VICTIM OF MOB IN TEXAS WAS NEW MEXICO CITIZEN

Unofficial Report Says Man
Burned at Stake Was Born
in Territory and Mexico Has
No Grievance.

GOVERNMENT SUPPRESSES ANTI-AMERICAN RIOTS

Prompt Measures Are Taken
to Quell Trouble at Guadalupe
and Other Towns; Three
Hundred Arrested.

(By Morning Journal Special Leased Wire)
Washington, Nov. 12.—Through an official source a report has reached the state department that Antonio Rodriguez, the alleged Mexican who was burned at the stake at Rock Springs, Texas, by a mob, was really born in New Mexico.
It is said to have been the case of Rodriguez, the Mexican government would be obliged to withdraw its protest and demand for reparation.
The source of the report is an American party in the rioting and anti-American demonstrations in Mexico.
Little doubt is entertained here that the wireless message on the subject of the organization of Rodriguez, which was picked up last night by the war department's wireless station at Fort Larnworth, Kas., was one being sent from Secretary of State Knox to President Taft, who has been in the cruiser Tennessee, en route to Panama.
It is expected at the department that the final investigation of the burning of Rodriguez, which now is being conducted by the state department, will be completed in a few days.
The fact that the Mexican government lost no time in suppressing the rioting is taken as a confirmation of Mr. Wilson's statement that the attitude has been correct throughout.
Meanwhile, the governor of Texas is expected to see that no injustice is inflicted upon Mexicans within the state, and that the law is enforced as to the protection of the state against the mob.
The fact that the Mexican government lost no time in suppressing the rioting is taken as a confirmation of Mr. Wilson's statement that the attitude has been correct throughout.
Meanwhile, the governor of Texas is expected to see that no injustice is inflicted upon Mexicans within the state, and that the law is enforced as to the protection of the state against the mob.

ANTI-AMERICAN RIOTS CAUSE DELAY

Washington, Nov. 12.—Secretary of State Knox, Secretary Ballinger and Assistant Attorney General Lawler from the interior department were in Mexico today in regard to the negotiations which the United States is seeking to close with the Mexican government for permission to build a levee along the Colorado river in Mexico and to build the break in the Colorado river at the Imperial valley.
It was feared that the recent anti-American riots in Mexico might delay the negotiations, because of the question of the security of the American interests in Mexico at this time. It is understood that plans of the case received consideration at the conference today.

RIOTS IN BORDER TOWN TO BE PUNISHED

Washington, Nov. 12.—President Taft of Mexico has instructed the governor of Colorado to investigate the riots in the American consulate at Ciudad Portillo Diaz yesterday, and to punish the participants. A dispatch to this effect was received from the city of Mexico today by Secretary of State Knox.

RIOTS AT GUADALAJARA KILLING

Guadalajara, Mexico, Nov. 12.—Carlos E. Carothers, a local real estate dealer, shot and killed Jesse Lee, a 14-year-old Mexican, and wounded Francisco Chavez, a 10-year-old, in a shooting which broke out in the city of Guadalajara last night.

TRAFFIC MANAGER IS GRILLED IN COURT

Jackson, Tenn., Nov. 12.—Charles Van Overbeek, traffic manager of the Standard Oil company of Kentucky, came in for a grilling by attorneys for the United States today in connection with the government suit against the Standard Oil company of Indiana.
Little doubt is entertained here that the traffic manager of the Standard Oil company of Kentucky, who is declared by the government to be the outside director of the company, will be grilled by the government attorneys.

TEAMSTERS TO RESUME WORK TOMORROW

Men Are Still Out in New
York and Demand Recognition
of Union.

JERSEY CITY DRIVERS ACCEPT SETTLEMENT

New York, Nov. 12.—The strike of chauffeurs and cabmen employed by the transient express companies was declared off this evening, and it was announced at strike headquarters that the men will return to work Monday.

PROTECTION PROMISED AMERICANS BY DIAZ

Mexico City, Nov. 12.—A message from President Diaz, which was telegraphed to the foreign office here by Secretary Knox, it was as follows:
"I have the honor to inform you that I have just received a telegram from the president in which he requests me to send through the president of the United States the assurance that the government of Mexico has the utmost confidence in the disposition of the United States to protect the American citizens in Mexico, and in his determination to suppress all disturbances which threaten the peace and order of the country."
The president adds he will use all his power to punish those guilty of the crime recently committed against Antonio Rodriguez in Texas.

STREET CAR STRIKE MAY BE CALLED SOON

New York, Nov. 12.—Announcement was made tonight that C. O. Frazer, general organizer of the Amalgamated Street and Electric Road Employees, will arrive here early next week for a conference with William H. Ashmun, general organizer of the International Brotherhood of Teamsters, who directed the express strike that ended tonight.

DISORDER PROMISES TO PREVENT RIOTING

Mexico City, Nov. 12.—There will be no further demonstrations of a friendly nature while I am governor. The disturbances are over for good and under no circumstances will I permit a mass meeting of any nature by the students, or any other body.
In these words Governor Escandon of the federal district gave assurances in an interview to the press tonight of a continuance of the quiet and order in the city following the recent disturbances in this city.

REVOLUTIONISTS BUY RIFLES IN SAN ANTONIO

San Antonio, Texas, Nov. 12.—Federal authorities here much exercised over the movement of two unidentified Mexicans believed to be revolutionaries, who purchased all the rifles in several gun shops here today, said the men wanted more than 100 rifles.

OVER-SEAS FLIGHT IS ONCE MORE POSTPONED

New York, Nov. 12.—J. C. (Bud) Murs of the Curtis staff, substituted for J. D. McGraw, did not make the proposed 200-mile airplane flight from the deck of the Hamburg-American liner Pennsylvania today.
An ail, which had been expected to be a matter of a few days, was postponed until the Pennsylvania left her port.

CLAIMS MACKAY COMPANIES WERE FIRST TO CUT CABLE RATES AND CHARGES WESTERN UNION PLANS MERGER

(By Morning Journal Special Leased Wire)
New York, Nov. 12.—George Chapman, vice president of the Commercial Cable company, being asked in regard to the interview with Colonel Clowry, president of the Western Union Telegraph company, relative to the announcement of the Commercial Cable company, of reduced cable rates on cable letter messages, said:
"Our five letter cable reduction plan is entirely new and entirely different from the old plan mentioned by Colonel Clowry and his associates. The whole history of the Commercial Cable company is to the contrary. We are the only cable company that has reduced rates on cable letter messages."

FOREIGN FORCES ARE WITHDRAWN AT AMAPALA

Washington, Nov. 12.—The foreign forces at Amapala, Honduras, landed forces at that port on Thursday, to protect foreign citizens in anticipation of an uprising against General Valladares.
There were no disturbances, however, and the forces were withdrawn.

SENATOR CLAY COMES BACK

Chapman, Wyo., Nov. 12.—The Wyoming legislature will be re-opened by a majority of eleven on joint ballot, insuring the return of Senator Clark to the United States senate. There is a republican majority in each house.

HOME OF BISHOP DAMAGED BY FIRE

Denver, Nov. 12.—The handsome home, in this city, of Henry W. Warren, senior active bishop of the Methodist Episcopal church, was damaged by fire today and a number of valuable paintings and other works of art ruined. Students from the University of Denver managed, however, to save Bishop Warren's valuable collection of manuscripts and books. The origin of the fire is unknown. Bishop Warren is in New York attending a meeting of the bishops.

BUILDING IN DENVER HAS 13,000 LIGHTS

Denver, Nov. 12.—What is claimed to be the most brilliantly illuminated building in the world shot its rays out across the plains about Denver tonight, when the new ten-story structure of the Denver Gas and Electric company was lighted up for the first time. Two sides of the building, which is on a corner, are polished dotted with 12,000 incandescent lamps, producing a total of 200,000 candle power. The architectural features were designed with a special view to the illumination, the surface of the walls being white annealed terra cotta. The illumination of a building designed to advertise Denver's illumination will be maintained nightly to the future from dusk until midnight.

