ARIZONA AGAIN DELUGED
BY DISASTROUS FLOODSBRIDGE GIES
OUT NEAR
HOLBROOKSwollen Little Colorado En-
gulfed Santa Fe Tracks.WATER RUNNING OVER THE
RAILWAY EIGHT FEET DEEPSalt River Carries Out Two Bridges
Near Phoenix--Big Rain-
storm General.

Special to the Morning Journal.

Holbrook, Ariz., Nov. 27.—As the result of the heavy rain of the night of the 26th, the river here is away out of its banks. The Santa Fe tracks are under water for half a mile west of here, and fifteen hundred feet of track is badly out of line. It will be at least twenty-four hours before the water leaves the tracks so that men can work, and it will probably take twelve hours longer to get the track in shape for trains to move.

No. 7 due here at 7:38 a. m., arrived at 1:05 p. m. yesterday, and is now on a siding at this point. No. 3, due here at 6:20 p. m., is held at Gallup. All eastbound trains are to be held at Winslow. Telegraph service is badly crippled. Superintendent Gibson left Gallup early this morning on a special for Holbrook. It is thought that it will be at least thirty-six hours before trains move.

MEN AND CARS RUSHED TO SCENE OF DISASTER
As a result of the big rainstorm which raged over western New Mexico and Arizona Sunday night, the swollen Little Colorado river carried out a Santa Fe bridge across that stream about five miles west of Holbrook and obliterated the tracks for several miles along the course of the river.

The storm was one of the heaviest of the season and the Little Colorado, swollen by the cloudburst at its own headwaters and by the torrents from the Rio Puerco of the west and other tributaries, rose rapidly until it was away out of its banks and flooding much of the lowlands along the valley.

In answer to a hurry call yesterday Division Superintendent E. J. Gibson with Superintendent of Bridges and Buildings D. A. Shope and R. J. Arcey of the engineering corps went out on a special to the scene of the disaster. Later a call came for cars and laborers, which were rushed out last night. At last reports the water was running over the tracks eight feet deep for almost a quarter of a mile on each side of the bridge and still rising.

Tran No. 8 due here last night was reported indefinitely late and is being held at Winslow until the track can be repaired. Those familiar with the Little Colorado of these days know that it may be forty-eight hours or more before trains can be sent through. If the bridge is totally wrecked it will be necessary to transfer and it is anybody's guess as to when traffic will resume regularly.

All trains for the west were sent out last night as usual and will be held at Gallup until the river is passable. It will be remembered that several months ago the Little Colorado went on a similar rampage and it was feared the entire town of Holbrook would be flooded. The track along the river near Holbrook was subsequently heavily rip-rapped, but it is feared that a great deal of damage will be done nevertheless.

The track has been softened considerably by the heavy rains at several places on the Arizona division, but as far as could be learned last night the trouble near Holbrook was the most serious encountered.

Reports from down the Rio Grande valley indicate that the rain was an extremely heavy one, but no news of damage to the railway has been received. Although all the streams running into the Little Colorado have been running high full, and the tracks have been quite soft, nothing of a serious nature was expected.

All trains are tied up on the west end and trains three and eight, which were to have arrived here last night will not be in until this morning, and it is very probable that they will not reach Albuquerque until noon today, if then.

Superintendent E. J. Gibson and D. A. Shope, superintendent of bridges and buildings of Winslow, who were in the city were summoned west yesterday afternoon and they went out on Mr. Gibson's car accompanied by R. J. Arcey, the Santa Fe civil engineer of Williams, Ariz.

**RAGING SALT RIVER
TEARS OUT ITS BRIDGES**

Phoenix, Ariz., Nov. 27.—Rains of the past week, culminating in a twenty-four hours storm, have raised all the streams to torrential proportions. The Phoenix & Eastern railroad bridge across the Salt river at Tempe has lost a temporary structure serving in place of the steel span that dropped into the river last night. The new steel bridge on the Maricopa & Phoenix railroad, half a mile below, is intact, but just above it is the old trestle recently abandoned, a portion of which is washed away. There is

Engineer of Express
Caused Fatal Wreck
On Boston and MaineRevised Casualty List Shows Sixteen
Killed and Thirty-Two Injured.

Lincoln, Mass., Nov. 27.—After a day spent by wrecking crews in clearing away the remaining traces of last night's disaster at Baker's Bridge station on the Fitchburg division of the Boston and Maine railroad, and an investigation by the railroad officials, state authorities and the newspapers, it was practically settled tonight that sixteen persons lost their lives. Twelve were seriously injured and a score cut and bruised as a result of the rear end collision between the Montreal Express and the Marlboro branch local train.

President Lucius Tuttle of the road, declares that H. W. Lyons, engineer of the leading locomotive of the Montreal train, is responsible for the disaster.

A revision of the list of dead resulted in the elimination of three who were supposed to have lost their lives, and left the list tonight as follows:
D. JAMES WETHERBEE, South

Acton.

WILLIAM J. BARRIS, Maynard.

IRVING BARRIS, Maynard.

MISS MAY CAMPBELL, Maynard.

DONAT GAUTHIER, Marlboro.

MISS ANNIE W. HARTWELL, Littleton.

JOSEPHINE CARLSON, Maynard.

THOMAS W. CROWLEY, Waltham.

MARGARET SWEENEY, Concord.

MISS LEMABEL CAMPBELL, South Acton.

Partially Identified.

B. TYDEPRU, Russian, residence unknown.

JOHN SERWSKY, supposed of Concord.

Unidentified Dead.

MASTER IS
INDICTED FOR
LAND FRAUDSRector of Episcopal Church
of Lead in Trouble.WEALTHY DIVINE RELEASED
ON GIVING \$5,000 BONDCharge Is Complicity in Beating
Uncle Sam Out of 125,000
Acres in Nebraska.

Omaha, Neb., Nov. 27.—Rev. Geo. C. Ware, rector of the Episcopal church of Lead, S. D., was today indicted by the federal grand jury charged with complicity in defrauding the government out of 125,000 acres of land in Hooker and Thomas counties, Neb.

