STUBBS AGAIN ATTACKS THE RAILROADS

KANSAS GOVERNOR ON
WARPATH AT CHICAGO

Roundly Scores Alliance of
Politician, Lawyer and Pre-
datory Wealth as Menace to
Welfare of Republic.

[By Morning Journal Special Leased Wire]
Chicago, Dec. 12.—Governor W. R. Stubbs of Kansas, made a sensational attack upon railroads and trusts, at a banquet of the Illinois Manufacturers' association tonight. He declared that "the advanced freight rates demanded by the railroads, were agreed to by the combined railroads and are therefore clearly in violation of the Sherman anti-trust law," and were unjustifiable.

The speaker condemned the judge who fines corporations for violations of law and "discharges the officers who get the money and are the real criminals in the case." He asserted that "the relation of the federal government to unlawful commercial institutions organized for spoils and plunder is one of the most humiliating and disgraceful chapters in American history." Governor Stubbs said in part:

"It is common on occasions of this character to sugar-coat words and round out sentences to please the audience. The question of entertainment is not a matter of deep concern to me at this time. It is my purpose and hope to present in a plain, business-like way facts and conditions that may be worthy of your careful, conscientious and serious consideration."

"In the evolution of government, every generation has had its own responsibilities to bear, its own work to do, its own problems to solve, its own battles to fight. The generation must meet the problems of today like men who are conscious of their power and ability to meet every emergency, determine every question of government in a broad, liberal spirit for the benefit and in the interest of a majority of our citizens."

"Let us have the courage to tell the exact truth about unwholesome commercial conditions that have grown during the last score of years. Any thing short of a plain, accurate statement of facts concerning the iron grip which monopolies, trusts and illegal combinations now hold on the commerce of our country, means ethical prostitution or personal cowardice."

"Every student of public affairs and every public official charged with the enforcement of law, knows that the alliance between occasional politicians, corporation lawyers and the financial and commercial interests which are concerned in shipping state and federal legislation to serve their special interests, is a menace to the welfare and life of our republic. It is well known for instance, that within reasonable limits the packing house trust exercises arbitrary power to fix the carcasses price of cattle, hogs and other livestock, and to determine with accuracy the amount of profit which they will take as their share of the transaction. It is well known that the packing house trust was formed and is being operated in a way that is a violation of moral and statutory laws."

The speaker said that the methods employed by the packers, masters of finance who have destroyed the natural laws of supply and demand through out the nation, is a most flagrant violation of the Sherman anti-trust laws, the plain provisions of our federal constitution, the common laws of our land, and all moral obligations imposed upon responsible citizens. "In this connection the transportation question is perhaps the most important issue before the American people today. The Wall Street financiers, through a community of interest scheme have effected a flagrant violation of the Sherman anti-trust laws, the plain provisions of our federal constitution, the common laws of our land, and all moral obligations imposed upon responsible citizens."

"The Northern Securities company, which was organized to consolidate the Great Northern, Northern Pacific and Burlington railways, all competing lines, was declared illegal by the federal supreme court. James J. Hill, J. Pierpont Morgan and their associates proved themselves to be above the law and higher than the courts by proceeding indirectly to destroy competition in railroad rates through out the northwestern states by indirectly doing what the supreme court had decided was unlawful for the Northern Securities company to do."

"The railroads are a government agency, and are therefore, supposed to be subject to law. It is a creature of government, but the creature has grown to such proportions that it is now a political power that the provisions of law and decrees of courts have proven ineffective insofar as they were intended to exercise direct control over the operation of these commercial giants."

In 1898 the dividends paid by the railroads of the United States amounted to ninety-seven million dollars. In 1908 these dividends amounted to three hundred and eighty-six million dollars, an increase of four hundred per cent in ten years.

"In 1909 the railroads earned ninety-three million dollars more net revenue than they did in 1908, and for the first five months of 1910 have earned thirty-three million dollars more net revenue than they did in the five corresponding months of the previous year."

"These figures prove that there is

no reasonable basis upon which the railroads can demand an advance in freight rates. Upon the contrary, they prove conclusively that railroad rates are already too high. And yet, practically all the railroads in the United States have formed a gigantic combination to increase freight rates, which the shippers who have investigated the matter claim will ultimately enormously increase the cost of freight transportation."

"The advanced freight rates demanded by the railroads, and now being considered by the interstate commerce commission, were agreed to by the combined railroads of the United States, and are, therefore, clearly in violation of the Sherman anti-trust law. I submit to you, gentlemen, the proposition that it is unwise and contrary to sound public policy for the federal government to permit these railroads openly and flagrantly to violate the anti-trust laws by combining for the purpose of advancing freight rates, and through their unlawful acts enormously to increase the cost of transportation to the American people. If the railroads are thus permitted to violate the federal laws with impunity, in broad daylight, and thereby increase their profits millions of dollars per annum, what incentive has any citizen to respect the law, when he can increase his income by breaking it?"

"The amount of tax money collected by the British empire from the American colonies, without representation, probably would not amount to one per cent of the tribute and extortion which the consuming American people are now compelled to pay to illegal combinations, trusts and monopolies every year. The honor, manhood and moral character of our republic are involved in the relation of the federal government to this monstrous condition, which offends every sense of justice, decency and morality."

"We have passed beyond the stage where self-respecting public officials can barter and dicker and compromise with law-breakers, rich or poor, high or low, great or small, on the theory that the rigid enforcement of law, without fear or favor, will injure business."

"The relation of the federal government to these unlawful commercial institutions organized for purposes of spoils and plunder is one of the most humiliating and disgraceful chapters in American history. The plain duty and task set for this generation is to establish once and forever the supremacy of law and its power to control the conduct of our nation, and to individuals who directly or indirectly from combinations in restraint of trade, and thereby destroy free competition and equal opportunity in the commerce of the nation."

"The Sherman anti-trust law provides that a combination in restraint of trade is a crime punishable by fine or imprisonment or both. The judge on the bench who insists on holding the corporation responsible for violation of law, and not being able to control the corporation to prison, assesses a fine against it as punishment for robbing the public of thousands of millions of dollars, through illegal combinations in restraint of trade, and discharges the corporation, its officers and its real criminals in the case, is wholly unfit to occupy so responsible a public office."

"I do not in any sense share the opinion sometimes expressed, that the official acts of judges are too sacred to be criticized. No citizen of this republic occupies a more honorable or desirable position than a just judge who honors his office. But there is no more desirable citizen than the unjust judge who brings discredit and disgrace to the office that should be held sacred and used solely for the purpose of meting out justice to all kinds and classes of persons. "A judge belonging to the last named class is and ought to be a proper subject for public criticism, and he ought to be publicly branded, so that he could be forever after identified. These cases have been made notorious by enforced extortion, injustice and commercial cruelty of monopolies will be placed on the same basis as other crimes and will be no more respected in the community," said Governor Stubbs.

The speaker favored the development of the Mississippi, Missouri and Ohio rivers, and declared that "the American people are being robbed every year of enough money by enforced extortion, injustice and commercial cruelty of monopolies will be placed on the same basis as other crimes and will be no more respected in the community," said Governor Stubbs.

Three Men and Woman Are
Charged With Stealing \$60,-
000 in Gold; All Refuse to
Talk.

[By Morning Journal Special Leased Wire]
San Francisco, Dec. 12.—Four of the seven persons arrested on Saturday in connection with the theft of \$60,000 gold bullion on the steamer Humboldt, last August, are still being held at the city prison, but no formal charge has been entered against them. They are E. C. Smith, his native wife, Margaret Henry, J. T. Woodson and C. M. Woodson, brothers. Three others who were taken by the police have been released for want of evidence against them.

