SENIOR BURTON IS CONVICTED

Found Guilty on All Counts of Indictment.

COUNSEL TO FILE BILL OF EXCEPTIONS AT ONCE

End of Sensational Trial for Acting as Counsel for Rialto Company Before Postal Department.

St. Louis, Mo., Nov. 25.—Senator J. R. Burton of Kansas, was tonight found guilty on all six counts in the indictment upon which he has been on trial for the past week in the United States circuit court, charging him with having secured to accept and having accepted compensation from the Rialto Grain and Securities company of St. Louis to act for the company in the capacity of an attorney before the postoffice department.

The verdict was brought in at 12:56 o'clock, two hours and twenty-five minutes after the jury had received the case.

Senator Burton was ordered to appear in court at 10 o'clock Monday when his counsel announced, a bill of exceptions would be presented and an appeal asked for. Court then adjourned.

Senator Burton was indicted on eight counts, two of which were quashed before the case went to trial. The penalties provided by the statute is not more than two years imprisonment nor more than \$10,000 fine on each count, and a forfeiture forever of the right to hold any position of trust or profit under the United States government.

Unless the verdict is reversed in the supreme court Senator Burton's seat in the upper body of the national congress will at once become vacant. The term for which he was elected expires March 4, 1907.

CHEROKEES ASK HITCHCOCK TO APPROVE NEW MEASURES

Confer With Secretary Regarding Affairs of Nation.

Washington, Nov. 25.—Chief W. C. Rogers of the Cherokee Nation, National Attorney L. P. Parker, Jr., and Cherokee Commissioners W. W. Hastings, Levi Cookson and Fred McDaniels have arrived in Washington to confer with Secretary Hitchcock relative to legislation desired by the closing of tribal affairs in that nation. The secretary has named W. C. Pollock, an attorney in the interior department, Luther R. Smith, chief of the Indian Territory division of the department, and G. A. Ward of the office of the commissioner of Indian affairs, to report on the advisability of making recommendations which these gentlemen will request. The hearing will begin tomorrow.

Perhaps the most important of the measures which the secretary will be asked to recommend is one to provide that the surplus lands of the tribe be sold at auction to the highest bidder within a year after the expiration of the tribal government. Other propositions which they will ask the secretary to recommend are as follows:

To continue the chief and executive officers in office until all the deeds shall have been executed; to close the citizenship rolls on March 4, 1906; to provide that children born since July 1, 1902, and before March 4, 1906, be enrolled and given land, if possible, and if that be impossible to give to each an amount of money, and to the amount of the value of the land, to be paid to the tribe in the form of an allotment; to remove all restrictions on the lands of deceased Indians; to continue the district schools and seminaries under the supervision of Cherokee citizens, until some system of state education is created, and to forbid the lease of homesteads for any term and to restrict them to the tribe of the land for a period not to exceed one year.

SAILING VESSELS FIGHT PIERCE NORTHWEST GALES

Seventeen Ships Struggling to Reach Oregon Ports.

Tacoma, Nov. 25.—Between the Columbia river and the Straits of Juan de Fuca, seventeen sailing vessels are trying to reach their respective ports against contrary winds. They were seen by the steamer Harold Dollar, Captain Sears, which arrived this morning from San Francisco. Strong south-east and southwest gales were encountered all the way up the coast. The trip was made in ninety-six hours. Having over the mouth of the Columbia river and Gray's Harbor were twelve vessels, and on account of the heavy swells they were helpless. It was one of the worst trips Captain Sears ever made. No mountains waves washed over the Harold Dollar, but the swells of the Columbia river rocked the vessel fearfully. Captain Sears says the barrels of asphaltum on the deck were thrown about like so many sticks. When they reached port many of the barrels were upside down.

Field's Condition Grave.

Chicago, Nov. 25.—The physicians of Marshall Field, Jr., issued a bulletin this morning, in which they declared that his general condition as far as the wound is concerned, is good but that paralysis of the bowels and lower limbs, due to the injury of the spinal cord, "makes prognosis extremely grave."

Ominous Mutiny in The Black Sea Fleet

Frightens Admiralty

MALE CONTENTS MAY SEIZE WARSHIPS

Outbreak a Dangerous Revolutionary Demonstration.

DISAFFECTION SPREADS TO OFFICERS OF THE ARMY

Congress Pales Into Insignificance Before Grave New Peril to Empire.

St. Petersburg, Nov. 25.—That the outbreak at Sebastopol is no drunken frolic, as was the case at Cronstadt, but a seriously planned revolutionary demonstration, was made clear by the tone of an official statement issued by the admiralty tonight declaring that the sailors and several units of troops were acting under the direct influence of the socialist propaganda. The statement follows:

"The events at Cronstadt have found echo in the Black Sea fleet. Vice Admiral Choukoun reports that the sailors, under the influence of the socialist propaganda, have organized at Sebastopol a series of demonstrations. The movement has spread to several organizations of the army. Vice Admiral Plesnevski was seriously wounded while trying to prevent a meeting being held."

"The situation is serious, though, according to a report received at 6:28 o'clock this evening, no attempts had been made to pillage."

SEBASTOPOL OUTBREAK COMPLICATES THE SITUATION

St. Petersburg, Nov. 25.—The outbreak at Sebastopol complicates the problem of the government dealing with the agrarian situation. These disorders are growing and the government of the five provinces have sent representations to the government that the troops available are insufficient to restore order, and urgently appealing for reinforcements, and therefore, it is not easy to organize a force to be dispatched to the relief of Sebastopol. The Cossack battalions which are now being mobilized in the Don provinces will apparently be needed in the home districts to preserve order.

REBELLIOUS SOLDIERS ARE BEYOND ALL CONTROL

St. Petersburg, Nov. 25.—In view of the alarming news received today of a mutiny at Sebastopol the proceedings of the zemstvo congress at Moscow and other developments in the Russian situation pale into insignificance. The formidable revolt in which the sailors of the fleet, short equipments and infantry garrisons are participating appears at present to be beyond the power of the regular garrison. The commander of the Black Sea fleet, to control, as the dispatches say nothing of counter measures being taken or of the attitude of the other regiments of the regular garrison.

The mutinous and riotous strikers are parading the city with red flags without interference and it may be possible, as was the case at Odessa, that the guns of the battleship Potemkin (formerly the Kulak Potemkin) and other vessels of the Euxine fleet dominate the situation and prevent active measures being taken to quell the disorder. If Vice Admiral Choukoun has sufficient loyal troops at his disposal.

Officers of the admiralty hope that the mutiny may end like that at Cronstadt, when the sailors after a night of drunken revelry and disturbance returned to duty, for the most part without compulsion. But the Sebastopol outbreak seems to be on a different scale.

No Details Available.

The dispatches say nothing as to the reasons for the mutiny or of the elements of the mutiny and no details are obtainable at the admiralty, though the conjecture is advanced that demands for better food and release of reservists might partly be responsible for it. The lack of good officers is frankly given by some of the highest officers of the naval staff as the principal and underlying reason for the alarming conditions in the Euxine fleet. As at Cronstadt, practically all the good officers were drafted for service with the fleets in the far east during the war and the force of commissioned officers at Sebastopol is now only about one officer to over 400 men, and many of these are utterly incapable.

The revolt of the Brest regiment is one of the most serious features of the situation. It is the first time an infantry regiment has mutinied and on the lips of every one the question is how long will it be before other mutinies occur, even in St. Petersburg.

FINAL CHAPTER OF GREAT WAR IS FINISHED

Washington, Nov. 25.—Without formality the final chapter in the bloody war between Russia and Japan was enacted in the diplomatic room of the state department this afternoon, when at five minutes past 4 o'clock, Baron Rosen, the Russian ambassador, and

FIFTEEN HURT IN MISSOURI PACIFIC WRECK
Kansas City, Mo., Nov. 25.—Fifteen persons were injured and many others shaken up in a wreck tonight caused by a collision, head on, between Missouri Pacific passenger train No. 18, which left Pueblo at 7 o'clock last night, due here at 5:30 p. m., and a switch train on a curve near Leeds, Mo., a station five miles east of this city.

Both engines were wrecked and a half dozen freight cars were derailed, but none of the passenger coaches had been derailed. The wreckage and all Missouri Pacific trains are being detoured over the tracks of the other roads.

