# SANTA FE NEW MEXICAN

VOL. 50

SANTA FE, NEW MEXICO, TUESDAY, JULY 15, 1913.

NO. 129

## LOBBY HEARING FINDS BLACK LIST

MULHALL IDENTIFIES LIST OF CONGRESSMEN AS A BLACK LIST PREPARED BY FORMER CONGRESSMAN WATSON.

## OTHER SENSATIONAL TESTIMONY PRODUCED

Washington, D. C., July 15.—Senator Reed introduced a memorandum at the lobby committee investigation today which Mulhall said was a "blacklist" of congressmen. Mulhall thought it had been prepared by former Representative Watson.

It follows: "Watson—Here's a list for you to knock out: Candler, Mississippi; Hamlin, Missouri; Danforth, New York; Payne, New York; Lever, South Carolina; Graham, Illinois; Lebeck, Nebraska; Beall, Texas; Stephens, John P., Texas; Bowman, C. C., Pennsylvania; Lloyd, Missouri; Clark, Missouri; Humphreys, Mississippi; Carter, Oklahoma; Brantley, Georgia; Hull, Tennessee; Bulkeley, Ohio; Burgess, Texas; Townor, Iowa; Koch, Pennsylvania; Gardner, Massachusetts; Henry George, Jr., New York; Henry, R. L., Texas; Hinds, Maine; Linderbergh, Minnesota; Rees, R. Kansas; Reilly, T. L., Connecticut; Foster, Vermont."

Before the senate lobby committee resumed taking testimony today Chairman Overman went to the White House to confer with President Wilson. He declined to say what he had discussed with the president.

Sensor Reed started Martin M. Mulhall's testimony today on a letter to Mulhall from Dr. G. Langtry Crockett, of Thomaston, Maine, dated July 4, 1913. Crockett was one of the men who worked with Mulhall in the fight to re-elect former Congressman Littlefield. The doctor's letter was in part: "I have just read your confession in the New York World. I believe it all excepting your statement that you are doing it for the good of humanity. This humanity business of yours I cannot swallow. Whether you do any good or not time alone can tell; but you surely have kicked up a stink in this neck of the woods. I hope you are getting a good thing out of this for you surely have daubed yourself."

"On the whole, the people down here believe it. I know it is true. Oliver Otis is clamoring for me to be taken to Washington and I hope you are getting a good thing out of it or are putting the knife into some of the pirates that did not like you. You and I know they were an ungrateful bunch."

"Now don't back down; stand by your colors. If you need me just call. I don't care if you sold my letters but if you just gave them away, it is mean of you. If you get enough out of it and need the price, why all right. Anyway we will not quarrel."

Fred C. Schwedman, secretary to President Van Cleve, wrote Mulhall on August 9, 1907: "There are some large things brewing and there is every indication that in our tariff campaign we have with us the majority of the Republican leading congressmen and senators and men higher up than that too."

Schwedman wrote Mulhall on September 5, 1907, bringing in the name of Mr. Taft, then secretary of war.

"You saw, of course, where Secretary Taft referred to the National Association of Manufacturers at great length in his Columbus address. If we succeeded in getting the council plans thoroughly established then our power for good will grow right along. Next year during the presidential campaign we will be a factor of national importance that cannot be overlooked."

"In the days of Cushing," testified Mulhall on another point, "there were never any books—and there never was any designation by name. We all had numbers. I was eleven, Littlefield was nine and Sherman was eight." Senator Reed wanted to know about the association's tariff and reciprocity activities.

"The National Association of Manufacturers, created and solely created the tariff commission," declared Mulhall.

Schwedman wrote Mulhall on October 5, 1907, of "certain work which Mr. Brownell is doing unearthing the connection between Gompers and the national Democratic campaign committee."

"Who was Brownell?" asked Senator Nelson.

## CROSBY MAY BE GOVERNOR OF PHILIPPINES

Washington, D. C., July 15.—Oscar Terry Crosby, president of several public utility corporations, at Wilmington, Del., Chester, Pa., and Trenton, N. J., is being considered by President Wilson for governor general of the Philippines. Unless present plans are changed, his nomination probably will go to the senate this week.

Mr. Crosby's home is at Warrenton, Va., though he was born in Louisiana. He is an electrical engineer by profession. Was graduated from West Point in 1882 and resigned from the army after several years service in the corps of engineers. Mr. Crosby's interest in world affairs and particularly those of the Orient, which is believed to have been considered by the president as one of his qualifications, led him in 1900 to explore portions of Abyssinia and the Sudan and in 1903 portions of Turkistan and Tibet.

## SULZER IGNORES REQUESTS FOR DOCUMENTS

Albany, N. Y., July 15.—Governor Sulzer today curtly informed the Prewell legislative committee which is investigating various state department matters, that he would ignore any demand for the production of public documents unless in his own judgment the submission of such documents should be in the public interest. The committee has asked for certain papers connected with the investigation of state prisoners by George W. Blake, who was specially designated by the governor for that purpose. Some of those were produced and others withheld.

## JOE TINKER WILL GIVE HIS BLOOD TO SAVE WIFE

New York, July 15.—Joe Tinker, manager and shortstop of the Cincinnati team of the National League, played through today's game against the New York, with the knowledge that within forty-eight hours he probably would be in a Chicago hospital submitting to a transfusion of blood to his wife, who is seriously ill. Tinker expects to start west tomorrow, as physicians have informed him his wife's condition is so precarious that they have about decided that transfusion is necessary.

## ROOSEVELT'S ASSAILANT TRANSFERRED TO PRISON

Oshkosh, Wis., July 15.—John Schrank, who attempted to assassinate Theodore Roosevelt, October 12, last, probably will shortly be taken from the northern hospital for the insane to the state prison at Wausau. It is expected Schrank will be one of forty prisoners to be transferred to a new department of the prison.

## RUSSIA MAKES NEW CHINESE DEMANDS

## STARTLING TURN TAKEN BY AFFAIRS IN FAR EAST—CHINESE PARLIAMENT HAS BEEN CALLED TO CONSIDER DEMANDS.

Peking, China, July 15.—Russia today suddenly presented to the Chinese government new demands requiring recognition of the full autonomy of outer Mongolia, declaring China to be Suzerain only, binding China to accept Russian intermediation and recognizing all the rights conceded to Russia by the agreement and protocol, signed at Urga, the capital of Mongolia, on November 3, 1912.

Both houses of the Chinese parliament have been hastily summoned to consider the demands. Strong opposition to them is voiced by both Chinese and foreigners and great excitement prevails at the unexpected turn of events.

The agreement signed at Urga in November was as follows: "By an agreement signed on November 3, Russia undertakes to aid Mongolia and to maintain the autonomous government which she has established. She will support her right to maintain a national army and exclude both the presence of Chinese troops and the colonization of her territory by the Chinese. The Mongolian sovereign and the government will assure to Russian subjects and Russian commerce, as heretofore, a full enforcement of the rights and privileges enumerated in the protocol, no other foreign subjects in Mongolia being granted fuller rights than those of Russia."

The recently proposed agreement declared that Russia acknowledged outer Mongolia as Chinese territory, while China agreed that Mongolia was to have autonomy. The Peking government agreed not to send soldiers into outer Mongolia, which was to have its own army and police. Russia agreed not to send soldiers into Mongolia except as consular guards in accordance with the terms of previous treaties. She further agreed not to send colonists into Mongolia, but retained the extensive commercial privileges accorded in treaties with the head lama of Mongolia.

## PROTEST FILED AGAINST MR. HAYDEN

ARIZONA SENATOR PRESENTS PROTESTS FROM CALIFORNIA ALLEGING THAT HAYDEN ALSO IS FRIEND OF CAMINETTI FAMILY.

## HAYDEN GOES TO NATIONAL CAPITAL

Washington, D. C., July 15.—Vigorous protests against the retention of Thomas E. Hayden as a special prosecutor for the noted Diggs-Caminetti Abyssinia case in San Francisco were laid before Attorney General McReynolds today by Senator Ashurst at the request of several California Democrats. They allege among other things that Hayden is a friend of the Camineti family.

Later Senator Ashurst stated that one of the protests against the selection of Hayden was State Senator J. B. Benford, of California.

At the department of justice, Senator Ashurst took pains to say that he was not attacking Hayden personally, but only calling in question his experience as a prosecutor.

"I will examine the charges very carefully," said Attorney General McReynolds, "and if it is demonstrated that the special prosecutor is not the right man for the work, we will get somebody else."

## Hayden Goes to Washington.

San Francisco, Calif., July 15.—Thomas E. Hayden, nominated by the president to succeed United States District Attorney McNab here, was due to arrive in Washington today where, it was understood at his office, he had gone to consult Attorney General McReynolds on the Diggs-Caminetti cases.

Friends of Mr. Hayden said that the protest against his appointment came from disappointed candidates for the position to which he had been nominated and that an attempt to present the charges made had at first been made through Senator Works.

Mr. Hayden's office denied that he was in a position to be influenced by any friendship for the Camineti family.

The Diggs-Caminetti cases, around which the controversy revolves, were set today for trial in the United States district court August 5. The Western Fuel cases, delay in prosecuting which John L. McNab also gave as one of the reasons impelling his resignation, were set for August 26.

State Senator Sanford, named as one of those who oppose Hayden's appointment, is a member of the Democratic State Central committee, but the committee was not willing today to assume any responsibility for his individual attitude. Officials of both the state committee and the county committee of San Francisco took the position that they had not been considered in the appointment and that it would be indecorous for them to express opinions on its acceptability.

## Hayden Only Associate.

Washington, D. C., July 15.—Attorney General McReynolds late today explained that Mr. Sullivan was the government's leading counsel in the Camineti-Diggs case and that Mr. Hayden was an associate. In addition to protests from Senator Ashurst, the attorney general has received protests from California. While Mr. Hayden has been appointed an assistant counsel in the white slave case, and it has been reported that ultimately he might be appointed U. S. attorney at San Francisco to succeed McNab.

## HEAVY FIGHTING ON IN CHINA

## NORTHERN GOVERNMENT FORCES FIGHT WITH PROVINCIAL TROOPS.—NO ANTI-FOREIGN SENTIMENT NOTICEABLE YET.—AMERICAN SHIPS ON HAND.

Washington, D. C., July 15.—Two American warships, the gunboats Helena and Samar, are in the international fleet of Kiu Kiang, China, where heavy fighting is in progress between the northern government forces and the provincial troops of Kiangsi province. Today's dispatches to the state department say that the many foreigners at Kiu Kiang are on guard, but that no anti-foreign sentiment is believed to exist. The report from the American legation at Peking says the result of the fighting is as yet unknown. Road and telegraphic communication to Kuling, the summer resort for foreigners in central China, is interrupted.

The troops in Kiangsi province are said to have been the aggressors. The movement is headed by the former military governor of Kiangsi, who was recently removed from office and who has as allies General Huang Hsing, one of the leaders of the nationalist or southern party, and the president of the national senate.

## BRISTOW HANDS ONE TO MR. BRYAN

PRESENTS RESOLUTION ASKING THAT SALARY OF \$12,000 BE INCREASED SO THAT BRYAN WILL NOT HAVE TO LECTURE TO MAKE A LIVING.

## DEMOCRATS OPPOSE CONSIDERATION TO-DAY

Washington, D. C., July 15.—Senator Bristow introduced a resolution today aimed at Secretary Bryan's recent statement that he was obliged to go on a lecture tour because of an insufficient official salary, calling on President Wilson to report what salary would be sufficient to enable Mr. Bryan to remain permanently at his post. Objection of Democratic senators prevented its immediate consideration.

The Bristow resolution called attention to Mr. Bryan's predecessors who served with salaries ranging from \$3,500 to \$8,000 and declared that "no one of them was compelled to neglect the duties of his office because of the meagerness of the salary."

It stated that the salary was increased to \$12,000 in 1911 but that the "great commoner who now occupies that office, has stated that the salary of \$1,000 a month is not sufficient to enable him to live comfortably and that he is compelled to neglect his duties and go on the lecture platform to earn a living."

Attention was called further to the Mexican, Japanese, British and other international questions before the state department which the resolution alleged, were not receiving full consideration.

It ended by requesting the president to give prompt attention to the matter and report to congress what salary would be sufficient so that congress could "relieve the country of the great loss it suffers in being deprived of the services" of the secretary of state during the time he may be on the lecture platform.

