## FOUR HUNDRED OF RUSSIA'S VICTIMS DUMPED IN GRAVES

Unfortunate Jews Bear Brunt of Barbarous Outbreak.

ATROCITIES CONTINUE UNCHECKED THROUGHOUT THE CAUCASUS

London, Nov. 7.—The Bucharest correspondent of the Daily Mail says that the atrocities continue in Bessarabia. The towns of Urubatz and Calarusee have been burned and all Jews perished in the flames. Indeed, the correspondent also says, is in flames and martial law has been declared. Sixty-six revolutionaries after being warned were shot last night.

"MARTYRS TO THE FAITH"—"VICTIMS OF THE AUTOCRACY"

Odessa, Nov. 7.—Four hundred and twelve Jews, victims of the massacres of last week, were buried today. A majority of the shops were closed, including many of them belonging to Christians. The scenes of grief were heartrending and almost indescribable as the bodies were placed in trenches, each trench containing seventy. Similar funerals will continue for three days.

Some 240 of the bodies were in such a condition that they could not be recognized.

On each grave wreaths were placed bearing the inscription: "Martyrs to the faith—Victims of the autocracy."

WITTE THE ONLY MAN WHO CAN SAVE RUSSIA

London, Nov. 7.—Elkin Adler, brother of Chief Rabbi Adler of London, who has just returned here from St. Petersburg, said today:

"Count Witte is the only man standing between Russia and anarchy. He is meeting with terrible opposition from the reactionaries, who are also directly responsible for the massacres in south Russia. Count Witte is distinctly friendly to Jews and is in no way responsible for the massacres. It is his ambition to be the remaker of Russia, and I believe that if he is left alone he will succeed. Count Witte's good faith is beyond all doubt."

## SHOT AND KILLED BY WIFE'S PARAMOUR

PETE ABEYIA MURDERED AT DOOR OF HIS OWN HOME IN PRESCOTT.

As he was entering his own home in Prescott, Pete Abeyia was shot and fatally wounded Saturday evening at 8:45 o'clock at Jerome by Juan Mirabel, who was in the house with Abeyia's wife.

The Journal-Miner says of the shooting: Abeyia, who is a miner, came to his home in the Mexican quarter, near the Palace hotel, and found the door of the house locked. He knocked, and Mirabel unlocked the door, and as Abeyia entered the room he was shot in the throat by his wife's paramour.

The wounded man was immediately taken to the United Verde Copper company's hospital, where, after an examination, the doctors in attendance pronounced him to be in a very serious condition. The bullet, which was fired from a revolver of a large caliber, lodged in the heart of the victim, causing a very ugly wound.

A telephone message to the Journal-Miner at 1 o'clock this morning stated that the victim of the tragedy is expected to live.

After the shooting occurred, the officers started in pursuit of the assassin who was supposed to be hiding in the vicinity, but up to the hour of going to press his capture had not been accomplished. The officers know the man well, and they inform the Journal-Miner that his capture will be effected within the next twenty-four hours.

## FIGHTING FOR THE BRIGHT ANGEL TRAIL

CAMERON AND THE SANTA FE AT IT AGAIN IN THE ARIZONA COURTS.

The legal battle for possession of the Bright Angel trail down the Grand Canyon of Arizona is on again. The suit of Cameron vs. the Grand Canyon railway, which means the Santa Fe, is under advisement by Judge Sloan at Williams and the Williams News says of the latest hearing of the now famous controversy:

A special session of the district court was held here this week, to Judge Sloan, commencing Monday and ending Thursday.

The case heard was R. H. Cameron vs. the Grand Canyon railway, being a suit to quiet title.

Cameron located the Cape Horn mining claim at the head of Bright Angel trail, and the claim takes in a considerable portion of the ground of the railroad company, which they claim for railroad purposes. Cameron claims that he has made the first location, and the railroad claimed a prior right, and further that there was no mineral on the claim. A mass of evidence was put in by both sides and nearly three and one-half days was taken to try the case.

On the last day of the trial evidence was introduced by the plaintiff showing that E. E. Ball, an employee of the company, had on Monday located the Cape Horn over the Cameron location. There was an array of legal talent on both sides. H. J. Stevens, of Los Angeles; E. M. Doe, of Flagstaff, and R. M. Ling, of Prescott, represented the plaintiff.

T. J. Norton and W. T. Claiborne, of Los Angeles, and J. C. Herndon, of Prescott, were the attorneys for the railroad company.

Judge Sloan took the case under advisement and will render decision at a later date.

The case of the Grand Canyon Railroad company vs. R. H. Cameron, or what is known as the "adverse" case, went over until the April term.

Magdalena Celebration. Magdalena will offer a series of strong attractions to visitors during Thanksgiving week, on November 28, 29 and 30. There will be a horse race each day, a big dance and supper, Thanksgiving evening, a ring pulling tournament, and other attractions too numerous to mention.

## BLOODY TRAGEDY ENDS THEIR BRIEF WEDDED LIFE

Murder and Suicide or Double Suicide the Story.

