## EXPECTED MASSACRE IS A MYTH

St. Petersburg Is Spared a "St. Bartholomew."

"HATRED MAKES MEN WILD BEASTS" SAYS ENCYCLICAL

Count Witte Enlists Aid of Church in Effort to Pacify Country—Solemn Warning To Be Read in Churches Today.

St. Petersburg, Nov. 11.—The groundless nature of the alarmist reports that a St. Bartholomew massacre would take place last night was demonstrated when the hours passed without the slightest development of mob spirit.

Prince Lavoff, the Moscow Zemstvoist and one of the leaders of the constitutional democrats, has issued a reassuring announcement declaring that the rumors of organized "Black Hundreds" were almost entirely mythical. In an effort to pacify the country and end the fratricidal strife, Count Witte has enlisted the aid of the church, and the Holy Synod, which is now under direction of Prince Alexis Obolensky, has issued an encyclical which will be read in all churches of the empire in place of the usual Sunday sermon. It reminds Russians that wrath and hatred often change the nature of men and make them like wild beasts, forget the laws of humanity and commit crimes causing eternal remorse.

### MILITARY COUP HAS BEEN DECIDED ON

London, Nov. 11.—The St. Petersburg correspondent of the Daily Mail says that a military coup has been decided upon. The officers of several well known regiments have definitely signified their adherence to the constitutionalists' movement. The people's next ultimatum to the autocracy will find the bulk of the army at least passive. More officers of the guards have been arrested today for conspiracy against the autocracy. The disaffection in the Black Sea and Baltic fleets is spreading alarmingly. The officers almost openly declare against the present regime. The necessity for eventually totally disbanding the navy is feared. The magazines of the ships have been emptied, as a measure of precaution. The army's recent stability has been officially attributed to its loyalty to the czar. The newspaper, *Svo Otkrytiya*, proves that the officers and men in St. Petersburg have been secured by increased pay, ranging from 100 to 3,000 per cent.

The Russian government, which administered the funds collected for the relief of the victims of the massacres in 1882 and 1891, has appealed for funds to assist the sufferers by the present outrages. It announces the receipt of American contributions including \$50,000 from Jacob H. Schiff of New York. The Rothschilds have also given \$50,000.

The St. Petersburg correspondent of the Daily Mail asserts that Count Witte has been compelled to abandon his efforts to form a cabinet composed solely of Liberals and Reformists, and to fall back on experienced officials. The first duty will be to extinguish the revolutionary conflagration by cashiering all those officers who by connivance or otherwise are responsible for the recent outrages and massacres.

 Omaha, Nov. 11.—The trial of Pat Crowe has been set for Monday, December 11th. It will be held in the charge of shooting with intent to kill Officer Jackson, who attempted to arrest a man on South Sixteenth street, alleged to have been Crowe.

### THE CONSULAR SERVICE

**Conference With Secretary Root Over Plans for Improvement.**  
 Washington, Nov. 11.—Mr. E. Allen Frost, the general counsel, and Mr. Austin A. Burdham, the general secretary, of the National Business League of Chicago, have had an extended conference with Secretary Root during which plans for the permanent improvement of the consular service were discussed. The interview was in every way satisfactory. Mr. Root expressed himself as in perfect accord with the efforts of the league to secure the reorganization of the service along the lines of the proposed bill announced by the league some time ago, including the payment of all consular fees into the treasury and the substitution of salaries as compensation for consuls, classification of consuls, consular agents and clerks, with promotion based on proven efficiency, requirement of them a knowledge of French, German, Spanish or Chinese language and comprehensive knowledge of the resources of the United States, and the elimination of politics.

### Back From Fever City.

Port Stanton, N. M., Nov. 11.—Past Assistant Surgeon Joseph B. Greene and Assistant Surgeon W. R. Elbert, who have been engaged with the marine hospital service in the suppression of the yellow fever epidemic in New Orleans, have returned to duty here, their services being no longer required at New Orleans.

### Mixed Up in Hold-Up.

Seattle, Nov. 11.—Peter McBride, a bridge carpenter living at Ballard formerly a foreman in the Great Northern tunnel construction here and an experienced powder man, was arrested last night by the Ballard police and railroad detectives on suspicion of complicity in the Great Northern hold-up north of Ballard on October 2. Indiscreet remarks by McBride led to his arrest. He is charged with having stated that he could locate the man who committed the crime if promised a share of the reward and immunity from punishment.

## MORE SENSATIONS COMING IN ENTERPRISE BANK CASE

Attorney John Marron for Depositors Says Mystery Is All Cleared Up and Criminal Proceedings Will Be Brought at Once.

Pittsburg, Pa., Nov. 11.—Attorney John Marron, representing the depositors of the Enterprise National bank of Allegheny, said today that criminal action will be taken against certain persons connected with the bank's failure within seventy-two hours. He said that much of the seeming mystery surrounding the failure had been cleared up and that it would be only a short time until the public was given the facts.

### MARRON REFUSES TO VOUCHSAFE ANY DETAILS

Pittsburg, Pa., Nov. 11.—Asked for particulars regarding the seizure of the Enterprise National bank, Marron refused to vouchsafe further information. He was asked if the revelations would further affect Mr. Anderson, but declined point blank to give any names or any hint of what new facts regarding the tragedy would be made public. It is understood, however, that criminal proceedings will be instituted against a number of prominent Pennsylvania politicians and others who have figured prominently in the dispatches since the failure of the bank.

### DEPUTY SHERIFFS MUST OBEY THE LAW

NO RIGHT TO TIE GUNS EXCEPT WHEN IN ACTUAL PURSUIT OF DANGEROUS CRIMINALS.  
 Sheriff Perfecto Arriola has expressed himself as entirely opposed to the practice made by certain deputy sheriffs of carrying concealed weapons. The sheriff says that he has given no deputy permission to carry a "gun" at all times, and that he will not do so. In view of this statement the deputy Johnson, who has appealed from the decision of Judge Crawford fining him \$50, to the district court, is likely to avail him nothing.

Johnson, it appears, was appointed a deputy sheriff on request of Joe Badaracco and others on North Third street, and made his headquarters in Badaracco's saloon. He went to a considerable extent following Judge Crawford's decision, and when the "gun" was returned to him yesterday by Chief McMullin, he promised to take it home and leave it there.

The law does not look with any favor on the practice of carrying concealed weapons by deputy sheriffs, anyone else, and the deputies are allowed to carry them only when absolutely necessary for the preservation of peace or the pursuit of dangerous sections of this act.

The paragraph in the statutes regulating this matter is as follows: "Sheriffs and constables of the various counties, and marshals and police of the various cities and towns in this territory and their lawfully appointed deputies, may carry weapons when in the actual charge or pursuit of a person charged with any offense against the laws of the territory in the legal discharge of the duties of their respective offices or when such carrying may be deemed necessary for the public safety, but not otherwise, and it shall be for the court or jury to decide whether such carrying or using of weapons by an officer was necessary or not, and for an improper carrying or using of deadly weapons by an officer, he shall be punished as other persons are punished for the violation of the provisions of the preceding sections of this act."

