Not Government Ownership.
The plan would not involve government ownership, though it would be a move in that direction. It would eliminate competition and to that extent prevent cut-throat rate wars, and it would give the roads a chance to

effect all the economies of management that they assert would come of combination, consolidation and integration. The fixing of the maximum dividend would largely eliminate the gambling feature in railway stocks, which would be a bad thing for a large section of the New York business world, but it would insure the shipper a reasonable rate for service as there would be no object either in giving rates since all the earnings would be pooled, nor in exacting extortionate rates since the maximum dividend would be fixed. There may be some flaw in the Newlands plan, but to an outsider it looks reasonable enough.

CITY TEAM WALKS OVER SAWYERS SCORE 33-0

The game at Traction park yesterday between the Albuquerque Athletic Association football team and the representative from the American lumber company's plant was a very poor exhibition, being a walkover for the city team with a score of 33 to 0. There were six fumbles in the first three minutes of play and the players handled the ball as if it was greased. The score at the end of the first half was 16 to 0.

Anderson made one run for a gain of 70 yards on a fumble. Stamm made a fifty yard run. Anderson made two touchdowns and Mitchell and Stamm each achieved a down. Stamm making one in the first five minutes of play.

Benjamin of the city team, played a quick game, but there was no work on either side to amount to anything and the game was a loosely played one all the way through. It was won not by good work of the city team, but by the unusually poor exhibition given by the lumbermen. It is hoped that both teams will take a brace before the next game, as both contain material which should make a splendid showing.

Moffet was badly hurt shortly after the game started but gamely stayed with it until the end.

Football Player Dying.

Lincoln, Neb., Nov. 19—Homer Gibson, right half back of the Kansas Manual Training School football team, who was injured here yesterday, was tonight reported to be dying. He was hastily removed from the hotel to St. Elizabeth's hospital, where the operation was performed of trepanning the skull to relieve a blood clot.

"I enjoyed good health until about two years ago when I noticed my back began to ache frequently. It became sore and lame, and headache soon added to my misery. I found that my general health diminished. I became thin and weak and nervous, having severe pains at regular intervals." writes Mrs. Augustus, Treasurer New Century Club, a Dean street (Roxbury), Boston, Mass. she continues: "My work which before had seemed easy task soon seemed like a heavy burden. I decided to try Dr. Pierce's Favorite Prescription, which several of my friends praised so highly. I felt relief within a week, my appetite came back, the pains gradually decreased and I enjoyed sound sleep. Within fourteen weeks I had completely recovered my health. I seemed built up anew, my pulse, which had been weak, became normal, and new life came into my entire being. I gladly endorse your medicine."

Doctor Pierce's Favorite Prescription restores weak and sick women to sound health by curing the local, womanly diseases which are generally responsible for the failure of the general health. A woman's entire being is centered in her womanly nature. When the delicate womanly organism is attacked by disease, when there is irregularity or a disordered drain, when inflammation burns and ulcers gnaw the general health will reflect the progress of disease, in increasing weakness, nervousness, backache, headache, loss of appetite and sleeplessness.

So sure of it is the World's Dispensary Medical Association, of Buffalo, N. Y., proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for women who cannot be cured of Leucorrhea, Female weakness, Prolapsus, or Falling of Womb. All they ask is a fair and reasonable trial of their means of cure.

Dr. Pierce's Pleasant Pellets regulate the stomach, liver and bowels.

The Safe and Helpful Beverage—

GOOD beer helps the stomach to perform its offices. It aids the digestion. The percentage of alcohol in good beer is very small. GOOD beer—Wiener—quenches the thirst and refreshes instantly and naturally. Athletes drink Wiener beer when in training. They know that it is good for them.

BLATZ WIENER BEER

The absolute wholesomeness of Blatz Beers is predetermined by the Blatz Method, months before it comes to you. Pure, sparkling water—hops—barley malt—brewed and matured in the good Blatz way. The ideal home beverage.

Always the Same Good Old "Blatz"

PHOENIX IS RAPIDLY TURNING INTO A PENNY TOWN

DEPARTMENT STORES BRINGING ABOUT DAY OF SMALL CHANGE

Tucson Still Resisting Advent of the One Cent Piece Which Is Gradually Coming Into Use.

Phoenix, Ariz., Nov. 18.—Phoenix is fast becoming a penny town. That does not mean that it is getting to be a smaller place, but in the matter of money and customs a larger and more important place.

It has not been many years since a penny was a curiosity in Arizona, and it is still rare in some of the mountain towns. In those days a quarter was small change and pennies were only good to give to the children. They were even looked upon as small for the contribution box.

But those days have changed. The change was brought about partly by the department stores, which thought to drive competition closer, but more by the winter tourist army that visits the southwest.

It is not that they are less liberal than other parts, but they use pennies at home all the time and have them in their pockets when they come to Phoenix.

Though there are few things advertised outside of the dry goods line in which the penny is a unit of value, it is always good at the postoffice, and every tourist does business with the postoffice first and other places afterward.

It did not take long for many of the home people to "get the habit," and now most anybody can produce a penny if he tries. Though it is still the habit of old settlers to tell the postmaster or clerk to keep the change.

In the winter the postoffice is flooded with pennies, for the tourists leave their. An old settler, who gets them on the outside in trade or any other place, orders them to the postmaster or gives them to somebody else who does, when he would not think of showing pennies anywhere else in town.

But in the summer the pennies flow out again, with the flight of the tourists, and by midsummer the postoffice has to hunt for small change, sending to other towns for pennies.

Person does all it can to discourage the penny, and in this it has the moral support of the old timers. It is related that near the depot at Tucson is a curiosity shop that travelers often visit, it while their trains are being made up in the yards and that not infrequently a woman will pick out a post card or two and offer to pay for it in pennies, whereupon the dealer responds that that kind of money is not good in that city, but if she is anxious for the card he gives it to her.

PHOENIX HARVARD CLUB IN PROSPEROUS CONDITION

It has been some time since the Harvard club of Phoenix was first organized, but owing to difficulties encountered in locating many of the alumni in the territory, the association has been less active than it ought. Re-

cently a more complete canvass of the territory has been made, with the result that a flattering large membership has taken definite shape in the form of a dinner to be held at an early date. The date set is that of an annual event dear to the memory of all the sons of Harvard when, year after year, the Crimson faces the Blue on the gridiron.

This year the big game is slated for November 22nd, and on this date many members, old, new and prospective, will assemble at a feast at the Hotel Adams. There will also be present as guests of the club, some prominent residents and officials of the territory, and an enjoyable evening is promised.

The secretary of the combined club has the matter in charge and wishes all graduates, undergraduates, and others eligible to membership to send in their addresses, so that the attendance may be the largest possible. Mr. Guy L. Jones, of Mesa, is the secretary, of both the Mesa club and the Federation of Arizona clubs, to whom the addresses should be sent as soon as possible, so that the details may be arranged.

