## CITY OF KISHINEFF A BLAZING RUIN 1,000 KILLED IN YESTERDAY'S RIOTS

### JEWS CHIEF VICTIMS OF THE MOB

Ten Thousand Wounded  
Yesterday in Provinces.

TEMPORARY LULL IN  
TERROR-STRICKEN CAPITAL

Announcement of Cessation of Strike  
Has Little Effect on Lawlessness.

Finnish Movement  
Growing.

Dispatches from Russia are very meager owing to the disturbed condition of the country. The situation in St. Petersburg, where order is maintained by a show of armed force, remains critical, though improvement is shown in the resumption of operations by electric lighting plants.

By communication by rail with the frontier cities come reports of conflicts in which Jews appear to be the principal sufferers. In Kiev the loss of life and property has been very great. In Theodosia, Koztrama and Saratoff the disorders have been most serious. There is an unconfirmed report that Kishineff has been totally destroyed by fire.

A London newspaper's St. Petersburg correspondent estimates that in the leading fifty provincial towns of Russia one thousand persons have been killed and 10,000 seriously wounded in the last 24 hours. The revolutionary movement in Finland is unchecked. The Finnish national guard is opposing the advance of Russian troops, compelling them to retire.

UNCONFIRMED REPORT SAYS  
KISHINEFF IS IN ASHES

London, Nov. 3.—All Russian dispatches are still suffering considerable telegraphic delay. Apparently the text of the amnesty ukase has not yet been published. It is expected that it will be today, but possibly its publication may be postponed until Sunday. Many correspondents in Odessa and elsewhere report danger and difficulty attending the dispatch of their reports, and they are obliged to seek the aid and protection of the military. All dispatches received here go to confirm the continued seriousness of the situation throughout Russia, especially the anti-Jewish excesses.

The Daily Mail's Odessa correspondent gives an unconfirmed report that Kishineff has been absolutely destroyed by fire. He says that the three suburbs of Odessa, Pervomay, Zastava and Moldavanka, have been completely devastated. The Kiev correspondent of the same paper says that the British consulate has been riddled with bullets. The situation there, he adds, however, is improving, but during the riot bands of rowdies stopped everybody in carriages or on foot and compelled all to say they were not Jews before permitting them to go on. Ladies' dresses were torn open to discover if they were wearing crosses. The British consul was stopped by soldiers with leveled rifles, who, however, merely threatened to wreck the house of a wealthy Jew. Nearly all the houses and shops display ikons and other Christian emblems.

A dispatch to the Daily Telegraph from St. Petersburg states that Prince Obolensky has been appointed to replace M. Pobedonostseff as chief procurator of the Holy Synod.

The Daily Telegraph's Odessa correspondent also reports Kishineff in flames.

QUIET REIGNS AGAIN  
IN RUSSIAN CAPITAL

St. Petersburg, Nov. 3.—All is quiet here. There is no attempt at holding processions and the Cossack patrols are everywhere. Shops have been barricaded and railway communication with the frontier has not yet been restored. The newspapers will appear tomorrow, and the electric lighting plant here has been again put in operation.

Today Count Witte and Prince Obolensky received the leaders of the progressive constitutional party, including prominent members of the municipality.

Anti-Jewish disorders are reported from Theodosia, where a number of Jews and others were killed and wounded. In a revolutionary outbreak in Koztrama, many were killed and wounded. Riots and anti-Jewish outrages occurred at Saratoff, where many shops were plundered. A however, during a conflict between soldiers and rioters and several were wounded.

A dispatch from Rostoff-on-Don, gives the official figures of Wednesday's rioting as 34 killed and 159 severely wounded.

CHILDREN AND AGED  
BARBAROUSLY MURDERED

Berlin, Nov. 3.—The Tagessblatt prints the following dispatch from the Jewish owner of three houses in Kiev:

"Anti-Jewish excesses have been raging here for three days and all Jewish shops and many private houses have been totally destroyed. The number of Jewish victims is large and children and old people have been barbarously murdered, while the military and police looked on with cynicism. The red flag. Many persons were killed."

GREAT RUSSIAN CITY WHICH IS ONE OF STORM CENTERS  
IN PRESENT VAST UPRISING AGAINST AUTOCRACY

MOSCOW—THE KREMLIN—GATE OF OUR LADY OF IBERIA

### PIERSON WASTED TO THE RAILS

According to Trend of Evidence of Students.

SEARCHING INVESTIGATION  
INTO KENYON HAZING

Severe Cross-Examination of Fraternity Men and President  
Continued by  
Coroner.

Mount Vernon, Nov. 3.—Having secured testimony that at least one victim of hazing at Kenyon college, Paul Barber, and possibly others, had been tied to the railroad tracks, the investigation into the death of Young Stewart Pierson was continued today by the coroner.

Pierson was killed Saturday night by a locomotive at Gambier, in circumstances which suggested that he might have been tied to the rails. Tuesday's testimony in the Pierson inquest developed the fact that the boy was laying prostrate on the track when the engine struck him. The witnesses examined were President Pierce of Kenyon college; Henry Beam, a student, and W. H. Stamp, a round house employee who cleaned the engine after its arrival at Mount Vernon. Previous evidence that it was the custom of the fraternity men to tie candidates to the tracks, was corroborated in today's testimony.

President Pierce's examination lasted over two hours, and was severe. He said he saw marks on the body described as rope marks, but believed them to be only part of the injuries inflicted by a locomotive. A week before his death, Pierson, it was learned, was in the examination, was compelled by fraternity men to crawl the length of the village, goaded behind by men with sticks and clubs, and that this treatment developed deep abrasions on his knees. The charges which Dr. Workman placed about the sores were on the body when it was found.

### FRANCE PREPARING TO STARTLE MR. CASTRO

FRENCH WARSHIPS ON WAY TO  
VENEZUELA TO MAKE DEMONSTRATION.

Port de France, Martinique, Nov. 3.—The French armored cruiser Desaix, Admiral Bevoe de La Peyrere, which sailed from Cherbourg October 15, arrived here this morning and is now coaling.

There are two other French cruisers here, the Trousse and the Jurien de la Graviere.

A dispatch from Paris October 16 said that the departure of the Desaix for Martinique inaugurated the preparation for dealing with the Venezuelan question with a strong hand if President Castro persisted in his course against France.

The Jurien de la Graviere is a second class cruiser and the Trousse a third class cruiser.

FIFTEEN JEWISH STORES  
BURNED TO THE GROUND  
ROMMY, RUSSIA, Nov. 3.—During the pillage of Jewish stores which lasted until yesterday morning, fifteen stores were burned to the ground and many were sacked. Riots began when the crowd killed a rich merchant, who refused to take off his hat to the red flag. Many persons were killed.

### FAMOUS ARCHITECT FALLS TO DEATH FROM WINDOW

Louis Theodore Levy Killed  
in San Francisco.

PTOMAIN POISONING MAY  
HAVE CAUSED ACCIDENT

San Francisco, Cal., Nov. 3.—Dazed by an illness which he had crossed the continent to conquer, Louis Theodore Levy, a distinguished French architect, with offices in New York, either fell or jumped today from a window of a flat on McAllister street, and was crushed to death on the cement sidewalk forty feet below.

During the summer Levy had been in the city assisting Dr. H. Burnham in his plans for the beautification of San Francisco. About two weeks ago, after he had returned to New York, his brother, Henry Levy, received a letter from him, stating that he was threatened with serious illness and wished to come back to the east.

Henry made the trip to the eastern city, and the two reached San Francisco last night, going to the residence of a distant relative, Lucien Levy. During the evening the architect complained of his condition, which he thought was the result of ptomaine poisoning. He seemed perfectly rational.

This morning his brother was awakened by a cry and a crash. Springing to a window he saw his brother's body on the sidewalk below. He believed that Louis went to the window for air, lost his balance and fell out.

Louis Levy was a native of France, aged 37 years, a pupil of Henri, the architect nearly a year and was afterward came to this country as assistant to E. Bernard, who won the Phoebe Hearst competition for the University of California plans. He remained at Berkeley nearly a year and was associated with the department of design at the St. Louis exposition.

### ACCUSED CASHIER DEMURS TO INDICTMENT

HENRY G. GOLL, OF MILWAUKEE,  
SAYS HE WAS KEPT IN IGNORANCE BY BANK PRESIDENT.

Milwaukee, Wis., Nov. 3.—Henry C. Goll, former assistant cashier of the First National bank, indicted for embezzlement of the funds of the bank in connection with Frank G. Bigelow, has filed a demurrer to certain counts in the indictments under which he is held. To do so he will withdraw his plea of not guilty, entered on June 12. The demurrer contains the significant declaration that Goll can prove by Bigelow that the bills of exchange dated January 30, 1905, and December 14, 1905, on which the first and second counts of the indictment are based, were drawn by him "under authority of the bank directors, communicated by Bigelow, and that, instead of abetting Bigelow in the other transactions, he was carefully kept in ignorance by the bank president of the nature of the accounts he was called upon to perform."

Woman May Have Been Murdered.  
New York, Nov. 3.—Coroner Scholer, following the autopsy on the body of Mrs. Marguerite Todd, the rich woman who was found dead on the Reading tracks near Philadelphia a week ago, today said the woman could not possibly have been struck by the passenger train. He said she could have easily been killed by some heavy weight falling on her while she was inert, or by the pressing of a knee. The autopsy showed that her ribs had been fractured, together with her breast bone. Her clothing had not been disarranged, as would have been the case if struck by a train.

