STATESMEN GO DOWN IN MINE

Tawney and Party See the
Sights in Tombstone.

ROYALLY ENTERTAINED IN
TUCSON AND PHOENIX

After Trip Through Salt River Valley
to See Agricultural Possibilities
Visitors Go to
Prescott.

Phoenix, Ariz., Oct. 12.—Tombstone and Tucson were visited today by the congressional party investigating statehood conditions in Arizona. At Tombstone, under the leadership of Frank M. Murphy, the mines of the Tombstone Consolidated Mining Co. were visited and the visitors were taken down the shaft eight hundred feet and viewed a pumping plant which is lifting four million gallons of water to the surface every twenty-four hours. Tombstone has an interesting history and in the past has produced gold and silver to the amount of more than twenty million dollars.

The public schools were visited and the visitors were much pleased with their trip. The train reached Tucson at noon. The visitors were met by a large party of citizens and were taken for a drive to the Territorial University and through the city. Lunch was provided. The party arrived in Phoenix this afternoon and will remain here tomorrow for a trip through the Salt River valley, going to Prescott Saturday morning.

The citizens of Phoenix are preparing to give the congressmen every opportunity to learn the agricultural possibilities of this territory. All the congressmen agree that many erroneous stories have been reported in the east concerning the industrial conditions in Arizona.

FILIPINOS WANT FREE TRADE WITH AMERICA

LONG TALKS TO PRESIDENT ON
NEEDS OF INSULAR
POSSESSIONS.

Washington, Oct. 12.—In the opinion of Senator Long, of Kansas, who made the trip to the far east with Secretary Taft and party, the greatest need of the Philippines is free trade with the United States. The senator talked with the president today about the needs of the Philippines. He told the president that in his judgment the islands would be in a serious condition until a reduction of duties on their products entering the United States was made.

"Recently," said the senator, "the Philippines have suffered from typhoid and drouth. As a consequence their crops have either failed or been wiped out and the people are becoming discontented. Their discontent does not take a revolutionary form, but is simply the result of existing conditions."

Senator Long discussed railroad legislation with the president briefly. He expressed the belief that the matter would be disposed of early in the approaching session.

GARVIN FOR GOVERNOR OF CONNECTICUT

FORMER EXECUTIVE UNANI-
MOUSLY NAMED BY DEMO-
CRATIC CONVENTION.

Providence, R. I., Oct. 12.—Former Governor L. A. C. Garvin was today nominated for governor by acclamation by the democratic state convention. The remainder of the ticket also was nominated by acclamation as follows:

Lieutenant Governor—James T. Thurston, of Providence.
Secretary of State—Frank E. Fitzsimmons, of Lincoln.
Attorney General—Thomas A. Carroll, of Providence.
General Treasurer—Albert H. Olney, of Providence.

COLORADO'S RECORD UNEQUALLED IN WORLD

NEW CRUISER'S GUNNERY SUR-
PASSES ANY PREVIOUS PER-
FORMANCE IN ANY NAVY.

Newport, R. I., Oct. 12.—The remarkable success which attended the recent target practice of the new cruiser Colorado was shown in the figures given out today by an officer of the ship. It is claimed that the record has never been equaled by a warship in the United States navy or by any warship in the world.

With the six-inch breech-loading gun at a range of 2,500 yards the target being of triangular canvas, forty shots were fired, and forty hits were made. The percentage of accuracy was 98 per cent. Ten shots were fired from each of the four eight-inch breech-loading rifles and but three misses were recorded.

Miss Cornelia Dow Dead.
Portland, Me., Oct. 12.—Miss Cornelia M. Dow, a well known worker in the field of charity, philanthropy and reform, died at her home in this city aged 63 years. She had held various offices in the state and national W. C. T. U. She was a daughter of the late General Neal Dow.

Diplomatic Appointments.
Guatemala City, Oct. 12.—General Plaza has been appointed minister of Guatemala to Mexico, Cuba, France, Italy and Switzerland.

Senor Valverde, former secretary of foreign affairs, has been appointed minister at Rio Janeiro, Brazil.

BANKERS FAVOR SUBSIDIES

To Build Up American Mer-
chant Marine.

RESOLUTIONS ADOPTED BY
AN OVERWHELMING VOTE

National Association Will Use Influ-
ence to Get Congress to Pass
Suitable Law to Pro-
duce Result.

Washington, Oct. 12.—The American Association of Bankers today put itself squarely on record as favoring government subsidies for the up-building of the American merchant marine. Resolutions reviewing the growth of American commerce and the decline in American shipping and pledging the association to throw the weight of its influence toward the enactment of a ship subsidy law were presented by the executive council of the association and adopted by a rising vote in which it was estimated that three quarters of the delegates took the affirmative side.

The report of the currency committee was received, but no action taken thereon. The report followed the suggestions made yesterday by Secretary Shaw in his address before the convention for an emergency currency. The enthusiasm of the day was vented on the ship subsidy proposition. The five enacting clauses of the resolution are as follows:

"Resolved by the American Bankers Association assembled:

"First—That members of this association are deeply interested in any measure which will promote the interest of the whole country commercially and industrially, and especially with reference to our foreign commerce.

"Second—That we favor and most respectfully urge the passage by congress of some measure to foster and encourage the up-building of our merchant marine, and give us back the prestige upon the high seas which we once enjoyed.

"Third—That we favor the ship subsidy measure, which has received consideration by congress, which, we think, would tend to restore our flag upon the seas and build up our merchant marine to the extent that the necessities of our trade now and in the future may demand.

"Fourth—That we recommend that our senators and congressmen favor a just and equitable measure that will bring about results and afford the relief above suggested.

"Fifth—That through our executive committee we memorialize the senate and house of representatives with a copy of these resolutions."

WOULD INDICT OFFICERS OF INSURANCE COMPANIES

NEW YORK MERCHANTS ASK JE-
ROME TO INVESTIGATE FEAS-
IBILITY OF ACTION.

New York, Oct. 12.—The Merchants' association of New York, through its board of directors today adopted resolutions calling on the district attorney to investigate the feasibility of instituting a civil action against the officers of the life insurance companies who have contributed the funds of the company to political campaigns. The association also asks that civil action be instituted by the state attorney general looking to the restitution of the money so contributed. In addition to the adoption of the resolutions the Merchants' association announced that District Attorney Jerome would be requested to reconsider his determination not to ask for a special session of the grand jury to consider the matter at this time.

COLORADO MAY DEMAND
RECOVERY OF FUNDS
New York, Oct. 12.—On behalf of Thomas J. O'Donnell of Denver and other Colorado policyholders of the Mutual Life Insurance company, W. B. Crisp, a lawyer of this city, today wrote to Attorney General Meyer of New York state, asking that he institute civil proceedings at once to compel the officers of the Mutual to make restitution of the sum of \$25,000 which they admit has been contributed to political campaign committees in recent years. Mr. Crisp offers to lend the attorney general any assistance he may desire in the matter.

WIRELESS TELEGRAPH FOR PHILIPPINES

CHIEF SIGNAL OFFICER GREE-
LEY DECIDES TO INSTALL
SYSTEM.

Washington, Oct. 12.—General Greeley, chief signal officer of the army, has decided to install a wireless telegraph system between Zamboanga and Jolo, Philippine islands. The system is to be installed between the islands and they are frequently cut and rendered useless. It is expected that the new system will be in operation in about three months.

Robert Plenipotentiary.
Washington, Oct. 12.—Emile C. Robert, who has been charged with the duties of plenipotentiary for the past year, was today presented to President Roosevelt as minister plenipotentiary.

Russian Aliens Lead.
Washington, Oct. 12.—The report of the bureau of immigration for August, issued today, shows that 63,493 aliens landed during the month, as compared with 59,777 for August, 1904. The greatest number arrived from Russia, with Italy second and Austria third.

TO HANDLE CASTRO WITH GLOVES

France Will Be Patient But
Determined.

ROOT AND JUSSERAND
CONFER OVER VENEZUELA

Both Governments Will Bide Their
Time But Refractory Dicta-
tor Must Come to
Terms.

Washington, Oct. 12.—Venezuela was the subject of an important conversation at the state department today between Secretary Root and Mr. Jusserand, French ambassador. The latter has been awaiting the arrival here of the report of Mr. Calhoun, American special commissioner, before recommending to his government a course of action. Calhoun has reported verbally to the president and the secretary, but he has not yet completed his formal report on the conditions he found existing in Venezuela. Enough is known, however, to show the similarity between the grievances of the Paris and Washington governments. Whether this similarity shall find a corollary in a parallel action on the part of the two governments to right their grievances has not yet been decided. France has informed the United States that the course she has taken is one of extreme patience, but of even greater firmness. It can be announced that the French government has already considered several courses of action, any one of which it is believed would bring President Castro to terms. None will be adopted, however, until Secretary Root and Mr. Jusserand have further considered the report of Calhoun. In the meantime both governments will bide their time letting it be known that both are equally determined to obtain an early justice for their citizens.

MEXICAN CENTRAL STILL HAS ITS TROUBLES

STATE AUTHORITIES ORDER THE
FIREMEN TO GO TO WORK OR
LEAVE IN THREE DAYS.

Monterrey, Mexico, Oct. 12.—Notwithstanding the furnishing by the governor of a number of rurales to act as guards on the engines of the Mexican Central, the protestation of any firemen that the company might secure, the officials have not yet succeeded in resuming traffic. In all probability there will be no change for the next three days for the state authorities have not taken the matter in hand and have given the firemen that length of time in which to decide to return to work or get out of the city.

ROCKEFELLER WANTS ALL MEN'S GOOD WILL

TELLS CLEVELAND CHURCH PEO-
PLE HIS IDEA OF HEAVEN
ON EARTH.

