## SOME OF THE SENATORS AND REPRESENTATIVES WHO WILL PLAY THE LEADING ROLES DURING THE SESSION OF THE FIFTY-NINTH CONGRESS OF THE UNITED STATES

## Emperor Pales in Presence of Troops Suspected of Mutiny

Harassed Czar Reviews Simonovski Regiment and Drinks Soldiers' Health.

London, Wednesday, Dec. 9.—The St. Petersburg correspondent of the Daily News says he was present Monday when the Czar reviewed at Tsarskoe-Selo the Simonovski regiment, which has been suspected of disaffection. He was very pale and nervous at first, but quickly recovered his composure. He stood bareheaded preceding the review, and then passed along the lines with the bishop, who sprinkled the men with holy water. His majesty, in a clear ringing voice, made a vigorous speech to the soldiers, whose bearing was excellent. He then drank their health, Grand Duke Vladimir and Nicholas Nikolaevitch accompanied the Czar, thus disposing of the story of assault, which many persons still believe.

## CZAR IS LITERALLY A PRISONER IN HIS PALACE

St. Petersburg, Dec. 9.—A deplorable effect has been produced throughout the army by the announcement from Tsarskoe-Selo that the annual custom since the first institution of the Order of St. George, which is conferred upon officers and men for bravery in the field, that the Czar meet them in the Winter Palace annually each December, lunch with the officers, and give non-commissioned officers and men a luncheon in the great hall, will not be observed this year.

The rank and file receive a plate and a knife and fork each, which are used as mementoes of the occasion, and the Czar passes around among them exchanging greetings with them. Instead of this ceremony this year the men will receive three rubles, which is to take the place of the table mementoes. The circumstance has deepened the feeling in the army that the Czar is literally a prisoner at Tsarskoe-Selo.

## ESTATE OF TROUBETSKOYS PLUNDERED BY PEASANTS

Berlin, Dec. 9.—A dispatch to the Lokal Anzeiger from St. Petersburg, dated Friday night, says: "Peasant disorders have broken out in the government of St. Petersburg. Prince Troubetzkoy's estate near Elisavetino station on the Baltic railroad has been plundered. A squadron of life guards has been sent to the neighborhood of Gatchina, the site of an imperial palace, thirty miles from St. Petersburg, to suppress the peasants. The laborers on estates in the districts of Leningrad and Pechor and the alcohol distilleries and dairies have struck."

## TROOPS AGAIN FIRE ON MUTINEERS AT CROONSTADT

St. Petersburg, Dec. 9.—Fresh disorders are reported from Cronstadt. It is said that the loyal troops there were obliged to fire on the mutineers. Riots are also reported to have taken place among the troops returning from Manchuria. At Sazan riots are reported to have sacked the railway station.

## Strikers Make Desperate Effort.

St. Petersburg, Dec. 9.—The local leaders of the post and telegraph strike having received more encouraging news from Moscow, are making desperate efforts to rally their followers to continue to strike to the bitter end. They promise that funds will be provided for to continue the strike and threatened violence to all those who do not stay out on strike. The leaders have succeeded in destroying

communication with Kiev, Warsaw and Moscow, which for a time last night was open. The executive committee has issued another appeal to the strikers to stand firm until all their demands are satisfied. It concluded: "The firm and victory is ours."

**Military Engineers Mutiny.**  
St. Petersburg, Dec. 9.—A battalion of military engineers have mutinied at Cora Kalvaryon the government of Warsaw, complaining of bad food and unsuitable quarters. The mutineers have destroyed the barracks, kitchens, and have otherwise damaged the buildings.

The military authorities have refrained from making arrests fearing that it would provoke greater disturbances.

## Tie-up Remains Complete.

St. Petersburg, Dec. 9.—The leaders of the striking telegraphers have taken a new grip on the situation and the tie-up continues practically complete. Cases of attacks on strikebreakers are reported and at Smolensk, middle Russia, the strikers fired into a passing mail car. The sailors of the Fourth and Eighteenth divisions, in which a chronic condition of mutiny has prevailed for some time, were finally surrounded by troops here at 3 o'clock this morning and were marched to the pier, embarked on barges and dispatched to Cronstadt. The men had presented petitions similar to those of the sailors of Libau, Odessa, and Sebastopol for improvement in service conditions, and the reply being that they would be transferred to Cronstadt, they held a meeting under the noses of their officers and refused to go until martial law was raised at Cronstadt. Accordingly the admiralty decided to use force.

## Favors Humane Football.

Philadelphia, Dec. 9.—The football rules committee met here tonight. A resolution was adopted stating that "this committee is in favor of action leading toward the opening of the game and the lessening of brutality; the placing of officials in the central body and rendering an evasion of rules unprofitable."

## CANADIAN PREMIER APOLOGIZES

Assures Bernhardt of His Regret That She Was Egged.  
Ottawa, Ontario, Dec. 9.—Madame Sarah Bernhardt today received the following telegram from the premier, Sir Wilfrid Laurier, who is in Quebec: "I regret, madame, more than I can say the acts of violence of which you and your company were the victims as you left Quebec. I only feared on my arrival here yesterday what had taken place the night before, and I express to you the universal regret caused by behavior so unworthy of the well known character of a city so remarkably careful of its renowned hospitality and courtesy. As to what was said by the Evening, pay no attention to it. It is a newspaper, pay no attention to it. It is a newspaper, pay no attention to it."