GO TO BELEN

The Future Railroad Center of New Mexico

Located on the Belen Cut-off of The Atchison Topeka & Santa Fe Railway

The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico

The Belen Town and Improvement Company

(INCORPORATED)

ARE THE OWNERS OF THE BELEN TOWNSITE, Consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues, RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long, (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.

THE CITY OF BELEN

Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Truck line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICE AND TERMS EASY. One third of purchase money cash; two-thirds may remain on note and mortgage for one year with interest at eight per cent per annum. Title perfect and warranty deeds given. COME EARLY IF YOU WISH TO SECURE THE CHOICE LOTS. For further particulars and prices of lots call in person or write to

ARTHUR WELLS SAYS FRANK MURPHY'S A RAILROAD WIZARD

Marvels at Results Achieved
by Chief of the Peavine.

RIPLEY'S PARTY TOURS THE
COMPANY'S ARIZONA LINES

Mr. Wells Says Arizona Railroads
Have Put Territory Ahead
Twenty-Five Years.

"The railroads of Arizona have put this territory ahead twenty-five years," said A. G. Wells, general manager of the Santa Fe coast lines to a reporter Friday afternoon on board his private car, as it rolled along the steel highway from Prescott to Humboldt.

"And," he added, pointing his finger to President Frank M. Murphy, of the "Peavine," "there is the man you have to thank for it. It was due solely to his efforts that the Prescott and Eastern, the Phoenix and Eastern, and the A. and C. roads are here, and developing the resources of the territory. He got the money to build them, and he is certainly a wizard in that line, for to interest eastern capital in an Arizona railroad is a more difficult task than you can conceive. How he could do it I don't know. I know that I would not have dared to attempt it."

General Manager Wells was a member of a party of officials headed by President E. P. Ripley, of Chicago, who are inspecting the Santa Fe system and its connecting lines in Arizona. They were met at Ash Forks on Thursday night by President Murphy, W. A. Drake and F. A. Jones and were joined at Prescott at 2 a. m. by Auditor Hastings and Attorney Paul Burks. They traveled all night, and by morning were at the end of the present terminus of the A. and C. road. The run back was made by daylight, and afforded the party an excellent opportunity to inspect the road and view the country and its latest resources. They arrived at Prescott, at 2 o'clock, and soon afterwards were on the way to Humboldt. Arriving there they were met by General Manager Finney and Superintendent Wilson, who interestingly explained to them the smelter and its construction, which will have a capacity of 600 tons daily, and which will all practically be carried over the railroad. From Humboldt the special train went to Mayer, where it was sidetracked for the night, pending a visit to the Bradshaws next day.

With President Ripley and General Manager Wells were Second Vice President Kendrick, Third Vice President George T. Nicholson, Chief Engineer C. A. Morse of Los Angeles, A. R. Sprague of Chicago and H. T. Payson of San Francisco.

STOCK CAR FAMINE EMBARRASSES SANTA FE

ARIZONA AND NEW MEXICO
SHIPPERS BECOME IMPATIENT

The Santa Fe company is hard pressed for stock cars on the system in Arizona and New Mexico and cannot supply the demand. All along the line in Arizona and at many places in New Mexico, shippers are calling for cars, and at many points where cars were ordered some time since, the shippers have their stock at the yards still waiting. "Shipments are larger this year than for any like period in the history of the road," said a well known Santa Fe official yesterday. "Every available engine on the line are in use and it is impossible to keep up with the business."

Many sheepmen have driven large herds from Arizona points to Albuquerque and then have had to wait in this city for days before they could get the cars necessary to handle their stock.

Stock Yards Foreman George Troutman, of the Albuquerque yards, says that the shipments for the present year are more than double the business of any previous year.

There are at present 26,000 head of sheep at the local stock yards awaiting cars for shipment to the coast. Colorado. These are divided into four lots as follows: Sylvester Bros., 20,000; A. H. Webster, 1,000; Rudolph Ahrens, 2,000; Thomas Clark, 3,000. This bunch have been at the stock yards for the past week or two, and will probably remain for a day or two, when a large number of empties are expected to arrive in Albuquerque to relieve the congestion.

Local Railroad Notes.
One hundred and forty-five laborers for the Belen cut-off arrived in the city last night and this morning on belated 3 and went north to Belen. Of these fifty came from Denver and the rest came from Kansas City. Twenty-five laborers for the work on the Equis and came in yesterday morning on No. 2 from points west and went south to Equis, over the Santa Fe Central from Kennedy.

T. E. Purdy, agent of the Santa Fe at Oklahoma City, Oklahoma, arrived in the city last night and will succeed H. S. Lutz as local agent for the Santa Fe during the coming week. Mr. Lutz has for the past three years been in view and will probably decide what point he will accept within the next few days. There is a probability that he may take the agency at Santa Fe, from which place he came to Albuquerque.

W. E. Bailey, general auditor of the Santa Fe system, will arrive in Albuquerque either tonight or tomorrow and will remain over for a day. He is on a trip over the system and will proceed west after a short visit here.

Superintendent James Kure, of the Rio Grande division, returned in his headquarters at San Marcel last night after having spent a day or two in

this city. He has spent a portion of the time at Leta, where extensive improvements are under way.

BRONCHITIS

Druggists J. H. O'Reilly Co. Tell the People Quickest Means to Cure It.

Asked one day in his store the question, "What is good for bronchitis?" a member of the above firm answered, "For years old fashioned cod liver oil has been known to possess the most remarkable curative and healing properties for throat, bronchial, and lung troubles of any kind known to medicine, but on account of the grease which enveloped its curative principles, it has been impossible for many people to take enough of it into their systems to combat a thoroughly settled disease without clogging the system and upsetting the stomach."

"Now, however," continued he, "we have Vinol which contains in a highly concentrated form all of the medicinal curative elements of cod liver oil actually taken from fresh cods' livers, without a drop of oil or grease to upset the stomach and retard its work, and physicians agree that it is the greatest cure for all throat, bronchial and lung troubles known to medicine."

Miss Anna Ray writes us that after suffering for five years with bronchitis and trying all kinds of medicines without relief, Vinol cured her, and we have hundreds of just such letters. We wish every person suffering from chronic colds, coughs, bronchitis and every aged, weak, or convalescent person who needs a healing, strengthening and blood-making tonic would try Vinol on our guarantee to return the purchase money if it fails. J. H. O'Reilly Co., Druggists.

Electric Line for Roswell.

J. W. Hall, brother-in-law of Dr. J. O. Hamilton, who will furnish the greater part of the capital for the recently proposed street car system for Roswell, in case it is built, has been in Roswell a few days looking over the situation. To the Record he said: "The streets of Roswell are the worst disadvantage in putting in a street car system. None of them are paved, and this means that after every wet spell an enormous sum would have to be spent in leveling the track, and in keeping it even with the street. I favor putting in an electric system, rather than a horse car system. I believe the electric power, rented from the light company, would be cheaper than mules. From the present outlook, I hardly think a street car system in Roswell is feasible, because the town is not large enough to maintain it."

