CHIEF JUSTICE MILLS NAMED TO SUCCEED CURRY

Las Vegas Man Chosen at White House Conference Participated in by National Committeeman Luna.

OFFER TENDERED BY WIRE IS PROMPTLY ACCEPTED

Governor Designate Is Resident of New Mexico for Two Dozen Years; Judge Pope Stated for Chief Judgeship.

"Judge Mills was appointed governor today" was the brief telegram received at noon yesterday by the Morning Journal from Solomon Luna, Republican national committeeman from New Mexico, announcing that the chief justice of the New Mexico supreme court has been finally chosen by the president to succeed George Curry as governor of New Mexico. The decision to give Judge Mills the place was arrived at early yesterday morning at a White House conference between the President, Secretary of the Interior Ballinger, Postmaster General Hitchcock, Mr. Luna, a telegram from this noon from Judge Mills at Las Vegas, asking if he would accept. Judge Mills promptly wired his acceptance of the offer. The decision was arrived at, offer tendered and acceptance received all in the course of the forenoon, and the announcement first received in this city by the Morning Journal yesterday came as a general surprise.

APPOINTMENT CONFIRMS PERSISTENT RUMORS
[Special Dispatch to the Morning Journal] Las Vegas, N. M., Nov. 24.—The first official notice of the appointment as governor of Chief Justice William J. Mills given to the general public came in a personal telegram this noon from Solomon Luna at Washington to Charles A. Spence as follows: "Chief Justice Mills appointed governor of New Mexico. Congratulations."

The news spread very rapidly here upon its official confirmation, which stated that the appointment was decided on at a conference in Washington early this morning between the president and cabinet members and Mr. Luna.

Judge Mills received the telegram offering him the governorship this forenoon and at once wired that he would accept. While the news came as somewhat of a surprise still there have been for some time past persistent rumors here that Judge Mills would be tendered the appointment.

The friends of Judge Mills have been busy yesterday circulating petitions in east and west Las Vegas, asking that Judge Mills be reappointed to the head of the New Mexico bench which position he has held for the past twelve years. Similar petitions, it is understood, were circulated by his friends in Colfax, Union and Mora counties, which with San Miguel, form the Fourth judicial district over which Judge Mills has presided. Late Tuesday afternoon it was rumored that the selection of a man to fill the chair of the governor lay between Judge Edward A. Mann of Albuquerque and Judge Mills.

NEW GOVERNOR YALE MAN OF CLASS '77
[By Morning Journal Special Leased Wire] Washington, Nov. 24.—Chief Justice W. J. Mills, of the New Mexico supreme court has been appointed governor of the territory to succeed George C. Curry, resigned.

The tender of the office to Justice Mills was made today and he promptly indicated his willingness to accept. It followed a conference between Postmaster General Hitchcock and National Committeeman Solomon Luna, of New Mexico with the president and later with Secretary Ballinger.

For upward of twenty years Justice Mills has been a resident of the territory of New Mexico so that his appointment is said to be in the strictest sense a local one.

The new governor's family came originally from New Haven, Conn., and the new appointment is a graduate of Yale, of the class of '77.

Mr. Mills was appointed chief justice of the territory in 1898 by President McKinley and has served continuously since then.

learning and of judicial police that added materially not only to reputation, but also to the success with which the court disposed of its task. It was in recognition of this work that Judge Pope was appointed United States attorney for the Pueblo Indians and later Judge of the First Instance in the Philippine Islands, where he first came under the personal notice of President Taft who has a high opinion of Judge Pope's character and attainments. Upon his return from the Philippines, in 1903, Judge Pope was appointed an associate justice of the New Mexico supreme court and was reappointed in 1907. Some of the most scholarly opinions in the New Mexico reports of late years are from his pen. Judge Pope has done invaluable service for this commonwealth in various capacities, notably as a member of the board that had charge of the rebuilding of the Capitol. He is a property owner both at Santa Fe and at Roswell and takes a live interest in the progress of the commonwealth and its people. Some speculation is indulged in whether Judge Pope will continue to make his headquarters as chief justice at Roswell or whether he will go to Las Vegas, but general opinion seems to be that it will be Roswell.

JUDGE MILLS AN OLD RESIDENT OF TERRITORY

Chief Justice of the New Mexico Supreme Court William J. Mills has been a resident of the territory for the past twenty-four years. In January, 1898, President McKinley appointed him chief justice to succeed Thomas Smith. Judge Mills is of southern birth, having been born January 14, 1849, in Yazoo City, Miss. He finished his education in Yale Law school in 1877. He is the son of William Mills of Virginia, his mother having been Miss Harriet Beale of Philadelphia. After the death of his father while he was yet young, William J. Mills moved with his mother to Connecticut, where she later was married a second time. He was a member of both branches of the Connecticut legislature before coming southwest and practiced law in New Haven after leaving Yale.

Chief Justice Mills was twice reappointed by President Roosevelt.

NO ANNOUNCEMENT MADE OF APPOINTMENT AT CAPITAL

[Special Dispatch to the Morning Journal] Washington, D. C., Nov. 24.—President Taft has wired the offer of the governorship of New Mexico to a certain man in the territory but until his acceptance is received no official announcement of the appointment will be made. This information was given out at the White house today after President Taft had had a conference with Postmaster General Hitchcock, National Committeeman Luna of New Mexico. It was reported a few days ago that Judge Abbott of the territorial supreme court had been selected for the office but the White house has steadfastly denied this.

There is no inclination in any quarter to discuss the appointment until the president make his selection public, therefore, it is difficult even to make a guess or forecast in the matter. There are some officials here, however, who believe the appointment has been offered to Judge Abbott and that he has asked time to take the matter under advisement. If he does not accept the appointment, the people of the territory may expect a local man to be named. The White house declines to affirm or deny that Judge Abbott has been offered the office.

ENORMOUS DINNER CONFRONTS TAFT

Fifty Pound Mince Pie, Immense Turkey and Big Possum Among Delicacies Sent by Enthusiastic Admirers.

[By Morning Journal Special Leased Wire] Washington, Nov. 24.—With the fifty-pound mince pie presented by the bakers of New York, an enormous turkey sent by Henry Voss of Western, and a 26-pound possum, reported to be the largest that ever came out of Georgia, President Taft will be confronted with rather an "excellent Thanksgiving day."

The president is said to have ruled that his military aide, Captain Archibald Butt, shall assist in eating the pie, and Captain Butt is now trying to have the order amended to bring the general staff to his assistance.

All the president's family with the exception of his son Robert, who remains in New Haven, will dine with him at the White house.

In the morning President Taft, Vice President Sherman and most of the members of the cabinet will attend a Pan-American Thanksgiving service in St. Patrick's Roman Catholic church. Cardinal Gibbons and Monsignor Falconi, apostolic delegate to the United States, will be present. A luncheon will follow, at which many of the ministers of the Latin-American countries will be present.

Secretary of State Knox and Mrs. Knox will have a family party at their home here. All other cabinet members are in the city.

Postmaster General Hitchcock, the only bachelor of the cabinet, expects to spend his day quietly in his apartments.

SANTA FE LINE GOSSIP MAY LOSE HURLEY

RUMORED GENERAL MANAGER IS TO QUIT

Vice President of Rock Island or President of Frisco Are Two Positions Open to Him; Report Denied in Topeka.

[By Morning Journal Special Leased Wire] Topeka, Nov. 24.—A rumor that J. E. Hurley, general manager of the Santa Fe, is to be president of the Rock Island or president of the Frisco is not credited among railroad men here. Mr. Hurley is at St. Paul attending a conference of railroad men. Henry B. Lautz, his assistant, is emphatic in his denial of the rumor that Mr. Hurley will leave the Santa Fe. "There was nothing said while Mr. Hurley was in Chicago recently," said Mr. Lautz. "These rumors are always floating around. I have heard more proposed changes in the last few weeks—and it happens that I am well enough acquainted with some of them to know that they are untrue. On this basis I think it is well to judge the rest by that fact."

Second Vice President J. W. Kendrick of the Santa Fe, who is in Topeka, denies emphatically the rumor that Mr. Hurley will go to the Rock Island. He does not think that Mr. Hurley would want to succeed Mr. Mudge as vice president of the Rock Island. Mr. Kendrick would have nothing to say about the report that Mr. Hurley would go to the Frisco as president. He said that he was not conversant with the affairs of the other railroads and could not vouch for their plans.

GUGGENHEIM BUILDING DEDICATED AT BOULDER

Colorado Senator Presents Law School Structure to University.

Boulder, Colo., Nov. 24.—The new law building of the University of Colorado, the gift of United States Senator Guggenheim, was dedicated with appropriate ceremonies here today. Addresses were made by Lion Governor Pitkin, Senator Guggenheim, President Baker of the state institution and others.

The law building, which is the first of a number now being erected at the state university to be completed, cost about \$50,000.

MAYORALTY HAD NO CHARMS FOR ROOSEVELT

Former President Flatly Declined to Have Anything to Do With New York City Contest.

[By Morning Journal Special Leased Wire] New York, Nov. 24.—Theodore Roosevelt, toward the latter part of his presidential term, flatly refused to consider running for mayor of Greater New York to aid the republicans against Tammany in the recent municipal election. This became known today through Herbert Parsons, president republican county committee, who said he possibly had made such a proposal to Colonel Roosevelt.

"While Mr. Roosevelt was president," said Mr. Parsons, "and again shortly before he sailed for Africa I asked him if he would consent to become a candidate for mayor, but he absolutely refused to have his name considered. I never asked him, however, if he would consent to run for governor."

Asked why Colonel Roosevelt had refused the mayoralty nomination, Mr. Parsons said: "I think he believed it was an office that required a great deal of hard work, a great deal of attention to detail as he had just finished several years arduous work at the White house and did not feel that he had the right to draft him into the public service again. He felt that as a private citizen he could still be of service to the state and nation."

Mr. Parsons said he was sure Colonel Roosevelt went away without any thought of ever becoming United States senator to succeed Chauncey M. Depew in 1911.

IRRIGATION CONGRESS PROMOTER AT WORK

GOSSIP DRIVES FLAMES DRIVE GIRL FROM SCHOOL

KANSAS MISS TAKEN IN CHARGE BY DENVER POLICE

Eloped to Become Housemaid Because Fellow Student Connected Her Name With That of Young Man.

[By Morning Journal Special Leased Wire] Denver, Nov. 24.—Miss Grace Rimmer, daughter of a contractor of Topeka, Kan., was arrested here this afternoon as she stepped off a Union Pacific train that had brought her from Topeka. The arrest, it is said, was made at the instance of the girl's father.

Miss Rimmer is a freshman at Washburn college at Topeka and declares she left Topeka because fellow students had coupled her name with that of Fred McKnight, quarterback of the Washburn college football team and the teachers of the college had refused to aid her in ascertaining those who were responsible for the report.

"I simply could not remain longer in Topeka," said Miss Rimmer after she had been given into the care of the police matron. "There was absolutely nothing to report as Fred McKnight was nothing to me. I believe the boys lied about me because they were jealous."

Yesterday morning my father gave me \$20 to pay my tuition at college. I used the money to buy a ticket to Denver and had intended to get a position as a housemaid."

The girl will be held pending the arrival of her father.

