## CHEYENNE INDIANS BEAT ROSWELL IN PITCHERS BATTLE

Rusthaven Strikes Out Thirteen in Nine Innings and Baxter Ten; Game Hard Fought All the Way.

[Special Dispatch to the Morning Journal] Roswell, N. M., Oct. 11.—Cheyenne made one in the sixth and shut out Roswell in a pretty battle of pitchers this afternoon. Rusthaven for the Indians allowed five hits, passed two, hit one and struck out thirteen. Baxter in seven innings allowed three hits, passed two, hit three and struck out ten. Newman, in two innings, struck out four and allowed none to reach first. Roswell had the bases full with one out in the seventh, when Kelly went in as a pinch hitter in Baxter's place and was called out for failure to notify the umpire.

## NATIONAL LEAGUE

Chicago, Oct. 11.—St. Louis forced Chicago to work ten innings today in a double-header, the locals winning the first, 12 to 7, and Philadelphia the second, 6 to 1.

Philadelphia, Oct. 11.—The All-Star aggregation of the American league this afternoon defeated the Philadelphia Athletics in an exhibition game by the score of 8 to 3. Bender, Plank and Coombs pitched three innings each against the Athletics and were hit hard. The battery work of the champions throughout the game was poor, Johnson held the Philadelphia team down to five hits.

Cincinnati, Oct. 11.—A game featured by hard hitting, home fielding and poor pitching, Cincinnati won the first post season game for the championship of Ohio with the Cleveland team here today, 14 to 7.

## PACIFIC COAST LEAGUE.

At San Francisco: Oakland-San Francisco game postponed; wet grounds.

## RACING RESULTS

At Lexington, Ky., Oct. 11.—Earl Jr. won the 208 pace, the feature of the card here today in the fast time of 2:04 and in straight heats. Well driven by Cox, he managed to take first place at the finish, though harassed by W. A. in the last two heats.

Howley won; Athol R., second; Dick Mason, third. Best time, 2:10 1-4.

At Ogden, Utah, Oct. 11.—Metropolitan, with Rosen up, won the feature race of the day, defeating a good field.

At Louisville, Oct. 11.—First race, 1-1/2 furlongs: Helen won; Lady Grant, second; Hesitate, third. Time, 1:07 1-5.

Second race, 4 furlongs: Alfred the Great won; Galley Slave, second; Star Venus, third. Time, 1:14.

Third race, 5 1/2 furlongs: Majoria A. won; Round the World, second; Bobby Boyer, third. Time, 1:25 1-5.

Fourth race, 1 mile and twenty yards: Camel won; Queen Marguerite, second; Descomets, third. Time, 1:42.

Every little bit, added to what you've got, makes just a little bit more. This is a well known truism which explains the present situation with regard to athletics at the University of New Mexico.

I wrote to about nearly a hundred and fifty people," said Dr. McQueen Gray, president of the Varsity yesterday, "persons who I had reason to believe were interested in the University, asking them to help in raising a fund which would make a successful athletic season possible at the University this fall. We are determined that without the money in hand to pay the expense, there will be no football this year. And we want the football and we want the successful athletic season. I have received responses from about twenty of these men and these letters indicate what we are really asking. If a man cannot donate over \$10, \$10 will be very acceptable and if unable to give \$10, we shall accept \$5 gladly; and if it's even \$2 or \$1, it can be used, with thanks. We are not asking any sum, but are asking for whatever financial support each can give us. Supposing we had received \$10 or even \$5 from each of the 150 people to whom I wrote; why we would be fixed. I want the public to understand the matter thoroughly and to realize that on their action depends whether or not the Varsity will keep athletics this year on its proper plane and up to its proper standard in the school work. The main point is that we shall be only too glad to accept any donation which is made, regardless of its size."

It is to be hoped the response will be prompt. No one wants to see a successful athletic season go by default at the Varsity, and if a large number of public-spirited citizens give small amounts the total will mount up into a respectable sum.

## WESTERN CHAMPION BADLY BEATEN IN GOLF TOURNEY

Floresmore, Ill., Oct. 11.—Eastern and Canadian players retained their advantage in the first round of match play in the sixteenth annual western championship tournament at the United States Golf Association today at the Homewood Country club.

## DEMAND FOR SEATS EXCEEDS SUPPLY

Three Hundred Reservations Are Allotted at Chicago, While Six Thousand Fans Are Disappointed.

[By Morning Journal Special Leased Wire] Chicago, Oct. 11.—The entire 3,000 reserved seats for the world's championship baseball games at the West Side ball park were allotted today. Requests for seats reaching more than double that number could not be filled.

Robert Melroy, secretary of the American league, and who has charge of the seat sale, declared that he had received mail orders for more than 9,000 seats. The allotment was made in the order in which the letters had been received. Many of these had been filled with Mr. Melroy for several weeks.

"Every possible precaution was taken to prevent blocks of seats falling into the hands of ticket scalpers," said Mr. Melroy tonight. "The seats were distributed entirely with a view to being fair to the greatest possible number of buyers. Not more than four seats were allowed to any one order."

## ELY ABANDONS HIS PROPOSED TRIP

Aviator Gives Up After Series of Accidents and Returns to Cleveland, Leaving Aeroplane.

