MUTINY AT SEBASTOPOL IS CRUSHED

Ringleaders Will Be Summarily Executed.

WILD RUMORS OF ATTEMPT ON LIFE OF THE EMPEROR

With Collapse of Sailors' Revolt Comes Tie-Up of All Communication With the Interior.

St. Petersburg, Nov. 30.—The official dispatches announcing the decisive crushing of the great mutiny at Sebastopol and the capture of all the mutineers, including the commander, Lieutenant Schmidt, have raised a great roar from the hearts of Count Witte and his associates in the government.

At a protracted cabinet council yesterday long and serious consideration was given to an even graver problem, the general strike of the telegraph and postal employees, which has completely paralyzed the interior communication of the empire and which, if continued, will mean nothing else than the economic and industrial death of Russia.

In the absence of definite information from Sebastopol the wildest rumors were in circulation in the city. The revolutionists eagerly seized the opportunity to spread reports that the mutineers had been victorious. They worked especially among the troops, buttonholing every soldier and sailor whom they encountered in the streets.

A panic spread on the night of the 29th, and government bonds dropped heavily. The government finally recognized that it was a tactical mistake to hold up the news, but the official announcement of its victory at Sebastopol came too late to undo a great deal of harm.

The dispatches show that the resistance of the mutineers, when they were convinced that the government meant business and could count on the active support of the troops in the forts, was faint-hearted. As the Otkhodko's fired only half a dozen shots before hauling down its flag the damage to the city of Sebastopol may be far less than expected.

Lieutenant Schmidt and other leaders of the mutineers probably expect a short shrift, and it is certain that the government will show them no leniency.

NATION FAST LOSING CONFIDENCE IN M. WITTE

Berlin, Nov. 30.—The St. Petersburg correspondent of the Vossische Zeitung, who talked for five hours with representative leaders of all social classes outside the court circles, cables by way of Stockholm, under yesterday evening's date as follows:

"Considerable Premier Witte's cabinet is disintegrating in political and commercial circles, since it is growing daily more evident that Witte is without the necessary powers to carry out the emperor's policy. The emperor's influence is growing. Partisans of the reactionary interior minister Durnovo confirmed to me the statement that Prince Tschernichev is organizing a loyal militia, and added that Durnovo and Tschernichev are trying to force matters to such an extreme that at a given moment they can fall upon the liberals with this temporary militia. These classes designate Durnovo as Witte's successor.

"In a very few days a crisis must decide whether the autocracy will be restored.

"Socialists are very optimistic. They hope soon to spread a general strike all over Russia except in Poland. They regard all the technical troops as pledged to them. Of the other troops they do not yet trust the division of guards.

"The socialists say that the activity of the revolutionists becomes opportunity for them, since it drives the liberals to the socialists, which facilitates their fight against the capitalists. They assert that they have no doubt that the proletariat will be supreme in St. Petersburg within a very short time, although only part of the lower officials of the post and telegraph departments have hitherto joined the strike. The railway operatives will also strike soon because Durnovo arrested their representatives contrary to the government's promise.

"In some quarters there is a demand that the emperor come to St. Petersburg and issue a manifesto to the peaceable elements. It seems to me that the moment for this has passed. The emperor's entrance into the city could only lead to a catastrophe which may be postponed, or perhaps be avoided by his remaining at Tsarskoe-Selo.

"According to my personal conviction the situation grows hourly worse. Events cannot be stayed and new bloodshed is unavoidable since the reactionists and socialists alike wish it. The imperial house and the bourgeoisie will be the losers."

100,000 WORKMEN ARE OUT IN ST. PETERSBURG

St. Petersburg, Nov. 30.—It is estimated that 100,000 workmen are locked out in St. Petersburg. The cabinet has definitely resolved to raise the state of martial law in Poland. This probably will be announced tonight.

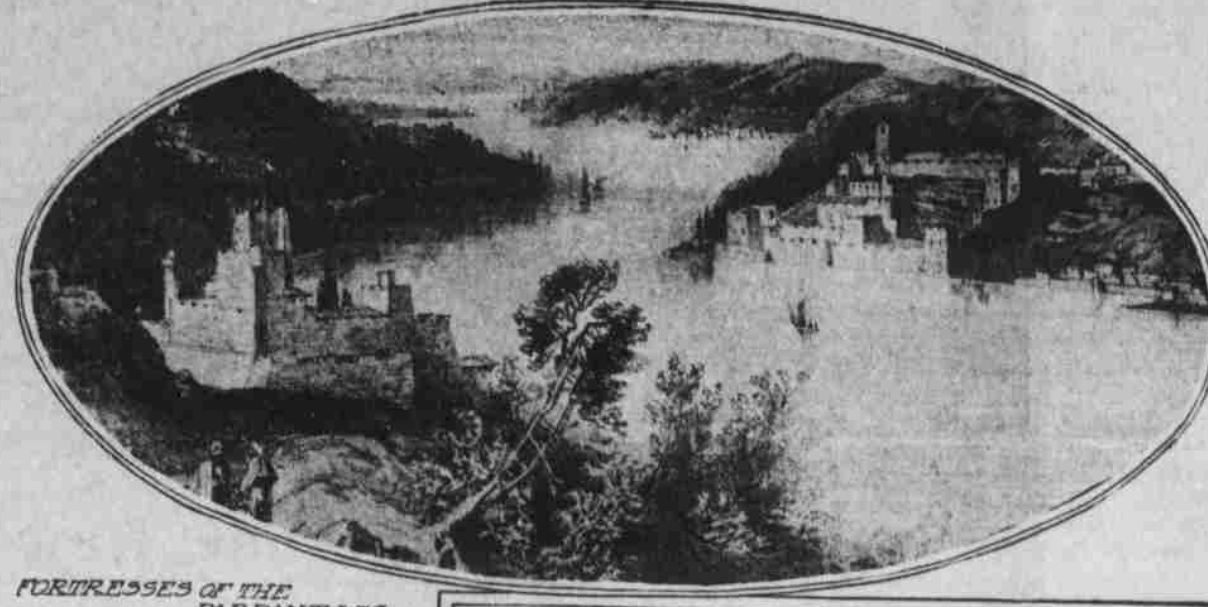

NO TRUTH IN REPORT OF ATTACK ON EMPEROR

St. Petersburg, Nov. 30.—(11:43 p. m.)—Wild rumors to the effect that the emperor had been attacked and that one of the grand dukes had been wounded were in circulation here today. The Associated Press, however, on the authority of a member of his majesty's entourage at Tsarskoe-Selo, is able to absolutely deny these rumors.

STRATEGY RESULTS IN REOPENING OF COMMUNICATION

St. Petersburg, Nov. 30.—Communication with the outside world ceased at 2 o'clock this afternoon when a strike

FORTIFIED STRAITS WHERE SULTAN MAY FIGHT

was called in the general telegraph office. By a new, however, the management succeeded in re-opening the cable shortly after 6 o'clock.

SHIP LOAD OF EXPLOSIVES SUNK BY HER COMMANDER
Sebastopol, via Warsaw, Nov. 30, (11 p. m.)—During the battle between the guard regiments, all of which the news is concerned, the Novosil Whitehead torpedoes on board were sunk by her commander, who feared that she would be struck by a shell. Some regiments with artillery have arrived here from Odessa and other places.

ALL COMMUNICATION WITH INTERIOR NOW CUT OFF

St. Petersburg, Nov. 30.—The situation is becoming more alarming. It results in a complete blank so far as communication with the interior has ceased. The workmen's council has decreed that the general postoffice in St. Petersburg shall close at 3 o'clock this p. m., when communication with the outside world may cease.

The most disquieting reports are in circulation regarding the disaffection of the general staff, of which the workmen boast, have definitely resolved not to fire on the people. The navy department is not only closed to the officers, but also to officials of the general staff, although the Otkhodko, Deiner and a transport were set on fire and sunk during yesterday's battle. It is reported from a semi-official source that although the Otkhodko, Deiner and a transport were set on fire and sunk during yesterday's battle, all the mutineers have not surrendered. Newspaper accounts of the details of the fighting at Sebastopol, which are based on reports circulated in the city, are very conflicting, but all say the battle ended with the surrender of the mutineers. The Otkhodko, Deiner and a transport were set on fire and sunk during yesterday's battle. It is added here already been executed, two battleships have been blown up and mines have been laid at the entrance of the roadstead.

