantial cause," the supreme court today made it difficult to get a divorce in Oklahoma.

The opinion holds that when action was predicted on extreme cruelty there must be actual or imminent physical violence and "that incompatibility" is not sufficient ground for divorce.

It continues: "Husband and wife are bound to exercise greater efforts for removing misapprehension, animating quarrels and smoothing the road to concord than are people in other relations of life. The marriage status is one in which each of the parties may be justified in demanding the strictest letter of the bond; and it will not be dissolved except for grave and substantial cause."

## STONE HURLED BY WILD EYED SUFFRAGETTE

LORD MAYOR'S BANQUET RUDELY INTERRUPTED

Feminine Agitators Climb to Roof of Historic Guild Hall, Only to Be Seized as Disturbers of the Peace.

(By Morning Journal Special Leased Wire) London, Nov. 9.—The celebration of the king's sixty-eighth birthday and the inauguration of Sir John Knill as lord mayor to succeed Sir George Truscott, made London an especially lively center of interest today, although the historic and theatrical side of the lord mayor's show was wanting.

The banquet at the Guild hall tonight was the scene of a suffragette incident. The lord mayor was responding to the toast to the king, when a crash of glass was heard, and a stained glass window fell in fragments into the banquetting hall, shouts of "Votes for Women" resounded through the room. Two women who had gained the roof and thrown the stones were arrested. Another suffragette in evening attire, who stopped Winston Spencer Churchill, president of the board of trade, was ejected.

Premier Asquith, the principal speaker, said he was happy to be able to speak tonight without the lurking apprehension that clouded the international horizon last year; although there still were possibilities of dispute in eastern Europe there was nothing, he believed, that would not yield to time and tact and he knew of nothing that need stand in the way of a full and friendly understanding with Germany.

Festivities at Sandringham palace were brought to a close this afternoon by the sudden death from heart disease of Montague Guest, while out with the king's shooting party.

Montagu Guest was the son of Sir Josiah John Guest.

## JUDGE LINDSEY WARNS THE MOTHERS' CONGRESS

Atlantic City, N. J., Nov. 9.—At the opening session of the National Mothers' congress tonight a letter received from Judge Henry H. Lindsey of Denver by Mrs. David O. Means of Albany, chairman of the executive committee, contained a sharp criticism of the proposed amendment to the Pennsylvania law providing for juvenile courts.

In his communication Judge Lindsey intimated that the changes would provide berths for politicians and would jeopardize the work of the courts.

"From the moment that the juvenile court and probation system feels the least of machine politics, its usefulness begins to decline," said the judge.

## GLAVIS STORY DENOUNCED AS FALSE

SECRETARY BALLINGER EMPHATIC IN DENIAL

Simply Repetition of Story Sent to President Which Has Gained Nothing in Second Telling Declares Secretary.

(By Morning Journal Special Leased Wire) Washington, Nov. 9.—Secretary Ballinger of the department of the interior today issued the following: "My attention has been directed to the text of an article purporting to have been written by Mr. L. B. Glavis, which is to appear in Collier's Weekly, and advance copies of which have been furnished by that weekly to the press."

"The Glavis story is a tissue of falsehoods and insinuations utterly unwarranted in view of the facts as actually obtained by anybody who wants them."

"It is not surprising that a publication which could, in pursuit of this same propaganda, recklessly, under date of October 29, reproduce a view appearing on a familiar railroad trestle of the Grand river canyon in Colorado as a picture of an available water site which was in danger of unlawful acquisition on the South Plate river, 200 miles away and across the continental divide, should be willing, without the slightest effort, to ascertain the facts to give wings to a story which had heretofore been submitted to so great and just a man as the president of the United States, who,

after a most careful consideration thereof, in which he had before him the complete files of the general land office and of the secretary of the interior relating to each and every one of the matters presented, pronounced that the charges were without justification.

"The statement of Glavis has gained nothing either as to its veracity or justification in the interval since its presentation to the president and in view of the complete vindication by the president of himself and other officers of the department concerned I will make no further statement at present."

Commissioner Fred Dennett of the general land office made the following statement regarding the Glavis charges:

"The article is simply a repetition of the charges submitted to the president and which the president after examining all the evidence and the official records, characterized as a series of suspicion and so disingenuous that he authorized Glavis's dismissal."

"It is the same false coloring of isolated portions of the record and of a series of transactions, which in their entirety, refute the inferences Glavis wishes drawn from the portions published."

#### GLAVIS DENOUNCED AS IRRESPONSIBLE AGITATOR

Seattle, Nov. 9.—Denying emphatically that any of the entries of coal land in Alaska made by the claimants in the so-called Cunningham group were fraudulent or were made with the intent to deceive the government, H. C. Henry and C. J. Smith, who are interested in the claims, made answer today to the statements of the former land inspector in some cases absolutely false, said Mr. Henry. "He is an agitator who is being used by some people higher up for ulterior motives of their own, to prevent the development of the Alaska coal fields and a fair and judicial examination into the Cunningham coal case, to the end that the men who have paid the government their good money for these lands and are entitled to patents shall not come into the possession of what they believe to be their rights under the law."

"The rich character of these coal lands," said C. J. Smith, "had long been a matter of public knowledge. The claims were filed upon under the existing laws; everything was done openly and above board; there was no attempt at concealment of anything and the men who filed on these claims are American citizens of good record and entitled to fair and just treatment and a square deal by the government."

#### ABSENCE OF TRUTH IN STORY SERIOUS DEFECT

Walla Walla, Wash., Nov. 8.—Ex-Governor Miles C. Moore, one of the claimants to the so-called Cunningham group of coal claims in Alaska, who is in this city today, made a statement in reply to the Glavis article, in which he says:

"Part of Mr. Glavis's communication containing what purports to be a statement from me has one serious defect. It contains no truth."

"Glavis quotes me as saying: 'Secretary Ballinger would have patented the Cunningham claims but for my protest. No such statement was made by Ballinger to me or to Glavis. On the occasion mentioned Glavis said: 'We have been examining Mr. Cunningham's books.'"

"To my query, 'How did you find things?' he replied: 'Within sixty days.'"

"This conversation occurred more than a year after receipt of final receipts and some ten months before Glavis claims to have been asking for further time for investigations. These entries had been previously clearly listed by reputable special agents after careful investigation."

"I have been examining Mr. Cunningham's books."

"To my query, 'How did you find things?' he replied: 'Within sixty days.'"

"This conversation occurred more than a year after receipt of final receipts and some ten months before Glavis claims to have been asking for further time for investigations. These entries had been previously clearly listed by reputable special agents after careful investigation."

## STEINHEIL WOMAN SHOWS SIGNS OF WEAKENING

Sensational Murder Trial Proceeds in Paris With Defendant Sitting Dejected and Forlorn; Reporters Give Damaging Testimony.

(By Morning Journal Special Leased Wire)

Paris, Nov. 9.—The sixth day of the trial of Mme. Steinheil, advanced no further solution of the mystery underlying the murder of the woman's husband, Adolph E. Steinheil, painter and her stepmother, Mme. Japy. While the testimony given today was indirectly more damaging to the defendant, the whole case rests upon circumstantial evidence.

The judge's attitude toward the accused woman is becoming distinctly more lenient and at the same time her powers of resistance seem already exhausted under the terrible ordeal.

"Have pity on me, I should be tortured," she exclaimed soon after the case opened this morning, but during the latter half of the day she sat forlorn and dejected, the personality of grief and mystery, allowing the gravest accusations to pass unchallenged.

Several newspaper reporters who had interviewed Mrs. Steinheil soon after the crime gave testimony that was most damaging to her defense. One of these witnesses declared that Mme. Steinheil had said after a whispered conference with Mariette Wolf, the cook at her home, that the Wolf woman would deny everything if her mistress were arrested. Judge Devies called the witness' attention to the gravity of his testimony and the witness replied:

"I accept full responsibility."

It is learned that the line of defense to be followed by M. Aubin, Mme. Steinheil's counsel will be based in large measure, on the woman's mental condition. While insisting upon her entire innocence of the crime, M. Aubin will admit the whole miserable story of her immoral past and will contend that exposure and the suspicions aroused against her had so affected her hysterical and passionate nature that it drove her into a condition of frenzy and delirium rendering her irresponsible for her acts and accusations after the crime.

#### STATE DEPARTMENT TO AID AMERICAN PRISONER

Case of Conductor Held in Mexican Jail to Be Looked Into.

Guadalajara, Mexico, Nov. 9.—The Guadalajara division of the Order of Railway Conductors has received a letter from Huntington Wilson, acting secretary of state, announcing that the American ambassador in Mexico and the American consul at Guadalajara have been directed to investigate the case of Conductor James A. Cook, held in the state penitentiary in connection with the robbery of freight cars by Mexican bandits.

#### STAGE TRANCE FATAL FOR SUBJECT

(Continued From Page 1, Column 1.)

claims that Simpson was dead, Everett pleaded that Davenport be allowed to revive him.

Accordingly, the autopsy, first arranged for 2 o'clock this afternoon, was postponed, and the student of hypnotism was summoned. Simpson's body, covered with a black cloth, lay in the morgue at the hospital when Davenport arrived. He came in silently and in the presence of three physicians began his attempts to revive the man. First he felt of the body to detect any possible heart beat, failing in this he placed his ear on the victim's chest. Attempting to exercise the power of suggestion, he spoke in the dead man's ear. "Bob," he said, "Bob, your heart action—your action—your heart action is beginning. It is beginning." Slowly and earnestly Davenport repeated this in the ear, then changing his tone of voice to an imperious command, he cried sharply, "Bob, Bob, can't you hear me? Your heart is beginning to beat. Your heart is beginning to beat."

Again and again he repeated this assurance to the inanimate form, but not a muscle of the body stirred.

Again, Davenport changed his methods. Leaning over Simpson's right ear, he spoke confidentially. "Oh, I say, Bob," he said, in a quiet conversational tone, "look, your heart is beginning to beat." He repeated this time after time, but without effect.

While this was going on, a brilliant incandescent lamp shed its blinding glow in the dead man's face, but the eye lids did not flutter.

Disheartened, Davenport turned to go, but Dr. Long called him back. "What is your opinion?" he asked. "I did not come to form an opinion," he said.

"But we insist," said the county physician.

"Well," replied Davenport, after a pause, "he's dead."

Then he went out and the medical men began preparations for the autopsy. Simpson, the victim, was 35 years old, and it is said was a heavy drinker. It is generally admitted that he was intoxicated during the last last night.

Everton has employed counsel and will fight the case. It has been suggested that he will make the novel plea that the man was still alive when the autopsy was performed, citing various cases of suspended animation as proof of this.

Dr. John D. Quackenbush, professor emeritus of Columbia university and one of the leading authorities on hypnotism in this country, said this

afternoon, that it was possible that Simpson's case was one of suspended animation and that an autopsy should be made with caution or suspended until there was no doubt of death.

Eight physicians assisted in performing the autopsy and they issued a signed statement at its close stating that death was due to rupture of the aorta, the trunk line of the arterial system. This indicated, according to the coroner, that death primarily was due to natural causes and that the man probably had been suffering for some time from an aneurism. Death was practically instantaneous and evidently occurred just as Simpson was coming out of the trance. Whether the rupture of the artery was caused by the strain he was under when Everton stood on his body during the rigidity cannot be ascertained.

The result of the autopsy will more than likely bring about Everton's release on bail.

DOUBT DISAPPEARS

No One in Albuquerque Who Has a Bad Back Can Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is kidney ache.

With it comes dizziness, sleepless nights, tired, dull days. Distressing urinary disorders. Cure the kidneys to cure it all.

Doan's Kidney Pills bring quick relief. Bring thorough, lasting cures. You have read Albuquerque proof. Read now the Albuquerque sequel. Renewed testimony, tested by time.