Reading of the resolution was greeted by broad smiles on the Republican side of the chamber. Senators Kern, Lewis and other Democrats were on their feet before it was concluded and objected to its consideration.

Under the rules of the senate it went over until the next session. Senator Williams, Democrat, who had not heard the introduction of the resolution, demanded to know who was responsible for it.

"In my weak way, I have tried to express my views of the existing situation," returned Mr. Bristow.

## A MAIL ORDER MARRIAGE IS CONSUMMATED

Pueblo, Colo., July 15.—A six months courtship by correspondence by parties who had never seen each other ended here this afternoon when Harry R. Coats of this city, and Miss Helen Lucille Hunt of Hillsboro, Texas, were married by Rev. Weyer, of the First Presbyterian church. Coats, who is 21 years old, is night clerk in the local postoffice. Six months ago he saw the picture of Miss Hunt in a number of newspapers after she had been voted the prettiest girl in Texas. She was a telephone operator aged 17 years. Coats was captivated by the pictures of the girl and wrote her a letter. Since that time they corresponded regularly. In response to his pleadings she agreed to come to Pueblo to marry him and arrived shortly before noon today.

## THE DAY IN CONGRESS.

Senate.  
In session at 2 p. m.  
Lobby investigating committee continued hearing Mulhall testimony.  
Finance committee Democrats approved Chairman Simmons tariff bill report which will be submitted Thursday.

House.  
Met at noon.  
Took up Newlands bill amending Erdman act for mediation and arbitration of differences between railroads and their employees.

## FOUR PROSTRATIONS AT LINCOLN, NEB.

Lincoln, Neb., July 15.—Four people were prostrated here yesterday when the heat reached the official high point for the year—106 degrees. The government thermometer on the street registered 110 degrees.

NOTICE.  
In view of the fact that the First Regiment Band will leave for the state encampment at Las Vegas tomorrow morning, it has been decided by the band members to give a mid-week concert tonight. Thus Santa Fe will not be without the regular concerts only on dates of July 21 and 22. Everybody turn out and hear the band concert.

## EUROPE WANTS TO KNOW U.S. ATTITUDE

WORLD POWER CALLS ATTENTION TO CHAOTIC CONDITIONS IN MEXICO, AND SAYS, WHAT ARE YOU GOING TO DO ABOUT IT?

## SITUATION TOO DELICATE, NO ONE WILL TALK

Washington, D. C., July 15.—One of the great European powers, through its diplomatic representative here, has called the attention of Secretary Bryan to the chaotic conditions in Mexico and the effect upon the welfare of its citizens there, with a polite inquiry as to what the United States proposes to do.

Whether the inquiry was part of a concerted movement on the part of European powers to bring the state department to a declaration of its purpose toward Mexico, did not develop today. Reports from the City of Mexico, however, would appear to warrant that conclusion. Until very recently President Wilson has attached little importance to rumors of outside influences being brought to bear to cause the United States to recognize the Huerta regime. It is beginning to be apparent now that there must be very soon some official declaration on the subject to reassure the European powers on the protection of their citizens and subjects against pecuniary loss by the continuance of present conditions. Failing, some officials fear that European powers may themselves take steps to restore peace.

## Bryan Won't Talk.

Secretary Bryan was asked today if any foreign power had made representations to him regarding the situation in Mexico. His reply was a flat declaration to discuss the situation in any way. The diplomatic circle here has its own ideas of which power the inquiry one is, but in the absence of announcement from the state department none of the diplomats will make any statement which could be quoted with authority. That one power has made inquiry, however, is known positively. No official of the state department will discuss the situation in view of Secretary Bryan's declaration to talk about it.

England May Be Power Referred To.  
London, July 15.—The statement from Mexico City regarding representations made to their respective governments by the European diplomats there on the subject of the position taken by the United States toward Mexico is officially confirmed.

The British foreign office, however, declines to discuss the matter or to express any opinion, on the ground that the subject is too delicate.

## American Ships on Guard.

Washington, D. C., July 15.—American warships continue to stand guard over American interests in Mexican gulf and Pacific ports. The battle ship South Carolina swings at anchor in the harbor at Tampico, and the battleships Minnesota and New Hampshire are at Vera Cruz. The Michigan and Louisiana arrived yesterday at Vera Cruz to relieve the Minnesota, which will return north.

On the Pacific side the cruiser Pittsburgh is at Guaymas and the Denver is at Topolobampo.

## Newspaper Ordered Closed.

Vera Cruz, Mex., July 15.—The military governor of Vera Cruz, Mexico, this morning ordered the closing of the offices of the daily newspapers, La Opinion and La Union, accused of fomenting revolutionary sentiment. No arrests were made.

## THOMAS FLAYS WALL STREET

COLORADO SENATOR DENOUNCES NEW YORK STOCK EXCHANGE IN SPEECH DEFENDING WILSON BILL OF CHARGE OF CAUSING PANIC OF 1913.

Washington, D. C., July 15.—Senator Thomas, Democrat, of Colorado, in a speech today defending the Wilson tariff bill of 1893 from responsibility for the panic which followed, charged former President Cleveland and the New York banks with conspiracy to precipitate a calamity to force repeal of the Sherman silver act.

Though denouncing the 1893 bill as "a most miserable pretense of tariff reform," he branded the New York stock exchange as the "most prolific gambling hell" of any age and the "Monte Carlo of American finance."

"It is the swindlers' paradise," he continued. "It is a huge vampire that sucks the blood from the arteries of industry. It is an unincorporated, irresponsible monstrosity beyond the pale of law. It is the anti-thesis of fair dealing and common honesty. It has sanctioned speculation. It is the most pernicious and corrupting influence in the land."

"If disaster, whose coming is now so freely predicted, shall overtake us in the near future, it will be caused

## RATES OUT OF EL PASO ARE ORDERED REDUCED

El Paso, Texas, July 15.—Orders received here from Washington today from the Interstate Commerce commission instruct the Santa Fe Railroad to reduce the rates on initiation hard products from El Paso to Albuquerque, New Mexico, from 57 cents per hundred to 32 cents and to other points in New Mexico accordingly.

An El Paso factory complained that the rate from Ft. Worth, Texas, to Albuquerque, over 700 miles, was only 59 1/2 cents, while the rate from El Paso to Albuquerque, 235 miles, was 57 cents. The Interstate Commerce commission declares the rates "unreasonable from El Paso, compared to the rate allowed from Fort Worth and Oklahoma City."

## CLOSE CALL ON A CAPSIZED FLYING BOAT

Chicago, Ill., July 15.—Harold McCormick's recently purchased hydro-aeroplane, driven by Max Lillie, an aviation instructor, turned over in Lake Michigan two miles from shore today when, in making a turn, one of the pontoons "stubbed" a wave. Lillie was thrown clear of the machine, and clung to it until rescued.

Lillie had been skinning over the lake for half an hour when the accident occurred. Mr. McCormick, a son-in-law of John D. Rockefeller, was not present, but scores of bathers along the beach witnessed the mishap.

## GREEKS ROUT BULGARIANS

Saloniki, July 15.—The Greek commander reports that Bulgarian troops fleeing before the advance of the Greeks yesterday, burned the village of Doxai, south of Drama on the railroad between that place and Kavala and massacred 500 of the inhabitants. Heavy fighting ensued as a result of which the Greeks occupied the town of Drama, 30 miles northeast of Serres. The Bulgarians fled in disorder, leaving 70 wagon loads of ammunition on the field.

## KOREAN CABINET MINISTER DRAWS SIX YEAR SENTENCE

Tai-Ku, Korea, July 15.—In sentencing to six years' imprisonment Baron Yun Chi Ho, a former Korean cabinet minister, and five other Koreans, charged with the attempted assassination of Governor General Terachi, the court of appeals found that the defendants secretly plotted in Seoul in 1910 to kill the governor general. As a measure of preparation, the judgment said, three of the defendants were dispatched to the province to recruit executives of the plot, but no assassins were found and hence the conspiracy failed.

## DIVORCES HER TITLED HUSBAND

LADY CORNWALLIS-WEST, AN AMERICAN GIRL WHO MARRIED A TITLED, FINDS THAT UNFAITHFULNESS IN HUSBAND OUTWEIGHS TITLED NAME, AND SHE DIVORCES HIM.

London, July 15.—A decree of divorce was granted today to Mrs. George Cornwallis-West, formerly Lady Randolph Churchill, a daughter of the late Leonard Jerome of New York. The decree (nisi) may be absolute in six months.

The grounds for granting the decree were statutory desertion and misconduct.

The hearing lasted only a few minutes. No mention was made of the name of the woman alleged to have been co-respondent.

Mrs. Cornwallis-West, counsel stated, never obeyed the order of the court decreeing the restitution of conjugal rights and this constituted desertion.

Mrs. Cornwallis-West formally corroborated counsel's statement regarding her husband's non-compliance with the restitution order.

She said her husband left her on December 23, 1912, and never returned. He had written her saying he never intended to return.

An inquiry agent testified that the respondent was with a woman not the petitioner in a London hotel in March, registered as Captain and Mrs. West. A chambermaid from the hotel testified to the occupation of a room by Mr. Cornwallis-West and a woman not the petitioner.

Mrs. Cornwallis-West gave her brief evidence in a collected manner and in a firm voice. She was dressed in a quiet, dark blue costume and black hat and stood on the witness stand apparently unmoved by the great crowd which had been attracted to the court by the case.

Mrs. Cornwallis-West will hereafter be known by her former name of Lady Churchill, according to a statement made by an inquiry agent.

## ERIE RAILROAD IGNORES NEW LAW

REFUSES TO ARBITRATE WITH UNION MEN JUST AS NEWLAND'S BILL, CREATING ARBITRATION BOARD, IS PASSED BY CONGRESS.

## DETAILS OF NEW ARBITRATION ACT

New York, July 15.—The status of the Erie railroad may be the first question demanding solution when proceedings are started under the proposed Newlands law looking to the arbitration of the demands of the conductors and trainmen against the eastern railroads. Erie officials said again today that they refused to be a party to any arbitration, and the union leaders contend that no road can be dealt with individually. This might deadlock the proceedings unless one or the other modified its stand, or some compromise were reached.

W. S. Carter, president of the Brotherhood of Firemen and Enginemen, met with a committee of that union today, to draw up a set of specifications in which it is alleged that the railroads may not in all respects have lived up to the terms of the recent award in the firemen's case.

This will be submitted to the conference committee tomorrow.

## Bill Passes Congress.

Washington, D. C., July 15.—The Newlands bill, revising the Erdman law to provide arbitration of wage disputes in a manner satisfactory to railroads and their employees passed the house today without a roll call and was hurried to the senate which was waiting to pass it for President Wilson's signature.

The senate passed the Newlands bill without a roll call and it was hurriedly prepared for transmission to the White House, where President Wilson was ready to sign it.

The house judiciary committee at an early meeting today agreed to the Newlands bill for attending the Erdman act in a manner satisfactory to the railroads and their employees. Chairman Clayton will call the bill up for passage when the house meets at noon.

Two amendments were determined on by the house judiciary committee. The senate was expected to accept them without delay.

One aims to make impossible any construction that would authorize courts by injunction or otherwise to compel an employer to labor. The other was to provide details for filling the awards with district courts.

In its perfected form the new law would furnish machinery expected to open up the possibilities of arbitration and federal mediation.

The new law would establish the United States board of mediation and conciliation to consist of a federal commissioner of mediation and conciliation and two other officials of the government to be designated by the president. This board could be appealed to intervene in a railroad labor dispute by either party and would first use its best efforts, by mediation and conciliation, to bring the disputants to an agreement. Failure would be followed by an attempt on the part of the board to "induce the parties to submit their controversy to arbitration" and in case of arbitration, special boards of either three or six mediators would be chosen by the railroads and the employees.

Arbitration under the new law would be undertaken only after a definite agreement had been made by both parties to abide by the decision of the arbitration board for a stated period.

Just how yesterday's White House conference was brought about became known today when officials there stated that Mrs. J. Borden Harriman of the New Industrial commission, had informed them that a strike was imminent unless an agreement on a board of mediation could be secured.

President Wilson and Secretary Wilson were communicated with by Secretary Tumulty and the conference subsequently was arranged with the help of Seth Low, president of the National City Federation.