The federal secret service officers and the local police, detective force have been in a conference today in an effort to settle the jurisdiction of the case and it has been announced that charges of grand larceny will be made against them. This measure, according to the chief of Police Seymour, may be necessary to hold them, as steps already have been made to procure their release on habeas corpus. The prisoners refused to talk today, saying they were acting upon instructions from their attorneys.

DEMOCRACY OF GRANT COUNTY STATEHOOD BOOSTERS

Now Seems Certain That Four-
teen Delegates Will Be In-
structed for Constitution at
Santa Fe Meet.

FAVORABLE SENTIMENT
STRONG IN SILVER CITY

Mass of Voters Believe Self
Government Is Now Para-
mount Consideration for Peo-
ple of New Mexico.

[Special Dispatch to the Morning Journal]
Silver City, N. M., Dec. 12.—Reports today received from many of the precincts of this county indicate that the democratic county convention to be held here on next Thursday will be fairly well attended and it seems sure that the fourteen delegates to the Santa Fe convention will go instructed to cast the full vote of the delegation in favor of the party supporting the constitution. At the democratic primary held in the city hall here Saturday evening a motion was carried unanimously that the twenty-seven delegates to the county convention go uninstructed, which means that a majority are in favor of the constitution. The Silver City delegation will compose about one-third of the convention, and being composed of many of the strong leaders of the party, such as Hon. A. H. Hartlee, county chairman, Colin Nebbett, territorial chairman, W. B. Walton, Hon. Alvan N. White, who was defeated by a narrow margin for delegate to the constitutional convention by Hon. W. D. Murray, county treasurer, Jackson Agee, Hon. J. L. Burnside, who sought the democratic nomination for delegate to the convention, and other prominent leaders, all of whom are understood to work actively for the constitution, it is safe to predict that the county convention will be overwhelmingly for the constitution. It is also believed that Hon. E. J. Davidson, present representative in the legislature from this county, whose home is in Pines Altos, will join other prominent leaders in the party for the constitution. Both of the local papers are heartily in favor of the adoption of the constitution and will carry a great influence with the voters. It is also understood that the three republican candidates, Hon. Mat Fowler, Judge M. W. Porterfield and Frank R. Coon, will join hands with Hon. Alvan N. White, the defeated democratic candidate, in supporting the constitution. While none of these gentlemen have yet publicly announced their intention of supporting the document, desiring first to read and study it carefully, it is generally understood from their private talks that they are in favor of it and will likely stamp the county with their adoption. In the event a fight is made by opponents. With the above support, coming from the influential leaders of both parties, including all of Grant county's delegates to the convention, the constitution would carry by a four to one vote in this county.

There was a strong sentiment in this county for the election of a state officer by a popular vote and this having been conceded by the republican majority in the convention, the people as a rule seem satisfied with the constitution. Some dissatisfaction, however, is felt over the failure of the convention to embody the initiative, but since the return of the delegates and the people have come to understand the situation, this dissatisfaction is merely nominal, and will have but little effect upon the vote.

The principal controlling force in favor of the constitution is that the people of this county, with few exceptions, are in favor of statehood, and this overshadowing factor that may be found with the constitution as framed. The voters feel that they should secure at once self-government, and believe this is a possible at this time, and under a constitution that will afford a safe and workable scheme of government. The people of this county have always been fair and conservative, and haven't yet reached that stage where they cry out against anything proposed, which may have been suggested by political opponents. The constitution will be voted upon, from the standpoint of merit and a desire for statehood at the earliest time.

WASHINGTON WOULD
FIX CONSTITUTION TO
DISCOURAGE POLYGAMY

Washington, Dec. 12.—The question of a constitutional convention to act quickly against polygamous practices, is being taken up by the house committee on judiciary in a Washington state concurrent resolution passed by the legislature, and received by the house today. The resolution asks congress to call a convention to propose a constitutional amendment prohibiting polygamy and to empower full enforcement of the law.

DECISION IN CHAMIZAL
ARBITRATION DELAYED

Washington, Dec. 12.—The senate today ratified a protocol changing the date fixed for the arbitration with Mexico of the Chamizal tract which involves title to the Chamizal tract situated between El Paso, Texas, and Ciudad Juarez, Chihuahua. The time for the presentation for the respective sides of the case was extended to February 13, 1911, and the first session of the commission fixed for May 15.

Ocean Mail Bill in Senate.
Washington, Dec. 12.—The ocean mail bounty bill came up as the unfinished business in the senate today, but the senate laid it aside temporarily.

THE DAY IN CONGRESS
Washington, Dec. 12.—Confirmation of the nomination of Associate Justice White to be chief justice of the United States court overshadowed all else in the senate today.

The omnibus claims bill carrying more than \$2,000,000 was reported and taken up, but no final action on it was had.

In the house the pension appropriation measure was reported and will come up tomorrow. It carries \$153,588,000.

The day practically was devoted to debate on a bill imposing a graduated inheritance tax in the district of Columbia. The measure was passed.

Arizona Election Proclamation.
Phoenix, Ariz., Dec. 12.—Acting Governor George E. Young today issued the proclamation setting February 9 as the day of election for the ratification of the recently completed Arizona constitution.

Solicitor General Confirmed.
Washington, Dec. 12.—Frederick W. Lehmann of Missouri was confirmed today by the senate to be solicitor general of the United States. He succeeds the late Lloyd W. Bowers, who died in office.

NOVEL ACTION PROPOSED
ON BOUNDARY DISPUTE

Senator Culberson of Texas In-
troduces Joint Resolution De-
claring Constitution Article
Void.

Morning Journal Bureau.
613 Murray Building.
Washington, D. C., Dec. 12.—The unusual course of declaring null and void a portion of a state constitution is proposed by a joint resolution introduced in the senate today by Senator Culberson of Texas, attacking the provision in the constitution of New Mexico which undertakes to change the boundary line between New Mexico and Texas. The dividing line, it is said, was run originally by John H. Clark and the resolution sets aside the survey, and has been patented and other rights acquired under the survey. The resolution, which will require the action of both the senate and the house to render it effective, provides for the complete annulment of the provision.

CONSTITUTION RUM SOAKED ACT SAYS REV. MR. SEDER

Startling Assertions Before Las
Vegas Mass Meeting; Speak-
er Says Democratic Party
Joins League in Fight.

[Special Dispatch to the Morning Journal]
Las Vegas, N. M., Dec. 12.—The constitution of the new state of New Mexico, drafted by one hundred prominent citizens and business men, is a "rum soaked document" was the startling assertion made before a Las Vegas mass meeting of church people in Las Vegas last night by the Rev. J. L. Seder, superintendent of the New Mexico anti-saloon league.

Among other things, Mr. Seder declared the prohibitionists did not receive a square deal at the hands of the convention in Santa Fe as the committee to which was referred the matter was made up largely of liquor dealers. Without mentioning names, the speaker made searching remarks about certain delegates to the convention. Before adjourning the mass meeting organized the Las Vegas Civic League, the purpose of which was to fight the saloon evil in Las Vegas last night by the Rev. J. L. Seder, superintendent of the New Mexico anti-saloon league.

STANDARD OIL MUST
PAY FINE FOR REBATES

Washington, Dec. 12.—The Standard oil company of New York must pay the \$25,000 fine imposed upon it by the district court for the western district of New York for the acceptance of alleged concessions in the transportation of petroleum, as the result of the refusal of the supreme court of the United States to review the case.

JUSTICE WHITE CONFIRMED AS CHIEF JUSTICE

Senators Act Promptly and Al-
most Unanimously as Cour-
tesy to Former Member of
Their August Chamber.