THE MICROSCOPE

Proves That Parasites Cause Hair Loss.

Nine-tenths of the diseases of the scalp and hair are caused by parasitic germs. The importance of this discovery by Professor Unna, of the Charity Hospital, Hamburg, Germany, can not be overestimated. It explains why ordinary hair preparations, even of the most expensive character fail to cure dandruff, because they do not, and they can not kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into scales called scurf or dandruff, is Newbore's Herpicide. In addition to its destroying the dandruff germ, Herpicide is also a delightful hair dressing. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

Bound Magazines.

Are a valuable addition to a library—good substantial bindings at reasonable prices. Mitchell & Lithgow, book binders, at the Journal office.

Women's Street Gloves, \$1.25

Velvet Mocha—and of a
quality which just now is very
scarce in the market at this
price. The skins are im-
ported, but dressed and made
in this country. Tans, beavers
and grays, one cheap. They're
just the glove for shopping
and traveling.

WE DEPEND upon the patrons of this store for its most effective advertising. Every one of our customers will, some time—somewhere—say words that count for or against us. It is a fact of which we are keenly sensible that one dissatisfied customer can do as much harm as a hundred satisfied ones can do good. We are therefore, ever on our guard to see that no customer leaves our store without being satisfied. If, for any reason, you are not satisfied with your purchase, we will most gladly adjust the wrong. We know our friends will not expect us to smooth up the little rough spots and annoyances until we have learned of their existence.

Your Handkerchief Plans MustBe Made Soon....

Every time you buy Handkerchiefs you want good ones, pretty ones, linen ones. Because of the peculiar absorbent qualities of linen no other fabric makes such good handkerchiefs. A linen handkerchief here means LINEN and we do not put on a fancy price to make you pay for this virtue. We sell Pure Linen Handkerchiefs as low as FIVE CENTS and up to FIVE DOLLARS each, all depending upon the amount of work which has been expended in their production. The following will help you in your selection:

MEN'S HANDKERCHIEFS

Men's Handkerchiefs, extra large size, 4 and 4 1/2-inch hem, at 12 1/2c, 15c, 20c, 25c, 35c, 50c

Women's Lace and Silk Waists

The broadest showing of Wo-
men's Lace and Silk Waists
that we have ever made.
From every side we have en-
thusiastic admiration of our
shirt waists and dress waists
for women. Those who know
tell us that nowhere else is
there anything like the variety
we show. And we know
values could not be better.

Plain Silk Waists—A line
that is dazzling in its own
brilliance of color and color
effects; everything that in
right we show; styles are dif-
ferent of course, and more
numerous than we've shown
before; every color. Prices
are \$7.50, \$6.50 and \$5.00.

Fancy Lace Waists—Those
who appreciate properly de-
signed waists and who ad-
mire superior grace and
daintiness will be interested
in our offerings. They in-
clude the handsome All-over
nets, baby Irish, Irish crochet
and the newest linen lace ef-
fects. On sale this week at
\$7.50, \$6.75, \$10 and \$15.

Nude Velling and Batiste
Waists—In all colors and
white and black; every one a
new fall model, at \$3, \$4, \$5
and upward.

Aprons

Gingham Aprons, made full
and of Amoskeag gingham,
won't fade, at 50c.

Gingham Kitchen Aprons
made full and of Amoskeag
gingham, won't fade, at 50c.

linery department.

The Albuquerque Morning Journal

Published by the
DEMOCRAT PUBLISHING COMPANY
D. A. MACPHERSON, President. W. S. BURKE, Editor.
H. R. HENING, City Editor.

Entered as second-class matter at the postoffice at Albuquerque, N. M., under act of congress of March 3, 1879.

THE MORNING JOURNAL IS THE LEADING REPUBLICAN PAPER OF NEW MEXICO, SUPPORTING THE PRINCIPLES OF THE REPUBLICAN PARTY ALL THE TIME AND THE METHODS OF THE REPUBLICAN PARTY WHEN THEY ARE RIGHT.

Larger circulation than any other paper in New Mexico. The only paper in New Mexico issued every day in the year.

"The Morning Journal has a higher circulation rating than is accorded to any other paper in Albuquerque or any other daily in New Mexico."—The American Newspaper Directory.

ALBUQUERQUE.....NEW MEXICO

MONDAY MORNING, NOVEMBER 29, 1905.

A Little Too Diaphanous

OUR esteemed neighbor at Santa Fe has had another "revelation." He imagines a condition of public sentiment in the east and in congress which does not exist, and then proceeds at much length to enlighten us as to what we ought to do about it. He has been informed by his spiritual "control" that all the opposition to the admission of New Mexico and Arizona as separate states will fade out and disappear in just three years from this date, and therefore if the joint-state and anti-state people will get together and agree upon an armistice for three years, the war will be over, congress will make as many states out of us as we want, and everything will be lovely.

That's a revelation that should have caused ageneral jubilee throughout the two territories and no doubt would have produced that result if the Santa Fe man had not forgotten to put in some coloring matter, to keep the public from seeing through it; but owing to that unfortunate oversight the "revelation," which otherwise might have been regarded by the people, especially those of New Mexico, as the most stupendous fact of the present generation, now shrinks to the dimensions of a mere joke, and a thin joke at that.

The idea that New Mexico, whose never-ceasing efforts to get into the union, during the whole of the last half century, have been turned down by congress a score of times for multifarious reasons, is going to turn over such a big leaf, and experience such a transformation, that she will be welcomed to the union by congress with open arms, just three years from now, is an idea that does us proud, but what is the motive power that is going to propel this lightning change, and what is to be done during the three years that we are asked to wait? Let us see:

The old Atlantic and Pacific railroad received a larger land grant than any other railroad in the United States—every alternate section for twenty miles on either side of the line. The Santa Fe company is the successor to the Atlantic and Pacific, and of course takes a proper interest in the matter of how to dispose of that immense land grant to the best advantage. It has discovered that a greater part of the land is practically worthless for ordinary purposes, but the government, by setting it apart for "forest reserves" can make it promise a value to generations that have not yet appeared upon the stage—and of course the general government has to look out for posterity. For every acre which the company surrendered to the government for this purpose, under the old law, it received a piece of "land scrip" which it can locate on any acre of government land, anywhere, and thus great quantities of the worthless lands of the grant between Albuquerque and Needles were exchanged for scrip and can be turned into highly valuable lands in the Pecos Valley, and other garden spots of the country. The company has millions of acres of this scrip and wants time to locate it. That's a mighty nice thing, and no "business" man in this "business" age will blame the railroad company for liking it. A large part of this poor land has been swapped to the government for good land, but, as we have said, there is still a vast acreage to be located yet, and the railroad lawyers think this will take about three years. Then when all the good lands have been made "safe," the company will allow the territory to come in, and the new state can locate its twenty-four million acres on the malpais!

That is a fair sample of the reasons for delay in this case. There are many others, but they are all of the same character, and all have the same meaning, which is "wait till we get things fixed!" Please excuse us. Our coming in may be delayed three years or even longer by the forces which are working against us, but the Morning Journal will endeavor in the meantime to show the people what those forces are, and what personal interests actuate them.