## DENVER GRAND JURY WILL ADJOURN FRIDAY.

Denver, Colo., July 15.—After a three months session during which it has returned forty indictments, the Denver county grand jury today is ready for adjournment and it will be dismissed Friday morning after its report to Judge C. C. Butler. The next grand jury will be called in September in compliance with a law passed by the last general assembly, which provides that town and cities of 10,000 or more population must have two grand jury sessions a year.

## EXCESSIVE HEAT REPORTED IN IOWA.

Hancock, Iowa, July 15.—Yesterday's extreme heat claimed one victim in Hancock in the person of T. H. Berkshire, aged 74 one of the earliest residents of western Iowa.

### Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten It.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of child-birth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded, joyful anticipation.

Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with none of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses.

Write to Bradford Regulator Co., 131 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend today.

### DEMING IN THE JULY MAGAZINES

Deming, N. M., July 15.—Deming still comes in for a fair share of publicity in the July issues of the magazines. The Earth, a Santa Fe publication devoted to the interests of the southwest, and furnishing information every month to 50,000 subscribers, contains this month ten editorial references to Deming and the Mimbres valley. Under the caption of "Kingdom of the Pump" the development of the Mimbres Valley Alfalfa Farms company is described. Another editorial mentions the vast shipments of cattle from Deming. The prospecting for oil here furnishes text for further comment. Spaulding, the new town northwest of Deming is advertised to very favorably. "From Garden to Consumer" is reproduced from the Deming Graphic. The proposed enlargement of the Harvey house at Deming is recited. In a general comment upon the vast development of the Chino copper properties near Deming attention is called to the fact that the Mimbres valley farmer furnishes garden truck, dairy products, poultry, hay, etc. A story from the Deming Herald is reprinted giving an account of F. S. Deen's development of a home plot near Deming. Deming as an outfitting point for fishing expeditions to the Gila country is the text of pointed editorial mention. In addition to these favorable editorial comments, H. Eedichek, secretary of the Deming Chamber of commerce, has an illustrated article published therein detailing the great development now under way by the Homeplot company. Further than this, the Denver Field & Farm devotes its front page to a farming scene in the Mimbres valley, and describes the scene as follows in its editorial columns: "The picture on our front page this week shows a heavy crop from the first cutting ready for stacking. This picture was photographed on a farm two miles from Deming, N. M., which produces eight tons of alfalfa to the acre per season on land which as native soil a few years ago required 65 acres to carry a steer." Town Development, one of the Doubleday, Page publications, contains in the July issue an account of the activities of the Deming chamber of commerce, together with a half tone of the park well installed at the depot for exhibition purposes by that organization.

When Colonel Roosevelt, in company with his old friend, W. E. Holt, was shown the electric irrigation plant at the union station in Deming Friday, he declared that rain was usually pleasant, but like other pleasant things, unreliable. "When a farmer has this on his farm," said the colonel pointing to the abundant discharge of his water worries are over." The only difficulty the Deming boosters had in inducing him to view the exhibition plant was that he insisted on stopping and chucking every baby he saw under the chin and smiling benignly upon the mother. "I must see all these babies," said the colonel as he wedged his way through the crowd.

Washington Gardner, president of the National Children's Home society, and former congressman from Michigan, will visit his friend, W. E. Holt, for several days. He arrived Sunday. W. H. Strong, of Brewton, Ala., and Miss Dell Paulk, of Union Springs, Ala., arrived Friday afternoon, and will visit C. H. Paulk for some time. The baseball game between Deming and Santa Rita Friday afternoon resulted in a score of 15 to 3 in favor of the latter.

Catarrah Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients in curing catarrah. Send for testimonials, free.

### UNCLE SAM AS COAL MINER

AS WELL AS RAILROAD OPERATOR AND HANDLER OF OTHER FACILITIES—SENATOR POINDEXTER HAS BILL TO THAT EFFECT.

(By Gilson Gardner.)

Washington, D. C., July 15.—Senator Miles Poindexter, of Washington, is the author of a novel and very interesting plan embodied in a bill just introduced into the senate by which it is proposed that the United States government become a coal miner as well as the operator of railroads and other transportation facilities in Alaska.

The more unusual feature, however, in this proposed legislation is a carefully worked out co-operative plan by which employees of the government in the government coal mines would share with consumers of the coal the "profits" of government coal mining. This principle is also applied to the government transportation service.

Even more unusual is the feature of the bill for what might be called "regulated competition." The government does not propose a monopoly of the exploitation of Alaska. Private interests are invited to compete, and half of all the public coal lands are reserved for leasing to any private interests which desire to lease and operate them for terms of 50 years and in tracts not exceeding 2500 acres to any single interest. The government sets the standard for operation, however.

The bill provides elaborately for the manner in which labor shall be treated in the government mining and transportation service; for example, providing for an eight-hour day, a minimum wage, the prohibition of child labor, a workman's compensation and accident insurance plan, proper sanitation, housing and general living conditions, etc. All these things are guaranteed to employees who are to help Uncle Sam dig coal and operate his railroads and ships. It is also required that persons taking leases and proposing to compete with the government mines must duplicate all these conditions in their privately operated plants.

The next most interesting feature of this remarkably advanced legislation is that which specifies how and where the products shall be marketed. There is created what might be called a preferential market for government-mined coal. The government mining service is empowered to give preference in selling its coal to certain classes of consumers as follows: (1) the government railroads, (2) the U. S. navy and other government services, (3) schools and other public institutions, including municipalities, (4) domestic users of coal or ultimate consumers, (5) co-operative associations dealing with ultimate consumers, (6) commercial retailers, (7) wholesalers, (8) manufacturers and all other purchasers. The government is to establish distributing stations in Alaska and on the Pacific coast for disposing of its coal, which is to be conveyed to these stations by means of its own railroads and steamships.

The bill provides that the government's activities in all these directions must earn 5 per cent on the capital investment. The object of this is to pay interest on the bonds which are loaned to raise the money to start the work, and to furnish a sinking fund for the retirement of these bonds at maturity.

The prices of coal and transportation are to be fixed by agents appointed by the president. The president is also charged with the full responsibility for carrying out the provisions of the act, and is given power to appoint such agents as may be necessary to this end.

The most ingenious feature of the bill is no doubt that which provides for harmonizing the interests of the producer and the consumer. In elaborating the idea of sharing profits, the bill works out a plan by which it is provided that any surplus which is left over after paying the cost of operation and the interest charge, shall be divided between the employees of mines and transportation services, and the purchasers of coal or of transportation. The share going to the operatives is to be proportioned to the wages they receive and the share going to the consumers is in proportion to the amount paid by them for coal or transportation.

In explaining the provisions of the bill today, Senator Poindexter said: "The plan in this bill has been worked out with a great deal of care. It represents many weeks of consideration and research. I regard it as a distinctly workable plan."

"There has been a very proper demand that Alaskan resources be opened to use, and this bill provides for meeting that demand, but at the same time it provides assurance that there shall be no monopolistic exploitation by private interests. Private capital will still have a fair opportunity to go into Alaska coal mining if it wishes to but it must do so at a reasonable profit and without the brutal exploitation of labor. The purpose of the bill, as stated in the bill itself, is this: 'to provide transportation service and coal at the lowest price consistent with the maintenance of the welfare of all operatives at a high level, the stimulation of efficient service, and the maximum and at the same time most economical utilization of the fuel and other natural resources of Alaska.'

"Alaska's first and greatest need is transportation to develop her natural resources. The whole Pacific coast needs Alaskan coal and other products. Private monopoly either of transportation or resources is intolerable and cannot be permitted. But

### ECZEMA COVERED ENTIRE SCALP

Spread to Body, Limbs, Back and Ears. If Scratched Would Bleed and Smart. Cuticura Soap and Ointment Completely Cured

R. F. D. No. 2, Sunfield, Mich. — "I was troubled with eczema. It began with a sore on the top of the scalp, broke out as a pimple and grew larger until it was a large red spot with a crust or scab over it. This became larger finally covering the entire scalp and spread to different parts of the body, the limbs and back and in the ears. These sores grew larger gradually until some were as large as a quarter of a dollar."

"They would itch and if scratched they would bleed and smart. The clothing would irritate them at night when it was being removed causing them to itch and smart so I could not sleep. A watery fluid would run from them. My scalp became covered with a scab and when the hair was raised up it would raise this scale; the hair was coming out freely. My scalp and body itched all the time."

"After using Cuticura Soap and Ointment with two applications we could notice a great difference. My way of using the Cuticura Soap and Ointment was to apply the Ointment to the sores and all over the scalp, then after I would wash the sores and scalp with the Soap. In a month's time I was completely cured." (Signed) Mrs. Bertha Underwood, Jan. 3, 1913.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

public ownership of transportation and public coal mining in competition with private leasing under fair conditions will, in my judgment, solve this problem. Alaska is untouched; its great natural resources are in public ownership; there is opportunity for a new deal. My bill seeks to provide this new deal."

### BUTTERMILK WITH CHERRY HARMFUL

Pittsburg, Penn., July 15.—United States Attorney John H. Jordan, trust buster of note, matched his stomach against a buttermilk cocktail with a large white cherry in it, and lost. The ministrations of a physician were necessary, and he was taken home for the day. Mr. Jordan first ate some cherries.

"Naturally, after having such a splendid meal on fruit," explained Mr. Jordan, "I concluded that it would be the proper thing to top off the cherries with a nice fresh glass of buttermilk with a cherry in it."

### IT CURES WHILE YOU WALK

Use Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes. It instantly takes the sting out of corns, itching feet, ingrowing nails, and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. Ladies can wear shoes one size smaller after using it. It is a certain relief for sweating, callous and swollen, tender, aching feet. Try it today. Sold everywhere, 25c. Trial package FREE. Address, Allen S. Olmstead, Le Roy, N. Y.

### Insure Your Expenditures

You can insure yourself against fire, burglary, illness, accident and death, in fact, almost any calamity you can imagine. There are big companies that look after such matters for you and to whom you pay certain stipulated premiums.

You and your family can start a little insurance company of your own for the protection of your purse. In this way you will be both insurer and insured.

By buying THE NEW MEXICAN each day, and taking a few minutes' time to read the advertisements you can protect yourself against the loss occasioned by foolish buying. You and your family owe it to yourselves to make sure that every dollar spent is well spent.

There is no better way to do this than to familiarize yourself with the best articles manufactured and offered for sale in the leading shops. This information may be had by reading the advertising columns of THE SANTA FE NEW MEXICAN systematically and regularly.

## LIGHT

IN THESE DAYS OF MODERN METHODS, Electricity plays a most important part. The grandfather would be amazed at the radiance of the modern home—and why all this light? To make the home more homelike—to make the home the most pleasant spot on earth for father, mother and children. Good light that is easy on the eyes is very much to be desired.

## POWER

NOTHING IS QUITE SO CONVENIENT as to touch the button and your stove is ready to cook—your iron ready to use, your toaster ready for the hurried breakfast, your vacuum cleaner ready for the fray, your washer ready to cleanse, fan ready to cool the heated rooms. Electricity will do every thing for you. We furnish it at reasonable rates, day and night. Estimates and full information cheerfully given.

# ARTICLES OF INCORPORATION of the COMANCHE OIL & GAS COMPANY, State of New Mexico, State Corporation Commission. Certificate of Comparison. United States of America.

It is hereby Certified, that the annexed is a full, true and complete transcript of the Certificate of Incorporation of Comanche Oil & Gas Company (No. 7601.) with the endorsements thereon, as same appears on file and of record in the office of the State Corporation Commission.

In Testimony Whereof, the Chairman and Clerk of said Commission have hereunto set their hands and affixed the seal of said Commission, at the City of Santa Fe, on this Ninth day of July, A. D. 1913.

HUGH H. WILLIAMS, Chairman.  
EDWIN F. COARD, Clerk.  
(SEAL)

## COMANCHE OIL & GAS COMPANY. CERTIFICATE OF INCORPORATION.

ARTICLE I. The name of this corporation is COMANCHE OIL & GAS COMPANY.

ARTICLE II. The location of the principal office of the corporation in the State of New Mexico is Laughlin Building, in the City of Santa Fe, County of Santa Fe, in said State, which shall also be its registered office. The name of the agent of said corporation in said state, who is in charge of said principal office and upon whom process against this corporation may be served is FRANCIS C. WILSON.