Atlantic City, N. J., Nov. 12.—Vinson Potter, son of a prominent White Horse, Alaska, to Atlantic City, to see his father, Colonel Thomas Potter, after Young Potter reached here this afternoon from Philadelphia, completing a 5,000-mile journey from the far northwest.

EMBEZZLER CAUGHT AFTER LONG TRIP

New York, Nov. 12.—After a flight from San Francisco and a trip around the horn on a tramp steamer, Robert Malone, former confidential clerk and bookkeeper for the Metropolitan Light and Power company of San Francisco, was arrested here this afternoon by the police.

TEXAS GUARDSMEN MAY QUIT SERVICE

Dallas, Texas, Nov. 12.—Unless Sergeant Hanley is acquitted it will mean the end of the national guard in Texas.
This Captain Edmund voiced the sentiment of most of the officers of the state national guard, who met here today to consider the conviction of Sergeant Hanley. Hanley was recently convicted of murder in the first degree for killing a spectator who tried to get through the lines during President Taft's visit here in October, 1909.

PANAMA WILL SEND PORRAS AS MINISTER

Panama, Nov. 12.—The appointment of Belisario Porras as minister to the United States, was officially confirmed this afternoon. Dr. Porras is a distinguished lawyer and politician, and was the representative of Panama at the Hague conference of 1907, and at the Pan-American congress at Buenos Ayres. He has been minister-resident at Havana and is great admirer of the American people.

LABOR LEADER IS FOUND DEAD IN MARSH

Warren, Ind., Nov. 12.—With a bullet hole through the head, the body of Isaac Mason, labor official residing in Kalamazoo, Mich., was found in a marsh on the outskirts of the city today.

MILLIONAIRE PACKER ON ROAD TO RECOVERY

Winning, W. Va., Nov. 12.—John G. Schuch, the millionaire pork packer, who is alleged to have been seriously injured by a fall from a horse, according to his physician, Dr. F. L. Hays, tonight, although his recovery will be slow.

COURT OF APPEALS TO HEAR ALASKA LAND CASES

[By Morning Journal Special Licensed Wire]

prevent further criticism of the interior department for its handling of the Cunningham Alaska coal claims which precipitated the Ballinger-Pike riot in connection with the Ballinger-Pike case. In his annual report that congress authorize the placing of these cases under the jurisdiction of the court of appeals of the District of Columbia.

Mr. Ballinger tonight issued a statement containing an excerpt from his annual report which was placed in the hands of the president before he left for Panama. He declares that while decision of the cases by the officers of the "land department" would be "not as a matter of fact," it "would not be an effect of putting at rest the vague and distorted notions entertained

The statement continues in part: "The Cunningham entries made in 1907 have provoked wide discussion and popular interest, largely because of their value and method of attempted acquisition. The wholly unorthodox character of the entries has been a broad-based issue involving the attitude of departmental officers towards these claims."

"In view of these conditions I deem it of the highest importance that all of the highest involving thirty-three entries, of 5,280 acres of coal lands, be transferred from the jurisdiction in the general land office direct to the court of appeals of the District of Columbia for review, without the necessity of a ruling as to the validity or invalidity of said entries by the commissioner

While the decision of the case by officials of the United Department would be as impartial as a decision by a court of justice, it would not have the effect of putting at rest the various questions of the order of the day, which the wholly disinterested motives of department officers."

constitutional convention finally will exclude judges from the provision.

Since the proposition was adopted by a vote of 100 to 10, who voted to include the judiciary in the provision of the clause, have been subjected to severe criticism, not only by their personal opponents, but by members of their own party and sections of the democratic press. A vigorous movement, it is said, has been inaugurated to secure the repeal of the clause, and the feature of the recall clause and rail road leaders said tonight that the pressure brought to bear made them believe that they should be able to retain their majority.

JOIN DAVILA FORCES

Tegucigalpa, Honduras, Nov. 12.—President Davila made the following statement today with reference to the revolutionary movement inaugurated by General Valladares at Amapala:

"General Valladares yesterday dispatched 168 soldiers in seven battalions to the following locations:

Minamitas and Eusebio Fernandez, both having guns. They handed a Petrolion, three miles from Acapulco.

Seventy men deserted, joining the government forces. They showed great enthusiasm and are now united with the government troops at Acapulco.

The balance of the Vallarta detachment occupied a position for offensive operations but today they referred to the government.

SPORTS

AN AMERICAN
WINS RACE
BY SECONDBRUCE-BROWN CAPTURES
PRIZE AT SAVANNAH

Plucky New Yorker Finishes
Just Ahead of Frenchman;
Many Accidents Lend Interest to Contest.

(By Morning Journal Special Leased Wire)
Savannah, Ga., Nov. 12.—The New York boy who four years ago ran away from home to become a driver of a racing automobile, today saved the reputation of American drivers in the Grand Prize race, the blue ribbon event of automobile contests. David Bruce-Brown won by a little more than a second at the end of 45.2 seconds ahead of Victor Hemery, the Frenchman. His time was five hours, 53 minutes, 5.2 seconds, setting a new American record of 79.55 miles an hour.

Both men drove Benz cars, so that the foreign machine triumphed over the American made racer. The consolation in having an American driver win the prize was increased by the fact of "Wild Bob" Thurman in an American car, the Marquette-Buck, which finished third, getting third money and an additional thousand dollars for the first American driver to finish in an American car.

Before the race it was said the American team planned to set a pace in the early stages which would burn the tires of the big foreign machines and securing an advantage. Apparently the Americans tried this trick and it nearly succeeded, for most of the foreigners were either stalled or wrecked before the finish, but the foreigners were too numerous.

Wagner, in his big red Fiat, was one of the gamest. His driving nearly cost him his life and that of his mechanic, Fellow. On the back stretch, while coming down a bank hill at top speed, Wagner lost control of his car for the fraction of a second, one of his front wheels striking a stone culvert, crushing the wheel and throwing the car on its side for a side of fifty feet into the weeds.

Wagner was stuck into the top branches of a twenty-foot willow which caught him and broke his fall. He ran to the car beside which Wagner was lying with machine oil pouring about him from a broken tank. He was not hurt, but the machine was damaged and he was unable to continue.

Wagner was taken to a hospital where it was reported he was not seriously hurt. The Benz drivers, skidded off the road at the end of a long straightaway, side-swiping a giant live oak and then plunged with his car into some bushes. He and H. F. French, the mechanic, emerged with reasoning expedition, though somewhat bruised and scratched.

Fifteen cars started the race. Inside of twenty-five miles the three Fiat drivers by Wagner, the Benz driver by Hemery, Bruce-Brown and Haupt had left the Americans well behind. Hemery took the lead at about thirty miles and held it until the French car was stalled. Hemery then allowed four of the other foreigners to rush past him.

Meanwhile Nazario, holder of the world's record of about seventy-five miles, was doing the best laps. He was in an effort to catch Hemery. Nazario's best time for a single lap was 13.32, which was 7.1 miles an hour. For over a hundred miles he held out the pace when Wagner took the lead. He was stalled for a moment in an effort to catch Hemery, but he was not able to do so.

Wagner was the first to get crashing from the course. Sixty miles further on Wagner sent his car falling into the ditch. Then Nazario, reputed to be the world's most careful driver, bent his rear axle irreparably and was out of it. For the next seventy-five miles there was a battle royal between De Palma's Fiat which had taken the lead and Bruce-Brown and Hemery in the Benz racers.

Bruce-Brown running second with De Palma a few yards behind him, hit two and a half miles ahead on actual running time, tried to shake off the latter. De Palma retaliated with reckless efforts to pass Bruce-Brown, once nearly overturning his car at the grand stand corner, as he skidded around this right angled turn twenty yards behind the lead.

