Additional California Limited Service.

On account of the liberal patronage of the California limited and to better accommodate the heavy travel to California incident to the midwinter season the Santa Fe route will increase this service, beginning January 17, from Chicago and St. Louis westbound, and January 23, from Los Angeles eastbound. Beginning with these dates the California limited will run three times a week instead of semi-weekly, as at present. These trains will leave Santa Fe westbound at 8:50 a. m. on Monday, Wednesday and Friday, eastbound at 3:55 p. m. on Monday, Wednesday and Saturday.

NATIONAL CAPITAL

Proceedings in Senate and House—Hearing on Anti-Scalping Bill Resumed This Morning.

NEW MEXICO INSURANCE LAW

A Majority of the Republican Members of the House Favor Changing Civil Service Law—Other Matters of Interest.

In the Senate.
Washington, Jan. 15.—The senate committee on inter-state commerce this morning resumed the hearing on the anti-scalping bill. The bill was submitted by Bert W. Lyon, editor of the Commercial Traveller, of St. Louis. Mr. Lyon said the majority of commercial travellers were in favor of the pending bill. Mr. McKenzie, a Chicago ticket broker, presented affidavits from various ticket brokers in Chicago, St. Louis, Boston, Louisville and other cities, setting forth that they purchased tickets directly from the authorized agents of railroads, in some cases receiving commissions.

Action Indefinitely Postponed.
The senate committee on territories today decided to postpone indefinitely the bill to amend the act of the legislature of New Mexico, relating to insurance companies. The act is to go into effect February 1, and provides that all insurance companies doing business in the territory shall deposit \$10,000 in cash or municipal or territorial bonds at par as guarantee for the payment of losses. It was stated in the committee, that 41 insurance companies would be affected.

In the House.
Washington, Jan. 15.—The session of the house today, after 2 o'clock was devoted to eulogies of the late Representative Seth W. Milliken.
Representative Stark (Pop. Neb.) rose to a question of privilege to demand publication in a local paper of Nebraska that he has acted as an attorney in the pension case of Jackson W. Cheney. As a representative, he said, he interested himself in the case, but he never acted as an attorney in his life.

On motion of Mr. Lauham (Dem. Texas) a bill was passed authorizing the president to appoint an additional district judge for the northern district of Texas. It was explained that Judge Rector, now judge of the district, was utterly incapacitated for performing the duties of his office.

The house in committee of the whole took up the army appropriation bill.
Majority Favors a Change.
A canvas of the Republican members of the house of representatives on the question of changing the civil service laws, conducted by the Republican steering committee, is about completed. Of the 202 Republican members the canvas is said to show a majority varying from 18 to 40 as favorable to a change in the law.

All Quiet at Havana.
Washington, Jan. 15.—Cablegrams were received at the state department this afternoon from Consul General Lee at Havana, stating that everything there is tranquil.

Weekly Bank Statement.

New York, Jan. 15.—The weekly bank statement is as follows: Surplus, reserve, increase, \$3,704,200; loans, increase, \$1,215,700; specie, increase, \$2,050,500; legal tenders, increase, \$3,158,800; deposits, increase, \$6,020,400; circulation, increase, \$480,000. The banks now hold \$35,048,775 in excess of all legal requirements.

MINERS ASK FOR BETTER PAY.

United Mine Workers' Convention at Columbus Determine Upon Several Important Demands Regarding Wages and Hours of Work.

Columbus, O., Jan. 15.—The United Mine Workers of America decided today to ask for an advance of 10 cents per ton on next year's contract, for pick mining, and three-fifths of the pick mining price for machine mining in Ohio, Illinois and Pennsylvania, and three-fourths in Indiana and other low coal districts. The convention also decided that screens ought to be abolished. The convention will go to Chicago unimpaired on the differential, but instructed as to operators to establish eight hours as a day's work. It is foreshadowed that the National Federation will probably select the miners as the organization to inaugurate the movement for an eight hour system.

KENTUCKY TRUST COMPANY ASSIGNS.

Peopulations of Vice President and General Manager Forces the Company to Make Assignment for the Benefit of Creditors.

Louisville, Ky., Jan. 15.—At a meeting of the directors of the Kentucky Trust company, an assignment to the Columbia Finance & Trust company was ordered, and the deed of assignment will be filed by the new president, P. D. Ormsby, this afternoon. The concern has been in hard lines for some time, owing to the flight and alleged peculations of the vice president and general manager, William Reincke.
At a meeting today a letter from Reincke was read. He admitted that he betrayed the trust placed in him, and gave the details of some of the best tailoring establishments in Chicago, at such low figures, as to enable us to sell them at above bargain prices. Come now and get your first pick at them and we guarantee that any suit will fit as though it was made for you to order.

Water Right Cases Dismissed.

Denver, Colo., Jan. 15.—Ten cases, affecting water rights on the Maxwell land grant, have been dismissed by Judge Riner in the federal court. The cases were brought by the United States Freehold & Emigration company, against Diego Gallegos and nine others similarly situated.

SURGICAL OPERATIONS.

Two Patients Have Their Stomachs Removed—One Died.