ARTICLE III. The objects for which the corporation is established are:

To acquire by purchase or otherwise, to sell, lease, and otherwise dispose of, in any of the United States of America, or colonies or dependencies thereof, or in any other part of the world, lands, concessions, grants, rights, powers and privileges which may seem to the company capable of being turned to account.

To purchase, take on lease, or otherwise acquire any mines, mining rights and lands and any interest therein, and to explore, work, exercise, develop and turn to account the same; to quarry, smelt, refine, dress, amalgamate and prepare for market oil, gas, ore, metal and mineral substances of all kinds, and to carry on any other operations which may seem conducive to any of the company's objects; to buy, sell, manufacture and deal in oil, gas, minerals, plant, machinery, implements, conveniences, provisions and things capable of being used in connection with mining operations, or required by workmen and others employed by the company.

To construct, carry out, maintain, improve, manage, work, control and superintend any roads, ways, pipe lines, reservoirs, water courses, aqueducts, wharves, furnaces, mills, crushing works, hydraulic works, refineries, factories, warehouses, and other works and conveniences which may seem directly or indirectly conducive to any of the objects of the company.

To enter into, make, perform and carry out contracts of every kind, with any person, firm, association or corporation.

To purchase or otherwise acquire, to hold, sell, assign, transfer, mortgage, pledge, exchange or otherwise dispose of, and to guarantee, underwrite, register and transfer bonds, mortgages, debentures, obligations or shares of the capital stock of any corporation and to exercise while the owner thereof all the rights, powers and privileges, including the right to vote thereon, which natural persons being the owners of such stock and property, might, could or would exercise.

To the same extent as natural persons might or could do, to purchase or otherwise acquire, to hold, own, to mortgage, sell, convey or otherwise dispose of, without limit as to amount, within or without the State of New Mexico, real and personal property of every class and description.

To procure the company to be registered or recognized and to carry on its operations and business and to have and maintain one or more offices, and to hold, purchase, mortgage and convey real and personal property out of the State of New Mexico, and in any state or territory of the United States, and in any foreign country or place.

To do all and everything necessary, suitable or proper for the accomplishment of any of the purposes or attainment of any of the objects hereinbefore enumerated, or which shall at any time appear conducive or expedient for the protection or benefit of the company, and in general to engage in any and all lawful business whatever, necessary or convenient.

ARTICLE IV. The corporation shall be authorized to issue capital stock to the extent of Two Hundred and Fifty Thousand Dollars (\$250,000.00), divided into Two Hundred and Fifty Thousand (250,000) shares of the par value of One Dollar (\$1.00) each.

The amount of capital stock with which this company will commence business is Two Thousand Dollars (\$2,000.00), being Two Thousand (2,000) shares of the par value of One Dollar (\$1.00) each.

ARTICLE V. The names and post office addresses of the incorporators and the number of shares of stock for which severally and respectively the said incorporators do hereby subscribe are as follows:

CHARLES G. WILFONG, Forrest Building, Philadelphia, Penna., 800 shares.

ADDISON R. MAY, Forrest Building, Philadelphia, Penna., 800 shares.

DANIEL R. EVANS, Lafayette Building, Philadelphia, Penna., 400 shares.

Total, 2,000 shares.

ARTICLE VI. The duration of the corporation shall be for fifty years.

ARTICLE VII. In furtherance, and not in limitation of the powers conferred by the statute, the Board of Directors are expressly authorized:

To hold their meetings, to have one or more offices, and to keep the books of the company within or without the State of New Mexico, at such places

as may be from time to time designated by them; but the company shall always keep at its principal and registered office in New Mexico a transfer book in which the transfers of stock can be made, entered and registered, and also a book containing the names and addresses of the stockholders, and the number of shares held by them respectively, which shall be at all times during business hours open to the inspection of the stockholders in person.

To determine from time to time whether, and, if allowed, under what conditions and regulations the accounts and books of the company (other than the stock and transfer books) or any of them, shall be open to the inspection of the stockholders, and the stockholders' rights in this respect are and shall be restricted or limited accordingly.

To make, alter, amend and rescind the By-laws of the company, to fix the amount to be reserved as working capital, to fix the times for the declaration and payment of dividends, to authorize and cause to be executed mortgages and liens upon the real and personal property of the company, provided always, that a majority of the whole Board concur therein.

With the consent in writing, and pursuant also to the affirmative vote of the holders of a majority of the stock issued and outstanding, at a stockholders' meeting duly called for that purpose, to sell, assign, transfer or otherwise dispose of the property of the company as an entirety, provided always, that a majority of the whole Board concur therein.

By a resolution passed by a majority vote of the whole Board, under suitable provision of the By-laws, to designate two or more of their number to constitute an executive committee, which committee shall, for the time being, as provided in said resolution, or in the By-laws, have and exercise any, or all the powers of the Board of Directors which may be lawfully delegated in the management of the business and affairs of the company, and shall have power to authorize the seal of the company to be affixed to all papers which may require it.

The company may use and apply its surplus earnings or accumulated profits to the purchase or acquisition of property, and to the purchase or acquisition of its own capital stock from time to time, to such extent, and in such manner, and upon such terms as its Board of Directors shall determine; and neither the property nor the capital stock so purchased and acquired shall be regarded as profits for the purpose of declaration or payment of dividends, unless otherwise determined by a majority of the Board of Directors.

The corporation reserves the right to amend, alter or repeal any provision contained in this Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred on stockholders herein are granted subject to this reservation.

In accordance with "An Act to regulate the formation and government of corporations for mining, manufacturing, industrial and other pursuits," C. B. No. 58, approved March 15, 1905, for the purpose of forming a corporation, the undersigned have signed this certificate and affixed their seals here-to this 30th day of June, A. D. 1913.

OBEY THAT IMPULSE!  
Instead of enduring the daily torment of weak back, backache, sore kidneys, swollen joints and rheumatism, obey that impulse to take Foley's Kidney Pills. They co-operate with nature, which accounts for their success in all kidney and bladder disorders. They are healing, strengthening and tonic. Obey that impulse to-day and give them a chance to help you. The Capital Pharmacy.

English women are not as good looking as American women, for they lack animation and, besides, most of them, being more or less loyal subjects to Queen Mary, feel that they must follow her mode of dressing—and this style is of vintage of her illustrious grandmother-in-law, Queen Victoria.

There is a tradition that English women always have the finest complexions in the world, and so they have up to the age of forty; after that most of them have too much color. They grow red and mottled or yellow and parchment-like.

The young English girl of a good family shows breeding always, and the damp air keeps her skin beautiful. She is not afraid of rain or mist and she walks from five to twenty miles every day, rides and practically lives outdoors. She looks healthy and usually has red cheeks and white skin. Besides this, she has always with her a splendid skin beautifier and that is most equable temper and a splendid poise.

You did not know that would effect your skin?

The next time you get angry or give way to any other trying emotion examine your face in a magnifying mirror just afterward and you will see all sorts of changes. Anger will burn the skin up; grief will make it pale and lifeless, joy will paint in rose and

der that the Englishman with an eye for beauty goes over to America and picks up our fairest.

No man falls in love with a tramp, although he may want to make his wife over into one.

If the English girl would leave off about half her hair and comb it flat to her head as the average American girl nowadays does and wear her hats on her head instead of perched on top of her funny pompadour, she would look much prettier and much more stylish.

Here is the difference between English and American girls—American girls have a subtle fascination about them even when they are not beautiful. They always look "smart." They always look "smart." They always have an air of being "to the manner born," however.

And when one must do one's hair in the bath tub style and wear hats perched on top of it because Queen Mary wears her hair that way and makes her own hats after some forgotten Victoria formula it is no wonder

most care she is apt to wrinkle early. She never represses an emotion. This she calls "living."

Almost the first thing an English girl is taught is repression. I have often been called cold and lifeless by my girl admirers in America simply because my education in England was begun with repression, carried on with repression and ended when I went on the stage with repression.

An English woman of birth considers it bad taste to show her feelings. The "Lady Clara Vere de Vere" type is what every English girl strives for as much now as when Tennyson's "country-clod" told her "where she got off," to drop from poetry into the vernacular.

## THE WEATHER

There was a trace of rain yesterday and some clouds with showers in the vicinity of the city. The temperature only reached 86 at 4:20, and the lowest point was 59 at 1:50 a. m., making a daily average of 72 degrees or two degrees above the average for the past 41 years for July 14th.

The humidity averaged 40 per cent for the day. The low last night was 59 degrees and the low mark last night at the other stations was as follows:

Alamogordo, 72; Bismarck, 54; Boise, 48; Cheyenne, 58; Dodge City, 74; Durango, 58; Flagstaff, 56; Grand Junction, 70; Helena, 46; Kansas City, 78; Lander, 58; Los Angeles, 62; Modesto, 60; Phoenix, 80; Portland, 52; Pueblo, 66; Rapid City, 56; Roseburg, 50; Roswell, 68; Salt Lake City, 70; San Francisco, 52; Spokane, 48; Tonopah, 54; Winnemucca, 46.

Local Data.  
Highest temperature yesterday, 86.  
Highest temperature this date last year, 76.  
Lowest temperature this date last year, 55.

Extreme this date, 41 years' record, highest, 92 in 1881.

Forecast.  
For Santa Fe and vicinity: Generally fair and continued warm tonight and Wednesday.

For New Mexico: Tonight and Wednesday generally fair; not much change in temperature.

Conditions.  
The barometer remains low over the western slope of the Rockies and the Salt Lake basin, with a continuation of high temperatures in the southwest. Considerable cloudiness is present this morning, and showers have occurred over northern New Mexico, western Colorado and south east Wyoming. Over the Dakotas and the North Pacific the barometer has risen further, and fair weather prevails. Conditions favor a continuation of generally fair and warm weather in this section over Wednesday.

DON'T use a cough medicine containing opium or morphine. They constipate the bowels and do not cure, only stifle the cough. Examine the label and if the medicine contains these harmful opiates refuse it. Foley's Honey and Tar Compound contains no opiates, is healing and soothing. The Capital Pharmacy.

## ENGLISH GIRLS MAY BE WELL BRED, BUT THEY NEVER LOOK AS "SMART" AS OUR AMERICAN GIRLS. WRITES BILLIE BURKE FROM LONDON: AND, TOO, ENGLISH WOMEN ARE NOT AS GOOD LOOKING AS UNCLE SAM'S DAUGHTERS.

(By Billie Burke.)  
The Savoy, London, Eng., July 15.—(Of course, they are not!)

English women are not as good looking as American women, for they lack animation and, besides, most of them, being more or less loyal subjects to Queen Mary, feel that they must follow her mode of dressing—and this style is of vintage of her illustrious grandmother-in-law, Queen Victoria.

There is a tradition that English women always have the finest complexions in the world, and so they have up to the age of forty; after that most of them have too much color. They grow red and mottled or yellow and parchment-like.

The young English girl of a good family shows breeding always, and the damp air keeps her skin beautiful. She is not afraid of rain or mist and she walks from five to twenty miles every day, rides and practically lives outdoors. She looks healthy and usually has red cheeks and white skin. Besides this, she has always with her a splendid skin beautifier and that is most equable temper and a splendid poise.

You did not know that would effect your skin?

The next time you get angry or give way to any other trying emotion examine your face in a magnifying mirror just afterward and you will see all sorts of changes. Anger will burn the skin up; grief will make it pale and lifeless, joy will paint in rose and

der that the Englishman with an eye for beauty goes over to America and picks up our fairest.

No man falls in love with a tramp, although he may want to make his wife over into one.

If the English girl would leave off about half her hair and comb it flat to her head as the average American girl nowadays does and wear her hats on her head instead of perched on top of her funny pompadour, she would look much prettier and much more stylish.

Here is the difference between English and American girls—American girls have a subtle fascination about them even when they are not beautiful. They always look "smart." They always look "smart." They always have an air of being "to the manner born," however.

And when one must do one's hair in the bath tub style and wear hats perched on top of it because Queen Mary wears her hair that way and makes her own hats after some forgotten Victoria formula it is no wonder

most care she is apt to wrinkle early. She never represses an emotion. This she calls "living."

Almost the first thing an English girl is taught is repression. I have often been called cold and lifeless by my girl admirers in America simply because my education in England was begun with repression, carried on with repression and ended when I went on the stage with repression.