[By Morning Journal Special Leased Wire] Chicago, Oct. 11.—Eugene Ely, the aviator, late today gave up his attempt to make a Chicago-New York flight for the \$25,000 prize offered by the Chicago Evening Post and the New York Times. Ely left his aeroplane in a field near South Chicago, and departed for Cleveland, where the machine will be shipped to New York tomorrow.

Ely declared that his continued trouble with his aeroplane was due to the failure of mechanics properly to arrange the gasoline tank on the machine.

Makes New Endurance Record. St. Louis, Oct. 11.—A. L. Welsh in a Wright biplane today created a new endurance record for America of three hours, eleven minutes and fifty-five seconds. The previous record was made by Ralph Johnstone during the Harvard meet at Atlantic, Mass., September 12th, in three hours, five minutes and forty seconds.

Welsh ascended at the aviation field this afternoon at 1:48 o'clock, remaining aloft until 4:59:55. Most of the time he flew at high altitudes.

## OLDFIELD SUSPENDED FOR PLANNING RACE WITH JACK JOHNSON

New York, Oct. 11.—The contest board of the American Automobile association, announced tonight the disqualification and suspension of Barney Oldfield for his announced intention of racing with Jack Johnson, the heavyweight pugilist, in an unsanctioned contest at Sheepshead Bay on October 26.

## FOUR BAD BOYS IN REFORM SCHOOL INDICTED

Ringleaders in Murderous Attack on Sampson; Albuquerque Boy Sent Home After Record for Good Behavior.

[Special Correspondence to Morning Journal] Springfield, N. M., Oct. 10.—Since the recent desperate attack with butcher knives on Assistant Superintendent Sampson of the New Mexico reformatory here, there has been a growing feeling on the part of the management that the school is better off without the ringleaders in its attic, who are over eighteen years of age and so inconvertible and criminal in their instincts that it is believed the penitentiary is the best place for them. The presence of such a disturbing element cripples the efficiency of the work among the less depraved inmates. Four of the ringleaders in the recent assault have been indicted by the Cochise county grand jury and will be taken in charge by Sheriff H. H. Hixson for trial in the district court.

The four indicted are John Smith, sent up from Otero county; Walter Scott, from Torrance; Paul Owens, from Bernillo; and William Walsh, alias Grover Clark, from San Miguel.

James Marlette, aged 16, was released at the institution Sunday. Sheriff Closson of Santa Fe county is detaining him. Marlette, whose home is in Albuquerque, was convicted in the district court of Santa Fe county of horse stealing. Judge McFie sentenced him to two years in the reformatory.

Frank Morris, from Albuquerque, a one-year inmate, who was received on the 25th of last October, having served his term, was released Tuesday and sent to his home on No. 1. The young man had made a model prisoner and received credit for excellent behavior. He received from the territory a new suit of clothes, a railroad ticket home and \$5 in money. Superintendent Kirkpatrick also personally remembered the boy with a gift of a little money as an appreciation of his good behavior during his term in the institution.

One of these boys under indictment is a former inmate of the Virginia reformatory, which makes it more than probable that the penitentiary is where he should be.

## BIG IMPROVEMENTS BY THE RAILROAD AT GATE CITY

Raton Figures Santa Fe Will Increase Facilities Fifty Per Cent to Take Care of Galveston Business.

[Special Correspondence to Morning Journal] Elton, N. M., Oct. 10.—It is now generally believed here that the opening up of the proposed through line of the Santa Fe from Galveston to Denver via this city will mean the increase of the ship and terminal facilities here at least fifty per cent. The Santa Fe officials are now in preparation and it is understood the plan contemplates the erection of a new and larger roundhouse to accommodate the big engines, a doubling of the tracks, and the building of commodious division offices. The roundhouse improvements are especially needed even now, though scarcely seven years old, is fast proving inadequate to accommodate the housing of the engines used on the mountain and Las Vegas divisions. Within the coming year, it is the plan of the company to enclose the 200 class with the Mallet articulating compound engines of the 1700 class, two engines of which type passed through here last December for experimental work on the California divisions. The experiments with these monster oil burners proving satisfactory it was determined to employ them in the mountain work on the New Mexico divisions where the heavier grades of the system are to be found. The present roundhouse, however, is hardly able to accommodate the engine part itself of one of these monster engines, not to mention the tender. Last winter, when engine No. 1700 was here, it was found necessary to unhook the tender from the engine and house each separately, the turn table as well as the stalls being wholly inadequate to accommodate both at once.

## FARMERS' DEVELOPMENT COMPANY INCREASING SIZE OF ITS RESERVOIRS

Springer, N. M., Oct. 11.—The Farmers' Development company whose offices are in this city, and whose lands lie to the west, are now employing a large force of men and teams in increasing the capacity of their large reservoirs, so that several hundred acres more may be successfully farmed in the Miami valley next season. The Springer Stockman says: "The company is acting very conservatively with the farmers living under their demands, for they are not selling any more land than they can properly irrigate, and will not sell to speculators, only to actual farmers for homes. This season has been a prosperous one in the Miami valley, large crops have been raised and there contentment reigns supreme. Water and thrifty farmers have made this valley an exceptionally productive area, where three years ago only wild grass, greasewood, cattle and sheep roamed, and the coyote roamed. From this time on it will be a more certain farming district than Illinois and eastern Kansas, for with abundance of water from sources which generations have never seen fail, the farmer will never be afflicted with drought, for source as the rains might be there will be storage water for his crops, stock and domestic uses."