Bruce-Brown rounded the turn and shot into his last lap. De Palma was nowhere to be seen. He had stopped on the back stretch out of the race with a broken cylinder. When Hemery flew across the finish a few minutes later it was said the time was hung out. The numbers, a question whether Bruce-Brown could set in quick enough to beat him on running time.

Bruce-Brown had started three minutes later than Hemery. The following is the standing of the contestants:
David Bruce-Brown, Benz position, 1 time, 5:53.52.
Victor Hemery, Benz position, 1 time, 5:55.27.
Bob Thurman, Marquette-Buck;

Ralph Mulford, Lozier position, 41 time, 8:25.12.
Joe Moran, Lozier position, 51 time, 8:30.29.
Joe Dawson, Marmon position, 6 time, 8:32.11.
Ralph De Palma, Fiat, out at 30, broken piston.
Louis Wagner, Fiat, out at 205, upset.
Willie Haupt, Fiat, out at 210; upset.

Harry Grant, Alcoa, out at 180; engine trouble.
Arthur Chevrolet, Marquette-Buck, out at 145, broken crank.
Louis Balle, Pope-Hartford, out at 320 miles, leaking pipes.
Louis Hildebrand, Pope-Hartford, out at 145 miles, engine trouble.
Joe Dawson, Marmon, out at 75; broken shaft.
Golds, Lozier, Fiat, out at 320; axle and tire trouble.
Latter, Dawson, replaced Ray Marmon in Marmon.

Bruce-Brown won the Grand Prize gold cup and about \$6,000 in cash. Hemery won about \$3,000 in cash. Thurman won about \$2,000 which includes the \$1,000 for being the first American to finish in an American car.

HARVARD FRESHMAN
SERIOUSLY INJURED
IN GAME WITH YALE

New Haven, Conn., Nov. 12.—In the annual game between Harvard and Yale freshmen this afternoon, Richard Haddock W. H. Chaffield of the Harvard team, collided with two others and suffered concussion of the brain.
For a time it was thought he had been fatally hurt as he was stretched on the ground in convulsions. He was taken to a hospital where he remained unconscious after treatment. Later he was reported resting comfortably.

FOOTBALL PLAYER
DIES OF INJURIES

Captain of West Virginia University Squad Suffers Concussion of Brain in Game at Wheeling.

(By Morning Journal Special Leased Wire)
Wheeling, W. Va., Nov. 12.—Richard Monk, of Cornselle, Pa., captain and left halfback of the West Virginia University football team, died in the hospital here tonight of concussion of the brain received in the game with Bethany this afternoon. Monk was injured during the last period of the game and was taken from the field unconscious. He was taken to the Bethany hospital, where he died at 10 o'clock. The game was a close one, with the West Virginia team leading 14-0 at the end of the first half. The game was stopped at 10 o'clock because of the injury to Monk. Several witnesses testified Monk was "kicked" in the game. Last Thanksgiving Monk was injured in a football game with Jefferson and was unconscious for two weeks.

SAYS BETHANY PLAYER
CAUSED THE INJURY

Pittsburgh, Pa., Nov. 12.—Attorney Homer S. Younger, who emptied the football game between West Virginia University and Bethany at Wheeling this afternoon said tonight:
"I can state positively that the injury to Monk was the result of a plain concussion. I cannot give the name of the Bethany player who inflicted the injury, but I saw the incident. A few minutes before this I had penalized Bethany fifteen yards because a name Bethany player had run into Monk intentionally."
"I was watching for more work of the same sort. In the next rush there was no untoward occurrence, but in the next I saw the Bethany player, whose name I did not obtain, deliberately run into Monk and knock the latter over backwards. Monk fell heavily on the back of his head and did not rise. If he was kicked I did not see that. I put the player who had knocked him down out of the game. He acted like a man who knew he had done something wrong, for he left the field without a word of protest or explanation."

DRIVER OF AUTO
KILLED IN RACE

De Hymel Thrown From Car When Front Wheel Flies Off on Track at San Antonio.

(By Morning Journal Special Leased Wire)
San Antonio, Texas, Nov. 12.—Tobias de Hymel, driver of racing automobile, was killed in the race here this afternoon when his car lost a wheel and was wrecked. He drove wheel and was struck. He was in the last Vanderbilt cup race in New York and was known as the American driver.
The accident occurred in the twelve-mile handicap race. De Hymel was running a race, driving his standard-Daimler racer at high speed when a front wheel flew off and the car crashed into an embankment. De Hymel was thrown from the track. Some spectators rushed him, but he was dead when the broken steering wheel of the car clutched in his

YALE DEFEATS
PRINCETON
5 TO 3

TIGERS SCORED ON FOR
FIRST TIME IN SEASON

Blue Is Superior in All Departments, Except Kicking, and Puts Up Great Interference, Playing Aggressive Game.

(By Morning Journal Special Leased Wire)
Princeton, N. J., Nov. 12.—Yale, 5; Princeton, 3.
The Princeton football eleven today lost an opportunity to end the football season of 1910 without defeat and possibly without being scored upon, but they lacked aggressiveness.

Princeton was outplayed in every department of the game with the possible exception of kicking. Ballows' high spirals carrying further than those of Howe, the Yale crank. Compared with Yale's interference, Princeton's was infantile. The Yale ends broke through the Princeton line time and time again, and threw Haddock Pendleton before he could get started. On the other hand, Yale's line was their strongest point. Princeton's line was weak. The forward pass which enabled Yale to turn defeat into victory was beautifully executed.

Princeton scored a goal from place-kick a few minutes after play began in the opening period.

Pennsylvania, 0; Michigan, 0.
Philadelphia, Nov. 12.—Whether Pennsylvania or Michigan has the better football team will not be known for at least another year, as these two eleven, each a leader in its section, fought a scoreless battle on Franklin field here this afternoon before about 15,000 persons.

Twice the Wolverine crashed into the Pennsylvania line, eight yards from the goal, and each time the attack crumbled against the stone wall defense of the Pennsylvania. This was Michigan's only real opportunity to score.

Pennsylvania had one good opportunity to score. It came in the second period. After getting the ball on downs, Pennsylvania made it to within striking distance and Thayer was brought into the game to drop a goal. The kick was blocked.

The forward pass did not figure to any great advantage in the game. In fact it failed often, but it succeeded. Score: Pennsylvania, 0; Michigan, 0.

Harvard, 18; Dartmouth, 0.
Cambridge, Mass., Nov. 12.—The Harvard football team rolled in its career for the championship of the east, crushed Dartmouth today by 18 to 0. The touchdowns were made by the result of a Dartmouth miff, and the second on straight football, and two goals were kicked from the field.

Dartmouth was only once within striking distance of the Harvard goal line.

When the game was well in hand substitutes began to dash on the field from the Harvard bench. In the twenty-eight Harvard players were in the line-up before the game ended.

California, 25; Stanford, 6.
Berkeley, Cal., Nov. 12.—The University of California routers defeated the serpentine on their own field today over the Leland Stanford team. It was the fifth year that the two teams have played the rugby form of football and was witnessed by 25,000 people.

The brilliant star of the game was Elliot of California, who, after adding in the making of at least three of the tries succeeded in converting every one made by his team.

Cornell, 18; Chicago, 0.
Ithaca, N. Y., Nov. 12.—Cornell today decisively broke a two year tie of 6 to 6 with Chicago university. The final score was Cornell, 18; Chicago, 0.

The intersectional game was the most exciting of the season. A series of triple passes, double forward passes and fake punts were pulled off with the accuracy of clock work and the Cornell players, clearly showed their superiority as the same progressed.

Illinois, 27; Northwestern, 0.
Chicago, Nov. 12.—The University of Illinois completed its conference football season at Evanston today by defeating Northwestern university 27 to 0, and thus registered an unbroken series of victories for the year.

Hart Re-Elected President.
Princeton, N. J., Nov. 12.—Edward J. Hart, of the Princeton football team, was re-elected captain after today's game. Hart is a member of the class of 1912 and his home is in Exeter, N. H.