Mr. Takahira, Japanese minister, on behalf of their respective sovereigns, exchanged ratifications of the treaty of Portsmouth, which was signed September 5 last. The only witnesses were Prince Kudachoff, secretary of the Russian embassy, who was with the ambassador at Tokyo when the war began, and again served as one of the official secretaries throughout the peace conference at Portsmouth, and Mr. Hioki, counselor and first secretary of the Japanese legation. Sidney Smith, chief of the diplomatic bureau of the state department, and Eddie Savoy, the personal messenger of the secretary of state, were also present.

ESCAPED LUNATIC WOUNDS
ESMERALDA COUNTY SHERIFF

Desperate Chase for Madman May Result in Death.
Reno, Nev., Nov. 25.—John Bravner, an escaped lunatic from the Nevada insane asylum, who has been wandering about the state for the past six weeks, shot and seriously wounded Sheriff James Jones, Esmeralda county. The madman was cornered at Haythorne by the sheriff and a posse of citizens and a desperate battle ensued. The madman was armed with a revolver and his contents in the sheriff's chest and another in his arm. Bravner then attempted to make his escape by flourishing a weapon at the sheriff, but was finally overpowered, and is now manacled in the jail at Hawthorne. He will be returned to the insane asylum tomorrow. It is thought that Sheriff Jones will recover. Bravner was committed to the asylum fourteen years ago and has been considered one of the most dangerous patients at the institution.

WALLACE FINALLY SUCCEEDS IN CROSSING LABRADOR

Intrepid Explorer Penetrates Frozen Northern Land.

St. Johns, Nov. 25.—Letters received today from Dillon Wallace, the Labrador explorer and New York lawyer, contained the news that he had successfully crossed Labrador. Wallace is the first white man who has ever crossed Labrador without either guides or Indian assistants. With Wallace was one companion named Easton. The letters said that both were well and had plenty of provisions when they reached the province of Ungava on October 16.

In 1904 Wallace went with Leonard Hubbard's ill-fated expedition. Hubbard, whose purpose was to cross Labrador, lost his way in the snow and Wallace was found by the rescue party after he had fallen exhausted in the snow.

Although the most perilous part of Wallace's trip is completed he still has before him a winter of travel by snowshoes before he reaches civilization. He and Easton, at the time when the letters were written, were planning to start westward through Ungava for Geopline through Etah, and thence to reach Fort Clime, which is one of the most northern points on the mainland of North America. Here the two will wait until the coast waters are frozen over. Then they intend to start southward toward Quebec on the frozen rivers, traveling with dogsleds and snowshoes. Wallace said he expected to reach Quebec in April.

Mrs. Hubbard, the wife of the ill-fated explorer, recently reached Quebec, after traveling across Labrador with a guide.

To Enforce Smoke Ordinance.

Chicago, Nov. 25.—A dispatch to the Record-Herald from Cleveland, Ohio, says: Mayor Johnson, with the legal aid of Chief of Police Baker, yesterday instructed Smoke Inspector Krause to proceed with the enforcement of the city smoke ordinance as it applies to the operation of railroad locomotives within the city limits.

Following the instructions Krause wrote letters to the superintendents of the nine railroads entering the city to the effect that on and after December 1 the provisions of the ordinance would be enforced strictly.

This action on the part of the city officials is the outgrowth of agitation. The railroads say the enforcement of the ordinance is impossible.

BACK TO NATURE MAN DEAD.

Succumbs to Long Period of Fasting at Chicago.

Chicago, Nov. 25.—Unable to retain nourishment for long periods of fasting, John Kleinst, "back to nature" preacher, died yesterday. Kleinst, who was 50 years old, had traveled all over the country on foot, wearing only sandals and clad in the thinnest and coarsest garments. When he did not fast he lived on roots and herbs. One of his beliefs was that the day of judgment was at hand and frequently he would stop persons on the street and with uplifted finger warn them to prepare for the last day.

He wore no underclothing and for a few months he was a familiar figure in the downtown streets in which he sold pamphlets advocating his ideas of getting back to nature.

He was committed to the Dunning insane asylum three months ago. A friend in Peoria, Ill., it is said, procured his release and took him to that city. He walked to Chicago, and arrived here two weeks ago in an emaciated condition from fasting.

MRS. HARRISON IS KILLED IN AUTO SMASH

Pleasure Trip Ends in Terrible Tragedy.

THROWN INTO DITCH AND PINNED UNDER BIG MACHINE

Victim Was Wife of Member of Distinguished Family and Came of Wealthy California Stock.

New York, Nov. 25.—Mrs. Francis Burton Harrison, wife of former Congressman Francis B. Harrison, of New York, was killed tonight by the overturning of an automobile in which she was riding with a party of friends from San Francisco. The car was running down a steep hill in Long Island City, when a break in the steering gear caused the accident.

Mr. and Mrs. Lawrence I. Scott, of San Francisco, and Charles T. Crocker, and of San Francisco, a Yale student and a brother of Mrs. Harrison, were injured. Mr. Scott suffered a fractured rib and he is in a serious condition. His wife was rendered unconscious, but later revived. Mr. Crocker was bruised and the chauffeur slightly hurt. Mrs. Harrison's neck was broken.

Mrs. Harrison was Miss Mary Crocker, daughter of the late Charles F. Crocker, of San Francisco. She was one of three children who divided her fortune at the late Mr. Crocker's death. She was 35 years old and was married to Mr. Harrison in 1901. She was a member of the Crocker family, which was one of the most prominent families in California.

The accident occurred at about 10 o'clock last night. The car was driven by a chauffeur named John. The car was a 1905 model and was worth about \$10,000.

DOANE WANTS TO SAVE COSTS FOR COUNTY

Willing to Own Up to Second Degree Murder.

CASE MAY BE SETTLED IN EARLY PART OF THE WEEK

Crime Was Murder of School Teacher Walter Lyon Near Arizona State Line Last Summer.

Correspondence Morning Journal.
Gallup, N. M., Nov. 25.—I am the victim of circumstances and will throw myself on the mercy of the court," said Claude Doane, alleged horse thief and murderer, in the district court for McKinley county, as he formally asked to be allowed to plead guilty to the charge of murder in the second degree for the killing of school teacher Walter Lyon at Ramah last June. Doane was indicted for first degree murder, but he formally asked to be allowed to plead guilty to the charge of murder in the second degree for the killing of school teacher Walter Lyon at Ramah last June. Doane was indicted for first degree murder, but he formally asked to be allowed to plead guilty to the charge of murder in the second degree for the killing of school teacher Walter Lyon at Ramah last June.

The court decided that in view of the fact that Doane had not consulted his attorney, Julius Staab, and as the latter was not present, it would hardly be a proper proceeding to allow the prisoner to plead as he desired. It is likely that the Doane case may be settled early in the coming week if after all Doane, who had served a five-year term in the penitentiary for horse stealing, was caught after a long chase last summer and later indicted for murder and horse stealing.

Members of the league in the various counties also report that county conventions are being arranged at which resolutions will be passed similar to the petitions.

A Morning Journal representative had the pleasure of looking at a number of the petitions last night and saw appended to them the names of the most prominent citizens of the territory, irrespective of party. Besides sending in his name, on a petition a well known official of Silver City addressed a letter to Mr. Rodey in which he expressed himself as emphatically in favor of jointure, and many other similar letters are in the committee's possession.

At the meeting last night were heard numerous expressions of satisfaction at the appointment as governor of Herbert H. Hagerman, who was known to be an ardent advocate of joint statehood.

A look at these petitions is enough to convince the most skeptical that the people of New Mexico are overwhelmingly in favor of joint statehood.

Mr. Rodey has received a letter from Secretary Mark A. Rodgers, of the Pima county, Arizona, statehood association, dated November 14, to address a territorial joint statehood convention to be held there at that time. From Mr. Rodgers' letter it appears that this gathering will be a great demonstration.

Another meeting of the executive committee will be held at the same place Tuesday night and further important action will be taken in behalf of the statehood league.

GOVERNMENT FINISHES IN CASE AGAINST MAIL ROBBERS

Makes Out Strong Case Against Blacks and Murphy.

Special to the Morning Journal.
Las Vegas, N. M., Nov. 25.—The United States last night completed its testimony in the case against James Black and John Murphy, charged with train robbery, and John Black, charged with conspiracy. The government has made a strong case against the defendants and the defense is putting forth every effort to break the effect of the strongest testimony. Attorney E. L. Medler has done the whole of the examining and his work is spoken of by the local bar as having been exceptionally able.

The defense made a good start with its testimony today. The case will probably go to the jury Tuesday.

Antony for Branch.

