## HAGERMAN OUTLINES HIS POLICY AS GOVERNOR

### WAR ON GAMBLING

Will Give Territory a Clean Business Administration.

NEW GOVERNOR DECLARES HE IS UNDER OBLIGATIONS TO NO ONE

Will Treat All Sections Alike—Only Prejudiced Against Corruption in Public Office.

Special to the Morning Journal.

Roswell, N. M., Nov. 28.—Herbert J. Hagerman, the newly appointed governor of New Mexico, arrived here tonight on the "Hesperia," the special car of his father. A committee of fifteen appointed by the Commercial club met the train at Texico. Over three thousand people were at the depot to greet the honored citizen. The New Mexico Military Institute band, a battalion of cadets and all the members of Company B. New Mexico national guard were at the train and acted as escort. Mr. Hagerman addressed the immense crowd from the rear platform and was heartily cheered. He declared that he was under no obligations to anyone and would give the territory a clean, businesslike administration, with justice alike to all sections of New Mexico. "I have no prejudice against anything," he said, "only corruption in public office," he continued.

"I see since I have been away that licensed gambling has been prohibited here and I will promise to do all in my power to crush it out in the entire territory."

A tremendous cheer rent the air at this declaration. He was accompanied by his father and mother and brother, Percy Hagerman, of Colorado Springs. The train went through tonight to South Spring and a public reception will be tendered Mr. Hagerman here Thursday evening by the Commercial club.

**Arctic Vessel Crushed in Ice.**  
Dundee, Scotland, Nov. 28.—George Cleveland, of Massachusetts, returned to Dundee today from a whaling expedition in Davis Strait, bringing news from Eskimo sources that Captain Amussen's Arctic expedition ship Glos had been crushed in the ice at Boothia Felix, the northernmost part of the mainland of North America, and that the explorers escaped and have been living with the natives. The Dundee whalers who were appointed to meet Captain Amussen with stores have not been able to trace him.

**ABLE ARGUMENTS BEING MADE IN ROBBERY CASE.**

End of Hard Fought Trial of Mail Thieves Approaches.

Special to the Morning Journal.  
Las Vegas, N. M., Nov. 28.—The evidence was completed in the Logan train robber case today and the arguments have begun. A hung jury or acquittal is the general impression of the outcome. Judge E. V. Long, one of the most successful criminal lawyers in this section, conducted the case for the defense with great ability and while the prosecution was strong, he has more than overcome the swarm of new witnesses introduced. The rebuttal testimony, which occupied the court this morning, was mainly devoted to disproving the evidence of John and Jim Black. Both District Attorney Llewellyn and Attorney E. L. Medler will address the jury and Geo. H. Hunter has concluded the opening argument for the defense. Judge Long will follow and Mr. Medler will close the case. If the jury disagrees it is not believed the United States will try the case again.

**Burned Out Five Times.**  
Las Vegas had the first fire in many months this morning. Butler's cafe, store, A. D. Higgins' son, real estate and insurance office, H. W. Seewald's jewelry store and Hubert Phillips' restaurant were completely destroyed. Phillips had a thousand dollars in bills hidden in the restaurant. He was badly burned in attempting to save the money, but failed. All the buildings were insured, but the loss is much in excess of the insurance. Mr. Seewald has been burned out five times since he came to Las Vegas.

**Mangled Body Found on Track.**  
Chicago, Nov. 28.—The mangled body of Stephen Dotson, president of the Board of Education, village of Potom, was found today lying close to a railroad track. Mr. Dotson's affairs were in a prosperous condition.

Members of his family believe he was murdered and his body placed near the railroad to divert suspicion.

**Britain Will Take Part.**  
London, Nov. 28.—Foreign Secretary Lansdowne, in behalf of Great Britain has accepted President Roosevelt's invitation to participate in the naval and military displays on the occasion of the Jamestown, Va., exposition, in 1907.

## Sullen Sailors See Day Of Grace End Without Offer to Surrender

Russian Mutineers Confident Comrades Will Disregard Order to Fire on Them. Commanders Hesitate to Face Issue.

### LAND FORCES OF EMPIRE SAID TO BE PERMEATED WITH DISCONTENT

St. Petersburg, Nov. 28.—The last day of grace accorded the mutineers at Sebastopol expired at midnight with no signs of surrender on the part of the men. The hills towering above the harbor of the Russian stronghold in the Black Sea may resound this morning as they did in the days of the Crimean war with the roar of musketry and cannon should the government attempt to carry out its announced intention of crushing the revolt with the mailed fist.

The rebellious sailors are playing a waiting game and apparently have full confidence that the guns of the fleet will not be turned against them. If they have not actually disregarded the summons to haul down the red flag, they seemed determined to make the authorities show their hand.

Whether General Napoloff, commander of the fortress, who was released by the mutineers today and who relieved General Baron Meller Gakomelsky, will dare to accept the challenge of the mutineers and stake the

discipline and loyalty not only of the troops at his disposal, but of the whole army, on the east, however, is doubtful. Dispatches from a score of garrisons in Russia show that the land forces of the empire are in a state of discontent and any order to the troops to fire upon their comrades in the sister branch of the service might possibly precipitate a general and widespread mutiny. On the other hand, it would be difficult to starve out the sailors by a regular siege, as provisions and water can be obtained by them and as they are under the guns of no unfriendly warships.

**CASHIERED OFFICER IN CHARGE OF PRIVATE CRUISER.**  
Sebastopol, Nov. 28.—The time limit allowed to the mutinous sailors to surrender, expires today. The command of the cruiser (Schaboff) which was mutinied, has been assumed by Lieutenant Seodnt who was dismissed from the service for revolutionary tendencies.

## URGENT WORK ON HIGH WATER OLD DAM ARIZONA

MESILLA VALLEY WANTS THE DIVERSION PROJECT COMPLETED

Delegation Waits on Secretary Hitchcock to Get Government to Take Up Scheme.

Special to the Morning Journal.

Washington, Nov. 28.—A delegation composed of H. G. Slater, editor of the El Paso Herald, H. B. Holt, president of the Mesilla Water Users' association, Felix Martinez, president of the El Paso Water Users' association, and William Burgess, of El Paso, are in Washington urging the interior department to take up and construct what is generally known as the Leesburg diversion dam near Mesilla Park in New Mexico. The gentlemen will take up the matter with Secretary Hitchcock claim that forty thousand acres can be watered in that vicinity by the expenditure of about two hundred thousand dollars to be used in constructing a dam and making improvements to already existing canals. The canal headgates were swept away last year during a big flood and one million dollars damage resulted. The delegation also claim that returns will be realized in such an investment by the government almost immediately. All the neighboring people have signed up and are ready for the government to enter upon the work at the Leesburg diversion dam, which would form the nucleus of the Rio Grande project, reclaiming one hundred and eighty-five thousand acres, involving the expenditure of seven million dollars.

**Will Give Sultan More Time.**

Constantinople, Nov. 28.—Detachments from the international fleet landed at Mytilene Sunday afternoon and occupied the customs and postal buildings. The governor protested, but his representations were of no avail. No further action will be taken until December 1st, when if the Sultan does not accede to the demands of the powers the island of Tenedos, off Asia Minor, will be occupied. The Porte continues its efforts to obtain a modification of financial control, also as to make more acceptable to Turkish views.

**Cabinet Discusses Freight Rates.**

Washington, Nov. 28.—It developed today that the subject under consideration at the White House conference last night which was participated in by the president, Secretaries Root, Taft and Bonararte, Senator Knox and Commissioner of Corporations Garfield, was projected legislation affecting freight rates. It was decided nothing further would be made public on this subject before the president's message is made public. There has been no change in the president's views on this subject.

**St. Paul to Build to Coast.**  
Chicago, Nov. 28.—Official announcement was made here tonight that the Chicago, Milwaukee and St. Paul railroad will commence construction of an extension of their line to the Pacific coast at once.

PRESCOTT AND EASTERN FACES TEN DAYS TIE-UP

Santa Fe Resumes Traffic Over Damaged Track Near Holbrook After Strenuous Day's Work.

Special to the Morning Journal.

Holbrook, Ariz., Nov. 28.—At 8 o'clock this morning the water in the raging Little Colorado had fallen sufficiently to allow a large force of men to commence to repair the immense damage done the tracks by the water yesterday. Superintendent E. J. Gibson, of the Arizona division, was at the scene of the washout nearly all day and at 4:30 this afternoon delayed trains began to pass over the temporarily repaired track. The first delayed east bound train passed the break at 7:50, closely followed by two others.

These trains met five westbound trains between this place and Gallup. Everything is now in line shape with the river going down and all delays trains ought to reach Albuquerque by 6 o'clock Wednesday morning.

The damaged bridge which was reported washed out has been temporarily repaired and unless another severe storm occurs no more serious trouble is anticipated although it will take several days to get the track in this section in good shape again.

**GREAT ARIZONA DAM REPORTED SWIFT AWAY**

Phoenix, Ariz., Nov. 28.—It will be ten days before trains will be run on regular schedule on the Prescott and Eastern road. The Santa Fe, Prescott and Phoenix, and most of the factories and many shops and offices were closed. They marched to the parliament house where the department presented a petition for universal suffrage and the privilege of both houses. The peasants were sympathetic. The premier promised soon to lay the intentions of the government in detail before the lower house. He said he was firmly convinced that tranquility and order were the best means of promoting electoral reform.

**Trans-Atlantic Rate War.**

London, Nov. 28.—The Hamburg-American line today announces its withdrawal from the North Atlantic shipping combine, caused by a dispute with the Nord Deutscher Lloyd of Bremen. A dissolution of the North Atlantic pool, says a dispatch, is now expected, and will, it is feared, be followed by a general rate war in the trans-Atlantic service.

