China, France, leading and the Chinese and Japanese making up the majority of those coming in by way of the Pacific coast. Most of the product of foreign birth. The market price of foreign girls and women is such that the Chinese and other alien women. Sometimes they are not sold outright but their owners continue to live from their earnings.

The commission recommends that efforts be made through government agents abroad and on board steamships to prevent the importation of women in this country. That more vigorous efforts be made in the United States to arrest women known to be engaged in immoral practices and to report all possible; that the limit of 3 years after landing within which such persons may be successfully prosecuted be removed; that any reported persons coming to this country be imprisoned; that the keeping of immoral houses in which alien women are found be subject to denunciation and that the state and municipal governments be urged to cooperate in stamping out the evil.

In explanation of the act of laying out the public the horrible details of discovery by its agents the commission says that the "white slave traffic" is the most pitiful and the most revolting phase of the immigration question. This business has assumed large proportions and it has exerted an evil influence upon every country that the commission believes it is compelled to make known. The thorough investigation of the subject is especially liable to sensational exploitation the report says it is important that the statement of the commission should deal with undeniable facts which may form a basis of reasonable legislative and administra-

Inquiry covered the cities of New York, Chicago, San Francisco, Seattle, Portland, Salt Lake, Ogden, Butte, Denver, Buffalo, Boston and New Orleans. No attempt was made to investigate conditions in every important city. But the commission believes that enough evidence of women of different races and nationalities had been obtained from localities sufficiently scattered to use the report as a sufficient basis for legislative and administrative action.

The report deals with methods used by men and women procurers to lure women into this country for immoral purposes. The methods differ as adopted in different countries. In some countries men and women in the business of enticing innocent girls to the United States resort to profers of attractive positions, and in many cases the men offer themselves in marriage and frequently risk prosecution on charges of bigamy in order to attain their desires.

Much of the evidence taken by the agents of the commission is given in proof of statements made in the report and there are also affidavits from police officers and letters from government officials giving the character of evidence on which the report has been based.

The report says concerning talk of a great monopolistic corporation whose business it is to import and exploit those unfortunate women:

"The commission has been unable to learn of any such corporation and does not believe in its existence. It is stated, however, that persons engaged in such importing business doubtless have a wide acquaintance among themselves, and in many instances they have rather close business relations, one with another, so as to prevent their victims from getting out of their clutches before they have realized the desired profits from their base ventures. Under the head of recommendations, the committee says: 'The difference between American and European views regarding prostitution, cooperation for the suppression of the white slave traffic can be expected from most of the European nations only along certain lines. Most European countries are rigid in their regulations regarding the procuring for purposes of prostitution of minor girls or of any women by means of fraud and deceit. 'Women who are of age, however, and who enter the business of their own accord are not interfered with. From continental countries where these conditions exist, practically no cooperation could be expected to prevent professional prostitutes from sailing to the United States. Such governments probably would cooperate to prevent the seduction of minors or the fraudulent or forcible exportation of their women. In the main, however, the United States government must rely upon its own officials for prevention of this traffic.'"

A number of suggestions of administrative changes and more rigid enforcement of existing regulations by the department of commerce and labor particularly by the bureau of immigration and amendments of the immigration act itself are submitted by the commission.

SEIZE ZELAYA AS COMMON CRIMINAL

(Continued from Page 1, Column 2.)
Nicaragua and a graduate of the medical school of Columbia university, appeared in the supreme court here today to defend a suit against him for \$100,000, who claims young Zelaya courted her while he was a student at college and that he promised to marry her. The papers allege that after the young woman's mother gave a dinner at which the engagement was formally announced, President Zelaya forbade the marriage, calling it a mesalliance on the part of the son.

Consumption Can Be Cured.

Mrs. Nettie Carter of Elkton, Ky., after her physician had told her that she had consumption took Duffy's Pure Malt Whiskey, and has been completely restored to health. Appetite is good, she sleeps well, and enjoys life without pain or ache.

"I had acute indigestion for two years, which kept growing worse. I employed several physicians without any benefit. I came near starving, as I could eat very little. For several months I suffered frequent attacks of vomiting, which made me very weak. Finally my physician told me that I had consumption. This filled me with terror."

"In an advertisement in the Nashville Banner I read that Duffy's Pure Malt Whiskey was recommended for Tuberculosis or Consumption. I began to take it in despondent doses four or five times a day, and a tablespoonful at bedtime. I am now strong and well. Cough, distress in my chest, and the indigestion are gone. My appetite is good; I sleep well. This is all due to Duffy's Pure Malt Whiskey, which I regard as an unfailing cure of consumption if taken in time."—Mrs. Nettie Carter, Elkton, Ky.

Thousands, both men and women, like Mrs. Carter, praise Duffy's Pure Malt Whiskey for restoring them to health.

Duffy's Pure Malt Whiskey

cures diseases of the throat and lungs and all run down and weakened conditions of the body, brain and nerves. It builds new tissue, invigorates body, brain and nerve, quickens the circulation and aids in driving out all disease germs. It is prescribed by doctors and is recognized as a family medicine everywhere.

CAUTION: When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is the only absolutely pure medicinal malt whiskey, and is sold in sealed bottles only. Never buy "old" whiskey, "on the label," and make sure the seal over the cork is unbroken. Write "Duffy's Pure Malt Whiskey" on the label. The Duffy's Pure Malt Whiskey Co., Rochester, N. Y., for a free illustrated medical booklet and free advice.

Zelaya, indicating his affection for her daughter.

ZELAYA COMMANDER OUTWITS INSURGENTS

Bluefields, Nicaragua, Dec. 10.—When it became known today that the feeble force of Zelayan troops in front of Rama was merely a blind covering the operations of 3,000 Zelayan elements who were headed for the provisional government seat at Bluefields, consternation seized upon the provisional officials.

General Estrada, chief of the insurgents, immediately had his aide communicate with American Consul Moffatt and request that marines be landed, as General Viquez apparently had outflanked him. Consul Moffatt assured the aide that marines from the Des Moines and rapid fire guns would be able to control the situation in event of a Zelayan surprise.

The American residents here felt greatly relieved when they learned that forces from the Des Moines could be landed in half an hour.

ZELAYA ACCUSES KNOX OF DENYING HIM FAIR PLAY

Managua, Nicaragua, Dec. 10.—The United States unjustly condemns my administration," said President Zelaya in an interview with a staff correspondent of the Associated Press today. "I proposed to Secretary of State Knox that he submit the case to the investigation of a committee of his own choosing, agreeing to surrender my rights to the presidency if the charges in his letter to leader Herrera, former Nicaraguan minister to the United States were sustained. Secretary Knox has not replied."

"Defenses against the hostility of a powerful nation, I must admit, although I have been condemned unheard. 'The coercion of the United States will not redound to the credit of that nation, whose motives are questioned in all Latin America. The shooting of Groce and Cannon was a pretext, Groce was amenable to the laws of Nicaragua, which distinctly authorized the shooting of individuals commanding rebels."

"It is different if a person is captured in the course of an international war. The attempt of Secretary Knox to establish the inviolability of Americans participating in foreign revolutions will result in constant revolutions led by immune Americans."

"The initiative in the shooting of Groce and Cannon was not mine. I simply refused to extend clemency to them after a properly constituted military tribunal had passed upon the case. 'President Zelaya then recited several instances of alleged hostility against him in the United States through paid articles appearing in American newspapers. In one of these instances he declared he was endeavoring to raise a loan in France when his enemies persuaded the United States to interpose an objection through the French ambassador at Washington on the pretext that the money sought was intended for the purchase of war materials when, in reality, it was to have been used in the construction of a railway."

"While I am ready to surrender the presidency," continued President Zelaya, "I cannot do so precipitately, as is would result in uprisings by several factions, each of which is eager to secure power."

"I am in negotiation with the revolutionists to secure their endorsement in a successor who will be acceptable to all parties and have submitted the name of Jose Madriz, judge of the Caragua court."

"I hope this will obviate any tendency toward American intervention, which would be intensely distasteful to the whole of Latin America. I am informed that it is the intention of the United States to prevent my leaving Nicaragua. I do not believe this to be true."

It is reported that revolutionists will reject Jose Madriz as Zelaya's successor and insist upon General Estrada assuming the presidency de facto.

claiming that the United States had promised to furnish 2,000 marines at Bluefields to bring about his success. 'The hostility of the United States,' continued Zelaya, 'is due to the machinations of Senor Cabrera, president of Guatemala, whom I refused in 1906 to join in an offensive and defensive alliance of Central America against Mexico and thereby thwarted his efforts to establish a virtual dictatorship in Central America. Since then Cabrera has pursued me with relentless enmity, poisoning the public mind against me."

"I am preparing to refute the statement of Secretary Knox relative to the contemptuous treatment of American diplomats here by submitting to him a letter from John Gardner Coolidge, ex-minister to Nicaragua, expressing appreciation for the cordial treatment given him."

HACKMAN DECLINES TO PROSECUTE YOUNG DIPLOMAT

Washington, Dec. 10.—When Francisco Segura, the young Nicaraguan who was arrested last night for failing to pay a bill of \$4 for cab hire, appeared in court today the driver declined to prosecute the young man and he was thereupon released. On leaving the building he entered the cab of the man at whose instance he was arrested last night, was taken to the hotel of Senor Castillo, the representative here of the Nicaraguan revolutionary movement, who immediately paid the cabman's charges.

ABANDON HOPE FOR MISSING CAR FERRY

(Continued from Page 1, Column 2.)
The ship on the shore, described to the man on the shore, the Munroe, an unwieldy steam barge a tenth of a mile long, maneuvered in the pouring gale to reach the shore, and how, ever, she grounded with a jar on the shore. His story was corroborated by Captain Smyre of the Munroe. The movements of the Munroe in the heavy gale were taken to explain the statements of the rescued men that several vessels passed them without giving aid.

"The men who left the Clarion on the lifeboat are dead," said Captain Ryan of the Alca II.

ASQUITH BIDS DEFIANCE TO BRITISH LORDS

(Continued from Page 1, Column 1.)
Asquith, "may be done again. It becomes our first duty to make its recurrence impossible. We shall therefore demand authority from the electorate to translate an ancient, unwritten usage into an act of parliament and to place upon the statute book recognition, explicit and complete, of the settled doctrine of our constitution that it is beyond the province of the house of lords to meddle with any law, to any degree, or for any purpose of national finance."

declaring unabated confidence in Mr. Asquith's leadership. David Lloyd George, chancellor of the exchequer, who framed the budget rejected by the house of lords, moved a vote of thanks to the chairman of the meeting. He received an ovation.

SUFFRAGETTES ROUTED FROM MEETING PLACE

London, Dec. 10.—A small band of suffragettes was dislodged today from Albert hall, where the women secreted themselves last night, preparatory to an onslaught upon Premier Asquith, who is to launch the liberal campaign in the hall tonight. The women were hidden away in all quarters of the vast building, some in packing cases and others on the roof. One was found curled up inside the house organ, having succeeded herself in between the rows of pipes. Another step forward would have plunged her into the well, which is forty feet deep.

