## STANDARD GETS ABOUT ALL PROFITS

Waters-Pierce Oil Company But a Figurehead.

TWO-THIRDS OF EARNINGS GO TO JOHN ROCKEFELLER

Attorney for the Missouri Branch of the Trust Goes to Jail on the Charge of Contempt.

St. Louis, Oct. 16.—Inquiry into the affairs of the Standard, Republic, and Water-Pierce oil companies was reached here today.

Among the principal witnesses summoned were C. H. Pierce, president of the Waters-Pierce company; C. H. Ackerly, C. D. Ackerly, and A. H. Findlay, officers of the company, and President Royer of the Republic Oil company. The hearing is being conducted by Attorney General Bradley on the grounds of alleged violation of the anti-trust statutes.

Evidence that two-thirds of the profits of the Waters-Pierce Oil company annually, was brought out in the inquiry today. H. Clay Pearce, until recently president of the company, it was said, received monthly dividends amounting to 25 to 50 per cent on 397 shares, or all but four of the Waters-Pierce company, and his secretary sends two-thirds of this amount to the Standard.

Immediately after the hearing Charles M. Adams, secretary of the Waters-Pierce company, who had been on the witness stand during the afternoon, was constructively placed under arrest on a contempt charge.

After Mr. Adams had readily answered questions relative to his official position with the Waters-Pierce company, Attorney General Bradley asked Mr. Adams to name the stockholders of the company. He declined to reply.

In defending the witness' course, his counsel stated that the witness might by his answer subject himself and others to legal proceedings, and that he had the constitutional right not to answer.

"Then I ask that he be committed to custody," said the attorney general. "And you can apply for a writ of habeas corpus, which will give an opportunity for a test of this question in court."

## OHIO BANKING INSTITUTION CLOSED

RESULT OF ACTION OF ATTORNEY GENERAL FOR VIOLATION OF STATE LAWS.

Cleveland, O., Oct. 16.—The Indemnity Savings & Loan company, a banking house in Superior street, failed to open its doors today. The following notice was posted at the entrance:

"This company has made assignment for the benefit of its creditors to H. R. Sanborn, who will make a financial statement as soon as an inventory can be made."

The concern was one against which Attorney General Bliss began court proceedings in the circuit court on Saturday last, with a view of preventing the company continuing business in this state. The attorney general charges that the company violated the state banking laws. H. R. Sanborn is president of the company. The officers of the institution declared that it is absolutely solvent and the depositors can readily be paid in full. They also state the attorney general's action was without due cause.

## Sweden Has New Flag

Stockholm, Sweden, Oct. 16.—The union between Norway and Sweden existing since 1814, has been dissolved, both houses of the Riksdag having passed the government bill repealing the act of union and recognizing Norway, "as a state separate from union with Sweden." Both houses subsequently passed a new flag. The flag will be a yellow cross on a blue ground, the same as existed prior to 1814, the union mark now showing in the upper left hand corner being eliminated.

## He Stands for Charity

New Haven, Conn., Oct. 16.—Rev. George H. Ferris, pastor of the Baptist church, declined yesterday to be a delegate to the coming meeting of the Federated Churches in Philadelphia, because of the refusal to admit Unitarian churches. He declared such an action uncharitable and un-Christian.

## THREE DEAD IN CALIFORNIA WRECK

DASTARDLY WORK OF CRIMINALS IN THE SOUTHERN PACIFIC YARDS AT FRESNO.

Bakersfield, Cal., Oct. 16.—The northbound Owl train, No. 25, was wrecked at the yard entrance at Fresno at 2:30 this morning. Engineer Cole, Fireman Butts and an unknown tramp were killed. The wreck was due to a misplaced switch, the work of criminals. The lock was broken with a rock which was found near the switch.

## Seventeen Hurt in Colorado Wreck

Pueblo, Colo., Oct. 16.—Seventeen persons were injured, one perhaps fatally, by the wrecking of the west-bound Missouri Pacific passenger train No. 7 at Kiburn, sixty-nine miles east of Pueblo at 6:30 this morning. The accident was caused by a spreading of the rails. The last three cars of the train, the Pullman sleeper, tourist sleeper and a day coach were overturned. The most seriously injured was W. J. Windle, of Salem, Kan., who may die.

## "WAIT TILL HE TRIES LEADING AN ORCHESTRA"—The Kaiser

## FOLK APPEALS FOR GOOD GOVERNMENT

Governor of Missouri Urges Clean People of Philadelphia to Persevere in Great Fight for Elimination of Graft.

"THERE IS MORE AGGRESSIVE ROTTENNESS AND LESS AGGRESSIVE PATRIOTISM IN OUR LARGE CITIES THAN ANYWHERE ELSE. IF THE PATRIOTISM CAN BE MADE AS AGGRESSIVE AS THE ROTTENNESS, THE PROBLEM OF GOOD GOVERNMENT WOULD BE SOLVED BY THE PEOPLE TAKING THE GOVERNMENT INTO THEIR OWN HANDS."

"IF CORRUPTION IS TO BE ERADICATED, THE PEOPLE ALONE CAN DO IT."

"THE MAN WHO IS WILLING TO LIVE FOR HIS CITY AND STATE EVERY DAY IS THE MAN THAT SNEEDED JUST NOW."

"THERE MAY BE JUST AS MUCH PATRIOTISM IN GIVING ONE'S TIME TO THE BETTERMENT OF CIVIC CONDITIONS AND ELECTION OF GOOD MEN TO OFFICE AND PURIFYING THE BALLOT AS IN BARRING ONE'S BREAST TO THE BULLETS OF THE ENEMY."

Philadelphia, Pa., Oct. 16.—The great battle between the republican organization and the city party, the municipal reform organization recently formed here, was enlisted today by the visit of Governor Folk, of Missouri, who came to lend his voice in the interest of good government. He spoke under the auspices of the City club, which claims no connection with the City party. Governor Folk had an exceedingly busy day, and his reception wherever he appeared during the day and evening was a flattering one.

The crowd that attempted to gain entrance to the Academy of Music to-night was so great that the doors were closed before the meeting began. Several thousand persons who could not get in, were addressed by City party speakers. While the curb area mass meeting was in progress, Governor Folk arrived, and the assembly mass could not permit him to enter the building until he had addressed them. He made a short speech. When he entered the academy the audience stood up to welcome him. With him on the stage were Governor Burham, Jr., president of the City club; former Postmaster General Charles Emory Smith, former United States Attorney General Wayne McVeagh, William Potter, and about a hundred other citizens of prominence. Mayor Weaver occupied a proscenium box and was given a warm welcome when he appeared.

President Burham, in explaining the objects of the club, said the organization was allied to no party, that it neither endorsed nor named candidates, but stood ready to help any genuine movement for good government. He presented Wayne McVeagh, who made a brief speech, introducing Governor Folk.

Governor Folk said in part: "The most conspicuous fact of municipal governments in the United States today is that they are governments by the few, and not by the people. There is more aggressive rottenness and less aggressive patriotism in our large cities than anywhere else. If the patriotism can be made as aggressive as the rottenness, the problem of good government would be solved by the people taking the government into their own hands. If corruption exists in Philadelphia, the people are to blame; if corruption is to be eradicated the people alone can do it. The fight you are making is a battle which will be felt by every town, city and state. The benefit of a victory for good government will be universal and the evil effects of a defeat will be universal. The moral revolution now sweeping over the land means the patriotism that comes from the heart, not from the head. Many men would be willing, if need be, to give up their lives for their city or state if they are needed, sometimes, and this kind of patriotism cannot be too highly commended."

Jefferson City, Mo., Oct. 16.—W. D. Vandiver, superintendent of the state insurance department, tonight sent an official communication to the St. Louis attorneys of the New York Life Insurance company, in which he assumes that a letter received from the Missouri superintendent of insurance has the absolute authority to act in the matter. Mr. Vandiver offers to give another hearing to the representatives of the New York Life Wednesday or Thursday.

## PRINCE CHARLES OF DENMARK TO BE NORWAY'S KING

Believed He Will Accept the Vacant Throne.

REPUBLICANS URGE A GOVERNMENT BY THE PEOPLE

Christiania, Norway, Oct. 16.—King Oscar's official refusal of the offer of the Norwegian throne for a prince of the House of Bernadotte is expected tomorrow, when the government will immediately ask the Storting to authorize an invitation to Prince Charles of Denmark to become king. It is said that the reply will be favorable and that immediately upon his receipt the Storting will proceed to his election.

The republicans are making desperate efforts to secure a plebiscite. Tonight they published a manifesto protesting against the election of a king and favoring a republican form of government. It is understood that republicans now control 30 votes in the Storting, and it is feared that Prince Charles will decline if the republican minority is sufficiently strong to be worthy of consideration. In government circles, however, it is declared that the question will be settled before the end of the present week.

## Denies Hiding His Brother

New York, Oct. 16.—Denial was made yesterday by Herman Schiffer that his brother, Abraham, who was connected with the defunct bank in Alamosa, Colo., was hiding in Schiffer's house in this city. Herman Schiffer said he had not seen his brother since September 28th and that he did not know where he was.

## EX-GOVERNOR OF COLORADO UNDER SERIOUS CHARGE

Council Bluffs, Ia., Oct. 16.—An attack on the professional conduct of former Governor C. S. Thomas of Colorado, an attorney in the noted Portland mining suit for stocks and dividends to the value of \$1,000,000, is contained in an affidavit by J. R. Bischoff, of Colorado Springs, which has just been filed here. Bischoff charges in effect that Mr. Thomas suggested the alteration of the Portland Gold Mining company's records in order to prevent James Doyle, the plaintiff, in the case, from recovering 2,000 shares that the books showed were his property.

## MISSOURI'S INSURANCE MAN DEMANDS TO BE SHOWN

Mr. Vandiver's letter says that the communication from the state insurance department, tonight sent an official communication to the St. Louis attorneys of the New York Life Insurance company, in which he assumes that a letter received from the Missouri superintendent of insurance has the absolute authority to act in the matter. Mr. Vandiver offers to give another hearing to the representatives of the New York Life Wednesday or Thursday.

## SEAMEN TELL A HARROWING TALE OF SHIPWRECK

Six of Eight Castaways Died of Thirst.

TWO SURVIVORS REACH PORT AFTER HEART BREAKING TRIP

Boston, Mass., Oct. 16.—A story of a North Atlantic shipwreck in which eight seamen suffered so fearfully from exposure, hunger and thirst that six of them either died outright, were washed away or, crazed by their fearful experience, threw themselves into the sea, was told today by the two survivors of the coasting schooner Van Name and King of New Haven, which was beaten to pieces by a gale off the South Carolina coast on October 6.

The two men who lived through the five days and down the coast into a heavy gale and after walking about in the great seas for several hours sprang a leak. The pumps were started, but within a short time the engine room was flooded and the pumps choked.

Captain William A. Maxwell, of New Jersey, and E. A. Chase, home since 1886, left Charleston, S. C., for New York on October 4 with a cargo of hard pine. Two days later she ran into a heavy gale and after walking about in the great seas for several hours sprang a leak. The pumps were started, but within a short time the engine room was flooded and the pumps choked.

At 8 o'clock on the morning of October 6, with her hold full of water, the little schooner was hove down on her beam ends.

The crew clambered up on the weather side and lashed themselves to the bulwarks. There they remained, washed by the seas that broke mercilessly over them, all day Friday. That night the storm increased in fury and one great wave crashed aboard, breaking both legs of Seaman Arthur and sweeping Grieseloff from his fastenings. Arthur's companions could do nothing to ease his sufferings, but when on Saturday the schooner turned completely over they managed to cut his lashings and drag him on a piece of the after-hatch. It was several hours before they were all huddled together on their little raft. That night Arthur died in the arms of Captain Maxwell, and his body was dropped overboard.

