SIX ARTICLES
ARE FINALLY
ADOPTED

REVISION COMMITTEE IS
WORKING NIGHT AND DAY

Resolution Adopted in Convention
Yesterday Providing That
Matters Once Rejected May
Not Be Reintroduced.

Special Dispatch to the Morning Journal
Santa Fe, N. M., Nov. 16.—Six articles of the constitution of New Mexico were finally adopted at today's session of the constitutional convention. The articles adopted are those relating to the militia, agriculture, education, commerce, and the public lands. Without exception these articles were adopted in the exact form in which they were reported from the committee on revision and arranged in several orders to amend the constitution. The articles were adopted by a vote of 100 yeas and 10 nays. The convention was called to order this morning promptly at 10 o'clock. Delegate Luna introduced a resolution which was adopted, providing that matters rejected by the convention may not be reintroduced, either by individual members or through standing committees. The adoption of this resolution will do much to facilitate business, and it means a long step toward the speedy adjournment of the convention.

Chairman Springer, of the committee on revision and arrangement, which is working night and day, preparing the different articles for final adoption, this morning made a final appeal against the adoption of the articles rejected by the convention. Mr. Springer declared that it was utterly impossible to secure the attendance of members of the committee meeting. He stated that he had held three daily sessions, in accordance to his wishes, it was voted that hereafter no morning sessions will be held.

It remains to be done, save the final adoption of the different articles already agreed upon, and it is the present intention that the convention will meet every afternoon at 2 o'clock and work as far into the night as is necessary to dispose of the matters presented by the revision committee.

A supplementary report from the committee on education was presented this morning. This report, which will likely be adopted, provides for the disposition of lands granted the various educational institutions of the state. The report follows:

Section 1.—The University of New Mexico, at Albuquerque, the New Mexico Agricultural and Mechanical Arts and Las Cruces; the New Mexico School of Mines, at Socorro; the New Mexico Military Institute, at Roswell; the New Mexico Normal School, at Silver City; the New Mexico Normal University, at Las Vegas; the Spanish-American Normal School,

at El Rito; the New Mexico Asylum for the Deaf and Dumb, at Santa Fe, and the New Mexico Institute for the Blind, at Albuquerque, are hereby confirmed as the state educational institutions. The appropriations made and that hereafter may be made by the United States, for agricultural and mechanical colleges and experimental stations within this state, shall be paid to the New Mexico College of Agriculture and Mechanic Arts.

Section 2.—All lands granted under the provisions of the Act of Congress, An Act to Enable the People of New Mexico to form a Constitution and State Government, and be admitted into the Union, on an equal footing with the original states, and to enable the people of Arizona to form a constitution and state government, and be admitted into the Union on an equal footing with the original states, shall be exclusively used for the purposes for which they were granted, and shall be subject to the provisions of the act of Congress, approved March 3, 1891, entitled "An Act to Enable the People of New Mexico to form a Constitution and State Government, and be admitted into the Union, on an equal footing with the original states, and to enable the people of Arizona to form a constitution and state government, and be admitted into the Union on an equal footing with the original states."

Section 3.—The legislature shall provide for the control and management of each of the institutions by a board of regents for each institution, which board shall be composed of six members, to be appointed by the governor, for a term of five years, by and with the consent of the senate, and not more than a majority of whom shall be laymen. The duties of said boards shall be as prescribed by law.

Section 4.—The legislature shall provide for the control and management of each of the institutions by a board of regents for each institution, which board shall be composed of six members, to be appointed by the governor, for a term of five years, by and with the consent of the senate, and not more than a majority of whom shall be laymen. The duties of said boards shall be as prescribed by law.

Section 5.—The legislature shall provide for the control and management of each of the institutions by a board of regents for each institution, which board shall be composed of six members, to be appointed by the governor, for a term of five years, by and with the consent of the senate, and not more than a majority of whom shall be laymen. The duties of said boards shall be as prescribed by law.

Section 6.—The legislature shall provide for the control and management of each of the institutions by a board of regents for each institution, which board shall be composed of six members, to be appointed by the governor, for a term of five years, by and with the consent of the senate, and not more than a majority of whom shall be laymen. The duties of said boards shall be as prescribed by law.

LAGUNA HUNTERS
GET MINIMUM
SENTENCE

Twenty-seven Game Law Violators
Fined \$500 and Costs
and Allowed to Keep Much
Needed Proverder.

Magdalena, N. M., Nov. 16.—The twenty-seven Laguna Indians, who were arrested in the Dull mountains last week, were fined today by Justice of the Peace Flores a total of \$500 and costs and thirty days in the county jail. The judge made over forty conditions for violations of game laws in this county this season, the fines amounting to over \$2,000.

C. L. Carter, of Butte, Mont., who is a famous rifle shot and marksman, has been appointed to the position of hunter and trapper on the Dull national forest and leaves in a few days for the mountains to enter upon his duty of exterminating predatory animals which infest the country.

At four o'clock this afternoon there will be a tremendous racket in this town.

Every whistle and every bell will give the expected signal that it is "Block Day," and that the city of Albuquerque is holding a "block day" in honor of the Young Women's Christian Association.

UNITED STATES DAZ THWARTS "GLASS TRUST"
WON'T ANNEX UPRISING IN PANAMA TO REDUCE WAGES

REPUBLIC IS GIVEN PRESIDENTS' ASSURANCE
MADERO AND MAGON DECLARED THE LEADERS
WICKERSHAM INDIGNANT AT REMOVED ACTION

Mr. Taft Arouses Enthusiasm
by Declaring This Country
Has No Desire to Take More
Territory on Isthmus.

Secret Agents of the federal government succeeded in seizing papers in which plans of the revolutionists were outlined. Effective measures were taken at once to thwart the proposed insurrection.

Arms and ammunition, it was said, had been widely distributed, and a concerted uprising on a fixed date was planned.

The president arrived at Panama at 6:30 o'clock this evening from Cuba after spending the day in the great city where he was surrounded by thousands of cheering people.

President Taft said: "I am again glad to accept your hospitality. As once in the case of Mexico, so now in the case of Panama, I ventured to violate the customary limitation upon foreign conditions of the United States by leaving the soil of my own country to come beneath the flag and protection of a friendly neighbor."

The treaty between the two countries makes the United States the guarantor of the Panama republic and therefore in a sense the guardian of the liberties of her people secured by its constitution.

"Our government," he said, "is bound to observe the course of conduct by those selected as the officials of your government, after they are selected, and that they be selected according to law."

"We do not wish any further responsibility in respect to your government, after they are selected, and that they be selected according to law."

"We have guaranteed your integrity as a territory, and for us to annex territory would be to violate that guarantee and nothing would justify it on our part, so long as Panama performs her part under the treaty."