## CAMPBELL-BANNERMAN COMPLETES NEW CABINET

King Will Formally Approve Ministry Tonight.

London, Dec. 9.—Sir Henry Campbell-Bannerman has completed his cabinet, and the king will return to London tomorrow and receive the liberal premier in audience at Buckingham palace Saturday evening in order to give his formal approval of the ministry. The members of the Balfour cabinet will give up their seats of office at a meeting to be held at noon Monday, and their successors will take over their seats at a second meeting of the privy council on Monday afternoon.

## PRESIDENT PLEASED WITH NEW MEXICO'S APPROVAL

**"DON'T GIVE UP BEVERIDGE THE SHIP" CONFIDENT OF SUCCESS**  
BOSTON PROTESTS AGAINST WRECKING OF CONSTITUTION

Boston, Dec. 9.—"Don't give up the ship" was the sentiment echoed on the front of the platform of Faneuil hall, which gave the text to every speaker at a public meeting held in the historic building tonight to protest against the recommendation of Secretary of the Navy Bonaparte that the old frigate Constitution, now at the Charleston navy yard, be destroyed.

Several hundred persons answered Acting Mayor Daniel A. Whelan's call for the meeting, and several speakers spoke eloquently for the preservation of the old vessel. A number of letters of protest against Secretary Bonaparte's proposal were read. Ex-Secretary of the Navy John D. Long wrote:

"The suggestion shocks every instinct of national pride and glory." The principal speaker of the evening was Congressman William Everett of Quincy. Dr. Everett said:

"If the secretary is at a loss what to do with the Constitution, we will take her. Boston and Massachusetts will buy her. Send her back to her own people, who will keep her as long as the United States exists or the Indian remains upon the flag of Massachusetts."

**Hart Pleads Guilty.**  
Chicago, Dec. 9.—Dr. Oliver B. Hart, who came to this city from St. Louis some months ago, pleaded guilty today to the murder of Irene Klokov. The charge against Hart was murdering the girl by administering morphine. Several prominent attorneys, one of whom pronounced him "a high grade idiot," declared Hart was mentally incompetent. The sentence of Hart was left by the state attorney and counsel for the defense to Judge Barnes, who took the case under advisement, remarking he would give his decision within a few days.

## McElroy Not Guilty.

Sacramento, Cal., Dec. 9.—The governor of Texas recently made application to the governor of California for extradition of a negro, supposedly George McElroy, wanted for a murder in El Paso, July, 1900. District Attorney Fredericks investigated and found that the negro was not McElroy and that he was not in Texas at the time, claimed.

**BRAZIL ENTERS A PROTEST**  
THREE CRUISERS ARE LOOKING FOR HIGH HANDED GERMANS

Washington, Dec. 9.—The Brazilian embassy in this city has received a telegram from Baron De Rio Branco, the minister of foreign affairs, stating that a few days ago several of the officers of the German gunboat Panther went ashore in civilian dress and visited a small fishing town called Itajhy, in the state of Santa Catalina, and there, without any form of process, seized a man by the name of Steinbohn who had left his native country, Germany, as a deserter from the army, and took him with them as a prisoner on the Panther. Thereupon the gunboat left Itajhy and went to another port in the state of Rio Grande do Sul. Three Brazilian cruisers, the Almirante Buarque, Benjamin Constant and Tamandare were sent to watch the Panther and see that no similar occurrence should again happen, while the Brazilian made an official protest against the action of those officers to the German government.

**GRIDIRON CLUB HOLDS ANNUAL FALL DINNER**  
Washington, Dec. 9.—Distinguished guests were entertained by the Gridiron club tonight at the annual fall dinner. The dinner table at the New Willard was spread for more than 200 persons, among whom were the vice president, nearly all the members of the cabinet, foreign ambassadors and ministers, senators and representatives and prominent people from every part of the country. The program was unusually attractive and the songs and speeches, all tended to make the dinner a memorable occasion among the many given by this famous club of Washington correspondents.

## ROOT AND FOGEL WIN SIX-DAY BICYCLE RACE

Twenty-five Thousand Saw Exciting Finish in New York.  
New York, Dec. 9.—Eddie Root and Joseph Fogel, the New York team, won the six-day bicycle race in Madison square garden after covering 2,256 miles and 9 laps. The finish, shortly after 10 o'clock tonight, being witnessed by a crowd of 25,000 persons.

John and Menus Bedell, the Long Island team, were awarded second place; MacLean and Moran, of Boston, were third; Vanderstuyft and Stoll; Hopper and Hollister; fifth; Downing and Fowler sixth; Logan and Downey seventh and Calvin and McDonald eighth.