Railway Legislation

REPRESENTATIVE CANNON, who will be speaker of the house, has arrived in Washington, and in referring to his attitude toward the question of railway rate legislation, the Star says: "Primarily it seems assured that some sort of railroad rate legislation is to be enacted. While Mr. Cannon declines to discuss just what congress may or may not do along this particular line, it is known that he realizes the necessity on the part of congress to meet the demands of the general public for remedial railroad rate legislation. With the next speaker in this frame of mind, and the strongest leaders in the house determined to push a conservative bill for railroad rate control, the political forecasters are having very little trouble in predicting the result.

Further on the same subject, referring to the position of other members, the Star says: "It is remarkable that nearly every member of congress now in Washington, while professing a personal belief in the efficiency of the present laws affecting interstate commerce and the control of rates, declares at the same time that the demand of the people will make additional legislation necessary. The voters have an idea that discriminating rates are the result of insufficient laws. Many members of congress declare that if the present laws are kept in full force the railroads will be bound to quote equal rates to all. They have studied the situation, or at least they say they have, and they argue from a practical point of view. They ascribe the popular demand for remedial legislation to the ignorance of the general public as to the scope of the existing laws.

Representatives Cushman of Washington and Minor of Wisconsin arrived in town on the same train with Uncle Joe, and whether they were converted while on their way from their western homes matters not; suffice it that they thoroughly agree with the position which it is known has been assumed by the next speaker. Representative Burton of Ohio has expressed similar views, and Mr. Burton is looked upon as one of the leaders of the party in the next congress.

What has become known as the "administration bill," which represents the more radical views of the president, is going to have a hard row to hoe. The opposition in the house will be general, while in the senate it will be strenuously opposed by such men as Senator Forsaker, Senator Elkins and others of equal force and influence. It is an open question as to whom will be delegated the senate leadership in the fight for the administration. But whoever he is, he will find the strongest men in the senate opposed to any radical action. Mr. Cannon is thoroughly alive as to this situation, and those closest to him declare that he will see to it that whatever bill is reported by the house will be mild and comforting, a compromise between the people and the corporations, conserving to both their rights and assuring equal treatment to all.

In the foregoing the Star merely expresses its own opinion, and circumstances may cause that opinion to change. When it is found that the strong man in the white house is backed by the great masses of the American people, such senators as Forsaker, Elkins and others may find it advisable to modify their opposition. The people have an unpleasant habit of retiring public servants who assume to defy the public will.

THE Washington Star says Maryland's Bonaparte managed to give the other party the worst of the Waterloo.

Territorial Jaglets

About Done. "The man who does things," appears to be about done.—Rowell Record.

Or Bull-Dozed. New Mexico has enough of being farmed on shares by Pennsylvania politicians.—Rowell Record.

Premature Thanks. Governor Otero has issued his Thanksgiving proclamation—and the governorship still unsettled.—Rowell Record.

Meaning What? Captain Frank Frantz, a "Rough Rider," has been named as governor of Oklahoma. New Mexico's Rough Rider will probably be named soon.—Rowell Record.

"A Joint State." An eastern woman spending the winter in the valley declares that she is opposed to joint statehood and gives the following reasons: "Look at Kansas, there is a fine example of a joint state for you."—Rio Grande Republican.

You're Jostling. An Albuquerque paper suggested that in event of joint statehood the Mexicans of New Mexico will be an offset to the Arizona Mormons. It has undoubtedly overlooked the fact that one of the prosperous counties of New Mexico is populated with Mormons.

No Cause for Alarm. The declaration against statehood to the effect that New Mexico will dominate Arizona is made by the anti-statehood people, don't become the true Arizona. Arizona can hold her own with any other political division in the United States.—Arizona Star.

Not the Whole Works. The territorial administration, which includes the office holders of the territory, evidently presume themselves to be the entire republican party of the territory and guardian of the people. The little meeting to select representatives of the republican central committee at Santa Fe last Friday was a very high-handed affair.—Otero County Advertiser.

No Doubt About It. The governor has endorsed the action of the president and selected Thursday, November 30th, for Thanksgiving. The Liberal has the highest legal advice to the effect that resting on the proclamations of both the president and the governor it will be perfectly legal and proper for any resident of New Mexico to eat a turkey dinner on the thirtieth of this month.—Lordsburg Liberal.

Couldn't Tell 'Em From Sheep. The Silver City people think they are again in the world. The Santa Fe company has again put on a regular passenger train connecting that town with the rest of the world, via Deming. For years the people in the vicinity of Silver City have had to ride at the head end of a freight train, and often it was hard to distinguish them from a stock shipment. Now they are happy.—Lordsburg Liberal.

Look Out for the Carr. The president has appointed a Rough Rider governor of Oklahoma, to succeed the present incumbent. This may be a pointer to the nervous politicians of this territory, who are on the anxious seat and want to get on the right track. One of the candidates for the New Mexico governorship is a Rough Rider and his name is Carr. Get out of the way of the Carr, gentlemen.—Capitan News.

Why Not? Our delegate-elect, W. H. Andrews, has filed his answer in the suit brought against him for the recovery of some of the lost funds of the Enterprise bank of Pittsburg, in which he denies every charge. Now if those officials back there will give Mr. Andrews the "square deal" that some of his political associates and boosters in New Mexico say that she should have, they will take the word of a gentleman and drop the little matter.—Otero County Advertiser.

This Is Really Too Bad. "Hon. B. S. Rodey of New Mexico is the leader of the joint statehood movement and will be awarded the credit when 'Arizona the Great' is christened," says the Tucson Star. What good would it do then? A very large majority of Arizona the Great would not regard the result of Mr. Rodey's activity as creditable to him but rather blameworthy, and award would be made accordingly. Rodey is a politician, a seeker after office and emolument.—Phoenix Republican.

Too Good to Be True. The extent to which the reform movement is progressing in Bernalillo county is almost too good to be true. Sheriff de facto in effect Perfecto Armijo, honor to his name, refuses to allow his deputies to go constantly armed with a "shotgun" under the pretext of a "John Doe" warrant.—Socorro Chieftain.

That's Different. The republican committee decided to let congress take care of the Andrews case. They felt, however, that congress was hardly capable of settling the statehood question.—Rowell Record.

Heard Something Drop. The territorial republican committee met in Santa Fe Friday and did a lot of resolving, but left the most important subject quietly alone—"What to do with Andrews." They also failed to endorse the governor, and others, for reappointment, and this looks as though they had heard something for your average politician of the kind that usually stops short of nothing that will keep the administration to the front. They probably heard something drop up about Washington, and didn't want to get in the way of the band wagon.—Capitan News.

Murder in the Second Degree. The jury in the case of the territory against Orlando Douglas, charged with the murder of Pedro Benitas at Tempe last April, returned a verdict of guilty of murder in the second degree Friday afternoon in Phoenix after being out little more than an hour. The accused was brought into court and the attorneys in the case called in when it was announced a verdict had been reached. Judge Kent had been awaiting a verdict in the court chambers.