ADMIRALS HAVE NO SHOW IN SMALL SQUABBLE

Trouble With Nicaragua Beneath the Dignity of All But Inferior Officers.

[By Morning Journal Special Leased Wire] Washington, Nov. 24.—There is gloom among the rear admirals of the navy. Now comes along the first international rumormongering in the United States has figured in years and it is with Nicaragua, a country entirely too weak to permit them to fight with dignity and self respect. Probably the nearest rear admiral will get to the "scene of action" in event there should be war, will be Washington. A lot of them are here now.

Officers of the rank of commander would be in command of the little ships that would be employed against Nicaragua.

CITRUS LEAGUE FIGHTS RAISE IN LEMON RATES

Los Angeles, Nov. 24.—A surety company bond for \$250,000 has been filed in the United States circuit court by the Citrus Protective league of California to protect the railroads in the lemon rate reduction case as required by law. The extra fifteen cents a hundred pounds for freight as the railroads purpose to collect, will be deposited with the league and put into banks throughout the citrus belt. Ultimately, if the railroads fail to maintain the \$15 rate before the interstate commerce commission this money will be returned to the growers and vice versa.

The Citrus league represents about 90 per cent of the lemon industry of California.

FLAMES DRIVE BRAVE BAND FROM MINE

RESCUERS UNABLE TO BRING BODIES TO SURFACE

Hundred and Fifty Dead Located; Feared Shaft Must Be Sealed and Fire Left to Burn Itself Out.

[By Morning Journal Special Leased Wire] Cherry, Ill., Nov. 24.—The St. Paul mine was sealed early this morning, fire gaining such headway that it was thought best to cut off all the air in the shafts. The mine probably will remain sealed for several weeks.

Cherry, Ill., Nov. 24.—After more than 150 bodies had been discovered in the St. Paul mine, early today, efforts to carry them to the surface were temporarily abandoned while a battle was begun to check a fire that again threatened the main shaft.

If the efforts to control the fire are not successful early tomorrow it is probable that the mine will again be sealed and will remain so for weeks if not months.

Today flames from the fire in the second vein, 210 feet below the surface, had swept 50 feet up the main shaft. Then the fire was forced back. Mine Manager Taylor says that destruction of the main shaft is at all times imminent and with it will go the only possibility of removing the bodies. That no men survive in the mine is now generally conceded even by the most optimistic.

The only part of the mine as yet unexplored and in which living men possibly could be found in the east workings of the second vein at the entrance of which the fire is burning furiously.

Twice rescuing parties that have ventured past the fire have been temporarily cut off by the flames and rescued with difficulty. No further attempt to venture into the fire zone will be made until the fire is extinguished, which may be a work of days.

COMPANY WORKING IN HARMONY WITH INSPECTORS

Springfield, Ill., Nov. 25.—Regarding reports about controversies having arisen at Cherry between state mine inspectors and owners of the mine, Governor Deneen tonight received the following telegram from W. W. Taylor, one of the officials of the mine:

URGES REGULATION OR ABOLITION OF FOOTBALL

Head of District of Columbia Government Consents to Await Action of Rules Committee Before Suppressing Game.

[By Morning Journal Special Leased Wire] Washington, Nov. 24.—Favoring either the careful regulation of football or the abolition of the game at Washington, Commissioner McFarland, executive head of the district government, today heard suggestions upon the subject by representatives of all the schools in which the sport is followed here.

Football experts preferred the regulation of the game, insisting that it was too valuable a sport to be eliminated. At the conclusion of the conference Mr. McFarland said he would delay action until after the meeting of the rules committee soon to be held in New York.

All the experts expressed confidence that the committee would make proper regulations in the game.

HAWAII WANTS HER ORGANIC ACT CHANGED

San Francisco, Nov. 24.—Walter F. Frost, governor of Hawaii, arrived here today on the steamer Lurline, on his way to Washington. The chief object of his visit to the national capital is to urge upon congress the importance of adopting the amendments to the organic act of Hawaii favored by the territorial legislature. These relate chiefly to changes in the land laws and are designed to promote homesteading. The governor will confer with Andrew Carnegie in regard to a public library at Honolulu.

Captain Washed Overboard.
Honolulu, Nov. 23.—The schooner Robert Lewis, which arrived here today from Port Luffow, Puget sound, reported that Captain Underwood, the commander of the vessel, was washed overboard by a heavy sea at dusk on October 27. The body was not recovered. The Robert Lewis sailed from Port Luffow for Honolulu on October 12.

TAFT TOLD OF WHITE SLAVE TRAFFIC

MOVEMENT FOR FEDERAL LAWS TO SUPPRESS IT

President Puts in Busy Day; Important Matters Discussed at White House Conferences Yesterday Afternoon.

[By Morning Journal Special Leased Wire]

Washington, Nov. 24.—Foregoing a contemplated horseback ride because of a snowstorm, President Taft devoted the entire afternoon to a series of conferences covering the subjects of proposed amendments to the interstate commerce laws, legislation looking to the suppression of the "white slave" traffic, the appointment of a successor to the late Judge Bethes of the United States district court at Chicago and the appointment of a governor of the territory of New Mexico.

The conference with regard to the interstate commerce law changes was the most important the president has had on that subject, and it was said that he is practically ready now to begin this part of his message to congress.

At the conference were Attorney General Wickersham, Postmaster General Hitchcock, Chairman Knapp and Commissioner Lane of the interstate commerce commission; District Attorney Sims of Chicago, who conducted the government's prosecution in the famous \$29,000,000 Standard Oil case, and Representative Mann of Illinois, chairman of the house committee on foreign and interstate commerce.

With District Attorney Sims and Mr. Mann the president also took up the "white slave" question. Mr. Mann is to introduce a bill on this subject at the coming session of congress. Mr. Mann believes that the government is the only authority that can cope with this evil and the bill which he has offered provides a heavy penalty for the enticing of a girl from one place to another for immoral purposes, thereby causing her to go on a ransom, never any transportation line engaged in interstate or foreign commerce.

District Attorney Sims has been recommended for appointment to the federal bench to succeed Judge Bethes.

No decision as to this vacancy was reached so far as can be learned.

President Taft's views as to amendments to the interstate commerce law have been pretty generally known since his Des Moines speech on September 26. The conference at the White house this afternoon, it was stated, was for the purpose of working out the details of the desired amendments. It is proposed to establish an interstate commerce court of five members to consider appeals from rates fixed by the interstate commerce commission.

The president also will recommend legislation to prevent one interstate railroad from owning stock in a competing line and to compel roads thus owning stock to dispose of their holdings. Legislation to prevent the overhauling of stocks and bonds will be one of the strongest recommendations Mr. Taft will make, the president's proposition being that no stocks or bonds shall be issued except by permission of the interstate commerce commission.

Giving to shippers the choice of routes over various lines is another amendment which the president favors.

Mr. Taft believes that the interstate commerce law should give the commission power to hear and remedy complaints against unjust classification.

It is perfectly clear, he declares, that by including articles in the same class, which ought to pay different rates, a railroad can commit exactly the same kind of injustice as it would by imposing an exorbitant rate as to any one class.

To give the commission power to institute complaints and not to limit it to the consideration of complaints made from the outside is another change in the law to which the president is devoting much attention.

Mr. Taft believes that this authority must be given to the commission in order to make its work effective. Mr. Taft, however, is not in favor of the letting down of the bars entirely and giving the commission absolute power to fix rates in advance on its own initiative without complaint being filed.

It is proposed that the interstate commerce commission be given authority to suspend for thirty days a new rate classification, providing complaint is made that the rates are unjust.

The subject which has given the president and his advisors much concern is the proposal to permit railroads to make rate agreements. Mr. Taft holds that railroads should be permitted to agree upon rates that shall not exactly be pooling contracts but shall constitute agreements as to rates—provided always that such agreements shall receive the approval of the interstate commerce commission.

A delegation of coal operators and a representative of the miner's union called upon the president today to

Woman Playwright, Victimized by Pirate Manager, Seeks Death When Starvation Was Near.

[By Morning Journal Special Leased Wire] St. Louis, Nov. 24.—Mrs. Grace Hubbard, whose ambition was to add to the world's laughter as a writer of comedies, succumbed from it only tragically. Heart broken over the alleged theft of her most elaborate sketch by a theatrical manager, she committed suicide yesterday.

Her body was found early today in a bare flat at No. 1124 A. North Taylor avenue. Charles Tidwell, father of the apartments, and Mrs. Hubbard said him of the loss of her sketch.

"I took the work to a St. Louis theatrical manager," she told him, "and he asked me to leave it a few days. When I returned he said that it was not available, but later I saw my act performed word for word. In my original manuscript and so had no redress."

When the police broke into the flat the rooms were empty and they showed how the woman had tried to keep up good appearances while waiting for some of her lost productions to be performed. The body had been found, the police said, in a bed and a chair.

SUPPOSED SUICIDE LOCATED ALIVE AND WELL

Pueblo, Colo., Nov. 24.—James Mott, of Council Bluffs, Ia., was located today in Cheyenne, Wyo., working in a lumber yard and now Pueblo police are wondering who the well-dressed man was that killed himself here at the Pueblo Gun club a month ago. He had been identified as Mott, but the lawyer's wife and son found him in Cheyenne, the story of the suicide leading to a reconciliation.

POLICE DISCREDIT ANTE MORTEM STATEMENT

Waltham, Mass., Nov. 24.—Unable to place credence in the ante-mortem statement of Clarence F. Glover, that he was shot Saturday night by Hattie Le Blanc, the Waltham police today conducted the investigation into the mystery of the theory that a third party will be able to furnish a satisfactory solution.

The home of Mrs. Glover, the widow, is guarded by police and Mrs. Glover has been notified that if she leaves it she will be arrested.

The authorities expressed the opinion today that the Le Blanc girl will after her story that Glover committed suicide after he had tried to assault her and will be able to relate facts regarding a third person concerned in the shooting. They also will seek to ascertain if Mrs. Glover cannot give them information as to the identity of the third person.

The suicide story told by the prisoner is not considered seriously by the police, inasmuch as one of the wounds was in the back and could not have been self-inflicted.

GRUESOME FREIGHT SHIPPED FROM PHOENIX

California Merchant Receives Box Containing Male Skeleton and Woman's Clothing Spattered With Blood.

(By Morning Journal Special Leased Wire) El Centro, Cal., Nov. 24.—In a dry goods box picked up near Colton today was found the skeleton of a man, a woman's shirtwaist spotted with blood and a pair of silk stockings. The box was stenciled "Mesa Dairy Company, Phoenix, Ariz." and was addressed to a California mercantile house, one of whose members said he had received no shipments from Phoenix in three years. The skeleton was that of a man about 40 years old, the only possible identification mark being two gold filled teeth in the lower jaw. No one here who has inspected the shirtwaist or stockings has been able to identify them. Although the skeleton indicated that it had been exposed to the weather for a year the box evidently had been placed where it was found, within a week.

IMPORTANT RULING GOVERNING HOMESTEADS

Los Angeles, Nov. 24.—A ruling by the secretary of the interior in a local case, appearing completely to nullify an important rule heretofore enforced, as to the area of desert land an entryman is ultimately entitled to, has been received by the register of the Los Angeles land office.