## Italia Disabled.

Horta, Azores, Dec. 9.—The British steamer Etolian has arrived here, having in tow the Italian steamer Italia, from New York, November 28. The Italia lost her propeller, and was picked up yesterday fifty miles off Corvo Island. All her passengers, numbering 350, are in good health. The Italia was bound to Genoa and Naples.

## Millions of Jews To Emigrate From Scenes of Massacre No Hope for Sufferers in Russia Except in Immediate Flight

London, Dec. 9.—In an important appeal in behalf of the oppressed Jews in Russia signed by Lord Rothschild, Sir Samuel Montague and a number of other leaders of the Jewish movement in Great Britain, the admission is made that for the bulk of the Russian Jews there is no hope of salvation, except through a new regime of liberty and justice, when they will receive equal rights with their fellow citizens of every creed. The appeal points out that all proposed schemes for colonization and emigration can only benefit a small proportion of the sufferers, and it therefore calls on all Jews and their sympathizers to abandon the great colonization schemes for the more practical program of emigration and the granting of immediate aid to the suffering and bereaved.

The signatories to the appeal ask where there is to be found the \$250,000,000 required at \$250 per head, to transplant the first million Jews from Russia, not to say anything of the total of 4,000,000 Russian Jews for whom all schemes hitherto proposed had been quite inadequate, while the formation of such an autonomous Ghetto state, even if a territory large enough could be obtained, would be open to many grave objections. On the other hand, it says \$250 would emigrate six persons to Argentina or Canada. In conclusion the pressing necessity for the immediate assistance of the actual sufferers is emphasized.

**Robbers Lock Up Policeman.**  
Reading, Mass., Dec. 9.—Eight masked men entered Reading early today, captured and locked up two policemen, who were patrolling Main street, and then forced an entrance to the Mechanic's bank, where they wrecked the safe belonging to the Reading National bank. They secured \$400. A P. Brooks, a citizen, exchanged shots with the robbers, but no one was injured.

**King Alfonso's Wedding.**  
Rome, Dec. 9.—The impression exists here that the recent visit of the Duke of Norfolk to the Pope was connected with the coming in January of religious on the part of Princess Victoria Eugenie of Denmark, the Pope insisting that the change shall precede her betrothal to King Alfonso. England has consented to this, but wishes the ceremony to be of the most private character. The Duke seems to have smothered over the difficulties.

**No Indictment for Lawson.**  
Boston, Mass., Dec. 9.—The Suffolk county grand jury failed today to return an indictment against Thomas W. Lawson, who had been held for that body by the municipal court on the charge of criminal libel. The charges were preferred by Clarence W. Barron, proprietor of the Boston News Bureau. A "no" bill was reported by the jurors. The grand jury returned no indictment against Barron, against whom it is understood Lawson had offered evidence before the grand jury in connection with the criminal libel complaint. The action of the jury puts an end to the controversy between Messrs. Lawson and Barron so far as the criminal courts are concerned. Barron's charges were based upon an article referring to him published in a magazine and alleged to have been written by Lawson.

## FIERCE FIRE SWEETS OVER ECHO MOUNTAIN

Loss May Amount to Nearly a Quarter Million Dollars.  
Los Angeles, Cal., Dec. 9.—In a fierce fire which swept over Echo mountain today, numerous buildings on the mountain were destroyed, the cable incline railway was put out of business and a slope of the mountain many square miles in area was burned. All day long the fire crept along the mountain sides, eating its way through pine trees and acres of shrubbery. By 4 o'clock this evening nothing could be discerned of the blaze but a

# HOW THE RAILROAD GRADER MAKES THE GRAND TOUR

## Contractor Talks on Problem of Construction Labor.

### FIRMS MUST ORDER MORE MEN THAN THEY NEED

During the last week or so there has been in Albuquerque an unusually large number of men who have come here by employment firms to go to work on the Belen cut-off. They complain that they have been unable to get work on the line, and the local police have been more or less bothered to dispose of the "floaters."

Complaint has been made that the employment agencies have been in fault to ship men down to New Mexico on the promise of work which cannot be secured.

A well known contractor was interviewed by the Morning Journal yesterday and talked interestingly on the subject of securing workmen for railroad camps. He said among other things that it is necessary to order twice as many men as are needed in order to allow for the falling off caused by the disappearance or deception of men who are simply in the game to get transportation.

"During the few months," he said, "that work has been progressing on the Belen cut-off, it is estimated that over 11,000 men have been shipped there for work. They come from all sections of the country. Less than seven per cent of these have gone to work, and many of them have labored less than half a month. The labor conditions are more favorable on the cut-off than on most jobs of the kind, as both the contractors and sub-contractors are all reputable firms and stand at the head of the list of railroad builders."

"The proposition has resolved itself into this: If 10 men are needed on a piece of railroad work, the company figures that in order to get this number of men, 15 at least must be shipped, and in many cases more than double the number of men wanted must be sent out before enough can be secured."