An English woman of birth considers it bad taste to show her feelings. The "Lady Clara Vere de Vere" type is what every English girl strives for as much now as when Tennyson's "country-clod" told her "where she got off," to drop from poetry into the vernacular.

## THE REASON FOR THE DEFEAT

CONGRESSMAN HINEBAUGH GIVES CAUSE  
FOR THE DEFEAT OF THE REPUBLICAN  
PARTY AND THE RISE OF PROGRES-  
SIVISM.

In an article about the Progressive party, in the July number of the Metropolitan Magazine, Congressman William Hinebaugh, of Illinois, says:

"The future of the Progressive party is assured. Its permanency is beyond question. Congressman Gardner, of Massachusetts, one of the Republican leaders of the house, in a speech which he made during the tariff debate in stating his reasons for the overthrow of his party, said:

"In the first place, we stubbornly resisted reasonable reforms. Why we did so is hard to say. We failed to move with the age. That was the head and front of our offending. The Republican chieftains could not adjust their views to modern schools of thought."

"In all local elections since the presidential election whereover a national issue or a party policy has been involved, the Progressive party has more than held its own, and this with our organization.

"It must be apparent to every thinking man that there can be no possibility of amalgamation between the Progressive and Republican parties. Oil and water will not mix. Men who are constitutionally conservative and men who are constitutionally progressive can find no common ground for legislative action.

"The conservative or reactionary members of the Republican party do not believe in the Income Tax Law. They are everlastingly opposed to the initiative, referendum and recall—they are not even willing to concede that the members of the Progressive party are sincere in their demands for legislation to procure social and industrial justice.

"They still believe the tariff and the trusts are the only issues in which the people are vitally interested. They cannot conceive how men can seriously contemplate using the machinery of government to reach down to the man in the ditch and help him to stand erect, in the knowledge that he is of great importance to society and the nation.

"The scales have not fallen from the eyes of these men, who for many years have believed that the highest purpose to which our government could be put was the conservation of the almighty dollar.

"These conservative men have seen no harm in the great corporations being represented by lobbyists in congress. It has never occurred to them that legislation should not be shaped by the privileged classes in whose interest it was to be enacted. "We do not challenge the sincerity of these men. We simply say they are asleep at the switch. The thunder of Progressive doctrine reverberating throughout the land has never reached their ears."

## THE TAOS ROAD IS BEING WORKED

The following communication received by the Chamber of Commerce is of interest to the citizens of Santa Fe and will be received with delight by the automobile owners. Good driving between Taos and Santa Fe has been long desired.

July 10, 1913.  
Secretary Chamber of Commerce,  
Santa Fe, N. M.

Dear Sir:

The Taos Commercial Club is glad to announce that the Taos County Road Board has just had all the high centers removed from the Santa Fe-Taos road from Velarde to Taos. Autoists need not fear the road on account of high centers now. The sand hill at Embudo is said to have been somewhat improved.

Very respectfully,  
WILLIAM MCKEAN,  
Secretary Pro Tem.

The agonizing discomfort and sense of suffocation that accompany hay fever and asthma may be greatly alleviated by the use of Foley's Honey and Tar Compound. It has a soothing effect on the mucous linings, and relieves the gasping and tickling sensation in the throat and bronchial tubes. The Capital Pharmacy.

## Whittemore's Shoe Polishes

## MILK WAGON HORSE IS THE TRACK SENSATION

NOTA PRIME, THE EX-MILK-WAGON HORSE, WITH HER OWNERS AND TRAINERS, THE WRIGHTS.

Having won \$15,000 on Half-Mile Tracks, Nota Prime, trained by Husband and Wife, Goes After Grand Circuit Stars.

It was the romance of a plow-horse, R. T. C., that was the talk of the grand circuit after the ex-plow-horse won the M. and M. at Detroit. This year a milk wagon horse bids fair to add a parallel to harness horse racing.

It even goes the plow-horse romance one better, for it was a woman who gave Nota Prime the training that enabled the mare to graduate from

the milk wagon to the race tracks. About four years ago Prime Wright, a Yankee farmer from Washington, Conn., and his wife Mrs. Nota Wright, invested \$125 in a likely looking colt. They named her Nota Prime—the combination of their own names. The principal duty of this colt was to haul milk three miles from the Wright farm to the depot. Mrs. Wright tried out the colt against other horses on the road. So did her husband, and Nota Prime beat everything in sight, even while hooked to the heavy milk wagon. A watch showed Nota Prime was doing the three miles in about

nine minutes. There was nothing left around Washington for Nota Prime to beat, so the Wrights decided to try her out on the neighboring half-mile tracks. She made good, and in September, 1911, they started to campaign her. In 1912 Nota Prime won 13 races on American half-mile tracks and five on Canadian tracks, netting close to \$15,000 for her owners. This year a relative has charge of the farm and Prime and Nota have their mare on the grand circuit, with every prospect of making good. She has a mark of 2:14 on half-mile tracks.

## GEORGE MULLIN BACK TO MINORS

New York, July 15.—George Mullin who for the past six weeks has been a member of the Washington club, was notified that waivers have been obtained and that two International League teams wanted him.

"I am sorry, George but I will have to let you go. I offer you a choice of cities and managers, Buffalo or Rochester, both of whom are willing to

take you off my hands," Griff said to the veteran flogger.

In one sense Mullin was not surprised. He admitted that he was not pitching the kind of ball that would warrant his retention in the major league and blamed himself for attempting to get rid of so much weight during the spring training season.

Griff purchased Mullin last May from the Detroit club at the waiver price, and George has won only four games since joining the Nationals. He has worked hard and conscientiously,

but for some reason or other his former cunning had deserted him and he was always hit hard.

Mullin was with the Detroit Tigers eleven years, during which time he helped them win two American League pennants.

The Washington players were surprised to hear the news, and Germany Schaefer, his roommate, is heartbroken who was one of the most popular players on the team.

Mullin had nothing to say regarding the matter last night. He did not know which of the International League clubs he cared to join, and plans to spend a few days with his family out in Indiana before casting his lot with the minors.

## RACE CALLED OFF BECAUSE PRIZE MONEY WITHDRAWN.

Muskegon, Mich., July 15.—The flying boat cruise from Chicago to Detroit has been called off by mutual agreement of the contestants according to Glenn L. Martin, who returned to Muskegon this afternoon from Penitwater. He said the committee in charge of the cruise had withdrawn the prize money.

At the aero club of Illinois it was said that the private committee which raised bonus money for the hydro-aeroplane racers did so on an understanding with the promoters that there would be approximately twenty entrants. Only eight responded, and what with one mishap and another, the field after many delays and accidents, narrowed down to Martin, Francis and Haven. Cities along the route of the flight who had promised financial aid were greatly disappointed, particularly when the machines fell behind their schedules and crowds gathered at the several water fronts only to find the waters of the lake quite innocent of flying craft.

## MORRIS-CUTLER BOUT AT CLOVIS TOMORROW.

Clovis, N. M., July 15.—The Carl Morris-Martyn Cutler ten-round heavy-weight bout, scheduled for Wednesday at the big open air arena here is already attracting crowds from all parts of west Texas, Oklahoma, southern Colorado and New Mexico, and this is expected to be one of the best fights that has ever been staged in the state.

A party with twenty motor cars came in from Texas points yesterday, and will remain over until after the fight. The Texas boys are counting heavily on Morris, as are also the fellows from the "Sooner" state, but Cutler is gaining as a favorite as the time for the fight draws near, with many.

Both men are on the ground and doing heavy work. Morris is doing daily hard cross-country practice. Both men are in the pink of condition. There will be two four-round preliminaries at the fight.

## CATTON VS. OATMAN ELECTRIFIES CROWD

Those who were fortunate enough to be present last evening at the billiard match between Marcus Catton and Manager Harry Oatman, the proprietor of the Montezuma Billiard rooms, were afforded an opportunity of getting a definite line on the class of billiards put up by ex-champion Billy Catton's son, who is now a full fledged Santa Fean.

Another Santa Fe man was to have played Catton, but was unable to be present so Catton agreed to play 150 to 75 with Harry Oatman, the proprietor. Catton was to run 150 without missing or count nothing, so one may judge what a hard proposition he was up against. He started off by running 96, then again 88, and again had 123 when he missed; this left him nothing, while in the meantime Oatman had run 74, and only needed one to win the game; then Catton displayed the wonderful speed which made his father famous, and getting the balls lined up ran 216, winning the game. It is a foregone conclusion that there is no talent in this burg that can compete with him, and he will have trouble in securing an opponent.

An exhibition of fancy shots and trick plays was then given, and the announcement was made that another match with E. C. Burke, the local expert, who defeated Catton in his first match, would be played next Monday night at 8 p. m.

The 1st of August a billiard tournament will be started, followed by a pocket-billiard tournament, which will include all the local players. Prizes will be hung up, and no entrance fee will be demanded.

### ARMY POLO MATCHES BEGIN AT WASHINGTON.

Washington, D. C., July 15.—The army inter-regimental polo matches, postponed once, will begin in Potomac park here today. Teams from the mounted service corps and the Fifth field artillery and an all-Washington team, will compete.

## COBB SUSPENDED INDEFINITELY YESTERDAY

Detroit, Mich., July 15.—A special dispatch from Chicago today said that President Ban Johnson, of the American league, had indefinitely suspended Ty Cobb, of the Detroit club, for language he used during an altercation with Umpire George Hildebrand in yesterday's game with Philadelphia. Officials of the local club said they had not heard of the suspension at 3 o'clock this afternoon.

In the ninth inning yesterday Umpire Hildebrand ruled that Cobb "trapped" a long low liner hit by Baker. Cobb protested and was ruled out of the game. He was later ordered into the club house.

Regarding the report that Tyrus Cobb, of the Detroit Club, had been indefinitely suspended, President Ban Johnson, of the American league, in New York, attending the dedication of Ebbets field, said that the report from the umpire regarding the trouble that Cobb had in yesterday's game had not been received; that he had heard nothing of the trouble and therefore had not suspended Cobb.

## STAHL QUITS AS MANAGER OF BOSTON TEAM

Chicago, Ill., July 15.—According to information derived from an authoritative source this afternoon, Manager Jake Stahl has severed his connection with the world's champion Boston Americans. Differences between the manager and James McAleer, of the Boston club, are given as the cause of Stahl's giving up his place. No manager, it is said has been selected in his place, but McAleer himself probably will direct the team temporarily. Catcher Bill Carrigan will be manager temporarily, it was learned last night.

### WILLIAMS IS FAVORITE IN BANTAM BOUT.

Los Angeles, Calif., July 15.—Johnny Williams, bantamweight of Baltimore, is a 2 to 1 favorite over Charles LeDoux, the French champion, in their 20 round battle here tonight. Both made the weight of 116 pounds without difficulty.

Williams and LeDoux fought a no-decision bout in Philadelphia several months ago.

### DEATH LIST OF WRECK INCREASED TO FOURTEEN.

Los Angeles, Calif., July 15.—Fourteen persons are dead as the result of the wreck at Vineyard station night before last, when two Pacific electric trains collided. Several others of the injured, whose number was declared to exceed 150, are in a precarious condition. Two bodies, those of a man and a woman, have not been identified.

## WALL STREET.

New York, July 15.—Although there was no well sustained demand for stocks, the trend was upwards during the morning. Trading, while still abnormally dull, was more active than yesterday. Operators said the firm tone of the market was due to the extent of the short interest, which is pronounced in some quarters to be the largest of the year. For the first time in several days Europe took an interest in this market. London and Berlin bought Canadian Pacific and Paris sold the low priced group of coppers. Despite the lagging tendency of the copper group, the general market held firm and in some instances early gains were increased some, by noon prices were at the best level of the day.

Canadian Pacific increased its gains to nearly two points. Bonds were steady.

Completion of the London buying left the market bare of orders and during the noon hour trading came virtually to a halt. The list maintained its firm tone however, and except in a few cases the morning's advances were fully retained.

Bear traders made efforts to scale down the slender gains of the principal stocks but were not able to muster a sufficient following to affect quoted values greatly. Reading was depressed to within a small fraction of yesterday's close, but otherwise the market stubbornly resisted such slight pressures was imposed by the limited offerings.