### PRIVATE CAR LINE MAGNATES REFUSE TO GIVE INFORMATION

Robbins and Sproule Look  
Wise and Say Nothing.

COMMERCE COMMISSION  
HEARING ADJOURNS SINE DIE

Washington, Nov. 3.—President Robbins, of the Armour car lines and Traffic Manager Sproule, of the Southern Pacific company, declined to answer a question put to them by the interstate commerce commission in the private car line inquiry today, both acting under instructions of their counsel. The examination of Mr. Robbins was intended to show that the Armour car line, through Armour and company, or other concerns controlled by the same interests, is engaged in business other than that of leasing cars to railroads and refrigerating perishable shipments. Mr. Sproule was examined regarding an alleged "pooling contract" between the Southern Pacific and other California railroads. When the information was denied to the committee it was announced that the hearings would be adjourned indefinitely. No action was taken regarding the declarations.

Reputation of Physician Charged  
With Death of SUSAN GEARY

Theory of Police Is That in Desperate  
Effort to Conceal Evidence of  
Operation He Dismembered the Body.

Boston, Nov. 3.—Following a brief conversation by officers over the long distance telephone, the scene of development in the famous suit case mystery, has shifted from New York back to Boston. Dr. Percy D. McLeod, a reputable physician of the Back Bay district, was arrested today on the charge of performing an illegal operation on Susan Geary, the Cambridge chorus girl, whose remains were found in two suit cases in the waters of Boston harbor.

Through the confession of Louis Crawford and William Howard, the two men arrested in New York yesterday, the authorities received evidence which in their opinion warranted the arrest of Dr. McLeod this afternoon. It is alleged that Dr. McLeod was called into the case after the first operation was performed in the Tremont street office, and that he performed a second operation of a desperate nature in the vain attempt to save the life of the young woman. Miss Geary failed to recover, it is alleged, and Dr. McLeod in an effort to conceal the crime dismembered the body.

Dr. McLeod will be arraigned in court tomorrow. No sum has been set tonight as the amount of his bail bond has not yet been fixed. Dr. McLeod stated that owing to the gravity of the charges, a large bond would be necessary.

Morris Nathan, the lover of Miss Geary, who has been arrested in Pittsburg last Sunday night and brought to this city in a state of collapse, is gradually recovering at the city hospital, where he was taken on his arrival here but is not yet in a condition to be brought into court.

Nathan will probably be arraigned in court Monday.

While at first the police were of the opinion that Nathan was directly connected with the case, they now say that Nathan conducted the negotiation with the proprietors of the Tremont street establishment, and the place with which Crawford was connected, and that he was fully aware of the result of the operation.

Tonight the police directed their efforts toward locating another man formerly connected with the Tremont street office.

### FIRE CAUSES PANIC IN BOX FACTORY

TWO HUNDRED GIRLS AND FIFTY  
MEN HAVE NARROW ESCAPE  
IN NEW YORK.

New York, Nov. 3.—Two hundred girls and fifty men at work in Frederick Neff's paper box factory at King and Greenwich streets were thrown into a panic tonight by a fire which completely destroyed the building.

So quickly did the flames spread that less than fifty of the young women had time to get out by the stairs. The rest were rescued by firemen, who carried them down ladders to the street.

All escaped unhurt. The total damage was estimated at \$140,000.

### SUIT CASE MURDERER IS FOUND

Dr. McCleod of Boston Arrested for Crime.

REPUTABLE PHYSICIAN CHARGED  
WITH DEATH OF SUSAN GEARY

Theory of Police Is That in Desperate  
Effort to Conceal Evidence of  
Operation He Dismembered the Body.

Boston, Nov. 3.—Following a brief conversation by officers over the long distance telephone, the scene of development in the famous suit case mystery, has shifted from New York back to Boston. ### PRESIDENT RECEIVES THE PRINCE

Brilliant Functions in Honor  
of Battenberg.

ARRIVAL AT WHITE HOUSE  
AN IMPOSING CEREMONY

Not Since Visit of Henry of Prussia  
Has Foreigner Received Such  
Distinguished Honors

as Louis.

Washington, Nov. 3.—With great pomp Rear Admiral Prince Louis of Battenberg, was received by the president and Mrs. Roosevelt at 3 o'clock this afternoon. The prince was the bearer of a personal message of good will from King Edward to President Roosevelt and was presented to the president by Sir Henry Mortimer Durand, British ambassador. The presentation was made the occasion of a brilliant reception.

Tonight the British ambassador and Lady Durand gave a state dinner to their distinguished house guest, followed by a large reception and ball. Not since Prince Henry of Prussia was the guest of the German ambassador at Washington has a royal visitor been the recipient of greater honors than those which the British admiral prince has been welcomed to the national capital. Save for the absence of military honors, the prince's entry to the capital today has been invested with as much ceremony as that which made memorable the greeting to the Prussian prince several years ago. This has been the busiest day he has spent since he arrived at Annapolis Wednesday.

Arrival at White House.—Shortly before 2 o'clock this afternoon Prince Louis and Sir Mortimer Durand arrived at the White House in the ambassador's open limousine. Following in carriages came the members of the prince's staff. The party was met at the main entrance by the president's military and naval aides and escorted to the blue room, where a distinguished company awaited their arrival. In a few moments the great carved wood doors swung open and the president and Mrs. Roosevelt entered. The prince was escorted by Sir Mortimer Durand and the former immediately delivered the royal message to the president. The prince then presented the members of his staff and the commanding officer of his suite.

Both the president and Mrs. Roosevelt were markedly cordial and hearty in their welcome, the president expressing the hope that every moment of the visit of the British admiral in American waters would prove enjoyable to them. The president recalled the generous hospitality with which American naval officers are always received in British ports. The president and the prince then entered into an earnest talk about various problems of a modern navy. The prince was impressed with the detail and technical knowledge shown by the president in his discussion of various types of warships. The reception lasted about an hour.

Beside Vice President Fairbanks and Mrs. Fairbanks and the cabinet members and their wives, notable members of the army and navy were present. Secretary Bonaparte left the reception early and returned to the navy department to assemble the chiefs of the bureau of the department in his reception room to await the official call of the prince. They were kept waiting for more than an hour, the prince through a misunderstanding having returned to the embassy from the White House. When he finally arrived, accompanied by his personal staff, he apologized frankly to the secretary and chiefs of bureau and expressed his keen regret for the incident. The prince was notably cheered by the employees of the department as he left the building.

Had the weather been clear Sir Mortimer would have taken Prince Louis for a drive over the city. A driving rain set in late in the afternoon and the drive was abandoned, which gave the prince several hours rest before the elaborate state dinner at which ambassador and Lady Durand entertained in his honor tonight.

Thirty-six guests made up the company at the dinner, which included, beside the prince and officers of his party and the embassy staff, Secretary of State and Mrs. Bacon, and Assistant Secretary of War and Mrs. Oliver.

Three hundred additional guests were invited at 10:30 for the reception and ball.

RAILROAD MEN SAY  
STRIKE WILL CONTINUE

St. Petersburg, Nov. 3.—All regulations heretofore issued to the newspaper by circular for guidance have been withdrawn, and the chief of the press administration has been prohibited from further issuing such regulations. The decision of the strike committee to call off the strike tomorrow was received with joy by all classes. Railroad men, however, have resolved to continue the strike which entails the continuance of the high prices of provisions. The amnesty proclamation did not appear this morning, and the radicals are impatiently demanding the release of all political prisoners. Count Witte is having trouble in forming a cabinet on account of lack of liberal support.

Pittsburg, Nov. 3.—The Pittsburg chamber of commerce banquet tonight at the Schenly hotel, which concluded the "Pittsburg day" celebration of the Carnegie institute, was an event of national importance, the roster of speakers being the most brilliant in the history of the organization.

Congressman John D. Russell was toastmaster. Three hundred of Pittsburg's representative business and professional men were seated at the banquet table.

The principal speakers were Senator Philander C. Knox, Sir Cheng Tung Jiang Cheng, Chinese minister; General A. W. Greely, commander of the United States signal service, and Melville E. Stone, general manager of the Associated Press.

### CHINESE MASSACRE AMERICANS

Missionaries and Children  
Slaughtered.

MOB BURNS HOSPITAL  
SCHOOLS AND RESIDENCES

United States Gunboat Callao Proceeding to Lian Chow to Exact  
Reparation for Unprovoked Outrage.

Hong Kong, Nov. 3.—Bishop Merel of the Catholic church has received a letter confirming the news of the massacre of American missionaries at Lian Chow and giving the following particulars:

Dr. Machie requested the removal of a street theatre near by the hospital on account of the noise. This request incensed the Chinese, who becoming violent attacked the hospital. The mob then paraded the street exhibiting the skeleton used in the instruction of the medical class and alleging that it was an example of the foreigners' inhumanity to the Chinese people.

Becoming frenzied, the crowd burned the hospital, the girls' school and the residences of the missionaries.

Dr. Machie, Mrs. Machie, their ten-year-old daughter, Mr. and Mrs. Pearce, Dr. Chestnut and Miss Patterson took refuge in a cave. The mob pursued them and killed all except Dr. Machie and Miss Patterson, who escaped to the Yamen. Dr. Machie was badly wounded.