The government officials had sent danger and organized a force of butchers who searched every cranny of the building and spent hours in the same of hide and seek before the promoters of the meeting were satisfied that the perils had been cleared.

Fatal Powder Mill Explosion.

Cleveland, Dec. 10.—Three men were killed by an explosion in the press mill of the Austin Powder company's plant at Glenwillow near here today.

ANOTHER MURDER AND SUICIDE IN OAKLAND

Daniel Groff Reads of Similar Case After Which He Shoots Young Wife then Himself.

(By Morning Journal Special Leased Wire)
Oakland, Dec. 10.—After reading the accounts of two murders and suicides in the morning papers, Daniel H. Groff shot his 25-year-old wife here today and then turned the pistol on himself, in a suicide. While he was reading the papers Groff had remarked to his sister-in-law:

"What if I should do the same thing?"

This morning Groff went to his law-lawyer and made his will. He had previously told friends that he feared his wife, who was thirty years his junior, had married him for his money.

Had Wreck on San Pedro Line.

Salt Lake, Dec. 10.—A special from Modena, Utah, to the Tribune says that passenger train No. 4, enroute on the San Pedro, Los Angeles and Salt Lake railroad, was derailed this morning near Lund. The track is reported to have been torn up for 700 feet and two coaches overturned. No one was hurt seriously.

LADY IN WARRINER CASE IS AGAIN INDICTED

Mrs. Jeanette Stewart Ford Charged with Receiving Money Stolen by Defaulting Big Four Cashier.

(By Morning Journal Special Leased Wire)

Cincinnati, Dec. 10.—For the first time the name of Edgar S. Cooke of Chicago has been legally connected with the \$433,000 shortage in the local office of the Big Four railroad, for which former Treasurer Charles L. Warriner is in jail under indictment. The grand jury today returned a second indictment against Mrs. Jeanette Stewart Ford, the woman in the case. She was recently indicted, charged with receiving stolen money, and by the true bill returned today she stands accused of larceny.

In the last indictment Cooke's name appears in connection with a charge that Warriner, when he was first made treasurer of the Big Four, knew of a shortage of \$22,000 for which Cooke was responsible. The Chicago man was then a clerk in the treasurer's office.

Another aspect of the case is that although Mrs. Ford now is charged with two criminal offenses she has not been arrested on the new indictment. The cause for the delay in this case is put on the ground that the woman is broken down in health and that her arrest might have serious effects.

GOMPERS BACK OF STRIKING SWITCHMEN

(Continued from Page 1, Column 6.)
At local strike headquarters that a sympathetic strike of allied railroad orders of the American Federation of Labor will result from the conference between President Gompers and P. T. Hawley, president of the Switchmen's Union of North America at Cincinnati today.

"My interpretation of the message from Cincinnati is that the American Federation of Labor has offered every assistance expected by Mr. Hawley in favor of the switchmen," said D. A. Harsbarger, third vice president of the Switchmen's union tonight. "We have said," replied Mr. Harsbarger, "that we are not agitating nor anticipating any sympathetic strike. We have, however, expected the moral and financial support of the different organizations if the strike is prolonged to any great length."

The strike railroad commission has received about thirty letters from many cities and villages, regarding their coal supply and other commodities, but Warren, Minn., is the only town in actual distress.

ROBBED OF MEMORY IN SAN FRANCISCO CATASTROPHE

Chicago Man Wanders for Years Until Shock Restores Recollection of Wife Who Mourned Him as Dead.

(By Morning Journal Special Leased Wire)
Chicago, Dec. 10.—Robbed of memory in the San Francisco fire and restored to the recollection of past events two weeks ago by seeing a man around to death under the wheels of a freight train, William F. Meyers returned today to his bride home from whom he had been parted a few days after their wedding.

Meyers was called to San Francisco in April three years ago to supervise the erection of a large building. Since then his wife had not heard from him.

According to the story told by Meyers he was hit on the head during the disaster and could remember nothing. He wandered about the country and two weeks ago saw a man killed by a train in Tampa, Fla. This shock caused his memory to return and he hastened here to find his wife.

Mr. and Mrs. Meyers will leave for the south tomorrow to continue their interrupted honeymoon.

WHITE PLAGUE VICTIM WIRES ANNOUNCEMENT OF HIS OWN PASSING

(By Morning Journal Special Leased Wire)
El Paso, Texas, Dec. 10.—Your relative, Mr. P. G. Wheatley, is dead. Everything is yours. Wire instructions."

This message was written by P. G. Wheatley two hours before his death at a local hotel today.

He was apparently in good health. This morning at 11 o'clock he summoned a doctor, gave him the scribbled telegram addressed to D. S. Wexley, Nashville, Tenn., and asked for a doctor. Tuberculosis is given as the cause of death.

RIVERS AND HARBORS CONGRESS ADJOURNS

Washington, Dec. 10.—What is declared by its officers to have been the most successful convention of its kind ever held came to an end today when the National Rivers and Harbors congress adjourned after a three days' session. Representative Joseph E.

IN THE WORLD OF SPORT

DONOVAN-DESHLER MATCH SET FOR NEW YEAR'S EVE

WRESTLING BOUT AT ELKS' OPERA HOUSE

Catch as Catch Can With Two Hour Limit and Fair and Square Fall; Both Men Fine Physical Specimens.

Jack Donovan of Philadelphia and Simon Deshler of this city will meet each other in a wrestling match at the Elks' theater New Year's eve, the night of December 31.

The news that these two powerful athletes are to give an exhibition of the strenuous sport in this city will be received with pleasure by sports fans as well as by all lovers of an exciting clean athletic exhibition between two men of well known reputation. The match will be catch-as-catch-can style, two hour limit. Flying falls do not go. It must be a fair and square pin fall and the strongest man wins. Strangle hold is barred.

Deshler will weigh from 185 to 188 with Donovan at 170. There will be a preliminary bout before the big match, the latter beginning at 9 o'clock, and two other bouts on the side in the fifteen-minute intermissions.

The tickets will be on sale at Matson's at 75 cents and \$1.00. Seats will be signed by the two men Sunday or Monday, at which time a referee will be decided upon.

"This will be my first match for the last six months," said Donovan last night. "I have seen enough of Deshler to know that he is a strong man, a powerful man, and I am not going to look for a walk-over, I believe, however, that I am nearly as strong and that I am faster and know the game better."

Deshler is not saying much but relies on his superior muscles to do up the Philadelphia man. "I expect to win and demonstrate that I am the better man," said Deshler. "I will go into training Monday and expect to be in the best of condition when the bout is pulled off."

Donovan will put in the time from now to Tuesday training and will leave the city Tuesday to be back about the 26th and train until the date for the match. Donovan has received a letter from J. E. Guier, manager for Sutherland, who has been wrestling in Mexico, and the two may meet in El Paso on New Year's day. If Donovan wins he says he will arrange to meet the famous Zello at 165 pounds for a side bet. Zello's last match was with Schuff, whom he recently defeated at 185 pounds.

Donovan's last match was with Jack Williams, in Newport News, Va., from whom he took the best two in three. Williams had previously wrestled two hours and a half with Tom Jenkins. Donovan met Leo Pardelee three times, losing the first match, making the second a draw and winning the third. He stayed ten minutes with Gutch; beat George Parker; stayed twenty minutes with American; beat Bill Olson and Jack Lawrence; was licked twice by Zello; won two matches with Dwyer and won a handicap match with Yussif Mahomet.

Deshler has done most of his wrestling in Germany. His last big match was twelve years ago and he has been on the mat twice in the past year and a half. He says he has been wrestling in Mexico, and he doesn't mind and claims that he has never been defeated, all his opponents being moreover considerably bigger and heavier. There is no doubt of Deshler's immense strength and the coming match cannot fail to be well worth seeing.

RACING RESULTS

At Juarez.

Juarez, Mexico, Dec. 10.—Enfield under Archibald's fine ride won the handicap at six furlongs at Juarez today. The finish was so close and exciting between the first three horses that the public was unable to tell who won until the judges placed the numbers. Enfield, the favorite, cut out the pace to well in the stretch, when King Cobalt and Marchmont challenged and a fierce drive resulted, the three horses finishing noses apart and in the order named. Three favorites won today. Summary:

First race, selling, five and one-half furlongs—Doctor Mack, 114 (Small), 2 to 1, won; Rubella, 192 (Strong), 2 to 1, second; R. J. Swann, 111 (Davenport), 12 to 1, third. Time, 1:10 2-5. Star Thistle, Elder, Lady Adelaide, Chian Belle and Comal also ran.

Second race, selling, one mile—Lina, 102 (Ronscolem), 12 to 1, won; Bonnie Prince Charlie, 112 (Small), 2 to 1, second; Roy Ton, 107 (Garner), 3 to 1, third. Time, 1:45. Swed and The Thorn, Melange and Swed also ran.

Third race, five furlongs—Alve B., 145 (Austin), 4 to 1, won; Master Clarence, 105 (Young), 15 to 1, second; Miss Hardy, 195 (Morse), 10 to 1, third. Time, 1:04 4-5. Henry Mann, Odd Rose, Henry Williams,

Steel King, Muxlaw, Illusive, Henry Belton, Jack Hayes and Red Campus also ran.

Fourth race, handicap, six furlongs—Enfield, 110 (Archibald), 2 to 1, won; King Cobalt, 109 (Creery), 4 to 1, second; Marchmont, 104 (Pickens), 7 to 1, third. Time, 1:15 1-5. Orbycular, Dr. Waldo Briggs, Flanahan and Bellweather also ran.

Fifth race, selling, one mile—Sorville, 191 (Moleworth), 5 to 2, won; Hands Around, 102 (Garner), 5 to 1, second; Sabado, 107 (Prendergast), 12 to 1, third. Time, 1:46. R. J. Smith, John Sparks, Dr. Nash and Dalesman also ran.

Sixth race, selling, six furlongs—Goldfinch, 112 (McCahey), even, won; E. M. Fry, 99 (Garner), 3 to 1, second; Force, 105 (Pickens), 4 to 1, third. Time, 1:16 1-5. Patriot and Kopek also ran.

At Emeryville.

Oakland, Dec. 10.—Favorites and well played horses were successful at Emeryville today. Fine weather favored the racing and the sport was interesting. The Lodi handicap at seven furlongs resulted in another victory for Judge Quinn. There was an upset in the third when John H. Sheehan at 10 to 1 beat the field easily. Eddie Dugan won his first race here when Banorilla took the opening event.

First race, five furlongs, purse—Banorilla, won; Elodia B., second; Gramercy, third. Time, 1:02 3-5.