All Aboard! Conductors, before leaving on your next trip get a full leaflet copy for your train book at the Mitchell & Lithgow bindery with the Journal.

TATTOOING REVEALS IDENTITY OF DEAD BRIDGE CARPENTER

Lloyd Phelps Came of Wealthy
Family in the East.

REMAINS WILL BE SHIPPED
BACK TO PEOPLE IN MICHIGAN

Lloyd Phelps, the bridge carpenter who died at St. Joseph's hospital from a fractured skull received as the result of a fearful fall from a bridge on the Zuni mountain railway, has been identified as the son of L. M. Phelps, a wealthy resident of Pontiac, Michigan. The identification was made by means of curiously tattooed marks on the arms of the dead bridge worker, whose parentage and residence were considerable of a mystery to the local authorities.

On Phelps' left forearm, tattooed into the flesh indelibly with a needle, is a dagger and on the right forearm was discovered the figure of a woman, artistically executed in ink with fine lines that betrayed the touch of an artist.

In reply to queries sent to Pontiac, Mich., O. W. Strong's Sons yesterday morning received a message from L. M. Phelps, which said:

"Body cannot possibly be that of my son, as he is now living in Cedar Rapids, Iowa."

The message further said that on the arms of Mr. Phelps' son were tattooed a dagger and a woman. This at once showed that the father was mistaken about his son being in Cedar Rapids and that the luckless man who died of a fractured skull is indeed the son of L. M. Phelps. The news was immediately telegraphed back to Pontiac, and the body will be sent there for interment. Strong's Sons will ship the remains this evening.

Phelps' history has evidently been an unusual one. His parents are said to be persons of considerable wealth, and the theory is that the young man, who has been roving over the country doing odd jobs, had some kind of trouble with the family, and struck out for the west.

TOM AND ELLE BACK FROM THE WILDS OF THE NAVAJO LAND

Tom and Elle, the Navajos, who have made Fred Harvey famous, have returned to their blanket weaving at the local curio rooms after a long visit on the reservation, during which time Tom was cured by the tribal medicine men of his rheumatism, and Elle got enough fresh air and sunshine to make her look like a youthful Indian maiden instead of a somewhat middle-aged squaw who can weave blankets just a little bit better than any other Indian woman in the southwest.

Tom and Elle both look as if the reservation agreed with them, but seemed glad to get back in the blankets, embowered in the comfort of the curio rooms and resume their old occupation of exhibiting the admiring wonderment of the festive tenderfoot and the ubiquitous tourist.

The Navajos have been gone from Albuquerque for the past six months, though Tom had a glimpse of Manager Schweitzer not long ago when the curio expert made a little trip out on the reservation.

That meeting was a dramatic one. Tom was sitting in a little old hogan away out in the wilderness at the foot of a mountain, surrounded by a crowd of braves helping celebrate his emancipation from the rheumatism. Mr. Schweitzer, quietly walked in the door and said, "Hello, Tom." The eyes of the redoubtable Tom, who did not know Mr. Schweitzer, were within two hundred miles, stuck out so the curio man might have thought they would iron Tom and Elle are probably the most widely advertised Indians in the country, as their fame has spread abroad through the medium of several hundred thousand Santa Fe and Harvey's soldiers scattered all over the United States. Incidentally Albuquerque gets advertised in a way that falls to the lot of few towns of its size in the broad land.

Tom and Elle will remain at the local curio rooms permanently now, or until the "wander-lust" calls them again to the reservation.

WIFE AND SON TOO LATE TO REACH BEDSIDE OF LATE C. N. BOND

The Chicago Record-Herald of Wednesday last contains a large photograph and obituary notice of the late Charles N. Bond, whose wife and son, Charles N. Bond, Jr., of the Santa Fe storekeeper's office here, left several days ago for Chicago upon receiving news of his serious illness. The wife and son arrived too late to see Mr. Bond alive, as the city and state suddenly following an operation at the end of only a week's sickness.

Mr. Bond, Sr., had been a resident of Chicago since 1862, being one of the oldest living residents of the city. He was in the printing business for most of his life and managed numerous large job printing establishments in Chicago. He was born in Niles, Michigan, and removed to the Windy city when 19 years old.

Besides his wife and C. N. Bond, Jr., of this city, the deceased is survived by another son who resides in San Jose, California, and a daughter, Miss Clara Bond, of New York. The latter was with him at the time of his death.

Charles N. Bond, of this city, will return accompanied by his mother in a few days to resume his position in the Santa Fe office. He and Mrs. Bond have many friends in Albuquerque who will greatly regret to hear of their bereavement.

BROTHER OF DEAD BOILERMAKER LOCATED

PHILADELPHIA POLICE FIND
JAMES MURPHY AFTER SEARCH

Deceased Was Professional Strike-
breaker and at One Time Was
Pinkerton Man.

Undertaker Borders yesterday received a telegram from John H. Taylor, chief of police of Philadelphia, and James J. Murphy, of 2666 North Chadwick street of the same city, in regard to John Murphy, the Santa Fe boilermaker who met death Friday morning early, by falling down stairs at the Green hotel at Third street and Atlantic avenue in this city.

James J. Murphy is a brother of the deceased and was located only after a most thorough search by the police of Philadelphia. It is very probable that the body will be sent to the brother for interment, though explicit instructions have not yet been received. From what can be learned it seems that the dead man has been quite a traveler and wrote but few letters. He had been away from home for several years and therefore the police of Philadelphia had considerable trouble in locating anyone who knew him. For some time past he had been engaged in the strike breaking business and in said to have been a member of the Pinkerton detective agency.

King Subscribes \$10,000.
London, Nov. 19.—The king has given £2,000 to the fund started for the queen for the relief of the poor of London, to which her majesty subscribed £2,000. Among the other subscribers are the Prince of Wales, £1,000; Lord Iveagh, £5,000, and Lord Rothschild, £3,000. The fund already amounts to £24,000.

His Fee \$300,000.
Madrid, Nov. 19.—Ecuador has engaged Senor Maura, ex-prime minister of Spain, to defend her interests in the delinquent of the Peruvian frontier. He will receive a fee of \$300,000.

FIGHT ON SOCIAL EVIL WILL BE DETERMINED

PETITION TO BE CIRCULATED
THOROUGHLY IN THE CITY

The organization of citizens formed Saturday night in the office of A. B. McMillen, to press the fight on public vice in Albuquerque, is going about the matter in a business like and determined way and will undoubtedly accomplish definite and satisfactory results quickly. Copies of the petition that will be presented to the city council tonight were yesterday displayed at the various churches and extensively signed, and the pastors called attention to the matter from the pulpits last night.

