OJO CALIENTE (HOT SPRINGS)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year around. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 108.24 grains of alkaline salts to the gallon: being the richest alkaline hot springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Neuritis, Mercurial Affections, Scrofula, Catarrh, La Grippe, Syphilis, Pains, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:30 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, 75¢. For further particulars address—

The new management of the Sulphur Springs has provided
FIRST CLASS HOTEL ACCOMMODATIONS
and reconstructed the Baths and employs competent attendants.

Tickets for sale at W. L. Trimble & Co.'s stable at Albuquerque, and agent at Thornton.

Santiago Isolated and Facing Famine.

**American Fleets Have Cut Off Every Avenue
of Supply and Aid--Starvation in Store
for Inhabitants--Position of Spanish
Vessels Known.**

Off Santiago de Cuba, Saturday, June 11, 4 p. m., by Associated Press dispatch boat Wanda, via Kingston, Jamaica, Sunday, June 12, 7 p. m., June 15.—Rear Admiral Sampson and Commodore Schley, with their combined forces, are slowly but surely putting such a network about Santiago de Cuba and cutting off so effectively every source of outside aid, that within a short time starvation's tapping will give way to death's solid knock for admittance through the doors of the ill-fated place. Within three days, three separate sources of supply and re-enforcement have been cut off, and Santiago is now isolated from the world and down to famine rations. When Admiral Cervera arrived at Santiago with his fleet, people there welcomed him for the relief they thought he would bring; but instead of food he brought them 700 more men to feed.

The only aid he had to offer them was tons of ammunition in his ships' magazines. A map of the harbor furnished today by spies, shows that after the bombardment of the harbor forts by Commodore Schley, on May 31, the Spanish cruiser Reina Mercedes, which was disabled, was towed into the bay behind the Socapa battery, where she lies with two torpedo boats. Half a mile farther up, under the lee of Cayo Smith and the mortar batteries, is the Vizcaya, commanding with her broadside the two entrances, east and west, of Cayo Smith. A half mile north and at the gate of the third narrow entrance, lies the Almirante Oquendo, and half a mile to the northeast are the Cristobal Colon and Maria Teresa. The ships are about a mile and a half from the city proper, the shallow water forbidding them to go much closer. The sunken collier Merinae is directly in the narrow part of the channel.

HOT TIME IN THE VILLAGE.

Fight Between Maryland Volunteers and Regular Troops—Twenty Men Injured. Washington, June 15.—A special to the Post from Old Point Comfort, Va., says a hot fight occurred last night in the streets of the village of Phoebus, between the Maryland volunteers and the regulars from Fort Monroe. Officers from both the volunteers and regulars were summoned and ended the fighting after about 75 prisoners were taken and sent to the guard house. It is said 20 men received injuries but none of them were serious.

Melrose Will Resign Premiership.

Paris, June 15.—The cabinet will assemble at 5 p. m. under President Faure when, it is believed, M. Melrose will resign the premiership, although it is understood President Faure is urging him to continue in office. It is expected that M. Ribot, a former premier and minister of finance, will be invited to form the new ministry.

CAPTURED STEAMER AT KEY WEST.

Twickenham Carried 3,000 Tons of Coal and One Passenger—Brought in by Frise Crew. Key West, Fla., June 15.—The British steamer Twickenham, captured off Kingston June 10, by the auxiliary cruiser St. Louis, arrived here today in charge of a prize crew. She had on board 3,000 tons of coal and one passenger, supposed to be an employee of the Spanish government.

KANSAS POLITICAL CONVENTIONS.

Sunflower Democrats and Populists in Session Today Nominating State Tickets—Pop State Administration Commanded by Democratic Speaker.

Atchison, Kas., June 15.—The Democratic state convention was called to order this morning by J. MacLove, chairman of the Democratic state central committee. Over 300 delegates are in attendance. David Overmyer was selected temporary chairman. In his remarks he endorsed the present Populist state administration.

He congratulated the delegates that Kansas was no longer a Republican state; the present state administration was elected by Democrats and he was proud of it. Things, he said, were now shaping themselves so that the time is coming when there would not be three parties in opposition to the Republicans, but one instead, the old, indestructible Democracy. Referring to the Chicago convention, he congratulated the delegates upon the immortal platform and the illustrious candidate.

Populist Convention. Topeka, Kas., June 15.—There were six candidates for temporary chairman of the Populist state convention today, but Judge J. E. Andrews was chosen.

He said: "I appreciate the honor of presiding over the convention which is to renominate our present state officers. Their records will stand the most exacting criticism. In the great contest going on now, our party was the first to declare that the principles of humanity should be applied to Cuba."

The chairman of the convention at Hutchinson a few days ago sarcastically asked: "Where would we be now if Bryan was president?" I will say, we would now be closing the war without the issuance of bonds." (Cheers and cries "Hit 'em again" and "Lay on McDuff.")

The whole ticket with the exception of lieutenant governor is likely to be nominated. Lieutenant Governor Harvey, recently appointed major of the 22d Kansas volunteers, is now with the regiment at Falls Church, Va. It is anticipated that the Democratic convention at Atchison today will nominate David Overmyer, lieutenant governor, and the Populist convention will endorse him. There was a strong movement to place David Martin, formerly chief justice, elected as a Republican, in nomination for associate justice, but today Martin refused peremptorily to run, announcing that he was not a candidate and had no desire to re-enter public life.

READY TO SAIL.

Transports at San Francisco, With Soldiers Waiting Signal to Hoist Flag. San Francisco, June 15.—The four transport steamers scheduled to leave today for Manila are almost ready for the signal from Major General Greene's flagship, the China, to hoist anchor and proceed. The soldiers spent a fairly comfortable night on the transports. It is expected the order to get under way will be issued about 3 o'clock. San Francisco, 1:30 o'clock.—The second fleet of transports weighed anchor about 1 o'clock and is now on the way to Manila.

CONGRESSIONAL.

House.

Washington, June 15.—The house met at 10 o'clock to resume the Hawaiian debate. Representative Fitzgerald (Dem. Mass.) spoke against the Newlands resolution. He emphasized the failure of a majority of Hawaiians to express a desire relative to annexation and insisted that every people had a right to the government of their choice. Fitzgerald further opposed annexation on the ground that an injurious labor element would be brought into competition with American laborers. Supporting the resolution Representative Berry (Dem. Ky.) devoted much of his time to the Democratic policy.

Mr. Berry digressed to speak of the Philippines situation, and while not advocating the retention of the islands, declared the United States should brook no interference upon the part of Germany.

The general deficiency bill, carrying an aggregate of \$224,032,323 was reported to the house today by the committee on appropriations. All but \$18,000,000 is for war; \$8,000,000 is for pensions.

The senate, under special order, began the consideration of bills on the private pension calendar.

