BURTON FACES PLATT TILLS CORRUPING DOCUMENTS OF TRIBUTE

Damaging Letters Are Produced in Court. Senator Doesn't Balk at Little Thing Like Campaign Funds.

DEFENSE DOES NOT QUESTION AUTHENTICITY OF LETTERS
MUTUAL EQUITABLE AND NEW YORK PAID REGULARLY

Evidence Indicates Senator Accepted Bribes From Rialto Grain and Securities Company.

St. Louis, Mo., Nov. 21.—The introduction of letters and telegrams exchanged between Senator Burton and Thomas B. Harlan, an attorney for the Rialto Grain and Securities company, was the feature of the second day of the trial of United States Senator Joseph R. Burton, of Kansas, in the United States circuit court on an indictment charging that he agreed to accept, and accepted, compensation from the Rialto company for using his influence while a member of the United States senate for the benefit of the Rialto company in matters pending before the postoffice department and in which the government was interested.

The effort to introduce this evidence by the government brought frequent objections from counsel for the defense, which in only one instance was sustained by Judge Vandewater. The court ruled that one telegram was sent by the government to be a reply to one sent to Senator Burton by Harlan was not relevant.

In no case did the defense question the authenticity of the letters or telegrams, basing their objections on the ground that the contents were not pertinent to the allegations made in the indictment.

Mr. Harlan, who, at Senator Burton's former trial was called as a witness by the defense, was placed on the stand by the government today and called upon to identify letter press copies of letters sent by him to Senator Burton and originals of letters received by him from Senator Burton.

The first letter submitted was dated November 18, 1902, addressed to Senator Burton and signed by Harlan. Following is an excerpt from this document:

"I hope you received my message to the effect that this company (meaning the Rialto company) accepts your terms to act as counsel at a salary of \$500 a month, said service to begin immediately; that is of this date, November 18, 1902."

Senator Burton's Reply.

In reply Senator Burton wrote Harlan in part as follows:

"I called at the department this morning and find that there are two complaints lodged against your company. One by Bell A. Evans and the other by Mrs. K. C. Kent, both of Albany, N. Y. Without knowing about the merits of the same, I would advise that all complaints receive special attention by your company. No action of any kind will be taken against you without me being first notified and every opportunity for a full explanation or hearing will be had."

In return, if agreeable, you may make remittance for my month's pay."

The following is a letter from a letter dated December 2, 1902, sent to Senator Burton by Harlan:

"The cases here (indictments against President of Rialto) are set for trial on the 8th of January, and Judge Krum and I are preparing now for the trial."

In reply to the letter from Harlan stating that an alleged confidential inspector had tried to extract money from the Rialto company by virtue of his official position, Senator Burton wrote the following: "There is no man by the name of J. H. Bowman who is a postoffice inspector. The man operating in Colorado is also a fraud. There have gone from this office no instructions whatever about the Rialto company and there is nothing in this office against you at this time. The matter in St. Louis, as you know, is in the hands of Mr. Dice there."

"I would suggest that you prepare carefully the case of Dennis for early next month."

"I will take care of things at this end of the line."

Four checks for \$500 each sent by the Rialto company of St. Louis to Senator Burton while he was in Washington, D. C., were submitted by the government, and while objected to by the defense on grounds of relevancy, Senator Burton acknowledged the endorsements on their backs.

Department Cannot Act.

Boston, Mass., Nov. 21.—The Carpenters' District Council of Boston has received a letter from Secretary of the Navy Charles J. Bonaparte in reply to a protest made regarding a wharf contractor working his men nine hours a day at the Charlestown navy yard, in which the secretary states that the navy department can do nothing in the matter, and cannot compel a contractor to work his men only eight hours.

The district council had informed the secretary that other departments of the government had taken action insisting upon an eight-hour day on work given out. The council decided that the navy department had not made an adequate investigation of the subject, and therefore carried the case to Secretary Bonaparte.

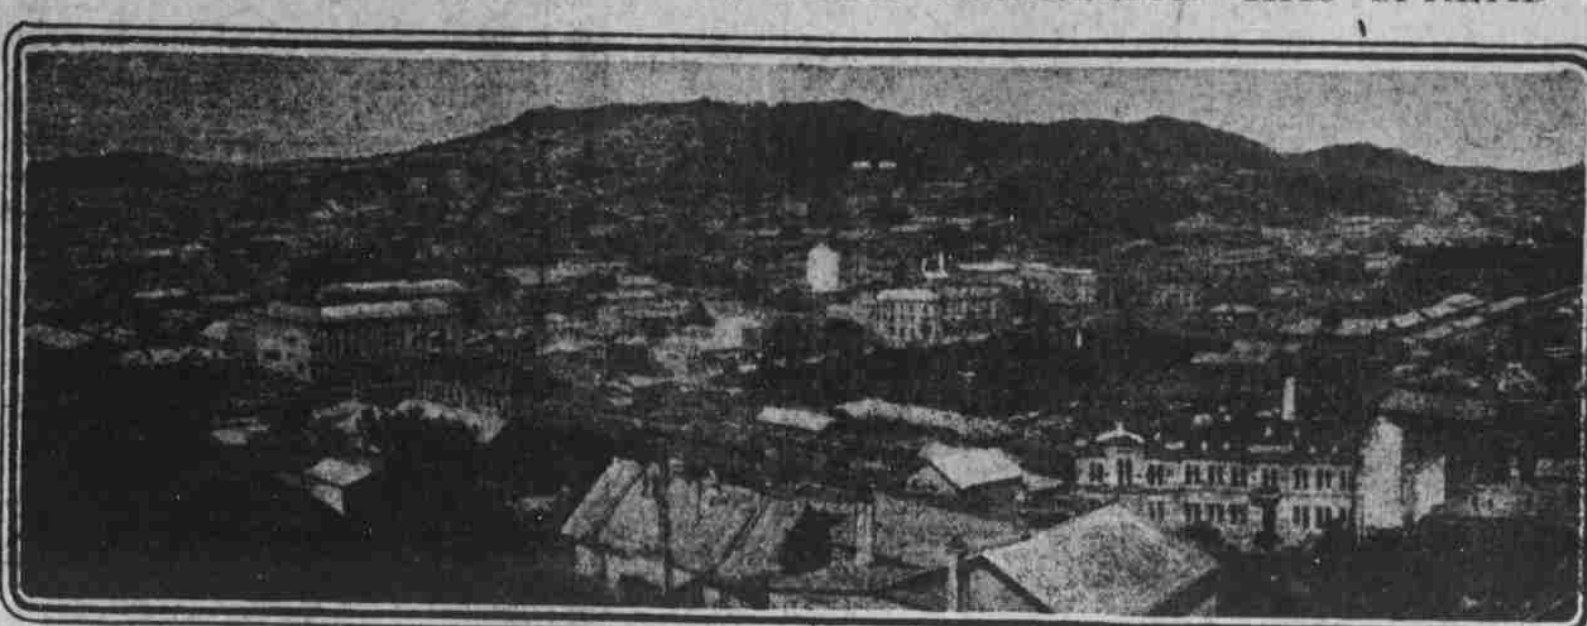

Ex-Congressman Johnson Ill.

