## CHARGES OF FRAUD AFTERMATH OF MOST SENSATIONAL ELECTION

Claims and Counter Claims of Ballot Box Stealing  
Illegal Voting and Rank Corruption  
Fly Thick and Fast.

## JEROME TAKES UP HEARST FIGHT HERRICK IS BEATEN BY 40,000 LOUISVILLE FUSIONISTS CONTEST

Washington, Nov. 8.—The election of John M. Pattison, democrat, as governor of Ohio by approximately 40,000 plurality over Myron T. Herrick, the present republican governor, a democratic working majority in both houses of the Ohio legislature, an immediate appeal of W. R. Hearst, municipal ownership candidate for the New York mayoralty, to the supreme court to contest McCellan's election in that city on the basis of alleged evidence of wholesale illegal acts at the polls; a plurality of 3,485 votes for McCellan; and an immediate contest by the fusionists in Louisville in the courts against the election of democratic municipal officers and members of the legislature, were the developments in today's election aftermath.

McCellan's plurality is the minimum on record for a successful mayoral candidate in New York. Mr. Hearst's managers claim evidence of illegal acts against 1,000 inspectors of election and that 20,000 of his adherents were turned back from the polls because their names already had been voted. District Attorney Jerome has announced that he will immediately make a searching investigation of the alleged wholesale frauds, and has ordered the returns from the Eighth and sixth assembly districts to be carefully guarded. These are the home districts of Tammany leader Murphy and Timothy Sullivan.

**Fusionists Allege Fraud.**  
In Louisville the fusion party managers claim a non-election in fourteen precincts because of the disappearance of election paraphernalia; that democratic workers conducted the ballot boxes in fourteen other precincts and allowed the falsification of returns and alleged activity of thugs and repeaters. All through Ohio heated returns showed republican losses, and the republicans claimed that the fusionists' plurality reaches twenty-five thousand. Democrats claim that Pattison's plurality approximates 55,000, which would elect the entire democratic ticket. The republicans claim a majority between two and five in the next senate and ten to fifteen in the house, while the democratic claim is a majority of five in the senate and twenty-seven in the house.

**Gigante Philadelphiensis.**  
The City party (reform) plurality in Philadelphia is 43,333 for sheriff, and the fusionist candidate for state treasurer, Berry, carried the city by over 36,000 plurality. The upheaval was the greatest in Pennsylvania in many years.

In Massachusetts democratic threats are made for a recount of the vote for lieutenant governor. The republicans scored 23,116 plurality for Gulliver, governor, though Draper, for lieutenant governor got less than 2,000 plurality. The democrats gained three senators and one representative in the legislature.

Every candidate of the Union Labor party in San Francisco was elected by a substantial majority.

In Salt Lake the anti-Mormon victory is made complete by the election of the entire American party city ticket.

The Kentucky legislature which will elect a successor to Senator Blackburn apparently will include 21 democrats, five republicans and two doubtful in the senate and 79 democrats, 14 republicans and seven doubtful in the house. The democrats elected a mayor in Louisville by about 2,500.

Nebraska was swept by the republicans. The returns from other states and cities show notable changes.

President Roosevelt received the latest returns from the various states and cities from different sources during the day and tonight, and showed a keen interest in the results. Some surprise was evinced here at a table and Ohio and at the close margin of the mayoralty vote in New York.

**PHILADELPHIA'S "CLEANEST ELECTION FOR YEARS"**  
Philadelphia, Pa., Nov. 8.—There was a great demonstration at the mayor's office today by the victorious City party leaders and others. Scores of leaders and members of the reform organization who had assembled at City party headquarters to offer congratulations to the successful candidates formed in line and headed by two brass bands, marched through the streets to the city hall. In the line were some of Philadelphia's best known citizens. Each carried a flag, and the enthusiasm was so great that hundreds of persons on the streets caught the spirit and joined the marchers. The men marched in Mayor Weaver's large reception room and cheered him, while bands played patriotic airs. Mayor Weaver was lifted on a table and made a stirring speech, in which he paid a warm tribute to the police for their loyalty to duty. He gave the people credit for the victory, and said it was the cleanest election held in Philadelphia in many years.

Managers of the reform movement intend to at once begin the campaign for the February election. A staff of attorneys employed by the reform leaders is at work preparing to bring about 200 prosecutions for offenses against the ballot laws.

**MAYOR BOOKWALTER HAS A RAPE PLURALITY**  
Indianapolis, Ind., Nov. 8.—Returns of the city election in Indianapolis officially compiled today give Charles A. Bookwalter, republican candidate for mayor, a plurality of 1,581 over his democratic opponent, Mayor John W.

Holtzman. The other republican candidates are elected by smaller pluralities and the republicans will again have a majority in the city council.

**PATTISON'S PLURALITY ESTIMATED AT 31,000**  
Cincinnati, O., Nov. 8.—The Times-Star has prepared a careful tabulation of the vote of all counties in the state based on the best estimates obtainable which shows a plurality for Pattison of 31,728.

**LOUISVILLE FUSIONISTS ALLEGE RANK FRAUD**  
Louisville, Nov. 8.—The managers of the Fusion party met this afternoon and announced that they had decided to contest in the courts the election of the democratic ticket for municipal officers and members of the legislature. It is alleged that in fourteen precincts no election was held at all, owing to the disappearance of the election books, books, etc., and that in fourteen additional precincts the ballot boxes were confiscated by democratic workers before the returns were certified to, thus allowing the result to be falsified, and finally that in a large number of other precincts gangs of armed thugs and repeaters abetted in some instances by the police, cast many fraudulent ballots, thus preventing lawful voters from voting.

**HERRICK RUNS AWAY BEHIND HIS TICKET**  
Columbus, O., Nov. 8.—That John M. Pattison has been elected governor for the next three years by a plurality running well above 40,000 is settled tonight, as also is the democratic working majority in both houses of the legislature, but there is still uncertainty as to the remainder of the state ticket. The earlier returns were apparently from sections favorable to the governor, for he held a lead over the rest of his ticket until today, when fuller returns from the country districts were sent into his vote severely, and by the middle of the afternoon he seemed to be over forty thousand votes behind his ticket. If that difference stands, the victory of these other districts will depend on the size of Pattison's plurality, with the chances in favor of the choice of the entire democratic list.

Chairman Garber tonight figured pluralities for the state ticket as follows: 149 of 156 districts in which event the entire democratic ticket was safe.

The widespread scratching of tickets caused such delay in the counting that thirty hours after the close of the polls there was still uncertainty, notwithstanding the overwhelming nature of the democratic victory.

**Partridge Badly Snowed.**  
San Francisco, Nov. 8.—The following is the complete vote for mayor: Schmitz, union labor, 46,191. Partridge, fusion, 28,687.

**Utter's Plurality 5,000.**  
Providence, R. I., Nov. 8.—Returns from 149 of 156 districts in the state give Utter, republican, for governor, an estimated plurality of about 5,000.

**New Jersey Results.**  
Trenton, N. J., Nov. 8.—Returns indicate the republicans elected the entire twelve assemblymen. By reason of this the democrats will not have more than three members of the assembly.

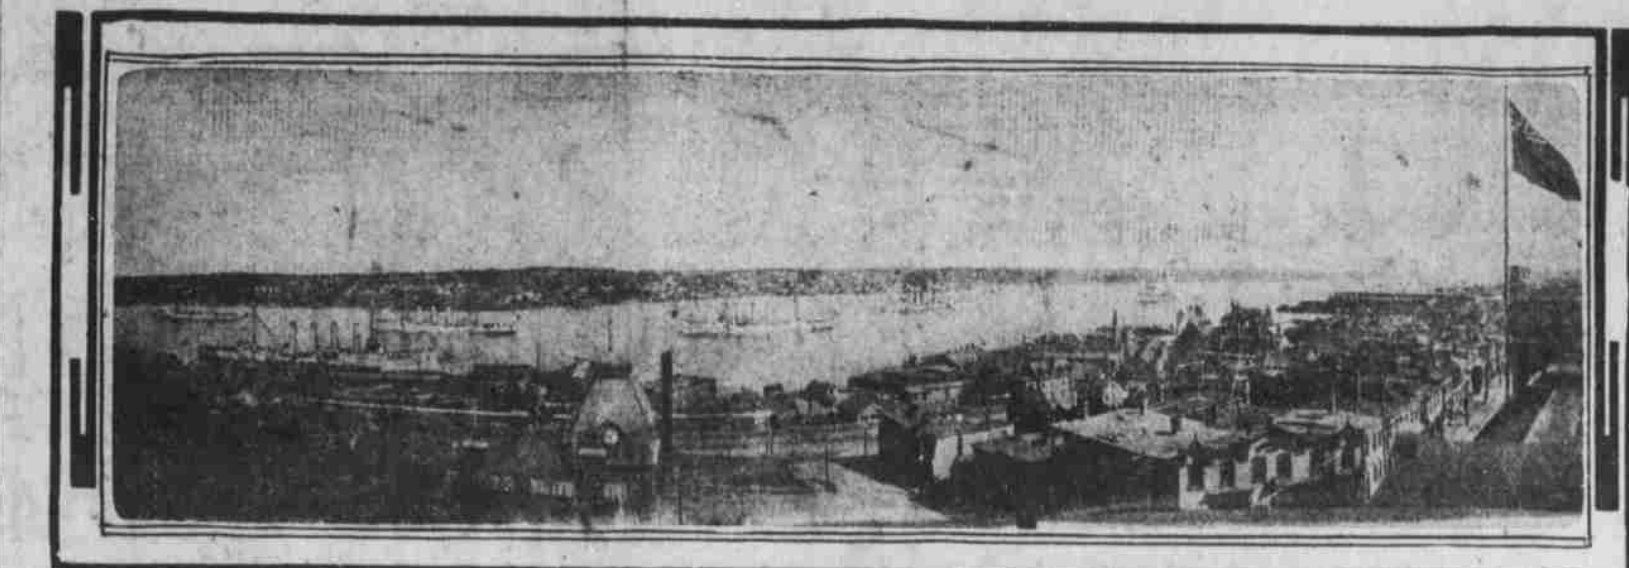

**Barry Worst Plummer.**  
Philadelphia, Pa., Nov. 8.—Complete returns from every ward give the City party 148,679 and republican 149,000. Barry, fusionist, was elected for state treasurer, carried the city over Plummer, republican, by 26,037. His plurality in the state is estimated at about 100,000. The republicans carried the rest of the state offices, but this is the first time in twenty-five years that they have lost the state treasurer.