The American gunboat Callao, and two Chinese gunboats with members of the American board of missions are proceeding to the scene of the massacre.

### MACHIE NARROWLY ESCAPED KILLING BY BOXERS

Cincinnati, O., Nov. 3.—Mrs. E. C. Machie, whose murder by Chinese at Lianchow is reported from Hong Kong as well as the fact that two brothers-in-law and one sister-in-law were killed, and one sister-in-law living here. The settlement at Lianchow is a Presbyterian mission. Mrs. Machie was 30 years old and the child referred to in many, aged 8 years.

The doctor, Eleanor Chestnut, also said to be murdered, was also known in Cincinnati, where she had visited when home on a furlough. She was from the east. Mr. and Mrs. Pearce were not known in Cincinnati.

During the Boxer outbreak several years ago, when foreigners' lives were worth little in the sight of the Chinese mob bent on murder, Dr. Machie was captured and would have been massacred had it not been that a mandarin, whose life had been saved by Dr. Machie, rescued him.

MISSIONARIES WELL  
KNOWN IN NEW YORK

New York, Nov. 3.—Mrs. Machie was the wife of Charles E. Machie of Ohio. She was Miss Ellen M. Wood, of Philadelphia. She had a daughter, Elsie, 15 years old. Dr. and Mrs. Machie have been stationed at Lianchow since 1894.

John Rogers Pearce was a new missionary, who sailed from this country last August. He was born in New Bloomfield, Pa., in 1879. He was educated at Lafayette college and the Princeton Theological seminary. He married Miss Gillespie, of Port Deposit, Md., last summer before going to China in August.

In addition to four church buildings, the Lianchow mission, which has 250 native Christians on its roll, has three Sunday schools and three establishments for secular education, one of which is a boarding school with ninety pupils. It also supports a hospital and a dispensary.

### CREWS MAY DIE IN THE FROZEN NORTH

WHALING FLEET WILL SURELY  
BE CRUSHED IN ARCTIC  
ICE.

San Francisco, Cal., Nov. 3.—The whaling steamer William Baylies, one of the vessels which escaped the grip of the Arctic ice, arrived here today with over 30,000 pounds of whalebone and the oil from sixteen whales. The value of her cargo is estimated at \$150,000.

Captain Rodfish, of the Baylies, first sent from Alaska the news that the whaling fleet had been caught in the ice. Experienced shipping men here think it impossible for all of the imprisoned vessels to remain intact until the sea opens, and those which do so will have to face the danger of the breaking up of the ice floes in the spring.

### BRILLIANT BANQUET ENDS FOUNDER'S DAY

MEN OF NATIONAL PROMINENCE  
MEET TO HONOR CANNY  
SCOTT.

Pittsburg, Nov. 3.—The Pittsburg chamber of commerce banquet tonight at the Schenly hotel, which concluded the "Pittsburg day" celebration of the Carnegie institute, was an event of national importance, the roster of speakers being the most brilliant in the history of the organization.

Congressman John D. Russell was toastmaster. Three hundred of Pittsburg's representative business and professional men were seated at the banquet table.

The principal speakers were Senator Philander C. Knox, Sir Cheng Tung Jiang Cheng, Chinese minister; General A. W. Greely, commander of the United States signal service, and Melville E. Stone, general manager of the Associated Press.

URGES EXPERIMENT IN DRY FARMING IN THIS SECTION

Albuquerque Man Says It No Move to Bring Pete Wins Around Portales. Pemberton to Account.

HUNDREDS OF ACRES PRODUCE WITHOUT IRRIGATION ARIZONAN WAXES INDIGNANT OVER TRAVESTY ON JUSTICE

Fred Fornoff, of Albuquerque, has just returned from a stay of several weeks in eastern New Mexico, most of his time, having been occupied by official business in the district around Portales. He has seen the successful experiment in dry farming in that section of the territory and he has come back with a fixed determination to secure practical tests of dry farming in the Rio Grande valley, more especially on the vast mesa east of Albuquerque. "Dry farming is no longer an experiment around Portales," said Mr. Fornoff last night. "There are hundreds of acres in cultivation now and big crops of kafir corn and other dry land crops are being grown successfully. It is growing into a cattle feeding country. Milk enough to supply a big creamery is being produced and some cattle are being fattened for the market. The country has been turned from a desert into a farming community without a mile of irrigating ditch. It is still a new country and the people are by no means rich. But they are making a living out of the soil that had been time and again declared worthless for anything other than range."

"If this result can be obtained with dry farming in and around Portales, I fail to see why it cannot be done here. The conditions are practically the same. Soil analysis show that the soils of the Portales district and the mesa east of Albuquerque are practically the same. The altitude is about the same, and if anything Albuquerque has the advantage in being further south. It is conceded that there is more rainfall on the average in the Rio Grande valley than in the district north of the Pecos valley and along the Texas line, which is about as dry from one year to the other as any land can be. If dry farming wins there, why will it not win here? We ought to try it."

"It seems to me that it would be money well spent could the Commercial club vote enough funds to put a practical farmer on a few acres of land on the mesa and put through a thorough experiment in dry farming. It would demonstrate once for all what the possibilities of this land are, and should it prove successful the benefit to Albuquerque and the district would be calculated in coin of the realm. It ought to be given the test."

"The Pecos valley is booming. It is a wonderful country and the people laugh at you when you talk of the 'Aridian Belt.' There isn't any aridian belt any more. The whole country is underlaid with artesian water and a well is brought in wherever the drill goes down. The apple crop this year has been enormous. The crop from the Hagerman orchard is said to have sold for \$100,000, and the man with ten acres of bearing trees does not have to worry about his winter stove wood. He can import hard coal from Pennsylvania."

"The country is settling up rapidly, and it seems to have just begun to grow."

KISHINEFF A BLAZING RUIN

(Continued From Page 1, Column 1.) cal indifference. The situation is desperate. The Lokal Anzeiger's staff correspondent represents the situation improved. Friday, says the correspondent, passed quietly. The number of dead on both sides is about one hundred, but many hundreds of persons were wounded and mangled, and the city presents a horrible appearance. Some laborers have returned to work. Street railways are resuming and other railways are making ready for business. Traffic is expected to run regularly by Sunday.

SEVEN COACHES LEAVE TRACK AND BRAKEMAN IS INSTANTLY KILLED.

Dallas, Tex., Nov. 3.—A passenger train on the Houston and Texas Central, running at a moderate rate of speed was derailed near Eunice this morning by the explosion of the engine. Seven coaches left the track and the violence of the explosion was so great that the road bed was torn up for several hundred yards. None of the passengers was seriously injured. Brakeman was killed.

HORRIBLE MASSACRE OCCURS IN KISHINEFF

Odessa, Nov. 3.—A dispatch from Kishineff says: A horrible massacre has occurred here. Hundreds have been killed. All hospitals, pharmacies and hotels are full of wounded and mutilated persons. A telegram from Nicholas says the whole town is in the hands of bandits, who are devastating the Jewish houses and shops and beating Jews to death without the slightest hindrance. The authorities have similar news from other southern cities.

Preserve Your Lawn. Kill the worms with Hahn's Eureka line.

LOCAL AND PERSONAL

Edward Grunfeld left last night on a business trip to El Paso. Engineer Davenport and Fireman Trainer were probably fatally injured.

Superintendent Russell of the Santa Fe at Las Vegas, returned to headquarters last night after spending the day here.

W. E. Grimmer, of the Albuquerque steam laundry, yesterday received the sad news of the death of his father in Chicago.

Mr. and Mrs. J. A. Klock, Miss Klock and Mrs. William Holgate, of Wyoming, are among the visitors in Albuquerque.

Cashier D. T. Hoskins, of the San Miguel National bank, of Las Vegas, returned to the Meadow City yesterday morning.

Hon. T. B. Catron, of Santa Fe, was in the city for several hours last night on his way to Silver City, where he has legal business.

E. A. Miera, sheep man and politician from Cuba, Sandoval county, was in the city yesterday looking after business matters.

Amado Chavez, assistant to Territorial School Superintendent Hiram Hadley, returned to Santa Fe yesterday morning after a short visit here.

J. B. Munby, of Trinidad, who has purchased many thousand sheep in New Mexico this fall, is in the city looking after the shipment of recent purchases.

W. H. Greer left last night for Chihuahua, Mexico, where he is called to look after business on the Victor. Cattle company's big range in the Mexican state.

Mr. and Mrs. Charles Mausard returned yesterday from an extended eastern trip, being accompanied here by Mrs. Mausard's sister, Mrs. A. B. C. Dodd of Charles City, Iowa.

General Superintendent R. J. Parker, of the Santa Fe at La Junta, returned to his headquarters last night after several days on the Rio Grande division and in Albuquerque.

Dr. W. A. Skinner, New Mexico sheep inspector is at work on the Santa Fe Central inspecting sheep waiting shipment. Several thousand head are being held for the inspection at the several stations.

Mrs. Homer L. Stitzer, of Cleveland Ohio, has arrived in Albuquerque to join her husband, who has been in the American Lumber company's mills for some months. Mr. and Mrs. Stitzer will occupy a pretty home at North Second street, which is nearly complete.

G. K. Warren Post No. 5, G. A. R. will meet in regular session this evening, November 4th, in L. O. O. F. hall at 7:30 o'clock. Every comrade who reads this notice should attend and bring another comrade with him. Important business is to come before the post. Be sure and come. J. G. Caldwell, P. C. W. W. McQuinn, A. D. T. H. Rice, who has been foreman in the local Santa Fe yards, left yesterday morning, accompanied by his family for Winfield, Kas, where he takes the position of yard foreman.