Proceeding, Mr. Berry advocated the construction of the Nicaragua canal and added the importance of its control as an additional argument for annexation. He declared his independence of any attempt to control his action upon pending question by the caucus. This brought from the Democrats a denial that any attempt had been made. In reply to a remark of Mr. Clark (Mo.) relative to the national immoral dance of Hawaiian, Mr. Berry said he witnessed the dance, and more immoral performances could be seen in Washington theaters nightly. Later, when Mr. Rhea (Dem. Ky.) was speaking of the immorality of the Hawaiians, Mr. Berry interrupted to assert vigorously: "There is more immorality in this city south of Pennsylvania avenue than in all Honolulu." Mr. Rhea argued chief of the sin, idolatry and disease in Hawaii in support of the pending resolutions. Mr. Smith (Mich.) made a strong argument for annexation.

The Hawaiian annexation resolution passed the house by a vote of 209 to 91.

NEW LOAN A SUCCESS.

Government Will Have No Trouble Placing the Bonds—Proposals Covering Entire Issue Received.

Washington, June 15.—If there was ever any question about the success of the new 3 per cent war loan, it has been settled by the fact that in which subscriptions are coming in. The success of the loan has, however, been made absolutely certain by two propositions, each averaging the entire present issue of \$200,000,000. The subscription by the National City bank, the Central Trust company and Vermilion lower, made the loan the loan was opened, was for any part of the total issue that should not be taken by the public. Another proposal covering the entire amount came from J. Pierpont Morgan and associates.

MARKET REPORT.

New York, June 15.—Money on call nominally 1 1/4 to 1 1/2 per cent. Prime mercantile paper, 3 to 4. Silver, 58 1/2, lead, 83 1/2; copper, 10 1/2. Wheat, June, 85; July, 79 1/2. Corn, June, 33 1/2; July, 34. Oats, June, 26; July, 25. Chicago.—Cattle, receipts, 16,000; firm to 10c. lower; beefs, \$4.00 to \$5.10; cows and heifers, \$2.50 to \$4.05; Texas steers, \$3.70 to \$4.35; stockers and feeders, \$3.50 to \$4.55. Sheep, weak to 10c. lower; native, \$3.50 to \$5.10; westerns, \$4.40 to \$5.10; lambs, \$4.35 to \$5.50. Kansas City.—Cattle, receipts, 6,000; weak to 10c. lower; native steers, \$3.90 to \$4.92; Texas steers, \$3.00 to \$4.60; Texas cows, \$2.50 to \$3.50; native cows and heifers, \$2.25 to \$3.45; stockers and feeders, \$2.40 to \$3.40; bulls, \$3.00 to \$4.50. Sheep, receipts, 2,000; firm; lambs, \$4.00 to \$4.35; muttons, \$3.00 to \$5.25.

Two Prisoners Escaped.

Trinidad Colono, June 15.—Frank Kelly and John Paul, confined in the county jail, charged with burglary, sawed their way out of the cells, removed a bar from the upper window and escaped last night. A prisoner named Jones, a trusty, furnished the saw with which the work was done. The men have not yet been apprehended.

Kansas City Man Shot Himself.

Leavenworth, Kas., June 15.—William H. Stacey, a prominent insurance agent and a member of the firm of Stacey & Bacon, in Kansas City, shot himself in the head here today, producing a fatal wound. Stacey's business is apparently in good shape.

ARMS AND PROVISIONS LANDED.

Insurgents Near Santiago de Cuba Supplied With Much Needed Food and Munitions of War by The Swanee.

Copyrighted by Associated Press.—Off Santiago de Cuba, June 11, via Kingston, Jamaica, June 15.—Since the establishment of the blockade several interesting and daring expeditions have been made into the enemy's country to discover the actual condition of affairs in Santiago. It is no easy matter to get near the city these days. About 8,000 Spanish soldiers and 2,000 home guard troops cover every roadway about the place, and General Pando, the Spanish military commander, is very active, although his operations are limited by the mountains surrounding the place, which are full of insurgents.

On Sunday, June 4, the converted light house boat Swanee, commanded by Lieutenant Commander Daniel Deleahanty, arrived off Santiago. She had on board about 70,000 rounds of ammunition, 5,000 rifles, 1,000 carbines, 2,000 machetes and hundreds of pounds of bread, bacon and other provisions.

With the aid of a Cuban pilot picked up by Commodore Schley, she landed this stuff in two days, besides taking an active part in the bombardment of the forts at Santiago. The landing was effected about 12 miles to the westward of Santiago, at the presence of 500 insurgents. About 100 more insurgents were on guard in the mountains and passes. The ammunition, food and arms have put the insurgents in excellent shape to prevent the Spaniards from getting provisions from outside the rough island itself. It is believed the arrival of the Swanee has assisted materially in cutting off one part of the Spanish army from the other.

On Tuesday, June 7, while working near Cessazere, 12 miles from Santiago de Cuba, Lieutenant Commander Deleahanty saw two sloops trying to run away from the shore. He fired at them and they were run ashore and deserted. Later a boat's crew from the Swanee captured them. Each sloop was provided with a Spanish flag and one had telegraph for signalling purposes. One of the sloops was presented to the Cuban and the other, which already had a few holes in it, was sunk by shots from the Swanee.

SHOT IN THE BACK.

Secretary of German Embassy Fired Upon by a Stranger—Motive For Attack Unknown.

London, June 15.—While the first secretary of the German embassy here, Count Von Arco-Valley, was emerging from the embassy this evening, a stranger fired two shots from a revolver at him. One bullet entered the secretary's back, but the wound is not believed to be fatal. His assailant was arrested after firing at and missing a policeman. The motive which prompted the man to attempt the life of Count Von Arco-Valley is unknown.

NO GERMAN INTERVENTION.

State Department Officially Advised That Germany Will Attend to Her Own Business—Admiral Sampson Re-enforced by Cubans.

Washington, June 15.—The state department has been officially advised that all reports that Germany would make an issue in the Philippines are unwarranted. German ships would be on hand at Manila to afford protection to German subjects and property, but Germany has no thought of intervention.

Cubans Join American Force.

The Navy department today posted the following bulletin. Admiral Sampson reports that he has been re-enforced by several hundred Cubans and that our force at Guantanamo is in a very satisfactory condition. The town of Acer Raderos has been occupied by troops under General Rabe. Men under General Garcia are co-operating with the American forces.

Troops Will Not Move at Once.

An authoritative statement was made by the War department today contradicting the reports from Chickamauga that 15,000 troops had been ordered to move at once. It is said orders were sent to the commanding officers at Chickamauga directing the equipping and arming of troops at the earliest possible moment. This, however, is in line with the general policy of hurrying up preparations all along the line. It may be generally inferred that these orders to expedite equipping and arming up to subsequent orders for a movement of the troops.

PEOPLE'S PARTY PARTED.

Fight on Hand at Omaha Convention Over Proxies on Fusion—Middle of The Roaders Left Out.

Omaha, Neb., June 15.—The regular national committee of the People's party is meeting here today, and has a fight on hand to keep out the middle of the roaders, who, at Nashville last year, organized a separate Milton Park national committee.

Many of the Park's anti-fusion committee are members, also Senator Marion Butler, of the regular committee, and through Wharton Barker, of Philadelphia, have been working hard all summer to secure proxies. The regular committee, to offset the schemes of the middle of the roaders, secured a large number of proxies also.