Sunday brought a ray of hope when a craft was sighted, but the gloom shut in again as she passed by without heeding the little group of seamen who frantically signalled her.

That night the waves subsided and a little rain fell which was eagerly caught in a tarpaulin and brought some relief. It was only temporary and not long after Mate Chase's mind gave way entirely and the craft was again lightened when he jumped into the sea.

The next victim was Captain Maxwell, who on Monday forenoon became violently insane and followed his mate's example of self-destruction as a relief to his sufferings.

The spectacle of two men throwing themselves into the sea proved too much for the German engineer and a few hours after Captain Maxwell's death he too leaped to his death.

The last victim was the head steward who died Monday and whose body was consigned to the waters by the two remaining seamen.

Relief came twelve hours later when the schooner Stillman of the Kelly, bound up coast from Ceylon (Ia.), to the port, sighted the little craft and hove to alongside.

## BURTON'S TRIAL IS RESUMED

Kansas Senator Appears in St. Louis Court.

ARGUMENT ON DEMURRER TO SENSATIONAL INDICTMENT

Counsel for Defense Seeks to Show Postoffice Department Without Authority to Make Investigation.

St. Louis, Oct. 16.—The hearing of arguments by Judge Van Devanter in the United States circuit court on the demurrer of United States Senator Burton, of Kansas, to the indictment charging him with having used his influence in behalf of the Rialto Grain and Securities company of St. Louis, before the postoffice department, was begun today. Mr. Burton was remanded last spring after his case had been sent back by the supreme court, and the indictment charges him with knowingly receiving a compensation while a United States senator for services rendered in a case then pending in which the government was interested.

Attorney Haynes, of Chicago, counsel for Burton, declared today that the indictment fails to charge that Burton knew of the case pending against the Rialto Grain company. He contended that the word "knowingly" in the indictment only extends to the question of his having accepted a compensation, and that it cannot be extended to an allegation that Burton knew of the case pending.

Attorney Haynes argued further that while the indictment charges that Senator Burton agreed to receive compensation for his services, it does not set out with whom he agreed. The indictment, he argued, does not specify as to the services rendered or when the services were to be rendered.

It is alleged by the indictment, Haynes stated, that the question being investigated by the postoffice department was whether the Rialto Grain company had violated section 5480 of the criminal statutes. The only power that makes such an investigation possible, he argued, is a court, and if the postoffice department was making such an investigation it was without right.

Senator Burton was in court and sat quietly beside his counsel.

## IRVING TO LIE WITH ENGLAND'S FAMOUS DEAD

GREAT ACTOR'S REMAINS TO BE PLACED IN WESTMINSTER ABBEY.

London, Oct. 16.—The Dean of Westminster, Very Rev. Joseph Armitage Robinson, announced this evening that having a request signed by leading members of the dramatic profession and other persons of distinction, he had consented to the interment of the body of Sir Henry Irving in Westminster Abbey. Baroness Burdett-Coutts, who for many years had been a friend of Sir Henry, signed the request. The dean has offered to place her house in Stratton street, Piccadilly, at disposal of the Irving family on the day of the funeral.

## DECLINE TO ADVANCE THE CASE OF POWERS

UNITED STATES SUPREME COURT REFUSES TO FURTHER EXPEDITE KENTUCKY HEARING.

Washington, Oct. 16.—A motion to advance the hearing in the case of the state of Kentucky vs. James Howard, convicted of complicity to murder Governor Gobel made in the supreme court of the United States last Tuesday was today denied by the court. The case already has an advanced place on the docket and probably will be heard in December in the regular course of business.

## Inter-State Water Suit Set

Washington, Oct. 16.—The supreme court of the United States today named October 23d and 24th, as the dates for the argument of the irrigation suit of Kansas against Colorado. The Kansas authorities are to have three months from date to file their brief, those of Colorado three months more, and those of the United States still three months more.

## JAPANESE EMPEROR HONORS KOMURA

PEOPLE ARE COLD TO THE CHIEF OF THE PEACE COMMISSION.

Tokio, Oct. 16.—The emperor showed exceptional honor to Baron Komura and at the close of the audience the emperor presented him with a written personal message, a thing highly prized by Japanese statesmen. The message expressed satisfaction at the fact that peace was concluded and commended Komura's able services as shown during the negotiations.

## Cold Reception From People

Tokio, Oct. 16.—Baron Komura, foreign minister, who acted for Japan, has arrived here from Vancouver, B. C. His reception at the railroad station was not enthusiastic, those present being principally government dignitaries. The streets were strongly guarded by troops, police and gendarmes. The baron drove to the palace in the imperial carriage.

## Sovereign Power Must Rule

Tokio, Oct. 16.—M. Terabuchi, minister of war, has issued an order instructing the Japanese army in the field to abstain from criticising the terms of peace, on the grounds that the declaration of peace and of war are entirely the outcome of the sovereign power.

## WARDROBE COST HIM A MILLION

Prince Philip Wants Divorce at Once.

PRINCESS HAD 60 PARASOLS AND ONE HUNDRED HATS

One Hundred and Ninety-Five Pairs of Shoes, a Few Admirers and Half Million of Debts.

Gotha, Du-by of Saxe-Coburg and Gotha, Oct. 16.—The suit brought by Prince Philip of Saxe-Coburg and Gotha for an absolute divorce from his wife, Princess Louise and for an adjustment of their joint property interests, began here today before the ordinary court for the trial of divorce cases, the prince having waived his technical right to have the case tried by a special court as provided for under the laws of his family.

Both principals were absent, but the Austrian officer, Lieutenant Keglevich Mattasich, with whom the princess eloped, was present. The court asked of the prince's attorneys if they wished to make any motions. They replied that the prince had no objection to the proceedings being public. The attorneys for the princess also declined to require privacy.

## Seek Amicable Separation

The president then began the proceedings by proposing to the lawyers that the two parties seek to bring about a reconciliation, explaining that this was not meant to get the prince or princess to live together again, but to agree to an amicable separation and a satisfactory agreement regarding the property. The lawyers agreed to take the matter under consideration and asked for an intermission for that purpose.

The prince's lawyers said the prince asked for an absolute divorce in order to secure a complete separation of the couple.

During the recess the lawyers agreed to an arrangement on the following basis:

The prince to guarantee the payment to the princess of a yearly allowance of \$15,000 and also to pay to her a lump sum of \$20,000, provided she abandon all of her claim against the prince and that after the divorce she adopt the name and title of Louise, Princess of Belgium.

After these terms were laid before the court, a recess was taken in order that the prince might be telegraphed for her consent to the agreement.

Later in the day the lawyers for the princess attacked the competence of the court to decide the case at all. The court then adjourned until October 20 to study the question of its competence, to get an answer from Princess Louise and to settle the applicability of the Austrian law to Prince Philip's agreement that the court avoid raising the question as to which party is guilty.

The notice of complaint besides alleging the prince's misconduct with Keglevich Mattasich, says that although the princess received a yearly allowance she had contracted debts which in 1895 amounted to \$744,812 of which the prince has paid \$218,000, and that in her wardrobe were found 75 pairs of silk shoes, 120 pairs of other shoes, 60 parasols and about 100 hats.

## CARNEGIE THE HERO OF ST. ANDREWS

STEEL MAGNATE AND DISTINGUISHED AMERICANS TO RECEIVE HONORARY DEGREES.

St. Andrews, Scotland, Oct. 16.—Andrew Carnegie, who will tomorrow be installed as lord rector of the University of St. Andrews, arrived here this afternoon, accompanied by Charles Carnegie, American ambassador at Berlin, and Mrs. Carnegie, and by Stephen H. Potter of New York. The students, wearing their scarlet gowns, were assembled at the station and detached the horses from Mr. Carnegie's carriage, which they dragged through the streets to the residence of Dr. James Donaldson, vice chancellor and principal of the university. Tonight the students held a torchlight procession and visited the houses of the president and of Mr. Donaldson. Mr. Carnegie briefly addressed the students.

Whitlock, British ambassador to Great Britain, will arrive here tomorrow. Following the installation of Mr. Carnegie, the University of St. Andrews will confer honorary degrees of Doctor of Laws on Mr. Carnegie, Mr. Reed, Mr. Tower, Bishop Potter, Dr. Nicholas Murray Butler, president of Columbia university, of New York; and Dr. William J. Holland, director of the Carnegie museum at Pittsburgh.

## Blackmailer Fails to Show Up

New York, Oct. 16.—Charles Able, who was indicted last Friday on the charge of attempting to extort money last summer by attempting to sell subscriptions of the American Smart Set for \$500 to Edwin M. Post, failed to appear in the court of general sessions today, and his bail was declared forfeited. Able's lawyer told the judge he did not know where his client had gone.

The lawyer was given until Wednesday to find Able.

## JERRY SIMPSON IS NEAR THE END

Wichita, Kan., Oct. 16.—Ex-Congressman Jerry Simpson was very low tonight. The hemorrhage attack today was unusually severe and left him in a very weak condition. He is unable to take nourishment of any kind. Slight hemorrhages have occurred this evening at frequent intervals.

## JUDGE MILLS SENDS BUNCH TO PENITENTIARY

District Court Finishes Up Work in Raton.

ACQUITTED MEN SUSPECTED OF AIDING JAIL BREAKERS

Correspondence Morning Journal. Raton, N. M., Oct. 15.—The district court for the fourth judicial district closed a busy term here Saturday, when Judge Mills sentenced a number of prisoners who were indicted by the grand jury and found guilty of the offenses charged against them.

The following sentences were imposed: Juan C. Aregon and Charles Arriano, found guilty of larceny from the person, by holding up James H. Beebe, a miner now residing in Goldfield, Nev., and robbing him of his money, were sentenced to three and two years respectively.

Charles Betts, who pleaded guilty to shooting Ike Duckworth, was given three years in the penitentiary.

A colored man named Kelly, who was charged with burglary was found guilty and sentenced to eighteen long months in the penitentiary.

Pleasant Jackson, who was found guilty of burglary, was sentenced to three years.

R. W. St. Clair, colored, who pleaded guilty to burglary of the residence of Judge C. M. Hayne, received a sentence of five years.

William Sheridan, unlawfully receiving stolen goods, was let off with four months in the county jail.

Washington Nance, colored, unlawfully carrying a deadly weapon, was fined a round hundred dollars and ordered committed to the county jail until the fine is paid.

Albert Morgan, who was charged with the larceny of a horse and who owned up to the charge, upon recommendation of the district attorney, was released on suspended sentence during good behavior.

F. P. Canton, for violating the Sunday law, was sentenced to fifteen days in the county jail, and upon the more serious offense of allowing lead women to frequent his house was given forty-five days in the county jail. Both sentences will run concurrently.

Manuel Chavez, charged with allowing lead women to frequent his saloon, Forty-five days in the county jail was his sentence.

Garr and Ford Held. John Carr and Fred Lewis alias J. J. Ford, two young men who have been in jail since last April and who are charged with robbing the store of the Florenheim Mercantile company at Springer, on the night of October 18, were tried and acquitted by the jury.

Those defendants were of the number who escaped from the jail in June last, and it is charged that Carr furnished the tools which enabled the prisoners to dig their way to freedom. The district attorney filed an information against Carr and Ford charging them with aiding prisoners to escape, and although acquitted of the charge of burglary, they are still held in the jail pending a disposition of the other charge. Ford claims to be a resident of Santa Fe and to have relatives who are in business there.