## WANT A CHANCE TO DENOUNCE THE HORSETHIEF

PECOS VALLEY EDITORS  
ASK NEW LIBEL LAW

Weather Bureau Strongly  
Condemned; Paid Up Subscription  
Should Be Qualification  
for Suffrage.

Special Correspondence to Morning Journal

Albuquerque, N. M., Oct. 10.—The resolution adopted by the meeting of the Pecos Valley Editorial Association held here the last of the week are protesting the most picturesque and unwholesome of the weather bureau and the provision which will appear in all newspapers and is a recommendation that a paid up receipt in full for subscription to the home paper be a qualification for suffrage in the new state. The editors also take a stand for a new libel law which will enable all newspapers to call a horse thief a horse thief without having to go to the expense of proving the charge is true. It was one of the most interesting and suggestive suggestions made at the meeting.

The meeting of the association was held in the chamber of commerce, where Secretary H. A. Duran took charge of the session. There were present: E. W. Hagan, editor of the El Paso, and other members of the association, representing the city and the chamber of commerce, welcomed the meeting and, after a short session, the chamber of commerce, and the weather bureau, and the provision which will appear in all newspapers and is a recommendation that a paid up receipt in full for subscription to the home paper be a qualification for suffrage in the new state.

According to program President J. M. Wood of Lakewood called the session to order at 1:30 Friday and after enrollment and the appointment of committees, papers were read as follows:

"Newspaper and the Law," a thoughtful discussion of the needs of the profession for an adequate libel law, of the attitude of the government toward the press, by James D. Wadsworth, editor of the Artesia Advocate.

"The Press and Public Confidence," by H. J. W. Mullins, executive editor of the El Paso Register-Tribune. Mr. Mullins discussed the subject from the standpoint of a journalist and a publisher and his paper was distinctly worth while.

Friday evening came the big annual event of the association—the public meeting, and the club rooms were filled with perhaps the most representative gathering of business and professional men that ever honored a session of the association. Dr. Scott, president of the club, presided and introduced H. W. D. Mullins, who delivered an address of welcome that came straight from the heart. Few men better appreciate the power of the press for good and what it has done for western New Mexico, and having in his back pocket a printer's knowledge of the practical side of the business, he was a most effective speaker.

President Wood taking the chair, the response was assigned to Jeffrey P. Johnson, editor of the Tucson Transcript, who graciously acknowledged the gratitude of the editors for the hospitality shown them, and introduced the principal speaker of the evening, Will H. Hagan, editor of the El Paso Register-Tribune. Mr. Hagan spoke for an hour, taking the broad ques-

tion of brotherhood as it applies to the country editor, and his address was the best that he could produce. It is the annual custom to have such an address at the night meeting, which is open to all of the public, and the speaker exerted himself to make the address enjoyable to the audience, in which were a number of ladies.

At the conclusion of the address the company were seated at the banquet table at the Harvey house, where a spread was served that far surpassed anything ever before tendered, the editors, the service being flawless and the menu a dream of delicacies.

Blue Point Cocktails.  
Ripe Olives.  
Dressed Beef, Anchovy Sauce.  
Potatoes Duchesse.  
Chicken Souffle with Mushrooms.  
Roman Punch.  
Tenderloin Steak, Bernaise.  
Potatoes Maitre.  
Tomatoes Princesse.  
Fresh Strawberry Sundae.  
Assorted Salads.  
Roulette (Cheese, Toasted Crackers, Daintiness).  
Port.  
Sherry.

Mr. H. L. Hagan acted as toastmaster and made a good one. All of the responses were short and bright, following the humorous introduction of the speaker, with the exception of the speech of editor W. W. White of the Artesian, who responded to "The Army and Navy," a beautiful mingling of eloquence and patriotic thought.

When it came the turn of Editor Johnson he followed the usual custom, which calls for the reading of the annual resolutions, which were as follows:

**The Resolutions.**  
Whereas, It has been the custom since press associations began to elect their annual committee on resolutions, it is not our intention now to give any one an opportunity to say that we are not believers in precedent, therefore, be it

Resolved, That we are proud of our record in having chosen as the meeting place for 1910 the only "wet" town on this line of road. We want to assure you that we know that we were about when we made the selection, and that while we are here you need not be afraid of making it too wet for us. Most of us having not been thoroughly wet up for so long a time that nothing short of a universal deluge is going to do us.

We send our greetings to the officers and members of the Southwest Editorial Association soon to be in session in El Paso, and assure them that if the walking were better and their session at some other town than El Paso, we might be there in a body. Every last one of us would rather be in El Paso, and as the oldest association in the southwest we feel that they ought to have come here on their way to El Paso anyway.

That we extend our cordial welcome to Brother W. H. Mullins of the El Paso Register-Tribune, who is prevented from being here by a little trouble of a few dollars, but in which he is the defendant and the trial judge of which is H. W. D. Mullins. We wish Brother Mullins to know that our sympathies are with him, but hope that this will be a lesson to him in regard to telling the truth—we believe in telling the truth, but in being unfilled with it, in picking out the truth.

That we demand at the hands of the next legislature a more just and equitable libel law. We want it read so that when we know that a man is a horse thief and a man that we can have the privilege of saying so, without being required to prove it if his reputation is popularly fixed. There are as many horse thieves in New Mexico that we feel that the present libel law distinctly limit the freedom of speech, except in Santa Fe and Albuquerque, where nearly everybody is open to suspicion, the papers can say about what they please.