When the committee's roll was called it was discovered that between 75 and 100 proxies were held. General F. Washington, of Boston, has 37.

Contests in Illinois, Iowa, Pennsylvania, Ohio and many other states are to be settled. Chairman Butler is pointing a credential committee favorably to his side of the question, consisting of Senator Allen, of Nebraska, ex-governor Buchanan, of Tennessee, Elwell Pomeroy, of New Jersey, A. H. Carden, of Kentucky, and Congressman C. A. Barlow, of California, every one fusionists.

This committee is now considering the contests. The Park committee has not yet obtained any material concessions.

REJOICING AT CAMP THOMAS.

Reported That Fifteen Regiments Will Leave Chickamauga for Tampa in a Few Days.

Chickamauga, June 15.—The report that 15 regiments are to leave Camp Thomas for Tampa, in the next few days, is the main topic of conversation in camp today. There is general rejoicing among soldiers on account of it.

SPANIARDS ROUTED

United States Marines and Cubans Destroyed Spanish Camp Near Guantanamo Bay.

ONE AMERICAN WOUNDED

Dynamite Guns On Vesuvius Tested With Great Success—New Fortifications Near Santiago Partially Destroyed—New Orleans Struck by Shell.

Copyrighted by Associated Press.—United States camp at entrance of Guantanamo bay, June 14, 6 p. m., via Kingston, Jamaica, June 15, 10:40 a. m.—United States marines and Cubans today attacked the Spanish camp, situated five miles from the American intrenchments. They completely routed a force of 400 Spaniards, breaking up their camp and destroying the well which supplied them with water. One American was slightly wounded, two Cubans killed and four Cubans wounded. The Spanish loss is believed to be forty men killed. Fifteen bodies have already been discovered.

Off Santiago de Cuba, Monday night, the dynamite guns on the Vesuvius were tested with great success. Three shots were fired at the Spanish fortifications, and it is believed great damage was done. Tuesday morning the New Orleans shelled and partially destroyed the new emplacements east of Morro castle. The Spaniards fired some shots at the Vesuvius and one at the New Orleans, which was struck.

Ocean Schooner Sunk.

Washington, June 15.—The schooner Gypsum Princess, of Harrisboro, N. S., was sunk in a collision with the North German Lloyd steamer Ems, last night. The captain of the Gypsum Princess, David Merry, wife and oldest boy, Edgar, the mate, a girl of 14 and a boy of 5 years were drowned. Sanford Murray, cook, had a leg broken. Five of the crew besides Murray were saved by the Ems.

OCCUPATION OF PORTO RICO.

Fourth Army Corps Under Major General Coppinger Designated for the Work—Force Will Consist of 20,000 Men.

Washington, June 15.—The 4th army corps, Major General John J. Coppinger, commanding, has been definitely designated to undertake the occupation of Porto Rico. It will be rapidly increased to 20,000 men, including all the available regulars now in the south, with the addition of the best volunteer regiments at Tampa, Chickamauga and Falls Church, Va. These selections will be made in the next day or two, with chief regard to the military facilities of the volunteers and comparative completeness of their equipment.

LAWLESSNESS IN MISSOURI.

Mob Tried to Batter Down Door of Clay County Jail—The Man Wanted Secretly Taken to Kansas City.

Liberty, Mo., June 15.—A mob tried to batter down the doors of the Clay county jail last night. It is supposed the men were after William S. Foley, convicted of the murder of his mother, but he had been slipped out of town to Kansas City. The supreme court yesterday reversed and remanded Foley's case for a new trial.

SENOR SAGASTA GUESSING AGAIN.

Says That Russia Has Given Assurance That Steps Will be Taken to Intervene in the Philippine Questions.

London, June 15.—A special from Madrid purports to give the substance of an interview with Senor Sagasta, the Spanish premier, who is quoted as saying that yesterday's rise on the bourse was due to telegrams advising leading financiers that Russia had taken steps to intervene shortly in settlement of the Philippine question.

IMPORTANT IF TRUE.

Somewhat Gaudy Story Concerning Landing of American Troops at Manila Printed by the London Star.

London, June 15.—The Star today reiterates the story that Emperor William, of Germany, has ordered the German consul at Manila to oppose the debarkation of American troops, unless in sufficient force to maintain order and protect the citizens. The Star adds that an order to this effect has been officially given to the United States embassy at Berlin and Secretary Day at Washington. Admiral Dietrichs, according to the Star, has 3,400 troops and could disembark 1,500 with two batteries of artillery, for the partial occupation of Manila.

Allied Silver Parties in Convention.

Minneapolis, June 15.—The three allied silver parties, Democrats, Populists and Silver Republicans, are all in session here today endeavoring to agree on a fusion state ticket. The only certainty is the nomination for governor of ex-Congressman John Lind, quartermaster of the 13th Minnesota volunteers at Chickamauga.

Letter Wheat Deal Closed.

Chicago, June 15.—Arrangements for closing the Letter wheat deal have been completed. The final papers were placed before Joseph Letter today and 7,000,000 bushels of choice cash wheat were assigned to P. D. Armour, who will henceforth control the Letter holdings. Armour has already begun to dispose of his holdings, and unless the coming crop is harvested sooner than anticipated, it seems likely that the immense line of wheat in the northwest will be consumed there. Armour's assumption of the burden is said to have saved at least \$2,000,000 for Letter.

Notice to Subscribers of Stock.

All subscribers to stock of the Santa Fe Fruit Co., are notified that certificates of stock are ready to be delivered on payment of subscriptions and will be found at Cartwright's store. All payments must be made between this and the 20th inst.

REACHED ALAMOGORDO.

The El Paso & Northeastern Railway Completes Its First Division, Eighty-Six Miles Long—Stirring Times in Eastern Dona Ana.

Special to the New Mexican. Alamogordo, June 15.—The track of the El Paso & Northeastern railway reached the town of Alamogordo at 10 o'clock this forenoon, and from today trains will run from El Paso to this point daily and regularly. Close stage connection is now made from here with La Luz, Tularosa and White Oaks. Freight for Lincoln county points is being shipped almost exclusively this road, it offering cheaper, better and quicker transportation than any other route. Freight for the Mesquero Indian agency is also coming this way. Active work on the first section of the Alamogordo & Sacramento railroad was commenced today by Geo. Wood & Co., contractors, with a large force of graders and teams. Scott N. Morris, the contractor, arrived yesterday from Colorado with 47 four-mile teams and 70 men, and has commenced work to fill his line contract for the road, which is an immense one.

The Alamogordo Lumber company has let contracts for the immediate construction of boarding and lodging houses and other mill buildings at Alamogordo and is pushing their construction. Lots are selling rapidly and there are lively times here. News has been received here that the new town has been made a post-office and the office will soon be in actual running order with Silas D. Pollock as postmaster. Until the office is opened all mail for this place goes to La Luz.