Mrs. E. Adair, 817 E. Edith street, Albuquerque, N. Mex., says: "Two and a half years ago I used Doan's Kidney pills and was so well pleased with the benefit I obtained that I was glad to publicly recommend them. In giving this second statement it is my desire to show that this remedy is as highly as ever. I had such severe pains across my loins and between my shoulders that I was greatly inconvenienced. When I sat down the misery was so much in evidence that it seemed as if I could not endure it. The contents of one box of Doan's Kidney Pills relieved me so greatly that I could not do otherwise than praise them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ALBUQUERQUE THE DISTRIBUTING POINT OF NEW MEXICO

After considerable effort spent during the last four months, Farah Brothers, the popular proprietors of the "Pair," have succeeded in securing the exclusive agency for three of the best known makes of shoes in the world, to which they wish to call special attention.

The famous Ultra shoes for women is one of them, this shoe is made of the very best leather and very flexible, the styles are smart and the designs are snappy. They come in all shapes and leathers including brown, green and black suedes and other leathers and colors to match most any color clothes.

The Bates shoe for men needs no introduction, it is made at Webster, Mass., by thoroughly competent shoemen. They guarantee comfort and ease and perfect satisfaction as to wearing qualities. They come in the latest leathers and styles.

For the children Ultra shoes are acknowledged as the best made and are so recommended all over America. This style includes some magnificent children's high-top boots and booties which are absolutely new and only shown in this city by Farah Brothers, 229 West Central avenue.

See their window display, then come in and get a pair of shoes, whether for man, woman or child.

CHOCOTAW INDIANS LOSE CITIZENSHIP SUIT

Washington, Nov. 9.—In an opinion by Justice Holmes, the supreme court of the United States today decided against the complainants the case of the 15,000 Choctaw and Chickasaw Indians who asked for redress for being excluded from the citizenship roll of those nations when they were prepared by Secretary Hitchcock of the interior department on March 4, 1907.

## SCHISM IN RANKS OF PYTHIAN KNIGHTS

Six Companies of Uniform Rank, Expelled From Order in Indiana, Threaten to Form Independent Organization.

(By Morning Journal Special Leased Wire)

Indianapolis, Nov. 9.—Six companies of the First regiment of the Indiana Uniform Rank, Knights of Pythias and the colonel of the regiment Frank Shellhouse, of this city, have been expelled from the order by Grand Master General Wilson, on the charge of insubordination. It was announced today.

General Wilson today assigned three "loyal companies" to the Seventh regiment. Colonel Shellhouse said the six expelled companies would form an independent organization like the Dannon Guards of Ohio.

Differences between General Wilson and Colonel Shellhouse had been growing for two years.

HARRIMAN NEVER USED SHORT AND UGLY WORDS

Theodore Roosevelt Only Man Who Ever Really Ruffled Temper of Railway King, Says Secretary Millar.

(By Morning Journal Special Leased Wire)

Plainfield, N. J., Nov. 9.—The late Edward H. Harriman, was never known to swear and was intense and fervent in his religious beliefs according to Alexander Millar, secretary of the Union Pacific Railway company and for twenty years private secretary to Mr. Harriman, in an address tonight before the Men's club of the Congregational church.

In his long acquaintance with Mr. Harriman, said Mr. Millar, he had never heard the railway magnate use any but the most chaste language and rarely, if ever, was he ill tempered toward anyone. The nearest Mr. Harriman ever came to harsh criticism toward anyone, Mr. Millar added, was in the famous controversy with Theodore Roosevelt, in 1904.

Mr. Harriman's last illness, he said, was only an ordinary stomach trouble, aggravated by overwork. His nervous breakdown was largely due to the strain he underwent in aiding San Francisco after the earthquake and fire.

No one in this part of the country, Mr. Millar declared, could ever realize what Mr. Harriman did for the stricken cities.

## S-P-O-R-T-S

Boxing  
AthleticsVARSITY ENTHUSES  
AT FOOTBALL  
JAMBOREEWILL LICK CADETS  
OR BUST A TRYINGHigh School-Menaul Preliminary  
at Traction Park Before  
Big Game With Roswell Saturday.

Football enthusiasm arose rampant at the University of New Mexico yesterday morning when a football rally was held in Rodey hall at 10:30 a. m. The stadium body has backed the Varsity team to the limit to beat the cadets from the New Mexico Military Institute at Traction park next Saturday and Varsity spirits were let loose vociferously at the rally yesterday. Lingering speeches were made by Professors Conwell, Angell and Clark, by Captain Allen of the eleven, and others and as a result every student appointed himself a committee of one on ticket selling to pack the grand stand with spectators for the big game Saturday. Tickets are going fast and there appears to be a general belief among football fans that the game with Roswell will be historic.

Arrangements have been made for a preliminary bout at the park Saturday afternoon immediately preceding the big game when the Central High school team will do battle with the Menaul school eleven. On the same afternoon the second team of the Varsity will play the U. S. Indian school boys on the Indian school grounds so that three games, any one of them a hammer, will be going on in this city Saturday afternoon.

## Racing Results at Latonia.

Latonia, Nov. 9.—T. M. Green won the feature even at Latonia today from a good field of handicap horses by a neck from Bell Weather with All Red, third. These favorites came home in front.

First race, 5 furlongs: Mae Henley won; Chicago, second; Ethel, third. Time 1:01 3-5.

Second race, 6 furlongs, selling: Patrol won; Fundamental, second; Night Mist, third. Time 1:14 1-5.

Third race, 1 mile, 70 yards: Stoneman won; Otillo, second; Admonitor, third. Time 1:46 4-5.

Fourth race, 6 furlongs: Golden Widow handicap; T. M. Green won; Bell Weather, second; All Red, third. Time 1:13 4-5.

Fifth race, 1 mile, selling: My Gal won; Kadation, second; Hatchie Cona third. Time 1:42 2-5.

Sixth race, 1 mile, 70 yards: Howard Pearson won; Minot, second; Many Colors, third. Time 1:43 4-5.

Suit Against Johnson Continued.

Chicago, Nov. 9.—Jack Johnson, the pugilist today obtained a continuance until November 11, in the action brought against him by "Yank" Kenny, his former trainer, for \$2,000 alleged by Kenny to be due him for services.

ARIZONA FARMER  
CONTEST WAS A  
PUNTING DUEL

Game at El Paso Saturday was Hard Fought, but Aggies Demonstrated Superior Knowledge of Rugby.

Skill and a better knowledge of the modern game triumphed over brawn at Washington park in El Paso Saturday afternoon when the University of Arizona won the football contest from the A. and M. college of New Mexico, the final score being 6 to 0. The El Paso Times of Sunday has the following article regarding the game:

All of the scoring was done in the first half, when Captain Rice of Arizona kicked two field goals. He made another attempt in the second half, but the ball went just a trifle outside of the post. All three of his efforts were mighty pretty and were as good as are seen on the gridirons of any western college.

It was a punting duel between Bolett for Arizona and Hall for New Mexico, with the odds about equal. The punting was far above the average for a game of this kind some of the kicks going as far as forty-five yards, and one of Hall's in the first half traveled fifty yards, but he had a mighty strong wind at his back at the time. Bolett's punts were all of those high spiral kind that are so hard to judge and catch.

But the ends of the Arizona team far surpassed the work of their two opponents and very few of Bolett's kicks were carried back with any gain. In fact the work of the two Arizona ends was one of the features of the game. Time and again they would get through the interference and tackle their man with a toss of

from two to five yards. They also gave their halves magnificent interference. They far outclassed their opponents, who allowed many of Hall's kicks to be returned for from ten to thirty yards and would allow themselves to be blocked time and again.

Bolett at right half for Arizona was the star of the game. Always good for a gain when needed, this player by skillfully picking his openings added many a yard to the total of the Arizona team. He was in the game at all times and he put up the best all around game played here this season. Blades at full was another of the stars for Arizona, as he hit the line low and hard for many a good gain. Captain Rice also was in the game at all times.

At quarter Archibald of Arizona played rings around his opponent, who used poor judgment in running his team and picking its plays, while Archibald's judgment and passing was good at all times. This latter player made the star play of the game when he caught one of Hall's long punts and by skillful dodging ran the ball back thirty yards before being tackled.

Twelve Round Draw.

Boston, Nov. 9.—Jimmy Walsh of Boston, lightweight champion, and Tommy Toole of Philadelphia fought twelve rounds to a draw here tonight, although Walsh put the Philadelphia boy down for the count of nine in the tenth round.

Chess Championship Games.

Lexington, Ky., Nov. 9.—Frank J. Marshall of New York defeated J. W. Showalter of Georgetown, Ky., in the first game of the match for the chess championship of the United States, which began here today. Showalter resigned after the fifty-second move in a Petroff defense.

The second game will be played tomorrow afternoon. The series consists of fifteen games.

MINOR LEAGUERS IN  
SESSION AT  
MEMPHIS

Admission of Outlaw California  
Bunch Ratified; Nineteen Organizations Represented.

(By Morning Journal Special Leased Wire)

Memphis, Tenn., Nov. 9.—The National Association of Minor Leaguers held the opening session of its annual meeting here today but transacted only routine business. The election of officers and the ratification of the action of the national board of arbitration in admitting the California State league in class B of the National association will be brought before the meeting tomorrow. The roll call and the appointment of two committees by President M. H. Sexton was all that was done today. Nineteen leagues were represented.

All the leagues in class A and class B were represented with the exception of the Eastern league, a member of the former class. The fact that one of the largest of the minor leagues was without a representative caused much comment among the members. Nothing has been heard directly from the league but it was expected that President Powers would be on hand to represent it.

President E. Sexton appointed a committee of five to revise the agreement under which the National association now exists. Those on the committee are J. H. Farrell, New York State league; James J. Burke, Cincinnati league; T. H. Murnane, New England league; William Grayson, American association; and President Sexton.

Several trades and sales were made during the day and more are said to be pending.

The draft of Pitcher Allen of the Seattle Northwestern league club by Memphis has been allowed. Allen is the leading pitcher of the Northwestern league for the last season. To replace Allen Manager Dugdale of Seattle purchased Pitcher Hendrix from the Topeka Western league club.

Infielder Rockinger of the Montgomery Southern league club was traded for Infielder Bennett of the Spokane Northwestern league club.

Catcher Charles Moran of the Milwaukee American association, has been traded for Catcher William Ludwig of the Mobile Southern league club.

The Missouri Society of New Mexico meets the second Wednesday of each month at Odd Fellows' hall, 321 South Second street. Next meeting Wednesday, November 10.

Headquarters at Room 4, Barnett building, Second and Central. Phone 1679.

All Missourians are requested to call and register.

O. J. KRAEMER, Secretary.

Urgo Women to Shop in Person.

DEMON DRIVER WINS  
TWO HUNDRED  
MILE RACE

Louis Chevrolet Does Distance  
Over New Atlanta Track at  
Average Speed of 72 Miles an  
Hour.

(By Morning Journal Special Leased Wire)

Atlanta, Nov. 9.—Louis Chevrolet, the sturdy Swiss pilot of Buick cars, who has leaped into racing prominence during the last year, annexed another hard earned victory here today when he captured the 200-mile stock chassis race, averaging about seventy-two miles an hour.

Chevrolet's victory came as a climax in a record breaking contest, in which Atlanta's new two-mile speedway was opened. Two of Barney Oldfield's records were lowered, one of them by Lewis Strang, who reduced Oldfield's one-mile mark of 43.01 by more than five seconds. To do it Strang used the big 200-horse power Fiat, which has a world's record of 38 seconds over the 2½-mile track at Brooklands, England, last summer.

Oldfield took the limit out of his hit-or-miss unbeatable Benz and took nearly three seconds off his own previous record.

"Strang has the fastest car in the world at present," said Oldfield after the race.

Two cars of greater power than Strang's are said to be in course of construction abroad, one in Italy, the other in Germany.

The second of Oldfield's records to vanish was beaten in the ten-mile handicap when John Aiken, in a National sixty, starting from scratch, forged ahead to third position in the field of eight cars in 58:02.41, actual running time. His elapsed time for the race, which included 70 seconds handicap, was 49:12.41.

Oldfield, who made the distance at Indianapolis in 58:15.09, also started from scratch in this contest but broke a steering knuckle in the first lap and was compelled to withdraw.

Chevrolet's winning of the big race of 200 miles in 2:46:48 was a brilliant exploit, lowering Burman's record of 3:24:13.4 to make in a Buick at Indianapolis.

