CONGRESS IS ROLLING UP ITS SLEEVES

Preparing for a Strenuous
Winter's Job.

NOTHING BUT PRELIMINARIES
ON PROGRAM THIS WEEK

Emergency Appropriation for Canal
Will Be First Item After Presi-
dent's Message Is Heard.

Washington, Dec. 3.—Nothing but preliminary work will engross the attention of the senate this first week of the session. The senate is already organized, as it is a continuous body, and beside, there was a special session last spring, when new senators were sworn in. Senators Brandegee, of Connecticut, Warner, of Missouri, Frazier, of Tennessee, and LaFollette, of Wisconsin, have not yet taken their oaths. The two former had not been elected when the special session adjourned.

Monday will be a very short session, and the senate will adjourn out of respect for the late Senator Platt, of Connecticut, as soon as the necessary formalities for the beginning of the new congress have been concluded. Tuesday the president's message will be received and read and Wednesday is likely to be devoted to the introduction of the bills. A short session will be held Thursday and the senate will then adjourn until the following Monday.

It is likely that a republican caucus will be held Tuesday or Wednesday for the purpose of authorizing the appointment of a committee to fill committee vacancies in the senate and for the selection of steering committees for the session. It is expected that the committee vacancies will be filled very early in the session.

If the house of representatives should pass an emergency appropriation for the Panama canal, the senate will at once take it up and pass it, but this measure is not expected in the senate until the second week of the session.

HOUSE MAY TAKE UP EMERGENCY APPROPRIATION

Washington, Dec. 3.—Very little beside the organization of the house will be accomplished the first week of the session, although it is possible an emergency appropriation for the Panama canal may be passed the last of the week. Until the committees are appointed, such a bill would have been considered by unanimous consent or under special order. It will depend on the needs of the canal finances whether the emergency appropriation will be rushed through this week or go over until next week.

The leaders of the house have been informed that the emergency appropriation will not be needed until December 25th and consequently the bill may not be passed until next week. Monday will be taken up with the election of the speaker and other house officers. There will be those nominated by the republican caucus last night. It is already understood that the rules of the last house will be adopted after the members have been sworn in. The biennial lottery for seats will be the interesting occasion on the first day, and at its conclusion adjournment will follow. Tuesday will be devoted to the president's message and that will probably close the real business of the house for the week.

Speaker Cannon has not yet completed his committee, but it is expected he will be ready to announce them early in the session. Bills will be introduced every day that the house is in session from the beginning and five of the bills are referred to the committees when appointed. It is expected that many important propositions will be presented during the days of the session.

BURNING THE LODGES OF INDIAN SEALERS

Tribesmen Mourning the Loss of

Victoria, B. C., Dec. 3.—The steamer Queen City from Vancouver Island coast points reports that sorrowing tribesmen are burning the lodges of the Indian sealers, the sealing schooner Pawa, and burning totem on the rocks along shore to mourn the missing sealers. No news has been received of the schooner which is given up as lost.

The report made by the schooner Maid of Orleans at Port Townsend recently that the schooner foundered on November 16th off the northern part of Vancouver Island is disproved by the Queen City, which was in that locality on the 16th, when a moderate southeast wind was blowing.

THE ANNUAL SIX-DAY BICYCLE RACE HAS BEGUN

Sixteen Teams Enter Contest at New York.

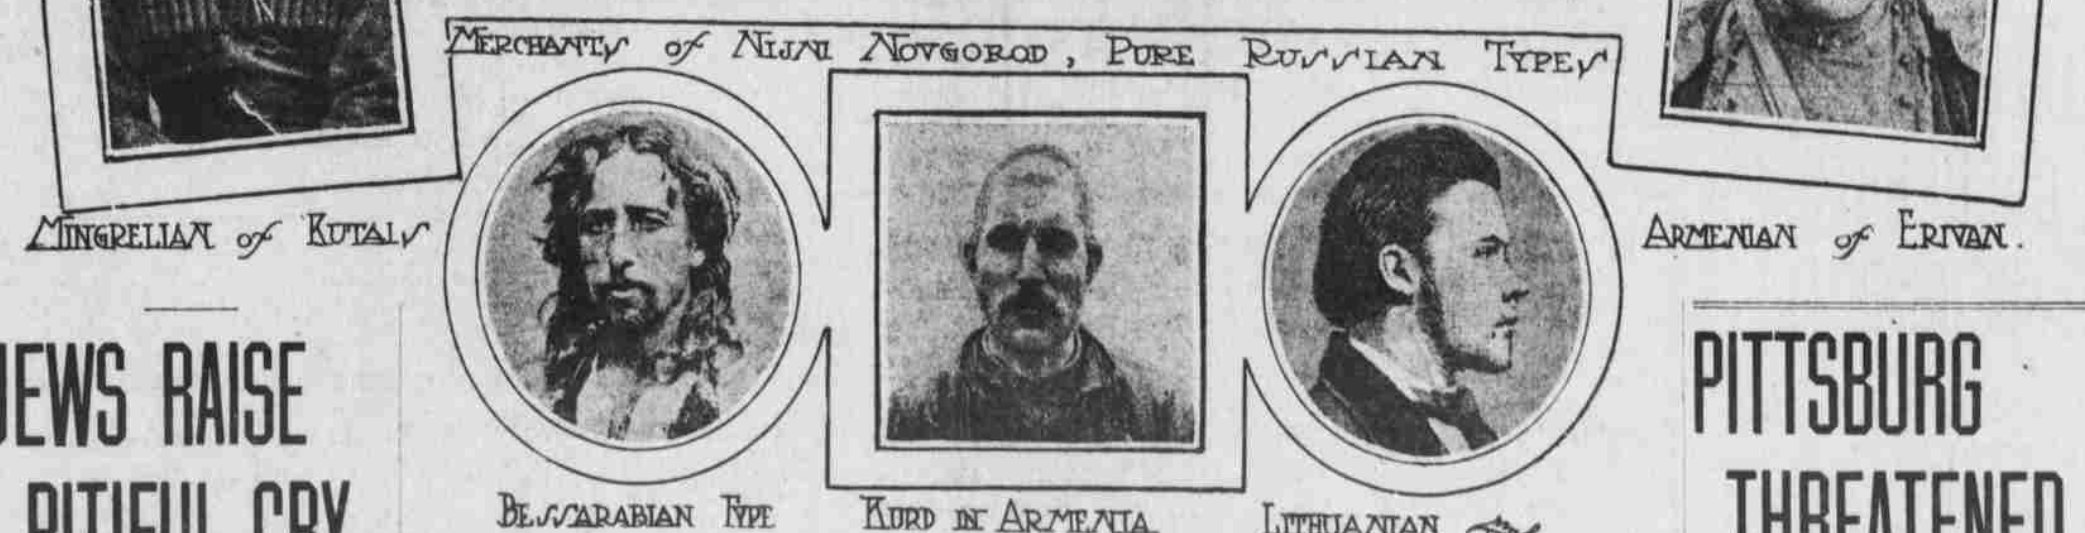

New York, Dec. 3.—The thirteenth annual six-day bicycle race was started in Madison Square Garden tonight with sixteen teams of two riders each competing. Five of the teams are composed of foreigners and many of the riders both from this country and abroad are making their first appearance in the six-day contest. A large crowd gathered in the garden when, shortly after midnight, the riders were called to the start.

Exactly at twelve o'clock the start gun was fired and the contestants were sent on their journey, which will end at midnight next Saturday.

Keep Out Foreign Cattle.

Berlin, Dec. 3.—The recommendation of the minister of agriculture that the frontier be opened for the importation of foreign cattle has been rejected.

TYPES OF RUSSIA'S MILLIONS WHO ARE RISING AGAINST OPPRESSION

JEWS RAISE PITIFUL CRY FOR RESCUE

Appeal to Nations to Save
Them From Massacre.

TROOPS BURN FOR REVENGE
KAULBARS IS HELPLESS

Odessa, (undated). (Sent by special courier by way of Podwolszyska, Galicia, Dec. 3).—This dispatch is sent at the request of the Jewish community, which fears a fresh massacre by the local garrison. It is asserted that a proclamation is being circulated in all most every regiment, calling on the soldiers to exterminate the Jews and to destroy the newspaper offices in revenge for groundless accusations against the troops of their participation in massacres and pillage and in the protection of rowdies.

This is exciting the population against the army. The Jews assert that the officers deliver anti-semitic speeches in the barracks after removing the Jewish soldiers and that Governor General Kaulbars himself has confessed that the officers are burning for revenge on the Jews and that he is unable to guarantee the preservation of order. In view of the fact that this city is entirely cut off from St. Petersburg and thus is altogether in the hands of the local authorities, the Jewish community implores all civilized nations and their governments to take all possible measures at St. Petersburg to prevent a catastrophe which may exceed anything that has yet occurred.

ODESSA SEETHES WITH REVOLT.

SEBASTOPOL IS PANIC-STRIKEN

Vienna, Dec. 3.—The Tagblatt publishes a communication from Odessa which was mailed to Podwolszyska, Galicia, from which point it was telegraphed. It reads as follows: The Jansell and Donau regiments stationed at Odessa have mutinied, but the authorities succeeded in disarming all the men.

An order issued by the minister of education, Count John Tolstol, prohibiting Jews from entering the university, was ignored by the faculty, which had the streets placarded with notices to the effect that the university was "open."

PAULIN IN SEBASTOPOL.

Advices from Sebastopol declare that the panic there is increasing. The members of the so-called military party are holding meetings in all the barracks and this fact greatly increases the anxiety for the future. A dispatch from Cracow, dated today, says that news has been received from Warsaw to the effect that many families are hurriedly leaving that city. The banks doing German and Austrian business in Warsaw are meeting many calls for immediate payment of considerable sums.

\$12,000 Terre Haute Fire.

Terre Haute, Ind., Dec. 3.—The factory of Stahl, Urban and company, manufacturers of workmen's clothing, was destroyed by fire today. Loss \$12,000.

Terrible Eruption Impends From the Rumbling Volcano of Anarchy

St. Petersburg, Saturday Evening, Dec. 3.—(By Courier to Edytshonen, East Prussia, Dec. 3).—There is perceptible a more confident feeling in government circles tonight. It is believed that the danger of an immediate general political strike and railroad tie-up is past, and that the workmen's council will stand by a compromise under which the government and private factories will be opened. This will leave the hands of the government free to deal with the telegraphers, M. Sevidenoff, superintendent of posts and telegraphs, tonight issued notice to all telegraph and post employees that unless they returned to work tomorrow they would be discharged and their places filled. The prefect of St. Petersburg also issued a proclamation warning working delegates and agitators that any attempts to dissuade the employees of public or private concerns, by violence, to leave the factories, mills or other public institutions, would lead to their arrest and fine of \$250, and imprisonment for three months.

Furthermore, the government has received reassuring news concerning the new outbreak of troops in the Baltic provinces. M. Petrunkevich, president of the Moscow agricultural society, and his colleagues at the invitation of Premier Witte participated in the sitting of the council of ministers this afternoon when the election law was discussed. This was reported favorably, but nevertheless it is realized that the situation may at any moment change for the worse and the leaders of the revolutionaries and socialists, who seem to hold the fate of the country in their hands, suddenly alter the plans.