Second race, future course, selling—Hudson won; Sainona, second; Silvergrain, third. Time, 1:13 3-5.

Third race, future course, selling—John H. Sheehan won; Inclement, second; Fordello, third. Time, 1:11 2-5.

Fourth race, seven furlongs, Lodi handicap—Judge Quinn won; Miss Plencie, second; Balronia, third. Time, 1:28 2-5.

Fifth race, one mile, selling—Ross-hare won; Cataline, second; Sir John, third. Time, 1:42 3-5.

Sixth race, five furlongs, selling—Tito II won; Old Settler, second; Annapolis, third. Time, 1:02.

At Jacksonville.

Jacksonville, Fla., Dec. 9.—Players received a sudden jolt in the very opening race today when Harvey F. the heavily favored 9 to 10 favorite, was beaten by Cindy, whose price at closing time was 11 to 2. Acrolat, the strong favorite at 7 to 10 in the sixth was beaten by St. Joseph, who carried a fairly good list of backers who caught him at 8 to 1.

First race, 4 furlongs; Cindy won; Harvey F., second; Diction, third. Time, 1:16.

Second race, 6 furlongs; selling; Ethion won; Home Run, second; Woodlane, third. Time, 1:14 1-5.

Third race, 5 1-2 furlongs; selling; Pantouffe won; Tommie McGrath, second; Jacobite, third. Time, 1:07 3-5.

Fourth race, 7 furlongs; handicap; Rostman won; Takhira, second; Center Shot, third. Time, 1:23 3-5.

Fifth race, 6 furlongs; selling; Rubia Granda won; Topsy Robinson, second; Tixolint, third. Time, 1:16.

Sixth race, 1 1-16 miles; selling; St. Joseph won; Campalmer, second; Acrolat, third. Time, 1:49 4-5.

At Tampa.

Tampa, Fla., Dec. 10.—Nose finishes and a dead-end characterized the racing at today's card. Osborne and Porter furnished the excitement when they crossed the wire together, the Hirschfeld colt coming from behind and nosing out Osborne at the wire.

First race, 5 1-2 furlongs; selling; Pirate Diana won; My Love, second; Gordon Lee, third. Time, 1:12 4-5.

Second race, 5 furlongs; selling; Autumn Girl won; Whim, second; Lou Lane, third. Time, 1:05 2-5.

Third race, 7 furlongs; selling; Osborne and Porter ran a deadheat; Kerechal, third. Time, 1:33.

Fourth race, 5 1-2 furlongs; selling; Charlotte Hamilton won; Alice Mack, second; Balshod, third. Time, 1:12 1-5.

Fifth race, 5 furlongs; selling; Jack Dennerlin won; Eva Tanguay, second; Laveno, third. Time, 1:05 4-5.

Sixth race, 7 furlongs; selling; Ben Howe won; Okaville, second; Bon Brake, third. Time, 1:24 4-5.

MURPHY DECLARES FOR WARD AS PRESIDENT

Head of Chicago Team Wants to Depose Heydler From Office in National League

New York, Dec. 10.—Charles W. Murphy, president of the Chicago National league club, arrived in New York today with the announcement that he was in favor of John M. Ward for president of the National league for 1910.

Mr. Murphy said he had nothing against John Heydler, the present president, but that he considered Ward the right man for the position. Murphy looks for the National league managers, who, meeting in only four days away to wind up their business in short order. He thinks that a president will be elected on the first ballot. He denies that Chicago capital was behind the recent sale of the Philadelphia Nationals and says so far as he knows the new owners of the new Philadelphia club have not pledged themselves to vote for either of the presidential candidates, Heydler or Ward.

Murphy and Garry Herrmann, of Cincinnati, chairman of the National commission, are the only out of town club commissioners who have arrived. Herrmann is a strong advocate of the re-election of Heydler and says that his candidate will be retained in office.

Adrian C. Anson, former manager of the Chicago Nationals is here and he conferred today with Herrmann relative to the chances he had of being

selected as a compromise candidate. Herrmann told him that he would vote for Heydler even if seven other ballots were cast for Ward and that the Herrmann-Breyfus faction of the National league would not consider the question of a compromise.

PROFESSIONALISM AND ROUGHNESS TWIN EVILS

Football Must Be Purged of Both if It Continues in Jesuit Colleges.

Washington, Dec. 10.—Football must be made less rough and it must be purged of professionalism if the twelve big eastern Jesuit colleges continue to permit the game by their students.

This was announced today by the joint committee on athletics.

LONG GRIND TELLS ON WEARY RIDERS

Leaders in Madison Square Six-Day Race Forty-seven Miles Behind Record at Two This Morning.

By Morning Journal Special Teased Wire

New York, Dec. 11.—The fatigue of desperate sprinting in the six-day bicycle race earlier in the week showed itself yesterday and last night in listless and lagged riding.

From a position at one time more than 20 miles in advance of the record, the leaders dropped steadily to the rear and at 10 o'clock last night were 39.5 miles behind their mark for the corresponding hour a year ago.

At one time during the afternoon all ten remaining teams of the nine-day started were within one lap of even terms, but the failure of Lawrence, whose weakened knees forced him to quit under the doctor's orders and an accident to Pye who broke a collar bone in a spill compelled a retirement. Halstead and Hehr, the surviving partners combined as a reconstructed team, took the penalty of one lap imposed by the rules.

An offer of \$100 to the team gaining a lap before midnight put new life into the riders and Anderson and Vanoni in a vain effort to steal distance on the leaders started a sprint that cost the Georgies a lap.

By this trick the Georgies lost another lap and at 11 o'clock the score was:

Rutt and Clark, Root and Fogler, Walther and Collins, Hill and Stein, Anderson and Vanoni, 2,264.9; Halstead and Hehr, Lawson and Demara, Mitten and West, 2,264.8; Georgies, 2,264.7.

The record for the one hundred and nineteenth hour is 2,304.7 made by Demara and Hill last year.

Just after midnight Halstead limped the field for half a lap in an effort to regain the penalty imposed upon him and his new teammate, Hehr, when they joined forces. The sprint lasted 16 minutes and worked havoc with the score.

Anderson and Vanoni were lapped twice and dropped into the third division, while Lawson and Demara and Mitten and West were lapped once and the Georgies four times. At 2 a. m. the score:

Rutt and Clark, Root and Fogler, Walther and Collins, Hill and Stein, 2,316; Halstead and Hehr, 2,315.9; Anderson and Vanoni, Mitten and West, Lawson and Demara, 2,315.8; Georgies, 2,315.5.

The record for the one hundred and twentieth hour is 2,347.7 made last year by Demara and Hill.

By Morning Journal Special Teased Wire

Washington, Dec. 10.—After a session of one hour and ten minutes, the senate adjourned today until Monday, while the house adjourned until Tuesday, after remaining in session for an hour and a half. Both houses are waiting on their committees.

Many million acres of coal land will be opened to use for agricultural purposes if congress should pass a bill introduced today by Representative Mondell of Wyoming.

The bill which is said to be in line with the administration views, authorizes entries under the homestead, desert lands, Carey, or reclamation laws of lands classified as coal lands or known to be valuable for coal. The government reserving to itself all the coal in these lands and the right to prospect, mine or dispose of it.

BULL FIGHTER SWEARS HE NEVER HARMED GIRL

Mexico City, Dec. 10.—Swearing the bullfighter's oath: "May I be gored to death by a bull if I say I am not true," Rodolfo Gama, the most popular bull fighter of Mexico in many lands, today denied that he knew Marie Louise Noecker, the young German girl who committed suicide last Friday morning after an all night absence from the home of her uncle.

Gama is still in prison charged with having been in company with the girl the night before.

His brother, Enrique Gama, is also in custody.

WIFE OF MANITOBA CHIEF JUDGE DEAD IN PASADENA

Pasadena, Cal., Dec. 10.—Hastening to the side of his sick wife, Chief Justice H. M. Howell of Manitoba, arrived here today in time to arrange for her funeral. The chief justice had received word of her serious illness and hurried to Pasadena.

COLDS CAUSE HEADACHE

LAXATIVE. RHOMO Quinine, the world wide Cold and Grip remedy, removes cause. Call for full name. Look for signature E. W. GROVE.

OCCIDENTALS WIN FROM VARSITY WITH EASE

U. N. M. Basketball Team is Unable to Get Started in the First Half and is Badly Worsted.

If the University of New Mexico basketball team had played as aggressively a game in the first half as they did in the second half in their contest with the Occidentals at the armory last night, they might not have been defeated by the score of 35 to 17. But the men from the hill were slow in getting started, and their opponents played rings around them all during the first half, which resulted in the score of 35 to 16. The U. N. M. boys took a decided brace in the second half, however, and held the Occidentals with such good effect that the game ended up 37 to 17 in favor of the Occidentals.

Notwithstanding the somewhat lopsided score, the game was well worth seeing and it was witnessed by a large crowd of lovers of the popular sport. Walt Galles, a forward for the Occidentals, was the bright particular star of the evening and played a splendid game throughout. Soder, a forward and Lemble, a guard for the varsity, both played good exhibitions. The lineup was as follows: Occidentals, W. Galles, McMillin, forwards; Skinnor, center; H. Galles and Snyder, guards; Varsity, Soder, Cornish and Bryan, forwards; McConnell, center; Jew and Lemble, guards.

Several Games on Schedule.

Manager Bob Sewell of the varsity team is arranging a schedule for the basketball season which will result in the U. N. M. meeting several territorial teams, including the School of Mines, the El Paso Military Institute, the Y. M. C. A. of Las Vegas and the Agriculture college. The Mines game will probably be played the first Friday in January in this city, and the games with the cadets and Aggies will probably occur in El Paso and Mesilla Park, respectively. The Y. M. C. A. team will be played both here and in Las Vegas.

Girls Team Arranging Games.

The U. N. M. girls team, through Manager John Abbott, has partially completed arrangements for several games during the season. One of the most interesting contests will be the game to be played against the Agriculture College girls, a definite announcement of the date for this exhibition to be made later. It has been practically decided to abandon the idea of having a game between the U. N. M. and Farmer girls in Albuquerque next Friday because of conflicting attractions on that date.

Both the boys and girls teams will endeavor to play as many games as consistent during the season in an effort to decrease the deficit in the athletic department.

New Chinese Minister Arrives.

San Francisco, Dec. 10.—Chun Yin Tang, successor to Wu Ting-fang, as minister from China to the United States, accompanied by his family and a retinue of about forty secretaries and Chinese students arrived here at 8 p. m., on the Mongolia.

TO OPEN COAL LAND TO FARMERS

Congressman Mondell Has Bill to Permit Its Use for Agricultural Purposes; Government Retaining Right to Mineral.

By Morning Journal Special Teased Wire

Washington, Dec. 10.—After a session of one hour and ten minutes, the senate adjourned today until Monday, while the house adjourned until Tuesday, after remaining in session for an hour and a half. Both houses are waiting on their committees.