It has been the practice in certain cases, on the part of deputies who desire to carry weapons, to seek to evade the law by carrying weapons in the name of the faithful "John Doe." This has been held by the courts to be no excuse, and a number of deputies have been fined in the past for carrying concealed weapons. In spite of the presence of the John Doe warrant, it is a practice that is very likely to be discouraged in Bernalillo county.

### Troops Leave for Honolulu.

San Francisco, Cal., Nov. 11.—Companies I and K of the Tenth Infantry arrived in this city from Portland last evening and will take the transport sailing on the 25th instant for Honolulu, where they will be stationed. These companies have been on duty at the Portland exposition for some time and were ordered to sail for Honolulu December 5, but owing to the change in the transport service the order was changed to November 25.

## SALT LAKE VOTE DEATH BLOW TO REED SMOOT'S HOPES

Believed To Be Cause of Gentile Victory.

### SMOOT'S CHURCH MAY PREFER SERIOUS CHARGES

Salt Lake City, Utah, Nov. 11.—Senator Reed Smoot's political fortunes are believed to have received a death blow in the Salt Lake City election, which resulted in a victory for the Gentile ticket. The republican ticket, supported by Smoot, is a hard third, although the republicans carried the city last fall by pluralities of more than 2,000 on local candidates out of a vote of 23,000.

The Gentile victory is attributed solely to Smoot's activity in the campaign, during which he alienated hundreds of Mormons and practically all the Gentile republicans of the city. The Mormon church has been in a bitter quarrel with his fellow apostle, Charles W. Penrose, and has openly accused Penrose of perversion. The quarrel came as a result of the publication of an official announcement in the *Deseret News*, the church organ, of which Penrose is editor.

### NEW SCHOOL DISTRICT IN LOS GRIEGOS PRECINCT

County School Superintendent A. B. Stroup has approved a petition from a part of the people of the Los Griegos school district for the division of the district. The Griegos school district has up to this time been the same as the precinct, one of the large ones of the county, and finds them more than willing to co-operate with him in smoothing out the kinks in the county system. The people are taking great interest in the schools, something that has not been evidenced for years past and the result is beginning to show in increased attendance and greater interest on the part of the school directors.

### NAVE SUCCEEDS TO ARIZONA JUDGESHIP

ARIZONA MAN FINALLY LANDS IN PLACE JUDGE JESSEN DID NOT WANT.

Following the declaration of the judgeship in Arizona by Judge Paul Jessen of Nebraska the president has appointed Frederick S. Nave, of Tucson, to the place made vacant by the retirement of Judge Tucker some weeks ago. J. L. B. Alexander has been appointed United States attorney for Arizona. Mr. Nave has been United States attorney for Arizona for several years. He has been a resident of the territory for eight years. Washington dispatches of recent date also announce that the president has decided to appoint Captain Frank Frantz to succeed Thomas F. Ferguson as governor of Oklahoma. Captain Frantz was a member of the Rough Rider regiment and has been appointed successively by the president as postmaster at Enid and Indian agent for the Osage nation.

### TALKS ON POSSIBILITIES OF CHINESE-AMERICAN COMMERCE

Minister Intimates That Treatment of Chinese by Customs Officials Was Sole Cause—More Bad Feeling.

Chicago, Nov. 11.—At the banquet of the Chicago Merchants' club tonight Sir Chentung Liang Cheng, Chinese minister, was the guest of honor and delivered the principal address of the evening. He chose for the subject for his speech, "Commercial possibilities between the United States and China."

The speaker while addressing his hearers in the most courteous manner and frequently evoking their applause, laid indirectly at the door of the United States itself the responsibility for the boycott recently instituted in China against American goods. He asserted that the numerous cases of hardship and unjust treatment which had been imposed by over-zealous American officials upon Chinese of the exempt classes had so worked upon the feelings of the Chinese nation that the respectable boycott had followed. Sir Chentung was heard with the greatest interest by the large number of business men who were around the banquet board and his address was loudly applauded.

### ANTI-AMERICAN FEELING GROWING MORE INTENSE

Hong Kong, Nov. 11.—Advice from Canton says that the anti-American feeling there is growing more intense. A lady has been spat upon in a street and the American consul, Julius G. Lay, has received an anonymous letter threatening his life if the imprisoned boycotters of American goods are not released. The consul has written to the viceroys asking him to prohibit an anti-American mass meeting which is proposed to hold in Canton, but the viceroys apparently is indifferent.

### MOVEMENT TO OVERTHROW THE CHINESE DYNASTY

Victoria, B. C., Nov. 11.—Telegrams from Peking to Japanese papers say movements to overthrow the present Chinese dynasty are developing with incredible rapidity. A Shanghai paper says a similar exists in Peking. The Chinese authorities will be represented by the Taotai.

### Petrel Stays Out of Commission.

Vallejo, Nov. 11.—Dispatches have reached the yard from the department of the navy stating that the gunboat *Petrel* is not to be placed in commission. The several surveys which were forwarded to Washington some time ago stating that the ship would cost \$29,000 to repair the ship were not looked upon favorably. The navy department had thought it expedient to place the *Princeton* out of commission and in charge of the *Petrel* was kept in commission and only necessary work which will keep the *Petrel* from deterioration will be done.

### Suspended for Eighteen Months.

San Francisco, Nov. 11.—Eighteen months suspension of license was the penalty imposed by United States Local Inspectors Hefley and Butler upon Captain C. Randall and Third Mate William Holmes for wrecking the steamship *St. Paul* near Point Gorda, on the California coast, October 5, 1905.

## NEW WORK ELECTION A FARCE

Inspectors Were Grossly Ignorant and Incompetent.

### TAKES CORPS OF ATTORNEYS TO HANDLE MASS OF CASES

Batch of Evidence to Go to Grand Jury Next Week Which Will Make McClellan's Prospects Very Bad.

New York, Nov. 11.—Attorney General Mayer announced tonight that cases of illegal acts in the recent election had been reported to both his and Superintendent Morgan's office in such number that he had appointed Jay S. Dwyer, of Brooklyn, and James S. Lehman, of New York, as special deputy attorneys general to assist the regular staff in the investigation and prosecution of the election cases reported. Neither the attorney general nor Superintendent Morgan would discuss the situation tonight. It was learned, however, that as a result of the investigation evidence had been procured which would be taken to the grand jury next week.

The investigation so far has resulted in revelations of the most sensational character as to the ignorance and incompetency of the election inspectors. It is the opinion of all state officials that the irregularities developed were not so much of fraud as of pure and simple ignorance. It was learned today that the ballot box found in the harbor area in the Twenty-First Assembly District was only for mutilated ballots, and the report of the canvass shows that ten defective ballots were recorded, the same number as were found in the box. Another similar box was found today at a polling place on West Thirty-Eighth street.