The big pilot topped out once in the 100 laps and then only when his machine caught fire.

Chevrolet assumed the lead in the first lap and increased it slowly but steadily for seventy-two miles.

As the sturdy Swiss flashed past, the trained eye of Harding, the Apperson driver, who was in the press box, detected what escaped the lay observers, ignoring the thunder of the others, which drowned all other sounds.

"You're on fire, you're on fire, Louis!"

Chevrolet apparently was ignorant of the fact, but when he had gone about a mile the smoke belched into his face. Then he experienced his only delay. During the few minutes it required to extinguish the blaze Dingley regained the lost lap and took the lead by about thirty yards. His triumph was short lived, for Chevrolet overtook him during the next lap. He was never again in danger.

No serious accident marred the day's sport. The nearest approach to such an accident occurred in the eighty-fifth lap when Harry Sullivan, whose Marmon had not experienced a single delay, ran into the inner gutter of the track. Neither he nor his assistant were hurt beyond a few bruises.

Summary:

One mile trial, time—First, Fiat (Strang), 43.01; second, Benz (Oldfield), 49.12; third, Christie (Christie), 43.22; fourth, Stearns (Rutherford), 50.83.

Ten miles, stock chassis, 451 to 600 cubic inches piston displacement—First, National (Aiken), 52:27.22; second, National (Kincaid), 52:27.71; third, Apperson (Gardner), 52:50.65; also ran: Renault, Fiat, Stearns.

Ten mile race for light cars—First, Chalmers-Detroit (Mason), 5:49.46; second, Chalmers-Detroit (Knipper), 5:48.48; third, Buick (Nelson), 5:50.13; also ran: White, Fuller.

Ten miles, free for all, handicap—First, Marmon (Sullivan), 5:54.96; second, Marmon (Harrison), 5:55; third, National (Aiken), 5:12.41; also ran: Renault, Froer, Knicker, Knox.

Two mile, free for all—First, Fiat (Strang), 1:31.67; second, Benz (Oldfield), 1:37.18; third, National (Aiken), 1:43.72; also ran: Christie.

Two hundred mile stock chassis race—First, Buick (Chevrolet), 2:46:48; second, Chalmers-Detroit (Dingley), 2:53.32; third, Chalmers-Detroit (Lortimer), 2:55.15; also ran: Renault (Rasler), Buick (Marnon), Renault (Cluquett), National (Aiken), National (Kincaid).

Louis Cluquett, driver of a Pope-Toledo car in the 200-mile event, suffered a broken arm today while cranking his car preparatory to a trial run.

Latonia Officials Indicted.

Cincinnati, Nov. 9.—Indictments were returned at Covington, Ky., this afternoon against the Latonia Racing association for permitting bookmaking and gambling at the Latonia track.

Jack Geyer Loses to Willie.

The men are heavyweights. Willis put Geyer down twice and before the round ended Geyer's seconds threw up the sponge. The fight was a fast one.

## Kling Loses Initial Match.

Kansas City, Nov. 9.—John Kling, world's pool champion, defended his title in the first night of the play of an \$800-bill match with Thomas A. Houston of St. Louis. At the close of the play Houston had run 242 balls and Kling 141. The men are to play 200 balls a night for four consecutive nights. Houston played in excellent form and led from the start.

CHAMPION GOTCH  
RETAINS TITLE

Italian Raicevich No Match for  
American Wrestler; Victory  
Comes in Straight Falls.

(By Morning Journal Special Leased Wire)

Chicago, Nov. 9.—Frank Gotch, champion wrestler of the world, defeated Giovanni Raicevich of California in two straight falls at the Coliseum here tonight. The first fall was in 16:28 and the second in 5:23.

The match was witnessed by the largest and most enthusiastic crowd that has attended a wrestling bout since the Hackenschmidt-Gotch match in Chicago two years ago.

When the wrestlers were introduced they were greeted with applause, the throng in the Coliseum crowding the aisles and preventing progress until the police could restore order.

Gotch got the first fall with a crotch and bar arm hold. The Italian gave a fine exhibition of wrestling skill but the champion was too agile and strong for him.

Gotch had his famous toe hold on the foreigner four or five times but he resisted it successfully, the crowd giving a tumultuous cheer when Gotch, though smiling, changed his tactics.

In the second fall Gotch pinned his antagonist to the mat in five minutes and twenty-eight seconds with a cross leg hammer and wrist lock hold.

Before the championship match a telegram from Syouff Mahout, whom Gotch defeated last year, challenging the winner of the match, was read from the ringside.

In the preliminaries Jack Olson of Brooklyn defeated Dick Sorensen of Chicago for the middleweight championship in two straight falls, the first in four minutes and twenty-five seconds with a crotch hold, and the second in 6:44 with a crotch and wrist lock hold.

In the second preliminary Dan McLeod defeated Joe Wallace of Chicago in straight falls in 8:02 and 6:09 respectively.

In the semi-windup Charles Post of Chicago was defeated by American of Baltimore in straight falls of 19:15 and 9:28 duration.

German Throws Frenchman.

Milwaukee, Nov. 8.—Heinrich Weber, champion wrestler of Germany, defeated K. Alberg, champion of France, in two straight falls, catch-as-catch-can, here tonight.

TWELVE PERISH IN  
MINE EXPLOSION

Seven Bodies Taken from  
Wrecked Coal Workings  
Near Wilkesbarre; Fire  
Blocks Rescue Work.

(By Morning Journal Special Leased Wire)

Wilkesbarre, Pa., Nov. 9.—Twelve men are believed to have perished at the result of an explosion today in the Auchincloss shaft of the Delaware, Lackawanna & Western Coal company. Seven bodies have already been recovered.

The explosion was followed by a fire which for a time blocked the work of the rescuing party.

The sixth body to be found was in an abandoned portion of the mine, indicating that the miners had sought refuge from the smoke.

NEW CHIEF ENGINEER  
FOR ATCHISON LINES

Topeka, Kan., Nov. 9.—Announcement was made here today of the appointment of C. F. Fell, as chief engineer of the Atchison, Topeka & Santa Fe railway with headquarters here. Mr. Fell is promoted from a similar position on the Gulf, Colorado & Santa Fe. He comes to succeed C. A. Morse, recently appointed chief engineer of the entire Santa Fe system.

MINNEAPOLIS MAN  
SUCCEEDS R. L. WHITE

Cleburne, Tex., Nov. 9.—To fill the vacancy caused by the death of R. L. White, of Nashville, Tenn., Henry C. Brown, supreme chancellor of the order of Knights of Pythias, has appointed Fred H. Whiston, of Minneapolis, to be grand keeper of records and seals of that lodge.

ELKS ENTHUSE ON  
BIG MINSTREL  
PERFORMANCE

Sixty Big Bucks Turn Out at  
Meeting Which Discusses  
Preliminary Arrangements

Sixty Elks stampeded last night to the lodge rooms to attend the big meeting to take up preliminary arrangements for the big minstrel show, under the direction of Joe Ben, which has been announced for the Elks theater in the near future. The meeting was chock full of enthusiasm and the number present and anxious to assist demonstrated that there will be no difficulty in getting the seventy or more voices that will make up the grand chorus in this spectacular production. Ben has not yet forwarded the manuscript so that the work of organization cannot be started for a short time yet. A meeting is called for the Elks theater at 2:30 next Sunday afternoon at which the Best People will get down to business and begin to hammer the big troupe into shape for the event. The chorus will include the pick of the male voices of Albuquerque, and aside from its other entertainment features the Elks show will be one of the most elaborate musical productions ever attempted here.

MILLION DOLLARS TO  
FIGHT DISEASE  
AND DEATH

Magnificent Gifts Announced  
in New York; \$700,000 to Be  
Used in War on White  
Plague in Children.

(By Morning Journal Special Leased Wire)

New York, Nov. 9.—For fighting disease separate gifts totaling nearly a million dollars were announced in New York today. Of this sum \$700,000 is to be used for the establishment of a tuberculosis preventorium for children, while \$150,000 was given by Mr. and Mrs. William C. Sloane for a sanatorium addition to the Sloan maternity hospital of the college of physicians and surgeons of Columbia university.

A movement has been organized which purposes to take from New York tenements children who have been affected with tuberculosis and to restore them to a normal health. The plan was formally organized today at a meeting at the residence of Henry Phillips.

Principal contributors to the work were Nathan Straus, Miss Dorothy Whitney, Henry Phillips, Isaac N. Seeligman and Jacob H. Schiff. Mr. Straus's gift includes a \$500,000 cottage and estate at Lakewood, N. J., once occupied by the late Grover Cleveland. Miss Whitney contributed a \$100,000 endowment fund.

RECOMMEND ABOLITION OF  
THE PUBLIC DRINKING CUP

Colorado Springs, Colo., Nov. 9.—In its report submitted to the public health commission of fifteen leading business men and physicians chosen to take charge of the anti-tuberculosis campaign in this city, recommends a change along the following lines:

Removal of public drinking cups; disinfection of public telephones and all places of public meetings, medical and sanitary inspection of the public schools; registration of tuberculosis people in this city; publication of special sanitary rules.

DEFENSE CONCLUDES IN  
WYOMING MURDER CASE

Efforts to Impair Witness Chief Reliance of Accused Cutlemen.

Basin, Wyo., Nov. 9.—The defense in the trial of Herbert Brink, accused of participating in the Trending mid last spring, concluded its case today.

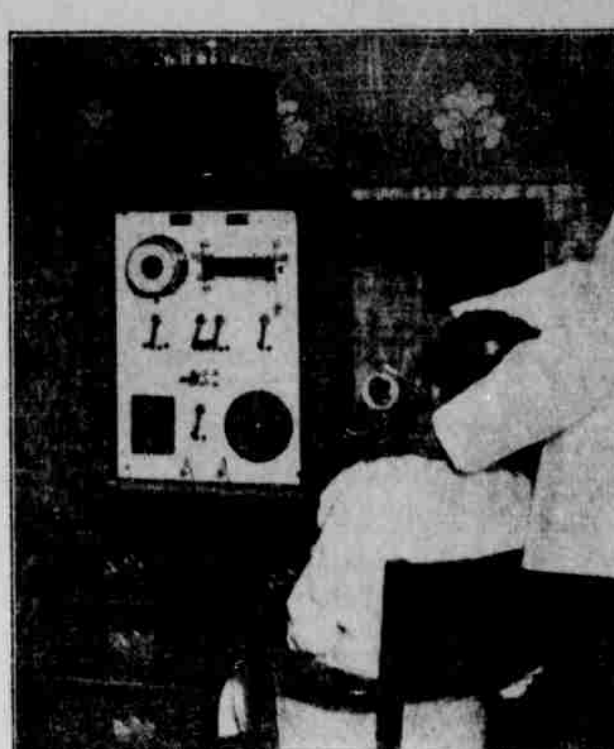

Chief reliance was placed in an effort to impeach the testimony of William Goodrich, a cattleman, who stated that Brink told him in a friendly conversation that he had killed Joseph Altemann, owner of the sheep outfit. Three witnesses, including state senator George McEllan, were called in an attempt to show that Goodrich's reputation for veracity was unreliable.

Arguments will be made tomorrow and the case will probably go to the jury tomorrow night or Thursday.

The arrival of Truman Henry, of Morganfield, Ky., a brother in law of Jose Emge, one of the slain men, caused a stir in court today. Mr. Emge, who has recently been engaged in prosecuting night riders, took a chair with attorneys for the prosecution and will assist in the conduct of the state's case. Mr. Henry represents several big eastern insurance companies which recently invested heavily in Big Horn county.

INJECTION  
BROU

Gives Prompt and Effective Relief  
without Incubation in the  
MOST OBSTINATE CASES  
of Gonorrhea. No treatment required.  
SOLD BY ALL DRUGGISTS.

Electricity Conquers  
A New Field

In no other field has electricity been found superior in many of the affections to any operation.

Nothing equals the carbon-electrode for bleaching and toning the skin of the face and in giving it the healthy glow so desirable. A good electric light bath, a general massage and the appropriate face treatment and you may be sure that you will present your most pleasing appearance for you will be pleased with yourself and the world. You can secure all the up-to-date treatments at Bronson's Sanitarium, 224 West Central—upstairs.

