Leader of Reds Declares

KRUSTALEFF IS  
UNDER ARREST

Government Plays Its  
Last Card.

TROOPS REFUSE TO FIRE ON  
MUTINOUS COMRADES IN WARSAW

St. Petersburg, Saturday evening, Dec. 9.—In an interview yesterday M. Krustaleff said: "It is probable that a general strike will be declared just after Christmas. Delegates who were sent to all parts of the country report that the proposal for the strike has been welcomed with enthusiasm and in fact the whole country is ripe for revolution. A vast majority of the workmen are true revolutionaries, though starvation sometimes compels them to subordinate their political aims. Preparation for an armed uprising is well advanced, but it cannot hope to succeed unless joined by a considerable body of troops. The propaganda, however, has made such strides in the army that the revolutionaries are justified in counting on sufficient support from that source to insure victory. The peasants everywhere are willing to join the revolutionaries. They are the principal sufferers from oppression and excessive taxation and have lost confidence in the emperor. The revolutionaries have their own postal and telegraphic services by which they are able to keep in touch with their organization throughout the empire. Besides Krustaleff three other members of the workmen's council were arrested. Strikes have been declared on these railroads: Riga & Erfurt, Kharkoff & Nicolait, Southwestern, Southeastern, Samara & Stavout, Saran & Viavensk.

KRUSTALEFF ARRESTED IN  
EFFORT TO STOP STRIKE

St. Petersburg, Dec. 9.—(Saturday evening. Delayed in Transmission.) Another crisis is at hand involving the indefinite prolongation of the strike, the probable immediate precipitation of a general strike throughout Russia and possibly the final struggle between the government and the proletariat.

This sudden change for the worse is the result of the shedding of the first blood in the telegraph strike this afternoon almost simultaneously with the action of M. Durnovo, minister of the interior, in throwing down the gauntlet to the labor organizations by arresting M. Krustaleff, president of the executive committee of the workmen's council, without warning.

About 2 o'clock several companies of Cossacks clattered through the streets leading to headquarters of the council in Tavris street. Having barred the approaches a force of troops and police surrounded the building after which secret service men rushed in and seized Krustaleff. The latter made no resistance and the affair was conducted quickly. It was impossible for Krustaleff to conceal the papers of the organization in which the police evidently expect to find evidence proving the ultimate effect to be an armed uprising against the government.

A disturbance in which two strikers were killed and a policeman and several others wounded, occurred at the same hour immediately in front of the general postoffice. The strikers for two days have been seeking to persuade the volunteer and regular carriers to refuse to work. At the door of the building today the strikers engaged by the refusal of the volunteers to quit, drew knives, whereupon a carrier attempted to defend himself with a revolver. Both the carrier and his companion were killed on the spot. A squad of policemen was stood off by the strikers and workmen who sympathized with them. Both sides exchanged a fierce fusillade during which a policeman and several workmen were wounded.

As the strikers were withdrawing a Cossack patrol came galloping to the rescue. One of the strikers threw a brickbat and the Cossacks wheeled in order to avoid what they presumed to be a deadly missile. The crowd managed to get in an open court way, close to the door, and escape.

The news of the arrest of Krustaleff created an immense sensation among the workmen. All the socialist labor-kindred organizations are holding meetings tonight at which the most inflammatory speeches are being made in denunciation of the government and all are talking of a general strike in order to save their leader.

Krustaleff, as he is called, though that is not his name, is regarded as the brains of the revolutionary movement. He had displayed genius in organizing both the industrial and political strikes which have terrorized the government. His offer of financial support to the telegraphers yesterday

prevented the collapse of their strike. In some quarters it is believed that the government, realizing that a great struggle with the workmen and socialist organizations is inevitable in January, arrested Krustaleff with the intention of deliberately precipitating matters by challenging the organizations before they were fully prepared. On the ground that it would be impossible to hold elections in the present state of the country. At the same time it is understood that it is the intention of the government to go a step further in the direction of appeasing the peasants by providing for the purchase by them on the installment plan of a portion of the crown appendages and the private estates that have been hypothecated to the government land banks and unredeemed.

While such a program undoubtedly would receive the sympathy of that section of the population which desires the restoration of order above everything, especially of the business interests like the manufacturers of St. Petersburg who yesterday passed a resolution in favor of prosecuting the agitators to the full extent of the law, it would provoke the socialists and revolutionists to desperation. The moderate liberals also believe that such a policy would be suicidal and would be sure to bring in its wake repression, then an armed conflict with the proletariat and finally a bloody revolution. Many persons believe that Count Witte will not lend himself to such a program, that his fall is imminent and that when he goes he will leave reaction and revolution face to face.

It is again rumored that the premier already has resigned and will be succeeded by General Count Alexis Ignatieff. Another rumor is to the effect that Lieutenant General Mischenko, one of the heroes of the war in Manchuria who is now on his way to St. Petersburg, will assume the dictatorship. The Associated Press is unable to obtain confirmation of any of these rumors. On the contrary it learns from a high source that Count Witte's position, so far as the emperor is concerned, is perfectly secure and that his majesty is giving him the widest cooperation. Nevertheless the count's failure to accomplish something tangible has caused him to lose ground steadily in public opinion.

**SOLDIERS REFUSE TO FIRE  
ON MUTINOUS COMRADES**

Warsaw, Dec. 10.—The ferment among the troops is increasing. A hundred soldiers of the Kerzhin regiment headed a procession this morning singing revolutionary songs. If Marshalowska street they were barred by a detachment of the Grochow regiment, the commander of which ordered his men to fire. The soldiers refused to do so and permitted the procession to pass. The commanding officer then fled. A rumor is current that the whole garrison of the Warsaw citadel has mutinied. It is impossible to verify the rumor as the authorities refused admission to the fortress.

# RUSSIA IN UGLY MOOD NEW YORK

Vienna, Dec. 10.—An example of the mixture of races existing in Hungary is given in reports which reached Vienna today of the beginning of what may prove to be a serious movement among the Roumanians in favor of the emperor-king against the Magyars who, in the name of Hungary, are fighting against the crown.

The Roumanians living in the border provinces of Temes, Arad and Bihar are holding secret meetings and campaigning against Hungarians, declaring they will not let harm befall Francis Joseph.