The market closed strong. In the late trading prices gradually worked upward and best figures of the day were reported in the final hour. A number of less active stocks participated with the leaders in the advance. American Tobacco gained 5 points, Third Avenue 2, Interborough net preferred, 1 3-8, and Western Maryland and Brooklyn Transit, 1. Smelling scored a complete recovery, following the attorney general's denial of the rumor that proceedings had been begun against the company.

Boston, Mass., July 15.—Inquiries for fine wools has been more marked during the past week while the wool business as a whole has been of fair volume compared with that of other weeks. Prices have continued firm with a slight tendency against the buyer.

Although no sales of special import have been reported the outlook for the market is considered more cheerful. Ohio fleeces have been in some demand, one lot sold amounting to 100,000 pounds of half and three-eighths blood which is understood to have brought the recent market rate of 24 cents. A general assortment of territory wools has moved out of dealers hands this week, principally new wools, including Utah's, Nevada's, Idaho's and Wyoming's.

## "AM I PRETTY?" SHE ASKS

SPECIAL CORRESPONDENT OF NEW MEXICAN VISITS AMERICA'S MOST BEAUTIFUL CHILD. AND GRANDMA WON'T LET HIM ANSWER THERESA'S QUESTION—WHY ARTISTS RAVE OVER LITTLE BEAUTY.

BEST PHOTOGRAPH OF THERESA MARIE BLITZ.

(By W. H. Alburn.)  
Topeka, Kan., July 15.—It is very interesting to visit Topeka, because here you may see the prettiest little girl in America.

I saw the "prettiest," because many American artists, many photographers and the cultured Artist League of Boston says Theresa Marie Blitz has the most perfect features and figure to be found anywhere.

She was also the winner in a contest with 2000 other child beauties, and as a prize she is going to have a tour of the country with her father and a free trip to Paris.

I called at Theresa's home, saw her and talked to her. In truth, she is very beautiful.

She has soft, wavy, dark brown hair and big, wistful, blue eyes. Her lips are rosy and delicately molded. Her features have the rare symmetry seldom found except in Greek statues. Her skin is fair, with a trace of pink showing through. Her ears are pink shells, her neck is like a fine bit of carved ivory and her little shoulders are lovely beyond the camera's power to show.

Hands, feet and all are just as beautiful.

Useful. The lines are incomparably graceful and the measurements, artists say, set the standard for sculptors.

A tape drawn around her arm at the wrist registers nine inches. Her wrist 5 1/2 inches around, her thigh 16 inches, calf 10 inches ankle 7 inches. She weighs 55 pounds. She will be seven years old next November.

Theresa is as bright and good as she is pretty. She started to school last year and made rapid progress. Her father, I. M. Blitz, a local merchant, says his greatest ambition is to give her a finished education.

The little girl's mother died when she was eight months old and her grandmother, Mrs. Mary Erickson, has cared for her since.

"People say I'm pretty," said Theresa when the writer called to see her. "I wonder if I am. What do you think?"

Grandmother's warning finger enjoined silence. And she whispered: "Please don't tell her! She'll find it out soon enough, goodness knows."

"Of course, I'm proud that she's so beautiful—but it's so much more important for her to be just a good, sweet, little girl."

## KANSAS PIPE LINE CASE ON TRIAL.

Salt Lake City, Utah, July 15.—Judge John Marshall in the United States district court of Utah today held the hearing of the Kansas Natural Gas company case on the order of the Kansas utilities committee directing the state and federal receivers to extend the pipe lines into Oklahoma to

secure more gas. The case came to Judge Marshall's court when Judge Collock, of the Kansas district court required that the case be transferred from his court. Arguments were made this afternoon following a prolonged morning session, at which General Manager A. B. Macbeth testified the extensions could not be made and more gas supplied at the present rates.

## THE NEW HEAVYWEIGHT CHAMPION.

Arthur Pelkey, at Close Range, He is New World's Heavyweight Champion Who Won His Title When He Accidentally Killed Luther McCarty, Cowboy Fighter, in a Recent Battle in Canada.

## A Dollar An Hour Instead of A Dollar A Day

Do you realize what this means to you and those depending on you?

Don't be satisfied with a small salary all your life—do as thousands have done; let the International Correspondence Schools show you how your pay can be increased. It matters not where you are, in the factory or in the shop, in the mine or in the mill, in the office or store, the I. C. S. can and will increase your earning capacity.

The I. C. S. imparts to you just the knowledge needed to advance you in your present position or to an occupation more to your liking.

A dollar an hour is not out of your reach, if you will only let us help you. It will cost you nothing to ask us—HOW? Simply send us the coupon below and it will bring to you all the resources of that great institution, the I. C. S., an establishment backed by a capital of six million dollars and founded and maintained for the benefit of poorly paid men and women. If you want your pay increased, say so—at once.

Mrs. R. P. Hopkins and daughters of Farmington, N. M., are spending a few days in the city.

Mrs. R. P. Reuth, of Chamita, is in Santa Fe for a few days visiting her brother, F. Krumholz.

Cosmo Herrera of Pojoaque, but who has been in Sandoval county for some time, is in the city.

Harry Lee, clerk of the federal court, and wife, motored to Albuquerque yesterday for a few days visit there.

Miss Esther Asplund of Little Rock, Illinois, is visiting her two brothers in this city, Theo. and R. E. Asplund.

Filadelfo Baca of the office of the superintendent of public instruction, is spending a few days at the Taos county institute, at Taos.

Miss Silena Brown, a sister of Mrs. John Zook, who has been visiting here for the past six weeks, left this morning for her home at San Francisco.

H. A. Clothier and his two daughters, Ida and Blanche, left last night for California. The young ladies made many friends during their stay here.

J. R. Martinez, Jr., of Tierra Amarilla, a member of the Rio Arriba county road board, is in the city visiting his uncle, Don Romulo Martinez.

Francisco Lopez of Parkview, N. M., a prominent Rio Arriba county Democrat, arrived here last night and will spend a couple of days in the city.

Rev. Leonidas Smith left this morning for Barranca where he will spend a couple of days at the camp of the Round Hill Pacer Gold Mining company.

Col. E. C. Abbott, and Capt. James L. Sellman motored over to Camp McDonald at Las Vegas yesterday. The encampment starts there tomorrow, the entire militia and band arriving.

## A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continually.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year. Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and for a book, "Home Treatment for Women," sent in plain wrapper. No. 123

The sooner you buy a B. B. B. Pipe and cake box tobacco, the sooner you will have pipe satisfaction. Zook's Pharmacy.

A Slice in Time—At the first sign of a leak get the Plumber. That's good logic. The Santa Fe Hardware & Supply Company will do it for you. See now ad today.

FOR SALE—All kinds of building lumber, 214 Galisteo street.

A Fine Garden where there are good garden tools. Ah! it's the truth? Then why be without both? The Beacham-Mignard Hardware company will fit you out at the least cost. See the new ad today.

Our tooth brushes represent extreme values. They are carefully made. Bristles will not come out. We buy them direct from best importers. Zook's Pharmacy.

Wanted—A second-hand, light, one horse delivery wagon. Address A. B. New Mexican.

Tenth Wedding Anniversary—Yesterday was the tenth wedding anniversary of Mr. and Mrs. John B. McManus and as is usual on such occasions, a tin shower, a dinner party for 16, at which Mr. and Mrs. H. C. Roehl of Albuquerque were the out of town guests, a dance and a general good time until a late hour, were the features of a most pleasant evening.

It is of paramount importance when you have a prescription filled that you secure drugs of known strength and purity. We fill your prescriptions with the best drugs and chemicals. Zook's Pharmacy.

Wanted—A boy of from fifteen to eighteen years of age to act as delivery boy. One familiar with horses preferred. Address A. B. New Mexican.

Elks Remember Gene Hampel—To show Gene Hampel that he entered double harness with the best wishes of all his fellow Elks, some 60 members of the order gathered at the home last evening, with Gene the guest of honor at a social session at which the groom was presented with a handsome souvenir of the occasion in the shape of three beautiful pieces of cut glass. Gene and Miss Carolyn Krackenberg will be married tomorrow, and already a new home, next to Hampel's senior, is almost ready for occupancy.

VOTES FOR WOMEN OR WEALTHY DUTCH SPOUSE?

London, July 15.—Miss Inez Mulholland, the New York woman suffragist, was married today in this city to Eugene Boissevain, a wealthy Dutchman whose home is in Amsterdam.

Miss Inez Mulholland is the daughter of John Mulholland, a wealthy New York lawyer and is herself a practicing lawyer with offices in the financial district. She has been prominent in woman suffrage work since her graduation from Vassar several years ago and she has appeared in her professional capacity in legal cases affecting the condition of working girls. She headed the last woman suffrage parade in this city as chief color bearer.

Miss Mulholland sailed with her family for Europe about two weeks ago.

HERRICK KNOCKS OUT CARROLL IN SIXTEENTH

El Paso, Texas, July 15.—Using Gunboat Smith's famous occipital blow, Jack Herrick knocked out Jack Carroll in the sixteenth round of their scheduled twenty-round bout in the Juarez arena Sunday afternoon. Carroll was out several minutes after the fight and it looked for a while as if he was dangerously injured. Herrick looked fresh and ran from the ring to his dressing quarters.

SERBIA WILLING TO SIGN PEACE TREATY.

Belgrade, July 15.—The report that Serbia refuses to enter into peace negotiations with Bulgaria is without foundation. She is only waiting for the arrival of persons armed with full power from Bulgaria to open the discussion of peace preliminaries. After their signatures have been attached to a demand for negotiations, hostilities will cease at once.

Work for the New Mexican. It is working for you, for Santa Fe and the new state.

COLORADO MAN IS ARRESTED FOR BIGAMY.

Denver, Colo., July 15.—Thomas Southern who won two wives within two years through the agency of matrimonial want ads today was sentenced to from three to six months imprisonment in the penitentiary, having pleaded guilty to a charge of bigamy.

The first wife, Alice Gorman Southern, now living at Deer Trail, Colorado, and from whom he had been separated a year, saw the publication of her husband's second marriage in a Denver paper, and swore to the warrant charging him with bigamy.

Southern, who is British, declared he believed the year's separation sufficient to constitute legal divorce. Both wives were purses.

SENATE FINANCE COMMITTEE APPROVES TARIFF BILL.

## Summer Hints to Mothers Who 'Care'

### Seasonable Advice on the Health of Children in Hot Weather.

It is well that mothers be advised not to over-feed the children during the hot months. No one requires as much food in summer as in winter. Feed the children the lighter and more easily digested foods. See that the milk is cool and kept away from flies. Be careful that the fruit is ripe, and if the child begins to scratch the skin, indicating too much acid in the blood, deprive it of fruit for several days.

It is quite natural that under these conditions there will be some digestive disturbances, such as constipation, indigestion or summer diarrhoea. It may be accompanied by a cold or by eruptions of the skin. The timely remedy, and one which you can rely on for results, is a small dose of Dr. Caldwell's Syrup Pepsin on retiring and by morning the bowels will move and the trouble will vanish. The exceptional tonic ingredients in this remedy will tone the stomach and enrich the blood, and the child will feel its usual self again.

Many families, like that of Mr. William Weber, 29 Edwin Place, Buffalo, N. Y., who uses it for foul breath

and constipation, and Mrs. John Wallace, Scottsville, Ky., who finds it valuable to herself as well as her children, are never without it, keeping it for just such emergencies. You also can obtain a bottle of Dr. Caldwell's Syrup Pepsin at fifty cents or one dollar of any druggist. Families which once use this pleasant-tasting laxative forever after discard cathartics, purgatives, salts and pills.

Families wishing to try a free sample bottle can obtain it, postpaid, by addressing Dr. W. B. Caldwell, 418 Washington St., Monticello, Ill.

## NEWS OF THE STATE

### Canned Indian Music.

Uncle Sam is now "canning" the music of the Indians. Recognizing the interest that the quaint songs of the fast disappearing red men will have in other years, the government is having as much as possible of the music recorded by phonographs. The records will be preserved for all time. Thurlow Llewellyn recently undertook to secure the music that can be made with the instruments of the Indians at Teos.—Questa Gazette.