Many people much prefer the displacement of moles, warts and superfluous hair on the face than to submit to an operation with the knife. The electric current used in a mild form

proven of so much value as in the field of minor surgery. In the permanent removal of superfluous hair, the electric needle has long proven itself the safest and surest of all other methods both as to its effectiveness and effectiveness.

Proven of so much value as in the field of minor surgery. In the permanent removal of superfluous hair, the electric needle has long proven itself the safest and surest of all other methods both as to its effectiveness and effectiveness.

MURDER SUSPECTS  
TRACED TO EL PASO

Oklahoma, Okla., Nov. 9.—C. M. Kryder and Maude Geck are being sought by the authorities in connection with the murder of R. D. Gannon. They are believed to have bought tickets early Sunday morning for El Paso, Texas, according to the Santa Fe ticket agent here, who reported to the chief of detectives tonight.

Gannon's body was found Sunday morning on top of a ten-story office building. Kryder and Miss Geck were interested with Gannon in a mining deal and are said to have owed him \$250 on a note.

# The Albuquerque Morning Journal

[Official Newspaper of New Mexico.]

Published by the  
**JOURNAL PUBLISHING CO.**D. A. MACPHERSON, President  
W. S. BURKE, Editor  
JAMES S. BLACK, City Editor  
H. O. WRIGHT, Advertising Manager

Entered as second class matter at the postoffice at Albuquerque, N. M., under act of Congress of March 3, 1879.

THE MORNING JOURNAL IS THE LEADING REPUBLICAN PAPER OF NEW MEXICO, SUPPORTING THE PRINCIPLES OF THE REPUBLICAN PARTY ALL THE TIME, AND THE METHOD OF THE REPUBLICAN PARTY WHEN THEY ARE RIGHT.

TERMS OF SUBSCRIPTION.  
Daily, by carrier, one month, \$1.00  
Daily, by mail, one month, \$1.00

Larger circulation than any other paper in New Mexico. The only paper in New Mexico issued every day in the year.

"The Morning Journal has a higher circulation rating than is accorded to any other paper in Albuquerque or any other daily in New Mexico."—The American Newspaper Directory.

ALBUQUERQUE - - - NEW MEXICO

## SURVEY THE COUNTY.

The people of Albuquerque do not fully appreciate the importance to the city of having all the lands of this county surveyed, with metes and bounds established, so that every piece of property in the county could be made to bear its proper share of the public burden, and so that it could be definitely described in terms that would enable a buyer to know what he was buying.

Consider first, the matter of taxes. The Rio Grande runs through the county from north to south. The valley, on both sides of the river, presents a broad belt of the choicest lands in all the southwestern country, rich, smooth, abundantly watered without expense or effort worth mentioning, just next door to the best market in the country, and possessing an actual, intrinsic value greater than any other equal number of acres anywhere else in New Mexico. And yet the incorporated portion of the city of Albuquerque pays eighty-five per cent of the entire tax bill of the county—or, if you include Old Town and Bernal as parts of Albuquerque, which they really are, you will find that all this broad area of the most valuable valley land in the territory pays less than ten per cent of the county tax bill. Why is this? Simply because the metes and bounds are so indefinite that it is impossible for the taxing authorities to make an assessment sufficiently definite to designate the property with reasonable certainty, and hold it for the taxes. And thus the county loses, year after year, all the revenue that it ought to derive from the assessment of these valuable lands.

But the loss of the tax is not by any means the greatest loss that the people of the city and county suffer through the want of a proper survey and platting of these valley lands. The great bulk of the land is held by people who make no use of it, and never expect to make any use of it, but to hold it indefinitely for higher prices, thus paralyzing the progress and development of the country surrounding the city. If the lands were assessed like other property, at the usual per cent of their real value, the annual tax bill would be a very fetching argument against the dog-in-the-manger policy which the holders now pursue, and it would not be long until such portions of the land as they are not able to use themselves would be sold to persons who would put them under cultivation, and thus make all of our now unused valley acreage a source of value to the county, the city and the territory.

There is not a shadow of doubt but such a result would follow. Any intelligent real estate man in town will tell you that every acre of our lands in a very short time could be put into the hands of men who would put the same under intense cultivation, if only the present holders could give titles, setting forth metes and bounds, which prudent buyers would be willing to accept—and then, instead of being obliged to import from California or Texas the most of the garden truck we need to supply the home demand, we would be able to ship vegetables of the finest quality to the eastern markets by the train load. And it is not necessary to say what that would mean to the town, and to the county.

There is not a shadow of doubt but such a result would follow. Any intelligent real estate man in town will tell you that every acre of our lands in a very short time could be put into the hands of men who would put the same under intense cultivation, if only the present holders could give titles, setting forth metes and bounds, which prudent buyers would be willing to accept—and then, instead of being obliged to import from California or Texas the most of the garden truck we need to supply the home demand, we would be able to ship vegetables of the finest quality to the eastern markets by the train load. And it is not necessary to say what that would mean to the town, and to the county.

## AGAINST WOMAN SUFFRAGE.

All the women are not pro-suffragists. Indeed, when we take into account those who have lined up, positively, on the anti side, and the great multitude who look upon the whole thing as nonsense, we find the actual advocates of suffrage to be very far in the minority, though they have so far been able to make most of the noise. The New York state association for opposing woman suffrage, is said to have a larger enrollment than any other women's organization in New York. There was a state meeting of the association last Thursday, at which an address by Mrs. William Fores Scott, of Yonkers, was the leading feature. In the course of her remarks Mrs. Scott said:

"We are not slaves in spite of all declarations to the contrary we are the freest women in the world. Our privileges are safeguarded. Every vote is open to women. No, I believe it is stated that there are nine exceptions out of 269.

"Do these reckless women who would revert to archaic conditions of

equality—even identity—of the sexes, find it impossible to realize that they recall the crow who loses a positive good to hoarsely croak of a virtue beyond the gift of the gods. We are not so much afraid of the ballot per se. Women would probably vote, on the whole, with the same general lack of intelligence as men do. We are all human and we must be patient with human folly, masculine or feminine.

"By this I mean to say we are not afraid of the direct effect of the vote of women, upon any particular election, but we are afraid of the reaction of the ballot upon women, and at last upon the race. And we are afraid of the constant appeal to the vanity and weak love of excitement in women, which causes them to lend an ear to such noisy and illogical appeals as are filling the world with clamor today.

"The very fact that they do not turn with distaste from such demonstrations proves the danger. These women are wickedly regardless of the ultimate welfare of the race. They close their eyes to the facts of biology, which clearly show the masculine and the feminine. They close their eyes to everything but a wild determination to get something which they have not, a mere bauble in their hands, which could not achieve for them what the common sense of the race is achieving.

"If I have made these points clear, you will understand that it is not only an opposition to the vote, but a steady opposition to the hysteria and disturbance of the movement which is needed."

Mrs. Scott was followed by Mrs. Otto Kilian, of No. 44 West Seventy-seventh street, New York. Mrs. Kilian is a daughter of Harvard Taylor and recently returned from Europe. Mrs. Kilian declared her observations convinced her that the English agitators for suffrage had not the slightest chance of success, but that their cause was losing ground each day.

Approximately \$30,000,000 of his \$60,000,000 estate has been left to charitable, educational and religious institutions by the late John S. Kennedy, banker, railroad builder and philanthropist, who died at his home, No. 6 West Fifty-seventh street, New York, on October 31.

While it was known that Mr. Kennedy intended to provide with great liberality for the institutions in which he was interested, the amount of his public bequests caused surprise when the will was filed for probate last Saturday. Mr. Kennedy is said to have given away more than \$10,000,000 to charity during his lifetime.

NORDICA LOSES HER SUIT.  
A decision adverse to Mme. Lillian Nordica, the singer, and several of her sisters and cousins, who tried to break the will of their aunt, Mrs. Vanny F. Allen, has been handed down by Judge Hagg in the Massachusetts supreme court.

Mrs. Nordica and the other claimants to Mrs. Allen's estate alleged that the testator had promised to divide her property, valued at \$100,000 among them, but in her will left it for charitable purposes. Mme. Nordica admitted on the stand that she was furnishing the funds to contest the will.

## GETTING BETTER EVERY DAY.

According to all commercial reports business is improving steadily, and not very slowly, all over the country. It is now generally conceded by those who are recognized as authorities in matters of trade, that business has recovered its normal state, and the hard times period of 1907 may be regarded as officially ended. Locally, the Albuquerque merchants find trade not quite up to the measure of a little more than two years ago, but so much better than one year ago that it is comparatively good, and the hopeful feature of the situation is in the fact that it is growing better all the time. Speaking of the general state of trade throughout the country, Bradstreet's, in its review of the situation at the close of last week says:

Except for the fact that unseasonably warm weather tends to retard the fullest development of retail trade in heavy-weight and winter goods, the general trade and industrial report this week is one of wide-spread and increasing activity. Jobbing trade in dry goods, millinery, shoes, clothing, hardware and, in fact, most lines of distribution is active, holiday demand is broadening and spring trade reports are very good, increases being general in nearly all lines. The same is true of industrial operations. Iron and steel being as active as ever, with outputs close to or in excess of the maximum, coal is in increasing demand, and lumber and other material is active, despite the advanced stage of the season, reflecting the continued rush in building. All this, it might be remarked, occurs with prices of commodities at a high level, and with reports of stocks of raw materials and of manufactured goods in no apparent way burdensome or holding forth promise of early becoming so. In the cotton goods trade, it is true, the very great advance in the raw material at a time of nearly record movement to market is a source of uneasiness. The late, fine fall, while a temporary drawback to retail distribution, is helpful to the agricultural situation. Winter wheat is growing well, aided by recent rains, and the farmers are busy husking corn, which promises in some instances to surpass early expectations of yield. Collections tend to improve, except where, as in the northwest, the farmers are busy with crops. Money is in active demand for

## No Change Necessary

Dr. Price's Delicious Flavoring Extracts have always been honestly labeled; no change was necessary since the enactment of the National Pure Food Law, either as to label or their manufacture. They have had for nearly half a century the patronage of the intelligent housewives of this country.

**DR. PRICE'S**  
DELICIOUS  
Flavoring  
Extracts

Lemon  
Orange  
Rose, etc.

crop-moving and regular business purposes, but is slightly easier at the metropolis, where bullish operations in stocks have been resumed. Railway earnings are expanding, car shortages affect the coal and lumber trades, the iron ore movement on the lakes is in excess of the record, and there is a scarcity of vessel tonnage noted for the business offered. Business embarrassments are not extraordinarily numerous and liabilities are down to close to a prosperity minimum, this being in especially sharp contrast with the showing made in the same month of two years ago, when the 1907 panic was at its height.

## TOM WATSON'S REVOLUTION.

Thomas E. Watson's insurgent blood is boiling again. If the people of Georgia were uncorrupted freemen and only felt as he does they would rise like one man and strike for their altars and their fires. The soul of the patriot within him revolts at the thought of a United States court taking a prisoner from the custody of a Georgia court, and he invokes the state authorities to resist by force of arms. No federal army can frighten him.

While Mr. Watson is in a violent state of rebellion the rest of the country remains serene. The government at Washington appears to be in no immediate danger. All is quiet along the Potomac. The wires are up between Atlanta and the national capital and trains are running through with no more than their usual irregularity. Mr. Taft is somewhere down south enjoying a round of festivities and no one has attempted to kidnap him. The worst that has happened to him is that at the capital of Mississippi he was forced to sit down to another \$25-a-plate banquet.

As for the army of 400,000 socialists who, Mr. Watson declares, "are thirsting for an opportunity to come into collision with the federal army," they are going about their daily vocations like most people who have to earn bread. There are a good many socialists in New York, but they were voting Tuesday when Mr. Watson issued his manifesto against the federal courts, not drilling in secret by night in vacant lots.