Mercy Shown Horse Thief. Arthur Morgan, a young man about 22 years of age, and who has lived in Colfax county all his life, was indicted by the grand jury for larceny of a horse. He pleaded guilty, but on the recommendation of the district attorney, sentence was suspended during good behavior.

CONGRESSMEN STILL TALKING HAVE DISCOVERED THAT BEVERIDGE REPORT DIDN'T TELL THE TRUTH.

Prescott, Ariz., Oct. 16.—The congressional party today paid a visit to a number of mining towns in the rich mining section surrounding Prescott. A portion of the government forest reserve was inspected. It develops that every camp visited today was unanimously opposed to joint statehood. A telegram was received by the delegation from Kingman, saying that the whole town was opposed to the measure. Adams and Miner, of Wisconsin, were the only speakers today. Both reiterated their determination to fight for separate statehood for Arizona, declaring that the Beveridge report was incorrect as to existing conditions in Arizona.

FOUND COAL TAR IN THE BUTTER

LEAGUE ISLAND NAVY YARD MEN HAVE BEEN EATING STRANGE MIXTURE.

Washington, Oct. 16.—That samples of butter submitted as portions of a large quantity supplied to the League Island navy yard at Philadelphia, prove to be colored with coal tar dye, is the substance of a report which Chief Chemist Wiley of the department of agriculture will submit tomorrow to Secretary Wilson.

Specimens were recently taken for analysis from the League Island navy yard hospital kitchen and barracks from the United States receiving ship Lancaster and other navy yard craft by representatives of the Pennsylvania dairy and food commission, who are said to have obtained similar samples from the men who sold the product.

Secretary Wilson will refer the report to President Roosevelt, who will in all probability call the attention of the department of justice to the matter.

COLORADO FUEL ELECTS DIRECTORS

REPORTS SHOW MORE COAL MINED THAN EVER BEFORE IN STATE.

Denver, Col., Oct. 16.—The annual meeting of stockholders of the Colorado Fuel & Iron company, at which were represented in person and by proxy 131,431 shares of stock out of a total of 221,325, was held in this city today, and the following were unanimously elected directors for the ensuing year:

Alvin W. Kreech, Edwin Hawley, John H. Clement, Benjamin Nicoll, William P. Ward, Winslow S. Pierce, George J. Gould, E. T. Jeffery, E. H.

Harriman, E. W. Oglebay, Edwin Gould, D. C. Beaman, and E. J. Hearne.

As it was understood that there would be no change in the officers of management of the company, there was no voting on officers, the matter being reserved by the directors for their meeting in New York this month.

The report of President F. J. Hearne for the fiscal year ended June 30, 1905, was submitted and shows the largest tonnage of coal ever produced by the company.

Officers and directors of constituent companies, of which Hearne is president, were also elected today. An report of the year's business of those companies show a prosperous condition.

Johnson Goes to Pen. Denver, Oct. 16.—The state supreme court, after considering the case for three weeks, this morning denied the application for superadeas for F. M. Johnson, president of the Santa Fe New Mexican, who is charged with the larceny of a horse.

He will be taken to the Santa Fe city penitentiary tonight to begin to serve a sentence of between two and three years.

GOVERNOR OTTIE ARRIVES IN WASHINGTON

NEW MEXICO EXECUTIVE IN SEARCH OF REST AND RELAXATION AT CAPITAL.

According to recent advices from Washington, Governor Otero, who left New Mexico some weeks ago with the announcement that he was going east for a complete rest, away from the cares of state and civilization, has arrived in the course of his quest for a quiet spot in the national capital.

The Santa Fe New Mexican has it on reliable authority that the governor is being welcomed cordially, and even enthusiastically, in the White house, and at the various department headquarters, where his popularity is well known. The New Mexican has it on the same authority that there is nothing whatever in the wild rumor that E. S. Rodey, of Albuquerque, is being considered for the governorship.

NAVJO COUNTY AFTER PRIVATE CAR LINES

ASSESSMENTS WILL STAND UNTIL ATTORNEY GENERAL IS ASKED FOR OPINION.

Navajo county, Arizona, is falling in line with the "railroad busters" of Kansas and Texas. The territorial board of equalization recently revoked the tax assessments made on the private car lines doing business over the Santa Fe in this county. The board of supervisors of the county, however, have decided that the board of equalization was "worked" by the private car lines and refuse to stand for it until they are assured by the attorney general of the territory that the private car lines are exempt. The order of the board is as follows: "The board, in consideration of the order made by the territorial board of equalization revoking a former assessment made by them on certain private car lines doing business in this county, considers that said car lines are and have been doing business for this and past years in this county over the line of the Santa Fe Pacific railway company's coast lines of the Atchison, Topeka & Santa Fe system and that the statements made to the territorial board by their agents or representatives have been misleading and erroneous as can be proven by the records of said railroad company in this county, and it is hereby ordered that the assessments to said companies shall remain on the assessment roll of the county for 1906, pending the opinion to be asked for by the district attorney from the attorney general of the territory."

Oklahoma Defeats Indians. Norman, Okla., Oct. 16.—The University of Oklahoma today defeated the team of the Haskell institute by a score of 18 to 12.

## THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that **SYRUP OF FIGS** is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

**CALIFORNIA FIG SYRUP CO.**  
 Louisville, Ky. San Francisco, Cal. New York, N.Y.

HARRIMAN, E. W. Oglebay, Edwin Gould, D. C. Beaman, and E. J. Hearne.

As it was understood that there would be no change in the officers of management of the company, there was no voting on officers, the matter being reserved by the directors for their meeting in New York this month.

The report of President F. J. Hearne for the fiscal year ended June 30, 1905, was submitted and shows the largest tonnage of coal ever produced by the company.

Officers and directors of constituent companies, of which Hearne is president, were also elected today. An report of the year's business of those companies show a prosperous condition.

Johnson Goes to Pen. Denver, Oct. 16.—The state supreme court, after considering the case for three weeks, this morning denied the application for superadeas for F. M. Johnson, president of the Santa Fe New Mexican, who is charged with the larceny of a horse.

He will be taken to the Santa Fe city penitentiary tonight to begin to serve a sentence of between two and three years.

GOVERNOR OTTIE ARRIVES IN WASHINGTON

NEW MEXICO EXECUTIVE IN SEARCH OF REST AND RELAXATION AT CAPITAL.

According to recent advices from Washington, Governor Otero, who left New Mexico some weeks ago with the announcement that he was going east for a complete rest, away from the cares of state and civilization, has arrived in the course of his quest for a quiet spot in the national capital.

The Santa Fe New Mexican has it on reliable authority that the governor is being welcomed cordially, and even enthusiastically, in the White house, and at the various department headquarters, where his popularity is well known. The New Mexican has it on the same authority that there is nothing whatever in the wild rumor that E. S. Rodey, of Albuquerque, is being considered for the governorship.

NAVJO COUNTY AFTER PRIVATE CAR LINES

ASSESSMENTS WILL STAND UNTIL ATTORNEY GENERAL IS ASKED FOR OPINION.

Navajo county, Arizona, is falling in line with the "railroad busters" of Kansas and Texas. The territorial board of equalization recently revoked the tax assessments made on the private car lines doing business over the Santa Fe in this county. The board of supervisors of the county, however, have decided that the board of equalization was "worked" by the private car lines and refuse to stand for it until they are assured by the attorney general of the territory that the private car lines are exempt. The order of the board is as follows: "The board, in consideration of the order made by the territorial board of equalization revoking a former assessment made by them on certain private car lines doing business in this county, considers that said car lines are and have been doing business for this and past years in this county over the line of the Santa Fe Pacific railway company's coast lines of the Atchison, Topeka & Santa Fe system and that the statements made to the territorial board by their agents or representatives have been misleading and erroneous as can be proven by the records of said railroad company in this county, and it is hereby ordered that the assessments to said companies shall remain on the assessment roll of the county for 1906, pending the opinion to be asked for by the district attorney from the attorney general of the territory."

Oklahoma Defeats Indians. Norman, Okla., Oct. 16.—The University of Oklahoma today defeated the team of the Haskell institute by a score of 18 to 12.

## NEBRASKA PROLIFIC IN JUDGES FOR TERRITORIES

President Again Goes to Omaha for Material.

REMOVAL OF TUCKER GENERALLY APPROVED IN ARIZONA

Tucson, Ariz., Oct. 16.—The removal of Associate Justice Tucker by the president for grave improprieties in his conduct meets with general approval in southern Arizona, in view of the fact that the charges brought against Tucker were notoriously true and he had seriously impaired his usefulness as a member of the Arizona judiciary.

The president's new appointee, Paul Jensen, is a westerner by birth and training. His parents came to Nebraska in territorial days and he was born in that county in 1865. He was educated in the public schools and at Cornell college. He was admitted to the bar at an early age and his rise was rapid and his career very successful.

Paul Jensen is a man of firm yet conservative convictions and unquestionable integrity. When the Spanish-American war broke out he enlisted as a private soldier in the 38th Nebraska and served his term of enlistment. After the close of the war he resumed his practice at Nebraska City where he now resides, and was shortly afterwards elected to the district bench.

Antient the "Carpet-Bagger." The Tucson Citizen says editorially: "President Roosevelt has gone to Nebraska the second time to find a judge to administer law and justice to Arizona. Let us all hope that the president's latest excursion will prove more successful than the first. It was but fair perhaps, to give Nebraska a chance to redeem its reputation in Arizona. But in order that Nebraska should strike a fair average in the production of justices, it will be necessary for the Hon. Paul Jensen, the new appointee, to be a man of high character and attainments, as his predecessor, undoubtedly was about as ordinary as ever came down the line of the territorial form of government."

"It is rather rough on the territorial form of government, for it goes without saying that a lawyer in good practice in his home state would not be apt to accept a judicial appointment in a territory and consequently the carpet-baggers are generally recruited from the districts and the incompetents. And yet another and a more favorable view of the matter can be taken. It is not by any means inevitable that a state convention of a party would nominate some fellow like Tucker, that he would subsequently receive a majority of votes, and hold a seat on the bench for four or five years. When Tucker's impurities were made known to the president it did not take long to get rid of him. The right of the president to fire an unworthy and obnoxious official without ceremony is a point in favor of the territorial form of government that should not be lost sight of. It is understood that Judge Jensen, who has been named to succeed Tucker, is now a circuit judge in Nebraska. This should argue, it is perhaps, that he has some qualifications for the position for which he has been designated by the president. There is hardly a doubt, at any rate, that he will be an improvement on his predecessor, and for this small favor we have every reason to be thankful.

Wires Go Up for Long Distance 'Phone Next Week

And Las Vegas Will Say Hello to the Ancient.

STOCKHOLDERS OF BELEN CUT-OFF COMPANY HOLD MEETING

Correspondence Morning Journal. Las Vegas, N. M., Oct. 16.—Superintendent E. M. Burgess of the Colorado Telephone company has arrived in the city from Denver and says the stringing of the wires from Las Vegas to Santa Fe on the new extension will begin next week. Poles have been placed along the route as far as Glendale from this point.

The wires will be strung at the rate of five miles a day, and Las Vegas expects to have communication with the capital in a month's time.

The line will be extended to Albuquerque, Socorro and other southern towns as fast as possible. The new heavy copper wire now being placed between Walsenburg and Trinidad, Colo., will be extended south as soon as practicable.

Cut-Off Stockholders Meet. This morning in the offices of the Santa Fe here, the annual meeting of the stockholders of the Eastern Railroad of New Mexico was held and immediately following it the annual directors' meeting.