NO ACTION TAKEN ON
OTHER NOMINATIONS

Little Likelihood of Opposition
to Taft Appointees for Asso-
ciate Justices and Members
of Court of Commerce.

[By Morning Journal Special Leased Wire]
Washington, Dec. 12.—The senate today confirmed the nomination of Edward Douglas White, of Louisiana, to be chief justice of the United States.

President Taft's promotion of Associate Justice White was received by the senate shortly after it convened. The senate interrupted business to go into executive session to make the necessary confirmation of the rule requiring references of nominations to committees does not apply in cases where the appointees have served as members of the senate. Chief Justice White's commission will be issued before another session.

Accompanying Justice White's name in the list of nominations were those of Judge Willis Vandevanter of Wyoming, now a judge of the Eighth judicial circuit, and Joseph Lamar of Georgia, formerly of the supreme court of his state, to be associate justice. The supreme court of the United States.

No action was taken in their cases, although there is no apparent opposition, nor was an attempt made to confirm the judges named for the new court of commerce. All were referred to the senate judiciary committee.

The nominations for the commerce court were: Martin A. Knapp, now chairman interstate commerce commission, for term of five years.

Robert W. Archbold, now United States district judge for middle district of Pennsylvania, term four years.

William H. Hunt, now judge circuit courts appeals, formerly United States district judge, district of Montana, term three years.

John Emmet Garland of South Dakota, term two years.

Julian W. Mack, now judge appellate court of the first Illinois district, term one year.

Members interstate commerce commission: B. H. Meyer of Wisconsin, and C. C. McChord, of Kentucky. The appointments to the interstate commerce commission are to fill vacancies caused by the elevation of Mr. Knapp and the forthcoming retirement of former Senator Cockrell, of Missouri.

The senate committee on interstate commerce will meet tomorrow to consider the nominations of C. C. McChord of Kentucky, and B. H. Meyer of Wisconsin, the nominees of the interstate commerce commission. It is said there will be no serious opposition to the confirmation of either, but as the senate has no first-hand knowledge of the nominees, Knapp, named as the presiding judge of the court of commerce, intends to retire from the commission, the nominations will go over until another meeting.

The chances are no action will be taken until after Judge Knapp has been confirmed for the position to which he was appointed today.

The senate surprised itself by its speedy action upon the nomination of Chief Justice White. In less than an hour after the name had been received from the White House, the senate had disposed of the nomination.

Immediately after the disposal of the routine business of the morning hour, Senator Hale moved that the senate go into executive session. So anxious were several senators who had other business they considered pressing, that they rushed to the side of the Maine member to protest.

"I am going to have White confirmed," he said.

"Nonsense," said several of them responded in unison. "You can't possibly do it."

"Wait and see," he replied, and continued to insist on his motion.

When at last the doors were closed, the nomination of Mr. White was laid before the senate. Mr. Hale did not wait for the reading of other nominations, but immediately moved confirmation of the chief justice.

A few voices were raised in protest, but Mr. Hale took the floor. He spoke for about fifteen minutes, dealing with Mr. White's demonstrated fitness for the place, and dwelling on the fact that he had been a member of the senate.

The Louisiana delegation in congress, headed by Senators Foster and Thornton, called to congratulate him. Late today the new chief justice called at the White House to pay his respects to the president and to thank him for the honor conferred upon him.

Associate Justice Hughes tonight received the appointment of Justice White as chief justice.

"An admirable appointment. I hold Mr. Justice White in high esteem and his appointment is every way fitting."

COMMERCE COMMISSION
BUSINESS COMPLICATED.
Washington, Dec. 12.—A perplexing if not serious situation is regarded as having arisen out of the change in the personnel of the interstate commerce commission made by President Taft's appointments today.

The two new commissioners proposed—C. C. McChord of Kentucky, and B. H. Meyer of Wisconsin, named by Chairman Knapp, respectively, have heard no testimony in the important rate cases recently heard by the commission. The cases are to be argued January 9.

It is the opinion here that it will be necessary further to postpone the effective date of the commission's order in the rate cases, so as to afford the incoming commissioners opportunity to examine the testimony and perhaps thereafter hear the oral arguments.

The probability is that in the event of the confirmation of Chairman Knapp as presiding judge of the court of commerce, Commissioner Judson C. Clements, democrat of Georgia, will still chair the committee of the interstate commerce commission.

ALL BODIES RECOVERED
FROM WRECKED MINE

Fernie, B. C., Dec. 12.—All of the bodies of the miners killed in the Bellevue explosion last Friday evening have been recovered. Thirty men lost their lives. All were employees of the West Canadian collieries, except Fred Audler, fire boss at the Homer mine, who sacrificed his life by saving his oxygen helmet to a companion who was about to succumb to the after damp.

AGED ATTORNEY SLAIN;
POLICE BLAME BURGLARS

Chicago, Dec. 12.—Nathan B. Hyde, former United States commissioner for the southern district of Wisconsin, and at one time a member of the New York bar, was found dead in his home on the West Side tonight. His head was cut open by a blow from a crow-bar, found near the body today. The house was ransacked and the police say robbery was the motive for the murder.

Mr. Hyde was seventy-six years old and had lived here since 1903. His wife died before he came here and since then he lived alone. The police say neighbors of the dead man declare he was wealthy. He had a nephew in this city, Dr. David L. Hyde.

Dr. Hyde was a graduate of the Albany law school and practiced law at Sheboygan, Wis.

ARMED MEN ON TRAIL OF
MURDEROUS BURGLARS

Hutchinson, Kan., Dec. 12.—Though there were 500 armed men in Hutchinson last night hunting the gang of Deputy Sheriff Tom Fowler, believed to have been slain by burglars, the homes of two citizens were robbed. Today more men reached Hutchinson and the search is extending over the surrounding territory.

Four men have been arrested on suspicion of being implicated in the murder of Deputy Fowler and are being held for investigation at the police house. The seven men make up the gang to whom they charge the crime.

BILL PROVIDES SERVICE
PAY FOR GUARDSMEN

Washington, Dec. 12.—Service pay for members of the National Guard is provided in a bill introduced today by Senator Penrose of Pennsylvania. All men in the ranks who attend forty-eight drills each year or such equivalent duty as is prescribed, are to be entitled to a regular salary of a man in the regular army.

All officers below the rank of general officers are to have 15 per cent of the pay that goes to a regular army officer of like grade in the regular army.

Greeley, Colo., Dec. 12.—A kitten formed the clue which resulted in the arrest of James Lee, formerly of this city, who is wanted for violating an order of court growing out of his former wife's divorce suit, according to word received in this city tonight. Lee was captured at Wharton, Texas, but announced his intention of fighting any attempt at extradition.

LORIMER NOT ELECTED BY BRIBERY

Report to Be Speedily Sent to
Senate Which Will Absolve
Illinois Member From Taint of
Corruption.

[By Morning Journal Special Leased Wire]
Washington, Dec. 12.—The subcommittee of the senate which has been investigating the charges of bribery in connection with the election of Senator William Lorimer of Illinois decided unanimously today that the testimony did not prove any of the charges made.

The committee took up the evidence in its entirety at an executive session. It canvassed the testimony, weighed the evidence and the arguments and took into consideration all the facts that have been advanced in connection with the charges concerning Lorimer's election. The members decided there had been shown no foundation for the charges that bribery had entered into the election.

The report is to be offered to the senate. On this motion there was no dissenting vote. Following this action the subcommittee's report will be prepared for the full committee at once and will be sent to the senate within a short time.