BRIDE OF SIX WEEKS FALLS ACROSS DEAD HUSBAND'S BODY

Portland, Ore., Nov. 7.—A special dispatch to the Evening Telegram from Newberg, Ore., reports the tragic death at that place of Carl Hurford and his wife, a bride of six weeks. Whether the tragedy was one of murder and suicide or double suicide may never be known. Hurford had been sick for several days. Today his wife visited the manufactory where her husband was employed, seeking information as to whether he would be re-employed on regaining his health. She was told that her husband's position would be saved for him, but seemed not to be reassured and appeared very agitated. It was noticed that she kept her hand under her cape during the interview, as if hiding something. Shortly after she returned home, shot was heard and Mrs. Hurford was heard calling for help. Two neighbors responded, but as they approached the house a second and third shot was heard. The body of Mrs. Hurford was found lying on the bed and her husband's body, with a gaping wound in the forehead, lay on the floor, both having died instantly.

There are two theories, one that the woman shot her husband, then he coming frightened called for help, after which she killed herself. Another theory, however, is that the husband killed himself and that his wife, after calling for help, in her frenzy of fright and anguish, picked up the revolver and sent a bullet crashing through her own head. No powder marks are visible around the wounded husband's forehead.

Hurford came here with his mother and brother from Missouri about a year ago. Mrs. Hurford came from Missouri to marry her husband about two months ago.

## KOMURA RETAINS FOREIGN PORTFOLIO

BARON WILL TACKLE PRESSING KOREAN AND MANCHURIAN PROBLEMS.

Tokio, Nov. 7.—It is reported that, as the result of conferences between Marquis Yamagata and Marquis Ito, two of the elder statesmen, Baron Komura will not resign the foreign portfolio, but will devote himself to settling the Manchurian and Korean problems. It is believed that he will shortly proceed to Peking, accompanied by several of the members of the Portsmouth committee, for the purpose of making a treaty relative to the state in which the Russians leave Manchuria.

The opposition papers apprehend difficulty with China over the latter's demand for 6,000,000 yen (\$3,000,000) for her interest in the Eastern railway, south of Changchun, but the Asahi says it believes that China will appreciate the fact that the treaty of Portsmouth really established her sovereignty in Manchuria. Therefore she should hesitate to seriously oppose the carrying out of Articles V and VI of the convention.

It is understood that Marquis Ito, with an imperial suite, will go to Seoul to confer with the emperor of Korea respecting a final adjustment of the Japanese protectorate over that country. The Jiji Shimpo points out that the development of Korea will be chiefly agricultural on lines suitable for Japanese methods and resources, while Japan will be unable single-handed to exploit Manchuria, which is nearly the size of the United States, but must secure European capital and co-operation.

## BOTH LABRADOR PARTIES SEEM SURE OF AWFUL DEATH

First Word From Wallace's Expedition.

DARING MRS. HUBBARD ALSO BELIEVED TO BE LOST

St. John's, N. F., Nov. 7.—The mail boat Virginia arrived today from northern Labrador, bringing James Richards and Peter Stevens, members of Dillon Wallace's expedition to explore the interior of Labrador. They left Wallace and Easton in September in the wildest part of Labrador. When provisions were growing scarce Wallace and Easton decided to attempt to reach the Caribou country. Before this the party had suffered greatly, owing to scarcity of game, being on short rations for a considerable period.

Richards and Stevens gave Wallace and Easton every ounce of food they could spare, and suffered terrible privations themselves, in reaching the coast. The mail boat brought no news of Mrs. Hubbard's expedition, which has not been heard of since it left the coast last June. Reliable authorities along the coast express grave fears that both expeditions have perished, the season having been unusually poor for game, while snow fell on the uplands early in August. It is altogether unlikely that the expeditions can reach the coast later in this season. If they fail to do so they must almost certainly perish.

Bonaparte Won't Reconsider.

Washington, Nov. 7.—Secretary Bonaparte has declined a request from Mr. Allen Jones of Berkeley, Va., that the navy department reconsider its action in discharging Jones from his position in the Norfolk navy yard because of his refusal to accept an enlisted man in the navy and his wife as boarders in his house, for the alleged reason that the presence of a boarder wearing the uniform of an enlisted man in the navy would excite unfavorable comment among his neighbors.

NOT READY FOR FREEDOM.

Opinion of American Professor Returned From Russia.

Chicago, Ill., Nov. 7.—Prof. Samuel Northrup Harper, of the University of Chicago, son of Dr. W. H. Harper, who has recently returned from a two that many of the subjects of the Russian emperor are not ready to receive the freedom which the emperor has granted. He declares that the reforms from necessity will come only gradually, and that many of the subjects of the Russian emperor still will be discontented.

"Russia has received," he said, "the promise she has been clamoring for these last years—a voice in the government of the country and a civil liberty based on the real inviolability of person, freedom of conscience, speech, union and association."

"But even this accession to the demands of the people has not and cannot immediately quiet the agitation and unrest which have assumed such enormous proportions these last weeks. He declares that the reforms from necessity will come only gradually, and that many of the subjects of the Russian emperor still will be discontented."

"Russia has received," he said, "the promise she has been clamoring for these last years—a voice in the government of the country and a civil liberty based on the real inviolability of person, freedom of conscience, speech, union and association."

