CUBAN EVACUATION

Spaniards Will Have to Agree to Time Set by the United States,

THOUGH WITH BAD GRACE

Contradictory Dispatches Illustrative of the Little Game of "Now You See It and Now You Don't."

New York, Nov. 1.—A dispatch to the Herald from Havana says: "The American commissioners are determined on not fixing the date of evacuation at January 1. The Spaniards cannot do otherwise than agree under protest, as they cannot get their troops out by then; but American sovereignty will begin at that date."

Change of Plans Necessary.
A dispatch to the Herald from Washington says: Colonel Waring's starting death has caused a change of plan as to the time of sailing of United States troops for Cuba. In official orders "on or before November 3," it had been mentioned and received as final; but there will be a delay now probably of three weeks. Three persons who went with the sanitary commission and were quartered under the best of auspices, have died.

Change of Plans Not Necessary.
Washington, Nov. 1.—There has been no change in the plans of the War department respecting sending troops to Cuba. No date has ever been fixed when the troops are to depart. It is determined that the control of the island shall pass to the United States January 1. All attempts to make it appear that the death of Colonel Waring from yellow fever has changed the plans of the department are without basis. The War department does not wish to have any conflict with the Spanish troops as to the occupation of towns. It is therefore the desire to send United States troops into Cuba only a short time before the Spanish troops evacuate. Owing to climatic conditions the United States has not been pressing for an immediate evacuation.

Soldiers Balloting in Camp.

Camp Meade, Middletown Pa., Nov. 1.—An election is being held in the 392nd New York regiment today for state and district officers. The 301st will vote tomorrow, and the 303rd on Thursday. After the polls close, the ballots will be sealed and sent to the secretary of state at Albany. He will transmit them to the county clerks of the districts represented by the soldiers. These clerks will send the ballots to the district inspectors to be included in the returning of the several districts.

OPPOSITION DEVELOPING.

Eleven Senators Recorded As Opposed to Paying Spain for Philippine Islands.

New York, Nov. 1.—In answer to the query "Do you favor the proposition to pay Spain \$40,000,000 for the Philippines?" even United States senators have telegraphed the World expressing unalterable opposition to any such plan. The senators are Jones and Berry, of Arkansas, Harris of Kansas, Hale of Maine, Barrows of Michigan, Roach of North Dakota, Chandler of New Hampshire, Tillman of South Carolina, Pettigrew of South Dakota, Sullivan of Tennessee, and Daniels of Virginia.

Just Escaped in Time.

Oklahoma City, O. T., Nov. 1.—The Commercial hotel and city livery stable burned early today. The guests had barely time to escape from the hotel.

Presidential Appointment.

Washington, Nov. 1.—The president has appointed Colonel Samuel M. Mansfield, of the corps of engineers of the United States army, to be a member of the California debris commission.

GEN. BATES BEFORE INVESTIGATORS.

Stated That Medical Supplies in Cuba Were Insufficient—Delicacies for Sick Could Not Be Procured.

Lexington, Nov. 1.—Before the war investigation commission today, Chief Commissary Marshall, of Camp Hamilton, denied the statements made by Lieutenant Colonel Mitchell, of the 1st territorial, last night, that requisitions from the territorial regiment had not been honored. General J. C. Bates testified as to the Santiago campaign, and the camps at Mobile and Chickamauga. He said: "Montauk Point was not a proper place for a camp of sick soldiers at this time of the year. At Montauk Point I learned that the Long Island Railroad Company had the exclusive contract to haul soldiers to the city. I issued orders for all other railroads to come in and help take off the sick in Cuba; the medical supplies were woefully short. Medical officers said they could not get them. This was especially true at Siboney. We had trouble in getting ambulances taken to Cuba. We got one for each regiment. I think the ambulances we took were only once ashore, when the Rough Riders' fight occurred, on the 24th of June." Replying to a question by Dr. Connor, General Bates said that with modern arms, the danger in removing the wounded from the line of fire was greatly increased. In Cuba it was difficult to get oatmeal and other delicacies for the sick. "I think there is not sufficient excuse for medical supplies being short in Cuba," he added. "Better preparations could have been made for transporting the troops. We had no way to shoe horses and mules."

Insurrection Nipped in the Bud.

Madrid, Nov. 1.—A dispatch from the Viscayas group, Philippine islands, says that several companies of native troops there rebelled, but were pursued and a number of rebels killed. The governor of the Viscayas hopes the rebellion will not spread.