**WANTED TO WHIP THE DENTAL BOARD**  
YOUNG MAN REUSED A LICENSE ATTACKED DR. LORD IN LAS VEGAS.

D. C. Labbe, who was refused a license to practice dentistry in the territory, made an attack upon Dr. Lord of Santa Fe, a member of the board, on the street in Las Vegas yesterday. Labbe struck the doctor in the face, though but little injury was inflicted. Members of the dental board which met in Las Vegas Monday say they saw Labbe making use of a crib while taking his examination, says the Las Vegas Optic. The young man left the room and a member of the board went to his desk and found a pony there. The board declined to issue a license. Yesterday morning Labbe applied to a member of the board for his book and claimed that he had made no use of it at the examination. The board agreed to return to him and the board agreed to allow the young man to practice until the next examination, and then to come up for re-examination.

**Battle Between Whales.**  
Santa Barbara, Cal., Nov. 8.—The bodies of over twenty dead whales, known as "Killer," are floating in the channel of Santa Cruz island, 30 miles from this city. They measure from 10 to 40 feet in length and bear evidence of a fierce battle between the monsters. This warfare has been going on between two varieties of whale and swordfish for several weeks in the ocean near the Channel Islands, and it is probable that in the extermination of so many of this variety of whales a signal victory has been won by some of the leviathans.

## LOUIS OF BATTENBERG'S FLEET OF ARMORED CRUISERS WHICH ARRIVES AT NEW YORK WITH ROYAL COMMANDER TODAY

SECOND BRITISH CRUISER SQUADRON IN COMMAND OF H.S.B. PRINCE LOUIS OF BATTENBERG, HALIFAX HARBOR. SHIPS FROM LEFT TO RIGHT ARE: HMS CORNWALL, HMS DRAKE (FLAGSHIP), HMS BERNIC, HMS ESSEX, HMS GIMBETLAND, HMS BEDFORD.

## HEARST PREPARES TO MAKE BITTER FIGHT FOR NEW YORK MAYORALTY

Declares That He Was Defrauded Out of 30,000 Votes in Murphy's and Sullivan's Districts and Will Appeal to the Supreme Court.

New York, Nov. 8.—That a bitter fight will be waged in the courts to decide whether George B. McCellan or William Randolph Hearst is to be mayor of New York for the next four years is now assured. Complete returns give McCellan a plurality of 3,485 votes, the smallest ever recorded for a successful mayoralty candidate, and a result which might readily be reversed by a recount of the ballots.

Mr. Hearst today announced his intention to take an immediate appeal to the supreme court, his managers having declared that they had secured evidence of illegal acts against 1,000 inspectors of election and that 20,000 Hearst men who went to the polls to vote for Mr. Hearst had found that their names had already been voted.

Most of this fraudulent voting is said to have been done in the east side assembly districts, especially in the Eighteenth, Charles F. Murphy's home district, and in the Sixth, of which Timothy D. Sullivan is leader.

Mr. Hearst's proposed action met with warm approval in many quarters, even among those who opposed his election, and he received many assurances of support. District Attorney Jerome expressed himself in terms of strong approval of Mr. Hearst's program, and declared that he would immediately institute a searching investigation of the alleged democratic frauds. He also ordered the returns from the Eighth and Sixth districts carefully guarded.

Ira C. Darrin, the newly elected district attorney of Queens county on the republican ticket made a similar statement.

William L. Vins, the defeated republican candidate for mayor, also commended Mr. Hearst's action and expressed the belief that a recount would show that Mr. Hearst had been elected.

**Tammany's Statement.**  
After a secret session of the executive committee of Tammany held this afternoon the following statement was issued:

The executive committee of the democratic organization protests against the outrageous published threat of the defeated candidate of the Municipal Ownership league to overthrow the will of the people as expressed by the vote cast on election day, and directs its law committee to exert its best efforts and take such steps and institute such proceedings as will safeguard the election of George B. McCellan as mayor of New York.

We also call on the commissioner of police and custodian of the ballots to preserve the same intact from all interference from any unauthorized source.

Some of the leaders after the conference expressed the opinion that the returns showed evidence of Mr. Murphy's leadership and that he should, as a result, step down and out and make room for a man against whom nothing could be charged. They thought that it was time for George B. McCellan to assume the leadership himself.

**HEARST SAYS HE WILL SEND TAMMANY MEN TO KING**  
New York, Nov. 8.—A campaign to defeat Tammany hall in the supreme court and to declare William R. Hearst the rightfully elected mayor of New York yesterday in place of Geo. B. McCellan was inaugurated at a crowded meeting of the Municipal Ownership League leaders today. At its close Mr. Hearst said:

"We are going to fight today, tomorrow, next month and next year to make it possible for a man to cast a honest vote and to prevail in the future conditions being as disgraceful as they were yesterday, especially in Sullivan's and Murphy's districts, and we will invoke every legal means to have every ballot counted, counted, and we are receiving voluntary offers of money from business men to aid us in this appeal."

Mr. Hearst's lieutenant then announced that with the evidence that 20,000 Hearst men were defrauded of their rights to vote yesterday, and that one thousand election inspectors were guilty of illegal acts, the contest would be carried immediately over the heads of the board of county canvassers into the supreme court. They said the object of this plan was to secure a speedy and final answer, and that money was not to be spared in engaging special counsel in all parts of the United States to make this plan succeed.

The leaders said that in less than 24 hours after the polls closed the Municipal Ownership league had secured

over 1,000 affidavits charging illegal acts against about 1,000 election inspectors. These affidavits state that the inspectors in question were Tammany men. Mr. Hearst himself said that within a year 750 affidavits would be sent to the state court. It was also stated that in the east side assembly districts, including the Eighteenth, Charles F. Murphy's home district, affidavits had been secured to show that at least 20,000 votes were illegally cast yesterday on the name of voters who went to the polls to vote for Mr. Hearst and the Municipal Ownership league ticket, but who, when they arrived found their names voted upon already.

**BUREAU OF ELECTIONS TO EXAMINE EVERY BOX**  
New York, Nov. 8.—Col. Alexander Bacon and E. H. Brown of counsel for William Randolph Hearst, and the Municipal Ownership league, called at police headquarters late tonight and served an order from Justice Gaynor on Captain Cruise in charge of headquarters at night. The order was actually for Commissioner McAdoo and the captain was served as his representative. He immediately telephoned the order to Mr. McAdoo. The order of the court directed that "Commissioner McAdoo have every ballot box in the city of New York sent to the bureau of elections."

Every day of the prince's six-day visit in New York is filled with elaborate entertainments.

**NEW YORK LIFE MUST QUIT IN MISSOURI**  
STATE SUPERINTENDENT OF INSURANCE VAN DIVER CARRIES OUT HIS THREAT.

Jefferson City, Mo., Nov. 8.—W. D. Van Diver, state superintendent of insurance tonight, suspended the certificate of authority of the New York Life insurance company to do business in this state.

**ANOTHER INSURANCE PRESIDENT IN TROUBLE**  
HEAD OF NORTHWESTERN OF MINNESOTA ARRESTED FOR GRAND LARCENY.

Los Angeles, Cal., Nov. 8.—Dr. Jacob F. Force, vice president of the Northwestern Life insurance company of Minnesota, was arrested here today by Detective Jones of the local detective department. He was arraigned before Justice of the Peace Young who ordered his release on \$5,000 bail, which was provided. The charge is grand larceny and is made in Hennepin county, Minn. Dr. Force is a retired physician and has been residing in Los Angeles for some time past. He claims that he resigned as an officer of the insurance company a year ago.

**L. H. GRAHAM CHOSEN.**  
Will Be Commissioner of the Interior for Porto Rico.

Washington, Nov. 8.—Announcement was made at the White House today of the appointment of Lawrence H. Graham of New York city to be commissioner of the interior for Porto Rico, vice John S. Elliott, resigned.

Mr. Graham was formerly a newspaper man, being correspondent at Albany, N. Y., for the New York Evening Post and later of the New York Commercial Advertiser. He was the secretary of the government commission for the Louisiana purchase expedition.

**Seven Millions From Yukon.**  
Ottawa, Ont., Nov. 8.—The government has received royalty on over seven million dollars' worth of gold produced in the Yukon this year. The Klondike's gold production to October 19 was \$7,056,000. The per capita output of the camp for the ten months of 1905 is about \$1,500. No other camp in the world produces such a per capita.

The gold output here is figured at \$15 per ounce, while on the American side it is \$18 per ounce. The royalty is two and a half per cent. There may have been several more millions recovered from the mines which was used in the ordinary business of the country.

No export-tax will be paid till the gold leaves the country, so that the additional output has not yet figured in the schedule.

**Cowboys Fight Railroaders.**  
Tucson, Tex., Nov. 8.—A report has reached here that in a fight between cowboys and railroad employees at Dalhart four men were killed. The cause of the trouble is not known.

## MIGHTY FLEET OF BATTLESHIPS GREET PRINCE

Most Formidable Ever Assembled Off Manhattan.

SIX STRENUOUS DAYS OF  
FUNCTIONS FOR LOUIS

New York, Nov. 8.—Rear Admiral Prince Louis of Battenberg with his squadron of six armored cruisers is expected to arrive from Annapolis early tomorrow morning, coming to anchor probably about 10 o'clock.

Awaiting his arrival eight battleships and four cruisers of the North Atlantic fleet lie at anchor in the North river, stretching in single column in midstream from 79th street to 125th street.