One Hungarian who opposed a Roumanian candidate for membership in the council in Tavris street. Having barred the approaches a force of troops and police surrounded the building after which secret service men rushed in and seized Krustaleff. The latter made no resistance and the affair was conducted quickly. It was impossible for Krustaleff to conceal the papers of the organization in which the police evidently expect to find evidence proving the ultimate effect to be an armed uprising against the government.

# LITTLE LEGISLATION LOOKED FOR UNTIL AFTER THE HOLIDAY RECESS

**CANNON TO  
ANNOUNCE  
COMMITTEES**

House Expects to Complete  
Organization Today.

LITTLE WORK PROBABLE UNTIL  
AFTER CHRISTMAS HOLIDAYS

Congressmen Show Indisposition for  
Hard Work—Only Appropriations  
Committee to Report.

Washington, Dec. 10.—Speaker Cannon will announce the committees of the house tomorrow. This will practically complete the organization of the popular branch of the 59th congress. The committees so appointed will meet during the week for organization, the appointment of sub-committees and the assignment to each of pending measures. In due time the sub-committees will report to the full committee and they in turn to the house. In this manner the wheels of legislation will be started. With the long session ahead, however, no important results are expected until after the holiday recess.

The appropriations committee which perhaps has the heaviest task to perform, will first consider the legislative or the District of Columbia appropriation bill. But the outlook is that neither of these measures will receive committee attention before the holidays.

That there will be no lack of legislative propositions is indicated by the 5,363 bills which have already been introduced in the house since the opening of this session. Many of these are known as private bills affecting only individual interests.

The holiday adjournment, it is believed, will be fixed on as Thursday, December 21. The leaders are disposed to expedite consideration of the Philippine tariff bill and hearings will undoubtedly begin as soon as the ways and means committee has organized.

**SENATE TO

STATEHOOD BILL NOT LIKELY  
TO BE HEARD OF BEFORE RECESS

Not Even Report From Committee  
on Railroad Rate Bill Expected  
Before the Vacation.

Washington, Dec. 10.—The first important measure which will receive the attention of the senate will be the Panama canal emergency appropriation bill and its consideration will begin this week. Senators predict that it will become law before the close of the week, but others express the opinion that final action will be deferred until the week following. There will be no effort to prevent the passage of the bill in some shape, but there will be some opposition to the proposed restoration of the \$5,500,000 subtracted from the house from the amount to be appropriated. Regarding the question as to whether the canal shall be constructed on sea level, there is some conflict of opinion as to whether the bill shall be referred to the committee on appropriations or to the committee on oceanic affairs.

The general expectation is that there will be comparatively little legislation before the Christmas holidays. Several other measures will be vigorously pressed during the session, but with the exception of the merchant marine bill, the sponsors of these bills do not expect to get them passed before the holidays. The three measures mentioned are considered the most important that will come before the senate this session and they will receive much attention until they are finally passed.

No one now expects any effort to modify the tariff unless in the direction of Sen. Spooner's amendment for a maximum and minimum rate. The Massachusetts senator regards this proposition with much favor and there is hope that the amendment will be adopted.

Much of the time during the recess week will be devoted to the reorganization of the committees, and there is hope that the announcement of changes can be made before Thursday.

Senator Mitchell's death will be announced by Secretary Taft tomorrow, but it is not probable that the announcement will cause an adjournment of the senate.

# COASTS FIRE ON GUARDS

MUTINY IN HAVANA PRISON  
RESULTS IN FIERCE BATTLE

Havana, Dec. 10.—The convicts in the penitentiary mutinied tonight and a fierce fight between them and the guards followed in which two of the prisoners were seriously wounded, sixteen more or less seriously wounded and three of the guards badly injured. The convicts to the number of 160 were proceeding from their quarters to supper in charge of an officer who was armed with a revolver and three guards, who carried maces. The convicts overpowered the guards who, the officer fled, wounding several of the prisoners. He was then seized by convicts and roughly handled. Four more guards, armed with guns, came on the scene and fired into the crowd of convicts, driving them back. The arrival of a platoon of artillerymen completely cowed the convicts.

Declares Matter Carried Free in 1905

of Rural Free Delivery.

Washington, Dec. 10.—Postmaster General Cortelyou in his annual report for the past fiscal year says that while a self-sustaining condition of the postoffice department would be gratifying, he is less concerned about the deficit than the efficiency of administration. For the fiscal year, 1905, the total receipts from all sources were \$152,826,585, and the total expenditures \$167,181,989, leaving a deficit of \$14,355,404. In connection with these figures the postmaster general directs attention to the free matter amount of free matter handled, which he says averaged 12.53 per cent of the entire weight carried or a loss in revenue of \$19,822,900. "Manifestly," he says, "had the matter been carried free been required to have been prepaid, notwithstanding the large expenditures for the rural free delivery service, there would have been no deficit."

Newport, R. I., Dec. 10.—While the Nantuxet, South Shovel Lightship No. 25, chained to a spot far out in the North Atlantic was plunging about today in the severest storm so far this season, a leak was discovered in the fire room compartments, which let in the water so steadily that when wireless communication ceased at 2:30 o'clock this afternoon the vessel was extinguished and the vessel was helpless.

As the lightship, which is a relief vessel and which went on the station only five days ago, is equipped with five water tight compartments, it is believed tonight by the lightship officials that she will survive the gale, which at that time was backing into the northwest.

Nevertheless, every effort was made to go to her assistance. As the sea was very heavy off shore and none but the stoutest vessels could be used, it was found that the gunboat Hist was the only available in port here. Just as she was about to leave the ship her steering gear gave out. It was learned, however, that the lightship officials in Boston had arranged to dispatch the lightship tender Azania from New Bedford and it was expected that she would reach the vicinity of the lightship before morning.

Lightship officials while admitting that they were somewhat anxious regarding the lightship, pointed out that her compartments should be able to keep the vessel afloat even with one of them filled, for a considerable length of time. It was pointed out that the shift of the wind to the north-west, which was the tendency of the storming sea in the vicinity of the lightship.

The Nantuxet lightship is anchored forty-two miles out. She has for many years been the turning point of steamers bound to and from Liverpool and New York and within the past four or five months has been equipped with wireless telegraph. She is commanded by Captain Gorgison and carries a crew consisting of two engineers and eight men.

She also has on board three wireless operators attached to the navy. **Busy Day for Lifesavers.**

THE POCKET BOOK INTERESTS  
WARNED TO MOVE CAUTIOUSLY

Las Vegas' Long Drawn Out Postoffice  
Fight Finally Closed With Vic-  
tory for the Old Town.