### SITUATION CLEARING UP IN OHIO

Columbus, Ohio, Nov. 11.—Today's developments have cleared up the post-election situation in Ohio considerably. Practically complete returns in the entire state ticket show all the republican candidates except for governor have been elected by substantial pluralities. The figures given out by Chairman Dick show a range from 27,000 plurality on lieutenant governor to 29,000 on state treasurer. Leads Hark, democratic candidate for lieutenant governor, before leaving for his home at Mount Vernon tonight, admitted his defeat. Chairman Garber, of the Democratic state committee, was expected to give out a statement tonight but did not.

Both parties continue to claim a majority in both branches of the legislature. The majority in either branch will be very small, probably not more than two or three for the party that controls.

### HOW HENEY KNEW ABE RUEF WAS A GRAFTER

TELLS SAN FRANCISCO GRAND JURY IT WAS ALL HEARSAY.

San Francisco, Nov. 11.—Francis J. Heney appeared before the grand jury yesterday in answer to a subpoena issued by District Attorney Byington. After being questioned by the jurors for about ten minutes he was permitted to go. He took the 11 o'clock train for the city.

Heney was questioned as to what sort of evidence he had to support the charges he made against Attorney A. Ruef, at Mechanics' pavilion last Saturday night. On that occasion Mr. Heney said: "I personally know that Ruef is corrupt."

The following statement was made to the grand jury by Mr. Heney: "I have no facts to submit. I know nothing of my own personal knowledge that will connect Mr. Ruef with any crime or graft. My information upon which I based the statement that I personally knew that Mr. Ruef was corrupt was based on hearsay. He and statements made by parties whose names I decline to give."

### Princess Louise Appeals.

Berlin, Nov. 11.—Princess Louise of Coburg has appealed from the decision of the court at Gotha, alleging that it is incompetent to try the suit for absolute divorce brought by Prince Philip.

### ROB GOVERNMENT FARM.

Thieves Make Off With Products of Experimental Garden.  
 Washington, Nov. 11.—The government's corn crop has been despoiled by midnight thieves and the police are now trying to catch them. The department of agriculture maintains an experimental farm on the Potomac park east of the steam railway tracks, and raises specimens of corn, tomatoes and other "garden sass" that would delight the heart of a farmer. The corn field stood close to the railway track, and in it grew prize ears of corn. It remained unlooked upon all night of two ago when thieves got into it and made away with a quantity of choice ears. The officials in charge of the station called upon the police for protection of the corn field and Lieutenant Sutton's men are endeavoring to catch the thieves.

### Salton Sill Rising.

Los Angeles, Nov. 11.—Through great underground fissures, rent by earthquake shocks, the waters of the Gulf of California are pouring into the old Salton sea basin and resolutely forcing the new Salton sea to sea level. Doubt no longer exists as to the origin of this vast inland sea, which now skirts the main line of the Southern Pacific for nearly 100 miles and stretches away on either side of the track twenty-five miles to the foothills.

## RAID ON TORTURE CHAMBERS

Throws Classic Boston Into an Uproar.

### POLICE DISCOVER HOTBED OF ILLEGAL PRACTITIONERS

Tragedy of Susan Geary Starts Investigation Which Reveals Scores of Criminal "Doctors' Offices."

Boston, Mass., Nov. 11.—Twenty detectives, headed by Police Captains Joseph Dugan and Lawrence, made a sensational descent this afternoon on five offices on Tremont street, where it is alleged illegal operations have been performed on an extensive scale and although the raids did not result in any arrests the police found considerable material which they think will aid them in the future. In each place a photograph was taken of the rooms and of the instruments found. Hundreds of people blocked traffic on Tremont street during the raid and for hours afterward, the popular impression being that another girl had met her death in one of the hospitals and that the police had caught the criminals.

The action of the police today was the result of disclosures which have come to light recently in connection with the death of Susanna Geary, the victim of the salt case tragedy, whose death followed an illegal operation alleged to have been performed in the office of Mrs. Dr. Jane Bishop, and the most recent operation performed on John Reed, a 13-year-old girl of West Needham, Maine.

More Raids in Prospect.  
 Although only five places were entered by the police today, the work will be continued next week, the authorities having information in their possession indicating that the business is being conducted on such a large scale that it has become imperative that they should be broken up. Their information also indicates that this city has become headquarters for these illegal practitioners, who bring their patients here from all parts of the country.

The raids were determined upon early in the day and it was planned to visit the establishments of Drs. Dugan, Knapp, Williams, Ames and Bishop.

The three last named are women physicians. Twenty officers received their instructions at police station No. 41, and, accompanied by photographers and police surgeons, they were sent away in squads of four shortly before 2 o'clock. The officers timed their arrival so that the office would be entered at exactly the same time, thereby preventing any warning being telephoned from one place to another.

It is the belief of the police that there is a syndicate in operation here, and that several of the offices are used for the patients at various times in order to confuse them as to the location of the office where the operating is done.

### "Instruments of Torture."

Dr. Henry C. Williams, one of the physicians who accompanied the police, made an examination of the instruments found in one of the institutions and said that he was not surprised that death followed some of the operations.

### Earthquake in Utah.

Salt Lake City, Nov. 11.—An earthquake shock passing from south to north was felt in Utah and Idaho this afternoon. The greatest disturbance, however, was at Shoshone, Idaho, where two shocks followed each other in rapid succession at 8:45 this evening.

### Lid on Terre Haute.

Terre Haute, Ind., Nov. 11.—Mayor Bidman, whose defeat was largely due to saloon keepers, tonight caused enforcement of the closing laws for the first time in Terre Haute in many years.

### SANTA FE PAYS PART OF DYKE EXPENSE

CHECK FOR \$400 RECEIVED BY CHAIRMAN GRUNSFELD OF COUNTY COMMISSION.

As a result of representations made by the rebuilding of the Alameda dyke last spring, Chairman Grunfeld of the commission, received from the Santa Fe yesterday a check for \$400 as the railroad's part of the expense of that work. The dyke, as built by the county authorities affords considerable protection to the railroad grade just north of Albuquerque which has heretofore suffered heavily from floods and the commission at the time the work was done asked the railroad company to stand a portion of the expense. Mr. Grunfeld yesterday received the following letter from General Manager Hurley:

The Atchison, Topeka & Santa Fe Railway Company, Office of General Manager, Topeka, Kan., Nov. 7, 1905.

Mr. Alfred Grunfeld, Chairman Board of County Commissioners, Albuquerque, N. M.

Sir: Regarding the dyke north of Albuquerque constructed by the county, I have had this matter looked into by our engineers with the result that I feel this dyke will be of some benefit to the railway company in the protection of its property, and I am quite willing to make a donation to the county towards the cost thereof.

I therefore have pleasure in sending you this voucher in favor of the commission in the amount of \$400. Kindly acknowledge receipt. Yours truly, J. E. HURLEY, General Manager.

## FIERCE BATTLES ON EASTERN GRIDIRONS

### QUAKERS WIN FROM THE CRIMSON AFTER MAGNIFICENT FIGHT

Penns's Superb Work Rolls By Hard Work Soldiers Up Score of 12 to 6.