Washington, Nov. 25.—The navy department has ordered that an autopsy be held over the body of Midshipman Branch, for whose death Midshipman Meriwether is now undergoing a court martial at Annapolis. This action was taken after consultation with his parents, who gave their consent.

Bank Run Stopped.

Keokuk, Ia., Nov. 25.—The run which began yesterday on the Central State Savings bank, stopped this morning almost entirely, after the arrival of four wagon loads of silver dollars from Chicago and St. Louis. Wagons backed to the door of the bank and a half million dollars was carried into the bank and piled up in sight of the people.

Dowie Arrives in New York.

New York, Nov. 25.—John Alexander Dowie, leader of the Zionist party, who has been in Mexico inspecting offerings for the proposed Zion colony, arrived here today on the steamer Seneca from Tampico and Havana.

NEW MEXICANS DECARE FOR JOINT STATE

Monster Petition Received by League Executive Committee

DOCUMENTS ARE RAPIDLY FORWARDED TO CONGRESS

B. S. Rodey Will Probably Address Big Arizona Joint Statehood Gathering at Tucson Dec. 14.

The people of New Mexico are expressing themselves in no uncertain terms to congress on the question of statehood. Petitions are being now forwarded from all over the territory, asking that congress pass a bill this session admitting New Mexico with Arizona as a joint state.

A most enthusiastic meeting of the executive committee of the Non-Partisan Statehood League was held last night in the offices of Bernard S. Rodey, at which petitions were read from the following cities and counties of New Mexico: Roswell and Chavez county, Portales and Roosevelt county, Gallup and McKinley county, Socorro and Socorro county, Las Cruces and Dona Ana county, Capitan and Lincoln county, Springer and Colfax county, Silver City and Grant county, several towns in the northern part of Santa Fe and Rio Arriba county and elsewhere in the territory. Letters were also read from prominent New Mexicans in the other counties saying that the petitions sent out by the joint statehood league have been extensively signed and will be sent in at once. Several have already been sent to Senator Beveridge and Chairman Hamilton of the house committee on territories from various places, notably Roswell, where the petition was signed by practically every citizen. W. C. Reid, of Roswell, to whom the petition was sent, reported that inside of two hours it had been signed by over three hundred people.

Members of the league in the various counties also report that county conventions are being arranged at which resolutions will be passed similar to the petitions.

A Morning Journal representative had the pleasure of looking at a number of the petitions last night and saw appended to them the names of the most prominent citizens of the territory, irrespective of party. WIFE SLAYER FLEES

JOHN HAMMOND OF NEW YORK THOUGHT TO BE ON COAST

Albany, N. Y., Nov. 25.—A message received by Albany police tonight leads them to believe that John Hammond, the alleged murderer of his wife, whose body was found in a trunk in their rooms Thursday evening, is now on the Pacific coast. At first the search for Hammond was being vigorously pushed in Montreal and vicinity. This morning it became known that in company with Arthur Strong, his young cousin, who joined him at Route's Point, he had gone west over the Canadian Pacific and south to Tucson, Arizona. This afternoon Chief of Police Hyatt received a telegram from City Marshal Honley, of Tucson, informing him that Hammond and Strong had taken a Southern Pacific train from there on the night of the 22nd. They had tickets for Portland, Oregon, which were exchangeable at San Francisco. Descriptions of Hammond had been sent to all the cities on the Pacific coast.

Another Post for Morgan.

Washington, Nov. 25.—Secretary Root has informed the Japanese government that he will hereafter conduct affairs relating to Korea through the Japanese legation here. Mr. Morgan Branch, for whose death Midshipman Meriwether is now undergoing a court martial at Annapolis, this action was taken after consultation with his parents, who gave their consent.

OBERLIN MAKES ONE GOOD GAIN ON MICHIGAN

Ann Arbor, Mich., Nov. 25.—Michigan defeated Oberlin on Perry field this afternoon by a score of 75 to 9. Featherstone, Oberlin's right, played the star game for the visiting eleven, and made the biggest individual gain that has been made against the Michigan team this season. He got around Clinton's right end for a fifty-yard run. With Clement passing the ball, Center Schmitt scored a touchdown this afternoon, making one or more touchdowns credited to every member

OLD ELL WINS ANNUAL GAME FROM HARVARD

Forty-Three Thousand Witness Magnificent Battle.

YALE MAKES THE SCORE 6-0 ON MUFFED PUNT

But for Trifling Error Near Close of Second Half Neither University Would Have Scored.

Cambridge, Mass., Nov. 25.—By her quickness in seizing the opportunity afforded by a muffed punt, Yale today won the annual football game with Harvard by a score of 6 to 0. The error, which was made by McNichols, who had replaced Foster at left half back, occurred near the close of the second half, and but for it, as even Yale admitted, the contest probably would have resulted as did those on the same field in 1897 and 1899, in no score for either side.

Harvard's unexpected ability to solve and stop Yale's attack was the feature of the contest. Except for one dash of 40 yards by Roome in the first half and one of 15 yards by Morse in the second half, the Yale gains were short and nearly all were made by plunges into the line. The Harvard gains also resulted from mass plays, usually with the famous tandem formation, the only exception being a dash of 18 yards by Quarterback Starr, who by running the whole width of the field eluded Yale's ends for that distance. Throughout the game end runs, Quarterback dashes and double and delayed passes by either team were quickly broken up, and frequently the runner was thrown for a loss. Each side had then to struggle time and again for the necessary five yards. It usually took two or three downs to cover the distance. Yale captured the ball three times and Harvard took the ball from Yale twice by stubborn defense.

Harvard reached Yale's 24 yard line in the second half only to be sent back 3 yards for offside play. This was the nearest the crimson came to scoring a touchdown. In the first half, however, Burr made a beautiful attempt at goal at placement from Yale's 51 yard line, missing it by a few feet.

Scores in Last Ten Minutes.

Yale's score came in the last ten minutes of play. The ball had gone up and down the field with neither side able to make any long, consistent gains. Hoyt sent a high punt to Nichols, who had replaced Starr, and the Harvard back, who had just come into the game, muffed the kick and Captain Shevlin, who on every kick during the game was down the field with marvelous speed, grabbed the ball the instant it touched the ground. Yale had twice before been held with Harvard's 25 yard line, but Nichols' error seemed to sap the fighting spirit of the crimson players and the Yale rushes Yale made the distance to the goal line.

Nearly all the Yale plunges for the score were directed against the Harvard left wing where Yale team, under the leadership of the Yale team, replaced Bill, notwithstanding the fact that the burly Harvard tackle was able to run off the field comparatively easily. Forbes had the honor of carrying the ball over for Yale's only touchdown, and Hoyt kicked an easy goal from a punt out. Neither side came within striking distance of the other's goal after Yale scored.

Forty-three thousand people watched the game in weather as warm as Indian summer. It was the largest and most brilliant gathering ever seen for a football game in this country. The spectators were kept up to a high pitch of excitement by the incessant cheering of the under-graduates, and the Harvard stands, which contained for 30,000 persons, after the game had shown itself able to stop the Yale offense and displayed an ability to make short gains, became overjoyed at the showing of the crimson players. Exciting Football Game.
The high school football eleven yesterday afternoon played an exciting game with the team of the Albuquerque Indian school, the game ending in a score of 6 to 0. The teams are remarkably evenly matched. On Thanksgiving day the high school boys will go to Las Vegas to play the high school team of that place.

The All-Star Specialty Company.
The All-Star Specialty company headed by that prince of comedians, Raymond Teal, arrived yesterday morning from Winslow, where they played to the capacity of the opera house Thursday night.
Manager Matson received telegrams from Mr. Burbage, the manager of the Winslow opera house, stating that the All-Star Specialty company delivered the promised goods to the fullest measure and that he would guarantee that every seat would be sold if the company returned there at any time.
It is a pleasure to learn that kind of a show for the management known in advance that its patrons will get value received for their outlay and that each one sold will be an advertisement for the coming engagement, which will be about every six or seven weeks.
The indications from the advance engagement of seats warrant the assertion that a crowded house will also greet the All-Star Specialty company Monday night, November 27, '05, at the Elks' opera house. Reserved seats on sale at O. A. Matson's stationery store. Prices 25c, 50c, 75c, and \$1.00.

The king will remain here three days and will be entertained with state dinners, a gala performance at the opera, a military review and a hunt. The streets and public buildings are elaborately decorated.