Correspondence Morning Journal.  
Washington, Dec. 7.—The president in his message recommends two new states, Indian Territory and Oklahoma forming one, and Arizona and New Mexico the other, and the recommendation should count for much in the statehood contest. His knowledge of the situation is thorough and his sympathy with the people of those sections has repeatedly been manifest. As a young man he roamed all over the west and southwest, as an author he has studied and described their development, and as the chief executive of the country he has spoken for the reclamation and enrichment of their arid lands, and made their representative people particularly welcome at the white house. He cannot be accused, therefore, either of shortsightedness or unkindness in the advice he takes for the settlement of the question which long has vexed the country, and which by delay seems to grow in difficulty.

It would be superfluous to go over the grounds of the contest at this time. They have been repeatedly stated, and the latest statement, the hot battle in the last congress was fought on lines which still remain, and with the exception of Mr. Quay, whom death has removed, the old combatants are still in the field. They know each other's formations and tactics, and the victors in this new struggle will earn what they get. Nobody is likely to go to sleep on this subject.

Now, as heretofore, the difficulty is in joining Arizona and New Mexico to the holy bonds of statehood. There are interests in both territories which oppose the match. They are largely financial and political, but some are political. It is useless, as the Washington Post said recently, "to try to keep politics out of such a question. It enters into everything with us and controls many things absolutely. Ambitious and able men, with their eyes on office, or on strengthening their party in congress by votes in the senate, are busy in this struggle, and they are not to be despised in the equation."

But there are men, some of them in high places, whose attitude in the premises is open to serious criticism. They are opposing union and statehood on the score of their pocket-books. Their sole consideration seems to be of tax rates and the value of mining investments, and some of them are non-residents. If any such are members of either house of congress, they should not feel a delicacy in voting in a matter in which they are thus financially interested? Do they not stand somewhat in the relation of a judge or juror in the case?

**OLD LAS VEGAS WILL  
GET POSTOFFICE BACK**  
The citizens of Las Vegas, the county seat of San Miguel county, N. M., will have their postoffice restored to them. This is the effect of the decision of the district court of appeals which reversed the judgment of the supreme court of the district denying the petition of the citizens of Las Vegas for the restoration of the postoffice. The court is compelled to re-establish a postoffice in that city.

Prior to 1903 the residents of Las Vegas enjoyed the privileges of a postoffice. At that time, however, the postmaster general directed that the office be removed from Las Vegas to East Las Vegas. The citizens of the former town, however, secured a writ of mandamus to compel the postmaster general to re-establish the postoffice at Las Vegas. The court denied the application for the writ and the court of appeals has reversed the ruling.

It is said that the enterprise will be capitalized at \$200,000,000 and that the money centers of France, Russia and the United States will be asked to share in the financial phase of the project.

# LAST ACT IN ELEPHANT BUTTE SUIT

Dr. Nathan Boyd Reaffirms In-  
tention to End Action.

GENEROUS COURSE REMOVES  
LAST BAR FROM ENGLE PROJECT

Litigation That Has Cost a Fortune  
and Held Attention of Two  
Nations Soon to End.

Following his announcement before the irrigation congress in El Paso in 1904, that he would be willing under certain conditions to withdraw from the courts in the matter of the Elephant Butte dam case, Dr. Nathan E. Boyd, promoter of that famous project, has addressed the following letter to H. B. Holt, president of the Mesilla Valley Water Users' association, confirming his previous action.

Las Cruces, N. M., Nov. 23, 1905.  
To the Hon. H. B. Holt, President, Elephant Butte Water Users' Association of New Mexico:  
Dear Sir: In Re, United States vs. Rio Grande Dam and Irrigation Company, et al.

In conformity with the terms of my letter to you of the 20th of December, 1904, and my offer as submitted at the meeting of the Las Cruces chamber of commerce this afternoon, I hereby under my power and right so to do, undertake and agree, on receipt of written request from you (as president of the United States vs. Rio Grande Dam and Irrigation Company, et al.) to instruct the attorneys for the defendants in the above cause, to move the court to dismiss the said cause in favor of the plaintiff, in the event that the secretary of the interior officially advising you (or me) that the United States government cannot, or will not, through its reclamation service, proceed with the construction of the Elephant Butte dam (so called), or the proposed complimentary irrigation works, so long as the suit in question remains undetermined in the plaintiff's favor. In other words, if the said suit is officially declared to be a bar to government construction of the said dam, or said other irrigation works, I am prepared on my own motion to have my attorneys advise you to move to have the cause dismissed in the government's favor.

I also hereby undertake and agree to surrender all my rights and title in the plaintiff's suit, in the event that in part built, but not completed, (owing to the injunction suit as above) by the plaintiff at or near (old) Fort Selden, and to convey such right and title to the United States government, or to the Elephant Butte Water Users' association of New Mexico, if the government will undertake to complete said dam, and to connect it by suitable canals with the Dona Ana, Las Cruces and Mesilla community ditches, within one year from date, or within such other reasonable time as may be deemed necessary for the completion of the said project, the United States reclamation service.

Yours faithfully,  
(Signed.) NATHAN BOYD.  
This letter is of even date with a letter to the Hon. H. B. Holt, president of the El Paso Water Users' association in which Dr. Boyd while making the same announcement of his intention, goes into the history of this litigation, which has been a prominent place in the courts of New Mexico for the past ten years.

The case is one of the most famous in the history of the territory. It has been twice before the supreme court of the United States, has figured in several congresses and has been the cause of much bitterness from time to time. Once or twice it has threatened to become a national issue, and Mexico and the state department has more than once felt called upon to look into its status.

In withdrawing the litigation in which he has been so long and expensively engaged, Dr. Boyd generously removes the last obstacle to the construction by the reclamation service of the great proposed dam at Elephant Butte, and the completion of the project. Nothing of greater importance has been done for the Mesilla valley than this sacrifice by Dr. Boyd who through many years has fought not only his own battle, but that of the people of the valley in the courts and in congress.

His letter to Mr. Martineau is of deepest interest and is in part as follows: "Having regard to Mr. Rodey's statement, in a recent letter to the press, to the effect that the secretary of the interior had informed him that the government would not construct any irrigation works on the Rio Grande or its tributaries in New Mexico until the Elephant Butte controversy had been settled, and I take it, settled in the government's favor, I beg to request that you communicate with the department of the interior and ascertain definitely if the pending litigation as above, in any sense, a bar to the proposed construction of the Elephant Butte dam, under the reclamation act, so called."