Frank Lambert and Harry Welch are made joint defendants with Ware. Each of the men is held to the federal court in \$5,000 bonds. Rev. Ware has qualified for that amount and secured his release. Cases are also pending against Rev. Ware for alleged illegal fencing. He is one of the wealthiest men in Lead and has been general manager of the L. B. U. ranch, which has several thousand acres of cattle on the range of western Nebraska.

Prominent Politician a Convict.
Stout City, Ia., Nov. 27.—Through the issuance of a full pardon and the restoration of the privileges of citizenship to W. N. Jordan by Governor Cummins today, the public has learned for the first time that one of the most popular political leaders in the state and one of the foremost members of the Des Moines bar is a former convict.

Jordan's crime was committed while he was cashier of the state bank of Baxter, in Baxter, Iowa, in 1894. He pleaded guilty and was sentenced to six months' imprisonment. He applied for a pardon in order to be able to vote and to hold office.

Confess to Suit Case Crime.
Boston, Nov. 27.—Louis W. Crawford and William E. Howard, alias "Burrhead" and "Burrhead," today confessed to the crime of being accessories after the fact to the death of Susanna Geary, victim of the suit case tragedy. They will be sentenced later.The Big Stick Falls.
Washington, Nov. 27.—President Roosevelt today removed from office Charles D. Sullivan, assistant United States treasurer at Philadelphia, for "constant and persistent violation of the civil service law while in office."Forest Reserve Suit.
Helena, Mont., Nov. 27.—United States Attorney Hatch has instituted in the United States court an equity suit against a number of Montana corporations and individuals to set aside a large tract of land, located in various parts of the state. The United States is plaintiff and the defendants are Hyde and Benson forest reserve scrip. There are twenty-five patents in all, involving between 3,000 and 4,000 acres of land, located in various parts of the state. The United States is plaintiff and the defendants are Hyde and Benson, the Western Lumber company, owned by Senator W. A. Clark, the Big Blackfoot Mining company, owned by the Amalgamated Copper company, the Conrad Investment company, owned by W. C. Conrad, the Riverside Land company, School District No. 11 of Pergus county, former Senator S. H. Hobson of Pergus county, Anna D. Huntley and others.Abdallah Is a Mystery.
Washington, Nov. 27.—Al Hadji Abdallah Pasha, the Abyssinian, who today handed to President Roosevelt a letter from King Melek, is unable through his interpreter to give either the government officials or other persons any satisfactory idea of the official side of his mission to this country. He insists that it is both official and personal, the personal aspect being his eager desire to interest American capital in mining concessions in his country. As he has therefore not even the president known what King Melek desired to say to him. The French translation of this precious document has not yet been forthcoming from Abdallah Pasha. The interpreter, who is now showing him the sights, has less to say about his important commercial mission than was published broadcast by his friends when he arrived in New York. In fact, the officials of the government Abdallah Pasha has not ventured to talk about any official functions of his own.Burning Frigate Sunk.
London, Nov. 27.—The old 74-gun frigate *Forbes*, built in 1812, was sunk in the Medway today by shells fired by the British gunboat *Bustard*.Sinks in Medway.
Port, which had been used as a coal depot, and two thousand tons of coal were soon ablaze. FIERCE STORMS RAGE AMID PEAKS OF THE JEMEZ

SNOW IN THE MOUNTAINS LIES
MORE THAN TWO FEET DEEP

ARRIVES AT ISLETA
EN ROUTE TO MEXICO

Richard Rogers Killed in the Zunis
Leaves Destitute Wife and
Six Children.

Correspondence Morning Journal.

Jemez Hot Springs, N. M., Nov. 27.—Furious rain and snow storms have raged through the Jemez mountains during the past week and the country is thoroughly soaked. All the mountain streams are torrents and high up in the range the snow is from eighteen inches to two feet deep with drifts in the canyons much deeper than that.

Remains of Rogers Buried. The remains of the late Richard Rogers who died as the result of a fractured skull received in an accident while at work on a bridge on the Zunis Mountain railway arrived here and were buried in the Presbyterian cemetery. The death of Rogers is an unusually deplorable case in that a wife and six children who live here are left without support just at the approach of what promises to be a severe winter.

Here's a Potato Story. Mr. William Rogers reports a bill of potatoes on his ranch that produced seventeen potatoes weighing fourteen pounds.

The schools here, the Presbyterian Mission school and the public school both are prosperous. Miss N. V. Peterson is in charge of the former and Miss Lulu Perce teaches the young idea how to shoot in the public school.

Linus L. Shields, steward of the Santa Fe railroad hospital at Albuquerque, is at his home here on a short visit.

Mr. A. J. Otero and family are occupying their commodious and handsome residence, which has been in process of construction since last spring.

The Presbyterians have been working like bees, making changes and needed improvements on their cemetery.

135 MEN AT WORK ON BIG IRRIGATION PROJECT FOR THE ZUNIS

John B. Harper, of Durango, Colorado, superintendent of irrigation for the Pueblo Indians was in the city yesterday on his way north from the Zunis reservation south of Gallup. Mr. Harper has been supervising the work on the big Zunis reservoir, which is to impound water to irrigate the rich lands of the valley of the Zunis river, owned by the Pueblo Indians of that tribe.

"The work is progressing rapidly," said Mr. Harper to a Morning Journal representative yesterday. "There are 135 men hard at work moving dirt and building the big dam, and the force will probably be added to considerably in a short time. Almost all the workmen are Indians."

The Zunis Indians are prosperous this year, have had good harvests and things look good on the reservation, according to Mr. Harper. It is expected that the completion of the big reservoir project will do much for this interesting tribe of the pueblos.

When you want a pleasant, healthy Chamberlain's Stomach and Liver Tablets. They are easy to take, and produce no griping or other unpleasant effect. Sold by all druggists.

Chicago Live Stock Show. Every stockman needs the inspiration and benefit of the International Live Stock Exhibition. Will be held in Chicago December 14-23, '05. Arrange your plans to include a trip to Chicago for this event. Tickets on sale December 14th to 19th inclusive. Special rate of \$45 via Santa Fe. H. S. Lutz, agent.