DEADLOCK IN POSTAL AND TELEGRAPH SERVICE COMPLETE

Warsaw, Nov. 30.—The deadlock in the postal and telegraph service between Warsaw and the interior of Russia is practically complete and the latest information from Moscow is that the soldiers of the telegraph battalion have refused to take the place of the striking operators. The great excitement prevails here, where it is feared a general strike involving the whole of Russian Poland may break out at any moment. The arrests of the telegraph operators and their exile without trial continue.

The "Corey" Wrecked at Gulf Island

Duluth, Minn., Nov. 30.—The William E. Corey, flagship of the Pillsbury steamship fleet, is wrecked at Gulf Island, the most easterly of the Apostle island group in Lake Superior, but her crew is reported safe.

Ryan-Ward Fight a Draw

Grand Rapids, Mich., Nov. 30.—Adam Ryan, Chicago, and Mike Ward of St. Paul, fought ten fast rounds to a draw here tonight. Ward was four pounds over weight and Ryan as much under the stipulated 135 pounds.

CASTRO STIRRING UP TROUBLE AT HOME

Quarrel Between Venezuela and Netherlands Also Grows Worse

Washington, Nov. 30.—The acute situation between Venezuela and the Netherlands has for some time past attracted attention from the quarrels which the Venezuelan government already had on hand with her neighbors. Some of the diplomats here familiar with conditions in that part of South America feel that in the near future other trouble may be expected and that some day there will be a general outbreak of the two countries. The chief complaint of the Netherlands government is the way in which the Venezuelan custom house officers exercise their right of search. It is alleged that many times without due cause custom officials have made the crews of Dutch ships prisoners. On the other hand the Venezuelan government made complaints of smuggling against Dutchmen. From both sides protests are being made and the Dutch newspapers have begun to insist on more vigorous action on the part of their government.

Strychnine for Football Player

Spokane, Wash., Nov. 30.—The use of strychnine as a stimulant has been reported to in the Spokane High School football team. Its use is admitted by Coach Smith, who justifies this course because it was prescribed and administered by Dr. R. N. Tooker, the regular doctor of the high school team. In view of the fact that the administering of any stimulants is strongly condemned by most college and professional coaches, the fact that the use of strychnine is approved by the managers of the high school team has caused lively comment.

Pioneer Burned to Death

Seranton, Kan., Nov. 30.—Alexander Conner, a pioneer citizen, aged 80 years, was burned to ashes here today early this morning. He occupied a house by himself. At the time the flames were discovered there was no opportunity to rescue him. Conner was the first mayor of the town.

Quarantine Breaks Bank

New Orleans, La., Nov. 30.—As a result of a three months' quarantine, during which Leesville, La., was completely tied up on all sides and a large proportion of the population fled, the Bank of Leesville, one of the most

Dakota's Surgeon Tells Of Daring Attempt to Murder Peace Envoys

American Officers Saw Torpedo Boat Run Down Launch at Yokohama.

Seattle, Wash., Nov. 30.—The attempt to murder the peace delegation and destroy the treaty between Japan and Russia, which was drawn up by the plenipotentiaries in Portsmouth and was being sent to the Mikado, was witnessed by officers and passengers on board the Dakota, which arrived here after her arrival in Yokohama.

D. William Lopp, surgeon of the Dakota, in speaking of the incident, said:

"The whole thing happened the night of our arrival in Yokohama. We were lying in Mississippi Bay, just outside of the breakwater. All the torpedo boats and war vessels which escorted the peace commission were drawn up in a long line. The launch containing the delegation and the

prosperous institutions in Central Louisiana, will not open its doors for business again.

For the same reason two of the largest firms in that section have been compelled to go into the hands of a receiver, and the entire business community is paralyzed. All three of the firms which have failed have ample assets, but for three months were unable to make shipments of lumber. They were heavy borrowers from the bank which went down with them.

JURY IN TRAIN ROBBER CASE STILL OUT YESTERDAY

Special to the Morning Journal, Peoria, Ill., Nov. 30.—The jury in the case of John and James Black and John Murphy, charged with robbing United States mails, is still out today and it is not believed that they will arrive at an agreement. It is understood that they stand 8 to 1 for acquittal.

To Exclude Japanese

San Francisco, Cal., Nov. 30.—The Japanese and Korean exclusion league met in Unity hall, 227 Mission street, yesterday afternoon and many resolutions were adopted pertaining to the exclusion of the Japanese and Korean people from the coast. A bill to be passed upon by congress was unanimously adopted and the executive committee was empowered to go further into the details of the matter.

P. H. McCarthy, president of the building trades council, addressed the league and set forth the necessity of establishing branch leagues throughout the state to co-operate with the league and help to raise the funds necessary to carry the bill to a successful end. He also made a motion to appoint a committee of three to finance the question before the State Federation of Labor, which will shortly meet in Oakland, and the short building trades to meet in San Jose, and ask them to contribute one cent per capita of their membership in increase the funds.

Doughty Fears Kodak

Peoria, Ill., Nov. 30.—Probate Court was held in the case of Newt C. Doughty today in order that he might testify in a will case. Fear that his picture would be taken if he left his cell led him to ask that the court be brought to him.

Old Roosevelt Cook Dead

Oyster Bay, N. Y., Nov. 30.—Mrs. Julia Davis, an aged negro woman who once cooked for Theodore Roosevelt, father of the president, and later for the president himself, died at her home here last night. She was seventy-five years old. Her husband, Alfred Davis, who survives her, is more than eighty years of age, and was employed as a gardener for forty years by the Roosevelt family.

Engineer and Fireman Killed

Philadelphia, Nov. 30.—The Central railroad of New Jersey's New York flyer, which left Scranton early last evening, was wrecked at Stony Creek, about ten miles north of Maucun Creek, a few hours later. The latest information received by the Associated Press is that an engineer and fireman were killed and about a dozen passengers injured.

NEW YORK JEWS CELEBRATE

DISTINGUISHED MEN ADDRESS

BIG CROWD IN CARNEGIE HALL

Ex-President Cleveland Among Speakers--President Roosevelt Sends Congratulations.

New York, Nov. 30.—In celebration of the 25th anniversary of the landing of the Jews in America, a meeting was held in Carnegie hall today at which addresses were delivered by President Grover Cleveland, Governor Frank W. Higgins of New York, Mayor George B. McClellan of New York City, Bishop Coadjutor David Greer of the New York diocese of the Protestant Episcopal church, Mayor Sulzberger and Rev. Dr. H. P. Mendon.

President Roosevelt, who was unable to attend, sent a significant letter which was read to the great audience.

Vice President Fairbanks telegraphed his regrets and an appreciation of the Jewish character.

Jacob M. Schiff, chairman of the executive committee, which arranged the celebration, presided, and Dr. Frank Damosch had charge of the musical program.

All of the addresses were in congratulatory vein, and references were made to the recent atrocities in Russia only as one of the trials which have beset the Jewish people, but which have not daunted their spirit nor stopped their march to success, where political conditions have permitted.

Two Steel Steamers Wrecked

Duluth, Minn., Nov. 30.—Dashed on the rocks near Thomasville, forty miles north of Two Harbors, the steel steamer George Spencer, and her consort, the Amboy of the Tonnawanda Steel company line, are wrecks. The crews were saved by fishermen.

MOVEMENT ON SULTAN'S THANGS FIRE

Other Powers Awaiting Proposals of Great Britain.

NOT ANXIOUS TO FORCE TURKEY TO A SHOWDOWN

Bulgaria and Roumania Are Rolling Up Sleeves to Take a Fall Out of the Sick Man.

London, Nov. 30.—While in official circles it is not admitted that the powers do not expect the sultan to yield as a result of the occupation of Mitylene, it was stated today that the plans of the next step had not been definitely arranged, the other powers awaiting British proposals. The foreign office informed the Associated Press that the British government does not know exactly the extent of the coercion which the other powers are willing to employ, but it is certain that none of the powers is willing to resort to actual warfare in order to enforce the demands for the financial control of Macedonia now insisted by the British government.