Cleveland, Oct. 12.—John D. Rockefeller told of the ambition of his life in an address to the young people of the Euclid avenue Baptist church. It was, he said, to have good will toward all men. He declared that he could not say too much to his hearers on this subject, because if all worked to those ends heaven would exist on earth.

Mr. Rockefeller's subject was introduced by the statement that he had harvested three thousand bushels of oats from his fields at Forest Hill. He declared that there were several other crops which, if rightly tended, would bring more satisfaction to the workers than anything that came up from the ground. He mentioned patience and charity, saying they would flourish in the paved streets of Cleveland and New York equally well.

"The crop which I consider and have always thought to be the most precious," he said, "is the good will of all mankind, bringing as it does the greatest comfort to all mankind. This is the most valuable thing to be had on earth. I cannot say too much to impress this upon your minds."

William Rockefeller to Rest.
New York, Oct. 12.—William Rockefeller, a brother of John D. Rockefeller, who went abroad last spring on advice of his physicians, it is announced, may be obliged to remain abroad the entire winter for his health. His son, W. G. Rockefeller, said today there is nothing serious in his father's condition but he was in need of extended rest.

BANK CLERK FINDS JOKE IS SERIOUS

MAN WHO JOSHED NATIONAL
CITY BANK INDICTED FOR
LARCENY.

New York, Oct. 12.—Harry A. Leonard, the young bank clerk who took \$250,000 worth of securities from the National City Bank by means of a forged check, today was indicted for larceny in the first degree.

Teddy's Cousin Weds.
Chicago, Oct. 12.—Andre Roosevelt, of St. Louis, cousin of President Roosevelt, was married tonight to Miss Adelaide Lange.

Miss Lange, who is a graduate in architecture of the Zurich Polytechnic, assisted in drawing the plans for the mines buildings at the St. Louis exposition, and it was while engaged in this work that she met Mr. Roosevelt.

MOST RECENT LIKENESS OF RICHEST MAN IN THE WORLD WHO IS ALSO MOST TALKED OF MAN IN AMERICA

John D. Rockefeller

PRESIDENT TALKS ABOUT OIL WITH KANSAS MAN

Campbell Says Trust Is
Badly Jolted.

SIX MILLIONS TO BUILD
INDEPENDENT PIPE LINE

Washington, Oct. 12.—Railroad legislation and the oil situation, with special reference to the middle west, were discussed today by the president and Representative Campbell, of Kansas. Campbell talked briefly of railroad rates and of the contest between the state of Kansas and the oil combine.

He assured the president that the people of Kansas stood squarely at his back on the question of railroad legislation and that he had no doubt he would have the unqualified support of the Kansas congressional delegation.

The president expressed interest in the oil situation.

"The middle west has the greatest oil field in the world," said Campbell. The prospects now are brighter for the industry than ever before. Independent refineries are springing up over the field. Already two are in operation and several others will be at work within sixty days. The oil combine never has had such a shock from isolation and there was no doubt during the past eight months. Therefore it simply has overrun all competition or ignored it entirely. Now it is obliged to reckon with it. The Kansas oil producers are doing very well. An independent pipe line has been financed by Cudahy interests. It will extend from the Kansas and Indian Territory fields to St. Louis, where a big refinery will be erected. The pipe line enterprise will involve an expenditure of about \$6,000,000 and all necessary money has been provided. The price of oil has gone up recently about 10 cents a barrel and producers in our western fields are optimistic of the future."

Simpson's Condition Unchanged.
Wichita, Kas., Oct. 12.—The condition of Ex-Congressman Jerry Simpson was unchanged today.

RUSSIA'S GREATEST LIBERAL TROUBETSKOY IS DEAD

St. Petersburg, Oct. 12.—Prince Sergius Troubetzkoy was stricken with apoplexy tonight while attending a conference with M. Glossof, minister of education. He died in two hours.

Prince Troubetzkoy was regarded as the foremost liberal of Russia. For a long time he was president of the zemstvo congress of Moscow, and headed the delegation which last June presented the petition of the all-Russian congress of zemstvos and municipalities to Emperor Nicholas.

COMMITTEE CENSURES OFFICERS

For Unbusinesslike Manage-
ment of Fair.

TOTAL DEFICIT MOUNTS UP TO
NEARLY FIVE THOUSAND DOLLARS

Exhaustive Report of Investigating
and Auditing Committee Adopted
Unanimously by Executive
Board.

The executive committee of the Territorial Fair association held a meeting last night at which the report of the special auditing and investigating committee which was appointed to look into the management of this year's fair was presented. After the report had been taken up in sections and carefully considered, it was unanimously adopted as presented with the exception of a few minor changes.

The report, which was a severe arraignment of the fair management, when first read was unanimously adopted as a whole. The vote was then reconsidered and the report was taken up serially, discussed in its details and adopted with a few more pungent paragraphs toned down slightly.

Having the situation concisely reduced to dollars and cents and the whole matter clearly summarized, the next question which arose was as to what steps to take toward placing the association on its feet, preparatory to undertaking a fair next year.

The new famous deficit was discussed from all sides and suggestions made as to the best plan to pursue under the circumstances with a view to paying the bills outstanding and making a fresh start. No conclusion was arrived at however, and another meeting will probably be held today to consider the matter further.

Those present at the meeting were President W. H. Greer, secretary K. B. Sellers, George Arnot and J. B. Herndon, officers; and Felix H. Lester, P. F. McCanna, W. T. McCright, D. A. Macpherson, George P. Learner, Maynard Gussell, Joe Barnett, F. A. Hubbell, O. A. Marron, M. Nash and Scott Knight.

The report of the committee as adopted last night was in full as follows:

The Committee's Report.

To the Executive Committee of the Twenty-fifth Annual Territorial Fair:

Gentlemen—We, your committee, chosen for the purpose of auditing the books and examining into the management of the Twenty-fifth Annual Territorial fair, beg leave to submit the following report:

We have examined all the accounts, vouchers, checks, books and records of the said association for the 1905 fair, and have also taken the testimony of various witnesses, including the testimony of the president, W. H. Greer, and the secretary, D. A. Macpherson, relative to all matters pertaining to the management of the said fair and after a thorough and complete investigation your committee finds as follows:

We find that the association for the year 1904 received for the bar privileges the sum of \$275; for the peanut, popcorn, candy and soft drink privileges the sum of \$150; and for the lunch privilege the sum of \$30, making a total of \$455. We also find that none of these privileges were sold this year, and that they should have been sold at least an equal amount, and that the secretary should be censured for his failure to dispose of same. We further find that these privileges were used this year by the Casino Amusement company, which is owned by Mr. W. H. Greer, without any intention of paying the association for the use of the same, and we recommend that the Casino Amusement company be compelled to pay a reasonable amount for their use.

We find that the managers of previous fairs have been able to secure as much as six hundred dollars from outside sources for stake races, and that the Spring Racing association secured \$1,475 for such races, and we further find that the proper effort was not made this year to secure such races, and that the president and secretary should be censured for grossly neglecting this feature.

We find that the secretary should be censured for contracting and paying \$40 for two motor cycle races, when the sentiment of the executive committee was clearly and emphatically expressed against it.

We find that it was the expressed policy of the president and the secretary of the association to make contracts for various features of the fair, without advising or consulting with the executive committee regarding the same, and we further find that the only appropriation authorized by the executive committee were those for base ball, bicycle races and fruit exhibits.

We find that the president and the secretary should have followed the policy adopted by the managers of previous fairs and waited until all bills against the association had been presented, barring bills for prizes, prizes and labor, so that it could be determined whether they could be paid in full, and we further find that there are at present checks outstanding to the amount of \$712.16, issued to parties outside the city, for which there are no funds in the bank, and that several of these checks have been presented for payment and payment refused and the credit of the association greatly injured thereby.

We find that the secretary of the association should not have drawn \$350 of his salary before the fair week, and before it could be determined whether all bills against the association could be paid in full.

We find that the secretary was extravagant in ordering goods shipped by express, which should have been shipped by freight.

We find that the subscription list this year was not as large as it should have been, and that the proper

effort was not made to increase the same.

We find a note outstanding against the association in favor of W. L. Trimble and Co., for \$100, signed by President Greer and Secretary Sellers, which is not included in the statement, and on which Mr. Trimble's subscription of \$50 for this year is credited.

We find that the receipts from the race entries, privileges, concessions, subscriptions, Montezuma ball and gate and grand stand are correct, but inasmuch as money was received at some of the gates in lieu of tickets Thursday, Friday and Saturday, are unable to make any further check in the cash receipts other than upward of \$300 was taken in by the ticket takers and turned over to the Fair association.

We find that the telephone bill of \$6, the electric light and fan bill for \$13.20, and bill for \$2.40 for framing a picture, all used in the office of the Albuquerque Traction Company, were not properly chargeable to the association, and should not have been paid and we recommend that these amounts should be refunded to the association.

We find that of the twenty-two books of street car tickets amounting to \$44, charged to the association, that fifteen of these were issued by authority of the secretary and that the association should pay for the same. We are, however, unable to find any authority for the issuance of the other seven books, and we therefore recommend that the sum of \$11 be deducted from the amount of this bill.

We find that the following bills were not properly chargeable to the association and have been rejected by the secretary: Ziegler's Cafe, for mounted police, \$9.16; Dr. Carns, for attending injured fireman, \$2.00; W. Y. Walton, medicine for injured fireman, \$2.00; T. N. Wilkerson, expenses, \$5.00.

We find the following bills should be reduced the following amounts: John Cornetto, \$73.88; Okey Clifford, \$9.50; H. R. Whitling, \$9.00; Albuquerque Transfer Company, \$22.00. Making a total of all bills reduced and rejected of \$200.68.

We submit herewith a statement showing the receipts and expenses of the fair for this year, as well as the deficit of the fair of 1904.