**Tears Chicago to Shreds.**

Chicago, Nov. 28.—Blowing at the rate of forty-five miles, a gale swept over Chicago, and the surrounding territory last night. It was accompanied by a downpour of rain. Signs were blown down, street traffic delayed and boats unable to leave the harbor. One man was struck by a falling sign and severely injured. A police patrol box was torn from its fastenings and carried by the wind across the sidewalk, crashing into a plate glass window. On the lake the wind raised a high sea, necessitating the removal of boats anchored at the mouth of the river to a safer position farther west. Basements in the downtown district were flooded by the rain.

**Another Steamer Ashore.**

Superior, Wis., Nov. 28.—Another big steamer has gone ashore near Superior with her whistle screaming.

## SANTA FE IS OUTSTANDING FOR COUNTRY

Ringing Resolution Sent to Congress by City Council.

LAST STRONGHOLD OF ANTISUCCUMBS TO POPULAR MOVE

Citizens of Ancient Capital Decline Longer To Be Misrepresented by Office Holding Barnacles.

The blow has fallen. The city council of the city of Santa Fe, the stronghold of the territorial administration and the last bed of the opposition to the joint statehood program, passed a resolution declaring for joint statehood, and heartily endorsing the action of the non-partisan joint statehood league in its efforts to secure New Mexico's admission to the Union. The resolution is signed by the mayor and clerk of the council and a copy will be sent to the senate and the house of representatives of the United States.

This is the most significant action that has been taken since the inception of the joint statehood movement. Santa Fe is the stamping ground of the office-holding crowd, which has left no stone unturned to block all chances of statehood at the hands of the present congress.

A farmer working in a gulch near the river cutting out as it recedes and the shining nature of the sand, and having washed a quantity in the stream near the place, he secured a great amount of the metallic deposit for test purposes.

Expert examination pronounced the metal to be alluvial gold. A piece of rock also shows gold seams.

**In Jail for Swindling.**

Chicago, Nov. 28.—Samuel N. Hoffheimer, a nephew of Nelson Morris, the notorious racketeer, was arrested here tonight charged with having swindled S. W. Strauss and company, mortgage bankers at 114 La Salle street, out of \$250,000. Being unable to furnish bonds for \$150,000 by Justice Cochrane, who issued the warrants for his arrest, Hoffheimer was taken to the Cook county jail.

**Labor Demonstration in Vienna.**

Vienna, Nov. 28.—Some 200,000 representatives of organized labor made a demonstration before the department buildings today and paraded the streets of central Vienna in support of their demand for the election of members of the Reichsrath by universal, equal and direct suffrage. The demonstration was peaceful and the police were on hand to prevent any disorder. The demonstrators carried banners and sang songs. The police fired tear gas to clear the crowd.

**Chased the Trainmaster.**

Arkansas City, Kas., Nov. 28.—Late last night Trainmaster Starkweather, of the Atchison, Topeka & Santa Fe railway, who has been charged with being superintending the clearing of a wreck a short distance from Arkansas City, was attacked by fifty Italian laborers helping with the work, and were compelled to escape on a locomotive. While clearing the track, a car turned over and broke an Italian's leg. Under the leadership of an interpreter, the Italians started after the trainmaster. The trainmaster was armed with knives and clubs. They were driven out of town by the police.

**Gaynor Given Precedent.**

Montreal, Nov. 28.—A decision favorable to the defense was rendered by Extradition Commissioner Lafontaine this afternoon in the argument for and against the admitting to bail of James R. Strother, the Florida steamship agent, charged with embezzlement. The commissioner consented to the admission of the accused to bail on the furnishing of two bonds of \$25,000 each. This is just double the amount which the prisoner is accused of embezzling.

**Then Dying.**

London, Nov. 28.—A dispatch to the Times from Christiansia says that Henrik Thoen, the poet and dramatist, who has been ill for some time, is unconscious, and is not expected to recover.

**Wrecked Off Newfoundland.**

Halifax, N. S., Nov. 28.—The schooner Columbine, from Charlottetown, for Newfoundland ports, with a cargo of crockery, founded in Fortune's Bay, Newfoundland, during the gale of Monday last, and her entire crew perished. The vessel was owned and commanded by Captain James Tibb, and was about 100 tons register.

**Another Disaster in the Same Gale.**

Halifax, N. S., Nov. 28.—The schooner Riggs, from St. Pierre, with coal, was driven ashore on Langley Island, one of the St. Pierre group, on Friday, and became a total loss. The crew escaped.

## ISLE OF PINES WILL REMAIN PART OF CUBA

Root Puts End to Hopes of American Residents.

MUST OBEY CUBAN LAWS OR GET OUT SAYS SECRETARY

Strongly Worded Letter From State Department Relinquishes Claim to Sovereignty Over Island.

Washington, Nov. 28.—The administration today dashed the hopes of the little band of American colonists on the Isle of Pines, who have been working toward the separation of the island from Cuba and its inclusion in the United States, when Secretary Root, after consultation with the president, made public the text of a letter which he had addressed to Charles Raynard, president of the American club of the island, defining the attitude of the United States toward the proposed formation of a territorial government in the island as part of the United States. The secretary was most pointed in the statements in his letter, which is as follows:

"I have received your letter of October 25, in which you say: 'Kindly advise me at your earliest convenience the necessary procedure to establish a territorial form of government for the Isle of Pines, West Indies, United States of America.'"

"It is no part of the duty of the secretary of state to advise upon such subjects. I think it proper, however, to answer your inquiry so far as it may be necessary to remove an error under which you appear to be resting concerning the status of the Isle of Pines and your rights as residents of that island."

"There is no procedure by which you and your associates can lawfully establish a territorial government of that island."

"The island is lawfully subject to control and government of the republic of Cuba, and you and your associates are bound to render obedience to the laws of that country so long as you remain in the island. If you fail in that obedience you will justly be liable to prosecution in the Cuban courts and to such punishment as may be provided by the laws of Cuba for such offense as you commit. You are not likely to have any greater power before the future, the treaty now pending before the senate, approved by that body, will relinquish all claim of the United States to the Isle of Pines. In my judgment the United States has no substantial claim to the Isle of Pines. The treaty merely accords to Cuba what is hers in accordance with international law and justice."

"At the time of the treaty of peace which ended the war between the United States and Spain, the Isle of Pines was, and had been for several centuries part of Cuba. I have no doubt whatever that it continues to be a part of Cuba and that it is not and never has been territory of the United States. This is the view with which the president authorized the pending treaty made and signed it, and I expect to urge its confirmation. Nor would the clearing of the control of Cuba over the island, a treaty directly contrary to the one pending, be necessary to do that, and there is not the slightest prospect of such a treaty being made."

"You may be quite sure that Cuba will never consent to give up the Isle of Pines, and that the United States will never try to compel her to give it up against her will."

"Very respectfully,"

"ELIHU ROOT."

**Chased the Trainmaster.**

Arkansas City, Kas., Nov. 28.—Late last night Trainmaster Starkweather, of the Atchison, Topeka & Santa Fe railway, who has been charged with being superintending the clearing of a wreck a short distance from Arkansas City, was attacked by fifty Italian laborers helping with the work, and were compelled to escape on a locomotive. While clearing the track, a car turned over and broke an Italian's leg. Under the leadership of an interpreter, the Italians started after the trainmaster. The trainmaster was armed with knives and clubs. They were driven out of town by the police.

**Gaynor Given Precedent.**

Montreal, Nov. 28.—A decision favorable to the defense was rendered by Extradition Commissioner Lafontaine this afternoon in the argument for and against the admitting to bail of James R. Strother, the Florida steamship agent, charged with embezzlement. The commissioner consented to the admission of the accused to bail on the furnishing of two bonds of \$25,000 each. ## MAY ABOLISH FOOTBALL AS NOW PLAYED

Death of Young Moore Arouses College Heads.

CONFERENCE CALLED TO CONSIDER GAME'S FUTURE

Nineteen Leading Universities to Take Part in Meeting—Strong Resolutions to Be Introduced.

New York, Nov. 28.—Almost at the hour when the body of young Harold Moore, the Union college student who was killed in a football game with the University of New York team last Saturday, was being laid to rest in Ogdensburg today the faculty of the university of New York took definite action looking to the abolishment of the game of football as it is now played. Every college whose football team has played against New York University since 1895, when the latter team was organized, has been invited to take part in a conference fully to consider and finally dispose of the future of the game. With the call for the conference went the announcement that the New York delegates will support a resolution that the present game of football ought to be abolished. The colleges invited to the conference, nineteen in number are: Union, Syracuse, Hamilton, Wesleyan, Lehigh, Rutgers, Trinity, Harvard, Rensselaer, St. Johns, Princeton, Columbia, Fordham, Ursinus, Lafayette, Rochester, Amherst and Swarthmore.

**COLUMBIA TAKES LEAD IN SUPPRESSING GAME.**

New York, Nov. 28.—Columbia University has abolished the game of football, as at present played, as one of the sports in which students of the university will be permitted to engage. This action was taken at a meeting of the Columbia University committee on student organizations held tonight at which were present members of the committee, Prof. Lord, chairman; Prof. Mitchell and Prof. Odell and also President Butler and Dean Kirchoff, and Prof. Root, the two latter former chairmen of the committee.

**SIXTY-MILE HURRICANE DEMOLIZES TRAIN SERVICE.**

St. Paul, Nov. 28.—A blizzard of exceptional fury has been sweeping over the northwest for the past twenty-four hours and still prevails. Out in the prairie towns of North and South Dakota, in the hills of the Red River valley and throughout Minnesota and Wisconsin the storm is one of the heaviest in many years.