PEE'S HOME-MADE CANDIES WALTON'S DRUG STORE.

To Help Find Grindell. The city of Douglas has contributed \$615 to a fund with which E. F. Grindell may continue the search for his brother, Tom Grindell.

Ed. Grindell, who lives in Tucson, has exhausted his resources in the search for his brother, and he arrives in Hermosillo several weeks ago, financially broke. He appealed to a friend in Douglas where Tom Grindell was principal of the public schools and in a very short time subscription papers were taken about the city and the voluntary offerings ranged from \$20 to \$1.

With his new funds Ed. Grindell will be able to fit out another expedition and prosecute the search for several months. There is a bare possibility that Tom Grindell and his party may be in the mountains somewhere in Sonora ignorant of the commotion they have occasioned, but it is believed by most people that the party have perished and that their remains will never be found.

SEES SIGHTS OF OLD PUEBLO

The baggage smasher down at Isleta had to swear in a posse of deputy marshals yesterday and there was great excitement in the ancient pueblo. The new Japanese minister to Mexico with his suite and his effects passed through Isleta and there were sixty-five pieces of baggage to be transferred.

K. Soughimura, the new minister with his wife and his maid and T. Kobayashi, chancellor of the Japanese legation in the City of Mexico, arrived from the west and early yesterday morning had to be transferred to delayed No. 9 for the south. The delayed arrival from the realm of the Mikado was disappointed not to be able to include Albuquerque in his itinerary, but he was laid off with his baggage and his family at the junction and there was nothing to it but to secure such amusement as he could at the old Indian village. Soughimura was greatly interested, however, in the sights of the pueblo and spent several enjoyable quarter hours wandering through the village. The minister arrived at San Francisco from Japan a few days ago and will go direct to the City of Mexico to take charge of his duties.

A NEW LINE OF HEADLEY'S BALTIMORE CANDIES, AT MALOY'S.

A WIFE'S CONFESSION.

Of course every one knew when they were engaged and every one pretended to be surprised when they heard it was suddenly broken off. It was first said she had broken it off, then that his heart had changed, but finally she confessed that she had been so irritable, so depressed and blue that she had fairly driven him away. Her good looks were vanishing. She was getting thin, pale, and hollow cheeked, with dark circles around her eyes. Suddenly all society was pleased again to hear of the engagement being renewed, and it was not long before a beautiful and radiant bride was taken to the altar. She had regained her good looks, her former happy disposition and strong nerve all through a secret friend gave her. A few bottles of Dr. Pierce's Favorite Prescription is what made two more lives happy and a radiant bride more beautiful than she had ever appeared before.

Backed up by over a third of a century of remarkable and uniform cures, a record of no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any one of Leucorrhea, Female Weakness, Prolapsus or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Mrs. O. O. Scripture of Prescott, Ariz., 1. Box 33, writes: "For nearly two years I was a great sufferer with ulceration and enlargement of womb also suffered severely with dyspepsia and was a downy perfect wreck. I doctored for several years, got no better, until about seven months ago I began taking Dr. Pierce's Favorite Prescription and Pleasant Pellets. I can stand on my feet and work hard all day. I feel that life is now worth living and shall ever feel grateful to you and always recommend your medicines to all who are suffering in any way."

GO TO BELEN

The Future Railroad Center of New Mexico

Located on the Belen Cut-off of The Atchison Topeka & Santa Fe Railway

The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico

The Belen Town and Improvement Company

(INCORPORATED)

ARE THE OWNERS OF THE BELEN TOWNSITE, Consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues, RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long, (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.

THE CITY OF BELEN

Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Trunk line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICES AND TERMS EASY. One third of purchase money cash; two-thirds may remain on note and mortgage for one year with interest at eight per cent per annum. Title perfect and warranty deeds given. COME EARLY IF YOU WISH TO SECURE THE CHOICE LOTS. For further particulars and prices of lots call in person or write to

The Belen Town and Improvement Company

JOHN BECKER, President WM. M. BERGER, Secretary

DYNAMOMETER CAR MAKES THOROUGH TEST ON SANTA FE

Arrives Here in Charge of
Engineer of Tests.

DETERMINES PULLING CAPACITY
OF BIG FREIGHT ENGINES

Data of Utmost Importance Will Be
Furnished Motive Power De-
partment of System.

F. W. Thomas, of Topeka, engineer of tests of the Santa Fe system, E. J. Cook, of the tests department, of Fort Madison, Ia., and L. Simpson, with the Westinghouse Air Brake company, at Wilkesburg, Pa., spent yesterday in the city and left last night for Los Angeles in company with J. D. Pickard of the local shops.

The gentlemen are on board dynamometer car No. 5, of the Westinghouse company, and have fifteen hundred ton train of steel rails which are being hauled over the road in new steel flat cars to a Los Angeles street railway.

The purpose of making the trip is to determine the pulling capacity of the engines, the tractive force and the draw bar resistance of the train. It is also for the purpose of testing grades and when this trip is made the company will know exactly in what localities it will be necessary to make changes in the grades. The men will take the same car back to Chicago on a train of freight cars filled with fruit and when the trip is over will know just what power is necessary to pull a train of a given number of pounds over every mile of the railway and where the grades should be changed to facilitate speed. The test will be one of the most thorough of the kind ever made and will demonstrate to the company just how to use every ounce of motive power to the best advantage. Car No. 5 is one of the most powerful fully built cars of the character ever made and has a drawbar resistance of 700,000 pounds.

"We have had a first-class trip out from Chicago," said Engineer Thomas yesterday. "We found the motive power to be in the best possible condition and have made the trip through without an incident, or engine failure. The train which we have made up of some of the new steel flat cars, which have just been built for the Santa Fe company and of course as they are not worn enough to run well with a load of steel they give us the most accurate test possible. The purpose of the test is for the acceleration of speed in transportation of freight and we are compiling a very exhaustive report which shows the mile posts, the bridges and other landmarks and shows just what power it takes to move the train over every mile of the road. We are also making some calculations in regard to the air brake system and just what is needed in this line. The test will be one of the most complete ever made."