Robert Giles, of Danbury, Texas, reached Albuquerque yesterday and left last night for Williams where he expects to identify the body of the night murder killed there last week as that of his brother, George J. Giles. Mr. Giles says he fears there can be no mistake about the identification and that it is his brother who was shot.

The funeral of Edward Gehring, son of Mr. and Mrs. Nicholas Gehring, of 1121 South Third street, occurred yesterday afternoon in St. John's Episcopal church in the presence of a large number of friends. Six boys, friends of the deceased, acted as pallbearers. They were Masters Gelette

WE FEEL SURE

Of our ability to handle your banking business to your satisfaction. We shall be glad of an opportunity to talk with you.

Albuquerque, N. M. STATE NATIONAL BANK

**GO TO BELEN**

The Future Railroad Center of New Mexico  
Located on the Belen Cut-off of The Atchison Topeka & Santa Fe Railway

The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico

The Belen Town and Improvement Company  
(INCORPORATED)

ARE THE OWNERS OF THE BELEN TOWNSITE, Consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues. RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long. (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.

THE CITY OF BELEN

Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Trunk line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICES AND TERMS EASY. One third of purchase money cash; two-thirds may remain on note and mortgage for one year with interest at eight per cent per annum. Title perfect and warranty deeds given. COME EARLY IF YOU WISH TO SECURE THE CHOICE LOTS. For further particulars and prices of lots call in person or write to

## DOUBLE TRACK SOON FROM CHICAGO TO KANSAS CITY

Santa Fe Has Secured All  
the Right of Way.

### ONE OF MOST IMPORTANT EXTENSIONS OF THE YEAR

Among the many plans for the improvement of its line and service, which the officials of the Atchison, Topeka & Santa Fe are considering for next year and which they are figuring on in their budget for that period, none is more important than the extension of a double track along the line of the road between Chicago and Kansas City.

During the year drawing to a close a great amount of track laying has been done by the company and a great deal of work along this line is being done but the plans of the officials are to start next year with a determination to complete a double track as soon as possible between Kansas City and Chicago. Of course it is not expected to lay this entire track during the next year, but the plans for a complete double line between the cities named are not only under consideration—for the officials of the road have had this in view for a long while—but have taken on definite form.

The road now has a double track practically completed between Kansas City and Newton, and from Argentine City and Newton, and the traffic is handled over four sets of rails, and considerable double track has been laid along various parts of the line where the traffic is heaviest. The all of this double track is rather insignificant, when compared with the plans of the company to double track the road from Chicago to Kansas City.

Announcement has been made by a man high in the hierarchy of the road that the right-of-way for a double track between Chicago and Kansas City has already been secured, with the exception of a few small plots. As is always the case when an undertaking of this kind is started, a few of the persons who own property that the railroad needs for the right of way have placed prohibitive figures on it, but the officials of the road have already started condemnation proceedings to get this land and the question of its valuation is now for the courts to decide. When the entire right of way is secured the work will be pushed rapidly. The road has considerable double track at different places along the route between Chicago and Kansas City and when the right of way for the other places along the line has been perfected it will be surprising, say the officials of the road, in how short a time from a railroad standpoint, the entire double track between the two cities will be laid and placed in operation.

### MANGLED BY TRAIN

IN KANSAS CITY DEPOT  
Kansas City, Mo., Nov. 3.—Colonel T. J. Jackson, of Newton, Kan., chief of staff of the Kansas Grand Army of the Republic, is dying at Agnew hospital in this city, the result of an accident last night at the union depot. Colonel Jackson attempted to board a moving train. He fell on his back and his right arm was severed by the wheels of the car. His clothing then caught in the car tracks and his body was swung around so that the rear wheels cut off both legs below the knee. At the hospital today it was stated he could not survive.

Colonel Jackson was one of the best known civil war veterans in Kansas. A few minutes before the accident occurred Colonel Jackson had bid his son, Cooper, Jackson, Washington correspondent of the Mexican Herald, goodbye, as the latter departed for the east.

### A FEW BOUQUETS FOR

GEORGE T. NICHOLSON  
It is pleasing to note that another able passenger man has been chosen into the executive family of a large railway system, says the American Railway Journal. This time it is Mr. George T. Nicholson, who has received recognition of his superior ability. On October 4 he was chosen chief clerk of the Atchison, Topeka & Santa Fe in full charge of the traffic department. Mr. Nicholson was born at Belvidere, N. C., on July 1, 1856, and was educated at the Kansas State university. In 1882 he entered the service of the Santa Fe as rate clerk in the general passenger department. He remained with that company until February 1, 1897, filling the following positions: Chief clerk, chief clerk, chief clerk in the general passenger department, and assistant general passenger and ticket agent. The latter position he resigned in 1897 to become general passenger agent of the Chicago & North Western. He held the latter office until May 1, when he resigned to become passenger traffic manager of the Santa Fe, with office at Chicago. He has held this office ever since, and on October 4 last, when chosen to his new office, Mr. Nicholson has made an enviable record being a traffic man of rare ability. Personally he is a most entertaining official to talk with, and has a happy faculty of making friends with all whom he comes in contact. His new position carries with it the duties formerly performed by Mr. Paul Morton, who resigned to accept a position in the national cabinet.

### HIGH SPEED AND BAD RAIL WRECKED NO. 1

### CORONER'S JURY RETURNS VERDICT IN CASE OF CALIFORNIA EXPRESS SMASHUP.

Kansas City, Mo., Nov. 3.—The coroner's jury which investigated the wreck on Monday last of the west-bound Atchison, Topeka & Santa Fe railroad near this city, in which thirteen persons were killed and thirty injured, has returned the following verdict:

"The cause of the wreck we believe to have been a defective track and dangerous rate of speed with a ponderous engine that in some manner caused the turning of a rail."

None of the employees of the railway was held responsible for the wreck. The injured continue to improve today.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or other unpleasant effect. Sold by all druggists.

Cheapest Disinfectant  
Hahn's Eureka line, Effective and safe.

## NEW SANTA FE HOSPITAL A BEAUTY

DECLARED TO BE MOST PERFECT  
OF THE KIND IN CALIFORNIA.

A Los Angeles dispatch says: The new hospital in this city of the Santa Fe coast line, which has been in the process of construction for some time, was opened for use this week and it is declared to be one of the finest institutions in the entire south-west devoted to the care of the sick and the injured.

It is a handsome structure of the mission style of architecture and stands on an elevation at the intersection of East Sixth and St. Louis streets. The building is three stories in height and is ornamented with a helter. Spacious grounds surround the building and these are being arranged in terraces to be ornamented with lawns and shrubbery.

The hospital, which cost about \$50,000, is declared to be the most perfect of its kind in southern California. It is the finest and most capacious of those of the Santa Fe system, the parent institution at Topeka even taking second place, while the new hospital at Albuquerque, complete as it is, is much smaller than this one, about to be occupied.

Dr. Morrison, who has charge of the institution, states with pride that none but trained nurses will be employed at the hospital, the staff starting out with a roster of ten of the most skillful of these gentle ministers to the sick. In addition to the staff of physicians and nurses, there will be a corps of trained cooks and waitresses, as well as the usual help around such an institution.

### No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists.

There is no other such dealing in

as Schilling's Best; no other such goods; the goods account for the dealing.

## Red Hot in New York

ONE of the warmest campaigns New York city ever experienced will close Monday night, and Tuesday's voting is likely to cause some surprise. It would seem to be exceedingly rash to predict the defeat of the democratic ticket in a city with such a normal democratic majority as has New York, but the chances of the republican, and the municipal ownership tickets appear to be so good that the result is left in doubt. It has been shown on previous occasions, in 1891, for instance, that Tammany can be beaten, and on these memorable precedents the foes of this sinister organization base their victorious calculations. On the other hand, "the honest crowd," to use the phrase of a practical New York politician, is divided, while Tammany is a unit.

Hon. George B. McClellan, for two years mayor of the city, and son of General McClellan, war veteran, heads the democratic ticket. He has not made any particular impression as mayor, being a typical Tammany man, taking his orders from the political organization that is now controlled by Charles Francis Murphy. In McClellan's regime there has been only one serious scandal—the gas franchise—although there has been the usual Tammany flavor to several deals. Still the mayor will hardly be defeated on his record alone; and it is a fact that he is being supported by many of the city's most reputable men. The chief objection to McClellan, apart from his associations with Tammany hall, is his ambition to become a figure in national politics. It is well known that his political duenna, Murphy, believes McClellan to be presidential timber; and it is now confidently asserted that he will be the next governor of New York state, if he should be re-elected mayor. In that case a thoroughly distrustful Tammany politician named McGowan, as president of the board of aldermen, in the event of a democratic victory on November 7, would automatically become mayor for the unexpired term. It is against this dangerous shuffle that many thousands of people will protest by voting against McClellan.