The storm struck the Twin cities late yesterday. As the night advanced, the violence of the wind increased. In St. Paul 60 miles an hour is the estimate of its velocity.

Rapidly lowering temperatures were reported from all parts of the state, with no indications of a let up in the fury of the storm. Railway service is demoralized, many trains having been annulled.

**VESSELS SEEK SHELTER FROM FURIOUS GALE.**

Detroit, Nov. 28.—Last Sunday from Duluth to the Soo, the upper peninsula of Michigan, the upper ends of Lakes Huron and Michigan and the northern counties of lower Michigan have been beset by a blizzard, which by a terrific wind and snow storm and a number of shipping accidents have been reported. The blizzard raged with a velocity of 40 to 60 miles an hour, and all night and today by a terrific wind and snow storm and a number of shipping accidents have been reported. The blizzard raged with a velocity of 40 to 60 miles an hour, and all night and today by a terrific wind and snow storm and a number of shipping accidents have been reported.

**INSURANCE INVESTIGATORS PUT IN PROFITABLE DAY**

Some Nylc Fund Testimony and How Chief Lobbyist Hamilton Gathered in Eighteen Thousand Dollars.

New York, Nov. 28.—Just before the insurance investigating committee adjourned today Charles E. Hughes, counsel for the committee, produced a policy written by the Mutual Reserve Life Insurance company upon the life of an unknown man which policy stipulated upon the first page that the insured should pay a fixed and stated premium, "subject to other benefits and requirements elsewhere stated."

On page two of the policy Mr. Hughes read a clause that the executive committee could require the holder of the policy to pay any multiple of the amount of the premium stated on the first page which the committee saw fit.

George D. Eldridge, vice president and actuary of the company, to whom Mr. Hughes read the policy, said the number of such policies issued was small.

Previously Edmund D. Randolph, treasurer of the New York Life had said that it was true that he removed \$700,000 worth of New York city stock from the vaults of the company and put a check of the Central National bank for that amount in the place of it on January 5, 1901. Mr. Randolph understood that the bank wanted the stock for clients, one of which was the Merchants' Trust company. He promised to give the committee later the names of any officers of the New York Life then in the Merchants' Trust company.

The fact that the New York Security and Trust company paid \$18,000 to Andrew Hamilton, legislative agent, out of moneys belonging to the New York Life Insurance company, was also brought out today by Mr. Hughes.

W. S. Fanshawe, dealer in investment securities, told the committee that in 1904 he bought New Orleans "fraction" bonds of a face value of \$1,250,000 from the New York Life company and George W. Perkins, trustee of the "Nylc" fund, giving them his checks amounting to \$937,500 in payment, and then borrowed the \$937,500 from the New York Life company, using the bonds as collateral. He then sold the bonds, giving the New York Life Insurance company 95 per cent of the profits and keeping 5 per cent.

## WRECKED STORM SWEEPS OVER GREAT LAKES

Twenty-Six Men Frozen on Stranded Steamer.

HIGH WINDS AND COLD WEATHER CAUSE HEAVY LOSS IN SHIPPING

Government Lighthouse at Milwaukee Battered by Waves; Keeper Rescued With Great Difficulty.

Milwaukee, Wis., Nov. 28.—The fiercest windstorm in many years prevailed on the great lakes last night and today, causing much damage to shipping and other property. Lake Michigan on this shore was a mass of foam and the water was driven high on the beach and against the clay banks both on north and Milwaukee. On Lake Michigan the wind reached a velocity of fifty-six miles an hour, but on Lake Superior the storm approximated 60 miles an hour, racing at over sixty miles an hour.

The government lighthouse and fog signal building at the end of the Milwaukee breakwater pier was battered by the high seas, and the assistant keeper, Wm. Foster, was rescued with difficulty by the life savers. The entire east wall of the fog signal building was smashed in by the waves, which, according to Foster, were the worst he had ever seen in his fifteen years' experience on the lakes.

The big steamship, coal laden, which went ashore twenty-three miles north of this city several weeks ago and was later battered to pieces by the waves, was the worst of today's storm, worked its way along the shore of this city.

Ashland and Washburn, Wis., report an extraordinary snowfall, rendering train service irregular. Considerable damage was done to dock property and lumber and coal piles at Menominee, Mich.

Mackinac City reports that the straits experienced one of the worst storms ever known. The temperature there is at the freezing point.

**DEMOLIZES TRAIN SERVICE.**

St. Paul, Nov. 28.—A blizzard of exceptional fury has been sweeping over the northwest for the past twenty-four hours and still prevails. Out in the prairie towns of North and South Dakota, in the hills of the Red River valley and throughout Minnesota and Wisconsin the storm is one of the heaviest in many years.

The storm struck the Twin cities late yesterday. As the night advanced, the violence of the wind increased. In St. Paul 60 miles an hour is the estimate of its velocity.

**CREW OF TWENTY-SIX THOUGHT TO HAVE PERISHED**

Milwaukee, Wis., Nov. 28.—A steamer from Superior, Wis., says: Life savers have been unable to get the crew off the wrecked steamer Mariposa. The crew has frozen in two, but the decks are still out of the water. It is thought that twenty-six men have frozen to death, as there is no sign of life on board.

**Life Savers Abandon Efforts.**

Duluth, Minn., Nov. 28.—At 11:30 p. m., a reliable person from the scene of the Mariposa wreck, says the life-saving crew have abandoned their efforts to rescue the men on the wreck until morning.

**Five Men Drowned.**

St. Paul, Minn., Nov. 28.—A special to the Pioneer Press from Duluth says: The scow George Herbert was sunk off Two Islands, on the north shore, and it is reported five men were drowned.

**The steel corporations steamer Mariposa is said to be ashore at Split Rock.**

The damage by the storm is estimated at a million dollars.

**Sullivan Wins in Twenty Rounds.**

Los Angeles, Cal., Nov. 28.—Jack (Twin) Sullivan was given the decision over Mike Schreck, of Chicago, at the end of the twentieth round tonight.

**Agitation in Tokio.**

Tokio, Nov. 28.—The agitation against the government for its non-abrogation of martial law and its suppression of the liberties of the press is gaining strength. Many sympathizers with the opposition party can be found even among members of the House of Peers.

# KEYES AND THE TRUSTEES WORK AT CROSS PURPOSES

World's Fair Board Investigates Mineral Difficulty.

EXHIBIT DONATED TO UNIVERSITY OF NEW MEXICO

The New Mexico board of managers of the Louisiana Purchase exposition held its final meeting in Santa Fe yesterday, and the business of the commission was closed.

The mineral exhibit which appeared at the World's fair was donated to the University of New Mexico and henceforth this magnificent collection of minerals, gathered together under the direction of Prof. F. A. Jones will be one of the treasures of the local institution.

The committee appointed at the last meeting of the board in Las Vegas to investigate a complaint by Charles R. Keyes reported. It will be remembered that President Keyes, of the School of Mines at Socorro, intimated that part of the mineral exhibit which the Socorro institution loaned to the board had been disposed of by the members of the latter body. The committee upon taking the matter up with the trustees of the School of Mines discovered that the trustees were ignorant of the whole transaction and had registered no complaint. As a matter of fact part of the exhibit was lost in transit.

Some time ago Prof. Keyes stated to the board that the school would buy part of the mineral exhibit cases and these were accordingly shipped to Socorro. The trustees upon their arrival wrote the secretary of the board that they had not arranged to buy them, as had been stated. Meanwhile the cases remained at Socorro. Yesterday, however, the board voted that in order to make good any loss which the trustees might think they had sustained it (the board) would donate the cases to the institution.

It has been found that the board will be able to turn into the territorial treasury a small sum of the appropriation for the work of body which was unused. Before that is done, however, if there are sufficient funds the proceedings of the board will be published in pamphlet form and distributed in order to show the people just where the money went.

## A Thanksgiving Feast.

The Columbus hotel, famed for its delicious dinner, proposes the people of Albuquerque a Thanksgiving feast of royal proportions tomorrow. The Columbus has one of the handsomest dining rooms and one of the best cooks in the city and no one should miss "taking in" the elegant repast spread for tomorrow. At 12 o'clock noon, chairs for eighty people will be ready and at 1 o'clock against the house will be ready to seat as many more. Dinner will be served at 11 1/2 o'clock. The menu is as follows: Thanksgiving Turkey and Punch, Roast Turkey, with Gravy, Dressing, and Currant Jelly, Mashed Potatoes, Celery, Chili Sauce, Roast Pig with Apple Sauce and Sweet Potatoes, Pumpkin Pie, Cheese, Nuts and Raisins.

## "Damon and Pythias" Tonight.

"Damon and Pythias" an amateur theatrical performance given under the auspices of the local lodge of Knights of Pythias will be placed on the stage of the Elks' opera house this evening and those who have witnessed the rehearsals say that it will be one of the best amateur acts seen here for many months. Professor Crum, of the University has been directing the rehearsals and under his skillful supervision the good amateur talent collected for the cast has developed a high degree of artistic ability. Beautiful costumes have been secured and the thrilling drama is one which no one should miss seeing. The dramatic personnel includes the following: Dionysius.....L. H. Smith Philistinus.....L. H. Chamberlain Damocles.....N. W. Maillart Fracassus.....Joseph McChesney Damon.....John H. Crum Pythias.....M. P. Kelly Calanthe.....Coral E. Clegg Hermion.....Alice J. Crum Arilla.....Gifford A. Hickey Lucullus.....J. M. Hetherington Child.....Priscilla Newcomer

"Better be half an hour too soon than half a minute too late," so saith Mr. Moggridge, so saith all of us when it comes to being in your seats at 8:30 Friday evening, December 1.