The subcommittee consists of Senators Burrows, Michigan; Bulkeley, Connecticut; Gamble, South Dakota; Heyburn, Idaho, republicans; Frazer, Kentucky; Paylor, Kentucky, and Johnston, Alabama, democrats.

These men conducted the hearing, and practically all the testimony of the case was taken in Chicago.

The full committee may meet late in the week to receive the report. The subcommittee's report will be prepared for the full committee at once and will be sent to the senate within a short time.

The proceedings of the subcommittee today were executive, all members declining to discuss that action. A resolution was adopted by which all members agreed not to divulge any of the proceedings or to discuss the vote until after the matter had been submitted to the full committee. The full committee consists entirely of lawyers and it is expected they will judge the evidence from a technical viewpoint much the same as a court would do.

The report was current about the senate that an informal canvass of the committee had been taken and not one member would vote to sustain the charges. This, however, was not confirmed.

It is no doubt that the action of the subcommittee as reported today is correct. Although members refused to discuss it publicly, news of the action was communicated to their colleagues in Chicago and who are not members of the committee.

CHARGE FIRST MADE
BY REPRESENTATIVE WHITE.
Chicago, Dec. 12.—The charge that Senator Lorimer had purchased his seat in the United States senate was first made when a confession of Charles A. White, member of the Illinois legislature, a former street car conductor and a former lobbyist at Springfield, was published in a Chicago newspaper April 30, 1910. The names of State Representative Lee O'Neil Browne, H. C. J. Beckemeyer, Michael Link and Robert E. Wilson were mentioned as having been involved.

White declared he had been paid \$1,000 for his Lorimer vote by Browne, minority leader at Springfield. White himself was democratic senator at Chicago and had been elected by a combination of democrats and republicans after the legislature had been deadlocked for months in an effort to elect a senator.

To State's Attorney Wayman of Cook county, Beckemeyer and Link were said to have confessed that they had received money after voting for Lorimer. At the same time, State's Attorney Burke of Sangamon county began an investigation of the charges and forced from State Senator D. W. Holstlaw, a declaration that he had been paid \$2,500 for his Lorimer vote by State Senator John Broderick, a Chicago saloonkeeper and democratic friend of Lorimer. Indictments were returned against the men in both Cook and Sangamon counties.

Lee O'Neil Browne was tried twice in the criminal court of Cook county. The first time the jury disagreed, after having been out for a longer period than any other jury in the history of the county.

His second trial ended September 8, when a second jury returned a verdict of not guilty. Browne has been re-elected to the Illinois legislature from LaSalle county.

As a result of the charges and subsequent indictments Senator Shelby M. Cullom introduced a resolution in the United States senate asking a complete investigation of the election of Senator Lorimer. On September 15 the senatorial investigating committee met in Chicago and the formal charges of bribery were presented by the legislative voters' league.

MONUMENT TO WOMAN
CONFEDERATE CAPTAIN

Richmond, Va., Dec. 12.—There will be unveiled here tomorrow a tablet in honor of Captain Sallie Tompkins, the only woman regularly commissioned by the Confederate government. Miss Tompkins established, maintained and directed the leading hospital here for the care of sick and wounded Confederate soldiers. The tablet marks the site of this hospital. "Captain Sallie" will be present at the unveiling.

NEW YORK GIRL TO WED NEW MEXICO FORESTER

Miss Morris, Bride-Elect of Barrington Moore of Silver City, Claimed Right to Change Her Name Before Marriage.

(By Morning Journal Special Leased Wire) New York, Dec. 12.—A young woman caused a clerk in the marriage license bureau some perturbation today when she told him that the name she had affixed to her application for license was not her baptismal name and that she could sign the application under any name she desired. The clerk obtained a ruling from the corporation counsel, who upheld her contention.

The young woman is Miss Maurine Hennen Morris, formerly Emily Wedd Barnes, who expressed in her application that her mother is Mrs. Lewis Case Ledyard, and her father Thurlow Wedd Barnes, capitalist and brother of William Barnes, Jr., the republican leader of Albany.

The mother obtained a divorce from Mr. Barnes several years ago and married Mr. Ledyard. Before her first marriage she was Isabel Morris.

The prospective bridegroom is Barrington Moore, 27 years old and in the United States forestry service at Silver City, N. M.

WIDOW DENOUNCED AS VAMPIRE

Lawyer Quotes Kipling to Convince Jury of Innocence of Hattie Le Blanc Charged With Murder.

(By Morning Journal Special Leased Wire) Cambridge, Mass., Dec. 12.—The evidence upon which a jury will convict or acquit Hattie Le Blanc of the murder of Clarence F. Glover was completed this afternoon.

Then Melvin M. Johnson, leading counsel for the girl, made the opening plea for her life.

The young lawyer said that the girl was brought from the provinces solely for the "white slave" traffic, and then turned to Mrs. Lillian M. Glover, who induced her to leave her home, Mr. Johnson denounced the widow as a vampire and recited Kipling's poem to emphasize his point.

Mr. Johnson said that Glover reaped the wages of sin, wherever the blow was struck from, he said.

Mr. Johnson added that Hattie was kept in submission by Mrs. Glover, as that the girl's two sisters "might be brought down from West Africa to become white slaves."

District Attorney Higgins today moved a last witness to introduce Glover's alleged dying statement that Hattie Le Blanc shot him, but when he said that Mr. Johnson, himself said that Hattie had admitted the shooting, there was a burst of passionate protest by the defense. Again Judge Bond ruled the evidence out of the case.

In a note book found in Baker's pocket, the following had been written:

"The reason for it all: See Kipling's caution on the rag, bone and hank of hair."

Jealousy is thought to have been the cause of Baker's action.

RACING NOT YET DEAD IN METROPOLITAN DISTRICT

New York, Dec. 12.—That horseracing in the metropolitan district is not yet dead, despite the enforcement of the anti-betting law, that there will be contests between the thoroughbred over Sheepshead Bay course on at least three seasons to come, is indicated by the Coney Island Jockey club's call today for nominations for the future of 1913.

The future—the Blue Ribbon event of the American turf—is for two-year-olds and at 80 for the short distance of 6 furlongs. The estimated value of the stake for 1913 is \$20,000.

SUSPECT HELD FOR QUADRUPLE MURDER

Former Hired Man of Bernhard Family Seized for Crime; Bloodstained Clothing Found at His Home.

(By Morning Journal Special Leased Wire) Kansas City, Mo., Dec. 12.—The police of Kansas City, Kas., say that some time tonight they will question John Peagle, held as a suspect for the murder of Mrs. Emmeline Bernhard, her son George, Thomas Morgan and James Graves, whose bodies were found at the Bernhard farm in Kansas, twenty miles south of here, last Saturday. Until then nothing more will be done in the case.

Today Peagle talked freely, telling of having trouble with Mrs. Bernhard and her son, but denying he was guilty of the murder. He said they had quarreled because Morgan was hunting for the Peagle farm, and then again over a boundary line. He maintained, however, that after the second quarrel he left the Bernhard farm and went straight home. At 5:30 a'clock Wednesday afternoon he says he heard screams coming from the direction of the Bernhard home.

Later today Police Inspector Boyle took an impression of the fingers of Peagle's left hand, which he will compare with the finger prints made with blood on the wall of the closet in which the body of Mrs. Bernhard was found. The finger prints are considered one of the strongest clues the officers have.

Though Peagle was allowed to talk today, during which he told several contradictory stories as to how he spent his time last Wednesday. He was not told that a pair of bloody overalls and a blood-stained coat had been found in his home. He will be confronted with these when questioned tonight.

John Peagle was questioned by the police of Kansas City, Kas., tonight. Though he faced Chief of Police Zimmer for more than an hour he maintained his innocence.