The stockholders were all present in person or by proxy. The meeting was organized by electing Col. E. E. Twitchell chairman, and W. E. Gortner, secretary. The following board of directors were elected: E. J. Ripley, Chicago; Victor Morawetz, E. J. Herwind, New York; R. E. Twitchell, W. E. Gortner, Charles Russell, M. R. Williams, Las Vegas.

At the meeting of the directors the following officers were elected: President, E. P. Ripley; first vice president, E. D. Kamin; second vice president, J. W. Kendrick; third vice president, George W. Nicholson; secretary, treasurer, E. J. Ripley; assistant secretaries, R. E. Twitchell, Las Vegas, L. C. Deming, New York; assistant-treasurer, H. W. Gardner; general counsel, W. Morawetz; general solicitor, Gardner Lathrop.

W. C. T. U. Resolutions. The following resolutions were adopted at the eighteenth annual convention of the Women's Christian Temperance union in this city before their adjournment Saturday evening:

Whereas, our heavenly father has permitted us to come together in eighteenth annual convention; Resolved, though few in numbers we renew our zeal against the allied

Whereas, our heavenly father has permitted us to come together in eighteenth annual convention; Resolved, though few in numbers we renew our zeal against the allied

forces of worldliness that are destroying the best and purest of our civilization.

Resolved, that as the abolition of the extinction of the saloon are the main objects of our organization, we extend our earnest helpful sympathy to the prospective anti-saloon league of New Mexico.

Resolved, that we petition congress to prohibit games of chance and gambling of every kind in this territory, and that we also petition the national convention at Los Angeles to memorialize congress to the same effect.

Resolved, that we recommend a thorough and systematic study of economic questions as related to temperance and women.

Resolved, that we believe the street carnivals now so prevalent are productive of much evil and we, as a union, desire to place ourselves on record as opposed to them.

Resolved, that we express our thanks to the trustees of the Methodist Episcopal church, to all musicians who have kindly assisted us and especially to the press for printing both reports and notices to the ladies of the local union and to all friends who have in any way aided us in this convention.

ADA M. MOYLEY, EVA B. TUCKER, Committee.

## CAN'T INSURE IN TWO BROTHERHOODS AT ONE TIME

Donnelly Shot Out of Engineer's Organization.

JUDGE MILLS DECIDES IMPORTANT RATON CASE

Saturday morning in Raton Judge Mills decided a curious railroad case in favor of the Brotherhood of Locomotive Engineers. The plaintiff was Charles E. Donnelly, who was fired from the engineers' organization because he afterward joined the Brotherhood of Firemen and was trying to secure the benefits of both organizations at the same time.

The case was argued by Charles E. Donnelly, vs. L. E. Kelley, Raton division No. 241, a volunteer association and sub-division of the Grand International Brotherhood of Locomotive Engineers and the Locomotive Engineers Mutual Life and Accident association, et al., wherein Charles E. Donnelly sought by injunction to restrain the defendants from expelling him from the Raton division of Brotherhood of Locomotive Engineers, and cancelling two policies of insurance held by him in the Mutual Life and Accident association, or from interfering with or taking away from him any right or privilege which he might have in such association and brotherhood, for the reason that he had, while a member of the Brotherhood of Locomotive Engineers, taken out insurance in that organization. Judge Mills dissolved the temporary injunction issued in the case and in effect decided that the rules and regulations of the Brotherhood of Locomotive Engineers, which plaintiff subscribed to at the time he became a member of the order, were binding upon him; that the plaintiff could not repudiate the same, and still continue a member of the order; in other words that being a member of the Brotherhood of Locomotive Engineers, and holding insurance in the Engineers Mutual Life and Accident association, he could not become a member of the Brotherhood of Locomotive Firemen, and still retain his membership and receive the benefits of the former order. It is understood that the case will be appealed by the plaintiff, so that the questions involved may be passed upon by the supreme court of the territory.

## RAILROADS DIVIDE UP THE GILA BOX CANYON

Phoenix, Oct. 16.—There have been various railroad deals in the course of incubation between the Southern Pacific and the Santa Fe for several weeks, and it is said that one of the most important has been consummated, which is that each company's trains will run on the same track through the Gila Canyon, which has been made famous by the extensive litigation that both companies have engaged in concerning the right of way through that part of the territory.

The canyon is narrow and will permit of only one track being laid in it. According to the present agreement between the two great corporations, one track will be built, both companies standing for the expense, and will be used by them both from Duxburyville to San Carlos. If not for this, the railroad litigation that has been in progress for the past year has been over the approach to the Gila Box Canyon from the west, the Southern Pacific having appropriated the canyon itself by constructing a road through the narrowest part. This action angered the officials of the Santa Fe, and the matter was taken into the courts of Arizona, where the action of the Southern Pacific and the Santa Fe, and the Arizona and Southern Pacific interests. The construction, or rather the completion of either one of these lines means much to Phoenix, as it will put this city on the main line of one of the greatest railroad systems in America. The report that these roads have settled their differences amicably and will use the same line has been given publicity in Los Angeles, and it has not been denied by those who stand high in railroad circles.

**Engineer Scalded at Needles.**

Needles, Oct. 16.—Fireman Fred Newman was severely injured Wednesday, while on engine No. 983. He accidentally scalded himself with the squirt hose. The left side of his face was scalded. His left eye was badly injured, but it is thought that the sight will not be impaired.

**Hawes Transferred.**

D. A. Hawes, who has been running a passenger train for some months, is now running between Needles and Winslow. All the older conductors have returned to their regular runs—Needles Eye.

## NEW MACHINE SHOP FOR SAN BERNARDINO

It will be an entirely new machine shop to be erected at San Bernardino, the Santa Fe, says the San Bernardino Times-Index.

It was resolved last summer by the Santa Fe to materially enlarge the shops at this point. The present shops were to be widened and the roof to be raised, new tools were to be installed, and steam traveling cranes were to be put in. All of this work, according to the information given out a couple of months ago, was to have been started before this.

But it seems strange that the management of the road has thought better of the importance of this point as a shop center for the Santa Fe. The location agent, the official who locates all of the buildings for the road, was here recently, and decided that it would be more advantageous to have an entirely new and larger building erected for the machine shop. This plan is now before the higher officials, and the prospects are that work upon it will begin at an early date. All of which accounts for the delay in beginning the enlarging of the plant.

**Engineer Indicted.**

The grand jury indicted J. B. Lancaster, who formerly ran an engine out of Winslow, on a charge of perjury. It seems that Lancaster made a deposition in regard to the conviction of a certain engine, and the railroad company claimed that he had never been on the engine. The deposition was produced as evidence in the case of Seeger vs. the Santa Fe, which is now pending in the El Paso courts.

## O'DALY SHOT IN BACK BY SERVANT

BELIEVED TO HAVE BEEN VICTIM OF COWARDLY AND TREACHEROUS ASSASSIN.

Nogales, Oct. 16.—Shot in the back by his servant, who claims self-defense, and with none other to witness the tragedy, Mr. O'Daly, the American mining man, who was killed near Croix, Sonora, last month, will never be known. Whether he was killed in combat, in man's open fight with man, or stricken down by the treacherous bullet of a cowardly assassin, none but Ramon Feliz, his slayer, can tell.

Mayor F. F. Cruz, who telegraphed the death of Mr. O'Daly to Nogales two weeks ago, returned to town yesterday to give the first detailed account of the killing, as told by Feliz.

The tragedy occurred on September 18, the body was found on September 19, and the man who did the shooting was captured on September 20.

At that time Mr. Cruz and the party with which he was traveling were at Mazatlan. Arriving at Puerto, Sonora, September 27, Mr. Cruz was informed that an American had been killed in the mountains a week before and was asked if he knew any American there. Inquiry developed the fact that it was William V. O'Daly, and that his servant had been accused and admitted the killing.

The prisoner was brought from Croix, near where the killing occurred, to Puerto, and lodged in jail. He said he had quarreled with his employer and had shot him in self-defense.

Mr. O'Daly, he alleges, turned in his saddle and drawing his revolver fired at him, but missed. He had no gun in his belt, his being on the back horse. He jumped from his horse and started for the back horse to get his gun, and O'Daly fired two more shots at him. He said O'Daly tripped himself with his spurs. He in the meantime had secured his gun and shot twice at the American while the latter was still on the ground. O'Daly then rushed upon him and catching his thumb in his mouth bit him till he dropped his gun. He then picked the gun up again, with his left hand took hold of the American over the head with it until he quit fighting. Feliz said he then ran away and left the American lying on the ground.

When Mr. O'Daly's body was found next day he was lying on his left side, which was spread out under a tree. From there the servant was tracked by the Mexican authorities, and captured the day after the finding of the body. He is still in jail, but so far told no other story of the killing.

Mr. O'Daly was known as a good shot, and those who know him find it hard to believe that he fired three shots at the man and did not kill him. Though when found his revolver had three empty shells. It also appears that with two shells still in his gun, he should only try to disarm his antagonist, and also refrain from shooting again while he was being beaten over the head.

But if he was the victim of a cowardly murder, shot in the back by his servant when not expecting trouble, as many believe, none but Ramon Feliz can tell of the crime.

## A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know that there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup, it is unsurpassed. For sale by all druggists.

For picture framing go to Newman's, next door to postoffice.

## TUCSON, ARIZONA.

W. E. NEAL, Albuquerque, New Mexico.

My Dear Sir: Your letter, with notice, has just reached me. I was aware of my policy, that I would be entitled to a "dividend" at this time, but I had no knowledge upon which to base an opinion as to the amount of the dividend. I certainly did not expect that it would be anywhere near the amount you mention (\$24.15 cash). This is nearly one-eighth of my annual premium, \$204.50. I am more than pleased with this showing. I inclose herewith check for \$204.50. The present dividend, and subsequent ones—unless otherwise instructed—will be left to purchase additional insurance. You know we have to protect the wife and babies, even if we have to go without a vacation ourselves.

I hope to have the pleasure of meeting you here soon.

Very sincerely,  
W. V. WHITMORE.

WOULD YOU LIKE TO HAVE A POLICY LIKE THE ABOVE? WE HAVE A FEW MORE LEFT. FOR FULL PARTICULARS WRITE

ALBUQUERQUE — NEW MEXICO

TUESDAY MORNING, OCTOBER 17, 1965.

## The Power of Example

**D**URING the short time he has occupied the bench of this district Judge Abbott's course has been such as to leave no room to doubt that he proposes to hew to the line, whether the chips fall on this side or the other—that he is governed by the law, and not by the wishes of any faction or clique. Several of his decisions of late have not been to our liking at all; but, "he is the law," and we are perfectly willing to take our medicine when it is our turn; all that we have "kicked" about in the past was being obliged to take it when it was the other fellow's turn.

For a number of years past it has been perfectly clear that our courts were governed by the wishes of the "gang," without any regard to the terms of the law, and now it seems to be equally clear that the court is governed by the terms of the law, without regard to the wishes of any "gang"—and the force of the court's good example in that regard has already been made manifest in a manner that cannot be misunderstood. On last Sunday, the first Sunday following the action of the court which made the elimination of the "gang" complete, all the saloons and gambling houses of Albuquerque, of their own accord, kept their doors closed from 12 o'clock Saturday night till 12 o'clock Sunday night, thus showing a decent and proper regard, outwardly at least, for the law of the territory and the sentiment of the public. What were the reasons for this reform movement on the part of the saloon-keepers? They were simply these: (1) The court had shown its determination to be governed by the law, and the parties engaged in the saloon business were convinced that it would be to their interest to follow the good example set them by the court. (2) The old "gang" which had heretofore been superior to the law, and able to manipulate the court in its own way, had been shorn of its power and could no longer afford protection to its "friends" who might violate the law.