A Flimsy Explanation.

The government version of the arrest of the soldiers of the guard at Tsarskoe-Selo places an entirely new complexion on the affair. According to this version the soldiers were incensed at the mutiny at Sebastopol, and at the public insults to which they were constantly subjected, even in the streets of Tsarskoe-Selo, and they demanded to be led against the revolutionaries in the capital. When their officers tried to quiet them the men became so obstreperous that they had to be arrested.

The reactionary influences at court and the imperial guard are making desperate efforts to unhorse Count Witte, to proclaim a dictatorship and to fight the revolution with bullets and bayonets. Their candidates for dictator are Count Alexis Ignatieff and General Skalon, governor general of Poland.

The air is filled with stories of alleged revolution at the palace Friday, in which the Grand Duke Boris is said to have attempted the life of the emperor. These stories are untrue but it is considered a revolution is liable to occur in the palace at any moment.

Count Witte still declines to confer with the telegraphers, saying that the government is not prepared to yield equivalent to its abdication at their order. Nevertheless the surrender of the government to their demand for the dismissal of Mr. Durnovo, acting minister of the interior, is regarded as inevitable.

Instructions as to the governors and local authorities are being sent with great difficulty over the railroad telegraph lines. A number of Russians were seriously wounded by an explosion here today while they were preparing bombs in private residences.

FIFTY MUTINEERS KILLED IN FIERCE BATTLE IN KIEFF

London, Dec. 3.—The Daily Mail's Kieff correspondent in a dispatch dated December 2 and forwarded by way of Podwolszyska, says: "Early yesterday morning a company of sappers disarmed with the marine commander, mutinied and persuaded a second company to join them. They left the fortress fully armed and by threats compelled the remainder of the sapper's battalion to join them. Numbering a thousand, the mutineers marched to the barracks of the 125th Kursk infantry, which, however, remained loyal. Jewish musicians marched at the head of the mutineers. Several attempts were made to induce other troops to join them, but these likewise failed.

A body of Cossacks allowed the rebels to pass them in the street. Finally the mutineers arrived at the barracks of the artillery division and the Azoff infantry regiment. The Azoff men answered their appeal with insults, and the rebels opened fire upon them. The Azoff men answered with three volleys. A portion of the mutineers fled, but others continued firing. The Azoffs replied with deadly volleys, and finally the rebels fled headlong, throwing down their arms. Two hundred of them surrendered and were conveyed to their barracks by Cossacks. All was over by 2:30 o'clock in the afternoon.

Fifty dead and a hundred wounded mutineers were left on the ground. A court martial has been convened and a notice issued that any further attempt at mutiny will be quelled by artillery.

RESPONSIBILITIES AT REVAL ARE REPORTED IN OPEN MUTINY

St. Petersburg, Dec. 3.—The banks here are having all the ordinary letters directed to them from the postoffice at Edytshonen by their own messengers during the temporary interruption of communications.

REPORTS OF MILITARY OUTBREAKS IN THE BALTIC PROVINCES, PARTICULARLY AT REVAL,

where the reservists are said to be in open mutiny. Confirmation of these reports cannot be obtained. Citizens from Nikaleff, Ekaterinograd and Odessa arrived today, bringing over-

MUTINY REARS UGLY HEAD ON EVERY SIDE

Fifty Rebels Slain on Streets

FIERCE OUTBREAK AT REVAL
SEBASTOPOL IS IN TERROR

Temporary Lull in Strike Troubles
Forgotten in Alarming News
From Provinces.

whelming evidence of the connivance and even the participation of the military and police in anti-Jewish excesses. The members of the unions are greatly incensed at this and speeches have been made at their meetings calling on the proletariat to erect barricades. It is expected that a railway strike will be declared tomorrow or Monday. The latter is a holiday, which fact will enable workmen to meet and decide on a common plan of action.

FINNISH TELEGRAPHERS WILL FIGHT TO BITTER END

Helsingfors, via Copenhagen, Dec. 3.—The striking telegraphers of Finland today passed a resolution energetically protesting against any attempt to restrict their union or liberty of the Finns and expressing their determination to prosecute the strike until it is declared ended by the central union at Moscow.

OFFICERS REFUSE TO ORDER MEN TO FIRE ON RIOTERS

Paris, Dec. 3.—Undated dispatches from St. Petersburg arriving by way of Edytshonen, East Prussia, give the following information: There is great excitement among the sailors and the authorities have ordered disarmament of the warships. The officers, fearing mutiny, acceded to the demands of the sailors for the release of a workman who was arrested while he was distributing revolutionary proclamations.

Soldiers and sailors are driving about the streets, creating disturbances. Many quarters of the city are dangerous after nightfall, owing to increase in the number of unruly characters.

WILL GUARD AMERICAN EMBASSY IN ST. PETERSBURG

Berlin, Dec. 3.—A guard for the United States embassy at St. Petersburg, passed through here today. The men, who were dressed in military clothes, are believed to be from the ruler Minneapolis, which is at Travensend, England.

SCORES OF PEOPLE ARE MURDERED IN KIEFF

Kieff, Dec. 3.—There has been serious street fighting at Warsaw between the mutinous sailors and Cossacks and between Warsaw and bands of the "Black Hundred." Scores of persons have been killed or wounded. Martial law has been proclaimed.

Army Officer a Suicide.

Vancouver, Dec. 3.—Captain Alex P. Berry committed suicide here today by shooting himself through the heart. He was recently tried by a general court-martial at Vancouver barracks and found guilty of conduct unbecoming in officer and a gentleman. The order for his dismissal arrived yesterday.

Jap Press Again Free.

Tokio, Dec. 3.—The vigorous protests of the Press association finally have proved fruitful. The privy council yielded and abolished martial law and the press restrictions that have been enforced since the riots in September. All the suspended journals have been released.

The Russian cruiser Rosta, Bogatyr and Gromobol, forming the Vladivostok squadron, have arrived at Nagasaki.

The agitation in Seoul against the treaty between Japan and Korea, recently negotiated by the Marquis Ito, is not regarded here as serious.

PITTSBURG THREATENED WITH FLOOD

Ohio River and Tributaries
Are Booming.

MERCURY SEEKS ZERO MARK
AS TURBID WATERS RISE

Pittsburg, Pa., Dec. 3.—This section and the valley below is threatened with a small sized flood within twelve hours. At 12 o'clock tonight the Ohio river at the Davis Island dam was 12.12 high and still rising. At the second street bridge, the Allegheny registered 22.6 and rising. The Monongahela has about reached its height, though it is still rising slowly. The rainfall during the past 24 hours was 1.45 inches along the Allegheny valley and 1.89 along the Monongahela valley. A stage of 15 feet at this point is predicted by some time tomorrow morning and a temperature of 15 degrees above zero will prevail with prospects of going lower.

A report from Beaver, 50 miles below here at 9 o'clock gives the stage of the water at 26.7 feet and rising 6 inches at hour.

At Pittsburg the waters are creeping up into the lowlands and already a portion of the Pittsburg and Western trucks are submerged. Timely warnings, however, by the government weather bureau will enable all interested to prepare for high water and as a result the losses will be comparatively small.

At Evans, a few miles above Pittsburg, much of the town is under water tonight. All the low lying ground between Isabelle Furnace and the business section is a big lake.

At McKeesport the Dewey's wood mill and the National Tube company have water up to the first floor, but there seems no danger of a shut down.

FLOODS PLAY HAVOC WITH MORMON COLONIES

Juarez River Does Great Damage to Farms.

El Paso, Texas, Dec. 3.—George Lunt, a Mormon guide in the Sierra Madre mountains in northern Mexico, came up today and reports that the Juarez river played havoc among the Mormon colonies, being the highest since they located there twenty-five years ago. At Colonia Pacheco several houses were washed away, and in Cave Valley several farms were completely devastated. Much valuable land was ruined and the crop damage alone has been over ten thousand dollars. Many farm animals were drowned and farm implements swept away.

Koral Still in Critical Condition.

Mexico City, Mex., Dec. 3.—Vice President Koral continues very ill with typhoid fever. There is much public anxiety on account of his condition.

In Prison Thirty-Four Years.

Trenton, N. J., Nov. 3.—Libbie Garbrant, the famous woman prisoner who has been in state prison here for the last thirty-four years, is ill. The doctors and keepers at the prison here are much concerned over the woman's condition.

It is expected that when the board of pardons meets again in about a month, they will take up this woman's case. At present she has a petition before them in which she asks for her freedom, and she says she does not want to die in prison.

TRAIN NO. 9 IS WRECKED IN COLORADO

All Cars But Pullman Go
Into Ditch Near La Junta.

MAIL CLERK HAS NARROW
ESCAPE WITH HIS LIFE

Defective Rail Supposed to Have
Caused Disastrous Pile-Up at
Timpas, Colorado.

Special to the Morning Journal.

La Junta, Colo., Dec. 3.—Westbound Santa Fe train No. 9, which left La Junta at noon today an hour late, jumped the track fifteen miles west of La Junta, near Timpas, Colorado, with disastrous results. The train was making between forty and fifty miles an hour when the right front driving wheel of the engine left the rails, ditching the locomotive. The mail, baggage, smoker, chair car and tourist sleeper followed the engine into the ditch, the standard sleeper alone remaining on the track. The mail car turned over on its side, the baggage car riding on top of it, crushing it into kindling wood. The other cars remained upright. Mail Clerk Baldwin, of La Junta, was the only person injured, being badly shaken up, bruised and cut in the smashup. It was a miracle that he escaped with his life. Passengers on eastbound train No. 8 were transferred around the wreck and brought to La Junta, the passengers on the wrecked train were transferred to No. 9, and the latter train was sent back west as No. 9.

It is not known what caused the wreck unless it was a defective rail. Engineer Bourne was in the cab, but escaped unhurt beyond a bad shaking up. Conductor Hook was in charge of the train.

CRAZY WOMAN HOLDS THE FORT IN PASSENGER CAR

Lunatic With Revolver Defies All
Attempts at Capture.

Grand, Kan., Dec. 3.—Mrs. Ina Berry, who arrived here on a railroad ticket good for passage from Spokane, Wash., to Tulsa, Okla., Territory, took possession yesterday of the car on which she was a passenger, driving the other occupants out with a pistol, and is still in the car.

No efforts have been made today to capture her except by persuasion, and she has threatened to shoot if not let alone. Last night a dummy was fixed up and moved toward the door of the toilet room, which she was using as a fort and she fired a shot from above the transom, the bullet striking the dummy squarely on top of the head. The ruse was repeated, but she could not be induced to shoot at it again. During the day the city marshal received a telegram from Vancouver, which read as follows:

"Is the insane woman Mrs. Berry, daughter of Col. Ball, who has been described as 'S. T. MILLER'?"

There has been no fire in the car since it was sidetracked here and the woman has had nothing to eat unless she had some food brought her when she entered the toilet room. Officers have been made to her and baskets of provisions carried to the car, but she has positively refused to receive anything and has threatened to shoot anyone who would build a fire.