Eugene V. Debs, who sixteen years ago imagined that he could defy the federal courts and federal troops, went to jail for six months. He now manages to relieve his feelings by peacefully editing a paper out west. Mr. Watson also is an editor, but so far his sense of discretion has taught him that it is safer to advise other people to use violence against the government than to resort to it himself. —New York World.

## THE FRUIT OF PROTECTION.

The republican policy of protection has forced Mohammed to come to the mountain. The annual report of the Johann Faber Co., of Nuremberg, Germany, lead pencil manufacturers, states that it has become well nigh impossible to export their goods to the United States. Therefore they have sent a representative to this country to erect a factory for the manufacture of lead pencils. They further say that Americans may dominate the markets of the world, which will certainly be the case, to a large extent, if the protective tariff is extended and maintained, free from such enormous losses as were imposed by the recent free-trade agitation. Such testimony from a competing foreign house is worth a vast deal, and ought to end the "academic" utterances of such lawyers as Cummins and La Follette.

## UNDER-PAID LABOR.

The lithographic stone industry at Solihullen, Germany, and vicinity, gives employment to about 1,400 men, and the United States consul reports that the maximum pay for quarrymen

is 72 cents for ten hours' work; for polishers, 84 cents, and for finishers, 95 cents. The industry in the United States is a growing one, but could hardly be expected to grow very fast if the republican tariff policy did not protect it against competition with such starvation wages as those paid in Germany. The importers make large profits, and greater encouragement is needed for the home industry, to reduce the excessive prices now charged by the importer.

In its report of the New York Horticultural society's annual fall exhibition, the Herald says: "Samuel Untermyer's huge chrysanthemum plant attracted more attention than any other single exhibit, and, besides the prize for the largest and finest bush plant exhibited received the award for the largest specimen bush of chrysanthemums. The bush is nine feet in diameter, thirty feet in circumference and bears more than one thousand blossoms."

Pennsylvania coal companies sprinkle their loaded cars with whitewash in order that theft will leave evidences of disturbance. And this moves a naughty exchange to remark that anything Pennsylvania does not know about the use of whitewash is not worth mentioning.

It appears that Uncle Joe Cannon is interested in some Illinois base ball enterprises. This explains to the Washington Star how he manages to remain calm under circumstances that might worry the ordinary umpire.

With a land area greater than that of the United States—excluding Alaska and Hawaii—a representative government and an ingenious and enterprising population that is rapidly increasing from natural growth and immigration, Canada is destined to become a world power. —New York Herald.

## Nature As She Is Faked

(Prescott Journal-Miner.)  
Lassoing an American eagle with a cowboy's long lariat was the remarkable feat accomplished yesterday afternoon by Jesus Baragan. To prove the capture the bird is now in the mercantile house of D. Levy & Co., where it can be seen.

Mr. Baragan says that he was en route from John Smith's place near Williamson valley to this city and on reaching Horse Wash he noticed the bird crouched in the road side. Turning his horse in that direction and seeing it move, he unwound his rope and while swinging it around the eagle began to rise. It was about twenty-five feet away and when it reached a height of about six feet he let the coil out. It encircled the bird and he pulled in the slack as quick as a flash, with the eagle pinned inside. There was a lively scramble but finally the feathery prisoner gave in.

Baragan stated that he never made a better throw in all of his years on the range and that when the loop encircled the bird he was the most surprised man in the world. He believes that the eagle had killed a rabbit and was about to eat it. He was slow in its movements and permitted him to get closer than he had ever been able to do before on similar occasions. Baragan is anxious to sell the eagle and believes its huge size will be an inducement for some one to secure it. The eagle measures over six feet from tip to tip. It is an old bird and one of the finest specimens ever seen in the city. If it is not disposed of today it will probably be purchased by Mr.

Territory of New Mexico,  
Office of the Secretary,  
Miscellaneous Certificate.

I, Nathan Jaffa, Secretary of the Territory of New Mexico, do hereby certify that: Whereas, on the 29th day of March, A. D. 1909, the Albuquerque Morning Journal was designated as the Official Newspaper of New Mexico, and

Whereas, said Albuquerque Citizen has ceased publication; Now, therefore, public notice is hereby given that, in compliance with section 2, chapter 79 of the laws of 1909, requiring the Secretary of the Territory to designate an Official Newspaper of New Mexico; the Albuquerque Morning Journal is hereby designated as such Official Newspaper of New Mexico.

Given under my hand and the Great Seal of the Territory of New Mexico, at the City of Santa Fe, the Capital, on the fourth day of October, A. D. 1909.

(Seal) NATHAN JAFFA,  
Secretary of New Mexico.

Egan, a commercial man, who is in the city from St. Louis. He says that if he secures it he will take it to Phoenix tomorrow night and present it to the Arizona fair commission, suggesting to them that when the fair opens the occasion will be formally started by sending the bird in the air, which would be an appropriate incident for such a worthy event.

## Snap Shots From the Southwestern Sanctums

Our Billions Friend.  
A look at the Albuquerque Journal now and a remembrance of what it stood for at one time, is enough to give any citizen a "disordered liver." —Roswell Record.

Get It Over With.  
If the new governor of New Mexico is to be a territory man the Republic would suggest that either the editor of the Santa Fe New Mexican or ex-Governor Stover be appointed, so all of those new fads can be tried out at once—and then we'll hear no more of them. —Gallup Republican.

Plenty of Good Signs.  
It is a good sign for the future of the republican party in New Mexico that almost every county and every section is offering up suggestions of a worthy local candidate for the governorship. It is a matter of pride that there are so many men active interested in the party who would make excellent material for the chief executive office of the commonwealth. —Santa Fe New Mexican.

The New County Seat.  
Carriazo is this week bustling around with the many visitors to the city prompted by the opening of the court last Monday. It has been a pleasant realization to our citizens to see the returns of their strenuous efforts in changing the county seat. And the fact of the county commissioners meeting here next Wednesday to order the issuing of bonds for the erecting of the court house and jail is also very pleasant news. It is quietly whispered, by those who are in position to know, that these buildings will be completed within seven months after the issuance of the bonds, and ready for occupying. —Carriazo Outlook.

Prosperous Carlsbad.  
The irrigation season of 1909 closed last Monday. In all respects the season was a remarkable one, water being in the canal continuously all year from March 15th, with the exception of three days. It will be turned in again for a short time in January, for the tree planting season of 1910, some time in March. Farmers under the Carlsbad project have no reason to complain for lack of water, and when the full Carlsbad project is allotted there will still be plenty of water with the addition of reservoir No. 2. Pecora Water Users' association will meet next week to talk the matter over, and a full attendance is desired. —Carlsbad Argus.

The Automobile.  
The automobile is a large iron and rubber contrivance for transforming gasoline into speed, luxury, excitement and obituary.

It consists of a handsome, leather upholstered carriage body mounted on fat, rubber tired wheels and contains a myriad of machine suffering from various ailments. It is the speediest and most stylish form of transportation known. It has run a hundred miles and hour and cost \$1,000 a mile. It can transport a seat of war from the front porch to the police station, the bankruptcy court or the golden gates in less time than any other method. —Taiban News.

Cameroon On the Job.  
Hon. Ralph Cameroon, left last Thursday for Washington, where he will begin his labors for statehood. Mr.

Harmony lodge No. 1, I. O. O. F. Meets every Friday night at I. O. O. F. hall, South Second street. H. J. Fouts, noble grand; N. E. Stevens, secretary.

Albuquerque Encampment No. 4, I. O. O. F., meets at 730, first and third Thursdays of each month at I. O. O. F. hall on South Second street. James J. Votaw, scribe; T. F. Kings, chief patriarch.

Hope link Rebekah lodge No. 10, I. O. O. F., meets second and fourth Tuesdays of each month at I. O. O. F. hall on South Second street. Mrs. Henrietta Bailey, secretary; Mrs. H. J. Fouts, noble grand.

I. O. B. B.

Albuquerque lodge No. 338, Walker N. Jaffa, president; Samuel Neustadt, secretary. Meets the first and third Tuesdays each month in the vestry rooms of the temple.

K. O. F. P.

Pythias, meets every Monday night in the Elks lodge room. Visiting members cordially invited. O. A. Burtner, keeper of records and seals.

K. O. F. C.

Albuquerque council No. 641, Knights of Columbus, meets first and third Thursdays of each month in K. C. council chambers, 211 1/2 West Central avenue. Visiting brothers cordially invited to visit club rooms and attend meetings. John A. Reidy, grand knight; T. F. Keleher, Jr., financial secretary.

M. W. OF A.

Albuquerque camp of M. W. of A. No. 13,263, meets every Thursday evening at 8 o'clock in K. P. hall, Elks building. G. W. Dexter, clerk; F. O. Losey, consul.

ORDER OF OWLS.

Duke City Nest No. 1077 meets every 2nd and 4th Monday at 8 p. m. at K. C. hall, 211 1/2 West Central avenue. D. H. Carns, president; F. E. Shelley, secretary.

R. N. A.

The Royal Neighbors of America Swistika Camp meets second and fourth Friday afternoons of each month at 2:30, in I. O. O. F. hall, Mrs. Jessie Clifford, Recorder; Mrs. C. A. Frank, Oracle.

W. OF W.

Albuquerque camp No. 1, Woodmen of the World. Meets at the Forest in the Elks building every Friday evening at 8 p. m. E. W. Moore, consul commander; D. E. Phillips, clerk.

W. C. O. F.

Meets second and fourth Wednesdays in K. C. hall at 8 p. m. Chief ranger, Mrs. John Dolan. Recording secretary, Mrs. Felix Baca.

U. B. C. & J. of A.

Local Union No. 1319 meets every Thursday evening in A. O. U. W. hall. A. J. Christophene, president; James J. Votaw, recording secretary.

A. T. U.

Albuquerque Typographical Union, No. 204. Meets first Sunday in each month in Labor hall at 3:30 p. m. C. R. Shade, president; Ira Bacon, secretary-treasurer.

# RICHMOND TO WELCOME TAFT

PRESIDENTIAL JOURNEY  
ENDS THIS EVENING

Confederate Capital Last Stop  
in Thirteen Thousand Mile  
Swing Through Thirty-five  
States of Union.

(By Morning Journal Special Leased Wire)  
Wilmington, N. C., Nov. 9.—His 13,000 mile journey through thirty-five states and territories all but concluded, President Taft is speeding tonight toward Richmond, Va., where he will stop tomorrow until late in the afternoon, leaving then for Washington to spend the night at the White House.

Mr. Taft has given up all ideas of visiting Panama this winter and will make no more long trips until next summer, when he hopes to visit Alaska. He will spend the Christmas holidays in the White House with his family.

The president is especially glad to find Mrs. Taft's health improved.

The great improvement which began at Beverly during the summer has continued rapidly and early and complete recovery from the nervous breakdown of last spring is certain.

The president's day in Wilmington called out a great display of enthusiasm. People came from all sections to participate in the welcome.

The president's visit here was one of the most significant of his trip. Governor Kitchen extended the formal welcome of the state in an address that bristled with the patriotism of the south and that embodied one of the most glowing tributes the president has received.

Arriving here before daylight this morning, the president slept until 8 o'clock when he was escorted to the beautiful colonial home of James Sprunt, one of the greatest exporters of cotton in the south, where a southern home breakfast was served.

At the end of the meal, Mayor MacRae, of Wilmington, voiced the welcome to the city and created Mr. Taft "an honorary Tar-heel" for life.

From the Sprunt home the president motored in review of 1,500 school children of the city arranged in a living file. He stopped several minutes to listen to their cheers and songs and then proceeded to another section of the city, where he reviewed the colored children and made them a little address.

Boarding the revenue cutter Seminole at 10:30 o'clock with a committee of fifty citizens as an escort, the president was taken for a sail of 25 miles down the river and returned.

Wilmington is desirous of deepening her channel to the sea from 24 to 30 feet and the ride was to give the president an object lesson as to the need of the improvement. Luncheon was served on board.

When the river trip had ended, President Taft was taken for a carriage ride. The parade ended at the city hall, where the president spoke. Tonight he attended a supper at the Masonic temple before leaving for Richmond at 8 o'clock.

Governor Kitchen in introducing the president this afternoon, declared that he had wanted Mr. Taft to know that the south was "his country, as the north is our country."