Since the court observed the law it was reasonable for the saloon men to conclude that it might require them to do likewise. And, since the "gang" was down and out, it was also very reasonable for those who had been doing business in violation of the Sunday law to conclude that it was no longer able to give them immunity.

The one fact that stands out most prominently in this whole matter, and the one which all the friends of law and order should ever keep fresh in their memories is this:

On the very first Sunday after the complete elimination of the Hubbell gang from the affairs of the county government, all the saloons and gambling houses of Albuquerque remained closed all day.

THE Joint Statehood league is in receipt of advices from Silver City and other places in Grant county, New Mexico, taking exception to Secretary Reynolds' alleged poll of the statehood sentiment in the territory, and asserting and claiming that 89 per cent of the people of Grant county favor jointure.

## About That Deficit

**T**HERE are a few facts left to us as an aftermath of the late Territorial fair which the people of Albuquerque must look squarely in the face. First, there is a deficit of about five thousand dollars which we must meet in some way, and we ought to hustle around without any delay and devise ways and means of meeting it. There is nothing to be accomplished now by criticizing the management, and pointing out how things might have been done differently. It will do no good to cry over spilled milk. The management probably deserves all the criticism it has received, and more, but that does not bring any cash. We are badly in the hole, and the only question in order now is how to get out, and then to shape our affairs that we will not get in again. The idea of allowing the fair to drop cannot be entertained for a moment, for two reasons—first, we owe this big sum and are in honor bound to pay it, and second, because the fair is worth vastly more to the town than it costs, and we can't afford to let it drop. We must pay all these bills, but the question is, how?

The public meeting last night was a step in the right direction. The meeting next Tuesday night should be largely attended so that it will be a mass meeting in fact as well as in name. At this meeting the officers for next year's fair should be chosen, and the work of devising a way out of the present difficulty should be turned over to them. In the meantime the columns of the Morning Journal are open to the public for suggestions upon the subject. We would like to have short letters—say, not exceeding two hundred words—from all those who feel an interest in the subject. There is nothing better for the people of Albuquerque just now which has a stronger claim upon their attention, and if those who have any suggestions to make will let their views be known through the columns of the Morning Journal they may be the means of rendering valuable assistance to those who may be chosen to take charge of the work.

WITH the Pecos valley nearly sold for jointure, McKinley county solid, Grant county practically solid, Bernalillo county the same, Luna county ditto, and the northeastern portion of the territory overwhelmingly clamoring for jointure—it looks as if the 80 per cent of Mr. Reynolds' alleged poll were all the other way—for jointure.

AS yellow fever cannot be successfully stamped out at New Orleans until frost, President Roosevelt might do that city a valuable service by making his visit in company with Booker T. Washington.—Kansas City Journal.

## Force of Circumstances

**U**P TO A VERY short time ago there were a good many persons in this community who still clung to the opinion that the county officials who were removed by the governor would "soon get back." But when about a week ago the removed officers were compelled by legal process to surrender the rooms in the court house which they had occupied, and permit the officers with the accompanying paraphernalia to pass into the possession of the governor's appointees, there was not a peg left upon which to hang the opinion that the ex-officials would "soon get back," hence the idea was at once abandoned by nearly everyone, and there was no escape from the conviction which forced itself upon even the most unwilling minds, that the old "gang" was at last down and out. As a natural result, a better moral and political atmosphere is already noticeable in the community. It is a fact not very creditable to the human family, but a fact all the same, that a very large number of us "have no use for the under dog," and it is already noticeable that many of those who have been the recipients of favors at the hands of the gang, and therefore have substantial reasons for standing by it, are now ready to deal it the most vigorous kicks, since they see it is down, with no hope of coming up again. The assistance that may be rendered by such persons in promoting a better condition of affairs in the county is duly appreciated, and as to the motive which prompts it—as Mr. Tipling would say, "that's another story."

Second  
Fiddle

Jack Frost is rapidly giving Yellow Jack the worst of it.  
It is just beginning to dawn on Mr. Ramsey that he may have been ficked.  
Bill Taft is going to be the whole works, or nothing, on the Panama canal.

"Mules fairly active," says the Chicago Driver's Journal. And her name was Maud.  
An attaché of the Harvey house at Winslow is named Hamm. And yet some people want to know what's in a name.

Eight men who fell into a brewery vat at Far Rockaway are the envy of large constituency of German American citizens.

"Hold your onions," says a headline in the Estancia News. That may be all right in Estancia, where there is always a fresh breeze.

"Walks with broken neck," says the Trinidad Chronicle News. This leads one to wonder if the man in question could rubber with a cork leg.

A dope fiend was caught in the very act of hitting the pipe in the cell of the Denver court house. That's one thing the Bernalillo county grand jury didn't discover.

Justice Comstock, of Chicago, stopped a trial the other day while he borrowed a chew of tobacco. Unfortunately the prosecution had no tobacco, the defendants produced, and won the case.

State Superintendent Ketchum for Colorado of the American Sunday School union has been over at Estancia. If his name signifies he should succeed in getting Sabbath school scholars.

One of the leading Elks of Spokane has brought suit against several physicians for refusing a lot of his epidemics to graft onto a burned woman. This is not the first time a man has been skinned to furnish grafts.

The Tucson Citizen delivers an ultimatum to the effect that no citizen of Arizona favoring joint statehood will be deemed by the Citizen eligible for public honors or emoluments. This is an awful thing to contemplate.

Millionaire George William Catt of New York, lived for four months without any pancreas. But the thing that mortified his relatives most deeply was the post mortem discovery that he didn't have any verminiform appendix.

Many grave dangers beset the professional politician nowadays. G. L. Campbell, republican nominee for county clerk in Hopkissville, Ky., shook hands so hard with his constituents that a ring cut into his finger and caused blood poisoning.

The European Vs. The American Railway Manager.

In his book, "Government Regulation of Railway Rates," which has just appeared under the imprint of the Macmillan company, Professor Hugo R. Meyer points out a distinction between the administration of railway systems in Europe and America which has often appeared to those who have had occasion to transport railway passengers on both sides of the Atlantic. To quote Professor Meyer's own words: "In Continental Europe the regulation of railway rates by public authority has reduced the railway manager largely to a man who sits in his office and orders his subordinates to run trains back and forth. In America the absence of restriction upon the railway manager in developing the resources of our country, and the promotion of trade and industry. To promote the settlement of vast stretches of unoccupied lands, and to find ever new resources to develop within the territory already occupied, has for half a century been the main business of the American railway manager. The imagination displayed by the American railway manager in discovering possibilities of industry and trade, and in converting those possibilities into actualities, has been equal to the highest flights of imagination of the great inventors and scientists; while the boldness with which he has sought to realize his 'visions' has rivaled that of the great soldiers and statesmen."

Go to work.

If the skies look dull to you,  
Get to work;

If the atmosphere is blue,  
Get to work.

Fostering your discontent,  
Will not pay the landlord's rent,  
Will not gain for you a cent—  
Get to work.

Brooding doesn't help your cause,  
Get to work;

Nothing gained by picking flaws,  
Get to work.

Weak are trampled by the strong?  
You a victim of man's wrong?  
"Stand the storm, it won't be long"—  
Get to work.

If success shall come you must,  
Get to work;

There's no other way but just  
Get to work.

It may yield not wealth nor fame;  
Much or little just the same,  
If you perish you'll die game—  
Get to work.

Triumph of Headwork.

"The way I got my start in life," the man with the flashy watch chain was saying, "was by using a little skill in buying and selling real estate."

"There isn't anything unusual about that," said one of the listeners.

"There was in the way I managed it," replied the other, "A man came into my neighborhood and started a hotel factory. The price of real estate fell off one-half. Instead of selling out my property and moving away, as the other fellows did, I got a capitalist to go in with me, we bought all that was offered."

"What did you do then—pay the owners of the hotel factory to move away?"

"Not at all. We sold the ground at a big profit to the directors of a deaf and dumb asylum. None didn't make any difference to them, you know."—Chicago Tribune.

At the Charity Bazaar.

Lieutenant—I shall not pay for the two kisses, but I give you permission to use my name as reference.

Translated from "Tales" from Megendorfer Blatter.

That Shining Example.

"Twere sweet to be a busy bee,  
And never do a thing  
But eat and sleep, from duty free,  
Until some time next spring."

## ESCAPED AFTER CASHING TWO BOGUS CHECKS

Blacksmith Found Horse-shoeing Too Slow.

FORGED EMPLOYER'S NAME AND MADE HIS GETAWAY

A man giving his name as Tom Mullin and who for the past two weeks has been employed as a blacksmith in the shop of W. H. Smith on Copper avenue, is very much wanted by both Smith and the police. Mullin is well on his way to parts unknown with forty-two dollars of good money in his pocket which he gathered in by the simple and oft practiced method of forging checks. Forty-two dollars worth of Mullin's bogus paper has turned up thus far. There is no telling how much of it is scattered around the landscape.

Saturday night Mullin wandered into Badaracco's place on Third street where he presented his "weekly pay check" duly signed by W. H. Smith, his employer. The check was cashed, and Mullin went away with \$21 in his pocket. He went direct to Balling's saloon on Railroad avenue where he cashed another check for a similar amount, similarly signed. When the checks were presented at the bank yesterday, both were promptly thrown out as forgeries. Then there was a howl. It was a howl about forty-eight hours late, for Mullin left town Saturday night. It is not known whether the two proprietors of the place as to just how much money was in the safe. No doors were broken in, no windows cracked and the safe was not locked. According to the story told the police by Mori, he had been up all night in the bar and had been drinking. At 4:30 o'clock he says he locked up the money drawer in the safe, in which was \$400, closed the doors and went home. The barkeeper arrived at 5 o'clock, the safe doors were standing open, and the money drawer cleaned out. The other partner says there was not more than \$200 in the safe. The police are a little puzzled, as the only way in which the place could have been robbed is for some one to have remained concealed in the place when Mori locked it up, who managed to escape after the bar tender opened up half an hour later.

Mori and Azario are now under indictment for receiving stolen goods.

## NORTH THIRD STREET SALOON ROBBED OF \$400

A robbery, in which from \$200 to \$450 in cold cash is alleged to have been lost occurred between 4:30 o'clock and 5 Sunday morning in the saloon of Mori and Azario on North Third street. The matter was not reported to the police for some time and there seems to be a wide difference in the minds of the two proprietors of the place as to just how much money was in the safe. No doors were broken in, no windows cracked and the safe was not locked. According to the story told the police by Mori, he had been up all night in the bar and had been drinking. At 4:30 o'clock he says he locked up the money drawer in the safe, in which was \$400, closed the doors and went home. The barkeeper arrived at 5 o'clock, the safe doors were standing open, and the money drawer cleaned out. The other partner says there was not more than \$200 in the safe. The police are a little puzzled, as the only way in which the place could have been robbed is for some one to have remained concealed in the place when Mori locked it up, who managed to escape after the bar tender opened up half an hour later.

Mori and Azario are now under indictment for receiving stolen goods.

## FINED FOR ASSAULTING WITH STONES AND WORDS

Emmings Matthews, who came to Albuquerque recently from Winslow and who was arrested Saturday night for assaulting A. D. Johnson with rocks and more or less vile language, was fined ten dollars in police court yesterday morning, paying the fine. Emmings' companion, a large negro, who is alleged to have had a razor ready for Johnson, was released, the prosecuting witness not being ready to testify to having seen the razor.

F. Ballojos was committed to the county jail by Judge Crawford for having stolen goods in his possession. Ballojos held a pocket book, knife and other articles described as having been in a suit case stolen recently from a rooming house in South First street.