## Special Thanksgiving Program.

A special program has been prepared for the Thanksgiving union service of all the churches of the city at the Elks' Opera house tomorrow night, as follows:

- Tannhauser March.....Wagner
- Prelude.....Piaola

# UNION LEAGUE CLUB OF SAN FRANCISCO ARRIVES IN CITY

One of the finest special trains that ever visited Albuquerque, arrived yesterday morning from the City of Mexico, having on board seventy-eight members of the Union League club of San Francisco. The party has been in the southern republic on a pleasure trip and for the promotion of friendship between the two countries. While there they were tendered a number of banquets at one of which President Diaz and his staff were in attendance. The visitors were royally treated and seemed highly pleased with their trip.

The party is in charge of Colonel George H. Pippy, of San Francisco, and the personnel includes some of the wealthy business men of the coast city. Many of them brought their families with them and have spent sixteen very enjoyable days on the road.

From here the party went yesterday afternoon to the Grand Canyon and will take in other points of interest on the way home.

## LECTURE AT READING ROOMS ON HISTORY OF THE LOCOMOTIVE

L. H. Collett, of Stockton, California, a Santa Fe locomotive engineer, gave a most interesting lecture last night in the local Santa Fe reading room to a house crowded with railroad employees. The lecture was illustrated with fine stereopticon views thrown on the screen by a \$150 machine owned by the Santa Fe company. Mr. Collett lectured on the "History and Origin of the Locomotive," and his talk was interesting and instructive. This lecture is being given all over the system by Mr. Collett, from Point Richmond as far as Chicago and Galveston, Texas, and is proving a popular and educational innovation.

Mr. Collett describes the evolution of the locomotive from the experiment of Newton in 1680 to the huge four cylinder, balanced compound of the present.

Mr. Collett is accompanied on his tour by Librarian Trux of the reading room at Seligman and J. E. Williams, a member of Sousa's famous band, who is now on his way to New York to join that organization after spending the summer in Los Angeles.

## The Secret of Long Life and How to Overcome Waste.

To "know thyself" is to take advantage of life's secrets and equip one's self with an armor which will successfully resist the attack of disease in the battle of life. The old idea of fate or "kismet," and that a person always dies when his time comes, is now exploded. Every mechanism, whether made by God or man, has a definite purpose and its life can be lengthened or shortened according to the care that is given it. If accident or carelessness destroys the works of the watch or the human mechanism and end comes to its usefulness, but it has not actually "expired." Man's system at times gets rusty like the wheels of the watch and only needs a little cleaning and oiling to put it in shape for life's battles.

An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alternative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, so that the blood is the organs to take from the food just the nutrient the blood requires.

Prof. J. E. Tanguay, of St. Peter Street, Quebec, writes: "I had been ill for some time with La Grippe and did not regain my strength. Within a week after using Dr. Pierce's Golden Medical Discovery, I was able to be around again, and I found that my system was entirely free from any of the bad effects of La Grippe."

I now keep a bottle of the Golden Medical Discovery on hand, and when I catch cold, take a few doses, which keeps me in perfect health. As a builder up of lost strength and vitality I do not believe your "Discovery" has its equal.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach. Dr. Pierce's Pleasant Pellets, the best laxative for old people. They cure constipation and biliousness.

Dr. Pierce's Golden Medical Discovery is sold everywhere. It is the best medicine for the stomach, liver, and bowels. It is the best medicine for the blood, and it is the best medicine for the nerves. It is the best medicine for the system, and it is the best medicine for the whole body.

Dr. Pierce's Golden Medical Discovery is sold everywhere. It is the best medicine for the stomach, liver, and bowels. It is the best medicine for the blood, and it is the best medicine for the nerves. It is the best medicine for the system, and it is the best medicine for the whole body.

RESIDENCE: CORNER WALTER AND SANTA FE ST.

# GO TO BELEN

## The Future Railroad Center of New Mexico

Located on the Belen Cut-off of The Atchison Topeka & Santa Fe Railway

The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico

## The Belen Town and Improvement Company

(INCORPORATED)

ARE THE OWNERS OF THE BELEN TOWNSITE. Consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues, RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long, (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.

## THE CITY OF BELEN

Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Trunk line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICES AND TERMS EASY. One third of purchase money cash; two-thirds may remain on note and mortgage for one year with interest at eight per cent per annum. Title perfect and warranty deeds given. COME EARLY IF YOU WISH TO SECURE THE CHOICE LOTS. For further particulars and prices of lots call in person or write to

**WM. M. BERGER, Secretary**

# SHORTAGE OF CARS THREATENS BREAD SUPPLY OF KANSAS

Producers and Millers Sustain Heavy Losses.

GENERAL FREIGHT AGENT OF  
THE SANTA FE IS HOPEFUL

Kansas City, Mo., Nov. 28.—Millers of Kansas, and those representing also the interests of northern Oklahoma, held a meeting here at the Hotel Baltimore relative to the present shortage of freight cars on the railroads of this territory. Reports showed that the situation was most serious. It has caused already heavy losses to the producers and to the millers and is threatening the bread supply of this section of the country.

Those attending the meeting had a long conference among themselves and for a brief time J. B. Koonz, general freight agent of the Atchafalaya, Topeka & Santa Fe was with them. At the close of the meeting nothing tangible had been arrived at. The millers were given to understand that the transportation companies were doing all in their power to improve the extreme situation. But the plea was made that the roads simply have not the cars with which to move the grain and grain products.

"The railroads," said F. D. Stevens, of Wichita, Kas., secretary of the Southern Kansas Millers' association, and secretary of the conference yesterday, "seem to be doing all they can. They ordered their equipment for delivery sixty and ninety days ago. The car factories are working overtime right now and are being penalized for their failure to deliver the cars. But it seems impossible to better things right now."

"This scarcity of cars is the most damnable thing to the milling and grain interests of Kansas and northern Oklahoma that I have known in the fifteen years that I have been in that business. Many mills have been shut down for a week simply because they could not get the cars to handle their output. The situation is threatening the bread supply of the country. Of course, I do not know that it is going to be so serious as to cause want of breadstuffs, but it certainly will be if this scarcity of cars continues any great length of time. Flour is something that merchants have a quick demand for. A grocer will order as a rule his flour for quick delivery. There are orders of this sort on the books of many Kansas mills, which have been there for thirty days. There isn't any definite prospect either way they will be filled."

**Koonz Hopes for Improvement.**

J. B. Koonz, of the Santa Fe, said: "I have conferred for a short time with the millers relative to the shortage of cars. Of course this shortage is serious. It was impossible to make any definite promise as to when this situation might be relieved. But it was promised them that relief would be extended in this respect just as soon as possible. This shortage affects not only the millers and grain elevator men of the state, but others, for you understand there is quite a shortage generally. I should say that there is 37 per cent of the wheat crop of Kansas not yet moved from the farms. The corn crop also is coming in. We hope to have the conditions improved soon."

# JARILLA SMELTER WILL SOON BE COMPLETED

OUTLOOK WAS NEVER BETTER  
IN OTERO COUNTY CAMP

Francis J. Atkins, one of the publishers of Ores and Metals, a mining publication printed at Denver and who was for years at the head of the leading daily of Cripple Creek, during the boom days of that camp, was in the city yesterday morning on his way from Jarilla, N. M., to Denver. Mr. Atkins was at one time night editor on the Denver News and is an experienced newspaper man.

Mr. Atkins is interested in the new mining camp in the Jarilla mountains in New Mexico, near Jarilla, where the Southwestern Smelting company is about to erect a big smelter. The town, which is in its infancy as yet, has about forty permanent residences and there are hundreds of people camping out in tents and wagons.

Mr. Atkins says that the pipe for the new water system pipe line is all on the ground, the railroad company is putting in sidetracks, and the machinery for the smelter will be on hand in a few days.

"The mines of the camp are making a splendid showing and there are already a large number of prospectors including old-time Coloradans in the camp."

"New Mexico mines will be booming within a very short time," said Mr. Atkins yesterday. "The ore is in these hills, just the same as Colorado and Arizona, and the attention of the mining investor and prospector is being called to New Mexico. Several big paying properties are being opened in the territory and there seems to have been a big increase in confidence on the part of eastern capital."

"We have the foundation for a big mining camp down there in Otero county and I believe there is more activity there than in almost any other camp in New Mexico. A few months more should see a full fledged smelter running night and day at Jarilla. The water supply project from the Sacramento mountains is one of the most elaborate water system that has been worked out for any single group of mines and bids fair to be a great success. It will cost several thousand dollars for this project alone. There is practically unlimited capital back of the ventures here. Col. R. G. Mullen, of Colorado, who made a fortune in Cripple Creek, is at the head of the company and associated with him are several eastern men who have plenty of money. We expect to name the new camp Otero Grande when it is fully on its feet."

**IF YOU TRADE WITH F. G. PRATT & CO., YOU ARE SURE OF GETTING THE FINEST GROCERIES AT REASONABLE PRICES.** 214 S. SECOND STREET.

What have you to trade for property at Low Overlook, east \$12.50, trading price one-half of cost. A snap if you can use the property. Don't be afraid to talk with me. T. L. McSpadden, 300 South Broadway.

# HIS NEW SUIT

The Young Man will be greatly interested in our handsome new Fall Suits. The more fashion-fastidious the Young Man may be, the more certain will be his satisfaction here. Coats are just the right length, Vests just the right cut, Trousers just the right width at knee and bottom, fabrics of latest design.