Many million acres of coal land will be opened to use for agricultural purposes if congress should pass a bill introduced today by Representative Mondell of Wyoming.

The bill which is said to be in line with the administration views, authorizes entries under the homestead, desert lands, Carey, or reclamation laws of lands classified as coal lands or known to be valuable for coal. The government reserving to itself all the coal in these lands and the right to prospect, mine or dispose of it.

It is estimated that there is just as much unclassified coal land territory as the 25,000,000 acres which have been already classified. The unclassified areas can now be utilized for farming and millions of acres containing coal covered in the bill may be mined for generations unless there is legislation.

BILL ATTACKS POSSIBLE

Washington, Dec. 10.—The power site monopoly was the object of an attack in a bill offered in the house today by Representative Mann, chairman of the committee on interstate and foreign commerce. It provides that before dams across navigable streams can be constructed permission and approval must be obtained of the secretary of war and the chief of engineers and makes it unlawful to deviate from such approved plans.

Applicants must guarantee free power to the United States government. The government is also given authority to regulate absolutely the charges that may be made to the public for the use of power derived from such sources.

Heavy fines are provided for violation of the law.

CRAZED SWITCHMAN TIES UP TRAFFIC AT PUEBLO

Switches Spiked and Buildings Fired by Supposed Lunatic Who Steals Locomotive and Gets Away.

(By Morning Journal Special Teased Wire) Pueblo, Colo., Dec. 10.—After 5:00 a. m. the local railroad yards and almost crippling traffic for some time, J. A. Kirk, a yardman this morning climbed onto a switch engine, drove the engineer and fireman from the cab and started the engine down through the yards. After it got well under way he jumped off and the engine was derailed by a thrown switch.

During the morning the big roundhouse was discovered to be on fire. The fire was found to have been incendiary. Hardly had the fire department returned from extinguishing this blaze when they called out to another fire, this time the tool house at the other end of the yards. This fire too was found to have been incendiary. Track patrolmen were then sent out and it was discovered that the switches on the main track had been spiked and flagmen were at once sent to the outskirts to warn incoming trains.

Kirk, who was suspected of the work, eluded capture and disappeared after starting the switch engine. He is supposed to have gone to Denver.

Kirk, according to railroad officials, is a sympathizer with the striking switchmen, but his friends assert he became insane.

COTTON SOARS TO RECORD PRICE

Highest Point Since King Sully Cornered Market in 1904 Reached Yesterday in New York.

By Morning Journal Special Teased Wire

New York, Dec. 10.—Not since the Sully boom of 1904 has the New York cotton exchange witnessed a more sensational scene or a more spectacular rise in prices than occurred today with the announcement of the government crop report.

With the galleries crowded with visitors from the south, augmented by friends and relatives of operators and other interested spectators, the market soared to a new high record for the season with the gains of more than \$2 a bale over yesterday. Both the May and July options touched the high mark of \$15.50, both gaining approximately \$2 points over yesterday's closing.

Bull breakers presented a more violent avalanche, as they had distributed heavy selling orders every five points up from \$13.50 for May and July. They sold enormously, supplying the demand of shorts and also the lurch of buying orders from Wall street, Chicago and southern operators and the local and New England dry goods interests.

The market continued in an excited state up to the close, with estimates that 500,000 bales had changed hands in the last hour. May closed at \$15.67 and July \$15.74.

It was exactly 2 o'clock when the news came from Washington that the government estimate was only 10,820,000 bales—the smallest crop since 1903. Immediately there was a tremendous rush of buying orders poured in from the world over and prices jumped from 20 to 30 points in the first transactions.

Last trades made just before the report was announced were on the basis of \$15.50 for May delivery, the next highest being made at \$15.74, an advance of \$1 a bale. This was followed by tremendous trade in both ways and by rapid fluctuations. A break of \$15.65 followed, then came the rise to \$15.50, July cotton fluctuated along the same lines, while March reached \$15.60 as its highest point and closed at \$15.40.

The government estimate is about 200,000 bales below the predictions of the most sanguine of the bulls, and the action of the market naturally followed. Sixteen cotton, as much talked about, was not touched, but the market came near it.

It now remains to be determined whether the federal estimates have underestimated the field, as has been the case for the past ten years. During that time the crops have been underestimated each year from 500,000 to 600,000 bales.

NEGRO CAVALRYMEN FEAR DISMISSAL FROM ARMY

Chevyenne, Wyo., Dec. 10.—The announcement that conclusive evidence that members of the Twenty-fifth infantry, colored, shot up the town of Brownsville, Tex., and that southern congressmen will demand the abolition of colored regiments aroused much interest at Fort Russell today, where more than 300 Ninth cavalrymen are stationed.

HAMILTON GRAFT CASE ABOUT READY FOR JURY

ALBUQUERQUE — NEW MEXICO

SHE KNOWS HER BUSINESS.

Mrs. O. H. P. Belmont is not a novice in the art of keeping herself in the limelight. Her success in the matter of achieving the leadership of the woman suffrage movement in New York, and practically in the country at large, which she did through her own untold efforts, was enough to prove the truth of what we have said. But she did not stop with that. Every few days she springs some new feature on the public which causes the newspapers to talk about her—and the publicity seeker who can capture a place in the front page headlines of the metropolitan papers has made a success. Mrs. Belmont's latest was a demonstration at the Hippodrome, for the benefit of the striking shirt-waist makers. A "demonstration" is feminine for a "boast," and Mrs. Belmont, in her own hired hall, gave the waist makers a boost which was participated in by more than six thousand people, and made its influence felt all over town. Any one can do it, who understands the art of "get there," and has the money to back it—and that fortunate combination is possessed in full measure, by Mrs. Belmont.

THE PHILADELPHIA WAY.

The Philadelphia papers tell us that an association started in that city several years ago, for the purpose of educating the people up to the need policy of doing their holiday shopping early, is just now realizing its first practical success—and as a matter of fact, the measure of success which the efforts of the society are now meeting with, is due to the education of the sellers rather than the buyers—the merchants rather than the customers are entitled to the credit of it. Arguments have been brought to bear upon them which have served to convince them that the policy they have been pursuing for many years, of keeping their shops open every evening during December, was a mistake, and that people would do their buying in the day time, just the same, if they were given to understand that the shops would not be open in the evening. As a consequence, the dealers in holiday goods, in that city are observing regulation hours, during the present holiday season, and they find that there is more "early shopping" being done than was ever done before. Realizing that there will no opportunity to make an attack in force on the stores during the last few evenings before Christmas, the shoppers are profusely doing their buying in advance, and during the day.

AN OBJECT LESSON.

Here is an editorial from the Enid, Oklahoma, Ensign, which may be of much value to the statement of this territory when one hundred of them shall meet in convention at Santa Fe, to frame a constitution for the state of New Mexico.

There is a very important distinction between the attitude of the republican party, as represented in recent utterances of President Taft, toward railroad mergers and the deplorable mistake of the democrats of Oklahoma in handling the same subject. President Taft says that mergers of railroads should be prohibited whenever the merger is for the purpose of forming a trust that will rate freight rates or will place the part of the country traversed at the mercy of the combination proposed to be formed, but that the purchase of one railroad line by another should not be prohibited when it is apparent that such purchase would mean a better arrangement for the public and a more economical one for the railroads. In Oklahoma our constitution, disastrously to our industrial life, makes it utterly impossible for one railroad to buy the smallest branch of another, no matter how great might be the benefits to be derived from such a change. This mistake has resulted in the paralysis of railroad building in the state and has held back the development of every important city in Oklahoma. It is not desired to make a political issue of the question of the repeal of the clause in the constitution which is responsible for this condition, but until more democratic leaders come out, and a few of them already have, in support of the repeal of that clause it is but fair to point out the difference in party attitude toward the question of mergers and to show that

there is no truth in the plea made by a few narrow minded individuals that it is proposed by republicans to turn the railroads loose to form trusts and combinations to oppress the people. President Taft says the question is to whether one road should be allowed to consolidate with another road is one for the interstate commission to decide. What body is better fitted to decide such questions than that? And would it not be well for Oklahoma if the roads could take their cases before that non-partisan body and get their answer instead of being absolutely prohibited from building new lines or extending old ones?

TRAINED DIPLOMATS.

The rough and ready political minister and ambassador will soon be a thing of the past. Under a plan outlined by Secretary Knox and approved by President Taft, the foreign representatives of this country will not be appointed in the future because they carried two congressional districts in Indiana or put up a lot of money for a campaign. The European system of a trained diplomatic corps has been adopted.

TWO OF A KIND.

"It is rather remarkable that the telegraph should report a minimum of one degree lower at the Agricultural College in the Mesilla valley than the weather bureau observed at Santa Fe, but it has been recognized for many years that owing to the sheltered position of Santa Fe, it is never so cold here in winter as it gets to be two hundred miles further south and from 5,000 to 4,000 feet lower. Even Roosevelt reported only a few years ago, the extreme of 23 below zero, or 18 degrees below the very coldest ever recorded in Santa Fe. In summer, it is cooler at Santa Fe than at Denver, Colorado Springs or other favored summer resorts and in winter, the extremes of cold are less than they are at towns much further south and lower in altitude—Santa Fe New Mexican."

But not so very remarkable when you take the trouble to look into it. There's a wise and kindly provision of nature which prevents the evils that earth is heir to, from being all visited upon the same locality. The old missionary hymn immortalized just such a case, many years ago, when it sang: "What though the spicy breezes, Blow soft o'er Ceylon's isle, And every aspect pleases, And only man is vile."

LOOKS LIKE KNOX.

The following little pen picture of the secretary of state under the present administration, drawn by a Washington correspondent of the New York World, is interesting, and those who know say it is life-like: "The little man" is what they call Philander Chase Knox, secretary of State, who through all the fifty-six years of his life has been carrying a chip, if not on his shoulders at least somewhere about him. As a matter of fact, there is no logical reason to suppose that a five-foot-two man, even a statesman, who wears his hat at a careless angle, keeps his hands in his pockets and smokes constantly without removing the cigar for a puff, is belligerent. And when one goes into the barn-like room of the Secretary of State and after a search finds the secretary sitting on the back of his neck in a chair built for a much larger man, looking up with the sleepy eyes of P. C. Knox, any indication of force of character seems impossible. But when the conversation is opened if one has a direct, concrete idea in mind and expresses it intelligently, the rapid fire and tabloid answer that comes back is staggering but most satisfying, when one has thought it over. A vague inquiry bores the secretary of state. It indicates to him that the visitor does not know just what he wants, and Mr. Knox settles a little further into the enveloping chair and grunts. The fighting spirit does not appear until some one rubs against the concealed chip. Then the sleepy eyes glare.

BUSINESS ON A SOUND BASIS.