Nothing but commendation of the action of the men who started the movement has been heard on all sides, and it is expected that the petition to the council tonight will be a monster one. To secure additional signatures President A. B. McMillen, of the organization, yesterday handed the Morning Journal the following communication, accompanied by the form of the petition which is to be tendered to the council:

To the People of Albuquerque: Over five hundred invitations were sent out from the Driscoll place on North Third street to the men and boys of Albuquerque. Are the fathers and mothers and wives interested? If so, what shall the answer be? At a meeting of citizens held Saturday night a committee was appointed to address the city council orally and also to present a petition from the people of which a copy is given below.

Do you approve the answer? A number of such petitions are being circulated, but it will be impossible to reach more than a small portion of the people in that way.

If you approve the proposed petition and have not already signed one, you and your friends can sign the petition printed below and send to the undersigned. All petitions received will be presented to the city council by the committee. Respectfully,
A. B. McMILLEN,
Chairman.

Petition.
To the City Council of the City of Albuquerque. Gentlemen: We, the undersigned citizens of the city of Albuquerque respectfully request and demand of the city council that the laws and ordinances against prostitution in the city of Albuquerque be enforced.

APOLLE—For putting up stoves, house and carpet cleaning. Address, 120 South High.

THE SALVATION ARMY SANITARIUM
AMITY, COLORADO

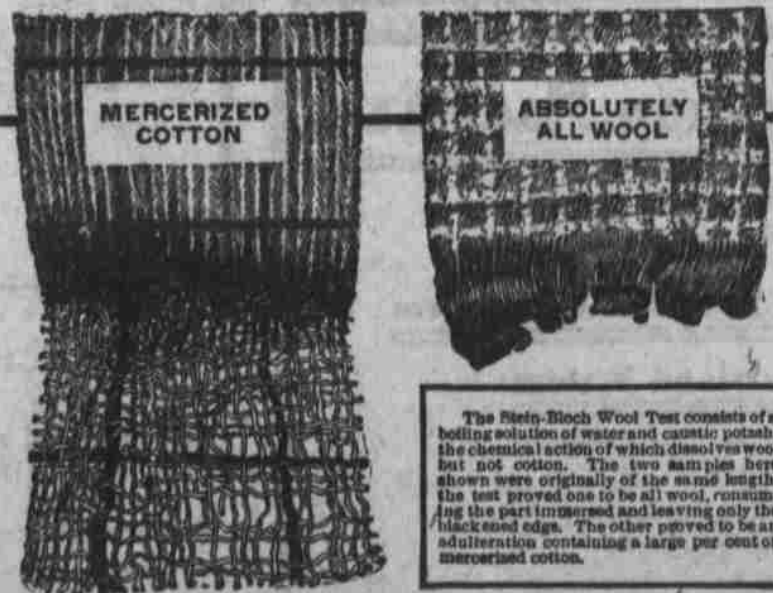

For the Treatment and Cure of Pulmonary Tuberculosis, by a New Method, Under Direct Supervision of the Discoverer, David Wark, M.D., of New York City.

Very satisfactory results have already been accomplished under the very careful supervision of Army officers. This treatment, coupled with the unequalled climate and special facilities at our Army Sanitarium, bids fair to result in the cure of thousands of cases in the first and early second stages of the disease.

Applicants for admission should write to the Secretary, SANITARIUM, Amity, Proctor County, Colorado.

The Stein-Bloch Wool Test

The Stein-Bloch Wool Test consists of a boiling solution of water and caustic potash, the chemical action of which dissolves wool but not cotton. The two samples here shown were originally of the same length, the test proved one to be all wool, consuming the part immersed and leaving only the blackened edge. The other proved to be an adulteration containing a large per cent of mercerized cotton.

HEAVY MOVEMENT OF FAT CATTLE AND SHEEP FROM ARIZONA

Big Shipments Tax Railroad's
Supply of Rolling Stock.

PATTERSON OF ST. JOHNS
SHIPS 19 CARS OF CATTLE

Albuquerque Commission Man Garcia
Drives 25,000 Sheep Overland
From Holbrook.

J. B. Patterson of St. Johns, Ariz., arrived in the city yesterday with 19 cars of the finest steers that have been seen in Albuquerque for some years. There are 625 head of the animals and they average 1,050 pounds each in weight. Most of them are Herefords. They were started last night for Kansas City where they will be marketed. They were held four days at Holbrook, waiting for the railway to furnish cars.

"Yes, they are a fine lot," said Mr. Patterson at the stock yards yesterday. "They have been on the best range in Arizona for the past year and their condition shows plainly that words, the condition of the ranges down our way."

"I expect to get about \$3.25 or a little better than \$3.00 for the lot. I have had a hard trip this far, but expect that I will be in better luck from here east. We got two engines on the train coming in from Holbrook, where I loaded, but both of them failed, and it was necessary in each case to send back and get other machines."

"Cattle shipments from Holbrook have broken all records this fall, and the reason is very apparent. Stock is rolling fat, having had the most pasture, and the condition of the ranges is all that could be desired. They will remain good all winter."

"Cattle are not in very great demand this year and I think the market is a little slower than in the past. Of course the best condition and the fact that there are plenty of fat cattle in the country are responsible for this condition."

Mr. Patterson has four men with him on the trip. He is one of the wealthy sheep and cattle owners of Arizona, and has made an immense sum of money this year from his sales.

Heavy Shipments From Holbrook.
In addition to the large shipment of sheep from Holbrook this year, phenomenal consignments of cattle are leaving that point daily.

Fred Coulter of Springerville, thirty miles from St. Johns, passed through Albuquerque yesterday morning with 31 cars of young stock, loaded at Holbrook, and bound for Kansas City. There are 1,025 head and they are in fine condition.

Steve Ramer, of Pleasant Valley, Ariz., has 350 head of fat cattle at Holbrook, waiting for cars to transport them to the Kansas City market.

Drove Sheep Overland.
E. W. Garcia, the sheep commission man of this city, recently purchased 25,000 head of sheep in Arizona and gathered them at Navajo, where he expected to have cars to take them to Albuquerque. He held the sheep there for some time and as the cars did not arrive, he drove them overland to this city, and now has them in the local stock yards dipping them and disposing of them to Colorado and western buyers.

The pens are all full of sheep and cattle at the local yards, and as the territorial laws require that all sheep be dipped before shipping, the matter of handling them is necessarily slow.

ARIZONA MASONS ELECT GRAND OFFICERS FOR ENSUING YEAR

Flagstaff, Ariz., Nov. 19.—The Masonic bodies which have been in session here this week elected the following grand officers:
Grand Lodge: Grand master, Dr. E. S. Miller of Flagstaff; deputy grand master, Herbert Brown of Yuma; grand senior warden, Grant Jones of Tempe; grand junior warden, Judge F. M. Doan of Florence; grand treasurer, R. N. Fredericks of Prescott; grand secretary, George J. Roskrug of Tucson; grand lecturer, F. A. Shaw, of Phoenix.