FRED HARVEY ARRESTED AT NEEDLES FOR LOOTING ENGINE CABS

By a peculiar coincidence "Fred Harvey" is the name of a man under arrest at Needles charged with burglary. Mr. Harvey is as far as can be found out no relation to the man who founded the eating house system. The officers believe that he is a much wanted individual who has been for some weeks stily ransacking engine cabs. It is stated that articles identified as stolen in this way have been found in his room.
For two weeks past Santa Fe engineers have been missing articles of value from their cabs, and the officers have been on the constant lookout to apprehend the thief. Monday night Harvey was arrested for assaulting a citizen on the streets, and as he had long been under suspicion the officers decided to search his room, which was not found without some effort.
His preliminary hearing was to have been held Wednesday in San Bernardino, but as the district attorney was busy at Redlands and other affairs of importance connected with the office examining Assistant District Attorney H. M. Willis a postponement of the examination was secured.

ITALIAN EMIGRATION.

Government to Try to Distribute Them Over States.
Rome, Nov. 25.—Inspector Adolfo Rossi, the special representative of the Italian government for emigration now in the United States, has sent the government an important report of an interview which he had with President Roosevelt November 9. The inspector says the president promised to do everything possible to prevent the congestion of Italian emigrants in the large towns and to cause them instead to be spread throughout the agricultural regions, where they can best serve themselves and the United States. Successful experiments in this direction, the inspector adds have been made.
From a report of Chevalier Forini, the Italian consul at New Orleans, it appears that Texas offers good ground for emigration. The consul urges the government to promote Italian emigration to Texas.

A MOTHER'S LOVE.

A mother's love is so divine that the roughest man cannot help but appreciate it as the crown of womanhood. However, Motherhood is looked forward with feelings of great dread by almost all women. At such times a woman is nervous, dyspeptic, irritable, and she is in need of a sterile tonic and restorative, a strength builder to fit her for the ordeal. No matter how healthy or strong a woman may be she cannot help but be benefited by taking Dr. Pierce's Favorite Prescription to prepare for the event.
"To a mother one mother says: 'With a heart overflowing with gratitude I will endeavor to write you. It is nearly two years ago since I first wrote to you for advice regarding my health which was then very bad.' writes Mrs. L. P. Moore, of Hinesdale, Ky., to Dr. R. V. Pierce, chief consulting surgeon of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. 'I have described my sufferings in other letters to you. After receiving your advice and the Common Sense Medical Adviser I bought some of your Favorite Prescription, and to day am a well woman and the proud mother of a dear little boy.'"
Backed up by over a third of a century of remarkable cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Protrusion, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.
How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 200 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send us one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

ROCK ISLAND FIGHTS PRESENCE OF MIND SANTA FE FOR BIG OF ENGINEER MAIL CONTRACT AVERTS BAD WRECK

Battle Royal Now on Between Great Systems. Engine Jumps Track on the Grade West of Isleta.

QUARTER MILLION DOLLARS IS THE PRIZE AT STAKE
California and Golden State Limited Schedules Cut Down in Big Race Against Time.

Albuquerqueans who have watched the lightning motions of the locomotives and the 44 men and the car inspectors when the California Limited comes thundering into this city from the east have more than once expressed admiration of the smooth and clock-work-like manner with which the train is put into shape to resume its swift flight across the mountains and deserts to the Pacific coast. Everything is in readiness, fuel and provisions are what not, before the train arrives and it is but the work of a few moments to couple on a new engine, re-stock the train and send it flying on its way again without the loss of an unnecessary moment.

While it is the object of the company to get this superb train through in the shortest possible time, on account of the accidents there is something more at stake.

Fighting to secure a big mail contract between Kansas City and Los Angeles, the Santa Fe and Rock Island roads have begun a spectacular speed war at the beginning of last week. The spoils of the war is a contract worth \$250,000 a year, to carry the mail between Kansas City and southern California.

The profits of this contract will be equal to almost the entire sum received, because both roads have to carry mail cars on their California limited trains to accommodate the local mails, and the through mail will amount to but ten or twelve tons a day. Already both roads have reduced the running time between Kansas City and the coast from thirty to forty-five minutes, and it is probable that before long faster time will be made.

The new time card, which took effect November 12, schedules the Santa Fe California train to arrive in Los Angeles at 10:30 a. m. and to leave at 11:30 a. m. The shorter time between Kansas City and Los Angeles, than heretofore, and to meet this the Rock Island's Golden Gate Limited train is being run as a schedule of forty-five minute reduction in time. This reduction will become effective when the Rock Island's new time card goes into effect on November 26.

SANTA FE STATION IS A "HOUSE OF TROUBLE"

The roof of the Santa Fe station is going on in spite of the cold weather, the roofing being the thing presently under reconstruction, says the San Bernardino Times-Index. But at the same time, the job of raising the old barn is being carried on with as much enthusiasm as ever. It was awfully sagged down in places, and the hickories set in their line work in the subterranean depths, the clerical upstairs are treated to sundry surprises. Cracks will sometimes open in the wall with suddenness that is almost eerie. They will not be very large, not dangerous, but just large enough to admit a southerly wind, cold enough to cause the recipient to change his seat without loss of time, if he may. Doors that were perfectly hinged are found bound hard and fast, others absolutely refuse to close, catches are cocked to one side. After a while the whole building will have been brought to a level, but as it is being leveled now it is very strongly suggestive of the legendary "house of trouble."

The Exact Thing Required for Constipation.

As a certain purgative and stomachic, Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives, say R. In Working Order

THE organization of the "Associated Charities" has been perfected, and the organization is now fairly on its feet. A committee charged with the duty is now making a canvas of the town to secure from charitably disposed persons an agreement to pay such sum per month as each is willing to contribute to the cause, and the committee men thus far have met with fully as great a degree of success as they had expected, and anticipate no difficulty in getting a sufficient sum subscribed to meet all proper and worthy demands likely to be made upon the association. Another committee will investigate the cases of all applicants for assistance, and deserving cases will be aided while the funds will be discovered and exposed. Thus two very desirable ends will be achieved—the necessities of the worthy poor will be properly relieved, and the people will be protected against the impostors.

Bit Off Too Much

IF WE MAY be pardoned for borrowing a few words from the expressive language of the street, our valued contemporary at Las Vegas has "bit off more than he can chew." He set the example of answering argument with billingsgate, and now the style has developed to such proportions that he cannot control it—or in other words, his chickens are coming home to roost in such large numbers that he finds it difficult to accommodate all of them. He whines pitifully about the way he has been abused by other papers, delivers a philosophical lecture in a masterly manner—schoolmasterly manner—to the other papers of the territory on the naughtiness of using bad words, and then closes with two or three paragraphs of falsehood and filth that would make a fisherman ashamed of himself. Does the silly season in Las Vegas last all the year?

The Triple Alliance

THE MORNING JOURNAL stands for decency, and the other three daily papers in this part of the territory are gang organs, and stand for anything that may be ordered by the gang. Consequently there is not always harmony among us, and as there are three to one the Morning Journal is the dissonant element. Thus far, however, we have managed to hold our own against the combination, and a little more than that, in the opinion of the public, because one or another of the gangsters "squawks" every day—and there is no better sign than that. An old English temperance lecturer used to say when some rowdy in the crowd would try to interrupt him, "when you throw a stone at a pack of dogs in the dark, and one of them 'owls' you may be sure 'e is 'art." Hence we know we have done something to "art the gang every time one of its organs 'owls'—and the 'owls' are getting to be very frequent. First the boss wolf at Santa Fe emits a long, blood curdling howl, then his first assistant at Albuquerque repeats it, and in due time you can hear the echo from Las Vegas, but the three notes always chord, and the trail of the gang is over them all. But, though the odds are three to one, we have no difficulty in keeping up our end, because "thrice is he armed who hath his quarrel just."

Why So Emphatic?

WE TOOK occasion in an editorial paragraph yesterday morning to correct the general impression that one of the city banks was the principal owner of the Albuquerque Citizen, and was pouring money into that "rat-hole" to make good the deficiencies of the concern under the present reckless and incompetent management. The Citizen of yesterday evening admitted the truth of our denial, and then turned round and abused us like a pickpocket for having made it. We can understand why the Citizen should assist the Morning Journal in trying to eradicate such an impression from the public mind, because such an opinion becoming general would injure the reputation of a bank in the estimation of the business public nearly as much as for its officers to be given to habitual gambling. But if the bank has no money invested in the paper, why should the paper fly into a passion and tear its hair over the statement of that simple fact?