Mr. Pickard will accompany the gentlemen over the coast lines for the purpose of observing just what division requires the greatest power and information will be of the greatest importance to the coast lines motive power department.

ders interfere with
digestion and are un-
healthy.
Avoid the alum.

RIPLEY GOES EAST AFTER TAKING A LOOK AT LOCAL SHOPS

President E. P. Ripley, of the Santa Fe system, and Vice President J. W. Kendrick arrived in the city yesterday on a special train from Los Angeles. Here they met General Manager J. E. Hurley and Superintendent R. J. Parker, of the western grand division, and the party went on east after a short inspection of the local shops. Messrs. Ripley and Kendrick have been looking over the improvement on the coast lines and the Rio Grande division in line with their policy of seeing for themselves just how things are going along the system.

General Manager Walls, of the coast line, was to have come back from Los Angeles with the president, but was prevented by a slight illness. Mr. Ripley had nothing to say yesterday regarding conditions on the west end, but he looked as if he was pretty well satisfied and there is no doubt that barring an alarming shortage of freight cars the coast lines are doing well. The orange and celery-carrying business has started in earnest and it looks as if the traffic would beat all records.

No Poison in Chamberlain's Cough Remedy.
From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists.

HIS NEW SUIT

The Young Man will be greatly interested in our handsome new Fall Suits. The more fashion-fastidious the Young Man may be, the more certain will be his satisfaction here. Coats are just the right length, Vests just the right cut, Trousers just the right width at knee and bottom, fabrics of latest design. —The Very Ideal of Swellodom.

Few of the best Custom Tailors can equal, and not one can excel, in producing such fashionable garments for the Young Man's wear. The Fall styles are unusually attractive. Young Men's Suits at—

\$12.50—\$15.00—\$18.50
\$20.00—\$22.50—\$26.50

Don't buy an Overcoat before you see me. I believe my Overcoats to be superior in every respect. By superior Coats I mean Overcoats that are different from the common horde.

These prices are certainly reasonable, and you'll think so the moment you see the Suits and match the prices to the garments.

Right this way, Mr. Young Man. We'll suit you to perfection and fill your soul with joy.

THE SALVATION ARMY SANITARIUM

AMITY, COLORADO

For the Treatment and Cure of
Pulmonary Tuberculosis, by a
New Method, Under Direct Super-
vision of the Discoverer, David
Wark, M.D., of New York City.

Very satisfactory results have already been
accomplished under the very careful su-
pervision of Army officers. This treatment,
coupled with the unequalled climate and
special facilities at our Army Sanitarium,
has failed to result in the cure of thousands
of cases in the first and early second stages
of the disease.

Applicants for admission should write to
the Secretary, SANITARIUM, Amity, Proterra
County, Colorado.

HOW THE SANTA FE HELPS BOOST THE GOLDEN STATE LIMITED

With the re-inauguration of the
Rock Island's most exclusive train, the
Golden State Limited, railroad men are
discussing the peculiar competitive
circumstances, which rendered it pos-
sible, in these strenuous days of rail-
road rivalry, for one road to run its
fastest and most exclusive train over
the tracks of its greatest competitor in
trans-continental traffic, without so
much as "by your leave."

This is a condition that exists as
the new time table of the Rock Island
goes into effect.

When it was recently announced
that the Golden State Limited would be
operated between Joliet and Kansas
City over the Chicago & Alton tracks,
no one thought of the arrangement
other than simply a piece of enterprise
to save an hour's time between Chicago
and the coast.

The feature of the deal, however, is
revealed in the following: The Alton
has a double-track agreement with the
Santa Fe, whereby that road and the
Alton use each other's tracks between
Joliet and Coal City, Ill., the
two being operated together as a
double track by the Santa Fe system.
West bound trains use the Santa Fe
rails and east bound trains use the Al-
ton's.

Along comes the Rock Island now
and makes an agreement whereby the
Alton is to handle the Golden State
Limited from Joliet west, as if it were
one of its own trains—using its own
motive power, having the usual stop
and dividing the revenue, as the El
Paso & Southwestern does from Santa
Fe to El Paso and the Southern Pa-
cific does from El Paso to Los Angeles
and San Francisco.

Thus the Santa Fe is obliged to help
along its rival without being able to
stop it.

The Exact Thing Required for Con-
sipation.
"As a certain purgative and stom-
ach purifier, Chamberlain's Stomach
and Liver Tablets seem to be the ex-
act thing required, strong enough for
the most robust, yet mild enough and
safe for children and without that ter-
rible griping so common to most pur-
gatives," says R. S. Webster & Co.,
Udora, Ontario, Canada. For sale by
all druggists.

These low prices quoted to show you the radical reductions made.

Our Progressive Store Wins the Bulk of Local Dry Goods Business

This is not an assertion—it's a fact. Why it is a fact all our customers know
by profitable experience in trading here. Those who do not realize the signifi-
cance of the thing are also invited to learn why it pays to trade here. We
can easily demonstrate to any person who knows anything about values that
ours are the best in this vicinity. In fact, we are glad to have our prices
compared with those of city merchants or catalog houses. Just to give an
idea of our offerings in new fall dry goods we quote some interesting prices.

...MILLINERY...

These Hats are made on the newest shapes—every one is the latest idea; no
two alike, and quantity limited so it would be well to come early for choice

ALBUQUERQUE - NEW MEXICO

TUESDAY MORNING, NOVEMBER 28, 1905.

Mr. Murphy's Misery

MR. MURPHY, of Arizona, who has for years past considered himself the proprietor of that territory, has of late been unwillingly accumulating a considerable store of doubt about his title, and it gives him a bad pain, hence he writes a long letter to the Santa Fe New Mexican asking for sympathy, and gets it, because the editor of that venerable publication is just now himself sorely troubled with the same sort of misery in the same corner of his soul.