He is one of the few Princeton players to be elected captain in his junior year and has the further honor of having been elected to lead the varsity football team two years in succession.

FOOTBALL RESULTS

Ohio State, 6; Ohio Wesleyan, 0.
Western Reserve-Hiram game called off, as the box of scores.
John Hopkins University, 14; St. John's College, 9.
West Point, 13; Villa Nova, 0.

AGREEMENT REACHED
IN DISPUTE OVER
BASEBALL PLAYERS

Cincinnati, Ohio, Nov. 12.—President Hermann of the Cincinnati Baseball club gave out a statement tonight which says in part:
"The Cincinnati club and the Philadelphia club and myself have reached an agreement that Pitchers Morin and McQuillen, infielder Grant and outfielder Bates will come to the Cincinnati club next season in exchange for Pitchers Deane and Roman, infielder Lobert and outfielder Paskert."

At New Orleans, Nov. 12.—The football team of the Cincinnati Reds was tonight matched to fight ten rounds here on the night of November 23 for the bantam weight championship of the world.

Frankie Conley, of Kansas, Wis., is the real holder of the title, having won it from Artell. But Conley has withdrawn the bantam weight class and Artell and Walsh are in dispute as to whom the championship should go.

At New Orleans, Nov. 12.—Monte Artell of San Francisco, and Jimmie Walsh of Boston, were tonight matched to fight ten rounds here on the night of November 23 for the bantam weight championship of the world.

PRACTICE SHOOTING
BY LIGHT BATTERY
DEVELOPS EXPERTS

(Special Correspondence to Morning Journal)
Roswell, N. M., Nov. 11.—The practice shooting of the members of the Roswell Light Battery is developing some good pistol shots. Sergeant Willard Hird made the record at fifty yards yesterday when he got seven bulls' eyes out of ten shots and hit within the first ring the other three. His total score was 47, with a possible thirty. Lieutenant Harold Ford came second with 45. H. T. Cooper and H. T. Gooding each 42; Lloyd Robb, 40.

READY-TO-WEAR SECTION

This past week we have received many Suits, Coats, Dresses and Skirts, which had been delayed on account of the strike in New York, and which should have been in long ago, consequently on account of this delay we have reduced our regular prices on same as follows:

STRICTLY TAILORED SUITS

The \$19.75 Suit is well worth \$20.00. This Suit is made up of heavy, hard twisted serge, worsted and mixed cloths. The Jacket 30 inches long, notch collar, inlaid lapel of Duchesse satin, tailored pockets, crown's foot finish at the corners, satin lined. The skirt is four clusters of three plaits each and two-inch plaits.

The \$25.00 Suit is well worth \$35.00. This Suit is made up of hard twisted worsted, unfinished worsted, fine serges and mixed cloths. The Jacket 32 inches long, notch collar, inlaid lapel of Duchesse satin, also collar of self-material, tailored finished pockets, fine tailor's silk serged lined. The skirt has two clusters of three plaits each, and four double inverted plaits.

The \$35.00 Suit is well worth \$50.00. This Suit is made up of fine worsted, diagonal cloths of medium weight, plain or with front plaits; cloths and Scotch cloths. The Jacket is 30 to 34 inches long, notch collar, inlaid Peau de Soie, strapped seams, stitched edges and seams, tailored pockets and cuffs, Duchesse satin lined. The skirt is box and cluster plaited, alternating with the inverted plait.

WOMEN'S TAILORED SKIRTS

Just received this past week 100 assorted styles of Women's Tailored Skirts, showing the newest ideas in novelty, plain voiles, panamas and serges, in the correct narrow effect, plain or with front plaits; they are very smart and possess individuality; priced at \$5.00, \$6.50, 7.50, \$9.00, \$12.50 & \$15. Many worth fully one-third to one-half more.

New Mexico Crack Products Are Off to the Big Land Show

Santa Fe Official Will See Big Car Into Chicago in Place of Prof. Tinsley, Who Has Already Gone; Herman Schweizer Leaves for Arizona to Chaperone Four Families of Mesa Dwellers Who Will be Feature of Santa Fe Exhibit at Chicago Land and Irrigation Exposition.

A big baggage car loaded to the gunwales with the finest products raised by the irrigated lands of New Mexico arrived here yesterday morning from eastern New Mexico, and left later attached to train No. 10 for the Chicago land show after it had been filled still fuller with some forty-five packing cases of exhibits which have been stored for some days past in the offices of the bureau of irrigation here.

Once to the fact that Prof. J. D. Tinsley, who started out with the car, called to Chicago two days ago, Prof. Tinsley and Passenger Agent, Cameron of the Santa Fe took charge of the car as it left here yesterday, and will see it through to Chicago where Secretary Henning of the bureau of irrigation, A. B. Stroup of this city and many others will assist in the work of getting the display in place in the New Mexico space in the Chicago Coliseum for the Second National Land and Irrigation Exposition.

Notable in the collection of stuff in the car was a big bale of Caribbea cotton and seventy-one boxes of magnificent apples from Roswell and vicinity. There are all kinds of fruits and grains and vegetables and other things, practically everything that grows in that part of the territory with splendid exhibits of similar products from the Mesilla valley and elsewhere. The big irrigation pump, weighing 2,200 pounds, a minute which is to be the Miramonte valley exhibit will be purchased with its engine in Chicago and erected in the Coliseum where it will pump water day and night for the benefit of the visitors.

Included in the stuff put aboard here are twenty-five boxes of exhibits in glass, of fruits and grains and minerals and other things, including the magnificent collection of Mesilla valley stuff preserved in a specially designed liquid by Prof. Fabian Garcia of the Agricultural College.

The car, when it arrived here yesterday, contained numerous large cases filled with boosting literature distributed at the show and eleven boxes more of literature of all kinds concerning New Mexico were put aboard the car here.

THIRTY INDIAN RUGS WILL MAKE GORGEOUS DISPLAY

One of the notable features of the New Mexico exhibit at the Chicago land show, which is to be held in the Coliseum, will be a display of thirty Indian rugs, which will be placed on the floor and around the walls at the New Mexico exhibit and will alone make it one of the most striking in the great Coliseum.

specimens of one of the remotest and least known of the southwestern Indian tribes.

It will probably be necessary to charter a special car to get these Indian rugs from Winslow, Arizona, and if necessary, a special conveyance will be secured in Chicago to get the picturesque Indians from the station to a hotel without starting a riot. For Chicago is not used to Indians.

SOUTHERN PACIFIC AND TEXAS TO MAKE A NOISE

(Special Correspondence to Morning Journal)

Houston, Texas, Nov. 11.—The Louisiana and Texas exhibits for the Chicago land show are being assembled under the direction of General Passenger Agents J. H. R. Parsons of the Morgan-Louisiana and Texas, New Orleans, and Colonel T. J. Anderson of the central, east and west lines of Houston. The exhibit leaves Houston on November 15, accompanied by Industrial Agent Attorney.

It is proposed that the representatives of the various commercial organizations in the state that contemplate being present during the land show, meet in Houston a few days in advance of the departure for Chicago, and that they all leave it in a body in time to arrive before the opening of the show.

It is announced that the Southern Pacific has secured the entire Coliseum Annex for the big show, which is held November 19 to December 4, and that the entire space will be devoted to advertising the cities, towns and the country along the Southern Pacific line.

To Louisiana, and Texas alone will be devoted a space 50 feet long, 11 feet wide, and a wall space 14 feet high. Each town will have a lecturer to assist in explaining the various phases of Texas and Louisiana farming to those interested. There will be four lectures in addition to those mentioned above on the ground, including Mr. Bruce Leffingwell, who will show 200 colored slides illustrating conditions in Texas.

CHILDREN OF THE DESERT TO BE FEATURED BY SANTA FE

Manager Herman Schweizer, of the Harvey curio service, leaves today for Winslow whence he will go to meet the four Indian families from the remotest pueblos who are to go to Chicago and, attired in their native dress, practice their handicraft for the edification and wonderment of the Coliseum visitors.