GOVERNMENT WILL HAVE TO FIGHT FOR GOLD DUST

Attachments on Adams' Property Will
Be Retained.

Seattle, Dec. 3.—Mr. George E. Adams, wife of the embassier cashier of the Seattle assay office, has employed an attorney, and every attachment of the government on Adams' property will be fought in the courts in an effort to save enough to support herself and her infant babe. Mrs. Adams has dispatched no note or word to her husband in the county jail. Her eyes, she said, are blinded, and she will believe after this the world's battle alone.

So bitter is the sentiment here against Superintendent Wing that unless he resigns his position with the assay office, Adams declares every ounce of gold brought from the north will be taken to San Francisco. If Wing does not resign within a few days it is intimated Superintendent Leach has instructions to remove him. However, this probably will not be done until the arrival of Director Hobbs.

HIGHEST HONORS FOR DEAD KOREAN MINISTER

Further Anti-Japanese Outbreaks Are
Feared.

Seoul, Korea, Dec. 3.—The emperor has directed that the highest posthumous honors be accorded Min Yung Whan, who committed suicide as a protest against the Japanese protectorate. The body will be given a state funeral.

Ex-Premier Chao and several minor officials have committed suicide in consequence of the action of Japan. On Min Yung Whan's body were found letters addressed to the foreign ministers begging them to interfere on behalf of Korea.

The gendarmes and police are everywhere on the alert to prevent a further outbreak.

There is some disposition here to connect the death of Min Yung Whan with the withdrawal of the American legation, as the Koreans had looked upon America as the most likely nation to interfere and when they realized that they had been entertaining false hopes, they became keenly disappointed.

WILL ORGANIZE ANTI SALOON LEAGUE IN NEW MEXICO

NATIONAL SUPERINTENDENT SENDS HAVENS TO TERRITORY

Baptist College at Alamogordo Will Be Supported by Territorial Association.

The sixth annual convention of the New Mexico Baptist association at Alamogordo was one of the best attended and most successful ever held in the territory.

Among the most important matters that came before the convention was the subject of the New Mexico Baptist college, in Alamogordo. Heretofore its management and mission has been under the Lincoln Baptist association. This institution formally turned the institution and its management over to the New Mexico Baptist association, thereby greatly changing its sphere of usefulness.

Following this transfer the convention immediately elected fifteen trustees, five of whom are residents of Alamogordo, and five trustees will constitute a quorum at all meetings. The names of the trustees who reside in Alamogordo are as follows: R. H. Pierce, O. J. Tamm, W. J. Pace, J. D. Pepper, and R. M. Jackson. The names of the other trustees and their postoffice addresses are as follows: W. C. Grant, Elida; J. M. Woolman, and A. N. Miller, Hazen; Dr. J. S. Pierce, Portales; H. F. Vermillion and Frank Divers, Roswell; B. T. Link, Silver City; R. F. Pope, Estancia; H. H. Ford, Las Vegas; George Brewer, Phoenix, Ariz.

At a meeting of the board of the following organization was perfected: President, Rev. R. P. Pope, Estancia; vice president, W. J. Pace, Alamogordo; secretary and treasurer, R. M. Jackson, Alamogordo.

The following resolutions were unanimously adopted by a rising vote: Resolved, That we, as a committee do most heartily endorse the action of Rev. P. A. Baker, general superintendent of the anti-saloon league of America, in sending to the territory the Rev. W. W. Havens to organize the anti-saloon league for New Mexico and Arizona. And that we ask our pastors and members to give Brother Havens all the encouragement and support in their power.

Resolved, That we appoint two delegates to the convention to be held in Albuquerque on December 23, for the purpose of organizing said league. Rev. J. W. T. McNeill and Mr. F. W. Spencer, of Albuquerque, were appointed delegates.

GALLUP NOW EXPECTS TO BE AN IMPORTANT FIRE BRICK CENTER

Gallup may within a short time be the seat of another important industry, the manufacture of fire brick from the clay banks near town, says the Gallup Republican.

There is a vast quantity of high grade fire clay almost within the corporate limits of the town. It is said that this clay will make a good quality of brick. There is a constantly growing demand for fire brick in the southwest as every smelter that is erected and every boiler that is properly set requires a quantity of fire brick. The majority of the fire brick used in this country is brought from a distance and the cost because of freight is very high. Should the proposed plant be erected there would from the beginning be a good market near at home for the product.

The proposition has gone so far that already the price of the necessary machinery has been looked up and a test made of the clay. Those who are most interested say that they believe that the project will be carried through, the company formed and incorporated and the plant installed.

Favor Vast Game Preserve. Boise, Ida., Dec. 3.—On December 15 a conference of game wardens of Montana, Idaho and Wyoming will be held at Butte. They will discuss plans for the creation of a vast game preserve in the Bitter Root mountains, embracing some four million acres, to be taken charge of by the United States government in connection with forest reserve. The warden of this state believes President Roosevelt will second a movement of this kind.

Bard's Son Disappears. New York, Dec. 3.—A special to the Herald from Brussels says: There is no news yet of the young violinist, Alfred M. Bard, of California, who mysteriously disappeared from his lodgings here October 26th. He is a nephew of Senator Thomas Bard. He returned to Brussels, stopped on the night of November 6th at a hotel in the Place Royale and took a train for Paris the next day and the police have since lost all trace of him.

PAINTER CLAIMS BANKRUPTCY. Granville Announces Inheritance of \$80,000.

New York, Dec. 3.—George H. Granville, a house painter of Montclair, N. J., has announced that he is heir jointly with his sister, Mrs. Mary Hoffman, of Detroit, Mich., to the one hundred and sixty thousand dollar estate of his uncle, Franklin Hyde, a ranch owner, of Waco, Texas. He further declares that his uncle's death also makes him successor to the British baronetcy of Granville, in Derbyshire, and that after he collects his fortune in Texas he will sail for England with his family and spend the rest of his days on his big ancestral estates.

There is no baronetcy of Granville in the British Peerage or in Whitaker's Almanac. Granville sold out his business in Montclair Saturday, and will go to Waco. He says he has a letter from Stephen Pratt & Co., his lawyers there, confirming his inheritance to the Hyde estate and a cablegram from England announcing that he is a successor to Sir Benjamin Granville, baronet, of Derbyshire.

WHAT CAME OF A LETTER.

My Dear Aunt Kate: I must tell you the good news. Right after receiving your letter, the day before New Year's I started in with new resolutions on the first of the year. I wrote to Dr. R. V. Pierce, at Buffalo, N. Y., as you requested me to do. I gave him all my symptoms, which were that I was tired—so tired—all the time and did not care to go anywhere, depressed and sad, and all ambition gone, backache and a dragged-out feeling, could not sleep, limbs feeling sore and aching. I followed the doctor's advice, which he went to considerable pains to make plain to me—to rest every day—a nap after lunch—complete relaxation—cultivate repose of mind, try not to worry, get as much outdoor air as possible, and practice long, deep breathing, expanding the lungs. Then for a uterine tonic Dr. Pierce's Favorite Prescription, coupled with a wash he told me of. I must say that after following his advice for four months I feel perfectly cured and like a new woman.

Yours affectionately, Jewel. Letters like the above are not unusual. Mrs. Koshman, of 815 Grant Ave., Schenectady, N. Y., says: "I continued with the medicine until I had taken five bottles, also two trials of the 'Pleasant Pellets,' and I was cured. I always recommend Dr. Pierce's medicines to my friends when they are not well."

"My daughter is in quite good health, thanks to Dr. Pierce's medicines. My wishes are that all who are afflicted will try them and see what good can be done for the sick," writes Mrs. Elizabeth McConeh, of Rochester, Ind.

Send 31 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., for his Common Sense Medical Adviser, 1008 pages.

HAGERMAN LAYS THE CORNERSTONE OF HOSPITAL

SPLENDID NEW INSTITUTION AT ROSWELL TO COST \$25,000

Special to the Morning Journal. Roswell, N. M., Dec. 3.—The cornerstone of St. Mary's hospital, being built by the Sisters of the Sorrows Mother, was laid this afternoon in the presence of 2,000 people, by Hon. Herbert J. Hagerman, the next governor of New Mexico. The stone was blessed with holy water by Father Herbert, who also placed coins from one cent to one dollar in the opening. The opening address was made by Mr. Hagerman, who was followed by Father Herbert. The speakers were introduced by Mayor J. F. Hinkle. The funds for the erection of the hospital were obtained by public subscription and when it is completed it will cost about \$25,000. All claims of patients will be treated, including tuberculosis sufferers. Charity cases will be given careful attention as paid patients.

If you need a carpenter, telephone Hesselnden.

Contracts taken for Cement Stone Houses and Foundations. A house built of this material is cheaper and more durable than good brick. Foundations for frame houses cheaper than common rubble stone. Let me figure with you. Drop a card and I will call. RESIDENCE: CORNER WALTER AND SANTA FE ST.

GO TO BELEN The Future Railroad Center of New Mexico Located on the Belen Cut-off of The Atchison Topeka & Santa Fe Railway The new City of Belen is 31 miles south of Albuquerque, N. M., is at the junction of the main lines of the Santa Fe system—leading east and west from Chicago to San Francisco and Los Angeles, El Paso, Texas and Old Mexico

The Belen Town and Improvement Company (INCORPORATED)

ARE THE OWNERS OF THE BELEN TOWNSITE, Consisting of ONE THOUSAND BUSINESS AND RESIDENCE LOTS, (size 25x142 feet) fronting upon 80 and 70-foot streets and avenues, RIGHT in the business center of the NEW CITY and directly upon the Santa Fe Railway Depot Grounds. The Atchison, Topeka and Santa Fe Railway company is now grading its extensive depot grounds and yard limits 800 feet wide and a mile long, (capacity of seventy miles of side track) to accommodate its NEW PASSENGER and FREIGHT depots, HARVEY EATING HOUSE, Round House, Coal Chutes, Water Tanks, Machine Shops, Etc.

THE CITY OF BELEN

Has a population of 1500, and several large Mercantile Houses, The Belen Patent Roller Mills, capacity 150 barrels daily; winery, etc. It is the largest shipping point for flour, wool, wheat, wine, beans, hay and fruit in New Mexico. From its location upon the Great Trunk line, leading North, South, East and West, to all points in the United States and Old Mexico its future growth as a Commercial point cannot be estimated. All fast limited, mail, express and freight trains will pass through Belen to Chicago, Kansas City, Galveston and the Pacific Coast. The water is good and climate unsurpassed. Belen has a \$16,000 public school house, two churches, a commercial club, three hotels, restaurants, etc. It needs right now a bakery, tailoring establishment, shoemaker, plumber, planing mill, drug store, harness shop, etc. THE LOTS OFFERED ARE LOW IN PRICES AND TERMS EASY. One third of purchase money cash; two-thirds may remain on note and mortgage for one year with interest at eight per cent per annum. Title perfect and warranty deeds given. COME EARLY IF YOU WISH TO SECURE THE CHOICE LOTS. For further particulars and prices of lots call in person or write to

The Belen Town and Improvement Company JOHN BECKER, President WM. M. BERGER, Secretary

BIG CROWD OF HOMESEEKERS TO COME NEXT MONTH

Santa Fe and Rock Island
Ready for Rush.