If such is the case, I propose (as I stated in my address at the irrigation convention held at Las Cruces on the 22nd ult.) on my own motion to have the above case dismissed.

Naturally, I am loath thus to surrender the valuable rights I have at stake in the premises, for by so doing I would sacrifice my only prospect of saving the large fortune I have sunk in the Elephant Butte enterprise by my long defense of New Mexico's natural and inherent right to impose a toll and inherent right to impose a toll and inherent right to impose a toll.

After trying a few pole climbing stunts and other performances the culmination came yesterday forenoon when the obstreperous machine balked directly in the middle of the Railroad avenue crossing on the Santa Fe's main line track. As if the trains that were delayed twelve hours by a wreck didn't have troubles enough, the auto stopped directly in front of an approaching locomotive laboring into the station with a string of hun-

# RECORD BREAKING CEMENT SHIPMENT TO CALIFORNIA

Solid Trainload Sent Through  
Albuquerque Yesterday.

PLANT AT INDEPENDENCE  
RAPIDLY COMING TO FORE

There passed through Albuquerque yesterday over the Santa Fe a full trainload (thirty-one cars) of Western States Portland Cement. This shipment of cement is by far the largest single consignment ever shipped by rail into California. It was consigned to Carl Leonard, of Los Angeles, California, one of the prominent cement dealers and cement construction engineers in the west, and represents but a portion of an order for Western States Portland Cement, which he recently placed with the manufacturers, The Western States Portland Cement Company, of Independence, Kas.

The company mentioned has within the past few months completed its mill at Independence and put it in operation. It is the fifth plant of the well known Cowham system of Portland cement mills and is operated by engineers and builders of cement machinery to be the most substantially built and best equipped cement mill in the world.

The plant at Independence possesses an unlimited supply of the most perfect raw material for the manufacture of cement known in this or any other country, and under its system of manufacture, is turning out a Portland cement of a quality unsurpassed by any brand, home produced or foreign, now on the market. The fact that Mr. Leonard, who is an experienced cement chemist, has after making very careful tests of "Western States" Portland Cement, placed with the manufacturers an order for immediate shipment for 100,000 barrels of the product at a price somewhat higher than he could have bought other brands, speaks well for its quality. Those who have been using "Western States" Portland Cement say it has many superior qualities over other brands. It is of a rich and uniform color—two shades lighter than any of the other cements now on the market—and is much finer ground. The last mentioned fact is a very important one and is much appreciated by the trade as it gives a greatly increased sand-carrying capacity. Because of its almost perfect color "Western States" Portland Cement is particularly well adapted for the manufacture of concrete buildings, sidewalks, etc. In fact it is an ideal cement for the many purposes for which this material is adapted.

Kansas is rapidly coming to the front as a cement producing state and the industry has excellent prospects for the future as all other forms of building materials, especially lumber, are growing scarcer each year and are rapidly being supplanted by cement, which material is superior in every way to others and costs very little, if any, more.

Supplying Beef to Graders.  
Victor Sals, of Jarales, one of the prominent stockmen of Valencia county and well known in Socorro county, has been in town for two or three days, says the Socorro Chieftain. Mr. Sals has recently taken up a temporary residence in Albuquerque to give his children the benefit of good schools. For some time past he has been furnishing the Lantry-Shaw Contracting Co., on the Belen cut-off, with from seventy-five to ninety head of cattle a month with which to furnish beef to the six or eight hundred laborers in their employ. Mr. Sals has a contract, also, to furnish beef to the eating houses on the Santa Fe Central. This kind of business requires a good deal of hustling, but Mr. Sals has proved himself equal to the emergency and has given the best of satisfaction to all concerned.

Sues for Being Called a Thief.  
Winfield Buckner is suing in the district court of El Paso, Texas, for \$2,500 against the El Paso & North-eastern Railway Co.

Plaintiff alleges that on October 28, 1904, he and his wife, Mary, were on a Pullman car on the defendant's road between Alamogordo and El Paso, that being week and sick he requested the negro porter to make up his berth, which the latter then refused to do, compelling him to sit up for two hours before he could get his berth; that the negro finally, at the command of the Pullman conductor, did make it up, but while so doing, threw something behind a seat near the plaintiff's berth.

About five minutes after the plaintiff had returned, he alleges, a young man and woman came along, and said, "What does this mean?" and went for the conductor. Returning, conductor of the train grasped him out of the berth, accusing him of stealing a satchel containing \$10; that the Pullman conductor, the young man and woman, and the negro porter, also approached him, accused him of being a thief, and ordered him out of his berth and wanted to search his valise.

He says the conductor took him before John Franklin, attorney for the road, who was on the train. He does not know the names of any of the employees.

Plaintiff says he is a lawyer; that at the time of this incident his practice was worth \$5,000 a year; that the affair caused him much worry and anxiety, and prolonged his illness to the detriment of his practice.

## A Friend in Need

WE HAVE before us a handsome little volume by Rev. E. Lyman Hood, entitled "The New West Education Commission," which will be of special interest to the future historian of New Mexico, because the institution of whose work it treats was a sort of John Baptist to American civilization in this corner of our country. Of course, there was a civilization here when the New West came, and probably just as good as that which it brought, but it was not ours, and it is very important to us, and to the perpetuity of our free institutions, that the civilization of our country should be homogeneous and American. The commission was a denominational affair—though that is nothing to its credit, and it would have been more useful had it planted itself simply upon the broad ground of education and good morals—though a touch of denominational bias was undoubtedly necessary to ensure the proper enthusiasm, since it seems to be almost impossible for the best of us to do much for God and humanity unless we can see a place somewhere along the line where our faction is going to get a rake off.

But we feel toward the New West as toward a dear old friend. We were acquainted with it during all the years of its life, and never failed to admire the grand good work it did, especially as circumstances enabled us to see and realize what a field it had before it, and what an immense opening there was here for educational work. It came here in 1880, and the United States census of that year held the picture of New Mexico up to the world with a black and hideous background of sixty-five per cent of illiteracy. That disgraceful record is now reduced to twenty-two per cent, showing that this territory has made greater educational progress during the last quarter century than any other political division of the United States. Every citizen of New Mexico has reason to be proud of that record, and the New West commission has a right to claim a liberal share of the credit of making it.