C. B. Eddy, president of the road, H. P. Simpson and W. C. Parke, leading coal operators and well known capitalists, will arrive here tomorrow in order to inspect the new road and the town site improvements and everything is humming, busy and pushing along with great vim, intense energy and rapidity. Eastern Dona Ana county is awaking from a long sleep indeed but it is a bright and pleasing awakening.

COURT OF PRIVATE LAND CLAIMS.

Large Bodies of Land Restored to the Public Domain by Rejection of Four Grants.

The following proceedings were had: Juan Garcia et al., plaintiffs, vs. United States, Manuela Garcia de las Rivas grant, situated in the county of Rio Arriba, No. 249. Catron & Gortner attorneys for claimants. Grant to Manuela de las Rivas and Isabel Montoya by Juan Ruiz Hurtado, acting governor and captain general of New Mexico on the 14th day of April, 1735, and juridical possession of which was given said grantees by Juan Estevan Garcia de Noriega, chief alcalde and war captain on May 17, 1735, was examined by satisfactory proofs and dismissed by the court.

Juan Torres and Jesus Torres vs. United States, No. 250. Cristoval Torres grant, situated in the county of Rio Arriba, New Mexico, attorneys for plaintiffs, Catron & Gortner. This grant was given to Cristoval de Torres by Juan Domingo de Bustamante, governor and captain general of New Mexico, on the 6th day of June, 1724, and juridical possession of which is alleged to have been given said grantee on June 9, 1724, by Juan Ruiz Hurtado, lieutenant governor and captain general of New Mexico, was found of no validity and not such a one as the United States is bound to recognize and confirm, by virtue of the treaty of concession by Mexico to the United States.

Antonio de Ulibarri, plaintiff, vs. United States, Antonio de Ulibarri grant, situated in the county of Rio Arriba, granted to Antonio de Ulibarri, a resident of Santa Fe, by Juan Ruiz Hurtado, lieutenant governor and captain general of New Mexico on January 20, 1735, and juridical possession of which was alleged to have been given said grantee February 15, 1735, by the alcalde mayor of the new town of Santa Cruz, was rejected and petition dismissed. Attorneys for claimants, Catron & Gortner.

Joseph Torres et al., plaintiffs, Jose Antonio Torres grant, No. 255, situated in the county of Rio Arriba, New Mexico, Catron & Gortner attorneys for claimants. This land was granted to Joseph Antonio de Torres, by Juan Ruiz Hurtado, lieutenant governor and captain general of New Mexico on March 28, 1735. The court after consideration and examination of said claim finds that the petition for confirmation of said grant has not been sustained by satisfactory proof and dismissed said petition and rejected the claim.

Court Note.

In the United States district court, the case of the United States vs. Sarah E. Young, John Young and Harry Holt, for interfering with and preventing the making of a survey on a mining claim, the indictment was quashed and defendants discharged.

Full particulars of the case will appear in the NEW MEXICAN tomorrow.

At the Hotels.

Displayed—Fifty cents per line each insertion. One year, per month in Daily, One dollar and single column, in either English or Spanish Weekly. Additional prices and particulars given on receipt of copy of matter to be inserted.

WEDNESDAY, JUNE 15

A removal or two of delinquent or careless tax collectors would help the collection of taxes amazingly.

That Mole of St. Nicholas is becoming quite historic. Wonder if the saint had any other peculiarities or other marks.

The Madrid liars, since the Havana cable is out, have the edge on Captain General Blanco and are taking the fullest advantage of the situation.

Democratic Democrats seem to be scarce these days. There are free silver Democrats, Pop-Democrats and the like, to be sure, but the simple pure article is hard to find.

The New York Democrats want to conduct the coming state campaign entirely on state issues. Good thing that, for them, provided the Republicans stand idly by and let them do this.

Judging from the number of war poems received at the New Mexican office, New Mexico has a surplus of war poets. The New Mexican would be greatly gratified were they to enlist or desert.

The heroes in the American navy are being heard from. There are plenty of them; all hail to such men as Dewey, Hobson, Blue and Bernadotte. And the dead Ensign Bagley should not be forgotten.

A great deal of trouble seems to be attending Colonel W. Jennings Bryan's war preparations. Let the blame for this bad state of affairs be put on Mark Hanna. He can stand it. His shoulders are broad.

Spain will never surrender, says Minister Sagasta. No one wants her to surrender. This country wouldn't have Spain as a gift. But as to Cuba, Porto Rico and the Philippines, ah, there is another question. These will be taken whether Spain wishes to surrender or not.

Every time a report is cabled from Cadiz that Admiral Camara and his reserve fleet have left that port, Boston gets out its bean shooters. Boston always was a courageous place, and will defend itself against the horrid enemy in this war, if it takes every bean shooter on Beacon street and the Back bay.

The New Mexican makes a specialty of territorial news. It is presented in a very readable and condensed form; nothing of interest is omitted. Every part of the territory is attended to. If you would keep up with what is going on in New Mexico, read the New Mexican and you will lay up treasures for the future.

The four by nine statesmen in the senate and house of representatives who do not lay aside party prejudices in voting on war measures will have to reckon with their constituents this fall when they come up for re-election. The people are in no mood to fool with free silver cranks and Populists who hold their notions above the good of the country.

The war is not interfering with the onward march of this country. Quite the reverse, it is cementing its different sections, despite the frantic efforts of the free silver cliques. The great laws of commerce are bringing prosperity to our people; higher prices for their products to the farmer, good wages to the artisan and laborer, and the people, north, south, east and west, are marching forward to meet the great destiny of the American nation.

Great delay and vexatious slowness are reported in the movement of the expeditions for the invasion of Cuba. It is tough to coop up 15,000 men on transports for days without good cause. Somebody is to blame and somebody, whoever it is, should be punished for this delay. There seems to be no excuse for such things. This government has money enough and officers enough to carry such movements through speedily, energetically and successfully. This delay is not the American way of doing things. Who is to blame?

A Serious Question.

An eastern exchange, in commenting on the "graduating season," and calling attention to the fact that several thousand young men and women will soon be added to the bread earners of the country, by reason of having finished their college education, asks the question:

"Why should a diploma, which is fondly supposed by many parents and children to fit a person for the work of life, be almost a hindrance in many cases? Why, in short, should a college graduate, after spending hundreds of dollars in making himself worth a good salary, have to begin business on the

same footing as the man who did not have anything but a grammar school education, and learn lessons from the latter?"

This question is not a new one by any means, and is one which is puzzling even educators who are supposed to have solved all the problems in the training of youth for positions in active life. Outside of the learned professions, the man who completes a college course is in most cases not so well prepared as the one who has educated himself and worked at a trade or calling while so doing. It is a noticeable fact that in mercantile callings the men who hold the lucrative positions are those who have but little education, but have gone into "the house" as boys and worked themselves up, learning the business thoroughly, from sweeping out in the morning to acting as manager of a department. Any one who has spent his boyhood and a part of his young manhood days in school is unfitted to take positions which require experience, and he has arrived at an age where he can not begin at the bottom, where the pay is necessarily small; he must do something where the salary will provide the necessities of mature age and dependence upon self-exertion.