WILLIE IS MAGNANIMOUS.

He Has Bought Ground in Palestine Especially Sacred to Catholics and Presented It to His Catholic Subjects.

Jerusalem, Nov. 1.—Emperor William has telegraphed the pope: "I have been able to acquire at Jerusalem the abode of the Holy Virgin. I have decided to place this ground, consecrated by so many pious memories, at the disposal of my Catholic subjects. It rejoices my heart to be able thus to prove how dear to me are the religious interests of the Catholics, whom a divine providence has placed in my care." The pope replied, expressing satisfaction at the gift.

Capitalist Dead.

Kansas City, Nov. 1.—George W. Henry of Chicago, a well known capitalist, died here today of pneumonia. Henry held heavy lumber interests in Chicago and Indiana.

Still Reaching Out for the Ducato.

Washington, Nov. 1.—The belief still prevails among the majority of the cabinet that the Spaniards will accept the terms laid down by the United States, and whatever delay occurs before that result is reached, will be chargeable only to the purpose of the Spaniards to exert the last possible million dollars, before acceding to our demands.

GIGANTIC PURCHASING SCHEME.

J. D. Rockefeller and a Syndicate Propose to Buy Out the Cherokee Nation and Let Them Emigrate to Mexico.

Washington, Nov. 1.—The Interior department has no information regarding the reported project for buying up the lands of the Cherokee Indians, in Indian territory; and authorities say the Cherokee nation could not sell save to the United States government. The project was mentioned in a dispatch from Wichita, Kan., saying it was reported that Rockefeller had joined with the syndicate to buy out the whole Cherokee nation and let the Indians leave the country.

EIGHT HOURS OF WORK.

American Federation of Labor Will Support Only Congressional Candidates in Favor of An Eight Hour Law on Government Work.

Washington, Nov. 1.—President Gomper, of the American Federation of Labor, has sent a circular letter to the state branches in reference to a bill to create eight-hour days on all government work, whether done by government direction or by contract. He says: "The executive council of the American Federation of Labor has instructed the undersigned to request you, and I do so request, that you now associate with yourself any committee of union men for the purpose of waiting upon senators from them that they will favor our eight-hour bill at the coming session of congress in December. If necessary, we should be pleased to have you appoint committees to wait upon either of both senators to learn their position. We have no partisan interest to further or punish; our movement, our cause and our interests are committed to and largely involved in an eight-hour law and eight-hour movement, and we propose to oppose those who are antagonistic to lawful and peaceful methods and measures of our organized fellow workers."

By the cordial and prompt co-operation of all, there can be no doubt but that we shall remove all opposition to our bill.

Soldier and Politician Dead.

Washington, Nov. 1.—General Joseph Rodman West is dead, aged 76. On the outbreak of the civil war he became the lieutenant colonel of the 1st California infantry, and he saw service in New Mexico, Arkansas and the southwest. He served as United States senator from Louisiana from 1871 to 1875, being elected as a Republican.

Studying Pressing Questions.

Washington, Nov. 1.—The cabinet today devoted most of its attention to a consideration of questions connected with the administration of affairs in Cuba and Puerto Rico. The administration of the Philippines also received attention. Nothing has been heard from the commissioners at Paris as to yesterday's proceedings, and nothing is expected in the way of developments until Friday.

MURDERED FOR HIS MONEY.
T. C. Morris, Seventh Day Adventist Preacher, slain in Cold Blood—Suspected Assassin Arrested.
T. C. Morris, a Seventh Day Adventist preacher and thware peddler, was foully murdered the other night on the Trinchera river, six miles south of the Colorado state line in Colfax county. Deputy Sheriff Coker and Deputy City Marshal O'Connor, of Eaton, have returned from investigating the affair, and report that Morris was shot in the back, after which the murderer rifled the dead man's pockets, securing \$55 therefrom. The bullet entered under the right shoulder blade, came out at the left side and fell into the nearest vest pocket, showing that the murderer was lying in ambush at the side of the road and fired at the peddler as the latter was walking in the middle of the roadway. The officers arrested Ramon Chacon, who was found not far off from the scene of the deed, and they say they have evidence to convict him of the crime.