Sacramento, Cal., Nov. 21.—Former Congressman Grove L. Johnson, who had a hemorrhage of the lungs last night in a critical condition and not expected to live. He had two more hemorrhages during the forenoon.

Cotton Report.

Washington, Nov. 21.—The census bureau issued today a bulletin placing the amount of cotton ginned to November 14th at 7,498,167 bales.

FORTIFIED PORT TO WHICH GREAT REBELLION HAS SPREAD

WILL NOT DELAY THE CANAL

CONGRESS TO SET ASIDE FUNDS TO MEET PAYROLL

Deliberation Over Type To Be Chosen Will Not Impede Work of Digging Ditch.

Washington, Nov. 21.—Leaders of the house of representatives who will determine the forms of legislation, have decided that in order to meet the emergency for the Panama canal work, a bill will be passed after congress meets putting the canal bonds on the same footing as the other two preceding bond issues of the government in order to facilitate their sale. An appropriation will be made to meet the payroll of the canal with the provision that the money for this purpose shall be reimbursed to the treasury out of the sale of the bonds. After that, congress could if necessary, determine the type of canal without crippling the work in progress. This program has been outlined in order to meet contingencies and not delay the work on the canal while the subject of type is being discussed and decided.

Diaz Entertains Californians.

Mexico City, Nov. 21.—President Diaz will tomorrow receive the members of the Union League club of San Francisco, with their families at Castle Chapultepec. The excursionists will be given a banquet in the evening, at which President Corral will be the guest of honor. The club members are today visiting points of interest in the city.

PICTURESQUE TEXAN IS FOR JOINT STATEHOOD NOW

Senator Bailey Can See No Other Way Out for Texas.

South McAlester, L. T., Nov. 21.—In a letter to Judge Stuart, Senator Bailey abandons the two states theory and says he will favor joint statehood. He explains that while he would prefer two states, it seems to be impossible to succeed and the only thing in reach is one state for the two territories.

After recounting the evils of the present system the letter concludes: "It is my deliberate judgment that the only relief from these evils lies in a single statehood for the two territories, and believing this to be the case I shall reluctantly abandon what I believe was abstractly the sound position, and do what I can to bring to your people the blessings of self government for even a single day for compensating for a result which I know is beyond accomplishment."

PIQUIS MEDICINE
MAN'S KILLING
ACCIDENTAL

MARTINEZ RELEASED UPON
HIS OWN RECOGNIZANCE

Thorough Investigation by Messrs.
Abbott and Crandall Shows
Killing Unintentional.

Special to the Morning Journal.
Santa Fe, N. M., Nov. 21.—After a thorough investigation the Indian of Belch has determined that the shooting of Antonio Maria Vargas, a medicine man of the Pecos pueblo, by another Indian of the tribe at the big fiesta not long ago was entirely accidental and the man who did the shooting, Antonio Jose Martinez, has been released on his own recognizance. The shooting took place when the festivities were at their height and the crowd was being discharged in every direction. The victim of the stray bullet was an old man, highly respected and looked up to by his tribesmen and his death caused a huge uproar. The revolver had plunged through the unfortunate man's abdomen, making a frightful wound. He died soon after in great agony. Attorney for the Pecos Judge A. J. Abbott, with Assistant Crandall, of the Indian school here, and the farmer at Taos Pueblo, Mr. Dwyer, investigated the case thoroughly and are satisfied that the tragedy was an accident. After the coroner's jury had found that Martinez, an intelligent Indian and graduate of Carlisle, had caused the man's death, Martinez was bound over without bond and committed. Upon a letter being written to the justice of the peace by Mr. Abbott, the prisoner was released upon his own recognizance.

KILLING OF DEER BY INDIANS MUST STOP

Reinskins All Over Territory Ignore Game Laws.

Special to the Morning Journal.
Santa Fe, N. M., Nov. 21.—Page II. Over territorial game and game warden, is receiving complaints of the killing of deer by the wholesale by Indians in Taos, Valencia, Socorro, Grant and other counties and it is thought some drastic action will be taken to put a stop to it. Nine San Felipe Indians were caught with four deer hides the other day by Lieutenant Cipriano Baca, of the mounted police, but as the Indians were in an ugly frame of mind he did not attempt any arrest. Reports come from the Datto of slaughter of deer by Indians, and it is said fully 150 Indians are unlawfully hunting them in Socorro county. Nine Indians were arrested on a similar charge in Taos county this week. The game warden will make complaint to the commissioner of Indian affairs at Washington.

THE CRITCHELD CLAIM.

Heavy Damages Wanted for Its Cancellation.

Washington, Nov. 21.—The Critchfield claim against Venezuela received a fresh impetus by the call upon Secretary Root of Attorney Clark of New York, representing the claimants. The Critchfield claim is based upon a concession by President Castro when he was dictator several years ago, to Critchfield to exploit an asphalt mine. A railroad was built connecting the property with a coast port, and the development of the property was begun, when the concession was suddenly canceled. A claim for heavy damages was the result. That was filed with the state department about a year and a half ago, after the Venezuelan arbitration awards, and too late to be considered by the arbitral tribunals. Secretary Root listened with interest to the attorney's statement and promised to give the matter attention in connection with the whole general subject of the settlement of outstanding issues between the United States and Venezuela.

Fall in Russian Prices.

St. Petersburg, Nov. 21.—The manager of the local branch of the Credit Lyonnais denies the report that the bank is refusing to accept Russian securities as collateral. On account of the unsettled condition and the heavy fall in prices on the bourse, however, the bank insists upon larger margins. The following formal statement on the subject was made by the bank: "The Credit Lyonnais is continuing the making of advances on stocks, but owing to the unsettled state of the industrial and the narrow market of the St. Petersburg bourse it requires larger margins than formerly. Other banks are also adopting the same course and there is a noticeable disposition on the part of all the bankers to reduce their commitments."

Report False.

Washington, Nov. 21.—It is authoritatively stated at the war department that there is no foundation for the published report that the department has been informed that two members of congress are involved in the irregularities in the quartermaster's depot near Philadelphia. It is specifically stated that none of the reports made to the department regarding the case mentions the names or refers to any members of congress in respect to the alleged irregularities. No report has been received from Inspector General Galbraith for more than a week, since which time the department has, however, received a report from Major J. T. Knight, the depot quartermaster in charge of the depot at Schuylkill.

Miles in Washington.