When the statehood issue assumed some prominence Mr. Murphy issued a general order to the effect that no person within the Murphy jurisdiction should entertain or manifest any manner of sympathy with or tolerance of the joint statehood idea under any circumstances, and the order was strictly obeyed for some time. Mr. Murphy's newspapers all devoted themselves religiously to the task of fabricating and printing spook stories about New Mexico and its people for home consumption in Arizona, and Mr. Murphy began to flatter himself that he had renewed the territorial form of government from any danger of being interfered with for many years to come, and consequently that the big corporations of that territory might continue to dodge their taxes indefinitely.

But, just at this point, when everything seemed to be lovely, a few pestiferous fellows in different parts of the territory, began to look into the matter for themselves, and they very soon discovered that the only possible chance for Arizona to get into the union was through jointure with New Mexico, and that this would be a wise thing to do under the circumstances, and greatly to the benefit of Arizona and her people. Not only did they satisfy their own minds of these things, but they printed them for the information of the public, and actually produced the facts and figures to prove them, notwithstanding Mr. Murphy and his order. As a consequence the people all over the territory are investigating the subject, and whenever they investigate they are convinced, so that instead of being unanimously against joint statehood, they are now about evenly divided upon the subject, and the friends of jointure are jubilant because they are gaining strength every day, and are perfectly confident that when the question is officially brought before the electorate of the territory and fairly canvassed, it will be carried by a sweeping majority.

And that's what's the matter with Mr. Murphy. He knew all this in advance. He knew that the only way in which the big corporations could get out of paying taxes, and escape their proper share of the public burden, was to keep Arizona in the territorial condition, so that the corporations could work the legislature. And he knew equally well that if Arizona and New Mexico should be admitted as one state it would be thereafter impossible for the mining companies of Arizona to control the legislature, and consequently they would have to bear their share of the public burden along with the common people. And in view of the fact that the case is becoming desperate, can you blame Mr. Murphy for being hot? That it is becoming desperate, Mr. Murphy shows us very plainly in his letter. In fact, that is all the information his letter contains. He denounces as "traitors" the gentlemen who, by thoughtful study of the situation, have become convinced that joint statehood would improve the condition of Arizona, and says all such persons have "disgraced themselves." Nothing but the straits of desperation would force such language as that from a sane man—and the valuable use that Mr. Murphy has made of the territorial form of government in Arizona, shows that he is very sane.

Why They Do Not Like Him

THE members of the late Bernalillo county gang do not love District Attorney Clancy. We are sorry to be obliged to say it, but it is true. Mr. Clancy was largely instrumental in breaking the connection between the gang and the county treasury, and that is one of the reasons why they don't like him, but there are others, one of which is fully elucidated in the so-called "charges" against Clancy prepared by certain attorneys for the gang, and preferred by the ex-sheriff. These "charges" set forth with a great many superfluous words, the fact that the district attorney succeeded in carrying out the intent of the statute in a certain case, without annoying the court or running up a big expense account for the county. That is the whole offense in a nutshell.

Under the law against nuisances—or whatever may be the official title of the statute for regulating houses like those on North Third street—every day's business constitutes a separate offense, and may be made the ground of a separate indictment. The district would have no difficulty at all in securing at least fifty indictments against the houses in question, and for each indictment the law allows him five dollars, which comes out of the pockets of the taxpayers of the county. This would have been a very nice little sum for the attorney, and would have been justly earned, according to the rules of law honesty. But, instead of taking advantage of the opportunity, the district attorney settled the matter out of court, carrying out the full intent of the statute, without unnecessary hardship to the owners of the property, and without a dollar of expense to the county or a dollar of benefit to himself. According to gang ethics, a man who would do such a thing as that, and fail to utilize such an easy chance for graft, ought to be punished, because such an example, if generally followed, would ruin the whole business. Hence the gang's attorneys are after him.

THE people seem to be in favor of applying the civil service rules to the presidency.

THE whole McCurdy family has resigned. Score another for Tom Lawson.

TAMMANY has commended President Roosevelt, but the public will recognize that this is something that the president could not help.—Chicago News.

SIXTY men have been indicted at La Porte, Ind., for smoking cigarettes. It is getting so that the only allowable vices in Indiana are selling votes and writing historical novels.—Washington Post.

THE action of the present administration in putting all postoffices in the civil service list puts an end to the quadrennial and not always very creditable scramble of the outs to get in.

PAUL MORTON has discovered that the people do not really care for cheap insurance. No, and there are some cheap insurance men that they care very little for also.—Florida Times-Union.

IN HIS letter to Colonel Frost Mr. Murphy assures us that the congressmen whom he brought out a few weeks ago to boom Arizona, did not treat New Mexico "with indifference and slighting reflection." We take pleasure in assuring Mr. Murphy that his kindness is appreciated, and the New Mexico members of the joint state legislature will always hold him in grateful remembrance.

Solos

The evening paper seems to feel real bad.

The editor of the Squeak is advised not to take it so hard.

Some one must have instructed the Las Vegas Pedagogue to back up.

The editor of the Evening Citizen ought to take a sedative. He's badly "fried."

The Optic made a praiseworthy attempt to try and look as if nothing had happened.

Probably that season of meditation in the county jail turned Tomas' thoughts toward a better life. Hence these charges.

Perhaps there is some telepathic connection between the parasites of the Evening Citizen and the parasites of its Russian correspondent, M. Witte.

Now cometh again the Evening Citizen bravely with a dreary reprint of the news the people read Sunday and Monday in the Morning Journal. And then they wonder at crime!

The heavy editor of the Citizen has learned the meaning of the word "Aftermath." Two or three days ago he found out that "stratagems" was a good word. He evidently must have given him a dictionary.

The Evening Citizen lines up in defense of that transparent fraud, the so-called "school of mines," which is a school without pupils, and does its running on paper. Where the graft is there will be the buzzards gather.

Suppose they should carry that New York campaign method of "Where did he get it?" out here to New Mexico, and should apply it to Bursum's \$34,000 shoe, ranch wouldn't that be embarrassing?—Farmington Hustler.

Now you're getting personal.