The column is headed down stream with the flagship Maine off 79th street and the Missouri, Kentucky, Kearsarge, of the first division, Alabama, flagship of the second division, Illinois, Iowa and Massachusetts and the armored cruisers West Virginia, Flagship of the fourth division, Maryland, Colorado and Pennsylvania stretch in single column up stream at a distance of about 400 yards apart.

These twelve mighty ships, under command of Rear Admiral Evans, constitute the most formidable American fleet ever assembled off Manhattan island.

Rear Admiral Evans, commander in chief of the North Atlantic fleet, Rear Admiral Davis, commanding the second division of battleships, and Rear Admiral Brownson, commanding the armored cruiser division, will repair aboard the flagship Drake soon after she arrives, later to celebrate the British admiral's birthday.

Every day of the prince's six-day visit in New York is filled with elaborate entertainments.

**NEW CABLE FERRY ACROSS THE COLORADO**  
BIG WIRE ROPE 500 FEET LONG TO BE "SNAKED" EIGHTEEN MILES DOWN TRAIL.

A new crossing at the Colorado river will be in operation before the first of the year. The crossing will be by way of the Bright Angel trail to the Colorado river, thence up Bright Angel trail to the north side of the Grand Canyon.

The river will be crossed by cable ferry, the length of the cable being five hundred feet.

This route can only be traversed by parties on foot or horseback and will be a convenience for those desiring to reach Fredonia by a shorter distance than by the present way, via Lee's ferry.

The Cocoonino Sun says that the scheme is being promoted by the parties, with James Emmett, of Lee's ferry, in charge of the construction of the trail from the north rim of the canyon down Bright Angel creek to the river. The big cable will be brought down the trail from the north side of the canyon to the river and will have to be run around and "snaked" down the trail a distance of eighteen miles, which is a most difficult piece of work.

The promoters have hopes that this crossing of the canyon and river will become a popular route for those who have business either way, and that on account of its rugged scenery, it may become a popular side trip for visitors to the Grand Canyon.

**TOURED WORLD ON BICYCLE.**  
German Travels 44,000 Miles and Uses Six Machines.

Berlin, Nov. 8.—Marx Schiffer has returned after touring round the world by bicycle.

He started in 1898 and cycled through Germany, Holland, England, Scotland, Ireland, the United States, Japan, eastern provinces of China, Australia, India, Persia, Asia Minor, the Balkan states and Austria homeward.

The distance traveled was 44,000 English miles during which Schiffer used up six bicycles. One of these was presented to him in India by Lord Curzon.

Schiffer, who took photographs, says he will start on a second tour in February, covering Denmark, Scandinavia, England, the southern American countries, Manchuria, Siberia and Russia, homeward. He expects to return to Berlin in 1912.

## INQUISITION OF MR. HUGHES AGAIN IN FULL SWING

Hegeman of the Metropolitan Has the Floor.

INDUSTRIAL INSURANCE IS  
MOST EXPENSIVE SOLD

New York, Nov. 8.—In the testimony of John R. Hegeman, president of the Metropolitan Life Insurance Co., before the insurance investigating committee, upon resumption of the insurance inquiry today, it was brought out that industrial insurance was considerably more expensive than other forms of life insurance and Mr. Hegeman, after classing industrial insurance as retail and the ordinary life as wholesale, illustrated the fact by an example in which for a stated age it was shown that for a \$1,000 policy of ordinary life the Metropolitan charged \$16.55 annually while for \$1,000 of industrial insurance the charge was \$1.00.

Mr. Hegeman was on the stand the greater part of the afternoon and his testimony was along the line of the amount of the companies' increase in business.

At the morning session Emory McClintock, actuary of the Mutual Life Insurance Co., who had been examined in part at the previous session, was called and continued his testimony on technical insurance.

**MINES IN CHINA SEA MENACE NAVIGATION**  
SEVERAL FOREIGN VESSELS LOST FROM CONTACT WITH EXPLOSIVES.

Victoria, B. C., Nov. 8.—The officers of the steamer Peladus which arrived today from New Chwang and Tien Tsin, report that floating mines are now a menace in the China sea, and several vessels have been lost to date as the result of them.

The Hsiao was sunk the day before the Peladus passed the mine. The steamer struck a mine when off the Shan Tung coast near Wei-Hai-Fei. There were two foreign passengers and both were among the survivors of the 119 persons who were on board. Fifteen were drowned.

**BLAMES MISSIONARIES.**  
King Leopold's Congo Free State Commission Reports.

Brussels, Nov. 8.—King Leopold's commission of inquiry into the Congo Free State scandals made its report today. The commission finds many of the charges well founded, and proposes an increase in the number of magistrates in order to prevent the natives from being forced to appeal to missionaries as regards differences that may arise. The impartiality of the missionaries, the commission considers, is often doubtful.

**FORBIDDEN CANNON FIRING.**  
Reason for Massacre—Perpetrators to Be Punished.

Washington, Nov. 8.—Mr. Rockhill, United States minister at Peking, telegraphs the state department today that he has been informed by the foreign office of the attack on the Presbyterian mission station at Lien-chow, in which five missionaries were killed. The emperor immediately issued an edict ordering the viceroys of Canton to inflict exemplary punishment upon the perpetrators and all guilty officials, directing compensation to be made and adequate protection to be afforded for all missions.

Mr. Rockhill is informed that the attack resulted from the refusal of the missionaries to permit the firing of cannon by the village people during a festival.

**Grand Jury Illegal.**  
Beaver City, O. T. Nov. 8.—Judge Ponceat discharged the grand and petit juries here yesterday because of illegality, under the decision of Judge Phillips of the circuit court of appeals.

The cases of Mrs. Kate Gardner, charged with the murder of her husband with an ax, at Gaymick; William Regnier, indicted for the murder of a neighbor, and J. W. Kemp, indicted for murdering W. J. Perkins, near Boyd, go over until next term.

**Must Preserve Colonial Trade.**  
London, Nov. 8.—In the course of a speech to his constituents at West Birmingham today Mr. Chamberlain pointed out that in 1890 the foreign exports to the British colonies were

## CHILDREN MURDERED IN MOSCOW

While Butchers Massacre  
Students With Axes.

REVOLUTIONARY WAVE  
IS HOWEVER SUBSIDING

Military in Toms Stand by While  
Men Women and Children Burn  
in Theater.

St. Petersburg, Nov. 8.—The revolutionary wave continues to subside except in the Caucasus.

As details of what happened throughout European Russia during the upheaval arrive the stories grow more revolting.

In the Baltic provinces revolt and incendiarism prevailed.

In Poland even the clergy, Catholic and Protestant, participated in the manifestations in favor of the autonomy of the ancient kingdom.

In southwestern Russia hardly a city or town escaped Jewish massacres.

At Tomsk, Siberia, according to the latest reports received here, the whole population of 49,000 and the military stood by while six hundred men, women and children were burned in a theater. The court house at Tomsk and the mayor's residence where the students and revolutionists took refuge from the mob, was burned and those who tried to flee were killed in the streets.

In Moscow the social revolutionists and the Black Hundred and the Cossacks and police fought bloody battles.

The descent of the butchers of Moscow with their bayoneted axes upon the students was one of the most horrible chapters, but not as pitiful, however, as the attack of the Black Hundred on a procession of school children carrying the red flag. When the children sought to escape the police barred the way and the youthful martyrs were beaten into insensibility and in some cases were actually torn to pieces.

In the Alexander Garden in Moscow Cossacks lay in ambush in the shrubbery and set upon their victims with whips.

Many were beaten to death and others were hardly able to crawl away.

The reports from the Caucasus show there is no immediate prospect of suppressing the present state of anarchy. Battles between Tartars and Armenians continue and the destruction of the railroads and the lack of troops make it impossible for the authorities to cope with the situation.

**Typhoon in Tokyo.**  
Tokio, Nov. 8.—A typhoon, which took place yesterday, wrought extensive devastation in the province of Oosaka and the islands adjacent thereto. Over two thousand buildings were destroyed and the steamer, it is said, was wrecked. No loss of life is reported.

**Trouble in San Domingo.**  
Washington, Nov. 8.—A revolutionary movement has developed in San Domingo and an uprising is threatened. News to this effect reached the government here and the proper steps are being taken by the navy department at the instance of the state department to maintain peace.

**Chronicle's Loss \$150,000.**  
San Francisco, Cal., Nov. 8.—The "Chronicle" building, which was gutted by a fire last night, supposed to have been caused by fire works used in celebrating the election. The loss is estimated at \$150,000. The reference library, considered the finest in America, was saved. No one was hurt.

**DRAINAGE BASIN FOR CARRIZO FLATS**  
FOREST SERVICE OFFICIAL DETERMINING FEASIBILITY OF RESERVOIR SCHEME.

Within the past two weeks an inspector of the drainage basin of the Carrizozo flats, and adjacent country, was made by Mr. Fred G. Plummer, of the forest service, who was in Albuquerque recently on his way south. The examination was made with the view of determining the feasibility of constructing reservoirs for the storage of flood waters for the reclamation of agricultural lands in the vicinity of White Oaks, Nagai and Carrizozo.

Mr. Plummer is alleged to have stated that the scheme is entirely feasible and that the federal government would in all probability take the matter up.

The Captain News says: This is a matter of great importance to the people of this section in particular and generally to every resident of Lincoln county. The soil and climate of this part of our territory is unsurpassed for agriculture and horticulture, but the lack of water in sufficient quantities for irrigation has been an obstacle in its development before its inclusion in the Lincoln forest reserve.

About a month ago a press dispatch was circulated from Washington to the effect that a large tract of land had been eliminated from the Lincoln forest reserve along the north and west boundaries, but this report is probably premature, as no official announcement of that kind has been made public.

**Must Preserve Colonial Trade.**  
London, Nov. 8.—In the course of a speech to his constituents at West Birmingham today Mr. Chamberlain pointed out that in 1890 the foreign exports to the British colonies were

600,000, and in 1904 \$31,000,000. Could they fail to see the result of this state of things if matters were allowed to drift? If Great Britain made no effort to keep the colonial trade, which, in the next generation, would increase ten or twenty fold, her position would be bad. "We must," he said, "enter upon negotiations to which our fellow-subjects have as much right as we have to the commerce which they are willing to undertake. We must cherish and cultivate by every means in our power that part of our trade which is twice blessed, in finding employment for our people at home and developing and increasing the resources of our people abroad."