"I wish to make this statement as accurate as possible, because irresponsible persons without the slightest foundation, in fact, have started a rumor that my visit to the isthmus is for the purpose of promoting annexation, and nothing could be further from the truth."

"Panama cannot be too prosperous, too healthy, too strong a government for the United States, and I know of no better way of making it so than to speak the unanimous wish of the people of the United States when I say that we would be most reluctant to have to take over the responsibility of government beyond the canal zone, and would feel utterly disheartened if we were to do so."

"I am glad to say that there is not the slightest intention of annexing Panama. The United States will never pursue a policy which would require such a change in the present most satisfactory relations between the two republics."

be followed on any further similar occasion.

WAGES WERE RAISED
SAYS COMPANY STATEMENT
Pittsburg, Nov. 16.—The Imperial Window Glass company, which is undergoing liquidation under an order of the federal court, issued a statement today in explanation of reports that it intended to cut wages of the workmen 30 per cent as a result of the loss imposed. The statement was in part:

"The Imperial was composed of about sixty out of the possible 100 hand factories in the United States, and its first act after reorganization was to increase wages about 15 per cent. Having worked through the time of 1909 and 1910 at the increased wage conference was called which ended in Detroit and resulted in an increase averaging 25 per cent. This was based on the increased price of glass, the profit of the Imperial being between six and seven per cent. This wage increase amounted about 1909."

Under the order of the United States court the Imperial Glass company is now in liquidation and as soon as its stock of glass is disposed of it will surrender its West Virginia charter.

That will leave the various hand glass companies to compete individually with the machine factories. Already all the hand glass factories are shut down with the exception of six, which are now operating under the old Lake Erie scale with glass at its present price, that is, a reduction of 50 per cent from the wages paid by the Imperial Glass company."

The despatch further said the corporations attributed this ultimatum directly to the imposition by the federal court of fines upon the company, and upon its officers and directors individually.

The department tonight issued a statement outlining its view on the matter and incidentally intimating that the reported action of the corporations, if substantiated, "would indicate a very mistaken leniency on the part of the court, which it is hoped would not be followed on any similar occasion."

This statement is interpreted as indicating an intention to insist in similar cases upon joint sentences rather than fines.

Attorney General Wickersham expressed indignation at such statements and strong doubt of its reliability.

The statement of the department says: "The evidence obtained by the department shows the Imperial Window Glass company was organized in April, 1909, it manufactured no glass, but was purely a selling agency, buying the entire output of fifty or more manufacturers of window glass in some ten different states and the manufacturers from which it bought, provided that no glass should be sold by the latter except to the Imperial company. The stock of the Imperial company was divided among the manufacturers."

It was not until the company had brought into combination with it, under such contracts, manufacturers of about ninety-seven per cent of the hand blown window glass manufactured in the United States that it was determined to commence business.

It began business in January, 1910. By October 1, 1910, prices had been advanced seventy per cent over what they were in April, 1909. The evidence showed that in the first three months of its operation the Imperial company earned net profits equal to its entire capital stock.

The largest advance in prices was subsequent to this initial period and the evidence showed that in the ten months of its business the combination cleared about \$1,000,000 or four hundred per cent on its capital stock. It leased fifteen factories at high rental for the sole purpose of keeping them closed and removing their product from the market. Its expenses, according to the evidence, for the first three months of its operation were \$100,000, and it had a net profit of \$100,000.

"Indictments were found against the fifteen directors and officers of the company, each one of whom was either president or officer of one of the companies who had entered into agreements to sell their product only to the case set for trial in Pittsburg on Monday, November 14."

A few days previous to the trial the defendants suggested that they would plead guilty to the crime of conspiracy, provided the attorney general would agree to recommend the court that only fines be inflicted.

This was refused, as the attorney general considered, and so stated to the defendants, that the combination was one of the most flagrant and intentional violations of the trust laws which had been brought to the attention of the department.

DENY RUMOR
OF COUNT'S
DEATH

LATE MESSAGES SAY
CRISIS HAS PASSED

Dispatch to St. Petersburg Declares Novelist Still Lives; London Newspapers Print Story of Death Today.

By Morning Journal Special Leased Wire
St. Petersburg, Nov. 16.—The report of the death of Tolstoy was received here last night by the various newspapers and agencies. The Novoye Vremya Moscow correspondent first telegraphed that Tolstoy was dead, but at an early hour this morning, he sent a further dispatch saying a resident had been received that Tolstoy was living and that the crisis of the disease had been passed.

At 4:15 o'clock this morning the Vostok News agency reported that the death of Tolstoy was not confirmed.

LONDON NEWSPAPERS
DECLARE COUNT DEAD.
London, Nov. 16.—All the London morning papers announce the death of Count Tolstoy, based on special dispatches to a news agency from St. Petersburg and Moscow and publish long memorials.

After the issuance of the papers, there was a considerable element of doubt as to the actual death of Count Tolstoy, following the receipt of a Russian news agency dispatch from St. Petersburg saying the death of Tolstoy was unconfirmed.

The Times publishes a despatch from St. Petersburg timed 1:31 a. m. as follows: "News of Tolstoy's death reached here only a few minutes before the despatch of this telegram."

"No details are yet known here, conflicting rumors prevailed the whole of yesterday."

It seems that the journey in a crowded train from the station in which Tolstoy was compelled by lack of room to stand on the platform exposed to bitter cold and rain, was the direct cause of the inflammation of the lungs which unhappily proved fatal.

TO SETTLE ROW

Split in Electrical Workers
Brotherhood Is Brought Before Labor Convention.

By Morning Journal Special Leased Wire
St. Louis, Nov. 16.—The schism of several years, which split the Brotherhood of Electrical Workers, was brought before the American Federation of Labor convention here today by the submission of majority and minority reports from the split electrical unit.

The electrical men are divided into two parties known, from the names of their leaders, as the Reed and McNulty factions.

The McNulty faction is recognized by the American Federation of Labor and the Reed faction is struggling for recognition.

Dellegates representing the state and city central bodies affiliated with the American Federation of Labor tonight organized for the purpose of preventing the adoption of any resolutions detrimental to these smaller bodies.

It is pointed out that under the plan in operation in the convention delegates representing the International unions have the preponderance of votes and that unless the interests of the local organizations are specially looked after, resolutions that may hamper the work of the latter may be adopted.

STRIKERS ATTACK
NON-UNION DRIVER

New York, Nov. 16.—The attempt of the taxicab companies to break the strike, led to a riot this evening along Fifth avenue near the entrance to Central park. Several hundred strikers and sympathizers attacked a taxicab driven by a strike breaker.

Sticks and stones were thrown but no serious damage had been done. Police reserves arrived and dispersed the crowd. The rioters then marched on the taxicab stands in front of the Plaza Hotel and the Hotel Hamilton and drove them away.