In the professions matters are not much better. "There is always room at the top" to be sure, but every year sees the top harder to reach by reason of the increased numbers climbing in that direction. Every year places the standard of excellence higher without providing compensating means for attaining that standard. Human intelligence is limited. That is, the greater number of minds is not equal to the herculean task demanded and break under the strain. A few of the brilliant succeed in reaching the pinnacle of success, but they are only the exceptions which prove the rule.

As educators, modern schools and colleges are not failures by any means; as a means of properly preparing the young for the struggle of life there has of late years arisen a grave doubt, which is echoed in the question quoted above. Men who have acquired wealth and position in the past recognize this fact and by different ways are trying to devise some method whereby experience may be gained while studying in schools. The manual training schools which have been introduced in the larger towns and cities of the east are an outgrowth of this desire to make the start in life easier for the young men and women.

The solution of the problem has not yet been found and perhaps never will be entirely, but some way out of the trouble will be evolved in the future, and life in the golden era to come will then not be one eternal struggle.

American Heroes.

Before the war with Spain is closed and peace declared, unless that event happens very soon, congress will be compelled to strike medals of honor for every man in the service. Not a day passes but some is discovered in a service which requires nerve, a cool head and above all an absolute failure to understand the meaning of the word fear.

It makes no difference what the conditions may be or how dangerous the undertaking, there are always a few hundred or thousands of American soldiers or sailors ready to do the work. And still it is an even wager that every time a man or a number of men start out upon an expedition like the sinking of the Merrimac, the counting of the Spanish vessels in the harbor at Santiago, or the bombardment at Manila, every mother's son of those who volunteer wish they could sneak out of the job. But the first plunge into danger taken, all thoughts, except those of success, disappear; death or victory is the only outcome. It is not seemly for an American to shout about American bravery, but the history of the country is such that it is safe to say that there is no other nation or people on the face of the earth who will undertake more hazardous duty, or hang on to it longer than the Americans. They may know when they are whipped, but never acknowledge it.

To make a long story short, every man in the United States service is a hero and will prove himself such when the opportunity is presented and congress would as well save time and expense by providing medals of honor enough to go around when the war is over.

TERRITORIAL TOPICS

Grant County.

There is smallpox at Dwyer, on the Mimbres.

Summer school will begin in Silver City June 20.

John Howard, of Mogollon, has a new girl at his home.

Mrs. S. Owens, of the lower Gila, has moved to Lordsburg.

B. A. Knowles is building a new store on Pine street, Deming.

James Toddhunter, of Deming, has returned from a Mexico trip.

Silver City has raised \$1,000 for a Fourth of July celebration.

Wm. Bizzell, of Lordsburg, has gone to Colorado City, Tex., to live.

A hail storm did considerable damage to Mimbres river crops last week.

Captain W. M. Harmon died in Deming last week at the age of 79 years.

T. K. Shine is assistant agent in the A. & N. M. railway office at Lordsburg.

The Southern Pacific has a gang out from Lordsburg, putting in 100-pound rails.

W. A. Harding, a former jeweler in Silver City, has gone to Kansas City to reside.

Mrs. J. A. Leahy and son, of Lordsburg, are visiting Mrs. C. W. Wilcox in El Paso, Tex.

Seaman Field, J. A. Mahoney and Dr. Carl Hagen were elected school directors in Deming last week.

Mrs. A. Abraham and daughter, of Silver City, will go to California June for a summer vacation.

H. L. Gammon, F. F. Ferris and John Robson were elected school directors at Lordsburg last week.

The firm of McMillan & Co., of Silver City, has dissolved partnership. H. L. Dobson retiring from the firm.

Mrs. Francisca Marquez, of Buena Vista, has gone to Santa Fe where she will make her home with the Sisters of Charity, having transferred her property to them.

F. S. Crosson, C. N. Blackwell and Al. Hobbs have returned to Raton from a tour in the Rabbitfoot district, where they inspected their mining properties.

Deputy Sheriff Croker has brought Dave Collins, charged with the murder of Barney Clark in Raton some years ago, from Seattle, Wash., and lodged him in the jail at Springer.

At a recent meeting of the Raton school board the salaries of teachers were reduced. The superintendent will now receive \$90; assistant superintendent, \$65; teachers, \$55. The old salaries were \$100, \$65 and \$60, respectively.

J. H. Rush was elected president of the Raton school board last week, and Charles Howells, clerk. C. M. C. Houck was elected member of the board, vice Fred B. Horn resigned. The following teachers were selected: R. H. Carter, superintendent; W. F. McClelland, assistant superintendent; Mrs. N. Conn, Misses Wright, Murphy, Downing, Massey, Papin and McIntire.

Las Vegas.

Judge H. L. Waldo has returned from Kansas City.

Preparations are under way for a routing 4th of July celebration.

Mrs. Wm. Rupp and two children have returned from a visit in Argentine, Kas.

Mrs. Telesfor Martinez and Miss Larcenia Baca, of Mora, are visiting relatives in this city.

Creencino Baca, a merchant at San Miguel, spent Monday in the city buying supplies for his store.

Suit in assumpsit against San Miguel county has been filed in the District court by Levi Spiegelberg, of Santa Fe; J. L. Laub, of Las Vegas; The Coddington Savings bank of Newport, R. I., and E. H. Rollins & Sons, of Denver.

Sunday night the Murphy-Van Patten drug store was burglarized and about 1,000 cigars stolen. A number of the cigars were afterward found in a pile of rubbish on Railroad avenue. Three men have been arrested on suspicion of having committed the theft.

The closing exercises of the Sisters of Loretto academy, in old town, will be held tomorrow afternoon at 2 o'clock, and on Friday evening an entertainment will be given, the proceeds to go to the academy.

If there is a history of weak lungs in your family, take Scott's Emulsion.

It nourishes and invigorates.

It enables you to resist the disease. Even if your lungs are already affected, and if besides the cough you have fever and emaciation, there is still a strong probability of a cure.

The oil in the Emulsion feeds; the hypophosphites give power to the nerves; and the glycerine soothes and heals.

See and know, all druggists, SCOTT & BOWNE, Chemists, New York.

The betrothal of Cecilio Rosenwald to Miss Hannechen Bonheim has been formally announced. The groom-to-be is the son of Emanuel Rosenwald, one of the pioneer merchants of the city, and the bride-elect is the daughter of Dr. Bonheim, rabbi of the Jewish congregation.

Saturday afternoon Justice Wooster's court presented quite a lively appearance. J. H. B. Gilmore, A. J. Stewart, Pablo Gonzales, Geo. Kunz, Fred Taylor and John Ball were before the court charged with cutting the fence built and owned by Dr. Wm. Sparks, at Willis. All were acquitted except Stewart and Ball, who were bound over to await the action of the grand jury.

Albuquerque.

Mrs. Lola Luna and two children are visiting relatives in Los Lunas.

William Ruby has returned from Belen, where he superintended the burning of a large kiln of brick for John Becker, which will be used in building a new store room for the latter.