## NOVEMBER INDIAN CREDITABLE NUMBER

PUBLICATION OF THE ALBUQUERQUE INDIAN SCHOOL RAPIDLY GAINING FRIENDS.

The November number of the Albuquerque Indian school, is just off the press of the school printers. The number is a credit to its editors and to the school. It is neatly and clearly printed, and carries a lot of matter of the highest order. The magazine is publishing a series of Indian legends, mostly from the southwestern tribes which are deeply interesting and the original matter is of an unusually high order. The little magazine is winning friends with every number.

## DR. JEKYLL WELL DONE BY THE TUCKER COMPANY

WHIT BRANDON WELL SUPPORTED BY CLEVER COMPANY IN DIFFICULT ROLE.

Whit Brandon as "Dr. Jeckyll" and Mr. Hyde in the famous play of that name, given by the Tiber Tucker stock company at the Elks' theater, last night, gave a full house a few thrills that they will remember for awhile. Mr. Brandon, who, as he publicly announced, does not attempt to outshine Richard Mansfield in the role, carries through the terrifying dual personality of the strange Dr. Jeckyll in a powerful manner and is an artist of no mean ability. His strenuous evening's work was loudly applauded last night, and is realistic enough to please any but the most carping. He was well supported by the company and the light specialties between acts relieved the tension of the audience capably. The company is undoubtedly a clever one as the full houses prove. Tonight "Theima" will be put on and it is promised that the staging and electrical and other effects will be fully up to the standard demanded by the strength of the play. The company carries a fine line of costumes and those tonight are said to be especially good.

## MRS. O'BRYAN GETS DIVORCE

FORMER NEW MEXICO WOMAN LEGALLY SEPARATED FROM DENVER HUSBAND.

Ten divorces against nine marriages were recorded on the debit side of Cupid's account at the courthouse yesterday, says the Denver News. In spite of the unusually large number of marriage licenses issued the divorce courts worked overtime in order to keep the scales of justice from tipping the other way. The divorce of Mrs. O'Bryan from her husband, Harry J. O'Bryan, was granted by Judge Malone last evening. The marriage license clerk had been beaten in the race by one point.

As had been predicted, Mrs. O'Bryan, wife of Harry J. O'Bryan, a well known society woman and a sister of Governor Otero of New Mexico, secured her divorce without any contest on the part of her husband. Judge Malone permitted the case to be tried a half hour before the regular opening of court, to avoid as much publicity as possible. Mrs. O'Bryan testified that she had been married in Las Vegas, N. M., June 7, 1889, and that although Mr. O'Bryan had been in good health since 1902, he had contributed nothing toward her support and that of the two children since February, 1902.

## SOUNDS WARNING TO STOCKMEN

SECRETARY OF AMERICAN STOCK GROWERS' ASSOCIATION SAYS IT'S TIME TO ACT.

T. W. Tomlinson, secretary of the American Stockgrowers' association, sent out a letter to every member of the organization, giving a synopsis of the meeting of the executive committee October 20 and 21 and sounding the following note of alarm: "Our members have doubtless noticed in the newspapers the active part taken by the officials of this association at the Interstate Commerce Law convention in Chicago on October 20 and 21. The railroads endeavored to control that convention through the delegates of various unions and associations, many of whom were prevailed upon to attend by misrepresentation, and were committed to support the railroad's side by the offer of transportation and the payment of their expenses. The bold plan failed miserably, and such delegates as were not willing to endorse President Roosevelt's policy on this question, which was the purpose of the convention, as set forth in the call, were denied admission.

"The unsuccessful attempt to capture our convention is a fitting climax to the campaign of misrepresentation, threats and promises by which the railroads have been selecting converts to their side, and it should awaken us to a full realization of the importance of individual and concerted action by those who support President Roosevelt's views on railroad legislation. If any further evidence as to the necessity of this legislation were needed, the recent attacks of the railroads abundantly furnish proof.

"Each member is requested to AT ONCE communicate his views on this question to his congressman and senator, by letter or otherwise, and to have all other organizations and individuals favorable to the president's plan to do likewise. It is imperative that we impress upon congress the extent and persistence of the demand for this legislation in all parts of the country, and NOW IS THE TIME TO DO IT."

FRESH CIDER AT MALOT'S.

## WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.

## Stories of the Streets and of the Town

### Where She Got the Name.

Mrs. Jones, of Albuquerque—at least one may call her Jones—has an old colored servant who has a considerable family of plantainies of varying sizes.

"Mammy, who is this 'Rue' that you talk about so much?" asked the lady of the house the other day.

"Who? Rue?" replied the old lady. "Deed, Missus, dat's my little child. She des foot years ole. Rue is, Now dat little gal—"

"But what a queer name, mammy. Is that her full name?"

"No, mammy, leas'tways dat ain't quite all of it. Her full name is Rue Desprit. I done named er dat musself."

"Rue Desprit? Why, mammy, where did you get such a name as that?"

"Deed, Missus, dat's a good name. I got it off'n dem canned beans what we gits at de store. Wait er minit I'll show you." She went to the kitchen and in a few moments reappeared triumphantly bearing a tin can upon which she showed to her mistress with some pride the words, "Rogel et Cie, 14 Rue d'Esprit, Paris."

### The Tale of a Hot Plate.

A well known Albuquerque insurance man returned yesterday from a trip west during the course of which he stopped at the town of Holbrook. While in Holbrook the insurance man either from injudicious indulgence in hot meals or from over exertion of the diaphragm in talking insurance to some victim, contracted that painful ailment, the more elegant name of which is stomach ache.

The insurance man remembered his mother's old prescription and as he lay unhappily in his room in the hotel he sent for the porter.

"Send me up a hot plate," he said laconically.

"A hot plate, sah!" repeated the individual addressed as his eyes widened.

"Y-e, a hot plate," said the other. Then he explained.

Pretty soon the coon appeared with

not only one hot plate, but with two. "Heah's one, boss," he said, proffering one which was neatly wrapped up in a towel preparatory to application to the sick man's anatomy. "You kin put dat one on yore stomach and I'll lay dis one heah on dis cheeg; whah you kin use it atfah wile." And heaming sympathetically the porter disappeared.

### This Bents Kenses.

"I thought the wind blew pretty hard in Albuquerque sometimes," said a commercial traveler who blew in yesterday from eastern New Mexico, "but Captain can give us curds and spades. You know I'm just back from Lincoln county. I was sitting at a hotel up there the other day and almost starved to death. Every time I lifted the salt shaker to put salt in my soup the wind blew the salt out the window. Finally when I wasn't looking it blew all the soup out of the plate. I went to eat a piece of beef steak and the last I saw of it it was sailing over a distant tree top with a couple of fried eggs gambling playfully after it along the grass. I got 'em to shut the windows but the wind blew the glass out. I spent a half an hour looking for my false teeth that blew out when I wasn't holding on to them. I don't want any more Captain in mine. And I won't say anything about the wind in Albuquerque any more."

"Didn't Leave the Hole of the Doughnut."

There is a certain Albuquerque telegraph office in which two young men

are employed, one of whom has a very devoted lady friend. The young feminine person in the case the other day sent down to her own particular operator an immense slice of cake with most delicious trimmings, and, as an after thought, added a somewhat nature doughnut for the other wire man.

When the messenger with the refreshments reached the office the young man for whom the feast was intended happened to be out. Operator No. 2 immediately got busy with the cables and in a remarkably short space of time and before his comrade had returned, there was not even a crumb left to tell the tale.

With a feeling of comfortable fullness the enterprising student of the code of Morse reached for a piece of paper and sent the following note by a messenger to the young lady.

"You'll have to duplicate the order just received. I didn't leave Bill even the hole in the doughnut."

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier, Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible gripping so common to most purgatives," says H. S. Webster & Co., Toronto, Ontario, Canada. For sale by all druggists.

## GO TO BELEN

The Future Railroad Center of New Mexico

Located on the Belen Cut-off of The Atchison Topeka & Santa Fe Railway

The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico

## The Belen Town and Improvement Company

(INCORPORATED)

ARE THE OWNERS OF THE BELEN TOWNSITE, consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues, RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long. (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.

## THE CITY OF BELEN

Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Trunk line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICES AND TERMS EASY. One third of purchase money cash; two-thirds may remain on note and mortgage for one year with interest at eight per cent per annum. Title perfect and warranty deeds given. COME EARLY IF YOU WISH TO SECURE THE CHOICE LOTS. For further particulars and prices of lots call in person or write to

## PENNSYLVANIA SPEAL SMASHES PRIOR RECORDS

**Thirteen Minutes Off  
New York-Chicago Run.**

**ARRIVES ON TIME 138  
TIMES DURING 142 DAYS**

When June 11, when the service was inaugurated, and October 20, a total of 142 days, the Pennsylvania arrived at Chicago on time 138 times, having been behind in its schedule but four times. This is considered a remarkable record, and it is said, never before equalled in the history of American railroads.

In speaking of the remarkable time made by the Pennsylvania's fast train, the Chicago Tribune says: "Records for fast time were shattered by a Pennsylvania special train that arrived in the union passenger station at 3:09 o'clock yesterday afternoon. The train was made up of four coaches and carried several officials of the line on the run from Pittsburgh, from which point it started at 7:32 a. m. Although officials who made the trip disclaimed any effort to make record time, it is understood the speed test was to determine the possibility of an even faster schedule for the eighteen hour New York-Chicago run."

"From Pittsburgh to Fort Wayne the distance of 221 miles was covered in five hours and sixteen minutes (316 minutes.) In that section between Crestline and Lima the twenty-two miles was made in fifty-six minutes; from Lima to Fort Wayne the fifty-nine miles were covered in forty-four minutes, and the 121 miles between Crestline and Fort Wayne, the fastest division time was made, the 100 miles consumed clipping thirteen minutes from all previous records."