It is not surprising that the republican territorial committee of New Mexico at its session in Santa Fe, last Saturday, refused to allow ex-Delagate Rodey to make a speech to the committee in behalf of joint statehood.—Bisbee Review.

Not at all surprising, considering that the twenty-two who voted against him were all officeholders who want to hold onto their jobs.—Farmington Hustler.

The Hustler is dead wise.

Puzzle No. 2—Can any subscriber guess what the editor of the Evening Citizen said in his twelve inches of editorial on the Morning Journal yesterday?

The lucky subscriber will be presented with a year's subscription to the Weekly Citizen and the Weekly New Mexican Review. This magnificent offer will be open only five minutes, so you'll have to hurry. Address all answers to editor of Puzzle department.

Hon. J. F. Wilson has refused the challenge of Gasia Bird to debate on the statehood question. Mr. Wilson says that the anti-jointure committee thinks he better not. He also says that he has suddenly discovered that the people of Arizona don't want to be enlightened on the subject, and that it would be only folly to waste time in the discussion. Mr. Wilson has also suddenly been overwhelmed with an avalanche of personal attacks, and says that he doesn't intend to waste time in a statehood debate. Mr. Wilson doesn't say anything about the temperature of his arid expletives, but it doesn't require a locomotive to draw inferences.

An All-Star Aggregation.
Wanted—Theatrical engagements for the season. H. O. Bursum, the well known luminary of the comic stage, supported by a splendid company is now touring New Mexico, in that ex-cruciatingly humorous, uproarious, fast and furious farce entitled, "Dodging the Bull, or the Sad and Serious Session of the Central Committee." Among the celebrities in the troupe are E. S. Rodey in his celebrated pantomime specialty, "The Picture that was Turned Toward the Wall," H. O. Bursum, in his irresistible song and dance production, "We Never Dare to Be as Funny as We Can," Francisco A. Hubbel never fails to make a ringing hit with his original and immitable song, "How Me and Tom Got Canned," Marcelino Ortiz convulses his hearers with his serio-comic monologue, "O Putnik, You Ratonsky," and George Pychard shows himself to be a thorough-going comedian in his side-splitting specialty, "Nit, I Didn't Done It." The chorus rendition of "Tonsucker" is well worth going even to Lamy to hear and opera house managers should make engagements quick.

Submarine Boat Makes Record.
A record has just been established by a new French submarine boat. It succeeded in remaining in the water several fathoms deep for 12 hours, and while submerged ran at a speed of seven knots an hour. A wonderful record has also been established by the famous Hostetter's Stomach Bitters. For 32 years it has been before the public, and because of its great merit has been enabled to effect cures when other remedies failed. While it is especially good in all stomach, liver, kidney and bowel disorders, it is also effective in counteracting chills, colds, grippe or pneumonia. Always keep a bottle handy during the winter months and you may save yourself a long sick spell. It also cures poor appetite, indigestion, dyspepsia, liver or kidney troubles, female ills, headache and malaria. Try a bottle today and be convinced. All druggists.

Wicked Mare.
Long ago, on the island of Nantucket, while Nathaniel Worth was showing his mare and colt to his son, who was visiting him, the colt suddenly kicked his father, whereupon he began to belabor the mare.
"Why, father," exclaimed his son, "the colt kicked you, not the mare."
"I know it," was the reply, "but didn't you see her give him the wink?"—Boston Herald.

ANOTHER GERM DESTROYER

Herpicide Is Death to Dandruff Germ.
The germ burrows into the scalp, throwing up the cuticle in thin scales, called dandruff or scurf, and digging at the root of the hair, where it takes the hair's vitality. First comes brittle hair, then lustreless and dead-like hair, then falling hair and finally baldness. Nine-tenths of the hair troubles are caused by dandruff. Without dandruff hair will grow luxuriantly, as nature intended. "Herpicide kills the dandruff germ, leaving the hair to grow unhampered, as it does with the American red man, sold by leading druggists. Send the stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., Special Agents.

CATRON LOOKING FOR THE SPANISH SESSION LAWS

Santa Fe Man Says Price Was Paid Eight Months Ago

DON'T ATTEMPT TO UNRAVEL DEEP MYSTERY

Hon. T. B. Catron, of Santa Fe, the man who voted "No" in the last legislature, arrived in the city from Santa Fe last night to attend to important legal business here.

In conversation with a Morning Journal reporter regarding things in the capital, Mr. Catron said:

"By the way, quite a little inquiry has been made in Santa Fe lately as to what has become of the territorial session laws in Spanish. You are doubtless aware that Colonel Max Frost of the New Mexican, has been territorial public printer from time immemorial. At the last legislature, as is customary, an appropriation was made for the printing of the laws in Spanish. I personally know that the New Mexican received the money for this purpose at least eight months ago. A far as can be learned not a page of the laws in Spanish has been printed. The reason, why, I cannot tell, but if you doubt the truth of this statement, write to the New Mexican for a copy of the session laws in Spanish. Put your request in such form that it cannot be evaded."

TO START WORK ON SOUTH END OF EL CAMINO REAL

BURSUM TO SET CONVICTS TO WORK IN A FEW DAYS

H. O. Bursum, superintendent of the penitentiary at Santa Fe, and F. H. Pierce of Las Vegas, chairman of the penitentiary board arrived in the city last evening and will remain in the city for a day or more. The purpose of the visit of these gentlemen is to make arrangements for the building of the "Camino Real," or main thoroughfare from Raton to El Paso, which was authorized at the last meeting of the territorial legislature.

"We are here for the purpose of arranging for the commencement of the work," said Mr. Bursum at the Alvarado hotel last night, "and if we can arrange matters satisfactorily, I will put a large number of convicts to work south of the city within a few weeks. The weather is such that we cannot work much on the 'Scenic Road' between Las Vegas and Santa Fe, but down in the southern end of the territory the weather is fine all winter. We can send our men down here where they can work uninterruptedly."

The "Camino Real," to be a great highway through New Mexico, of which the "Scenic Road" between Santa Fe and Las Vegas will be a part, is to be done by convict labor under the direction of the penitentiary board. Work will probably be commenced on the Albuquerque-El Paso part of the road within a very short time.