Chicago, Jan. 15.—Under favorable conditions the operation of removing the stomach from a woman, which was successfully performed at Zurich last September, was repeated yesterday in Milwaukee by Dr. E. J. Farnum, of Chicago, assisted by Dr. D. P. G. Hankwitz. Mrs. E. Heustein was the patient, and she died four hours after the operation.

One Still Alive. Who Would Have Thought It?

St. Louis, Jan. 13.—Conrad Beck, a machinist, was operated on for cancer of the stomach, on Wednesday. All the stomachic viscera were removed, the pylorus was sewed to the esophagus and he is still alive.

General Booth in New York.

New York, Jan. 15.—General William Booth, the head of the salvation army, arrived today on the steamer St. Paul from Southampton. In honor of his visit 12 new shelters for homeless poor and three new rescue homes for fallen women will be simultaneously opened in several cities in this country.

JUMPED TO DEATH.

Sensational Suicide of John W. Stonehouse in Chicago.

Chicago, Jan. 15.—John W. Stonehouse, whose sign painting establishment recently failed, committed suicide today in the rotunda of the Masonic temple, by jumping from a railing on the 16th floor. The corpse was picked up in a shapeless mass.

PRESIDENT PARDONS MATTOX.

Twice Convicted of Murder and Sentenced to Hang—His Mother Saved Him.

Topeka, Kas., Jan. 15.—President McKinley has pardoned Clyde Mattox, twice convicted of the murder in Oklahoma, O. T., on December, 1895, of John Mullis, a negro, and sentenced to hang. Mrs. Sadie M. Hatch, Mattox' mother, spent her entire estate in fighting the case and through her efforts a pardon has been secured. Mattox comes of an aristocratic southern family.

GAME OF CARDS ENDS IN DEATH.

Eight Men in Kentucky Killed in a Fight in a Gambling Den.

Middlesboro, Ky., Jan. 15.—A special from Hymen says that in a fight on Sunday, at Middlesboro, yesterday, eight men were killed. Intense excitement prevails and further fighting is expected. The fight occurred over a game of cards in a "blind tiger."

GOLD STANDARD FOR INDIA.

Finance Minister of the Council States His Views on the Subject.

Calcutta, Jan. 15.—Sir James Westland, finance minister of the council, at yesterday's meeting of that body, said he was unable to give a final reply to the question regarding the introduction of the gold standard. It was clear, he continued, that the gold standard would be possible, but many obscure points must be determined by actual experience. The disasters of 1897 had been followed by a bountiful harvest and a renewed trade. The discussions of last autumn had prepared the public and official opinion of England to the possible necessity of a gold standard, which might involve an actual diversion for Indian purposes of a certain amount of gold from the general available stock.

RAILROAD TICKET FORGERIES.

Atchison, Topeka & Santa Fe Road Suffers the Loss of Thousands of Dollars Through Fraud.

St. Joseph, Mo., Jan. 15.—A long series of railroad forgeries has come to light here. The tickets were over the Santa Fe road and connecting lines.
August E. Amb, of St. Louis, who until two years ago was engaged in the ticket scalping business here has been arrested. The fraudulent tickets were sold during the time Walter Young was city ticket agent for the Santa Fe in this city. Walter Young committed suicide nearly four years ago.

After Amb became financially embarrassed he deposited the tickets as collateral in the First National Bank of St. Joseph and as he was unable to redeem them, and they were placed on sale by another broker. The sale of the tickets was slow and that is the reason the fraud has been so long in being discovered. The value of the mileage represented by the tickets runs up into the thousands.

100 MISFIT SUITS.

Which cost to order from \$20 to \$30, we offer at the low price of \$12.95. We succeeded in securing these suits from one of the best tailoring establishments in Chicago, at such low figures, as to enable us to sell them at above bargain prices. Come now and get your first pick at them and we guarantee that any suit will fit as though it was made for you to order.

THE GOLDEN COCHITI

Posey Syndicate Will Put a Steel Reduction Plant on the Albemarle Group.

BIG BOSTON DEAL ASSURED

This Gives the Company Ample Capital for All Purposes—Other News Concerning the New Mexico Cripple Creek.

Denver, Colo., Jan. 15.—J. A. Coram, of Boston, O. P. Posey, mine manager and promoter, William J. Cartan and others, representing the Albemarle and other mines in the Cochiti gold district of New Mexico, met in this city today three representatives of steel manufacturing plants of the east, to discuss plans for a steel reduction plant, to be erected at the Albemarle, 40 miles from Santa Fe.

The syndicate has \$250,000 in the treasury. The placing of the Albemarle group in Boston promises to be one of the most favorable movements in the direction of reviving the mining industry in New Mexico territory ever known.

The Victor Group Bonded.

The enterprising and trustworthy Bland Herald announces that the Victor group of mines in Colima canon has been taken under lease and bond by Henry Posey, a brother of O. P. Posey, who is at the head of the company operating the Albemarle and other mines of the district, for the sum of \$20,000 and a term of six months, dating from January 1, this year.

Little doubt is entertained that this will result in a complete sale of the Victor, as that property is on the southern continuation of the enormous and valuable Albemarle vein, now being backed and worked by one of the strongest of the strong companies operating in mines in the country. Mr. Posey, who has leased and bonded the Victor, and those associated with him, form an entirely separate concern from that interested in the development of the Albemarle group.