## CUSTER HELD FOR UNITED STATES COMMISSIONER

Charles Custer, arrested at Isleta Saturday by Officer Mainz of the Santa Fe, for breaking into a sealed car will be given a hearing before the United States commissioner in Old Albuquerque on October 20th. Custer with two companions broke into a car at Laguna Saturday. He and his companions were locked in by a brakeman, but two of the men managed to escape before the train reached Isleta. Custer asked a continuance when taken before the commissioner yesterday.

## MAINEZ HELD ON CHARGE OF ASSAULT WITH INTENT TO KILL

Santa Fe Officer Charles Mainz of Isleta, was arrested yesterday afternoon on a warrant charging assault with intent to kill, in which George Ellis is the prosecuting witness. Ellis was shot at Isleta a few days ago by Mainz while resisting arrest and is now in the Santa Fe hospital recovering from the wound inflicted by the officer's bullet.

A similar charge has already been filed against the negro by the Santa Fe, Mainz alleging that Ellis was going at him with a razor when he fired.

## YOUNG WALSH CAPTURED IN CANON CITY, COLORADO

Arthur P. Walsh, the fifteen-year-old Albuquerque boy who ran away from his home at 805 South Third street last week, has been caught in Canon City, Colorado, and is now on his way back to Albuquerque in charge of an officer. The boy, who has been a pupil at the High school, disappeared some days ago, and his parents have been deeply alarmed for his safety.

Sick headache is caused by a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

H. E. No. 5947.

Notice for Publication.  
Department of the Interior, land office at Santa Fe, N. M., September 25, 1905. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the probate clerk at Albuquerque, N. M., on November 4, 1905, viz: Juan Romero, for the S. W. quarter, Sec. 4, T. 8 N., R. 6 E. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Filomeno Mora, of Escobosa, N. M.; Juan Antonio Alderete, of Peralta, N. M.; Prudencio Maldonado, of Escobosa, N. M.; Jose Maldonado, of Escobosa, N. M.

## RUSSIANS THINK ROOSEVELT WORLD'S GREATEST MAN

According to Muscovites in Albuquerque.

RISE OF SLAV PEOPLE IS SLOW BUT SURE MOVEMENT

John G. Alexieff, a well known civil engineer from Moscow, Russia, arrived at the Alvarado last night, accompanied by his wife, on his way to the interior of Mexico where he goes on professional business.

Mr. and Mrs. Alexieff left Moscow about two months ago, since which time they have been in New York, Chicago, San Francisco, the Yosemite valley and other points in northern California, Los Angeles and the Grand Canyon. In fact, they have made the grand tour of America and have seen all the sights of interest east and west.

The engineer was slightly indisposed last night and was unable to see the Morning Journal reporter, but Mrs. Alexieff talked most interestingly of her native country and the condition of its people.

"We are not related to the Viceroy Alexieff," she said with a smile. "Although we are invariably taken for members of that family by newspapermen and the people generally. In every city we have visited we have been interviewed on the supposition that Mr. Alexieff was the viceroy, or at least a relative. We are of no relation, and in Russia the people generally, as well as ourselves, do not consider it a special compliment to be thought relatives of the viceroy."

"This is my first trip to this country though my husband has been in America many times. I am struck by the great resemblance between this country, and especially the western part of it, and my own Russia. The people, of course, are different. We are delighted with the American people and their ways, and it may be interesting to know that the people of Russia, the great intelligent class especially, have a feeling of cordial sympathy toward America and Americans. Many of our friends, when we came away, entreated us not to fail to bring back with us a photograph for them of the great President Roosevelt, who is really a popular hero among the masses of Russia. It is wonderful the strong friendship for America and Mr. Roosevelt that has come about since your president did so much to bring peace between my country and Japan. The people never wanted to fight Japan. Even now they entertain the most cordial feelings of sympathy toward the Japanese and speak of them in terms of admiration. I speak of the great intelligent class, between the nobles and the masses of the illiterate and ignorant. The war has been solely the work of the government, to which the real Russia is opposed thoroughly."

Liberty Must Eventually Come.  
"Do you think the movement toward greater popular liberty in Russia is moving rapidly?" was asked Mrs. Alexieff.

"Oh, most surely!" she said with enthusiasm. "It must grow. Russia's millions of people are determined that they shall not be longer ruled by an oppressive autocracy. Liberty is bound to come. The only thing that stands in the way of the success of the movement now is the government, which means the army. If we could get the army with us our cause is won. In a few years Russia will be a free country like yours. If the government sees what is coming and gives up it will be a peaceable change. If it does not, there will be another French revolution in my country, a frightful war. It will be terrible if it comes to that. But we believe that the government will give up and yield to the wishes of the people."

"You here in America have a wrong idea of a country altogether," went on Mrs. Alexieff. The masses of the people are not ignorant. There is an ignorant class, as I have said, but the rest of Russia is the middle class, millions of intelligent people just like the millions of people in your country—people who read and who are educated and who think, and who when the time comes will act."

Stories of Disturbances Exaggerated.  
In answer to a question as to the present disturbances in Russia Mrs. Alexieff said emphatically that the stories which reach the United States are greatly exaggerated. "There are strikes and there are riots," she said, "just as you have in your own country. The country at large is peaceful. By peaceful I mean that the people are not doing rash acts of violence which do their cause no good. To have their liberty they are determined, but Russia will not strike her great blow until the last chance has been given."

has been given the autocrats to save themselves without bloodshed.  
"In Moscow, up to two months ago, there were no serious riots. The trouble is always made worse by the brutality of the troops, especially the Cossacks who kill and wound on the slightest pretext. It has never become yet so that we felt unsafe at home in Moscow. But in St. Petersburg it has been terrible—terrible."

Mr. Alexieff was formerly an officer in the Russian army and for that reason is thoroughly conversant with the conditions at home and abroad. He is one of the most skillful civil engineers in the country, and consequently he and his wife have travelled over many countries and are unusually well informed.

## PROPOSES TO BUILD SANITARIUM IN DEMING

NEW YORK PHYSICIAN WILL ESTABLISH INSTITUTION FOR TREATING TUBERCULOSIS.

Dr. and Mrs. G. O. Pelgram, of New York city, has been in Albuquerque for several days past looking over the ground with a view to establishing a sanitarium in New Mexico for the treatment of tuberculosis. Dr. Pelgram came to New Mexico with the intention of locating his proposed institution in or near Deming, but it is now possible that he may decide on some other location, which offers better inducements for the transportation of population and markets. He left last night for Deming to look over the ground there.

## ENGINEER AND FIREMAN SCALDED BY STEAM

BRYANT AND WILLIAMS INJURED BY BLEWING OUT OF BOLT ON FREIGHT LOCOMOTIVE.

Engineer E. H. Bryant, who lives at 665 South Second street in this city, was seriously scalded while on his engine, the 350, a short distance west of Isleta about 8:30 o'clock yesterday morning.

Fireman Williams also received bad burns from escaping steam. What is known as the "blow out" of the side sheet of the boiler with a great rush of steam which enveloped the engineer and the fireman in the twinkling of an eye and filled the cab with the suffocating vapor. Engineer Bryant was scalded about the face, neck, breast and ankles, his hands escaping with a few blisters. The fireman received less serious burns about the face and hands.

Engineer Lee and Fireman McCammon on engine 353 towed in the disabled engine with the freight train and the disabled engine crew. Williams and Bryant were taken to the Santa Fe hospital where their injuries were dressed by Dr. Cutler. The latter gave it as his opinion that the burns would soon heal without serious consequences.

## CASHED BUNCH OF WORTHLESS CHECKS

C. W. HARTER ARRESTED LAST NIGHT FOR OBTAINING MONEY UNDER FALSE PRETENSES.

C. W. Harter, of San Francisco, member of one of the best known families of California, well educated and of pleasing address, was arrested last night by Officer James Smith on a warrant issued by Judge Crawford charging Harter with obtaining money under false pretenses.

Several Albuquerque business men hold Carter's checks on a San Francisco bank for amounts ranging from five to twenty dollars, which have been returned by the bank with the brief but eloquent explanation, "No funds."

Harter was not placed in jail, having friends in Albuquerque who were willing to supply a guard to see that he answers the summons to a preliminary hearing which will probably be held today, unless in the meantime he is able to clear up the amounts called for by the outstanding indebtedness.

Harter came to Albuquerque in the trail of James Jeffries, posing as a friend of the prize fighter, and one of his training crew. When Jeffries left Harter stayed and although he had money at first his funds soon ran out and he began using checks to pay his bills from the barber to the bar.

All of the checks were for comparatively small amounts and Harter now insists that there is a mistake and that he will be able to clear up the amounts. He will be given every opportunity to settle.

## SUES THE HOTEL ASTOR.

Alleges He and His Wife Were Refused a Room at the Place.  
New York Oct. 16.—William S. Brov, a New York street exporter in the Atlantic trade has a gun suit against William C. Muschenheim of the Hotel Astor for \$10,000 damages because he refused to accommodate himself and his wife on Aug. 6.

**LARGEST ATTENDANCE SINCE THE ORGANIZATION**

**REASONS FOR NEW MEXICO'S LATEST LAND WITHDRAWAL**

The Grand Lodge of New Mexico, A. F. and A. M., met yesterday morning in annual session at Masonic Temple in this city, with the largest attendance for many years. Those present at the gathering include prominent men from all parts of the territory, over fifty being in attendance.

The day yesterday was taken up with the preliminary work of organization, including the appointment of various committees, preparatory to the election of officers for the ensuing year today. Grand Master W. G. Ward, of Las Vegas, delivered the annual address in the afternoon at the Temple. It was a splendid effort.

Last evening the first and second degrees were conferred upon Illustrations Potentate W. H. Bain, of Balluff Abbad Temple, Nobles of the Mystic Shrine, and B. J. Dannebaum, of Bernadillo.

After the election of officers and transaction of other business by the grand lodge today the meetings of that body will culminate in a banquet to night at the Masonic Temple, which is expected to be one of the most brilliant and at the same time one of the most enjoyable social affairs in the history of the grand lodge.

The grand chapter follows the grand lodge with its annual meetings tomorrow and Thursday.

## BIGGEST ELECTRIC FAN COMES TO ALBUQUERQUE

A MACHINE WEIGHING 3,600 POUNDS FOR THE AMERICAN LUMBER COMPANY

The biggest electric fan ever brought to New Mexico or the southwest was unloaded from a Santa Fe express car last night at the local station, consigned to the American Lumber company. A big crowd gathered to see the unloading of the fan, which weighs a little more than 3,600 pounds.

The fan is part of the power which carries away the sawdust and refuse from the American Lumber company's planing mills. It is a tremendous piece of machinery, built on the pattern of the ordinary office fan, magnified several hundred times. The machine will have been installed and placed in operation by 7 o'clock this morning.

## FAIR TO ELECT NEW OFFICERS NEXT TUESDAY NIGHT

Last Night's Meeting Adjourned for Lack of Crowd.

### SUBSCRIBERS AND CREDITORS URGED TO BE PRESENT

The meeting of the executive committee, subscribers and creditors of the Fair association called for last night at Zeiger's cafe, by Secretary Sellers was very thinly attended. Owing to the meagre turnout of those who were most desired to be there, an adjournment was taken until Tuesday next at 8:30 at the same place—a week from tonight.

The meeting was called for this (Monday) evening at 8 o'clock, to meet over Zeiger's cafe, for the purpose of devising ways and means to meet the deficit left on the books of the association by the management of the twenty-fifth fair.