This view of the situation makes it quite possible that the demonstration by occupation may proceed somewhat more definitely. The present political situation in the United Kingdom naturally increases the reticence in official circles here, and as Great Britain is taking the lead in the movements of the demonstration, the fleet may be delayed some time pending a decision of the cabinet concerning its resignation or dissolution of parliament.

The government has received information from Sofia through official sources that the Macedonian committee has issued another proclamation, which is practically an ultimatum, that unless the demonstration of the powers shall be carried to successful issue, the revolutionaries are prepared to announce that they intend to create a situation which will be certain to result in war between Turkey and Bulgaria.

It is well known that Turkey has been preparing for eventualities since the revolution of 1903. An accord having been reached between Bulgaria and Roumania concerning Macedonia, the two governments are now prepared to try conclusions with Turkey, should necessity for such action arise.

GENERAL STAFF APPROVES INCREASE FOR THE ARMY

Provides for Reserve Force of 50,000 Men.

Washington, D. C., Nov. 30.—The general staff of the army has approved the draft of a bill prepared by Captain Joseph T. Dickman, Eighth Cavalry, and designed to increase the effective military force of the country to 100,000 men. The bill provides for a reserve force of 50,000 men composed of seven years at no greater expense than according to demonstrated fitness as riflemen, with three grades of pay. It has been figured out that the cost of the reserve force will be about 2 per cent of the cost of the present military establishment and stating the case in a different way, that the reserves may be maintained for about seven years at no greater expense than would attend the raising organizations and equipment of a like force in time of war, with no mention of the attendant risks of such a haphazard method.

These statistics have been put in the form of a memorandum, submitted to the secretary of war, and will be a part of the departmental endorsement of the subject. The measure is regarded by military authorities as one of the most important which will be sent to congress during the coming year.

Scheme of Coast Defenses

The joint army and navy board appointed by the president to revise the Endicott scheme of coast defenses to meet modern conditions will probably have its report ready to submit to congress at the coming session. The board has had several important meetings in this city and committees have personally inspected exposed points on the Atlantic and Pacific coasts.

Although it is impossible to forecast the report of the board there is reason to believe that it has been found practicable to reduce the original estimate by several millions of dollars and achieve the same results of defense against any enemy from the sea as was contemplated by the Endicott board of twenty years or more ago.

The principal subject recently under discussion was in relation to the submarine boat as part of the coast defenses. Artillery officers will not admit that the submarine boat can be successfully employed as a solution for harbor defense under any conditions, and that the best method when it is considered that the chief of artillery has devised an elaborate scheme for maintaining a corps of submarine miners, while a school in existence at Fort Totten, N. Y., for the instruction and training of officers and men in laying mines and operating them. The submarine boat will, however, have a prominent place in the plan of the new coast defense project. That much has been decided. It will be used in defense of coast forts and along the shore on the approach of an enemy. It is still a question whether the submarine thus engaged becomes a part of the army or the navy, each service being in position to claim the right of operation.

ROOSEVELT KING OF ALL DIPLOMATS

Eloquent Toast to President by Briton.

TREATY OF PORTSMOUTH REMAINS HIS MONUMENT

Four Hundred Americans Attend Brilliant Thanksgiving Banquet at Hotel Cecil in London.

London, Nov. 30.—Thanksgiving day was celebrated in London in the time-honored manner by a reunion of leading Americans at a banquet in the grand hall of the Hotel Cecil. Among those present were Ambassador Reid, Captain C. H. Stockton, naval attaché of the American embassy, and Mrs. Stockton; Major John H. Beacom, military attaché; Delaney Jay, private secretary to Ambassador Reid; and Richard Westcott, deputy American consul general at London, who represented the consulate.

Other Americans present included John I. Griffiths, consul at Liverpool; Lord Fairfax, William Buchanan, Douglas Sliven, Colonel Millard Hunsicker, and J. O. Richards.

In all, over 400 Americans were in attendance. The guests of honor included Walter Vaughan Morgan, lord mayor of London, and Mrs. Hornby Steer, the lady mayoress; Sir Joseph Cockfield Dimeale and Lady Dimeale, Hon. Alban Gibbs and Sir Henry Edmond Knight.

F. C. Vanduser, chairman of the American society in England, presided. The great hall was undrained except for an American eagle, backed up by moose, American and British flags above the seat of the chairman.

The scene was particularly brilliant because of the presence of so many women. The band played American music, and the "God Save the King" and the "Star Spangled Banner."

Mr. Vanduser proposed a toast to King Edward. Mr. Leonard, solicitor general for Canada, proposed, "The President of the United States." He said:

"Every true American must feel it an honor to be governed by a man whose name and fame not only belong to his own country, but to humanity itself, and to whom the peace of Portsmouth is a monument which commands general respect and reverence as the crowning triumph of the uncrowned king of a powerful republic who has the right to the title of diplomat among kings and king among diplomats."

Lord Dimeale proposed a toast to the American ambassador, to which Mr. Reid replied.

Mayor of Reno Dead

Reno, Nev., Nov. 30.—Mayor D. W. O'Connor died last night suddenly, after having been ill with pneumonia for seven days. The cause was one of the first to form the soil of the Tuck Meadows. He came to this state in 1849, and has lived here ever since. He was 68 years old, and until his last illness was noted for his rugged health.

Mr. O'Connor's physicians held a consultation to-night at 7 o'clock, and he died within a very few minutes following a sudden change for the worse in his condition. Mr. O'Connor was a native of Canada, and a member of the order of Elks and Odd Fellows.

Corsica Arrives Safely

The steamer Corsica, for which grave fears had been entertained, as she had not been heard from in several days, arrived in Ashland last night, having weathered the storm without serious injury.

Eight Drowned Under Ice-Jam

Vancouver, B. C., Nov. 30.—With sure death facing them, and without a fighting chance left, eight men were caught in an ice-jam at Coal Creek, below Forty Mile, Alaska, October 26, and drowned.

Benjamin F. Sinclair, James W. Sullivan, John Lund, C. Johnson and four others left Dawson on October 25 in a scow for Circle City.

LEADING POLITICIAN CALLED A GAMBLER

Is Accused of Running a Game in a Portland Hotel

Portland, Ore., Nov. 30.—Frank C. Baker, chairman of the republican state committee is accused of conducting a gambling game in the rear of the Terminus hotel. Colonel Jesse Bolton makes the charge in a suit filed in the circuit court against Baker, who is his landlord, for \$500. After his lease was made some time ago Bolton alleges in his complaint, Baker converted a light shaft in the rear into a room, making some parts of the hotel dark and gloomy and in this light well a gambling club room was kept. Baker says he has notified Baker that he must cease following ways that are dark in the hotel, and Baker's only response has been to put a new bolt on the door and take the limit of the game.

May Soon Visit Port Arthur

Tokio, Nov. 30.—It is authoritatively announced that the embassy against Americans who desire to visit Port Arthur to investigate the condition of their properties abandoned owing to the war will be removed in a fortnight.

Preacher Seeks Pardon

Seattle, Wash., Nov. 30.—Among the seven felons taken to the penitentiary tonight by guards is P. H. Nelson, a preacher, who has a five-year sentence to serve for a felony. Nelson's friends are seeking to get him a pardon, offering as one of the reasons the part Nelson played in rendering aid to Jailer Wise at the time that John Hildebrand made a murderous attack on the jailer in an attempt to break jail two months ago.

CHICAGO NOW CHAMPION OF WIDE WEST

Michigan Defeated by Narrow Margin of 2 to 0.

FINE WORK OF CATLIN RESULTS IN SAFETY IN SECOND HALF

In Most Stubborn Game Ever Seen on Franklin Field Pennsylvania

Worst Cornell 6 to 5.

Chicago, Nov. 30.—Chicago, 22; Michigan, 0.