25,000 SEE BEST GAME EVER ON FRANKLIN FIELD

Philadelphia, Pa., Nov. 11.—Pennsylvania today defeated Harvard in one of the fiercest gridiron battles ever witnessed on Franklin field. The final score was 12 to 6. Both eleven scored a touchdown and kicked the goal in the first half and the Quakers added a second touchdown in the second half.

It is a peculiar coincidence that Landon, the ball player over whom there has been so much contention, should have scored both touchdowns for the Pennsylvania eleven. The players of the two eleven were made apparent early in the first half, when Parker, the crimson center, was disengaged by slugging and again in the second half, when he was sent to the club house for a like offense.

Both touchdowns in the first half were due to luck. The numerous changes in the Harvard line-up after the first half, which the Pennsylvania players went into the play. Five men were so badly weakened that they were sent to the side line. The Pennsylvania line-up remained intact, however.

There was probably never a football game played in which there was such a difference in the two halves. In the first half Harvard completely outplayed Pennsylvania and gained ground almost at will, while in the second half the crimson players made only one touchdown. Both their offense and defense weakened perceptibly as the game progressed. This was probably due to the superb condition of the Quaker eleven.

The particular star on Franklin field today was little Levine. Pennsylvania left and. It is no exaggeration to state that he played the most remarkable game of football ever witnessed in this city. The day was perfect for football. The crowd was the largest that Philadelphia has ever seen.

Not one of the 25,000 odd seats was vacant when the play began and there were probably two thousand persons standing around the gridiron.

### PRINCE LOUIS SEES CARLISLE INDIANS DEFEAT WEST POINT

West Point, N. Y., Nov. 11.—Prince Louis of Battenberg was a spectator of the game. He watched it intently throughout, seldom taking his gaze off the players. Two entirely different types of football players were pitted against each other, the Indians using trick plays throughout the game and the army eleven relying on its superior physical strength to crush its way to the goal line.

Each team scored once by its distinctive style of play. The Indians after long, patient waiting, picked up a fumble, and raced with it over West Point's goal, and then the army players, guided on by prospective defeat, pushed their way across 100 yards of the gridiron for their score.

BETS \$100 HE CAN NAME NEXT GOVERNOR

WESTERN MAN BELIEVES HE CAN PUT FINGER ON NEW MEXICO'S NEXT EXECUTIVE.

Speculation upon the next governor of New Mexico is growing quite interesting. It has even reached the stage where wagers are being made, upon the choice of the president. The first bet of any size to be made thus far, came yesterday when a well known western New Mexico politician bet \$100 even, that he could name the man who would succeed Governor Otero.

The wager was accepted by a local Albuquerque man, who took the field against the western man's choice. The western man could not make his selection public, so he wrote the name on a slip of paper, which, with the checks, was sealed in an envelope and placed in the safe of an Albuquerque business house, to be opened when the name of the next governor is sent to the senate for confirmation. Beyond the fact that the western man's choice from the several candidates is a resident of New Mexico, he would give no further indication of the identity of the candidate whom he believes will be successful.

Varsity worsts the Indian school eleven

PREPARING FOR GRIDIRON STRUGGLE WITH THE SANTA FE AGGREGATION.

In a well contested game on the grounds of the governmental Indian school yesterday afternoon, the football team of that institution was defeated by the Varsity by a score of 27 to 0.

The Indians were unable to hold their heavier opponents and were outplayed in every part of the game, although they put up a good fight and did their best. Though making first down several times they could not withstand the heavy line backing of the Varsity backs, who often broke through for gains of five and ten yards.

Long runs by Allen and the great offensive work of Heald, Smith and McGuire were the features of the Varsity performance.

In the first half Allen went over for three touchdowns, two goals being kicked in the second half. Another touchdown by Allen and one by Heald made the final score.

Next Saturday the Varsity plays the strong team of the Santa Fe Indian school here and the game promises to be one of the best of the season and full of excitement. Three weeks from yesterday the locals will meet the team from the Agricultural college. Steady practice ought to enable the Varsity to get in sufficient speed and much to defeat the heavier team of the "Farmers."

## ALBUQUERQUE JEWS MAKE GENEROUS GIFT TO AID RUSSIANS

Over \$300 Sent to Masacre Relief Association.

SCHIFF TELEGRAPHS APPEAL FOR  
SUBSCRIPTION TO DR. KAPLAN

In response to a telegram from Jacob H. Schiff, the New York millionaire, the Jews of Albuquerque have raised between three and four hundred dollars to be added to the fund which will be sent from this country for the relief of the persecuted members of the race in Russia.

Mr. Schiff in his capacity as treasurer of the Russian Massacre International Relief Association telegraphed to Rabbi Kaplan, requesting that he appeal to the Jews of this city for help in the big movement for the relief of the Russian Jews. Rabbi Kaplan laid the matter before the congregation of Temple Albert in a lecture Friday evening and last night announced that contributions aggregating more than \$300 had been given to him by the Jews of the city. The donation will probably be swelled to nearer \$400 by the time it is ready to be sent to Mr. Schiff. This is a generous contribution to be given on short notice and at a time when other appeals for charity are being frequently made. Mr. Schiff has sent out his telegraphic appeal all over the country and all the towns the size of Albuquerque respond so readily a magnificent sum will be gathered together to cross the seas for the relief of the suffering Jews of the bleeding empire of the czar.

Mr. Schiff who has been foremost in the movement himself gave \$50,000 toward the fund and other wealthy Hebrews have given with equal generosity. Regarding the remarkable meeting in New York city at which the organization was formed the New York Herald says:

**Extraordinary Meeting.**

In the Temple Emanuel, on Fifth avenue, yesterday afternoon the Russian Massacre International Relief Association was formed amid scenes of extraordinary enthusiasm. Before any organization had been formed or any committee appointed \$56,800 was handed to the secretary.

The hall beneath the church was crowded with representatives of Hebrews of every walk in life. While every one was eager to contribute to the fund, the meeting was saved from disorder only by the diplomacy of Mr. Oscar S. Straus, the chairman.

The meeting threatened to split on the question of the distribution of the money. One party, headed by Professor Gotthelf, of Columbia University, wanted the fund to go solely to Hebrew families. Jacob H. Schiff, Oscar S. Straus and others pleaded for the cause of suffering humanity in Russia without distinction of race or creed. After a long discussion, in which eloquence grew bitter, the sentiment of the meeting was swung to the side of the chairman.

Mr. Straus, after calling the meeting to order, asked Mr. Schiff to read the numerous cablegrams the latter had sent and read in his effort to form an international movement for relief. He said that he had called Mr. Witte on the strength of his Portsmouth promises to do all that he could for the Hebrews in Russia. Witte's answer made it clear that action by any nation would be useless, as the Russian government itself was powerless.

**Mr. Schiff Gives \$50,000.**

Mr. Schiff then made up his mind that international societies must come immediately to the help of the people. He at once put himself in communication with Lord Rothschild and asked him to serve as president of the movement, on his own responsibility. Mr. Schiff called him to draw on him for \$50,000.

"The situation is desperate," said Mr. Schiff. "At the beginning of the century it was impossible to believe that there was a civilization on earth where atrocities before which pale the horrors of the Middle Ages could exist."