Bee-Raising on a Large Scale. M. C. Wall, the Salt River bee man, is now establishing three apiaries along the Gila river below Florence. He has four or five hundred stands of bees here and will put a part of them on H. G. Ballou's ranch and a part on the old Austin ranch. Fifteen hundred gallons of strained honey will be shipped from this valley this season.—Florence Blade.

## Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

## SMOOTH FORGER GETS IN TOILS IN BISBEE

EMIL C. ROWAN, OF SAN FRANCISCO, IS CAUGHT RED HANDED.

Bisbee (Ariz.) officers have captured the smoothest forger and swindler that ever operated in that territory, and a telegram bringing the information of the arrest was pleasing news to the Tucson business men, says the Tucson Citizen.

The forger gave his name as Emil C. Rowan of San Francisco. He was arrested in Bisbee while trying to pass a worthless draft and is now in jail there.

A telegram has been sent to Bisbee, asking that he be held until an officer can be sent from Tucson, and the sheriff is now preparing to go after him.

It is doubtful, however, if the Cochise county authorities will turn him over to Pima county, as his transactions in Bisbee, while they availed the smooth young man might, constitute a penitentiary offense, and in addition he worked a Douglas bank.

In Bisbee he was caught red handed while attempting to cash a worthless draft for \$251.

In Tucson last Monday he was more successful and left the city with \$246 which the business man, into whose confidence the swindler worked himself will have to stand.

## TUCUMCARI HOPES TO BE MADE A DIVISION POINT

Improvements on Southwest-  
ern Progressing Rapidly.

NINE MILES OF SIDING  
PUT IN AT DAWSON

The El Paso Southwestern Railway company, better known as the Phelps Dodge company, is proceeding in a business like manner to make the New Mexico property of the concern one of the best pieces of railway in the southwest. Besides improving the track and service of the system the new owners are also looking after the development of the country tributary to the line and will thus do much for that section of New Mexico.

The Tucumcari News says concerning improvements at that point and elsewhere:

General Manager H. L. Simmons' private car, Paso del Norte, came in from Dawson Tuesday evening and stayed over here until Wednesday morning. The party aboard were Dr. James Douglas, president of the road, and Miss Douglas, his daughter; H. L. Simmons, the general manager; Mr. Dodge; General Auditor Crane and Mrs. Crane; J. L. Campbell, engineer of M. of W., and his assistant, H. S. Erway, and others whose names we did not get.

At Dawson, the company is making extensive improvements. Nine miles of track is being laid in the yards, a new round house is building, a 70 foot turn table, a couple of concrete arches to take the place of bridges in the yards, moving the hotel and depot and enlarging them, building a number of residences for employees etc.

South of Santa Rosa they are widening embankments, raising track, rebuilding bridges from El Paso to Carrizozo, and putting in ten miles of 80-lb. steel rails near Carrizozo; straightening curves, putting in a rock crushing plant at Tecolote to make ballast for the road from El Paso east, and extending side tracks to double their present capacity, etc.

We firmly believe that Tucumcari is going to come in for her share of all this new enterprise, and that we will not only get a division, but will have extensive repair shops and other good things that we have not yet thought of. The result of the pending negotiations, if there have been any results, between the Phelps-Dodge Co. and the Rock Island over the 59 miles of track from Santa Rosa to Tucumcari, have not been made public; there seems to be an easy and settled satisfaction among railroad men, however, that an agreement has been reached. And this in connection with the fact that the Las Vegas cut-off is now history looks good for Tucumcari.

We have the best water on the line between Liberal, Kansas, and El Paso, and this is one of our redeeming virtues that cannot be overlooked. Then our junction here with the Phelps Dodge road and that company's large interests in this vicinity portend a good future for Tucumcari.

## NEW MEXICO BOY MAKES OXFORD FOOTBALL TEAM

RHODES SCHOLAR HAS MADE  
GOOD IN ATHLETICS IN EXETER COLLEGE.

The Morning Journal last night received a letter from Oxford, England, announcing that New Mexico's Rhodes scholarship winner is already making good in the great English university.

T. S. Bell who some weeks ago successfully passed his final examinations for admission to Exeter college, played in the trial football games on October 26th and made the team from his college, no small honor when the high science of the game in the university is recalled. Bell is going to make good.

## TALLMADGE AND FOUR ASSOCIATES

THE MEN INDICTED FOR LAND  
FRAUDS BY ROSWELL GRAND  
JURY.

The federal grand jury which held sessions recently at Roswell has made its report. Seven indictments for land frauds have been returned by the inquisitors. Only six of the indictments have been made public, as the one named in the seventh have not yet been arrested.

Those indicted are: B. H. Tallmadge indicted on several counts charged with conspiring to defraud the government by unlawfully obtaining possession of public lands; C. C. Young, Walter Haynes, John F. McGrew and James W. Overstreet, indicted on the same charge as Tallmadge.

When arraigned all pleaded not guilty and were bound over to the next term of the court for trial. Tallmadge's bond was placed at \$5,000; Young's at \$2,000 and the other men's at \$1,000 each.

The old indictment against Tallmadge and T. M. Rabb was nolle.

## FAMOUS BLOCK RANCH SOLD

TEXAS CATTLE MAN BUYS  
PRINCIPAL DOMAIN IN LINCOLN  
COUNTY.