Rev. Thos. Harwood, superintendent of Spanish missions of the Methodist Episcopal church has returned from an extended trip through southern New Mexico and Arizona.

F. A. Spence, of the firm of Spence Brothers, sheep raisers, at White Oaks is in the city on business, and reports Lincoln county in splendid shape and sheep in the very best of condition.

Frank Gelmore, a young man who has been in the city for two years past, and who recently suffered the loss of a foot, the result of an accident, is seriously ill of consumption and asthma.

W. C. Montford was thrown from a wagon, in a run away yesterday and sustained bruises which will lay him up for several days. The horses were not injured but the wagon has gone into retirement.

On Monday evening the city board of education appointed a superintendent and a corps of teachers for the ensuing year. Prof. E. C. Hickey was the choice for superintendent. He is a graduate of the Kansas State University, and bears the reputation of being one of the best educators in the west. The teachers are: Bertha Hegman, Mrs. T. D. Butts, Ella D. Coltrane, Edith Stevens, U. Frances Duff, Ida Elder, Nellie Booth, Elizabeth Willey, Catharine Adams, Lillie Keppers, Clara Neuman, Helen Higginson, Lou Lee, Margaret Lee, Catherine Cameron and Mabel Aiger.

Miss Irene Watson, of Los Angeles, and Mr. Frederick Bletcher, of Bland, were married in Albuquerque, today, June 15. The couple will reside in Bland.

A Gunshot Wound

From Which Dangerous Blood Poison Results.

It matters not how blood poison is acquired, whether by inheritance or accident, it is a stubborn, obstinate disease and one which the doctors find themselves unable to successfully treat. Whenever there is the slightest impurity in the blood, any accident which produces even a trivial bruise or contusion of the flesh, is likely to result seriously. Chronic sores and ulcers often result from such causes, and in many cases they are so obstinate that it takes years to get rid of them.

The doctors are unable to cure such cases because potash and mercury (the only remedies which they ever prescribe for the blood) tend to shut in the poison and dry it up in the blood. Here it lies dormant for a while, only to break out in a more aggravated form than before. This treatment is continued and the same conditions exist for years, the old sore or ulcer becoming a constant companion to those whom it afflicts.

Capt. J. H. McBrayer, the well-known distiller of fine Kentucky whiskeys, had just such an experience, and he is so delighted to find a cure after many years of suffering that he wants everybody to know just how to get rid of these horrible chronic sores. He now resides at Lawrenceburg, Ky., and writes:

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. The place was slow in healing and became much swollen, increasing in size and becoming quite angry-looking and inflamed. Before long it had developed into a running sore, and gave me a great deal of pain and inconvenience. I was treated by many doctors, and took a number of blood remedies but none did me any good, and did not seem to check the progress of the sore. I had heard Swift's

THE SEVENTH Beet sugar factory in the United States was erected at Eddy, New Mexico, in 1896, and made its first "campaign," beginning November 15th, 1896, and closing February 15th, 1897.

THE CONTENT OF "SUGAR in the beet" of the crop grown in the Eddy and Roswell sections of the valley has proven to be more uniformly high than any other part of the United States.

FORTUNATELY the land is blessed with just the fertility to produce high grade beets, and

MORE FORTUNATELY the Pecos

Irrigation and Improvement Co. and the Roswell Land and Water Co. have an irrigation system of great magnitude, covering a vast body of the BEST SUGAR BEET lands on earth. The water is applied to the crop WHEN NEEDED.

THE SUN SHINES more hours in

the day and more days in the year in Eddy and Chaves counties, New Mexico, than in any other section of the west.

GOOD SOIL makes the seed germinate.

WATER makes the plant grow.

SUNLIGHT puts the sugar in the BEET.

THE ONLY THING left to be desired is that the Pecos Valley has not on hand in abundance is PEOPLE. We need thirty farmers; 500 heads of families each on a 40-acre farm.

NO FAIRER terms or conditions of sale of beet and fruit lands were ever made.

WRITE for particulars.

ON THE TRANSPORT YUCATAN.

Three Days off Key West Waiting Orders—
Detail From Llewellyn's Troop Works
Dynamite Gun—All Well and
Spilling For a Fight.

Special to the New Mexican.
On board transport Yucatan, off Key West, June 11.—We have been here three days on board this transport, awaiting orders. One report has it that the presence of Spanish war vessels in the Gulf is the cause of delay; another that we are waiting for intrenching tools. At any rate we are waiting; that is sure. Of the 1st U. S. volunteer cavalry, troops E (Miller's), F (Luna's) and H (Llewellyn's) are aboard this vessel. We are somewhat crowded, but still in the rig. Captain Curry and his troop had to remain at Tampa. No fault of the captain who begged to go, but the fact was that Captain Llewellyn's and Captain Miller's troops were selected first, and F and H troops had to arrange it between themselves, and the lot was drawn by Captain Luna.

A detail of 10 picked men was selected from Captain Llewellyn's troop to man the dynamite gun. This weapon is a dandy, and the squad works it to perfection. The New Mexico squadron is getting on well, and Colonel Wood seems to be very pleased with its drill, discipline and efficiency. Captain Llewellyn seems to be a great favorite. No wonder; he is a dashing, fine looking officer, and takes to military business as a duck to water.

1st Lieutenant J. W. Green, of troop H, was left at Tampa in charge of the troop, horses and property. Lieutenant Greenway, of troop I, is with troop H in his stead and is going to the front with the troop. We have placed our dynamite gun and two rapid firing guns, given the regiment by Lieutenant Woodbury Kane, on deck of our transport and we will make a fight should a Spanish man-of-war come across our pathway. Placing the guns in position for firing means that the transport Yucatan will be the first to unload when reaching the destination and as Captain Llewellyn's troop bears the colors this will be the first troop to land on Cuban soil.

The fleet of transports and men-of-war is a beautiful sight; bands are playing and soldiers are all over, on deck, in the rigging and wherever a man can sit or hang on to a rope.

The troops are anxious to land in Cuba and are just spilling for a fight. The two squadrons of the 1st U. S. volunteer cavalry with the expedition are well, hale and hearty, and will give a good account of themselves.

County Tax Collections for May.
The following sums have been collected for taxes for the month of May last by the tax collector of Santa Fe county:

Taxes.	1897	1898	1899	1900	Total.
Terror	\$ 290.68	\$ 423.84	\$ 433.58	\$ 433.58	\$ 1,581.68
County	433.58	11.20	12.22	21.00	\$ 477.80
City	316.48	18.75	18.75	18.75	\$ 372.73
Cerrillos	5.88	5.88
Total	\$1,046.62	\$453.79	\$464.63	\$472.33	\$1,437.37

High Officials.
Grand Chancellor L. A. Skelly, and deputy organizer of the endowment fund, Frederick Michaels, of Silver City, will meet with Santa Fe lodge No. 2, Knights of Pythias, in special session tonight. The business of the meeting will be to exemplify the work of the order, after which a banquet will be tendered to the visiting officers and guests of the lodge.