During the examination Peagle became badly confused and contradicted himself repeatedly. He was returned to his cell and will be questioned again tomorrow.

SMALL BOY BURNED TO DEATH

Forty-Three Little Ones Have Narrow Escape When Flames Destroy Children's Home at Springfield.

(By Morning Journal Special Leased Wire) Springfield, Mo., Dec. 12.—While forty-three children, inmates of the Children's home here, were saying their prayers just before retiring to night, fire broke out in the building. Ralph Barnes, 7 years old, was burned to death and the structure was completely destroyed, causing a loss of about \$15,000.

Besides the older children, there were forty-three babies in the building, but these were carried to safety before the fire reached the section of the building in which their ward was located. While the babies and older children were taken from the building, Ralph Barnes was lying in the sick ward, ill with the mumps. He was not rescued, Matron Alice Mackley said tonight.

Children living near the scene of the fire furnished shelter for the children and tomorrow the home will be moved into a building which has been offered for the purpose.

JUDGE SCORES JURY FOR LENIENCY TO MURDERER

Colorado Man Gets Off With Short Sentence in Penitentiary for Killing Telluride Marshal.

(By Morning Journal Special Leased Wire) Ouray, Colo., Dec. 12.—District Judge Sprague Shackelford today sentenced Jesse Munn to from seven and a half to eight years in the penitentiary for the murder of Sheriff Marshall Arthur Geoghegan of Telluride, but in so doing he administered a rebuke to the jury. Judge Shackelford declared it was such verdicts as rendered in the Munn case that discouraged people with administration of justice in criminal cases.

Night Marshal Arthur Geoghegan was shot five times by Munn following a quarrel. Munn admitted on the witness stand that he did the shooting, and also that the last shot was fired as Geoghegan lay dying upon the ground.

Munn was tried here, having secured a change of venue on the ground of prejudice. A peculiar situation now arises. Threats of lynching have been freely made should Munn be taken back to Telluride. The state law makes it obligatory that a person sentenced to the penitentiary must start on the journey there from the county seat of the county in which the crime was committed. Tonight it was agreed that Munn should be taken to Canon City direct from Ouray, and Munn's attorney stipulated that the fact of Munn not having been returned to Telluride would not be urged as making his service in the penitentiary illegal.

CONSPIRACY UNDER SHERMAN LAW DEFINED

Supreme Court Holds It May Be Continuous Offense and Dismisses Doubt as to Meaning of Act.

(By Morning Journal Special Leased Wire) Washington, Dec. 12.—Announcing the broad rule that a conspiracy under the Sherman anti-trust law may be a "continuing offense" instead of an offense limited to the formation of the conspiracy, and possibly overt acts thereunder which would revive the conspiracy, the United States supreme court today went a long way toward dispelling doubt as to the law.

The direct result is that Gustave E. Kissel of New York, and Thomas B. Harned of Philadelphia must answer further to the indictment brought in 1909 in New York, charging them with conspiracy with the American Sugar Refining company and others, to drive the Pennsylvania Sugar company out of business.

Justice Holmes today, in announcing the opinion of the court, took up for consideration the argument that a conspiracy is a completed crime as soon as formed, as would be the case where a conspiracy were merely a contract.

"It is true," said Justice Holmes, "that the lawful agreement satisfied the definition of the crime, but it does not exhaust it. When the plot contemplates bringing to pass a continuous co-operation of the conspirators to keep it up, and there is such continuous operation, it is a perversion of natural thought and of natural language to call such continuous co-operation a cinematographic series of distinct conspiracies rather than to call it a single one."

Holding that a conspiracy in restraint of trade is different from a contract in restraint of trade, Justice Holmes summed up the decision in this manner:

"The indictment charges a continuing conspiracy. Whether it does so with the technical sufficiency is not before us. All that we decide is that a conspiracy may have continuance in time, and that, where, as here, the indictment consistently with the other facts, alleged that it did so until the date of filing, that allegation must be denied under the general issue and not by a special plea."

Under the general issue, all defenses, including the defense that the conspiracy was ended by success, abandonment, or otherwise more than three years before July 1, 1909, will be open and unaffected by what we now decide.

Multinational's Will Invalid. San Bernardino, Cal., Dec. 12.—The will of the late George Myers, the St. Louis millionaire tobacco manufacturer, was declared invalid today by Judge Foster. The court held that Mr. Myers was of unsound mind when he executed the instrument last April. The contest over the will involved property valued at \$3,300,000.

COMMERCIAL VALUE OF BABIES

Interesting Bulletin From California Board of Health Shows State Losing Money Through Preventable Deaths.

(By Morning Journal Special Leased Wire) Sacramento, Cal., Dec. 12.—The commercial value of babies is made the topic of an article in the bulletin of the state board of health issued today. The article contains an estimate which shows that the average cost of the upbringing of a child from birth to twenty-one years is \$4,150, and its average commercial value at the end of that time is \$4,000. These figures are based on the net earning capacity of the average citizen for all the painful occupations in California, as reported in the state labor commissioner's report for 1908 and capitalized at six per cent interest.

As an investment, it is estimated that by the age of thirty the average man is worth \$16,000—\$4,000 value plus \$12,000 gross earnings—and has cost \$10,450 for growth and maintenance, or a net gain of \$5,550 in thirty years.

The average value for all citizens of the United States and reported by the National Conservation Committee to be \$12,900. Upon this basis, the labor element in professional and industrial activities in this state represents \$5,895,000,000 or approximately twice the total value of all other sources of wealth.

Upon this basis the article shows, the state is losing through preventable and postponable deaths, expenditures for illness and the like probably \$100,000,000 annually.

ANOTHER EFFORT TO FREE PATRICK

Medico Legal Society Declares Lawyer Was Condemned on Medical Testimony Since Demonstrated to Be Wrong.

(By Morning Journal Special Leased Wire) New York, Dec. 12.—Announcement was made tonight that the Medico-Legal society has appealed to Governor White to pardon Albert T. Patrick, serving a life sentence for the murder of William Marsh Rice in this city some years ago.

It is maintained by the petitioners that Patrick was convicted on medical testimony that encephaloid fluid, introduced into a body through the right brachial artery could not enter the lungs, but that it has since been demonstrated that the testimony was wrong.

WELTHY QUAKER CITY CLUBMAN SHOT BY WIFE

Woman in Jail Declares Bullet Was Fired While She Was Trying to Wrest Gun From Husband.

(By Morning Journal Special Leased Wire) Philadelphia, Dec. 12.—Herbert Manoa Clapp, a wealthy clubman of this city, is in a hospital with a bullet in his head and likely to die, and his wife is locked up charged with having shot him. According to the police the couple quarreled in their room at 1350 this morning, and Mrs. Clapp seized a heavy revolver and shot twice. One bullet crashed through the man's mouth, emerging near the left ear.

At first the family and his physician attempted to conceal the facts, saying Clapp, who had been drinking and was suffering from nervousness, had accidentally inflicted the wound. Clapp had had a career which has frequently brought him before the public. He is a grandson of Mason, "the bootblack king," and inherited much money from that source. Four years ago his wife divorced him in New York. Shortly after the divorce Clapp married Marie Laskell of this city.

After being cross-examined Mrs. Clapp said the shooting was done while she was trying to wrest the revolver from her husband's hands. She said she drew a revolver from a holster which he kept under his pillow, and threatened to kill her. The police say the wound is of such a nature that it could hardly have been self-inflicted, but that the bullet must have been fired from the front of Mr. Clapp and at some little distance.

Mrs. Clapp said she and her husband quarreled over whether the bedroom window should be opened or closed.