That we congratulate Secretary Arthur E. Curran upon getting that fax job at Fort Sumner. We are sure it is fat or he would never leave El Paso to go to Fort Sumner. We feel that the old land office ought to be at

El Paso anyway and are ready and willing to help put it there, anticipating no trouble in getting on the land side of the congressmen at the first session. We feel that Mr. Curran is one of the great country boosters of the plains country deserves anything he wants except that he is not down of out, and for that Bull Anderson for a lot of his other doings on account of this appointment. If the said Bull will keep it up until we all get good federal jobs it will be all right with us. Every last one of us is willing.

That we unqualifiedly denounce the attitude of the weather bureau toward all of New Mexico. In withholding from us the just proportion of rain, we need all there is coming to us. We don't joke but we are for change. When it gets so that the jackrabbits have to carry canteens and children are started in school who never went through a thunderstorm, it is about time to stop joking. This is one of the best countries on the face of earth, and we mean to continue to grow and prosper whether the damned old rains comes or not, but we feel that having shown us what it can do, that the weather bureau should call off their dogs and let the normal rainfall of this section.

That we extend our sincere thanks to the people of El Paso for the magnificent entertainment that has been extended to us, and freely confess that it is among the finest in the history of our association. As an indication that we appreciate it, just watch our smoke when we get back to our homes and typewriters. You people of El Paso are all right. All that you have said about this being the Queen City of the plains goes, it is the queen, also are high, now, Jack and the game. The way in which you have built this wonderful city from a prairie in a few years affords an inspiration to all of us. Therefore, we had our private doubts about your getting-and-set, but we doubt no more. You have shown us, and we are deeply grateful for the showing.

That we extend our sincere sympathy to Hon. J. W. Mullins of Roswell, who was prevented from attending our session by the results of a litigation with a broom-tailed bird. Mr. Mullins has ever been the friend of the newspapers. He helped to make Curry county. He has always been on the side of helpful progress and we are only sorry that the position was not reversed, so that he might have had a chance to kick the broncho first.

That we send our respects to Brother T. J. Malley, now in the charge of his duties at the constitutional convention and trust that he will be able to attend those coming ideas that he advocated to advance, though a few of us did what we could to send the other fellow, Mr. Malley, is trusted and beloved by all.

That we hope he will have it inserted in the constitution that a paid-up receipt, subscription to the nearest newspaper will be an essential to suffrage, that any man who introduces a bill like that fellow Sweeney will be hanged by the neck until he is dead, that he will introduce a clause to locate the capital of New Mexico at El Paso, and anything else that might happen to occur to him. We don't have anything new.

That we extend our greetings to Tom Gallagher, traffic manager and official white man of this district of the Santa Fe. It left his fault that we couldn't all have passed to come to this meeting, and we hope that he will stay on the job and be friends with us long after the state corporation commission has made it possible for us to put the blocks to his house and get a decent freight rate for El Paso and other valley towns. That day is surely coming, for while we forgive the Santa Fe much for being located in the city and the Harvey house at El Paso, we do not deny that there has long been a desire to get that freight business. Eastern New Mexico owes much to the Santa Fe, and will never forget it. The Santa Fe comes much to eastern New Mexico, and we are not going to forget that either.

That we congratulate El Paso upon

having such an alert and progressive chamber of commerce. They build cities around such clubs in this flyless west, and we trust and hope that when it shall be our good fortune to meet in El Paso again that every worth while man in the town will be a member, and doing his part sure enough for the greater and better El Paso.

That in conclusion we wish again to thank the people of El Paso for their warm hospitality, which we feel has been extended to us as much as an evidence of their appreciation of the splendid work of the El Paso Journal and the El Paso News, as on our own behalf. In a great measure the future which her advantages are furnished to the world, and in this direction these newspapers must necessarily be the greatest factor. Remember this when their solicitors are getting the idea into your head that in giving them a small advertisement you are buying them or contributing to charity. Every year they will bring thousands of people to El Paso, and after they get here it is up to you to do the rest. Seeing a liberal sprinkling of real estate offers, we are confident that will be plenty. The newspapers are your best friends, particularly your home papers. Believe in them as they believe in you and El Paso. If you stay with them as friends and appreciate fellow workers for the common good you will find that they will stay with you until the prairies freeze over, and every paper in the Pecos Valley Press association will be right at their backs.

Dr. Scott proved that a physician capable of real humor by a bright little answer to "The Microbe of El Paso," and the speaking was closed by Will Robinson with "Impressions of a Tenderfoot."

At the request of the many delegates from the south, both sessions of Saturday were crowded into one, so that they could catch their train. The principal feature of the session was the address of the veteran J. E. Curran, who gave a graphic account of his life as a printer and newspaper man, and the frontiers. Many things have happened to this fine old man since he began setting type in war times, and his quick sense of humor made the narrative pleasing in spite of its tragic points. After a discussion of technical points, the association proceeded to the annual election which resulted as follows:

President—G. V. Johnson, of the Portales Times.  
Vice President—B. F. Mullins of the El Paso News.  
Secretary and Treasurer—Will Robinson of the Roswell Register-Tribune.