The undisputed honor of the western football championship was earned by Chicago by the close score of two points on a safety touchdown in the second half by the splendid work of Captain Catlin, of Chicago, but also by the poor judgment of Clark, of Michigan, in trying to run back a punt of Eckersall's, which barely reached the Michigan goal line. He was thrown across the line by Catlin after he had thrown off two Chicago tacklers and two points, a safety touchdown, were recorded for Chicago, the only scoring done in the game.

The game was devoid of spectacular features. A brilliant open field play by Chicago and hard grinding, man-killing line work by Michigan was expected by the 25,000 spectators that surrounded the gridiron on Marshall Field. But the contrary was the case. Trick plays almost invariably were unsuccessful.

Eckersall, whose remarkable powers were expected at least to score for Chicago, had only one chance at a drop kick, and this was unsuccessful. Michigan's concerted offense, when hurried against the Chicago line, failed to produce the expected results.

Throughout the game the ball was in Michigan territory most of the time and not once was the Chicago goal line threatened.

In the first half Chicago made 30 yards on a safety to Michigan's 64.

In the second half Michigan made 64 yards to Chicago's 58.

This shows the amount of punting that was done, and also the splendid defense put up by both teams.

PENNSY DEFEATS CORNELL BY SCORE OF 6 TO 5

Philadelphia, Nov. 30.—Pennsylvania today defeated Cornell in their annual football game by a score of 6 to 5, the narrow margin of a goal deciding the contest. It was the most stubbornly contested game that has been seen on Franklin field this season, and it was only after Cornell had been weakened by the substitution of players that the Pennsylvanians were able to cross Ithaca's goal.

For one hour the local eleven had been held in check and really outplayed by the visitors, and it began to look as though the Cornell boys were to be victors, but after they had made their touchdown and the eleven had changed goals, Pennsylvania, aided by a stiff wind, gradually forced the ball down the field for a touchdown.

OHIO-INDIANA GAME ENDS IN A RIOT

Columbus, Ohio, Nov. 30.—The football team of the University of Indiana today defeated Ohio State University by a score of 11 to 0. The game ended in a wrangle and almost a riot, as a result of which Dr. C. E. Harris, of Bloomington, Ind., head line-man, had to be escorted to his hotel under police protection.

UNIVERSITY OF UTAH BEATS "FARMERS" OF COLORADO

Salt Lake City, Nov. 30.—In a game characterized by sensational plays the University of Utah today defeated the Agricultural College of Colorado by a score of 24 to 0.

It was a one-sided game, practically all the playing being done in Colorado territory.

UNIVERSITY OF COLORADO DEFEATS HASKELL INDIANS

Denver, Colo., Nov. 30.—The University of Colorado defeated the Haskell Indians from Kansas at football by the score of 39 to 0. The Boulder boys went through the visitors' line almost at will, but were blocked repeatedly when attempting end runs. Caley and Captain Roberts were the stars among the players. The game was noticeable for clean play.

SEVERAL LAID OUT IN GAME AT DENVER

Denver, Colo., Nov. 30.—Denver University was notoriously defeated by the state school of Mines today, the score being 47 to 0. The Mines men were frequently given to rough work and the Denver University players lay stretched unconscious upon the ground as a result. The latter team was entirely outclassed by the Golden team.

COLORADO SPRINGS WINS INTER-SCHOLASTIC BELT

Colorado Springs, Colo., Nov. 30.—Colorado Springs High school won the Inter-Scholastic championship here today by defeating the North Denver High school by a score of 16 to 11.

ALBUQUERQUE HIGH SCHOOL WINS AT THE MEADOW CITY

Special to the Morning Journal. Las Vegas, N. M., Nov. 30.—The Albuquerque High School team today beat the team from the Las Vegas High School by a score of eleven to nothing. Lemke made the star play

of the game, running 75 yards through the center for a touchdown. All the score was made in the last half, and the game was a hard fought one. It was played mostly in Las Vegas territory.

LAS VEGAS NORMAL TIES WITH SANTA FE INDIANS

Santa Fe, N. M., Nov. 30.—After one of the best football exhibitions seen in New Mexico this season, between the Las Vegas normal eleven and the team from the United States Indian school of this city, neither side scored a point and the result remained 0 to 0.

The game was a hard fought and scientific one and was witnessed by a good sized crowd.

"FARMERS" DEFEAT VARSITY BY SCORE OF 40 TO 0

ADVANTAGE IN WEIGHT PROVES TOO MUCH FOR ALBUQUERQUE

Special to the Morning Journal. Las Cruces, N. M., Nov. 29.—The Thanksgiving game at Mesilla Park between the eleven from the College of Agriculture and Mechanical Arts and the team from the University of New Mexico at Albuquerque resulted in a score of 40 to 0 in favor of the "Farmers." The advantage in weight possessed by the heavy eleven from Mesilla park completely overmatched the science of the plucky boys from the varsity, who, however, put up a game contest and did not lose without a struggle. The game was not marked by any very spectacular features. The grounds were in good condition and the weather perfect with a good attendance.

Railway Postoffice Changes.

Charles Shaefer, who has been transfer mail clerk here, received notice yesterday of his appointment to the regular run on the railway postoffice between Sacramento and Oroville, California, with headquarters in Sacramento. He succeeds Ed. Franks, who will take the run from here to Williams, Arizona. W. T. Darrow of the Albuquerque-Williams postoffice taking the position of transfer clerk here. Mr. Darrow has never fully recovered from an injury to his back sustained in the big wreck near Williams last spring, and is unable to stand the strain of a railway run.

Tranquillo Armijo On a Tear.

Tranquillo Armijo was arrested by the police last night and will appear before Judge Crawford in police court this morning to answer to various and sundry charges. Armijo spent the evening with his father getting on a glorious drunk. In one of the Railroad avenue resorts he attempted to rob a man, and in another he engaged in a vicious fight and there is no knowing what Tranquillo would have done had he not been gathered in by the authorities.

CONVICT HOLDS PRISON COMPANY'S STOCK

Gov. Folk Horrified at Tale From the Pen.

Jefferson City, Mo., Nov. 30.—Governor Folk was greatly incensed yesterday when informed that James Hale, a federal prisoner, who was removed from the penitentiary here to Leavenworth last Friday, is a stockholder in the Central Broom Manufacturing company, a corporation doing business in the prison. The stock was bought by Hale about two weeks before he was removed.

He had been here six years and is under sentence of ninety-nine years for murder committed in the Territory. He is a barber by trade, and as the United States laws prohibit the working of a federal convict under the contract system, he was in the prison barbershop, where he practiced his trade and from "time" saved money enough for the investment. While there may be no legal prohibition against a convict making such an investment, it is certainly not conducive to discipline for a convict to become interested in a convict labor contract. The stock is still in Hale's name. Warden Hall learned of the matter about the time Governor Folk did and was amazed at the disclosure.

TYPHOID GERMS.

The microscope shows that in the blood of every person suffering from typhoid the little germs can be found as shown above. They are supposed to get into the water or milk we drink. The germs multiply so that one germ is capable of producing about one hundred trillion germs in twenty-four hours. That is why if they ever get into the water supply of a town they multiply so fast that nearly everybody drinking the water comes down with the disease. There are exceptions, however, and they are the persons whose health is perfect, whose blood is pure, and liver active. When the germs get into a healthy body they are thrown off with the other poisons. Recent Chicago statistics show that one-eighth of all the deaths in the past two years in that city have resulted from pneumonia.

The best advice we can give is to put the body into a perfectly sound, healthy condition. He assured that you have rich, red blood and an active liver.

Many years ago Dr. R. V. Pierce, who is consulting surgeon to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., found certain herbs and roots which, when made into an alternative extract (without the use of alcohol), seemed to be the very best means of putting the stomach, blood and vital organs into proper condition.

This seemed to him as close to nature's way of treating disease as it was possible to go. For over a third of a century Dr. Pierce's Golden Medical Discovery has had a wonderful sale and the cures resulting from its use are numbered by thousands. It is a tissue-builder, better than cod liver oil because it does not sicken the stomach, or offend the taste. It strengthens or renews the assimilative or digestive processes in the stomach and puts on healthy flesh when the weight of the invalid is reduced below the normal.