Mr. Straus said of his visit to Washington: "I found our great president with his heart full of sympathy. I did not ask him to take any steps. I did not know that any steps could be taken. There was danger that any step might add to the unbearable burden of our Russian brethren. The president discussed the subject earnestly for two hours and called for the advice of Secretary Root. As a result he gave out the statement which has been printed."

**Money Not Alone for Hebrews.**

"One point I want to make clear," said Mr. Schiff, as slips of paper were handed out for subscriptions, "this money is going to Russian sufferers and not Russian Hebrews. While our co-religionists have been injured others have suffered likewise. They are to be relieved as human beings, not as Hebrews or Gentiles."

It was finally decided that the money collected by a committee of fifty to be appointed should be given, unless otherwise requested, to the men and women who are suffering through the recent massacre without regard to race or creed. Those who want to limit the use of their money to Hebrews only can do so and the committee will respect their wishes.

Abraham Kahn, a socialist announced that despite his views of the meeting a great delegation of Hebrews from the east side would go to Washington to demand intervention. After announcing that \$56,800 had been subscribed during the discussion the meeting adjourned.

**No Poison in Chamberlain's Cough Remedy.**

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists.

## TRIO OF ALLEGED TRAIN ROBBERS TO BE TRIED TOMORROW

Logan Hold-Up Case Comes  
Up in Las Vegas.

ONLY TRAIN ROBBERY IN NEW  
MEXICO FOR SEVERAL YEARS

The November term of the United States court for the Fourth judicial district will open tomorrow morning in Las Vegas and several deputies from the United States marshal's office will leave this morning to be present. The most interesting case to come before the court is the Logan train robbery affair in which three men, John and James Black and John Murphy are to be tried for the holding up of a Rock Island train at Logan, N. M., more than a year ago.

The men were brought up for trial at the last term of court, but the case went over to allow the producing of additional evidence. The holdup at Logan was a bold one and under the law the men can get anything from a fine to hanging for the crime. The evidence is said to be near conclusive against the defendants, the Blacks depending on an alibi to escape conviction.

The Logan affair is the only holdup that has occurred in New Mexico in recent years.

SUNDAY MORNING, NOVEMBER 12, 1905.

## That Committee Meeting

EARLY two weeks ago the Morning Journal stated the purpose for which the republican central committee was called together, viz: to "whitewash Andrews and denounce joint statehood," and because of the statement of this plain fact, the New Mexican brought its biggest guns into action, and has been pouring broadsides of denunciation and abuse into us every day since—and the Miss Nancy concern at Las Vegas has seconded the strenuous efforts of the old Mephistopheles at Santa Fe as forcefully as it could in its childish way.

Now read the proceedings of that meeting as published yesterday, and then read what the Morning Journal said last week, and you will see that we foretold the program as correctly as though we made it ourselves. We said the meeting was called, originally, to "whitewash Andrews and denounce joint statehood," but that the Andrews matter had become such a national atch that the committee would not dare to touch it, and as it had not courage enough to demand his resignation it would let the whole case go by default and limit its efforts to a kick at statehood. And the reports of the proceedings show that the committee worked up to the "plans and specifications" to the letter.

There was a rumor current some time before the meeting that a resolution would be adopted endorsing the governor for reappointment, but we have never mentioned that as a part of the program, because we never believed that any such thing would be attempted—not that we doubted the willingness of the committee to take such action, or that we thought the governor would be averse to such an endorsement; but because he knows that such action could not do him any good. It is reasonably certain that the governor has information direct from the president that he will not be reappointed. Mr. Otero is radically opposed to joint statehood, and by reason of his official position is the head and front of the anti movement in the territory; indeed, with his official family, he constitutes practically the whole of it, and since President Roosevelt is favorable to joint statehood, and has made it one of the measures to be pushed by his administration, it would be highly inconsistent for him to retain in the governor's office of this territory, a man, no matter how acceptable otherwise, who devotes his efforts chiefly to the end of neutralizing the efforts of the national administration. Under the circumstances there is no room for doubt that Mr. Otero will retire from his present position at the end of his present term, and with his retirement from the governor's office, the anti-statehood movement in New Mexico will retire from public view. Then the cravens in various parts of the territory, who were noisily in favor of joint statehood before they received their orders from the governor, and have been since just as blatant against it, will soon begin to crawl back, and "point with pride" to their "original" records to prove that they were "original" joint statehood men.

## The News of the Day

WE HAVE no disposition whatever to disparage the efforts of our afternoon contemporary. It would be a very good evening paper if it had enterprise enough to get the news, and courage enough to print it, but when it compares its present news service with that of the Morning Journal it makes an unfavorable exhibition of itself in the eyes of people who have an opportunity to see both papers.

Here are a few facts about the news and who gets it, which any reader can verify for himself: There are five papers published in the territory, receiving news from the Associated Press—four evening papers, issuing six times a week, and the Morning Journal, which issues seven times a week, and is the only daily paper in New Mexico. The toll charged by the Associated Press for all the news telegraphed to all the papers of the territory, is one hundred and twenty-five dollars a week, of which the Journal pays fifty dollars, or just forty per cent of the whole sum, and our evening neighbor pays twenty-eight dollars. By comparing these figures the reader will see that the Journal pays eighty per cent more for news than the Citizen pays, and as the rate per word is the same in both cases we receive and print just eighty per cent more telegraphic news than our evening neighbor.

And it should also be noted that when anything of special interest to New Mexico readers is going on in any section of the country—the Enterprise bank affair, for instance—the special dispatches to the Journal frequently cost more than the entire telegraphic service of any other paper in the territory.

Anyone interested in this matter can verify the statements here made by referring to Mr. Melville E. Stone, general manager of the Associated Press, 195 Broadway, New York.

SURVEYORS employed by the United States government in examining the line separating Vermont and Maine from Canada report that the old marks are in many cases obliterated, so that at certain points it is not easy to say under which flag a frontier business is being carried on. As a security against smuggling, and as a positive prevention of "line house" enterprise, it is suggested that boundary monuments six feet high, planted on stone pillars sunk well below the frost line, be set up in place of the cast iron posts that now imperfectly mark the dividing line.

ALBUQUERQUE will soon be referred to as the New Jerusalem of the southwest. Every saloon in that town was closed Sunday, and that means both front and back doors. Moreover, Sheriff (de facto) Armijo says that they stay closed during his term of office. When Albuquerque can do a thing like that anything seems possible.—Silver City Enterprise.

FROM the president's Thanksgiving proclamation the word "appetites" stares at you with alarming significance, says the Springfield Republican. All the small boys before they eat their Thanksgiving dinners should be made to read this passage: "The foes from whom we should pray to be delivered are our own passions, appetites and follies; and against these there is always need that we should war."

FROM the statements of some of the officials it appears that it costs about as much to insure the companies against adverse legislation as it did to insure the policy holders.—Dallas News.