D. A. MACPHERSON, Chairman.
W. T. MCGEE, Secretary.
P. F. MCANNA,
FELIX H. LESTER,
B. H. BRIGGS.

Investigating and Auditing Committee.

In connection with their report the committee presented the following detailed statement:

Receipts.
Cash from fair of 1904..... \$2.50
Cash borrowed..... 250.00
Subscriptions..... 4840.00
Admissions..... 4286.35
Entries..... 527.50
Concessions..... 869.25
Montezuma ball..... 305.00
Total receipts..... \$13171.05

Disbursements.
Notes and interest..... \$2654.62
Bills of the 1905..... 10470.77
Total..... \$13125.39

Balance in treasury..... \$ 45.70

We find that \$4820.41 is still due miscellaneous firms and persons.

Cost of fair of 1905..... \$15384.17
Cash receipts..... 13125.39

Less cash in treasury..... 45.70
Deficit for 1905..... \$ 2213.08
Deficit for 1904..... 2561.63

Total deficit..... \$ 4774.71

Classification of Expenses.

Purses for harness races..... \$2287.50
Purses for running races..... 652.50
Purses for cowboy, relay and bicycle races..... 355.00
Stamps for races and clerk of course..... 303.00
Trotting outfit..... 250.00
Red fire illumination..... 80.67

Soldiers..... 661.72
Cowboys..... 441.52
Labor on grounds, watchmen, ticket takers, etc..... 544.50
Advertising, printing and job work..... 1356.42
Montezuma ball..... 305.00
Music..... 650.00
Express..... 79.95
Miscellaneous..... 1444.40
Lighting..... 354.75
Total..... \$15384.17

Of the amount subscribed there remains unpaid the sum of \$342.50.

Henderson Sinking.

Dubuque, Iowa, Oct. 12.—There is very little change in the condition of former Speaker David B. Henderson. Death may come at any time, or he may live six months or more, according to the doctors. He is so weak he is hardly able to move.

Hottentots Victorious.

Capetown, Cape Colony, Oct. 12.—Morello and Morris, the chiefs of the rebellious Hottentots of German Southwest Africa, have captured Jerusalem camp, between Warmbad and Debut drift and are fighting with the Hottentots. The Hottentots sent word they would fight to the finish.

Lawyer Snatches.

New York, Oct. 12.—Armitage Matthews, secretary of the republican county committee, committed suicide this morning by jumping from a window of his residence. His trial on the charge of looting the Weissel estate was to have begun today. This case grew out of the wrecking of the federal bank.

Matthews was a young lawyer and had advanced rapidly in the practice of his profession and in politics. He was indicted last May on charges of conspiracy and grand larceny, growing out of the looting of the Weissel estate of which David Rothchild, the wrecker of the federal bank, was administrator.

Rothchild, John W. Wooten, and Lawyer Samuel L. Ferguson were indicted with Matthews on the same charges. Rothchild and Wooten were convicted and sentenced to prison.

Leprosy in Chicago.

Chicago, Oct. 12.—Two cases of leprosy have been found among Chinamen in this city by the police, and confinement in Chinatown. The victims have been removed to the pest-house, and rigid investigation is being made in the Chinese quarter. One of the cases is well developed, the other in an early stage. Cases of leprosy are rare in the city, and while no apprehension is felt that the disease will spread, the possibility of danger of general infection are realized.

FIFTY-NINE PRIZES AWARDED FOR FRUITS IN ROSWELL

Splendid Display of Livestock at Pecos Fair.

ARTESIA DEFEATS MILITARY INSTITUTE ON DIAMOND

Special to the Morning Journal.
Roswell, N. M., Oct. 12.—The largest crowd that has ever attended the Roswell fair in the history of the fair association was in attendance today, and the weather was beautiful. Tomorrow will be Roswell day and will conclude the fair, which has been satisfactory to the management. The Artesia N. M. horse ball club met defeat today on the grounds at the fair at the hands of the New Mexico Military Institute. Score, 4 to 2.

Fifty-nine prizes were awarded today of Pecos Valley apples and pears and vegetables.

Parker Earle, the recognized world's authority on horticulture, won first prize on display of pears. Some of the finest live stock in the United States is on display from the famous Slaughter Hereford, home and the great Milne Bush ranch and Hamilton Hereford Home.

The carnival of specialties is holding sway tonight on Main street. The actors are all local society people.

ESCAPED CONVICT SEEN IN LAS VEGAS

ROMALDO BARELA, WHO DEPARTED FROM PEN MAY BE CAPTURED.

Special to the Morning Journal.
Las Vegas, Oct. 12.—Romaldo Barela, who escaped from the penitentiary at Santa Fe last June, has been seen within the week on the streets of Las Vegas. Barela is one of the men who looted the store of Stern and Nahm in this city last winter.

After being placed in the penitentiary Barela was sent to work on the Santa Fe end of the scenic highway, from which place he made his escape. Tuesday night he, in company with three other men, mounted on horses, was seen on the streets of the west side by several people who are well acquainted with him. It is also known that he has been hiding in the vicinity of Agua Zarea, and the officers are watching for him.

There can be no doubt that friends of the robber are harboring him, as he is in his own neighborhood and knows everybody around him.

The fact that several horses have been lost from pastures near the city and that Barela was accompanied by companions may lead to a clue to the losses, and it is hoped that he will be run to cover promptly.

HUGHES DECLINES AND IVINS IS NOMINATED

FORMER COUNSEL FOR FASSETT COMMITTEE TO RUN FOR MAYOR OF NEW YORK.

New York, Oct. 12.—William Mills Ivins, who acted as counsel for the Fassett legislative committee in 1892 and was city chamberlain under Mayor Hewitt and Grace, today became the republican candidate for mayor of New York City when he accepted the nomination made by a committee appointed by the republican city convention to fill vacancies in the nominations of that convention. Charles E. Hughes, counsel for the legislative committee investigating life insurance methods, was nominated by the convention but declined.

Mr. Ivins was notified formally of his selection late today and accepted in a brief speech.

WORK BEGINS ON NEW SANTA FE OFFICES

RAILROAD HEADQUARTERS BUILDING AT LAS VEGAS TO BE ONE OF THE FINEST.

Work was begun on the new office building of the Santa Fe railroad company, at this city this afternoon and the building is to be completed in three months, says the Las Vegas Ontic.

The new building is to be 36x78 feet and will consist of two stories and a basement. It will be located just north of the Castaneda hotel between the main passenger track and the sidetrack leading to the Browne & Manzaneros company building. The new building will face within a few feet of the passenger walk and will adjoin the walk running east and west along the north end of the hotel grounds. The new edifice will correspond in appearance with the hotel, being of the same materials, pressed brick and stone. The contractors of this city for funds to aid the yellow fever sufferers.

Blights Illinois Vegetation.

Bloomington, Ill., Oct. 12.—The first heavy frost killed all small vegetables in central Illinois last night.

General in Alabama.

Birmingham, Ala., Oct. 12.—There was a heavy frost all over North Alabama last night. It is expected the quarantine will be raised now.

May Damage Cotton.

Waco, Texas, Oct. 12.—A light frost, the first of the season, appeared here this morning. The cotton that yet remains in the fields probably will be damaged.

Snow in Pennsylvania.

Pittsburg, Oct. 12.—The first snow of the season in western Pennsylvania in some places so heavy as to break down trees, is reported today.

A Killing One in Iowa.

Des Moines, Iowa, Oct. 12.—A killing frost last night is reported from every place in Iowa.

Greeks Kill Bulgarians.

Salonica, Oct. 12.—A Greek band attacked a party of Bulgarian peasants October 9 between Voden and Diacovitz. Twenty-three of the Bulgarians were killed. The imperial troops then attacked the Greeks and killed their leader. On the following day a band of Bulgarians in revenge attacked a village near Florina and killed seven Greeks.

Emmons Found Guilty.

Sacramento, Cal., Oct. 12.—The jury in the case of former Senator E. J. Emmons charged with accepting a bribe during the last session of the state legislature, returned a verdict of guilty this evening.

Five Years Football Deaths.

New York, Oct. 12.—Forty-five deaths and hundreds of injuries in the record of football for the last five years, according to a canvass made by the Herald. Almost every casualty was due directly to heavy mass plays, against which President Roosevelt and the country at large are protesting vigorously.

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Mrs. J. W. Lang and Mrs. S. Frake

Of all the diseases known, with which women are afflicted, kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so-called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing down pains, urine too frequent, scanty or high colored, producing scalding or burning, or deposits like brick dust in it; unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back running down the inside of her groin, she may be sure her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's ills.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes:

Dear Mrs. Pinkham:—I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me. When I first wrote to you I had suffered for years with what the doctor called kidney trouble and congestion of the womb. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all the bad symptoms have disappeared.

I cannot praise your medicine enough and would advise all women suffering with kidney troubles to try it.

Mrs. J. W. Lang, of 656 Third Avenue, New York, writes:

Dear Mrs. Pinkham:—I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly.

Mrs. Pinkham's Standing Invitation.

Women suffering from kidney trouble, or any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Out of the great volume of experience which she has to draw from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always helpful.

NEW FEVER CASES STEADILY DECREASING

COLD WEATHER AND FROST IN SOUTHERN STATES MARKS BEGINNING OF END.

New Orleans, Oct. 12.—Report of fever situation up to 6 p. m.

Four cases, 15.
Total to date, 3,261.
Deaths, 2.
Total, 419.
New food, 3.
Cases under treatment, 164.
Cases discharged, 2,678.

SMALL NUMBER OF NEW CASES AT PENNSYLVANIA

Pennsylvania, Oct. 12.—The yellow fever situation at noon was as follows:

New case, 2.
Total to date, 234.
Deaths, 2.
Total to date, 47.