Accept no substitute for "Golden Medical Discovery." Nothing else is "just as good."

Dr. Pierce's Pellets cure biliousness.

PASSENGER TELLS OF SCENES AT WRECK OF NO. 1 AT ROMERO

Traffic is again open on the Santa Fe and all the trains due to arrive in Albuquerque from the east and west passed through yesterday, between 2 a. m. until 2 p. m. Train No. 1, which was wrecked at Romero Wednesday, arrived in Albuquerque yesterday afternoon shortly after 2 o'clock. That part of the train that remained on the rails was pulled back to Las Vegas and there a new mail car, smoker and day coaches were put on, and a freight engine was pressed into service and the train sent out.

All of the other trains from the west had been sent ahead of No. 1 and there was a curious crowd at the depot yesterday to see the train which had been wrecked. None of the coaches, however, showed that they had been in a wreck as all of the battered ones are at the scene of the derailment.

Charles Carberry and wife, opera singers on their way from Denver to join the Empire circuit at San Francisco, were on the train. Mr. Carberry said that the cause of the wreck was bad ties, which allowed the rails to break under the weight of the train.

"We were howling along at a fifty-mile gait, with two engines, when there was a shock which threw us all from our seats. The train was crowded and for a time pandemonium reigned. The second of the two engines had left the rails and turned over and Engineer Bracketts was pinned under his engine, badly crushed where he was scalded to death. It was most pitiful to behold through the steam came out of the boiler in such volumes that it was but for a moment at a time that we could see him. He would stretch out his arms toward the crowd and appeal for some one to pull him out and his sufferings were most horrible to behold. bystanders tried to pull him out, but he was pinned tightly under the engine and it was not until jack-screws were brought and the man was dead that he was taken from under the cab and boiler head.

"Two others were hurt, both natives. One had his ankle sprained and another had his finger mashed between two seats when the shock came. It was an exceedingly lucky wreck. There are seven cars in the pile-up and it was necessary to build a shanty around it.

"There were many amusing scenes. A fellow who had a dog in the baggage car found both the dog and the baggage man under a pile of trunks in one end of the car and neither was hurt. A bunch of foreigners who were in the forward car did much wallowing because of demolished lunch baskets, lost grub and broken bottles."

RESIDENCE: CORNER WALTER AND SANTA FE ST.

GO TO BELEN

The Future Railroad Center of New Mexico

Located on the Belen Cut-off of the Atchison Topeka & Santa Fe Railway

The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico

The Belen Town and Improvement Company

(INCORPORATED)

ARE THE OWNERS OF THE BELEN TOWNSITE, Consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues, RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long, (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.

THE CITY OF BELEN

Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Trunk line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICES AND TERMS EASY. One third of purchase money cash; two-thirds may remain on note and mortgage for one year with interest at eight per cent per annum. Title perfect and warranty deeds given. COME EARLY IF YOU WISH TO SECURE THE CHOICE LOTS. For further particulars and prices of lots call in person or write to

SANTA FE CENTRAL HAS BEEN SOLD JUST ONCE MORE

This Time the Rio Grande
Is Doing the Gobbling.

PUEBLO DISPATCH SAYS
NEGOTIATIONS ARE NOW ON

Another enterprising railroad editor has sold the Santa Fe Central. This time the Denver and Rio Grande has gobbled it. A Pueblo dispatch says: It has been learned that the Denver and Rio Grande railroad is negotiating for the purchase of the Santa Fe Central railroad in New Mexico, the possession of which will make it possible for the Gould lines to have a complete road from Colorado to the Gulf.

It is understood that the Rio Grande, in purchasing the Santa Fe Central, has in view the establishment of its own connections of the Gulf before the completion of the Western Pacific railroad, now being built from Salt Lake to California.

The Santa Fe Central road extends from Santa Fe, N. M., to Torrance, by making traffic agreements with the El Paso & Northeastern railway—a Phelps-Dodge line—from Torrance to El Paso, the connections will be completed. The present southern terminus of the Denver and Rio Grande is Santa Fe, N. M., so that by using the route of the D. & R. G. to Santa Fe, the Santa Fe Central tracks to Torrance, the tracks of the El Paso & Northern from Torrance to El Paso and the Texas Pacific to New Orleans, the Rio Grande will have direct connections with the Gulf, and over its maintained by the Gould family.

A number of new lines are pending pending to connect Colorado with the Gulf of Mexico, some of which are the Colorado, Oklahoma Central & New Orleans, the Pueblo, Oklahoma & New Orleans, and the extension of the Colorado & Southern. Work has already been started on the latter extension.

One thing certain is that Pueblo has been mentioned and placed upon the map of the new railroad plan, to build to this city from the Gulf, while the other lines that contemplate extensions already use Pueblo as their terminal, and whether but one or all the lines are completed, this city will be greatly benefited.

PROF. LOWELL HAS FOUND OUT ALL ABOUT MARS

Boston, Mass., Nov. 30.—Prof. Percival Lowell, director of the Flagstaff, Arizona observatory, addressed the secretary of the Massachusetts Institute of Technology last evening on "Recent Researches on the Canals of Mars."

The telescope through which the recent observations of the planet were made, is a twenty-four inch glass and the most space-penetrating of any in the world, he said. Through the telescope Mars was the most superb object that could be imagined, and there was no woman who would not give up her jewels for the effect.

Professor Lowell differed with Professor W. H. Pickering, who announced in 1892, that he had discovered forty lakes upon the planet. The speaker said that the observations at Flagstaff showed that the dots observed by Professor Pickering were there, but that they were not lakes. "The number of the dots has increased to 400, as shown upon the disks, and they were recognizable today."

The whole surface of the planet was triangulated by lines which were believed to be canals. These lines showed no width, being just as fine as a telegraph wire appeared against the sky. Experiments with telegraph wires proved that these lines upon Mars could be a quarter of a mile wide. Double lines appeared near the equator and single ones near the poles.

There was evidence of vegetation, as dark areas showed clearer upon the disk at the season when the vegetation of our earth was at its height. It was in the fall that the areas began to get light.

The canals started at the Arctic and continued straight down to the opposite pole. He therefore believed that these canals were not natural but artificial. With everything beginning at the pole on Mars, the water had to wait until the polar caps were off. Observations determined that every oasis was classed in a double canal. The behavior of these canals could only be interpreted by an unnatural process. Professor Lowell concluded, therefore, that we were looking upon the work of a sort of intelligence.

In answer to a question of one of the members of the society regarding the atmospheric conditions on the planet, Professor Lowell said that there was so little air in Mars that astronomers failed at times to understand many things presented by the telescopes.

Opinion of an Expert.
"No accounting department, and no system can be made perfect and complete without employing loose leaf methods." Do you use a loose leaf system of bookkeeping? If not, you are losing time and money. FRIDAY MORNING, DECEMBER 1, 1905.

Interstate Divorce Late

THE Washington Star is agitating in favor of an interstate divorce law. It calls attention to the great diversity of laws upon this important subject that exist in the various states, and shows the unpleasant and embarrassing situations that arise almost daily from this cause, and then says: "The only way to prevent further complications of this character is through the enactment of federal statutes which would regulate the matter of marriage and divorce, and establish a uniform system for all the states and territories, granting to all wives the same degree of legal protection and fixing one standard of propriety in this regard. There is a greater diversity of conditions in the laws relating to marriage and divorce than in any other relation of life at present, and yet there is no more important factor in the social life of the country. The family is the basic unit, and if it is not safeguarded it is exposed to many evil influences which tend to weaken the social foundations."

Well Worth Striving For

AN END worthy of the best efforts of every patriotic citizen of New Mexico is thus pointed out by the Tucson Star: "It is within the keeping of Arizona to rival Texas the great, at least in a measure, for we have the resources, we have the courageous pioneer settlers. We have the men and women of noblest ambitions. We have the most perfect climatic and physical conditions on the continent for the development of high types of men and women."

"In this we more than rival Texas, for we have the Palestine of America, and with New Mexico merged with Arizona, what a magnificent, grand, beautiful commonwealth, worthy of the people who brought civilization out of savagery, conquered the bloodthirsty Apaches, opened the vast treasure house of the mountains, reclaimed the desert to homes and everything that means, and out of these things builded a state, the commonwealth of Arizona, 'Arizona the great.'"