RATE ONE-HALF FARE ONE
WAY PLUS TWO DOLLARS

The Santa Fe and Rock Island roads are making preparation for bringing large crowds of homeseekers to the southwest in January and February of the coming year.

Unlike the other homeseeker rates which have been in effect for some time past, the tickets to be sold in January and February will be good only one way and will doubtless bring more actual homeseekers than the tickets with return coupons attached to them.

The Western Passenger association in Chicago, according to dispatches, has received the proposition of the Santa Fe and Rock Island, which is to put on a rate of one-half of the regular one way fare, plus \$2. for homeseekers.

The points to which these tickets will be sold are Texas, southwestern Missouri, Arkansas, Oklahoma, Indian Territory, Louisiana, Kansas, Nebraska, eastern Colorado, Wyoming and New Mexico.

TWO BRAND NEW PULLMANS

ON SILVER CITY BRANCH
Two brand new Pullmans, direct from the shops were put on the Deming-Albuquerque run during the week to supersede the antiquated affairs that have been in the service for years. The Pullmans are of the standard make, containing twelve sections and drawing room and are a decided improvement to the service. The new equipment for the Silver City branch will be put on next week, the delay having been occasioned by the great rush of new cars that had to be put on for the additional California trains. The equipment will consist of baggage and smoker combination car and a new modern vestibule coach with high back seats and all the latest conveniences known in passenger car building.

SILVER CITY FREIGHT

TRAFFIC HAS DOUBLED
Freight traffic into Silver City over the Santa Fe has doubled within the last twelve months, says the Silver City Enterprise. This is the best and most positive proof that can be offered in favor of the contention that prosperity has struck Silver City and this portion of Grant county, a solid plus blow from which it will take years to recover, and has given business a stimulus that is felt in all lines of trade. The smelter is responsible for the greater part of this phenomenal increase, although the freight shipments in the regular business channels also show a wonderful growth and speak well of business conditions in the town.

GILFILLIAN WILL BE

NEW ROCK ISLAND AGENT
Charles R. Gilfillian has been appointed as a contracting freight agent for the Chicago, Rock Island & Pacific railway and his headquarters will be here in Topeka. This is Mr. Gilfillian's home town and he is one of the popular young men here, says the Topeka State Journal.

For some time past he has been employed as a salesman for the Victor Coal company of Denver, Colo. He is not without experience in the railroad business by any means. He started to work in the mechanical department of the Atchison, Topeka & Santa Fe in 1888 and filled various positions in the offices of that department during the next eight years. Then he went in the traffic department and was there for two years. He next took employment with C. J. Devlin and devoted his attention to that part of Mr. Devlin's business which had to do with supplying the Santa Fe company with coal. After working in this position for a number of years Mr. Gilfillian accepted a position with the freight department of the Santa Fe as a traveling freight agent. He held this place for a couple of years and resigned it to take the position with the Victor Coal company, which he has just given up to go with the Rock Island.

SUES TREASURER OF GRANT COUNTY FOR LICENSE COMMISSIONS

Suit has been filed in the district court of the third judicial district for Grant county, by District Attorney U. M. Turner, against W. F. Fleming, former county treasurer of Grant county and his bondsmen for the recovery of certain moneys alleged to have been illegally withheld from the collection of poll taxes, liquor and gaming licenses, and moneys collected in Luna county before the division. It is understood that a similar suit will be filed at once by the district attorney against E. J. Warts, former assessor of Grant county, for alleged illegal commissions on liquor and gaming licenses, poll taxes, etc. The amount alleged to have been thus illegally withheld by former Treasurer Fleming is \$1,372.91; that withheld by former Assessor Warts is not known as the suit has not been filed, but it is understood that it will approximate this amount. The present suit will be somewhat in the form of a test case and will be watched with much interest by the public at large, especially as it is a matter of vital public importance affecting every taxpayer in the territory. The style of the suit is against Mr. Fleming in Territory of New Mexico, plaintiff, vs. John W. Fleming, M. W. Bates, Frank P. Jones, Susan E. Uhl, as administrators of the estate of the late Stefan Uhl, deceased, Clark Rodgers, Kitt Conn, H. A. Martin, Dell H. Holson, A. S. Goodell, Robert Boulware, E. J. Davidson, T. L. Stockton, Jr., John L. Burnside, Horace Hooker, E. Rosenfeld, Chris Reiths, Eli Borenstein, defendants.

THE SALVATION ARMY SANITARIUM

AMITY, COLORADO

For the Treatment and Cure of Pulmonary Tuberculosis, by a New Method, Under Direct Supervision of the Discoverer, David Wark, M.D., of New York City. Very satisfactory results have already been accomplished under the very careful observation of Army officers. This treatment, coupled with the unexcelled climate and special facilities at our Army Sanitarium, bids fair to result in the cure of thousands of cases in the first and early second stages of the disease. Applicants for admission should write to the Secretary, SALVATION ARMY, Proctors County, Colorado.

Holiday Arrangements — On payment of a small amount any article will be laid aside until wanted. All purchases will be suitably wrapped for mailing or expressing without extra charge.

THE ECONOMIST

Albuquerque's Brightest and Busiest Store

Holiday Shopping — The early holiday shopper will find here such a variety of goods as will never be greater in any stock. With Christmas only three weeks away, the necessity of holiday shopping is almost as emphatic as the many advantages of making early selections.

Our Attractive Dress Goods....

Latest Weaves and Exceptional Qualities Under-priced.

As stated in one of our early autumn ads, "we are out for a large volume of business this fall," and our very close prices are bringing us the desired result. Look over these values for this week and you will agree with us:

Broad-cloths and Venetians—Two of the most popular cloths of the season, full 52 inches wide and each cloth in a full range of colors, for handsome tailor suits. These cloths are worth and sell readily at \$1.50. Special at 98c.

Rain-proof Covert Cloths are quite the thing this season for stylish wraps and walking costumes. We carry an immense stock of these cloths, full 50 to 54 inches wide, at prices we guarantee will not be matched, at \$1.50.

New Gray Tailor Suitings—We have just received a new shipment of these very scarce, beautiful grays in high class qualities only; every yard is right up to the minute in style and quality, 48 inches wide, at \$1.15.

Plaids—We are considered headquarters for Plaids, as we carry an immense stock of all the different qualities and kinds: Cashmere and Serge Plaids in beautiful colors, with silk overplaid. The genuine Scotch Tartan Plaids, 45 inches wide, in genuine Scotch cloth, at 75c and \$1.00.

Silk Department Specials

75c Black Silk at 55c—A rich Black Taffeta, with a lustrous and lasting finish, and strong; a silk which we recommend for practical service—for skirts, yalsts, ruffles, for everything for which you would want a good black taffeta. About 500 yards, 19 inches wide. A 75c cent value for 55c a yard.

35c China Silks at 25c—20 inches wide. In all the leading shades, also black and white; just the thing for fancy work. Special, this week only, 25c the yard.

27-inch Lyons Dye Jap Silks. In all the leading 20 shades, also white and black. Special at 50c the yard.

SILK REMNANTS—An accumulation of short pieces of various kinds of silks, Taffetas, Drapery, Waist and Dress Silks; just the thing for fancy work; some enough for waists. Choice of any in this lot at 50c the yard.

Flannel Waists

Special Closing Out Sale on All Waists

French Flannels, French Chiffons and Printed French Flannels, all shades and printed designs; values up to 75c the yard. Special this week, only, 39c.

27-inch Tricot Flannel, all wool, all colors, per yd., 39c.

An Inclusive Christmas Invitation!

Whether to Admire, to Buy, to Examine or Compare—the Invitation Includes Everybody.

THE TIME UNTIL CHRISTMAS DAY is very short and we would impress you that early looking makes easy choosing. From every manufacturing center on earth we have secured their best—of fabrics, neckwear, handkerchiefs, laces, ribbons, women's outer garments, hosiery, lingerie, books, art needlework, toilet articles, stationery, and what not. We have insisted upon the finest quality, the most artistic designs, the most refined and harmonious colorings; in short, the things that are the most pleasing to the senses—not in mean assortments but in quantities that are amazing. These are reasons enough why we should invite you and why you should come. It is this practical and scientific consideration of the public's wishes and needs that not only places the Economist store high on a plane by itself, but makes it of the highest usefulness to the people.

The throngs of Christmas shoppers that are even already seeking gifts and gift ideas enable us to demonstrate to the full our willingness to be useful in putting before you the choicest, in advising, in giving you any information as to what are appropriate and new for Christmas gifts. In all the thousand and one ways that a great store like this can aid you, our best is at your command. Satisfy yourself of our earnestness—NOW IS THE TIME.

Millinery Department Clearance

Fine Trimmed Hats—An Opportune Sale

An immense range of styles was necessitated in our displays of High Grade Millinery to supply the demand of the past few weeks. Our desire to close out the remainder of our imported models resulted in interesting price reductions of these splendid hats. This opportunity will appeal especially to late choosers. The prices that will rule this most exceptional trade event are absolutely the lowest ever offered—in most instances less than one-half, often one-third and one-quarter actual value.

Hats that were \$20.00, now \$12.50; Hats worth up to \$15.00, now \$9.00; Hats that were \$12.50, now \$7.50, and about 25 Hats worth up to \$7.50 reduced to \$3.99.

Pure Linen Handkerchiefs at Prices

....Worth Profiting By....

In gauging Economist Handkerchief offerings by others, remember that ours are always on a pure linen basis; and that even then, by virtue of our large distribution, our prices are lower than those based on the part-cotton handkerchiefs, cunningly mislabeled, that are so generally sold. Of course cotton has to be used in embroidery; and most of the lace used on handkerchiefs is cotton lace; but the cloth of the handkerchiefs we sell is pure linen—unless it's part or all silk, or we state cotton. That statement applies not only to the following offerings, but to our entire stock. (And our regular prices, by the way, on staple lines of handkerchiefs, are low enough to merit an interesting story by themselves.)

Women's Laundered Handkerchiefs, hemstitched, embroidered Irish linen, 20c each; 3 for 50c. Hemstitched or Scallop Hand-Embroidered Irish linen, 25c, 50c, 75c, \$1. \$1.25, \$1.50, \$1.75, \$2.00. Lace Edged, with linen center, at 25c; 3 for 50c, 25c, 75c, \$1.00, \$1.25, \$1.50, \$1.75, \$2.00. Hemstitched, Hand-Embroidered Irish linen; put up in six assorted patterns in a fancy box, at per box \$1.50 and \$3.00.

Plain Hemstitched, all yalsts hem, Irish linen, at 5c, 10c, 15c, 2 for 25c, 20c, 3 for 50c, 25c, 35c. Plaids, Checks and Stripes, hemstitched, Irish linen, at 20c; 3 for 50c, 35c, and 3 for \$1.00. Convent Embroidered Initial Linen Handkerchiefs at 12 1/2c, 15c and 20c.

A big assortment of Ladies Linen Handkerchiefs, with several styles of initials, from small script to the large block or Old English letter, at various prices upwards from 12 1/2c. Our stocks are now complete with the best, latest and newest of Handkerchiefs of all kinds.