—The Very Ideal of Swelldom.

Few of the best Custom Tailors can equal, and not one can excel, in producing such fashionable garments for the Young Man's wear. The Fall styles are unusually attractive. Young Men's Suits at—

\$12.50—\$15.00—\$18.50  
\$20.00—\$22.50—\$26.50

Don't buy an Overcoat before you see me. I believe my Overcoats to be superior in every respect. By superior Coats I mean Overcoats that are different from the common horde.

These prices are certainly reasonable, and you'll think so the moment you see the Suits and match the prices to the garments. Right this way, Mr. Young Man. We'll suit you to perfection and fill your soul with joy.

\$2.50 for Coats worth up to \$3.50.  
\$3.00 for Coats worth up to \$5.00.

These low prices quoted to show you the radical reductions made.

# Our Progressive Store Wins the Bulk of Local Dry Goods Business

This is not an assertion—it's a fact. Why it is a fact all our customers know by profitable experience in trading here. Those who do not realize the significance of the thing are also invited to learn why it pays to trade here. We can easily demonstrate to any person who knows anything about values that ours are the best in this vicinity. In fact, we are glad to have our prices compared with those of city merchants or catalog houses. Just to give an idea of our offerings in new fall dry goods we quote some interesting prices:

# ...MILLINERY...

These Hats are made on the newest shapes—every one is the latest idea; no two alike, and quantity limited so it would be well to come early for choice selections—

BEAUTIFUL TRIMMED HATS FOR THIS WEEK'S  
SPECIAL SELLING

**SOUTHERN PACIFIC LAYS  
A SUBMARINE CABLE**

The Southern Pacific is laying a submarine cable through the Salton sea, and this is the first cable of this sort ever laid in a sea that has been created since prehistoric times.

For some days the telegraph line of the Southern Pacific has been interrupted at the newly formed sea by its continual rise, and storms which washed out the poles. In fact, the company has been bothered in this respect ever since the sea first threatened the new line.

When the line was recently interrupted, messages had to be sent around by the wires on the Santa Fe and through Arizona by the Southern Pacific, and recently an impromptu ferry has been plying across the Salton sea, carrying messages from end to end of the telegraph lines on either side of the sea.

It was finally decided that the only way of solving the difficulty was to lay a submarine cable.

**SANTA FE MAN ORGANIZING  
FORMER MESSENGER BOYS**

J. P. Hall, of the Santa Fe railway system, is organizing an association to be composed exclusively of men who were once messenger boys.

Among them are Andrew Carnegie, Sir William G. V. Horne, president of the Canadian Pacific railroad; Marvin Huggitt, president of the Chicago and Northwestern; W. A. Gardner, general manager of the Chicago and Northwestern; Colonel Robert C. Clowry, president of the Western Union Telegraph company; T. P. Cook, general superintendent of the Western Union in Chicago; Albert J. Earling, president of the Chicago, Milwaukee and St. Paul; Henry R. Williams, general manager of the Chicago Milwaukee and St. Paul; C. Brown, vice president of the New York Central and Lake Shore railroad; Benjamin L. Winchell, president of the Rock Island; Belvedere Brooks, general superintendent of the Western Union; and W. C. Black, the Colorado superintendent of the Postal Telegraph Cable company.

Mr. Hall, the organizer, is the Santa Fe's general agent at Denver.—International Railway Journal.

**FREE IS AGENT FOR THE CHOCOLATE-MENIER BRAND OF FINE CHOCOLATES AND BON BONS, 75c AND \$1.00 PER POUND. WALTON'S DRUG STORE.**

**OLD ENGLISH FRUIT CAKE—ANY AMOUNT YOU WISH—AT TROTTER & HAWKINS.**

Of course you are going?  
Low rates via Santa Fe.  
Ask H. S. Lutz, agent.

# The Albuquerque Morning Journal

Published by the  
**DEMOCRAT PUBLISHING COMPANY**  
 D. A. MACPHERSON, President. W. S. BURKE, Editor.  
 H. B. HENING, City Editor.

Entered as second-class matter at the postoffice at Albuquerque, N. M., under act of congress of March 3, 1879.

THE MORNING JOURNAL IS THE LEADING REPUBLICAN PAPER OF NEW MEXICO, SUPPORTING THE PRINCIPLES OF THE REPUBLICAN PARTY ALL THE TIME AND THE METHODS OF THE REPUBLICAN PARTY WHEN THEY ARE RIGHT.

Larger circulation than any other paper in New Mexico. The only paper in New Mexico issued every day in the year.

"The Morning Journal has a higher circulation rating than is accorded to any other paper in Albuquerque or any other daily in New Mexico."—The American Newspaper Directory.

WEDNESDAY MORNING, NOVEMBER 29, 1905.

## Source of Corruption

SEVERAL events which have occurred during the last few months have combined to center public attention upon the fact that the present great menace to the free institutions in this country is to be found in the enormous sums contributed to party corruption funds under the name of "campaign expenses" by the great insurance companies and other big institutions. But it is encouraging to be able to note the fact that the people are becoming aroused upon the subject. Several conferences have lately been held to consider the evil and discuss remedies, and at one such meeting lately held in New York a letter was read from Judge Gray of Delaware, in which the case was set forth as follows:

"Corrupt practices have been largely unavailing and seemingly incapable of being enforced. Compelled publicity as to contributions and campaign expenses will be more efficient than all of them put together toward suppressing the evil of electoral corruption. It will work automatically and require no legal machinery of pains and penalties to enforce it. I mean that when the publicity is once enforced the beneficial results flow automatically, without the intervention of penal legislation."

In calling attention to the letter from which the foregoing excerpt is made, an eastern exchange points out the fact that under present conditions the publication of personal expenses of candidates where required by law, is a farce which serves only to show the need of a measure that will trace the real power of money in elections.

What is needed is a law requiring a full statement of expenditures by campaign managers and agents, together with their collections. Such a bill, it is said, will be prepared by an association for the prevention of corrupt practices, and it will be the duty of all good men to lend their support to such a measure, before congress and the state legislatures.

## Water Is King

ANY years ago a distinguished citizen of this territory declared that so far as New Mexico is concerned, "Water is King," and many times since that our people have seen the truth of the declaration established beyond a peradventure. During the last ten years of the nineteenth century many worthy men saw it demonstrated to their ruin, when the persistent failure of the rain to fall either upon the just or the unjust transformed the plains and pastures of nearly the whole territory into one vast arid desert, and our flocks and herds died literally of starvation. But for the last three years the situation has been growing rapidly better, and the present year thus far has been particularly favorable to the prosperity of our leading industries. Nearly as much water has fallen during the last eleven months as fell in this section of New Mexico, all told, during the ten years from 1890 to 1900, and as a result we may confidently expect to see better pasturage on the ranges during the coming season that we have ever had within the memory of the present generation.

This abundance of rain is hard on the health seekers, who have been drawn here by the extreme dryness of the climate, and of whom there are thousands now in the territory, and they have the sympathy of all our people. But, for the general prosperity of the territory, nothing could be better. It insures good grazing, not only for next year, but for several years to come, because of the thorough soaking which the earth has received. Housekeepers complain of the mud, but they should remember that mud "stays put," and is therefore greatly to be preferred to sand, which they would be having just now, all over the home, but for the rain.

## The War on Tuberculosis

ON THE 27th inst.—the day before yesterday—the Tuberculosis exposition opened its doors to the public at the American Museum of Natural History in New York. On the necessity for everyone joining hands in the fight against these microscopic murderers it seems hardly necessary now to insist, but Dr. Osler has put the case in so dramatic a way that his words bear repetition:

"In more than four hundred homes of this country there are lamentations and weep tonight; husbands for their wives; wives for their husbands; parents for their children, and children for their parents. A mere repetition of yesterday's calamities! And if the ears of your hearts are opened you can hear as I speak the beating of the wings of the angels of death hastening to the four hundred appointed for tomorrow. The present crusade against tuberculosis, which is destined to achieve results we little dream of, has three specific objects: first, educational—the instruction of the profession and the instruction of the people; second, preventative—the promotion of measures which will check the progress of the disease in the community; third, curative—the study of methods by which the progress of the disease in individuals may be arrested.

"In its most important aspects the problem of tuberculosis is a home problem. In an immense proportion of all cases the scene of the drama is the home; on its stage the acts are played; whether to the happy issue of a recovery or to the dark ending of a tragedy; so commonplace as to have dulled our appreciation of its magnitude."

It is stated upon good authority that at least 20 per cent of the deaths caused by this germ could be prevented if the people knew how to kill or avoid it. Nearly every great city of the world has for several years past tried to teach its citizens these things, and in many of them remarkably promising results have been obtained. New York, for instance, has reduced its yearly toll to this parasite over 20 per cent in ten years.

THE Indianapolis News has a statehood cartoon which shows two men representing Oklahoma and Indian Territory pulling themselves into the door of statehood linked arm and arm, while kicking backward at two poor looking scoundrels who are holding on to their coat tails. The two behind so holding on are labeled New Mexico and Arizona.

THEORETICALLY every citizen is interested in politics. Practically the average citizen is not much interested in politics until the campaign is on. Between times politically he is apt to sleep. The boss never sleeps. His business does not permit him to.—Boston Transcript.

EDITOR BIRD of the Nogales Oasis has this week republished Mr. Ephraim's great letter advocating joint statehood, and also publishes the correspondence between himself and ex-Delegate Wilson, showing how Mr. Wilson backed out of his agreement to debate the great question jointly over Arizona. Colonel Bird, in his reply to Mr. Wilson, makes an argument for joint statehood as a merely business proposition that is positively unanswerable. A copy is being mailed to the members of both houses of congress.