A meeting of the executive committee and all subscribers of the present fair is called for this (Monday) evening at 8 o'clock, to meet over Zeiger's cafe, for the purpose of devising ways and means for paying all accounts against the late fair remaining unpaid. Every creditor is requested to be present, or have someone there to represent his account.

As the secretary's report has been proven substantially correct by the auditing committee, there is no further occasion for delay.

D. K. B. SELLERS, Secretary.

President Greer last night finally called to order the meeting. He presented and stated the object of the meeting. He then recommended, in view of the sparse attendance that another meeting be arranged as soon as possible. The secretary, previous to the calling of the meeting to order, made an informal talk urging the necessity of holding a meeting as soon as possible to adopt some means of raising the deficit in order to satisfy the numerous creditors of the association who have been besieging his office to know what steps are to be taken to satisfy their claims.

A motion was made by W. T. McCright, and seconded by D. A. McPherson, to the effect that the committee call another meeting a week from tonight, to devise ways and means to go about satisfying the claims against the association. It was then recommended by President Greer that the motion include that at this meeting the association shall elect officers for the ensuing year. One or two members objected to this on the ground that the association should be sure that ways and means were available before the affairs of the fair were put into new hands. President Greer, however, insisted that as the present management had been successful in raising the deficit, before money could be successfully raised to cover the deficit. The motion was passed and Mr. Greer's recommendations, as officers for the twenty-sixth fair, shall be elected at next Tuesday night's meeting.

The small attendance last night was ascribed by the secretary to the fact that the meeting had been postponed long enough before hand and that the Maconic things this week make a satisfactory attendance hard to get. For this reason, and for the reason that Mr. Greer is to go out of the city for a week or ten days, the date of the adjourned meeting was set for next Tuesday.

All members of the executive committee, all fair subscribers and all creditors are urged to be present next week.

## YELLOW FEVER NOW HORROR OF THE PAST

MARINE HOSPITAL SERVICE ANNOUNCES THAT THE DISEASE HAS BEEN CONQUERED

New Orleans, Oct. 16. The report to 6 p. m.:  
New cases, 15.  
Total to date, 3,329.  
Deaths, 3.  
Total to date, 434.  
New febrile, 4.  
Cases under treatment, 134.  
Cases discharged, 2,756.

Believing that yellow fever in New Orleans is now absolutely under control, Dr. White, representing the marine hospital service, considers that hereafter the inclusion of cases other than yellow fever in the official record ought to be avoided. At the same time he believes that not a single actual case of the disease should be suppressed.

The record of cases today was a low one, and that of deaths gave general satisfaction to the authorities. It is announced that the marine hospital service will not take charge of the situation at Patterson, Dr. Cooper reports that Dr. White said it is impossible to expect the necessary co-operation of citizens and officials. The fever is therefore likely to continue at Patterson until frost.

Some Sensible Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

California mustard has strength but lacks flavor. Trieste has flavor but lacks strength. Schilling's Best is the two mixed, nothing else, no color. The next - best mustard sold here is weak but has good flavor.

Your grocer's; moneyback.

## Help! Help! Km Falling

BOWIE ELECTED  
JOINTURE LEAGUE  
COMMITTEEMAN

By Enthusiastic Republicans  
of Carbon City.

M'KINLEY COUNTY TO A MAN  
FAYORS JOINT STATEHOOD

Gregory Page, of Gallup, who is in the city on business reports that the joint statehood meeting in the Carbon City to elect a committeeman to the joint statehood league was one of the most enthusiastic political gatherings ever held in Gallup and demonstrated most effectively that McKinley county is a unit in favor of getting into the United States through the only possible door now open to the territories.

Alexander Bowie, one of the most prominent citizens and representative republicans of the county of McKinley was unanimously elected member of the executive committee of the joint statehood league, amid much enthusiasm.

A committee of five was appointed to receive the congressional party headed by Tawney upon their arrival in Gallup en route east from their tour of Arizona. The committee will meet the congressmen, extend to them the freedom of the city and invite them to stop off and see for themselves that one of the biggest and most important counties of New Mexico is solid for jointure. If the party will not stop the committee will make the most of the opportunity to inform the visitors of the sentiment of the county.

The secretary of the meeting was instructed to inform the chairman of the democratic central committee of the appointment of Mr. Bowie and request that the democrats aid the non-partisan movement by appointing a similar committeeman. This will undoubtedly be done.

Old Folgers' hall was crowded with people of Gallup and from elsewhere in the county and a standing vote, asked for by Mr. Bowie, showed absolute unanimity on the question of joint statehood. John C. Spears was chairman of the meeting.

THE WRONG DIAGNOSIS.

Prompt Use of Worthless Remedies.

Even an experienced physician sometimes makes a mistake in diagnosis, in which event his entire treatment is wasted and may even be injurious to the patient.

The advocates of all other hair restoratives say Herpicide have wrongly diagnosed the cause of Dandruff and Falling Hair.

They figure on a functional disease whereas it is now known and generally accepted that hair loss is due to a parasitic germ which Newbro's Herpicide destroys.

There is no substitute for Herpicide. Accept none.

STRUCK WORK AT SEA.

Thirty-Three Firemen of the Oceanic Arrested at Liverpool.

Liverpool, Oct. 16.—Upon the arrival here today of the White Star liner Oceanic, from New York, thirty-three of her firemen were taken into custody, on complaint of her captain, for refusing duty. The firemen demanded higher wages than those they had signed for in the articles and upon being refused practically struck.

Chinese Army Maneuvers.

Peking, Oct. 16.—Much curiosity is felt regarding the forthcoming Chinese military maneuvers. These will be conducted in the neighborhood of Paoingfu and will continue from October 25 to October 26. They will be held on entirely modern lines and upward of forty thousand men of all arms will participate. These maneuvers will be the first of the kind ever held in China.

Yuan Shai Kai, the commander in chief of the Chinese army, has issued a proclamation, urging the troops to do the best and avoid making themselves the laughing stock of the foreigners.

FOR ENGLAND'S UNEMPLOYED

Joseph Fels Starts a Fund to Begin Home Colonization.

London, Oct. 16.—Joseph Fels, an American philanthropist, who has interested himself in the problem of the unemployed in England, writes to the newspapers opposing the scheme of General Booth, of the Salvation Army, for the emigration of poor families with government subsidies. Mr. Fels contends that there is plenty of room in England for the present population. He says that only a small proportion of the land is cultivated, and that a still smaller percentage is cultivated properly.

Mr. Fels urges a scheme of home colonization, to which he is willing to contribute \$45,000. He appeals to nineteen others to contribute similar amounts.

Mr. Fels quotes official reports showing that 20,000,000 acres of absolutely waste land in Great Britain is capable of afforestation. If afforested it would provide occupation for 800,000 adults, representing a population of half a million.

Paper Trust Will Not Down.

Milwaukee, Wis., Oct. 16.—President J. A. Kimberly of the General Paper company, says that if the government wins the suit against the paper company another will be formed. "I believe we shall win the suit," said Mr. Kimberly, "but if we should not win, with a general ownership board, which would answer the same purpose. The plan would be probably to reacquire the company, so it is likely that some of the mills now in our company would be left out, as we would be glad to rid ourselves of some of the disagreeable elements."

LOCAL AND PERSONAL

Mrs. W. H. Hahn is in Santa Fe for a few days.

Col. W. M. Berger, of Bolet, is attending the meetings of the Masonic grand lodge.

Mrs. W. W. Strong, of Albuquerque, and Mrs. Samuel Strong, of Denver, are guests of friends in Santa Fe.

A. D. Goldberg, of Tucuman, one of the leading general merchants of the territory, is in the city for the Masonic meetings.

Postmaster A. L. Kendall, of Cerrillos, county commissioner of Santa Fe county, is in the city to attend the meeting of the grand lodge.

Henry Kirch, a contractor on the coast lines out of Albuquerque, will leave this morning for Washington, D. C., where he will take a position under the government, having passed a successful civil service examination.

Mrs. L. M. Boydell, of 517 S. Arno street, entertained a number of friends at dinner last night in his honor.

Albuquerque friends will be grieved to know of the death at his home in San Marcel Sunday of H. F. Howard, for some years editor and proprietor of the San Marcel Bee, and well known in central New Mexico politics. Mr. Howard had served two terms in the New Mexico legislature as representative from Socorro and Sierra counties.

Mrs. Rose McCabe, who came to Albuquerque two months ago from St. Charles, Ill., for her health, died yesterday morning at her home on Coal avenue, aged 56 years. Her son, Robert McCabe, who makes his home here, will take the remains back to St. Charles for interment. Her husband, another son and a daughter survive Mrs. McCabe.

Insomnia and Indigestion Cured.

"Last year I had a bad attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

No matter how large or how small the book required, we can make it for you and guarantee satisfaction. The Mitcheller company.

The Money Market.

New York, Oct. 16.—Prime mercantile paper, 6 1/2 per cent; money on call, firm, at 4 1/2 to 5 1/2 per cent; silver, 62c.

The Metals.

New York, Oct. 16.—Copper was higher abroad with spot closing at 72 1/2 and futures at 70 1/2. Locally the market remains quiet. Lake is quoted at 16 1/2, 16 1/2 to 16 3/4; electrolytic, at 16 1/2 to 16 3/4; and casting at 15 1/2 to 16 1/4.

Lead was nervous and unsettled in the local market and it was reported that supplies for immediate delivery were very scarce with quotations ranging as high as \$4.40 for small lots.

The general situation, however, is unchanged, and fifty ton lots for shipment within 30 days can still be had at \$4.45. The foreign market was higher with spot quoted at \$4.45 to \$4.50 and futures at \$4.45 to \$4.50.

Silver was also higher, broad closing at 62c. Locally, the market was unchanged, closing at 60c to 61c. Mexican dollars, 47 1/2c.

Chicago Board of Trade.

Chicago, Oct. 16.—Absence of selling pressure permitted the wheat market to veer upward today on demand from a leading bull. Initial quotations on December were at 85 1/2 to 85 3/4. The highest point of the day was reached at 85 3/4 to 86. The market closed strong with December at 85 3/4.

December corn opened at 44c to 44 1/2c and held within the opening range, the closing being at 44 1/2c.

December oats opened at 23 1/2c, sold up to 23 3/4c, and closed at 23 3/4c.

Chicago Livestock.

Chicago, Oct. 16.—Cattle receipts 39,000; market, steady to 10c lower. Steers, \$23.00 to \$24.00; stockers and feeders, \$22.50 to \$23.50; cows and calves, \$22.00 to \$23.00; hogs, \$22.50 to \$23.50; calves, \$22.50 to \$23.50; sheep, \$22.50 to \$23.50.

Kansas City Livestock.

Kansas City, Oct. 16.—Cattle receipts, 14,000; including 1,500 southern; market, steady to a shade lower. Steers, \$22.50 to \$23.50; stockers and feeders, \$22.00 to \$23.00; cows and calves, \$21.50 to \$22.50; hogs, \$22.50 to \$23.50; calves, \$22.50 to \$23.50; sheep, \$22.50 to \$23.50.

St. Louis Wool.

St. Louis, Oct. 16.—Wool market, steady. Territory and western medium, 26 to 28c; fine medium, 28 to 30c; fine, 30 to 32c.

T

# MRS. FRANCE SAYS SHE IS COMING TO ALBUQUERQUE

To Make Headquarters Here  
While Hunting Husband.