Local Secretary to Help Arrangements for Next Meeting—J. M. Wood, of the Lakewood Progress.

Delegates to National Editorial Association—J. M. Wood, G. V. Johnson, Alternates—H. A. Baldwin of the El Paso Journal and J. E. Curran.

Then followed a lively contest for the meeting place in 1911, Portales and Lakewood being the contestants, in which the White City was victorious.

The association adjourned nine o'clock and the members were then treated to a joy ride over the town and out into the country, where they were deeply impressed with the great accomplishments of the people.

**ELKS HAVE NEARLY 700 MEMBERS**  
Bunch of Ten More Candidates Will Be Put Through Paces at Meeting of Best People Tonight.

At the regular meeting of Albuquerque Lodge No. 481, Benevolent and Protective Order of Elks, to be held at the lodge rooms tonight, it is expected that ten more candidates will be initiated into the mysteries of Elksdom. If these ten go through it will bring the membership of the lodge to nearly over 470, and the 700 mark is expected to be reached in the near future. The Elks here now have one of the strongest local fraternal organizations in the southwest and there are few cities of this size which boast of so large a number of others.

There will also be a lunch served tonight and routine business will be attended to.

**TEXICO MAN SEES THE ANCIENT FIRST TIME IN PAST 50 YEARS**

Nestor Montoya of this city, delegate to the constitutional convention, while at home for the week and past made the interesting statement that he had the pleasure of showing J. W. Children, delegate from Texico, the sights of the ancient city for the first time in 50 years. Children, who served as a Confederate soldier in the war of the rebellion, although a resident of New Mexico since that time had never had occasion for introduction to go to the capital, according to Mr. Montoya, was much interested in reviewing scenes which he had remembered as they looked in the 60's.

## MISSING FOREMAN WAS SLUGGED AND ROBBED

LOST FIVE DAYS; WIFE  
FINDS HIM IN HOSPITAL

May Have Been Paralytic  
Stroke But Loss of Valuables  
Points Strongly to Assault By Thugs.

Lying in a semi-paralyzed condition in a ward in St. Joseph's hospital, Thomas J. Bonnell of Laguna, N. M., section foreman for the Santa Fe at Garcia station was found yesterday morning by his wife after he had been ignorant of his whereabouts for five days.

Bonnell, a member of the Masonic fraternity and also of the Knights Pythias, came here to attend the fair and the convention of the Pythians early last week. Late Wednesday night he was found lying unconscious at Truxton park, with a contusion on the head and a badly bruised hand, indicating that he had been attacked by thugs. Officials of the sheriff's office were notified and the man who was unknown, was placed in the jail where he remained unconscious, until the following morning when A. Borders, learning that he was a Mason, indicated by papers on his person, removed him to the Santa Fe coast lines hospital, where he is being attended by his wife. He is still unable to talk, although apparently conscious and it is thought that he will recover.

After waiting at Laguna in increasing alarm for some news of her missing husband, Mrs. Bonnell came to Albuquerque yesterday morning and left at the Morning Journal office a notice for publication, asking for information as to the whereabouts of Mr. Bonnell. Fifteen minutes later she telephoned that she had found her husband at the hospital. When it was learned by local members of the fraternity that her husband was a Mason she was immediately told that the man at the hospital belonged to the order and investigation showed she was on the right track.

Mrs. Bonnell says that her husband had a watch and a check book which are missing, this lending belief to the belief that he was slugged, although it is possible that a stroke of paralysis may account for his condition. Bonnell is a man of about forty-five years of age and has many friends in this city.

# Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio.—"My daughter was all run down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."—Mrs. C. Cole, Fitchville, Ohio.

Irassburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and bladder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends who call to see me have noticed a great change."—Mrs. A. H. Sanborn, Irassburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

## ALBUQUERQUE PAYS BULK OF TAXES IN COUNTY

Interesting Table of Percentages Compiled By Auditor; Good Roads Commission Doing Effective Work.

(Special Column to the Morning Journal)  
Santa Fe, N. M., Oct. 11.—According to the percentage compiled by the territorial auditor, the city of Albuquerque pays the bulk of the taxes in Bernalillo county, for both the taxable assessment, merchandise, 7.75, railroad, 5.43, agricultural, 3.89, and improvements, 3.89, household goods, 2.02, electric light and water plants, 2.46, miscellaneous, 1.82, and other taxes, 1.82, for a total of 25.27 per cent. The next highest is the city of Los Alamos, which pays 18.2 per cent, and the city of Santa Fe, which pays 17.2 per cent. The city of Santa Fe, however, is not included in the table, as it is a separate municipality.

The Good Roads commission, encouraged by the \$1,000 voted by the board of county commissioners of Santa Fe county, some time ago for the scenic highway, is pushing with vigor the construction of the good roads projects in the county after finishing the highway from the city to the south. One and a quarter miles have been added to the scenic highway in the canyon, all sixteen and more feet wide and substantially constructed so as to drain the water. No timber is being used for bridges but heavy pipes for culverts which are covered with rock and sand, while at one place a concrete bridge will be constructed. The timber bridges at this end of the road will all be replaced with iron pipe culverts. If the scenic highway, connected with the switchback will be made this fall. Similarly, work on the Santa Fe trail on Canoncito is being pushed and six miles of road on the Arroyo Honda are completed. The road will swing along the side of the hill, thus avoiding the bad Apache hill and three miles of sand and making a splendid automobile highway.