The famous Block ranch, in Lincoln and Chaves counties, comprising 500,000 acres of land and supporting 15,000 head of cattle, has been sold by H. Appington and Mrs. Nancy Thurburn, of New York, to J. R. Dendinger, a well known Dallas, Texas, cattle man. The purchase price is said to have been more than \$400,000.

Mr. Dendinger has been a resident of Dallas, Texas, for 29 years, and is one of the best known and most extensive live stock dealers in New Mexico or Texas, having been engaged in the live stock business for that length of time.

Mr. Dendinger has extensive holdings near Roswell and has spent much time there. About four years ago he purchased a 1,024 acre farm from Loveless and Clements, four miles northeast of that city, and has it under cultivation. Four hundred acres are now in alfalfa and orchard. He also owns twenty thousand acres on the Pecos river, 35 miles northwest of Roswell.

Mr. Dendinger has not made any announcement as to who will be appointed manager of the Block ranch. He will move his family to Roswell next spring.

**Death Claims William B. Richie.**

William B. Richie, who came to Albuquerque a year ago from Duluth, Minn., for his health, died last night at his home on Mill street surrounded by his immediate relatives and a number of warm friends whom he has made since coming here. Mr. Richie had made a brave struggle against consumption and the death is a peculiarly sad one since he had had a brilliant future before him in the lumber business in which he was expert, and having but reached his 32nd year. Mr. Richie leaves a wife and a baby daughter, and his mother to mourn his untimely end. He had the faculty of making friends and his death will cause deep sorrow in a great number of Albuquerque homes where he had become known.

The remains will be taken this morning to the old family home in LeRoy, Michigan, for burial, accompanied by the wife and mother.

## A SUGGESTION

To the People of Albuquerque.

The articles appearing in some of our leading publications have created a good deal of discussion in Albuquerque in regard to advertised medicines, their reliability and power to cure, and as local druggists we J. H. O'Reilly Co., want to say to the people of Albuquerque that we believe one of the most reliable medicines that we have known in our drug experience, extending over a long period, is Vinol, the cod liver preparation, made without oil.

Vinol is not a patent medicine; everything in it is printed on the back label of every bottle, and it actually does contain in a highly concentrated form all of the medicinal, curative elements of cod liver oil taken from fresh cod livers and without a drop of the system-clogging oil to upset the stomach and retard its work, and this is why it is fast superseding old-fashioned cod liver oil and emulsions.

Inasmuch as Vinol is therefore the latest scientific improvement of an old and standard remedy it is the greatest strength creator in the world for old people, weak, sickly women and children, nursing mothers and after a severe sickness. It cures hacking coughs, chronic colds and all pulmonary troubles. We positively guarantee to return money if it fails. J. H. O'Reilly Co., druggists.

Remember the football game on Traction park field Sunday afternoon. American Lumber company vs the Athletic club. The grounds will be roped.

WEDNESDAY MORNING, NOVEMBER 8, 1905.

## An Appeal for Andrews

THE New Mexican takes exception to an article in the Journal a few days ago in which it was suggested that the territorial central committee at its meeting to be held on Friday of this week should ask Delegate-elect Andrews to resign. It argues that the committee would not be giving Mr. Andrews a fair deal to ask him to resign at this time, and that we should wait till he is tried by the court and found guilty of the various acts of crime and crookedness with which he is charged, before we take such action.

Our Santa Fe contemporary takes a totally wrong view of the case. We have not asked the central committee to assume that Mr. Andrews is guilty of any crime, but the fact that he is inextricably mixed up in one of the worst scandals ever known to the country is notorious, and this fact alone completely destroys his usefulness as a delegate in congress from New Mexico, and that of itself is an all-sufficient reason why he should step aside and allow some one to be sent in his place who might be able to accomplish something for his constituents.

It is not necessary for the central committee to discuss the guilt of innocence of Mr. Andrews in connection with the Enterprise bank affair. Every member of the committee knows that he is publicly charged with all manner of political and financial rascality and that circumstances surrounding the case cause the people of the United States to believe that these charges are well founded. This being the case it is clear that he can do the territory only harm by holding on to his present position, and it would not mend matters in the least, for the time being, if some court, at some time in the future, should pronounce him innocent of everything with which he has been charged. Hence the only proper thing for him to do at this time, if he has any regard for the interests of New Mexico, is to step down.

And a rumor comes to us from Santa Fe that the governor already has in his hands the resignation of Mr. Andrews to be presented to the committee at its meeting Friday. We cannot vouch for the truth of the story, but it would not be a matter of any surprise, because the gentleman is shrewd enough to know that if he does not step out before the first Monday in December congress may let him out in a manner that would not be so pleasant. All the circumstances of the case are so flagrant and so notorious that congress cannot fail to take notice of the affair in justice to itself.

## They Know All About It

REFERRING to the party of congressmen who came out to New Mexico and Arizona a short time ago as the guests of Frank Murphy, the Bisbee (Ariz.) Miner says:

"Tawney, who visited Bisbee for ten minutes, as the private guest of Frank Murphy, the gentleman who takes care of the Santa Fe road's interests in Arizona, particularly about legislative time, shoots his mouth off at long range and tells us what we should do in Arizona. The school children should be kept in training, so they can be 'lined up' at will just as soon as some railroad lobbyist comes along with a bunch of congressmen, wine and dining in private cars, and making the people believe they 'cut some ice' when not a single one of them is even on the committee on territories in the House of Representatives nor likely to be. What fools the people are all of the time."