## Southwest Snap Shots

The San Francisco mountains were covered with a heavy fall of snow this week.

Col. Wilson is still explaining why he wouldn't debate the statehood question with Mr. Bird.

There is no use now to ask Andrews to get you a postoffice. Under the order of the postmaster general he is blocked. Our people are pleased that this shackle has been put on him.—Springer Stockman.

And now it is said that quite a bulk of Andrews' wild cat security paper is held by First street of the plunger in this territory.—Springer Stockman. And it is hinted that a goodly bunch of it is not very far from Albuquerque.

A Serio-Comic Affair. The meeting of the republican territorial committee at Santa Fe and their resolving against joint statehood, composed as they were of officeholders was the most laughable serio-comic farce that has been presented in New Mexico this year.—Farmington Times-Hunter.

Springer Teachers' Institute. The teachers of the Springer schools and neighboring districts will hold their third institute at the school building in Springer Saturday, December 2nd. Dr. Edmund J. Vert, president of the Normal university at Las Vegas and Miss Jennie Housley, teacher in charge of the training department at the normal, will be present and conduct the work.

Lumber Company Expanding. The Raton Lumber company has leased from the Santa Fe railroad a piece of land 100 feet wide and running from First street to the railroad tracks, and has put in a private track along its eastern boundary. They are now building a large warehouse on the north half of this lot. The south half will be left vacant and used for loading and unloading cars of lumber and other goods that do not go into the new warehouse.

Swindler Did Not Flee. It has been learned on good authority that L. F. Swain, cashier of the defunct International bank of Nogales, is in this country. It had been given out that Swain was in South America or in Honduras, Central America. It has been learned, however, that he is in neither of those countries, but is in San Francisco, or very near to the coast metropolis. Swain has a brother living in Oakland.

Killed a Big Eagle. N. S. Weaver and William Buckley, while hunting rabbits near the Black mesa, in Colfax county, last Saturday killed one of the largest White eagles ever seen in that part of the country. The bird measured seven feet and one inch from tip to tip of its wings, and is a fine specimen of the white eagle family which of late years have become very wild and are not often seen within gunshot range.

Roan Horse and His Boy. Roan Horse, a Navajo Indian, came in from St. Michaels to Gallup the other day and stood trial for giving whiskey to Indians. It developed at the trial that it was the custom of the Navajo to help himself to anything he wanted in a friend's camp, and Roan Horse had a jug of whiskey in his hogan when a party of his friends called upon him and according to custom they assisted him in drinking up the booze. Judge Zuck considered the evidence and turned Roan Horse free.

Hagerman's Father Convicted. J. J. Hagerman, of Roswell, being asked the question, "Did you feel about the appointment of your son as governor?" gave the Record the following statement:

"I am gratified, of course, I believe he will perform the duties of the office acceptably to the people. His hands are free. He has no enemies to punish nor pets to reward. He did not ask for nor receive the help of any political faction or coteries in New Mexico, and is under no promises or obligations to any of them, nor to any individual among them. His earnest effort will be to do his duty in a square, fair and honest manner, letting the consequences take care of themselves."

Carlsbad Will Celebrate. Now that it is settled that the government will purchase the plant of the Pecos irrigation company, thus insuring the prosperity of the lower valley which is dependent upon water from the canal for irrigation, it is proposed that Carlsbad as a mark of appreciation of the efforts of our northern neighbors to further the acceptance by the government of this all important work, give a grand celebration of the event, now the Carlsbad Argus.

To that end the Commercial club has begun preparations. At a meeting of its board of governors, Tuesday evening, the matter was carefully gone over, and the conclusion reached that our little city must show to the world that it is not unmindful of the vast importance attaching to the recent action taken by the government at Washington.

George L. Newton, with his usual energy and vim, presented the matter to the board of governors and outlined what he thought was the proper form of celebration. Mr. Newton proposed that the Commercial club give a grand banquet and reception.

HAIR NATURALLY ABUNDANT When It Is Free of Dandruff, It Grows Luxuriantly.

Half preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair when not diseased grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It always itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., Special Agents.

Cheaper than eating at home. Take Thanksgiving dinner at the Methodist church, from 12 to 2:30 and 5 to 7:30 p. m. Roast turkey, cranberry sauce, Boiled ham, Salad, Baked beans, Celery, Mashed potatoes, Green peas, Pickles, Mince, pumpkin and berry pie, Doughnuts, bread, butter, tea and coffee. A genuine Thanksgiving dinner for 50c.

KINDLY GIVE SUBSCRIPTIONS FOR HOME JOURNAL TO MRS. LILLIAN ROBINS ON THANKSGIVING DAY AT LEAD AVE. CHURCH.

## SEALSHIP OYSTERS

PURE FOOD

The only absolutely fresh, wholesome, appetizing oyster ever sold in bulk. They are practically shell oysters as they are merely slipped from their own shells into a porcelain-lined case which is sealed, thus forming a shell on a large scale. All the plump "half-shell" flavor, the delicate tang given by the salt water, the smooth firmness, the nourishing quality, the natural color, are fully retained. No preservatives are ever used. "SEALSHIP" OYSTERS FRESH DAILY.

## COMMITTEE ON SOCIAL EVIL TO MEET TONIGHT

All Interested Persons Urged To Be Present.

ALDERMEN ANXIOUS TO HEAR SUGGESTIONS FROM PEOPLE

The special committee appointed by the city council to consider ways and means for regulating or eradicating the social evil in Albuquerque, will hold its first session in the council chamber at the city building at 7:30 o'clock this evening.

All those interested are invited to be present with suggestions for the benefit of the committee in its work of feeling the public pulse on the subject and arriving at a definite conclusion as to what the majority of the people want.

The committee is composed of Messrs. Harrison, Walker and Ifield. It is expected that the session of the committee will be well attended and it is hoped that all who have suggestions to make will be present.

"I believe the committee intends to make a thorough effort to do something in the matter," said a prominent business man last night. "What the ideas of the members of the committee are I do not know, but I believe it is the intention of the majority of the council to do anything and everything to keep this vice from making itself so prominent in the city. This is one of the hardest things in the world to decide—this social evil question. Personally, from what I have seen elsewhere, I believe that it is exceedingly difficult to eradicate this business. But I think it outrageous that it is not regulated in this city so that it will not flaunt itself in the faces of respectable people at every street corner. The trouble is, however, that a great many good people who have had no experience in the matter and do not appreciate the difficulties of the situation, want to pass at one jump to the ideal and wipe it out at one fell swoop. These people are quick to condemn the man who understands the difficulties and who is practically working for results by seeking first regulation of the vice as it exists. There is a trite saying to the effect that Rome was not built in a day."

"I have talked to every leading business man in the city," said A. B. McMillen, president of the anti-vice league last night, "and they are perfectly unanimous in the opinion that the social evil in Albuquerque has reached an outrageous pass and that something should be done. I am confident public opinion in Albuquerque will warmly commend any action which the council takes in good faith in the matter."

## OPENING OF NEW MUSIC STORE A THOROUGHLY DELIGHTFUL AFFAIR

One of the very pleasantest musical events of the season was the formal opening yesterday afternoon and evening of the elegant new store of Leonard and Lindemann, on West Gold avenue, one of the most handsome appointments music stores in the territory. The big room was crowded from 2 o'clock in the afternoon until 10 o'clock last night and the hundreds of chairs placed in the store for the accommodation of the guests were entirely inadequate to the demand.

The store was beautifully decorated under the skillful supervision of Mr. A. W. Hadden with bunting and crepe paper, palms and flowers and pretty souvenir carnations were given the guests. Handsome piano covers were draped over the pianos and altogether the big room was extremely attractive.

The best of Albuquerque's musical talent volunteered to take part in the musical programme, which was a delightful one.

Professor Damiano played a original composition for the first time, entitled the "Gold Star Overture." Mrs. S. B. Miller sang a solo, and Mr. R. W. Hadden, the violinist, played in a masterly way several selections, including Schubert's "Serenade," "Intermezzo Rusticana," a selection from "Il Trovatore" and an air for the G string by Bach.

Joseph Biondi, the popular cellist, rendered Simonette's "Madrigal" and "Etude Caprice" from Götterman. The colored octette sang a number of well known old southern melodies, and Berthold Haven gave a very enjoyable trombone solo.

Messrs. Bean and Hetherington sang a solo each, Mr. Bean singing "He Was a Prince."

The Lyric Male Quartette gave a delightful rendition of several popular songs, especially "Last Night," which were well received.

Miss Schaeffer sang a solo and the ever popular Alvarado Trio played several well known orchestral successes. Misses Helen Pratt and Damiano acted as accompanists.

The program was one of the best ever arranged in Albuquerque. The Victor Talking machines "talked" at intervals, forming a pleasant interlude.

Messrs. Leonard and Lindemann are preparing to make weekly musical evenings a feature to which the public will be invited and they will be very popular if they are all as successful as was last night's entertainment.

"We permit a mournful smile when we are in spirits, but laughter, never." "Broken Hearted Club," December 1.

Mr. and Mrs. Mogridge and Armentia will be at the Elks' Opera House December 1. Don't fail to see them.

## VARSITY BOYS READY TO PUT CRIMP IN FARMERS

The University of New Mexico football team left last night accompanied by a number of enthusiastic rooters for Mesilla Park, where they will play the team from the Agricultural and Mechanical college tomorrow. The varsity team leaves for the scene of the greatest contest of the season in excellent trim and prepared to give the "Farmers" a run for their money. The locals have been practising morning, noon and night for the last three weeks, with this game in view as the contest with the Agricultural college is always the banner game of the year and the hardest fought one.