Washington, Nov. 21.—Lieutenant General Nelson A. Miles, retired, formerly in command of the army, now identified with the Massachusetts state militia, is in the city for a few days, the guest of his daughter, the wife of Col. Samuel Reber of the general staff at 1736 N. street. General Miles is in excellent health and spirits and says there is no special significance in his visit to Washington at this time, he having come down to attend to some private business. He paid a visit to the war department during the day and called on a number of his old army friends. He left his card for Secretary Taft, who was at the cabinet meeting at the time.

Washington in Oklahoma.

Oklahoma City, O. T., Nov. 21.—For two hours Booker T. Washington talked to a large audience composed of negroes and white people in this city today. Mr. Washington says he is making a tour of the territories, studying the conditions of his people, with the hope of helping them, in matters of industrial education, and these things essential before they can claim good citizenship, and the protection of

the white race. He admonished his negro brethren to work and fit themselves in some trade, profession or in agricultural pursuits. He said the racial problem would never be solved by race hatred but rather by peace and harmony between them and it was the negro's duty as well as that of the white man to know this.

Indian Chauffeurs.

Sioux City, Ia., Nov. 21.—Hereafter when pale faces go to Rapid River, in South Dakota, to see how the wild Sioux Indians live they will be greeted at the Bone Steel station with a band of braves. The Redskins will not come out to greet ships nor to frighten away the visitors; instead, each buck will beseech the travelers to ride in his automobile. "Seeing Roosevelt" is the sign that will be fluted by these chieftains driving a full-blooded redskin, who now and then lets out a whoop from very exhilaration. Billy Twohoppers today rode here a touring automobile carrying fifteen people, and started overland with it for the reservation. It is the first of a regular line of automobiles to be operated between Bone Steel and the reservation.

Downshire Sells Land.

London, Nov. 21.—The Marquis of Downshire has agreed to sell his agricultural land in County Down, Ireland, to tenants. The estate is the richest in Ireland and valued at about \$15,000,000.

Pesos Going to Asia.

Mexico City, Mex., Nov. 21.—Large sales of pesos for coinage are being made by bankers for shipment to Asia and owing to the rise in silver pesos are sold at par, which is 50 cents gold value. Orders for pesos within two days amount to a million dollars.

Gamel Reservoirs Muddy.

St. Petersburg, Nov. 21.—Private advices received today from Gamel, in the government of that name, say that a battalion of reservists a thousand strong, mutilated, following a demand for better food.

Drug Trust Expensive.

Philadelphia, Pa., Nov. 21.—In the suit of C. G. A. Leder against the national associations of wholesale and retail druggists and the Philadelphia association of retail druggists, before Judge Holland in the United States circuit court yesterday, statistics were produced by counsel for the plaintiff to show that during the past six years the public has paid \$30,000,000 in increased prices for drugs.

Mr. Leder, who is a cut-rate druggist, is asking \$100,000 damages for an alleged conspiracy on the part of the defendants to ruin his business.

Clayton F. Shoemaker, senior member of the wholesale drug firm of Shoemaker & Busch, had testified that to some extent his refusal to supply a cut-rate druggist was due to his sympathy for the small retailer.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money for any case of Leucorrhoea, Prolapse, or Falling of the Uterus, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Very often a married woman or young girl does not know who to turn to for advice in circumstances where she dislikes to talk with the family physician about delicate matters. At such times write to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for free consultation and advice, and the same will be held as strictly confidential. It is foolish to consult women friends or persons without medical training.

Dr. Pierce's Favorite Prescription contains no alcohol, is entirely vegetable and was the first exclusively woman's tonic on the market—it has sold more largely in the past third of a century than any other medicine for women.

All other compounds intended for women only are made with alcohol, or alcohol is a large component—this alcohol injures the nerves. The little red cornucopias of the blood are shrunk by alcohol. All such compounds, therefore, do harm.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. Use them with the "Favorite Prescription," when a pill is required. One is a laxative, two, a mild cathartic.

Thursday—
The Great Conspiracy
Is an original melodrama of intense interest, with beautiful stage settings and a strong comedy vein illuminating. It is a piece from beginning to end. Heart interesting romance of Wall Street and N.Y. etc.

Friday—
"A WISE WOMAN"
Is always successful because the company is kept up to the high standard of excellence. It is to laugh. One laughable situation follows another and each stroke of wit becomes wittier.

Saturday—
The Man From Mexico
That funny American farce comedy for the American people. Just as produced in N. Y. city. A laugh a second. It is a refreshing and gratifying departure from stereotyped and time-worn style of farce comedies.

GO TO BELEN
The Future Railroad Center of New Mexico
Located on the Belen Cut-off of The Atchison Topeka & Santa Fe Railway
The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico
The Belen Town and Improvement Company
(INCORPORATED)
ARE THE OWNERS OF THE BELEN TOWNSITE, Consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues, RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway Company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long, (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.
THE CITY OF BELEN
Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Trunk line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICES AND TERMS EASY. AGENT WILLARD DISCHARGED AS ROBBERY SUSPECT

Company Believes Hold-Up
Story a Fake.

WILSON FORCED TO MAKE
GOOD SHORTAGE OF FUNDS

Friends Indignant at What They Term
Unjustifiable Suspicion of Agent
at Junction Station.

J. E. Wilson, the Santa Fe Central agent at Willard, who was held up and robbed of \$225 Tuesday night a week ago, and who took the authorities a story to that effect, has been summarily dismissed by the Santa Fe Central company on suspicion of having himself made away with the company's funds, and having made up the story of the robbery.

This information was given to the Morning Journal yesterday by Conductor McDonald, who returned from the Belen cut-off where he has been working for the Santa Fe company, and who left last night for California. According to the story which Mr. McDonald brings from Willard the company not only asked Mr. Wilson to resign but attached \$175 of salary yet due him as part payment of the shortage which it is alleged Wilson himself is responsible for.

It is understood, from another source, that when the company checked up the Willard accounts, an amount considerably short of \$150 only was missing, instead of \$225 as at first reported. As Mr. Wilson's stories did not hang together, suspicion was aroused and the agent was asked to resign, upon which he immediately turned over a check for \$175 and the company agreed not to prosecute him. The company officials after a short investigation immediately formed the theory that Wilson had made up the hold-up story out of whole cloth, and according to the story, at once relieved him of his job.

Mr. Wilson has always borne a good reputation. He is married, his wife residing in the east. His friends in Willard claim that he has been wrongfully used by the company, that he had no time to make any defense, and that the charges against him are absolutely unjustifiable.

The story told by Wilson regarding the robbery was that he was stopped by two masked men as he was leaving the office with the money at 11:30 o'clock at night, his custom being to keep the funds in his own house, as the company had no safe at Willard. He says the men took the money from him at the point of guns and forced him to walk half a mile down the railroad track without looking behind him on pain of being riddled with bullets.

Assistant to the general manager, S. B. Grimshaw, with the penitentiary bloodhounds immediately went to the scene of the robbery in a special train and the morning police also aided in a most thorough search for the supposed bandits without avail.