"The rates for laborers are, from Chicago to Belen or points on the cut-off, \$3; from Kansas City, Colorado points and El Paso, \$2; and from Albuquerque, \$1.25. The majority of the men sent to the cut-off from Albuquerque are employees who have made a little money and have spent it, and as they desire work, the majority of these go back and resume their old jobs. But the rest of the men from Kansas City and the east desire only to get out west, and have no intention of going to work. Out of a party of 165 men who were recently sent out from Kansas City, but one reported for duty. The balance were professional tramps and tradesmen of all kinds, who took advantage of the shipping rates and came out for \$2 each, and then went to the city and reshipped."

"The American people have the reputation of being the greatest travelers in the country. This characteristic is by no means confined to the wealthy. Yesterday a party of men came through Albuquerque who had shipped from Kansas City to El Paso. They worked for a few days and got money enough to ship back to Kansas where the Santa Fe is making improvements on the grade. There are many men who tour the country in this way, get over the road for a few dollars, see the country and keep traveling, working but enough to pay for the reshipping."

"An employment agency in Denver made a shipment of men to the cut-off recently. They shipped more men than could be employed and they all applied for work at Belen. Had they gone to some of the other camps, they would have undoubtedly been given employment, but instead of going over the line in search of a job, they came to this city and reported the matter to the police."

"Undoubtedly inside the present month, there will be work for the men and hundreds more men. It is rarely that a grader will work longer than one month in a place. If he does and has any ability, he is promoted to a better job and gets a bigger price for his work."

## NEW MEXICO MAN PROVES EASY MONEY IN KANSAS CITY

(Kansas City Journal.)  
T. A. Wayne hails from Tucuman, N. M., and has been here three days. He came to Kansas City with two carloads of cattle from his ranch, and sold them at good prices at the stock yards. When at home Mr. Wayne is looked on as one of the staid old pioneers, and was elected last year as county commissioner. After selling his cattle he started out to "See Kansas City."

The trolley cars provided for such purposes were entirely too slow for the man from Tucuman. He had the time of his life and enjoyed every minute of it until last evening when he brought up at the Union station, and was reminded by it that he lived miles away.

Wayne was very tired when he sauntered inside the ancient pile that does duty as a station. He wanted to sleep, and the first bench looked good to him. Stepping for it, he dropped down, placed his weary, aching head in the lap of a stranger, and sank to sleep expecting to be called for train No. 29 at 11 o'clock last night.

Wayne was not called, but he awoke about 9 o'clock, and the first thing he felt for was his pocketbook containing his transportation home and the remnants of the coin received for his cattle.

The pocketbook was gone, so was the stranger in whose lap his head rested when he dropped off to sleep. Detective Bradley was notified, but the stranger had fled, and as the transportation held by Wayne was a stockman's pass, it is not negotiable, and the \$8 in the book was the sum total secured by the fellow. Several people saw the man fingering around Wayne's pockets, then saw him leave. They did not know that he was a stranger to Wayne, but supposed him to be a traveling companion.

Wayne was trying to have somebody cash a check for him before his train left, but could not and will wire his bank this morning.

The Salvation Army have for free distribution a number of cast off garments for women and children. Any one in need of the same, call at 419 W. Copper ave., between the hours of 12 and 1 o'clock.

## TRAFFIC BADLY DEMORALIZED BY COLORADO WRECK

Trains From East Expected  
to Arrive This Morning.

SANTA FE HAS HAD MORE  
THAN SHARE OF DISASTERS

All trains from the east were badly tied up by the wreck of the Colorado train near La Junta yesterday, and at last accounts Nos. 1, 7 and 9 were expected to reach the city at seven o'clock this morning or later. "Indefinitely late," was the legend which appeared opposite the numbers of these trains on the score board early last evening, but news from the north at midnight indicated that the trains would arrive this morning. A stub was sent to the south last night on No. 3's time.

"The Santa Fe has been playing in the worst kind of luck," said a railroad man to the Journal yesterday. "I never saw anything like it. Two weeks ago No. 1 was torn into kindling wood at Romero, near Las Vegas, and Engineer Brackett was cooked alive. A few days later No. 9 was smashed to smithereens at Timpa, Colorado, and now No. 8 has tried to pass a freight train on one track east of La Junta. Add to these a recent smashup in Crozier canyon, the terrible wreck of the California express near Kansas City, and various other derailments in the last month, and you can easily see that the Santa Fe has struck one of those streaks of bad luck that come to all railroads in spite of the most careful management and watchfulness. Wrecks, like fire, come in bunches."

### Trouble Near Trinidad.

News has reached here of two small accidents on the Santa Fe near Trinidad during the week. Three box cars loaded with bridge iron blocked the track near Shuckville for half a day and it took a big force of men and strenuous work to get the track cleared in that time.

Shortly after this wreck, one of the large mountain-climbing engines jumped the rails at Jansen and turned cross-wise of the track. It was more difficult to replace this monster locomotive on the track than it was to clear the box car wreck. Several big trains were held at Trinidad about eight hours.

### BRITONS ARE FIGHTING THE AMERICAN TOBACCO TRUST

Combinations Have Received Severe  
Blow in England.

London, Dec. 9.—American trusts of every description have just received a severe blow in England. The decision given in the court of appeals in the litigation brought against "Ogden's Limited," the great tobacco firm, by retail tobacconists, will have a far-reaching influence on every American industry which attempts to establish a monopoly in England.