The property leased and bonded to this new capitalists consists of the Victor and Barney mines, two leading claims of the original Victor group, the other two being the Criterion and Bert, which lie parallel to the first two named and are of considerable value, though not included in the recent transaction. The original Victor group was initially located by Charles H. Stevenson, one of the owners and at present a passenger conductor on the A. T. & S. F. railroad. The other owners are Charles Oler, James A. Carlisle, F. W. Schuchart, J. H. Schuchart and H. C. Pittenger, all of whom are employed by the "Santa Fe" with the exception of Mr. Pittenger, who is at present the manager of the Duncan opera house at Las Vegas.

The Victor is situated south of and on the same valuable vein of gold bearing quartz as the famous Albemarle mines. It possesses a vein 14 feet in width at a depth of 65 feet, which is the present depth of the shaft sunk on the property, and from assays and tests that have been made on the ore, if anything it has an average value considerably exceeding that of the Albemarle. The amount of work done up to date is over 200 feet in shafts and cuts on the two properties.

Blind Mill Will Soon be Started.

There is every assurance that the Bland Milling company's large, well equipped and complete plant will begin operations by the latter part of next week. The electro-lytic dynamo, which the company has seen necessary to have expressly constructed for its use in the improved process of ore treatment, is expected to arrive today, when it will be immediately put in place. Beside the dynamo mentioned is an agitator that will arrive about the same time, says the Herald.

Other Cheering Cochiti Notes.

The Crown Point, recently leased and bonded by O. P. Posey, has begun work with a small force pending the return of the gentleman mentioned, when extensive operations will be carried on.

The wagon road from the Albemarle, down Colima canon and around by the Little Mollie mine to the crossing of the Washington road, is completed, reports the Herald. It is a fine piece of work and is very creditable to those who had charge of its construction. Many of the gang that has been at work on it have been moved over to work on the Bland end of the road, which it is expected to be finished before the 20th of the present month.

The Herald is informed upon the best of authority that 50,000 shares of the Albemarle mine stock recently placed upon the Boston market at \$5 a share went up to \$8 a share before night. The total sum of this is \$400,000 or over \$250,000 in excess of the purchase of this big and valuable Cochiti property. The New Mexican had the satisfaction of exclusively printing this important and significant news on Thursday afternoon.

Work on the Albemarle mine is being pushed with vigor. Norman Fletcher, who has the contract to sink the two compartment shaft, has a large force at work sinking the present shaft 60 feet deeper and working in the upraise to enlarge the old shaft. Other extensive work at the mine is rapidly progressing. The force at work developing water in the Peralta canon, to be used in operating the Albemarle mill, is making good headway. As expected the ore in the main shaft of the Albemarle mine is improving with depth says the Herald.

LATEST FROM ALBUQUERQUE.

New Mexican's Vigilant Dual City Correspondent Gives Particulars of a Boy's Suicide—Reported Murder Discredited—News Notes.

Special to the New Mexican.

Albuquerque, Jan. 14.—While William Weir, a carpenter of this city, was seated with his wife on Wednesday evening in their cosy home at 719 North Eleventh street watching three of their children at their studies or play, their thoughts more than once may have reverted to another son, the eldest and absent. This lad, though but 14 years of age, thought as many other youth, that it was mainly to leave home influence and live, preferring, like the prodigal son, to go and live among strangers. Whatever the parents' thoughts were on this occasion, they were disturbed by a ring that brought the father to his feet and to the door. Returning to the little circle he held a telegram, the brief message on which caused a terrible shock to all. It read: "Your son has killed himself."

When the "New Mexican" representative called at the home yesterday, the swollen eyes of the boy's mother and sister told of the grief that was theirs. "Elmer left home about a year ago," said his mother, "going, as a letter to his sister with whom he has been corresponding, stated, to Los Lunas, where he found a living with the family of Deputy Sheriff Frank Vigil, of Valencuela county. All that I know of the affair was as given in the brief message which proved such a shock to us all."

"Mr. Weir has gone to Los Lunas, and I will know nothing further until I hear from him or he returns. The boy shot himself—accidentally, I must believe. Only in his last letter he expressed pride in a new gun that he had. But I do not think this was the weapon with which he shot himself."

"I don't understand why he was allowed to carry a pistol," continued the sorrowing parent in a broken voice, her great grief proving, as is always the case, that the absent and somewhat wild one is the dearest of her children. "It seems the lad was left alone in the house by Mr. and Mrs. Vigil, and when they returned, the door was locked. Peering through the window, Mr. Vigil saw the boy's outstretched form on the floor. Entering the house, Elmer was found to be dead, his head lying in a pool of blood, while a pistol at his side told how he had met his death."

The boy attended the Fourth ward school here, when he lived with his parents and was known to a large number of young friends.

Reported Murder Discredited.

The sheriff's office here is not inclined to place much credence in the report of the finding of the body of a murdered man covered with leaves, which comes from the vicinity of the San Felipe Indian pueblo, in this county. They treat the matter in the light

SATURDAY, JANUARY 15.

GOVERNOR TYLER of Virginia, has added 11 brand new colonels to his staff. As if Virginia had not enough colonels already.

PRESIDENT MCKINLEY is not only a statesman, but also a very good politician, says Senator Quay, of Pennsylvania, and he ought to know.