It is held that "one who holds land under an unperfected desert land entry is not the proprietor thereof with the meaning of the statute holding disqualified to make homestead entries, one who is the proprietor of more than 160 acres of land."

This apparently indicates that although an entryman has made an entry of 160 acres of homestead land, he still may take a full 320 acres of desert land instead of the 160 acres heretofore permitted.

HUNDREDS SEARCH FOR MISSING, CHILDREN

Militia Called Out to Hunt Tots Who Wandered Away on California Sea Beach; Kidnaping Feared.

(By Morning Journal Special Leased Wire) Santa Cruz, Cal., Nov. 24.—Nearly a thousand men, including a division of the state militia, are searching for missing children along the sea shore tonight for Mamie and Mollie Mammoth, aged four and five respectively, who disappeared from their home yesterday and have not since been seen. They are the children of an Italian merchant. It is generally believed that the little girls wandered away, but the theory is advanced that they were kidnaped.

After the police force and the sheriff, aided by hundreds of volunteers, were unable to find any trace of them after an all-night and day search, the fourth division of the state militia was called out this evening to join in the hunt for the little children.

Interpreter Brutally Murdered. Amarillo, Tex., Nov. 24.—The body of Paul Medeson, interpreter in the office of the general manager of the Texas Valley railroad, was found today at Pampa, a station on the Santa Fe, 64 miles northeast of Amarillo. The body was badly mutilated and the head had been crushed with an iron bar.

ENGLISHMEN TIRE OF SUFFRAGETTE MADNESS

Attack on Winston Spencer Churchill Results in Revulsion of Feeling Against Militant Feminine Agitators.

(By Morning Journal Special Leased Wire) Bristol, Eng., Nov. 24.—Since the attack ten days ago upon Winston Spencer Churchill, president of the board of trade by a suffragette, armed with a whip, a strong feeling has grown up against the suffragettes and an attempt by Miss Christabel Pankhurst to address a meeting at Grafton hall tonight, was prevented by a crowd of students and others who kept up a continuous series of yells and chanting.

The disturbance threw four balls and pines and finally tried to storm the platform. A large body of police cleared the hall after a serious conflict with the students.

MRS. GUNNESS DEAD SAYS SHERIFF

Indiana Officer Visits Texas in Search of Arch Murderess and Returns Empty Handed.

(By Morning Journal Special Leased Wire) Fort Worth, Texas, Nov. 24.—Sheriff Artie of LeFlore, Ind., and former Sheriff Smither of the same place, who came to Fort Worth today to investigate the report that Mrs. Belle Gunness was living and in hiding near this city returned home tonight empty handed, the woman under suspicion not answering in any respect the description of Mrs. Gunness.

"Mrs. Gunness is dead; of that there is no doubt in my mind," said Sheriff Artie.

Rift Tribesmen Surrender. Mohave, Ariz., Nov. 24.—The rift tribesmen at Mader appeared before General Marine, governor of Mohave today and formally surrendered.

ROSEBERRY FINDS PERIL IN LORDS' ATTITUDE

Rejection of British Budget Fought With Grave Danger to Prestige of Ancient Body Says Former Premier.

(By Morning Journal Special Leased Wire) London, Nov. 24.—Lord Roseberry, the former liberal prime minister, today raised the historic struggle between the lords and the house of commons to a new plane by one of the finest speeches he has ever delivered, in which he warned the lords of the grave side they were running if they adopted the Lord Lansdowne resolution to reject the budget.

Interest in today's debate was intense. There was not enough room to seat all the lords attending and the public galleries were crowded to their utmost capacity.

The Duchess of Connaught headed a long list of the foremost peeresses, many of whom were compelled to stand throughout.

Lord Roseberry in a long speech gave the lords plain warning of the danger in the path they were treading. Lord Roseberry admitted that the lords of the law the house of lords was competent to reject finance bills, but since the reforms of 1832 it was not possible that the commons should send up a budget which the house of lords should go to the length of rejecting. He considered that the only possible circumstances justifying the lords in exercising such a dominant power would be the direct authority of the nation itself. Such a circumstance might arise if a budget were presented which lowered the defenses of the country to a point which the nation considered dangerous.

COMMUNICATION WITH WEST INDIES RESTORED

New York, Nov. 24.—That part of the West Indian zone which has been out of cable touch with the world since the hurricane of November 7, is again in wire communication with the United States and Europe. The cable companies reported today that communication has been established.

RAIN FOLLOWS GALE IN NEW ENGLAND

Gloomy Thanksgiving Day Along Atlantic Coast; Vessels Driven Ashore by Storm.

(By Morning Journal Special Leased Wire) Boston, Nov. 24.—The northeast storm of snow and sleet which set in last night changed tonight to a down-pour of rain in the southern section of New England, making Thanksgiving even a dismal one.

Vessels were forced by a fifty-knot gale to hug sheltered harbors. At Vineyard Haven the schooner Noy Ayer was driven ashore; at Plymouth the schooner Alice Turner was forced on a flat, and at Provincetown the Boston fishing schooner Ithaca dragged ashore and tilted. The crews of all escaped.

The inhabitants of Block Island and Nantucket were isolated from the mainland by the interruption of the steamboat service and tomorrow will have to forego turkey dinners as their shipments of the national bird are held up at mainland ports.

WEATHER GENERALLY WILL BE CRISP AND CLEAR

Washington, Nov. 24.—Thanksgiving day promises to be crisp and clear in most sections of the country. It will be typical Thanksgiving weather. According to weather forecasts the temperature will be generally a little above the seasonal average, except in the lower lake region and the Atlantic and Gulf states. There is a promise of snows and rains over the Michigan peninsula, but further west they will be declines in temperatures. Wyoming, Montana and the Dakotas are promised snow and falls in the mercury.

Clearing weather has followed the Atlantic coast storm in the coast states, but a disturbance is expected in the upper Mississippi valley. Elsewhere in the eastern half of the country the weather will be generally fair Thanksgiving day.

GOVERNOR ASKED TO SEND MILITIA

Indiana Sheriff Fears Disorder as Result of Stonecutters' Strike; Troops Ordered in Readiness.

(By Morning Journal Special Leased Wire) Bedford, Ind., Nov. 24.—Although there have been no serious outbreaks between striking stonecutters of the general union and the employees of the stone mills here who belong to the classical Society of Cutters and Stone Mill operators, displays of strength by the striking employees today caused Sheriff Thomas W. Box, of this county, to appeal to Governor Marshall for troops. The sheriff says that in case

POPULAR RECIPE

This Home-Made Cough Syrup Stops Coughs Quickly.

Make a plain syrup by taking one pint of Granulated Sugar, add one-half pint of warm water and stir for two minutes. Put two and one-half ounces of pure, clear pine oil in a bottle and fill it up with the Granulated Sugar Syrup. Take a teaspoonful every one, two or three hours. Keep well corked and it will never spoil.

The effectiveness of this simple home-made article is surprising. It usually stops a deep-seated cough in twenty-four hours. It is also excellent for colds, whooping coughs, pains in the chest, bronchial troubles and similar ailments.

Use the real Pinex in making it, however. It is the most valuable concentrated compound of Norway White Pine Extract, and it is far superior to the numerous pine oil and pine tar preparations. If your druggist does not have it, he can get it for you without trouble.

The proportion above suggested makes a full pint of the best cold and cough remedy. The taste is so pleasant that children take it willingly. The total cost is about 10 cents.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.

If nothing he could not obtain enough deputation to cope with the situation. General Gran Perry, of the Indiana national guard, arrived here tonight to investigate the situation and report to Governor Marshall. A company of militia at Bloomington, an adjoining county seat, has been placed at General Perry's disposal. Advice from Bloomington is that the company assembled early tonight, but later disbanded until tomorrow morning.

The strikers declare that they will see to it that no violence is permitted and they have wired Governor Marshall that they will observe the law. Several local business men have also informed the governor that no troops are needed.

LOOK OVER SITUATION

Indianapolis, Nov. 24.—Governor Marshall late today ordered Adjutant General Perry of the Indiana National guards, to Bedford, Ind., in response to a request from Sheriff Box, of Lawrence county, for troops to handle the stone workers' strike situation.

General Perry was instructed to call the company of militia stationed at Bloomington if the presence of the soldiers is needed.

DAVENPORT NAMED COMMISSIONER OF PENSIONS

Veteran of Civil War and Warner's Principal Assistant Succeeds His Chief in Office.

(By Morning Journal Special Leased Wire) Washington, Nov. 24.—James I. Davenport, first deputy commissioner of pensions, has been selected for the office of commissioner, made vacant by the resignation of Vespaquin Warner, of Illinois.

Mr. Davenport is from New Hampshire and has occupied the position of deputy commissioner for twelve years. He has been in the pension office since 1883.

Mr. Davenport is a veteran of the civil war. He entered the service in 1861, when he left his home in New Hampshire, and went to Wisconsin where he enlisted in company B, of the 49th Wisconsin regiment. He served in that organization until September of that year when he was enrolled for three years in the 49th Wisconsin, but being unable to continue in service on account of sickness, he was compelled to return to his home in the east. He made several attempts to enlist in the army between the years 1861 and 1864, but was unsuccessful because of his youth. In 1883 he came to Washington and entered the pension office where he remained since.

The new commissioner is a republican and is 64 years of age.

COOK RECORDS GO TO DENMARK

Private Secretary to Bear Documents Designed to Prove Authenticity of Doctor's Polar Exploit; Early Decision Expected.

(By Morning Journal Special Leased Wire) New York, Nov. 24.—The records which Dr. Frederick A. Cook, the Arctic explorer, will submit to the University of Copenhagen in proof of his claim that he reached the North pole on April 21, 1908, are today in completed form.

Walter Lonsdale, secretary of the steamer United States for Copenhagen, taking with him the records. Mr. Lonsdale said today the task of arranging the original records and compiling the report upon them had occupied several weeks. Dr. Cook's report, he said, contained between 25,000 and 30,000 words.

"I don't think the general public understands the work we have been doing," continued Mr. Lonsdale. "It has been said that we were preparing the records. Such a statement is inaccurate. The original records go to the university just as they were made by Dr. Cook in the Arctic. What we have been preparing is the report to accompany them."

Mr. Lonsdale said he expected to reach Copenhagen December 7 and would immediately place the records in the hands of the university authorities.

"How long the university will take in examining them and making known their findings, of course, I cannot tell," he continued. "I should assume that it will be possible for them to announce the decision by New Year's."

TENNESSEE NIGHT RIDERS AGAIN

Men Convicted of Murdering Aged Captain Rankin Must Go Through Ordeal a Second Time.

(By Morning Journal Special Leased Wire) Union City, Tenn., Nov. 24.—Indictments were returned today against Bud Morris, Ted Burton, Roy Sanson, Bob Huffman, Sam Applewhite and Ed Marshall, charging them with murdering Captain Quentin Rankin the night of October 18, 1908, at Bedford lake.

All of those indicted, except Marshall, have already been tried and found guilty. Ted Burton and Roy Sanson were given twenty years in the penitentiary and the others sentenced to hang. Their cases were reversed by the supreme court and remanded for new trial.

GRAND JURY INDICTS CHINESE TONGSMEN

Murder Charges Against Men Implicated in Food Fight.