Hallowe'en.
The boys around town did not forget last night that it was Hallowe'en, and got in their work accordingly. Gangs of them traversed the city between 8:00 p. m., and midnight, and by the light of the cold, pale moon lifted gates, turned over fences, upset the settees in the plaza, pulled over barbers' poles, transferred signs in the most incongruous fashion, pulled up gutter crossings, fastened tick-tacks to front doors and did as much mischief as they could in a small way.

A real estate sign, "For sale, inquire of George Knebel" was nailed up in front of Slaughter's barber shop, and his striped pole was spliced up by the roof. Dr. M. White's sign was wrenched off the wall and taken down onto Water street for ornamentation there. A crowd of boys on the south side, had regular scouts out, and wherever the road was clear they turned things topsy-turvy.

Arrangements for the funeral are in progress this afternoon. Gus Ashford wired Undertaker Wagner this morning that he would leave for this city from Denver on the first train, to attend his father's funeral.

Scrofula to Consumption.
Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months. Shortly after breaking out it spread rapidly all over her body. The sores on the sores would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable. The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the little innocent, and gave it as their opinion that she was hopeless and impossible to save the child's eyesight. It was at that time that we decided to try Swift's Specific. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease return.

Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

S.S.S. For The Blood
is the only remedy equal to such deep-seated diseases; it goes down to the very foundation and forces out every taint. It is purely vegetable, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever.

Mrs. Amelia Johnson, sister of Mrs. D. L. Miller, died this morning at 8 o'clock at the residence of her sister near the Guadalupe church, from quick consumption, in the 32nd year of her age. Mrs. Johnson came to this city four years ago from Mankato, Minn., to reside with her sister, and has been here since. She has not been for some time in the best of health, but until a week or 10 days ago was not thought to be really ill. Arrangements for the funeral are now in progress. The husband of the deceased was killed by accident in a Montana mine seven years ago. Mrs. Johnson leaves a little girl, Vera May, aged seven.

General Hobart has received returns from the agricultural college, where he sent for analysis a sample of sugar beets raised on his Espanola ranch. The sugar content matter amounted to 18.3 per cent, which is considered a second lot will be forwarded this week for analysis, and Captain Day will also send another lot from his Santa Fe ranch for examination. The captain expects to find a larger percentage of sugar in his beets this month on account of the advance in the season and consequent maturity of the crop. At Espanola the land is lower than around this city and therefore warmer, so that the beet crop is planted earlier and reaches maturity sooner.

POLITICAL GOSSIP.
Thos. S. Hubbell and Thos. A. Finical, candidates for sheriff and territorial candidate respectively on the straight Republican county ticket, returned last Saturday night from a political trip to the Cochiti district. They state positively that the Republicans will get a big vote in that district—Albuquerque Citizen.

The colored citizens of Albuquerque have organized a Republican club, with W. B. Johnson as president and Charles Lyles secretary. The membership of the club is increasing.

The reports received at Republican headquarters from the northwest and northeast counties in the territory are very encouraging indeed. It looks blue for the great straddler and free trade protectionist, Mr. Ferguson. If Colfax county gives him 300 majority, it will be doing grand things for him, and in Mori he will think that a cyclone was about and playing havoc with Democratic votes on election day.

The New Mexican is reliably informed, that Santiago P. Ascarate has withdrawn from the Democratic ticket as a candidate for representative from the counties of Dona Ana and Grant, and that the Democratic campaign bosses have substituted the name of John P. Casey, of Las Cruces, in his stead and that the tickets are printed accordingly. This deal was kept very quiet in order not to arouse any more antagonism to the Democratic tickets in those counties, as that is already very strong indeed. Here is a pointer to the Republican managers of those counties, that they should take advantage of at once.

Reports from Union county are to the effect, that the Republicans expect to carry that county by from 100 to 150 majority. Mr. Ferguson's visit through the county and the bundle left there for the securing of Democratic votes do not seem to have been as much avail as the Democratic bosses calculated on.

Hon. H. B. Ferguson was in Bland Sunday, in Albuquerque yesterday, and today in Socorro county. He is writing many letters throughout the territory, saying that he is a strong protectionist and in favor of a protective tariff, but that will not save him, as it is well known that this plea is one of expediency only and simply made for the purpose of catching votes.

Hon. Pedro Perea has spent the past two days in Bernalillo county canvassing the county. It is believed that the embargo existing in that county concerning the creation of a new county out of the western part of Bernalillo and Valencia counties will be satisfactorily arranged. If this happens, and it is believed it will, Bernalillo county will give a very handsome majority for the entire Republican ticket.