Most of the taxicabs driven by strike breakers today were guarded by policemen. It is said many of the men will return to work tomorrow although the strike has not been officially settled. The strikers demand a "closed shop" agreement.

MAGAZINE EDITOR DIES.
Los Angeles, Cal., Nov. 15.—Charles A. Moody, well known in western literary circles, and for several years editor of the Los Angeles Times, died at his home in this city, of intestinal trouble, superinduced, it is thought, by ptomaine poisoning. He was 45 years old.

SPORTS

RACING RESULTS

At Norfolk.
 Jamestown, Nov. 16.—Summaries:
 First race, 5 1/2 furlongs: Thrifty won; Hengado, second; Cardiff, third. Time, 1:07 4/5.
 Second race, 5 1/2 furlongs: Seneca II. won; O. Em. second; Henry Crissenden, third. Time, 1:07 3/5.
 Third race, mile: The Nigger won; Sand Hill, second; Amalfi, third. Time, 1:41.
 Fourth race, 6 1/2 furlongs: Hoffman won; Racquet, second; Babbler, third. Time, 1:20 2/5.
 Fifth race, mile: Henry Munroe won; Dixie, second; The Monk, third. Time, 1:42.
 Sixth race, mile and 70 yards: Duke of Bridgewater won; El Oro, second; Grania, third. Time, 1:46 1/5.

At Emeryville.
 Oakland, Nov. 16.—Chester Krum upset calculations by winning the Crescendo handicap at Emeryville today. Arace and Spellbound were thought to have the event to themselves, but after they had raced on almost even terms the greater part of the journey, Chester Krum saved ground by getting through next to the rail and won cleverly. Spellbound beat Arace in a drive for second place. Through overconfidence on the part of Garner Lord of the Forest was beaten a head by Roy Junior in the third race. Frank Doss bid up Roy Junior from \$500 to \$800 and secured him.

Archibald rode three winners.
 First race, 5 furlongs: Pay Streak won; Tim Judge, second; Eddie Mott, third. Time, 1:00 3/5.
 Second race, 6 furlongs: Prosper won; Netting, second; Harry Stanhope, third. Time, 1:14 1/5.
 Third race, 1 1/4 miles: Roy Junior won; Lord of the Forest, second; Marburg, third. Time, 1:09 4/5.
 Fourth race, mile and 70 yards: Chester Krum won; Spellbound, second; Arace, third. Time, 1:43 1/5.
 Fifth race, 6 furlongs: Smiley Mettner won; Emma G., second; Oswald E., third. Time, 1:12 2/5.
 Sixth race, 6 furlongs: Setback won; Rocky O'Brien, second; Pride of Lismore, third. Time, 1:12 1/5.

At Latonia.
 Latonia, Ky., Nov. 16.—Fountain today won the feature race, a mile and 70 yards handicap from a good field. Green Seal set the pace to the stretch where Fountain caught him and won easily by four lengths. Dr. Holzberg, after trailing most of the way, showed a burst of speed in the stretch and finished second, a length in front of Green Seal.

Davenport got a hard fall in the fifth race when Navette fell.

An examination of Jockey Davenport's injuries showed he was probably not internally hurt, but he had probably about the head and body. He will not be able to ride again at the present meeting and probably not be in the saddle for months.

Starter Morrison inflicted a severe penalty on Jockey Phil Musgrave, when he fined the latter \$100 and suspended him for the rest of the meeting for trying to beat the barrier.

First race, 5 1/2 furlongs: Husky Lad won; The Whip, second; Aviator, third. Time, 1:06 4/5.
 Second race, 5 1/2 furlongs: Naughty Lad won; Grover Hughes, second; Lilly Paxton, third. Time, 1:07 2/5.
 Third race, 6 furlongs: Melvor won; Edda, second; Jim L., third. Time, 1:13 4/5.
 Fourth race, handicap, mile and 70 yards: Fountain won; Dr. Holzberg, second; Green Seal, third. Time, 1:44.
 Fifth race, 6 furlongs: Alice won; Princess Thorpe, second; Sylvester, third. Time, 1:12 1/5.
 Sixth race, 6 furlongs: Parkview won; Cross Over, second; Woodlane, third. Time, 1:12 1/5.

VETERAN HARVARD PLAYERS DEFEAT CARLISLE INDIANS

Cambridge, Mass., Nov. 16.—A team composed of last year's college football players now attending the Harvard law school, demonstrated on Soldiers' field today that they could "come back" with a week or two of practice, for by a score of 2 to 0 they defeated the Carlisle Indians.

The Indians came to Cambridge with a string of well earned victories and comparatively few defeats, while the law school team had played but one previous game.

It was a one-point contest, however, for P. B. Phillips, the fleet Yale half-back, ran the team from fullback's position, where he took direct passes either for a dash around the end on his own account or to hurt a forward pass.

In the first period when he had driven Carlisle back to the fifteen-yard line, he dropped a pretty field goal for the only score of the game. Hankus Pisk, the former Harvard captain, led the law school team and was as strong on the defense as Phillips on the offensive.

The Indians played entirely on the defensive except for a brief spurt in the fourth period.

Law School, 2; Carlisle, 0.

Chess Match Ends In Draw.
 Berlin, Nov. 14.—The third game in the chess match for the world's championship between Emanuel Lasker and D. Janowski, ended in a draw today. The game was twice adjourned and eighty moves were played.

The score now stands: Lasker, 1; drawn, 2.

Manjome Defeats Backus.
 Kansas City, Nov. 14.—Pierre Manjome of St. Louis, defeated J. K. Backus of Kansas City, at billiards in the league race here tonight, 50 to 41.

New York, Nov. 16.—Allan Mason of Boston, defeated James Blair of New York in the last game of the series between Boston and New York in the National Billiard League three cushion tournament here tonight, 50 to 34.

Pitchers Sign Contracts.
 New York, Nov. 16.—Pitchers James Vaughan and Raymond Fieber signed with the New York American league club today for 1911.

RECLASSIFICATION IS FOUGHT

Three I League President Protests to Arbitration Board in Session at Chicago.

(By Morning Journal Special Leased Wire)
 Chicago, Nov. 16.—The board of arbitration of the National Association of Professional Baseball Leagues tonight began hearing evidence bearing on re-classification of leagues.

President Tierney of the Three I league, whose membership in class B is threatened, made a fight to delay re-classification or to instruct the board not to reduce the classification of leagues that may have fallen below the population requirements.

Mr. Tierney admitted that his league was shy about 25,000 persons from the population required for class B leagues.

He finally secured the adoption of a resolution recommending to the board that it use every effort to secure the consent of the national commission to allow leagues whose classification is in jeopardy, to retain their present rating.

J. C. Ewing, member of the board from California, bought the classification matter squarely before the meeting when he declared that efforts to dodge the issue were futile.

The constitution of the association and the agreement with the national commission, he said, leave the board no option but to re-classify.