NOW the illusive cry of "home rule for Arizona" is being raised by the anti-judiciary press. Having convinced Congressmen Tawney and some others that the people of the territory are "not ripe for statehood," they expect to get those statesmen to vote for self-government without statehood. Does anyone for a moment think they will succeed?—Nogales Oasis.

## How It Was Done

A CORRESPONDENT of the New York Evening Post writes from Pittsburgh a history of the rise and fall of the Enterprise National bank, giving personal sketches of the members of the gang who looted it, and also describing the method they employed in doing the job. We copy as follows:

"The neighborhood in which the bank is situated is poor and unpretentious, inhabited by workmen and small shopkeepers. The institution was started about thirty years ago as the Manchester Savings bank. In 1895 a national bank charter was obtained and the institution became known as the Enterprise National bank. Some two or three years later it was made a depository for state funds and its relations with the republican machine of the state began. 'Bull' Andrews, F. J. Torrance and Kennedy were the men who superintended the looting."

Of these three men the Evening Post correspondent says:  
"Bull" was then Matt Quay's right-hand man and chief lieutenant. He is a suave, able citizen, caring nothing for glory or honor or preferment in politics, with an eye always to the financial possibilities of the sordid game he has played for so many years in Pennsylvania politics. Kennedy, who is associated with him in the deal, is a shrewd Allegheny county politician and himself a money-getter. Torrance, the other figure of the enterprise, is described as a 'mixer,' a man who likes flattery and to see his name in the newspapers, one who is not averse to being in the public eye. He makes friends; people who know him speak well of him as a genial, likable man. The southern terminal of the Santa Fe Central bears his name.

"The story in Pittsburgh is that a promoter came to Andrews with a scheme to build the Santa Fe Central road, have the territory admitted to the Union, and then induce the new state to guarantee the road's bonds, making a market for them. Every one in the deal was to make a pile of money. In any event the belief is firmly established in this neighborhood that, as soon as the details of the scheme were worked out the new road was financed with Pennsylvania state funds through the Enterprise bank. The Pennsylvania Development Co. was organized to build the road. The same people were interested in the development company as in the railroad. There are men in Pittsburgh who claim to have seen in Clark's (cashier of the bank) possession one of the little books of promissory notes, such as may be had at any stationer's shop, signed in blank by Andrews, and endorsed by Torrance and Kennedy, or signed by Kennedy and endorsed by Andrews and Torrance, or signed by Torrance and endorsed by Andrews and Kennedy. The method of operations was something like this: As the work progressed and money was needed a draft would be made by one of the gang in New Mexico on Clark, as treasurer. He would take the money from the bank, and in place of the money extracted to pay the draft, would fill out and put in the vault one of the promissory notes. How much of this sort of paper is now in the vaults no one can tell until the national bank examiner has completed his work."

## Solos

In the mean time what has become of the county treasury?

Most of the Ix Durham machinery seems to have gone up in smoke.

It will no longer be necessary to empty one's ashes into one's neighbor's back yard.

The Almanac wants a "square deal" for Delegate Andrews. What does the Delegate want?

It's to be hoped that Socorro's Bohemian colony will not carry it to the long hair stage.

Santa Fe is to have a steam laundry. Maybe some of the historic dirty linen of the Capitol will get washed.

Probably the czar would like it if his troubles could wind in with election night bulletins and a big jag.

The man who is having his sidewalk built for him by the city will have the consolation of kicking on the job.

Maybe if our city council would go into politics it could make enough money to buy the city a fire engine.

Mr. Jerome declared Monday that he had found an honest man in a print shop. But that was before election.

Maybe the plastering will fall on the city council some night, and then we'll get a report from the building committee.

In handling his sensational beat about Columbus the Twilight melon has neglected to christen Christopher a Colonel.

There are a number of men in the United States this morning who are feeling like the aftermath of a mis-spent manhood.

Some of the defeated candidates for mayor of New York might apply for jobs governing New Mexico. There's nothing else vacant.

The new city scavenger can acquire a job right away removing a few hundred yards of decayed decorations remaining from the late territorial fair.

Torrance has solved the saloon problem. Enough people have moved away to bring the population below one hundred. The saloon has to quit.

It might be well if Col. Fountain could really come to life long enough to slaughter the El Paso correspondent who has discovered him roaming the hills with the Yaqui.

The Carlsbad dam committee has gone to Washington. There will be a lot more committees in Washington from New Mexico soon, but they won't be there on irrigation business.

The Roswell Record advises Roswell gamblers to give up gambling and go to farming. The Record man ought to know that most gamblers become gamblers to get away from work.

The man who could announce the name of the next governor of New Mexico to the republican central committee Friday would probably remove a lot of kinks from the work of the committee.

Of the fifty-four indictments returned by the Roswell grand jury twelve were for violations of the Sunday law. The rest were minor crimes such as embezzlement, forgery, pistol toting, larceny, etc.

The Roswell Register swells up because the Roswell court clerk turned in more money to the territorial treasurer than any other court clerk in New Mexico. That's nothing. There was a time when it wasn't etiquette for a court clerk to turn in anything.