LOCAL AND PERSONAL

The dance to be given at the Commercial club on Wednesday is not the regular semi-monthly dance, but is the annual Thanksgiving ball and promises to be an unusually brilliant affair this season.

William Reagan, the well known civil war veteran yesterday lost a \$300 pension certificate and warns the banks against the presentation of same by any person who may find it. Mr. Reagan will pay a reward for the return of the certificate.

Leonard and Lindemann have completed preparations for the formal opening of their new music store on Gold avenue and a fine musical program has been prepared. Mr. Blonin will render a solo. Mr. Hudson, who is an accomplished violinist, will play two or three times, the Alvarado trio will play, Mr. Haven will render a baritone solo, and other numbers will be given. The public is cordially invited and a pleasant musical evening is promised.

LAMOTT SAYS HE KNEW THE CHECK WAS A BAD ONE

E. E. Lamott, who was arrested Sunday evening on a charge of passing a worthless check for \$25 on George Segil, a First street clothes, was given a preliminary hearing before Judge Crawford yesterday morning. Lamott claimed that he received the check in payment for some work and that he did not know that it was worthless. There is also a story to the effect that the indorsement on the back of the check and the writing on the face of it were executed by the same party. Mr. Segil, who had sold Lamott an overcoat, stated that he did not want to cause the young man any trouble and that if he would return the coat and reimburse him he would drop the case. This was done and Lamott was given his liberty.

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

LOUISVILLE, KY. SAN FRANCISCO, CAL. NEW YORK, N.Y.

Lamott came here from Texas some time ago and has been employed at the Santa Fe office, but for some time past has conducted a clothes cleaning establishment.

Lamott later confessed that he had written the check himself.

Schilling's Best, so far as it goes, means comfort and ease and economy.

Money back at your grocer's.

Names Stamped in Gold. On prayer books, bibles, pocketbooks, music rolls or other leather or cloth goods, adds to the value of the gift. Ask your dealer or see Mitchell and Lithgow, bookbinders, at the Journal office.

SEVERAL BOX PARTIES HAVE BEEN FORMED FOR THE PLAY GIVEN BY THE WOMAN'S CLUB, DECEMBER FIRST, IN ELKS OPERA HOUSE. THE PLAY IS ONE OF THE MOST SUCCESSFUL EVER SEEN IN ALBUQUERQUE.

Opinion of an Expert. "No accounting department, and no system can be made perfect and complete without employing loose leaf methods." Do you use a loose leaf system of bookkeeping? If not you are losing time and money. Think it over and save both. Mitchell and Lithgow, manufacturers of time-saving systems, at the Journal office.

Want to Do Away With the Barn in the House

Up in the morning, shivering, cold clothes send a shudder through you. A mighty hard pull to leave the warm bed for the cold of the room. Everyone knows the sensation. THIS IS THE CURE:

A Gas Heater

will send a wave of warm air throughout your room, make dressing a pleasure rather than a cold effort. Strike a match, turn the valve and the heat starts. Room warm in a few minutes. You have saved a heap of shakes, a cold, doctor bills, for a few cents.

It's worth while to have a Gas Water Heater or a Gas Stove

Glad to give all the information if you write, phone or call

TUCSON MEN ARE RESPONSIBLE FOR YAQUI OUTRAGES

Firearms Smuggled Across Border to Indians.

HOBBS FIGHTING JOHN BULL TO RECOVER HEAVY DAMAGES

Correspondence Morning Journal.

Tucson, Ariz., Nov. 27.—It is now believed that Tucson merchants who deal in shooting irons are indirectly responsible for many of the murders committed by the Yaquis in Sonora.

An American in Sonora has written to the Tucson Citizen protesting against the carelessness of gun dealers in selling rifles and revolvers to suspicious characters from south of the Mexican line, who smuggle the guns and ammunition to the Yaquis. It is a criminal offense to sell firearms or ammunition to Indians, but when Mexican or American confederates buy the goods for the Yaquis, it is difficult to break up the practice. The letter says in part:

Tucson merchants, of course, do not sell firearms and cartridges with the direct intention of assisting in the murder of innocent and hard working ranchers, prospectors and teamsters south of the Mexican line, and prolonging the difficulty in carrying out enterprises which not only benefit the Mexican state, but open up a legitimate trade with the American merchants in Tucson, this being, it is said, the only place directly in line for the credit, if it may be called such, of assisting the Indian in his outrageous deeds.

There was sufficient information obtained from the pack animals loaded with ammunition in a fight with the Yaquis southeast of Santa Ana, and northeast of Caxco, along in the middle of October, to satisfy a person beyond the shadow of a doubt that our friends in Tucson are to blame for a large share of the deeds committed by the Yaquis.

The Revised Statutes of Arizona, section 362 of the criminal code, title 10, page 1248, prohibits and makes it a criminal offense to sell firearms and ammunition to Indians.

The carrying out of the intention of the law, as it is now being taken up by the proper persons, will no doubt regulate the point in question and get at the parties responsible for the trouble, who are of course, the confederates of the Yaqui Indians and who make the deals with our merchants.

The Yaqui is a hard working and useful being, but is an Indian, and as such is in the same list as our Apache was considered—"good when dead."

AN AMERICAN IN SONORA.

DEPUTY SHERIFF HOBBS

STILL AFTER JOHN BULL
Deputy Sheriff Lee Hobbs of Graham county, Arizona, who was prosecuted last summer by the British government as the murderer of Mate Nixon, of the British ship Leicester Castle off Pitcairn island, in the Pacific, is pressing his suit for big damages against the British government.

Hobbs says he is confident of recovering heavily from John Bull for the false imprisonment and damage to his reputation which he sustained while on trial. Hobbs was the victim of one of the most remarkable resemblances on record, and had a narrow escape from going to the gallows for the murder of a sailor in the South Pacific when he was never on a sea-going vessel in his life.

Foreign Secretary Lansdowne, of Great Britain, instigated the proceedings, and the government made a hard fight for the extradition of Hobbs.