THE CHRISTMAS STORE IS READY AS NEVER BEFORE—READY WITH THE BIGGEST, BEST SELECTED STOCK OF HOLIDAY GOODS IN THE TERRITORY, AND ALL PRICED AT FIGURES IMPOSSIBLE OF DUPLICATION ANYWHERE.

Special Suit & Skirt Sale

(On Second Floor)

Any Suit or Skirt in the House at an absolute reduction of 20 per cent. Take your choice, absolutely none reserved. All our goods are marked in plain figures and you can do your own calculation and choose at 20 per cent less than the marked prices.

Skirts, both Silks, Outing Flannel and Knitted, will be sold on the second floor at special prices.

A special line of black mercerized, in four different styles, finished at the bottom, with narrow ruffles, hemstitched and shirred; also plaiting with hemstitched ruffle at the bottom. Special at \$1.25.

An all-silk skirt, with silk under ruffle, bottom finished with double-tucked ruffle, both black and colors. Special at \$6.00.

Skirts made of good quality Outing Flannel, finished with lace on wide hem at the bottom. Special at 75c.

Knitted Skirts, in all colors, with fancy striped border. Special values for 75c to \$1.50.

Sale of Dainty Aprons

A large collection of the pretty dainty things for tea or supper or the serviceable kind that will cover you all up when you work. They are all ready to, put on.

White Lawn Tea Aprons at 25c each and up.
White Lawn Nurse Aprons at 35c each and up.
White Lawn Plain Aprons at 25c each and up.
Gingham Kitchen Aprons at 15c, 25c and 35c each.
In fact any kind of an Apron desired is in our stock.

New Neckwear for Women

A vast and artistic showing of the latest and best conceptions for Fall and Winter wear in this line. The most desirable products of the season in Stocks, Jabots, Collars, Cuffs and Cuff Sets, Chemisettes and neck in silk, embroidery, lace and washable materials. The sizes are popular. The prices are 35c, 50c, 75c, \$1.00 and up. Extra Special showing on our center tables this week of our great specials at 25c and 50c each. Hundreds of the most desirable designs.

ALBUQUERQUE.....NEW MEXICO

MONDAY MORNING, DECEMBER 4, 1905.

Sauce for the Goose, etc.

THE New York Globe objects strenuously to a railway rate law which would permit an order from the interstate commerce commission to go into immediate effect, and its principal argument against such a feature is thus stated by the Globe:

"If a rate made by the commission went immediately into effect and was in effect during the time when the legality of the rate was under judicial investigation, the railroad could never recover its ad interim losses, even though successful in its litigation."

That is all very true. But if, on the other hand, a rate made by the commission did not go into effect until after the time when the legality of the rate was under judicial investigation, the railroad would know how to fix up, when and how would the shippers recover their ad interim losses, if successful in the litigation?

Since there is no probability that the commission or the people will ever attempt to use any dilatory tactics in such a matter, since having nothing to gain by it they have no incentive to it, and since it is practically certain that the railroads will do so, the best way to insure justice seems to be to let the rate go into effect immediately, and remain till set aside by the court.

No More Flowers

ONE feature which has been a familiar sight on opening day for many years will be conspicuous by its absence from both chambers when congress meets at high noon today—we refer to the floral offerings on the desks of members which were contributed by admiring constituents—or more likely by constituents in quest of some substantial reason for becoming "admiring." This custom finally developed such proportions that it was voted an annoyance, and now the word has gone forth that there are to be no more floral offerings displayed on the desks of senators or representatives on opening day. This will make the halls look somewhat less picturesque, but a good deal more business like, and the constituent who really appreciates the merits of his "member" can write him a letter.

His First Scoop

MR. ROOSEVELT has scored his first scoop on the newspaper men. He left Washington by the Wednesday evening train for "Plain Dealing," the country home of Mrs. Roosevelt, in Albemarle county, Va. Not a thing was known of his intention to leave the White House until Secretary Loeb, with a Thanksgiving smile announced that the president had already departed. The press associations, which usually feel that the president is not safe without their having representatives along with him, did not have the slightest knowledge of his intentions. They sent out happy stories of the quiet Thanksgiving he would have at the White House, and how he would be surrounded by the members of his family, all of them enjoying the big turkey sent down by Horace Vose, the Rhode Island man, who has furnished the Thanksgiving turkeys for presidents for more than thirty years. It was a pretty picture created by the stories. Well, that picture was smashed to smithereens, as the president ate that Thanksgiving dinner down at "Plain Dealing," far away from the view of newspaper correspondents, but surrounded by all the members of his family, just as if he were at home. He had a pleasant and quiet Thanksgiving, like other folks, and returned to the capital Friday night, rested and refreshed, with his fighting clothes on, and prepared for the trouble which begins today.

Something They Forgot

PUBLIC OPINION says bosses are stupid creatures. The only thing they really understand is the working power of money. They are helpless in the presence of an aroused public opinion that can not be bought. They forget that man, innately, is decent. They do not read history. They invariably fail to see that there is in our people something that may be called Anglo-Saxonism—something that makes King John sign the Magna Charta, something that chops off the head of King Charles, something that refuses to pay taxes to a mother-government which denies representation, something that frees slaves. The Anglo-Saxon genius is an ultimate insistence on fair play—again the "square deal." The Anglo-Saxon will not be driven; he wants to be led. And when he discovers that unconsciously he has permitted some one to drive him he stands up and asserts himself. If bosses were not stupid they would know this. If they were not stupid they would be decent. But then, of course, they would not be "bosses." A man of true foresight cannot play dirty politics.

An Effective Movement

THE Chicago Journal welcomes the action of the New York life insurance company in seeking to fight in the courts the order of the Missouri authorities excluding it from doing business in that state. The Chicago paper views with pleasure the prospect of such a legal contest, because it will be possible to use it to supplement the inquiry of the legislative committee in New York, to the public advantage of still further exposing to the policyholders the misdeeds of those in charge of their interests. The Chicago Journal declares that "such a prospect should embolden the insurance boards of Illinois and of every western state to take similar action by driving out every company which does not freely purge itself of wasteful and grasping officials," and the Springfield Republican adds "such is the temper of the country. No compromises with the old managements, no refunding of moneys improperly expended, however large, will mitigate the popular wrath. Only the retirement of the McCalls and the McCurdys and the full returning of ill-gotten gains, together with the weeding out of an army of favorites, will serve in this very important matter. Those who believe that the demand for reform will stop short of this are surely mistaken."

A CONSCIENCE fund that could get all that is coming to it would be a tremendous asset for a life insurance company of the Equitable brand—Washington Star.

THE following wise words of the San Francisco Call are respectfully referred to the anti-statehood kickers of Arizona: "People are not to be clubbed into agreement, nor kicked into unanimity."

More Light on The Governorship

Better Get "On."

The new governor of New Mexico says he will use every effort within his power to suppress licensed gambling in the territory. It will be a big job, but it is believed that he means to play them high and strong against the green, and the politicians who expect favors from him must be ignorant of any form of gaming. It is best to be on beforehand.—Springer Stockman.

Change Will Be a Benefit.

The present governor had given New Mexico a good administration in many ways, while he has made many mistakes among which was the pardoning of certain murderers against the wishes of the people. Many things were charged against Otero of which he may have been innocent. However, there is no doubt but that the change will be a benefit to the territory.—McKinley County Republican.

He's Clean, Anyway.

The president has confirmed the report of his intention to appoint Herbert J. Hagerman to be the next governor of New Mexico upon the expiration of Governor Otero's term in January. A great many nice things are being said about the coming governor, the gist of which is that he is a clean, dignified and honorable young man, who stands for civic righteousness and decency in public morals.—Silver City Enterprise.

The "Old Fossil" in Santa Fe.

President Roosevelt left the administration a solar plexus tap in the new appointment for governor. The present little governor at Santa Fe evidently did not have a tip that he was not going to be "it" for there were petitions being circulated in the northern part of the territory in his behalf and he would certainly have called them in had he known how forlorn his hope really was. There were several other men among the faithful if Otero could not get the plum. However, the president thought that a complete change would be well for New Mexico and he was doubtless right. All are satisfied now, evidently. It really does one's heart good to see with what joy the old fossil of Santa Fe speaks of Mr. Hagerman's appointment and how happy it is that it was him and no one else that was named for the governor's chair. And all of the little "me too's" over the territory join in the chorus. It is quite likely that the new governor has been long enough in the territory to know what all this wheedling of the gang organs means and will take it for just what it is worth. Governor Hagerman will go into the office with his hands clean of any dirty politics or deals, and he has an excellent chance to make a record of honesty and integrity. The meshes that will be set for him.—Alamogordo Advertiser.

From His Benchman.

Governor Otero will retire from office with the respect and esteem of a very large circle of personal and political friends—this in spite of the fact that he has been much barked at by those who wished to use his administration to promote their own personal interests.—Socorro Chieftain.

To Clean Out the Gang.

New Mexico will have a new governor on the first of the coming year, Hagerman, of Roswell. The president could not see it clearly to give Otero a third appointment, particularly as there was a well developed opposition to Otero from some of the leading republicans of the territory.

Hagerman is a young man of brilliant attainments, a thorough gentleman, a firm believer in civic honesty, and a keen business man, all of which make him a man well fitted to fill the place of governor of this commonwealth. From reliable sources it is reported that Hagerman will give the territory a clean administration and will not stand for any kind of gang or boss rule. If that is true he is just the man needed at Santa Fe, and will be a leader of a house cleaning in the old adobe town.—McKinley County Republican.

Where Miguel Got Off Wrong.

Shortly after taking up the executive reins eight years ago, Governor Otero gathered around him a coterie of party politicians and at once commenced to dominate in every respect, making enemies of many of the more conservative members of his party. After two years as governor the people commenced to lose confidence in him, and mainly so for the reason of his activity in political affairs, which were deemed unconventional for the high position he held; he should have been governor of all the people and not simply a political party dictator. He has had matters shaped so that the county leaders in his party had to consult him before making any kind of a move. It has been so that to be friendly to the governor you stood no show at the pie counter, not even entitled to a whiff of the perfumes that wafted from it.

Unlike his superior, the chief executive of the United States, he has been a bitter partisan. He has placed his party in embarrassing positions; he had it throw Democrats out who were honestly elected to office, and he removed county officials simply because they were Democrats, and in this way and others has his bitter partisan spirit been shown.—Coffax County Stockman.

AN AGED PHYSICIAN

After Years of Experience Gives the Following Advice:

"If you have anything to do with medicines at all be pretty sure you know what you are taking." Our local druggist, J. H. O'Reilly, company, says this is a strong point in favor of their valuable cod liver preparation, Vinol. Everything it contains is plainly printed on the bottle, therefore it is not a patent medicine. Vinol contains a highly concentrated form of all the medicinal elements of cod liver oil, actually taken from fresh cod fish livers, but without a drop of oil or grease to nauseate and upset the stomach.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchitis and lung troubles, and there is nothing known to medicine that will so quickly build up the run down, overworked, tired and debilitated, or give strength and renewed vitality to the aged, as Vinol. Mrs. Martha Fraser, of Portland, Me., writes: "I was all run down from overwork and had a chronic cough for years. I had tried so many remedies without help that I had lost all faith in medicine. My daughter bought me a bottle of Vinol. It simply worked wonders for me; it cured my cough and brought back health and strength and I am better than I have been for years."