In a symposium contributed by members of the National Association of Manufacturers to the December number of American Industries, the official organ of the association, the opinions given show that the country has returned to a condition of normal prosperity and indicate that a great majority of the members of the association look forward to a substantial improvement during the coming year.

To insure this prospective improvement, however, declare many of the members, it is necessary that the prices of raw materials be not advanced and that tariff agitation be avoided.

It is further desired, they assert, that all interested in the general welfare of the country preach conservatism and fight wild speculation in real estate and business enterprises in general as well as in Wall street.

In addition to the symposium, the magazine contains an article by John Kirby, Jr., president of the National Association of Manufacturers, in which are summarized the indications of an increase in trade throughout the country, as shown by bank statements, freight movements, agricultural output and railway development.

Requested to make any suggestions which they thought might be of value in promoting general prosperity. Replies to the question regarding present conditions of trade indicated a general good condition in business, and a great majority of the members in their forecasts for the coming year predicted good prospects.

After New Mexico has failed in so many attempts to secure statehood it is not strange that many people have not as much faith in the present movement as they should have. But it must be remembered that "circumstances alter cases."

Mr. J. Pierpont Morgan is credited with having the finest art collection in the world, but it has been remarked that to the average citizen this is much less impressive than his financial collection.

How Arizona Looks at Statehood Bill.

(Phoenix Republican.)

No one who cares more for Arizona than he does for party will find fault with President Taft's recommendation that the statehood bill shall provide that the constitutions of the proposed new states be submitted at an election separate from the election of officers.

The only objection that can be heard to this recommendation is that the plan proposed would consume so much time that there would not be enough left for the complete organization of the state between the passage of the bill and the usual date of the general election.

That objection could easily be met in the bill, if congress should appropriate fully the money of the residents of the territory to get into the union. But all this is a less important matter than the selection and adoption of a constitution from which nothing should be allowed to distract attention. It is of infinitely less moment that any man's ambition should be gratified or even that this or that party should succeed, than that the adoption of a constitution should not be complicated.

A defeated party may recover itself without regarding the progress of the territory into statehood, but a defeated constitution would block matters. Also a constitution that might be formed as an asset to a political organization to be made use of at an election is not such a constitution as would be best for the state of Arizona. What is wanted is a constitution for citizens, and not for partisans.

Editor Thinks Moral Uplift Has Chance in the Territory.

(Farmington Times Hustler.)

The selection of Chief Justice Mills to succeed George Curry as governor has put at rest the spirit of expectation that a change of this kind usually creates. Those who desire statehood and are aware that the corruption in public affairs has had the effect of keeping us from it, were hopeful that Taft would appoint a man who was in no way identified with that political element of both parties that are responsible for these conditions. It was a hope that had little basis for its foundation, we admit, but it existed nevertheless.

On the other hand, the Plunderbund was active in trying to land a man either of their ranks or that they could control as they have in a large measure. We have no personal acquaintance with the new appointee, but from what we have heard of the man, we believe the latter have won. It is true that Judge Mills was not the candidate of the organization, but we are inclined to think from what we have heard, not of our own personal knowledge, that there will be no friction between the governor and the organization.

We shall look for nothing better from Mills than we have had from Curry, and we shall not be surprised if it is much worse. If we prove to be mistaken in our estimates, we will be pleased and hasten to acknowledge our error.

Even if we be correct in our estimate, there is no reason for discouragement on the part of those in the territory who hope for better conditions.

tions. These better conditions will come either by reform as started by Hagerman, or by corruption becoming rampant as in the case of the Sugar Trust in New York. Corruption should feel discouraged. Our time is coming and the progress of the territory will be rapid indeed when this time comes.

EL PASO EDITOR SEES MORE TROUBLE AHEAD.

(El Paso Times.)

The Times has hoped that the appointment of Judge Mills to be governor of New Mexico would bring peace to that factious territory. Governor Mills is admitted to be a man of the highest character, of splendid attainments and fine ability, and from the manner in which his appointment was received by the press of the territory, it appeared that at last there was promise of harmony among the factions.

Now comes the news that the republicans of the territory are preparing to prefer charges against Governor Mills and to fight against his confirmation by the senate. That the charges will fall and his nomination be confirmed no one doubts, but the deplorable result will be the breaking out anew of factional strife.

It is known—and by none better than the New Mexicans themselves—that there is opposition in both branches of congress to the admission of New Mexico and Arizona to the union. That the charges against Governor Mills and the fight against his confirmation will arm the opposition to statehood and be used as the factional strife has all along been used, as evidence to support the claim of the opposition successfully urged heretofore, that as the people of New Mexico cannot agree among and govern themselves, they are not entitled to statehood.

Good politics would suggest that no matter how just the charges or how bitter the opposition to Governor Mills it were better to suppress the one and refrain from the other, to secure early statehood and home rule and the right to elect the governor they want.

The unfortunate and regrettable action may delay statehood, but we do not apprehend that it will defeat it, but the Times wants to see statehood granted both territories without further delay.

If you are suffering from biliousness, constipation, indigestion, chronic headache, invest one cent in a postal card, send to Chamberlain Medicine Co., Des Moines, Iowa, with your name and address plainly on the back and they will forward you a free sample of Chamberlain's Stomach and Liver Tablets. REAPING BENEFIT

From the Experience of Albuquerque People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Albuquerque residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

Mrs. Frank J. Smith, 1021 S. Arno street, Albuquerque, N. Mex., says: "I derived great benefit from Doan's Kidney Pills and this has led me to recommend them to more than one of my friends. For five years I was troubled by a dull pain in the small of my back which was always more severe if I stood for awhile. I always felt tired and it seemed as if there were no relief for me. Finally Doan's Kidney Pills were brought to my attention and upon using them, I soon received the desired relief. I have unlimited confidence in this remedy and shall always have a good word for it."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Oil Heat Without Smoke

No matter how sensitive your olfactory nerves may be, or under what working conditions you encounter the

PERFECTION Oil Heater

(Equipped with Smokeless Device)

you'll not detect the slightest odor of smoke.

The Perfection Oil Heater neither smokes nor diffuses odor. The new

Automatic Smokeless Device

positively prevents both. Repeated tests during its incipency and development, innumerable trials after it had been pronounced perfect by the inventor, demonstrated its utility and sure effectiveness.

The Wick cannot be turned up beyond the point of its greatest effectiveness. It locks automatically and thus secures the greatest heat-yielding flame without a sign of smoke or smell. Removed in an instant for cleaning.

Solid brass font holds 4 quarts of oil—sufficient to give out a glowing heat for 9 hours—solid brass wick carriers—dampers—cool handle—oil indicator. Heater beautifully finished in nickel or Japan in a variety of styles.

Live News From New Mexico and Arizona
What's Doing all Over the Great SouthwestNew Mexico Towns Vote for
Notable Civic ImprovementsNEW COURT HOUSE \$20,000 BONDS FOR
FOR DEMING IS
ASSURED IMPROVEMENTS AT
LAKE ARTHUR

By Vote of 302 to 7 Luna County Goes on Record for \$25,000 Building; Other Business Improvements.

[Special Correspondence to Morning Journal]
Deming, N. M., Dec. 8.—On Tuesday, December 7, the proposition for the \$25,000 court house bond issue and court house site was submitted to the people to be voted upon. All reports have been received except Columbus, and it will not change the present number very much either way. All reports so far show that 309 votes have been cast—302 in favor of the issue and site, and seven against. This gives Luna county a fine, new, much-needed building. The remaining \$15,000 has been raised by direct taxation. All seemed to agree on the site—Deming.

Two New Buildings.
Mr. J. A. Mahoney, the well known merchant of Deming, has received plans for a new, three-story brick building, where his present building now stands. This means an advancement in the building line, and also shows that Mr. Mahoney's keen foresight, based on many years of experience, is not lacking. If Deming advances in the next few years as it has in the past, she will need several of these new buildings.

New Laundry Building.
Mr. C. A. Cameron, proprietor of the Deming steam laundry, has just received plans for a new laundry building. The new building will face the depot. Mr. Cameron has \$1700 worth of new machinery and will also install private water works. The present equipment will turn out \$150 worth of business in a week. The new plant will turn out an equivalent amount daily.

FRED HARVEY LEASES
SITE FOR NEW DAIRY
FARM NEAR PRESCOTT

Prescott, Ariz., Dec. 8.—Formal ratification of the lease of the city's lands at Del Rio to Fred Harvey, who will establish a dairy farm there, was the important feature of the council proceedings last evening. The lease as submitted by Paul Burke, attorney for the Fred Harvey corporation, was thoroughly examined by Mayor Goldwater and other councilmen and after some changes were made the mayor and clerk were authorized to sign the document. It provides for a lease of ten years from January 1, 1910, at a rental of \$3,000 for the period, and the city reserves the right to use all of the water it may require for municipal or other purposes. Harvey has the right to cancel the lease at the end of five years. At the expiration of the lease Harvey is permitted to remove all of the improvements, except the fences, which he may place upon the land.

Issue to Build New Waterworks
System and Street Better-
ments Carried by Unanimous
Vote.

[Special Correspondence to Morning Journal]
Lake Arthur, N. M., Dec. 7.—In the special election held today for the purpose of determining whether Lake Arthur should issue \$20,000 worth of water works and street improvement bonds the vote was unanimously in the affirmative.

On account of the cold and disagreeable weather the vote was light but there was not a single ballot cast against the proposition.

It is proposed to use \$17,500 to sink a first flow artesian well and pipe the water over the town, and spend the remaining \$2,500 in planting trees along the streets and otherwise improving them as well as beautifying the city park.

The Peoria Valley Land and Development company brought in twelve prospectors, mostly from Kentucky, on the last expedition, to whom they sold in all about 400 acres of land for a total amount of \$16,000.

Eight or ten new families have arrived and taken up their residence in Lake Arthur during the last two weeks, and several more are expected during the month.

FIVE FEET OF SNOW
IN MOUNTAINS
OF TAOS

One of Heaviest Storms on Record Reported from Cerro; Lions and Wolves Driven from Their Winter Shelter.

[Special Correspondence to Morning Journal]
Cerro, N. M., Dec. 8.—The Taos valley country is covered by one of the heaviest snows in the memory of the most ancient inhabitant and in the mountains the white blanket is reported to be five feet in thickness. This insures that the snow will remain in the hills for the greater part of the winter, which means abundant water next spring. So severe has been the storm that many wild animals have been driven to the outskirts of civilization after food. A mountain lion last night raided the pig pen of Antonio Martinez and carried off a fat porker, and Mrs. Baker killed a big lobo wolf with a club in her hen house. Not for many years have the denizens of the wild been so emboldened by the pangs of hunger.

GOOD CONDITIONS
IN THE RURAL
SCHOOLSSUPERINTENDT CLARK
PLEASED WITH INSPECTIONHead of Territorial Educational
System Personally Investi-
gating Town and District
Schools.