Mr. Schweizer on his recent trip into Hopi-land, made arrangements to bring in four families—one each from the three mesa villages of the Hopis, and one family from the pueblo of Acoma near Laguna. These Indians have never before visited a city of any size and will appear at work in the Santa Fe exhibit as nearly as possible just as they appear at home. There are to be some twenty in all.

The Santa Fe space at the land show, adjoining the New Mexico department will be about sixty by forty feet, which is to be occupied by a mission building, the front part of which is to be a sort of chapel used as an office where handsome Santa Fe literature will be distributed.

In the rear will be open arches, under which the Indians will be comfortably ensconced, provided with all the necessary paraphernalia to make pottery and baskets and get busy with their other peculiar crafts.

The Navajos at the land show make a tremendous hit last year, and accordingly this year Mr. Schweizer and the Santa Fe people decided to go it one better and have an exhibition

BIRDS AND LIZARDS OUR ANCESTORS, SAYS PROFESSOR

Human Aviators Have Never Yet Found Bird's Secret of Flight; Interesting Lecture on Our "Cousins" at University.

An exceptionally interesting and instructive lecture was given at assembly last week by Professor Watson of the university department of biology on the subject of "Birds." Many of the facts given about birds were new and striking to some of the audience who had never made a special study of these most interesting beings—the birds—who were designated by the professor as "our cousins." That is, he said, we have a common ancestor a few millions of generations back, among the lizard-like reptiles, the birds going off in one direction and the mammals in another. The wing of the bird is only a modified form of the lizard's front leg, containing the same kind of bones, while the feather of the bird is nothing more than a reptilian scale, which during the long process of evolution has changed in its present more beautiful form, and one which serves the bird much better in its evolved condition.

The bird once was the owner of teeth, but long since has had no need of them, so nature kindly eliminated these superfluous possessions that they might not be in the way.

Birds are active creatures and live a more strenuous life than does man or any other mammal. They have a higher temperature and a more highly strung nervous temperament than man, and they have a better breathing apparatus than their human cousins, since the lungs have an attachment extending even into the hollow of the bones.

Man in his inventions for ages, has been trying to imitate the really wonderful structure of the bird's wings and feathers—or the modified lizard legs and scales, and though he has learned lessons from the birds which he has applied to the development of aviation, yet in vain has he been his efforts at perfect imitation.

Born Green and his bird-wind machine came promptly to earth and the experience of Darwin is the experience of many an other experimenter in this field of bird imitation.

The migration of birds proved an interesting subject in Professor Watson's discussion. He said that though some mammals such as lemmings and caribou migrate to some extent, their movements were insignificant as compared with birds.

The Golden Plover, for example, regularly migrates from the Arctic shores of Alaska to far off Patagonia and the Argentine Republic, a distance of more than eight thousand miles. There is now a systematic and concerted study being made over the world of bird migration, by what is known as the bird banding method. About the time for the regular migrations birds are

captured and about their legs are fastened light aluminum rings containing certain brief data. The birds are then turned loose to take their long journeys in which they seek a change of climate and food. When any of these birds are shot or captured in any other part of the world the fact should be reported and the rings returned to the proper address.

As to the reason for bird migration there are two different theories advanced. Some have held that climatic change, or certain conditions of temperature will explain this regular long distance movement. The birds have worked on this theory, but Professor Watson says that the birds do not start the birds going, but the necessity for larger food supply, and even this does not account for all cases, as the martins and swallows leave in August when their insect food is most plentiful.

It is pure instinct that prompts the birds to make these regular changes from place to place. The young birds are not taught the way of going by their parents, as people like to represent, because the young birds usually leave first, and are guided mostly by the sense of sight.

Birds migrate in certain definite paths and travel mostly under the cover of night, spending the whole day in feeding.

In the consideration of the color and beauty of the birds, the speaker informed that the male sex had the females outstripped "a city block." He said that this marked difference in beauty in favor of the males was true of about all classes of birds except the human group, and there, women were more beautiful than men.

It is a question in the mind of some writers, however, as to whether this was always true, or whether it is necessarily true now. For the man, if he were in doors as much as the woman, if he gave as much attention to his complexion, and if he had the same brilliant opportunities for dressing his hair and molding his form, might, like the male bird, be more beautiful than his female companion.

Darwin teaches that the marked difference in the color and appearance of the male and female birds, in favor of the male, is due to the continued selection by the female of the brighter colored males as mates, but experimental evidence is lacking to prove this view, and the biologists being thoroughly impregnated with the Missouri sentiment, must be shown. It is doubtful if the bird chooses as a result of such calm deliberation.

Professor Wallace Craig thinks that the influence exerted by the male over the female in the sentiment of love is akin to hypnotism, and does not hesitate to extend the same idea to the human race.

It is a fact that many birds tie up in some form of marriage, varying from the roughest polygamy to the most strict monogamy. Eagles, vultures, ospreys and many other birds mate for life, and sometimes refusing to mate again if the companion is killed or taken away. In some species as in the case of the ostrich, the male regularly takes his turn with the female in sitting upon the eggs for incubation and generally assists in feeding the young.

From the economic standpoint birds are of great importance to man. Birds are the greatest check we have on insects and mice and other destructive creatures. Agriculture would be impossible without birds as insects of various kinds would destroy all of the crops.

It is more than magnitude, says Professor Watson, it is a crime to shoot birds for mere sport or for decoration.

operation. At this point the young ladies were appealed to to refuse to wear the wings of birds or the heads and breasts upon their hats. The thought of this cruel custom caused the slaughter of thousands and tens of thousands of beautiful, innocent birds every year to supply the demands made by women upon the milliners. Of course the use of feathers, such as those of the ostrich, entails no severe suffering nor death, but aside from these, other and more and more economic decorations should be chosen for head coverings.

Professor Watson is not a nature fakir, nor a weak sentimentalist, but looks at these propositions from the cold-blooded standpoint of the scientist, and in the interest of sustaining a biological and economical balance among the living creatures of the earth.

University Notes.

President Gray is in Washington city attending the annual meeting of the state university presidents.

The usual Thanksgiving holidays will be given next week—Thursday and Friday.

Miss Rose Harach, a loyal alumna of the university, was a visitor at Honoring hall, Friday night.

Prof. and Mrs. Hodgins entertained the normal school girls at a dinner party on Friday. Music, refreshments, games and spirited conversation filled the hours to the fullest measure.

A beautiful California postal card from Mr. H. N. Herrick, son of the former President Herrick, was received last week. The card itself and the message written upon it were both from San Francisco for the Panama-Pacific International Exposition in 1915.

Miss Euryclades is working the chorus class to its full capacity in the preparation of Pissini's serenade—"Moonlight and Music," and Donatelli's Italian chorus, from Lucresia, "O, Italia, Italia, Beloved."

Dr. Bell's Antiseptic Salve is guaranteed for eczema, nail rheum, tetter, ringworm, running sores, chapped hands and lips, pimples on the face, black heads, barber's itch, sun burn, insect bites, fever sores and nasal catarrh. 25c.

Passion Play.

"The Great Passion Play," the great Biblical play, will be the feature of the big double bill at the Elks for two performances, matinee and night, Sunday.

This great feature is forty-five feet in length and is beautifully hand-colored throughout.

This is an exact reproduction of the great drama that attracts so many across the Atlantic whenever it is presented in the little mountain village of Oberammergau.

The pastors of the churches are particularly invited to witness this beautifully told story of the Christ at today's matinee.

Mr. Tip Top will do his clever act, The Rapid Painter and Cartoonist, and also Miss Marie Corbado will endeavor to entertain you with a romance of Spanish opera.

Cheap Imitations.

Owing to the immense sale and popularity of Dr. Bell's Pine-Tar Honey there are many cheap imitations on the market under similar sounding names, but you can always get the genuine by looking for the bell on the bottle.