ASSURES CHIEF McMILLAN SHE  
WILL ARRIVE NOVEMBER FIRST

A new, and to at least one man a somewhat startling development in the search of Mrs. H. L. France, of Los Angeles, for her missing husband, occurred yesterday when Chief of Police McMILLAN received a letter from Mrs. France announcing positively that she would be in Albuquerque not later than November first, accompanied by her lawyers and her bank account, ready to take up her abode here until such time as she has located the missing Adonis who, she says, is the most perfect of husbands, save when he is in the mood for gambling or playing the races.

When her letters asking help in the to Albuquerque, Chief McMILLAN was favored with one. In the regular routine of his office, he politely answered the letter, saying that he had seen no such man as the handsome chap described, but that he would gladly notify the sorrowing wife, should he be found in these parts. Save for her extraordinary offers of money, Mrs. France's first letters were quite sane. What was the horror of the chief to receive a reply yesterday announcing that Mrs. France was overjoyed with gratitude for his interest, that she saw that Albuquerque was the right place from which to conduct her search and that she would arrive here November the first to take up her abode until she could get definite news of her husband. The letter, brought forth by the three lines written by the chief, follows:

Los Angeles, Cal., Oct. 14.—(Mr. Thomas McMILLAN, Chief of Police, Albuquerque, New Mexico.) Dear Sir:—I have just received your kind letter, and I do hope you will put your best detectives on the hunt of H. L. France, for I am sure he is somewhere in New Mexico, either running on some railroad or in mines. I wish to get you to send a detective to the master mechanic and see if H. L. France is at work on the road there. You send to the mines and see if he is there and you write to every chief of police in Mexico and describe him and say any one who knows his whereabouts to inform Mrs. H. L. France, care of Mr. Thomas McMILLAN, chief of police, Albuquerque, New Mexico. I have decided to leave here the first day of November and go to your city and stay until he is located. I know that he is in Mexico, and if you know him you will find him, for which I will pay to you in full. I must find him regardless of cost. Help me to do this. I have ordered all my letters sent to your care after the first, and I will leave here November 1st on the Santa Fe train and go direct to your city. I will telegraph to you and you meet me at the train and see that I get some nice quiet place to stay and protect me. I will feel bad in a strange place. I shall depend on you for protection and now I ask you to find out all you can by the time I get here and I shall arrange my finances so I can remain there until the first of January, giving you time to hunt him. I am not posted as to the principal towns in New or Old Mexico, so I ask you to communicate with chiefs of all towns in Old and New Mexico and see if you can locate H. L. France for me. Perhaps he is in Old Mexico; you can reach all chiefs of police there. Don't let up on it, for I will be there with the money and I hope you will have some information for me by the time I reach there. Answer this so it will reach me before I start.

MRS. H. L. FRANCE,  
Care General Delivery,  
Los Angeles, California  
Answer at once.  
Hasten to Reply.  
When he had read this interesting communication, Chief McMILLAN bethinking him of the woman's appeal to Scotty, and of her evident insanity, hastened to his typewriter and wrote a letter that would have done justice to the superintendent of the violent ward of an insane asylum. He advised the bereaved wife that he would do everything in his power to aid her in her search for her husband, but that she could best aid the search by staying in Los Angeles—and he explained it to her in detail. It is not probable that Mrs. France will come to Albuquerque.

To Build Steel Street Cars.  
Building street cars entirely of steel is a new and important industry recently added to the world's workshop. One car has been constantly in use for about a year and its operation has been carefully watched with most satisfactory results. Hostetter's Stomach Bitters has been before the public constantly for 52 years and it has made such a wonderful record of cures that it is now recognized as the best and safest medicine for men, women and children to take whose stomach is in a weak condition, whose appetite is poor or whose bowels are constipated. If you are sickly in health, Hostetter's Stomach Bitters will help you. It is especially good for indigestion, dyspepsia, heartburn, bloating, constipation, sour stomach, insomnia, female troubles or malaria. We urge a trial at once.

FRESH VIRGINIA CLAIMS.  
THEY'RE GOOD.  
WE DON'T OFTEN HAVE THEM.

## ARGUMENT ON THE DEMURRER TO PLEA IN ABATEMENT

Court Hears Attack on Validity of Grand Jury.

PRISONERS SENTENCED WHO WERE  
TRIED DURING PRESENT TERM

All of yesterday afternoon and up to a late hour last evening was occupied by Judge Abbott in chambers, in hearing the argument of counsel in the demurrer to the plea in abatement filed in several criminal cases now before the court on the ground that the late grand jury which indicted them, was illegally drawn. The argument was at length, W. B. Childers conducting the argument against the demurrer. At 6 o'clock the attorneys still desired to submit authorities and the court announced that he would withhold his decision.

Part of the day was occupied by hearing arguments of counsel for Hubble against allowing Treasurer Hubble to go into the safe in the treasurer's office which has not yet been opened. At the conclusion of the argument with a locksmith waiting to smash the safe, the court ordered the treasurer to stand off from efforts to effect an entrance until this morning.

IN DOUBT ABOUT  
ROSWELL MAN'S REASON

HORTENSTEIN WILL BE REMOVED  
FROM COLORADO ASYLUM  
AND AGAIN EXAMINED.

Pueblo, Colo., Oct. 16.—Has Hale Hortenstein, the young man from Roswell, New Mexico, who was separated from his young wife just at the close of the honeymoon to be confined in Woodcraft sanitarium, recovered his reason?

In a petition filed in the county court here Dr. Hubert Work declares that Hortenstein is perfectly sane and accordingly Judge Mirick has directed Dr. R. F. Donnell and Dr. E. B. Marquardt to examine the young man and report to the court as to his mental condition.

Last July, six weeks after Hortenstein's marriage to a prominent Roswell young woman, he developed symptoms of insanity and under the pretext that he was to be taken to Chicago for treatment, he was brought to Pueblo and confined in Woodcraft to await trial in the county court on a insanity charge. His young wife fled in terror, but she broke down and was unable to appear in the court the following day when the trial was held. It developed at the trial that Hortenstein showed signs of mental weakness before the close of his honeymoon to the Pacific coast. While in Denver just before returning home after the six weeks' trip he purchased a ten dollar laundry stock and an automobile, although he was without funds to meet the obligations he had contracted. It was also proved he had threatened the life of his wife's father and a physician that accompanied Hortenstein and his wife when the young man was being brought to Pueblo for trial.

## TERRITORIALISMS

Phoenix is suffering from a telephone famine. Great distress prevails.

Sheriff Hoock, of Navajo county, took five prisoners to the pen this week.

Postoffice Inspector Phell has recommended that Estancia be made a money order office.

Probate Clerk Corbett has on exhibition at Estancia a sample of Norway oaks which has heads thirty inches long.

Roswell Tomatoes. Great quantities of tomatoes are being expressed out of Roswell every day by merchants, some of them going as far as San Antonio, Texas to make the greater per cent of the shipment.

Dies From Dope. Dr. J. S. Woolford, of St. Johns, died at that place Monday morning, death being caused by his taking fifteen grains of morphine the night before. He leaves a wife and four children to mourn his death.

Shot in the Hand. The other morning at Moriarty, Jake Wooster had the misfortune to shoot himself through the hand with a revolver. He started after a hawk, ran in hand, but slipped and sent the bullet through his left hand.

Butcher Law Unconstitutional. Judge Sloan declared the butcher license law unconstitutional in the case of the territory of Arizona vs. P. P. Plus, charged, with selling meat without a butcher's license. Judgment was rendered in favor of the defendant.

Walter Kibbey Appointed. Walter Kibbey, son of Governor Kibbey, has been appointed Assistant United States attorney to succeed C. L. Reynolds who has resigned to take up a law practice in Bisbee with Attorney O'Connell. The appointment of Attorney Kibbey was made by United States Attorney Nave.

Apache County Court. Court was held in Apache county, Arizona, last week. There was very little doing, as no prisoners were taken to Yuma, although two men were convicted of cattle stealing. They took an appeal. The water case which involves the majority of the farmers of that county, will be tried in December before a commission appointed by the judge.

Beer War in Winslow. It is reported from Winslow that there is a beer war now going on there. The representatives of the Lem's Brewing company has reduced the price of beer almost one-half. The agent of the Anheuser-Busch people is in the town, but he has not yet made any cut, but he has moved here, it is thought he will make a big cut in the next few days.

Negro Veteran Dies on Train. William Jones, colored, died on passenger train No. 1, Monday between Winslow and Flagstaff. The body was taken from the train and placed in charge of Coroner Harrington, who held an inquest, the jury returning a verdict of death from natural causes. After the inquest the body was turned over to Undertaker Whipple for burial. Deceased had been a soldier during two engagements and enlisted from Richmond, Va., and was a pensioner.

NEW TOWN OF ESTANCIA IS GROWING FAST (Estancia News.) The new hotel being built by Milton Dow is going up as rapidly as a large number of carpenters can push the work. This will be a model hotel, having its own water system supplied by private windmill and tank from a deep well, assuring plenty of arid water. There will be eight dining rooms for tenants besides a large dining room, kitchen, bath rooms and all the modern improvements throughout.

John Cope has begun the erection of a blacksmith shop, having already received his set of tools, all brand new, and hopes soon to be turning out work of the very best sort.

Estancia will soon be taking on metropolitan airs, as all the buildings are of substantial sort and the place is quite settled, the business men all doing good business feeling gratified over the prospects.

James Walker has begun the erection of a large building on his lot next to the postoffice. The building is to be two stories high and 25x65 feet in size. He has been making building blocks of cement and gravel which he will use in the construction of the same. This is the first experiment with these blocks in the valley and it is thought to be a success, both as to cost and durability.

The Dunlavy Mercantile company will begin the erection of a large building similar to the store building and next to it, as soon as they can secure the address. This will be used by Dunlavy and Garrett for their stock of hardware and implements which they will install as soon as the building is ready for occupancy.

Railroad Men. Get your train book covers from Mitchell's, at the Journal office.

GRANT BUILDING. 305 RAILROAD AVENUE

### Men's Shoes

**\$3.50**

They are snappier, they fit better, they wear longer and feel more comfortable than the shoes you have been getting at this price.

They come in eight different styles, Vici Kid, Box Calf or Patent Colt, and are the best values on the market.

Best Shoe Polishes, - 10c to 25c

A STRAIGHT CAR—We beg to announce having just received a straight car of the celebrated ACORN Stoves and Ranges. This car contained 58 ranges and 84 heating stoves. As our warehouse is cramped for space we will close these stoves out at prices never before heard of in Albuquerque, and terms to suit: \$5 down and \$5 a month. Keep warm. O. W. STRONG'S SONS, Furniture, Crockery, Rugs and Taps, Second Street & Copper Avenue

**THE WORLD IS FULL OF ODD AND CURIOUS people, so there may still be those who have not used the Morning Journal classified ad columns.**

**A BURNING NECESSITY** is good coal during this month. Don't delay until you are obliged to have it rushed to you in ten minutes notice, but insure careful delivery of the cleanest and best coal by ordering NOW. If we can't suit you it isn't in town—

**AMERICAN BLOCK GALLUP LUMP AND CERRILLOS BITUMINOUS LUMP, \$5.50 per ton. FACTORY WOOD, \$2.00 load. MILL WOOD, \$2.25 load. KINDLING COKE CORD WOOD**

## ALBUQUERQUE HARDWARE CO

PLUMBERS 321-323 RAILROAD AVE TINNERS

**Save 40 Per Cent  
of Your Coal Bill**

The Wilson Heater with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitute 40 per cent of the entire heating power of the fuel. Buy a Wilson and get all the heat you are paying for.

**ALBUQUERQUE HARDWARE COMPANY**

The St. Elmo Sample and Club Rooms

Choice Liquors served. A good place to while away the weary hours.

All the popular games, and Keno every Monday, Thursday and Saturday nights.