FAKE political and territorial news, sent from territorial points to papers outside of New Mexico, is productive of nothing but injury to the territory and its advancement.

It is estimated by those in position to judge, and from official sources, that the Hillsboro mining camp in Sierra county produced, during the year 1897, nearly \$400,000 worth of gold bullion. Not a bad showing that for one district.

A KANSAS man, an officer in the Cuban army, has returned to this country and claims to have taken part in 22 battles. Judging from the number of battles engaged in by this gallant man, Cuban battles seem to be rather harmless affairs.

It is time that our Republican friends all over this territory were preparing for the coming fray. The Republican party should elect the next delegate to congress and a majority of the Thirty-third assembly. Work toward that greatly to be desired end cannot commence any too soon.

GENTLEMEN, you who are opposed to Judge McFie's confirmation, do not flatter yourselves with futile hopes and idle dreams. The confirmation of the nomination of Judge McFie as associate justice of the Territorial Supreme court will be had and that very shortly.

The people of New Mexico are gratified at the re-appointment and confirmation of the five judges, composing the U. S. court of private land claims. They are excellent men for the position named and President McKinley did well in their reappointment.

A GEORGIA woman, disappointed in securing office, endeavored to commit suicide. Women must learn, if they would become good and successful politicians, how to wait; it is a long lane that has no turn, is true of a good many phases of life, the political especially.

The art of tax dodging seems to be practiced with great success and much equanimity in New Mexico. But a stop must be put to this practice, no less volens. Necessity will compel the territory and the counties to enforce the tax laws fully and equitably.

If the presiding judge of the Fourth judicial district, in convening the next grand jury in Union county, were to charge that jury to strictly and impartially investigate the doings of the board of county commissioners of Union county in connection with tax matters, he would perform an important public service.

THERE seems to be a good deal of sound sense in the following from the Indianapolis Journal: "With \$161,000,000 of gold in the treasury, its officials pay it out freely, while the public prefers the notes which are as good. But for the political agitation in behalf of the silver mine owners, largely foreigners and all rich, this condition would continue undisturbed."

A BEST sugar factory located in this city would greatly aid every business in town, increase our population, give employment to a great many persons and would bring about great and lasting prosperity for Santa Fe. With proper aid on the part of the property owners of this city, it is believed that this much desired result can be brought about within the coming two years.

SENATOR DAVIS has also introduced a bill providing for the disapproval of the law recently passed in this territory compelling fire insurance companies to make a deposit of bonds or real estate to the amount of \$10,000 with the treasurer of the territory as a prerequisite to being entitled to do business in New Mexico. Senator Davis and Mr. Sperry seem to be fond of insurance companies. Rather strange taste that.

The house committee on territories is absolutely right, when it says in its favorable report on Delegate Fergusson's bill for the permanent location of the capital in this city, that a great majority of the people of the territory desire the capital of New Mexico located here. This is the place and now is the time to locate it and it is to be hoped, that the bill will become law and that within the shortest space of time possible.

MR. W. JENNINGS BRYAN goes merrily on talking about the "courageous and glorious fight we made last year." The question arises what sort of a fight did he make last year anyway? The only fight the people of this country know of he made during 1897, was his fight for big receipts at lectures he delivered and big fees for appearing at country fairs.

As a proper protective measure against the action of the great smelter and mill combine, in arbitrarily and unreasonably advancing treatment charges on all classes of ore, the mine operators of Cripple Creek have definitely decided to erect and operate a mammoth chlorination plant at Colorado City. Doubtless this drastic measure will soon teach the greedy smelter and mill people the folly of engaging the hold-up business without first ascertaining whether the other fellow is possessed of defensive weapons.

In a recent speech, delivered before the New England society at a dinner given in New York, Senator Wolcott, of Colorado, one of the orators of the country, thus describes yellow and sensational journalism and it must be admitted the picture is very true of life: "Whenever there is a cause to misrepresent, a hate to be fanned, a slander to utter, a reputation to besmirch, it exhales its foul breath. It knows no party, no honor and no virtue. It struts only strife and hatred and appeals only to the low and the base. It calls itself journalism, but its name is Pandemonium and its color is yellow."

New Mexico's Golden Era.

Active, systematic, continuous and productive development work is in progress on the great bodies of gold bearing quartz at Amizett, La Belle, Red River, Elizabethtown, Cochiti, Dolores, Golden, San Pedro, Hillsboro, Pinos Altos, Mogollon, White Oaks and numerous other promising mining districts in New Mexico, and the results of this diligent work are certain to add immensely to the future gold output of this territory. In several of the districts named the surface indications of yellow riches are much more marked and inviting than were the grass-root indications at Cripple Creek, and since most of the land grant clouds have been dissipated by the courts and perfect titles can be secured, capital is eagerly seeking investment in the mines of the territory and there are substantial reasons for confidence that among the fruits thereof will be the early disclosure of several rivals of the great Colorado gold camp in New Mexico. All that is required to accomplish this is money for development purposes and the erection of adequate reduction plants, and this desideratum is being rapidly and plentifully provided by men possessing the requisite nerve, energy, experience and sagacity to employ it to the best possible advantage. During the past year the New Mexican has published columns of cheering details concerning operations in the numerous mining districts of this territory and hence need not here enter into a specific statement of the reasons why it has unbounded faith that a golden era is about to dawn upon the magnificent territorial empire known on the map as New Mexico.