It was thought that the scent of the men who did the job had been obliterated by the tracks of others who had had walked back and forth across the trail. At any rate the dogs failed to take any trail and the search was given up as hopeless.

Traveling Freight and Passenger Agent A. L. Grimshaw arrived in the city yesterday, but could not be located last night and the story of the discharge of the agent.

NATIVE BOY'S FOOT CUT OFF BY TRAIN

Enrique Hogatis, a Mexican boy, lost a foot Tuesday afternoon, by falling under a moving freight train, says an Alamogordo paper. It is said that the boy with others, Mexicans and Americans, were jumping on the cars and riding through the yards, when this boy fell and had a foot cut off.

ACTRESS SUES SAN ANTONIO

Miss Violet Roseadale Cavell, an actress whose home is in New York, has filed suit in the district court against the Atchison, Topeka & Santa Fe railroad for \$25,000 damages for injuries received in a wreck which occurred near Newton, Kansas, last September. Miss Cavell, who is a vaudeville actress, was making the trip from Los Angeles to Kansas City, and when the train was near Newton it left the track and the plaintiff claims she received such injuries as she was compelled to cancel all of her engagements. The petition further states that she suffered from the severe shock and internal injuries which will incapacitate her from following her profession as an actress.

Miss Cavell was doing impersonations of Mrs. Leslie Carter for which the plaintiff claims she was receiving a regular salary of \$1,600 a week, and that her contract called for an entire season's performance at this figure. The action is brought by Thomson, Stanley, and Price & Davis, attorneys from Kansas City.

FINE GROCERIES, COURTEOUS TREATMENT, REASONABLE PRICES—A COMBINATION HARD TO BEAT. E. G. PRATT & CO., 214 S. SECOND STREET.

POSTAL TELEGRAPH COMPANY CONTRIBUTES TO THE JEWISH RELIEF FUND

Manager R. W. Hawkins, of the local offices of the Postal Telegraph company, announces that he has received notice from W. R. Black, superintendent of the company, that telegrams with reference to the suffering Jews of Russia and the fund now being raised for their aid will be accepted for free transmission. All transfers of money, however, according to Mr. Black's announcement should be arranged for through the banks. This concession on the part of the Postal company is in itself a big donation to the fund for the relief of the Jews in Russia, as telegrams are being sent back and forth all over the country with regard to the raising of the money.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel, disorder of the eyesight and hearing, dizziness, irregular heart, debility, dropsy, etc. But if you keep the filters right you will have no trouble with your kidneys.

Nazario Alarid, of Cerrillos Road, Santa Fe, N. M., says: "I was continually buying medicine for my kidneys. None of the medicine I used had the slightest effect on my kidney or backache, at least I was unable to notice any. When an attack of backache reached the virulent stage, I was compelled to stop work for an hour until the spasm disappeared. When suffering from an attack I got Doan's Kidney Pills. The remedy soon benefited me in every way and removed every symptom of kidney complaint. I heartily recommend Doan's Kidney Pills."

Plenty more proof like this from Albuquerque people. Call at the Alvarado Pharmacy and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

THE ECONOMIST

Albuquerque's Brightest and Busiest Store

WE DEPEND upon the patrons of this store for its most effective advertising. Every one of our customers will some time—somewhere—say "I wish that I could get such good goods so cheap." It is a fact of which we are keenly sensible that one dissatisfied customer can do any store much temporary injury. This being so we cannot afford to have displeasure on the part of our customers—any of them—great or small—rich or poor—and if anything has occurred or shall occur in the course of trading here that is unsatisfactory, will you not as an especial favor advise us of the facts and we will most gladly adjust the wrong. We know our friends will not expect us to smooth up the little rough spots and annoyances until we have learned of their existence.

Special Suit Sale

Only Garments That Fit and Wear

We have on hand 250 suits, ranging in value from \$25 to \$60. These garments are in broken lines, consisting of old sizes in numerous colors. They are mostly long coat suits, lined with guaranteed taffeta, and all of them exceptional values. These garments must be sacrificed to make room for the holiday merchandise. OFFICIALS HERE TO LOOK INTO THE JEMEZ INDIAN CASE

Will Appear Before District
Court in Red Men's Behalf.

ARRESTED MEN MAY NOT
BE IMPLICATED IN AFFAIR

Judge A. J. Abbott of Santa Fe and
Superintendent Crandall to Inves-
tigate Episode.

Judge A. J. Abbott, of Santa Fe, at-
torney for the Pueblo Indians, and
Superintendent Clinton J. Crandall of
the government Indian school in Santa
Fe, arrived in the city yesterday in
the interests of the three Indians, Jose
Roy China, Santiago Nana and Jose
Manuel Yeba, who were arrested by
the United States authorities for hold-
ing up the United States mails during
a fiesta at Jemez pueblo.

It will be remembered that a week
or so ago the Indians were brought to
this city by Deputy United States
Marshals Cooper and Fornoff and
lodged in the Bernalillo county jail,
being later released on bond.
The allegation is that the three In-
dians, who are the big men of the
Jemez pueblo, forcibly detained the
mail wagon which runs from Zia to
Pecos, because it intruded upon their
festivities at the big harvest dance
which was going on at the time. The
men objected vigorously when they
were arrested, but finally came to the
city quietly in the care of the officers.

Judge A. J. Abbott of the district
court will return from Gallup today,
and the officials of the Indian service
will appear before him in regard to
the matter.
It is understood that there are two
sides to the question, and there is said
to be a possibility that the three men
arrested had nothing whatever to do
with the stopping of the mail stage.
It is also alleged that Maestas, the
driver of the stage, was over-zealous
and partly responsible for the trouble.
There has been great excitement at
the Jemez pueblo since the men were
taken away from the village, as they
were all three prominent in the village
government and Yeba especially is a
kind of religious dictator and legal ad-
viser to the tribe.

in this office at 9 o'clock a. m., on
the 13th day of November, A. D. 1905,
Articles of Incorporation of
Nash Electrical Supply Company.

(No. 4150.)
and also, that I have compared the
following copy of the same, with the
original thereof now on file, and de-
clare it to be a correct transcript
thereof and of the whole thereof.
Given under my hand and the Great
Seal of the Territory of New Mexico, at
the city of Santa Fe, the capital, on
the 13th day of November, A. D.
1905.

J. W. REYNOLDS,
Secretary of New Mexico.
By W. V. WHITE,
Assistant Secretary.

Articles of Incorporation of the
Nash Electrical Supply Company.
Know All Men by These Presents:
That we, the undersigned do hereby
associate ourselves together for the
purpose of forming a corporation under
the laws of New Mexico, and to
that end do certify and declare:

First--The names and addresses of
the incorporators are:

M. Nash, Albuquerque, New Mexi-
co, 506 West Railroad avenue,
Kittie O. Nash, Albuquerque, New
Mexico, 506 West Railroad avenue,
Carl Gilman, Albuquerque, New
Mexico, 508 South Third street.