The following extract from the little volume under review, will be of interest to Albuquerque people:

"In the autumn of 1881 the school was moved to the new town, to an adobe building on Lead avenue, between Third and Fourth streets. Perkins Hall was first occupied at its dedication, December 20, 1880. It was erected on lots presented by citizens of the city, and counting the high basement, is three stories in height, upon a ground plan 55 by 85 feet, and cost the commission twenty-two thousand dollars. The total outlay represented an expenditure of twenty-five thousand dollars."

When the commission wound up its affairs in the territory, the fine building above referred to was purchased by Mr. Joshua S. Reynolds, president of the First National bank, and presented to the city as a home for the public library, and is now used for that purpose.

## Should Post Themselves

HERE are two big papers in Missouri which persistently misrepresent the people of these southwestern territories on the statehood question. When a cross roads paper misrepresents existing conditions it can be excused on the ground of ignorance, but big, strong journals like the St. Louis Globe-Democrat, and the Kansas City Journal, can not excuse themselves on that plea. If they do not know the condition of public sentiment in this section they are abundantly able to inform themselves, and if they neglect to do so, and instead of giving the public the truth continue to repeat the stories of interested parties who desire to exploit the country for their own aggrandizement, they are guilty of doing gross injustice to the people of these territories.

The masses of both New Mexico and Arizona are in favor of statehood. Some would prefer one state, and others would prefer two states, but a very large majority will vote for either if congress will give them a chance. But the story so frequently repeated by the two great journals above named, to the effect that the people of both territories or either territory, are overwhelmingly opposed to joint statehood, is absolutely false, and the journals named are guilty of a great wrong to the public as well as to this people, by printing as a fact, that which is not a fact.

There is no active opposition to joint statehood in either New Mexico or Arizona, except that which comes from the pie eaters, who want to hold offices to which they know they could not be elected by the people, and the big mining and railroad corporations, which now go practically tax free, and know that in a state composed of the two territories they would have to pay like other persons. Take out these two classes, and the "tools" which they have bought and paid for, and there would be no opposition to joint statehood heard of in either territory. They are the parties who have the money and make the noise. But the "plain people" have the votes, and their position on the question will not be misunderstood when they have a chance to record their sentiments at the polls.

And since the bill before congress merely provides for submitting the matter to the people, why should the opponents of joint statehood be so desperately opposed to its passage, if, as they claim, all the people are against it? Doesn't the very fact of their desperation in fighting the measure show that they know they are not telling the truth when they say the people are all against it? They know that if the people of New Mexico and Arizona are given a chance to vote upon the adoption of a constitution for the joint state they will adopt it by a most positive majority. And that is why they are gathering in Washington, willing to move heaven and earth to defeat the passage of the bill.

AMUNDSEN has apparently demonstrated that there is such a thing as "the northwest passage," but, says the San Francisco Chronicle, his demonstration only confirms the opinion long entertained by practical men that its existence can prove of no real use to mankind, as it is to all intents and purposes un navigable.

MARK TWAIN'S speech at the banquet which marked his seventieth year was as witty as any of his earlier deliveries. Evidently Osier's theory does not apply to men built on his lines.—San Francisco Chronicle.

 No. That would be a matter for the legislature of the new state.

## Southwest Snap Shots

Rapidly Falling in Line.

The New Mexican is rapidly wheeling into line. It even declares itself pleased to learn that former Delegate Rodey is to spend the winter in Washington working for joint statehood.—Roswell Record.

Well, Rather.

An effect of President Roosevelt's statehood order will perhaps be to drive a few of the more numerous friends of Arizona to cover, and a few of the hitherto hidden friends of joint statehood into the open.—Phoenix Enterprise.

An Open Opportunity.

Delegate Andrews announces he will endeavor to visit New Mexico during the holiday recess at Washington. He should by all means, and fix up his pen and ink, and get up some of the gold ones and let the people see what a great man looks like again.—Alamogordo Advertiser.

A Nice Quiet Town.

From the liveliest open town in the territory to the quietest and most orderly is the history of Douglas. All gambling has ceased in that town. This was brought about by the raising of the gambling license to such a figure that the games could not make good. Other Arizona towns might find it advisable to follow the example of Douglas.—Flagstaff Sun.

The Sound Was Loud.

With all their efforts combined, the governor, the editors of the New Mexican and the Optic and a number of other leaders of the gang who visited Washington, it was impossible to convince President Roosevelt that Don Miguel was the right man for governor of New Mexico any longer. How quick are the mighty ones, and how fast good was the fall and the sound thereof.—Springer Stockman.

A Little McNary Error.

James Graham McNary, editor of the Las Vegas Optic, in a lengthy interview with William E. Curtis, Washington correspondent of the Chicago Record-Herald, on the joint statehood question says in one place that "the Methodist conference of Arizona and New Mexico, meeting in Silver City in November, did pass a memorial against joint statehood." Mr. McNary has been misinformed in regard to this matter. The conference of the New Mexico English Mission of the M. E. church which met in Silver City in October, did not even consider any such memorial during its sessions, let alone pass one, and officially the subject was not touched upon.—Silver City Enterprise.

All in the Same Boat.

Over in Arizona, just as in New Mexico, those who are personally interested in having these two territories remain as they are, rather than to be admitted as one state, are making the air black with their claims that "not ten per cent of the citizens of this territory are in favor of joint statehood, or would vote for the measure if they had an opportunity." The facts are, that over sixty per cent of the citizens of both territories are anxious for joint statehood, and we are gaining new recruits every day. The only trouble is that we are not making so much noise as the other fellows, we don't have to, we are sure of our side of the argument, while the other fellows are simply talking against time.—Deming Headlight.

The Keynote.

President Roosevelt sounded the keynote of the statehood matter in his message, when he stated in substance, that the matter had dragged along until it was time to settle it for all time. It is reasonably certain that there is a majority in both houses of congress in favor of creating one state out of the territories of Arizona and New Mexico, and there is little doubt but a bill very similar to the Hamilton bill of the last congress will pass, and it has already been introduced. Congressmen recognize the fact that the most of the opposition to joint statehood comes from the politicians of cooperation in the two territories, and not from the people generally. In New Mexico the Non-Partisan Joint Statehood League has done effective work.—Gallop Republican.

The General Flop.