[Special Dispatch to the Morning Journal]
Santa Fe, N. M., Dec. 10.—James E. Clark, territorial superintendent of schools believes in acquainting himself personally with the actual conditions in the schools all over the territory in order to better grasp the needs of the schools of the territory as a whole and to learn the problems which are most pressing in the teaching of the young ladies in New Mexico. He has just returned from an exhaustive inspection of the schools in McKinley and Valencia counties and on the whole he is much pleased with what he has seen.

In Belen he found the schools overcrowded but in charge of an excellent corps of teachers sustained by a healthy public sentiment. Superintendent Clark says that in all of his travels he has never met a more able board of directors than that consisting of Father Heard and Messrs. Diles and Didier at Belen. The board stands back of every proposition for the benefit of the schools and the community, even at the risk of incurring criticism. The district levies a twenty mill tax for the schools, the limit provided by law, and this is indicative of the spirit that pervades the community. Belen has a two years' high school course.

Mr. Clark also found evidence of abundant prosperity at Belen. Becker and McTavish have just completed an imposing two story brick business block, containing three up-to-date store rooms and suites of offices on the second floor. John Fleming has completed a two story brick business block only one square from the line new Santa Fe depot and Harvey house. Dr. Beardsley has put up an elegant modern residence and John Becker several cottages and yet the demand for houses is so great that the rents are very high.

At Jarales, Superintendent Clark found the school so over crowded that one hundred pupils occupied one room, and were taught by two teachers, Saturnino and Ann Baca.

At El Bosque, Federico Baca was in charge of the school, and at Garcia, Manuel Sanchez is the teacher. At Lower Tome, the school was also overcrowded. Here Misses Selisio and Ortiz are the teachers. At Tippecanoe, Miss Vicentita Montoya, formerly of Santa Fe, and Miss Garcia are teaching. Here Superintendent Clark found that excellent results are being achieved in teaching English to the Spanish-American children. Every Saturday evening, the teachers give a social to the pupils at which games are played and at which each pupil must converse in English. If caught speaking Spanish, the pupil is excluded from the game for one whole week.

Gallup has a splendid corps of teachers and R. E. Twining, formerly of Santa Fe is the superintendent. The town has a three years high school course. At Gibson, Mr. Clark inspected the plans for a four room modern school building to be erected from the proceeds of an \$8,000 bond issue by the school district. Superintendent McDermott of the Victor-American Fuel company takes great interest in school affairs in the camp. Superintendent Clark expects to visit McCarty, Valencia county, Espanola, Rio Arriba county, and Tucumcari, Quay county, in the near future.

To Celebrate Guadalupe Day.
The parishioners of Guadalupe church are making great preparations for the celebration of their feast on Guadalupe Day, Sunday, December 12. The evening before great bonfires will light up this ancient city in honor of Guadalupe Eve. On Sunday, His Grace, Archbishop J. B. Pitaval will preach in English and Rev. Father Pughen of the cathedral will preach in Spanish. Several priests from other parishes will be present. Everybody is invited to attend and hear good sermons.

District Court.
Judge John R. McFie in chambers today heard the case of C. J. Kirk et al. vs. the New Mexico sheep sanitary board. The defendants were cited to show cause why an injunction granted in San Juan county should not be made permanent to restrain the board from enforcing a sheep dipping order at this time of year.

Suit was filed today by Trinidad Alarid, assessor of Santa Fe county, for a writ of mandamus to compel the board of county commissioners to pay him \$24 commission on \$500 liquor licenses assessed by him and collected by the county treasurer.

Coal Oil Inspection Trouble.
Coal Oil Inspector Malaguina Martinez has been summoned by telegraph from Taos and will arrive here tomorrow evening to adjust difficulties that have arisen over the inspection of oil at El Paso for the trade in this territory.

Governor Curry is expected home from his good roads trip to Otero county on Sunday evening.

Land Contest.
Isabel Sandoval has through Attorney Benjamin M. Head filed a contest affidavit in the United States land office against Anastacio Gonzalez

homestead entry No. 9887, made on September 5, 1906, for lots 9 and 10, east half of the southeast quarter of section 5 in township 12, north of range 12 east, Santa Fe county. The charges alleged against the entryman are failure to establish legal residence upon the land. The hearing is set for January 31, 1910, in the local land office, at 10 a. m.

Incorporations.
In corporation papers were filed today in the office of Territorial Secretary Nathan Jaffa by the Clayton News Publishing company of Clayton, Union county. The incorporators and directors are: Howell Earnest, 25 shares; Paz Valverde, 24 shares; John A. Pace, eight shares; J. C. Slack, eight shares; R. W. Isaacs, four shares; F. H. Clark, four shares; J. Harry Binkley, eight shares, all of Clayton. The capitalization is \$5,000, divided into twenty-five shares and the company begins business with \$2,000.

The Peoria Valley Alfalfa Mill company of Hagerman, Chavez county, and Terrell, Texas, filed incorporation papers, the capitalization being \$30,000, divided into 300 shares, but the company begins business with \$2,000. The incorporators and directors are: E. J. Lockhead, M. C. Cartwright, Robert L. Karren, four shares each; Roy Lockhead, J. R. Anthony, three shares each, all of Terrell, and James Williamson, two shares of Hagerman.

Delegate to Good Roads Congress.
Governor Curry today appointed B. F. Pankey of Lamy, Santa Fe county, a delegate to the Good Roads congress which meets at Topeka, Kan., on December 14.

THE SPANISH ONION
NEEDS DRY AND
WARM CLIMATE

Interesting Bulletin on Culture
of Famous Variety of Odori-
ferous Vegetable Issued by
Experiment Station.

"The Spanish Onion" is the subject of Press Bulletin No. 158 by the experiment station of the Agricultural college at Mesilla Park, as follows:

Since 1903 the experiment station has been conducting experiments with onions. In 1904 Bulletin No. 22 was issued. In this bulletin instructions were given on the cultural methods for onion growing in this climate. Recent observations show that while the largest yield may be obtained from fall planted seed, good crops may be produced from late winter planted seed. The results at the station show that if the onions cannot be started in the fall the next best thing to do is to plant the seed in the field between January 20 and February 1, putting the rows fifteen inches apart and thinning to four inches in the row as soon as the seedlings are large enough. Results also show that the best time for planting the seed in the fall is from about the 25th of September to the 10th of October. If the seed is planted early in September a very large per cent of the onions will produce seed heads the following year. On the other hand, if the seed is planted later than the 10th of October the cold weather will cause a very slow germination and the growth made by the seedlings during the winter will not be large enough for transplanting at the proper time in the spring.

Most of the late work on onion culture has been devoted to experiments with fertilizers with the object in view of increasing the yield. One of the best varieties for this purpose has been the Gigante Gibraltar, which produces a very large, globe-shaped bulb and light yellow in color. The flesh is almost white, juicy and very mild. The stem is large and the leaves are not glaucous. In 1908 the yield from eighteen 1.50 acre plots was 25,000 pounds of marketable onions. In 1909 the yield from twenty-five and a half 1.50 acre plots was 27,692 pounds of sound onions, 5,276 pounds of spoiled onions and 927 pounds of scullions. A little over 1.50 of an acre of this area was Denia onions. According to the results this year it has been found that the Denia onion is practically the same as the Gigante Gibraltar and it is well adapted to our climate and soil requirements. The Denia onion is a variety grown in Spain and every year it is imported to the eastern markets in large quantities. The seed of this Denia onion was secured through the department of agriculture at Washington from Spain and planted last fall.

All of the onions were harvested on September 18 and 20, 1909, and immediately steps were taken through the Mesilla Valley Produce exchange to ship a carload into Chicago as an experiment to find out how well these Spanish onions would sell in competition with onions of the same variety imported from Spain. Regular Spanish crates were bought through the Mesilla Valley Produce exchange and on October 11 a car containing 495 forty-pound crates was shipped to Chicago.

In order to find out the difference in price in the Chicago markets between the different grades of onions, 138 crates of No. 1s, 148 crates of No. 2s, 21 crates of No. 3s and 128 crates of specials were shipped. The crates averaged forty pounds in weight, although they did not hold over thirty-four pounds of onions, or a total of 16,520 pounds. All the onions arrived

in good condition and every crate was sold.

On October 24 the Mesilla Valley exchange rendered the following statement to our horticultural department:

Account of sale of car onion of 495 crates.

49 crates sold for.....\$ 46.00
160 crates sold for.....176.00
295 crates sold for.....295.00

Making a total of.....\$517.00
Freight charges from Mesilla Park to Chicago.....\$130.00
Cartage at Chicago.....9.90
Commission to Chicago sellers 36.19
Commission to Mesilla Valley Produce exchange.....24.75
500 crates at 15c.....75.00
Total expense.....\$275.84
Balance to grower.....\$241.16

From this amount the cost of sorting, packing and growing the onions must be deducted.

The expense of sorting and crating was probably more than it ought to have been. Common labor was used for sorting while skilled labor was used for packing the onions. Making the 500 crates, sorting and delivering the onions to the packers cost \$20.00, while the packing of the 495 crates at 5c each cost \$24.75. The estimated cost of production was probably not over \$43.00. Thus the cost of sorting, packing and growing amounts to \$43.75, and deducting this amount from the \$241.16 leaves \$197.41 which represents the net proceeds in cash from the half-acre plot. Aside from this about 5,500 pounds, mostly of No. 3s, were left that could have been sold for at least 1c per pound. Out of the 27,692 pounds harvested there were about 5,000 pounds discarded, due to the spoiling of the bulbs. There was a larger per cent of bulbs spoiled this season than during any previous year. This was due to too much rain just at harvest time.

From all indications it appears that these Spanish onions will not stand too much rain during the ripening period, and for this reason it is doubtful as to whether this onion will be suited to the tier of states bordering on the Gulf of Mexico. The results indicate that the Spanish onion is better suited to a dry and warm climate.

The seed of this Spanish onion is very difficult to get in this country, but the J. M. Thorburn Co. is making arrangements to import it. The Gigante Gibraltar seed has been sold in the past by both the Barteldes Seed Co., Denver, Colo., and W. A. Burpee, Philadelphia, Pa.

FABIAN GARCIA.

November 17, 1909.

ALLEGED RUSTLERS
BOUND OVER TO
GRAND JURY

Trio of Men Charged With
Horse Stealing Held; Judge
Pope Imposes Penitentiary
Sentences.

[Special Dispatch to the Morning Journal]
Roswell, N. M., Dec. 10.—Tomas Martinez, Marcos Corona and Serafin Cornelas were this afternoon bound over to the grand jury under bond of \$500 each on the charge of horse stealing. They were arraigned in the court of Justice A. J. Weber, but waived examination. None has furnished bond.