San Antonio, Texas, secured next year's meeting, Mr. Ewing invited the association to hold its 1912 meeting at San Francisco during the exposition. This was tentatively accepted.

While the status of both the Three I and the Western leagues is affected by the 1910 census, it is believed the old verbal agreement which the latter had with the association will protect its interests against a reduction in classification. There is no disposition to question the authenticity of this agreement.

The association adjourned until tomorrow at 11 o'clock, but the board of arbitration renewed its deliberations tonight. It hopes to finish tomorrow.

The old matter of a new class "A" to support the dignity of the American association and the eastern leagues will not require consideration at this gathering. The American association is not represented at the meeting and President Powers, of the eastern league, said today he would not bring up that issue now.

When the board of arbitration of the National Association of Professional Baseball Leagues started tonight to re-classify certain leagues on the basis of the 1910 census they hit a snag the first thing—they did not have the official figures on some of the cities involved.

Fortworth telegrams were flashed to Washington in an appeal to the census bureau to furnish the information. An early answer explained that under the law population figures of cities specified could not be given out of their order.

This looked like a stone wall until some one discovered that the census bureau could furnish totals on any collection of cities in any league.

President Sexton telegraphed that this arrangement would be satisfactory, but as these figures will not be available until tomorrow the matter of re-classification went over.

(By Morning Journal Special Leased Wire)
 New Haven, Conn., Nov. 16.—The arrival of the Harvard football eleven at Farmington tonight and the announcement by Captain Daly of the Yale team that Vaughan, last season's left end, would be able to get into the football situation here today.

There are thirty-seven players in the Harvard squad. Ted Frothingham, a first string right halfback, did not come with the team, not having fully recovered from a slight illness. He is expected tomorrow.

The announcement that Vaughan would be able to take part in Saturday's game was a welcome surprise to the Yale supporters. He was taken ill after the Harvard game last year and it was believed he would never play again.

DEMAND FOR TICKETS EXCEEDS THE SUPPLY.
 Boston, Nov. 16.—The demand for tickets for the Harvard Yale football game at New Haven on Saturday so far outruns the supply that what few spectators have succeeded in gathering in a few, are holding them at prices ranging from \$20 to \$50 a pair.

Six seats were advertised today for \$200 and local brokers are in constant receipt of orders from all parts of the country offering almost any price for tickets.

BRITAIN IS FIRST IN ARMY CONTEST AT HORSE SHOW

New York, Nov. 16.—Twenty-three officers in uniform from five armies mounted on the best chartered their nations could send to the National Horse Show, appeared before the Horse Show at Madison Square Garden tonight. When the awards were given out, first place went to Harmony, ridden by Colonel P. A. McKenna of Great Britain, second place to Thor-

RATON APPRENTICE TEAM DEFEATS LA JUNTA BOYS IN FOOTBALL GAME

(Raton Ranger.)
 The football game played yesterday afternoon between the La Junta and Raton apprentices football teams resulted in a victory of 6 to 0 for the local team. The game was closely contested throughout and was greatly enjoyed by a fair-sized crowd there to witness the contest. The touchdown made by the Raton boys was the result of a fluke, a La Junta man dropping the ball, when the ball was kicked behind the La Junta goal post, and a Raton man falling upon it, scoring a touchdown. The local team's line-up was as follows: Center, Dillon; guards, Orwick and Smith; tackles, Haddock and Eberhart; ends, Hennings and C. Murphy; quarter, J. Murphy; halves, Fanning and Mote; full back, Brugger. Referee, Raywood; umpire, Quine Hart.

STOCK OF WOOLEN FIRM SEIZED

Evasion of Customs Duties Is Basis For Action by Federal Officers.

(By Morning Journal Special Leased Wire)
 New York, Nov. 16.—The entire stock of Joseph Brooke and company, an English woolen firm, which has maintained a branch house in New York City for twenty-five years, was seized by the government tonight, in an action to recover \$200,000 damages "in consequence of fraud and other wrongful acts."

Alleged evasion of customs duties disclosed by a former employee of the firm, is the basis for the action.

With the seizure, it became known that the government had recently instituted suit against the firm, but because unable to serve the summons, because the Brookes are now in Huddersfield, Eng., United States District Attorney Wise today obtained a writ of attachment. The stock is valued at almost the amount of the damages claimed by the government.

Peter Redling, until recently a clerk in the firm's employ, gave the information on which the government acted. Special agents, according to Mr. Wise, verified charges that the company, for years, had cheated the government by undervaluation of goods and false invoices.

The parent house is at Bradford, Eng., and the members of the firm reside abroad.

OFFICIAL NOTES OF THE CAPITAL

Substantial Increase Shown in School Census of Union County; Mounted Police Busy.

(Special Correspondence to Morning Journal)
 Santa Fe, N. M., Nov. 16.—Governor Mills today appointed Manuel Hays of Apache Springs ranch, San Miguel county, a notary public.

School Census.
 Superintendent of Public Instruction James E. Johnson today received the school census of Union county which shows 3,810 persons of school age as against 3,358 last year; and of Guadalupe county, 2,456 as against 2,292 last year.

Mounted Police.
 J. W. Collier, of the mounted police, has returned from Penasco, Texas, where he had gone at the request of prominent citizens of that county, who deputed the continuous lawless in that section. Mounted Policeman Collier found everything quiet, but the mounted police will keep an eye on that section.

The mounted police also report the arrest of William H. Rice, a tourist at Carlsbad, Elddy county, on the charge preferred by Postmaster J. W. Harrison at Pecos, San Miguel county, that he passed a bad check.

GRAVES OF SAILORS DESECRATED BY JAPS
 Victoria, B. C., Nov. 16.—Vandalism at the graves of five American sailors of Commodore Perry's expedition of fifty years ago, which opened Japan to the world, has been reported to the American embassy at Tokyo, according to advices brought by the steamer Mexico Maru today.

The American women were buried at Santa Lucia Island in stone tombs built above the ground after the local fashion, and five or six years ago the United States steamship Victoria went thither and erected tablets to mark the graves. These have been pulled away by the natives and the graves desecrated. Two of them being destroyed. An investigation is being conducted.

SOLOMON SAVAGES KILLED AND ATE SCIENTISTS

Mystery of Fourteen Years Standing Concerning the Fate of Austrian Expedition Is Cleared By Missionaries' Discovery.

(By Morning Journal Special Leased Wire)
 Victoria, B. C., Nov. 15.—A mystery of fourteen years concerning the fate of the Austrian Scientific expedition from the ship Albatross in the Solomon Islands, is cleared up by the finding of the remains of the expedition in the Solomon Islands. The discovery was made by Dr. Northcott Deck of the South Sea Evangelical mission. News of the discovery of the remains of the party in the Albatross was received today by the steamship Zealandia from Australia.