FROST OCCURS IN MIDDLE LOUISIANA

New Orleans, Oct. 12.—Still cooler weather, the mercury going to 58 here and under 49 in many parts of the state, with frost in the middle section, today increased the probabilities of the extinction of the fever throughout Louisiana and Mississippi.

Heavy in Ohio Valley.

Louisville, Ky., Oct. 12.—The frost line extends this morning into the northern portion of the Gulf states. A heavy frost occurred in the Ohio valley and Mississippi valleys.

Louisville to Tulsa Falls.

Louisville, Ky., Oct. 12.—In response to an appeal from Natchez, Miss., the relief committee of the Louisville Board of Trade today began a canvass of the business districts of this city for funds to aid the yellow fever sufferers.

Blights Illinois Vegetation.

Bloomington, Ill., Oct. 12.—The first heavy frost killed all small vegetables in central Illinois last night.

General in Alabama.

Birmingham, Ala., Oct. 12.—There was a heavy frost all over North Alabama last night. It is expected the quarantine will be raised now.

May Damage Cotton.

Waco, Texas, Oct. 12.—A light frost, the first of the season, appeared here this morning. The cotton that yet remains in the fields probably will be damaged.

Snow in Pennsylvania.

Pittsburg, Oct. 12.—The first snow of the season in western Pennsylvania in some places so heavy as to break down trees, is reported today.

A Killing One in Iowa.

Des Moines, Iowa, Oct. 12.—A killing frost last night is reported from every place in Iowa.

Greeks Kill Bulgarians.

Salonica, Oct. 12.—A Greek band attacked a party of Bulgarian peasants October 9 between Voden and Diacovitz. Twenty-three of the Bulgarians were killed. The imperial troops then attacked the Greeks and killed their leader. On the following day a band of Bulgarians in revenge attacked a village near Florina and killed seven Greeks.

Emmons Found Guilty.

Sacramento, Cal., Oct. 12.—The jury in the case of former Senator E. J. Emmons charged with accepting a bribe during the last session of the state legislature, returned a verdict of guilty this evening.

Five Years Football Deaths.

New York, Oct. 12.—Forty-five deaths and hundreds of injuries in the record of football for the last five years, according to a canvass made by the Herald. Almost every casualty was due directly to heavy mass plays, against which President Roosevelt and the country at large are protesting vigorously.

GHASTLY DISCOVERY REVEALS MURDER
DISMEMBERED AND MUTILATED BODY OF NEW YORK MAN FOUND IN SUIT CASE.

New York, Oct. 12.—The finding of a man's head wrapped in a white and blue shirt in front of No. 615 East Eighteenth street, led to the discovery of a murder committed probably last night at 14 Third avenue. Information of a probable murder there was given to the police by an unnamed informant. A search of the house revealed the arms and legs of a man in a suit case and the body in a closet.

Fred Bailey was seen today coming from a room on the third floor, No. 14 Third avenue, where parts of the dismembered body were found, and was arrested. He gave his occupation as elevator runner.

The murdered man was identified as Thomas Corcoran, a ticket taker on the elevated railroad, Frederick Beaudry, in whose room portions of Corcoran's body were found, said he brought Corcoran and another man, a soldier, to his room last night, that he fell asleep and when he awoke he found the soldier gone and Corcoran killed and cut up. Bailey's clothing is covered with bloodstains. Information of the tragedy was given the police by George Lalonde, who occupied the room adjoining Bailey's and who heard suspicious noises during the night.

VALUABLE PAPERS

The First National Bank will rent you a Safe Deposit Box for \$2.50 a year and up. Call and let us explain the system.

EMPEROR MAY YIELD ON SUFFRAGE QUESTION
NO DECISION YET REACHED, HOWEVER, REGARDING HUNGARIAN CRISIS.

Vienna, Oct. 12.—General Baron Fejervary, Hungarian premier, had an audience with the king-emperor today lasting two hours, after which it was officially announced that no decision had been reached regarding the present crisis in Hungary. According to self-authenticated reports there has been no change in the program submitted by the premier, and his majesty is inclined to yield on the question of universal suffrage.

WOMAN SHOT IN STREET.

Newcastle Man Says Mrs. Dallas Douglas Had Broken Up His Home.

Newcastle, Pa., Oct. 2.—Mrs. Dallas Douglas, wife of William J. Douglas, was shot and mortally wounded today by Oscar Howard, aged twenty-seven years. Mrs. Douglas was standing at the corner of Lang avenue and Mill street when Howard walked up and shot her in the back. As he was about to shoot again he was knocked down by William Costello, a local pugilist, who saved the man from a large crowd which had gathered, and lodged him in jail.

Howard said his reason for shooting was that Mrs. Douglas had broken up his home.

If you need a carpenter telephone Hesselton.

SCOTTY WOULD RACE HARRIMAN ACROSS CONTINENT

Santa Fe Versus Southern Pacific.

OFFERS RAILWAY MAGNATE BIG WAGER OF \$35,000

Mr. Harriman of the Southern Pacific may have his speed microbes greatly stimulated in that record-breaking trip to Chicago he is said to be contemplating, for Walter Scott, the Death Valley mystery, has signified his desire to race the "Espe" man, "Scotty" to start from Los Angeles on the Santa Fe, while Harriman leaves San Francisco on the Southern Pacific, the distance being about the same.

The wager—\$35,000, with \$15,000 in addition for "any little side bets they may take up, up there," as "Scotty" put it.

The San Bernardino Times-Index says: Walter Scott came through San Bernardino this afternoon at 12:50, on the Santa Fe limited, which was, on time, by the way, and the long train had no sooner hit the platform than the Death Valley miner, minus the red tie that attracts so much attention when it is worn, rushed up to the telegraph office.

At the foot of the stairs the miner and his newspaper friend met Chief Dispatcher Ed. Butler, and "Scotty" stopped for a friendly chat to be sure "All aboard," called the conductor, standing beside his train, but the man from Death Valley was as indifferent as though he had just coughed.

"Did you send it?" asked Mr. Butler.

"You bet I did," answered "Scotty."

"I told him I had \$35,000 up that he could not beat me to Chicago. I also told him that I had \$15,000 more for any little side bets they might make up there."

CALLS HARRIMAN'S BLUFF.

"How would you go?" asked the train dispatcher.

"Well, I put it up to him that he could leave San Francisco over his road, and I would leave over the Santa Fe from Los Angeles. The distance is about the same, you know. He has made his crack that he could break that record, and I want to know how he is going to do it."

"All right," said the dispatcher, "I'll let him know through a wire that he's going to go. Mind, the loser has to pay for both trains."

HARRIMAN MAY BUILD INTO THE PENINSULA

"Who will build the railroad down the lower California coast?" is a question that has been asked frequently of late. Rumor now has it that the Southern Pacific company is planning to construct the line that has been so confidently counted upon, says the Los Angeles News.

It is argued that the building of the Panama canal absolutely necessitates the construction of a line from San Diego to Cape Lucas, or some other extremely southern point, to connect with mail and passenger steamers from New York and other eastern points. The Southern Pacific has certain points of vantage over any other road which might aspire to build the line, as it already has a branch road running from Benson, Arizona, on the main line of the Texas division, to Guaymas, on the gulf. By extending the coast line to La Paz and putting in operation a line of steamers to ply between that point and Guaymas, the company would be given a short cut to all inland points in the southwest.

Again, a short section of road would connect the coast line with the line of the company now in operation at Calexico, the Imperial valley, and a short extension northward would span the distance between San Diego and Los Angeles, giving the company a line the entire length of the Pacific coast.

Capital is seeking investment in lower California. A Boston syndicate recently acquired the title to a strip of territory along the western coast of the peninsula, 427 miles long and sixteen miles wide. This is the largest tract of land owned by any single corporation in the world. Other heavy investments have been made there recently, and a great future for the country is predicted. The peninsula has been termed the "Isle of America."

It has a mild, healthful climate, a rich soil, and back in the mountains, water and timber.

The Spanish missionaries established a chain of missions along the entire length of the peninsula and in a number of places they installed large irrigation systems, the ruins of which still are to be seen. Bananas, grapes, oranges and other fruits do well in the main sections of the coast, and about 200,000 acres of land are under cultivation. The mineral resources of the region are rich.

The Colorado & Arizona.

J. W. Reagan, with the engineering department of the Arizona & Colorado railroad, was an Axtex visitor this week. Mr. Reagan outlines the line of the company which will build through here as follows: From the City of Mexico the railroad has already surveyed the line to Guaymas, on the Gulf of California, and will touch at the ports of Mazatlan, Topolampam and Guaymas. Actual construction has begun at Guaymas and will proceed north and south from that point. The northern terminus will be at Denver, and the southern the City of Mexico.

With the completion of the Panama canal, the transcontinental line will lose most of its coast to coast business as freight can be carried by water at much less expense than by rail.

Harriman has this idea in view, evidently, and will supplement his Southern Pacific line with the Colorado & Arizona. In San Juan county the probable course of the line is pure guesswork, but the Animas valley seems to offer the easiest outlet north, with a branch up the La Plata for the coal fields—A. Z. Index.

Change at San Bernardino.

Charles K. Adams, who for several months has been city ticket agent for the Santa Fe in San Bernardino, leaves for Santa Barbara, where he will take a position in the office of the general agent. He will be succeeded as city ticket agent by John Chafferson, who for several months has been city ticket clerk at the Third street station, and recently acting cashier.

NEW CLAIM SYSTEM.

Frisco Appoints Ten Traveling Agents to Attend to This Branch.

St. Louis, Oct. 12.—To facilitate prompt settlement of freight claims on cases involving the Frisco has appointed ten traveling agents, each one

of whom is to be in charge of an operating division with headquarters at an operating plant.

Heretofore claims made for damages, shortages, etc., had to pass through a certain amount of red tape and an endless amount of correspondence carried on before adjustment was made. This new feature will consequently meet with the indorsement of merchants and shippers.