There are strong symptoms of a decided "flop" among the newspapers of New Mexico on the advisability of joint statehood since the president made it so unmistakable in his message that it was jointure or stay out indefinitely. There is reason for this. Nearly every big journal in that territory is republican in politics, chiefly, of course, because of the "pie" distributed by the federal government under the territorial rule; hence when Head Pie-Distributor Roosevelt pulls the string, all his puppets dance to his music. However, the semi-independent Albuquerque Journal, which has fought the "Santa Fe ring" for several years and which has been about the only city paper in New Mexico openly for jointure, has the right side of the counter now.—El Paso News.

A Positive Position.

Those opposed to joint statehood have repeatedly and positively asserted that those in favor of that kind of statehood are in a very small minority, while those in favor of joint statehood have just as repeatedly and just as positively asserted that those opposed are mighty small potatoes and few in a hill. Now, however, President Roosevelt has said in his message that he is in favor of joint statehood, Governor Hagerman had already made a similar declaration, and Delegate Andrews will at once introduce a joint statehood bill in congress. It is altogether possible, therefore, that the people of New Mexico and Arizona will soon have an opportunity to count noses on this important question, and we shall then know where the majority really lies.—Roswell Chief.

IMPORTANT SCIENTIFIC DISCOVERY.

A Clinical Preparation That Positively Kills the Dandruff Germ.

A most important discovery has been made after a year's patient laboratory work aimed in a certain direction.—It is Newbro's Herpicide, a preparation that prevents falling hair, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, throwing up dandruff as it seeks to sap the life of the hair at the root. There's no baldness without falling or thin hair, no thin hair without dandruff, and no dandruff if the germ is destroyed. Newbro's Herpicide is the only preparation that will do the work. "Destroy the cause, you will remove the effect." Sold by leading druggists. Send for sample to The Herpicide Co., Detroit, Mich. H. H. Briggs & Co., Special Agents.

PETIT JURORS INSTRUCTED TO APPEAR PROMPTLY AT 9 O'CLOCK

Number of Important Criminal Cases to Come Up at Adjourned Session of County Court.

The adjourned session of the Territorial court which came to an end in September as a result of complications resulting from the fight for the county treasurer's office, leaving the court fund without money, will be convened promptly at 9 o'clock this morning by Judge Ira A. Abbott.

There has been some misunderstanding of the hour at which the petit jurors are expected to report this morning and Judge Abbott yesterday announced that the jurors were expected to appear promptly at 9 o'clock when court convenes, so that there may be no delay in the proceedings.

Probably the most important case to come before the court at the adjourned session will be that of Emilio McClure, the young man charged with the murder of the sheep men, Baca and Sanchez, last June at the Rio Puerco ford. McClure asked for a change of venue and was denied. The case had not been set for trial and it is possible that the court may fix the date for the trial today.

The cases thus far set for trial at the adjourned session are as follows:

- December 11.
- No. 757, Territory vs. William Springer.
- No. 2866, Territory vs. Raimundo Salas.
- No. 2870, Territory vs. Raimundo Salas.

## **COMRADE OF KIT CARSON KILLED BY FALL FROM A WAGON SEAT**

Captain Ruben A. Hill, of Phoenix, civil war veteran, Indian scout and a comrade of Kit Carson, was killed Thursday evening near Cave Creek, Arizona, by a fall from a wagon box. Hill was 55 years old and was widely known throughout the southwest as a mining man. Hill left Phoenix Thursday evening with A. K. Poole, an Englishman, to visit Hill's holdings in the Cave Creek district. When nearing the camp a wheel of the wagon in which they were riding ran into a rut and Hill was thrown from the seat, falling on his head. His neck was broken and death was almost instantaneous. Hill was a native of Boston and came to the southwest in 1854. He had an adventurous career, having fought Indians, visited all of the bonanza camps of the west and traveled extensively in the Orient.

## **BOARD OF EDUCATION MOVES FOR A NEW COURSE OF STUDY**

COMMITTED APPOINTED TO FORMULATE THE SCHEDULE

Important Meeting of Men Who Manage Educational Matters Held in Santa Fe Last Week.

Luther Foster, president of the Agricultural college at Mesilla Park and C. M. Light, president of the Normal at Silver City, were in the city yesterday on their way home from attending a meeting of the territorial board of education in Santa Fe. They report that the meeting was a very enthusiastic one and transacted considerable business. All the members were in attendance with the exception of the governor and Brother Burdick of the Brothers' college, of Santa Fe. There were some fourteen applications for territorial certificates and about half of these were granted. A committee

was appointed to prepare a course of study to be used in the public schools, the committee to co-operate with the teachers' association of the territory in the arrangement. It is hoped to have the new studies arranged for the commencement of the next school year and it is also understood that they will be made the basis of the institute work for the coming year.

The committee appointed consists of Territorial Superintendent of Instruction Hiram Hadley, Professor Luther Foster and Professor E. J. Vert, of Las Vegas. Steps were taken looking toward the holding of examinations in the principal towns and cities of the territory to give applicants an opportunity to be examined for territorial certificates.

A committee consisting of Professors Light, Vert and Hadley was appointed to prepare a course of study for normal schools, whereby persons may themselves for examination for third, second and first grade county certificates.

The board was in session for two days and acted on a number of other matters of a routine nature.

## **Your Christmas Dinner**

Will appear more appetizing, will taste better and look better, if the dining table is beautifully set with **DRAWNWORK**. Many people have an idea that Drawnwork is so expensive they cannot afford it, and in place of using it content themselves with linens that cost much more, but do not give that elegance of appearance so much sought for by all persons of dainty tastes.

## **....The Globe Store....**

is prepared to provide Drawnwork at prices so reasonable, that every homekeeper can afford to set a beautiful table. These goods come in three manufactures: American, Japanese and Mexican. A few prices below:

### **MEXICAN DRAWNWORK**

This work is too well known to need an introduction to the general public; the one thing necessary to remember in buying Mexican Drawnwork is the price. Most dealers expect to make, and do make, a very large profit on this article, depending upon the ignorance of the buyer to help through the sale. **THE GLOBE STORE** does business in a different manner—customers are expected to know something about what they are buying, and our Mexican work is marked at the lowest possible prices, as an inspection of our stock and a comparison of prices with those asked by other dealers will convince.

We carry in stock pieces in size from 6x6 inches to 24x50 inches, at prices ranging from 25 cents up. If you are interested in Mexican Drawnwork it will pay to inspect our stock.