THE TRAMP AND THE TRAVELER:  
The tramp and the traveler have the same disease, are afflicted with the same mental degeneracy. Both have managed to live in the material sense without work, and are trying to enrich their barren lives without work. They will never succeed. We may steal or hire our way through the commercial and physical world, but there are some things that cannot be stolen, nor can they be bought with money. There are the things that make a man happy. The pauper and the millionaire must work for them alike if they ever receive them.

Human interest, human sympathy, the pleasure of toil, acquaintance with nature, and obedience to her laws, reverence for all created things and belief in an overruling Providence and absolute faith in the final triumph of righteousness—these are the things worth striving for; these are the things worth having. Without them, happiness is impossible. But all must work to get them. The tramp cannot steal or beg them, the traveler cannot buy them or chase them down in fast trains. He must work for them side by side with the tramp.

The tramp and the traveler! How much alike they are! The difference seems to be only that one has taken a bath, the other has not. The one wears good clothes and the other does not. One eats too much and the other too little.—Medical Talk.

CERTAIN RESULTS.  
Many an Albuquerque Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Albuquerque. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical sufferer. Read the following statement:

B. H. Thomas, rooming house, 509 South Second street, says: "I have read somewhere that backache was generally an indication of kidney complaint and when I was added to it I trouble with the kidney secretions the signs were unmistakable. When I contracted a cold both these annoyances existed and for eight months if one attack ceased another was sure to follow, so that I can consistently say I was almost bothered continually. I finally went to the Alvarado Pharmacy for Doan's Kidney Pills and took the remedy. It did exactly as promised; stopped the annoyance very promptly and effectively."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## Timely Suggestions

We are surrounded by suggestions of approaching winter, but the most suggestive thing to be seen is our large line of High Grade Heaters. They suggest to the mind and picture to the eye howling winds and drifting snow on the outside, and a warm glow within, which is the result of the highest art in stove-making. It radiates a glowing warmth evenly all over the room, or two or three rooms if you have them connected.

## READY TO MARKET HALF A MILLION POUNDS OF WOOL

Bibos of Western New Mexico Have Big Buuch.

HAVE SOLD 20,000  
LAMBS THIS SEASON

Messrs. Simon, Sol and Ben Bibo, of the Bibo Mercantile company of Grants and Laguna, arrived in Albuquerque last night loaded to the guards with wool and sheep business. These gentlemen have in the last two weeks shipped from their western stations over 20,000 head of lambs, all in prime condition and at top prices and they are feeling very well satisfied with the fall business as a result. Simon Bibo is in charge of the wool of the Mercantile company, which he is here to sell and he says that he has about 500,000 pounds which he will market in Albuquerque. Mr. Bibo says he hopes to have all of his wool scoured here and he controls a very large proportion of the western New Mexico market. Ben Bibo who is now located at the town of Bibo will dispose of his fall clip through the S. Bibo Mercantile company.

From a comparatively small mercantile business the Bibos have built up one of the largest trading concerns in the west and much of the business of the house is in New Mexico's chief asset, sheep and wool. The company markets almost all of the wool clip of western New Mexico and does a heavy business in sheep on its own account and on commission basis.

## COURT HEARING CIVIL CASES

SUIT OF ANNA JASPAR AGAINST  
HIGHLAND PROPERTY OWNERS UNDER WAY.

Judge Abbott was occupied yesterday in hearing civil cases in chambers. Most of the day was occupied with the hearing of the case of Anna Jasper vs. A. E. Taylor, C. H. Lester, Myer Wilson et al. The suit is on a contract which the plaintiff alleges she made for the transfer of certain property in the Highlands to her and which, it is alleged, the defendants have sought to cancel. The case has been continued. Klock and Owen appear for the plaintiff and Neil B. Field for the defendants.

The court also heard arguments in the motion of counsel for John Taylor for a new trial in the case of Edward Chavez vs. Torlina, in which judgment has been given for the plaintiff.

## CALLS ANNUAL MEETING OF FAIR ASSOCIATION

SECRETARY D. K. B. SELLERS ANNOUNCES MASS MEETING FOR  
NIGHT OF NOVEMBER 13.

The regular time for the annual mass meeting to decide on the program for the coming territorial fair, elect its officers and close up the business of the old organization, is fast approaching. It comes Monday night, November 13th. In view of its near approach, Secretary D. K. B. Sellers of the old organization, last night issued the following call:

Notice  
The regular annual mass meeting of the citizens of Albuquerque is called for Monday evening, November 13th, in the rooms over Zeiger's cafe, for the purpose of choosing officers to serve during the twenty-sixth territorial fair.

Inasmuch as quite a number of parties holding just bills against the late fair are demanding their money, also the fact the present officers were compelled to pay out over \$1,600 of this year's money for account of the 1934 deficit, the undersigned believes it the duty of the citizens to aid the present officers in securing at least that amount at once, in order that it may be applied to accounts to which it rightly belongs.

## RAISED HIS CHECK JUST TWENTY PESOS

RAPHAEL RIVERA THOUGHT THE  
LUMBER COMPANY COULD STAND  
THE LITTLE INCREASE.