MEXICO has a population of 15,000,000. The seven nations south of her to the Venezuela border have an aggregate population of only 8,000,000. If these populations were combined, says the San Francisco Call, under one government and that as enlightened as Diaz has given to Mexico, with sound finance, a well regulated exchequer and an honest budget, honestly expended, there would rise a state of very great promise, sure to increase in population, power and position.

HARD lines for the horses and boddies just now. They are catching General Sherman's definition of war a comin' and a goin'.

THE insurance business has proved to be a terrible risk for the policy holder.—New York Press.

## ALBUQUERQUE WILL HAVE THE HANDSOMEST MUSIC HOUSE IN THE SOUTHWEST

Learnard and Lindeman to Have Big New Store.

"SQUARE MUSIC DEALERS" ENTHUSIASTIC OVER PROSPECTS

Albuquerque is soon to have one of the finest equipped and most pretentious music houses in the southwest—the new abode of the well known firm of Learnard and Lindeman.

Learnard & Lindeman, the "Square Music Dealers," are believers in expansion. For some months past the present quarters of the progressive music firm on South Second street, have been growing more and more inadequate to the demands made upon them by the rapidly increasing business of the company. The room is not a particularly small establishment either. But then, the growth of the business of Learnard & Lindeman—growth largely brought about by persistent, business-like and painstaking advertising—has been growing not in an ordinary way, but by leaps and bounds. Enterprise, literally "square" dealing with all customers, the very best of stock and a hustling policy of getting all the business that can be legitimately secured have had results, and results which have surpassed the most sanguine expectations of the members of the firm.

New pianos take up a great deal of room, and when you are doing a big business in pianos it takes a whole lot of space to accommodate your stock. Take in addition, one of the largest and most varied assortments in the country of the best there is in all other varieties of musical instruments, sheet music and all kinds of musical equipment, sundries, and appliances, and there is need of all kinds of room.

Getting Ready to Move. Consequently, Learnard & Lindeman are preparing to move. Those who have watched the progress of the company since they went into their present quarters in 1900, will not be surprised by the announcement that in a few days the company will make its bow to the public in a new and much more commodious saleroom on West Gold avenue. The store is the big first floor in the new building erected adjoining the Whiting block by Mr. O. E. Cronwell, the wealthy New Yorker, who owns various valuable properties in this city.

This change on the part of Learnard & Lindeman means that Albuquerque will now have an up-to-date and elegantly appointed music house, which will be second to none in the southwest. This statement is a carefully considered one and is no exaggeration. Few musical concerns in the west can boast of more commodious or better equipped salesrooms. The new establishment is No. 206 West Gold avenue. Facing the north, it has a frontage of thirty feet. The immense plate glass windows, perhaps the largest in the city, afford an ideal opportunity for the advantageous display of pianos, smaller goods and musical merchandise in general. A whole bunch of pianos can be shown to great advantage, under a good light in the bay windows. The room has a depth of seventy-five feet. It is handsomely and artistically frescoed, the floor is of the best hard maple, carefully finished and brilliantly polished, a feature which adds most notably to the effect of richness and beauty afforded by the interior.

Mr. George P. Learnard, of the firm, is most enthusiastic over the change which he is making, and is most optimistic over the future of his trade in Albuquerque, and the territories of New Mexico and Arizona—that is to say, the whole southwest. But then, of course, Mr. Learnard is not disposed to limit his trade even to the southwest.

Talking Machines Coming. "I want to emphasize the fact," said Mr. Learnard yesterday, "that an order for just one thousand dollars' worth of talking machines and records is now on the way to our store from the manufacturers. It is unnecessary to say anything in commendation of the Victor talking machine, as everybody who knows anything about it knows it is easily the standard. "There is a big assortment of records included in the order, and the whole consignment should be ready for inspection by Albuquerque business shortly after the opening of our new store."

"I don't suppose," said Mr. Learnard, "that there is much use saying anything more about our high grade pianos. At least, I am sure that those people are getting familiar with the merits of our instruments. We have been selling the high grade Chickering Bros. piano of Chicago for the last six years. The Chickering has been introduced here with the greatest success and the Bush and Lane and the Victor have also been important factors in building up our present big business. I think I can say without boasting that our pianos are sold only by reliable and satisfactory instruments is pretty hard to beat."

Mr. Learnard says that the public is notified to watch carefully for the announcement of the formal opening of the new store.

"We intend to make our opening of new quarters quite an event in Albuquerque musical circles, said the "square music man." "Never mind what we are making sound rather elaborate arrangements. I think I can safely say that if our visitors don't have a good time it will not be our fault. Of course, incidentally, we are going to arrange to exhibit some pretty fine pianos and musical instruments and things, but we want to show the people a good time. At least we are going to do our best to keep them entertained."

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says R. S. Webster & Co., Udon, Ontario, Canada. For sale by all druggists.

## SENATOR CLARK'S PRIVATE CAR IS A ROLLING PALACE

### Montana Capitalist Looking Over New Mexico Properties

#### FIRST TRIP IN NEW CAR MADE INTO SOUTHWEST

Senator William A. Clark, of Montana, was in Albuquerque for an hour last night on his way to western New Mexico, to look after his coal properties there. He was accompanied by W. L. Brotherton, manager of his coal mines at Clarkville and one or two of the senator's Albuquerque friends met him at the station. Senator Clark had nothing to say for publication, but he took considerable pleasure in showing his visitors the interior of his private car, which has just come from the factory. The car, No. 2001, of the Los Angeles, San Pedro & Salt Lake railroad, of which Senator Clark is president and is one of the handsomest private cars in the world. It is, without exaggeration, a palace on wheels from the frescoed ceilings to the deep carpets that line the seventy-six feet of interior from end to end. The car is several feet longer than the longest standard Pullman, is built on steel floors and is almost wreck proof, the construction being steel wherever the metal can be used. The first impression from the outside is of the immense size of the car. The interior impresses by its elegance. The furnishings are quiet but beautiful and the woods are exquisite. The car is divided into the kitchen and dining room, two sleeping apartments, a bath, an office and the observation apartment. It is lighted by electricity and the highly polished woodwork is dazzling. The present trip is the senator's first in the new car. He will go from Clarkville to Jerome and thence to Los Angeles. Senator Clark has just returned from Europe, where he went some months ago dangerously ill. He submitted to two difficult operations, both of which were successful and is now completely restored to health.

#### TO STUDY POSTAL SYSTEM.

Arrival of Senator Eduardo Pena of Argentine Republic.

Washington, Nov. 11.—Senator Eduardo Pena, the postmaster general of the Argentine republic, has arrived in Washington and is a guest at the New Willard. Senator Pena is in this country to study the postal system in vogue here, both as to the administrative and executive branches. From his country he will go to Europe to study the postal systems there, and finally will return to his native land to install a system embodying the best ideas thus offered.

## BISHOP PITAVAL TO ADMINISTER CONFIRMATION

Ceremony in Albuquerque  
November Twenty-Sixth.