And the name of the corporation
shall be Nash Electrical Supply com-
pany.

The principal place of business in
New Mexico shall be at 506 West Rail-
road avenue, in the city of Alberque-
que and the name of the agent in
charge of the principal office, and

upon whom process may be served is
M. Nash, and the corporation may
have such other offices, either within
or without the Territory of New Mex-
ico as may be established by the board
of directors, at which offices meetings
of the board of directors may be held.

Second--The general nature of the
business proposed to be transacted is
as follows, to wit: To do a general
electrical contracting business, such as
the wiring of buildings, installing of
all kinds of electrical machinery, in-
stalling, repairing and maintaining
electrical plants, erecting and repair-
ing pole lines, and to do any and all
things necessary to a general electrical
business. To make contracts, to pur-
chase, lease, bond, locate or otherwise
acquire, own, exchange, sell or other-
wise dispose of, pledge, mortgage,
hypotheate and deal in real estate,
and any and all kinds of real and per-

all things necessary to the proper
conduct of the business of this corpo-
ration, and not inconsistent with the
laws of the United States and the
Territory of New Mexico.

Third--The capital stock shall be
fifteen thousand dollars (\$15,000.00)
divided into one thousand five hundred
shares of the par value of ten dollars
(\$10.00) each, and all the stock of this
company may be non-assessable, and
all or any part of the shares thereof
may be issued fully paid in payment
of labor, loans or services rendered,
and in the purchase and payment for
such property, property rights and
franchises as may be deemed by the
board of directors to be necessary or
expedient for the business of the com-
pany, and when so issued shall be
fully paid and not liable to any calls
or assessments.

Fourth--The term of existence of
this corporation shall be fifty (50)
years.

Fifth--The affairs of this corporation
shall be conducted by a board of di-
rectors consisting of three persons,
and M. Nash, Kittie O. Nash and Carl
Gilman shall constitute a board of di-
rectors until the annual stockholder's
meeting which shall be held on the
10th day of January, commencing in
1906. The directors are empowered to
make such prudential by-laws as
they may deem necessary for the
management of the corporation, to fill
vacancies in the board and to appoint
an executive committee, with such
powers as they may confer.

In witness whereof, we have hereun-
to set our hands and seals this 11th
day of November, A. D. 1905.

The Stein-Bloch
Wool Test

The Stein-Bloch Wool Test consists of a
boiling solution of water and caustic soda,
the chemical action of which dissolves wool
but not cotton. The two samples here
shown were originally of the same length.
The test proved one to be all wool, ensur-
ing the permanent softness and leaving only the
blackened edge. The other proved to be an
adulteration containing a large per cent of
mercerized cotton.

BOUND TO DISCOVER STRANGE POISON OF LOCO WEED

EXTENSIVE EXPERIMENTS
UNDER WAY IN WASHINGTON

Experts Trying to Find Out What
Causes Curious and Fatal Ef-
fect on Live Stock.

Correspondence Morning Journal.
Washington, Nov. 18.—Experts in
botany connected with the Department
of Agriculture are making an exten-
sive study of the loco weed to ascertain
just what particular element in it is
injurious to cattle. The experiments
are being made as a result of the losses
sustained by western ranchers
through the peculiar disease produced
by the plant on their cattle. Whole
herds of sheep are known to have
come down by eating the weed, and
the resultant loss to the raisers has
been extremely heavy.

The experiments are unusual and
interesting. A large supply of the
different species of the plant has been
sent to the department from the
states in which it is found, principally
Montana, and is undergoing a chemical
analysis in the laboratories of the
botanical division. One form of the
experiment is to feed the weed to
live animals. The poison is extracted
from the weed and fed to a rabbit.
The effect is similar to that of in-
dicator on a human being. For the
next several hours the rabbit finds it
difficult to keep its balance, and seeing
double, the rabbit finally collapses
completely, and falls into a stupor.
From which it awakes, maybe, with an
awful headache.

Photographed While Under Influence
So amusing have some of the antics
of the animals been that photographs
have been taken of them while under
the influence of the plant. One of
these pictures showed a locoed rabbit
which had been permitted to go on
a particularly strenuous jag. The
snapshot showed him lying on his
back, with his feet stuck up in the
air. On his face was a look of
distress. His half-closed eyes are
bleared. His fur is ruffled and matted.
His mouth is half open, giving him the
appearance of an inebriated man who
is trying to tell a story but can't
make it seem to have any sense. Al-
together the photograph gives the im-
pression of too much booze.

In addition to these tests the depart-
ment is making experiments at sta-
tions in various parts of the west.
In fact, the later experiments have
been in progress for several years and
the innovation lies in the introduction
of the work in the local laboratories.
The experiments carried on here, are
however, entirely different from those
made in the west. The latter consist
mainly of observations made on vari-
ous cattle ranches of the effect of the
weed on animals.

Exact Cause in Doubt
The loco disease has been generally
known for many years, but in ap-
proach of its cause has never been
discussed. Even now there is some
skepticism as to whether it is attrib-
utable to the so-called loco weed or to
some other source. A number of ranch-
men believe the disease may be pro-
duced in sheep by their eating large
quantities of alkali soil. On the other
hand, many of the cattlemen hold that
sheep are less apt to become locoed when
pastured on alkali than when they are
pastured on the loco weed. The latter
majority are of the opinion that there is
no connection between loco and alkali.

Experts in botany believe that the
most reliable observations of the dis-
ease indicate that it is the result of
the animals consuming certain weeds.
The disease assumes either an active
or chronic form. In the active form
the animal lives only a few days, while
in the chronic form it may live for
two or three years and manifest the
same symptoms in a milder degree.

It has been found that horses and
sheep are the animals most frequently
affected by the disease. Cattle occa-
sionally acquire the habit, but the
cases are comparatively rare. In cer-
tain parts of Montana the habit be-
came so widespread some time ago
among horses that the raising of them
was abandoned until the locoed ani-
mals were disposed of and other
horses which hadn't acquired the hab-
it were imported.

Experiment at Western Station
An interesting experiment was made
at one of the western stations some
time ago. An active locoed cow
was observed in the company of a
ewe with a lamb at her side. She
was first seen eating large quanti-
ties of white loco weed at 10 o'clock
in the morning, and about 7:30 p. m.
evening, when she had started the
band for the corral, she was unman-
ageable and the lamb was sick. An
examination of the ewe at this time
showed that she was completely locoed.
A slight motor ataxia was manifest.
The crazed animal walked around in
long circles to the right, the neck be-
ing curved in that direction. When-
ever she came in contact with any ob-
ject she pushed it away with her
head, and then remained standing
for a few moments in a sort of stu-
por. After manifesting these peculiar
symptoms for four days the animal
died.