The police are looking for one Raphael Rivera, formerly in the employ of the American Lumber company, who it is feared has departed for parts unknown. When last seen Rivera was wandering carelessly out of L. Kempenich's dry goods store with \$22.50 of road hard coin in his pocket while Mr. Kempenich had an order on the American Lumber company apparently calling for that amount. The fact is that the check as drawn by the cashier of the lumber company allowed Rivera but \$2.50. But there was a little room in front of the "two" and this Rivera utilized with exceeding cunning. He wrote a "twenty" there in and made it stick. At last report the police had been unable to get any trace of the check raiser.

# GRASPING THE OPPORTUNITY

Trace down the biographical history of the wealthy men of our country and you will find at least 75 per cent began life as a poor boy. Go out and ask the first successful man you know what made him rich—He will repeat what we have said—GRASPING THE OPPORTUNITY. The poor man, or the young man today without means, has greater chances and finer opportunities of getting rich, than the boy or man had twenty years ago. An Eastern exchange, editorially stated on October 10th, the following:

"A man with a moderate salary, today, can make himself rich in ten years IF HE WILL NOW BUY CHEAP SUBURBAN LOTS IN ANY GROWING WESTERN CITY. If you can spare a few dollars each week or month, go into real estate on the instalment plan. The suburbs of today will be within four blocks of the business center in ten years."

We have 300 beautiful 50-foot lots in the EASTERN ADDITION—HIGHLANDS. The finest located residence property in the city. Fine drainage, pure water, no mud.

## ROSWELL BUSINESS MEN ARE SOLID FOR JOINT STATEHOOD

Big List Forwarded to Joint  
State League.

NO QUESTION OF SENTIMENT  
IN THE PECOS VALLEY

The officers of the joint statehood league have just received from Roswell a lengthy petition asking for joint statehood, signed by ninety business men of the Pecos valley city, declaring for joint statehood with Arizona as against remaining a territory. The names were placed on the petition within two hours by a man who believes in joint statehood. He confined himself to the Roswell business district and he did not call at one place more than once. He declares that fully 90 per cent of the people of Roswell and of the Pecos valley are solid for joint statehood as against remaining out of the Union. The Roswell Record says of this petition: "A partial list of the business and professional men of Roswell was secured a few days ago with reference to their standing on the joint statehood proposition. The list was secured to be sent to joint statehood headquarters at Albuquerque, and will probably be of interest here."

The collector spent about an hour getting the names. He took none but business or professional men, or officials. He called but once at each

store and at many places of business found the heads of the firm absent. But with this brief effort he secured enough to convince him that ninety per cent of the leading citizens favor joint statehood.

Of those who gave their names on this proposition, about half favor single statehood, but would gladly take joint statehood with Arizona rather than have no statehood at all and in this they believe they cannot get single statehood at any reasonable time. Quite a number favor joint statehood above single statehood.

The Record publishes the list of signers in full, making a list too long for reproduction. It contains, however, some of the most prominent business men of the territory and all but one or two of the leaders of Roswell.

## LAND FRAUD CROP WILL BE REAPED IN ARIZONA COURT

Benson and Hyde Involved  
in Latest Action.

### TRADED CALIFORNIA SCRIP FOR PINAL COUNTY LAND

The signature of Attorney General W. H. Moody, of the United States, is attached to a document which has just been filed in the United States court in Phoenix. It is an action by the United States against John S. Benson, F. A. Hyde, F. A. Hyde & Co., Thomas N. Willis, of Florence, and his wife, S. C. Willis. The object of the suit is to have declared null and void the title to a small tract of land in Pinal county, Arizona, which Willis and wife hold from the other defendants.

Benson and Hyde have figured extensively in land frauds, and about four years ago they were sought for in the vicinity of Tucson, where they were then supposed to be operating, and where they had agents at work. Both of them were afterwards arrested and tried in Oregon.

The complaint states that their style of operation has been puzzling to the government, which does not yet fully understand all the ins and outs of it, but expects to understand it after a long and exhaustive investigation.

The circumstances leading up to the present case are these: With the repeal of the timber culture act, the president was empowered to order the establishment of forest reserves within the government domain at his pleasure. The government owned a great deal of land in the various states and territories where it was desired to establish such reserves. Among these states were California and Oregon, but in those states every 16th and 36th section had been given to the states. Some of these sections lay within the proposed reserves, and parts of them had passed into the hands of settlers under the laws of those states.

It was arranged by the government in cases of this kind that holders of bona fide but unperfected claims might, if they desired, accept in lieu of their claims other government land of equal area outside the reservation; or, if the claims were perfected and the owners had secured a patent, they might exchange them for "water" on land in another part of the country.

It was this arrangement that gave such men as Benson and Hyde an opening. The complaint introduces a great many other people into the conspiracy. Among them is Joost H. Schneider, who was heard of at Tucson, and who is alleged to have afforded Hyde and Benson material aid. Henry Dimond, a San Francisco lawyer, figured in the affair, and a large coterie of persons were employed by Hyde and Benson to make affidavits in claims on land within the state sections.