We are making room for our holiday goods at Double, 210 South Second street.

WOMAN AT BOTTOM OF MURDER CASE AT RED RIVER

DEAD MAN REPUTED TO HAVE BEEN DESPERADO

Made Love to Niece of Slayer; and Threatened to Shoot Up Numerous People and Places in Texas.

(Special Correspondence to Morning Journal)

Red River, Texas County, N. M., Nov. 10.—It is now alleged that an attempt by Chas. O. Fain to make love to the niece of Joe Phillips was the primary cause leading up to the shooting and killing of Fain by Phillips here this week, when Mr. Phillips, it is said, hid in the brush and shot down Fain as he walked along the road driving a burro. The shooting is the culmination of a bitter enmity between the two men and in the death of Fain a man is removed who it is alleged had a record of committing a number of desperate acts.

Fain, who was not under bond for the shooting and wounding of Phillips last May, is said to have made numerous threats at divers times to shoot up various persons and diverse places in the county and was continually in trouble of some kind. It is said that he had frequently threatened to shoot on night Dr. Martin of Tabor and Dr. J. N. Woodman of Virelia because these gentlemen, called to attend him when he was injured in a mine explosion three years ago, and had him removed to the hospital at Tabor, which for some reason made Fain very angry. It is said he was discharged from the hospital for insulting a nurse while there. Recently the Quetta "Gazette" published a short and not very complimentary sketch of the man, whereupon Fain, it is said, rode to the office, heavily armed, and announced his intention to shoot up the place. The editor, however, was too quick for him and managed to get his revolver away from him before Fain could make use of it. Fain is married and has a family but it is said they have had little to do with him for a long time past. The shooting of Phillips by Fain last May is said to have been caused by the alleged attentions paid by Fain to Phillips' niece and which Phillips resented.

Since that time Fain is said to have threatened Phillips several times.

Dr. Woodman was sent to Red River by the sheriff to make a post mortem examination of the body of Fain. A hearing was set for 2 o'clock yesterday in the office of the justice of the peace at Grants, but although all witnesses were present, the sheriff requested that the case be postponed until today in order that the district attorney might be present. The case will be called this afternoon.

FRASER PROSPERS IN OLD COUNTRY

Running 2,000 Head of Sheep
and Presiding Over Big Coun-
try Mansion Says Fellow
Countryman.

According to John McIntosh of Las
Animas, Colo., who has been visiting
his brother, William McIntosh, here,
William Fraser formerly of the Es-
tancia valley is prospering back in the
old country whither he went some
months ago to reside for the rest of
his life. Fraser, who is a faithful
subscriber to the Morning Journal, is
now residing at Ingleside, Cawdor
road, Inverness, Scotland, and Mr.
McIntosh, who visited him there a
few months ago, says that Fraser is
making more money than he ever did
in New Mexico. He has a big estate
with a roomy country mansion and is
running 2,000 head of sheep, which
in Scotland, according to Mr. McIn-
tosh, makes a man a real sheep baron.

It is further related that Fraser's
property includes a beautiful little
lake in sight of the front door from
the shores of which Mr. Fraser must
be seen almost any old morning
bringing a basket full of fish up to
the house for breakfast.

Blind
Mrs. Ellie Tiller, Ravenna, Tex., writes:
I was blind as a bat. I used Suther-
land's Eagle Eye Salve and it acted
like a charm. It cut the scum off my
eyes and restored my sight. It is all
you claim and worth its weight in
gold. 25c a tube.

Leave your order at the Richler
grocery for Thanksgiving turkeys.
Live or dressed.

Many Widows.
A Mormon's wife, coming down-
stairs one morning, met the physician
who was attending her husband.
"Is he very ill?" she asked anxiously.

"He is," replied the physician, "I
fear that he is not far off."

"Do you think," she asked, hesi-
tantly, "do you think it proper that
I should be at his bedside during his
last moments?"

"Yes, but I do not want to hurry
making the last wishes," he replied,
being taken,"—Continued Commercial
Tribune.

Beautiful Eyes
are desired by every one. If there is
any inflammation the eyes can be
beautiful. Sutherland's Eagle Eye
Salve will remove the inflammation
and clear the eyes.

The ladies of the St. John's Guild
will hold a tea at the home of Mrs.
W. J. Johnson, 522 West Teller ave-
nue, on Wednesday, November 23,
from 2 until 5 o'clock. There will be
a bountiful repast with good things
to eat for your Thanksgiving dinner.
Leave one is cordially invited.

MUCH INTEREST IN PUMPING PLAN MEETING

Many Farmers Will Attend Ga-
thering at Industrial School
Tomorrow to Take Up Matter
of Electrical Irrigation.

Wide interest has been shown in
the announcement that a farmer's
meeting is to be held Monday night
at the Rio Grande Industrial school
south of the city for the purpose of
considering a proposition by the Al-
buquerque Electric Light and Power
company to furnish power over a
transmission line to the farmers in
that district, if enough of them will
sign up to make it worth while. The
power will be furnished at a reason-
able rate and it is believed that
enough farmers are interested to
make sure of the success of the ex-
periment. In order to keep the mat-
ter before the public the announce-
ment is made again and all persons
interested in the progress of this
kind of irrigation in this valley will
be welcome at the meeting.

MATSON'S TOYS TO GO REGARDLESS OF PRICE

Something doing again at Matson's.
You know those toys? Matson's has
always been toy headquarters. He has,
however, decided to close them out
and accordingly the axe is going again
and he is offering the whole stock
for one-third off. It's a big chance
for Christmas toys. Toy trucks,
toy dishes, toy stoves, banks, magic
lanterns, toys, mechanical trains, from
toys of every shape and variety.
Everything goes at a third off.

**Dr. Bell's
Pine-Tar-Honey**

ALBUQUERQUE AS A HONEY CENTER

Well Known Apiarist Ships
One Whole Ton of Sweetness
to Northern New Mexico.

Most people have known that Al-
buquerque is a health center, a com-
mercial center and a manufacturing
center, but few perhaps are aware
that it is a saccharine center.
Dr. W. A. Allen, when the "Be Man,"
yesterday shipped one solid ton of
honey, white comb honey, to Elton
to supply the northern New Mexico
trade. A ton of honey is consider-
able sweetness and this one shipment
alone is a pretty strong testimony to
the possibilities of this section as a
bee-raising country.

Chamberlain's Cough Remedy has
become famous for its cure of
coughs, colds, croup and influenza.
Try it when in need. It contains no
harmful substance and always gives
prompt relief. Sold by all druggists.

ADVERTISED LETTERS

Alfalfa and Native Hay
Spot Shipments
Belen, N. M.

KODAKS AND PHOTO SUPPLIES

What is the difference between a
picture you can buy and one you
make yourself? It is hardly neces-
sary to answer. Everyone knows and
feels it for themselves. Your own per-
sonality, your own ability and effort
is represented in the picture taken
by yourself and naturally it has in-
initely more value. If you have
never owned a kodak you can hardly
realize how interesting the art be-
comes. Picture-making by the kodak
is made so easy that an amateur can
take a good picture from the start.
All you need is a fair understanding
of English and care to follow instruc-
tions. You can make your own pic-
tures from start to finish and do it
well. Then you can enlarge and re-
develop—both interesting processes,
and we have the instruments and in-
formation to furnish you.
Everything in kodaks from \$1.00
to \$65.00. Everything in photo sup-
plies. We do your developing and
printing.

STRONG'S BOOK STORE
306 West Central Ave.

GRAPE WRECK NOT ON MAIN LINE

It was erroneously stated in this
paper that the wreck which put a
deluge of fine grapes on the market
cheap here last week, occurred be-
tween Lamy and Bernadillo on the
New Mexico division of the Santa Fe.
Agent Ballou states that the smash-
up which amounted to very little,
happened at Lamy on the Belen
cut-off, just the one cut of grapes
being damaged.