"The train left Fort Wayne at 12:49 p. m., the 148 miles between that city and Chicago consuming but 140 minutes. "The speed of the train is shown by a contrast between its record and that of the eighteen-hour train of the line, which makes the distance in 162 minutes. The time of the regular was beaten at every point and the shortening of the schedule was shown to be feasible, as several stops, due to various causes, were made. At Nevada, track repairs caused the loss of two minutes and other delays caused loss of time which would not occur on a regular schedule. Despite this the 463 miles between Pittsburgh and Chicago were covered in 456 minutes and the 321 miles from Pittsburgh to Fort Wayne in 316 minutes."

## BLACK APPOINTMENT NEW MAN AT CINCINNATI

W. J. Black, passenger traffic manager of the Atchafalaya, Topoka & Santa Fe, has announced the appointment of E. G. Burnett to be general agent in the passenger department with headquarters at Cincinnati, to fill the vacancy caused by the promotion of Geo. T. Gannup to a similar position in Chicago. Mr. Burnett was a traveling passenger agent located at Cincinnati. His old position there will be filled by Clyde Hill, who has been assistant city passenger and ticket agent of the Gulf, Colorado & Santa Fe at Houston, Texas, whose appointment to it was announced also by Mr. Black today.

## Wreck on Rock Island.

For more than 36 hours the derailment of Rock Island No. 29 near Ancho held passenger traffic on the eastern division of the Southwestern practically at a standstill, says the El Paso Herald.

At the local offices of the company it was stated that the truck was cleared at noon, and that the blocked trains Nos. 29 and 43 of yesterday and 29 and 43 of today, would arrive late this afternoon.

Local representatives of the road refused to confirm the report that the derailment was caused by spread rails. They said that no one was injured.

## BRAKEMAN FOUND BEAR TENDING THE SWITCH

**RAILROADER HIKED FOR THE  
TAIL LIGHTS, BRUN FOR THE  
TIMBER LINE.**

There is a Santa Fe brakeman in Albuquerque today who has a bear story to tell. But the man who asks him if it takes the risk, singed and singed, it would be a pleasure to give the brakeman's name, but it wouldn't be safe, so the story will have to go without it.

Monday night when a belated section of a Red Ball freight got to the top of Glorieta pass, the head and brakeman trailed along in front to set a switch. The switch was about a quarter of a mile ahead of the engine as is often the case on a switch night. The brakeman footed it up the track to the switch swinging his lantern and stumbling over the slippery ties. He was so intent on his footing that he did not look up until within a few feet of the switch, then he swung his lantern and saw a sight that caused him to have chills. Sitting complacently beside the switch was a bear, estimated by the brakeman in his first report of the occurrence to be fully eight feet tall. The brakeman took one long soul-satisfying look and hiked. He didn't fall down going back, he made the quarter in forty-four flat. The conductor and the train and brakeman laughed at his story, but they went ahead with him, when they came within hailing distance of the switch the bear looked their way, and the rest of the story comes from the conductor's report. The report says that the bear took to the timber line and that owing to the exigencies of the schedule, the train crew didn't have time to give chase. The engineer, however, says that he recalls distinctly seeing an entire train crew hiking past his cab at a two-minute gait, and that the switch didn't get set until the engine had moved up to within a few feet of the spot.

Remember the football game on Traction park field Sunday afternoon, American Lumber company vs the Athletic club. The grounds will be roared.

Both Phones. Day or Night

## HISTORY OF RAILROADING IN THIS ONE TRAIN

**CURIOUS ANTIQUE TYPES OF PAS-  
SENGER CARS IN DEAD HEAD  
TRAIN YESTERDAY.**

Twenty-one cars of passenger equipment used by the Santa Fe in the recent heavy rush of tourist travel to the coast went through Albuquerque yesterday. The cars went as one train and a look at the cars was a broad lesson in the development of the American railroad in the past twenty years; development in point of safety, in speed and in comfort of the traveler. In this train was every type of sleeping car from the modern broad vestibule Pullman with its compartments and observation room, to the ancient sleeping car of ante-bellum days with its four wheel trucks, narrow entrance and narrower berths. Railroad men gathered in bunches to see the train, which was to the old times a resurrection. The equipment, they say, is not likely to be used again until the next batch of tourists causes a sleeping car famine.

## When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectation easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

## TWENTY-FOUR HOURS MORE STEADY RAINFALL

**NEW MEXICO SOAKED FROM END  
TO END BY LATEST STORM—  
SNOW IN MOUNTAINS.**

New Mexico is having one of the unusual fall seasons of which the oldest inhabitant is wont to tell. The present one, however, has the oldest inhabitant guessing and he declines to make any definite predictions for the rest of November after the very unusual beginning. November is usually a month of sunny days and cold nights, the best time of the year. Thus far it has been as wet and soggy as Boston and there is no indication of the end. Another twenty-four hours of steady and general rainfall ended at midnight last night, reports from all parts of central New Mexico showing the storm to have been widespread and uniform in point of precipitation. In the mountain districts there is a good deal of snow, our own Sandias being covered well down toward the mesa. Snow is reported from the neighborhood of the divide, and from the hill country of northern New Mexico.

## TUCSON, ARIZONA.

W. E. NEAL, Albuquerque, New Mexico.

My Dear Sir: Your letter, with notice, has just reached me. I was aware from my policy, that L. would be entitled to a "dividend" at this time, but I had no knowledge upon which to base an opinion as to the amount of the dividend. I certainly did not expect that it would be anywhere near the amount you mention (\$24.15 cash). This is nearly one-eighth of my annual premium, \$204.50. I am more than pleased with this showing. I inclose herewith check for \$204.50. The present dividend, and subsequent ones—unless otherwise instructed—will be left to purchase additional insurance. You know we have to protect the wife and babies, even if we have to go without a vacation ourselves.

I hope to have the pleasure of meeting you here soon.  
Very sincerely,  
W. V. WHITMORE.

Coats—All this year's styles, no left overs from last year. A whole table full of Misses' and Women's Coats. Values in this assortment up to \$15. Special at \$9.25.

## TIME HAS COME TO REPAIR STREETS OF ALBUQUERQUE

Deep Disgust With Downtown  
Sea of Mud.

ONCE A YEAR IS TOO  
OFTEN FOR THE NUISANCE

"Railroad avenue may not look like this but once a year, but once a year is once too often." If this remark was made once yesterday it was made a hundred times by business men and their patrons, property owners and tenants, people who had been wading ankle deep in the slime that coated the street from First to Twelfth with a brand of mud that sticks unto the end. Scarce a woman came onto Railroad avenue yesterday, unless absolutely necessary sent her there. It was a hard business for a man to ford the street in the business district, and as for a woman, she had no chance at all to escape unsoiled.

A few more days like yesterday and we will get up a pretty healthy street paving sentiment in Albuquerque. The business man who sees his business suffer because his patrons can't swim and do not like to wallow in mire, is pretty apt to favor it; the patron who has to wade to get what he wants or has to have, is likely to want it, and it is only the argument of our almost perpetual sunshine that will stop the sentiment which has received its first genuine forward push in the past week.

Against the ire of the disgusted populace and its demand for dry streets, or at least drained streets, the city government comes forward with the very convincing reply that it hasn't the money. The street department is doing its best. It is small and it has not a great deal of money to spend. The present Albuquerque street department has its hands full to keep the streets in good condition. When a rain comes and with it the inevitable sea of slime on the traveled streets, the street department is swamped. The best it can do is to provide an occasional crossing, and if it does that it has done well considering the resources at its command.

Albuquerque is noted throughout the southwest as the city with the best sidewalk system of any municipality of its size in the west. A few more days of wet weather and Albuquerque will be known as the city without a decent street crossing.

The question is, what to do about it. It is being busily discussed by Albuquerque business men and property owners these days. They realize that the time has come to do something and they realize also the limited means at command of the city government.

The first necessity is a drainage system and for this the work of the city council's sewer committee, now investigating a new sewer system, will have to be hastened out and go down into the subject of draining the streets of the lowlands.

It is generally recognized that the drainage problem will have to be overcome before anything else can be done. When this question is settled, it is expected by the city to begin to look as if Albuquerque will have to fall in line with all the rest of the growing cities of the country and accept of street grading as the property benefit.

It is true that Albuquerque has to contend with mud but once or twice a year, but once or twice is just that many times too often.

## HOUSECLEANING AT THE CITY HALL

VENERABLE OLD RUBBISH HEAP  
BEING CAREFULLY SWIFT FOR  
FEAR OF A COLLAPSE.

For the first time in many months the building at the corner of Second street and Tijeras road, known by everybody as the city hall, is being cleaned up. The work of house cleaning in the city hall is no cinch. The building hasn't been cleaned for some time and the opinion of the authorities of late has been that the building is worth cleaning. The work was completed yesterday by the rains of the past twenty-four hours.

The ceiling in the police court room sprung a leak. Dr. H. Lutz went the water on the deep piled dust on Judge Crawford's desk. The judge dodged the drops for awhile, but toward the end of the session the desk got muddy and the mud began to splash up on the record and into the judicial countenance until his honor lost his temper and suggested an adjournment to the adjacent street, which was a little less wet than the interior. Since it was impossible to stay in the building Chief McMillin suggested that it would be a good day to clean it out and as a result the janitor put in probably the most unpleasant day of his life.

The carpet in the council chamber came up first. Beneath it was gathered the dust and scrap paper of a decade and the janitor put on a nose guard early in the game. He suggested that it wasn't safe to sweep the cobwebs off the ceiling for fear the plastering would fall off, but the officers were relentless and taking his life in his hands he swept the walls. It has done the city hall good this November house cleaning, but the building is just about hopeless and the time is coming when it will be uninhabitable.

## COMMITTEE SUGGESTED TO CHOOSE FAIR OFFICERS

PLAN OUTLINED BY WHICH  
MEETING MONDAY NIGHT MAY  
REACH TANGIBLE RESULTS.