Though it does not appear material to the case, but throws some light on the modus operandi, it is stated that two members of the conspiracy were William E. Valk and Woodford D. Harlan, employees of the general land office, who worked on "the inside." They not only kept Hyde and company informed of what was going on in the office, of the progress of investigations but also expedited such business as they had before the office. The nervous part of the conspiracy, though, was the employment of Benjamin T. Allen, a forest superintendent, and Grant Taggart, a forest supervisor. It was the duty of these men to make investigations of regions proposed to be thrown into forest reservations and make reports and recommendations to the department. It is alleged that they first made their reports to Benson and Hyde, and that the latter made up the reports to the department recommending what land should be included, and what should be excluded from the reserves. This gave them an immense leverage on the situation.

It is charged that affidavits of claims were made, not only by persons who were not acting in good faith when they swore that they wanted the state section lands for themselves, and that they had not contracted to dispose of their claims to other persons, but that in many cases the names of fictitious persons were signed to such affidavits. Coming down to the present case, it is charged that in some way unknown to the government, though that is alleged not to be material, Hyde & Co. became possessed of a claim in the Pine mountain and Zuni Lake forest reservation in California and in lieu of it secured a patent to a tract of land of equal area in Pinal county. This land was sold to Willis and wife, who are made parties to the suit, though it is not alleged that they were parties to the conspiracy.

In conclusion, the complaint states that the government is remedied by any construction of common law, so that its rights will have to be determined in a court of equity. It is asked that the patent secured by Hyde & Co. to the Pinal county land, and the subsequent deed to Willis and wife, be declared null and void.

**Wanted for Oregon Land Frauds.**  
G. O. Nolan, an attorney of Florence was arrested there Saturday by Deputy United States Marshal F. W. Hill, in connection with the Oregon land frauds, and was taken to Phoenix. Proceedings were at once begun by Assistant United States Attorney Walter B. Kibbey for his removal to Oregon. The apprehension of Nolan took place on instructions from the United States circuit court for the district of Oregon, in which an indictment had been found against Nolan and nine other persons, charged with conspiring among themselves and with seventy other persons to defraud the government out of land and fees in the Oregon city land grant.

At the time of the finding of the indictment Nolan was not discoverable and a bench warrant for him was issued and placed in the hands of United States Marshal Charles J. Reed for the district of Oregon. The warrant was returned with the information that Nolan could not be found. It was subsequently learned that he had been at Tucson and the matter was put into the hands of the United States authorities of this territory. Nolan was located at Florence and he was taken into custody in the court room there by the deputy United States marshal. The warrant for his apprehension had been issued by Roscoe Dale, United States court commissioner for Pima county. He was transferred to Phoenix for the hearing of removal proceedings by United States court commissioner D. C. Stevens, of Pinal county.

It is alleged in the indictment that Nolan and his associates, who are described throughout the document as the defendants, while the seventy-one others, whose names are given, are known as the applicants, induced the

## LAS CRUCES FEELS IMPETUS OF GREAT IRRIGATING DAM

Dr. Nathan Boyd Says Valley Is Booming.

### ALL LAND NEEDED NOW SIGNED OVER TO GOVERNMENT

Dr. Nathan Boyd, the man who discovered the Elephant Butte reservoir site and who first proposed to build a storage reservoir where the government is now almost ready to begin its enormous work, was in Albuquerque yesterday on his way to Las Vegas on business. Ever since he first came to New Mexico years ago representing the English company which proposed to build the Elephant Butte dam, he has been indefatigable in his work for the advancement of the Mesilla valley and southern New Mexico. That his work is bearing fruit is beyond question, for the valley is now rejoicing in the most prosperous period in its history.

Dr. Boyd says that all land required by the government has been pledged in New Mexico and that there now remains nothing but the approval of the secretary of the interior and the building of the great dam which will hold back the waters of the Rio Grande until they are needed for the farmers. He says the valley is not waiting for the dam, but is growing right along and that people are coming in rapidly. Las Cruces, he says, is showing new life. There is a new bank under way. Business houses are being enlarged, and the schools are being improved. He believes that the day has come when the Mesilla valley is to come into its own.

European Skin Specialist Says Dandruff is Caused by Parasites. Upon that theory, proved beyond a doubt, a cure for dandruff was sought after. Scientists, chemists, druggists and physicians all took a hand and the successful issue is the present product known as "Newbro's Herpicide."

This remedy actually kills the parasites that infest the hair bulb, does its work most effectively and contains not an atom of substance injurious to anything else than the germ alone. Herpicide causes the hair to grow as nature intended it should, soft and abundant.

Ferguson and Otto Dieckmann.

Police Court Business.  
Police Judge Crawford cleaned up a big list of business yesterday morning when he gathered before him a long line of drunks and disorderly characters and administered the usual punishment.

In the case of King and Brown, the men charged with rolling a tenderfoot in the alley behind South First street Saturday both were let off with ten days each in jail. There was no business of importance before the court. No arrests have been made as yet in connection with the small robberies on Huning avenue Sunday night.

Our prices on these goods are much below the faked "special prices" quoted by other dealers in the city, while the quality is in keeping with the high standard of all Globe Store goods.

## AN OPEN LETTER To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1904. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a **SPECIAL CLOSING OUT SALE** to continue until Dec. 31, at which time we positively retire from the Jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

## Save 40 Per Cent of Your Coal Bill

The Wilson Heater with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitute 40 per cent of the entire heating power of the fuel. Buy a Wilson and get all the heat you are paying for.