We can only ask every one in Albuquerque who needs such a medicine to try Vinol on our guarantee to return their money if it fails." J. H. O'Reilly company, druggists.

SEALSHIPT OYSTERS

PURE FOOD

The only absolutely fresh, wholesome, appetizing oyster ever sold in bulk. They are practically shell oysters as they are merely slipped from their own shells into a porcelain-lined case which is sealed, thus forming a shell on a large scale. All the piquant "half-shell" flavor, the delicate tang given by the salt water, the smooth firmness, the nourishing quality, the natural color, are fully retained. No preservatives are ever used. "SEALSHIPT" OYSTERS FRESH DAILY.

SPLendid MUSIC AT ELKS' ANNUAL MEMORIAL SERVICE

Elaborate Program Listened
to by Big Crowd.

FINE ORCHESTRAL PLAYING
PROVES DELIGHTFUL SURPRISE

B. S. Rodey Makes Eloquent Address
In Memoriam—Every Number
on Program a Treat.

The Elks memorial service at the Elks' opera house yesterday afternoon attracted one of the largest audiences that has filled the big theater for a long time, and the service was one of the most interesting and successful every held by the local altered ones. The splendid work of the newly organized orchestra was the feature of the program which excited the most enthusiastic comment from Albuquerque music lovers and the playing of this organization was a great surprise to many. While many of its members have been playing in the orchestra for a long time, it is newly organized and now includes several of the best musicians in the city who were not previously connected with it. The program was begun by the playing of Wagner's solemn and powerful funeral march by the orchestra. This was splendidly interpreted. After the opening ceremonies the Cecilia ladies' quartette made its first appearance on an Albuquerque platform in the singing of Ambrose's "One Sweetly Sought Thought," which was one of the most beautiful selections of the afternoon. The quartette is composed of Mesdames Schwenker, Miller and Washburn and Miss Chestnut, the ability of each of whom is well known to Albuquerqueans.

The quartette was followed by a fine French horn solo by George Leo Patterson, who has recently returned from Boston, where he spent the season playing with some of the most famous orchestras of the Hub. Mr. Patterson is a master of the instrument, and Wagner's "Evening Star" was never heard to better advantage.

The audience then joined in the singing of the following "Opening Ode":

Opening Ode.
Great Ruler of the Universe,
All-seeing benign,
Look down upon and bless our work,
And be all glory Thine.

Oh, hear our prayers for the honored dead,
While bearing in our mind
The memories of your dear ones,
For Auld Lang Syne.

The singing of the above was followed by an instrumental trio by Prof. Dimuro, Prof. C. L. Krebs, and George Leo Patterson, which was much enjoyed.

Former Delegate to Congress, Bernard S. Rodey then arose to make the memorial address, one of his eloquent efforts, entirely appropriate to the occasion, and altogether a masterly speech, which was listened to with close attention by the large audience. A solo by R. W. Hadden came next, "Schubert's Serenade," which in turn was followed by the orchestral rendition of the march from Wagner's "Tannhauser," which was magnificent. It was the finest bit of orchestral music ever heard in Albuquerque and those who did not hear it missed a great treat. Members of the audience yesterday were heard to say that they had seldom heard this famous march better played even in the large cities.

The program closed with the singing of "America," Miss Campbell, who was to have had a musical number, was unfortunately unable to appear.

Mr. R. W. Hadden showed by his leading of the orchestra that he is a musical director of rare ability. He has been urged to remain in Albuquerque during the winter and build up an orchestra here which will be easily the best in the southwest. Mr. Hadden is seriously considering accepting the proposal, and everyone in Albuquerque who loves good music sincerely hopes he will.

**SAY MAZATLAN WILL BE
BEST PORT ON THE COAST**
American Consul at Mexican Port in
San Francisco.

San Francisco, Cal., Dec. 3.—The Pacific Mail liner Acapulco, Captain G. G. Trask, arrived yesterday from Panama and way ports. She was 10 days 18 hours and 41 minutes from Ancon. She brought 341 tons of cargo and treasure valued at \$11,000.

Among the passengers was Louis Kaiser, United States consul at Mazatlan. Kaiser is here for a short visit to attend to some personal business. He says that Mazatlan's commercial prospects are very bright. The Mexican government has appropriated \$7,000,000 for the improvement of the harbor, the work to be begun as soon as the government is satisfied with the progress being made with the railroad which will give Mazatlan connection by land with the rest of Mexico and the outside world. The railroad soon will be completed, and Kaiser declares that in a few years Mazatlan will be the best equipped port on the coast.

Robert Easton and Pauline Norman, seamen, discharged from the British ship Bermuda at Acapulco, came up on the Acapulco. They were discharged, they say, because after getting drunk ashore they returned to the ship and told the captain what they thought of him. They were in jail several days, and have a sore grievance against the British consul, who refused to interfere for the lightening of their punishment. The Bermuda encountered a hurricane shortly before reaching Acapulco and arrived at that port in a badly battered condition.

**SLAV COLONY MAY
LOCATE IN HAWAII**

Russians Consider Leaving California
Honolulu, Dec. 3.—Russians who arrived here last week on the steamship Mongolia, representing a colony near Los Angeles, have had numerous conferences with Governor Carter and Land Commissioner J. B. Castle, representing the sugar planters, regarding a plan to bring a colony here. There are about 200 families and 100 persons who want to become cane field laborers if given their own homesteads. The scheme is a part of a vigorous movement here to secure white laborers, eligible to citizenship, instead of Asians.

The Makee plantation on Kauai Island will contract for all the sugar

cane the Russians raise. Commissioner Castle has offered to pay the fares of the entire colony here. The Russian representatives visited Kaula and expressed satisfaction with all the conditions except the method of acquiring lands. The law names a definite price and requires three years' residence before title to lands can be given.

The Russian representatives left today on the Manchuria for California to report to their countrymen there. It is believed that the entire Russian colony near Los Angeles will move to Hawaii. The Russians say there are 25,000 of their countrymen at home who want to settle in Hawaii. The planters are said to be anxious to have them come.

**Russian Poles and Jews
ARE NOT WANTED IN JAPAN**
Government Refuses Naturalization to Prisoners.

Victoria, B. C., Dec. 3.—Failing to secure citizenship when released, Russian Poles and Jews captured by the Japanese when fighting for Russia, arrived here yesterday by the steamer Iyo Maru. They came to Canada seeking employment, having refused to return to Russia. On November 13, 3,000 Russians were sent from Yokohama to Vladivostok on the Russian steamer Ekaterinoslav. Four German steamers were at Kobe and two at Nagasaki, embarking Russians for Vladivostok. The Poles who arrived here say 13,000 of the Russian prisoners applied for Japanese citizenship when released, preferring to remain in Japan, but the Japanese government refused to naturalize them.

According to advices received by the steamer Iyo Maru, agents of Hawaiian planters are endeavoring to induce numbers of Russian prisoners in Japan to emigrate to Hawaii, offering them work on the sugar plantations.

McCulloch's Commander Stricken.
San Francisco, Cal., Dec. 3.—Captain J. C. Cantwell of the United States revenue cutter McCulloch, and one of the most popular naval men in this port, was suddenly stricken with paralysis shortly after noon yesterday, and now lies in a dangerous condition at St. Francis hospital. The doctors attending Captain Cantwell say he will recover, though he had a very narrow escape from death.

California mustard has strength but lacks flavor. Trieste has flavor but lacks strength. Schilling's Best is the two mixed, nothing else, no color. The next best mustard sold here is weak but has good flavor.

TERRITORIALISMS

Peter Kitcher, owner of the Kitcher opera house, has ordered an asbestos drop curtain for his hall in Gallup.

The government has granted a patent to Charles W. Clark and G. Saxson, of Chama, N. M., for a track-rail and rail-joint connection.

Melvin E. Birdsell has been appointed postmaster at Whitewater. Grant county, N. M., to succeed William J. May, who has resigned.

The Gallup Republican says the citizens of that town will "go to the poles and vote." That's a long journey to exercise the privilege of suffrage.

Requerto Martinez shot a man named Caldwell through the heart during a dance at Cimarron, the other night. The murderer has not yet been captured.

The Sorrowful Chink Goes Back.
Last week thirty-seven Chinamen who had no "chick geese" started from Tucson for San Francisco, where they will board a transport for Hong Kong. The bunch was in charge of United States Marshal Daniels. They were absorbed up in various points in New Mexico and Arizona.

Gored by a Bull.
H. W. Gill, who is in charge of the Indians at Fort McDowell, narrowly escaped death last week. While Gill was crossing through a lot a mad bull attacked him, goring him between the knee and hip. The injury inflicted is a serious one. Gill was taken from McDowell to the Phoenix Indian school, where he is now receiving surgical attention.

In the Goat Business Strong.
H. C. Hibben and James S. Emmett have purchased 1,500 Angora goats from W. W. Snyder of Bumblebee, Yavapai county. They will be driven from that point to Lee's ferry, where there is good pasture for them. There are at present no Angoras in this county, the above gentlemen being the first to embark in the business. The industry is said by those engaged in it to be quite profitable. The fleece as well as the hide of the Angora is in demand at good prices. —Cocconino Sun.

Socorro's Narrow Escape.
A blaze was discovered Wednesday night by City Marshal Molino in time to prevent any serious loss. The fact was developed that some thief had broken through a rear window into Dr. Kornitzer's drug store, had stolen a collection of curious coins worth about a dollar and a half, and had then either carelessly or purposely set fire to a pile of inflammable material in the room before making his escape. The call was a close one, for if the blaze had not been promptly extinguished it is probable that Socorro's whole business district would have gone up in smoke. —Socorro Chief.

Colorado on a Ramble.
The Colorado river is on a wild ramble. The stream is higher than it has been since 1881, and measures thirty-two feet. The river is reported to be falling at several points above Yuma. It is believed the water will begin falling there. The only damage done to the city of Yuma is the flooding of the electric light plant, which leaves the place in darkness. A careful patrol of all weak places in the Yuma levees is being maintained. —It would require an additional pile of several feet for the water to behead over. Everything is lost at the Imperial heading. All the works are destroyed and the machinery and canal supplies swept away. The water is cutting the channel deeper and wider very rapidly. All hope is gone of changing the course of the river back to its old channel.

Terribly Mangled.
Last Wednesday night Frank Simpson, night engineer at the West Gold Road mine, met with a terrible accident in which he sustained the loss of one arm. He was attempting to put a belt on the compressor when he slipped and his arm was thrown between the big belt and pulley. The revolutions of the pulley carried him around and he was dashed violently to the ground, where he remained in an unconscious condition for some time. He was removed to the hospital, where Dr. T. W. Grace removed the mangled arm. At the present time the injured man is getting along quite well and if no complications arise his recovery is assured. —Kingman Miner.