## SANTA FE BUSINESS MEN ENTERTAIN DELEGATES

Dutch Lunch and Smoker Tendered By Commercial Clubs Proves Pleasant Affair.

(Special Correspondence to Morning Journal)  
Santa Fe, N. M., Oct. 11.—One of the most pleasant events incident to the constitutional convention was the Dutch lunch and smoker tendered by the Santa Fe commercial clubs. The American city has two organizations of this kind, but they join forces for the purpose of extending the hospitality of the city.

Major E. J. Paken welcomed the guests of the evening and promised them all the privileges and immunities possible under any constitution written. The evening was largely devoted to stories, the guests found it to be a very pleasant affair. The Dutch lunch and smoker tendered by the Santa Fe commercial clubs. The American city has two organizations of this kind, but they join forces for the purpose of extending the hospitality of the city.

A former resident of Santa Fe, who expressed the appreciation of the delegates for the cordial welcome extended them by the commercial clubs, was Mr. J. H. Paken. Judge A. B. Paken, who had been a resident of Santa Fe, expressed the appreciation of the delegates for the cordial welcome extended them by the commercial clubs, was Mr. J. H. Paken.

together beneficial to the city. The only drawback to this scheme, as it appeared to Judge Paken, was that the city might suffer a serious loss of population by the migration of those of her citizens who had ambitions to serve their country as United States senators and congressmen.

Mr. J. H. Crist, whose home address is Alamos, a coal camp in Rio Arriba county, was the next speaker and found serious fault with Santa Fe for what he considered her lack of up-to-the-minute luxuries, mentioning specifically the absence of leather-covered chairs in her clubs and plush cushions in her hotels. Mr. Crist indulged in some good natured but exceedingly frank criticism of the ancient city, but claimed the right to do so as a former citizen of the place and as one who intended to again become a citizen in the near future.

Suggesting that a little judicious flattery might not be inopportune as an antidote for the plain talk of Mr. Crist, the toastmaster, called upon Dr. Garrison. Dr. Garrison proved himself an ardent in the flattery line and praised Santa Fe for the hospitality of her people, the beauty of her women, the gallantry of her men, from the conquistadores down to 1910 and altogether left the impression that he had found Santa Fe the most desirable spot in the known world.

Various other speakers took turns in lambasting Mr. Crist and praising the capital city, while A. B. Paken, on behalf of the commercial clubs, promised Mr. Crist, in the near future, well hotels, palatial clubs and all the luxuries and conveniences to be found in Monterey, Trinidad, New York and other great cities.

After remarks by Judge N. B. Laughlin, Delegate Stern and Delegate Patterson, the toastmaster proposed the success of the convention and its speedy adjournment, and the gathering went into executive session to discuss the important subject of the menu.

## 25 PER CENT MUST PROPOSE ANY AMENDMENT

Text of File on Initiative and Referendum as Submitted to Convention By Delegate Sedillo.

The following is the proposal for the incorporation of the initiative and referendum into the New Mexico constitution, as proposed in the convention by Delegate A. A. Sedillo of Bernalillo county and referred to the committee on legislative department.

### INITIATIVE.

The people reserve to themselves the right to propose measures to be enacted into law. Such measures shall contain but one subject which shall be clearly defined in the title. Not less than 25 per cent of the qualified electors in the state and each county thereof, calculated on the vote cast for governor at the last preceding general election, shall be required to propose such measures, which shall be by petition. The petition shall be filed with the secretary of state not less than thirty days prior to the assembling of the legislature and shall be submitted by the legislature and the legislature shall enact such measure into law, provided, that the legislature may refer such legislation on the subject that it may deem proper, to enact, to a vote of the electors of the state for their approval or disapproval, which shall be submitted in such a way that the electors may vote for or against each of such enactments separately. The legislature so referred to the vote of the electors shall not take effect unless approved and until its approval by a majority of the votes cast in the state and at least two-thirds of the counties thereof at the election when such legislation is submitted and voted on. The governor shall make his proclamation declaring the legislation approved or disapproved as the case may be and it shall be effective accordingly.

The initiative power as above defined may be exercised only in ordinary subjects by the constitution, and shall in no way apply to measures proposing amendments to the constitution.

### INITIATIVE.

To Amend the Constitution. The people reserve to themselves the right to propose amendments to the constitution. Each amendment shall be separately proposed as a separate measure. Not less than 25 per cent of the qualified electors of the state and each county thereof, calculated on the vote cast for governor at the last preceding general election, shall be required to propose any such measure, which shall be by petition. The petition shall be filed with the secretary of state not less than thirty days prior to the assembling of the legislature and shall be submitted by the legislature and the legislature shall enact such measure into law, provided, that the legislature may refer such legislation on the subject that it may deem proper, to enact, to a vote of the electors of the state for their approval or disapproval, which shall be submitted in such a way that the electors may vote for or against each of such enactments separately. The legislature so referred to the vote of the electors shall not take effect unless approved and until its approval by a majority of the votes cast in the state and at least two-thirds of the counties thereof at the election when such legislation is submitted and voted on. The governor shall make his proclamation declaring the legislation approved or disapproved as the case may be and it shall be effective accordingly.

not approved, the governor shall make his proclamation declaring the disapproval of such amendment.