Big Job in Prospect

NO GOVERNOR of New Mexico ever had to undertake as big a job as the one Governor Hagerman will find waiting for him when he assumes the duties of his office next January. The big contract for which Hercules distinguished himself was mere child's play compared with the work which the new governor will have to do in cleaning out the gang and its interests and attaches throughout New Mexico. A majority of the papers of the territory, including all the dailies except the Morning Journal and the Roswell Record, have passed into the control of the gang, either through patronage or direct purchase, and he may expect to have all of these crying out in unison against him every time he attempts to take a step in the direction of reform. By the aid of its papers and its other beneficiaries in every nook and corner of the territory, the territorial gang now dominates New Mexico as thoroughly as the Bernallillo gang dominated this county before the Morning Journal took up the cause of the people some three years ago, and the new governor will find it impossible to take a step in any direction without treading on the toes of the gang. The members of the gang think they will be able to make life a burden to him unless he will sit still and let the stealing go on—and we understand he is not built that way. But it is well for him to know in advance that there are strenuous times ahead of him. And he can make a pretty fair guess at the sort of treatment he will receive from the gang by noting the manner in which it causes Troy, Blanche and Sweetheart, and all the whiffets to bark at the heels of the Morning Journal, because this paper refuses to come under the gang yoke, and persists in standing out in favor of civic decency.

Our limited acquaintance with the new governor leads us to believe what his home paper says of him—that he is a man of high ideals, of clean moral character, and takes a strong stand for civic righteousness and the up-building of public morals. And a man of such ideals and sentiments, put down in the present political atmosphere and surroundings of Santa Fe, will feel like a fish, not only out of water, but actually on the gridiron. But he will bring things around all right if he only has the nerve. And here's to his nerve.

DEPOSED SHERIFF BRINGS CHARGES AGAINST CLANCY

Hubbell Wants Governor to
Remove District Attorney.

ALLEGES FAILURE TO ENFORCE
LAW AGAINST THE RED LIGHT

Would Have Official Lose Job for Al-
leged Compulsion of Sale of
Lutheran Church Property.

Former Sheriff Thomas S. Hubbell of Bernalillo county, removed by the governor as the result of charges brought by District Attorney F. W. Clancy, has retaliated by bringing charges against the latter official and asking for his removal. Mr. Hubbell not only wants Mr. Clancy fired, but he wants it done quickly. Governor Otero has acknowledged the receipt of the charges, has sent Mr. Clancy a copy and says he will investigate them without delay.

The ex-sheriff charges Mr. Clancy with failure to enforce the law in allowing houses of ill fame to be run in this city in violation of the law. He further charges the district attorney with conspiring to force the sale of the Lutheran church property on North Third street in the red light district to Joe Badaracco, L. Gradi and A. Viviani, on threat of prosecution. According to the allegation Mr. Clancy notified the men named, who own the Minnie Carroll resort, that they were violating the law by allowing a house of prostitution to be run within 700 feet of a house of worship. (The Lutheran church) and that unless they bought the property at the price named by the trustees they would be prosecuted. Affiant says that the sale was accordingly made and the men were not prosecuted.

Governor Otero acknowledged the receipt of the charges in a letter to Mr. Hubbell and said that they would be investigated.

Clancy Will Prepare Answer.
Mr. Clancy was seen by a Morning Journal reporter at his home last night, but said that he would rather not have anything to say about the charges until he had prepared his answer and submitted it to the governor. "I might say some very interesting and very unpleasant things about the charges and the motives which inspired them," said Mr. Clancy, "but think it would be more in accord with proprieties for me not to discuss the charges until my answer is within the governor's hands."

"For four or five years," said Mr. Clancy, "I have been aware of the fact that the Hubbells have been endeavoring to do up some alleged vice houses, which could be used as bases of charges against me, so that I was not surprised to receive from Santa Fe this morning a copy of the charges brought by the ex-sheriff. I have been expecting to have some charge or other trumped up against me. I will immediately prepare my answer and place it in the hands of Governor Otero."

Asks An Investigation.
Mr. Hubbell in sending the charges to Governor Otero accompanied them by the following letter:

Albuquerque, N. M., Nov. 26, 1905.
Hon. Miguel A. Otero, Governor of the Territory of New Mexico.
Sir: I enclose you herewith an affidavit charging the district attorney with failing to do his duty under chapter 113 of the Acts of the Legislative Assembly of 1903. I am ready at any time to furnish evidence in addition to the facts stated in the affidavit, to support those facts. Under said chapter 113, it is your duty, as I am advised, to summarily remove the district attorney for neglecting and failing to do his duty, even if he has not entered into a combination to compel the purchase of this property, by his failure to enforce the law.

I am advised that you have the express power and it is your duty, under the statute above quoted, to summarily remove a district attorney who fails to do his duty as prescribed by that act. I therefore request, if you deem a hearing necessary, that you order one promptly, and that you determine whether the further continuance of the said Clancy in the office of district attorney is consistent with the duty imposed upon you to see that the law is faithfully executed.

A prompt acknowledgment of the receipt of this letter and its enclosure will be appreciated. I enclose the affidavit in duplicate and also a duplicate copy of this letter.

Respectfully,
T. S. HUBBELL.

The Charges.

Territory of New Mexico, County of Bernalillo, ss.
Thomas S. Hubbell, being duly sworn, on oath, deposes and says that at the March, 1905, term of the district court of the county of Bernalillo, Second judicial district of the territory of New Mexico, he was sheriff of the said county of Bernalillo, that F. W. Clancy was then, and still is, the district attorney of the said Second judicial district.

That during the said term of court, affiant had several conversations with the said district attorney in regard to the occupation and use of certain property located in that quarter of the city of Albuquerque, known as "Hell's Half Acre," between the Masonic temple on Third street, and the Lutheran church on the same street. That the property along said street was then, and still is, pretty generally occupied and used for places of prostitution, some of these places being dives of the worst kind. That in that district, within 700 feet of the Masonic hall, and the said Lutheran church, are the principal and most notorious houses of prostitution in the city, such as the houses of Lizzie McGrath, Minnie Carroll and Nellie Driscoll; that the house occupied by Minnie Carroll is owned by A. Viviani, and is leased by him to one L. Gradi, and sub-leased by said Gradi to Minnie Carroll, who runs a house of prostitution therein.

That complaint had been made to the said district attorney by one Albert and other trustees of the said Lutheran church, located on said street, and within 700 feet of which nearly all of said houses of prostitution are located, especially the one so occupied by the said Minnie Carroll; that one Joe Badaracco also rents houses to women to be occupied for purposes of prostitution; that the said Albert and the trustees of said Lutheran church had demanded the

enforcement of chapter 84 of the Acts of the Legislative Assembly of 1901 and as amended by chapter 113 of the Acts of the Legislative Assembly of 1903, on account of the said church and the proximity of the said houses of prostitution to the same. That the said Clancy instructed affiant to inform the said Joe Badaracco, A. Viviani and L. Gradi, that unless they purchased the said church at a price which was placed upon it by the trustees of the said church, which affiant then understood was \$2,000, that he would proceed to prosecute the said Badaracco, Viviani and Gradi before the grand jury, which was then in session, and that the purchase of said church had to be completed at once, as he would not permit the said grand jury to adjourn without submitting the matter to them unless said purchase was made. Affiant further states that he did so inform said Italians of the demands of the said district attorney.

Affiant further states that he had several other conversations with the said district attorney on said subject the exact dates and days when he had the same he does not now remember, but it was during the said term of court and while the said grand jury was in session.

Affiant further states that he is informed and believes that the said church was purchased from the trustees thereof, by money raised and contributed or secured by the said three persons above mentioned.

Affiant is informed and believes since the said purchase was made, it would be more in accord with proprieties for me not to discuss the charges until my answer is within the governor's hands."

"For four or five years," said Mr. Clancy, "I have been aware of the fact that the Hubbells have been endeavoring to do up some alleged vice houses, which could be used as bases of charges against me, so that I was not surprised to receive from Santa Fe this morning a copy of the charges brought by the ex-sheriff. I have been expecting to have some charge or other trumped up against me. I will immediately prepare my answer and place it in the hands of Governor Otero."

Asks An Investigation.

That in that district, within 700 feet of the Masonic hall, and the said Lutheran church, are the principal and most notorious houses of prostitution in the city, such as the houses of Lizzie McGrath, Minnie Carroll and Nellie Driscoll; that the house occupied by Minnie Carroll is owned by A. Viviani, and is leased by him to one L. Gradi, and sub-leased by said Gradi to Minnie Carroll, who runs a house of prostitution therein.