The grand chapter Royal Arch Masons elected the following grand officers:
Grand high priest, Prosper P. Parker of Phoenix; deputy high priest, Charles O. Rouse of Tucson; grand king, Albert D. Barnhart of Prescott; grand scribe, Francis M. Zuck of Holbrook; grand treasurer, John M. Ormeby of Tucson; grand secretary, George J. Roskrug of Tucson.

The grand commandery, Knights Templar elected the following officers for the ensuing year. Grand commander, George W. Vickers of Prescott; deputy grand commander, John J. Sweeney of Phoenix; grand generalissimo, Charles O. Rouse of Tucson; grand captain general, Albert D. Barnhart of Prescott; grand senior warden, N. A. Morford of Phoenix; grand junior warden, John J. Hawkins of Prescott; grand treasurer, George H. N. Lush of Phoenix; grand recorder, George J. Roskrug of Tucson; grand prelate, F. T. Bennett of Prescott.

The Masonic bodies will meet in Phoenix in November, 1906.

WHITE MEN BREATHE EASIER AFTER THE TROOPS ARRIVE

RUMORS OF MORE TROUBLE
WITH NAVAJO ARE THICK

Bold Bad Hoboes Are Foiled by Marshal Winders in Attempt to
Break Gallup Jail.

Correspondence Morning Journal.
Gallup, N. M., Nov. 19.—Troop K of the Fifth cavalry, which was sent under command of Captain Willard to garrison Fort Defiance to prevent further outbreaks on the part of the Navajos, will remain there for the present. The Krag-Jorgensen of the soldier boys have restored confidence to many of the settlers in that part of the reservation, who have been greatly alarmed by the rumors that have been flying thick and fast of a serious uprising among the Indians. One report which reached Gallup was to the effect that Black Horse, the Navajo chief, had been riding about the reservation urging the Indians to assemble and make serious trouble for the white men and to even attack the troops. While most of the sensational stories have been pure fabrications, nevertheless the white men on the reservation have been uneasy. As usual it is the opinion that "fire water" among the Indians is responsible for starting the trouble, and the sentiment is growing in this section that all those who persist in illegally dispensing liquor to the Navajos should be rounded up and sent to the pen. It is advocated that the government station a special man to watch for violations of the law and apprehend the men who are engaged in the nefarious business.

**BOLD BAD HOBOS FAIL
TO BREAK OUT OF JAIL.**

A bunch of hobos who have been the guests of Marshal Winders in the local calaboose are now doing over time with pick and shovel in consequence of an unsuccessful attempt to break out of dunder during the week. The method employed by the jailbirds was ingenious. They heated a poker red hot in the stove, and burned holes around the lock in the door, gradually working it loose enough so that a good strong pull would burst the door open. One of the men in the plot gave the snap away while working on the streets by asking a small boy to get him a piece of iron a certain size. The boy told someone, who put the marshal next and the door was promptly fixed.

Improvements at Navajo Agency.
J. E. Maxwell, agent and farmer for the Navajo at Leupp, fourteen miles north of Canyon Diablo, was in town yesterday. The government is spending four thousand dollars in the erection of buildings for this agency. An appropriation has been made for the purpose of one hundred and twenty bucks, and Mr. Maxwell would like to hear from some of the Arizona sheep growers who have this kind of stock to dispose of. Mr. Maxwell is expecting an engineer at an early date to examine and report on a reservoir site and an irrigation proposition at the agency.

Leupp has recently been made a postoffice and J. G. Walker, a bright, educated young Navajo, has been appointed as postmaster.—Cochino Sun.

IF YOU TRADE WITH F. G. PRATT & CO. YOU ARE SURE OF GETTING THE FINEST GROCERIES AT REASONABLE PRICES. 214 S. SECOND STREET.

**"HORSESHOE" JACOBS HAS
BEEN ON THE ROAD
THIRTY YEARS**

Adolph Jacobs, who is familiarly known as "Horseshoe" Jacobs, is the city from Denver and will remain for a few days in business. Mr. Jacobs has been a commercial traveler for the past thirty years and most of the time has been in the southwest. Twenty years ago he was in southern New Mexico during the Geronimo raid, and was with a posse which was organized at Deming to go out and fight Indians. He was out with the posse for three days, and during that time had many hard fights with the Indians and many

DRAGGING down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI Woman's Relief

that marvelous, curative extract, or natural essence, of herbs, which exerts such a wonderful strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the muscles to pull the womb up into place. It is a safe and permanent cure for all female complaints.

WRITE US A LETTER
In strictest confidence, telling us all your troubles. We will send free advice (in plain sealed envelope). Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"I SUFFERED AWFUL PAIN
In my womb and ovaries," writes Mrs. Naomi Baker, of Webster Groves, Mo., "and my menses were very painful and irregular. Since taking Cardui I feel like a new woman, and do not suffer as I did."

thrilling experiences. Mr. Jacobs was traveling for the manufacturers of "Horseshoe" plug tobacco, and though he has long since severed his connection with that company, the name has clung tenaciously to him.

HOW IT STICKS.
Albuquerque Has Found It Hard to Shake Off.

Hard to bear, harder to get rid of, is any itching skin complaint. Eczema or Itching Piles. Doan's Ointment relieves and cures. All itches of the skin.

Albuquerque people endorse this statement:
A. M. Whitcomb, nurseryman, corner Eighth and Tenth streets, says: "In my estimation there is no ointment for the purpose that it is used that can equal Doan's. There was a spot below my knee which annoyed me for ten years, thick eczema it did not spread out, but at times it itched so exasperatingly, particularly after I went to bed or sat by the stove, that I scratched it until it smarted before relief came. I tried every ointment and ointment I came across, when one did not help I bought another and applied it. Reading about Doan's Ointment induced me to go to the Alvarado Pharmacy for a box. In a few days the itching ceased and the life of the part affected was killed for up to date, and it is now over six months since I stopped the use of the ointment; there has not been a symptom of its reappearance."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

THE GLOBE STORE

WEST RAILROAD AVENUE
BETWEEN
SECOND AND THIRD STREETS

THE STORE OF RELIABILITY

A Short Shoe Talk

ALL WEARERS OF SHOES—men, women and children—did you ever think about shoes long enough to realize that, with all the American boast of superiority in shoe-making, there are only two kinds of shoes made: [1] Shoes to sell at any old price, fit and quality not entering into the matter at all, and [2] Shoes of quality, with fit and finish considered as an essential element of successful shoe-making, with a reasonable cost to the wearer. The first kind can be bought at any store—most shoe makers make them and most retailers sell them for the profit there is in the making and selling; but the second kind, the kind that are guaranteed to wear satisfactorily, fit perfectly, and give the foot that elegant appearance desired by all well dressed persons, are only made by a few manufacturers, and the sale is confined to such retailers as will forego large profits that their customers may wear the best shoes at a minimum cost. THE GLOBE STORE is the only store in Albuquerque carrying shoes of quality, with fit and finish considered as an essential element of successful shoe making. At the St. Louis Exposition a committee of experts awarded the GRAND PRIZE—the highest prize that could be given—over all other competitors—to the makers of the famous

.....DIAMOND BRAND SHOES.....

for excellence—for shoes of quality, with fit and finish considered as an essential element of successful shoe-making. As a guarantee of superiority none better could be had. THE GLOBE STORE has the exclusive sale of these GRAND PRIZE SHOES for men, women and children. Price range

Children's, from 25c per pair and up.
Women's, from \$1.00 per pair up to \$4.00.
Men's, from \$1.25 per pair up to \$6.00.