The republican ticket is headed by one of the best citizens in New York—Hon. William M. Evans. He is a thorough, broad minded business man, and a fighter that Tammany has cause to fear. His acceptance of the nomination of his party caused general astonishment, for the cause seemed hopeless, and Mr. Evans was considered too prominent a man to make himself a chopping-block for the democrats. Fortunately for his party he did accept, and at once threw himself into the campaign and began to direct it according to his own ideas. Mr. Evans has had much municipal experience; in fact, there could be named hardly one New Yorker better qualified for the position to which he aspires. His personal merits are generally recognized, but the republican ticket generally is inferior to that of the municipal ownership ticket, and the republicans as a party have not gained strength since the campaign opened.

The candidate for mayor who is running on the municipal ownership ticket is William R. Hearst, of "yellow" newspaper fame, who has made a campaign that surprised everybody. "Willie" has developed a good deal more ability than the public had given him credit for, and was shrewd enough to get some of New York's best citizens on his ticket.

Mr. Jerome, the well known district attorney, is running alone. The republican convention "turned him down," but citizens, regardless of party had him put on the official ballot by petition, and put up thirty-five thousand dollars to pay his campaign expenses. Then the republican nominee for district attorney was induced to decline, and the committee tried to have Jerome's name put on the official ballot in the republican column, but the commissioner would not permit it, because he was already registered in the independent column, hence the place is left blank on the republican ticket, to be written in by the voter. This, of course, will cause Jerome to lose some votes, but not a great many, because he is the leading "issue" of the campaign.

A MOVEMENT is under way, backed by the governors and important railroad officials of western states, for a meeting to be held in Salt Lake City, January 15 next, the object of which is to advertise the west so that thousands of Americans who have been in the habit of going to Europe annually will spend money hereafter to see their own country. At the head of the movement is ex-Governor Heber M. Wells of Utah, and the present idea is to spend at least a half million dollars yearly in picturesque and attractive advertising.—Springfield Republican.

ARIZONA and New Mexico combined will form a state that will be a power on account of her vast geographical area and her unlimited and varied wealth of resources, being the second largest in the United States. This will exempt her from the objectionable domination of state political rings. Like unto Texas, which is among the best governed states in the union, her greatness will render impossible the controlling influences of such political combinations.—Tucson Star.

THIS, from a Canadian paper, will serve to show how our northern neighbors sometimes say things:

"As a matter of fact Sir William Mulock has only two qualifications for a seat on the bench, viz:

"1st—Not being well.  
 "2d—Not being learned in the law."

THE "People's Sovereignty League," which advocates direct popular control over legislation through the initiative and referendum is now beginning the issue of a monthly publication styled the Referendum News. It is conducted by George H. Shibley, from Washington, D. C., and aims to keep a record of what appears to be a growing movement.

THE Tucson Star admits that "Arizona standing alone would be a Mormon state," and says: "The one fact of the Mormon hierarchy dominating Arizona as a single state is a menace which demands protection from the federal government; joint statehood will absolutely protect the young commonwealth against this danger."

COUNT WITTE has a new task and perhaps even a sterner one at home than he had at Portsmouth. He has this time, not Japanese, but Russians, to convince—not diplomats under the pressure for peace, but aggrieved workmen, under the influence of leaders who may not be always wise.

EDITOR STODDARD of the Evening Mail is in distress. Some steam laundry lost his shirt. He got a new one and took it to a "chink." He lost the check. "No check, no shirt." He is discouraged and says so. Why wash?—New York World.

WITHIN the last sixty days the Pennsylvania railroad has placed orders for 31,200 new freight cars, and five hundred new locomotives, each car to cost \$1,150, and each engine \$18,000.

SECRETARY TAFT describes our consulate in the far east as shabby. Well, compared with Minister Whitelaw Reid's string of palaces they may look a bit cheap.—Milwaukee Sentinel.

## Solos by the Second Fiddle

The Squeak is so mad it stutters.

It isn't safe to be seen carrying a suit case in New York just at present.

The czar may congratulate himself that he isn't a governor general or a grand duke.

That play of Shaw's must have been the limit if even New York couldn't stand for it.

Members of the Russian autocracy are now talking about "stern repressive measures." It might be wise to talk about chartering a fast train to the border.

The powers will make another joint naval demonstration against the Sultan of Turkey. The moral effect of these demonstrations seems to last generally about a week.

Since the arrival in America of the British Prince there have been numberless feminine inquiries as to whether he was the inventor of that lovely Battenberg fancy work.

There are a number of Pedestrian Petes and Weary Wilkineses along the Santa Fe who could doubtless give evidence before the inter-state commerce commission as to "private car" lines.

Alexander Michailovitch has been "relieved" of the post of head of the department of mercantile marine. If the mercantile marine is anything on the order of the navy he hasn't been relieved of very much.

The strenuous president shoveled coal into the bureau of mines, and West Virginia and the sailors all broke the shovel up into bits for souvenirs. It isn't stated whether Mr. Roosevelt holystoned the decks.

(Too Late for Last Night's Citizen.) San Salvador, 1492—Great excitement prevails here over the arrival of a peculiar looking vessel in command of an unknown man who gives his name to the authorities as Christopher Columbus, but tells a rather hazy story of his business here and where he built from. The vessel has been detained at quarantine and the captain and crew are under surveillance.

(Just Five Minutes after the Citizen Went to Press Yesterday.) Special to the Evening Citizen.—Fredericksburg, Va., Sept. 9.—7:45 George Washington, a well known young man here has been arrested for illegally cutting timber on the Augustine Washington reserve. Washington was arrested in the act and the hatchet used will be produced in evidence. The prisoner broke down and confessed upon being arrested, but the owner of the land has decided not to prosecute, and the culprit was released after a severe lecture.

(Crowded Out of Last Night's Citizen.) Joppa—News has reached here of the strange fate of a ordinary seaman named Jonah who is reported to have been swallowed by an enormous whale supposedly in the Red Sea, although reports as to where the accident took place are slightly conflicting. It is alleged by some that the unfortunate man was swallowed by a sea serpent, but at the admiralty it is given out semi-officially that it was an enormous catfish. Rumors of foul play are rife, some going so far as to say that the sailor was thrown overboard by enemies on the vessel. When last seen the monster which seized the luckless man was making about fifteen knots an hour headed N. E. E. Some who witnessed the occurrence say the animal was a half mile long, but it is believed that the whale or whatever it was, was not more than half this size.

## TREES AND LIGHTNING.

Open Field the Safest Place Elms and Oaks Most Often Hit.

(From New York Sun.) About the most dangerous place to seek shelter in a thunderstorm is under an oak or elm tree, as was proved again by the experience of a dozen persons in Prospect Park, Brooklyn, only a short time ago. This fact has long been known to scientists, but many persons are killed every year by lightning because of the lack of disregard of this knowledge.

The total annual loss of life by lightning is not known, for complete statistics on the subject have never been kept. A few years ago the United States weather bureau attempted something of the kind in a tentative way. Its experts figured out the average number of persons killed by lightning yearly in the United States as 112. But this was not complete. From several states in the union the weather bureau received no reports.

The weather bureau reports did show that of all that lightning killed only a few were struck in the open field. Most of the killed and injured, it was found, had sought shelter from thunderstorms under trees, in doorways or barns or near chimneys.

While no record of the kinds of trees most often struck by lightning has ever been kept in the United States, the lightning rod conference held in England in 1881 reported that in the United Kingdom the trees most often struck were the elm, the oak, ash and poplar. It also said that the beech, birch, and maple were seldom touched by lightning. It was an elm tree that was struck in Prospect park on July 8.

For a period of eleven years in the principality of Lippe-Defmold exhaustive records were kept of all trees struck by lightning. These showed that trees standing near the water seemed to be the most likely to be hit, and gave this table of comparative danger: Oaks, 199; elms, 77; pines, 33; firs, 10; fir trees in general, 27.

Kellabin is a Live One.

A cancelling machine has been put in the Russell postoffice and its ring can now be heard instead of the pattering of the old hand stamps. The machine is a great labor saver, as it will do the work of half a dozen of clerks. The improvement was put in at the solicitation of Postmaster Kellabin.

## Timely Suggestions

We are surrounded by suggestions of approaching winter, but the most suggestive thing to be seen is our large line of High Grade Heaters. They suggest to the mind and picture to the eye howling winds and drifting snow on the outside, and a warm glow within, which is the result of the highest art in stove-making. It radiates a glowing warmth evenly all over the room, or two or three rooms if you have them connected.

Moral: Buy Bridge Beach Superior Stoves. Get the habit.

# ALBUQUERQUE'S PUBLIC LIBRARY GROWING FAST

Rapid Accumulation of  
Standard Books.

PARK COMMISSION HAS WORKED  
WONDERS WITH THE GROUNDS

Albuquerque's public library is rapidly growing into an institution of which the city can be proud. The library, after something of a struggle with debts and financial disadvantages not to be considered lightly, has won its way out and will soon be in smooth waters. It is to be hoped for always. The shelves of the stock room are filling rapidly and with a wisely chosen lot of books which are adding immensely to the value of the institution.

Other improvements equally notable have been made recently and perhaps the most important of these is the work of the park commission with the lawn. For years the library stood on high foundations, in a patch of sand, as ugly a setting for the big building as could be imagined. The commission finally secured the funds necessary and set about improving the grounds. The result has been to add lots of good hard dollars to the value of the institution. In place of the old unsightly sand dune, is a broad, level and flourishing green lawn, which will soon reach entirely around the building, while flowers are growing around the windows and roses and vines are climbing over the walls. The work on the library grounds is one of the most commendable things the city administration has done for a long time, and the park and library board deserve all the encouragement they can get in their efforts.