That complaint had been made to the said district attorney by one Albert and other trustees of the said Lutheran church, located on said street, and within 700 feet of which nearly all of said houses of prostitution are located, especially the one so occupied by the said Minnie Carroll; that one Joe Badaracco also rents houses to women to be occupied for purposes of prostitution; that the said Albert and the trustees of said Lutheran church had demanded the

enforcement of chapter 84 of the Acts of the Legislative Assembly of 1901 and as amended by chapter 113 of the Acts of the Legislative Assembly of 1903, on account of the said church and the proximity of the said houses of prostitution to the same. That the said Clancy instructed affiant to inform the said Joe Badaracco, A. Viviani and L. Gradi, that unless they purchased the said church at a price which was placed upon it by the trustees of the said church, which affiant then understood was \$2,000, that he would proceed to prosecute the said Badaracco, Viviani and Gradi before the grand jury, which was then in session, and that the purchase of said church had to be completed at once, as he would not permit the said grand jury to adjourn without submitting the matter to them unless said purchase was made. Affiant further states that he did so inform said Italians of the demands of the said district attorney.

Affiant further states that he had several other conversations with the said district attorney on said subject the exact dates and days when he had the same he does not now remember, but it was during the said term of court and while the said grand jury was in session.

Affiant further states that he is informed and believes that the said church was purchased from the trustees thereof, by money raised and contributed or secured by the said three persons above mentioned.

Affiant is informed and believes since the said purchase was made, it would be more in accord with proprieties for me not to discuss the charges until my answer is within the governor's hands."

"For four or five years," said Mr. Clancy, "I have been aware of the fact that the Hubbells have been endeavoring to do up some alleged vice houses, which could be used as bases of charges against me, so that I was not surprised to receive from Santa Fe this morning a copy of the charges brought by the ex-sheriff. I have been expecting to have some charge or other trumped up against me. I will immediately prepare my answer and place it in the hands of Governor Otero."

Asks An Investigation.
Mr. Hubbell in sending the charges to Governor Otero accompanied them by the following letter:

Albuquerque, N. M., Nov. 26, 1905.
Hon. Miguel A. Otero, Governor of the Territory of New Mexico.
Sir: I enclose you herewith an affidavit charging the district attorney with failing to do his duty under chapter 113 of the Acts of the Legislative Assembly of 1903. I am ready at any time to furnish evidence in addition to the facts stated in the affidavit, to support those facts. Under said chapter 113, it is your duty, as I am advised, to summarily remove the district attorney for neglecting and failing to do his duty, even if he has not entered into a combination to compel the purchase of this property, by his failure to enforce the law.

I am advised that you have the express power and it is your duty, under the statute above quoted, to summarily remove a district attorney who fails to do his duty as prescribed by that act. I therefore request, if you deem a hearing necessary, that you order one promptly, and that you determine whether the further continuance of the said Clancy in the office of district attorney is consistent with the duty imposed upon you to see that the law is faithfully executed.

A prompt acknowledgment of the receipt of this letter and its enclosure will be appreciated. I enclose the affidavit in duplicate and also a duplicate copy of this letter.

Respectfully,
T. S. HUBBELL.

The Charges.

Territory of New Mexico, County of Bernalillo, ss.
Thomas S. Hubbell, being duly sworn, on oath, deposes and says that at the March, 1905, term of the district court of the county of Bernalillo, Second judicial district of the territory of New Mexico, he was sheriff of the said county of Bernalillo, that F. W. Clancy was then, and still is, the district attorney of the said Second judicial district.

That during the said term of court, affiant had several conversations with the said district attorney in regard to the occupation and use of certain property located in that quarter of the city of Albuquerque, known as "Hell's Half Acre," between the Masonic temple on Third street, and the Lutheran church on the same street. That the property along said street was then, and still is, pretty generally occupied and used for places of prostitution, some of these places being dives of the worst kind. That in that district, within 700 feet of the Masonic hall, and the said Lutheran church, are the principal and most notorious houses of prostitution in the city, such as the houses of Lizzie McGrath, Minnie Carroll and Nellie Driscoll; that the house occupied by Minnie Carroll is owned by A. Viviani, and is leased by him to one L. Gradi, and sub-leased by said Gradi to Minnie Carroll, who runs a house of prostitution therein.

That complaint had been made to the said district attorney by one Albert and other trustees of the said Lutheran church, located on said street, and within 700 feet of which nearly all of said houses of prostitution are located, especially the one so occupied by the said Minnie Carroll; that one Joe Badaracco also rents houses to women to be occupied for purposes of prostitution; that the said Albert and the trustees of said Lutheran church had demanded the

enforcement of chapter 84 of the Acts of the Legislative Assembly of 1901 and as amended by chapter 113 of the Acts of the Legislative Assembly of 1903, on account of the said church and the proximity of the said houses of prostitution to the same. That the said Clancy instructed affiant to inform the said Joe Badaracco, A. Viviani and L. Gradi, that unless they purchased the said church at a price which was placed upon it by the trustees of the said church, which affiant then understood was \$2,000, that he would proceed to prosecute the said Badaracco, Viviani and Gradi before the grand jury, which was then in session, and that the purchase of said church had to be completed at once, as he would not permit the said grand jury to adjourn without submitting the matter to them unless said purchase was made. Affiant further states that he did so inform said Italians of the demands of the said district attorney.

Affiant further states that he had several other conversations with the said district attorney on said subject the exact dates and days when he had the same he does not now remember, but it was during the said term of court and while the said grand jury was in session.

Affiant further states that he is informed and believes that the said church was purchased from the trustees thereof, by money raised and contributed or secured by the said three persons above mentioned.

Affiant is informed and believes since the said purchase was made, it would be more in accord with proprieties for me not to discuss the charges until my answer is within the governor's hands."

OTT ROBBED FRIEND OF HIS SAVINGS OF YEARS

A police officer from San Francisco is expected in Albuquerque today to take John H. Ott, arrested for grand larceny, back to the coast city.

If the charge against Ott is true, he has not only been guilty of grand larceny but has been guilty of treachery to a friend.

Ott's roommate, Frank Johnson, accuses him of taking \$1,100 from Johnson's trunk and leaving hurriedly for the east.

"I feel the betrayal of my trust more than I do the loss of the money," said Johnson to the police, "but I don't see how I could do it. I won't prosecute him to the limit."

Ott and Frank Johnson went to San Francisco from Chicago about two weeks ago. They were friends of long standing, having worked together for years, as bricklayers, Johnson stating that he had taught Ott the trade of a bricklayer.

Johnson said that he had left the trunk last Tuesday and was, as he said, occupied the same bedroom at 1353 Howard street.

Johnson had \$1,100 in currency in his trunk. He happened to look into the trunk last Tuesday and was, as he said, surprised to find it empty.

Johnson was asleep, and as he failed to return during the afternoon Johnson's suspicions were aroused and he notified the police. Captain Burnett detailed Detectives Bunker and Freese on the case and after making an investigation, they ascertained that Ott had purchased a ticket at the Santa Fe office for Chicago on Tuesday morning and had apparently left by the morning train.

The detectives reported the result of their investigation to Captain Burnett and Ott was taken to the grand jury at once and held in the city of Albuquerque. Ott's arrest in Albuquerque was the result.

A Lesson for Bad Boys.
Four boys who have been in the habit of riding Santa Fe trains in the vicinity of the brewery in the northern end of the city were arrested yesterday and taken before Judge Crawford, where three of them were sentenced to a fine of \$5 or do a term of five days on the chain gang. One of them was released on account of his age.

Numerous bad boys of the city have been in the habit of frequenting the Santa Fe yards and riding cars which are being switched, and jumping on through trains. This must stop, as the local officials say that it is but a matter of time until someone will be killed.

Aged Lady Dies of Heart Failure.

Mrs. E. Stanton, a lady about 65 years of age, who was going from Los Angeles to her home in Superior, Wis., died on No. 2 yesterday shortly after leaving Gallup. She became ill soon after taking the train and told one of the passengers that she was subject to heart failure and had been in poor health for some time. The body was removed from the train in this city and was taken to the morgue, where it was prepared for burial. The remains will be shipped to the deceased's home for burial.

Thanksgiving Donations.