PAT POWERS OUSTED FROM LEAGUE PRESIDENCY

New York, Dec. 12.—The Eastern League of Professional Baseball clubs met in annual session today at the Hotel Victoria, ousted "Pat" Powers from the presidency of the league, which he had held for eighteen years and elected Howard G. Barrow of Toronto, recently manager of the Montreal club.

The session was attended and closely watched by the club owners of the ten major leagues. The national agreement expires next season and there is expectation that the election, held in a quiet session, will demand recognition as a major league.

GASOLINE EXPLOSION KILLS THREE PEOPLE

St. Louis, Dec. 12.—Two women are dead and a young girl and a man probably fatally injured as the result of a gasoline explosion in the home of Frank Waser here today. The dead are Mrs. Waser and her sister, Miss Tencie H. Waser, 18 years old. Waser and his wife's other sister, Miss Mary Davis, are in a hospital badly burned.

Mrs. Waser was filling a gasoline stove and had neglected to turn off the gas. The husband, despite his burns, rushed to a nearby store for help, his clothing ablaze as he ran.

BRITISH ELECTIONS SHOW LITTLE CHANGE

London, Dec. 12.—The polling results show monotonous regularity. The returns today leave the government one seat to the good, the unionists having gained twenty-one seats from the government, and the government coalition 22 seats from the unionists; the election of 518 members out of 710.

The death of the parties tonight followed: Government coalition—Liberals, 291; laborists, 55; nationalists, 58; independent nationalists, 7. Total, 289. Opposition—Unionists, 225. Laborists, 10; increased unionist and decreased liberal majorities, is displaying a consistent tendency in favor of unionists, while the county districts contiguous to London are following the lead of the capital in favor of the liberals.

This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that would hold a cough in its hand and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (50¢ a bottle) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medicinal value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better than Pinex, the most valuable concentrated compound of Norway white pine extract, rich in quinine and all the natural healing pine elements. Other preparations will not work in this formula. The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been limited often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Include several Scotch and Welsh constitutions and will indicate whether Scotch and Wales remain loyal to the government.

Chancellor Lloyd-George, speaking at Newton tonight, said no home rule would give the Catholics in Ireland any power over religion. A clause was provided to prevent any religion being established, whether Catholic or Protestant.

OH YOU PESSIMIST!

Government statistics show that writers of anonymous letters invariably are the possessors of perpetual grrouches against themselves and everybody else. They have been de excess for being alive and think that everybody else ought to be dead. If the Saviour were to come back to this earth today and do everything in his power to alleviate the sufferings of mankind, these grrouches would get out their heads and knock and criticize and tell how it should be done. These people are always vicious, utterly devoid of honor and intelligence, have no strength of character, their weakness is where their back-bone should be located. Their gizzard is unfortunately located where their heart belongs. It is doubtful, though, if they have or ever will have a heart. ALLEGED CATTLE THIEVES IN TOILS

Officers in San Miguel County Round Up Three Men Charged With Illegal Slaughter of Beef.

(Special Dispatch to the Morning Journal) Las Vegas, N. M., Dec. 12.—Mounted Policemen A. A. Fena and two deputy sheriffs made what is believed to be an important capture Sunday when they arrested Manuel Martinez, Catalino Trujillo and Antonio Ortiz, alleged cattle thieves. The men are charged with killing two cows that did not belong to them in Romeroville canyon. Martinez when placed in jail confessed his guilt implicating the other two men and the three are in custody pending a preliminary hearing.

SCHOOL TEACHER KILLED BY HER UNCLE

Instant Death When W. A. Gray Shoots Her With a Shotgun, Believing She is Burglar.

(Special Dispatch to the Morning Journal) Encino, N. M., Dec. 12.—Miss Mary Williamson, a school teacher of Encino, was shot and instantly killed early this morning near Lucy, N. M., by her uncle, W. A. Gray. According to Gray, the shooting was entirely accidental, or unintentional, and he is apparently quite broken up over it.

Gray said today that he and his niece were proving up on a claim near Lucy. Miss Williamson rode from Encino Saturday night in order to spend Saturday and Sunday with her uncle on their claim. The girl arose early this morning and had begun to prepare breakfast. She went to Gray's room to awaken him. Gray says that he thought the girl was some one sneaking up on him to murder him, and he immediately took his shotgun and shot the girl three times. Gray claims that he had forgotten that his niece was in the house. The body lay just outside of the shack, apparently where the girl had gone after being shot. One second was visible about the region of the heart, evidently having been made with one load of buckshot. The body cannot be moved until the arrival of Sheriff Meyers of Encino, who was notified this morning.

The dead girl is survived by a mother and sister, the latter residing in San Rafael, Cal. They have been notified of the tragedy.

DISTRICT COURT AT SOCORRO OPENS ITS SESSIONS

Defendant Charged With Mutilating a Mail Pouch First to Be Arraigned Before Judge Mechem.

(Special Dispatch to the Morning Journal) Socorro, N. M., Dec. 12.—The United States district court for Socorro county convened in this city this morning, Judge M. C. Mechem on the bench.

United States District Attorney D. J. Leahy and Stephen B. Davis, Jr., assistant attorney, are here on behalf of the prosecution. Captain Smith and Forbes, deputy U. S. marshals of Albuquerque and the usual officers are in attendance on the court. An effort was made to empanel the grand jury this morning, but it was found necessary to issue a special venire and this had to be done in regard to the next jury. Tomorrow morning at 10 the court will take up the case of the United States vs. Gonzalez. This case is one which originated at Lemitar wherein the defendant is charged with having mutilated and destroyed a mail pouch. The grand jury will have under consideration the case of William Day and Phil Estes, also the Helen bank case and one case of selling liquor without a government license.

For the first time in several months there seems to be a cessation of epidemic in the city and the pupils are back again to regular work in school.

CELEBRATED**Archbishop Piltaval Dedicates
Two Altars at Guadalupe
Church in Santa Fe Yesterday;
Many Participate.[Special Dispatch to the Morning Journal]
Santa Fe, N. M., Dec. 12.—Today is
the Feast of Our Lady of Guadalupe,
patron of the Mexican republic and
America in general, and patron of the
famous old and beautiful church of
Our Lady of Guadalupe in this city.
The feast is being observed with all
due solemnity.Solemn vespers were held at Guadalupe
church at 6:30 p. m. yesterday,
when the novena of nine days in
honor of Our Lady was closed.At night bonfires all over the city
showed that the warmth of the devotion
of the Blessed Mother is still felt in
the breasts of the devout.This morning Guadalupe church was
the scene of a service which was
not only filled, but many people stood
outside of it.The main altar was beautiful under
the soft glow of myriads of lighted
wax tapers and the sanctuary was
filled with priests from various parts
of the territory, fourteen of more
attending the service. His grace, the
archbishop, was the central figure in
the ceremony which began at 9 a. m.
and which consisted of blessing two
side altars, one dedicated to the
Holy Trinity and the other to the
Sacred Heart of Jesus.Following this beautiful ceremony
solemn high mass was celebrated, his
grace presiding, as he occupied the
beautiful throne which had been
donated by Mrs. Miera of this city.
The sermon was preached by the Rev.
Charles Bobst of the cathedral parish.
His grace followed with a few
words, complimenting the congregation
for the beautiful altar and other
gifts to the church and telling them of
the delight it gave him to see the devotion
manifested to the Mother of God.Rev. Peter Planchard of Chaperito