San Francisco, Nov. 24.—The grand jury at a late hour today returned indictments charging murder against Tong King Chong, editor of the Chinese Free Press and secretary of the Chinese Free Masons; Gee Hong On, president of the On Yick Tong; Lee Suet, interpreter for the On Yick, and Chin Lit, Buck Hew, Ho Kin Tew, alias Ah Joe. All of these Chinese are members of the On Yick Tong which has been waging war on the Yee family. Seven Chinese have been slain since the outbreak of hostilities.

The feud between the On Yick tong and the Yees was caused by the elopement of the On Yee, a pretty Chinese girl, who was the property of a member of the tong with a man of the Yee family. The girl is now an inmate of a mission home.

Tong King Chong, it is charged, conspired with others to cause the deaths of members of the Yee clan. He is editor of the Chinese Free Press here, has a splendid education, both Chinese and English, and is head of the Chinese Kung tong or Free Masons, which numbers ninety per cent of the Chinese in this country. He is said to be a revolutionist in Chinese politics and the right hand man of Dr. Sun Yat Sen, the Chinese revolutionary leader, who has been exiled from his native land for years, with a price of \$50,000 on his head, because of his activities against the present dynasty.

Chong is something of a reformer, according to the local police, and at one time engaged in a crusade against gambling in the Chinese quarter, which resulted in a bloody war and the indictments of twelve tong presidents on charges of murder. The disaster of 1906 destroyed the evidence in these cases and they were dropped.

EL PASO CHINATOWN FEELS INVASION OF ON YICKS

El Paso, Texas, Nov. 24.—The Chinese of the Yee tong section in El Paso are much wrought up over a report from San Francisco that the On Yick tong has declared war on them. In El Paso Chinatown of 300 inhabitants there are many members of the tong. The Yees are holding nightly meetings.

Twenty Dollars for Two

You would not trade twenty dollars worth of butter for two dollars worth of milk. Yet we can make bright farmers, right in this neighborhood, who feed young stock butter fat worth 25 to 35 cents a pound, when oil meal would be just as good for them. If you feed milk set and skimmed by hand, you are leaving one-quarter to one-half the butter fat in the milk. You are feeding valuable butter to produce cheap, calf fat, or pig fat. Gentlemen, that don't pay.

WOEFUL WALLOP FOR JOHNSON INTERESTING AND EXCITING GAME IS PROMISED

Pugilistic Father of Jim Jeffries Says What He Will Do to Highly Colored Man is a Fright.

(Special Correspondence to Morning Journal) Spokane, Wash., Nov. 24.—Jeffries will give Johnson a worse beating than he did that boy from whom he won his first fight down in Los Angeles in 1887, when he scored in three rounds and carried home a purse of \$750. His next fight may take longer, but it will not hit him ten thousand times more money.

This is the opinion of John Webb, a business man of Spokane, until recently of Butte, and before that a resident of Los Angeles, who claims to be the pugilistic father of the ex-champion.

Jeff commenced at first when we invited him to the boxing club for a try-out with some of the boys," Webb continued, "but he was finally prevailed upon for a go and won easily. He put his opponent out in short order in the second fight, and it took more than 10 minutes to revive the loser. His work became the talk of the town and soon got to the boy's family, who, though poor, were proud and didn't relish the idea of developing a fighter.

One of his two sisters, now married to a business man of Los Angeles, came to my store a short time after the second fight and drove me out of the back door with a broom, saying that her family resented our activities in trying to make a pugilist out of the boy. But when we became better acquainted there was many a hearty laugh over our first meeting.

"When Corbett and Fitzsimmons were matched, Jeff was taken on as a sparring partner by the former on my recommendation. In the first round Jeff knocked Corbett down and jumped through the ropes, saying he might kill the champion. However, he went back when it was explained that he was to let Corbett do the punching, saying: 'I can whip Corbett now and I'll be able to lick him in two years.' The rest is history."

LIVELY BETTING AT EMERYVILLE MEETING

Oakland, Nov. 24.—Although unfavorable weather prevailed, there was an improvement in the attendance at Emeryville today and betting was lively. The surprise of the afternoon came in the two-year-old race, when Santa, 29 to 1, proved an easy winner, finding the muddy going just for his liking. The San Pablo handicapper, recalled in a victory for Early Tide, he beating Sewell, the favorite, severely.

The horses of W. E. Applegate, T. H. Ryan and M. A. Dodge arrived from California today, while those of Matt Hols and Harry Mack came from Seattle.

A string of yearlings to be raced by Burns and Waterhouse arrived from Honolulu.

First race, future course, selling—Borning Flash won; Athens, second; Billy Meyer, third. Time, 1:12 1/2. Second race, six furlongs, purse—Sonia won; Miss Pender, second; Napa Nick, third. FLORIDA OFFERS REFUGE FOR HORSEMEN

Race Meetings Start Today at Jacksonville and Tampa; All Winter Season Promised.

(By Morning Journal Special Leased Wire) Jacksonville, Fla., Nov. 24.—With the closing of the race tracks in the north and east the racing scene will shift tomorrow to Florida when the two new mile tracks will be opened in this state at Jacksonville and Tampa. Here the winter meet will continue for 110 days and at Tampa for 100 days.

When the bugle blows this afternoon at Moncrief park here the indications are that a large crowd of people will be within the big enclosure. More than 1,200 horses are already here and more are coming in every day. The big event for the opening day will be the Thanksgiving handicap of one mile for three year olds and up. Jack Atkin, the famous son of Sam, is entered in this event and will carry top weight of 115 pounds.

There will be six races daily and whenever practicable seven events will be run. The city is filled with visitors, from all sections of the country, the last arrivals from many of the leading papers being among the crowd.

FOUR HUNDRED HORSES READY FOR TAMPA MEET Tampa, Fla., Nov. 24.—More than 400 horses are in the stable here ready for the opening tomorrow of the 100 day winter meet.

The feature event Thursday is the inaugural handicap at six furlongs for \$1,000.

CANNON AND GROCE TORTURED AND MURDERED

Insurgent Version of Execution of Americans Looks Bad for Zelaya; Were Not in Nicaragua When Caught.

(By Morning Journal Special Leased Wire) Panama, Nov. 24.—A Nicaraguan revolutionist, who has just arrived here from Bluefields, reports that Cannon and Groce, the Americans who were executed by the Zelayan government, were simply taking leave from a boat in Costa Rica and not Nicaraguan territory when they were captured.

They were with only three soldiers of the revolution when Zelaya's troops crossed the frontier and put them under arrest. Cannon and Groce being taken to an old fort named El Castillo on the Colorado river, where, according to the story of the revolutionists, they were tortured and shot within twenty-four hours after their capture.

INSURGENT VICTORIES MATHIAS SAYS ZELAYA New Orleans, Nov. 24.—A denial of victories reported to have been won by the revolutionists in Nicaragua was received here tonight from President Zelaya. To his command, Francisco Alzate, Zelaya added:

"News given out as to the capture of Chinandega and El Viejo. The latter is quiet and General Somoza is not detailed by our authorities."

It was reported that General Somoza, former minister of war of Nicaragua, had led a victorious force against this town, situated near the Pacific coast of Nicaragua. General Somoza, representing the Estrada government at New Orleans, said he had received advice to this effect but that they had come in an indirect way and their authenticity was not authentic.

General Somoza had been suspected of being connected with the revolution declared against Somoza.

"I informed President Zelaya of the reports that had been published, regarding these alleged victories to his leadership and General Somoza is now in prison."

NO AMERICANS IN NICARAGUAN PRISONS Managua, Nicaragua, Nov. 24.—The report that President Zelaya has put many Americans in jail because of their refusal to contribute to the war fund is untrue. The Americans here have been assured by the government that they are perfectly safe. There are no Americans in jail at Managua and there has been no request according to the government's statement, for a contribution of war or any other purpose.

ZELAYA MAY RESIGN TO AVOID INTERVENTION Panama, Nov. 24.—A prominent Nicaraguan resident here, in answer to a message which he sent to Dr. Julian Triun, minister general, has received a reply from that official that President Zelaya is thinking of resigning because of threatened American intervention.

CRUISER TO BE HELD FOR SERVICE IN SOUTH Washington, Nov. 24.—In view of the situation in Nicaragua the navy department will issue an order to the projected cruiser, New Orleans, now at San Francisco, to sail, as intended for the coast, until it is seen whether she will be needed in Nicaraguan waters.

FORTY SHOT FOR CHEERING INSURGENT VICTORY San Francisco, Nov. 24.—The

here today from Central America brought a report to the effect that forty citizens of Comita were shot and killed recently by order of President Zelaya for having received with cheers the news of an insurgent victory.

The town of Comita was under a heavy guard while the City of Paris was there and her passengers made no attempt to go ashore. A communication from President Zelaya of Salvador was received today by E. Maria Salvadoran consul general here, denying that trouble existed there. Reports of disturbances, the president said, were based on the fact that a number of citizens had conceived the idea of organizing in Nicaragua a force to invade Salvador. These nationalists, however, were arrested in Honduras, where they are being held.

TOBACCO GROWERS' MOVEMENT COLLAPSES

Receivers Asked for Pools Which Attempted to Control Burley Supply and Caused Anarchy in Kentucky.

(By Morning Journal Special Leased Wire) Louisville, Ky., Nov. 24.—Two receivership pending in the courts for two tobacco growers' pools in the present status of the organizations which led to the "tobacco war" in 1905.

The "war" included right growing, the killing of one independent grower, the one of the state militia to suppress night riding and finally the organization of the \$3,000,000 Burley pool.

Today at Winchester the body of Robert Lisk and Lee S. Ralston, appointed receivers for the 1904 and 1905 pools of the Burley Tobacco and Insurance company was fixed, at \$200,000 pending the appeal which the company will take to the highest court of Kentucky. Today at Elkhart, Ind. S. Street, a warehouse man, applied for a receiver for the Burley Tobacco Growers' Protective association of Kentucky and Tennessee.

The two actions are taken to indicate a result of the growers against the officials of the pools.

STANDARD DEEMS IT DUTY TO HAVE LAW INTERPRETED

William Rockefeller Declares Motives of Appeal Are Not Altogether Selfish.

(By Morning Journal Special Leased Wire) New York, Nov. 24.—William Rockefeller, vice president and director of the Standard Oil company, gave a different color today to the appeal which Mortimer B. Bluff, the company's general counsel, has already announced is to be taken from the decree of the United States circuit court.

The legal affairs of the company, Mr. Rockefeller said, would continue to remain in the hands of its legal department, but as a layman he wished to indicate that his own attitude and that of his associates had no share of altruism.

"It seems to me desirable," he said, "not only for my own interests and those of my associates, but for the public at large and for all other great business ventures, that the Sherman act should be finally set beyond contention, as interpreted by the supreme court of the United States. Undoubtedly our case will be appealed and for this reason."

"I am not a lawyer and cannot discuss the details of the circuit court, but Mr. Bluff has said that an appeal will be taken and the matter is entirely in the hands of counsel for the company."

"In this connection I want to say, as a large stockholder, however, as the case eventually there will be no unwillingness to comply fully and only with the letter but with the spirit of the law, as it shall be settled by the supreme court."