NOTICE.
There is an individual now travel-
ing out of this city who represents
himself as "connected with the Im-
perial Laundry." No such person has
any connection with the Imperial
Laundry, financial or otherwise.
THE IMPERIAL LAUNDRY CO.
W. L. EDGAR, Manager.

Everything at a cut price at Dolde,
210 South Second street, for the next
few days.

If you need a carpenter, telephone
Hessiden; phone 577.

PAUL A. LARSH, ASSAYER AND CHEMIST.
315 1-2 West Central Avenue.

Assays of Ores, Mill Products, Bullion and Alloys; Analysis of Natu-
ral and Manufactured Products; Crude Oil, Coals, Asphaltum, Rock, Clays,
Potable and Boiler Waters, Paints, Oils, Varnishes and all Shop Neces-
saries; Detection and Estimation of Rare Elements; Legal, Industrial and
Municipal Chemical Investigations.

JUST PUBLISHED: KANEN'S NEW MEXICO CORPORATION

Blankets and Comforts

Warmth without weight, that your sleep may be most

refreshing, is the acme of perfection in Blankets and Com-

forts—the mark at which we have aimed in selecting our

even from the most inexpensive kinds to those of the very

finest. We are now showing our full assortment of

Blankets and Comforts. See window display for our special

in Plaid Blankets and assortment of color combinations.

Extra value at \$6.50 a pair; guaranteed both warp and

filling pure wool.

Bath Robe Blankets.

Of these we carry the largest assortment in the city—

splendid colors. Now, that the stock is complete, is the

time to buy, so as to give ample time to have them made

into robes before Christmas. Priced from \$2.25 to \$3.50

each. Cords to match.

Wise Talks by the Office Boy

Make a holler! If you don't see
what you want, make a holler for it.
You will never get the best there is
unless you go where it is. Our cloth-
ing lasts seasons but it is not last sea-
son's. The suits we sell you are put
together so that they stay. They are
right inside, hence they stay right out-
side. They are clothes of character
and not "a mere veneer." They won't
sag out of shape because there is no
sag in their shape. They are built
right from collar to cuff.

If you're the sort of a customer
that wants our sort of clothes, come
in and look them over—\$15, \$20, and
on up to \$35; not so much money
made on the clothes but more for you.
We are ready to show you the correct
style if you are going away and you
are in the market for a full suit or a
cravatette. Remember, we are head-
quarters on trunks and suitcases and
every kind of good underwear and
hosiery.

Don't believe any fairy tales you hear
about the clothing strike having cur-
tailed our shipments. We got in our
season supplies before the strike was
called.

WILLIE, with

SIMON STERN

The Central Avenue Clothier.

Directory of Special Attractions in the Stores and Shops of the City

Rosenwald's Where Quality Meets Price

Albuquerque's metropolitan store offers this week something unusually attractive and appropriate to the season. The "Thanksgiving theme" the finest and whitest and daintiest selection ever seen in this city and at very attractive prices. Rosenwald's special events have already made a record and this particular offering promises to break it. The values are splendid and the variety of selection offered the public is practically endless.

Rosenwald's will tell you more about it later.

The Sign of the Indian Horse

Have you been into the John Lee Clark store lately? If you haven't there is a revelation awaiting you there. The store has been repainted and otherwise beautified, but you won't notice the walls long after you begin looking at the beautiful selection of hamperware, glassware, china, and other household necessities. There is no name for it, it is decorative in the fullest sense of the word and really unique. There is nothing so immensely popular as art glassware and the John Lee Clark store is just a little different and a little more irresistible than anything previously shown in this city. This is just a part of the Indian Horse Christmas stock now coming in. It is all about it in anything less than two columns, but the Christmas shopper is warned he will miss something if he doesn't call.

Matson's

You have been looking in the magazine about that sunny Jim Matson's store. The Matson store is a little more expensive than usual these days for the reason that his Christmas stock now coming in is the finest collection of goods ever seen in this attractive store. The feature of the whole show just at present is the splendid collection of fancy brassware, desk sets, radiators, clocks, and other household necessities. Everything is new and in the latest styles. It won't take you long to get inside and start looking about some of the prices on this beautiful ware. And then there are other things, including that Matson smile and the polite saleswomen that you had about.

Albuquerque, the Home of Good Schools

Because of its excellent schools, Albuquerque has just earned the title "The Educational Center of the Southwest." In the city schools of Albuquerque are employed a corps of fifty teachers, all of whom are of the highest grade. Superintendent W. D. Sterling is a man of broad intellectual and executive powers, and to him is due much credit for the present efficiency of the school system. Mr. Sterling is also an educator, and his administration of the school system has been a model of efficiency.

University of New Mexico

The University of New Mexico, with a faculty of sixteen professors, and a large body of students, is the only university in the Southwest. It is a prominent institution for young men and women, and its location in Albuquerque is a great advantage. The university is a model of efficiency and its administration is a model of efficiency.

Another Old Land Mark Doomed to Be Razed

Another old land mark is doomed to be razed. The old land mark is a building which has been standing for many years. It is a building which has been a landmark for many years. It is a building which has been a landmark for many years.

Coverdale's Millinery

Mrs. Coverdale, true to her word and her advertisement, can prove on her pattern hats that the past week's hats were not a mistake. She has a number of very desirable patterns in all styles and for all purposes. Among the hats still remaining are about two dozen excellent patterns made to sell for \$2.50. These will be closed out during the coming week. This is an opportunity that should not be overlooked by any person desiring a hat of this quality. Many were the requests for patterns during the past week and to the conduct of the sale and the values offered. No doubt the remaining few patterns will be quickly snapped up during the coming week.

Mrs. Ballen

Some of the prettiest and handsomest things in fall and winter hats are now on hand. Mrs. Ballen's millinery store is a place where you can find the latest in hat fashion. She has a number of very desirable patterns in all styles and for all purposes. Among the hats still remaining are about two dozen excellent patterns made to sell for \$2.50. These will be closed out during the coming week. This is an opportunity that should not be overlooked by any person desiring a hat of this quality. Many were the requests for patterns during the past week and to the conduct of the sale and the values offered. No doubt the remaining few patterns will be quickly snapped up during the coming week.

Webster's Millinery

Webster's are closing up the fall season with a number of attractive millinery. The store is selling at a great reduction, not to come up the business, but to make room for the new stock of the goods for the coming season. Mrs. Webster has a number of very desirable patterns in all styles and for all purposes. Among the hats still remaining are about two dozen excellent patterns made to sell for \$2.50. These will be closed out during the coming week. This is an opportunity that should not be overlooked by any person desiring a hat of this quality. Many were the requests for patterns during the past week and to the conduct of the sale and the values offered. No doubt the remaining few patterns will be quickly snapped up during the coming week.

LEGISLATURE MAY GET ON TRAIL OF FAKE EMPLOYMENT MEN

(Special Correspondence to Morning Journal)

Houston, Tex., Nov. 11.—Through-

out the south there are in operation

fake employment agencies, with which

the law has been unable to cope

and taking advantage of the ac-

tivity of Houston these organizations

are playing their arts here with much

success. They advertise their ability

to secure work for anyone who will

pay a fee of five dollars when they

place the name of the applicant

on their books. They then send a

long list of supposed positions open to

the applicant, and the position is pre-

pared by the whole without any

serious thought as to the actual ex-

istence of the work purported to be

offered and when the victim reaches

Houston he is told that the position

which he was offered has been taken

while he was en route to this city, but

he is referred to a grocery store, or

some other working in sympathy

with the employment bureau where

he is told that the position has been

filled. The victim is then told that

he must pay the fee of five dollars

to be placed on the list of applicants

for the position. The victim is then

told that the position has been filled

and that he must pay the fee of five

dollars to be placed on the list of ap-

plicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

is then told that the position has been

filled and that he must pay the fee of

five dollars to be placed on the list of

applicants for the position. The victim

The New York Cloak and Suit Co.