An Example to be Followed.

GOVERNOR M. H. McCOMB is making an earnest and strong attempt to bring about a better state of affairs in the assessment of taxable property in Arizona and a better, more honest and more thorough collection of taxes. He has issued a call for a convention of assessors, collectors, boards of supervisors and members of the board of equalization to meet in Phoenix at an early date, will lay the matter before this convention and urge concerted action to enforce the tax laws by all officials charged by law with the assessment, equalization and collection of taxes.

This is what the governor means to bring to the attention and action of the convention:

The furtherance of economy in the management of territorial and county affairs, and the possibility of raising revenue from territorial industries now practically exempt from taxation. Arizona is generally considered primarily a mining region; yet her mines bear an almost inconsiderable portion of the burdens of government. The agriculturists, stockmen and railroads pay nearly all. The total assessment of the territory is \$20,000,000. Yet one mine alone within Arizona, the United Verde at Jerome, is commercially rated as worth \$30,000,000. It pays taxes in Yavapai county on about \$200,000 in improvements and machinery. Other large mines, the main ones only considered, would bring the territorial wealth up to fully \$150,000,000, could they be assessed. It is believed the only way to secure revenue from the mines is by a tax on the bullion output, for the value of ore in place could not be estimated.

To aid in the work to be done, the governor has asked that meetings be called for the same date in Phoenix of the Arizona Live Stock association and the Territorial Agricultural society. A special call has also been issued from the executive office asking for a general gathering in Phoenix, January 25, of the miners of Arizona for the purpose of forming a miners' association.

A Tempest in a Tea-pot Over the Location of the Third District Court.

The Hillsboro Advocate is urging the supposed necessity of the removal of the United States court to that town. Inasmuch as it requires a mighty rough 30 miles ride by stage after leaving the railroad at Lake Valley to reach the Sierra county capital the Advocate's suggestion is hardly practicable. Judge Parker will undoubtedly have the headquarters of the Third judicial district retained where it is most convenient of access and centrally located, and that is right here in Silver City.—Silver City Enterprise.

A Word to the Board of Equalization.

The board of equalization has been in session at Santa Fe this week, and it is hoped that it will be more fair in its treatment of various taxpayers in this section of the territory than it was last year. It is probable that the assessed valuation of cattle will go up a few notches this year.—Lordsburg Liberal.

Out Upon the Wretches.

The people of New Mexico howl for home rule, and as soon as a resident of the territory is appointed a pack of vultures immediately file charges against the appointee. If the president were to judge by the action of these cannibals, there is not in the whole territory a man fit to hold any position of honor or trust. Out upon such dirty wretches that this territory and their fellow citizens.—Silver City Enterprise.

Jumping on Delegate Fergusson.

Delegate Fergusson is not slow himself when it comes to bidding for votes in future campaigns. The bill for the permanent location of the capital at Santa Fe is a valuable bid for the vote of Santa Fe county next fall. It is worth nothing to the people of Santa Fe county, because the capital is already assured to that city for many years to come. The appropriation for the rebuilding of the capitol voted by the last legislature, made the capitol a fixture. The people of the territory would not allow another appropriation to be made for the building of a capitol at another place. In the event of the territory being admitted to statehood, Mr. Fergusson's bill for the permanent location of the capitol would lose its force and the people of the state would locate the capitol just where they pleased. So much for that bid. But now to even matters up and make peace with his Bernalillo county constituents, he proposes to consolidate the government posts, to make one large military post at Albuquerque. Very kind and magnanimous toward Bernalillo county which gave a majority against him. But oh! how ungrateful to Grant county which gave such a generous majority for him. He would abandon Fort Bayard as well as Fort Wingate. This fort is a necessity on this southwestern frontier, as well as a benefit to business industries by reason of the money put in circulation by the soldiers. Perhaps Mr. Fergusson believes he has the vote of Grant county corralled and he can now use one of Grant county's business resources to bid for Bernalillo county votes. Perhaps?—Silver City Enterprise.

RIGHT IN HIS LINE.

Dasher, the Football Player, and His Pies For an Heirloom.

Dasher was a college football player who admitted without reserve that he was famous.

He was swift as a deer, quick as thought, strong as a giant.

The ground trembled beneath his tread, and foes turned pale at his very look.

No "line" could baffle his power of penetration, except any old line of the liad or the Anabasis.

He could pass the ball with marvelous celerity and precision. In fact, he could pass anything in the great college race except an "exam."

And yet, stupid as he was in his studies, he had a nimble wit and a cool, unwavering assurance that often served him well.

When he left college, he was wooed and won by the daughter of Peregrine P. Packingham, the Chicagoan who had, Midaslike, turned every poreline product he touched to gold. Mr. Packingham admitted calmly, "But that wasn't what I meant. I meant that my whole training was right in your line."

"Right in my line!" echoed the millionaire.

"That was the remark I made—right in your line," Dasher continued proudly.

"And I've never scored a failure either. We are two of a kind, sir, good running mates, a team."