The expedition from the Albatross was headed by Baron Von Norbeck and included Lieutenant Bodick, Midshipman de Beaufort and nine sailors. Dr. Deck found evidence of a massacre of the natives and from the natives learned the details of the slaughter.

The Austrians, according to the natives' tale, were surprised by the blacks. Baron Von Norbeck was taken away by a savage who crept up behind him. The sailors fought off the blacks after several were wounded and made a camp where the baron died.

During the night the camp was again attacked and only three of the men escaped. They made their way to the coast without learning the fate of their fellows who fell into captivity. Remnants of remains came ashore after the cannibal feast, found near the scene of the massacre, leads Dr. Deck to believe the captives fell prey to the inhuman practices of the savages.

CANNIBALISM STILL PREVALENT IN SOUTH SEAS
 Seattle, Wash., Nov. 16.—Discussing the story told at Victoria yesterday by Dr. Deck, who found in the Solomon Islands remnants of the bodies of Baron Von Norbeck, the Australian scientist and his companions eaten by cannibals, David Paul, of this city, who has visited all parts of Australia, said today that cannibalism was still widely prevalent in the south seas.

Since the Germans, French and English have annexed various groups and forbidden cannibalism, the anthropologists are obliged to be more cunning, and when they feast on human flesh they refuse to the mountains and leave no trace of the banquet.

Stocks are cut from the fleshy portions of the body and these steaks are inclosed in hollowed stones and roasted on coals. The arms and legs are cut off and thrown away, and the head suspended from the tree as a decoration.

Mr. Paul arrived at the coast a short time after the incident and soon concluded. The legs and thighs of four natives were picked clean.

The natives prefer whites as food and do not eat human flesh as a religious rite, but because they consider it a delicacy.

he present on Monday and direct Mrs. "light."

Promoter Harvey also stated that \$50,000 had been pledged toward a fund of \$100,000 for an international meet in Denver next spring.

Aviators generally are interested in the flights now being made here as tending to solve the problem of a coast-to-coast flight. How to get across the Rocky mountains with machines that fly readily in the heavier air of low altitudes has been a question involving much thought and the present experiments are expected to decide whether or not it can be done.

SEVEN YEAR OLD BOY DRAGGED TO DEATH BY HORSE NEAR CLOUDCROFT

Alamogordo, N. M., Nov. 15.—Last Sunday morning at the Swoope ranch, twenty miles south of Cloudcroft, the seven-year-old son of Mr. and Mrs. Jack Swoope was killed in a most horrible manner. It seems that the boy became entangled in a rope that was tied around a horse's neck and was dragged to death.

A sad feature of the accident is that Mrs. Swoope, mother of the dead boy, is very low with typhoid fever.

T. J. Fleming came in Thursday to transact business. He has just made a mobair shipment of 5,038 pounds to Sanford Mills, Sanford, N. M., shipping from Cloudcroft. Mr. Fleming states that the mobair in this shipment was the finest he has ever seen and expects 20 cents a pound for it.

THREE AVIATORS FLY AT DENVER

Johnstone, Hoxsey and Brooks Give Exhibitions, But Attempt No New Records.

(By Morning Journal Special Leased Wire)
 Denver, Colo., Nov. 16.—Spectators at Denver's mile high aviation field witnessed interesting flights by Ralph Johnstone, Arch Hoxsey and Walter Brooks today. The three aviators, giving exhibitions at Overland park this afternoon, Johnstone, without attempting anything like record-breaking altitude flight, rose in a few minutes and soared gracefully to 1,500 feet and sailed gracefully over the field and forth for several minutes. While Johnstone was pushing his machine skyward, Hoxsey circled 200 feet below him, cutting figure eights, tiding and dipping as the crowd gazed and cheered at the maneuvers. Brooks was also dashing to and fro across the field at an altitude of about 1,000 feet.

Each of the aviators ascended twice. On one of his flights Brooks left the field and traveled toward the Rocky mountains for a mile or more as if testing the air currents which are known to vary greatly as the foothills are approached.

The light air in which some of the aviators had ever attempted flights before proved somewhat disconcerting at first. Johnstone explained after alighting from his first flight that he could not get his machine off the ground until he had increased the power considerably more than is necessary in lower altitudes. All three noticed this difference and they are anxious to test the climbing capacity of their machines against the rarified air of these mountain sections.

Only one accident, and that not of a serious nature, happened today. Johnstone, in descending from his second flight, allowed his machine to gain too much momentum. It struck the smooth track used for horse-racing and skidded along at a rapid rate. Johnstone signalled for helpers to check the machine, but only one seemed to understand. This youth jumped in front of the flyer and made a flying tackle of one of the wings. The machine swerved into a fence and smashed a wing so that the machine was put out of commission for the day.

Robert E. Harvey, promoter of the aeroplane exhibition which was originally planned to last four days, today closed the field and by wire, with Glenn H. Curtiss for the appearance of Aviator J. C. Marks in Denver on Sunday and Monday next. On the latter day Marks will contest with the Wright aviators in altitude flights.

Which feature, made Harvey announce had been added today to the regular program. A telegram from Curtiss himself stated that possibly he would

INTERNATIONAL COMPLICATIONS MAY OCCUR

MEXICANOS CLAIM WILL APPEAL TO AMBASSADOR

Trio of Old Mexico Mexicans
Resent Payment of Ten Dollar
Fines When Natives Are
Only Fined Five and Costs.

Strained diplomatic relations between Mexico and the United States may soon occur and Judge William Wallace McClellan, of Albuquerque, may be called upon to make a hurried journey to Washington in the near future, all as a result of a situation which has evolved because of a street fight on South Second street, Tuesday night, in which Margarito Quino, Louis Bravo, and Francisco Mendoza, of Old Mexico, and Manuel Gumpus, Pedro Gutierrez, Jose Montoya, and Camilo Chavez, of New Mexico, C. S. A., were the belligerents.

Just how the trouble happened and just when diplomatic relations began to be strained, no one seems to know. According to admissions made by parties on both sides, it began to happen by or near Zanon's saloon at 823 Monday. Considerable whiskey had been sloughed off by both parties, it is said, but the Old Mexico Mexicans and the New Mexico Mexicans, while they kept their feet on the same bar, remained at opposite ends of the mahogany. Between drinks, however, they were discussing the conversation naturally drifting toward the present situation between the United States and Mexico. The belligerents from the sister republic talked about it among themselves and the citizens of New Mexico told each other what they thought about the affair. Finally, remarks began to be passed between the two aggregations. Then, according to a New Mexico man, one of the Old Mexico men shouted: "Viva la patria mexicana." This shout had an instantaneous effect. Just what the effect was, no one seems to know.

The first outsider to arrive was Police Officer Pablo Lujan, who had been awakened from a sound sleep by the uproar. With a gun in one hand and a club in the other, Lujan advanced upon the belligerents and waited in. When he emerged from the bottle, he was all there and in sixty seconds more had seven men walking toward the police station.