The men who will play against the Farmers are Heald, Smith, Allen, Donahy, Crowford, Bryan, Ross, Clancy, Selva, Mayo, Albright, Maguire and Dye. Teacher will officiate as manager. Roy Stamm will act as referee and Professor Angell also went down with the team. Professor Angell is coach and athletic instructor and is determined that the eleven he has been coaching shall come out on top.

The Agricultural college has always had one of the strongest teams in the territory and this year is understood to be no exception. The varsity boys have made a good season's record and the outcome of tomorrow's game is problematical.

A Worthy Cause.

The readers of the Journal have noted the accident by which a Mr. Rodgers, in the employ of the American Lumber Co., met his death in the falling of a trestle. Mr. Rodgers left a wife and six children, who are without means of a livelihood. Mrs. Rodgers plans to leave her family at Jemez Hot Springs and asks any one who can help her to secure a position in this city as housekeeper to do so. Any one who cares to help in any way can communicate with H. A. Cooper, 115 South Walter street or Miss N. V. Patterson, Perea, N. M.

What two words mean most to your grocer? and what do they mean?

Schilling's Best; and they mean a good deal of business without any trouble.

## TO SEND HUNDREDS OF PATIENTS TO SUNNY SOUTHWEST

New York Specialist Believes in New Mexico's Climate.

CURES TUBERCULOSIS WITH SUNSHINE AND ELECTRICITY

Alfred Goss, M. D., of Adams, N. Y., left Albuquerque yesterday morning for his home in New York after about a month in the different towns of Arizona and New Mexico. Dr. Goss has given a great deal of study to the treatment of tuberculosis. He has recently perfected an electrical treatment for the white plague, which has been highly satisfactory and has effected a great number of cures, in cases where the patient had not reached a hopeless stage.

Dr. Goss is a comparatively young man, but has a national prominence through his successful treatment of tuberculosis. He is considered one of the best specialists along this line in the country and it is significant that he believes the climate of New Mexico is the best in the country for sufferers from the disease.

Dr. Goss method of treating consumption by electricity is more easily explained than understood, but he has accomplished remarkable results by its aid.

The New York specialist believes that three conditions are imperative in the treatment of tuberculosis—dry climate, steady sunshine, carefully selected diet and electricity.

"I am establishing branch offices here at and at Phoenix," said Dr. Goss to the Journal yesterday, "and in a short time will send between two and three hundred patients to New Mexico and Arizona for treatment. It is impracticable to treat tuberculosis successfully when the patients are subjected to the severe atmospheric and temperature changes of the east. I expect to send more patients out to the southwest from time to time. Many of these persons are men of women of considerable means and I believe will prove a desirable addition to the population of this city."

Dr. Goss is severe in his condemnation of physicians who send hopeless cases out to New Mexico to die.

"I am of the opinion," he said, "that a patient who is hopelessly infected with tubercular germs had much better stay at home and consume the diet and attention of his family than to come out here expecting the climate to put new lungs in him and give him new vitality. Of course there is no question but that the climate of New Mexico is fine and will aid any person, and will greatly prolong life, but there are many poor people who cannot be cured for who have no means, who think that the climate will cure them and who come out here only to die."

"The majority of my patients would pass for absolutely well people, yet they are infected, and are taking the cure in time."

"I have a theory in regard to tuberculosis that is not in keeping with the popular one," continued Mr. Goss. "The majority of physicians advise living in a tent and this I believe to be injurious in many cases. Let a severe case of wet weather and the patient is cured and it is generally a case of a very severe nature, such as has visited New Mexico and Arizona several times within the past few years. Then the tent becomes almost unbearable and the very bad for the patient. I believe a well ventilated cottage is far better, where one can sleep inside during the severest weather, an open fireplace is also one of my hobbies. Nothing is so sanitary for the home as a fireplace, as it assures the best of ventilation."

Dr. Goss believes that a large amount of common sense is one of the prime requisites in the treatment of tuberculosis, a requisite which is too often overlooked.

### A DANGEROUS MISTAKE.

Albuquerque Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

It is a mistake to neglect these troubles. To blame the child for its own distress.

Seek to cure the kidneys—Save the child from deadly kidney ill.

Doan's Kidney Pills cure sick kidneys.

J. A. Skinner, dealer in staple and fancy groceries, 101 West Railroad avenue, says: "Some time ago there came to my notice a case of a child whose control over the kidney secretions was limited. The parents procured for Doan's Kidney Pills and the treatment, according to directions for children, was commenced. In addition to the limited control there was considerable backache, the child was time fully proving that in some cases the kidneys were either weakened or overexcited. The treatment of Doan's Kidney Pills so strengthened the kidneys that the annoyance ceased. Price, 25 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States."

Remember the name—Doan's—and take no other.

**Boston Wool Market.**  
Boston, Mass., Nov. 28.—The wool market is comparatively quiet. The worsted mills which have been large buyers during the year, have a large enough stock to preclude the necessity of immediate replenishing. Prices generally hold firm. The movement in prices has been slow, especially in Ohio and Pennsylvania. There has been no call for any grades during the week.

**Chicago Board of Trade.**  
Chicago, Nov. 28.—Covering by shorts caused a firm feeling at the close of the wheat market here today notwithstanding a considerable amount of bearish news.

Initial quotations on May delivery were 87 to 87 1/2. Lowest point of the day was reached at 86 1/2, closing firm at 87 1/2.

May contracts advanced at 43 1/2 to 44 1/2, sold off to 43 1/2 and closed at 44 1/2. May oats opened at 31 1/2 to 31 3/4, sold between 31 1/2 and 31 3/4 and closed at 31 1/2.

**The Metals.**  
New York, Nov. 28.—Copper also was higher in London, prices being advanced 1/16 to 1/8, 10s for spot and 1/16 to 1/8 for futures.

The local situation is reported very strong. Supplies for future shipment are said to be available around \$17.50 for Lake and electrolytic, but there is very little available for immediate delivery and buyers are forced to meet nearby requirements and obliged to pay fancy prices. Lake and electrolytic are quoted at \$17.50 to \$18.00, and casting at \$17.25 to \$17.75.

Lead was firm at \$5.25 to \$5.75 in the local market and at \$5.18, 14 in London.

Spelter also advanced in London, closing at 128. 13 in the local market remained firm at \$15.15 to \$15.25, silver, 64 1/2, Mexican dollars, 50 1/2.

**Chicago Live Stock.**  
Chicago, Nov. 28.—Cattle receipts, 7,000; market steady to strong; beefs, \$7.50 to \$7.75; cows and heifers, \$1.25 to \$1.75; stockers and feeders, \$2.25 to \$1.25; Texans, \$4.00 to \$4.50; westerns, \$2.25 to \$4.75.

Sheep receipts, 20,000; market steady; sheep, \$4.00 to \$5.50; lambs, \$4.75 to \$7.50.

**Kansas City Live Stock.**  
Kansas City, Nov. 28.—Cattle receipts, 13,000; market steady; native steers, \$2.50 to \$6.10; southern steers, \$2.50 to \$4.00; southern cows, \$1.75 to \$2.00; native cows and heifers, \$1.75 to \$5.50; stockers and feeders, \$2.50 to \$2.75; bulls, \$2.50 to \$5.50; western steers, \$3.50 to \$5.50; western cows, \$2.25 to \$3.50.

Sheep receipts, 4,000; market strong; mutton, \$4.50 to \$5.50; lambs, \$5.25 to \$5.75; range wethers, \$4.50 to \$5.50; fed ewes, \$2.25 to \$5.00.

**St. Louis Wool.**  
St. Louis, Mo., Nov. 28.—Wool steady, unchanged.

**Big Sheep Shipment.**  
Eleven thousand sheep, the second shipment made by the Sylvester-Grosz, of Monte Vista, Colo., left yesterday afternoon for the latter place in Colorado. There are some four thousand remaining in the pens at the stock yards in this city.

**International Exhibition.**  
The town of all exhibitions for live stock purposes is the great "International." It will be held at Union Stock Yards, Chicago, December 16 to 23 inclusive.

Of course you will plan to attend. Only \$45.00 via the Santa Fe. You may buy your ticket any time, December 16 to 19. Inquire at ticket office, H. S. Lutz, agent.

## COUNTY SURVEYOR RANKIN TO FIX THE BRIDGE

WILL TEMPORARILY REPAIR STRUCTURE AT CORRALLES

County Surveyor Don J. Rankin has come to the rescue of the county and has agreed to put the dilapidated Corrales bridge in shape to last until next spring at least.

This arrangement was made at the meeting of the county commissioners in the court house yesterday morning. The county surveyor after a careful examination of the wrecked structure offered to put it in temporary repair for the nominal sum of \$200. The lowest bid outside of that of Mr. Rankin was \$250 and his offer was promptly accepted by the commissioners.

Mr. Rankin guarantees to make the bridge safe and passable and keep it that way until spring, at which time it is hoped to have a sufficient surplus in the treasury to rebuild the bridge from the bottom of the river up and make it substantial enough to answer the demands made upon it for years to come. The repair of the bridge will be greatly appreciated as there is great need of travel to and from the city by this route.

Plutarco Lucero and Louis Sanchez were officially recognized as justice and constable, as a result of the recent election in the new San Jose precinct in Barrios.

Other routine matters were attended to by the commissioners yesterday.

**USEFUL FACTS**

About Coughs, Colds and Bronchial Troubles Given to the People of Albuquerque by Our Druggists, J. H. O'Reilly Co.

In conducting a large drug business as naturally meet a great many people at this season of the year who suffer from coughs, colds and bronchial troubles.