In his address the president said: "I observe that you count a good deal on the long leaf pine and I congratulate you that you are the third or fourth state in the production of timber in the United States. But I urge you that the history of the timber industry of this country and its destruction ought to teach you in the preservation of that which makes your state rich today among the states which have reached a time in the history of this country when, if we would have timber at all, we must pursue the common sense course of treating it in such a way that we shall not destroy it altogether. We must preserve it from destructive fires and we must take steps of caution and precaution in order to do that. You have within the boundaries of your state a gentleman named Vanderbilt, who has gone before anyone in the science of forestry and I congratulate you upon having that example that thereby you may formulate laws which shall preserve to you the timber of your state, continue your

wealth and prosperity, and form a model to other states on the preservation of that which God has given you and preserved to this moment.

"I had the pleasure of being received by the Confederate veterans of Wilmington and I thank them for this kindly welcome—silver haired, some of them a little tottering, but all of them full of good will, full of loyalty, cherishing the traditions of a noble past, but glad to welcome the representative of a united country. You have, indeed, made history in this, your neighborhood.

"Today it was given to be to go down to Fort Fisher, where that dreadful battle was fought, to see how much lead could be pumped from one side in the fort to the other on the outside, and what enduring a sacrifice the opponents could make.

"All that history you cherish and we cherish, but it does not make the slightest difference in our brotherly feeling in our fraternal desire always to exhibit and manifest that love of each other which comes of standing elbow to elbow in the march of progress to make this nation great, as it is, even greater, to afford under the country's flag an equal opportunity to all to figure out their fortunes and to elevate the moral standards of mankind, so that above all in the type of America, we can point to character as the thing to remember."

BACON AND ONIONS  
FAIL TO TEMPT  
STRIKERS

Socialist Captives in Spokane  
Bent on Winning Crown of  
Martyrdom by Starving to  
Death.

(By Morning Journal Special Leased Wire)  
Spokane, Wash., Nov. 9.—Hot breakfasts of bacon, potatoes, onions and bread were refused today by the fifty Industrial Workers of the World street orators in jail awaiting trial.

When bread and water were offered, the eighty already sentenced, who have refused to work on the rock pile, they cursed the jailers and kicked at the food. Some have touched no food since last Thursday night.

It was asserted by the police today that breakfasts taken to the cell where the five leaders await trial for conspiracy disappeared mysteriously. The five men protest that they did not eat anything. Until yesterday they had not joined in the "starvation strike."

The city board of education has voted to let the city authorities fit up the old Franklin school building as a prison in case the jail becomes overcrowded, but the police say they have other plans.

Street speaking was resumed today and more than a dozen speakers were marched to jail. No resistance was offered. Each of the men in jail who have refused to eat in four or five days are reported to be very weak and in great distress because of the long fast.

MILITARY PRISON OPEN  
TO RECEIVE PRISONERS

Olympia, Wash., Nov. 9.—Secretary of State I. M. Powell, acting governor in the absence from the state of Governor M. E. Hay, tonight received permission from the war department at Washington, D. C., for the Spokane police to place members of the Industrial Workers of the World who have been arrested for speaking in the street, in the guard house at Fort Writ. This is done in order to relieve the congested condition of the Spokane jail.

The civil authorities must furnish all guards to patrol the guard house and must escort the prisoners to the fort. In it becomes necessary to have larger prison quarters, other buildings at the fort may be used.

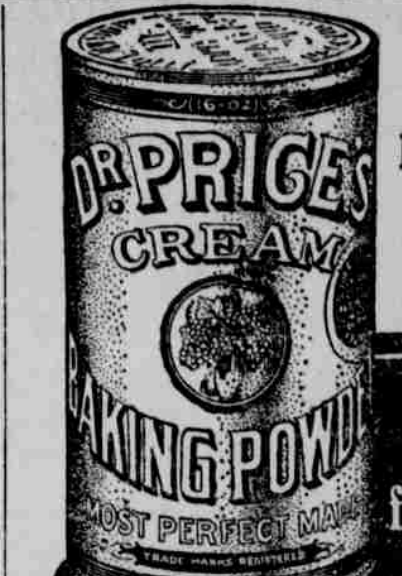

Belated News of  
Disaster at Sea

Coal Barge Run Down by Unknown Vessel Off Block Island; Six Men Perish.

(By Morning Journal Special Leased Wire)  
New York, Nov. 9.—Belated news of a disaster at sea, in which at least six lives were lost, was brought to New York today. Six members of the crew of the barkentine John S. Bennett, bound from New York to Halifax, with a cargo of coal, were drowned early Monday morning when the vessel was sunk in a collision off Block Island with a four-masted schooner supposed to be the Merrimack, of Thomaston, Me. The schooner is also believed to have been lost with all her crew. How many she carried is not known here.

Meager details of the disaster were brought here today by Captain Bullock of the schooner William Jones, which picked up two Filipino sailors of the Bennett, the crew of which numbered in all seven men.

Captain Bullock said that at 1 o'clock Monday morning, as he was passing Block Island, he made out the lights of a vessel, the captain of which hailed him and asked for assistance, saying that his barkentine had been in collision and was sinking. Bullock immediately came aboard and made ready for the rescue, but before a small boat could be put over the barkentine had vanished and the top of the wreckage was all that could be seen. Nearly, however, the sea searchers in the small boat came across the Filipinos clinging to a dory, and picked them up.

## Sluggish Blood

causes nine-tenths of all sickness. Indigestion followed by headache, general listlessness, despondency, enfeebled action of the mind and body, cold, clammy feet and hands and paleness are sure signs of poor circulation. If not taken in time, serious trouble will follow. That dirty feeling comes from sluggish blood.

Duffy's Pure Malt Whiskey

The World's Greatest Medicine  
Will brighten you. A teaspoonful 3 or 4 times a day in half a glass of milk or water will make you strong and healthy. It enriches the blood, strengthens the circulation and tones up the whole system. It is an absolutely pure distillation of malted grain, producing a liquid food, requiring no digestion, which is one of the most effective tonic stimulants and invigorators known to science; its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomachs.

Duffy's Pure Malt Whiskey is sold in sealed bottles only. All druggists and grocers, or direct, \$1.50 a bottle. Mail order booklet sent free to anyone who writes.

Duffy Malt Whiskey Co., Rochester, N.Y.

## Baby Will Sleep Sound

If Mother will pour a little warmed milk over two or three teaspoonfuls of

Grape-Nuts

FOOD

Then feed this milk, laden with the soothing nourishment which it takes up from the Grape-Nuts, making the milk itself easily digested.

It is quickly and easily digested, and baby will sleep sound, being well-fed and contented.

## When a Man's Fifty

When the average man reaches the age of fifty, his body begins to break a little at the knees. Motion is more slow and deliberate. "Not as he used to be" is a frequent remark. The important feature of the matter is that the trouble can be obviated and cured. A remedy is at hand which is at the same time effective and inexpensive—GOLD MEDAL HAZEL OIL CAPSULES.

This old-fashioned, time-honored home remedy stands without an equal as an effective and safe remedy for all Rheumatism, Kidney, Liver and Stomach troubles. It has been used over 200 years, and is recommended by the highest medical authorities. It is a pure food and does not contain any harmful or dangerous ingredients. It is a pure food and does not contain any harmful or dangerous ingredients. It is a pure food and does not contain any harmful or dangerous ingredients.

# Live News From New Mexico and Arizona

## What's Doing all Over the Great Southwest

### CLOUDCROFT FATE IS HANGING IN THE BALANCE

MAY YET RISE PHOENIX LIKE FROM ITS ASHES

Fifty Men Go to Work on Water Power Project; Railroad Notes of the El Paso and Southwestern.

[Special Correspondence to Morning Journal, Alamogordo, N. M., Nov. 8.—The fate of North Cloudcroft would seem to be hanging in the balance. That is to say, the business men interested do not yet know upon what scale they will rebuild the business block which was totally destroyed by fire some three weeks ago.

That some of the business houses will be replaced is almost certain. The town, from its location, is too important a trade center and supply point to be abandoned. James Canyon, lying between Cloudcroft and Mayhill, has sixteen miles of solid oil fields under cultivation without irrigation. Cox canyon, connecting Cloudcroft with Weed, twenty miles distant, also has a number of fine ranches under cultivation. Stag Head canyon, opening into Haynes canyon, which extends to Mountain Park, contains some of the most beautiful and productive orchards in New Mexico. Dr. Gilbert has an orchard in this district which alone has 8,600 apple trees.

The adjusters for the fire insurance companies have made satisfactory settlements of all claims, but the business men owning the property have not made definite plans for rebuilding.

A force of some fifty men left here this morning for High Falls to commence work on the pipe line and conduit of the Alamogordo Water Power company's big hydro-electric plant. The company is still negotiating with several large manufacturers of power machinery and has not yet made a contract. The plant will probably not be completed before the middle of April or the first of May.

G. F. Hawks, general superintendent of the El Paso & Southwestern route, has just issued a bulletin relating to hospital operation for the third quarter of this year. The total receipts were \$8,582.00; total expenditures, \$9,243.30, leaving a net deficit of \$661.30. This report is in rather sharp contrast to the one for the second quarter, which showed a profit of \$870.60.

Hon. A. W. Cooley, presiding judge, Charles P. Downs, district clerk, and W. H. Ungles, court reporter, came down from Carrizozo and spent Sunday at home in Alamogordo.

### STOCKMEN'S ADVISORY BOARDS RECOGNIZED BY FOREST SERVICE

(Forest Service Bulletin.) Washington, Nov. 7.—During the past year seventeen associations of western stockmen have applied to the forest service for the recognition of their advisory boards, swelling the total number of associations thus recognized to forty-six. The recognition accorded outlines an association to receive notice of proposed action and an opportunity to be heard by the local forest officer in reference to increase or decrease in the number of stock to be allowed the following season, the division of the range between different classes of stock and their owners, or the adoption of special rules to meet local conditions, and in every case the recommendations of the advisory boards are followed as far as the rights of non-members and the other interests involved will allow.

This co-operation is of value both to the stockmen interested and to the government. The stockman is afforded an opportunity to work out his own destiny; the government has the benefit of his training and experience in meeting the complicated situations which arise in connection with its administration of the national forest land. By this means the division of the range between cattle and sheep is conducted amicably, bringing about an absence of ill feeling and bitterness. The necessary reductions to provide for new comers or prevent damage to the range are distributed to the best advantage and in the way which will cause the least inconvenience or loss to the ones affected.

Seasons are established which will secure a maximum of use of the range with a minimum of damage, and questioned fees are promptly adjusted, while conflicting claims to ranges and resultant disputes are settled within the association more often than by appeals to the government officers. Wherever an association is organized local administration follows.

It is the policy of the forest service to make every national forest as self-administrative as conditions will permit, and it has welcomed the hearty co-operation of the stockmen. Formal recognition will be granted an association whenever its membership constitutes a majority of the users of the forest or division for which it is organized, and every facility will be afforded the members to maintain the organization as a co-operative unit of the national administration.

### BUILDING BOOM IN CLOVIS TOWN KEEPS UP

Two More Modern Business Blocks to Go Up at Once; Santa Fe Will Erect Hospital at Division Point.

[Special Correspondence to Morning Journal, Clovis, N. M., Nov. 8.—Two more buildings, at least one of which will be a two-story and of modern design, will at once be erected on North Main street. Colonel Woodard of Melrose, a pioneer of this section and a heavy realty holder in both Melrose and Clovis, proposes to begin within ten days a building on his lot just north of the Clovis mercantile establishment and next to this will go up a building by Hon. W. D. McEwen, senator from this district, and also a large property owner of Clovis and Melrose. It is understood that both parties have rented their houses as soon as they can be completed and that they will both be under way at once and rushed to completion with all reasonable dispatch. The news just received here that there is no longer any question about the Santa Fe hospital here has had a very favorable effect upon the value of property, especially coming at the time of the announced extension of the shops at this point, and the enlargement of the roundhouse to make it thirty-three instead of eighteen stalls. It is said that more than twenty engines were obliged to stand out for hours one or two days last week, waiting their turn at the roundhouse and the repair shop, and officials here declare that when the road from the southeast via Coleman and Brownwood is completed and operating into this place, there will not be anything like sufficient accommodations for all of the business that it will represent, to say nothing of the new road to the northwest via Tucuman.