### **TABLE LINENS**

In addition to Drawnwork, **THE GLOBE STORE** carries a line of beautiful Damask and Napkins, which would grace any table. In these goods, as in this article, our prices are not based upon the ignorance of the purchasers, but upon the actual quality of the goods. Nothing adds so much to the beauty of an elegantly set table as snowy, fine damask and napkins, and in this line we are offering some exceptional values in pure linen cloths and napkins to match. An inspection of our Table Linens is asked.

### **AMERICAN DRAWNWORK**

These Goods are Made From a Beautiful, Smooth Linen, are Durable, and will Launder Exquisitely

Size 12x12 inches, double hemstitched, one row open work, each	45c
Size 18x18 inches, double hemstitched, one row of open work, each	65c
Size 18x27 inches, hemstitched and one row of open work, each	40c
Size 18x33 inches, double hemstitched, one row of open work, each	\$1.35
Size 36x36 inches, double hemstitched, one row of open work, each	\$1.75

Other sizes and styles at proportionately low prices. These are real values and persons who appreciate good goods will only have to look at American Drawnwork once to realize that for durability there is nothing to equal it.

### **JAPANESE DRAWNWORK**

Japanese Linenwork is not new, but it is only within the past few months (since the Little Brown Men attracted slight attention by peculiar actions in Manchuria) that this work has come into general use. And it well deserves the popularity it has attained. The best of linens are used, the work is well done and no linens are more durable. If you have never examined them come in and see them—it will cost you nothing to look.

Size 19x19, hemstitched, two rows of open work, open work corners	\$1.50
Size 30x30, hemstitched, two rows of open work, open work corners; a beautiful piece, each	\$2.50
Size 34x34, hemstitched, two rows of wide open work, extra open corners; these pieces will have to be seen to be appreciated, each	\$3.50
Size 36x36, hemstitched, three rows of open work, beautiful corners, an elegant piece, each	\$5.50

These are a few of the styles and sizes we carry in stock, and we will gladly show this work to all callers, believing that the quality, work and prices will make purchasers of all who look at it.

## **APPROPRIATE CHRISTMAS PRESENTS**

Remember another thing, when thinking of the purchase of Drawnwork and Table Linens: they make acceptable Christmas presents, and many ladies receive such presents with greater pleasure than anything else that could be sent. The second thing to bear in mind when looking for Christmas goods is that

### **THE BIG GLOBE SIGN**

on Railroad avenue marks the very place for reliable merchandise of all kinds, no matter what time of the year it may be.

# SEEKS TO EXPLOIT A BIG "HONEY MINE" NEAR GALLUP

LOS ANGELES MAN SAYS HE HAS TONS OF PETRIFIED SWEETS

Believes Granulated Honey Would Make a Hit and Declares He Has Thousands of Pounds to Sell.

(Los Angeles Examiner.) Bill Terry, an assayer who recently came to Los Angeles from Gallup, N. M., in looking for someone who will finance a scheme to withdraw tons of petrified honey from the rocks of a canyon near Gallup.

Granulated honey should sell rapidly, Bill thinks. Bill Terry is rough and hardy, of the miner type, and just at present is located in a tent in the 1200 block off Central avenue. He will camp there until the man with the money is found.

This is the story Terry told an "Examiner" reporter last evening. "About everything, is petrified ground Gallup. I hadn't been there a day when someone showed me a petrified tree. Three days later I learned that there were whole forests of petrified trees. Then I saw petrified fruit. Something must have happened there some day to take the life out of everything. What it was I don't pretend to say.

"Well, I had been there several weeks when I got acquainted with an old squaw who took a liking to me. See that ring (displaying a band of silver on his left hand); well, that belongs to her. She wouldn't have given it to me if she hadn't liked me, would she? Six weeks ago she got me to get a couple of burros, saying that she was going to show me something which few knew about. Out of curiosity I went with her. Eleven or twelve miles out of Gallup we rode into a canyon. She asked me for my knife. Opening it, she jabbed the blade into what appeared to be the solid rock of a canyon. She chipped off a piece of the 'rock' and put it in her mouth. Then she chipped off another piece and passed it to me. I put it in my mouth. It was sweet. Well, sir, what do you think it was? Nothing more nor less than honey.

"There is a vein about eighteen inches wide, a foot or so deep, running from the ground up through that entire side wall of the canyon, and it is petrified honey. That wall is 150 feet deep. How many hundreds of thousands of barrels of granulated honey is contained in that rock I don't profess to say, but I do know there is a fortune there for me and some one with a little capital. Bees placed that honey there and nature has preserved it. I want the man with the money.

"No, I won't tell where that honey is, but I'll take the man with money to the spot."

Heavy Losses in Cumpas Valley.

A. W. Jenks, manager of the Transvaal Copper Co., came in this noon from Nacozari, en route to El Paso on business for his company, says the Douglas International.

Mr. Jenks says the country south of Nacozari, in the Cumpas valley and Sonora-river valley, was hard hit by the recent drought. Farmers suffered the loss of from one-half to two-thirds of their crops. The cane crop suffered heavily, but the corn, bean and other food crops suffered less. And much of the loss was caused from the scarcity and consequent high price of food. Much property was also washed away, including houses. George F. Woodward, one of the principal property holders of Moctezuma, lost \$12,000 in crops and ranches. Cumpas and Nacozari suffered many losses. Many adobe houses not washed away were "melted down," leaving the roof surrounding ruins.

Busy at Kelly. There is great activity in the Kelly mining camp. Both the Kelly and the Graphic mines are rushing out the ore night and day. Just now both these properties are putting on more men and there is a demand for good miners. No good miner need be idle if he will go to Kelly.—Socorro Chieftain.

# ELKS WILL CONDUCT THE FUNERAL OF THE LATE ROBERT HINDMAN

The funeral of the late Robert Hindman, whose death occurred in Albuquerque some days since, will take place this afternoon at 2:30 o'clock from the undertaking parlors of A. Borders, under the direction of Albuquerque Lodge No. 461, of the Elks.

Mr. Hindman, who was a member of the Klingman Arizona Lodge, died in Albuquerque some time ago and the funeral has been delayed owing to difficulty in communicating with his brother J. O. Hindman, who reached Albuquerque last night, having come at once from Vanita, I. T., on learning of his brother's death.

While the funeral service will be the ritual of the order, Rev. Hugh A. Cooper, pastor of the Presbyterian church, will deliver an address. E. L. Washburn will direct the music. Interment will be in Fairview cemetery.