**Pictures of Benefactors.**  
In appreciation of the gifts of the late D. J. Abel and the late Robert Hauschild, the library board has secured portraits of both, handsomely framed, which will be placed in the reading room at once. The board feels that it cannot go too far in honoring these two Albuquerque men who set the example of giving to the support of the library.

**Some New Books.**  
As the library gets on its feet financially, the additions to the stock rooms will be more frequent. New books are coming in rapidly and the librarians announce the purchase of ten volumes during October. In this consignment are a number of valuable Shakespearean reference books, selected with an especial view to meet the wants of the Shakespeare club and students of English. The effort is always to meet the wants of any club or any considerable number of citizens who desire an especial line of books. Other standard works purchased during the month are a complete set of Thackeray and George Eliot, together with all of the recent fiction and many smaller purchases of standard works.

The use of the library during October was larger than in any previous month since the record has been kept. The average for the month of books issued, is 100 per day. The library now has a total of 3,300 volumes.

## NO FALL TERM OF COURT IN SANDOVAL COUNTY

NOT ENOUGH BUSINESS TO JUSTIFY THE EXPENSE OF HOLDING THE SESSION.

The November term of court for Sandoval county which was to have begun in Bernalillo county next Monday, will be allowed to go over. There is little important business on the docket for Sandoval county and the amount of business does not seem sufficient to warrant the expense. There will, therefore, be no court in the neighboring county until next spring. Judge Abbott has been occupied for the past few days with civil matters which he has been hearing in chambers, and nothing of especial public interest has been before the court.

## MOVING PICTURES PLEASE CROWD

REPRODUCTION OF BRITT-NELSON FIGHT BEST THING OF KIND EVER SEEN HERE.

The reproduction of the Britt-Nelson fight drew a large crowd of lovers of the art to Elks' theater last night. The pictures are declared to be the best ever seen here and the machine is undoubtedly near the perfection of this remarkable branch of photography. The pictures are clear, with little blurring, and the spectator gets every detail of the big battle of light-weights. The fight will be produced again tonight for the last time here.

**Clever Stock Company.**  
"A dollar show at cheap prices," is promised by the Ethel Tucker Stock company that comes to the Elks opera house for six nights and a Saturday matinee, commencing Monday, November 6.

Of the company the Phoenix Daily Gazette says: Now that the company is drawing toward the day of their departure, we want to voice the mind of all Phoenix and vicinity in saying that never has a company been held in higher esteem than the Ethel Tucker Stock company. Their deportment has ever been all that was ladylike and gentlemanly, and by their manner of conduct as well as by their excellent work on the stage have made for themselves a place in the affections of our people that will never be erased.

Last Saturday night was the biggest night in the point of receipts and numbers of the engagement, and was never equaled only by this company's business the night of the Fourth. "Thelma" was the play, and the production from the standpoint of excellence in the matter of scenic embellishment, correct costuming and careful interpretation was one of the masterpieces of her engagement, and added one more bright jewel to the crown of glory Miss Tucker has won for herself this summer.

**Thank Ye, Kindly.**  
The associated charity movement begun in Albuquerque during the past few days is another illustration of the warm-hearted disposition of the southwestern people. To relieve the misery of the indigent invalid is the noblest kind of work.—Las Vegas Op-Ed.

Look for the man with the white horse. Twenty-two lots sold this week.

**SURETY INVESTMENT CO., Owners**

## THINKS RODEY WILL BE GOVERNOR

BOSTON MAN SAYS STRONG ELECTION INFLUENCES ARE BEHIND THE FORMER DELEGATE.

Col. A. N. Duquesne, of Boston, at one time heavily interested in mines in the Cochiti district, and who has a number of friends among Albuquerque business men, was in the city last night for an hour on his way to the Pacific coast where he will spend the winter.

"Through my business connections in New Mexico I have always taken a lively interest in the affairs of the territory," said Col. Duquesne last night. Recently I have been making some inquiries about the governorship matter and from all I can learn, it seems probable that **Former Delegate Rodey** will be the next governor. I have even been told that Mr. Rodey had been selected for the position, but of this I have no direct confirmation. It is quite certain, however, that Mr. Rodey has a very strong lot of friends in the east who are anxious that he be named.

## TRAIN CAME IN WITH BROKEN JOURNAL

CLOSE SHAVE FOR NO. 1 TRAIN FROM WEST DELAYED BY WRECKED LOG TRAIN.

"If that had been a four-wheeled truck there would have been a bad wreck on the Santa Fe tonight," said a car repairer at the Santa Fe station last night. He was stooping under a chair car which had been cut out of No. 1, which had just pulled in from the east. The rear end of the front truck was sagging down to the ties and but for the support of the middle wheels of the six-wheeled carriage, would have been dragging on the ground. The journal was snapped off, as clear as if it had been cut with a knife. Fortunately the truck did not go down and the train got into Albuquerque safely. The broken journal was of course caught here by the inspectors and the car out. The cars are inspected at Lamy and it is supposed that the break must have occurred between Lamy and Albuquerque. A break of this kind usually results in a derailment, and often in a serious wreck.

**No. 8 Delayed by Wreck.**  
A wreck of a log train for Albuquerque from the Zuni mountains, delayed No. 8, from the west for several hours last night. One car of a heavy train from the American Lumber company's woods got twisted on the track. No one was injured.

## GARBAGE SYSTEM WOULD MEET FAVOR OF THE PEOPLE

Need to Clean Up Alleys  
Generally Recognized.

### DUMPING GROUND ANOTHER OF CITY'S PRESSING NEEDS

That the city council will make no mistake in organizing some kind of an efficient garbage collection system at once, seems to be the opinion of almost every property owner and householder in Albuquerque, who has been asked about the measure now pending before the city council and which is expected to come up for action next Monday night.

The ordinance providing for a garbage system and for the purchase of a city dumping ground, was introduced some weeks ago by Alderman Hanley, and has advanced to its second reading in the procedure of the council. It has been referred to the board of health and it is understood that that board has practically approved it. In the meantime the need for action is becoming pressing. The Morning Journal is receiving letters almost daily from indignant property owners whose next door neighbors are dumping tin cans and deceased cats into the alleys and often enough into the street. There is reason and ally for the city which is free from refuse of some character, and in many sections the condition of back yards and alleys is a disgrace to any civilized community. That the garbage collection system, properly enforced, would remedy all of this, seems to be the general opinion.

An instance of the need of the dumping ground was brought to the attention of the Morning Journal yesterday. A property owner came to the office to tell of a dead and rapidly decaying canine which had been deposited in the alley behind his home sometime during the previous night. It was not his dog, nor was it the property of any of his immediate neighbors. He said he was willing to haul it away, or have the body removed, but he didn't know just where to deliver the remains. He said he supposed that eventually he would have to purchase a strip of ground and bury the dog. Physicians who have given special attention to sanitary conditions here, are positive in their assertion that there never can be anything like perfect sanitary conditions until the garbage question has been disposed of effectively.

### FOOTBALL TOMORROW AT TRACTION PARK

LUMBER MILLS TEAM WILL TAKE  
ANOTHER CHANCE AT ATHLETICS—  
GROUNDS TO BE REDED.

The football team from the lumber mills will take one more try at the Albuquerque Athletic club team tomorrow afternoon on Traction park field, with better chance of winning the game than a week ago. The team from the mills has been working and is rapidly getting in shape to put up a snappy game.

An improvement which will encourage attendance will be the roping of the field. There will be no more crowding around the players, according to Manager Houston, who says that the field will be kept clear of this game and the rest of the season it is an improvement which will be appreciated.

### HEAVY MOVEMENT OF QUAY COUNTY STOCK

BEEF MUTTON AND WOOL COM-  
MAND HIGH PRICES IN EAST  
NEW MEXICO.

The Tucuman News thus sums up the sheep situation in Quay county: Cattlemen and sheepmen have had a good season; beef, mutton and wool commanding good prices. Grues, Kelley & Co. shipped several hundred sheep, recently, at good figures; the M. B. Goldenberg Co. 8,000 head a few days ago at good prices, both companies have handled large quantities of wool. Bremond shipped five months lambs that weighed 78 pounds and netted him \$4.50 in Kansas City. Geo. Spence is shipping 7,000 lambs to Kansas City at \$3.00 without a cut. He is plain to be seen that the sheep interests here are all. Several hundred cars of sheep and cattle are shipped from this point every year. There are several large ranches in this vicinity. The Bell ranch, the market here without any energetic support today.

December wheat opened at 89 1/2 c to 89 3/4 c, sold off to 88 1/2 c to 88 3/4 c, and closed at 89 1/2 c to 89 3/4 c. December corn opened at 45 1/2 c, sold between 45 1/2 c and 46 1/4 c, and closed at 46 c.

Chicago Board of Trade.

Engine For Sale.  
Enlarging our power plant, we offer or sale one 8x12 30 h. p. 215 revolution Buckeye automatic cut-off engine for \$250; can be seen in operation at our mill at Belen. It is an excellent machine. The John Becker company.

Everybody says so, what? That the White Elephant put up the finest free lunch in town Saturday night.

## WHY GENERAL SAMPSON LEFT ECUADOR POST

FORMER UNITED STATES MINISTER  
SAYS IT'S TOO FAR FROM  
ARIZONA.

Douglas, Ariz., Nov. 3.—General Archibald Sampson, until recently minister plenipotentiary of the United States to Ecuador, passed through Arizona this week on his way from his post to Los Angeles.