Retail tobacconists are jubilating over their really great victory. They will be able to compel the trust started in England by Duke to disgorge the trust part of \$7,500,000 and besides the trust will have to pay an additional \$2,500,000—making the colossal total of \$10,000,000.

The legal fight has been one of the most gigantic battles of the law courts; though the proceedings have as yet attracted little public attention. The next step in the litigation, however, when the assessment of damages goes before a British jury, will undoubtedly be the one topic of conversation among smokers all over the world.

The man who has conducted the fight on behalf of the 4,500 retail tobacconists organized to oppose the Duke combine is Henry Jerrold Nathan, chairman of the Ogden's Bonus association. Seen at his office, 18 Throgmorton avenue, Nathan said:

"Our organization, the Ogden's Bonus association, is the only company ever formed for the express purpose of litigation. We have won, hands down, and all the private dealers in England are rejoicing over our defeating a trust with \$25,000,000 at its back—I mean the American Tobacco trust."

"When Mr. Duke came to England four years ago as the representative of the trust, he bought out Ogden's by offering the English tobacco companies \$1,000,000 a year for four years and the whole of the net profits; and at the same time he obtained agreements from 4,500 tobacconists that they would not deal with any other concern. When he had all these agreements he disposed of the goodwill of Ogden's, which, of course, carried the signatures of the tobacconists, to the Imperial Tobacco company, for \$2,500,000. He then sent a check to each of the tobacconists, with a circular, telling him he was no longer in business, the check being the proportion of the \$1,000,000 for the first year."

### DELEGATE RYAN WILL DEMAND THREE SEATS

Alaskan Believes Congress will Recognize  
Trio.

Seattle, Wash., Dec. 9.—Richard Ryan of Nome, elected one of three representatives from Alaska by the Alaska convention held here recently, will leave tomorrow for the national capital. He will go as Ex-Governor Swineford has returned to Ketchikan and Captain Humphreys has gone to California. If either of them intends to be in the national capital early in the winter he has not notified Ryan to that effect.

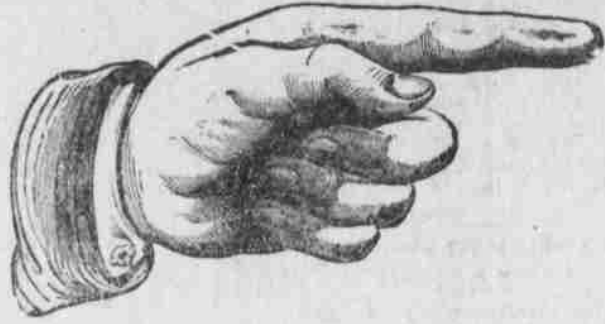

"The Alaska convention elected three of us," said Ryan tonight, "as representatives from a district one-fifth as large as the entire United States. I believe the house of representatives will seat us. If there is a disposition to seat one of us alone, I will refuse to accept any such recognition. So far as I am concerned, Congress must accept all or none of us. There is only this condition that would make me alter my determination—that the other two delegates should resign and the executive committee ask me to accept alone."

### INJURED WHILE MAKING BOMBS. Explosion Leads to Discovery of the Conspirators.

Geneva, Switzerland, Dec. 7.—A number of Russians were seriously wounded by an explosion here today while they were preparing bombs in a private residence. An investigation by the authorities led to the discovery of a number of explosives, fraudulent passports and a secret printing press. Two of the men wounded in the explosion were taken to a hospital, but the others succeeded in evading arrest.

T. Jeff White, the courteous business manager of "Welch and Teal's Enterprises," informed the Morning Journal last night that the company is so well pleased with its reception by Albuquerque people that it will send another and much better attraction here again in six weeks, headed by Mr. Teal, and with entirely new and a few vaudeville features.

Mr. White gives the assurance that this attraction will be one of the best of its kind on the road and that no effort will be spared to give Albuquerque one of the most excellent performances of the season.

The company left last night for the west.

# POLICE DIG UP JORDAN'S BACK YARD FOR OTT MONEY

## Chief Dinan Convinced Swag Was Left in This City.

THIEF SAYS HE AND JORDAN  
BURIED IT IN A BOTTLE  
Steam Excavator and Fresno Scrapers  
Will Be Called Into Requisition  
on Policeman's Premises.

Deep mystery surrounds the fate of that \$1,100 which one John D. Ott of San Francisco alleges Policeman Jordan of Albuquerque helped him to hide. Ott has been telling all sorts of tales to the San Francisco authorities and has succeeded in keeping them completely at sea as to the real disposition of the money which he stole from his roommate, Frank Johnson, in San Francisco. The wires have been kept hot between this city and San Francisco with messages between Chief McMillin and Chief Dinan and the telephone operators are still working overtime.

Yesterday, to satisfy the importunate officers of the coast city, Marshall McMillin had two or three husky laborers go up to the residence of Policeman Jordan and dig up the whole back yard to demonstrate that the money was not there. Ott in his latest confession alleges that he and Jordan put the money in a shoe polish bottle and hid it in Jordan's dog house, or, to be more exact in the ground under Jordan's dog house.