### NEARLY SIX HUNDRED CHILDREN TO BE CONFIRMED

The auxiliary bishop of this diocese the Rt. Rev. J. B. Pitaval, will visit the three Catholic churches of Albuquerque to administer the sacrament of confirmation on Sunday, November 26. At the church of San Felipe, in Old Albuquerque, the ceremony will be held in the morning at 9 o'clock. Over three hundred children will be confirmed there.  
At the Sacred Heart church, Fourth street and Stover avenue, the confirmation ceremony will take place in the afternoon at about 3 o'clock. There about two hundred children will receive the sacrament of confirmation.  
At 7:30 p. m. His Lordship will commence the confirmation service at the church of the Immaculate Conception. A class of about sixty children, all over twelve years of age, and another of about twenty adults, are preparing themselves for the reception of this sacrament, under the direction of Father Mandalar, S. J. The Rt. Rev. Bishop being so occupied the whole day, has declined the reception, while the American congregation intend to tender him, according to custom, The Immaculate Conception choir.

under the able direction of Mrs. T. J. Shinnick, is doing excellent work. The rehearsals are attended with real pleasure and interest. The musical talent that will soon be developed among the members, who number at present twenty or more, will be a lasting benefit conferred upon the whole congregation. Mrs. Shinnick's mission and efficient work as a Catholic musical directress has never been realized and appreciated so much, as it is this year.

A plain chant choir of boys has just been formed, under the direction of Sister Mary Regina, music teacher at the Immaculate Conception church. Time will come, when their juvenile voices will enhance the majesty and splendor of Catholic services.

The Immaculate Conception school is in a flourishing condition. Two hundred and twenty-five children are in daily attendance. A corps of seven teachers, including the music teachers, teach a complete curriculum. The business course is taught by Sister Mary Gertrude. There are seven pupils in the graduating class. Sister Mary Sebastian is the principal of the school.  
Mrs. Shinnick touches vocal music twice a week, on Mondays and Thursdays at 4 o'clock. Outsiders will also be admitted to this department of music.

The Ignation Dramatic club is a recent extension of the Immaculate Conception school. It will make its first appearance on the school stage next Friday evening, when the well known and highly artistic burlesque comedy, "Shakespeare's Water Course" will be enacted by some of Albuquerque's best dramatic talent under the direction of Prof. Crum.

Modjeska will tour the entire winter months with a strong company in Shakespearean plays, and will finish her season in the west and on the Pacific coast. The engagement here will be the only one between Denver and the coast, and will be one of the big cards of the year. The play to be given here is not known as yet, as the famous actress is playing from a large repertoire.

**SOLICITING COMMITTEE BEGINS WORK TOMORROW**

**PRESIDENT OF ASSOCIATED CHARITIES USES REMAINING CHURCHES TO GET BUSY.**

The meeting of the committees from the various Albuquerque churches appointed to solicit funds for the Associated Charities with President Rabbi Kaplan yesterday was only fairly well attended. The following churches were not represented: The Lead avenue Methodist, the Highland Methodist, the Catholic church, and the Presbyterian.

Those members of the committee who were present at the meeting will begin soliciting tomorrow morning. Rabbi Kaplan most recently requested that those churches who have not named solicitors to represent them should do so today and have the appointments call at his residence in the morning, get receipts and help in the work.

"It will only be a day's work if all the churches are represented and start work together," said Rabbi Kaplan to the Journal last night. "Some people seem to think this soliciting will be a permanent task, or at least take a week or so. I think if we have a full committee to start with, the town can be easily canvassed in a day. Prompt action is urged upon all the churches, for if we are going to begin a vigorous winter's work for charity we should have funds to start upon at once."

If appointments are not made in the churches mentioned, the president suggests that volunteers take up the work. Those who are to solicit are requested to call at the president's home and secure receipts before starting out.

It is also desired that some one volunteer to take the place of Mrs. Hubbs appointed by the Episcopal church, as Mrs. Hubbs will be unable to accept the appointment.

The solicitor girls held a candy sale on Wednesday, and realized eight or ten dollars, which will go toward defraying their room.

The rhetorical program on Tuesday was very humorous throughout. It was participated in by Miss Bernice Murphy, Mr. Hayden, Miss Sarah Hall, Miss Schuster and others.

Miss Martha L. Taylor, the former instructor in English in the University, who is now Mrs. H. H. Theilman.

## PEOPLE OF NEW SAN JOSE PRECINCT IN CONVENTION

Nominate Candidates for Jus-  
tice of Peace and Constable

### RESOLUTIONS NOTE IMPROVEMENT IN COUNTY SCHOOL AFFAIRS

The republicans of the newly created precinct of San Jose, created a few days ago by the county commission out of a portion of the precinct of Bernalillo, long ruled over by Esalvio Vigil, held their first convention yesterday when they nominated candidates for justice of the peace and constable, to be voted on at the first election in December. The convention was harmonious and it is not expected there will be any opposition ticket in the field.

While superintendent of the schools of the county, Esalvio Vigil built up a little machine of his own in the Bernalillo precinct by which he ruled the precinct just as his boss was ruling the county, there were many rumors of rebellion and the people of the precinct had long ago become restive under his rule. The Vigil machine is now a memory. It was a good one in its way, but it has been seriously disturbed and the division of the precinct came only after the power of the former school superintendent had been reduced to nothing by the rebellion of the voters and many of his former precinct leaders. The precinct of Bernalillo was too large for convenience and its division by the county commission has met with approval in the old and the new precincts.

The convention held yesterday in San Jose precinct adopted the following resolutions:

**The Resolutions.**  
Resolved, That the republicans of San Jose precinct No. 1 of Bernalillo county, N. M., in convention assembled do unhesitatingly endorse the able administration of President Roosevelt; never before in our country's history were our citizens so justly proud of being Americans. In foreign lands he is considered the first man of the age; in national affairs he is the acknowledged leader and in local affairs he has made self-government possible in Bernalillo county.

2.—We endorse the able, fearless and impartial administration of affairs in this county as at present conducted and we are gratified to note that at present our people feel that the courts are open alike to all our people and that justice may be had by all litigants.

3.—We are especially gratified to note a great change for the better in school affairs, and trust that the time may soon come when our people will have the educational advantages which can only be had by an able and fearless, as well as a competent man at the head of our schools in the county.

4.—Resolved, That the United States flag be and it is hereby adopted as the mark or designating device to be printed on the face of, and at the head of the ballot containing the names of the candidates nominated for office by this convention.

**ARMILLO FILES ANSWER TO  
QUO WARRANTO ACTION**  
ANSWER A PURELY FORMAL DOCUMENT—SHERIFF'S OFFICE CASE NOT YET SET.  
Counsel for sheriff Perfecto Armilloy yesterday filed the answer to the writ of quo warranto sued out by former Sheriff T. R. Hubbell in which he claims right and title to the office and asks to be restored to possession.

The answer of the sheriff is purely formal, setting forth the vacancy which existed in the office and the commission of the governor by which he was placed in charge of the office. The case has not yet been set for trial.