In the district court Judge Wm. H. Pope this afternoon sentenced Antonio Love to two years in the penitentiary for robbery, Casimiro Chavez to three years in the penitentiary for forgery and two years, suspended, for robbery. They were found guilty of a robbery perpetrated in the jail while waiting trial for other offenses.

WINSLOW TO VOTE ON
\$40,000 BOND ISSUE
TO BUILD NEW SEWERS

[Special Correspondence to Morning Journal]
Winslow, Ariz., Dec. 9.—At a special meeting of the city council held last Friday evening, January 7 was decided upon as the day for voting on the proposition of issuing bonds in the sum of \$40,000 to build a city sewer.

The resolution providing for this improvement was adopted by the council two months ago but requires the ratification of the people before the work can be undertaken.

The bonds will be known as negotiable coupon bonds, to bear date of January 15, 1910, to become due and payable not later than January 15, 1940, and to bear interest at the rate of six per cent per annum, payable semi-annually.

The plans, specifications and estimates have already been submitted to and approved by the council.

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. Sold by all druggists.

CLUB MEMBERS ARE RALLYING TO ITS SUPPORT

BOND SUBSCRIPTION IS NOW ASSURED

Committee Meets With Even More Enthusiastic Reception Than Was Anticipated and Success Is in Sight.

It now appears that the members of the Commercial club of Albuquerque will raise without difficulty the seven thousand dollars necessary in addition to the \$15,000 Pacific Mutual loan to enable the club to obtain possession of its property and get on its feet ready for a vigorous campaign for a greater Albuquerque.

The committee in charge of the subscription for the second mortgage bonds, consisting of George L. Brooks, Berthold Spitz, N. H. Dill and O. S. Marmon has so far called on only one or two members who failed to endorse and Mr. Brooks said last night that the bonds will be all subscribed among the members of the club. The new should be a source of the greatest gratification of every person interested in the success of the club in its reorganization campaign.

The plans of the club officials are so eminently business-like and clear cut that every member of the organization has taken hold enthusiastically and there is evident a team-work spirit which shows that the club is getting back its old time vigor and energy. All traces among the business men and citizens of any dissatisfaction with the methods of the club in the past have disappeared and everyone is boosting. In short things at present are looking mighty good for the Commercial club.

FOURTH WARD AGAIN TAKES MAJORITY OF PRIZES

North End Pupils Demonstrate Their Ability to Out-spell Orthography Experts From Other Schools.

The Fourth ward pupils demonstrated again yesterday afternoon that they are the champion spellers of the city by winning the majority of the prizes in the spelling bee, participated in by a large number of scholars of the various classes of the four ward schools. Thursday the Fourth ward boys and girls badly worsted the Third warders in a number of spelling matches which proved highly interesting to the spectators. The 6-1 Fourth ward pupils defeated the 6-1 Second ward scholars yesterday afternoon, sixteen Fourth warders being on their feet at the time of the contest against two Second warders.

The 5-2 Fourth warders also took the match from the First ward pupils of that grade, fourteen Fourth ward scholars standing at the close, against no First warders.

In the match between the 4-2 grades of the Second and Third ward, the Third warders redeemed themselves for their defeat at the Fourth ward Thursday by having fourteen pupils standing at the close, against five Second warders. In the 5-1 contest the Fourth ward won from the Second ward by a large majority and the 3-2 Fourth ward classes worsted the 3-2 First warders by a good margin.

The Fourth ward, however, met defeat at the hands of the 3-1 Second ward pupils, five Second warders remaining in the game until the end, while only one lonely Fourth ward pupil managed to stick it out.

The 2-1 Fourth warders won out over the Second ward 5-1 grades, as did also the 4-1 and 3-2 grades.

The results follow:

The 7-1 contest, Ward Four won from Barrow, winner of prize. Fourth ward started with 35 pupils, the First ward with 21. The match ended with 24 Fourth ward pupils standing against 1 First ward.

The 6-1 contest, Ward Four won. Prize winner, Donald Barrow. Pupils standing at close of contest: Fourth ward, Margaret Gallagher, Katie Barrow, Evelyn Trotter, Elsie Berger, Wanda Cook, Mable Phillips, Pauline Horradale, Nellie McAllen, Ethel McAllen, Ethel McCaskey, Grace Baumert, Cecil Packert, Harry Roth, Louis Roth, Bertie Stern, Donald Barrow. Second ward, Eds Wood, Grace Hoff.

Fourth ward contest with First ward, 5-2 grade. Fourth ward won. Prize winner, Charles Heyn. Pupils standing at end of contest, Fourth ward: Marion Watlington, Alfred Thelin, Henry Loeb, Helen Barrow, Elmore Reynolds, Clark Watson, Robert Pomeroy, Howard Mann, Hermann Cantrell, Frank McKee, Jr., Thelma Sawyer, Rebs Connor, Charles Heyn. First ward, none.

Third ward contest with Second ward, grades 4-2. Third ward won. Prize winner, Hermenia French. The pupils standing at close of contest, Third ward: Werner Thorne, Bought

Coughs and Colds.—At this season when coughs are so prevalent, an effective remedy, and one easily obtained, is Perry Davis' Pinkettes. It is not a nostrum, vended by unknown agents, but has stood the test of over seventy years; and those who use the article, internally or externally, will connect with it grateful recollections of its worthy inventor.

LAS VEGAS WOMAN TAKES FIVE SHOTS AT BURGLARS

Mrs. Herman Uses Revolver With Good Effect on Men who Attempt to Break Into Her House.

Special Dispatch to the Morning Journal
Las Vegas, N. M., Dec. 10.—Last evening at about 8 o'clock an attempted burglary took place at the home of N. O. Hermann on Hot Springs boulevard. As Mrs. Hermann was preparing to leave the house to attend a meeting of the Eastern star one of the children heard a noise in the kitchen. Mrs. Hermann took a lamp and went into the kitchen, and upon arriving there saw two men at the door. The would-be burglars, seeing Mrs. Hermann, slammed the door and ran around the house to the front yard. Mrs. Hermann immediately went to her bedroom and secured a revolver. By this time the burglars had reached the front gate and were running across the street. Mrs. Hermann opened the front door and fired five times at the fleeing men. She does not know whether the men were white or black but thinks they were young men.

Mr. Hermann who was away from home attending a meeting of the town council was notified of the trouble and in company with Mayor S. Romero went immediately to the Hermann home. All trace of the intruders had been lost by this time.

The police were notified and the night captain and one patrolman responded but arrived too late to do any good. About this time a light was seen to go out in Mr. Romero's house just across the street. This being out of the ordinary Mr. Romero and Mr. Hermann proceeded quietly to Romero's house where they searched the premises for burglars but could find no one. On going to the basement they found the door open and on looking at the barn and corral found things open showing that some one had been there but evidently had been frightened away. Robbery is believed to have been the purpose of the men as they probably knew both Mr. Hermann and Mayor Romero would be at the council meeting that night. A diligent search is being made tonight for the men.

Kelley to be Brought Back.

It was reported here today in business circles that H. C. Kelley, former representative of the Bankers' Reserve Life company, an insurance corporation of Omaha, Neb., would be brought back to the territory by the United States Fidelity and Guaranty company, which bonded him.

Kelley left Las Vegas recently negotiating to pay numerous bills which he owed to various merchants. The guaranty company has been called upon to pay some of these claims and has expressed its determination to return Kelley here to answer for his apparent misconduct.

Kelley's creditors here have attached his household goods and office furniture, which will be sold at public auction in the near future to satisfy claims against him.

Campbell to Lecture in Las Vegas.

Today D. T. Hoskins, cashier of the San Miguel National bank of this city and clerk of the National Irrigation congress recently a telegram from Wesley Merritt, colonel agent of the Santa Fe railway company, advising him that H. W. Campbell of Lincoln, Neb., known as the father of dry farming will deliver a lecture in Las Vegas on December 22nd.

JURY DISAGREES IN PFEFFER CASE; IS DISCHARGED

After Deliberating for Five Hours Jurors Report to Court That They are Unable to Arrive at a Verdict.

The case of the Territory vs. Florencio Pfeiffer, charged with robbing Mrs. May Majorbanks on June 21 last, which was begun Wednesday morning, resulted in a mistrial, the jury which sat in the case reporting at 11:10 last night that it was unable to arrive at a verdict. After being assured by the jurors that they were hopelessly divided and that there were no prospects for an agreement, Judge Ira A. Abbott discharged them.

The case went to the jury at six o'clock last evening after lengthy arguments by District Attorney Klock on behalf of the territory and Attorney John A. White on behalf of the defendant.

Pfeiffer was convicted some three weeks ago on a charge of assaulting Mrs. Majorbanks and the case which was ended in a mistrial last night was the second growing out of his alleged connection with the outrage in the woman. Still another indictment remains to be tried against Pfeiffer, that of impersonating an officer, it being alleged that he represented himself to be a deputy sheriff of the time he is said to have assaulted Mrs. Majorbanks.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by all druggists.

STILL BELIEVES IN DOCTOR COOK

Charles Wake, Who Knows Where Explorer is Hidden, Says Latest Attack is Pure Fabrication.

By Morning Journal Special Leased Wire
New York, Dec. 10.—Charles Wake, an intimate friend of Dr. Cook rallied to his support today with a statement reasserting his confidence in the doctor's integrity and attacking the credibility of Captain A. W. Louse and George H. Dunlap, who have sworn that they assisted the explorer in the preparation of data concerning the North pole. The statement was in part:

"There is no shadow of doubt in my mind that their story is a fabrication. I ask no more than the public suspend judgment until the doctor has sufficiently recuperated to take up the battle against his detractors."

"Meanwhile in the serenity of his retirement, far from the roar of the well armed affidavits mills, he is in entire ignorance of this latest tempest in a teapot and I propose to keep my pledge by respecting his retreat. I can say, however, that he is not now and has not been in my sanitarium."

KIDNAPERS ELUDE LOUISVILLE POLICE

All Day Search for Little Girl Who Parents Think is Held for Ransom in Mistake for Rich Relative.

By Morning Journal Special Leased Wire
Louisville, Ky., Dec. 10.—Though story after story has been investigated by the Louisville police, the whereabouts of 8-year-old Alma Kellner, who disappeared from her home Wednesday morning, remains unknown tonight.

F. L. Kellner, father of the girl, said today that he believed his daughter was looking at toys in the shop windows on Walnut street when "somebody snatched her."

He said that the child made friends with strangers in a quick, responsive way and that after she had attended church Wednesday she wandered among the Christmas displays.

Meanwhile children resembling Alma Kellner have been reported to have been seen forced into covered carriages by veiled women, roughly dressed men and a crowd of children walking up and down street car aisles hurried into Bell City, Ind., where an alleged disgruntled relative of the Kellners is supposed to live; while another story is that Alma was mistaken for her eleven-year-old aunt, Neta Kellner, an heiress, whom Alma resembles.