"This is the work, the duty, which confronts every true, loyal, patriotic citizen of New Mexico and Arizona."

The Little Joker

FEW DAYS ago Mr. Townsend, one of the authors of the Esch-Townsend bill, said: "I am confident that the fourth section of the interstate commerce commission law, known as the 'long and short haul clause,' should be amended by striking out the words 'under substantially similar circumstances and conditions,' and what gives peculiar significance of this utterance is the fact that at the time he made it Mr. Townsend had just returned from a conference with President Roosevelt, and it is not improbable that his views reflect the convictions of the president."

"These words," said Mr. Townsend, "were inserted at the instance of the railroads, and have so emasculated the section under the decisions of the courts that it is a nullity."

The section that Congressman Townsend would amend is as follows: "Section 4. That it shall be unlawful for any common carrier subject to the provisions of this act to charge or receive any greater compensation in the aggregate for the transportation of passengers or of like kind of property, UNDER SUBSTANTIALLY SIMILAR CIRCUMSTANCES AND CONDITIONS, for a shorter than for a longer distance over the same line, in the same direction, the shorter being included within the longer distance; but this shall not be construed as authorizing any common carrier within the terms of this act to charge and receive as great compensation for a shorter as for a longer distance: Provided, however, that upon application to the commission appointed under the provisions of this act, such common carrier may in special cases, after investigation by the commission, be authorized to charge less for longer than for shorter distances for the transportation of passengers or property; and the commission may from time to time prescribe the extent to which such designated common carrier may be relieved from the operation of this section of this act."

The six words printed in capitals expose the "little joker" which the railway interests had concealed in the body of the act, and which renders the law practically nugatory.

Circumstances and conditions at a competing point are not now substantially similar to those at way points, because the roads themselves make them dissimilar by cutting prices to terminal points, but let the law be strictly enforced without this obnoxious provision, then the cut-throat competition will be stepped on all the roads, and the dissimilarity of conditions will at once disappear.

About Jerome

IN AN ARTICLE entitled "Character of the Man Who Defeated Tammany and the Republican Organization Single Handed," Albert Britt, writing in Public Opinion, says of William Travers Jerome: "In the first place, he is not a perfect man, as he would be first to admit. He smokes cigarettes, which is a serious fault in the eyes of some, and he drinks whisky when he happens to feel like it. His language is at times more forcible than elegant, and his conduct is on occasions more violent than many good judges think necessary. When as a judge of the court of special sessions he was convinced that gambling was going on too openly in New York city and that the police force was apathetic, if not worse, he organized a band of axmen and broke down doors, holding court afterward seated on a table with a cigarette in his mouth. In his campaign four years ago he made more sensational statements, backed up with proof, than the good people of New York had heard before in many years, and many of these good people prophesied defeat for the whole fusion ticket in consequence. The prophets were doubly confounded when they saw the incubus transformed into a dynamo charging the whole organization with the electric sense of victory."

IF CONGRESS hadn't offered us such a vast quantity of land and the five million dollars in cash in our joint statehood bill, and we had sent on a big delegation from both territories to secure something of this sort, and they had succeeded half as well as that, the chances are that both territories would meet the delegations on their homeward journey with brass bands and a special train; so great would be the joy, yet Mr. Rodey alone succeeded in getting twenty-four million acres of land, five million dollars in cash, and one hundred and fifty thousand dollars to pay the cost of the election, and one there are monstrosities in the proposed new state which object to such an offer.

Miguel's turkey was tough.

McCurdy should have tumbled and resigned a year ago.

Evidently the Squawk is taking another "rest."

The territory will wait with interest for Gov. Hagerman's tiger hunt.

"Who said Gang?" And the Optic immediately sits up and takes notice.

Assay Thief Adams showed that there is more than one way of getting "the dust."

The doom of football is sealed. Biz Jim Jeffries says it's full of barbarism and he wouldn't play for \$1,000 a minute.

The Tucson Citizen has an editorial headed "A new word wanted." Evidently the anti have run out of epithets to apply to the joint statehood agitators.

The Almanac says the "Non-partisan statehood ring" is ready to fight. The ring now includes all the intelligent citizens of the territory except the office-holding push.

The dispatches say that Ho feels hurt at the way the Korean treaty has been discussed. One wonders what is the nature of his feelings in regard to that stone that hit him.

A deep and oppressive silence emanates from the Santa Fe Almanac regarding the governor's message. In Spanish which was paid for in the dim past, and which is still "just going to press."

A dispatch from bleeding Russia says the workmen are reduced to such desperate extremities they have to pawn their clothes. Which shows that it isn't so bad over there after all. Lots of us have been reduced to that extremity.

In the effort to square itself, we wonder what the New Mexican will now have to say about "candidates for governor that are supported only by democratic papers."—Roswell Record.

The acrobatic Almanac will have no trouble in getting around a little thing like that.

A Pecos Valley editor says there are better writers on some of the territorial weeklies than on some of the dailies. This is an eminently just observation. But just compare, for instance, the Industrial Advancer and the Evening Citizen, or the average Sunday school paper and the Santa Fe Almanac.

The Roswell Record refers to the decadent "close corporation" government of New Mexico. Incorporators: Miguel Otero, H. O. Ransom, M. Frost, et al. Principal place of business, Santa Fe. Term of existence of company, as long as the people would stand for it and the president didn't get next. Object of corporation, to do anything and everything possible at all times.

The latest converts to the joint statehood movement, as is well known, are: Jim Slag, Chinese cook at Domingo station near the pueblo of Santo Domingo; Ventura Calabaza, deposed chief of the Cochiti pueblo; Togo Yama-Gato, the Japanese restaurateur and boarding house man on the Helen cut-off, and Tom Green, the colored Albuquerque bootblack.—Santa Fe Almanac.

Poor Almanac! It is feared it will never be converted—as by its own list the converts to date are so vastly its superior in intelligence.

Dandruff Is Caused by a Germ That Saps the Hair's Vitality.

It is now a settled fact that dandruff is caused by a germ. Falling hair and baldness are the result of dandruff. Dr. R. J. Beardsley, of Champaign, Ill., got hold of the new hair preparation, Newbro's Herpicide—the only one that kills the dandruff germ. He says: "I used Herpicide for my dandruff and falling hair and I am well satisfied with the result." Dr. J. T. Fugate, of Urbana, Ill., says: "I have used Herpicide for dandruff with excellent results. I shall prescribe it in my practice." Herpicide kills the dandruff germ. Physicians as well as the general public say so. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

A REGULAR CIRCUS

Trying to Give a Little Girl Cod Liver Oil.

An interesting incident was told in J. H. O'Reilly's drug store the other evening.

A man came in and bought a bottle of Vinol and while waiting for change engaged the clerk in conversation.

Said he: "We were told to give our little girl cod liver oil. I bought a bottle and took it home. We had a regular circus trying to get the child to take it. Then it did not agree with her at all, the oil upset her stomach. She did not get any better, so I told the doctor how we had failed, and he at once recommended our Vinol, saying that it contained all of the curative, healing and strengthening properties of cod liver oil, without a drop of oil, and that children all love its taste."

"I took home a bottle and we began to give it to our child right away. She said it was delicious and wanted more. Almost from the first dose we noticed a change, and she has gained flesh, strength and appetite and sleeps well every night."

"I don't believe anyone should give a delicate child old-fashioned, nauseating cod liver oil or emulsions when Vinol is so delicious, and it will do so much more good than any other tonic. It is simply a wonderful medicine for weak, puny children, and I am recommending it to my friends."

"We guarantee Vinol will make weak, puny children strong, robust and rosy, strengthen and invigorate old people and build up the run down, tired and debilitated as nothing else can. If it fails we willingly return every dollar paid for it." J. H. O'Reilly & Co., Druggists.