charge of Undertakers Mulligan and
Rising. Interment was in Fairview
cemetery.Sketch of Col. DuVal.
Harvie Sheffield DuVal was born in
Elizabethtown, Ky., on the twentieth
day of June, A. D. 1832. He was the
son of General John Pope DuVal and
Anne Foucher DuVal, of Leesburg,
Va., and spent his boyhood in Tal-
lahassee, Fla., where his family took an
important part in the social and political
history of the territory.Graduating in civil engineering from
the University of North Carolina, he
entered the U. S. Coast and Geodetic
Survey, rapidly rising to the rank of
captain, achieving the honor of being
the youngest officer who up to that
time had commanded a vessel in this
service. Captain DuVal's monograph
on work by this department is still
in use as a text book by its officers.At the outbreak of the civil war, he
received his commission to enlist in
the Confederate army, entering on
July 19, 1861, as 2nd lieutenant, and
retiring after two years of distin-
guished service, with the rank of Colonel.
He held the chair of mathematics
in the Tallahassee college for some
time during the dark days of the
reconstruction, resigning later to take
up the practice of his profession.**Good Roads Advocates

the committee, went up to Santa Fe
in his car Saturday and joined the
others last night. The party expects
to return home this afternoon, and
if possible, to kidnap the governor
and bring him along."We shall make a careful inspec-
tion of the road between here and
Santa Fe," said Colonel Sellers yester-
day, "in order to be able to consult
more intelligently about the needs of
the situation with the governor and
good roads bureau. We are going to
urge the necessity of all the territory
let all possible for the good roads
movement down here and seek fur-
ther co-operation and assistance from
the officials. The Camino Real, and
especially the highway between here
and Santa Fe will be prominent in
the discussion."Colonel DuVal was the author of several
technical works, and was engaged upon
a book on trigonometry when
stricken with his last illness.He married during the war his
cousin, Miss Mollie Betelle, of Lees-
burg, Va., who lived but a short
time. In 1872 he married Miss Olivia
Harrison, daughter of Dr. Robert
Henry Harrison of Petersburg, Va.,
by whom three children, Mrs. W. G.
Torley, Mrs. T. A. Hayden and Mrs.
Hugh DuVal, and his aged sister,
Mrs. Laura Pope DuVal of Austin,
Texas, he survived.Kind and just honorable and chival-
rous, a typical southern gentleman,

manded the respect and esteem of
all who knew him.**SHOP EARLY PLAN
OF GOLDEN RULE
BIG SUCCESS**First Day Shows Discount for
Morning Purchasers Has
Proved Popular From the
Very Start.The "shop early" inducement of-
fered by the enterprising manage-
ment of the big Golden Rule Dry
Goods company, has proved a popu-
lar success from the start. As adver-
tised in these columns, the Golden
Rule between now and Christmas, of-
fers the proprietor makes this an op-
portunity for her buyers to obtain the
30 and 10:30 a. m. a discount of
ten per cent flat on everything
bought. Yesterday morning, the first
shopping day after the announce-
ment, the crowd of buyers in the
morning was much larger than usual
and there is reason to believe that
the very large daily take advantage
of the very liberal offer made in the
interest not only of the salespeople,
but the customers.The plan involves an earlier time for
the employees during the Christmas
rush, enables patrons to be accom-
modated promptly and furnishes
them a chance to secure real Christ-
mas bargains. Ten per cent off is a
pretty substantial inducement when
you come to figure it out, and the
store has evidently struck the popu-
lar chord in this innovation.Those who take advantage of this
plan are again reminded that each
one who wishes the discount in the
morning is asked to bring one of the
coupons published with the Golden
Rule advertisements.**TO CURE A COLD IN ONE DAY

with a deadly weapon; against Elmo
Jackson and Leon Jackson, indicted
for assault with a deadly weapon; and
against Pedro Martinez, indicted for
assault with intent to kill.Bruno Armijo pleaded guilty to a
charge of assault and battery and
was sentenced to pay a fine of \$25
and costs. Armijo was indicted for
assault with intent to kill and with a
deadly weapon. In the afternoon
Manuel Aguilera was found guilty by
a jury of assault with a deadly weap-
on. The case of the Territory vs. Aben-

44 INDICTMENTS BY THE GRAND JURY IN LAS VEGAS

Crimes Range From Petit Larceny to Murder; Abran Archuleta Charged With Killing Uncle, Tried Today.

(Special Dispatch to the Morning Journal)

Las Vegas, N. M., Dec. 12.—The territorial grand jury in the San Miguel county district court submitted its final report today and was discharged by Judge Roberts after returning 44 indictments and nine no bills out of the total of 53 cases investigated. The indictments charge crimes ranging from petty larceny to murder.

Among the recommendations made by the grand jury was one that the district attorney strictly enforce the statute requiring the registration of births and deaths by physicians; also, the construction of a stockade about the county jail in order to allow the prisoners exercise.

Today the jury returned a verdict of guilty in the case of Enrique Herrera, Juan Aragon and Marcel Vigil, charged with burglary. Julian Perez, alleged to be an ex-convict and chronic law breaker, was on trial today for the alleged theft of some sheep. Tomorrow will start the trial of Abran Archuleta, charged with murder for the alleged killing of his uncle, Damascio Archuleta at Rociada last August. The defendant has retained O. A. Larrazolo to defend him and will put up a hard fight.

COMMERCIAL CLUB TO DISCUSS THE STATE FAIR

Big Meeting Tonight to Talk Over Prospects for Exposition Next Fall; Several Addresses Will Be Made.

There will be a regular meeting of the Commercial club tonight at which the next annual state fair will be the principal topic of discussion, although there will be a number of other matters taken up for consideration. President J. H. O'Connell, Secretary John B. McManus and Treasurer Roy McDonald, the principal officers of the Thirtieth annual fair, held last October, will make brief addresses tonight, in which they will set forth the benefit of their experience in running an exposition. The meeting tonight will likely be largely attended and will doubtless be productive of good results.

PROF. J. D. TINSLEY WILL ADDRESS THE VALLEY FARMERS

Santa Fe Expert to Tell Ranchers South of Albuquerque What He Knows About Successful Farming.

The Farmers' Experiment Association and the Rio Grande Industrial School will have as their guest Friday afternoon and evening Professor J. D. Tinsley, soil expert for the Santa Fe, who yesterday accepted an invitation to visit the farmers south of Albuquerque and tell them what he knows about farming in New Mexico. For many years connected with the experiment station at the Agricultural College at Mesilla Park, Prof. Tinsley is well equipped to advise farmers all over the territory as to the best methods of preparing and leveling land, planting, pumping, irrigation and a hundred and one other questions which must be answered by the farmer who would make a success of his work. Prof. Tinsley accepted the invitation yesterday from Rev. A. C. Heyman, director of the Rio Grande Industrial school. Rev. Mr. Heyman extended the invitation on behalf of the school and of the Farmers' Experiment Association, an organization composed of a number of farmers who own and cultivate land south of Albuquerque. It is expected that Prof. Tinsley will visit different farms during the afternoon and in the evening direct a general discussion at the school assembly hall. All members of the farmers' association, as well as others interested in the work, are cordially invited to meet Mr. Tinsley and ask him any question they desire regarding practical or theoretical farming.

HAD A GOOD TIME SAYS ROSENFELD

Paul Morton's Assistant Fully Appreciates Alvarado Service and Southwestern Sunshine.

Henry I. Rosenfeld, insurance assistant to Paul Morton, who is on a tour of the western agencies left on the limited yesterday morning for San Francisco. Mr. Rosenfeld expressed himself as much pleased with the

Equitable work in this territory. "We will need to grow," he said yesterday morning, "in keeping up with the rapid growth of the new state, and expect by this time next year to have our facilities doubled."