"Right in my line, a team?" repeated the millionaire in a dazed manner. "You must be demented or crazy. Why, sir, prove—or—prove what you say, and the girl is yours."

"I accept the challenge," Dasher cried eagerly. "My training has been right in your line, sir; right in your line. You have won fortune impelling the pig toward the frying pan, haven't you?"

"Of course,"

"And I," shouted Dasher, drawing himself majestically to his full height, "I, sir, have won fame chasing the pigskin on the gridiron."

"Take her, my boy," cried the millionaire, "take her." We are fellow plutocrats. My monopoly is pork. Yours is nerve."—New York Sunday World.

Coughs and colds need not be endured; they can be cured, and that quickly.

Many mixtures are temporary in effect, but Scott's Emulsion of Cod-liver Oil with Hypophosphites is a permanent remedy.

The oil feeds the blood and warms the body; the hypophosphites tone up the nerves; the glycerine soothes the inflamed throat and lungs.

Look Out For Cancer!

Few people are born entirely free from blood taint. This is often very slight or remote, and sometimes may not develop at all in one generation, but breaks out in a serious disease later.

Cancer, the most dreadful of all diseases, is often the result of some blood taint inherited from generations back. It often appears as a mere mole or insignificant pimple, which later develops into an alarming condition. No one knows, but that he may be subject to an inherited impurity in the blood, nor can he tell whether or not this may some day drop out in the form of destructive cancer. It is, therefore, important that any little sore or scratch, which does not readily heal, be given prompt attention, or a serious condition may result.

Mr. Robert Summey, of Ocala, Fla., was the victim of a malignant cancer, which first appeared in the manner above described. He writes:

"At first I paid no attention to the little blotches on my face, thinking they would soon pass away. Before long, however, they became sore, and soon began to enlarge. I tried ordinary local remedies, but they had no effect, and I then consulted a physician. When

he told me I had cancer, I became alarmed and hastened to obtain treatment for I knew how dangerous cancer was.

"I received the best medical attention, but the cancer continued to grow worse until the physicians finally said that I would have to have an operation performed, as that was the only hope for me. This I refused to submit to, as I knew cancer was a blood disease, and my common sense told me that it was folly to expect an operation to cure a blood disease.

"Knowing S. S. S. to be a good blood remedy I decided to try it, and the first bottle produced an improvement. I continued the medicine, and in four months the last scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."

The alarming increase in the number of deaths which occur as the result of a surgical operation is attracting general attention, and a strong sentiment against such methods of treatment is fast developing among the most intelligent classes. It seems that in almost every case where the doctors' treatment is unsuccessful, the learned physicians decide at once that an operation must be performed, and the keen blade of the surgeon is recklessly resorted to.

The many caustic plasters which are applied to remove cancers are more painful than death, and the danger of a surgical operation is as great as the disease itself. No plaster or surgical operation can cure cancer, because it is a blood disease; the destructive cancer cells are in the blood, and cannot be cut out, or removed by local treatment. As the disease must be forced from the blood, it is only reasonable to rely upon a real blood remedy for a cure, one which goes direct to the cause of the trouble and removes it.

S. S. S. (Swift's Specific) is the only known cure for cancer and other obstinate and deep-seated blood diseases such as Scrofula, Eczema, Catarrh, Rheumatism and Contagious Blood Poison. It is

Purely Vegetable,

and is the only blood remedy guaranteed to contain not a particle of mercury, potash or other mineral, which means so much to all who know the disastrous effects of these drugs.

Books on Cancer and Blood Diseases will be mailed free to all who address Swift Specific Company, Atlanta, Ga.

OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 95° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year around. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 186.34 grains of alkaline salts to the gallon, being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases—Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. SOCIAL CHRONICLES

Miss Hild entertained her lady friends at a tea this afternoon.

Mrs. Arthur Seligman has been quite indisposed during the past week.

W. S. Williams, editor of the Socorro Chief, is a guest at the Palace.

Miss Mary LaRue, of Las Vegas, will visit Mrs. M. A. Otero and will arrive in a few days.

Mr. and Mrs. Otto L. Rice have taken quarters at Mrs. Bush's on Washington avenue.

Hon. T. B. Catron expects to leave tomorrow evening for Socorro to look after legal matters.

Mrs. L. A. Hughes has been suffering from a severe cold during the past two weeks, but is reported as much better.

Mr. and Mrs. J. L. Sanders and child, of Lockett, Colo., are in the city on a pleasure trip, and have rooms at the Palace.

Mr. Jake Gold, who has been quite ill with pneumonia for several days, is very much better, and will be out again in a few days.

Mr. and Mrs. Alfredo Lucero, who have been in Santa Fe the past week, returned to their home in Espanola this morning.

Miss Fannie McNulty, of Cerrillos, who is attending school at the Loretto, returned from a short visit at her home last night.

Miss Caryl Palen is reported a little better. She has suffered during the past week a good deal from a low fever and acute neuralgia.

Messrs. W. A. Heath, H. K. Hillis, W. S. Howland and C. E. McElroy, Kansas City, are commercial travelers, registered at the Palace hotel.

Mr. Ralph Halloran, the well known insurance man of Albuquerque, is in the city looking after business matters, and registers at the Palace hotel.