SEALSHIPT OYSTERS

PURE FOOD

The only absolutely fresh, wholesome, appetizing oyster ever sold in bulk. They are practically shell oysters as they are merely slipped from their own shells into a porcelain-lined case which is sealed, thus forming a shell on a large scale. All the piquant "half-shell" flavor, the delicate tang given by the salt water, the smooth fineness, the nourishing quality, the natural color, are fully retained. No preservatives are ever used. FAVORS SOMETHING TO TAKE THE PLACE OF THE SALOON

Judge Abbott Makes Strong Address at Union Service.

WORKINGMAN NEEDS PLACE OF AMUSEMENT AND RECREATION

Attorney Klock Also Makes Good Speech on Work of Associated Charities—A Big Meeting.

At the close of the union Thanksgiving service at the Elks' theater yesterday morning Judge Ira A. Abbott, of the district court, addressed the large audience on the work of the Associated Charities of this city and on the subject of charity in general.

Judge Abbott made a forceful speech on the need of looking after the man who has need of a place of amusement and recreation aside from the saloon.

"I am told the saloons are closed in this city on Sunday," said the judge, "but when the saloons are closed what have we done for the large class of workingmen and others who frequent saloons and gaming places purely for the sake of sociability? We have done nothing. Here is a grand opportunity for a work which comes within the aims of the Associated Charities organization. The greatest need of the city is that a place be established for this class where men can smoke and enjoy innocent games and social intercourse under the auspices of such a body as this."

"The men who frequent saloons on Sunday are not the class that attend the churches. The first step in approaching such men as these is to furnish them a place where their craving for social intercourse can be satisfied. If attractive rooms are available where such men can feel that they are welcome the saloon will lose half its patronage."

Touching upon the tramp nuisance Judge Abbott said: "The American people are the most progressive and the most prosperous and at the same time the most extravagant. What nation in its senses would keep on hand a standing army of tramps numbering tens of thousands? Yet that is the present condition in this country. This is very largely due to unwise and misplaced charity, and the alms given to a tramp too often does him an injury rather than aids him."

Attorney George S. Klock also made an address on the work of the charities at the service and his speech was an unusually eloquent effort. Mr. Klock dwelt upon the abuses of charity, how often it is injudicious and does more harm than good, and the effectiveness of wise charity.

The ministers who took part in the service were Rev. H. A. Cooper, of the Presbyterian church, Rev. Mr. Rollins, of the Lead Avenue Methodist church, Rev. John W. Barron, of the Congregational church, Rev. W. F. Scull, of the Baptist church, and Rev. R. E. Crawford, of the Christian church.

A collection of \$20 was taken up, which will be donated to the Non-Sectarian Benevolent society for the purpose of charity, as has been the annual custom at the Thanksgiving service.

The meeting was well attended, the big theater being comfortably filled, the music was of the best and altogether the service was an extremely enjoyable one.

Besides special dinners at all the hotels, including an elaborate menu at the Alvarado, which was discussed by a large number, a great many private dinner parties were held in the city and the beautiful afternoon was the occasion of a number of driving and lally-ho parties, including the excursion in the property of the Santa Fe Investment Co. in the Highlands.

The ladies of Mt. Olive Baptist church served a turkey dinner from 11:30 a. m. to 1:30 p. m. in the clock building on Fourth street, which was largely patronized. The ladies had intended having possum and sweet potatoes for the Thanksgiving feast, but it was impossible to get them in time, so turkey, the old standby, was served in its stead. They realized a handsome sum, which will be used in church work.

Thanksgiving dinner at the Albuquerque Indian school was one of the best in years and the little Indians had all the good things that are to be had. The menu consisted of turkey, with cranberry sauce, celery, fritters, mince and pumpkin pie, apples and oranges, cakes, pudding, etc., to which they did ample justice.

The Manual Presbyterian Mission school served one of the finest dinners in years and the bill included turkey with all the necessary trimmings and all the good old New England dishes. Needless to say, the little natives heartily enjoyed the feast.

Millions of dollars a year are lost by not using Schilling's Best

tea, baking powder, spices, coffee, flavoring extracts, soda, and nobody gains by using anything else instead.

SUPERINTENDENTS OF COUNTY SCHOOLS WILL MEET HERE

FIRST ANNUAL MEETING
ARRANGED BY MR. HADLEY

The superintendents of county schools of New Mexico will gather in this city on the 28th and 29th of December for their first annual meeting. This meeting will be the result of the efforts of Territorial Superintendent of Public Instruction Hiram Hadley, who has devoted his energy to this, among other, innovations in the conduct of the territorial schools. Professor Hadley expects to have the city filled with county superintendents for the convention and it will undoubtedly prove a means of great benefit to those present. The following program has been prepared:

Thursday, December 28.
9:00 a. m.—Meeting called to order and introduction of superintendents to one another by Hiram Hadley, territorial superintendent.

9:30 a. m.—Selection of chairman, secretary and committee on order of business.

10:00 a. m.—The County Superintendent: His duties; his legal powers; his implied powers. A. J. Smith, Otero county. Discussion of above, Jose A. Torres, Socorro county.

11:00 a. m.—Teachers: Qualifications of wages of experienced, wages of inexperienced; special training for rural schools. Lee H. Rudisill, Lincoln county. Discussion of above, A. J. Fontaine, Dona Ana county; Marcelino Garcia, Santa Fe county.

2:00 p. m.—Institutes—Best time for holding; kind of work to be done; qualifications of conductors; compensation of conductors; excuses for non-attendance; length of daily session. J. M. Reid, Chaves county. Discussion of above, Leandro Lucero, San Miguel county.

3:00 p. m.—Public School Finances—Poll tax and its collection; special levies and how made; building fund, what is practicable. Alvan N. White, Grant county. Discussion of above, Dr. C. A. Leforge, Colfax county.

4:00 p. m.—Teachers' Examinations—Methods and times of holding—standards of grading; kinds of questions; length of time allowed; appeals concerning. A. B. Stroup, Bernalillo county. Discussion, J. S. Pearce, Roosevelt county.

8:00 p. m.—The School Law—What should be repealed; what should be amended; what should be enacted. C. D. Smith, San Juan county. Discussion, C. Jaramillo, Torrance county; Milton Rudolph, Quay county.

Friday, December 29.
9 a. m.—The Rural School—How can it be improved? L. F. Duff, Luna county. Discussion, Joseph C. Sanchez, Valencia county; Patricio Quintana, Guadalupe county.

10:00 a. m.—Business Meeting—Discuss permanent organization, etc. The above is only a suggested program. It can be changed to suit those who attend. I have had favorable replies from twenty superintendents. Can we not do it twenty-five? Please come with your pocket full of questions and your head full of suggestions and we shall have a good time and a profitable one. Look out for reduced railroad rates. The Educational Association is held December 26-28.

Superintendent Public Instruction.

THE BROKEN HEARTED ONES HOLD BOARDS TONIGHT AT OPERA HOUSE

"The Broken Hearted Club" and "Sarah's Young Man" is on the boards at the Elks' opera house tonight. This amateur performance, given under the auspices of the Woman's club of Albuquerque, cannot fail to be one of the big successes of the season. It is played by a company composed of the leading society people of Albuquerque and as each performer has his or her heavy of enthusiastic admirers who will be present tonight, it is expected that the house will be packed to the doors. After weeks of painstaking rehearsal and thorough study of each part, with elegant costumes in readiness and special scenery prepared, the evening promises to be one chuck full of entertainment, with not a dull moment from the first rise to the last fall of the curtain.

"The Broken Hearted Club" is so funny you simply have to hold your sides and gasp, and "Sarah's Young Man" is not a whit less exasperating. Every member of the cast is assigned a part to which he or she is peculiarly adapted and not a bit of the humor of the play will be lost in the interpretation. The dramatic personae is as follows:

"The Broken Hearted Club"
Major McCool, a retired Irish major (Mr. L. J. Wilson)
Charles Piedell (of the Inner Temple) (Mr. L. J. Wilson)
Mr. Kirk Bryan
Frank Flexor (of Guinea) (Mr. Joe Scott)

Mothers Are Helped THEIR HEALTH RESTORED

Happiness of Thousands of Homes Due to Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to every call of duty excepting the supreme one that tells her to guard her health, and before she realizes it some derangement of the female organs has manifested itself, and nervousness and irritability take the place of happiness and amiability.