Speaking of the banquet of the evening before, his praise was high of the cuisine and service of the Alvarado. "Our banquet at the Planters hotel in St. Louis, though with covers for nearly two hundred men, was not one whit better. In fact, you don't get anything better to eat any place—not even in New York."

Though not Mr. Rosenfeld's first visit, he does not tire in praise of the climate and says you have to live in the east to fully appreciate the sunshine of the southwest.

MORNING JOURNAL ADVERTISEMENTS GET THE BUSINESS

Another Year

Another Million

Since we began business in 1898 we have averaged a gain in shipments of One Million Dollars each year, and this year is no exception. Our fiscal year closed December 10th.

Actual Shipments to Retail Merchants, \$12,368,511

December 10, 1909, to December 10, 1910.....	\$12,368,511.95
December 10, 1908, to December 10, 1909.....	\$11,356,122.19
GAIN in shipments for 1910	\$ 1,012,389.76

Through good years and bad, success has followed us—not by accident or chance, but because we have established a standard of honest shoes and have lived up to that standard. The growing demand for shoes constructed without any substitutes for leather is best evidenced by our increased sales.

No Substitutes for Leather

It is a fact that a large majority of all shoes made in a certain section and retailed from \$2.00 to \$3.50 per pair contain substitutes for leather.

The section that prides itself most on "artistic shoemaking" uses the most substitutes for leather.

Long years of practice has enabled them to make shoes that look good from poor material. Finally, however, one has to reckon with the wearer.

Substitutes for leather can be made to look like leather, but they cannot be made to wear like leather.

The wonderful growth of the shoe business in the West is due to its early recognition of these facts, and the Roberts, Johnson & Rand Shoe Co. was the house to carry them into operation.

The Pure Shoe Law, drafted by the Roberts, Johnson & Rand Shoe Co., and introduced both at Jefferson City and Washington during the last legislative sessions, was intended to protect the consumer against leather substitutes.

Approved by the Government

The same business principles which have made us strong with merchants and consumers have also enabled us to secure within the past two weeks a \$452,000 Government contract for army shoes, amounting to 175,000 pairs. (This order is not included in our Million-Dollar gain.)

This, the largest shoe contract ever awarded by the Government to any one manufacturer, is a strong illustration of the fact that we are equipped to make any line of shoes requiring a fixed quality of materials and workmanship at a cost that cannot be equaled by any of our competitors.

The Government buys shoes on fixed specifications requiring all leather. Since we make all of our shoes out of all leather for all of our customers, no change was necessary in our method of manufacturing; therefore, we were easily enabled to make the lowest bid to the Government. Quality fixed, we beat the price.

Every wearer should adopt Uncle Sam's policy and demand shoes containing no substitutes for leather.

Justice of the Peace W. W. Mc-

Struck Mrs. Conner; Husband
Justified in Retaliating.

To pay a fine of twenty-five dol-
lars and spend thirty days in jail
was the justice meted out to A.
Marlin by Justice of the Peace W. W.
McClellan yesterday evening, at the
completion of a case in which Mrs.
C. H. Conner charged that he had
struck her without any provocation
whatever. The trouble occurred last
Friday morning at the new Conner
residence on North Twelfth street.
According to the story told by Mrs.
Conner yesterday, Marlin struck her
in the chest and shoved her against a
work bench, resulting in painful in-
juries. Dr. Conner, who was stand-
ing near by, then engaged in a scuf-
fle with Marlin, which, from all re-
ports, resulted rather disastrously
for Marlin. The episode culminated
in Mrs. Conner swearing out a war-
rant, charging Marlin with assault
and by Marlin causing a similar war-
rant to be issued against Dr. Conner.
At the conclusion of the Conner-
Marlin case Judge McClellan an-
nounced that he would fine Marlin
twenty-five dollars and sentence him
to serve thirty days in jail. The case
of Marlin vs. Dr. Conner was then
taken up and dismissed, the court
ruling that Conner was justified in
striking Marlin after the latter had
struck Mrs. Conner.
Earlier in the day yesterday, Mar-
lin was fined fifteen dollars and costs
in the police court, Judge Craig on
the bench. Marlin was charged with
disorderly conduct by Architect
Thorman. The affair between Mar-
lin and Thorman occurred on De-
cember 8th.

**Santa Claus' Christmas
Jingles**

"Shop Now" is Santa's slogan for the coming holiday
season. You have only eleven more shopping days and
you must hurry. To aid you in the selection of your gifts
Santa Claus has visited SIMON STERN'S store and has
written the following jingles to tell you where the best
bargains may be found.

"Here's where we get out," said Santa Claus.
And I went with him into Simon Stern's Fair;
And we found everything that a boy could want.
What to give brother and what to give father
Can quickly be settled without any bother.
Just drop into Stern's store for a minute or so,
You'll find what you want and the prices are low.
Look over your list and for every name there,
A gift you will find beyond compare—at Stern's.
You are wondering what you can give to the boy,
Or man who hasn't the need of a toy?
Why not give a lesson in the value of saving—
That pennies the highway to fortune are paving.
Let the Stern Store tell you how to do this,
And fill the big and little heart with bliss.

THIS design is in
character English,
of the XVIII. century.
At this period the Gail-
room ornament was
very much used. In
reality, the ornament
is of old Sheffield plate
with the introduction
of the flower. Many
features of the design
have been carefully
studied to produce the
best possible results;
as to strength, har-
mony of the whole de-
sign, bowls and blades
as well as handles,
every advantage of
our new and original
methods of bowl mak-
ing has been utilized
in this pattern, so
that there are no
sharp edges, no
stamped orna-
ments with hollow
backs, so generally
used by makers of
cheaper silver-
ware, but strong,
highly finished ar-
ticle of spoon
manufacture.
Made in Sterling Silver only, and stamped with
the Trade Mark: Lion, Anchor and letter E

Sensible Gift Things
By giving gifts of worth and character at Christmas
time, one not only gives wisely but well. Our shop invites
attention to its magnificent assortment of sensible, useful
articles for Yuletide remembrances, each appropriate to
give and a pleasure to receive.

Holiday Gloves
Our preparations in this section are in keeping with
our efforts in merchandise, i. e., to carry nothing but the
best. Our glove stock is most complete. Of course there
is no charge for the dainty boxes, in which there is an ad-
ded charm where presentation is intended, again our gloves
are of quality and you are sure of all around satis-
faction if your selection is made here. No trouble to ex-
change or fit. Priced from \$1.00 to \$2.50 a pair.

Gift Hosiery
A gift of hosiery is practical and attractive from
every point of view. Dainty, useful, durable. Of great im-
portance to gift-buyers, are the following items from our
hosiery section:
WOMEN'S PURE THREAD SILK HOSE, with life
top and sole, in black, white and colors, priced at \$1.50 pair.
EMBROIDERED HOSE—We anticipated a big
season in embroidered stockings, therefore we gave them
special attention in buying our hosiery. We would ask you
to come and inspect them while the line is complete. De-
signs are very pretty, copied from the French models;
handsome in coloring and patterns. They sell at 45c a pair.

Worthy Gifts Are Umbrellas
The usefulness of an umbrella makes it a most sen-
sible gift. Our assortment affords every advantage. The
covers are of the best qualities at each price. The handles
vary from the plain natural wood to the more elaborate
novelties in pearl, gold, silver, ivory and hartz. In every
instance our umbrellas are properly and carefully made,
affording the best values and assuring gifts that will be
appreciated.

Dolls
THE SENSIBLE GIFT FOR CHILDREN
What brings more joy to the heart of a child than a
doll? We have arranged our prices to suit every purse.
Think of buying a fully dressed doll for 10c. This is very
extraordinary and worth much more. Other values 25c
and up.