After a short visit in California, he will return to Phoenix to remain for an indefinite period to look after his extensive interests in the Salt river valley.

While in El Paso Monday afternoon General Sampson for the first time explained why he left his post as minister at Ecuador, the explanation being as follows: "I did not resign because I did not like the climate, but because it was so far away from home. Some of the papers have quoted me as saying I did not like the climate. On the contrary, it is as fine as any climate in the world."

"It is so far from Arizona, however, that I did not care to stay there. Why it took us thirty days to make the trip from Peru to New York, and then it is a good five days' journey from New York to Phoenix. The last time I was down to my station I was forty days going from Los Angeles to Quito, the Ecuadorian capital."

General Sampson was appointed United States minister to Juarez, Mexico, then Paso del Norte, just sixteen years ago, and served for four years, or during the incumbency of Cleveland on the election of McKinley was given the post which he has just relinquished.

Prior to going to Ecuador, General Sampson lived in Phoenix and the well known throughout the territory.

Black and the Medal of Honor.  
Washington, Nov. 3.—The secretary of war has asked the attorney general for an opinion as to the right of Gen. John C. Black to retain possession of the medal of honor originally awarded him after he has received the new one issued in its stead. When congress was induced to change the emblem the law authorizing the new issue was supposed to require the surrender of the old medal on the receipt of the new decoration. Many officers agreed to the substitution. General Black, however, does not wish to give up the old medal, which he regards as possessing a value on grounds of sentiment not entirely absorbed by the later emblem. He asked the war department to permit him to retain both medals, and it is at that question which the attorney general is now asked to pass upon.

Must Show Sultan Again.  
Paris, Nov. 3.—The exchange of communications going on between the powers have reached a stage where a joint national demonstration against Turkey is practically assured, unless the sultan promptly accepts the plan of the powers for financial reforms in Macedonia.

## TUCUMCARI WOOL COMPANY USING "AIR LIFT" PUMP

Ingenious System Avoids Trouble From Sand.

### ROCK ISLAND AND TOWN COMPANY WATCH EXPERIMENT

(Tucumcari News.) The Tucumcari Wool Scouring company, at their wool scouring plant, have just installed an "air lift" pumping outfit. While there is an abundant supply of water underlying the Tucumcari district, and water of a most excellent quality, many of the wells find great difficulty from the inflow of fine sand. The wool company have apparently solved the problem, and are successfully raising water from their well without any trouble from the sand feature.

The apparatus consists of an air compressor, furnishing air at a pressure of about 50 pounds, which is carried to the bottom of the well casing, and escapes near the extreme bottom through a number of small openings which point upward. The pressure, and volume, of the supply of compressed air carries the water and sand upward, until it escapes at the top of the well. This does away with all cylinders, plungers, valve leathers, or other elements of an ordinary pump which are constantly wearing out, and causing infinite trouble, and annoyance. Within a very few minutes after starting the compressor, the water flows from the well, and keeps it up until the air pressure is shut off.

With this successful outcome of the wool company's experimenting, doubtless the town company of Tucumcari will soon have its water works operating under the same method, and the Rock Island company have been taking a great deal of interest in this matter, with the view of putting the same system, if successful, on their large well here.

The plant is furnished to the wool company by the Pneumatic Engineering company of New York.

E. J. Huling, of Trinidad, president of the wool company, was here several days, and had personal supervision of the installation of the "air lift" plant.

He stated to the editor of the News that while their business had been very satisfactory this season, that the pump and other improvements were being made to meet an expected increase of business next year. "This is the greatest sheep country, in point of opportunity, that I know of," Mr. Huling said. "This section of New Mexico will support twice the number of sheep it now has grazing on its open ranges, and more sheep are badly needed. A sheep country is always a prosperous one, and anywhere you see them, you see a good country." Mr. Huling is largely interested in the sheep raising business himself, in Colorado, and intends to feed about ten thousand head for market this winter.

The wool scouring plant works about 20 men and will run this season, six months. The capacity of the plant will be increased next year from 3,500,000 to 4,000,000 pounds. Mr. Huling keeps in close touch with the wool market, and having been in the business for twenty years should know how to draw correct conclusions as to the possible fluctuations of the market.

### WORSTED MILLS BUY WOOL.

Receipts Last Week Totalled 9,677 Bales, Against 14,657 Bales the Corresponding Week in 1904.

The American Wool and Cotton Reporter says of the Wool trade: "Some of the large consumers have been looking the wool market over and a few of them have bought some round lots of wool, mostly South American, staple fleeces and quarter-blood, bright wools, and other have bought some moderate-sized lots of territories. The principal buying is still by the worsted mills, makers of both men's wear and dress goods, but the woolen manufacturers are feeling better and a number of them have secured some orders and they have come into the market and bought wools. A feature of the week has been the renewed interest shown in quarter-blood and bright wools these having been bought by a western worsted mill and by a Philadelphia worsted yarn spinner. Prices have not been subject to any changes but fine wools, which are rather scarce, are more in favor of the buyer than the medium grades."

"The receipts of wool in Boston last week amounted to 9,675 bales, against 7,779 bales the previous week and 14,657 bales last year. The total receipts since January 1 have been 481,614 bales of domestic and 159,912 bales of foreign wool against 666,884 bales of domestic and 169,557 bales of foreign wool for the corresponding time last year."

"The sales of the week in Boston amounted to 2,855,000 pounds of domestic and 1,065,000 pounds of foreign, making a total of 3,920,000 pounds against a total of 4,200,000 pounds for the previous week and a total of 8,805,000 for the corresponding week last year. The sales since January 1 amount to 199,614,000 pounds, against 241,875,000 for the corresponding time last year."

Football Sunday afternoon at 2 o'clock. Albuquerque Athletic Club vs. The Lumber Mill team. The grounds will be roped and the field kept clear. Don't miss it.

## FRANCIS DOESN'T DENY HAVING THE BEE

EX-GOVERNOR OF MISSOURI IN EL PASO SAYS HE HASN'T THOUGHT OF PRESIDENCY.

D. R. Francis, ex-governor of Missouri, at present in El Paso with ex-Governor John Scullin, a guest of Col. and Mrs. R. F. Hammett, may be the next democratic presidential candidate. The ex-governor is modest and declines to discuss the possibilities of his nomination, but he has influential friends who are booming him for the place and the boom has caused a good deal of talk all over the country. It was started by some friends of the ex-governor at the unveiling of the Sterling Morton statue in Nebraska City the other day and has been taken up by the democratic press and leaders in all parts of the country. Mr. Francis was present at the unveiling as an old friend of the deceased, having been secretary of the interior in the Cleveland cabinet when Mr. Morton was secretary of agriculture. Asked as to the possibilities of his candidacy, the ex-governor said to the El Paso Herald:

"I have nothing to say on this subject at all. I don't even know of a 'Francis boom,' as you talk about, nor have I heard that it is being talked all over the United States, as the St. Louis Republic says. I know nothing about it at all. I did not hear any Francis presidential talk at the unveiling and I left Nebraska City immediately afterwards for El Paso with ex-Governor Scullin, and have been on the road ever since. I have not had time to think over the matter. In fact, as I tell you, I have not even heard of it sufficiently to give it any attention at all. I am certainly not ready to announce that I am a candidate for the presidency. I cannot help but feel honored if some of my friends think that I would make good material for a presidential candidate, but there is nothing at all to say on the subject. I am here on a pleasure trip, to visit with Col. R. F. Hammett and family and will leave this evening for home."

YOU pay for what you get when you order "Seaship" oysters—solid meats NO WATER, NO PRESERVATIVES. SAN JOSE MARKET.

The very best of Kansas City beef and mutton at Emil Kleinwort's, 112 North Third street.

On your way home Saturday night drop into the White Elephant, have a cold bottle, some of our free lunch and go home happy.

IF YOU TRADE WITH E. G. PRATT & CO., YOU ARE SURE OF GETTING THE FINEST GROCERIES AT REASONABLE PRICES. 214 S. SECOND STREET.

## TERRITORIALISMS

Some young hopefuls in Phoenix playfully ditched a street car on Halloween.

S. R. May has issued the first number of the Tucumcari News, one of the freshest and newest weeklies in the territory. Good luck to Mr. May.

Approve Romero's Action. Don Margarito's plans for building a fine hotel at El Porvenir, establishing a tent colony, automobile line and game preserve will be warmly seconded by Las Vegas.—Las Vegas Optic.

Has Good Right to Be Dead. Ramon Garcia is alive in Bisbee, though stabbed through the muscles of the heart with a miner's candlestick. Pedro Burola is in custody, charged with the crime.

The Judge is Game. Judge E. A. Tucker, who recently resigned from the territorial bench under charges, has stated that he will remain in Arizona and that he intends to practice law in Solomonville.

They're Probably Perishing. Several hundred men and two large dredgers are working on the Laguna dam above Yuma. The contractors have increased wages for ordinary laborers from 15 to 20 cents an hour.

Medal for Alfalfa. J. Jones, of Berino, N. M., has received notice that he was awarded a gold medal for alfalfa at the Louisiana Purchase Exposition of 1904, this in competition with something like 100 other exhibitors of the same crop from many states, as well as foreign countries.