Mrs. Ph. Hoffman

Tired, nervous and irritable, the mother is unfit to care for her children, and here condition ruins the child's disposition and reacts upon herself.

The mother should not be blamed, as she no doubt is suffering with backache, headache, bearing-down pains or displacement, making life a burden.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for this condition. It strengthens the female organs and permanently cures all displacements and irregularities.

Such testimony as the following should convince women of its value:

Dear Mrs. Pinkham: "I want to tell you how much good Lydia E. Pinkham's Vegetable Compound has done me. I suffered for eight years with ovarian troubles. I was nervous, tired and irritable, and it did not seem as though I could stand it any longer, as I had five children to care for. Lydia E. Pinkham's Vegetable Compound was recommended and it has entirely cured me. I cannot thank you enough for your letter of advice and for what Lydia E. Pinkham's Vegetable Compound has done for me—Mrs. Ph. Hoffman, 100 Himrod Street, Brooklyn, N. Y."

Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

JOINT STATEHOOD PETITIONS STILL COMING INTO HEADQUARTERS

At the headquarters of the Non-Partisan Statehood League in this city it is reported that petitions asking for joint statehood are still coming in. The city of Socorro has sent in another petition in addition to the first one transmitted, and this has been forwarded to Senator Beveridge. Several precincts in western Socorro county also have sent in petitions and Cerrillos and Santa Rosa have both applied for more petition blanks. Additional petitions have come in from Las Cruces and Dona Ana county and all parts of the territory seem to be making a last determined pull together for statehood at the hands of the coming congress.

NEW COMPANY TO COMPLETE LOW LINE CANAL PROJECT

Known as Rio Grande Land
Water and Power Co.

AMPLE CAPITAL SECURED TO
FINISH IRRIGATION SYSTEM

It is now expected that the old low line canal project to irrigate lands on the high ground east of the Rio Grande will be pushed through to completion. A company has been incorporated known as the Rio Grande Land, Water and Power Co., which will take charge of the holdings of the old company and proceed with the work of constructing this big irrigation system.

The low line ditch was abandoned years ago by the Albuquerque Land and Irrigation Co. after that company became insolvent. The project was to take water from the Rio Grande at the White Rock Canyon, thirty miles north of Albuquerque, and conduct it through a series of canals down the course of the river on the mesa above the valley, thus making irrigable thousands of acres of land. The completion of the project would have the effect of making farming lands out of the mesa east of this city, where now water can only be secured by means of deep wells and the successful execution of the scheme would mean much to this city.

E. W. Schutt, of the Schutt Improvement Co., is one of the incorporators. The Schutt Improvement Co. built several miles of the canal for the irrigation company, and lately secured a judgment in the local court against the latter concern for \$10,000 on construction work. The holdings of the old company were sold to satisfy the judgment and bought in by Schutt.

Plans for the completion of the project are not fully decided upon but it is understood that it will be carried out practically as originally planned. Plenty of capital is in sight, according to the incorporators of the new company. The latter are A. W. Hoffman, E. W. Schutt and W. B. Childers, all of Albuquerque. The capital stock of the company is placed at \$1,000,000, divided into 10,000 shares of the par value of \$100 each, with the amount of stock taken by each incorporator as follows: A. W. Hoffman 3 shares; E. W. Schutt, 8 shares; and W. B. Childers, 8 shares, making a total of \$2,400 subscribed. The term of the existence of the company is fixed at fifty years. The principal place of business is at 111 West Gold avenue, Albuquerque, and the principal agent is the Corporation Organization and Management Co. The announced object of the company is to conduct a general land, water and power business.

BANKER HAS INDIAN BANK ROBBER FOR VALET

BAIRD HAS ADOPTED WELL
KNOWN CHEROKEE DESPERADO

A. M. Baird, of Tulsa, Indian Territory spent yesterday in the city and left last night for his home. Mr. Baird is a prominent banker and capitalist of Tulsa and has been at El Paso on business matters. He spent yesterday with several friends and acquaintances in this city. Mr. Baird is much pleased with the southwest and with Albuquerque in particular.

"Pressing business calls me home," said he at the train last night, "but otherwise I would like to remain here for a week or more."

Mr. Baird has quite a novel valet, who is Henry Starr, former leader of the famous Starr gang of bank robbers, who for years about the early '90's terrorized Oklahoma and the Indian Territory with their daring crimes. Starr, who is now thirty-four years of age and a full-blood Cherokee, is a very modest appearing Indian, but his eye has the glint of the determined character for which he is noted. He is quiet and unassuming and Mr. Baird states that he is a very well behaved man. Mr. Baird took a liking to young Starr and after he had served a portion of his sentence for bank robbery secured his pardon and has to all intents and purposes adopted him. He has an excellent education and Mr. Baird has become much attached to him. Mr. Starr refused to be interviewed in regard to his life as an outlaw. "That is so long ago," said he, "that I have forgotten about it."

Gogallon Club Dance.
The Gogallon club gave one of the most brilliant dances of the season last night in the Elks' building and fully a hundred couples were on the floor during the evening. The rooms were handsomely decorated and the society people of Albuquerque were well represented in the crowds that moved back and forth across the floor. The Woodmen's orchestra furnished the music and that well known musical organization was at its best. The reception committee consisted of Messrs. William H. Pratt, Joe Scotti and H. W. Maffett.

The Gogallon club while of comparatively recent organization, has scored several social successes since it was formed, last night's ball being conspicuously the most brilliant.

"Better be half an hour too soon than half a minute too late," so saith Mr. Moggridge, so saith all of us when it comes to being in your seats at 8:30 Friday evening, December 1.

HOLIDAY SEASON

The one time of the year, the time when everybody forgets about hard times and other troubles and turns himself loose to give the other fellow a good time, is almost here, and the question: "What shall I give?" will soon be heard on every side. Many people wait until about 11 o'clock Christmas Eve and then rush into the first store they come to and holler, "Gi'me something to make a present with," grab the first thing offered, and ever after regret that more time was not spent in making a selection. The time to buy Christmas presents is while stocks are complete and not sorted over, and that time is long before Christmas day. In order to save its friends and customers regrets

¶ And for those who desire to give useful as well as nice articles we have the finest line of Shoes in the Southwest.

¶ For the little folks we offer the nicest line of Dolls in the city. If you doubt the statement take a peep at our show window, that will convince.

¶ In Toys a display will be made about December 1st that will please everyone. In connection with the Toys we will have some Talking Machine bargains to offer that will more than pay for the looking.

¶ Other good things for holiday presents will be offered in the way of Dress Goods, Ladies' & Gentlemen's Furnishings and other useful articles.

¶ This is simply an advance announcement, and details will follow from time to time in this space, which will give full particulars as to the qualities and prices; the great consideration at this time is: Don't forget that the store under **THE BIG GLOBE SIGN** will be able to care for all reasonable Christmas wants with the right goods at the right prices and at the right time.

AN OPEN LETTER

To Our Patrons and Friends

We have entered into a contract with Mr. Geo. W. Hickox, agreeing to sell to him our Jewelry Business, including stock, fixtures and good will, Jan. 1, 1934. One strong feature of our agreement with Mr. Hickox is that we promise to reduce our inventory large and complete stock to the lowest possible point before that date and with this end in view, we will begin, Saturday, Nov. 4, a SPECIAL CLOSING OUT SALE to continue until Dec. 31, at which time we positively retire from the jewelry business, having arranged to go into the manufacturing business in British Columbia.

Our business in Albuquerque has increased steadily year by year, and grateful for this, we propose for the next two months, to cut out the big end of our profits and to give you such a genuine bargain sale of really fine, high-grade goods, as never has been offered in our city.

We invite you to make your selections now and avoid the rush of the December trade. We have ample vault-room and will gladly lay aside the goods you select, until you are ready for them. We have been in the Jewelry business 26 years, and have never yet advertised a fake sale. In this sale we will offer you rare bargains in Diamonds and Fine Watches. Every sale will be backed by my personal guarantee. Mail Orders solicited and satisfaction assured.