SANTA FE WANTS BONUS.

Citizens of Sulphur Asked to Subscribe \$20,000.

Davis, I. T., Oct. 12.—The Santa Fe has asked Sulphur for a bonus of \$20,000 for their line from Davis to the Choctaw coal fields.

The report that this line has bought the Fort Smith & Western has been confirmed by good authority and the Santa Fe will build across the country to a connection with the Fort Smith & Western, making Dallas the coal distributing point along the Washita valley.

Robert Chowning, a capitalist of Oklahoma City, in company with Chicago parties, has just been here looking over a line of road they said to be ready to build westward along Wild Horse creek, and engineers will be in the field next week.

A FATAL MISTAKE

Is Often Made by the Wisest of Albuquerque People.

It's a fatal mistake to neglect backache.

Backache is the first symptom of kidney ills.

Serious complications follow.

Doan's Kidney Pills cure them promptly.

Don't delay until too late.

Until it becomes diabetes—Bright's disease.

Read what an Albuquerque citizen says:

Mr. J. H. Smith, of 115 Haining Ave., wife of J. H. Smith, deputy sheriff, says: "I have had backache for a month so severe that every movement I made hurt and I never knew the moment but the slightest strain on the muscles of the back brought it on, which could only be described as excruciating. I went to the Alvarado Pharmacy for Doan's Kidney Pills and took them. The remedy stopped the annoyance. Since then I have had no necessity to use Doan's Kidney Pills nor any other medicine for aching across the small of the back."

For sale by all dealers. Price, 50 cents. Foster-McMurray Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Don't ease your Fountain Pen. But take it to Newcomer for expert repairing.

What part of this paper do you suppose is the most interesting to the person who is eagerly looking for a furnished room or boarding place? Is your ad in that part of the paper?

FINE GROCERIES, COURTEOUS TREATMENT, REASONABLE PRICES—A COMBINATION HARD TO BEAT. F. G. PRATT & CO., 214 S. SECOND STREET.

Notice for Publication.

Department of the Interior, land office at Santa Fe, N. M., September 27, 1935. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the probate clerk at Albuquerque, N. M., on November 4, 1935, viz: Juan Romero, for the S. W. quarter, Sec. 4, T. 8 N., R. 6 E. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Filomeno Mora, of Escobedo, N. M.; Juan Antonio Alderete, of Peralta, N. M.; Prudencio Maldonado, of Escobedo, N. M.; Jose Maldonado, of Escobedo, N. M.

MANUEL B. OTERO, Register.

TUCSON, ARIZONA.

W. E. NEAL, Albuquerque, New Mexico.

My Dear Sir: Your letter, with notice, has just reached me. I was aware from my policy, that I would be entitled to a "dividend" at this time, but I had no knowledge upon which to base an opinion as to the amount of the dividend. I certainly did not expect that it would be anywhere near the amount you mention (\$24.15 cash). This is nearly one-eighth of my annual premium, \$204.50. I am more than pleased with this showing. I inclose herewith check for \$204.50. The present dividend, and subsequent ones—unless otherwise instructed—will be left to purchase additional insurance. You know we have to protect the wife and babies, even if we have to go without a vacation outself.

I hope to have the pleasure of meeting you here soon.

Very sincerely,

W. V. WHITMORE.

A Great Sale of Damaged Curtains

While we advertise these as damaged and slightly shop-worn, many could be sold for perfect goods. But it is our object to close them out quickly at prices based on what they cost, which is way below their actual value, and we will sell them at one-half the regular price. This sale begins Monday and will last until they are all gone. You cannot appreciate this offering without seeing the goods. They consist of Nottingham, Irish Point and Brussels Net Curtains.

ALBUQUERQUE ————— NEW MEXICO

FRIDAY MORNING, OCTOBER 13, 1905.

About the Governorship

IT HAS been well known for nearly a year past that several prominent citizens of the territory were candidates for the governorship of New Mexico, but as these gentlemen were all competent and worthy men, and all good friends of the Morning Journal, we have maintained a position of perfect impartiality, abstaining from doing or saying anything that might be used to the advantage or prejudice of any one of the several persons referred to. We have also known at the same time, that the president favored ex-Delegate Rodey for the place, though for the reasons above stated we have also refrained from mentioning the fact. But since the Associated Press now makes the statement, apparently by authority, that Mr. Roosevelt has definitely decided upon the appointment of Mr. Rodey, there is no longer any reason, public or personal, why we should longer refrain from taking cognizance of the fact, and assuring the president at the same time that his choice will be most cordially and earnestly endorsed by every public spirited citizen of the territory, and especially by all those who desire to see at the head of the government of New Mexico a man in full sympathy with the progressive people of the territory upon the statehood issue. Everyone will, of course, admit that Mr. Rodey's able, earnest and persistent advocacy of joint statehood makes him more than any other man in New Mexico or elsewhere the champion of that issue, and since it is well known to everyone who doesn't deliberately close his eyes to the truth, that the Roosevelt administration is thoroughly and earnestly in favor of this measure, it will readily be seen that the president could not find in the United States a man who, as governor of New Mexico, would more faithfully carry out his views and the views of his administration in this matter than Bernard S. Rodey.

As to Mr. Rodey's fitness for the place it is unnecessary to speak, because this is recognized and admitted by everyone. He has lived before the people of New Mexico ever since he was a boy, and there is not a living soul in the territory who can point to the slightest blemish upon his integrity or his general reputation. His only "crime" is poverty, and he would not have to plead guilty to this were it not for the fact that he has spent his money too freely in the interest of the public. As delegate in congress from New Mexico he did more hard work for the territory than any other man we ever sent to Washington, and the humblest of his constituents never wrote to him on any subject without receiving a prompt reply, or asked him to give attention to any matter without having the business attended to at once. He is a man who believes in and carries out in his daily life the gospel injunction:—"Whatsoever thy hand findeth to do, do it with thy might"—and it is just that sort of men that Mr. Roosevelt always tries to find.

With Mr. Rodey in the governor's chair the last shadow of doubt about the attitude of this territory upon the joint statehood question would immediately disappear. All the spineless fellows who know that the measure is right but are afraid to speak their sentiments would have their backs stiffened, and would line up on the right side, while the timeservers, who really favor joint statehood, but do not want to offend the local administration, would immediately come out into the open, and there would be practically no opposition to the cause from one end of the territory to the other.

And while he possesses in a very eminent degree the three Jeffersonian qualifications—is able, is honest and is worthy—there is also a general feeling throughout the territory among men of all parties, that Mr. Rodey did not receive a "square deal" last summer when the politicians eulcerated him out of a re-nomination. On account of his faithful devotion to the interests of the territory the people believed he would be nominated to succeed himself without opposition. This was regarded generally as a matter of course, and for this reason no special effort was put forth in his behalf. Hence, the people of the territory without regard to party, would regard it as a very gracious and handsome thing on the part of the president to send him a commission as governor of the territory—and at the same time put the right man in the right place.

MEXICO is growing industrially. Hitherto she has bought most of her railroad rolling stock in this country, but now she is beginning to depend on domestic car builders. The National railroad has just given an order to the Mexican Car and Foundry Co. for 175 cars of 30,000 pounds capacity each, the contract price being \$120,000 gold. Facts like these confirm the impression entertained by intelligent observers that some day all civilized people will take up manufacturing industries, and that an end will be put to the opportunities heretofore so abundant of progressive nations profiting at the expense of backward neighbors.

GEORGE GOULD declares that the future looks bright. George probably has his coal in the cellar and paid for.—Chicago News.

New Issue in England

ONE of the most threatening of the many political issues before the people of England at this time is the question of Chinese labor in South Africa. Some forty thousand Chinese who have been brought in to work in the mines, have been hired in their native land, and have been obliged to enter into an agreement to work for three years. Then their passage is paid to South Africa and other expenses on their behalf undertaken, so that when they begin their employment they find themselves indebted to the mine owners for a considerable sum. They are not, therefore, free laborers, but, in an industrial sense, are slaves. They cannot, under pain of imprisonment, leave their employment until their term has expired, nor can they escape for any reason as long as the pay agreed upon is given them. They make a contract thousands of miles away from the mines, knowing nothing of local conditions, and have no more chance of quitting than a felon has who breaks stone on the road. The question that radicals are now fiercely propounding is this: "Have the British people at a cost of millions of pounds rescued the Uitlanders from slavery, only to make slaves of forty thousand Chinese?"

WE clip this item from a red hot anti statehood paper in Arizona, and it indicates very clearly that the president of the anti league has seen the handwriting on the wall. We copy: "The president of the anti-joint statehood league, more than any other one man, is looked to by the people of the territory for effective work against the jointure crime. Mr. Adams knew this when he accepted the responsibilities of the position and he owes it to himself and to his friends to prove to the people that the trust he accepted from them was not misplaced."

THE San Francisco Chronicle has a long editorial entitled "Purging the Register." We don't know anything about the sort of dose they would have to give in the case of a register, but we had lots of trouble over here purging a sheriff.

THE Washington Star says there is some mystery about where some of the Equitable funds went to. The mystery seems to be clearing up mighty fast as it is discovered how much each of the officers got.

Solos

The King is dead,
His wagon's broke,
The common geese cried;
He hasn't any office,
His ring is badly pried,
And him the guy that once did vote
The whole blamed country side,
Which teaches that any boss
Is apt to take a slide.

LOST—One governor. Height, four feet, eight inches. Shows evidence of having recently shrunk. His favorite hallucination is that he is a life size portrait of Governor Folk of Missouri. When last seen was busily hunting a quiet spot, supposedly Washington, D. C., or some other isolated island town. Of no value unless found before January 5th, 1906.