### \$1030 Under Pillow.

Edwin J. Keough, who has been prospecting here several days, left the city Sunday morning for El Paso and forgot \$1030 in travelers' checks under the pillow of his bed in the Carson. In El Paso the forgetful one remembered his cash and wired to the hotel. Mrs. W. G. Mangum, the hostess, went up to the room and found the money undisturbed. Monday the checks were sent to Santa Fe. In return Mrs. Mangum received \$100 for her honesty.—Deming Graphic.

### Deep Tunnel Through Baldy.

Manager W. T. McIntyre, of the Weep Tunnel Mining and Milling company, passed through Raton Wednesday en route to points in the east on an absence of several weeks in the interests of the company. Work on the company's tunnel, which eventually will extend entirely through Baldy mountain from the east slope to the west side, facing Elizabethtown, has been progressing steadily during the past winter and spring. Recently, the rear approach of the head of the tunnel to the heart of the mountain has brought to light a small but rich vein of the precious ore that increases in width as the tunnel progresses, with a heavy mineralization all about.—Raton Range.

### New Brand Of Clay.

Brick making has started in earnest at the plant of the Maxwell Lumber company and a brick of superior quality is being produced. Improved machinery and a change in the process has worked wonders in the results. No bricks have been burned yet, but 10,000 are now ready in the yard and will be burned this month. Of this number about 40,000 were made by the new process, and are pronounced perfect by those who know what good brick ought to be. It is confidently expected that this new industry will be the means of bringing thousands of dollars here.

This discovery of a new brand of

"GO"

for hours.

"There's a Reason"

the members of the Clovis Woman's club occupied seats on the platform with the speakers, readers, the band and the choir.

Professor Croft led the choir music in the singing of the popular and appropriate songs for the occasion, the band played "The Star Spangled Banner" and "America" and the reading by Miss Veta Bills and Miss Maybelle Davis, and the talks by Reverend Moore, of the Presbyterian, Rev. E. Lee, of the Baptist, and Rev. Evans, of the Methodist churches, added to the length and interest of the program. There was quite a crowd on the streets. The Johnson band did it self proud, and is to be congratulated for its public spirit so manifested. There was no charge made by the band for their contribution to this program of the club. Mrs. S. C. Nutter had charge of the program, as president of the club.—Clovis Journal.

## LAS VEGAS MAN BUYS SUNSHINE CREAMERY

Albuquerque, N. M., July 15.—Spirited bidding featured the sale yesterday of the Sunshine creamery to the Crystal Creamery company of Las Vegas, E. E. Russell, representing that concern, bidding \$6050, considered the highest and best bid. The Sunshine was sold at public auction by P. F. McCanna, special master, following foreclosure on a mortgage by the State National bank. To protect the mortgage J. B. Herndon, representing the State National, started off the bidding with an offer of \$5000. R. E. Putney, of Albuquerque, E. E. Russell, of Las Vegas, and Robert Graham, of Roswell, became active bidders for the property, and bids jumped upwards \$500 and \$1000 at a bid. Mr. Russell, of the Crystal Creamery, put in a bid of \$6050. The special master sounded the first, second and third and last call for bids and the creamery went to Mr. Russell for \$6050, he tendering \$1000 immediately to close the deal. It is understood that Mr. Russell, who is an experienced creamery man, will continue to operate the Sunshine without any interruption. In fact the creamery has never ceased to operate since it was taken over by Mr. McCanna, the special master. The bidding that marked the sale on the block yesterday resulted from the splendid financial showing that the creamery has made since the special master assumed charge of its affairs, following the retirement of E. E. Van Horn, the original promoter of the enterprise. It is said that Judge Abbott in Santa Fe, because of the absence from the state of Judge Reynolds, will be asked to sign the necessary papers which will give Mr. Russell possession and ownership of the creamery without delay.

The Sunshine property consists of a number of fine milk cows, splendid equipment and ideal markets, together with the best of milk and cream sources. It is believed that in the hands of a competent creamery man the enterprise will develop and become one of the most important industries in the city and state.

If a substitute is offered you for Foley Kidney Pills, it means a cheaper medicine is pressed upon you for the dealer's profit, not for yours. Foley Kidney Pills may cost the dealer more than a cheap substitute, but they give better results than any other kidney and bladder medicine. Ask for Foley Kidney Pills. The Capital Pharmacy.

## SEEK WOMAN OF LITERARY BENT

Detroit, July 15.—Feminine finery was missing from the home of William H. Miller, when he and his wife returned from a vacation recently. It was reported to the police Wednesday. The person whom Miller suspects,

## THREE WOMEN TESTIFY

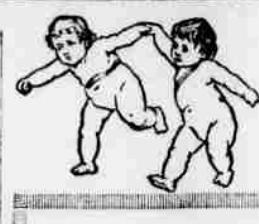

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Streator, Ill.—"I shall always praise Lydia E. Pinkham's Vegetable Compound wherever I go. It has done me so much good at Change of Life, and it has helped my daughter. It is one of the grandest medicines for women that can be bought. I shall try to induce others to try it."—Mrs. J. H. CAMPBELL, 206 N. Second St., W. S., Streator, Illinois.

Philadelphia, Pa.—"It was at the 'Change of Life' that I turned to Lydia E. Pinkham's Vegetable Compound, using it as a tonic to build up my system, with beneficial results."—Mrs. SARA HAYWARD, 1825 W. Venango St., (Tiga) Phila., Pa.

San Francisco, Cal.—"I have taken Lydia E. Pinkham's Vegetable Compound for many years whenever I would feel bad. I have gone through the Change of Life without any troubles and thank the Compound for it. I recommend it to young girls and to women of all ages."—Mrs. C. BARRIE, 3052 25th St., San Francisco, Cal.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe. During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

## DR. PIERCE'S FAVORITE PRESCRIPTION

is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of women's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during "the expectant" period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your privilege to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

was a woman evidently of literary and refined tastes, for among the articles missed was four pair of stockings, a \$20 bird of paradise plume, dairy underwear, a ladies' basket pillow slips and sheets. Last but not least was a book, "Westward Ho."

Detectives assigned to the case are looking for a woman about 35 years of age whom they hope to find reading "Westward Ho," and sporting a bird of paradise plume. They have no description of the stocking, except they were silk. The missing articles are valued at \$68.

## VETERAN DRAGGED MILES BY TRAIN

Wellshoro, Pa., July 15.—Clifford Tiptle, a civil war veteran, has just survived a more terrible experience than he had ever faced while in the army.

Just returned from the Gettysburg camp, he went to Wellshoro Junction to see his daughter off for her home. The train started unexpectedly, and he was only able to grab a handrail of the last coach, unseen by trainmen or passengers. His crippled condition made it impossible for him to swing his feet up to the lower step and he was dragged nearly all the way here, a distance of three miles, not daring

to let go his hold. Employees at the Junction saw his plight, but were unable to help him, the next telegraph station being here. They ran after the train, expecting every minute to see Tiptle's hold broken, but nearly a mile from the station the train disappeared around the curve, with Tiptle still clinging to the rail.

Up the track a mile is Stokesdale, a flag station. The dragged and bleeding veteran hoped that the train would stop there. His heart sank as the train sped through unlagged, and two more weary miles were ahead of him. Tiptle clung to the rail with a death grip till an iron bridge was approached a quarter of a mile from this station. He knew if he hung any longer the girders would not only break his hold, but likely his neck. He let go and at the same time threw himself as far clear of the track as he could and rolled down the bank to safety.

The difference between "The Summer Girl" and "The Summer Woman." While the former is having a "good time" the latter is too often dragging around nervous, run down, tired out, with aching back and weary limbs, sleepless and wretched. Often it is kidney trouble not female trouble and Foley Kidney Pills are a direct and positive help for the condition. The Capital Pharmacy.

## THE FINISH OF RENO, NEVADA. AS A "GET 'EM WHILE YOU WAIT" DIVORCE COLONY.

NEW LAW PUTS AN END TO DIVORCE TOWN—HEREAFTER THOSE WHO WANT TO CUT MATRIMONIAL BONDS MUST STAY WHOLE YEAR IN DESERT TOWN INSTEAD OF SIX MONTHS.

Famous Beauties Who Have Secured Divorces in Reno. Edna Goodrich (Top), Mrs. Smith Hollis McKim (Lower Left), and Mrs. Henry Hutt.

Reno, Nev., July 15.—Reno, as divorce center, has received a knock-out punch.

The new divorce law which goes into effect January 1, 1914, requires a year's residence before application for divorce can be made. Since June 30 it has been impossible to come within the six months provision of the law.

Many internationally known women have sought Reno for marital relief. Mrs. Margaret Emerson McKim, daughter of Isaac Emerson, the "Bromo Seltzer" king, was one of these. On the day of the Jeffries-Johnson fight she acted as copy-boy for a local newspaper.

After her divorce from Scott Hollis McKim, the New York Beau Brummel, she was married in London to Alfred Vanderbilt.

Edna Goodrich, the actress, got her decree in Reno, and immediately married Nat Goodwin. Virginia Harned, Southern actress, obtained her divorce here and immediately married again. Mrs. Florence Jenkins, considered the most beautiful woman in Baltimore,

## MARRON REPLIES TO SCHOOL FUND LETTER

HE ANSWERS THE GOVERNOR, THE ATTORNEY-GENERAL AND THE SECRETARY OF STATE, AND SAYS THEY MUST GO TO COURT IF THEY WISH TO BUY STATE HIGHWAY BONDS.

## NOT GOVERNED BY THREE-TO-ONE MAJORITY

Below is given the next chapter. There are probably several chapters to come, judging from the tone of the communication below. The story concerns the investment of the permanent school fund. A synopsis of the preceding chapters relates how as provided by law, the governor, the attorney general, the secretary of state and the state treasurer met to award the permanent school fund to the highest bidder among some thirty banks of the state. Three of the four voted against the banks and in favor of the investment of the school money in the bonds of the state highway commission, at 4 per cent for two reasons, first because the highway bonds could not be sold at par on account of the low rate of interest and second because they claimed the greatest good to the greatest number would come from investing in the road bonds as it would make but little difference to the school fund, and would greatly aid the cause of good roads. However it happens that the one who voted against investing in the highway bonds was State Treasurer O. N. Marron, in whose possession the money of the schools now is, and its drawing better than five per cent, he says. He says more in the appended communication. He has the funds and he is going to keep them, and it will take a court order, or words to that effect, to compel investment of the school money in any four per cent bonds. But Mr. Marron does not mince matters, so read what he says for yourself:

July 12, 1913.

Hon. William C. McDonald, Governor of New Mexico.

Hon. Antonio Lucero, Secretary of State.

Hon. Frank W. Clancy, Attorney General.

Dear Sirs—I am in receipt of your letter of the 10th inst., in which you state that "we decline to pass upon the question as to whether the bank securities are unsafe or not." As it is no part of our duty to do so, nor have you any right to demand of us that we should pass on that question, especially after we have united in rejecting the bids of the banks for the avowed purpose of investing the funds in the "state highway bonds," and also that you cannot find any provision of law giving me, as state treasurer, any authority to make any investment of this (permanent school) fund, except as directed by you as a board.

I cannot and do not agree with your construction of the law, inasmuch as these funds are now, and have been since their receipt several years ago, invested in such manner as will satisfy the provisions of joint resolution No. 14, of the second session of the state legislature of 1912, and are returning in interest substantially over 5 per cent. I deem it would be an infraction of my duty as such state treasurer to withdraw these funds and invest them in the state highway bonds as desired by you, being a security which would return only 4 per cent and under the circumstances I most respectfully decline to invest these funds as attempted to be directed by you unless I am directed so to do by a proper judgment of the court.

Very respectfully,  
O. N. MARRON,  
State Treasurer

**Names Mounted Policeman.**  
Governor McDonald yesterday appointed William Hill of Vaughn, Guadalupe county, a mounted policeman without pay.

**Error in Amount.**  
The amount of money turned over to the state corporation commission yesterday by the insurance department was \$977.77, instead of \$9077, as stated yesterday.

**Pardoned from County Jail.**  
Joe Lewis of San Miguel county, who was serving a 90-day sentence in the county jail there, has been given a full and complete pardon by Governor McDonald. Representations were made to the governor that Lewis was suffering from nervous prostration, that he was in a critical condition, had been a model prisoner and had served two-thirds of his time, and upon these grounds the pardon was granted.