GOULD WILLING TO FIX UP KANSAS LINES

Topeka, Kan., Nov. 24.—C. R. Tapscott, vice president of the Missouri Pacific railway company, with attorneys of the company, arrived here today for a conference with Governor Shubert to discuss the needs of the company's property in Kansas.

Commenting on the demands for increased mileage in the conference Governor Shubert said:

"What is expected of Vice President Tapscott and the attorneys of the Missouri Pacific is that they shall put in grades and service they will give the mile, the number of feet to the mile, and the class of road bed and grades at service they will give the central branch. It must also be stipulated when the improvement work shall begin and the rapidly with which it is to be carried on."

DEFENSE OPENS IN ALASKAN COAL LAND CASES

Seattle Banker Tells Commission Claimants Combined Only for Legitimate Purposes.

(By Morning Journal Special Leased Wire) Seattle, Nov. 24.—For the first time since the hearing opened the relations of the so-called Guggenheim interests to the Cunningham claim were taken up by the attorneys for the claimants in the study into the Alaska coal land cases today. Arguments for both sides held a conference this morning and decided to go ahead with the case here without waiting for transfer to Spokane, taking the testimony of witnesses who live in Seattle.

Charles J. Smith, the Seattle banker, who built the Alaska-Yukon-Pacific exposition, and who is one of the claimants interested in the Cunningham group, was not on the stand by the defense at the opening of the afternoon session. Mr. Smith, who has had several years' experience in the drafting and litigation in the case, was interested in the Alaska claims by Mr. Cunningham, who was authorized by him to file an claim in the Klamath district.

Mr. Smith said there never had been any intention of holding the claim for some outside corporation. He said that he knew that it would be impossible for one man or three working together to successfully operate a mine in the Klamath district on account of the isolation of the property and the great expenditure that would be required to get coal to the world. He said that it was his understanding that they would join together for the purpose of everything on only that which could not be successfully carried out by the claimants acting separately. Mr. Smith said he had paid \$2,500 as his share of the expenses of making the films and carrying on the prospecting work. In July, 1907, Mr. Cunningham informed him that the so-called Guggenheim interests proposed to build a railroad from the mines to the coast at Cordova, Alaska. Later Cunningham informed him that a committee had been organized at the Spokane meeting to take up the matter with a representative of the Guggenheim interests. As a result of the efforts of this committee an agreement was drawn up which provided that the Guggenheims would build a line from the mines to Gulkana in return for which they were to handle the output of the mines. Mr. Smith said that he was not a party to this agreement which, substantially, fell through. Later some of the claimants formed a chartered company to build their own railroad.

Smith then told of a little tale he had with E. B. Glavin, of that time a special agent for the government. Cunningham brought Glavin into Smith's office after the claims had been held up. Cunningham said that Glavin wanted them to plan an affidavit setting forth that they had no intention of holding the coal claims for the Guggenheims.

"I talked a little short," said Smith on the stand, "and I told Glavin that I had made all the affidavits I was going to make. I said that I was willing to let the matter rest on the statements I had already made, but when Glavin explained that he wanted the affidavit to clear up a matter previous in the land office that we were working for the Guggenheims, I consented."

It is probable that the government attorneys will take Smith's word for the matter Friday morning.

BAD WEATHER MAY MAR QUAKER CITY GAME Philadelphia, Nov. 24.—A heavy sheet and rain storm today prevented the Quakers and Corns from taking any part in the football contest for their big game here tomorrow.

The Quakers contented themselves with a long walk while the Quakers held a short signal practice at Wilson Junction. Weather conditions favor the Quaker game given in the game tomorrow, but the Quakers hope to take the game and leave the field to the Quakers. There has been practically no betting on the results. There will be a big crowd to see the contest, every seat having been sold.

MRS. PHOEBE HEARST OWNS HOMESTEAK MINE

Mother of "Common People's Friend" Held Responsible for Anti-Union Order.

Denver, Nov. 24.—Charles E. Moyer, president of the Western Federation of Miners, is not inclined to believe that the impending trouble at the Homestake mine, at Lead, S. D., will involve other districts in which the Western Federation is organized, according to a statement made to the Associated Press today.

The Homestake mine, Moyer said, is owned by Mrs. Phoebe Hearst, mother of William H. Hearst.

It was officially announced at the Homestake Mining company's office here today that the mine would be closed at 5 p. m. in anticipation of a strike at 8 o'clock tonight by 2,500 miners employed there.

The miners demand a closed shop agreement and the officials refused.

OFFICIAL QUOTATION ON OKLAHOMA WHISKEY

Sixteen Quarts for \$5.80 Price on Record in Postoffice Department.

Washington, Nov. 24.—Sixteen quarts of whiskey for \$5.80 is a quotation given for "red liquor" in Oklahoma in the official records of the postoffice department.

In Oklahoma the sale of intoxicating liquors is prohibited by law, and much liquor consumed in that state is shipped from adjoining states. Generally it is ordered and paid for by mail.

Today Postmaster General Hitchcock received a letter from the postmaster at Miami, Okla., enclosing an application for a money order made at that office. The applicant wanted "a quantity of red liquor." In the amount space the terms "sixteen quarts" was inserted and in the dollar space the sum "\$5.80."

CHICAGO BOARD OF TRADE RULES AGAINST CORNERS

Chicago, Nov. 24.—The "anti-corner" amendment to rules of the board of trade was defeated at a special meeting today by a vote of 13 to 22. The proposed rule provided that in case of a special or "corner" in another commodity, a committee would determine the value of that commodity on final delivery day, and interested parties would be compelled to settle accordingly. Another clause provided that if a member conducted an unjust deal or "corner" he could be expelled.

THE ANTI-TARIFF KNOCKERS.

Amidst the fight that is being made on President Taft by those who insist that the tariff was not sufficiently revised downward, attention is called to the significant fact that the most vehement denouncers of the Payne-Adair act today among the newspapers and periodicals of this beloved land have not approved any tariff bill passed by the republican party in the past quarter of a century. Indeed, for the greater part, they have seldom applauded the republican policy in any respect save at such crises as the rush register or ordinary business was threatened by greenbackism, Populism or Bryanism. It is these same gentry who at this time, between campaigns, when political mischief can be done, are assailing that, if President Taft were the statesman he pretends to be, he would join himself with the insurgent republicans, the minority of his party, and pay no attention to the majority under the leadership of Aldrich and Hale, Cannon, Daisell and Payne.

This charming suggestion ignores the principal argument in favor of Mr. Taft's election last year. The people wanted business restored, they were anxious for quieter conditions at Washington, and they favored a revision of the tariff that would reduce customs duties without injuring American manufacturers and labor. All these things have come about, and again the country is troubled, because of production and progress. But, as has been said, if the president were to make common cause now with the Cummins idea in the senate and the impossible Murdock in the house the tariff fight would be reopened in congress without delay, and we should have years of unsettled trade and no end of tariff tinkering, with its attendant adverse consequences. The Cummins program is to dislodge the present leadership of the republican party and establish control in other hands. His plan with the tariff is to revise it piece-meal, whenever an expert board can show cause for changing a schedule. This would be playing directly into the hands of the enemies of protection as to the tariff and to the advantage of the democracy politically. For these reasons, and doubtless for others of weight, Mr. Taft has chosen to take the stand which his sensitive long-distance admirers deplore.

ANOTHER CASE OF "BUDGET"

France, like England and Germany, is having her budget crisis. More than \$40,000,000 additional taxation is carried in the pending bill, the new taxes being levied principally on automobiles, tobacco, wines and liquors. The last mentioned including an increase of \$10,000,000 over last year.

Much opposition to the budget has developed, and the lower interests have already taken part in one big public demonstration. Many deputies shrink from meeting their constituents in the coming elections after having voted for the big increase in taxation. Nevertheless the cabinet remains firm, contending that pending schemes for workmen's pensions and other popular measures involve a new expenditure which should be met by taxation and not by loans, and has decided to make its existence and demand a vote of confidence.

FRIENDS OF THE TARIFF.

For a long time past all advocates of tariff reform in the republican party, have demanded that the tariff be revised by the friends of the tariff and not by its enemies. At the extra session of last March, this demand was complied with, and the tariff was revised by its friends. Now the only objection to that revision comes from gentlemen who worked and voted for revision according to the plans of the enemies of the tariff.

ADVERTISING NEW MEXICO.

New Mexico is seeking a measure of good advertising, and attracting a degree of public attention, at the Chicago exposition, which cannot fail to be of much value to the territory. The following sample paragraph is from the Chicago Tribune:

"The most unique thing in the show may be found in profusion at the exhibit from New Mexico. Here are ears of corn grown from seed 400 years old. The grain was found in the

San Juan river from Aztec, N. M. The corn is black and white. One man exhibits twelve varieties of corn grown on the same farm, and another has an ear of corn with four different kinds of grains. A pumpkin grown without irrigation in the Betancía valley weighs 165 pounds. From the same section of the country come wild Irish potatoes which may have been planted there years ago. They vary in size from the end of a man's thumb to a small hen egg. Photographs show twenty-four irrigation projects now under way in New Mexico affecting land sections in extent from 2,000 to 100,000 acres.

MUST STUDY CONCRETE.

The importance of rather the absolute necessity for knowledge of concrete construction on the part of the engineer has been recognized in the schools and is now included in civil service examinations. It is interesting to note that in the New York state examinations for the position of assistant engineer, four of the nine questions presented in the first paper relate to cement and concrete, says Cement Age. These questions include the definition of Portland cement, process of manufacture, tests and standards of requirement, comparison of wooden and concrete piles and methods of waterproofing concrete. Many of the other questions may be said to relate to concrete construction as they include problems involved in the construction of dams, foundations, aqueducts, etc., in which cement is almost invariably used. In brief, concrete is no longer regarded as merely a branch of the engineering profession. Knowledge of the subject is as important as knowledge of steel construction, and it is safe to predict that ere long the architect will find it imperative to be equally well informed as to its use in his field of endeavor.

BANKRUPTS OF CHILDHOOD.

The child-workers of the nation—their name is legion, their abuse is mountain-high.

Bankrupts of suffering this enlightened country makes of the children of the southern cotton mills, of the little child—afraid of the dark—who is compelled to eat his black bread by work thousands of feet under the sun's light, the children who are cutting glass and cutting their lives out, the children of Christian New England where "textile industries" become little monsters, swallowing child life with insatiable hunger.

We read and read, and then we read more of the difficulty which meets child-labor legislation in the south.

We read how the parents balk the efforts of the state to abolish this wrong.

We read about cunning factory out-rages, the restriction of child-labor in the Ohio valley, and what has been done for these youthful toilers in Illinois.

Yet today, with this rich nation abundantly able to care for her children, Pennsylvania, New York, Massachusetts, Illinois, North Carolina, South Carolina, New Jersey, Georgia, Maryland and Wisconsin fairly riot in child-labor.

There is no need to ask whether the child has a case against the nation. These things are indubitable—Kate Burr on "Bankrupts of Childhood" in Norman E. Mack's National Monthly for December.

ALICE IN KOREA.