The New Mexico school for the deaf and dumb at Santa Fe has four pupils, two buildings, one superintendent, and an annual appropriation from the territory. All it needs now is a deficit to put it in the first class.

Intelligent young lawyers seeking to perfect themselves in the law should go to Old Albuquerque. The place offers unsurpassed advantages for the study of the theory and practice of injunctions.

A Milwaukee minister told his congregation Sunday that Rockefeller may some day become a saint. John's ability to pour oil on troubled waters may win him the title.

The president's expressed desire for a gentler game of football has led some of the public service bunch to hope that he may put nose guards on the big stick.

Think how much trouble it would have saved if Francisco et al had just sued out a writ of prohibition against the governor before the ax dropped.

Poor Slavo is overwhelmed with grief. It has leaked out that Columbus is really dead. They are going to erect a monument to him in Pueblo.

British publishers have been asked to boycott American authors. Some day the long suffering public will ask American publishers to do it.

The congressional committee is going to look at the Grand Canyon. They will probably decide there isn't room for it in the Union.

Maybe Secretary Reynolds made his staid canvass of New Mexico while waiting for a train at Lamy Junction.

If Mr. Ramsey could have voted the Washakie railroad's annual deficit he might have had a chance to beat Gould.

"Buffalo" Jones is going to stock the Grand Canyon forest reserve with buffalo. He'll have to fence the canyon.

Think how much worse the fair deficit would have been if it had rained. The Sad Song of Slavo. There once was a man from Barcelona Who naught of Columbus could tell us; But who lived for awhile In the height of the style And in making school visits was zealous.

But alas, he's gone back to Barcelona. With a conical attached to his tail as a sign to the grafter. The is not of what cometh after When we tap the (ill) of las cucuchas.

Mr. Dooley on the Courthouse.

(With apologies to F. P. Dunne.) "And have we hear-said about the terrible condition of the court house?" asked Mr. Dooley.

"Me? I have not," responded Mr. Hennessy carefully removing his pipe. "Sure and 'tis in a frightful fix," said the sage. "I know 'tis so, for the gran' jury told me. They is large awis and bats flyin' round in the steeple and brickbats flyin' round in the basement. The first-at-story is infested with vulgar shrews. A school superintendent, which is allowed to run at large through the buildin'."

"They is not a sody fountain in jail for the pore incarcerated hobo, far from home, and frins. Squander an' retchardness reigns supreme. There is not a Brussels carpet in the whole disgusting place. Unpleasant treasurers en deputies wander through the dismal corridors. Chickens roost on the ridge pole, and large rats parades through the plasterin'." "Tis fierce. Where once was fine stained glass windys nothin' now is visible save the rear ends of sheriffs, deputies and other vermin. The prisoners air allowed no photographs for to take down theyre letters to frins an' loved ones. The dures is nailed up with large ugly nails and they go in an out with an ax. No rockin' chairs is provided for the onhappy plain drunk. The bathtubs air composed of common tin, such as wud cause any self-respectin' horse thief to turn pale with disgust. The cruel jailers refuses even to allow the prisoners dress suits. Per days they go without a drop of Mamma's Exhtry Dhr. Welsh rarebit is unknown an' the heartless minyins av the law jeer the sufferin' victims whin they make a feeble request for ice cream. There is no bootblacks for to shine the prisoners' shoes."

"I dinno whattiver is the country comin' to, when free born Americein citizens is subjected to sich horribil indignities, because they happen to steal sheep or parte a fellow citizen in the jaw. It makes me half turn white to think av me fellow men wastin' away to a slow death because a tyrannical officer av the law won't let him have a set av golf links for to get exercise."

"Why don't they whitewash the steeple an' keep the birds av the air out av the temple of justice?" asked Mr. Hennessy, scratching his ear. "Whitewash? Not this gran' jury," responded Mr. Dooley with an air. "Ye don't know them. They use tar. But if they'd only rid the court house av the pestiferous sheriffs they'd be some home for us."

Knew the Game. A girl in Haddam, says the Clipper, went to a base ball game and surprised her escort by her knowledge of the game. The young man had ventured to say: "Base ball reminds me of the household—the plate, the batter, the fouls and the flies." "And it reminds me of marriage," she added. "First, the diamond, where they are engaged; the struggle and the hits, when the men go out; and finally the difficulty they have in getting home."—Kansas City Journal.

If Statistics Hold. Invalid—Doctor, what is the percentage of mortality in cases like mine? Physician—One in every fifty recovers.

Invalid—Then there's not much chance for me?

Physician—Yes, there is. You're the fiftieth patient I've had, and the other forty-nine died. Cheer up.—Cleveland Leader.

BIG SHIPMENTS OF SHEEP MADE FROM ESTANCIA

Total of Over Thirty Thousand Are Sent North.

CHADWICK AND COMPANY
AND LOUIS TRAUER SELLING

There is a great deal doing this week in the center of the sheep business in Estancia, where thousands are being shipped to various points. S. R. Preston and L. C. Barker, of Port Morgan, Colorado, shipped yesterday from Estancia five thousand sheep, twenty-five hundred each, which were contracted for last June and which cost \$460 a hundred. In view of the fact that the price now has climbed up to \$625 a hundred the purchasers are feeling pretty good over their investment. They were shipped from Estancia to be pastured in Colorado, where they will be prepared to shipping east. Louis Trauer, the well known sheep man, is shipping this week from Estancia twenty thousand head of sheep which he is selling to Colorado. Various other sheep owners are making big shipments this month, and receiving good prices for their flocks.

BUSINESS PICKING UP ON THE RIO GRANDE

FREIGHT AND PASSENGER AGENT
SAYS ROAD IS DOING BIG BUSINESS IN NEW MEXICO.

A. S. Barney, traveling freight and passenger agent for the Denver and Rio Grande railway, arrived in the city from Santa Fe last night on railroad business. Mr. Barney says that business over the Rio Grande branch of the system between Alamosa and Santa Fe is heavier than for many months. Three heavy freight trains went north over the line yesterday and passenger traffic is unusually heavy. The narrow gauge line is being put in the best of condition and a big construction man is now busy at work north of Santa Fe putting in new steel, improving the grades and curves and otherwise improving the track.

Rubber Growing in Ceylon.

Ceylon during the past season shipped 100,000 pounds of rubber, all produced from the island plantations. The shipment was in the form of rubber sheets of various sizes, which brought in the market a better price than the finest Para rubber. There are, however, difficulties in producing rubber in this form, since a large drying room is necessary for spreading out the sheets, and a period of from four to six days to six weeks is required for drying. It is thought that the Ceylon rubber is being put in the best of condition and a big construction man is now busy at work north of Santa Fe putting in new steel, improving the grades and curves and otherwise improving the track.

Druggists J. H. O'Reilly & Co., Say They Don't Charge Anything for Vinol Unless It Gives Satisfactory Results.

When asked by a reporter of the Morning Journal how they could make such a broad offer in regard to any medicine, a member of the above firm replied: "If Vinol were a patent or secret preparation it would be another thing, but it is not, everything it contains is named on the label. Vinol is simply the up-to-date form of administration of the oil, which for centuries have been recognized as the grandest of all body building agents for wasted human strength and vitality, and during the last five years we have seen it produce such good results that we are now willing to back it with any kind of a guarantee. In Vinol we have simply done away with the useless, system-breaking oil and have given to the people all the medicinal, body-building elements of cod liver oil in a highly concentrated and deliciously palatable form, and we have never sold in our store a more effective cure for the ailments of the young and old. Vinol tones up the digestive organs, makes rich red blood and creates strength. We can only ask our people of Albuquerque to try it on our guarantee." J. H. O'Reilly & Co., Druggists.

Not a Good Excuse. "No, no, you silly boy," she said, "I can't marry you. Why, I'm five years older than you are!" "But why let that stand in the way?" he pleaded. "Think how much younger than I you will be ten years from now."—Chicago Record-Herald.

THIRD GAME PROVES A WALKOVER FOR NEW YORK TEAM

Series Two to One in Gotham's Favor.

NEW YORKERS SCORE NINE
PHILADELPHIA HAS GOOSE-EGG

Philadelphia, Oct. 12.—It was all New York today in the third game of the championship of the world between the National League champions and the American League pennant winners, the visitors scoring nine runs while the home team failed totally. The series now stands two to one in favor of New York.

Matthewson pitched another magnificent game, the Philadelphia hitting him for only four singles—the same number of hits they made off him Monday. Only one home player reached second base. Coakley, former Holy Cross pitcher, received support from the American League pitcher, but he was out of the game in the first inning. The game was a walkover for New York, as Philadelphia failed to score a run.

\$1,000 HUNG UP IN DRILLING TEST

NEW MEXICO MINERS ELIGIBLE
FOR GREAT TEST IN EL PASO NEXT MONTH.

Eight hundred dollars will go to the team winning first place in the world championship miners' drilling contest to be held in El Paso during the American Mining Congress. Two hundred dollars has been set aside for the second team, while the team making third place will walk off with \$100. Rules for the contest have been formulated. Minor changes may be made later, but the regulations laid down by the committee of the International Miners' association, which is in charge of the contest, are practically in their final form.

out to them a number of instances in which they were not complying with the territorial laws. Many irregularities were found. Foster imparted instructions regarding the manner in which fees in some of the county offices are handled, reorganized and accounting made. It appears that the Gila officials have been following customs that are somewhat behind the times. Perhaps the most important thing done by Ex-Governor Foster was to instruct the Gila county board of supervisors that the clerk of the district court must refund a large sum of money because "charges made for ordering orders of the court should not be allowed," according to law, by the supervisors. Foster's investigation has caused consternation among the officials of Gila county, few of whom have been found in the investigation, something being found in almost every instance that was not done according to law.

ANOTHER CONVERT TO JOINTURE IN SOUTHERN ARIZONA

Bisbee Miner Now Favors
Merger Proposition.