A copy of this confession was forwarded to Chief McMillin. Ott says that there is a piece of canvas nailed against the wall in the corner of a shed on Jordan's premises at 415 North Arroyo, forming a temporary residence for the policeman's dog. Ott says further that he and Jordan with all due solemnity formally interred the money, incased in a blacking bottle, and left it there until such time as Ott should return to claim his own. Ott in his confession says that he would have told where the money was before but that he "didn't want to implicate Jordan."

After Jordan's back yard had been carefully searched up and pried and harrowed Chief McMillin sent the following telegram to Chief Dinan: "No dog house on Jordan's place. Have dug up ground in the only shed there but cannot find money."

Chief Ott did with the money. "If Ott had that money when he came here," said Chief McMillin last night, "he is a smooth one and no mistake. The night he was arrested the usual police search was made by Officers Kennedy and Highberger. The next day the man was stripped and we made a thorough search of every garment he had on, even looking inside the lining. All the money we could find a trace of was the \$180 mentioned before. Ott was not given into Jordan's charge until twenty-four hours after he was arrested and after he was searched, as I have said."

According to Chief Dinan of San Francisco Ott sticks stubbornly to his story that Jordan helped him hide the money. It is difficult to see what the young thief's game is unless he is getting his roommate, from whom he stole the coin, not to prosecute him. One theory is that Ott has offered to return the money to Johnson and is attempting to throw the onus on Jordan and thus escape prosecution. In any case Ott, by the number of conflicting stories he has told, has stamped himself as a thoroughly-going crook who should be prosecuted to the extent of the law.

### The Key That Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by all druggists.

Deer Season Over. The deer-hunting season in Arizona came to an end Thursday. It is only ten weeks in length and hunters are restricted to three deer each. The killing of antelope is forbidden.

Murder in Second Degree. A Federal Abeyta, a Nevada stage driver, became lost in the desert while on his way to Arizona, and in consequence became demented at Congress. He has been sent to the territorial insane asylum.

Crazed by the Desert. I. W. Studebaker, a Nevada stage driver, became lost in the desert while on his way to Arizona, and in consequence became demented at Congress. He has been sent to the territorial insane asylum.

Another Trial for Storm. John Storm, treasurer of Yavapai county last year, is to be tried again next week for embezzlement of \$15,000 found missing from the vault wherein Storm was found bound and gagged. A trial last spring resulted in a hung jury.

Cut Thumb Caused Death. Samuel C. McElhane, a prosperous pioneer farmer living about eight miles west of Phoenix, died Tuesday under extraordinary circumstances. While loading hogs into a wagon his thumb was slightly injured. The pain was so severe, however, that the man was stricken with heart failure, dying within an hour.

Skaggs Acquitted. John Skaggs, one of the pioneers of this section, has been acquitted of the charge of murder in having killed George Clark in the Verde valley last September. He made out a case of self-defense to the satisfaction of the jury. There were no witnesses beyond the defendant. He testified that he shot only after Clark had fired a revolver at him.

A Smooth Peddler. Max Schwartz, a peddler who has been doing business about Bisbee for several months, dealing in fruits and produce, is said to have absconded yesterday with something over \$400 in cash secured from business men and owing sums about the city which will aggregate several hundred dollars. Schwartz is believed to have headed for El Paso.

One Wagon's Wild Run. Loaded with three thousand pounds of ore a heavy wagon belonging to John Herick ended with a wild ride of a mile run on a steep grade coming down from the Shattuck mine near Bisbee, by turning over an embankment, and rolling 150 feet with a team of horses. The driver of the wagon escaped by jumping a moment before it left the road and went down the embankment. Neither of the horses were seriously injured. One of them was severely cut about the body.

Three Banks for Phoenix. It is reported that about the first of the new year the Valley bank of Phoenix will be merged into the City National bank, a new incorporation with exceptionally strong local backing, with a capital of \$100,000 paid up and \$50,000 surplus. Charles L. Hall, late

manager of the Phoenix National bank and now manager of the Home Savings bank of Phoenix, will have a similar position in the new institution. The Home bank will be, in a way, associated with the City National, but will retain its identity. This move will give Phoenix three national banks.

Charles W. Fugh, editor of the Stockman, died at his home in Phoenix Saturday night, of heart trouble. He was forty-one years old, and had lived in the territory for the past twenty years. He was connected at one time with the government signal service at Wilcox and later edited the Wilcox Range News.

It is an ill wind that blows nobody good. As a consequence of great demand for common labor on dam, levee and headgate work, Yuma and Cocopa Indians are getting \$2 per day, whereas they never before commanded more than \$1.50 and ordinarily but \$1.25.—Yuma Sun.

The Globe Silver Belt states that thirty inches of rain has fallen there in the last twelve months, which would be ample for drinking and laundry purposes, with enough left over for "bawls" for all who would abate.

The chamber of commerce of Yuma has taken up the matter of raising funds for the maintaining of a brass band. A committee was appointed and raised a guaranteed fund of \$75 payable monthly.