District Court at Socorro.
Hon. Frank W. Parker will convene the district court for Socorro county in regular session at the court house in this city Monday morning. There are many important cases docketed for trial and the great majority of them will probably be disposed of, as there is money enough in the court fund to continue the term of court for a month at least. District Clerk W. B.

THE "DODGING PERIOD"

of a woman's life, is the name often given to the "change of life." Your menses come at long intervals, and grow scantier until they stop. Some women stop suddenly. The entire change lasts three or four years, and it is the cause of much pain and discomfort, which can, however, be cured, by taking

WINE OF CARDUI Woman's Relief

It quickly relieves the pain, nervousness, irritability, miserableness, forgetfulness, fainting, dizziness, hot and cold flashes, weakness, tired feeling, etc. Cardui will bring you safely through this "dodging period," and build up your strength for the rest of your life. At all druggists in \$1.00 bottles. Try it.

WRITE US A LETTER
freely and frankly, telling us all your troubles. We will send Free Advice (in plain, sealed envelope). Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

"EVERYTHING BUT DEATH"
I suffered," writes Virginia Robson, of Easton, Md., "until I took Cardui, which cured me so quickly it surprised my doctor, who didn't know I was taking it."

Marlin and District Attorney Elfigo Baca are very busy preparing for their respective duties during the term and will as usual give a good account of themselves. A good many visitors who expect to have business at court have already arrived in town. —Socorro Chief.

Colorado on a Ramble.
The Colorado river is on a wild ramble. The stream is higher than it has been since 1881, and measures thirty-two feet. The river is reported to be falling at several points above Yuma. It is believed the water will begin falling there. The only damage done to the city of Yuma is the flooding of the electric light plant, which leaves the place in darkness. A careful patrol of all weak places in the Yuma levees is being maintained. —It would require an additional pile of several feet for the water to behead over. Everything is lost at the Imperial heading. All the works are destroyed and the machinery and canal supplies swept away. The water is cutting the channel deeper and wider very rapidly. All hope is gone of changing the course of the river back to its old channel.

Chicago Live Stock Show.
Every stockman needs the inspiration and benefit of the International Live Stock Exhibition. Will be held in Chicago December 12-23, '05. THE STORE OF RELIABILITY

HOLIDAY SEASON

The one time of the year, the time when everybody forgets about hard times and other troubles and turns himself loose to give the other fellow a good time, is almost here, and the question: "What shall I give?" will soon be heard on every side. Many people wait until about 11 o'clock Christmas Eve and then rush into the first store they come to and holler, "Gimme something to make a present with," grab the first thing offered, and ever after regret that more time was not spent in making a selection. The time to buy Christmas presents is while stocks are complete and not sorted over, and that time is long before Christmas day. In order to save its friends and customers regrets

...The Globe Store...

wishes to announce this far in advance that a complete and elegant line of Christmas goods will be found on its shelves.

Handkerchiefs for Ladies, Gentlemen and Little Folks

Gloves for Everybody

Gentlemen's Fancy Suspenders, silk webs, gold and silver buckles

Gentlemen's Mufflers in all grades and at all prices

Neckwear for Ladies and Gentlemen

Beautiful Drawnwork, Japanese and Mexican

Handsome Belts for Ladies

Elegant Hosiery for both Ladies and Gentlemen

- ¶ And for those who desire to give useful as well as nice articles we have the finest line of Shoes in the Southwest.
- ¶ For the little folks we offer the nicest line of Dolls in the city. If you doubt the statement take a peep at our show window, that will convince.
- ¶ In Toys a display will be made about December 1st that will please everyone. In connection with the Toys we will have some Talking Machine bargains to offer that will more than pay for the looking.
- ¶ Other good things for holiday presents will be offered in the way of Dress Goods, Ladies' & Gentlemen's Furnishings and other useful articles.
- ¶ This is simply an advance announcement, and details will follow from time to time in this space, which will give full particulars as to the qualities and prices; the great consideration at this time is: Don't forget that the store under THE BIG GLOBE SIGN will be able to care for all reasonable Christmas wants with the right goods at the right prices and at the right time.

SUNDAY SEES QUEER CHAPTER OF ACCIDENTS

Coal Heaver Takes Header
From Top of Chute.

ELECTRICIAN'S HAND MASHED
BAKER LOSES HALF AN EAR

Pablo Garigo, an employee of the Santa Fe company in this city, who works at the coal chutes yesterday fell from the top of the chutes to the ground, a distance of some 15 feet and struck on the rails of the sidetrack which run to the chute.

The force of the fall knocked him senseless and his companions thinking him dead telephoned to the police. Officer William Wagner received the message and he proceeded with haste to procure a doctor and take him in a hack to the scene of the accident. It was found that the man was severely bruised and that two of his ribs were fractured, but that his injuries were in no wise fatal. He was taken to his home on South First street and at last reports was resting as easy as could be expected under the circumstances.

He will be laid up for about a month, in the opinion of the physician.

ELECTRICIAN SUSTAINED A BADLY MASHED THUMB
G. Gatlin, an apprentice electrician, was quite seriously injured while at work on the motor which operates the elevator of the Garrett building yesterday afternoon. The nail was torn from the right thumb and the member was badly mashed.

The motor had partially burned out and Gatlin and a fellow employee were making the repairs. They had the motor elevated so that they could get at it handily, when the blocks slipped and in the fall, Gatlin's thumb was caught. Gatlin is a son of Mrs. M. K. Gatlin and lives at 501 South Fourth street. He was for some time a call boy in the service of the Santa Fe here.

BAKE SHOP EMPLOYEE HAS A FEW STITCHES TAKEN IN EAR
George Sutherland, an employee of the Pioneer bakery, while engaged in his duties at that establishment yesterday got too near the bread kneading machine and his ear became caught in the machinery. Sutherland jerked his head out of danger just in time to tear his ear almost off and it was necessary to take several stitches in the ear before Sutherland was entirely repaired. The doctor caused some commotion at first by stating that it would be necessary to sew up the ear, but his explanations soon followed and the alarm was dispelled. The wound, however, was an extremely painful one.

FELL AGAINST A CHAIR AND ALMOST LOST AN EYE
George Wylie, baker at the Alvarado, in nursing a very sore eye as the result of a peculiar accident which happened in the hotel. He was in a dark room trying to turn on the light when he ran against a chair in the obscurity and fell with great force, striking his left eye against another chair and cutting the eyeball out the severely it was at first thought the eye was severely injured, but examination showed that the injury was merely an external one.

EPILEPTIC FIT CAUSES EXCITEMENT AT STATION
A man from Bernillo whose name could not be learned caused a ripple of excitement last night at the Santa Fe station. He was in a dark room when seized with the attack and the room was crowded at the time with travelers who thought the man was dying. He was taken to the open air and by the time a physician arrived on the scene he was again able to perambulate.

TO RESCUE WHALERS.
Winthrop, Man., Dec. 3.—To take medicine and supplies to ice imprisoned American whalers in the Arctic sea, Sergeant Royal Fitzgerald and Constable Walker, of the Royal Northwest police, will make a journey of six thousand miles. They will leave Regina, Saskatchewan, this week for Dawson City, and will set out from there on December 10, when the long trip over mountains in the darkness of the Arctic winter will be commenced in dog sleds.

Fort McPherson, on Mackenzie river, will be reached within a month, and there the men will be joined by six "mushers." The party will skirt the shore of the Arctic until Herschel island is reached, it being supposed the whalers are around there.

After they have delivered the supplies the party will make a trip of inspection to native villages to see that no whiskey is being sold to the natives. A curious feature of the trip is that it is being made in winter. Instead of summer, but this is necessary owing to the whalers being without supplies.

SCARCITY OF MEAT IN GERMANY
Municipal Authorities Address Imperial Chancellor.
Berlin, Dec. 3.—Prince von Buelow has just received a deputation of representatives of the majority of the larger municipalities of Germany, who desire to urge upon the government the necessity of taking steps to mitigate the scarcity of meat which has been prevalent throughout the country since the summer. The chief burgomaster of Berlin, Herr Kirschner, who acted as spokesman, declared that the problem threatened grave danger to the economic development of the empire, while the manner in which it has been treated by the Prussian ministry of agriculture was calculated to create political discontent. The situation, with its high prices, was one which seriously impaired the efficiency of the industrial classes, and as a national question it demanded redress.

Prince von Buelow in his reply pointed out that in his capacity of imperial chancellor he had not the right to interfere with the dispositions of the various states. The frontier regulations were necessary in the interests of German agriculture, and he declined to incur by opening the frontiers to the importation of foreign stock. Apart from these considerations he was not prepared to agree that a scarcity of meat was the root of the evil. As for the increase in price, which he admitted, the question of middlemen's profits must be taken into account as well as the increasing price of the farmers to the dealers' price. The imperial chancellor promised to give the matter his earnest and his immediate attention.

GILA RIVER SPREADS RUIN AND DISASTER IN NEW MEXICO

STREAM REACHES HIGHEST
STAGE FOR MANY YEARS

The Gila river in New Mexico has been on the worst rampage in its history. The damage sustained by ranchmen along its course in the territory will reach many thousands of dollars.

Almost forty-eight hours of continuous rain during Saturday night, Sunday, Sunday night, and Monday morning, however, it submerged the stream and all its tributaries far out of their banks and swelled the main stream into a sea of tumbling foaming water. The Silver City Enterprise says: The Mogollon stage left Silver City Monday morning but was unable to cross the river at Cliff and turned back reaching here at three in the afternoon. Stage Driver Jake House says the river was higher than during the great flood last fall, when it was the highest known in years. At that time it failed by several feet to reach the cable which had been stretched from two trees on either side of the flood and which was used to guide the ferry-boat across the stream.

This year, however, it submerged the cable, showing the flood to have been higher than that of last year. The river has fallen rapidly in the last few days, no report say, and will be in its normal size. This has been caused by the clear, cold weather, which has frozen many of its streams and the source of water supply in the mountains. Another attempt was made by C. W. Marriott, proprietor of the Mogollon stage line, to send out a stage to Mogollon yesterday morning. He fared has not been learned but it

SPLIT, BRITTLE, DULL HAIR
All Comes From Dandruff, Which Is Caused by a Germ.

Split hair, hard hair, lustreless hair, brittle hair, falling hair, all owe their origin to dandruff, which is caused by a meanly little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is combined in Newbro's Hairdressing, the delightful hair dressing, always itching instantly and makes hair soft as silk. Take no substitute; nothing "just as good." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., Special Agents.

The very best of Kansas City beef and mutton at Emil Kleinworth's, 112 North Third street.

NAVAJOS WHO STOLE THE AGENT HAVE SURRENDERED

Thought To Be Relic of
Geronimo's Famous Band.

WILL BE TAKEN TO FORT
DEFIANCE TO STAND TRIAL

Determined Effort Being Made to Ap-
prehend Men Who Are Furnishing
Indians Deadly Fire Water.

Correspondence Morning Journal.
Gallup, N. M., Dec. 3.—The Navajo
Indians who recently seized and held
Agent Perry, of Fort Defiance, and
threatened to take his life, and who
have been in hiding since the distur-
bance, have surrendered to the United
States authorities and are now pris-
oners. It is expected that they will be
vigorously dealt with in order to give
the Indians an object lesson which
they will not forget in a hurry.