Yesterday morning in police court, Acting Police Judge McClellan heard the even stories. The stories told to the New Mexico Mexicans were similar, while the stories of the Old Mexico Mexicans differed. But each faction declared the other faction was all wrong. Finally, Judge McClellan decided that he would fine the four New Mexico Mexicans five dollars and costs for fighting in the streets and raising a disturbance. The Old Mexico prisoners would be compelled to pay a fine of ten dollars and costs, on a charge of fighting and carrying concealed weapons. It being alleged that one or more of them carried vicious-looking knives on their persons.

The Old Mexico Mexicans declined to pay the fines on the ground of unjust discrimination, and declared the matter would be taken up immediately with the Mexican ambassador at Washington.

Last night the four natives had been released, having paid their fines and costs. The trio of foreigners were still in jail. At last reports neither the ambassador nor any of the Mexican consuls had come to their aid. The trouble between the natives and the Old Mexico citizens Tuesday night is the first to be recorded in Albuquerque or vicinity as the result of the recent excitement in certain parts of Texas and Old Mexico. It is believed that booze was largely responsible for the local fight and that there will be no recurrence of the trouble. The Old Mexico Mexicans, working and living in and around Albuquerque, are a mile apart from their own kind, and do not look for any excitement of any kind.

When you want Allen's home order of your grocer's man in 10-15 min.

MINISTERS TO EXCHANGE PULPITS NEXT SUNDAY

Rev. James Grant Mythen, of Santa Fe, to preach at St. John's Episcopal Church.

Rev. James Grant Mythen, rector of the church of the Holy Birth, of Santa Fe, and Archbishop At E. Warren, of St. John's parish, will exchange pulpits next Sunday. The Rev. Mr. Mythen was made a deacon in St. John's church last April.

COMMERCIAL CLUB READY TO REFUND FOUR BONDS

SECOND MORTGAGE SCHEME PROVES ITSELF PRACTICAL

Cold Hard Cash Awaits the
Holders of Bonds No. 7, 21,
34 and 49, Together With Interest at 8 Per Cent.

That the Commercial club of Albuquerque is a business organization, that its affairs are directed by practical business men who mean business, and that the finances are now on a business-like basis, is indicated by the fact that Secretary T. J. Naylon will today refund four of the seventy bonds issued several months ago, at the time the finances of the club were rearranged. In addition to the first mortgage of \$55,000, a second mortgage was arranged, which was made in the form of bonds, seventy of which were issued to local people at a par value of \$100 each. The bonds were to be refunded in rotation, as quickly as the finances of the club permitted and were to draw interest at 8 per cent, payable quarterly. Yesterday, President E. B. Schenkler and Secretary Naylon figured up that they had enough cash on hand to refund four of the second mortgage bonds and pay all interest due until December 1, without causing a financial stringency. The numbers of the seventy bonds were accordingly thrown into a hat, shaken up, and four numbers were withdrawn: 7, 21, 34 and 49. Holders of bonds 7, 21, 34 and 49, may have them refunded today, tomorrow, or next week, by calling on Secretary Naylon. He will hand them one hundred dollars in cash for each bond and interest on them until December 1, 1910.

The refunding of the bonds is just what the club is prospering as it never has before and that the organization will be out of debt before many years, owning without any first or second mortgages, one of the most handsome club buildings in the west.

FULL ECLIPSE OF MOON PLAINLY SEEN HERE

The full eclipse of the moon was plainly visible in Albuquerque last night between five and seven o'clock, the shadow passing off shortly after seven. Many people were out viewing the interesting phenomenon. The shadow almost entirely obscured the moon about six o'clock.

COLUMBIANS WILL DANCE TONIGHT AT ELKS

Members of Popular Fraternal
Organizations and Their
Friends to Attend Enjoyable
Social Affair.

The Knights of Columbus, their lady friends, and a limited number of invited guests, ladies and gentlemen, will be the guests of Albuquerque Council No. 841, Knights of Columbus, at a dance to be given in Elks hall tonight. The Cavanagh orchestra of six pieces will begin the overture promptly at 8 o'clock. The music, which will be excellent, as the Cavanagh orchestra always is, will continue as long as dancers remain on the floor.

The Elks hall room will be brilliantly decorated for the occasion, with the chairs for decoration. Refreshments will be served at the Elks hall.

TO COMPLETE NEW MT. OLIVE CHURCH

District Missionary Arrives to
Aid Local Colored People in
Finishing House of Worship.

Rev. J. B. Bell, district missionary for New Mexico and Arizona, has arrived here to assist the pastor of the Mount Olive Baptist church, colored, Rev. S. H. Williams, D. D., in raising funds to complete the partially finished structure of the church on West Second street. The campaign will begin November 17 and it is hoped to raise some \$200 to complete the building, the walls of which are already up. It will be a neat and attractive stone structure. Rev. Bell will be here about 20 days to aid in the work.

CURES INDIGESTION AND STOMACH MISERY

No Gas, Heartburn, Headach
or Dyspepsia Five Minutes
After Taking the First Dose of
Diapepsin.

Why not get some now—this moment—this hour—this day—yourself of Stomach trouble and indigestion? A dieted stomach gets the blues and grumbles. Give it a good rest, then take Diapepsin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food; no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Paper's Diapepsin costs only 25 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset stomach in five minutes.

There is nothing else better to take. Gas from stomach and cleanse the stomach and intestines, and, besides, one single dose will arrest and prepare for assimilation into the blood all your food, the same as a sound, healthy stomach would do it.

When Diapepsin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapepsin. Tell your druggist that you want Paper's Diapepsin, because you want to become thoroughly cured this time. Remember, if your stomach feels out of order and uncomfortable now, you can get relief in five minutes.

The New York Cloak and Suit Company is conducting a stock reduction sale this week. At the beginning of the season they found their stock to be much larger than their experience of several seasons here seemed to warrant. To reduce this overstock, they have been making very attractive prices on all ladies' ready-to-wear garments. The sale will continue for several days at their store, 295 South Second street.

Brilliant pictures, right from the latest light, from Monday and tonight.

OLD OWL LEAVES THIS MORNING FOR CHICAGO

Takes a Little Farewell Flyer
While Dugger Holds the Cage;
Bird Is a Confirmed Booster.

"Do it for Albuquerque!" These entirely commendable words, uttered in a shrill hoarse from the top of the spire of the Commercial club building, last night, attracted considerable attention from passers by, who, at first had some difficulty in locating the sound. Further investigation, however, revealed John B. Dugger, assistant secretary of the bureau of immigration, standing in the middle of the street, gazing despairingly skyward, while "Old Statchool," the justly celebrated booster owl, perched his wings and boosted on the top of the tower, occasionally hurling down a few invective epithets at the man who held the empty cage below.