TELLS READERS PLAINLY TO
ACCEPT THE INEVITABLE

The visit of the congressional inspection party to southern Arizona is causing a good deal of agitation in that section of the territory. Unfortunately there are a few newspapers down in that country that have been making a consistent campaign for the joint statehood idea and they are causing the single statehood press some anxiety. The Nogales Oasis and the Tucson Star and others are improving the opportunity to get in some good work for the jointure proposition. The latest convert is the Bisbee Miner which has come out uncompromisingly for joint statehood and which has accordingly reaped a harvest of more or less calumny from the anti in that section. The Arizona Star of Tucson however, says of the Miner's position:

"The Bisbee Miner sees the inevitable and accepts the situation and comes out squarely and tells its readers that Arizona and New Mexico will be admitted as a single state. That this is the policy of the administration; that this is the settled policy of the dominant political party and declares that it is a journalistic sin to attempt to mislead the people as to the facts. The Star has for months taken the same position and we have been endeavoring to show the people that what seemed to be an evil, a threatened outrage in the matter of restoring Arizona and New Mexico to their former unity, would by no means be such a serious matter. In fact that it would be a blessing rather than a curse. The more this subject is studied from every consideration of the public welfare, from the standpoint of settlement, from the standpoint of Arizona's future, the more we are convinced that Arizona and New Mexico, which is coming to us, will be a blessing to our children and children's children, will commend with praise. The Miner is right in stating the facts to its readers as to the coming result of the statehood problem. It is right in stating the facts. Hence, the people will not be deceived in following in the light shed upon this question. State the facts that the people may be ready to meet them when the inevitable shall come to pass. That is what the Miner is doing."

Mr. Joseph's Letter.
The following letter from Mr. Antonio Joseph, five times delegate in congress from New Mexico, is being used to great advantage by the Joint Statehood League, and is reprinted by request. Members of the organization say it has a powerful effect in view of Mr. Joseph's Washington experience, his general knowledge of the statehood situation and his distinguished political record:

Ojo Caliente, Taos Count, N. M.
Hon. W. S. Hopewell, Albuquerque, New Mexico.
My Dear Sir:—Your esteemed favor of the 25th ult., is at hand, and its contents have been duly noted. As regards your request to co-operate with the members of the Non-Partisan Statehood League of New Mexico, in securing joint statehood for New Mexico, permit me to state that I have already accepted the position tendered me by the Statehood League of New Mexico as a committee member, and will cheerfully act with you and all the members of the said league in that capacity.

I have been for many years in the front ranks of the advocates of single statehood for New Mexico, and while a delegate in congress from the territory of New Mexico worked and labored constantly for the passage of an enabling act for the admission of New Mexico as a single state, but failed to secure such congressional action in ten years of actual service upon the floor of the house of representatives of the United States.

My long service at the seat of government and coming in contact almost daily with the members of both houses of congress, satisfied me that the majority of the members of the United States senate would never consent to the admission of New Mexico as a single state. I am satisfied, after my long experience in congress, that single statehood cannot be obtained for New Mexico for many years; and or until the political complexion of the United States senate changes, and from appearances, that change may not come during the present generation; so that I am convinced in my own mind, that the advocacy of single statehood, by the office holding class of New Mexico, is purely a makeshift, as they are opposed to any kind of statehood, single or joint.

For the reasons herein stated, I am now in favor of joint statehood, since single statehood cannot be obtained. It seems to me that the taxpayers would raise no serious objection to the jointure of New Mexico and Arizona, as one grand, sovereign state, upon which all patriotic citizens and lovers of good government, in both territories, might unite. I am now ready and willing to take an active part in the movement to secure joint statehood for New Mexico and Arizona. With highest regards, I remain,

Yours truly,
ANTONIO JOSEPH.

WASHING WITHOUT WATER.

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see anyone trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and prevent baldness by feeding the germ which causes it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called hair Vigors.

Newb's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

Send for leading druggists. Send the stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

\$25.00—Second Class—\$25.00. Colonist Rates to California.

Commencing September 15th and daily thereafter until October 31, the Santa Fe will sell tickets to all points in California at a rate of \$25.00, one way only; stopovers allowed. Call on any agent of the Santa Fe.

be made to earn at least
one dollar additional

PRICELESS ENGLISH HEIRLOOMS STOLEN AT GRAND CANYON

Clever Sneak Thief Gets
Valuable Jewels.

EL TOVAR BECOMING POPULAR
WITH THE BRIDES AND GROOMS

Correspondence Morning Journal.

Grand Canyon, Ariz., Oct. 11.—A daring robbery occurred in broad daylight yesterday on the veranda of the El Tovar hotel. Mr. and Mrs. Malcolm Gordon and her mother, Mrs. Price, of Kelvins, were the victims. Mrs. Price was carrying a satchel containing three valuable jeweled rings, a jewel set gold watch and a fine brooch, all much prized heirlooms worth far more than their intrinsic value to their owners. According to Mrs. Price's story she placed the satchel on a seat and while she and the other ladies were admiring the canyon and taking some kodak pictures some one improved the opportunity to stealthily take possession of the satchel. It disappeared utterly and no clue exists as to its fate.

One of the rings taken was a family engagement ring with a large solitaire setting, the other two being beautiful jeweled rings. The brooch was of an old unique design, set with diamonds and other costly jewels. It was a present from Mrs. Price to her daughter, Mrs. Gordon, on the latter's wedding day. The watch was a magnificent gold case time piece inlaid with diamonds, and was a wedding present to Mrs. Gordon from her father.

Mr. Gordon, though he does not parade the fact, and few in Arizona know it, is a titled Englishman. The heirlooms were some of them very old, being in the families for many years and money cannot replace them.

Wedding at the Canyon.
El Tovar was the scene of a pretty wedding yesterday when Miss Anna Alberger, of San Francisco, daughter of W. R. Alberger, foreign freight agent of the Santa Fe, became the wife of Roy Ashton Dunn, of the Pacific Steamship Co., who also lives in San Francisco. The ceremony was performed in the presence of a few intimate friends and relatives.

The Grand Canyon is rapidly becoming popular as a mecca for prospectors, brides and grooms and as the objective point on honeymoon trips. The big hotel is crowded with visitors every day this week, and as the California traffic increases with the coming of winter the number of tourists to the Titan of chasms is also growing in numbers. The putting on stain of the daily California Limited also is expected to cause an influx of Canyon sightseers.

TERRITORIALISMS

The enrollment in the Douglas public schools for September was announced as 893 pupils in all grades.

Sneak thieves in Bisbee Tuesday stole a suit of clothes and \$15 from one victim and a \$50 watch from another.

Restoration.
Socorro has made more improvements during the past six months than it has in any three years since 1896. This is going a few.

Empire Ships Carload.
Last week the Empire Co. shipped from its mill near Hillsboro a carload of concentrate. Another battery is to be added to the equipment of the mill.

Murderer Captured.
Deputy Sheriff Wayne Davis, who went to Buckeye, called by the murder of Jose Madro, has returned to Phoenix with Pedro Sorrito, the murderer.

Fun for the Fans.
The enthusiastic baseball fans of Phoenix and Tucson are arranging for a series of baseball games to be played probably in November or December for the championship of Arizona.

Forty-Dollar Ore.
Forty-dollar ore has been struck in an eighty-foot tunnel in the Old Kentuck mine, one of a group of eleven claims owned by the Juanita Mining Co., situated about twenty miles south of Prescott and four miles from Palace station.

Hilton's Irrigation Plant.
A. H. Hilton, of San Antonio is installing a \$2,700 irrigation plant. The principal feature of the plant is an eight-inch centrifugal pump with which water will be taken from a well thirteen feet in diameter in the

river bottom. Mr. Hilton expects to irrigate 100 acres by this system.

Another Coal Camp.
The American Fuel Co. has established a new coal mining camp near Gallup, which will be known as Heaton. A new mine has been opened, a large number of men is employed and new men are being added to the force daily. The camp is a short distance from the old camp of Gibson.

Fine New Equipment.
With solid vestibuled trains, consisting of cars of modern workmanship, the Gila Valley Globe and Northern road has blossomed out with a supply of resplendent new equipment. Two completely new passenger trains have been put into service on the line between Bowie and Globe.

Bursum Buys a Ranch.
H. O. Bursum has consummated the purchase of the Charles Bruton ranch southeast of Socorro. The ranch is well stocked with cattle, horses and goats, and the purchase price was \$3,000. The deal affords evidence that Mr. Bursum has a pretty good idea of thrift in business as well as in politics.

Horse Smashed Face.
Clint Moon, one of the best known lift bosses in the Copper Queen mines, is laid up in bed at his home with his face crushed in on the right side, and his nose smashed to pieces. The injury was inflicted by a horse which he drove down town Sunday night, and which, upon his arrival home, became unruly, and while being unharnessed kicked him in the face, breaking the cheek bone and also causing a severe hemorrhage of his nose.

Back to the Foolish House.
John Braehen, the insane man who, escaped from the Arizona asylum on the 5th was recaptured at Wickenburg by Wiley Riggs and George Soren and returned to the asylum. The man had evidently walked all the way from Phoenix, and en route he had made a wondrous accumulation of useless things. His pockets were filled with all sorts of trash, such as pieces of carbons from electric lights, pebbles, strings, seed pods from wild plants, corks, pieces of lead, shells, soap, circus posters, matches, iron, glass, etc.

At the Damsite.
It is plain that something is doing at the damsite. The place hasn't the same appearance as of old. It has three weeks ago, and daily trips to the steamer loaded with machinery are rapidly rendering the change greater. The floating hydraulic dredger has been completed and has begun the work of excavation for the dam. Another dredger, of the orange-peel bucket variety, is being constructed to operate on land and will be ready for work in ten or twelve days and it will not take a great while for an immense hole to be made in the landscape.—Yuma Sun.