The troublesome redskins volun-
tarily gave themselves up to Superintend-
ent Lemon, of the Indian school at
Kearns Canyon, whence they will be
at once taken to Fort Defiance and
tried for their offense.

It is believed by the authorities at
Fort Defiance and at Black Rock that
these Navajos who were at the bottom
of the recent outbreak are a remnant
of the bunch of renegade Navajos who
joined Geronimo's band of murdering
Apaches while that famous chief was
the "scourge of the southwest." It
will be remembered by old timers that
quite a number of Navajos joined Ge-
ronimo's forces and participated in
some of the bloodiest outrages of the
band. After Geronimo's final defeat
and capture these Navajos fled to the
interior of the reservation and have
succeeded in concealing their identity
from the federal authorities ever since.
It is believed that the recent trouble,
which threatened to result in the mur-
der of the agent and a general Indian
war would not have occurred had not
the ringleaders of the revolt been fil-
led up with bad whiskey. A determined
effort will be made to find out who is
guilty of selling liquor to the Indians
and the criminals will be severely
dealt with.

Several Indians who are now in du-
rance vile for reckless discharge of
firearms and drunkenness have been
put through the "sweat box," but have
persistently refused to reveal where
they got their fire water.

Fuel Famine in Carson.
Carson City, Nev., Dec. 3.—The cap-
ital is suffering from a fuel famine and
has been compelled to solicit relief
from neighboring cities. The protracted
cold and stormy weather has com-
pletely exhausted the city's supply of
wood and coal, and the merchants and
citizens have been compelled to ask
for assistance.

Reno will respond to the call and
several carloads of coal will be ship-
ped to the capital from that city to-
morrow. This is the second time in the
history of the state that a fuel famine
has occurred.

WHY IT SUCCEEDS.
Because it's for One Thing Only, and
Albuquerque is Learning to
Appreciate This.

Nothing can be good for everything.
Doing one thing well brings success.
Doan's Kidney Pills do one thing
only.

They cure sick kidneys.

They cure backache, every kidney
ill.

Here is Albuquerque evidence to
prove it.

Mrs. W. C. Wood, residence 720
South Broadway, says: "When on a
visit to Fall River, Mass., I learned
that Doan's Kidney Pills has been a
household necessity in that city for
years. Naturally when a person has
backache themselves and friends, ac-
quaintances and relatives continually
insist that a particular remedy shall
be tried, you at last consent. I used
Doan's Kidney Pills and they stopped
and aggravated attack of backache
only one of many which have occurred
in the past. When I came west I
brought with me a dozen boxes of
Doan's Kidney Pills, long before they
were so extensively known in New
Mexico as at present. I have not the
slightest hesitation in publicly stating
that I know from experience as well as
observation that this remedy can be
absolutely depended upon in all cases
of kidney complaint causing backache,
lumbago or other symptoms which
follow in the wake of that far too
prevalent annoyance."

For sale by all dealers. Price, 50
cents. Foster-McLure Co., Buffalo, N. Y.,
sole agents for the United States.
Remember the name—Doan's—and
take no other.

If you expect to use an incubator

selling at from \$1250 to \$2000 per lot.

¶ Try putting your rent money into a home of your own.

SURETY INVESTMENT COMPANY. D. K. B. SELLERS, Manager

PECOS VALLEY EXHIBIT CAR MAKES BIG HIT OVER THE WEST

(Kansas City Journal.)

The products of the fertile Pecos
valley, in New Mexico, are being prac-
tically demonstrated through the me-
dium of a car that is making a tour
of the entire Santa Fe system, and
many of its connecting lines.

The car is handsomely decorated on
the outside with corn, corn stalks and
various grains and grasses, in fancy
designs. Inside it is filled with fruits,
grains and vegetables of all descrip-
tions; also samples of the mineral prod-
ucts of the valley, including gold and
copper ore and coal. It is in charge of
A. Poltz, of Roswell, N. M., who ar-
ranged the exhibit, and who left Ros-
well with the car three months ago. He
has been north to Duluth, south to
Fort Worth, Texas, and east to Chic-
ago, arriving in Kansas City yesterday
morning.

In the car are pumpkins and squash-
es weighing 100 pounds each, winesap
apples as large as the Ben Davis,
scores of other varieties of apples,
equally large and of the finest flavor.
Some of these apples measure fifteen
inches in diameter. The vegetables in-
clude huge beets, onions, potatoes,
yams, some of the latter weighing fif-
teen pounds each, and melons. Of the
grain there are oats weighing forty
pounds to the bushel and going eighty
bushels to the acre; corn on stalks fif-
teen feet high, alfalfa three feet high,
native grasses higher than an average
man's head, and excellent for forage,
and many varieties of kaffir corn.

Fifteen years ago the Pecos valley
was practically a desert so far as do-
mestic agriculture was concerned. It
was used solely for grazing purposes
and the land was thought to be fit for
no other purpose. The ruling price
was a few dollars an acre. Today the
same land, containing immense apple
orchards sells for from \$200 to \$400
an acre.

"The secret of the whole thing is ir-
rigation," said Mr. Poltz at the Union
depot yesterday. "Underneath the land
is a never failing supply of the finest
water in the world. It is found at an
average depth of 400 feet and is
brought to the surface by means of ar-
tesian wells. When this fact was dis-
covered some fifteen years ago enter-
prising land owners began to sink
wells, plant orchards and vineyards
and raise vegetables. The results were
simply wonderful. The erstwhile cat-
tle range is today one of the most pro-
ductive sections of the United States.
Land with bearing orchards is worth
from \$200 to \$400 an acre, but the
raw land can be had for \$15 an acre."
"It costs \$2 a foot to sink a well and
one well will irrigate a half section of
land. Many farmers whose quarter
sections join bear the expense togeth-
er and share the well in common, so
that it costs them but \$400 each."

If you need a carpenter telephone
Hessenden.
McSpadden, the exchange man, 300
South Broadway.

The Great Cattle Exhibit
at Union Stock Yards, Chicago, Decem-
ber 16 to 23 inclusive, is an event
that should not be missed. The aris-
tocracy of the bovine kingdom will be
there.

Attend the "International" by all
means. Low rates (\$45.00) via Santa
Fe. Tickets on sale December 16 to
19. Inquire at ticket office. H. S.

E. L. WASHBURN COMPANY

110 WEST GOLD AVENUE 122 SOUTH SECOND STREET

THIS IS OUR LAST MONTH in business in Albuquerque. Our business for November shows an actual increase over November, 1904, of **MORE THAN FIFTY PER CENT.** Now for December, we will add additional help, and beginning tonight, December 1, our store will be kept open evenings, for the accommodation of those who cannot come in during the day. We are going out of business, but we flatter ourselves that our guarantee is **GOOD.** We will save you **TWENTY PER CENT** on **CUT GLASS AND CHINA,** and **MORE THAN THAT ON DIAMONDS.** Call early while our stock is complete.

H. E. FOX,

New Mexico's Leading Jeweler.

LOCAL ITEMS OF INTEREST

THE WEATHER.

Forecast:

Washington, Dec. 3.—New Mexico: Fair and warmer Monday and Tuesday.

Arizona: Partly cloudy Monday, Monday, possibly showers in southern portion; rain or snow in north portion; Tuesday, fair.

W. E. Draper, of Jerome, Ariz., is in the city for a brief stay.

United States Deputy Marshal Fred Farnoff returned yesterday morning from Las Vegas.

J. W. Converse, of Silver City, arrived in the city last night and will remain for a day or two.

The regular meeting of the board of education will be held tonight in the Central school building.

Mrs. W. J. Cardwell and Miss Harriet Goldstein returned yesterday from a short trip to the mountains.

W. E. Frost, of Kingman, Ariz., arrived in the city yesterday morning and will remain for a short business visit.

Solomon Luna left last night for a business trip to Washington and New York. He expects to be away about a month.

The various football organizations of the city put in a couple of hours practicing at Truxtun park yesterday afternoon.

Will Goodwin, a well known saw filer, in the employ of the American Lumber company, was taken to St. Joseph's sanitarium yesterday.

George Walters, who has been a well known resident of Albuquerque for the past ten years is in a very serious condition at St. Joseph's sanitarium.

Friends in this city were appalled last night of the serious illness in Los Angeles of Mrs. W. F. Kuchenecker, wife of the well known furniture dealer in Gallup.

Alexander Cameron, representing A. Marquis & Co., of Philadelphia, has come to Albuquerque and intends to reside here, making this city the western headquarters for his firm.

Chief Deputy United States Marshal G. A. Kaseman returned yesterday morning from Las Vegas, where he was in attendance at the recent session of the United States district court.

The "B. B." football team was to have played a spectacular game yesterday with the Old Town team on the latter's grounds, but the Old Town boys claim that the latter got "cold feet," and it was called off.

The infant child of Mr. and Mrs. B. Apodaca died yesterday at the home on Terasa avenue at the age of two years. The body will be taken tomorrow for interment to the family burying ground in Santa Fe.

E. A. Clemens, of Magdalena, owner of one of the largest ranches in Socorro county and a prominent member of the stockmen's organization, is in the city on business. He will leave in a short time for Chicago and other eastern cities for an extended visit.

The new motive power for the coast lines of the Santa Fe continues to arrive. Last night No. 1253, one of the big Pacific type balanced compounds, and the 1635, one of the huge improved decapeps, passed through the city and will be assigned to the west end for duty.

Sixteen little Indians were brought to the city last night and taken to the Albuquerque Indian school where they will put in the rest of the school year in industrial training work. A Laguna Indian who has been suffering for some time past from an affection of the eyesight was also brought in to the local school for treatment.

Superintendent E. J. Gibson, Trainmaster John Kincaid, Chief Dispatcher J. D. McCully, of the Santa Fe at Window, and Conductor W. B. Flumb of Williams, and Engineer O. L. Kendall of the Grand Canyon branch of the Santa Fe, who were in the city re-

ceiving various degrees of Masonry, returned to their homes yesterday.

Odd Fellows' Hall was crowded last night to hear Dr. C. Hall Cook deliver his lecture on the "Scientific Proof of Life After Death." The doctor is lecturing under the auspices of the London Society of Psychical Research and his lecture was extremely interesting.

There has been considerable interest manifested on the subject and no doubt there will be a large number of interested spectators at the council meeting tonight.

The local girls of the Fraternal Order of Eagles will entertain their members and visitors with a ladies' social session the night of Tuesday, December 19th. The affair will be an enjoyable entertainment and will include a program, for which a number of good specialties have already been secured, and a banquet. All members and their ladies will receive invitations and visiting members will be welcomed by the local lodge.

J. R. Farwell and wife, of Albuquerque, leave this morning on belated No. 3, Guadalajara, Mexico, where they will take up their residence. Mr. Farwell, who recently resigned from the position of chief engineer of the Santa Fe Central railway, has accepted a position with the engineering corps of a new railroad, for which a concession has recently been granted from Guaymas to Guadalajara. The company is an auxiliary of the Southern Pacific and the work of surveying the line will begin at once.