The New Lunch Counter
At Conway's Bon-Ton is the only place where you can get a first-class short order meal in the city.

MINOR CITY TOPICS.

U. S. weather bureau forecast for New Mexico: Fair tonight and Thursday.

Regular meeting of Carleton Post, G. A. R., at 8 p. m. sharp. Visiting comrades cordially invited.

John Brown had one of Dudrow's trucks employed today in moving his household effects to the Terrace on Palace avenue.

W. E. Chipman, of Cerrillos, is arranging to open the City meat market, formerly conducted by Steve Arnold. The place is being thoroughly renovated and fitted out and the new management will run things in the most approved style. Harry Weaver will act as city manager of the new institution.

George C. Reed, civil engineer and surveyor of Deery, left home this morning after a brief business trip to this city. He will return to New Mexico in a few days and attend to some surveying and civil engineering work in the southern part of the territory, along the line of the El Paso & Northeastern railway.

For the first time in Santa Fe, Gilbert's fine mythological comedy, Pygmalion and Galatea, will be given in the court house on Monday evening next, at 8 o'clock. Both on account of the novelty and excellence of the exhibition, and the good work to which all the profits will be devoted, the cordial support of the community may fairly be claimed for this entertainment. Tickets 25 cents each, will be on sale at Mr. Ireland's, on and after tomorrow, Thursday, the 16th inst., or may be obtained from any of the ladies of the W. B. T., in aid of whose funds the play will be given.

PERSONAL MENTION.

Gov. M. A. Otero is in Las Vegas today on official business.

Ross Griffiths, a Cerrillos business man, is stopping at the Claire.

Lewis S. Riley, Esq., of Antonio, has his name on the Claire register.

M. Pichard and Percy Wasson, of Thornton, are guests at the Claire.

Matt Robertson, a commercial traveler from St. Joe, Mo., is stopping at the Claire.

Thomas Phipps, of Bland, is stopping at the Exchange. He is here on legal business.

L. A. Skelly, grand chancellor K. of P. and ex-postmaster of Silver City, is at the Claire.

C. S. Cowan and P. S. Tivels are in the city from Rowe. They will remain some days.

C. Kirsch, a St. Louis drummer, has quarters at the Palace. He represents a dry goods house.

X. E. Burns, of New York, is in the city looking up insurance matters. He stops at the Palace.

G. L. Paul, a Chicago commercial traveler, is supplying local merchants with headgear. He stops at the Palace.

Ben McCloskey stopped in the city last night en route from Old Mexico to Teulicre, where he will engage in mining.

Hon. Pedro Perea, a leading citizen of Bernalillo county, came up from Bernalillo last evening and is a guest at the Palace.

A. W. Sampson, who is connected with Head & Lawton's milling establishment in Conejos, Colo., is in the city. He is registered at the Exchange.

Mr. Adolf Seligman left yesterday for Santa Rosalia, Mexico, where he will take a course of baths and remain several weeks for the benefit of his health.

Carroll Stowe, of Fort Worth, Tex., is in the city visiting Thomas Moore, Sr., and family. He will remain in the city some days. Mr. Stowe was an old-time resident of Santa Fe.

Fred D. Michael, deputy organizer endowment rank, K. of P. and former clerk in the Timmer house at Silver City, arrived in Santa Fe last night. He is registered at the Claire hotel.

Colonel J. G. Nelligan, special examiner of pensions, with headquarters at Pueblo, Colo., is in the city on official business. He is a very affable and clever man and good officer.

Horatio W. S. Otero, son of Hon. and Mrs. Manuel R. Otero, who has been attending school at the University of Notre Dame, in Indiana, is expected home Saturday to spend the summer vacation.

Miss Nina Bergere, daughter of Mr. and Mrs. A. M. Bergere, left St. Louis this morning for her home in this city. She has been attending at the convent of the Sacred Heart in that city.

H. R. Matthews, traveling passenger and freight agent of the Burlington & Missouri River railway, is in the city boosting business for his road. He registers at the Claire. The B. & M. is a very popular road and deserves to be.

G. D. Houseman and John Sherman, of St. Louis, Mo., arrived in the city last night, and left this morning for the Lucas placers in Taos county. The gentlemen have a new system of amalgamation, which is guaranteed to save all the gold, no matter how fine, which they will put to a practical test there.

Captain W. H. H. James left this afternoon for Tampa, Fla., where he will join his regiment, the 24th U. S. infantry. He took with him the handsome flag presented by the citizens of the territory to the New Mexico volunteers in the 1st U. S. volunteer cavalry, and will deliver it to "our boys" at the front.

Hon. F. A. Manzanarez, of Las Vegas, ex-delegate to congress and chairman of the bureau of immigration, is in the city en route home from a lengthy trip through western and southern New Mexico and eastern Arizona, whither he went with Mr. C. S. Onderdonk to purchase several thousand head of goats, to stock the latter's goat ranch near Lamy. Among other places the party visited the Mogul pueblos in Arizona, and while the trip was a hard one, it was greatly enjoyed.

Ladies Soldier's Aid Society.

The Ladies Soldier's Aid society met yesterday afternoon in Fireman's hall under its temporary organization. Mrs. Weltner, president, and Miss M. A. Morrison, secretary. A committee on constitution and by laws was appointed consisting of the following ladies: Mrs. Wallace, chairman, and Mesdames Cross, Hudson and Day as members. A permanent organization was effected by the election of the following ladies for three months: President, Mrs. M. A. Morrison; vice presidents, Mrs. Cross and Mrs. Wood; treasurer, Mrs. Hogle; secretary, Miss Berta Hurt. As Miss Morrison intends to leave town for several weeks soon, she was compelled to decline the election as secretary. The adjourned meeting will be held in Fireman's hall on Monday, at 4 p. m., when a full meeting is expected.

Change in the Postoffice.

The work of checking up the books and business in the postoffice was finished last evening and this morning Postmaster Nussbaum took charge of the office.

Mr. H. S. Kaune, the new assistant postmaster, who took charge of that position this morning, was born in James town, Ill., in 1856. In 1877 he was interested in building a flour mill at Breese, Ill., and was associated with the institution a number of years. He came to Santa Fe, N. M., in 1887, and was in the employ of Wedles & Eldred until 1890, when he established a grocery store at the corner of San Francisco and Ortiz street, and has remained in the business since. He was married in Illinois in 1883 and has a large family.

John V. Conway, who is well known in the city, has charge of the general delivery window.

Notice.

This is to notify that there have come into my hands as marshal of this city, two stray horses, one is a dark bay, with a white spot in the forehead, and has the following marks on the left hind leg F J, the four feet white. The other horse is a light sorrel, with black legs, with the following marks on the left hind leg, also on shoulder, V Y, and is a white faced horse. Any one can have the horses who can prove ownership, by paying the costs and expenses incurred according to the ordinances of the city, and by paying for this advertisement.

EPITACIO GALLAGHER,
City Marshal.

Santa Fe, N. M., June 15, 1898.

Killed a Lioness.