Other experiments on the subjects
indicate that sheep and horses locoed
frequently mistake harmless things
for dangerous objects. A locoed sheep
being driven up a hill, it was at-
tempted to jump over the cross-
bar at a height of fifteen feet, or may
lower his head from fear of striking
it. Their sense of hearing is also often
affected. The response to sounds and
noises is not always in accordance
with the character of volume of the
noise. At times a loud noise is unheeded,
while at other times a slight noise
of the same character may produce
fright.

Substance of Reports
Reports on the subject received in
Washington indicate that it is the uni-
versal experience of sheep raisers that
locoed sheep are exceedingly difficult
to herd. The sheep may, without a
moment's warning, stray away from
the band, each one in a different di-
rection, and, finding it almost
impossible to prevent such a band
from becoming separated, besides
giving herders this trouble, locoed
sheep often refuse to enter the corral
at night, and under any circumstances
may suddenly manifest perplexing
stubbornness.
It is to find a remedy for this
strange disease that the experiments

are being carried on at the depart-
ment of agriculture. No specific rem-
edy has been discovered so far. The
only treatment cattle raisers have
found available is the feeding of the
locoed animals with nutritious diet.
It is generally conceded by persons
interested in the raising of cattle that
the loco disease is nothing more
than a habit similar to habits which
exist among human kind. To find a
cure it would probably be necessary
to destroy the appetite of the animals
for the weed.

Another View of The Loco

Editor Morning Journal:
After reading Mr. Hadden's article
in this morning's issue of the Journal,
I feel it my duty as a law-abiding citi-
zen and a stranger within your gates,
to answer some of the flimsy excuses
made by Mr. Hadden (disguised as his
impression) in the most important
question that now confronts the citi-
zens of Albuquerque.

It is a fact that a stranger thinks
of the glaring sins and gambling
dens. I dare say that if he will follow
the dictates of his own conscience, he
can readily come to but one conclusion,
and that is that the condition of af-
fairs in Albuquerque relative to the
season, gambling and the social evil is
indeed most degrading, to any the
least.

The idea of any fair-minded person
who has sisters, brothers, and a father
and mother, using his influence in a
direction whereby the downfall of
their own flesh and blood is most like-
ly to be brought about. Destroy the
cause and it will be an easy matter to
deal with the effect. If those dens of
vice were suppressed instead of regu-
lated, it would be much better. How
common it is to hear of a man going
into those gambling dens and losing
every cent he has, especially on pay
nights, sometimes failing to pay his
barest debts before frequenting these
places. I have heard this expression
th, well, if he pays his honest debts
it's nobody's business what he does
with the balance. Perhaps it isn't, but
if these places were suppressed there
would be no temptation, and the
chances are that the husband would
take the balance of his money home
with him instead of losing it over the
gambling table, and perhaps the wife
would be able to induce him to leave
her money enough to buy herself or
the children some of the necessities
of life.

I consider Mr. Hadden's insinuations
in paragraph two as a rank insult
and a slap in the face of all total ab-
stainers, when he says why should
I be denied the privilege of taking a
drink just because some old crank of
a prohibitionist, who is probably such
a chronic sufferer from intemperance
that he can't enjoy a drink himself,
says I may not? Granting that those
of us who do not believe in the rum-
ratic should not dictate to Mr. H.,
as to whether he should take a drink
or not, we do enjoy the privilege of
using our influence toward bringing
about Sunday closing and the suppres-
sion of the wide open policy as it now
exists. Those who can't stand it
should move out, as we intend by the
help of God to enforce the laws, as
they may appear upon the statute
books.

I do not think it becoming of a gen-
tleman to insinuate that Christians
and church attendants are a bickering
set of citizens, as no one can deny
that the influence of our churches
throughout the land are the only
thing that holds vice in check, and
without this influence we would be
just like the various species of plants
when all planted in the same bed. In
quoting scripture why did not Mr. H.
quote the passage wherein it says,
"No drunkard shall enter the kingdom
of heaven," and "Remember the Sab-
bath day to keep it holy?" Does he
mean to use his influence to bring
about the destruction of his own
brother's soul? Would not his own
words condemn him if his own father
or brother were to go down to a
drunkard's grave as a result of the in-
fluence he has tried to bring about in
this article? Would it not be a sad

chapter in his book of life were he
compelled to stand beside the casket
containing his own father's or brother's
mortal remains. Knowing there
was no hope of a meeting in the great
beyond and that he had been responsible
for the loss of his own father's or
brother's soul?

I do not think that Mr. H. carries
out his duty as a citizen, as a question
why the ministers should be privi-
leged to labor on Sunday. I would
advised him to attend the services and
find out for himself. I think the tonic
would do him good. It will do him no
harm, that's one thing, certain. In
speaking of certain western towns, he
says he has always noticed an air of
prosperity, that is where they have
the wide open policy. I dare say that
the air is about the only place to look
for prosperity in such towns, as when
a workman wends his way to a
town where all sorts of gambling vices
are tolerated, it is only a question of
a few hours, perhaps, when he and all
his property will be up in the air.
Bear well in mind that "all is not gold
that glitters." Had not the place of
temptation existed, he would have
thought food and raiment instead, and
been a credit to the community. In-
stead of a burden. Does the saloon-
keeper, gambler, or social pest feed
and clothe the sinner after his money
is all gone? I should say not. * * *
As to the social evil, I would suggest
that it go, as it certainly is no credit
to any municipality to educate sons
and daughters with money that is
nothing of the influence brought
to bear upon our young girls.
Respectfully yours,
OSCAR DAVIS.

Plenty would leave a great want
unsatisfied were flour missing. To be
certain that the bread, pies and pas-
try for the Thanksgiving dinner are in
keeping with the other good things
see to it that "EMPERESS" is branded
on your flour sack. That's a flour
that has all the qualities that the
knowing housewife seeks without a
single drawback. Safety lies in buy-
ing Emperess flour.

STOP, WOMAN!

AND CONSIDER
THE ALL-
IMPORTANT FACT

That in addressing
Mrs. Pinkham
you are con-
sidering your private
ills to a woman—
a woman whose experi-
ence with women's
diseases covers a great
many years.

You can talk freely
to a woman when it
revolves to relate
your private troubles
to a man—
besides a man
does not under-
stand—simply be-
cause he is a man.

Many women
suffer in silence and drift along from
bad to worse, knowing full well that
they ought to have immediate assist-
ance, but a natural modesty impels
them to shrink from exposing them-
selves to the questions and probably
examinations of even their family
physician. It is unnecessary. Without
money or price you can consult a wo-
man whose knowledge from actual ex-
perience is great.