Agueda, Lorenzita and Bernadita Romero, children of Captain Cleto Romero, went to Espanola this morning to visit with relatives for some time.

Hon. J. T. McLaughlin, who has been in the city for several days, returned this afternoon to his home in Santa Fe county, going via Albuquerque.

Sister Luisa, of Loretto convent at Pueblo, returned to that institution this morning after visiting her brother, Mr. Atanasio Romero, and other relatives for two weeks.

Mr. C. C. Hall, of the commission firm of Hall & Mabey, in Albuquerque, is in the city looking after business interests, making headquarters at the Palace hotel.

Ex-Governor L. Bradford Prince visited Albuquerque and central New Mexico during the week in the interest of New Mexico exhibition at the Transmississippi exhibition at Omaha.

Mrs. Alice Osburn, who is well and favorably remembered in Santa Fe, little daughter, and mother, Mrs. Kelly, have returned from a lengthy sojourn in Europe and are now residing in Washington, D. C.

Mr. Milo Hill returned to Espanola this morning, after spending several days in this city visiting. Mr. Hill is with Bond Bros., at Espanola, and reports business rushing with that firm.

Mr. and Mrs. George Sanders, of Chicago, nephew and niece of Mr. and Mrs. Abe Gold, arrived in the city last night and will remain for some time as the guests of Mr. and Mrs. Abe Gold. They are on their wedding trip, having been married last week.

Mrs. J. J. Sheridan is home from an extended visit with relatives in Silver City. While absent Mrs. Sheridan was quite ill for some time, but has recovered her health again. Miss Iva Warner, sister of Mrs. Sheridan, is here on a visit and will remain several weeks.

Hon. Antonio Joseph, ex-delegate to congress, was in the city yesterday on business. He left this morning for his home and will in all likelihood go to Washington to be present at the hearing before the house committee on territories on the Sperry bill to repeal the New Mexico insurance law. Mr. Joseph says if there is no summons for him to appear before the committee, he will go at his own expense.

The Fifteen club met at Mrs. Harrison's, with Miss Gifford in the chair. Mrs. Rapp gave a delightful and instructive paper about Herbert Spencer and his philosophy. Mrs. Gifford contributed a reading on "Library London 20 years ago." Mrs. Warner furnished a humorous selection from a current magazine, which she rendered imitatively. Interesting current events by the members closed a most pleasant afternoon. The meeting was adjourned till next Thursday at Mrs. Laughlin's, when Mrs. Gifford will preside.

On Friday afternoon the Loretto academy pupils, both boarders and day scholars, enjoyed a fine "tag-pull" followed by dancing, music and various games. The institution has at present 42 boarders and 40 select day pupils and it is scarcely necessary to assert that the whole number heartily appreciated this treat, as on Monday January 17, the semi-annual examination will begin. These will be from the fourth grade upwards, written examinations; and third grade and below all oral.

W. H. Gibbons and wife, of San Francisco, Calif., are at the Palace. Mr. Gibbons is a special agent of several insurance companies and New Mexico is within his district.

As to Judge McFie's Confirmation.

There was a report on the streets today, that Judge Laughlin had been removed and would cease performing the functions of his office at once. There was no truth in the report and no effort has been made by the men who could bring this about in that direction. Of course the friends of Judge McFie are actively engaged in working for his confirmation. On the other hand it is understood, that Delegate Ferguson has made a protest to the Democratic members of the senate judiciary committee and has asked them to hold up Judge McFie's nomination on political grounds. This is the situation and is correct.

MINOR CITY TOPICS.

□ Magnificent day this.

City council meets Monday evening.

Mr. J. W. McCain, of Albuquerque, registers at the Palace.

Clean cotton rags for machine purposes wanted at this office.

Mr. W. C. Dempster, of Lima, O., is a Santa Fe visitor, registering at the Exchange.

The opening of Mauderfield street is progressing just about as slowly as can well be done.

Mr. S. M. Folsom, of Winslow, A. T., is in the city on land business, registering at the Exchange.

Jose de Jesus Ortiz, a merchant of Pojoaque, is in town on business, and stops at the Bon-Ton.

Messrs. Eugene McElroy and B. T. Davis, of Las Vegas, are in the city, registering at the Palace.

The public printer will commence the printing of the Compiled laws of 1897 in the Spanish language next week.

U. S. weather bureau forecast for New Mexico: Fair tonight and Sunday; colder in south portion Sunday morning.

Chas. Ener, an engineer on the D. & R. G., and whose home is in Alamosa, is in the city and stops at the Bon-Ton.

Mr. J. A. Stinson, of Albuquerque, shipped a train load of sheep, about 3,000 head, north over the D. & R. G. this afternoon.

The credit of the city should be protected and the interest due on the bonds issued under the Bateman law should be paid promptly.

Mr. M. D. McRae, from Michigan, is in the city on the way to Hopewell, where he has mining interests. He stops at the Exchange.

The New Mexican book bindery turns out superior work at the lowest possible prices. Patronize a home institution, that is building up this city.

The Simmons property on the south side has been sold to Mr. Geo. Riddle, an engineer on the D. & R. G. road. The consideration was \$1,400.

Mr. T. H. Gifford, of York, Neb., paid Santa Fe a short visit yesterday afternoon, leaving on the night train for Mexico. He registered at the Exchange.