In the Morning Journal of Tuesday, we printed a report from Cincinnati to the effect that Congressman Nicholas Longworth has denied in toto certain stories regarding the conduct while in Korea, of Miss Alice Roosevelt, now Mrs. Longworth. The conduct referred to or hinted at by Mr. Longworth, in his denial, seemed to be rather out of the ordinary among ladies in good society, and the carefully guarded language in which the denial was couched has served to awaken a good deal of curiosity in regard to the matter. As a consequence, we have had a number of requests from readers of the Morning Journal to print the whole story, and here it is, just as it comes from Berlin.

Franklin Emma Kraeliel, who was the chief mistress of ceremonies at the court of the Emperor of Korea in 1905, appears as the author of a book, just published at Berlin, which contains sections dealing with the visit of the then Miss Alice Roosevelt, to Korea in that year.

In her account of the official reception to Miss Roosevelt, she says:

"Learning that the Roosevelt party had been invited to the court of the Mikado, the Korean emperor hastened to extend the hospitality of his modest establishment to the distinguished American travelers. Acceptance of his majesty's invitation came with such astonishing promptness that the court was in a dilemma how to get a suitable welcome ready in time.

The emperor finally decided to bestow upon the daughter of the president the highest honor at his command, namely, a reception at the grounds of his departed consort, the empress. An imposing suite of dignitaries and functionaries were accordingly dispatched to the grave, in a picturesque and secluded spot a mile outside Seoul, with utensils for a state banquet.

Shortly after the suite arrived a tornado of dust burst upon us, out of which a cavalcade of equestrians emerged. At their head rode a dashing young horsewoman, clad in a smart riding habit, beneath the lower

ting red riding breeches, stuck into glittering boots. In her hand she brandished a riding whip; in her mouth was a cigar.

"It was Miss Alice Roosevelt. We were flabbergasted. We had expected a different sort of apparition.

"Everybody was bowing and scraping in the most approved Korean court fashion, but the rough rider's daughter seemed to think it all a joke.

"As the mistress of ceremonies I stammered out a few words of greeting, and the guest of honor nimbly a word of thanks, but nothing more. She was mainly interested in the colossal figures of gods and the mammoth stone images of animals which hold watch over the graves of the departed Korean dynasty.

"Spying a stone elephant, which seemed particularly to strike her fancy, Alice hurried off her horse and in a flash was astride the elephant, shouting to Mr. Longworth to snap-shot her.

"Our suite was paralyzed with horror and astonishment. Such a sacrilegious scene at so holy a spot was without parallel.

"It was a critical moment. The suspense was relieved only by the passing of tea and other refreshments. Alice remained oblivious to what was going on around her. Not a word of thanks for her reception was forthcoming. She chatted casually with the wife of the American minister, Mrs. Morgan, and partook of the champagne and other delicacies.

"Suddenly she gave orders for the saddling of her horse and galloped away with her male escort like a 'Buffalo Bill'.

"That's the story of 'Alice in Wonderland.' Of course, it may be all pure fiction, just as Mr. Longworth intimates. Franklin Kraeliel may have invented it out of whole cloth, but if she did she exhibited a remarkable familiarity with the Roosevelt manner of doing things.

Hon. L. Bradford Prince, who has just returned from a protracted eastern visit, took in the Chicago exhibit of irrigated land products, on his way home. The judge says the show of products there is giving New Mexico some of the best and most substantial advertising the territory ever had and that we shall feel the benefit of it for years to come.

A spirited team of fire horses hitched to a hose cart dashing down a one-hundred-foot embankment and another fire horse dropping dead after a hard run with his mates, were incidents of a fire that burned out the library of Georgetown, D. C. university last Friday morning.

THE GERM HOBGOBLIN.

The following is from the "Point of View," in the December, (Christmas) Scribner:

"I trust that no one will misunderstand or will think that I cherish uncleanness, when I confess that I deeply regret the advance made by modern science in bacteriology. It is not that I love disease, or fail to share the enthusiasm of those who would banish it, but the knowledge tending to prolong life has made life in many ways so much less worth living that some of us would rather go back to shorter and merrier days. I am all compassion for a pious child, brought up no longer in the fear of the Lord, but in the fear of the germ. A young friend of mine, not long since, told me of her little sister, aged five, who came home daily from the park full of enthusiasm over a new acquaintance made there, a little girl of about her own size. The family, interested, pressed her with inquiries about her friend, very naturally asking her name. The youngster bore this questioning for some time, but at last burst into tears with, 'I don't know her last name, but her first name is Dorothy, and she hasn't got any germs!'

"The story made me recall a tiny piece, all too young for such horrid thoughts, disciplining a still younger sister on a railway train for having put a splinter from the porter's whisk broom in her mouth. The infant's idea of what might be on that whisk broom appalled me: 'Worms, and wriggly, crawly things that will get inside you and eat you up.' I remember, too, the four-year-old daughter of a friend of mine who resolutely refused to kiss her sick mother because, the little monster averred, she was afraid of getting sick herself. Are these bacteriologists in miniature to be endured? What shall be done with a childhood, robbed of its legitimate fear of bogies and hobgoblins, and left to construct from distorted facts such an unattractive mythology of its own? Are not crickets and witch wife as true as many a bacillus legend, and far more enticing?"

Not fit to Judge. Andrew Carnegie, in the smoke-room of the Rialto, talked about Scotch whisky. "It is a pure but powerful spirit," he said, smiling. "In Peebles the other day they told me a good story about it."

"It seems that a Peebles lawyer and his clerk had been to a wedding of the real, old-fashioned sort. On the way home the lawyer said, as they were crossing the famous Peebles bridge:

"Now, Saunders, mon, I'll just gang on a head a mient, an' ye'll tell me if I'm walkin' straight."

A Few Grins For the Thanksgiving Season

Used to Them.

George F. Martin, the tobacco expert of New York, said of Thanksgiving, as he lit a Havana cigar:

"We Americans should be thankful for our tobacco. It is the best and the cheapest in the world. I have just returned from London, and there I found that a shilling cigar scarcely equaled our American nickel one.

"The Londoners are indifferent about their tobacco—indifferent and blasé, like an omnibus conductor I saw in Oxford street.

"You know the London omnibus? It is a double-decker. If you sit on top you go up and down by a very steep stair.

"Well, this blasé conductor pulled up his bus at Regent street, and the ladies board for 'Peter Robinson's' eagerly got out. But one fat lady, who had been sitting on top, came down the steep and winding stair very slowly. Her skirt flapped around her ankles and at every step she stopped and thrust it carefully down.

"The conductor waited with a bored expression, his hand on the bell rope, but he lost patience when the fat lady stopped for the fifth or sixth time to thrust down her billowing skirt, and he burst out angrily:

"Now, then, lady, 'urry up, can't ye? Legs ain't no treat to me!"

An Anecdote of Success.

Of Melville E. Stone, whose contribution to the Cooke-Feary quarrel—the affidavit of the guide Barrielle—is perhaps the most brilliant journalistic feat of the twentieth century, a Chicago editor said the other day:

"Stone, like all successful journalists, loves his work. He would sacrifice anything to it. Talking about love of work in the Associated Press office in New York, he said, with a smile, that he could almost sympathize with the notorious Australian boy.

"This boy, a resident of Perth, saw his father kill his mother and then commit suicide. The boy suppressed the news for several hours while he tried to sell an 'awful tragedy' story in 1,500 words to the Perth papers. But his enterprise missed cash; the papers feared a fake and wouldn't deal.

"But fancy," said Mr. Stone, "fancy such a boy wasted on a community of sand-graspers. What a loss to Park Row!"

Women and Men.

The prevalent Thanksgiving hoarseness is probably due to colds in the throat.

The new Cook book, a work dealing with love, will be, in many quarters, roasted.

Some of the suffragettes never stop to think in their harangues; others again, never think to stop.

Opportunity knocks at every man's door, but the poor fellow who needs it most is often doleful.

Many a woman's voice is liquid in that it never dries up.

There's no use bluffing unless you have something to bluff with—and then there's no use bluffing anyway.

The average woman of thirty looks as old as the average man of forty, but then the average woman of thirty is usually forty or so.

The earth goes round, but it wouldn't if we all wanted as much of it as the Rockefellers, Morgans and Carnegies.

A Trade Secret.

Leon, the detective, smoothed thoughtfully the head of the dead dog.

"You suspect, madam, 'he said, 'your right-hand neighbor because Philo's barking would not let him sleep. You also suspect your left-hand neighbor because Philo once nipped him slightly on the ankle. But your suspicions are wrong. Those men are too honorable to poison a registered dog."

The great detective closed absently the half-open eyes of the defunct animal. "It is the dealers, the dog dealers," said he, "upon whom your suspicions should be directed. At this pre-fall-day season, madam, dog dealers all over the world send out emissaries with balls of clumped liver and powdered glass, with collars of mutton dipped in prussic acid, and with cakes powdered with arsenic or Paris green. These little bits are fed to the valuable dogs of the rich. Then, on towards Christmas, by means of circulars and so forth, the bereaved owners of the murdered animals are led insensibly to the shops of the murderers. It is a mean and petty custom, but it does indubitably build up trade."

"So the lawyer walked ahead, and then called back:

"Straucht, Saunders?"

"Straucht, a die, Saunders answered; 'but—hie—what's that w' ye say?"

It Took the Old Fellow Aback.

There is a Thanksgiving story about Henry E. Dixey, the comedian, that his friends at the Lamb's never tire of telling.

Mr. Dixey, while visiting Philadelphia one autumn, attended a very aristocratic Thanksgiving ball in Rittenhouse square.

While supper was being served Mr. Dixey ranged himself behind the supper table with the twelve or fifteen waiters busy there. Soon a mild-mannered old gentleman with white hair approached the actor, glass in hand.

"Would you mind filling my glass with champagne, please?" he said.

Mr. Dixey started, drew himself up, and said, with a look of horror:

"Certainly not, sir, certainly not. You have already had more than is good for you."

It Destroyed Their Hunger.

Senator Tillman was talking about Thanksgiving dinners.

"At a dinner in the country," he said, "the turkey was very large—large enough, in fact, to feed easily a party of thirty persons seated around the table.

"As the farmer host carved the huge bird, sixty eyes watched him hungrily. But the bright look of hunger in those sixty eyes was succeeded by a dull look of horror when Tommy, the farmer's youngest child, piped loud and shrill:

"Say, ma, that's the old sore-headed turkey, ain't it?"

Elks' Minstrels Take Packed House by Storm at Theater

BIG AUDIENCE IN CONVULSIONS LAST NIGHT

SPLENDID SINGING AND CLEVER FUNNY WORK

Mrs. Joe Bren Prime Favorite From First Appearance; Matinee This Afternoon and Another Show Tomorrow Night.

SPECIAL MATINEE THIS AFTERNOON FOR SCHOOL CHILDREN.

The management of the Elks' Minstrels have decided to give a special matinee for children this afternoon. All the little ones, under 16, will be admitted for 25 cents. The full performance will be given and parents should not neglect this opportunity of giving their children the treat of the season. Adults any seat in house, \$1.00.

"Ah feels jes lak Cannel D. K. B. Sellers," said one of the Merry Minstrels at the Elks' show last night.

Mrs. Joe Bren, who delighted packed house at Elks' Theater last night.

"How's that?" asked Interlocutor G. S. McLandress.