Provided, that the amendment so proposed shall be published for a period of not less than twelve weeks prior to the date of the election at which the same is submitted and voted on, in such manner as may be provided by law.

And provided further, that if more than one amendment be proposed, they shall be submitted in such way that the electors may vote for or against each amendment separately.

### REFERENDUM.

The people reserve to themselves the right to reject by the vote any law or part of law enacted by the legislative department (except laws necessary for the immediate peace, health and safety, the support of the government and the existing public institutions). The law shall be operative as passed until rejected, and such parts thereof that are not rejected shall remain in full force and effect. Not less than 10 per cent of the qualified electors of the state and the majority of the counties thereof, calculated on the vote cast for governor at the last preceding general election, shall be required to make a referendum petition effective. The petition shall be filed with the secretary of state not more than six months after the adjournment of the legislature that enacted the legislation sought to be rejected. A majority of the votes cast in the state and a majority of the counties thereof at the election when such referendum petition is submitted and passed upon shall be required to reject such law or parts of law so referred and voted on. The governor of the state shall make his proclamation of the legislation rejected or not rejected, as the case may be, and it shall be effective accordingly.

The bazaar which was to have been held by the members of the various Masonic bodies for the purpose of raising funds with which to pay off the indebtedness occasioned by the construction of the new Masonic temple, will not now be held. This decision was taken at a special meeting of Temple Lodge No. 6, A. F. & A. M., held in the old Masonic temple last evening. It was decided by unanimous vote to abandon the idea of having a bazaar and to raise the necessary funds within the membership of the Masonic bodies. The bazaar was to have been held during Thanksgiving week in November and all preliminary arrangements for the affair had been completed. As the result of the action of Temple lodge last night, however, all committees were ordered to cease work.

The handsome new temple is now nearing completion and will be formally dedicated within the next few weeks.

## LAND SHOW PROJECT IS APPROVED

Commercial Club Endorses Work of Bureau of Immigration, Which Is to Have Exhibit at Chicago.

The Commercial club last night officially endorsed the project of the bureau of immigration to have an exhibit of New Mexico resources at the land show to be held in the near future in Chicago. Secretary H. H. Henning, of the bureau of immigration, appeared before the club and explained the proposition. Mr. Henning said that the bureau had no funds available for the purpose of making land show exhibits, but that sufficient encouragement had been given by private industrial and development enterprises throughout the territory to encourage advertising the work. Satisfactory appropriations had been made in nearly every county in the territory, the secretary said, most of them being made through the Commercial club. In Albuquerque and Bernalillo county, Mr. Henning said that he was aware that no fund for land show purposes was available and that the bureau of immigration would be required to solicit contributions from the business interests.

Upon motion of Mr. Marron, seconded by Mr. Arnold, the Commercial club gave unanimous and hearty approval to the project.

Mr. Henning has engaged several hundred feet of space in the Coliseum at Chicago, where the land show will be held, and the resources of New Mexico will be displayed on a larger scale than ever before attempted. Exhibits will be shown from every county in the territory and thousands of pamphlets advertising New Mexico will be distributed to visitors at the show.

## GIRL IDENTIFIES STOLEN PURSE

Miss Pauline Postel Recovers Chatelaine Bag From Police, Snatched From Her Hand By David Contreras.

A chatelaine purse, found on David Contreras Saturday night when he was arrested on a charge of purse snatching, was identified yesterday afternoon by Miss Pauline Postel as her property. Later in the afternoon Chief of Police McMillin secured a confession from Contreras, who is confined in the county jail. He admitted stealing the purse from Miss Postel, and also snatching a purse from Mrs. J. M. Chavez. Contreras was arrested soon after he had stolen the purse from Mrs. Chavez, being run down by officers who saw him do the work. The lad is the son of well-to-do parents in Durango and has proved to be incorrigible. Two years ago, according to Sheriff Jesus Romero, he was arrested on a charge of stealing forty dollars from Springfield, and later in the afternoon Chief of Police McMillin secured a confession from Contreras, who is confined in the county jail. He admitted stealing the purse from Miss Postel, and also snatching a purse from Mrs. J. M. Chavez. # FINANCE AND COMMERCE

Wall Street.

New York, Oct. 11.—The speculation in stocks threw off some of its restraint today, which has kept it in check. The fresh activity was most conspicuous in a variety of specialties not generally prominent in the dealings, and many of these were low-priced, non-dividend paying class.

A reason for this was found in the narrow resources of the money market. It was generally assumed that newly formed market pools were responsible for most of the demonstration.

The supposition that powerful private bankers were supplying resources and influence to help the advance was followed by the call loan rate today touched 3 1/2 per cent, an effect of the slightly increased demand incident to the day's speculative requirements.

The special promise of the spring wheat and corn crops as they were affected by yesterday's report found reflection in the strength in the grain market.

International Harvester, Corn Products and other stocks. The northwestern railroad group got the benefit of criticism by the interstate commerce commission in a judicial decision by the federal circuit court in St. Paul, disallowing the rates.

A belief that an agreement had been reached on the cotton bill of lading controversy helped the late stock market and also caused a fresh decline in the foreign exchange market.

**SOLICITING SHOULD BE CURTAILED TO SOME EXTENT**

Sentiment Apparent at Commercial Club Meeting Last Night That Promiscuous Panhandling Should Cease.