Fencing Right of Way. The Santa Fe is fencing its right of way between Vado and Anthony, and the county road is a third of the past, being included in the right of way. The Santa Fe has also closed the depot at Vado, which is now a flag station just the same as all other stations between Las Cruces and El Paso.

Auto Tire Explodes. The explosion of an automobile tire in Tucson Saturday evening caused a runaway, which threatened to do great damage, but which fortunately was stopped in time. The automobile was one of the public touring cars and the blowing up of the tire scared a horse which was tied on Congress street.

Mark Slaughters Ducks. An extra baggage coach was attached to the limited this morning to bring in the ducks which Tucson hunters killed in the vicinity of the Florence reservoir during the past three days. The hunters who returned were Hon. M. A. Smith, George Schofield and

## We Trust Doctors

Thomas Conlon, the other members of the party staying over. The hunters secured about 100 ducks each and declare the hunting the best in the territory.—Tucson Citizen.

Pot Shots at the Custom House. International trouble has cropped out at Douglas. Frequenters of a native drinking saloon have been amusing themselves by discharging rifles across the border apparently aiming at the United States custom house. The Mexican authorities have arrested four Mexicans and have forbidden the wearing of fire arms in that vicinity.

A Mammoth Affair. At Mammoth, north of Tucson, last Wednesday, Gil Ariza shot and mortally wounded his wife, while intoxicated and in a jealous rage. Justice of the Peace Kegel hastened to the scene, but was defied by Ariza with brandished pistol. Whereupon Kegel took the law into his own hands and shot the murderer down, Ariza dying instantly.

Roswell Banks Good. Joseph W. Norvell, national bank examiner from Colorado Springs, who has been here examining the condition of the three banking institutions of Roswell, has left for points south. Before going he stated that all the banks of this city were in splendid financial condition, and that they make an unusually good showing as regards their deposits, which amount to more than a million dollars.—Roswell Record.

Williams Woman on a Tear. Last Saturday night on the west-bound passenger train No. 1, a woman that got on at Williams, Arizona, created quite a disturbance by being badly under the influence of liquor. The conductor had to lock her in the car with the Mexicans to do anything at all with her. After she had sobered a little some man on the train stole two rings from her. He was promptly arrested when the train reached Kingman where he is being held for trial.

A Mile of Levee Done. More than a mile of the new Colorado river levee below Yuma has been completed by Miller & Beasley, the contractors. The contractors have clashed with the managers of the Levee canal system, whose headwaters are on land that will be dyked by the new levee.

Spilled Ink in Judge's Hat. In trying to arbitrate a boy's quarrel yesterday Judge McDonald sustained the loss of a fine sombrero by

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him all about it. We have no secret. We publish the formula of all our medicines. J. C. Ayer & Co., Lowell, Mass.

reason of having ink spilled on the brim of the same. Max Gilmore was the prosecuting witness and he complained that Alfred Riley, Sam O'Neil and Murrel Delevan had hit him with rocks, one of which knocked him off a bicycle. In illustrating the manner in which he was attacked, young Gilmore drew a filed inkstand, and when he drew his arm back for a throw the contents went into the judge's hat.—Bisbee Review.

HERPICIDE'S MISSION. It Takes Away the Dread of Birthdays.

Nothing is more annoying to men and women of middle age than to see those unmistakable signs of age—thin hair and grayness—approaching. But science has discovered that these conditions are no longer "unmistakable" evidences of old age, for the dandruff germ theory proves that even very young people may suffer hair loss, while those fortunate enough to escape the ravages of the scalp germ, retain their abundant locks to a ripe old age. Newbro's Herpicide kills the dandruff germ and removes the risk of appearing old before your time. Save your hair and your feelings, by using the genuine Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

May Help Them. The Record has nothing to say against the gamblers personally. They are most of them fellows of keen wit and intelligence, who might have made a success in legitimate business. There is still hope for them, and laws absolutely prohibiting gambling would benefit even the gamblers by forcing them to earn a living at better employment.—Roswell Record.

When You Have a Bad Cold. You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectation easy.

You want a remedy that will counteract any tendency toward pneumonia.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

## THE GLOBE STORE

WEST RAILROAD AVENUE  
BETWEEN  
SECOND AND THIRD STREETS

## The Store of Reliability

Cold weather is a little late this year, but it is coming, and when it does it will be mighty sudden in its action—now is the time to prepare for that suddenness.

## THE GLOBE STORE

anticipating a certain and decided change to lower temperature, is prepared to furnish customers with anything and everything wanted in winter DRESS GOODS, UNDERWEAR, HOSIERY and SHOES. Every article in The Globe Store is new—no last year's styles or job lots or "special priced" stuff on the shelves. Goods bought in The Globe Store are guaranteed absolutely correct in style, quality and price, or purchase money refunded. In other words, The Globe Store is the store of reliability in every particular—underhanded methods or misrepresentation have no place; neither have old styles or "special sale" fakes. Perhaps a few of our regular prices will prove convincing and interesting.

### Ladies' & Children's Undertwear

Ladies' Oneita Union Suits; seamless; two-thirds wool; fleeced; goods that are priced in other stores at \$2.50 the suit. Our Price .....\$1.75  
Ladies' All-Wool Stratford Union Suits; seamless; silk edged; beautifully finished; same quality sold at other stores for \$3.50 and \$4.00. Our Price .....\$2.50  
Ladies' All-Wool, Two-piece Suits; ribbed; soft, smooth and very warm; sold or \$4.00 per suit in other stores. Our Price .....\$3.00

Ladies' All-Wool, two-piece, Suits; extremely fine and elegantly made; other stores are advertising the same quality as "special bargains" at \$5.00 per suit. Our Price .....\$3.50  
Ladies' Two-piece Suits, part wool, heavy jersey ribbed, nicely made and finished, sold everywhere at "special price" for \$3.00 per suit. Our price .....\$2.00  
Ladies' Two-piece Suits, heavy ribbed, fleeced; a good value at \$2.00 per suit. Our Price .....\$1.50

Misses' Oneita Union Suits, all grades, from 60 cents to \$1.25 per suit. These goods cannot be duplicated in the city or less than 20 per cent more than our prices.

### We Have the Exclusive Sale of Mentor Comfort Undertwear

which fit perfectly, wear indefinitely, and is guaranteed satisfactory in every particular. Our sizes never vary. Can be boiled—never shrinks—carries off excessive perspiration and prevents catching cold. Never irritates the skin—soft yarn, no wrinkles and is tastefully trimmed and finished. If not satisfactory in every particular bring it back and your money will be refunded without question.

In Union and Two-piece Suits for Ladies and Children our prices on Mentor Undertwear—the superior kind—are less than those asked for inferior qualities by other dealers. This is a broad statement, but a visit to our Undertwear Department will convince as to the truth of it.

### Ladies' and Children's Hosiery

No better goods in this line are being shown than our stock. We carry no seconds, nor dyed-rotted hose, and, no matter what the quality is, will cheerfully refund the purchase price to dissatisfied purchasers. Or, to state it in another way: Every pair of hose sold in The Globe Store are honest goods, worth every cent asked for them, and we do not hesitate to place a money guarantee back of them. A few prices:

Children's Hose, per pair .....35c to 10c  
Misses' Hose, per pair .....35c to 15c  
Boys' Heavy Ribbed School Hose, per pair .....25c to 15c  
Ladies' Hose, per pair .....75c to 15c

In Knitted Skirts for Ladies and Children, Children's Hoods and Jackets, Leggings for Ladies and Children, and Gloves and Mittens, we have the best selected stock in the city. Our prices on these goods are much below the faked "special prices" quoted by other dealers in the city, while the quality is in keeping with the high standard of all Globe Store goods.

## We Wish to Call Special Attention to Our Gentlemen's Furnishings & Hats

In this department we are showing the newest and most stylish articles. Fashion decrees that well-dressed men must wear white shirts—either soft pleated bosoms, or plain stiff front. In White Shirts we can please every taste—coat front if wanted—at prices ranging from \$1.00 to \$3.00. Our \$1.00 White Shirt cannot be equalled in Albuquerque for less than \$1.50. In Colored Shirts—coat front if wanted—our prices range from 50c to \$3.00, and the materials and make are the best money can buy. Styles absolutely correct.

### Men's Undertwear

In both Union and two-piece suits—cotton, cotton and wool, silk and wool, and all wool, from 70c to \$6.00 per suit. Every quality the best money can buy at the price, while the margin of profit is the smallest ever asked in Albuquerque—Satisfaction or your money back.

### Men's Hats & Caps

All the latest shapes in Soft, Derby, and Silk Hats, and a choice selection of Caps are on our shelves—nothing old, nothing shop-worn. It will pay every man in the city to see our line of these goods before buying—if you don't buy, new ideas as to styles and qualities will be gained, which will guide when the purchase is made.

## To Sum the Whole Matter Up in a Few Words—

## The Globe Store

IS THE PLACE FOR RELIABLE DRY GOODS, LADIES' AND GENTLEMEN'S FURNISHINGS AND SHOES, WHERE BUT ONE PRICE IS ASKED EACH AND EVERY CUSTOMER; WHERE GOODS ARE SOLD ON THEIR MERIT AND QUALITY; WHERE "JOB LOTS" AND "SPECIAL SALES" STUFF ARE NEVER BOUGHT OR OFFERED FOR SALE.

## AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1936. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the Jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

H. E. FOX, New Mexico's Leading Jeweler

## LOCAL ITEMS OF INTEREST