There is considerable discussion among business men of the mass meeting called for next Monday night at which it is expected to launch the business of the coming fair association and close the business of the old association. In view of the complications resulting from the previous meeting, it is pointed out on all sides that there may be trouble in the election of officers in a general meeting of the kind to be held and that the best way to reach a conclusion of the matter would be in the election by the mass meeting of a committee of perhaps fifteen members, composed of men in whom the subscribers have absolute confidence, these men to be entrusted with and to have full power to elect the officers and executive committee of the coming fair. The suggestion will probably be carried out in the meeting.

\$100 to \$200 FOR A  
50-FOOT LOT.

A Representative on the  
ground every Sunday  
Morning from 9 to 12

# GRASPING THE OPPORTUNITY

Trace down the biographical history of the wealthy men of our country and you will find at least 75 per cent began life as a poor boy. Go out and ask the first successful man you know what made him rich—He will repeat what we have said—GRASPING THE OPPORTUNITY. The poor man, or the young man today without means, has greater chances and finer opportunities of getting rich, than the boy or man had twenty years ago. An Eastern exchange, editorially stated on October 10th, the following:

"A man with a moderate salary, today, can make himself rich in ten years IF HE WILL NOW BUY CHEAP SUBURBAN LOTS IN ANY GROWING WESTERN CITY. If you can spare a few dollars each week or month, go into real estate on the instalment plan. The suburbs of today will be within four blocks of the business center in ten years."

We have 300 beautiful 50-foot lots in the EASTERN ADDITION—HIGHLANDS. The finest located residence property in the city. Fine drainage, pure water, no mud.

## BELIEVE HIM HUNING AVENUE ROBBER

POLICE ARREST BEN THOMAS IN  
CONNECTION WITH TRIPLE  
HOUSE BREAKING.

Ben Thomas, a pipe fitter, who has been in trouble with the police before, and whose trouble bill can be traced back to a too free indulgence in liquor, is under arrest for obtaining goods under false pretences, and the police believe that Thomas will be connected with the three robberies on Huning avenue last Sunday night. Thomas was arrested in Las Vegas several months ago for stealing a quantity of tools from the Standard Plumbing Co. of Albuquerque. He pleaded guilty and served out his time in the county jail. He was released not long ago and immediately returned to a too free indulgence in booze.

Recently Thomas has been doing odd jobs with a gang of wire workers and during his connection with them he went to the Skinner grocery store and obtained from \$10 to \$12 worth of groceries, which he had charged to one Gilliam, of the wire men. Gilliam has never given any orders for groceries and when the bill was presented to him he kicked. The result was a two days' chase after Thomas, and his ultimate arrest early yesterday afternoon.

For several reasons the police believe they will be able to connect Thomas with the robberies on Huning avenue. It is the opinion of Chief McMillin that Thomas' mind is affected and that he should be looked after by the police. His actions of late have all pointed to mental weakness. Thomas is held in the city jail pending further examination.

Unable to Identify Rivera.

Rafael Rivera was arrested early yesterday morning by Officer Salazar, charged with raising an American Lumber Co. pay check from \$22.50 to \$22.50 and cashing the check at the

L. Kempenich dry goods store. Rivera denies that he cashed the check, that he ever worked for the lumber company or that he ever dreamed of raising a check and the police are inclined to believe his story. Rivera was taken before Mr. Kempenich yesterday morning, but the merchant could not identify him as the man who had cashed the order. Rivera was again taken before Kempenich yesterday afternoon and the merchant again was not sure he had ever seen him before. In the face of this difficulty the officers released Rivera. They are now hunting for his brother, one of the gang of old town young men known to the police as the "dirty dozen," who they think have had something to do with the check.

Baca Located in Beet Fields.  
Young Leo Baca, of 509 South Third street, who left Albuquerque Saturday without notifying his parents of his destination, has been definitely located in the beet fields near Rocky Ford, Colo., where he was enticed by a labor agent with promises of big wages. The boy will probably be left to work in the fields until he tires of the job.

The Daily Jags.  
In police court yesterday morning Pat Coughlin was given five days in which to rid his system of the pernicious effects of an overdose of dope. Ed Covert, who alleged he was a blacksmith from "Little Old K. C.," was given a five-days' blacksmiling contract on the streets. W. C. Shelby and T. T. Shans were handed five in the cooler apiece for vagrancy and James Boland was released on the same charge after demonstrating to the satisfaction of the court that he was the owner of at least thirty cents and therefore not without visible means of support. James J. Kennedy and A. J. Coffman were released on their promise to vacate the city.

## THE REPUBLICAN COMMITTEE WILL MEET TOMORROW

Much Speculation as to Its Doings.

BODY MAY BE ASKED TO INDORSE OTERO FOR REAPPOINTMENT

The New Mexico republican committee will meet in Santa Fe tomorrow afternoon in response to the call issued by Chairman H. O. Bursum some days ago.

The purpose of the meeting has been generally understood to be for "consideration of the stand the committee will take on the question of statehood," which is popularly understood to mean a declaration by the majority of the committee against joint statehood with Arizona.

There is, however, quite a lot of speculation as to the real intent of the meeting, since rumors are thick of other action of considerable importance than any stand the majority of the committee will take, since a large majority of the committee are office holders, either federal or holding appointments under Governor Otero and are known to be in sympathy with the office holding clique who are opposing statehood with all their power.

That there will be a pretty strong minority of the committee who are in favor of joint statehood is also well known and it is expected that this minority will be heard from a resolution of the office holding portion of the committee against joint statehood is not regarded seriously by the friends of statehood for New Mexico, for the impression is too apparent to have any great influence either at home or in Washington.

The statehood matter therefore carries forth very little interest. The interest in the meeting centers in the stand the committee will take toward the present very embarrassing position of Delegate W. H. Andrews and on the matter of the governorship.

Of the first matter, it is rumored that the committee will endorse Andrews, that it will ask him for his resignation and that the governor already holds Andrews' resignation to be presented to the committee. None of these rumors are confirmed and the impression remains that the committee or its leaders do not know exactly where they are at on the Andrews matter.

It is definitely stated by well informed politicians that the committee will be called upon to consider a resolution endorsing Governor Miguel A. Otero for reappointment. That such a resolution might be passed through the committee is considered possible when the men on the committee holding office by the governor's appointment are considered. It is on this phase of the New Mexico situation that chief interest in the meeting centers.

It is interesting in view of the possibility of an effort to secure endorsement by the committee for Governor Otero, to know the personnel of the committee and their relations with the governor. The committee, in the position of those holding office under the governor indicated, is as follows:

Bernalillo County—W. S. Strickler no position; F. A. Hubbell, no position.  
Chaves County—E. A. Cahoon; J. M. Hervey, district attorney, appointed by the governor.  
Colfax County—J. Van Houten, J. P. Leahy, district attorney, appointed by the governor.

Doña Ana County—W. H. H. Llewellyn, United States attorney, H. H. Holt, district attorney, appointed by the governor.  
Eddy County—A. S. Pratt, irrigation board, L. O. Fuller, territorial board, both appointed by the governor.

Grant County—W. H. Newcomb, penitentiary board; R. M. Turner, district attorney. Both appointed by the governor.  
Lincoln County—G. W. Prichard, attorney general, appointed by the governor.

Leonard Wood County—M. C. de Baca; F. D. Morse.  
Luna County—J. W. Hannigan; T. A. Carr.  
McKinley County—S. Canavan; Gregory Page.

Mora County—Cristobal Sanchez; Juan Navarro.  
Otero County—W. D. Tipton, O. G. Cady.  
Quay County—E. A. Curran; W. F. Buchanan.

Roosevelt County—E. E. Lindsay, C. Leach.  
Rio Arriba County—V. Jaramillo, member equalization board; Alex Read, district attorney. Both appointed by the governor.

Sandoval County—E. A. Miera, E. M. Sandoval.  
San Juan County—C. V. Safford, traveling auditor; Granville Pendleton, immigration bureau. Both appointed by the governor.

San Miguel County—Secundino Romero, district clerk; J. S. Clark.  
Santa Fe County—E. C. Abbott, district attorney, appointed by the governor; J. E. Lacombe.

Sierra County—F. W. Winston, W. H. Bucher.  
Socorro County—H. O. Bursum, superintendent of penitentiary and chairman of committee; Elfigo Baca, district attorney. Both appointed by the governor.

Torrance County—William McIntosh.  
Union County—Charles Schlatter, sheep sanitary board, appointed by the governor; E. Gallegos.  
Valencia County—Carlos Baca; Solomon Luna.

Another Blissee Murder.  
Heated to a fury by whiskey, John Koukula Sunday evening furnished a knife in the Blissee saloon, in Blissee, threatened to kill several persons, finally did stab Isaac Niska in the shoulder, and then attempted to stab Abraham Juntola. The latter ran from Koukula, says the Blissee Review. The knife wielder pursued him until stopped by a bullet which Juntola fired from a .38-caliber revolver that he drew from his pocket as he stopped and faced the man running toward him. Juntola fired twice, but only one bullet took effect. It struck Koukula just over the heart, severed a main artery and caused death in a few minutes. After he was shot, Koukula staggered toward Juntola in a desperate effort to reach him, but fell before covering the distance.

The United States Now Fourth.  
It is interesting to learn that through the battle in the Sea of Japan the United States has been raised to fourth place among naval powers, while Russia has been reduced to seventh. It is also interesting to every sick man and woman to learn that through Hostetter's Stomach Bitters they can be restored to robust health. At least this has been the experience of hundreds of others and there is no reason why it should not benefit you, also. Commence taking it today and you'll be surprised at the wonderful amount of good it will do you. For those who are weak, nervous, sleepless or suffer from sick headache, poor appetite, vomiting indigestion, dyspepsia, constipation, biliousness, female troubles or malarial fever the Bitters is especially recommended. Try it today and be convinced.

New Blank Books.  
To be opened the first of the year should be ordered now so they will be thoroughly seasoned before using. Made in all shape and sizes, with special rulings to order. Mitchell & Lithgow, book binders, at the Journal office.