A positive guarantee of satisfaction or money refunded, goes with every pair of children's selling for 65c and over; women's selling for \$1.75 and over; men's selling for \$2.25 and over.

IN MEN'S HIGH-GRADE SHOES THERE IS NOTHING TO EQUAL THE

Charles Case Shoes

THE GLOBE STORE has the exclusive sale of these shoes, and carries a stock equal to the demands of the trade. Prices, per pair\$6.00 and \$7.00

Edwin C. Burt Shoes

For Ladies have been the standard of fine shoe-making. THE GLOBE STORE has the exclusive sale of these shoes, and carries a stock complete in all widths, sizes and styles. Prices, per pair\$4.50 and \$5.00

To conclude "A Short Shoe Talk" in a few more words, THE GLOBE STORE carries the most complete stock of reliable shoes in the City of Albuquerque, and is prepared to meet every demand for fine footwear. When looking for the best shoes at reasonable prices, look for

THE BIG GLOBE SIGN

on West Railroad Avenue; when the Globe Sign has been found you have found the best there is to be had in shoes

AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1906. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

M. E. FOX, New Mexico's Leading Jeweler

LOCAL ITEMS OF INTEREST

THE WEATHER.

For the twenty-four hours ending at 5 o'clock yesterday afternoon:
Maximum temperature, 59; minimum, 30.

Forecast:

Washington, Nov. 18.—New Mexico and Arizona: Fair and warmer, Monday; Tuesday, fair.

Regular meeting Mineral Lodge No. 4, K. of P., tonight.
H. O. Bursum came down from Santa Fe last night and will return to the Ancient city this morning.

H. H. Williams and S. L. Clayton, of San Marcel, arrived in the city last night and will remain for a few days on business.

J. A. Gordon, a prominent business man of Gallup, arrived in Albuquerque yesterday morning and will be here on business for a few days.

Walter O'Brien, territorial cattle inspector, arrived in the city last evening and will leave this morning on his last trip to the west.

Mrs. E. J. Maxwell and daughter, Miss Lorna, have returned from California points, where they have been visiting for the past six months.

Louis, McEae is in the city from Willard, N. M., on a business trip. Mr. McEae recently returned from a trip to Portland and the northwest.

Edward Coddington and James Martin spent yesterday quail hunting up the Rio Grande. They bagged a nice lot of birds and report that quail shooting is very good.

The retail clerks of Albuquerque held a meeting yesterday morning to protest against the stores of the city remaining open evenings from now until after Christmas.

Philip Bolando and J. B. Tucker came down from Algodones last evening and will remain in the city for a day on business. They expect to return home this evening.

Louis Sticker, W. J. Gephord, Henry Westfield and Bert Bowen spent a few hours yesterday morning up the Rio Grande duck hunting. They report duck plentiful up the river.

Some deep-dyed villain purloined a twenty-pound can of lard from the cash buyer's Union store on South Second street Saturday night. William Balde, the proprietor, reported the loss to the police, but as yet the thief has not been apprehended.

Thomas Kelsner returned yesterday morning from Whetstone Springs, where he has been for some time recovering from a nervous trouble, which is the result of a runaway accident over a year ago. Mr. Kelsner, who is a member of the Moon-Kelcher photo firm, is much improved in health.

J. R. Edgell, representing the Associated Wool Growers' association, is in the city from Salt Lake City and will remain for a few days looking up wool in the local market. Mr. Edgell returned yesterday morning from the vicinity of Grants, where he went to look up a few prospective purchasers.

Deputy Master E. R. Wells, of the Santa Fe in this city, received a message last night from his mother at La Junta, stating that his father, J. R. Wells, who is 78 years of age, is dangerously ill. Mr. Wells will leave this morning for home, where he expects to be for a few days or until a change takes place in his father's condition.

Miss Phoebe Roberts, the well known elocutionist of Chicago, who spent last winter in this city, passed through the city last night on No. 1 bound for points in California and the northwest. Miss Roberts is with the Bohmirkryll Concert company, and will spend the season with them. A large number of friends and admirers were at the train last night to meet the young lady.

The funeral of W. H. Hall, whose death occurred last Friday was held yesterday afternoon at 2:30 at the border's chapel. The local carpenters' union, of which Mr. Hall had long been an honored member attended the funeral in a body. Rev. John W. Barron, of the Congregational church, conducted the services and the interment took place at Fairview cemetery. The funeral was largely attended.

John Degman of Rocky Ford, Col., who is associated with Col. J. C. Lockhart in the ranching business near that city, passed through here yesterday with four cars of bulls, which he

purchased at Silver City. The animals were Herefords and graded cattle and will be taken to Sugar City, near Rocky Ford, where they will be fattened on best pulp from the sugar factory, preparatory to being sent to market at Kansas City.

William M. Daze, travelling engineer on the west end of the Santa Fe, between Winslow and Seligman, has had an increase in territory and his supervision now extends from Seligman to Gallup.

W. W. Gibbons, of Cleveland, Ohio, died at the St. Joseph hospital in this city early yesterday morning. Mr. Gibbons was 38 years of age and had been in the city for the past two months. Death was due to a complication of diseases. Willard Gibbons, brother of the deceased, has been in the city for the past two weeks and took the body to the old home for interment last evening. Willard Gibbons is in the wholesale and retail meat and produce business in Cleveland.

Mrs. Alfred Grunsfeld and Mrs. Samuel Neustadt report that the \$270 subscribed by the members of the congregation of Temple Albert for the Associated Charities fund does not represent the whole list, but that half a dozen remain yet to be called upon. It is expected to swell the contribution to over \$200 at least. Rabbi Kaplan announces that he is waiting to hear from the other committees when he will appoint another one to take up the work that is left.

Mrs. J. N. Reece and son Roy R. Reece, of Springfield, Illinois, mother and brother respectively of Mrs. H. Brand Heising, arrived in the city to visit the latter yesterday.

Attorney H. M. Dougherty, of Sacramento, arrived in the city yesterday.

Mrs. J. E. Moore, of Las Vegas, is in the city.

R. G. Fulman was an arrival in Albuquerque yesterday from Willard on the Santa Fe cut-off.

J. A. Gordon, of Gallup, was among yesterday's visitors in the city.

Unredeemed Diamonds

Below the wholesale price. Should your jeweler offer to sell you a diamond

even at cost it would still pay you to buy it from us, as we are in a position to sell diamonds (that have been pawned to us) at 20 per cent less at retail than jewelers can buy them at wholesale.

The Wilson Heater with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitute 40 per cent of the entire heating power of the fuel. Buy a Wilson and get all the heat you are paying for.