In accordance with their annual custom the ladies of the Non-Sectarian Benevolent association this year again ask the school children for their Thanksgiving donations. Prof. Clark has arranged to receive these donations on Wednesday morning, so that the ladies may distribute them on Wednesday afternoon. The association has for several years depended upon these donations to provide the poor of the city a Thanksgiving dinner, and this year have an unusual number of demands upon their charity. While enjoying a feast of good things it is well to remember those less fortunate. Any cases referred to Mrs. H. B. Ray will receive attention.

NEW SANATORIUM NEAR SILVER CITY OPENS ITS DOORS

Model Institution Starts Off
With Best of Prospects.

PATIENTS TO HAVE EVERY
COMFORT AND CONVENIENCE

New Mexico's fame as the world's greatest sanitarium is increasing rapidly nowadays and no one longer questions that the matchless climate of the southwest is the healing climate for those who are suffering from the ravages of the White Plague. The establishment of the mammoth Prater sanitarium at Las Vegas is the first great step to provide proper facilities for the crowds of healthseekers who are turning their faces "southwestward" but it is most encouraging to see that smaller institutions are springing up here and there over the territory, successful from the start.

The New Mexico Cottage sanitarium near Silver City, will open its doors for the reception of patients this week. It will start under very favorable auspices, as every apartment in the sanitarium will be occupied and in fact "doubling up" will have to be resorted to for awhile until additional cottages can be built. The sanitarium will start with ten cottages and an administration building. Work will be commenced at once upon ten more cottages and upon Woodville recreation hall. The sanitarium will open with twenty-five patients and twice this number are ready to enter as soon as quarters can be prepared for them. Hence the work on the additional cottages will be pushed with all possible speed. Two cars of furniture and other equipment arrived this week and were hauled out to the institution.

Location Ideal.
The Silver City Enterprise says of the institution: The location of the new sanitarium is an ideal one, being two and one-half miles north of Silver City near the Silva ranch, and comprises a quarter section of land known as the Harrio homestead. Water has been developed on the land, and a modern and complete water system installed. Stables have been erected for a number of saddle ponies which have been purchased for the use of the guests. The cottages are built of pebble dash, so constructed as to permit open sides during fair weather, while removable shutters afford protection during foul weather, but at all times a free circulation of air is afforded, and this comes as near combining the advantages of open and closed cottages with the conveniences of comfortable indoor quarters as anything can. The cottages are large and airy, being 16 feet in length and 12 feet in width. They are built on three sides of a quadrangle in the well known Mission style. The fourth side will be left open for the use of further additions as necessary.

A corps of trained nurses, cooks, and waitresses arrived this week from El Paso and are being made acquainted with their new duties. The business management of the institution will be in charge of Wayne McVeigh Wilson, and the medical directorship under supervision of Dr. E. S. Bullock, formerly medical director at St. Joseph's sanitarium in Silver City, and previous to that, pathologist and diagnostician at the United States General Hospital for Tuberculosis at Fort Bayard.

M'CLURE ASKS FOR A CHANGE OF VENUE

Emello McClure, who has been in the county jail in this city since June 25th, charged with the brutal murder of Nicholas Sanchez and Carmel Baca, yesterday through his attorneys, Judge W. C. Heacock and W. B. Childers, applied for a change of venue. Judge Ira A. Abbott has set next Wednesday as the date for hearing the petition in the case.

McClure, who is a half-breed negro was confined in the Sanchez ranch with Sanchez, his brother-in-law, Carmel Baca and Andalacio Padilla, a 17-year-old boy. They had the wool clip with them on two wagons and were bringing it to market in this city. When at La Posa, he Cabero crossing on the night of June 23, McClure waited until Sanchez and Baca were asleep and then threw them with an axe and then threw them into an eighty-foot well. He awoke young Padilla and told him to hitch the team, as they were going to come on to Albuquerque. When Padilla asked him about the whereabouts of Sanchez and Baca he said they had gone down the arroyo. Baca came on to town and it was not until the next day that the story was made known. The clothing of Sanchez and Baca had been burned by McClure to hide his crime, he going back after he and young Padilla had started to Albuquerque for this purpose. The bodies of the dead men were found at the bottom of the well and for a time there was strong talk of lynching McClure.

The crime was one of the most revolting in the annals of the history of New Mexico and if McClure is tried in this county and found guilty, he will, in all probability, get the full penalty.

McClure has stoutly protested his innocence since his arrest, but there is a strong circumstantial case against him.

SOCIETY

The week which closed yesterday evening was a comparatively dull week in Albuquerque society, due in part to the phenomenally disagreeable weather which prevailed most of the time, giving everyone the blues and detracting in a great measure from the vivacity and spirit which prevail as a rule, in consequence of the exhilarating effect of our incomparable climate, when in its normal state—and in part to the fact that most ladies are as busily employed getting ready for the approaching Thanksgiving and Christmas holidays that they have but little time to spare for anything else. But there have been a few interesting events in a social way, the most notable of which was:

Mr. H. E. Fox was host at the last meeting of the Ten Dons, and entertained his companions at the home of Mr. Frank Strong. The paper of the evening was by Mr. Frank Moore, the subject being, "Railroads and Railroad Rebates," and it called out a highly interesting discussion. An interesting and unique feature of the dinner was the place card design, which consisted of the photograph of each Don, neatly mounted on a little paper picture holder, standing at the guest's place.

Of the many afternoon affairs within the past few weeks, one of the largest was the card party held yesterday afternoon by Mrs. W. E. Dame, 410 West Gold avenue. Mrs. Dame was assisted by Miss Edith Easley of Santa Fe, who is her guest. The prizes were elegant, the fortunate winners being Mrs. J. E. Luthy and Mrs. H. H. Mitchell. Present were: Mrs. P. G. Cornish, Mrs. A. B. Harrison, Mrs. S. E. Newcomer, Mrs. D. A. Bittner, Mrs. F. J. Luthy, Mrs. W. H. Greer, Mrs. A. J. Maloy, Mrs. George Frost, Mrs. D. A. Macpherson, Mrs. J. E. Sains, Mrs. A. M. Millington, Miss Irene Saint, Mrs. H. R. Mitchell, Mrs. Harry Lee, Mrs. J. T. McLaughlin, Mrs. E. L. Medler, Mrs. E. W. Dobson, Miss Lou Haselbine, Miss May Haselbine, Mrs. Hazeldine, Mrs. George Klock, Mrs. Jarrett, Mrs. Earl Stean, Mrs. Joseph Bibb, Mrs. W. H. Hahn, Mrs. B. G. Wilson, Mrs. J. S. Easterday, Mrs. W. S. Strickler, Mrs. M. O. Chaudhury, Mrs. A. A. Keen, Mrs. Frank Moore, Mrs. Albert Grunfeld, Mrs. Frank Hubbell, Mrs. S. Luna, Mrs. J. A. Wisner, Mrs. F. H. Mitchell, Miss Mary Spaulding, Mrs. Clark Carr, Mrs. J. E. Pearce, Mrs. J. P. Downey, Mrs. McDonald, Mrs. R. F. Asplund, Mrs. L. H. Chamberlain, Mrs. Alfred Frost, Mrs. Samuel Neustadt, Mrs. B. S. Rodey, Mrs. Thomas Hubbell, Mrs. G. L. Brooks, Mrs. F. H. Kent, Mrs. W. B. Childers, Miss Annie Lay, Mrs. W. S. Hopewell, Miss Anna Thomas, Miss Mabel Hunt, Miss Elizabeth Wiley and Mrs. Harry Owen.

Miss Elsie Kempenich proved herself one of our Albuquerque charming hostesses Wednesday afternoon when she entertained a party of her young friends at the home of her parents, Mr. and Mrs. L. Kempenich, 916 West Railroad avenue, the occasion being the celebration of Miss Kempenich's thirteenth birthday. Miss Marguerite Schuster assisted. Games were played and refreshments served. Those present were Misses Marguerite Schuster, Gladys Mandell, Constance Sellers, Ruth Hild, Beatrice Hild, Agnes Childers, Edith Childers, Hilda Grunfeld, Aline Stern, Helen Hope, Myrel Hone, Francine McNasser, Lena Ferguson, Lillian Kempenich, Masters Frank Spitz, James Bibb, Edgar Jaffa, David Weiler, Kennedy Strickler and Alfred Kempenich.

Rev. Robert McIntyre, pastor of the First Methodist church of Los Angeles, delivered an interesting lecture Friday night at the First Methodist church of this city. His subject, which was "The Evolution of Abraham Lincoln," was beautifully handled. Mr. McIntyre has a national reputation as a descriptive orator and Friday night was at his best. He returned to Los Angeles on one of the delayed trains Friday night.