JUST A WORD  
—in regard to some news about—  
BEDDING

WE KNOW from experience that the best way to introduce a new line is to give bargain prices—that low prices combined with high quality is the best advertisement it's possible to have. We have made prices for this week on Sheets and Casings, Bed Spreads, Blankets and Comforts that will spread far and wide the news of what a complete stock of all these things we have—that our prices are lower than ever and qualities the best. These first early fall nights have reminded you of your need for heavier bed coverings—all these things are fresh and new—just opened up for the fall trade—prices are lower than they will be after this introductory sale. Don't these reasons impress it upon you that it is time to buy—to buy this week?

## CLAUDE DOANE'S CASE COMING UP IN MCKINLEY COUNTY

### Man Charged With Ramah Murder Nearing Trial.

#### REPORTED THAT HE WILL PLEAD GUILTY TO CHARGE

Jurors were drawn in the court house yesterday morning in the presence of Judge Abbott, for the coming term of the United States and territorial court in McKinley county, which will convene in Gallup next week. The jury venues have been placed in the hands of the officers for service.

The only case of general interest to come before the McKinley county court is that of Claude Doane, the desperado who is charged with the murder of Walter Lyon, a school teacher, near Ramah, N. M., on the western boundary, the latter part of last June. The territory has a very strong case against Doane and it is stated that he will plead guilty and ask for the life sentence, although this is not confirmed in any authoritative quarter.

The crime was a peculiarly brutal one. Lyons who had been employed in eastern Arizona as a school teacher, started east overland with his wife's savings in his pockets for Albuquerque. He was going for a summer vacation and found two companions, a white man and a driver, alleged to have been a Mexican. Doane has been all but positively identified as Lyons' companion, with whom he was last seen by the people of Ramah. The driver is alleged to have been one of two men who drove into Albuquerque with Doane a week later. A few days after his departure from Ramah the body of Lyons was found in the open country, the marks of a wagon near by. The pockets had been rifled and nothing of value had been left on the body. Doane, who had been out of the penitentiary but a few months, was traced to Albuquerque by the McKinley county officers. For three weeks the man played hide and seek with the officers in this county, hiding in the various river villages north and south, and driving off cattle and horses with a daring that took the officers' breath.

At last the situation got too warm for him and with Jose Baca, one of the hardest cross country riders on record, the men who took Doane were Deputy United States Marshal Fred Farnoff and Ben Williams, of the Santa Fe secret service.

It was on this trip through to northern New Mexico that Governor Otero became alarmed for the safety of his son, Miguel, and gave out a statement to the effect that he had discovered a plot laid by Doane to kidnap his child. If the identification of Doane by the Ramah people is as definite as has been stated, the case against him is almost certain. It was stated sometime ago that he would try to shift the crime to the Ramah people, but it is hardly believed that this course will be attempted by the defense.

Judge Abbott continues the hearing of civil cases in chambers. The day yesterday was taken up for the most part with the argument of a motion for a new trial in the case of Chaves vs. Torline in which judgment has been recovered by the plaintiff.

### NERVY FORGER JAILED IN DEFAULT OF BOND

#### HENDERSON ALIAS ROWAN TAKEN TO TOMBSTONE UNDER HEAVY GUARD.

Handcuffed to Constable Jack White with Mariah Snodgrass seated in front of him, G. L. Henderson, alias O. Marks, alias Emil Rowan, was a passenger for Tombstone last evening to go to jail in default of \$5,000 bond for his appearance before the grand jury to answer to two charges of bank draft forgery under which he was found guilty in the court of Justice McDonald in this city yesterday, says the Bisbee Review. One of the charges was due to the attempt made by Henderson to pass a bogus draft at the Merchants and Merchants bank, and the other to cashing a forged draft at the First National of Douglas.

Justice McDonald yesterday closed the papers in the case of Rowan and got them off to Tombstone. This promptness will probably result in the forger being brought before the present grand jury.

Richard P. Hayes was before Justice McDonald yesterday, and with his consent postponement of hearing was again made until Wednesday at 1 o'clock. Occasion for postponement was the fact that Detective Riley, who arrived here Sunday and has since been the guest of his brother, E. G. Riley, will not until Wednesday have the requisition papers from the state of New York that he needs before he can take Hayes back.

Detective Riley stated yesterday that Hayes was wanted at this time in New York for the embezzlement of \$1,800, and of \$100,000, as the man claimed. However, Hayes is considered a dangerous criminal by the New York police. Embezzlement is his specialty.

#### Took Carbolic Acid.

Mrs. John Scott, of Upper Tombstone canyon, had a narrow escape from death on Sunday evening, shortly after 6 p. m., when she took a dose of medicine from the wrong bottle, and by mistake swallowed a teaspoonful of diluted carbolic acid, says the Bisbee Review.

Mrs. Scott was unconscious for several hours but further than this no ill effects were experienced.

The unconscious body of the woman was discovered lying partly across the bed by her little brother who came on an errand from her father's house who lives only a short distance away. He ran from the house down the street crying that his sister was dead and had killed herself. The news spread through the neighborhood that Mrs. Scott had committed suicide, but later this story was proven incorrect. The father of Mrs. Scott, Mr. Charles W. Blackburn, met his boy coming home with the news and hurried at once to the Scott residence. There he found his daughter lying on the bed, with the spoon still clutched in her right hand, her mouth set, and to all appearances life was extinct. The father dispatched a neighbor for a doctor and set to work to afford what temporary relief he could.

Cheapest Disinfectant  
Hahn's Eureka Lysol. Effective and safe.

## TERRITORIALISMS

Globe has a carpenters' union with over ninety members.

The Morenci Leader has installed in its office a new Simplex typesetting machine.

Subscriptions are being taken in Benson for the building of a Presbyterian church.

The Baptists of Globe are preparing to erect a church edifice in which to hold their services.

The combined payrolls of the mines adjacent to Bisbee amount to from \$350,000 to \$400,000 per month.

Mrs. Harriet Kirlew, wife of Josiah Kirlew, died last Friday in Tombstone where she had resided for the past twenty-four years.

The lodge of Odd Fellows of Prescott will give a pioneer ball on the 17th. Those attending are supposed to dress as in the days of '49.

Booze Was His Finish.

John Byron, a section foreman at Bisbee, looked once too often on the wine while it was red, and while intoxicated, dropped dead in a saloon in Bisbee.

Dam Incidents.

A telephone line from Yuma to the Laguna damsite has been completed. A new barge, 16x70 feet, has also been built to aid the steamers St. Valliere and Cochran in transporting material and supplies to the dam site from Yuma.

Must Have Hit Something.

Charles Hoyt, night watchman for the Consolidated company at Tombstone, exchanged shots with some prowlers with apparently serious results, for while he was unable to find the prowlers, he discovered the hat and bloody handkerchief of one of them.

Election in Tucson.

The Bisbee Review makes this observation: "Tucson is getting ready for a city campaign, the city election in the Old Pueblo coming in December. The democrats in Tucson won a great victory last year when they pledged the abolition of gambling. The democrats have kept faith with the people and given the city a clean administration. With a good ticket now another complete democratic victory should be secured."

Rush for Artesian Belt.

The discovery of artesian water near Douglas, Arizona, has caused a rush of settlers into the Sulphur Springs valley of Cochise county, where a dozen home-

steads are now being taken up every day. A stretch of country eight miles in length has been filed on during the last week. The soil of the valley is rich, but has never been tilled on account of lack of water. The artesian wells will place all of the lower valley within the tillable area, and it is predicted that the discovery will result in building up a large and rich agricultural section in that part of Cochise county.

John Lassoed the Bear.

John Bozarth, the well known catfisherman from the Camp Verde country, had a rather lively experience with a bear near Loco creek about ten days ago. While on a rodeo he sighted a bear and gave chase, says the Prescott Journal-Miner.

After running him a considerable distance the bear showed fight, and cut a gash in the flank of his horse about four inches in length. He threw his rifle, which landed around the neck of the bear, and had him choked to death in short order. He states that a bear is just as easily choked with a rope as a steer, especially when the bear is fat.

It weighed 800 pounds and was of the silver tip variety. Loco creek is situated about midway between Camp Wood and the Santa Maria river. This is the largest bear seen in that locality for a number of years. Mr. Bozarth was unarmed, and had to depend on his rope and his horse entirely in the struggle.

## SUN MAY RECLAIM THE ARID LANDS

### EXPERIMENTS WITH SOLAR MOTORS NEAR NEEDLES WATCHED WITH INTEREST.

Needles, Cal., Nov. 8.—The Sun Motor Power Co. will replace their machinery with heavier material as the present material is not strong enough to stand the pressure of the work. The principle involved is very simple and is an old German idea. There are a number of glass covered frames resembling hot beds for forcing plants. The interior of these frames is filled with pipes which contains a chemical fluid called thermal. The heat drawn from the sun through the glass converts this fluid into gas, which operates a gas engine. The gas is then run through a condenser which is a coil of pipe that is covered with flowing water at as low a temperature as is possible to obtain. The fluid is then pumped back to the pipes and is used over time after time, except for the waste of leakage. One charging of thermal would be sufficient to keep the plant in running shape practically forever. The difference in temperature between the glass frames and the condenser gives the plant its power. On a hot day both the glass frames

## How Many Birthdays?

You must have had 60 at least! What? Only 40? Then it must be your gray hair. Ayer's Hair Vigor stops these frequent birthdays. It gives all the early, deep, rich color to gray hair, checks falling hair, and keeps the scalp healthy. J. C. Ayer & Co., Lowell, Mass.

## Shopping at Night

The night shoppers will soon be out in full force—the holiday season is almost here and you should be prepared to attract shoppers to your place of business. You can do this if you use an ELECTRIC SIGN or window outlining. If all business houses

## Use Lights

do you know scores and hundreds of people would come down town at night, where they stay at home now.

### WHY?

Because the streets would be attractive. Let the people come down and they will spend money. This fact has been demonstrated in a hundred cities. It can be demonstrated in our city. Let's talk it over.