**RIO GRANDE MILLS  
MAY BRANCH OUT**

**OKLAHOMA TOWN OFFERS MR.  
BEARRUP LIBERAL SUBSIDY  
TO LOCATE PLANT.**  
Manager J. H. Bearrup, of the Rio Grande Woolen Mills, has received a flattering offer from an Oklahoma town to start a woolen mill similar to the one now in operation in this city. The town in question, whose name Mr. Bearrup does not give, has offered a site for the factory, the buildings to be built as Mr. Bearrup directs, and \$10,000 in cash to start with.

Mr. Bearrup says that he is almost swamped with demands for blankets. The Woolen Mills are now turning out blankets of the finest wool which are not surpassed anywhere in the country, and the demand is rapidly increasing. Mr. Bearrup says that numerous other woolen concerns in the country are offering to dispose of their plants in exchange for stock in the Rio Grande Woolen Mills, which is a striking proof of the extent and value of the business done throughout the country by the big local plant.

## ETHEL TUCKER TROUPE TO STAY ANOTHER WEEK

POPULAR STOCK COMPANY  
MAKES HIT WITH ALBUQUERQUE THEATRE-GOERS.

"Coming to Albuquerque without the blow of trumpets, and but a modest line of advertising, wholly unknown to this people, the Ethel Tucker Stock company passed through the furnace of public criticism and came out refined gold, after a week's successful engagement in the Elk's opera house in this city, and closed the week with a splendid audience Saturday night. That Miss Tucker and her company entrenched themselves in the hearts of the theatre-going people of Albuquerque was in evidence each night of the engagement when it was seen there was no diminution in the size and personnel of each audience from the first night to the last. There was but one verdict with but few, if any, dissenting opinions, and that was, the company was the very best repertoire organization, individually and collectively, ever seen on the stage in this city, and the opinion is strengthened by the fact that the company made good every pledge made in advance that they would please the people by staging good, attractive plays and giving a clean performance each night, and in their presentation the members of the company proved themselves actors of merit and established a reputation for excellence that will secure for them a welcome to Albuquerque in the future.

Miss Ethel Tucker.

Miss Ethel Tucker is an actress of more than average talent and ability, and her ease and dignity, coupled with naturalness of manner and freedom from the affectation too common on the stage, won for at each appearance the heartiest and most sincere applause.

Without a shadow of a doubt it ranks far above any popular priced company that ever played in Albuquerque, and for emotional plays it can outdo hundreds of companies that have played here for a dollar. Comedies and dramas are handled with equal satisfaction, for Miss Tucker has an aggregation of competent men and women gathered around her that

are as capable as the best and she knows how to bring out all their best qualities and show the public all that is good in their character.

Another noticeable feature of this company is its fine wardrobe—decidedly the finest ever seen in this city with a stock company. Miss Tucker sets the pace and the others all follow.

There is not a member of the company but what is a No. 1 performer and Miss Tucker, and Mr. Whit Brandon are people that rank far above the average in their profession. The company carries a fine lot of special scenery and has good specialty people and will meet with success wherever it goes.

Mr. Whit Brandon.

The repertoire for the second week's engagement may be found in another column of this paper. For

the opening, Monday night, "Juena" has been selected and ladies' free tickets will be given, providing they are secured at Matson's before 6 p. m. The same cheap prices will prevail, not because of a cheap show, but to enable everybody with their entire family to attend nightly.

## AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1906. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the Jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

H. E. FOX, New Mexico's Leading Jeweler

## LOCAL ITEMS OF INTEREST

## THE WEATHER.

For the twenty-four hours ending at 5 o'clock yesterday afternoon:  
Maximum temperature, 46; minimum, 29.

## Forecast:

Washington, Nov. 11.—New Mexico and Arizona—Fair Sunday and Monday.

C. H. Elmendorf, of San Antonio, is in the city. J. Harwick will leave next week for San Francisco.

Burke S. Hall, of Lincoln, Nebraska, is a guest at the Alvarado.

Attorney Elfrigo Baca, of Socorro, is in the city to stay over Sunday.

District Freight Agent C. W. Cook has returned from a visit to Chicago.

Mayor A. C. Abeyta, of Socorro, was in the city yesterday on his way to Santa Fe.

Judge Daniel H. McMillin, of Socorro, was in the city last night on his way home from a brief visit in Santa Fe.

Otto Dieckmann has returned from Denver where he accompanied the body of the late Franz Huiting for cremation.

James G. Fitch, of Socorro, was here last night for a few hours returning from Santa Fe, where he has been on Masonic business.

H. B. Munger, of the Foster-Munger company, of Chicago, shaft and door manufacturers, was in the city yesterday on business with the American Lumber company.

S. L. Bean, mechanical superintendent of the Santa Fe coast line, was in the city yesterday looking after business at the shops. Mr. Bean now makes his headquarters in Los Angeles.

Dr. J. E. Miller, who some time since resided in Albuquerque and who was the promoter of a tent city to be built a few miles up the valley, died last week in Columbus, Ohio. Dr. Miller was a health seeker while in New Mexico.

Superintendent J. K. Allen, of the Indian school, has returned from Laguna, where he went to look into alleged violations of the law prohibiting the sale of liquor to Indians. It is charged that this law has been violated frequently of late in Laguna, and prosecutions are expected.

H. E. Day and C. A. Sloan were arrested yesterday for fighting in the notorious Blue Goose saloon on North Third street. Day got very much the worst of the encounter, receiving serious disfigurements about the nose. Both men were placed under a \$10 bond for appearance in police court.

Mrs. Florence Beaumont Britton, mother of Professor T. L. Krebs, died last night at 7 o'clock at her home, 122 North Eighth street, after a long illness, aged 55 years. The funeral service will occur at the residence this afternoon at 3:30 o'clock and the remains will be interred in Hollywood cemetery, in Los Angeles.

Mrs. L. A. Blatchford died last night at 9:30 o'clock at the home of her sister, Mrs. M. A. Bliss, 317 South Arroyo street, aged 81 years. Death came from the infirmities of age. Mrs. Blatchford had made her home in Albuquerque with her sister for a number of years and had a great many friends. The funeral announcement has not been made.

Gregory Page, of Gallup, left for home last night after spending a day in Albuquerque. Mr. Page has the distinction of being one of two members of the republican committee, not of office holders, who voted against joint statehood in the meeting at Santa Fe Friday. He has further distinction in being one of the few men in McKinley county opposed to the jointure plan.

W. R. Childers returned yesterday from San Francisco where he has been engaged in looking after matters in connection with the suit of certain contractors against the Southern Pacific railroad for alleged nonpayment for contract work done in building the line across southern New Mexico. The case has been before the Dona Ana county court for some time and has attracted considerable attention.

A few days since in mentioning the big wool sales of the Bibo Mercantile company of Laguna and Grants, the Morning Journal referred to Messrs. Simon, Ben and Solomon Bibo as members of that company. The statement is incorrect in that Mr. Simon Bibo alone of the three is a member of the Bibo Mercantile company. Mr.

Ben Bibo has his own business at Bibo, N. M., while Mr. Solomon Bibo is connected with the large retail grocery house of Bibo, Newman and company of San Francisco. He is now in New Mexico on a visit.