The latest reports from the surveyors' camp are to the effect that work on the permanent survey to Tucuman is expected to begin at once, as it is generally conceded that the estimate which Chief Engineer Stewart took with him to the Chicago office for submission will prove satisfactory. In this event it is announced the work will begin at once.

### GALLUP BUSINESS MAN EMBARKS IN THIS CITY

A. F. Witzel and Albert Soells of Albuquerque Buy Heavy Interest in Southwestern Brewery; Henry Loeb Retires.

A. F. Witzel, head of the Carbon City Beer and Ice company of Gallup, together with Albert Soells of this city, who has long been connected with the local brewery, have purchased a heavy interest in the Southwestern Brewery and Ice company and will assume an active part at once in the affairs of that big industry. Mr. Witzel, who was in business in Silver City before going to Gallup, has built up a very large business in the Mesquite county town and is one of the most successful business men of this part of the territory. Mr. Soells is too well known here to need comment. He is one of the rising young business men of this city and very popular.

Mr. Witzel will continue his Gallup business for the present but will come here in a short time to make his home and business headquarters. He will be an important addition to Albuquerque's commercial circles.

The gentlemen have purchased the interests of Henry Loeb, who retires from the brewery company, which was founded and built up by the Loeb family and the large proportions it had when Don Rankin and Harry Rankin, who now hold the controlling interest, entered the concern.

### SOUTHWEST NEWS NOTES

The indictment of three men by the grand jury in Tombstone for indulging in the gentle pastime of stealing livestock it is hoped will put a crimp in a gang of rustlers which has been making it interesting for the cattlemen of that section.

The backbones of El Paso are busy circulating a petition asking the council of that lively burg to reconsider its action in closing the saloons from 1 to 4 a. m. The complaining witnesses compose the "graveyard shift" of saloon employees who don't want to be thrown out of their jobs.

One-half the honey fruit enter One-half raisins and 25,000 pounds of fruit in that city in the past eleven weeks.

The Jewish people of Tucson are making preliminary arrangements

looking to the erection of a handsome synagogue in that city.

Mrs. Ethel Cook of Layton, near Safford, Ariz., fell in a well the other day and was pulled out with a rope in a semi-conscious condition after she had lain in the water at the bottom for an hour or so.

An offer of \$75,000 has recently been made by the merchants mining men and sports of Kingman for the Jeffries-Johnson championship prize fight. It is now too well known that prize fighting, bull fighting or fighting men and beasts in Arizona lands the guilty parties in the penitentiary. Kingman would have to violate a federal law to hold this prize fight, which would be stopped by the federal authorities before it was started. In most quarters the Kingman offer of \$75,000 for the biggest fight battle in history is treated as a joke, and nothing more than shrewd move to get Kingman into the telegraphic dispatches.

Hon. Jas. S. Duncan of Las Vegas was the unexpected host at a most agreeable surprise party given him Sunday evening at his palatial home on Fourth street in observance of the fifty-seventh anniversary of his birth.

One of the remarkable features of the San Simon valley of southern New Mexico this year is the great amount of native hay gathered in an average of 100 tons to the homestead. Crops of milo maize, kafir corn, sorghum, sweet potatoes, peanuts, melons, vegetables, beans and other products have all been good. In connection with this fact, there are hundreds of acres of public land to be filed on.

Oscar Snow of Las Cruces lived up to his reputation as the alfalfa king of the Mesilla valley by winning twenty-first prize with his various exhibits at the agricultural department of the fair at El Paso.

R. Britton Gottschager, general manager for the Miami Copper company, had an almost miraculous escape from death at Globe Friday afternoon when his automobile went over the road at the concentrator site at Miami and rolled to the bottom of the gulch.

A CARD.  
This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. H. O'Reilly Co.

### PROGRAM COMPLETE FOR ANNUAL GATHERING OF THE VALENCIA TEACHERS

[Special Correspondence to Morning Journal, Belen, N. M., Nov. 8.—The program has been outlined as follows for the annual meeting of the Valencia County Teachers' association, which convenes here November 20:

10 O'clock A. M.  
Song, "America," audience.  
Address of welcome, County Superintendent Jesus C. Sanchez.  
Roll call, responded with quotations from favorite authors.  
1:30 O'clock P. M.  
Song, Miss Emma Bach.  
Paper, Saturnino Baca.  
Discussion.  
Gymnasium drill, Belen public school.  
Select reading, English and Spanish, Miss Severa Baca.  
Talk, Rev. Guy Cox.  
Felipe Chavez' academy exercises.  
Paper, Mrs. Lucy Liles.  
Discussion.  
Recitation, Miss Berkley.  
Manual training, Miss Fitzgerald.  
Porto Rico experiences, Miss Mamie Siscoff.  
Manual training, illustrated, Mrs. M. B. Austin.  
Reading, Mrs. Nora Brumback.  
Mrs. Lucy Lee is president of the association and Timothy Baca secretary.

### LAW SHE SAYS IT HAS NOT BEEN OFFERED HIM

Third Assistant Postmaster General Expects to Make Mesilla Valley His Permanent Home.

[Special Dispatch to the Morning Journal, Las Cruces, N. M., Nov. 8.—"As to my desiring something that has never been offered to me, the matter is unworthy of consideration," was the somewhat evasive answer made by Third Assistant Postmaster General A. L. Lawshe here to a query as to the probability of his succeeding George Curry as governor of New Mexico. Mr. Lawshe, who arrived here Monday, left today for "Dripping Springs," Major Van Patten's mountain resort, accompanied by his family. They will remain there for a few days before returning to this city. It is understood that Mr. Lawshe will make the Mesilla valley his permanent home hereafter. "I am here for my health and that for the present is the paramount thing with me," said Mr. Lawshe.

### MANDAMUS WRIT ORDERS BUILDING OF BRIDGE

PEOPLE AFTER SAN JUAN COUNTY COMMISSIONERS

Rumored That Proceedings May Be Started to Have Member of Board Removed for Collusion With Fraud.

[Special Dispatch to the Morning Journal, Farmington, N. M., Nov. 9.—The board of county commissioners was today served with a writ of mandamus commanding them to build a bridge across the San Juan river, near the town of Fruitland, in this county, or to answer and show reason why not, on November 15, at Aztec, in the court of the first judicial district sitting for San Juan county. The bonds in the sum of \$4000 were voted to build this bridge nearly two years ago. A contract was entered into with Thurston & Company to build this bridge one year ago last February and the agreement was to have the bridge completed on or before the first day of February, 1909. The contractors did not complete the bridge until about the first of May and when it was completed and ready to be turned over it was found to be thirty-eight feet shorter than the contract called for. The people of Fruitland made such a protest that the commissioners refused to accept the bridge. The high waters that came a little later took the bridge out and no effort has been made on the part of the contractors to finish the work and the county commissioners have made no attempt to enforce the contract. The contractors have been paid \$2000, which is said to have been ample to pay for all the work done. It is alleged by many that there is some collusion between the commissioners or some of them and the contractors, and being unable to get any definite action from either contractors or commissioners the people interested brought this legal action to enforce their rights. It is asserted if the suit is successful that steps will be taken to have the governor remove one or more of the county commissioners. At the time of the last meeting of the grand jury there were rumors of fraud in connection with the building of county bridges and the governor sent a letter at that time to the district attorney requesting him to examine into the matter, but nothing was done. Since that time one of the bridges, costing four thousand dollars across the San Juan, and which had been accepted by the commissioners, went out during the high water and one that had not been accepted, but upon which two thousand dollars of public money had been paid also went out. This suit is likely to bring out some rather sensational disclosures.

### STRONG MEASURES TO STAMP OUT SCARLET FEVER

LAS VEGAS SCHOOLS CLOSED BY AUTHORITIES

Malignant Nature of Epidemic in Meadow City Leads to Drastic Methods for Its Eradication.

[Special Dispatch to the Morning Journal, Las Vegas, N. M., Nov. 9.—Feeling an epidemic of scarlet fever the public schools and the Normal university of New Mexico were closed today by a meeting of the board of health and there have been several deaths recently from this disease in this city and the town of Las Vegas. It was brought out at the special meeting last night that nothing but the closing of schools and requiring the authorities to demand that strict quarantine rules be enforced and that all school children be made to remain at home and keep off the streets, will prove effective.

The Brothers' college and Loretto academy, both in old town, refused to comply with the demands of the health officers, notwithstanding that several fatalities from scarlet fever came from the latter school. The health authorities are going to take drastic measures to force the closing of these schools.

Last night the Las Vegas Fair association was organized. A. C. Erb was elected president, Charles H. Sporleder, vice president, and Dan T. Hawkins treasurer. A secretary was also elected. The association will arrange at once for the shipment to the Chicago irrigation congress, of a magnificent exhibit from San Miguel county. George A. Fleming, secretary of the Commercial club, left here Sunday night for Chicago, where he will attend the congress and look after the interests of Las Vegas and surrounding territory.

At a special meeting of the board of education in East Las Vegas last night Adin H. Whitmore was elected on the board, filling the vacancy made by the removal from the city of William M. Lewis.

Scene From George M. Cohan's Play "Fifty Miles From Boston" at Elks Theatre, November 13

### "FIFTY MILES FROM BOSTON" FULL OF COHAN FUN

Gives Talented Author Fine Chance for Peculiar Vein of Humor; "The Girl Question" Has Novel Effects.

Among the notable local theatrical events is the appearance at the Elks theatre, November 13, of George M. Cohan's rural musical play, "Fifty Miles From Boston," under the direction of Messrs. Cohan and Harris. It is said that the setting of the Cohan musical play gives the author the best opportunity to develop that peculiar vein of humor that has distinguished all his productions. Before the play was written the little village of Brookfield, Mass., had nestled among the hills in its sublime obscurity. But when Mr. Cohan selected it as the scene of "Fifty Miles From Boston," it inadvertently sprang into popularity, resulting not a little in advancing the real estate interests of the village. The story is that of the pretty postmistress, "Sadie Woods," engaged to marry the Harvard crack ball player, "Joe Westcott," and beset with the advances of "Dave Harrigan," an unfavored suitor. In order to compromise Sadie, Dave suggests that money from the postoffice be bet against the Harvard team. This is done and the money is lost. Joe is made a thief, but if he can induce his sister to give up Westcott and marry Dave, the latter will advance the stolen money and keep Joe out of jail. Chief among the musical numbers written by Mr. Cohan for this production, and which have gained wide popularity throughout the country, are, "Waltz With Me," "Jack and Jill," "Harrigan," "The Boys Who Fight the Flames," "My Small Town Gal" and "Ain't It Awful." Messrs. Cohan and Harris have provided a large chorus of boys and girls, and a competent and well selected cast, including Richard Bartlett, Grace King, Edward O'Connor, Frank Bowman, Dan Bruce, Flossie Martin, Edwin Holden, Laura Bennett, May Marlowe, Helen Young and Bobby Wagner.

"The Girl Question," a startling electric novelty which will be seen in the third act of "The Girl Question," which comes to the Elks theatre, on November 15, under the management of H. H. France, is introduced first in the chorus of the song "I Hate to Work on Monday," sung by twenty-four pretty girls seated at typewriters and clicking off an accompaniment to the words of the song. The chimes by means of electrical attachments are made to ring all over the house, under the

seats, up in the gallery, on the walls, etc., making the most novel effect which has ever been presented.

"Texas," a Winner.  
"Texas," with its swarming cowboys, treacherous "grangers," grizzled ranchmen and lovely women, comes to the local playhouse on November 12. "Texas" was written by J. Maudlin Feigl, and is a strong virile play of ranch life on the great mossy bordering on the Mexican republic. "Texas" has been played in New York, Chicago, St. Louis, Kansas City and all the larger cities of the north and east during the past five years. Its success has been phenomenal.