The Albuquerque Gas, Electric Light and Power Company

BETWEEN  
SECOND AND THIRD STREETS

## The Store of Reliability

Cold weather is a little late this year, but it is coming, and when it does it will be mighty sudden in its action—now is the time to prepare for that suddenness.

## THE GLOBE STORE

anticipating a certain and decided change to lower temperature, is prepared to furnish customers with anything and everything wanted in winter DRESS GOODS, UNDERWEAR, HOSIERY and SHOES. Every article in The Globe Store is new—no last year's styles or job lots or "special priced" stuff on the shelves. Goods bought in The Globe Store are guaranteed absolutely correct in style, quality and price, or purchase money refunded. In other words, The Globe Store is the store of reliability in every particular—underhanded methods or misrepresentation have no place; neither have old styles or "special sale" fakes. Perhaps a few of our regular prices will prove convincing and interesting.

### Ladies' & Children's Underwear

Ladies' Oneita Union Suits; seamless; two-thirds wool; fleeced; goods that are priced in other stores at \$2.50 the suit. Our Price.....\$1.75  
Ladies' All-Wool Stratford Union Suits; seamless; silk edged; beautifully finished; same quality sold at other stores for \$3.50 and \$4.00. Our Price.....\$2.50  
Ladies' All-Wool, Two-piece Suits; ribbed; soft, smooth and very warm; sold at \$4.00 per suit in other stores. Our Price.....\$3.00  
Misses' Oneita Union Suits, all grades, from 60 cents to \$1.25 per suit. These goods cannot be duplicated in the city or less than 20 per cent more than our prices.

### We Have the Exclusive Sale of Mentor Comfort Underwear

which fit perfectly, wear indefinitely, and is guaranteed satisfactory in every particular. Our sizes never vary. Can be boiled—never shrinks—carries off excessive perspiration and prevents catching cold. Never irritates the skin—no wrinkles and is tastefully trimmed and finished. If not satisfactory in every particular bring it back and your money will be refunded without question.

In Union and Two-piece Suits for Ladies and Children our prices on Mentor Underwear—the superior kind—are less than those asked for inferior qualities by other dealers. This is a broad statement, but a visit to our Underwear Department will convince as to the truth of it.

### Ladies' & Children's Hosiery

No better goods in this line are being shown than our stock. We carry no seconds, nor dyed-rotted hose, and, no matter what the quality is, will cheerfully refund the purchase price to dissatisfied purchasers. Or, to state it in another way: Every pair of hose sold in The Globe Store are honest goods, worth every cent asked for them, and we do not hesitate to place a money guarantee back of them. A few prices:

Children's Hose, per pair.....35c to 10c  
Misses' Hose, per pair.....35c to 15c  
Boys' Heavy Ribbed School Hose, per pair.....25c to 15c  
Ladies' Hose, per pair.....75c to 15c

In Knitted Skirts for Ladies and Children, Children's Hoods and Jackets, Leggings for Ladies and Children, and Gloves and Mittens, we have the best selected stock in the city. Our prices on these goods are much below the faked "special prices" quoted by other dealers in the city, while the quality is in keeping with the high standard of all Globe Store goods.

## We Wish to Call Special Attention to Our Gentle- men's Furnishings & Hats

In this department we are showing the newest and most stylish articles. Fashion decrees that well-dressed men must wear white shirts—either soft pleated bosoms, or plain stiff front. In White Shirts we can please every taste—coat front if wanted—at prices ranging from \$1.00 to \$3.00. Our \$1.00 White Shirt cannot be equalled in Albuquerque for less \$1.50. In Colored Shirts—coat front if wanted—our prices range from 50c to \$3.00, and the materials and make are the best money can buy. Styles absolutely correct.

### Men's Underwear

In both Union and two-piece suits—cotton, cotton and wool, silk and wool, and all wool, from 70c to \$6.00 per suit. Every quality the best money can buy at the price, while the margin of profit is the smallest ever asked in Albuquerque—Satisfaction or your money back.

### Men's Hats & Caps

All the latest shapes in Soft, Derby, and Silk Hats, and a choice selection of Caps are on our shelves—nothing old, nothing shop-worn. It will pay every man in the city to see our line of these goods before buying—if you don't buy, new ideas as to styles and qualities will be gained, which will guide when the purchase is made.

### To Sum the Whole Matter Up in a Few Words—

## The Globe Store

IS THE PLACE FOR RELIABLE DRY GOODS, LADIES' AND GENTLEMEN'S FURNISHINGS AND SHOES, WHERE BUT ONE PRICE IS ASKED EACH AND EVERY CUSTOMER; WHERE GOODS ARE SOLD ON THEIR MERIT AND QUALITY; WHERE "JOB LOTS" AND "SPECIAL SALES" STUFF ARE NEVER BOUGHT OR OFFERED FOR SALE.

## AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1936. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the Jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

H. E. FOX, New Mexico's Leading Jeweler

## LOCAL ITEMS OF INTEREST

## THE WEATHER.

## Forecast:

Washington, Nov. 8.—New Mexico and Arizona: Showers in south, rain or snow in the north portion Thursday and Friday.

R. P. Hall left last night for Hollywood, California.

F. La Goria, of Gallup, came in from the Carbon city yesterday.

Dr. J. C. Conner is suffering from a well developed case of typhoid fever.

William Jenks returned yesterday from an extended stay on his ranch at Bolen.

W. A. Brown, the Cerrillos mining man, was in the city on business matters yesterday.

The Red Men of Albuquerque will give a dance tonight in their hall on West Gold avenue.

Mr. and Mrs. A. H. Parnale, of Elizabeth, N. J., were guests at the Alvarado yesterday.

Dr. Nathan E. Boyd, of Las Cruces, was in the city last night, returning home from a visit in Las Vegas.

The Ladies Aid society of the Presbyterian church will meet Thursday afternoon at 2:30 o'clock with Mrs. R. W. D. Bryan.

Judge Frank W. Parker, of the Third Judicial district, was in the city from Las Cruces attending to legal matters yesterday.

Ralph W. Vandewart arrived in the city from Arizona yesterday morning to visit his father, A. Vandewart, the well known Boston wool buyer.

There will be a regular, business meeting of the Ladies Aid society this afternoon in the church parlors of the Congregational church at 3 o'clock.

Regular consultation of Rio Grande Chapter No. 4, B. A. L., Thursday evening, Nov. 9th at 7:30 p. m. by order of High Priest J. C. Fergen, secretary.

Attorney J. G. Fitch, of Socorro, returned home last night accompanied by his wife and daughter, who have been visiting friends here.

George Saint, who has been connected with the engineering department of the Albuquerque Eastern railway, will leave in a few days to assume a position with the Burlington route.

Hon. P. M. Jones, former commissioner of Indian affairs and well known throughout the southwest, was in the city last night on his way to Arizona, where he is called on private business.

The ladies of the Albuquerque Woman's club are to appear in comedy in Elks' theater on or about December first. Some of the cleverest of local talent has been enlisted in the play and a first class entertainment is promised.

President Luther Foster of the Agricultural college at Mesilla park was in the city yesterday having come to join President T. H. of the University on the trip to Washington to attend the conference of heads of state educational institutions.

C. A. Whitte, the Baton Jeweler who is part owner of the Rosebud mine in Socorro county, was in the city yesterday morning on his way home from a business trip to El Paso. He reports the sale of the Rosebud property as being partly completed.

E. W. Loomis, who was severely injured in a runaway while en route from Mountain to Willard on the Belton cut-off, was in the city yesterday on his way to Las Vegas where he will remain with his friend, Conductor L. E. Cunningham, of the Santa Fe, until he recovers from his injuries.

The Red Men of the city are preparing to have one of the pleasantest social functions in their history in the form of the second annual ball of the local lodge which will be held this evening at the hall on Gold avenue. There will be twenty dances with four extras and a splendid time is anticipated.

The Ladies Aid Society of the Immaculate Conception church gave a very enjoyable card party in St. Mary's hall Tuesday night, the company being quite a large one. Mrs. Felix Baca was the winner of the ladies' trophy, a very handsome handpainted berry dish, while Mr. Martin Ryan was the winner of the gentlemen's prize.

At 2:30 o'clock this afternoon at the chapel of A. Borders will be held the funeral services of the late Irvin C. Nelson, 21 years of age, who died Monday at Camp Huron. The services will be conducted by Rev. J. C. Collins, assisted by Rev. J. R. Hammond. The

## CHARITIES COMMITTEE

## WILL MEET TODAY

SUBSCRIPTION COMMITTEE TO HOLD FIRST SESSION AT HOME OF MRS. D. H. CARNS.

The subscription committee of the newly organized Associated Charities will hold its first meeting this afternoon at 1:45 o'clock at the home of Mrs. D. H. Carns, corner of Gold avenue and Sixth street. The chairman of the committee last night requested all ministers who have not yet appointed two ladies to serve on the committee, as requested at the organization meeting to do so at once and instruct them to attend the meeting this afternoon which will be important.

## A NEW KINK IN "FRAT" INITIATION

Members, Horton, Smith and Donahy, of the High School, who are now undergoing the process of initiation into the High School fraternity, conducted the audience in the Elks' theater last night by going through one of their stunts during the performance of "Dr. Jekyll and Mr. Hyde."

One of the young gentlemen occupied a seat in the center of the hall and the other two sat in opposite boxes.

Without warning one of the young hopefuls arose in his box and said in a voice clearly audible over the theater, "I don't like this show, I'm afraid of Mr. Hyde."

"Yes, and mother doesn't know we're out either," rejoined the man in the box in loud and distinct tones.

"Well, let's go home," put in the man in the other box. Whereupon while the astonished audience got its breath the young neophytes arose in a dignified manner and left the house.

All Aboard! Conductors, before leaving on your next trip, get a full leather cover for your train book at the Mitchell & Lithgow bindery with the Journal.

FEES ICE CREAM AT WALTON'S.

## Save 40 Per Cent

## of Your Coal Bill

The Wilson Heater with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitute 40 per cent of the entire heating power of the fuel. Buy a Wilson and get all the heat you are paying for.