"Honk! Honk! Honk!" came the reply from an automobile horn cunningly concealed under the minstrel's chair. And everybody laughed, because everybody had been laughing all the evening, and they kept it up until the last curtain fall. If you think that joke isn't a joke, there were lots of others that an undertaker couldn't look solemn over. There was a continuous gale of fun all through the splendid performance, the singing by the chorus and soloists was great; the special songs were clever and Mr. and Mrs. Joe Bren, the stars and the couple who made the big performance a success, were cheered again and again. Little Julius Staab was probably the favorite among the blackface artists, but there was little to choose between him and Joe Scott, Landolfi, Jug Porter Jones, Bomboulner Bambini Gambiner, Harry Becker, H. E. Zeiser and E. W. Roberts. Clothed in lurid red and green silk costumes, the minstrels made a tremendous hit from the minute they appeared on the stage; the dancing and cake walking were clever and there was a snap and go through the whole production that speaks volumes for Mr. and Mrs. Joe Bren. The latter, in her impersonations and Bren in his fancy piano work, earned recall after recall, and the big crowd that filled the house was generous and enthusiastic in its applause.

The songs in the first part, the opening chorus, "Evening Time," the melody of the old song of the south, "In My Old Home," by Forrest Cartwright, with chorus—all were replete with the melody harmony which makes minstrel songs a delight.

The side-splitting olio, "The Minstrel Man, the Porter and the Maid," by Mr. and Mrs. Bren and Joe Scott, was a prolonged shriek, as was the "Blackville Police Court" burlesque by Bren, featuring the "Merry Minstrels."

Too much cannot be said of the talent of Mrs. Joe Bren in juvenile and semi-juvenile parts and she pleased everyone last night, even some of the victims who she personally addressed in the bald headed row. Bren is a wonder with the piano and the success of the performance which he put on after only a week's rehearsals shows that he is a director of rare attainments.

The performance concludes with a side-splitting rendition of the Salome dance by Signor Ernest Landolfi, whose interpretation of the celebrated spectacle has Gertrude Hoffman backed up on the boards. The police, taken by surprise, were unable to interfere, and as a result some in the audience were so weakened by laughter that they had to be carried from the theater.

There will be a matinee this afternoon at which children are especially desired to be present and another performance tonight. Both will see the theater filled to the doors for the production to undertake the best

city. Twenty-five cents is the price for the children's matinee, for those under 16.

POPULAR YOUNG COUPLE UNITED IN MARRIAGE

Miss Pauline M. Schneider Becomes Bride of Mr. Harry D. Shoup.

A very pretty wedding occurred at the Immaculate Conception church yesterday morning when Miss Pauline M. Schneider and Mr. Harry D. Shoup, both well known and popular young people of this city, were married, the ceremony being performed by the Rev. A. M. Mandalari, S. J., during the celebration of low mass. The bride was handsomely gowned in white satin and carried a huge bouquet of white carnations. The groom was attired in conventional black. Mr. Burton Donnelly acted as best man and Mrs. Donnelly, a sister of the groom, was maid of honor. The ceremony was witnessed by nearly two hundred friends and relatives of the contracting party.

A reception to the newly married couple was held at the home of the bride's parents, Mr. and Mrs. George J. Schneider, 528 North Third street, from 3 to 6 yesterday afternoon. Mr. and Mrs. Shoup were the recipients of numerous congratulations during the day and were also presented with many beautiful and costly wedding presents, indicating in a substantial and appropriate manner the esteem in which they are held by their many friends.

Both the bride and groom are very well known in Albuquerque, having lived here practically all their lives. Mr. and Mrs. Shoup will make their home in this city, where the groom holds a responsible position with the Water Supply company.

Recitation, "Little Paul's Thanksgiving." Recitation, "Pumpkin Pie." Recitation, "The Country Boy." Chorus by class, Hymn of Praise.

The Indian School. Thanksgiving will be celebrated at the Indian school at 8 o'clock tonight with a splendid program, participated in by the pupils of the lower grades, assisted by the Indian school orchestra. An elaborate course dinner, with turkey and all the trimmings will be served at the school at noon today and there will be a football game between the Indian school and the Manual school boys this afternoon. The day will be pretty well filled with events for the wards of Uncle Sam, who always manage to enjoy a holiday to the fullest extent possible. The program for this evening follows: Song, "America," by the school. Address of welcome, Edith Romero. Recitation, "The First Thanksgiving." Rose Moody. Harvest song, by the kindergarten. ROAST PIG FOR PRISONERS AT COUNTY JAIL

Sheriff Romero Does the Handsome Thing and a Fancy Bill of Fare Will Be Served at the Hotel Bernalillo Today.

Jesus Romero, high sheriff of the county of Bernalillo, always has more or less sympathy for the under dog, and to prove it he is going to do the handsome thing by the prisoners in the Bernalillo county jail today, Thanksgiving day. An elaborate and bountiful dinner will be served to the prisoners, the place of resort to be a whole, complete and entire pig roasted with all the trimmings. The rest of the bill of fare will include the following, it is said: Blue Points—New York No-accounts Celery Radishes pickles Bouillon Roast pig with Apple Sauce Squash Sweet Potatoes Turnips Scalloped Oysters Capon Quail on Toast Irish Potatoes Scotch Potatoes Cream Gravy Mushrooms Cauliflower Asparagus Drayn Butter Beans Lobster Salad, Mayonnaise Dressing Pumpkin Pie Mince Pie Plum Pudding Hard Sauce Ice Cream Punch, Creme de Menthe Roquefort Cheese Chile Enchiladas Hot Tamales Crackers Cafe Noir Cigars

KNOX HOME BROKEN INTO BY BURGLARS

Philadelphia, Nov. 24.—So far as can be learned nothing of great value was taken from the home of Secretary of State Philander C. Knox at Valley Forge, when it was broken into by burglars last Thursday night. Mr. Knox was informed of the affair but did not consider it important enough to make a personal investigation.

Embazzler Sentenced. Portland, Ore., Nov. 24.—C. A. Straus, former cashier of the Portland postoffice, convicted of embezzlement was sentenced today by Federal Judge Welverton to serve eighteen months in the county jail and to pay a fine of \$4,915.

OWES HER LIFE TO LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound."

Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."

—Mrs. EMMA WHEATON, Vienna, W. Va. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

HUGE QUANTITY OF GOOD THINGS FOR NEEDY

BENEVOLENT SOCIETY DOES SPLendid WORK

Wagon Loads of Thanksgiving Cheer Distributed; Fire Department Boys Do Yeoman Service.

After a very strenuous day all day yesterday at fire headquarters in the Korber building, the ladies of the Non-Sectarian Benevolent society and their assistants were rather tired last night, but satisfied that they had been the instruments of bringing good cheer for Thanksgiving day to nearly fifty needy families in this city. Hundreds of packages were prepared and sent out during the day including every kind of good things to eat, provisions and clothing, the receipts, thanks to the generosity of the people of the city, being plentiful in quantity to satisfy all needs. It was a happy day for a great many boys and girls and older folks who had not looked forward to anything worthy of mention on the Day of Thanks and it was the most successful Thanksgiving charity the ladies have ever accomplished. The contributions brought by the school children to the ward schools were extremely generous and every where the ladies received a most cordial response to their appeal for donations. The ladies of the association express themselves as highly appreciative of the kindly sympathies and assistance of the members of the city fire department, in whose quarters yesterday they assembled to arrange and send out Thanksgiving offerings to the needy. The firemen ran errands, found boxes, bags and baskets, helped in the packing thereof, wrote addresses on cards which they then tacked on the boxes, and, altogether, in ways too numerous to mention, lightened the labors of the day so that they were much less burdensome than on any previous similar occasion.

"WHERE QUALITY MEETS PRICE"

FINANCE AND COMMERCE

Wall Street.

New York, Nov. 24.—The contrast of the wide movements in opposite directions of a few stocks today did not conceal the unsettledness in the speculative sentiment over the issues presented in the Standard Oil case. A feature was the alteration in the attitude of corporation authorities toward the policy of moving for repeal or modification of the Sherman anti-trust law.

This change was accompanied by information from Washington that the views of the administration regarding changes in the law had been modified in favor of the Standard Oil decisions. It was asserted that so effective a weapon against the power of the corporations was disclosed in the decision that a determined and effective opposition would be offered to any effort to change it.

Large speculative activity centered in the copper stocks and fears that the proposed consolidation of copper producers would be prevented by the Sherman law, caused selling pressure to be resumed in that group.

The extreme depression shown by the announcement of subscription rights for stockholders to the new stock at par, the subscription rights were dealt in, in the outside markets at six to five and a fraction.

This seemed only to increase the pressure to sell the present stock to secure resources for securing the new stock at par. Reading resumed its function of supporting factor against the tone of depression elsewhere in the market.

The buying of the stock was considered and said to come from banking interests connected with the company. The strong showing made by Southern Pacific in its annual report made that stock in demand and gave it a period of strength. Wabash preferred reacted sharply from yesterday's advance, owing to the disbelief in the rumor of a merger with the Delaware, Lackawanna & Western. Closing stocks:

The Metals.
New York, Nov. 24.—The market for standard copper on the New York metal exchange was weak again today, with spot and all deliveries up to the first of next March closing at \$13.00 to \$13.37 1/2. London closed strong, covering part of an opening decline with spot quoted at 15s. 2d. 6d. and futures at 16s. 5d. Local dealers report the situation is still unsettled with prices more or less nominal. Lake is quoted at \$12.25 to \$13.75. Electrolytic at \$12.00 to \$13.50 and casting at \$12.87 to \$13.37 1/2.

St. Louis Wool.
St. Louis, Nov. 24.—Wool dull. Mediums grades, combing and clothing, 24 1/2 to 26; light fine, 26 to 27; heavy fine, 14 to 22; tub washed, 24 to 28.

Chicago Board of Trade.
Chicago, Nov. 24.—Profit taking in the December delivery offset to some extent the effect of unfavorable crop reports from Argentina and light primary receipts in this country and caused considerable weakness at times. Provisions closed firm. The wheat market closed with December at \$1.08 1/2 to 1/4 and May at \$1.08 1/2 to 1/4.

The corn market closed unchanged to a shade higher.
The oats market also closed a shade higher.
The board of trade will be closed tomorrow.

ALL LAND NEEDS IS WATER SAYS CHADWICK WHILE IN KANSAS CITY

The Kansas City Drivers' Telegram has the following interview with a well known sheep commission man of this city whose first name by the way is Chadwick:

At Chadwick of Magdalena, N. M., thinks the day will come when the great desert wastes of that part of the country will be converted into farms of some kind. Mr. Chadwick is interested in the sheep business, extensively. He operates in several localities in the west central part of the territory. In that part of the country where he handles sheep no attempt is made at farming, even in the valleys, as there is no irrigation plant. "We have the great deserts out there," he said, "Now any person who looks upon those deserts naturally wonders what they were intended for. A dreary waste, covered with sage brush and cactus. A glance at the soil would bring another astonishment, and the stranger would say that such looking soil had no fertility in it, and would not raise any thing. But that is a mistake. As poor looking as that soil is, it is fertile and all it lacks is moisture. While there is snow on the mountains around those deserts all the year around, it snows but little down in the plains. And when the sheep herders and stockmen see a good snow fall in the desert they rejoice, as that is the only way they have of getting moisture for their sheep. I believe that the day will come when the government will extend these bounding deserts, and put life and prosperity into them by erecting reservoirs, and sinking wells so as to get the required moisture. When that is done there will be some of the richest farming land in the world. All kinds of crops will be raised, and such land will bring \$100 or more an acre readily. Today it is worthless. That is indeed a big and wonderful country."