Soliciting of money for various and sundry purposes, promiscuous ticket selling and the panhandling of money in general from the merchants and business men of Albuquerque, was considered at length at a largely attended meeting of the Commercial club held last night for the purpose of discussing Policy No. 6 of "Our Pledge." Policy No. 6 is a resolution to curtail or prohibit entirely the sale of tickets and soliciting of money among the business men of the city and is one of the most important matters to be considered since the plating of the county meeting held three weeks ago.

As the result of the meeting last night, President Schwentker was authorized upon a motion by W. H. Walter, seconded by A. H. Wray, to appoint a committee of five to formulate plans, which it is hoped will solve the soliciting question.

The sentiment at the meeting last night was practically unanimous with reference to the curtailment of soliciting. The question as to whether or not there should be a stringent rule adopted, prohibiting all soliciting, or whether exceptions should be made in certain cases, was debated at some length. There was an apparent sentiment that soliciting in the interest of churches, charitable organizations and like institutions, should not be prohibited.

The meeting was largely attended and a number of representative citizens spoke on the question.

To overcome the abuses of promiscuous soliciting, it was suggested by Mr. J. B. Herndon, during a brief address, that a committee of at least five members of the Commercial club, preferably five of the directors, be appointed to thoroughly investigate every proposition offered to the investing public at Albuquerque and vicinity. Until the approval of this committee is obtained, Mr. Herndon said that he was of the opinion that the members of the club pledge themselves to refrain from subscribing to any stock or investing in schemes, or purchasing tickets, unless they be offered for sale by churches or by a charitable organization.

Mr. Herndon said that he believed that a practical scheme could be worked out for enforcing policy No. 6 of the Commercial club, and that he had no doubt but that it will be the means of protecting the business men against the incessant call upon them to donate to objects and projects of doubtful value, and from funds thus saved, to build up a fund which will be ample to cover contributions to worthy purposes.

Mr. Allan H. Wray suggested that the Commercial club adopt a resolution prohibiting members of the club from purchasing tickets or making donations to any affair of doubtful worth, a member to be fined twenty-five dollars for each offense. Mr. Wray said that this plan had worked satisfactorily in Pueblo and other cities and believed that it would work well in Albuquerque.

Mr. B. Rappe spoke briefly and put himself on record as being in favor of prohibiting ticket selling and soliciting entirely, with the exception of soliciting for charitable purposes.

Mr. F. H. Strout said that he was of the opinion that soliciting should be curtailed to some extent and believed that a censorship committee should be appointed to govern all the various schemes before they were permitted to be put before the public.

Objection to this plan was made by Mr. A. B. McMillan, who said that a committee would be at a decided disadvantage and could never be infallible. Some times, he said, the censorship committee would approve an unworthy proposition, and again disapprove a worthy one, bringing more or less condemnation upon themselves.

Mr. McMillan also said that whoever would use the endorsement of the censorship committee as an extra strong inducement, and would never fail to impress upon probable patrons that the proposition of project had been endorsed by the Commercial club. Among those who also spoke on the soliciting question were H. S. Litton, Jacob Weisman and a number of other business men.

The discussion was finally ended by the motion by Mr. Walter, seconded by Mr. Wray, that a committee of five be appointed to look into the matter and suggest a plan for the President's selection of Policy No. 6.

President Schwentker will appoint the committee today and the plan will be presented at the next meeting of the club. Investigations will be made by the committee of the manner in which the soliciting proposition is handled in El Paso and other nearby cities.

**CLUB COMMITTEE TO GO TO SANTA FE**

Will Present to Constitutional Convention Resolution Adopted Favoring Reduction in Tax Rate.

Some time during the week a committee representing the Commercial club of Albuquerque will go to Santa Fe for the purpose of presenting to the constitutional convention for consideration a copy of the resolution adopted by the Commercial club of New Mexico, at their meeting in this city on October 1, favoring a reduction of the tax rate.

The resolution adopted by the various clubs and organizations of the territory, was approved and ratified at the meeting of the Commercial club held last evening. The resolution which will be presented to the committee on taxation in Santa Fe, reads as follows:

To the Honorable Committee on Taxation of the New Mexico Constitutional Convention, Santa Fe, N. M.

Gentlemen—We hereby certify that at a meeting of the Commercial club, members of commerce and other commercial bodies of the city of Albuquerque, N. M., on the 1st day of October, 1910, the following resolution was adopted:

"Resolved, That the New Mexico constitution convention now in session at Santa Fe be respectfully requested to provide in said constitution for a limit on taxation not to exceed one per cent for county and territorial purposes, to be applied in such proportion as the said convention may deem wise, and not to exceed one per cent for city purposes, so that the total rate of taxation outside of cities shall not exceed one per cent, and within cities shall not exceed two per cent."

Witnessed F. H. SCHWENTKER, President.

T. J. NAYLON, Secretary.

Our new fall dress goods and silks are beautiful in shades and splendid in quality. We've bought trimmings to match them properly. Our buyers are fast, our knit underwear is as good as money can buy. In buying hosiery and underwear we also look out for the wearing qualities. Our aim is to show a good quality of merchandise, in every section, at a reasonable price. Let us show you that our prices—when you compare quality with quality—are not high prices. We respectfully invite you to come in and compare both quality and price. You will find our salespeople are always glad to courteously show anything our patrons wish to see.