**Named on Resources Commission.**  
P. F. McCanna of Albuquerque, has been named as a member of the Natural Resources Commission of New Mexico, vice O. N. Marron, who was appointed, and failed to qualify.

The San Juan Basin Oil company, in which a number of local people are interested filed incorporation papers yesterday. The company has a capital stock of \$250,000, divided into 5000 shares of \$50 each. Frank Staplin of Farmington, N. M., is named as the statutory agent of the company. The sum of \$4,500 has been subscribed by the following who are the incorporators: Frank Staplin of Farmington, E. C. Abbott of Santa Fe, Lorin C. Col-

lins, of Santa Fe, Thomas B. Catron of Santa Fe, each holding 20 shares, and Arthur Seligman of Santa Fe, holding 10 shares.

**Encampment Tomorrow.**  
The First Regiment Band and Company E of the New Mexico Militia, will leave in the morning at 8:10 for Lamy, where the local contingent will join a special train conveying the other companies of the guard to Camp McDonald near Las Vegas, where a ten days' encampment will be held. Adjutant General Brookes and Captain and Adjutant Norman L. King will also leave tomorrow. Col. E. C. Abbott and Captain James L. Seligman left yesterday by auto for the camp. Col. Abbott leaves tonight for Albuquerque and will take command of the special train there which will take the militia to the camp.

## New Doctors in New Mexico.

The state board of health and medical examiners closed a two days' session today at the senate chamber of the capitol by examining six candidates for physicians licenses in the state. The names of those taking the examination are C. S. Harper, George Hayes, C. N. Traher, E. A. Lines, S. T. Betts and O. F. Thornton. Five of the seven members of the board were present, Drs. G. V. Hackney and Gerber being absent. Since the last meeting of the board, licenses to practice medicine in New Mexico have been issued to everyone of the candidates who took the examination three months ago. These new doctors were A. W. Daggett, P. A. Soelberg, H. A. Miller, W. O. Sweek, L. E. Wilks, C. C. Hall, J. M. Wilmer, J. S. Herlihy, W. R. Stapp, J. F. McPherson, S. E. McDaniels and H. C. Blair.

**Will File Complaint.**  
Information has been received by the members of the state corporation commission that the Postal Telegraph company intends to file before the New Mexico commission a complaint against the low rates which the Mountain States Telephone company allows the Western Union on phoned messages and also the discrimination shown by the telephone company in always calling up the Western Union when any one asks central for a connection with a telegraph office.

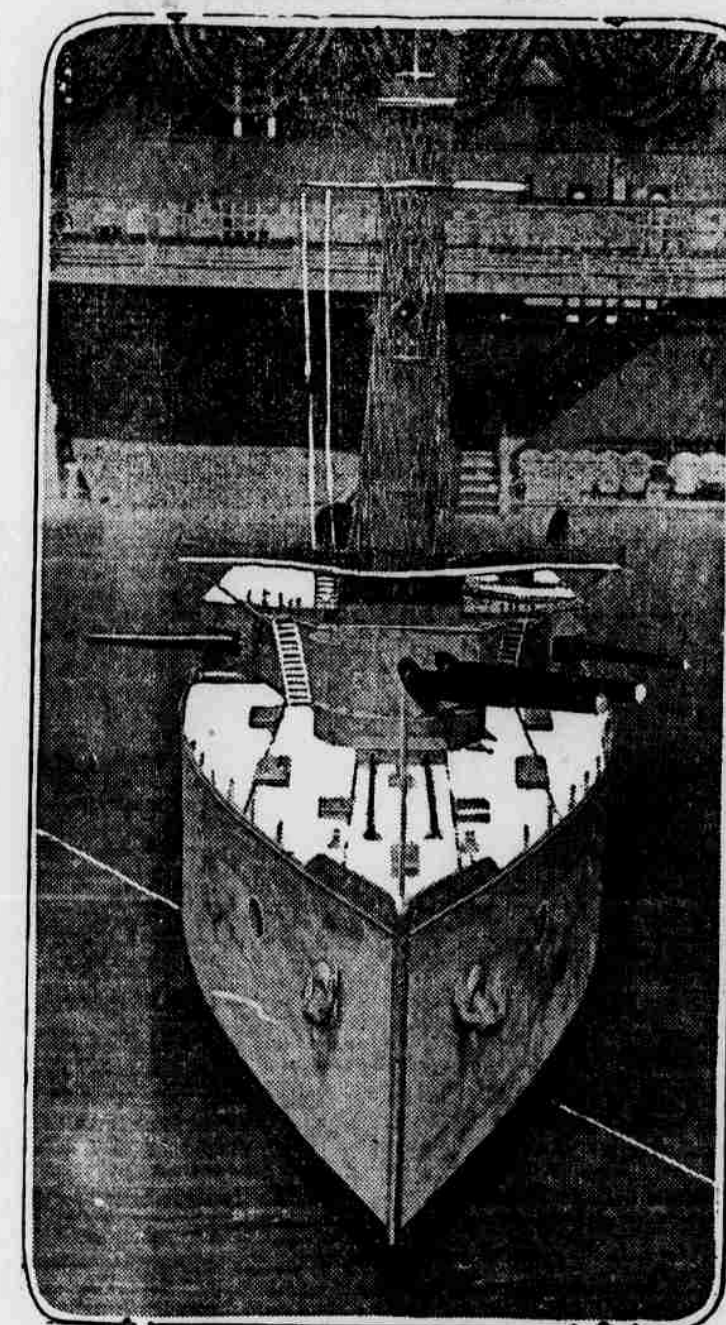

## NOTICE.

## NAVAL BATTLES IN AN ARMORY. TO TEACH NAVAL MILITIA LADS HOW TO FIGHT; BABY BATTLESHIPS GLIDE OVER FLOOR INSTEAD OF WATER.

PORT GUNS READY FOR A BROADSIDE AT IMAGINARY ENEMY.

New York, July 15.—Boom! Boom! armory.

"Column of vessels." "Column right."

These were some of the intelligible sounds I distinguished from the din of battle upon entering the large armory of the Second Battalion Naval Militia in Bayridge, Brooklyn.

Behold! There were four miniature men-of-war stripped for action, with battle flags flying and guns booming as each vessel crossed the firing line and belched forth a suggestion of smoke, for it was smokeless powder they used.

The flash of fire and the loud report left no doubt that the shot came from real guns in the forward turret. The vessels maneuvered first to allow a broadside to be discharged on the starboard side, and then the port guns were given position to fire at the imaginary enemy—a great target representing a fort at one end of the

## OFFICIAL.

## THE DIFFICULTIES OF COUNTY ROAD BOARDS

DONA ANA COUNTY BOARD AND COUNTY TREASURER DISAGREE ON INTERPRETATION OF LAW, AND ATTORNEY-GENERAL IS ASKED FOR OPINION.

## SHALL TREASURER OR ROAD BOARD HOLD FUNDS?

Should the road and bridge fund in each county be transferred to the treasurer of the county road board, or should it be left with the county treasurer, on whom warrants should be drawn by the county road board? Such is a question that has been referred to Attorney General F. W. Clancy. His reply will be of interest to every county road board in the state, and is given below:

Santa Fe, N. M., July 12, 1913.

Mr. Francis E. Lester,

Secretary-Treasurer of the County Road Board,

Mesilla Park, N. M.

Dear Sir:

I have before me your letter of the 10th inst., which you handed to me at the office of the state engineer. Ordinarily I feel compelled to refuse to give advice to any county officers as under the law the district attorneys are the legal advisers and are entirely independent of the attorney general. In the present case, however, I understand that your district attorney has already given an opinion substantially in accord with my own view and therefore I write this letter, a carbon copy of which I will send to the district attorney for his information.

In your letter you say that at a regular meeting of your county road board on July 7, 1913, there were presented two bills in favor of yourself as secretary-treasurer of the board, for \$3.65 and \$28.85 respectively. Upon order of the board warrants for the payment of these bills were drawn and you enclose them for my information. They are numbered 125 and 131, and are signed by the chairman and secretary.

Secretary-treasurer of the road board and attested by the signature of the county clerk, and are addressed to the treasurer of Dona Ana county. You say that upon presentation to that officer payment was refused. You further say that payment of other like warrants has been refused for the reason noted upon some of them that the secretary-treasurer cannot draw funds.

You ask me to advise your board whether these warrants are properly drawn, and if not, in what respect they are defective, and if there is any good reason for the treasurer of the county to refuse payment.

I am at a loss to know any reason why the treasurer should refuse to pay these warrants. The statute creating your board in Section 7 thereof puts under the supervision and direction of the county road board the expenditure of all funds for road and bridge purposes and declares that the methods for making such expenditures and accounting thereof shall be the same as those now or hereafter required by law in the case of expenditures made by the boards of county commissioners. These warrants appear to have been drawn in the same manner as warrants drawn by order of a board of county commissioners, and I can see no reason why payment should be refused any more than should payment of warrants drawn by order of the county commissioners. The statement which you say has been made as to some warrants that the secretary-treasurer cannot draw funds, has no application. Such a reason might be made equally applicable to a warrant signed by the chairman of the board of county commissioners and the county clerk, and payable to the county clerk.

I have heretofore taken the view that the road funds should remain in the hands of the county treasurer and that the road board should draw warrants against it just as the county commissioners draw warrants and as these warrants now under consideration have been drawn, but I am somewhat impressed with the view which has been recently urged upon me that the general intent of the legislature as shown by the act creating the county road boards may have been that the road and bridge fund should be transferred from the county treasurer to the secretary-treasurer of the road board. If this is not so there seem to be no reason whatever for requiring the secretary-treasurer of the road board to give a bond. As to this I am not yet prepared to give a final opinion and I speak of it at this time merely to show that I am not at present entirely satisfied with the position I have heretofore taken, and that I may feel compelled to change it if I become convinced that I have been mistaken.

I return the two warrants herewith.

Yours very truly,  
FRANK W. CLANCY,  
Attorney General.

## MEETING TONIGHT AT OLD PALACE

The meeting tonight at the governor's Palace is to bring the architects, contractors and builders of the city into touch with the chamber of commerce' New-Old Santa Fe committee. As has been repeatedly stated in the New Mexican, this movement alone can rescue Santa Fe from mediocrity.

This is a question of individuality and its preservation. Every man who attempts to rob Santa Fe of this individuality is stealing from your pocketbook actual dollars and cents and every man who aids in the preservation of this priceless individuality is giving you dollars and cents. There is no doubt about this.

Consider for a moment this fact. Santa Fe is not and probably never will be a great agricultural, mining or industrial center. Wherein then lies the hope of any future for the city. The answer is near at hand. In her wonderful climate and her unique tourist attractions. One of these, most fortunately, we cannot take from

## Best Assorted Line of

## MISS A. MUGLER

### SOUTHEAST CORNER PLAZA.

ourselves. No amount of ill-advised and inappropriate red brick construction can injure our climate. That is ours now and for always. But the other an individuality, which is equalled by no other city of equal size in this whole broad continent—that is now imperilled by a misdirected wave of cheap modernization which is sweeping over the city. Every old adobe that is torn down to make room for a modern brick cottage is another blow at your income. Mr. Property Owner. Every ancient street you widen has detracted so much from Santa Fe's charm.

Why do people travel? To see something they are familiar with? Never! They travel to see something new. Well, what is there new in a city of pretty little 5-room bricks. Even a God-given climate cannot save such a town. But an adobe town—A Mud Town—is a different matter. Tourists will come to see that and coming to see means stopping to spend. And what we need is outside capital. Everybody admits that. Well, let us attract it instead of driving it away.

If these sentiments are not yours come and tell everybody why, tonight. You may have a thing or two tucked up your sleeve also. At least you have the inalienable right of every American citizen—to kick. Come then and if you cannot do anything better—K-I-C-K.

Work for the New Mexican. It is working for you, for Santa Fe and the new state.

## RAISE \$300

To raise this quickly for new desks, painting, decorating, etc., for the new premises of the SANTA FE BUSINESS COLLEGE (the same stairs as Craycraft, photographer,) the cash fee for a life scholarship for Short-hand, Blindhand Type-writing, Spelling and Punctuation and Penmanship will be \$95 instead of \$150, if enrolled before the 17th inst.,—next Thursday. These much reduced terms offered to the first three suitable applicants only. Book-keeping \$75 instead of \$100. No books to buy to those who enroll within 7 days.