Abiquiu, N. M., June 12, 1898.—Having been on my ranch with my ewes during the month of May of this year, I saw that a ferocious animal carried away one of my ewes. Then I and my foreman, P. V. Trujillo, followed the animal and had the good fortune of killing it. It was a lioness, and said lioness was with whelp with four little ones. The animal was large, in splendid condition and had done the sheep herds in this vicinity great damage.

FLAVIO D. TRUJILLO.

VIEWING THE SIGHTS.

Eastern Physicians Admired Nature's Sanatorium Today—List of the Arrivals.

A special train, consisting of Assistant Superintendent A. Turner's private car, Division Superintendent J. Hurley's private car and one Pullman sleeper, arrived in the city at 2:30 o'clock this afternoon over the Santa Fe, bringing a party of eastern physicians, who have been in attendance at the American Medical association meeting in Denver and who came here for the purpose of viewing the sights of the Ancient city before returning home. The visitors were entertained at the Palace hotel. They will leave for the east at 9:40 o'clock this evening. The hotel register bears the names: W. B. Atkinson and wife, Miss Carrie C. Atkinson, Philadelphia; Wm. F. McCall and wife, Detroit; J. A. Rawlings, El Paso; L. Adelsberger and wife, Waterloo, Ill.; James Osborne Doucree, East St. Louis; J. Frank Ross, Clarion, Pa.; F. W. Booth, Topeka, Kan.; A. Stewart Lohmeyer, Denver; N. K. Butler, Miss Atkins, J. E. Edsley, Dr. Bailey, Las Vegas; J. W. Edsley, A. Turner, Albuquerque; J. A. Porter, Albion, N. Y.

NEW MEXICO CROP REPORT.

Splendid Rains in all Parts of the Territory—
Almost Too Cool for Best Results—
Fruits Very Promising.

U. S. DEPT. OF AGRICULTURE.
Climate and Crop Bulletin of the
Weather Bureau, New Mexico Section.
(Santa Fe, N. M., June 14, 1898.)

The week ending with June 13, 1898, was the most favorable of the season for crops. Showers began with Monday, 6th, and continued intermittently during the week, varying from gentle April showers and good soaking rains to heavy thunder showers with hail and wind. As a rule, it has been rather too cool for best results, but all growing crops, although not advanced as rapidly as might have been expected, are in a very good condition. The rains were general, and not only have revived crops and grass on the ranges, but also practically have insured a good and lasting supply of water during the remainder of the season. To many of the cattle and sheep men the rains came in the nick of time, for not only was the range getting short but water for the stock becoming difficult to find.

The first cutting of alfalfa generally has been made, and secured in fine condition, but there are many just preparing to begin. In several sections the yield will not be up to the average. Wheat, barley and rye are making good advance, but the weather has been rather cool for corn, which generally is reported backward. Owing to the prevailing drought corn planting had been suspended by many farmers, but will now be resumed under favorable conditions of soil. Beet growers in the lower Pecos valley are expecting a fine crop; planting continues and under excellent conditions. Owing to the rapid growth of the plants it is becoming difficult for the planters to find sufficient help in properly thinning the fields. In the warmer southern sections the rains have brought forth weeds in abundance, and careful cultivation is necessary. Fruits continue very promising. Cherries are fast ripening; peaches, apricots, pears, plums, etc., are large, and thick on the trees. Apples generally will be a short crop, and in some localities apricots and plums also will not be up to the average, owing principally to the frosty weather late in May.

In scattered sections hail has done considerable local damage during the week. Fruit trees have been stripped, vineyards riddled and field crops battered to the ground; but as far as ascertained the area of destruction was of small extent. The following detailed statements are selected from the reports of correspondents, and will prove of interest: Albuquerque (Old)—A. Montoya, Jr. A good growing week, and crops are in excellent condition. Fine rains on Wednesday, Friday and Saturday. Second crop of alfalfa coming on fast. Cherries ripening nicely. Aztec—C. E. Mead—A very favorable week for growing crops, although somewhat retarded by cold nights. The light frost of June 4 nipped tomatoes, potatoes, melons, etc., slightly. Bluestone—J. S. Van Doren—All crops are growing well and promise great returns. Corn, beans and root crops generally are getting a good start. The good rains of the latter part of the week have been of great benefit, especially to outside ranges. Rain, 0.40. Cliff—T. J. Clark—Crops generally are looking very well, although the hail storms of the 5th and 7th caused some damage. Ranges particularly have been benefited. Cockerhairs, morning glories, Russian thistles, etc., are causing the farmers considerable trouble. Farmington—J. G. Willett—Warm and cloudy the last three days, but previous to this the nights were cold and frost could be seen on the alfalfa. Some fruit seems to have been injured and apples will not be half a crop. Apricots also are short, and plums are only half a crop. Peaches, however, are abundant, and cherries and grapes are promising.

Notary Public Appointed.
Governor Otero has appointed Mrs. E. A. Hickock, of Eagle, a notary public in and for the county of Sierra.

Bon-Ton Restaurant.
All kinds of Kansas City meats, fish and game in season, can be found at the Bon-Ton Restaurant, don't fail to notice their show window.

ing. An average first crop of alfalfa is being cut. Wheat is growing well but corn looks poorly. Potatoes and beans were badly frosted and will be short. Rivers are full, and stock of all kinds is in good condition.

Gallinas Springs—Jas. E. Whitmore—The drought was broken last Monday and everything is looking green again. The rains were gentle and soaked well into the ground. Corn planting has been retarded but there will be a great deal put in in the next 12 days. The first crop of alfalfa has been cut, and secured in good condition. Rain, 1.23. Las Cruces—C. Thompson—Plenty of rain during the past week and ditches are filled to their utmost capacity. Wheat is fast ripening. Fruits doing well; cherries will soon be ready to pick. The river is running very high. Rain, 1.25.

Las Alamos—Wm. Frank—A good shower on the 6th broke the drought and proved of great benefit to the growing crops. Succeeding showers have made the week very favorable. First cutting of alfalfa will begin soon. Ojo Caliente—A. Joseph—The drought that has prevailed in northern New Mexico for the last three months was broken by the copious showers of the last week, and crops are doing nicely. Hail has done some damage, especially to fruits. Although ranges are short of grass, stock is in good condition. Rain, 0.62.

Pajarito—J. Felipe Hubbell—A heavy first crop of alfalfa laid stacked. The good showers of the 8th, 9th and 10th greatly relieved the situation for farmers and stock raisers. Wheat and corn are growing well; fruits are promising.

Santa Fe—U. S. Weather Bureau—Good showers during the week have proved of great benefit to growing crops, and vegetation generally is greatly refreshed. Fruits are ripening rapidly; cherries will soon be ready to pick; peaches, apricots and plums are large, and thick on the trees. Rain, 1.40.

Watrous—M. C. Needham—Daily showers have made the past week the most favorable of the season. First cutting of alfalfa has begun; crop not up to the usual standard on account of the cold nights and frost in May. Rain, 1.30.

Notary Public Appointed.
Governor Otero has appointed Mrs. E. A. Hickock, of Eagle, a notary public in and for the county of Sierra.