Hobbs returned to Clifton today, after conferring with his attorneys here, and interesting developments in the suit are expected soon.

BOLD ATTEMPT TO LOOT SOUTHWESTERN TICKET OFFICE IN BISBEE

At an early hour this morning an attempt was made to loot the Southwestern ticket office in this city, but was frustrated before any booty was secured, says the Bisbee Review.

Baggage-master Holeman sleeps in the depot, and last night his brother was also in the office, while lying over in Douglas en route to El Paso. Shortly before 4 o'clock this morning he was awakened by a bull pup, which is kept in the station, romping on the floor and biting at the feet of someone just outside the large counter. Holeman cast his eye about and in the dim light saw two men, one just inside and the other just outside the counter, one of whom was calling out numbers in a low voice to the baggage-master, and it is supposed the robbers took the baggage-master for the ticket agent, and were trying to get him to give up the combination to the safe by the hypnotic process while he was asleep. The baggage-master, not knowing the combination was unable to be of service to them. While they were still leaning over him an engine and a string of cars pulled up in front of the depot and stopped, and the two men, fearing they might be detected by some of the crew, got behind the company mail box and counter, where they would be out of sight. This gave J. C. Holeman, who had been awakened by the antics of the dog, an opportunity to get out of the office and call for help, which he did, and Officer Spawen responded, but before he arrived the men had made good their escape.

Entrance to the office is supposed to have been gained by means of a skeleton key, which unlocked the front door and from which the men had an easy means of escape in the darkness.

When You Have a Bad Cold
You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1906. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the Jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

N. E. FOX, New Mexico's Leading Jeweler

LOCAL ITEMS OF INTEREST

THE WEATHER.

For the twenty-four hours ending at 6 o'clock yesterday afternoon:
Maximum temperature, 55; minimum, 41.

Forecast:

Washington, Nov. 27.—New Mexico—Rain Tuesday and Wednesday; much colder Wednesday.
Arizona—Fair in south; snow in north portion; colder Tuesday; Wednesday fair.

R. L. Baca, of Santa Fe, arrived in the city last night.

B. Budweiser, of Chicago, is registered at the Alvarado.

Mr. and Mrs. Noa Hild have returned from a European trip.

Col. W. S. Hopewell left last night for a business trip to Las Cruces.

R. L. Baca, of Santa Fe, arrived in the city last night on a business visit.

Train No. 1 was delayed several hours last night behind a freight wreck near Morieta.

Francisco Hubbell has returned from a trip to his extensive sheep ranches in Socorro county.

President W. S. Huff and Secretary C. K. Durbin, of the Electric Light company, are in the city from Denver.

Miss Flora V. West, a teacher in the Albuquerque Indian school, is confined to her room with a severe attack of tonsillitis.

Col. W. H. Geer has returned from a trip to the ranges of the Victoria Land and Cattle company in southern New Mexico.

Harvey Howell, accountant at the local storehouse of the Santa Fe, will leave tonight for Topeka, where he will spend Thanksgiving.

Com. Fractor J. D. Tirsway, of Denver, who is completing a macadam road for the government at Fort Wingate, left last night for that place.

Attorney R. C. Gortner, of Santa Fe, and L. H. Elkins, of Columbus, Ohio, arrived in the city last night and will leave today for Indiana.

Superintendent J. F. Sullivan, of dining cars on the Santa Fe, returned early yesterday morning on the Chicago Limited after a short stop at the Alvarado.

L. W. Lewis, who operates a number of rock ballast crushers for the Santa Fe, is in the city accompanied by his daughter, Miss Claudia Lewis and cousin, Miss Jennie Lewis.

James A. Lucas, the Cerrillos mining man, is in the city on business and will return to Cerrillos today. He will be here again in a few days on his way to southern Arizona.

Captain W. E. Dame, who went to Las Vegas on Saturday night, has left on a business trip to Chicago and other points and will not return until the first of the coming week.

The Woman's Relief Corps will meet at Red Men's hall on Tuesday afternoon at 2:30 o'clock. All members are requested to be present. Mrs. Temperance Whitcomb, president.

Merrill Spalding and wife, M. S. M. A. Beck and Mrs. H. P. J. Corty of Chicago, are a party of tourists who registered at the Alvarado last night, and who will stop over in the city for a day or two.

Quite a number of Albuquerque people are expected to go out to Thoreau next Sunday to witness the great Ya-be-Chi dance of the Navajos which takes place on the reservation for the ensuing six days.

Superintendent of Motive Power S. L. Boat and Chief Clerk Smith, of the coast lines of the Santa Fe, intend leaving for their headquarters at Los Angeles tonight, where they will arrive in time for Thanksgiving.

Trainmaster E. Payson Ripley, of the Rio Grande division of the Santa Fe, was in the city yesterday from San

Marcel to meet his uncle, President E. P. Bailey, of the Santa Fe system, and party, who were in Albuquerque.

The funeral services of the late Dionisio Chaves will take place this morning at 9 o'clock at the residence of the deceased's son, Meliton Chaves, on Silver avenue and relatives and friends of the deceased are invited to be present.

E. B. Harsch, M. Nash and L. N. Cox returned yesterday from the Chihuahuan country, where they have been on a turkey hunt for the past few days. They got a nice bunch of choice young birds, which will supply their Thanksgiving tables.

The body of Fairfield Sylvester, who died in this city Sunday night, will be taken to the home of the deceased at Monte Vista, Colo., this morning for burial. Mr. Sylvester was about 24 years of age and was in the city with his two brothers on business recently.

Yesterday there were three marriage licenses granted at the probate clerk's office and in each case the lady's age was sweet sixteen. The licenses were as follows: Maggie O'Donnell and Joe Montana; Florence Dillon and Frank Denno, all of Albuquerque and Anita Montoya and Manford Padilla of Los Padillas.

WE WILL RECEIVE ON WEDNESDAY MORNING: TOMATOES, GREEN PEAS, STRAWBERRIES, GREEN BEANS, CABBAGE, ETC. A. J. MALOY.