Mrs. Pinkham's Standing Invitation.
Women suffering from any form
of female weakness are invited to promptly
communicate with Mrs. Pinkham, at
Lynn, Mass. All letters are received,
opened, read and answered by women
only. A woman can freely talk of her
private illness to a woman; this has
been established the eternal confidence
between Mrs. Pinkham and the women
of America which has never been
broken. Out of the vast volume of
experience which she has to draw from,
it is more than possible that she has
gained the very knowledge that will
help your case. She asks nothing in
return except your good-will, and her
advice has relieved thousands.

If you are ill, don't hesitate to get a
bottle of Lydia E. Pinkham's Vegetable
Compound at once, and write Mrs. Pink-
ham, Lynn, Mass., for special advice.

When a medicine has been successful
in restoring to health so many women,
you cannot well say, without trying it,
"I do not believe it will help me."

chapter in his book of life were he
compelled to stand beside the casket
containing his own father's or brother's
mortal remains. Knowing there
was no hope of a meeting in the great
beyond and that he had been responsible
for the loss of his own father's or
brother's soul?

I do not think that Mr. H. carries
out his duty as a citizen, as a question
why the ministers should be privi-
leged to labor on Sunday. I would
advised him to attend the services and
find out for himself. I think the tonic
would do him good. It will do him no
harm, that's one thing, certain. In
speaking of certain western towns, he
says he has always noticed an air of
prosperity, that is where they have
the wide open policy. I dare say that
the air is about the only place to look
for prosperity in such towns, as when
a workman wends his way to a
town where all sorts of gambling vices
are tolerated, it is only a question of
a few hours, perhaps, when he and all
his property will be up in the air.
Bear well in mind that "all is not gold
that glitters." Had not the place of
temptation existed, he would have
thought food and raiment instead, and
been a credit to the community. In-
stead of a burden. Does the saloon-
keeper, gambler, or social pest feed
and clothe the sinner after his money
is all gone? I should say not. * * *
As to the social evil, I would suggest
that it go, as it certainly is no credit
to any municipality to educate sons
and daughters with money that is
nothing of the influence brought
to bear upon our young girls.
Respectfully yours,
OSCAR DAVIS.

MURDER CASE AGAINST DOANE IS CONTINUED

District Court for McKinley
County Adjourned Yesterday.

PRISONER IS STUBBORN IN
MAINTAINING HIS INNOCENCE

The trial of Claude Doane, on a charge of murdering Walter Lyon, near Ramah, several months ago, and against whom there are several other charges, one of which is horse stealing, came up in the district court at Gallup before Judge Ira Abbott of this city. Attorney Julius Stamb, of Albuquerque, appeared for the defense and District Attorney Clancy for the prosecution. Mr. Stamb asked for a continuance of the case, not being able to adduce testimony for the defense at this time and on account of the fact that he has just taken charge of the case and will require some time to prepare a line of defense. The continuance was granted and the case will come up at the December term of court of McKinley County. The exact date of the trial has not been set. It was generally understood that Doane's attorney would pray for a change of venue, but this was not done. Doane was remanded to jail and Judge Abbott will set the date of the trial of the case at some future time.

The court for McKinley county adjourned yesterday. The court attached and a number of attorneys of this city returned last night. Judge Abbott and District Attorney Clancy are expected to return to Albuquerque today. Doane shows traces of his confinement, but his incarceration apparently troubles him but little. He is stoical as ever and has shown no signs of confessing. He has in the past been very frank in admitting that the horses which he had in his possession when in Bernalillo county were stolen, but insists that he did not kill Lyon, and that the crime was committed by an Indian.

The prosecution has a very strong case against him. Richard Huber, of the territorial mounted police, has gathered a large part of the testimony. He secured the horses which were ridden by Doane and Lyon when they were "last seen together." Both had been sold by Doane. In addition to the several witnesses which will help to make a strong circumstantial case against the prisoner. One of these is the Indian whom Doane has said was guilty of the crime. Should Doane by any means go free from the charge of murder there are other charges which will insure him a long time sentence in the penitentiary.

The Elephant Butte Dam.
R. M. Hall, supervising engineer of the reclamation service, arrived in El Paso yesterday morning from Oklahoma and after a short consultation with the officials of the local and Mesilla Valley Water Users' association, left over the T. & P. for his headquarters at Carlsbad. When asked for the latest developments in the situation he replied that in a matter of such great importance and involving so much, slow progress, but none the less, was almost a necessity. "Now that the land has practically all been pledged the next thing in order is for the officers of the two associations to make a formal report of the fact to the chief engineer of the service and then the next step will be unfolded to them."

"Of course, after the signing of the lands, work on the dam cannot commence immediately, for there are interstate and international questions regarding the distributing of water that will have to be settled. But our progress, although slow of necessity, is also sure and there is no doubt of the ultimate success of the project."

ELIZABETHTOWN DISTRICT IS RAPIDLY COMING TO THE FRONT

The Gold and Copper Deep Tunnel Mining and Milling company in the Elizabethtown district, are rapidly improving their property, and have assurances of ample capital to complete the development work which they have been carrying on unceasingly for many months past, says the Raton Range Reports from this property show that more than 1800 feet of the tunnel under Baldy Mountain have been completed. This work will now be prosecuted with much more dispatch. Power drills will be installed immediately, and during the present winter the tunnel will gain depth rapidly. By next spring the bore will have penetrated to the heart of Baldy Mountain and will have tapped the mineral resources known to exist there. As is common with many other properties in the Gold and Copper Deep Tunnel Mining and Milling Co. have been handicapped by lack of funds. The owners and promoters, however, have gone on with the work, demonstrating their faith in their enterprise by putting up their own money for development work until the success of the undertaking is assured. Now, eastern investors are convinced of the worth of the property and of the safety of the investment and the development and improvement funds for the future are assured.

Mr. A. P. McIntyre who has been in the west in the interest of the company for some time arrived in Raton Wednesday and left immediately for the property. Mr. McIntyre has purchased a complete power drilling outfit for the mine including gasoline engine, generator and electric drills of the most approved modern pattern.

HISTORY OF MEXICO**

Famous Cincinnati Journalist Passes Through El Paso.
Murat Halstead, the well known Cincinnati journalist, accompanied by his son, Marshall Halstead and J. H. Gregor, a well known New York newspaper man, accompanied by his son, Alfred, are the members of a party which went south from El Paso yesterday morning, on the Central to spend several weeks in the republic of Mexico. They arrived on the Rock

Island and were guests at the St. Regis during their stay in El Paso. Mr. Gregor when seen at the hotel said that he himself was interested financially in Mexico and was going there on a business trip, but that Mr. Halstead's business in the republic was to write a political, commercial and financial history of the republic. "The Gulf of Mexico is the American Mediterranean," said Mr. Gregor, "and few people realize how closely the United States and Mexico are united in common bonds. Mexico is a wonderful empire in herself and only the development of her resources is necessary to put her in the front rank. American capital can do this. Mr. Halstead's history will do much to scatter wide the possibilities of Mexico about which he has said that the sure plantations of Mexico, if separate, would make an archipelago of Cuba."