A "Lucky Thirteen" will be served by thirteen ladies of the Lead Avenue M. E. church, Wednesday, December 13, from 2 to 5 o'clock, at the home of Mrs. W. H. Hahn, West Railroad avenue. Every thirteenth person free of charge. Every one welcome.

If you need a carpenter, telephone Jessenden.

# SALOON MEN CHARGE THAT SMALL DIVES RUN ON SUNDAY

Sunday closing in Albuquerque has been in effect for some time past, but an alleged leak in the "lid" has caused a bitter complaint to come from the proprietors of the leading saloons.

"See that," said the proprietor of a well known Railroad avenue house last evening as he pointed to a well loaded individual ambling up the avenue. "That fellow has been spending his Sunday in one of the out of the way saloons and he is not the only man I have seen on the streets in his condition."

Reaping Benefit. From the Experience of Albuquerque People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Albuquerque residents on the following subject will interest and benefit thousands of our readers. Read this statement. It is emphatic and convincing. No better proof can be had.

C. G. Lott, for ten years station master in Albuquerque, now retired from active career of life, residence 315 North Arno street, says: "I had attacks of backache stretching over a period of three years. One of them occurred shortly before Doan's Kidney Pills came to my notice and I went to a prominent druggist for a box. I knew the cause of my trouble arose from imperfect action of the kidneys because of the behavior of the kidney secretions and their condition fairly proved it, but what to do to check the trouble was a mystery. Doan's Kidney Pills effectively stopped the difficulty. If every one in Albuquerque receives the great benefit I did from that remedy, kidney complaint, backache and trouble with the kidney secretions will cease to exist in this vicinity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## LOCAL ITEMS OF INTEREST

### THE WEATHER.

For the twenty-four hours ending at 6 o'clock yesterday afternoon: Maximum temperature, 74; minimum, 25.

### Forecast:

Washington, Dec. 13.—New Mexico—Partly cloudy Monday; rain or snow in south portion; Tuesday partly cloudy.

Arizona—Snow in north, showers in south portion Monday; Tuesday fair.

Max Levy has returned from a business trip to Las Vegas.

C. T. Brown, of Socorro, spent yesterday in the city and returned home last night.

Dr. W. O. Cook, of the Albuquerque Indian school, was at Isleta yesterday on official business.

Mrs. G. S. Miers returned to Santa Fe yesterday after a short visit with friends and relatives in Albuquerque.

Frank Abeyta, the well known jeweler, returned to his home in Socorro last night after spending a few days here.

U. M. Bostwick and wife and Mrs. Abbie Butler of Mt. Clemens, Mich., arrived in the city yesterday and will remain here for a few weeks.

Miss Iva McReynolds, who has been the guest of her aunt, Mrs. Frank Clive, 211 West Marquette, returned to her home in Los Angeles last night.

Colonel W. S. Hopewell left last night for El Paso and points south. He expects to be out of the city for a few days on important business matters.

C. C. Manning, a well known Indian trader of Fort Defiance, Ariz., returned to his home yesterday after a few days on business in Albuquerque.

H. W. Anson, of the firm of Anson & Holman, contractors, returned home last night after spending a few weeks in Los Angeles and California points.

Al Thein, of the firm of Thein Bros., theatrical artists of Albuquerque, left last night for Kansas City, where he will spend the holidays visiting relatives and friends.

Mr. and Mrs. Thomas Almsworth, 214 Garfield avenue, left last night for southern California, where they will remain for at least six months for the benefit of the health of Mrs. Almsworth.

Julien Dreyfus, of Alsace Lorraine, Germany, arrived in the city yesterday and will remain in Albuquerque in the future. He will accept a clerkship with his uncle, H. B. Weiler, in the mercantile business.

Bruce Glidden, a leading attorney of Denver, Colo., stopped off in the city yesterday on his way to California on a business trip. Mr. Glidden is a particular friend of J. B. Downey, manager of the Albuquerque Gas and Electric Co.

All members of Albuquerque Lodge, No. 461, B. P. O. E., are requested to meet this afternoon at 2 o'clock at the undertaking parlors of A. Borders to attend the funeral of Robert Hindman. R. W. D. Bryan, Exalted Ruler; Roy McDonald, Secretary.

C. L. Davis has returned from Las Vegas, where he has been filling the position of special officer in the Santa Fe yards and has taken a like situation in the yards of this city. G. H. Gray has resigned from the position and will enter another branch of the service.

The new mail cars with steel underframes have arrived and are now in use on the Santa Fe. These are the finest cars in use on any railway west of Chicago and are built to stand the shock of any collision. The cars are fitted with steel similar to those of the Pullman and are finely finished on the inside. Each car carries five gas tanks for Pittsburgh gas and the mail service of the Santa Fe is very proud of the new cars. The mail clerks, however, do not want to try out the cars in a

wreck, but they will have a much better show for their lives now than in one of the wooden cars, which were formerly in use.

Superintendent J. K. Allen, of the Albuquerque Indian school, returned to the city yesterday from the San Felipe reservation, where he has been attending to official duties. He put in the night previous looking for a train, but they were all tied up by a wreck on the main line and it was about noon yesterday before one came in sight.

W. H. Matson, Jr., of Portland, Oregon, arrived in the city last night and will spend the holidays in the city visiting his father and brother, W. H. and O. A. Matson. He has not been in Albuquerque for over three years past, but was formerly in the employ of the Santa Fe in this city, where he filled the positions of agent and traveling passenger agent on the coast lines.

L. W. Galles was a passenger to Socorro last night.

H. G. Davis, of Santa Fe, arrived in the city last evening.

Judge Ellsworth Ingalls returned yesterday from a business trip to Santa Fe.

## MASONS WIN CONTEST FOR PIANO BY MANY THOUSANDS

The popular contest for which a \$400 Price & Temple piano was the prize was won by the Masonic lodge of Albuquerque by a plurality of over 300,000. The contest was closed Saturday night and the two other close contestants, the Knights of Columbus and the University of New Mexico, acknowledged their defeat and the Masons were declared the winners by the judges.

The contest, which has been on since last May, has been hotly fought and for several months it was most any lodge or organization's piano, but gradually the contest simmered down to the three contestants. Of these the Masonic fraternity was in the lead, with the Knights of Columbus a close second. During the last weeks of the contest the Masons made very substantial gains and last night their competitors acknowledged the Masons the winners.

The piano is a most beautifully finished instrument of remarkable tone and will grace the lodge rooms of the Masonic lodge and will be a cherished memento of the popularity of that order.