C. B. Armstrong, of Topeka, is in the city on business, and will remain several days looking after a shipment of sheep. He is registered at the Bon-Ton.

The Mary Mining & Smelting company at Cerrillos is buying ore, and as soon as a sufficient amount of ore, for a lengthy run is secured will start up active operations.

Charlie Wynkoop came down from Denver Thursday evening, and after spending a few days with his brother, Harman, will go to Bland, where he will remain permanently.

The New Mexican pay roll is the largest of any private institution in this city. Its employees spend the money they earn right here. The merchants of this city should heed this fact and accord this paper a liberal advertising patronage.

It is singular, but a fact nevertheless, that when a postoffice inspector comes to town these days, he hides himself away, so that people who want to see him cannot get at him.

If the weather is pleasant on tomorrow, Professor Perez' band will render the following program in the plaza, beginning at 2 o'clock:

March—Sousa's Triumphant March.

Medley—War Songs, Badley.

Waltz—Till We Meet Again, E. H. Bailey.

Mexican Polka—La Castanera, J. R. Roas.

March—Recreation (two step), T. J. Flinn.

Victor Hammer's Mexican Danza—Lela, W. Paris Chambers.

Galop—Don Minute Too Late, T. J. Flinn.

The penitentiary library has just received a valuable acquisition of 220 volumes. The books are from the Colportage library established by D. L. Moody, and were sent by mail to Rev. G. S. Madden, through whose labors they were secured. The books are religious in character, and were turned over to the superintendent of the penitentiary this morning by Mr. Madden.

The second installment of the story, "Neek or Nothing," appears on the third page of this paper. Readers of the New Mexican will find that interest increases as the story continues, and no one will want to miss a single line of it. Those who did not get last Saturday's paper, containing the opening chapter, can do so by calling at this office, as there is a limited number of copies still on hand.

At a session of the probate court this forenoon, Probate Judge Teleforo Rivera heard the application for the appointment of an administrator for the estate of the late Captain Charles E. Nordstrom, and appointed Mrs. Marie Ursula Nordstrom, widow of the deceased, as such administratrix.

Mr. James T. Newhall is still in charge of affairs at the Pueblo and Jicarilla Indian agency in this city, having received instructions from the Indian office in Washington, directing him to so remain until further orders.

Death of Miss Marsh.

At 1 o'clock this afternoon, death silently terminated the long suffering of Laura B. Marsh, daughter of Mrs. J. L. Marsh, of this city, and one of Santa Fe's brightest and purest spirits winged its swift flight to the better land on the other side. After being a hopeless invalid for many weary months death at last took the shining form of an angel of mercy. The last words of the dying one to the heart-broken mother, sisters and brother at her bedside were, "It is all right," and then she peacefully sank into sleep. The New Mexican will announce when the funeral will occur on Monday.

RESULTS OF A SEARCH.

An Illinois Physician, After Visiting Towns in New Mexico and Arizona, Decides to Send Patients to Santa Fe.

Last Wednesday, a gentleman came to Santa Fe and registered at the Exchange as J. D. Gruber, of Los Lunas. He made a thorough inspection of the city and on Friday took his departure. After leaving it came out that he was Dr. Gruber, of Springfield, Ill., and that he had visited nearly every place in Arizona and New Mexico, looking for a place to send patients afflicted with lung troubles. The doctor has devoted about six months to his search, and settled upon Santa Fe as the place of all places for the purpose of his search. He went directly from Santa Fe to Springfield and will recommend Santa Fe to the people of his city as the only place to go when in search of health. The dryness, of the atmosphere, mildness of climate and altitude determined Dr. Gruber upon the selection.

U. S. District Attorney for Arizona.

There is quite a spirited fight going on over the appointment of a U. S. district attorney for Arizona, vice E. E. Ellinwood, resigned. The leading candidates are Robert E. Morrison, of Prescott, a son of Hon. A. L. Morrison, of this city, and Oakes Murphy, ex-governor and ex-delegate to congress from the sister territory. Mr. Morrison has the strong support of the great majority of the Republicans of Arizona for the position. Mr. Murphy is now in Washington working to secure the appointment and Mr. R. E. Morrison passes east this evening en route from Prescott to Washington to do a little work on his own behalf in the national capital. In Arizona and in Washington it is believed that the chances are much more favorable for Mr. Morrison than ex-Governor Murphy.

IN THE DISTRICT COURTS.

Case of San Pedro Placer Claimants Against Lewisohn and McLaughlin Dismissed—Timber Trespass Trial in United States Court.

In the Territorial District court this morning, the case of T. B. Catron, C. A. Spiess, L. F. O'Brien and J. M. O'Brien vs. Leonard Lewisohn and J. T. McLaughlin, was dismissed.

The plaintiffs in this action claimed as placer ground the land upon which the San Pedro copper smelter and the town of San Pedro are located, as well as the mill site and three gold and silver claims of the Santa Fe Copper company, and, having advised the application of the company named for patent in the United States land office, their claim came before the District court for trial on its merits. The dismissal of the case will enable the Santa Fe Copper company immediately to patent the mill site and the three claims mentioned.

The trial of the case of the United States vs. Joseph Routledge, timber trespass, is still in progress in the United States District court.