### MEXICAN JOURNALIST SENTENCED FOR LIBEL

New York, Nov. 3.—Carlo di Formario, journalist and caricaturist, who was convicted last week of criminally libeling Rafael Reyes Spindola, editor of El Imparcial, of Mexico City, has been sentenced to one year's imprisonment. A number of editors and prominent men subscribed to a petition declaring Di Formario to be a man of high ideals and morals, but Judge Malone of the court of general sessions, in pronouncing sentence, said it was his conclusion that a man who wilfully maligns the character of another, a citizen of another nation, commits a crime so serious that it outweighs the petition. The libel was uttered in a recent book on Mexico that bitterly attacked the administration of President Diaz. The book was published in Philadelphia.

# Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for an operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R.F.D. No. 14, Box 30, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation.

"I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Santa Fe and will remain in the city today and probably tomorrow.

R. L. Bacon was here yesterday from Santa Fe.

Frank P. Quinn, of the Mandell-Quinn company of Clovis, was here yesterday on business.

N. E. Stevens returned last night from a brief business visit to Las Vegas.

Joseph Dibo, of the Bibo Mercantile company, is here on a brief business visit from Bernalillo.

There will be a regular meeting of Albuquerque lodge No. 461, B. P. O. E., this evening at 8.

W. H. Dearstyne, advance agent and bill poster for the Petersen Paper company of Denver, is in the city calling on the trade.

John Lerus, manager of the Lerus Candy company of Silver City, was a commercial visitor in Albuquerque yesterday.

C. J. Crandall, superintendent of the United States Indian school at Santa Fe, arrived in the city last night.

Navajo Tribe, No. 3, I. O. R. M., will hold their regular meeting tonight in Red Men's hall. All members are requested to be present. Initiation.

Miss Jessie Hadley, a popular young lady of Richmond, Va., arrived in the city last evening and will be the guest of Mr. and Mrs. Isaac Barth for several weeks.

Mrs. Finney, wife of W. D. Finney, dispatcher on the Grand Canyon Santa Fe line at Williams, arrived yesterday for a visit with Mrs. George Frane, of 327 North Fourth street.

If it's a nice saddle horse you want, let us send you one. Our rate, \$1 for three hours, including shirt and leggings. Cash only. Wright's Riding School, 215 West Silver avenue.

There will be a regular meeting of the Woman's Relief corps at 2:30 this afternoon at Red Men's hall. All members are urged to present. By order of the president, Sadie Bowditch, secretary.

The Ladies of the G. A. R. are requested to meet at Mrs. Whitcomb's, 807 West Tigras, Wednesday morning, to attend the funeral of the late Comrade Whitcomb. By order of the president.

The Ladies Aid society of the Lutheran church will hold their monthly coffee at the home of Mrs. W. Walling, 508 South Fifth street, this afternoon between the hours of 2 and 6 p. m.

The regular monthly meeting of the Non-Sectarian Benevolent society will be held in the office of Attorney General Frank W. Clancy at 10 a. m. today.

Albert Clancy, who played in the infield on the El Paso White Sox during the past season, was in the city yesterday en route to his home in Santa Fe. Clancy finished with the Sox with good averages in both fielding and batting and played all around gilt-edged ball.

George S. Klock, attorney for Martha E. Hart, administratrix of the estate of John A. Hart, deceased, filed a suit in the district court yesterday, asking judgment against W. S. Hopewell and Anna W. Hopewell, John M. Moore, trustee, and Martha A. Whitcomb, for \$3,500 alleged to be due on a promissory note dated July 2, 1909.

The funeral services for the late A. McKay Whitcomb, who passed away Sunday morning, will be held this morning at 10 o'clock from the residence, 801 Tigras avenue, under the auspices of the Grand Lodge of Masons of New Mexico. The services will be conducted by the Rev. William Warren, pastor of St. John's Episcopal church, assisted by the Rev. Frank Otto, of the First Methodist church, and the burial will be in Fairview cemetery.

The funeral of the late Miss Edna C. Pettit, aged twenty-eight years, who died yesterday morning at her home after a long illness, will be held at the residence, 518 South Edith street, at 2:30 o'clock this afternoon. Services being conducted by the Christian Scientists. The interment will be in Fairview cemetery. The deceased came here six months ago from Phoenix, Ariz., and her mother and brother were with her at the end. The father of the deceased is expected to arrive here today from the home in Kentucky.

### COUNTY SUPERINTENDENT APPORTIONS OVER \$3,000 AMONG COUNTY SCHOOLS

I, Andrew B. Stroup, superintendent of schools for said county, do hereby certify that I have duly apportioned the school fund of said county on this 9th day of November, 1909. The amount of money subject to apportionment is three thousand, eight hundred and forty-one and fifty-one hundredths dollars (\$3,841.50). The total number of persons of school age is 7,883. The rate per scholar is .50, which is apportioned to the several school districts as below:

No. of District.	No. of Scholars.	Amount.
1	357	\$178.50
2	74	37.00
3	182	91.00
4	102	51.00
5	378	189.00
6	277	138.50
7	62	31.00
8	115	57.50
9	135	67.50
10	50	25.00
11	189	94.50

### BRIEF ADJOURNED SESSION OF THE PROBATE COURT

Probate Judge Filomeno Mora held a brief adjourned session of the probate court in the court house yesterday morning, disposing of a number of matters brought before him. The court dismissed the petition for a revocation of the will of Sarah Ellen Dye, deceased. Addie Harlan was appointed guardian of N. B. Forest Harlan, a minor, and a bond of \$3,000 approved. The petition of Severo Sanchez to have Eusebia Garza de Vargas appointed guardian of Franco Sanchez, his minor son, was approved. The guardian to serve without bond. The court ordered a citation issued to Eliza Pena y Martinez to deliver the said minor to the newly appointed guardian. The petition of Solomon Sanchez to be appointed administrator of the estate of Justo Montoya, deceased, was approved. The administrator to serve without bond. The executor appointed A. Fleischer and the court appointed Lorenzo Gradi, appraiser of the estate of John A. Cuenca, deceased. The bond of Demencia Pena de Montoya, administratrix of the estate of Mariano Montoya, deceased, in the sum of \$5,000, was approved. The final report of James Wilkinson, executor of the estate of Josephine Wilkinson, deceased, was filed and the court fixed Monday, January 2, for a hearing on the same. An adjournment was taken until Monday, December 6, 1909.

## ONE MILLION AND A HALF SPENT FOR NEW CARS

Largest Order for Passenger Equipment Ever Filled by the Santa Fe Is Now Being Delivered.

A million and a half dollars is being spent by the Santa Fe railway company for the largest order for passenger equipment ever filled by that railroad, and one of the largest ever placed in the country. The orders were placed last spring for October delivery. The new stock, however, is just arriving at the company's terminals in Chicago.

The order calls for 146 new cars of various types. Included in the order are twenty-six coaches, ten smokers, twenty-eight chair cars, three combination chair and smoking cars, seven coaches with negro compartments, fifty baggage cars, ten postal cars, four diners, one cafe-observation car and seven composite cars.

These cars cost the Santa Fe in round numbers \$1,500,000. The cars range in cost from \$8,000 to \$12,000. The cafe-observation car, the diners and the composite cars are the most expensive, while the coaches, smoking cars and baggage cars entail the least expenditure.

It is expected that the entire delivery will have been completed by December or January. The cars, as fast as they are received, will be placed in service. The cars will be used over all the system, taking the places of the older cars, which will be relegated to the branch line trains, and the branch line cars which are supplemented will in turn be consigned to the scrap pile.

The cafe-observation car, the diners and the composite cars will be used exclusively on the California limited—the Santa Fe's finest train. The cars with the negro compartments will be used exclusively in Oklahoma, where the state laws demand "Jim Crow" cars. The baggage and postal cars, all of which have a steel underframe, will be used over the entire system wherever needed, as will also the coaches, chair cars and combination cars.

The Santa Fe has also from time to time placed orders for freight equipment, many of which have been delivered within the past few months. Other deliveries are coming and by next spring this road should be in good condition to accommodate all demands of shippers and the traveling public.

## ZAMORA IS GUILTY AS CHARGED

Jury Returns Verdict Convicting Youth of Making Assault With Deadly Weapon.

"Guilty, as charged in the indictment," was the verdict returned at 1 o'clock yesterday afternoon by the jury in the case of the territory of New Mexico versus Porfirio Zamora, charged with assault with a deadly weapon upon the person of Jesus Sedillo on August 24 last. Zamora was indicted on two counts, those of carrying a deadly weapon and making an assault with a deadly weapon.

According to the evidence introduced during the trial, which was begun late Monday afternoon and finished shortly after noon yesterday, Zamora and Sedillo engaged in a fight in the vicinity of the Gold Star saloon in Old Town. Zamora stabbed Sedillo in the neck. The wound proved to be not serious.

The jury was out a little more than an hour before agreeing on a verdict. Sentence by the court was deferred until the end of the term.

The case of the territory versus Nicholas Sinerco, charged with stabbing Nasario Montoya on May 23 last did not go to trial when called yesterday afternoon. The defendant entering a plea of guilty when arraigned before the court. Sinerco and Montoya became involved in a scrap last May and Sinerco cut Montoya considerably about the face and body.

## TO WORK LABAJADA SANDHILL SOUTH OF SANTA FE

Government Appropriates \$500 to Construct Road in Bad Place on Route from Capital to Albuquerque.

That the United States government is willing to co-operate with the territory and counties in constructing roads which will be of mutual use to government employes and civilians in New Mexico is indicated by the fact that the United States Indian service recently appropriated \$500 to be expended in employing labor on the roads in the vicinity of Santa Fe. The work will be carried on under the supervision of Superintendent C. J. Crandall, superintendent of the Indian school at Santa Fe, who secured the

## PFEIFER ON TRIAL FOR ASSAULT ON YOUNG WOMAN

Case of Territory Against Man Indicted by Grand Jury on Serious Charges Begins Before Judge Ira A. Abbott.

The case of the territory of New Mexico versus Florencio Pfeiffer, indicted by the grand jury, charged with an assault upon the person of Mrs. Goldie Majorbanks on June 24 last was taken up in the district court at 2 o'clock yesterday afternoon. The territory was represented by District Attorney George S. Klock, John A. White being counsel for Pfeiffer. At 3 o'clock the work of selecting a jury had not been completed and an adjournment was taken until 9 o'clock this morning.

Mrs. Majorbanks will probably be the first witness for the territory today. It is expected that the case will not go to the jury before Thursday as a large number of witnesses have been subpoenaed for both the prosecution and defense.

Pfeiffer is charged with assaulting Mrs. Majorbanks on the night of June 24 last. Mrs. Majorbanks and her husband arrived at Abajo, three miles south of Albuquerque, on a freight train at 8 o'clock on the evening of that day. As they were walking in the direction of Albuquerque two men approached them, inquired as to their reason for being in the Santa Fe yards and finally "arrested" them for trespassing, using a gun to enforce their demands. One of the men took Majorbanks and locked him in a box car. Both men then carried and dragged Mrs. Majorbanks to a point near a powder house in the sandhills, where, according to the woman, both men treated her in a brutal manner. They also robbed her of several dollars and other valuables and then showed her the lights in the Abajo station house, directed

her to go there and told her to release her husband from the box car.

Pfeiffer was arrested at 4 o'clock the next day, charged with being a party to the crime. He was identified by Mrs. Majorbanks and her husband. Several days later Procopio Nunez was arrested as the other accomplice. In a written confession Nunez admitted that he and Pfeiffer did the work, but threw the burden of blame of Pfeiffer, whom he declared had taken the lead in the whole matter and had suggested and urged him to take part in it. Both men were bound over to the grand jury in the sum of \$12,500 each and have been in the county jail since.

The grand jury returned four indictments each against the men—assault, attempt to rob, robbery and impersonating an officer.

Nunez will probably be tried immediately after the completion of the Pfeiffer case.

A Religious Author's Statement.  
Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." J. H. O'Reilly Co.

Well Known Actress Dead.  
New York, Nov. 9.—Mrs. Louise Allen Collier, wife of William Collier, the comedian, died suddenly today. She was 24 years old and an actress of considerable reputation.