The city has distributed 500 circulars offering an unspecified reward for the recovery of the child, and the entire police force of Louisville and southern Indiana towns are busy on the case.

Frank Fehr, millionaire brewer and uncle of the missing child, said today that F. L. Kellner was not in a position to pay a ransom for Alma and that, while F. L. Kellner, Sr., had been a rich man, the junior's share

DYNAMITE BLAST KILLS WORKMAN

Explosion in St. Paul Yards Creates Excitement Owing to Rumor That Striking Switchmen Caused It.

By Morning Journal Special Leased Wire
St. Paul, Dec. 10.—The explosion of a quantity of dynamite in a freight car at the Minnesota Transfer yards late this afternoon, resulting in the death of one man, the fatal injury of another and serious injury to a third, caused considerable excitement because of a report that striking switchmen were involved.

It was ascertained, however, that the explosion was accidental, as the dynamite was being removed from the car when it exploded. The dead and injured were all freight handlers.

NATURE FAKERS WOULD PLAY IT LOW DOWN ON DEFENSELESS HEN

(Tues. Valley News.)

Can a hen be fooled by a trick of the imagination into laying three eggs instead of one every twenty-four hours? This is the question which some fakirs are now working on. Hens are to be kept in absolute darkness for several hours to represent the night, then a brilliant electric light is to be turned on at intervals to represent daylight. These fakirs declare that hens lay large numbers of embryonic eggs which are never laid because of the long established habit of laying but one every day.

If the habit was truly universal there would be no cause to play such tricks like this on the respect hen, the originator of "sunny side up."

Nobel Peace Prize Awarded to Frenchman

Christiania, Dec. 10.—The Nobel Peace prize as awarded today is divided between Baron d'Estournelles de Constant, president of the French parliamentary group for international arbitration, and M. Bernier, former minister of state of Belgium and Belgian representative at the last Hague peace conference.

The Nobel Peace prize has been awarded annually for nine years. On five occasions it has been divided. Three years ago it was awarded to Theodore Roosevelt. It represents one-fifth of the income of the estate of the late Alfred N. Nobel, the Swedish inventor whose will provided for the establishment of the Nobel foundation and the giving annually of five prizes to those who were considered to have accomplished most in the pre-

**YOUNG FOOTBALL
PLAYER HURT**

Leo Benson has Shoulder Blade Fractured in Scrimmage Yesterday Afternoon.

A football scrimmage, participated in by pupils of the Fourth ward overflow school, at the corner of Sixth and Central avenue, at 4:30 o'clock yesterday afternoon, resulted disastrously for Leo Benson, thirteen years old, who sustained a fractured shoulder blade while being tackled by Edward Green, a colored youth of about the same age. Benson was running with the ball and Green was playing as a tackle. Benson was running low, when Green also tackled low, Benson's shoulder coming in contact with Green's knee, with the result that Benson's shoulder blade was broken. A physician was called to attend the injured lad and he was later taken to his home.

**WHITE ELEPHANT ARTS AND CRAFTS
CORNER SOLD TO
JOE BARNETT**

MODERN HOTEL TO REPLACE VENERABLE STRUCTURE

Property at Second and Central Disposed of by George Neher for Handsome Sum; Improvements Begin Jan. 1.

One of the biggest real estate deals to take place in Albuquerque in several years occurred yesterday afternoon when George K. Neher sold to Joseph Barnett the property on the southeast corner of Second and Central avenue known as the "White Elephant," the transaction being made through Col. D. K. B. Sellers. The price paid for the property was not made public, but it is understood that it was a handsome one.

Negotiations for the sale of the property have been under way for more than two weeks and the deal was finally closed yesterday, to the satisfaction of all parties concerned.

Although no positive statement was made last night as to the disposition Mr. Barnett will make of the corner, it is generally understood that it is his intention to erect a four-story building on the lots now occupied by the White Elephant, the St. Elmo and Rosenfield buildings, all of which are now owned by him.

According to those in a position to know, definitely, it is said that the work of tearing down these three buildings will be begun immediately after January 1 and construction work on the hotel will follow soon after.

It is said that plans have been already drawn for the new hotel. The building, which will fill a long-felt want in Albuquerque, will be seventy-five feet by one hundred and forty-two feet, absolutely fire-proof and strictly modern throughout. There will be no store rooms in the building and the total floor space will be used exclusively for hotel purposes.

In general appearance the building will be somewhat similar to the Barnett building owned by Mr. Barnett on the southwest corner of Second and Central.

That the deal for the purchase of the property was pending was published in the Morning Journal some ten days ago and aroused a great deal of interest. The report that the transaction had been closed gained general circulation about town last evening and was confirmed by Mr. Sellers, who conducted the negotiations.

The deal carried with it all the stock, fixtures and good will of the White Elephant. Mr. Neher receiving only a roll top desk and a large safe. For more than twenty years Mr. Neher has conducted his business at the White Elephant stand, but some time ago decided to retire and devote his entire time to his sheep and real estate holdings.

The White Elephant last night was conducted under the management of Mr. Barnett, with no change in the employees. It will be run as at present until January 1.

The lot now occupied by the adobe building known as the White Elephant is one of the most valuable in the business district and the news that it has changed hands and will be improved immediately will be received with much interest. The White Elephant building was erected in 1882 and is one of the old landmarks of the city and one of the very few adobe structures still standing in the downtown district.

Men Arrested on Suspicion of Being Two of Three Men who Robbed A. J. Love are Released from Custody.

Charles Keating and Charles Kelly, the two switchmen arrested Wednesday morning on suspicion of being two of three men who held up A. J. Love on South First street early Wednesday morning, were released from custody yesterday, Judge George R. Craig deciding that there was not sufficient evidence to hold them any longer. Love appeared and testified in the case, but his testimony was of little value as he was not certain regarding a number of statements made while on the witness stand.

Love claimed that he was robbed of twenty-three dollars and identified Keating and Kelly after their arrest.

That he accepted the \$27.50 check which he passed on Roy L. Crouch, the Central avenue jeweler, Thursday evening, from a stranger in payment for his winnings in a game of "seven up," was the explanation made to the police yesterday by Charles Lamson, arrested Thursday night for uttering a forged check.

Lamson was arrested upon a warrant sworn out by Crouch, who declared that he had been victimized to the extent of \$27.50 as the result of accepting a bad check from the man. According to Crouch, Lamson purchased a brooch from him for twenty-five dollars, tendering in payment therefor a \$27.50 check, made payable to J. C. McPherson, signed by I. E. Smith and endorsed J. C. McPherson. Crouch cashed the check, giving Lamson seventy-two dollars and fifty cents change in addition to the brooch. When arrested Lamson had only \$7.50 on his person, besides the brooch.

Yesterday Lamson admitted that he cashed the check at Crouch's, but declared he did so under the impression

This line is one of the most carefully and well selected in our store. If you are a critic in such things we invite you to come and examine our stock. The line consists of pillow covers, table covers, doilies, hangers, etc. We are satisfied there is not an assortment in Albuquerque that will surpass it in artistic taste and beauty, and if it is a question of price we will put it up against anything in the market, quality and all considered. If it is a lady's handbag, music roll or purse; if it's a gentleman's wallet, pocketbook, purse or cigar case, we have it and a big assortment.

Wednesday as two of the men who went through his clothes.

Stewart Fined Fifteen Dollars. Vic Stewart pleaded guilty to assaulting Mary Bell and was sentenced by Judge Craig to pay a fine of \$15. Both Stewart and the woman are colored.

Six Days for Toting a Gun. Barbour C. Harvey, arrested on North Third street early yesterday morning for carrying a revolver on his person, was sentenced to serve sixty days in jail or pay a fine of sixty dollars. In the absence of the cash, Harvey was taken to the county jail to begin his sentence. Barbour claimed that he arrived here recently from Iowa and was en route to Roswell.

Splendid Selection of Christmas Goods for men at BENJAMIN BROS., 218 W. Central Ave.

VETERANS GUESTS OF HONOR AT BANQUET

Grand Army Men Entertained at Elaborate Spread by Their Wives, Sisters and Daughters

The members of the Grand Army of the Republic and other old soldiers and sailors were the guests of honor at an elaborate banquet given in their honor at the Elk's banquet at 7 o'clock last evening. The spread was prepared and served by the wives, daughters, sisters and other relatives of the old soldiers. The event was a notable one and was an unequalled success from every standpoint. The gathering together at any time or any place of the men who fought under Grant and Sherman and other great leaders of the Civil war is always the signal for a good time, full of comradeship, good fellowship and interesting reminiscences. The banquet last night was a real "camp fire" occasion. The menu was an epicurean delight, reflecting credit on the ladies responsible for the affair.

At the conclusion of the banquet, Comrade H. B. Steward, commander of G. K. Warren post, officiating as toastmaster, called upon a number of comrades for toasts. Among those who responded were Judge Ira A. Abbott, W. D. Sterling, Gov. E. S. Stover, J. G. Caldwell, A. Harach, W. W. McDonald and others. The affair altogether was a memorable one and will be remembered for a long time by the large number of veterans who were present.

The Fashion Cafe, renovated and remodelled throughout, will be open for business after today, beginning with breakfast this morning. David Combs, proprietor.

Special Sale this week of Christmas Goods. Fine assortment at BENJAMIN BROS., 218 W. Central Ave.

LAMSON EXPLAINS ABOUT PASSING THE CHECK

Admits That he Gave Paper to Crouch, But Declares he Secured it From Stranger in Card Game.

That he accepted the \$27.50 check which he passed on Roy L. Crouch, the Central avenue jeweler, Thursday evening, from a stranger in payment for his winnings in a game of "seven up," was the explanation made to the police yesterday by Charles Lamson, arrested Thursday night for uttering a forged check.

Lamson was arrested upon a warrant sworn out by Crouch, who declared that he had been victimized to the extent of \$27.50 as the result of accepting a bad check from the man. According to Crouch, Lamson purchased a brooch from him for twenty-five dollars, tendering in payment therefor a \$27.50 check, made payable to J. C. McPherson, signed by I. E. Smith and endorsed J. C. McPherson. Crouch cashed the check, giving Lamson seventy-two dollars and fifty cents change in addition to the brooch. When arrested Lamson had only \$7.50 on his person, besides the brooch.

Yesterday Lamson admitted that he cashed the check at Crouch's, but declared he did so under the impression

that it was good. Lamson declared that he engaged in a game of cards with another man in a downtown saloon and that he won thirty dollars. The man wrote him a check for \$27.50 and Lamson, according to his story, gave him \$10 in cash for the paper.

Lamson will be given a hearing in police court this morning. He claims to be an Elk, an Odd Fellow and a Mason, and says that his home is in Portland, Maine. Members of the various orders are not inclined to accept Lamson's claims and believe the credentials he carries are bogus.

The police are confident that they have captured a dangerous criminal and are looking up the records to find if he is not wanted for misdemeanors in other places.