THE STORE OF RELIABILITY

Up-to-Date Dry Goods

To those ladies who care to keep abreast of the times, and not to appear in a new dress made from material that was in style two or three years ago, but is now out of date, we respectfully call attention to **Our entire stock of Dress Goods bought only four months ago** from some of the most reliable wholesale houses in America, and selected by us in person after a careful study of the out-going and in-coming styles.

None of these goods are old, shop-worn, materials bought up at bankrupt sales at cheap prices.

We have no old-style goods to work off.

Our goods are the best of their kind—the best; the most fashionable materials, the stylish colors and patterns, worn this winter in the eastern cities. We carry only three grades—goods, excellent and best in each material.

We will show you what you ask for—

For instance: If you ask for a Broadcloth we will show you the **real thing**, not a Ladies' Cloth or some other smooth finished goods which you might buy for half what a good quality of Broadcloth would cost.

We have good materials which we sell for little money, they look well and wear well, but we do not try to make you believe they are the most expensive goods—sold below cost. If our goods are not what we represented them to be bring them back and we will refund the purchase money.

We have Silks—all prices and all kinds—plain, striped and plaid. We have Velvets, Eoliennes, Crepe, Broadcloth, Tweed, Panama, Melrose, Prunella, Tarnise, Sicilian, Mohair, Henriettas, Nun's Veiling, Burlap, and lightweight and heavy Suiting in all the popular colors.

Hundreds tell us our **Diamond Brand Shoes** outwear all others they have ever bought.

Try our Dress Goods also and be convinced that **THE GLOBE STORE** makes good its word every time.

AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1936. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose, for the next two months, to cut out the best of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

LOCAL ITEMS OF INTEREST

THE WEATHER.

For the twenty-four hours ending at 6 o'clock yesterday afternoon:

Maximum temperature, 77; minimum, 42.

Forecast:

Washington, Nov. 21.—Snow in north, rain in south Wednesday, and colder; Thursday, fair.

Arizona: Showers in south, rain or snow in north portion Wednesday; Thursday, fair and warmer.

A. J. Abbott, of Santa Fe, attorney in New Mexico for the Pueblo Indians, arrived from the Ancient City last night, accompanied by his wife.

Louis Trauer, the wool merchant, returned to the city last night from Estancia, where he disposed of a large bunch of lambs to Colorado parties.

The well for the water supply plant for the Terrace addition is being rapidly sunk on the mesa above the addition, and will be completed in record breaking time.

John Menaul, the well known market gardener, left yesterday on delayed No. 2 for Chicago, where he will spend the winter with relatives, returning to Albuquerque in the spring.

One of the "goats" or yard engines left the track at the Railroad avenue crossing yesterday afternoon at 1:30 o'clock and it took half an hour's hard work to get the machine back on the rails.

Attorney George S. Klock and John Shafroth, of Denver, spent yesterday in Bernalillo looking after the claims of the Flittely Casualty company against the estate of the late Isidore Freudenberg.

Mrs. James McGuire and Miss Mamie Tierney, daughter of Street Commissioner and Mrs. Martin Tierney of this city, left last night for a few weeks' visit with relatives and friends in Buffalo, N. Y.

Ben Shupp returned to the city last night from Quincy, Ill., where he has been visiting relatives and friends. He will assume the duties of his old situation, that of chief clerk to L. J. Custer, storekeeper of the Santa Fe.

A turkey hunting party left yesterday for the Chilli country, consisting of Frederick Stover, W. Y. Walton, Dr. Hill and Shadrach, B. J. Haines and J. L. Lewis. The party took along two teams and will be gone several days.

Live Stock Agent H. S. Van Slyke, of the Santa Fe, with headquarters in El Paso, was in the city yesterday on business. Mr. Van Slyke is busy with matters connected with remedying the present car shortage on the lines in New Mexico.

J. A. McDonald, a contractor on the Belen cut off, arrived in the city last night from Willard and left last night for California, taking with him his grading outfit. He will do work on one of the railroads near Los Angeles for the next few months.

Discussion of the social evil in Albuquerque will have a prominent place in Walter Thomas Miller's address at Colombo Hall this evening and he will suggest a remedy for the present deplorable conditions. The Lyric Male Quartette will furnish music.

Train No. 2 which should have arrived in the city yesterday morning, did not arrive until 6:55 last evening. The train was delayed four hours behind a freight wreck at Kugman, Ariz., and made slow time the balance of the way, on account of a bad engine.

L. V. Beebe is building a 3-room frame cottage on lot 11, on South Arno street, in the Western addition to Albuquerque. He has already got the foundation finished and work will be pushed to completion. The improvement will cost in the neighborhood of \$2,500.

David K. Stewart, 26 years of age, of Martelle, Iowa, died yesterday morning at his home in this city, and the remains were taken to the old home in Iowa last night for interment. Mr. Stewart came here a few months ago for his health, being a sufferer from tuberculosis. His mother and sister came with him and they accompanied the body home last night.

J. F. Fullerton, of Socorro, captain of the New Mexico mounted police and brother of W. E. Fullerton, of Patterson, N. M., spent yesterday in the city entertaining their uncle, Milton Fullerton, a wealthy farmer of Newcastle, Pa., and Milo Gilson, a dealer in farming implements of West Pittsburg, Pa., who stopped off in New Mexico for a visit with them. The two gentlemen have been on a trip to

California and left last night for their home. J. F. Fullerton, accompanied them as far as Las Vegas.

Fairfield Sylvester, of Sylvester Bros., sheepmen of Monte Vista, Colo., who have purchased large consignments of sheep in this territory in the past few months, was taken to St. Joseph's sanitarium yesterday. The doctors are of the opinion that he is threatened with typhoid fever, though the disease has not made itself clearly apparent yet. His brothers, Frank and O. W. Sylvester, are in the city waiting on cars to move 20,000 head of sheep and lambs which they purchased from E. G. Garcia the local commission man.

Judge J. H. West, of Needles, Cal., was in the city yesterday on his way home from attending the mining congress at El Paso, as a representative from California. The judge stopped for a visit with his old friend, Judge W. H. Burke, and they spent a pleasant day together. Judge West is quite prominent in politics in California, and was formerly a county commissioner of San Bernardino county, which is the largest county in any state in the Union. He was in Albuquerque twenty-four years ago, and since moving to the Golden State has made a comfortable fortune in mining. He left for the Needles last night on No. 1.

The Wilson Heater with the celebrated Hot Blast Down-Draft is the only heater which actually burns all of the fuel put into it. The Hot Blast Down-Draft creates perfect combustion and the fumes which rise from the fuel, ordinarily escaping unburned in other stoves, are all consumed and turned into heat in the Wilson. It has been ascertained that the fumes which arise from the fuel constitute 40 per cent of the entire heating power of the fuel. Buy a Wilson and get all the heat you are paying for.