As these troubles are easily controlled if the right means is taken we want to say to the people of Albuquerque that we guarantee our cod liver oil preparation, Vinol, will cure hanging-on colds, stubborn coughs, bronchitis and lung troubles, quicker than any preparation we have ever sold, because it is the most perfect preparation of cod liver oil ever compounded. It contains no oil or grease to clog the system and upset the stomach, yet it does contain every one of the fifty odd medicinal elements actually taken from fresh cod livers in a highly concentrated form, and is therefore the best cod liver preparation obtainable. Vinol is not a patent medicine; everything in it is named on the back of the label of the bottle and you know what you are taking, so without reservation we endorse and guarantee Vinol to strengthen in every organ in the body to do its work as nature intended to cure coughs, colds, bronchitis, lung troubles, increase the appetite, build up the run-down, tired and debilitated, and create strength and renewed vitality for the aged.

If Vinol fails to do what we say we will refund every dollar paid for it. You know us and know we will do as we agree. J. H. O'Reilly Co., druggists.

## HOW MIGUEL LOOKED AFTER HIS POOR RELATIVES

ALBUQUERQUE MINING MAN  
TELLS KANSAS CITY ABOUT IT

Mr. James A. Wood, of this city, who is interested in the Golden mining district, has been in Kansas City. While there Mr. Wood made a few remarks on political conditions in New Mexico which show that he has been observing things a little since coming to the territory. The Kansas City Journal publishes the following interview with Mr. Wood:

"I don't believe President Roosevelt could have selected a more satisfactory man for the office of governor of New Mexico than Herbert J. Hagerman," said James A. Wood, of Albuquerque, N. M., at the Hotel Baltimore last night. "I know the conditions existing in New Mexico and I know both Governor Otero and Mr. Hagerman. The republican party has experienced a good deal of dissension within its own ranks since Governor Otero was appointed by President McKinley several years ago. The main trouble seems to be, as charged against Governor Otero, that he has appointed members of his family and near relatives to all the offices in sight, and then when there weren't enough offices to go round he has created them. It is not generally recognized that aside from this his administration has been injurious, but it is believed that his administration of territorial affairs has not been what it might have been. Governor Otero as been at all times a loyal and a staunch republican. Mr. Andrews, the delegate to congress, has been one of Governor Otero's right-hand men. They campaigned together in the private car of Mr. Andrews."

"The English language is not by any means spoken absolutely everywhere in the territory. They teach it a little in many of the schools, but there are a great many people having Mexican blood in their veins who don't understand the English language, and who still were born American citizens. In many of the courts it is necessary for the court and the English speaking officials to have an interpreter to carry on the proceedings."

Mr. Wood is in Kansas City purchasing placer gold mining machinery. He is interested in a mine at the town of Golden, midway between Santa Fe and Albuquerque. He says that his company controls a tract of land there which it is estimated will yield \$12,000,000 worth of gold. The machinery is to be ready for operation by February 1.

### District Court.

A divorce was granted in the district court yesterday to Luis Abeyta, a Pueblo Indian of Isleta, on the ground of abandonment. The case of McIntosh against Romero took up a great deal of the court's time yesterday afternoon. Cases from the McKinley county court which have been delayed from day to day were again continued until today.

### LOCAL AND PERSONAL

Tomorrow (Thanksgiving), in order to give the clerks a full holiday, the Globe Store will be closed all day.

J. B. Block, of the Jemez Hot Springs hotel, arrived in the city last night and will spend a day in the metropolis.

Miss Minnie Zuckerberg will arrive in the city this evening to spend the winter with Mrs. H. N. Jaffa on West Copper avenue.

Charles Selbeck, of Syracuse, N. Y., who is touring the west in search of health and pleasure, is the guest of Mrs. A. R. Love.

W. J. Dixon, who has been officiating as cashier at the Alvarado, will be transferred in a few days to the El Tovar hotel at the Grand Canyon.

The funeral of the late Dionisia Chavez, which was held at the home of Meliton Chavez yesterday morning, was a very largely attended service.

Don't fail to see "The Broken Hearted Club" and "Sarah's Young Man" at the Elks' theater Friday night, under the auspices of the Women's club.

President F. H. Pierce, of the New Mexico penitentiary board, returned to Las Vegas on No. 10 yesterday morning after a business visit here.

Mrs. M. Dinell, mother of the proprietor of the Rico cafe, has left for a visit to her old home in Italy, accompanied by another son, who has been living in California.

Policeman Highbargain received a telegram last night from Iowa, Kan., informing him of the critical illness of his wife and he will leave on the first train for her bedside.

A. Vandervoort denies a report which appeared in a recent issue of the Journal that the firm of Brown & Adams had acquired an interest in the Rio Grande Woolen Mills.

The manager of the Golden Rule store, to correct a false impression, wishes to announce that that store will close at 8 o'clock this evening, as usual, and will be open until noon on Thanksgiving day.

The testimony has been finished for the plaintiff in the Indian depredation case of Latta against the United States government in this city. W. H. Hulbert, who represents the Latta interests, will return to Chicago in a day or two.

Born to Mr. and Mrs. C. E. Hulbert, a nine-pound boy yesterday. Mr. Hulbert is connected with the Harvey curio service here.

A. C. Sharpe, of Lantry and Sharpe, railroad contractors, was in the city yesterday and left last night for the Belen cut-off.

Noble Crawford, son of Judge Jack Crawford, is reported seriously ill.

McSpadden, the exchange man, 300 South Broadway.

MAMMOTH QUEEN OLIVES, SWEET SOUR AND DILL PICKLES, AT TROTTER & HAWKINS.

A NEW LINE OF HEADLEY'S BALTIMORE CANDIES, AT MALLOY'S.

Chicago Live Stock Show. Every stockman needs the inspiration and benefit of the International Live Stock Exhibition. Will be held in Chicago December 16-23, '05. Arrange your plans to include a trip to Chicago for this event. Tickets on sale December 16th to 19th inclusive. Special rate of \$45 via Santa Fe. H. S. Lutz, agent.

GRAND BALL. THANKSGIVING NIGHT. AT ELKS' BALL ROOM. TICKETS, 10c. LADIES FREE. GIVEN BY THE GOGALION CLUB.

# GRAND FREE EXCURSION

IF THE WEATHER WILL PERMIT

To prove to the good people of Albuquerque that all we have said about the beautiful 50 foot residence lots in the Eastern Addition, is true, we have arranged for Trimble's Big Four-horse Tallo-ho to make regular trips from the office of the Surety Investment Company, 110 South Second Street, opposite Barnett Building, every hour on

## THANKSGIVING DAY

From 9 o'clock in the morning until 3 o'clock in the afternoon, to and from the  
**EASTERN Addition, HIGHLANDS**

At which time we invite you to take a ride free of charge. Representatives of the Company will be on the ground with large plats to show prices and location of all unsold lots; also, FREE SANDWICHES SERVED during the day, by a uniformed cook, and pure water from a 40-foot well driven on the ground. ¶ American flags will mark all the different block corners. ¶ Bring your wife and friends, be our guests and see those beautiful lots, 50x142 feet-- from twenty-five to fifty feet above the mud and lowlands, which we are selling at from \$125, \$150, \$175 to \$200 per lot. Only \$10 down, balance \$1 per week.

## AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1934. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our very large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the Jewelry business, having arranged to go into the manufacturing lumber business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.

H. E. FOX, New Mexico's Leading Jeweler

## LOCAL ITEMS OF INTEREST

## THE WEATHER.

## Forecast:

Washington, Nov. 28.—New Mexico—Fair Wednesday, colder, in south-west portion Thursday fair.

Arizona—Fair Wednesday and Thursday, warmer Thursday.

Col. W. H. Greer left last night for New York City on a business trip.

Mrs. P. G. Sanchez and family left yesterday for a few days' visit at Bernadillo.

Will Neher spent yesterday afternoon hunting duck. He bagged a nice lot of game.

The proprietor of the Economist store desires to state that his place of business will close Wednesday evening at 6 o'clock, as it is the inevitable custom of his firm to close its doors at that time every evening with the exception of Saturday.

Mrs. James Malcomb Kurn, wife of Superintendent Kurn of the Rio Grande division, departs this morning for Chicago and the east. She received telegraphic advice of the serious illness of a favorite sister, who resides in Chicago, and it is understood will remain east for an extended visit.

Charles E. Dagenette, outgoing agent for the Indians, arrived in the city yesterday morning from Yuma, where he went to take a detachment of Indians to work on the Yuma dam. He left later for Colorado, where he will escort a number of Indians who have been working in the field back to New Mexico.

Mrs. C. H. Young and children, of Denver, arrived in Albuquerque last night and will remain in the city for a few weeks' visit with Judge and Mrs. H. B. Ferguson. Mrs. Young is the widow of the late superintendent of the Wells-Fargo Express Co. for this district, who died at Denver a short time ago.

Dan E. Phillips and wife entertained at their cozy home on Lead Avenue and Fourth street Monday evening. Progressive high ball was the game and after the evening's amusement was over light refreshments were served. There were ten couples present and a very enjoyable evening was spent. Judge George H. Craig won the gentleman's first prize, a handsome pearl handled pocket knife, and Mrs. P. Schuck won the ladies prize, a beautiful Hattenberg lunch cloth.

General Adm. H. Chaffee, chief of staff of the United States army, passed through the city last night on his No. 1 bound for San Francisco. General Chaffee's last stop was in Kansas City, where he remained for several days. The seasoned old fighter, who won his stripes through long and efficient service in many countries, has announced his intention of retiring in a short time to allow younger blood to take command of the army. General Chaffee will make his home in California.