"Come on up, the water's fine," squawked the owl. "Great view of the city up here."

"Come down, Statchool," bawled the assistant secretary, waving an alluring piece of porthouse steak at the bird on its lofty perch.

"Too rich for my blood," rejoined the owl, looking down at the steak. "Bring me a ham sandwich and a piece of pie. I'm going to take a flyer to Chicago and see how the big show's coming on."

"What in thunder is that owl doing on the steeple?" inquired a passing easterner, in amaze.

"Come to New Mexico, the land of sunshine, and opportunity, the land now and here," yelled the owl, addressing all communications to H. B. Heiling, secretary of J. B. Dugger, assistant.

And he flapped his big wings and soared over the mountains, leaving the owl, who was finally ejected by the night force, and John Lee Clarke, who arrived hurriedly on the scene, in response to a hot call, and was making arrangements to hire Roy Stamm's balloon for an aerial owl hunt. The owl was finally put back in the cage where he stalked all night, protesting to last of the Second National Land and Irrigation Exposition in Chicago.

Dugger took the precaution to nail the owl in that tight cage, and accompanied by four men of choice porthouse, the owl leaves this morning for the Windy City. After long enjoying the freedom of the Clarke store, the owl is now confined at a confinement, but will make things hum when he is released in the Coliseum, with a New Mexico badge tied to his leg.

"Thank the Lord," ejaculated Dugger last night, "I don't have to go clear to Chicago with the blame bird. He's some owl, that owl, but has a mighty strange disposition."

After the show, the owl will enter the Lincoln park zone, the gift of John Lee Clarke, owner and trainer. He is such a confirmed booster, however, that he will likely take the first train back to Albuquerque.

65 BOXES OF FIRST CLASS
APPLES SENT FROM RATON

Raton, N. M., Nov. 14.—The Colfax county material for the Chicago Land show was loaded Saturday evening into a special baggage car, carried by No. 10, and arrived at its destination this morning. The big exhibition opens on Monday, Saturday, and five days in which to prepare the exhibit for display. C. O. Fisher will have control of the exhibit made by Colfax county, which comprises almost one-half the space reserved for New Mexico, and is the only county exhibit made. The different land companies from the southern part of the county have their special agricultural exhibits, which combine with the main county exhibit in presenting an appealing array of Colfax products that will make thousands of visitors to the Coliseum take notice.

The material shipped Saturday evening consisted of 65 boxes of first class apples, a large headcase of corn and one of coal. A large crate of about grain and forage crops, mostly displayed on three large 6x6 foot boards, 14 varieties of blackberry fruit, a large number of vegetables, and fruit on plate glass, and a complete assortment of fruits and vegetables, preserved in glass jars. Fifty 50,000 pieces of advertising matter will be distributed to the county's general representatives, besides as much more by the land companies' advertisements, their special land tracts. Something well worth while is being followed.

these united efforts in getting Colfax county before the land hungry public.

MARICOPA COUNTY WILL HAVE ELABORATE DISPLAY

Phoenix, Ariz., Nov. 15.—Forty cases of Maricopa county farm products, which were on exhibition at the fair, were yesterday shipped by the board of trade to Chicago, to be placed on display at the United States Land and Irrigation exposition. The Maricopa county exhibit was gathered with the idea of it being sent to Chicago immediately after the fair. When the gates of the fair grounds were closed Saturday afternoon, Secretary Harry Welch, of the board of trade, Superintendent Ernest Hall, of the agricultural department, and others, began to prepare for shipment those parts of the exhibit which had been selected for the Chicago show.

Practically everything that could be shipped was sent, including fruits, vegetables, grains, alfalfa seed, melons, dates, ostrich eggs and a multitude of other things.

In Chicago the stuff will be received by the Southern Pacific people, and displayed in the space they have secured in the Coliseum, where the exposition is to be held. The board of trade will have no representative in Chicago.

The Land show opens November 19, and continues until December 1. It is recognized as the leading exposition of its kind in the world.

Two local teams from here have their representatives at the show. James Griffin will be there for Green & Griffin, while Garth W. Cate will represent Dwight B. Heard and company.

Your cough annoys you. Keep on hacking and tearing the delicate membranes of your throat. If you want to be cured, take Chamberlain's Cough Remedy. Sold by all druggists.

BELIEVED CHAVEZ FELL TO DEATH OVER CLIFF

Searchers Hunt in Vain for
Body of Man Who Was Lost
in Sandia Mountains Two
Weeks Ago.

Two weeks of almost continuous searching in the canyons and amid the cliffs of the rugged Sandia mountains, east of this city, have revealed no trace of Nicholas Chavez, freeman at the wood scouring mills here, who left a hunting camp in the mountains two weeks ago, and whose disappearance has been as complete as if the earth had swallowed him.

Chavez was cross eyed, and the theory is advanced that his defective vision caused him to fall over one of the beetling cliffs, thousands of feet high, on the western face of the mountain. It is tolerably certain that he was trying to come down this side of the mountain on this day he disappeared. The remains of a camp, made of brush shelter near the mountain top were found this week, and it is believed this was the last camp of the missing man.

The search has been made the more difficult by reason of the heavy fall of snow, from one to two feet deep, which has covered the upper reaches of the mountains. The camp where Chavez left his partner, Anderson, was near the top of the mountain.

Another searching party went out yesterday. Anderson, who has been aiding in the work for two weeks, returned to the city yesterday and has little hope that the body will be found.

Sheriff Romero and deputies have rendered every assistance in their power and the hunt for the missing man, dead or alive, has been thorough and painstaking, but very difficult, owing to the rugged nature of the country.

Banker Fights Loan Sharks.
Seattle, Wash., Nov. 14.—H. C. Smith, banker and philanthropist, has obtained a city license to do business as a pawn broker. It is his purpose to lend small sums of money on collateral at a low rate of interest, to needy persons who might otherwise fall into the clutches of loan sharks.

Franklin, N. H., Nov. 14.—A. J. Smith, a city broker, has obtained a city license to do business as a pawn broker. It is his purpose to lend small sums of money on collateral at a low rate of interest, to needy persons who might otherwise fall into the clutches of loan sharks.

HANCE TO DEEPEN AND KALSOMINE GRAND CANYON

Constructor of Titan of Chasms
Plans Improvements and Will
Incidentally Change Color
Scheme a Trifle.

Phoenix, Ariz., Nov. 15.—John Hance, the proprietor, the author and builder of the Grand Canyon of the Colorado on the line run by H. R. Patrick of this city has been in the town for the last week. Mr. Hance undertook the construction of the Grand Canyon several years ago after having served as a Union soldier through the Civil war.