Open Evenings During This Sale

CHICAGO SCHOOLS FLOURISH UNDER MRS. YOUNG

President of School Board Declares Conditions Are Unexcelled Anywhere in Whole United States.

(Special Correspondence to Morning Journal)

Chicago, Nov. 12.—The effectiveness of Chicago's espionage of children is seen that all who are of school age attend school was set forth in the annual report of President Alfred R. Young of the school board. The report shows that, thanks to the prevention of truancy, there has been a decrease of illiteracy of minors from 402 to 141; that the enrollment and attendance in the public schools has been a record of 2,236 boys and girls from the morning population of children between the ages of 14 and 16 in 1909, and that there has been a return of 2,159 for 1910.

The report also shows that the public and private schools through the persistence and alertness of the trustees, President Young paid a high compliment to the women superintendents of Chicago schools. Mrs. Eliza Flagg Young, and declared that Chicago schools are now working under the most effective conditions found anywhere in the United States. This statement probably will be challenged in many cities but the results in detail show the standard to be high. "The report," he said, "of the work of the education department in the past year showed decided advance over preceding years, harmony and cordial co-operation on the part of the teaching corps and in general better order in the schools of Chicago. Fortunately for the school of Chicago a person was found with the vision who was recognized as a leader in the field of education, one who possessed in addition to thorough pedagogical training and experience and an intimate knowledge of the needs of the public school system."

The recovery of Chicago's prestige in the shipping business has been needed for some years. Since the outbreak of the war, the city has been a center of the shipping business. The city has been a center of the shipping business. The city has been a center of the shipping business.

Colonel Zinn is familiar with the Chicago situation and has definite ideas as to what should be done. On taking up his work, however, he plainly stated that he would favor conciliation and compromise between opposing factions in order to insure the making of a new plan for the future of the city. "I am informed," he said, "that the welfare of the city makes it essential that all those interested in the harbor unite within a short time. Otherwise I will report my own conclusions. Most problems can be adjusted by a spirit of give and take, but some things are necessary to call for a Morning Journal Want Ad

THIS STORE IS NOW
UNDER A NEW AND
DIFFERENT MANAGE-
MENT

Its entire BIG SHOE STOCK is now on sale and will continue until Saturday night, December 3d. Sweeping reductions will be made in all lines at prices FAR BELOW THE REGULAR SELLING PRICE. We are doing this to get better acquainted with the public, to get them interested in this store, and to have them know that we are in business, first of all to serve them with the best to be had in shoes. Only standard goods are offered you for the reason that we handle none but the best makes. We do not exaggerate—we tell you exactly what you want to know, and all you want to know. Our discounts are fair and honest in every way. It's a better chance to get GOOD SHOES for a little money than you ever had, and better than you'll probably ever have again. Come in at least, and inspect our offerings.

Style in Women's Shoes

It is not a superficial thing—it strikes deep—goes to the very foundation of good shoe making. It is the result of great skill, fine materials and high initial cost. We have often been told by our customers that we have the smartest line of Women's Shoes in Albuquerque. Our best lines are conceded by the "trade" everywhere to be the last word in shoe building. They have an individual style and character, are beautifully balanced—built on lines of perfect symmetry, yet have a fetching simplicity. This is especially true of our big line of pumps and slippers, for dress and evening wear, of which we have by far the largest stock ever shown in this city. Many of these are made up on the stylish "stage" and "gypsy" lasts, in a variety of patterns in two strap, button, lace and pump, fine patent, dull kid and suede, that we invite you to see. The combination of these lasts and the short vamps are irresistible. The price range is \$2.25 to \$6.00 with 20 per cent off on anything you may choose in this big line. We also have a large line of felt and house slippers \$1.25 to \$2.25, and at the same reductions.

Our \$4.50 Shoes

If you would test us, take a look at our splendid lines at this price. We are so enthusiastic about them we would be glad to show you a picture of every style in our big stock. But you would prefer seeing the shoes anyway. Shoe talk and a picture on paper, isn't as satisfactory and convincing as an examination in our store. Our \$4.50 shoes are superior for many reasons.

They're a combination of the best leather, the greatest care and skill in manufacture, and the result of a sincere desire to make the best shoe possible for the purpose, price and the wear intended. The shoes speak for themselves. They are superior because they are meant to be. No skimping, no cheapening in any manner. Here are honest shoes inside and outside, from top to bottom. All new fall styles. EXPLOSION SALE PRICE WILL BE \$1.00. This includes everything in Women's Shoes in our entire stock at \$1.50 and up to \$6.00. (Specials will go as advertised elsewhere).

Our \$3.50 Shoes

Every Woman's Shoe in our stock that formerly sold at \$1.00, will be reduced to \$3.50 during this 20-day sale.

Don't judge these shoes by the price. See the shoes! \$3.50 is a small price to pay for this kind of a \$3.50 shoe, all new and made up for the season's trade, well built in every way, just the same cut and style as shoes sold for nearly twice \$3.50. No further reduction on these; just \$3.50 straight through.

Specials! Specials! Specials!

We have decided to discontinue the E. C. Burt shoe for next season and are going to make a tremendous slaughter on prices to clean them up quickly. We have several hundred pairs of the well known Packard at \$2.50 or a \$6.00 pair of the celebrated Edwin Clapp at \$3.00. We have about 200 pairs, sizes badly broken and run mostly in odd lots, sizes from 5 to 7 1/2 and from 9 to 11. Bring in your feet. If you are not particular about the style and can wear these sizes you'll get the biggest value you ever had in real high class shoes.

Odds and Ends in Children's Shoes

All sizes in our present stock from 2 in children's to 2 in misses go at 50 cents on the dollar. Sizes pretty badly broken in this lot, but if you find your size you'll find a rare bargain.

One lot of Boys' heavy Shoes, heavy soles and uppers; just the thing for hard wear, regular price \$2.25, \$2.50 and \$2.75. EXPLOSION SALE PRICE, \$1.15, \$1.25 and \$1.40. One lot Boys' Vel included at the same reduction.

Men's Shoes

We have a big line bought, to arrive soon, and to clean up on what we have in stock, are offering them at 50 cents on the dollar, which means a \$5.00 pair of the well known Packard at \$2.50 or a \$6.00 pair of the celebrated Edwin Clapp at \$3.00. We have about 200 pairs, sizes badly broken and run mostly in odd lots, sizes from 5 to 7 1/2 and from 9 to 11. Bring in your feet. If you are not particular about the style and can wear these sizes you'll get the biggest value you ever had in real high class shoes.

Everything in our big stock (except findings) not included in our \$2.50 and \$1.00 Women's and specials will go at 20 per cent reduction from the regular price. You can make no investment that will pay such a handsome dividend as our shoes at these prices.

We'll make good every word of this ad. Bring it with you and make us prove it. (All goods sold for CASH only).

SAN DOMINGO INDIAN ANOTHER BATCH OF M'MAHON HEADS BOUND OVER TO INDICTMENTS PECOS DIVISION GRAND JURY AT ROSWELL OF SANTA FE

Santiago Pacheco, Accused of Knowledge of, or Complicity in Murder of Jim Sing, Held in \$1,000 Bail.

Charged with having knowledge of or complicity in the murder of Jim Sing, a Chinaman, who was murdered at Domingo, N. M., on the morning of May 22, 1910, Santiago Pacheco, a San Domingo Indian, was yesterday morning arraigned before Judge Ira A. Abbott in the district court, waived preliminary examination and was bound over to the grand jury in the sum of \$1,000. In default of the necessary bond Pacheco was sent to the county jail. He said that he would arrange the bond within two or three days. Pacheco was the principal witness for the territory in the case against Adelaida Hernandez charged with the murder of Jim Sing. Hernandez was acquitted. Pacheco admits having received a part of the bounty which was taken from the Chinaman's restaurant at Domingo after the murder.