Mrs. S. E. Newcomer entertained a number of friends at six-handed euchre on Wednesday afternoon at her home, 205 North Walter street. Mrs. P. G. Cornish won the first prize, a beautiful painting and Mrs. George Frost the consolation, a cut glass bonbon dish. Refreshments were served and all voted Mrs. Newcomer a most charming hostess.

Miss Ida Ashurst Bremen, of New York, pianist of rare ability will arrive in the city within a few days to be the guest of Mrs. John Borradale, 500 West Gold avenue. Miss Bremen is a graduate of the Chicago Conservatory of Music and for many years a pupil of MacDowell, of New York, one of the greatest living composers.

Mr. Walter Thomas Mills, the noted socialist, lectured to a record-breaking audience last evening in Library Hall, his subject being "Railroad Notes and Socialism." Tonight he will lecture on "The City, the Brother and the Fireside."

Mrs. T. J. Robinson and daughter, Miss Edna Robinson, have returned to the city and are at the Alvarado after spending the summer months in their Chicago home. Their many friends will be pleased to learn that they will remain during the winter.

The "Daughters of the Revolution" held their regular meeting with Mrs. Wroth, at her residence, corner of Fifth and Copper yesterday afternoon, but no business of a public character was transacted.

A number of Albuquerque people have gone east during the past week to visit the old homestead, and take part in the Thanksgiving festivities around the ancestral hearthstone.

There is a promise of more good entertainments of a public character during the season just opening than there ever were before in the history of Albuquerque.

Mrs. Maynard Gunzel left last night for San Francisco, Cal., where she will spend the next three months visiting Mrs. Ira B. Bennett, formerly of this city.

Mrs. Harry Lee, of Marquette avenue and Twelfth street, has cards out for the fourth of a series of parties to be given on Tuesday afternoon of this week.

Mr. Ira D. Cassidy will open his exhibition of water colors and oil paintings at the Indian store, corner Railroad avenue and First street. Mr. Cassidy is well known in New York and some of our western cities as an

artist of ability. The works are in a great variety of mediums, oils, pastel, water colors and crayons. He varies his methods according to his material. Some of his most successful work in the past has been water color portraits on stone. They have been exhibited at most of the important art societies and galleries of the metropolis and at Denver in the Boutwell gallery. They gained for him a well earned reputation. His technical ability, exquisite coloring and sympathy with his subjects will easily be perceived in his exhibition. In December he will give an exhibition in Denver by request.

Mrs. A. P. Hillerman who has been visiting her aunt, Mrs. H. B. Stewart, of West Marble avenue, returned to her home in Stillwater, Oklahoma.

Mr. and Mrs. Noa Hild, who have been in Europe for the past six months, will return to the city tonight.

Miss Phoebe Roberts, the noted elocutionist, who spent some time here last winter, passed through the city last week en route to California.

Mrs. J. N. Reece and son, Mr. Roy R. Reece, of Springfield, Illinois, are visiting Mrs. H. Brand Henning, 419 South Fifth street.

Mr. and Mrs. Frank Boyer, 615 North Sixth street, are entertaining Mr. Boyer's mother, Mrs. Mary Boyer, of Latty, Ohio.

Mrs. Lawrence Delaney, 502 Kehler avenue, has as her guest her sister, Miss A. E. Boyles, of Trinidad, Colorado.

Mrs. James McGuire and Miss Mamie Tierney left for Oswego, New York, for a two months' visit with relatives.

Miss Flora O'Brien left for St. Louis, Missouri, where she will be married to Mr. J. McNamara, in the near future.

Dr. and Mrs. Reldy, of Pittsburg, Pa., have come to Albuquerque and will remain during the winter.

University Notes

Thanksgiving holidays, Thursday and Friday of this week.

The football team goes to Las Cruces this week to play the Agricultural college team on Thursday.

"Alkali Dust" is the name of a story written by our fellow student, Charles M. Horton. This story, illustrated by Cassidy, has been received by the Metropolitan Magazine, at a fair compensation.

President Ticht returned Friday morning from a trip to Washington, where he attended the meeting of the State University presidents. He reports a good meeting.

The following persons took part in the Rhetoricals on Thursday: Lawrence Selva, "The Animals;" Herbert Howison, "The Suicidal Cat;" Clarence Worth, essay, "The Religious Ideas of the Greeks;" Mr. Emmons, essay, "The Creek Indians;" Gertrude Espinosa, essay, "Michael Angelo."

A celebration of Saturday's football victory over the Santa Fe Indian team occupied the assembly period Monday morning. An impromptu program was arranged. Speeches were made by Manager Tischer, Captain Smith, Coach Angell, Professor Asplund, Messrs. Heald, K. Bryan, Albright, and Ross. Miss Huggett spoke for the Indians. The boys' glee club rendered a selection and a number of appropriate college songs were sung by the school, and the vells were given. The fellows responded well and a good celebration resulted.

On Friday morning Miss Parsons gave a very interesting talk on the early history and conditions of New Mexico. She gave vivid descriptions of the burro trains and the prairie schooners, the means of transportation in the early day. The first journey of a schooner train across the plains to Santa Fe was made in 1828, when the danger from Indians and scarcity of water was great. The governor of New Mexico at one time levied a duty of \$500 a load for goods brought in as well as a duty on money taken out. The traders were shrewd, as they would put three loads of goods in one wagon a little ways out from Santa Fe and thus save duty on two. In the early days, stage coach riding was expensive. It cost \$250 for a trip by stage from St. Louis to Albuquerque, but that included meals, such as they were.

Herpicide Produces Marvelous Results

The lady whose photograph is here reproduced—writes the following letter about

Newbro's Herpicide

"the original remedy that kills the dandruff germ."

The Herpicide Company, Detroit, Michigan.
I am sending you my photograph to show what Newbro's Herpicide has done for me. Since I first tested it thoroughly on my own hair, I have used it exclusively in giving scalp treatments and with wonderful success. I would not think of trying to get along without it.
Yours sincerely,
MRS. ANNA CONNOR,
Hair and Scalp Specialist,
2807 Archer Avenue, Chicago, Illinois.

The natural beauty and abundance of this lady's hair is a striking illustration of what Herpicide will accomplish, and this is only one of the thousands of letters that the Herpicide Company have on file from people all over the world who are pleased to tell of the marvelous results obtained by the use of Herpicide.

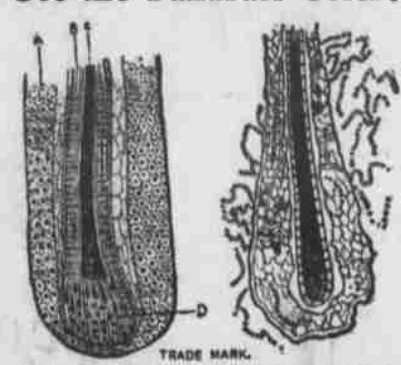

The Only Positive Safeguard Against Baldness is in the Use of

NEWBRO'S HERPICIDE

known throughout the world as "the original remedy that kills the dandruff germ." Herpicide is a new, scientific nonirritant germicide and prophylactic for the scalp—and positively cures dandruff, stops falling hair and prevents baldness. No one wants to lose their hair and it is a mighty serious matter to contemplate. Well, why trifle with unknown or so-called Hair-Growers, when you are absolutely guaranteed that Herpicide will not only save what hair you have, but will restore it to its natural luxuriance. It is the dandruff germ, which infests the scalp, that causes the hair to fall out. Herpicide will eradicate this microbic disease of the scalp and protect it against re-infection, and your hair will then grow as nature intended. NEWBRO'S HERPICIDE has reached the pinnacle of fame as a hair preparation and enjoys a distinction strictly its own. As a Hair-Dressing—Herpicide is truly exquisite on account of its dainty and refreshing odor which is characteristic—it beautifies the hair and leaves it soft, glossy, light and fluffy—it contains no oil, grease or sedimentary substance neither does it stain nor dye the hair.

Stops Itching of the Scalp Almost Instantly.

See the Dandruff Germ.

A Healthy Hair. An Unhealthy Hair.

DANDRUFF IS AN ACTUAL DISEASE and a very serious one, for it leads sooner or later to chronic baldness, which is incurable—the disease must be treated in thoughtful, persistent and scientific manner. The dandruff germ must be destroyed and kept out of the scalp with NEWBRO'S HERPICIDE, because it is the only remedy that will actually kill the dandruff germ.

Destroy the cause—you remove the effect

AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1934. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the Jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.