The Grand Canyon will stand, or rather, will be for many years, as many people assume, Captain Hance of having done, as a monument to his constructive skill. There is nothing like it anywhere else in this world; no such awe-inspiring depths and spaces, such a marvel of extreme and such a variety of architecture. The ablest descriptive writers stand agape; only the mediocre attempt to paint it. The High school graduate and the country weekly poet sings language at it, but the true genius stands mute and conquered before the superhuman genius of Captain Hance.

Much fragmentary matter about the canyon has appeared within the last generation, and when all is made into a book, but it is all collected into one six-foot library. It would be infinitesimal in comparison with the information concerning the canyon which Captain Hance has gathered. He is a man who has seen at open-mouthed and open-eyed before his campfire.

Some of the things he has imparted have been awe-inspiring while others have been horrifying. In the canyon, no more pitiful tragedy has ever been detailed than that involving the death of the wife of Captain Hance, who was compelled to shoot her.

She was walking one day along the brink of the canyon when, aided with a stick of vertigo, she fell over and shot down the sheer depth to the bed of the canyon, 2,000 feet below. One leg was broken by the fall and Captain Hance in order to pull her out of her misadventure, sent a mail bullet through her brain. The rifle he used was an inferior weapon of a range of not more than 3,000 feet. He was therefore compelled to take two shots.

Forty-two years ago, Captain Hance first saw the Salt River Valley. There was no Phoenix then, but sometime after that the town was given its start and he was here in its first lot sale. He bought four lots on what is now Center street immediately south of the building of Gold-miner and company. He held them for a few years and sold the group for \$500.

It has come to him of late that Phoenix is improving and he determined on this trip. If there had been no change in the Phoenix real estate market, that he would buy those lots and hold them for a rise. When he was told that an offer of \$300 a front foot for that same ground would be regarded by the owner as an insult, Captain Hance decided that he would not give offense to a man who had done him no harm. He also decided that he would not invest in Phoenix real estate, but would use the money in deepening the canyon which has some of the most beautiful scenery and air within the last few years. He may also when it and calamine the walls with new coloring.

LAS VEGAS SANTA ROSA ALBUQUERQUE

The Black Clothes For Social Evenings

It is a satisfaction to handle and try on STEIN-BLOCH Evening Clothes. They are so soft, the silk is so beautifully sewn, the clothes are such high-grade examples of real tailoring.

Few tailors can make them, you know. STEIN-BLOCH make the best. No tailor at your command can approach them. It is a sin to let an ordinary tailor touch full-dress suits or a Tuxedo for the winter's festivities, come to us before you make up your mind. The price question, aside from the high quality we can show you, will afford you interest.

WESTERN UNION and REHEARSALS FOR "HELLO" COMPANY INSIDE INN ARE NOW ON

Arrangement Perfected Whereby Albuquerque May Be Reached by Telegraph or Telephone at All Times.

Closely following the announcement made by Manager L. T. Delaney, of the Western Union Telegraph Company, last Monday that the local Western Union office will hereafter be a "never close" office, came the announcement yesterday that arrangements have been completed between the Western Union company and the Colorado Telephone company, whereby persons in distant towns may telephone messages to the Albuquerque Western Union office and have them delivered in the same manner as if they had been sent by telegraph. The new combination service in effect means that when Western Union offices such as Santa Fe, Las Vegas, Roswell and other like cities, have closed for the night and telegraph messages may no longer be sent from those places, patrons may go to the Colorado Telephone office and repeat over the long distance telephone to the telegraph office in the Western Union office in Albuquerque, the messages they desired in the first place to send by telegraph. These messages may be brief or lengthy, as the sender may desire, and will be typewritten, sent as if sent by telegraph, and delivered by a messenger boy, to any address in Albuquerque.

IMPRESSIVE NOON SERVICE AT Y. W. C. A.
Interesting Educational Talk by Mrs. Morley Yesterday; Mrs. Williams Will Preside Today.

Mrs. Morley conducted the noon service at the Y. W. C. A. yesterday in impressive manner. Her educational talk dealt with the work in Asiatic countries and her careful study of the subject in hand enabled her to give her hearers a very definite idea of the great work which is being accomplished by the association in those countries. Mrs. Morley portrayed the need of the heathen people in clear, beautiful language, comparing those countries to the heathen fields ready for the reaper.

OFFICIALS CONFERENCE HERE TODAY
Superintendent of Motive Power S. L. Buck Arrives From Chicago to Meet Department Chiefs.

There will be a conference of Santa Fe mechanical department officials in Albuquerque today, at which various mechanical matters will be discussed. The conference will be attended by Superintendent of Motive Power S. L. Buck, who arrived here last night from Chicago; by M. J. Drury, mechanical superintendent of La Junta, and W. A. George, superintendent of the Albuquerque shops. It is understood that the recent taking over of the Albuquerque shops from the coast line by the present line, will be one of the principal topics of discussion.

JUDGMENT GIVEN IN TAX CASES
Judge Ira A. Abbott Hands Down Decisions Yesterday Affecting Bernalillo County Property.

A blanket judgment was handed down in the district court yesterday by Judge Ira A. Abbott, in the case of the Territory of New Mexico versus the owners of real estate and property in Bernalillo county, who have failed to pay taxes for the year 1909. Providing to action is now taken by the defendant, the property against which judgment was rendered yesterday, will be sold in the front of the court house early in 1911.

AMATEUR NIGHT AT THE CRYSTAL
Local Actors Will Help Make Program at Popular Theater a Success Tonight.

Tonight is amateur night at the Crystal, the popular Gold Avenue theater, and local people will help make the program entertaining. The best talent among the Albuquerque actors and actresses will be secured by Manager Joe Scotti for this evening, and those who have a stand to perform are asked to meet him at the Crystal this morning and arrange for an appearance. No one is barred, and there is a variety of talent in the city the program tonight is bound to be good.

Feet Tired-- So Tired?
TIZ Makes Sick Feet Well No Matter What Ails Them.

TIZ acts at once and makes tired, aching, swollen feet remarkably fresh and sore proof.
It's the sure remedy you know, for everything that gets the matter with your feet. It's for sore feet and for aches, had smelly feet, and for corns, callouses and bunions, too.
"For years I have been troubled with sore and tender feet; suffered intense pains. Have had the assistance of physicians without relief. I bought a box of TIZ, which worked a perfect cure, as it has with a great many of my friends. I would not be without it. All it requires is to be known to be universally used." A. F. Brezner, Chicago.
TIZ is not a powder. Powders and other foot remedies clog up the pores, and TIZ draws out all poisonous elements which bring on soreness of the feet, and is the only remedy that cleanses the feet—gives feet.
You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.
TIZ is for sale at all druggists, 25 cents per box, or it will be sent you direct, if you wish, from Walter Lathrop & Co., Chicago, Ill. Recommended and sold by B. Ruppe, 203 Central Avenue, Albuquerque, N. M.