Douglas will soon be known as the City of Churches, for during the past year more than \$60,000 has been put into church structures, and most of the sum comes from the Phelps-Dodge interests.

Several hundred Pima and Papago Indians have gone to Yuma to work on the Laguna dam. They took with them their squaws, (peeps, dogs and other necessities of life.

Miss Adamson's Promotion. Miss Lena B. Adamson, the teacher and supervisor of music at the Phoenix Indian school, is being transferred and promoted to a similar position in the Indian school at Santa Fe, N. M. She will leave for her new appointment Tuesday evening. This is her fourth year at this school. Miss Adamson holds diplomas from the Capitol school of music of Columbus, O., and from the new school of methods

public school music, of Chicago. Last summer she took special work in music in Boston and Chicago. She leaves many friends in the city as well as at the school, all of whom wish her success.—Phoenix Republican.

### VACCINATION AND DANDRUFF

There is as Sure Prevention of Dandruff as There is of Smallpox. It is now accepted that vaccination renders the vaccinated person exempt from smallpox; or at worst, he never has anything but the lightest kind of a case. Now as sure a preventative and cure for dandruff, which causes falling hair and baldness, has been discovered—Newbro's Herpelide. It kills the dandruff germ. C. H. Reed, Victor, Idaho, says: "Myself and wife have been troubled with dandruff and falling hair for several years. We tried remedies without effect until we used Newbro's Herpelide. Two bottles of which cured us." Hundreds of similar testimonials sold by leading druggists. Send 10c in stamps for sample to The Herpelide Co., Detroit, Mich. B. H. Briggs & Co., Special Agents.

### WORK ON MARE ISLAND DRYDOCK GOING AHEAD

Taft Grants Authority to Purchase Three New Balloons.

Washington, Dec. 9.—The army is to have three new balloons under authority granted by Secretary Taft upon the recommendation of the chief signal officer of the service. The balloons are to be made in France and will represent the latest and most efficient type. One will be sent to Beldia.

After much delay and some apprehension on the part of the naval authorities work on the drydock at the Mare Island navy yard has been fairly started. The prospects, according to the reports of the officers on duty at the yard, are all in favor of satisfactory progress on the structure. The delay has been a most annoying one and resulted disastrously for the original contractors, who not only lost the contract for the dock at Mare Island, but also one for a dock at League Island.

Reports have been received from the Mare Island navy yard indicating the necessity of the extension of the cemetery there. The capacity of the present cemetery has been nearly reached and its boundaries must be extended at once.

# Your Christmas Dinner

Will appear more appetizing, will taste better and look better, if the dining table is beautifully set with **DRAWNWORK**. Many people have an idea that Drawnwork is so expensive they cannot afford it, and in place of using it content themselves with linens that cost much more, but do not give that elegance of appearance so much sought for by all persons of dainty tastes.

# ...The Globe Store...

is prepared to provide Drawnwork at prices so reasonable that every homekeeper can afford to set a beautiful table. These goods come in three manufactures: American, Japanese and Mexican. A few prices below:

to set a beautiful table. These goods come in three manufactures—American, Japanese and Mexican. A few prices below:

## MEXICAN DRAWNWORK

This work is too well known to need and introduction to the general public; the one thing necessary to remember in buying Mexican Drawnwork is the price. Most dealers expect to make, and do make, a very large profit on this article, depending upon the ignorance of the buyer to help through the sale. THE GLOBE STORE does business in a different manner—customers are expected to know something about what they are buying, and our Mexican work is marked at the lowest possible prices, as an inspection of our stock and a comparison of prices with those asked by other dealers will convince.

We carry in stock pieces in size from 6x6 inches to 24x56 inches, at prices ranging from 25 cents up. If you are interested in Mexican Drawnwork it will pay to inspect our stock.

### TABLE LINENS

In addition to Drawnwork, THE GLOBE STORE carries a line of beautiful Damasks and Napkins, which would grace any table. In these goods, as in Drawnwork, our prices are not based upon the ignorance of the purchasers, but upon the actual quality of the goods. Nothing adds so much to the beauty of an elegantly set table as snowy, fine damask and napkins, and in this line, we are offering some exceptional values in pure linen cloths and napkins to match. An inspection of our Table Linens is asked.

## AMERICAN

### DRAWNWORK

These Goods are Made From a Beautiful, Smooth Linen, are Durable, and will Launder Esquisitely.

Size 24x24 inches, double hemstitched, one row of open work, each.....	\$1.75

Other sizes and styles at proportionately low prices. These are real values and persons who appreciate good goods will only have to look at American Drawnwork once to realize that for durability there is nothing to equal it.

## JAPANESE DRAWNWORK

Japanese Linenwork is not new, but it is only within the past few months (since the Little Brown Men attracted slight attention by peculiar actions in Manchuria) that this work has come into general use. And it well deserves the popularity it has attained. The best of linens are used, the work is well done and its linens are more durable. If you have never examined them come in and see them—it will cost you nothing to look.