New Tufa Quarry.
R. A. Roberts and J. Munchus, of Wickenburg, are the locators and owners of a claim three miles east of Wickenburg, through which runs a ledge of tufa, pronounced to be of exceedingly fine quality. The discovery was made about ten days ago and all Wickenburg is enthused, believing it to be the best building material available in this section. The ledge is about twelve feet wide, and the stone is very white with little black specks all through it. Stone experts have examined it, and assure the owners that they have a property worth developing, and for which there will be a great demand.

New Mill for Nogales.
E. C. McDermitt, acting for a corporation of which David Moffat of Denver is a director, has purchased the property of the Helen Mining Co. at Graham and Mogollon and has ordered the machinery for a seventy-five-ton reduction plant. The plant will be put up at Graham to treat the tailings from the mill after which several thousand pounds of ore from the Confidence mine will be treated as an experiment. There are rough tailings on the dump to keep the plant running for four months. The Confidence is well developed. It has five miles of workings and the main shaft is down 600 feet. The mine is lighted by electricity and has an electric hoist. The property has been closed down two years since the death of John T. Graham, then the principal owner.

Call For Bernalillo County Bonds.
The county commissioners of the county of Bernalillo, in the Territory of New Mexico, in the exercise of the option given by law, hereby give notice that the funding bonds dated July 1st, 1895, issued in two series, known as A and B respectively, consisting of 102 bonds of \$500 each, numbered 1 to 102 both inclusive, of series "A" and 139 bonds of \$100 each numbered 1 to 139, both inclusive of series "B" which are payable at the option of said commissioners ten years after the date thereof, must be presented for payment at the Chemical National Bank in the city of New York or at the office of N. W. Harris & Co., in the city of Chicago, Illinois, on or before the fifteenth day of November, 1905, and that interest thereon will cease after said date. (Signed) ALFRED GRUNSFELD, J. A. STUMBERG, Chairman, Clerk.

THE WEATHER

For the twenty-four hours ending at 5 o'clock yesterday afternoon.

Maximum temperature, 70; minimum, 34.

Forecast.

Washington, Oct. 12.—New Mexico and Arizona: Fair Friday and Saturday.

Hattie Theo. Johnson arrived in the city last night.

Mark B. Thompson, of Alamogordo, is in the city on business.

F. W. Lynch, of Alamogordo, is transacting business in Albuquerque.

Jacob Leeb and family will return this morning from a trip to Los Angeles.

A. S. Ramsey of Santa Fe, was among the arrivals from the north last night.

M. C. Westbrook, the well known contractor, arrived in the city from Thoreau last night.

The W. M. A. of St. John's church will meet at the rectory this (Friday) afternoon at 3 p. m.

Robert Kellahan, one of Roswell's prominent citizens, arrived in the city on business yesterday.

Joe Richards, the well known mining man, from Las Placitas, was in the city yesterday on business.

A sure sign that winter has come is the fact that the city curfew now rings regularly at 8 instead of 8:30.

Manager William H. Cheatham, of the Alvarado, returned with Mrs. Cheatham yesterday from a two weeks' trip to California.

The regular meeting of the W. C. T. U. will be held at the home of Mrs. David Stewart on East Coal avenue this afternoon at 3 o'clock.

C. B. and V. E. Boston, brothers who have been on a business trip to San Juan county, were in the city yesterday and left last night for Gomez, Texas.

The Woman's club of Albuquerque will hold a meeting Friday afternoon at 3:30 o'clock and an interesting literary program has been prepared for the occasion.

J. Porter Jones returned yesterday from St. Louis, where he went recently to accompany the remains of Mrs. Jones, whose death occurred in that city not long ago.

John Orr, Jr., formerly of this city now representing a Louisville house, arrived in the city from that town last night.

Regular Sabbath services will be held Friday evening at 7:55. "The Symbols of the Feast of Tabernacles" will be the subject of Rabbi Kaplan's sermon. Everybody is welcome.

Attorney John H. Stingle is reported to still be in a critical condition, and his brother, George Stingle, and sister, Miss Mary Stingle, have arrived in the city from Los Angeles to be at his bedside.

Contractor Wallace Hesselton yesterday sent a big consignment of men and material to Helen, where he has a contract for building a second story and other additions to the Orphans' home.

John Steward, formerly of the printing firm of Steward and Verhos, and later of the Sellers Printing Co., left yesterday morning for Las Vegas where he has secured a position on the Las Vegas Optic.

Engineer J. R. Farwell, of the Albuquerque Eastern railway, left yesterday morning, accompanied by his wife, for Estancia on the Santa Fe Central, whence Mrs. Farwell will go to Antelope Springs.

In police court yesterday morning Solon Eldred, who has been canvassing the city in the interest of an outside wholesale house was fined \$15 for a violation of the city ordinance regarding peddling without a license.

O. C. Cyle, engineer of the first division of the Denver & Rio Grande with a run out of Denver, arrived in the city last night to visit his friend, Engineer J. E. Uhrig, who has a run on the New Mexico division of the Santa Fe.

Manager Howard Paschal, of the Tri-Bullion Mining Co., owning the Kelly mine, was in the city yesterday morning conducting a party of a dozen or more stockholders east after a trip of inspection to the Magdalena properties.

F. H. Mudge, construction engineer on the Belen cut-off, arrived in the city last night from Belen via El Paso, El Paso and the Santa Fe Central. He says thirty bridges are now under construction on the cut-off and that the laying of steel will begin on the 15th of this month.

Percy Barbour, engineer for the New Mexico Gold Mining Co., went up to Thornton yesterday to supervise the loading of a lot of the old machinery from Bland, which is being shipped to Colonel W. C. Greene at Cananea, Mexico. Colonel Green has bought the bulk of the machinery for use at his copper mines.

Train No. 1 from the north last night arrived two hours late on account of an engine failure this side of Trinidad. The train arrived in two big sections, fourteen coaches in all with people standing up in the chair

cars and smokers and in fact packed to the guards. The west bound traffic is increasing every day.

M. J. Collins, of the Morning Journal, returned to the city last night, accompanied by his wife, from a two weeks trip to points in Colorado and Salt Lake City.

Mrs. Mary J. Borden, president of the local branch of the Women's Christian Temperance Union, left yesterday morning for the territorial convention of the organization at Las Vegas, accompanied by Delegate Mrs. George Wilson, of this city, and M. Ad. Macpherson Morley, of Dalt, who is delegate from Socorro county to the meeting.

Sidney Bieber, former fire marshal in the city of Baltimore, arrived in the city last night from the Fort Stanton sanitarium in Lincoln county, where he has been staying some months for the benefit of his health. M. Bieber will probably locate in Albuquerque. He came to New Mexico on account of a severe relapse suffered through exposure at the time of the great Baltimore fire.

The wedding of Mrs. Patrick M. Downey, of Lincoln, Illinois, to Isaac H. Graham of this city, took place last night at the Immaculate Conception church. Rev. Father Mandalar performed the ceremony. Mr. Graham is the well known member of the firm of Graham Brothers, proprietor of the club rooms on Railroad avenue.

George E. Brewer, insurance adjuster, who spent yesterday in Santa Fe on business, has gone to Alameda, where he will adjust the loss caused by the burning of the general merchandise store. The loss was \$10,000, fully covered by insurance carried with O. C. Watson & Co.

Acting Governor James W. Raynolds yesterday appointed George Arnold of Albuquerque, as delegate to the Interstate Commerce Law commission, which will convene at the Auditorium hotel, Chicago, on October 26.

N. W. Alger, representative of the L. C. Smith Typewriter company, returned home last night after a short business visit in Las Vegas.

Convict Dies.

John Beachem, colored, sentenced to the penitentiary from Socorro county by Associate Justice Frank W. Parker at the May 1904 session of the district court for that county, for three years for assault with intent to kill, died last night at the Santa Fe penitentiary at the age of 35 years.

Papago Returns to School.

The Papago Indian who escaped from the United States Indian Training school in Santa Fe a few days ago, has returned voluntarily. He was half starved and was very glad to get a roof over his head again. He had been wandering about aimlessly in the hills around Cerrillos and Lamy, Superintendent Clinton J. Crandall is making every effort to recapture three Navajo pupils who ran away two days ago, and has offered a reward for their return.

Miss Hetty Goldstein has reopened her art studio in room 45, Barnett Bldg. Hours, 1:30 to 4:30 p. m.; visitors are invited.

MEN'S COLT SKIN ...SHOES...

Are the ideal of footwear for cold weather. The leather that goes into the uppers is made from selected skins, tanned by the mineral process which strengthens the fibre and increases the flexibility.

The soles and counters are of best oak tanned leather.

These shoes will not crack or peel, they look neat and are comfortable. We have them in three styles, Lace or Congress.

WITH SINGLE SOLE.....\$2.50

WITH DOUBLE SOLE.....\$2.75

A STRAIGHT CAR—We beg to announce having just received a straight car of the celebrated "ACORN" Stoves and Ranges. This car contained 55 ranges and 86 heating stoves. As our warehouse is cramped for space we will close these stoves out at prices never before heard of in Albuquerque, and terms to suit: \$5 down and \$5 a month. Keep warm. O. W. STRONG'S SONS, Furniture, Crockery, Rugs and Taps, Second Street & Copper Avenue

THE WORLD IS FULL OF ODD AND CURIOUS people, so there may still be those who have not used the Morning Journal classified ad columns.

A BURNING NECESSITY is good cost during this month. Don't delay until you are obliged to have it rushed to you on ten minutes notice, but insure careful delivery of the cleanest and best coal by ordering NOW. If we can't suit you it isn't in town.

The Wilson Heater with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitute 40 per cent of the entire heating power of the fuel. Buy a Wilson and get all the heat you are paying for.