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all druggists.

FIVE MILES OF CANAL NOW OPEN FOR TRAFFIC

Washington, Nov. 24.—Five miles of the Panama canal have been opened to navigation. This includes the channel from the point in the bay of Panama. Steamships plying between San Francisco and Panama and the west coast ports of South America and Panama are using this part of the canal daily. Should the Buffalo go to Panama, for marines to be transferred to Nicaragua, this part of the canal would be utilized.

Group is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all druggists.

Probate Clerk A. E. Walker and force will enjoy a half holiday today and the probate office will close at 12 o'clock noon.

The Swastika Sheep and Land company, with ranches forty-five miles west of Albuquerque, recently shipped seven hundred choice lambs to Alma, Kan.

The benefit dance to be given by the Albuquerque Grays baseball team in the Elks' hall room tonight promises to be quite an enjoyable event. A six-piece orchestra will furnish the music.

R. A. Horton and wife of Manson, Iowa, has arrived in the city to spend the winter with their daughter, Miss Margie Horton, who is employed in the offices of the cattle sanitary board in this city.

The Baptist Young People's union will hold a social this evening at the residence of Dr. S. L. Burton, 616 South Walter street. All friends of the society are cordially invited to be present.

Frederick Padilla, arrested Tuesday night, suspected of having swiped a bundle of shingles, will probably be released today. Frederick is unable to tell exactly where he got the shingles, but the police department has been unable to supply that information either, and the indications are that the prisoner will go free.

T. J. Duffy and A. Bouton, two practical hat makers, who have conducted a hat manufacturing and renovating establishment on West Central avenue for several months past, left last night for Fort Worth, Texas, where they will engage in the hat cleaning business. Both gentlemen are excellent workmen and have made quite a reputation for themselves during their stay in Albuquerque.

The case of the territory versus Pedro Zamora, indicted for assault with a deadly weapon upon Sario Armijo on September 5 last, went to the jury at 2 o'clock yesterday afternoon. At 6 o'clock the jurors reported to the court that they were unable to agree on a verdict. The court instructed them to return to the jury room and reconsider the case. At a late hour last night the jury had not agreed on a verdict and will probably make a further report to Judge Ira A. Abbott this morning. Other than hearing what the jury in the Zamora case has to report, there will be no business before the court today on account of the holiday.

The funeral of the late Wayne Clarence Elliott, the Santa Fe fireman, who died Monday as the result of an unfortunate accident at Swanee, occurred from French and Lowber's chapel yesterday afternoon and was attended by a large number of sorrowing friends and relatives. The services at the chapel were conducted by Rev. W. J. Marsh of the Congregational church, who delivered a touching tribute to the life and character of the dead fireman. The funeral was attended in a body by Highland lodge No. 467, Brotherhood of Locomotive Firemen and Engineers, which organization conducted impressive services at the grave in Fairview cemetery, where the remains were laid to rest.

LOS ANGELES MERCHANTS ENDORSE SAN DIEGO SHOW

Los Angeles, Nov. 24.—The Panama-California exposition to be held in San Diego in 1915 was given the unqualified endorsement of the Los Angeles chamber of commerce after a prolonged discussion of the subject today. D. C. Collier, director-general of the enterprise, was called upon to outline the financial plan of the exposition, and directors of the chamber of commerce supported his declarations by advising that the whole of southern California be represented in organizing the project and carrying out its plans.

INDIANS JAILED FOR VIOLATING SCHOOL LAW

Three Isletas Arrested Yesterday Charged With Refusing to Send Their Children to Be Educated.

The first action to be taken in the territory in an effort to compel Indians to obey the law passed at the last legislature requiring parents to send their children to school, occurred yesterday afternoon when four Isletas Indians were brought to Albuquerque from the Isleta pueblo south of the city and placed in the county jail, where they will remain until arraigned before the court. The arrest of the Indians resulted from indictments returned against them by the grand jury some weeks ago.

The quartet consisted of four well known braves of the Isleta pueblo, Pascual Lucero, Pablo Iron, Desidero Abieta and Rujina Jolaja. The Pueblos were arrested by a deputy sheriff yesterday morning, following their return from a deer hunt in the mountains. Several Mexican people were arrested recently for alleged violation of the compulsory education law, but the warrants served on the Indians yesterday represent the first action taken against the red men in an effort to enforce the statute.

PREPARATIONS FOR CLUB BAZAR ARE ELABORATE

Committees of Woman's Organization Are Busy Getting Ready for Event to Be Held Tuesday.

The members of the Woman's club of Albuquerque are busily engaged in making preparations for the elaborate bazar which is to be held at the club rooms on West Gold avenue Tuesday afternoon and evening, a bazar which promises to be a gorgeously successful affair and which will be hereafter an annual autumn event at the club. There will be no club meeting Friday of this week, the bazar having been postponed until Tuesday. The following are the committees who will make the bazar a success:

Refreshment committee—Mrs. E. H. Dunbar, Mrs. Abbott, Mrs. Ware. Home cooking committee—Mrs. W. W. Strong, Mrs. A. W. Anson, Mrs. Maynard. Apron committee—Mrs. C. H. Conner, Mrs. Booth, Mrs. Canfield. Candy committee—Mrs. Ross, Mrs. D. A. Macpherson, Mrs. R. H. Collier. Fancy work committee—Miss Chapman, Mrs. Baca, Mrs. Barth.

NEW YORK TRIO TO GIVE MUSICAL EVE ON FRIDAY NIGHT

The New York Trio a well known and very talented musical organization has been secured to give an entertainment at the local Santa Fe reading rooms Friday evening, Nov. 26. This organization consists of Kathryn Rogers, soprano; Gail Hamilton, alto; and Anna Blanche Foster, pianist. Superintendent Russer says of this attraction: "These people started on this trip two years ago and should be in first-class preparation to render the greatest work we have had on the line. They have had sufficient anticipation to make their participation very rare enjoyment on their own part, and certainly most rare on the part of the employees."

THANKSGIVING

The first Thanksgiving in America was ordered by Governor Bradford, of the Plymouth colony in 1621, and was set aside as a day of praise and prayer after the Pilgrim fathers' first harvest. It was ever after observed by the New England states and gradually grew into favor all over the country. It has been a national institution since 1863.

We are glad to lay aside our business affairs and with a whole nation observe this day for the bountiful harvest given by merciful Providence, and then we look forward to the promise of another season of business revival. Surely we should all forget our grievances, for this day at least, and see only the golden lining. Not how much more grief, oh, Lord! but how much we have to be thankful for.

EXPRESS CAR ON NUMBER EIGHT IS BURNED

Blazing Car Cut Out of Passenger Train; No Water Available and Nothing Is Left But Cinders.

The express car in east bound train No. 8, the Chicago and Kansas City express on the Santa Fe, burned to a crisp with most of its contents at Adama station in Arizona Tuesday afternoon. How the car caught fire has not been explained. The blaze was discovered when the train was running at a fair clip several miles west of Adama, and there was nothing to do but run against fate to the station, where the car was hurriedly cut out and placed on a siding just in time to save the rest of the train. As there was no water available at Adama there was nothing to do but allow the fire to burn itself out.

The car, one of the heavy steel under-frame cars, was totally destroyed, all but the metal, and most of the contents were also burned. The loss on express matter is not known but one of these cars is itself worth between \$7,000 and \$10,000, so the loss is fairly heavy. Number 8 was delayed and did not arrive here until 10 p. m. Tuesday night as a result of the accident.

SAY COLLECTORSHIP BELONGS HERE

New Mexico Organization Claims That El Paso Customs Job is Properly a New Mexico Appointment.

That a strong effort will be made by the politicians of New Mexico to have President Taft take the ground taken by President Roosevelt—that the El Paso customs collectorship is a New Mexico appointment—is apparent, according to a Santa Fe dispatch to the El Paso Herald, which says:

Gov. Curry, who has just returned from his trip through the territory with the senatorial committee on irrigation, and who was with General Viljoen on the trip part of the way, declares that he believes the general will be given the appointment. Gov. Curry says that Texas has several other customs collectors and New Mexico has none, although the El Paso office administers the affairs of New Mexico territory in customs matters. Arizona has a collector of customs, he says, and with Texas having so many appointments of this kind and New Mexico none, he thinks it only fair to New Mexico that the El Paso office be considered a New Mexico office.

"The customs office at El Paso," says Mr. Curry, "only administers the law for one county in Texas, while it covers the entire territory of New Mexico. It is true the office is in Texas, but it should be a New Mexico appointment and I believe most El Pasoans will and do recognize the justice of this."

El Paso Chamber of Commerce. The fact that National Committee-man Solomon Lane is working to this end in Washington while there on the governorship matter, is admitted by Mr. Curry and others in position to know.

The New Mexicans are understood to be using as material in Washington, the fact that the Chamber of Commerce at El Paso has not endorsed Mr. Sharpe for the office, although it has endorsed Burton Parker in his aspirations for appointment as assistant secretary of the treasury and has also endorsed the application of Col. J. F. Huston at Fort Bliss for a brigadier generalship. If El Pasoans do not wish to see the collectorship taken away from them, they

might take the hint and take this much material out of the hands of the New Mexicans by at once getting the Chamber of Commerce to endorse Mr. Sharpe. It is even stated boldly here that the El Paso Chamber of Commerce is ready to endorse Viljoen, but New Mexicans who know the loyalty of El Pasoans one to another can hardly believe this.

Roosevelt's Policy.

The New Mexicans say that it is the policy of Mr. Taft to carry out as many Rooseveltian plans as possible and that Mr. Taft is thoroughly acquainted with Mr. Roosevelt's idea that the El Paso office should go to New Mexico. "Roosevelt only turned the New Mexicans down the last time by appointing Mr. Sharpe as a rebuke to the then customs collector," said a politician today, "and he informed the New Mexicans that if they had come forward with a candidate whom he could have named, he would have continued to hold that the El Paso office was a New Mexico appointment."

That Texas will not give up the appointment without a fight is certain. Cecil Lyon, state republican chairman for Texas, has made most emphatic protests to the authorities at Washington against giving the job to a New Mexican and will insist that the president name the man the El Paso republicans endorse for the place, which is the present collector, Mr. Sharpe, whose record is said to be splendid with the department.

No Fight on Sharpe.

The New Mexicans are making no fight on Mr. Sharpe personally. They admit that he has a good record and has made a good collector. It is merely that they do not want to see any Texan get the job that they are fighting and the decision will rest upon whether the president considers it a Texas or New Mexico job. If Cecil Lyon wins and it is held to be a Texas appointment, Mr. Sharpe will serve another four years when his term expires on January 1. If it is held to be a New Mexico position, Gen. Viljoen will get the job. A decision is expected in a short time, but hardly till congress opens, when Mr. Lyon will come on here to look after the interests of his state.