Size 38x38, hemstitched, three rows of open work, beautiful corners, an elegant piece, each.....	\$5.50

These are a few of the styles and sizes we carry in stock, and we will gladly show this work to all callers, believing that the quality, work and prices will make purchasers of all who look at it.

## APPROPRIATE CHRISTMAS PRESENTS

Remember another thing, when thinking of the purchase of Drawnwork and Table Linens: they make acceptable Christmas presents, and many ladies receive such presents with greater pleasure than anything else that could be sent. The second thing to bear in mind when looking for Christmas goods is that

## THE BIG GLOBE SIGN

on Railroad avenue marks the very place for reliable merchandise of all kinds, no matter what time of the year it may be.

## MORMON GIBBONS IS ACQUITTED IN ARIZONA COURT

### Prominent Apache County Politician on Trial.

#### CAME TO UTAH WITH BRIGHAM YOUNG'S PARTY

The first of the cases against the Mormons of Apache County, Arizona, for violation of the Edmunds act has been decided in the United States court in Prescott. A. V. Gibbons, high priest of the Latter Day Saints and a prominent business man and politician in Apache county, has been acquitted of unlawful cohabitation and dismissed. The jury was out a little over two hours.

The case attracted more attention than any that has been tried in Arizona for a long time, owing to the prominence of Gibbons, who is one of the best known residents of Apache county.

The defendant was represented by Attorney Isaac Barth, of Apache county, and Attorneys R. E. Morrison and E. S. Clark, of Prescott, while the prosecution was conducted by J. L. R. Alexander, United States attorney for Arizona, and his assistant, W. B. Kibbey.

Came to Utah With Brigham Young. From the evidence it appeared that the defendant, who was raised from childhood a member of the Mormon church, and who came to Utah in the party led by Brigham Young, in the early days, married a Miss Elizabeth Harris, daughter of a prominent Mormon family in Washington, Utah, upon reaching there in the year 1875. Two years later he took unto himself a plural wife, the sister of his first wife, Miss Ella Harris. A few years later he emigrated to Apache county, Arizona, continuing his marital relations with both sisters until about eight years ago, when, after the passage of the Edmunds act, he made an agreement to separate with his plural wife, Ella, who was then the mother of three children, giving her a home at St. Johns, and some cattle and horses and other personal property to assist in the support of herself and children.

Since that time, according to all the evidence presented, he has continued in good faith to live separate and apart from his plural wife, at times giving employment to her son, who is now 16 years of age, in order to assist the mother in making a livelihood for the family.

Wives on the Stand. Many witnesses were examined, but no evidence was produced which tended to prove the charge. The only fact established was that he had visited the home of the plural wife at times to meet his son.

Both wives were witnesses, and the plural wife's evidence was that since the separation the defendant has never lived in the same home with her, had never eaten at her table, and that she had not been associated with him since the agreement was entered into.

## LEAGUE COMMITTEE TO GO TO THE CAPITAL

### STATEHOOD ORGANIZATION HOLDS ROUSING MEETING

At an enthusiastic meeting of the joint statehood league held last night in the offices of that organization, preliminary steps were taken toward sending a committee to Washington to work at the interests of joint statehood during the present session of congress. Former Delegate Bailey was chosen to head this delegation, which will be composed of men thoroughly representative of the Non-Partisan Statehood league. Mr. Bailey's acquaintance among the lawmakers at Washington is expected to be of great assistance. The committee will be made up impartially from democrats and republicans but all will be men who will work hard and effectively for statehood. A number of members of the league will go down to Arizona to operate with the friends of the movement in that territory in assisting the question throughout Arizona.

All of the officers and about fifty of the most influential members of the league were in attendance last night. Several new clubs were reported. The work has now started with a will and several localities and prominent men in the territories who have heretofore remained silent on the proposition have taken an interest in the work since the president's message has been issued.

"We have over 2,000 members in the league outside of Albuquerque," said J. J. Sheridan last night. All of these members are prominent politicians and leading citizens from both parties who are working untiringly for joint statehood in the common interest of the two territories."

#### LOCAL AND PERSONAL.

General Manager J. E. Hurley, W. B. Storey, chief engineer, and Harrington Emerson, shop expert of the Santa Fe, left last night at 1 p. m. for the east on a special. Arthur Lovett, superintendent of motive power, was a member of the party.

George Tietzel, W. S. Snively and J. P. Mitchell were members of a building party that left for Thornton this morning, where they will spend the day. They expect to return to Albuquerque this evening.

Miss J. Nugent, of Philadelphia, who spent several weeks in Albuquerque, returned to the city last night on the limited train from a trip to Los Angeles, the Grand Canyon and other points.

All Eagles who are interested in organizing an Eagles' club will meet Sunday, December 10, at 2 p. m. at Red Men's hall on Gold avenue. Committee.

## FINANCE AND COMMERCE

Wall Street. New York, Dec. 9.—Today's market was kaleidoscopic. The market was again a regular until the appearance of the bank statement disclosing the death in the legal reserve, when a buying movement of great animation set in, and the market developed and carried prices comprehensively up with a resolute sweep.
