NOISE OF
BATTLE
ABATINGHeavy Fighting However
Continues in Moscow.500 SHOT DOWN
ON SATURDAYBig Guns Demolish
the Barricades.AWFUL CASUALTIES DO NOT
DETER THE REVOLUTIONARIESUnnatural Quiet in St. Petersburg It
Is Feared Is Only Calm Before
Another Frightful Storm.

Moscow, Dec. 24, 5 p. m.—Artillery, rifles and revolver firing continues throughout the day, but the noise of the battle has now somewhat abated. The guns have been bombarding one barricade after another, the cannonade being followed by charges by the Dragoons who set fire to the debris.

The area of the fighting today was more extended. The revolutionaries apparently have not in the least lost heart, notwithstanding Saturday's heavy casualties. It is now known that 500 is a moderate estimate of the losses and many more persons fell today.

The revolutionaries had few successes. They surprised a force of gendarmes on Karentai today, killing or wounding 20 of them. Since then artillery has been firing unintermittently in that section of the city.

In many cases the Dragoons fired into private houses where they suspected the revolutionaries had taken refuge.

In nearly every district large numbers of innocent persons were accidentally killed or wounded. Late this afternoon it was reported that fighting was proceeding in the outskirts of the city and that there were heavy losses on both sides.

During the day bombs were thrown in the streets. The troops held the railway stations, but the plundering of freight cars continues. Three hundred of these cars have been entirely stripped on the Kazan railway siding alone.

POLES ARE SUMMONED TO
ARMED REVOLUTION

Warsaw, Dec. 24.—The railroads are still running but the situation is serious. Owing to the news from Moscow all the socialist parties have issued proclamations summoning the people to an armed rebellion.

An explosion this morning destroyed a flat in which was stored a quantity of dynamite. The entire house was unroofed, but there were no casualties.

FORTY-EIGHT HOURS MAY
SEE A REAL CIVIL WAR

St. Petersburg, Dec. 24.—(3 p. m.)—With Moscow's baptism of blood, the revolutionaries made good their threat to transform the strike into an armed rebellion and the next forty-eight hours should determine whether they can marshal sufficient strength to plunge the country into an actual state of civil war and seriously threaten the immediate downfall of the government.

The government professes confidence that the whole attempt will fall owing to the woeful insufficiency of arms in possession of the proletariat, and by reason of the loyalty of the army as a whole, but its calculations might again be rudely upset. A few arsenals might be seized to furnish arms or the open support of a few regiments might start a landslide in the army. Certainly the shrewdest of the revolutionary leaders fully appreciate that the issues must be decided by the attitude of the army which is yet to cast the die.

Instructions have gone forth that railings must occur everywhere in order to test the troops and if a foothold can be secured it is the intention of the revolutionaries to set up a provincial government and proclaim a republic.

Thus far reports from Moscow do not clear up the vital point as to whether any troops there actually refused to obey commands, although there are persistent rumors that they did. The revolutionary leaders here claim to have confirmation of a re-

port that a grenadier brigade and some Cossacks mutinied and are now locked up in their barracks.

While the military succeeded everywhere in driving the insurgents from their barricades in Moscow Saturday night, the defeat evidently was not a decisive one, as barricades were again thrown up in dozens of places this morning, and fighting was renewed at 11 o'clock.

The Associated Press understands that orders have been issued for an uprising here, but the government's measures seem ample to resist such a move. The prisons and jails are filled with leaders of the revolutionaries and agitators. Two caches of arms have been seized, and an entire organization consisting of 300 "Crujins" (student military) has been captured.

Rumors were persistently circulated that a conflict would be inaugurated at a demonstration of workmen in the Nevsky Prospect this afternoon, but they proved to be unfounded. The city in fact was unnaturally calm on the surface, and a stranger dropping down the Nevsky Prospect this afternoon would have seen no evidences of ferment. It was a bright, crisp, winter day, and smart sleighs and equipages of the aristocracy with their occupants cloaked in furs and other rich furs, were out in force. Only the sullen faces of the crowds of strikers on the sidewalks and heavy horses and foot patrols on every block looked ominous.

Will Resort to Bombs.
If the plans of the revolutionaries to produce an uprising in St. Petersburg fail, as it is believed they will, an attempt will be made to terrorize the government by guerrilla warfare in which bombs will play the chief role. The government having embarked in a war on the "Reds" it is difficult to see how it can draw back one step.

The acceptance by Governor General Doubasoff of Moscow of the offer of the notorious reactionary Prince Tcherbatoff to organize the loyalists as a militia has created a shudder of horror.

INHABITANTS AT ODESSA
ARE AGAIN PANIC-STRICKEN

Odessa, Dec. 24.—The general political strike began here today. The bakers and waterworks employees, however, are still at work. The garrison maintains a passive attitude, and grave fears are entertained that the city will fall completely into the hands of the revolutionaries. The inhabitants are panic-stricken.

DESPERATE COURAGE OF THE
MOB A MARVELOUS SIGHT

London, Dec. 24.—The Daily Telegraph's St. Petersburg correspondent, describing the fight at Moscow, says:

"The first shots were fired by the revolutionaries on the troops outside Fidler's school which was surrounded. The revolutionaries were given one hour in which to surrender. Fifty-five minutes had passed and the commander of the troops was about to give the order to fire when a volley came from the house. Several soldiers were killed or wounded. The troops immediately replied.

"Soon a white handkerchief was waved from a window. The troops entered but were greeted with rifle fire, and they retired and again bombarded the house. Shortly afterwards a white flag was again waved and the surrender of the revolutionaries was complete."

The correspondent also described the fighting in other sections of the city, resulting in every case in the defeat of the revolutionaries.

Desperate Courage of Mob.

"The desperate courage of the mob," the correspondent says, "was marvellous." Units of three, tens and hundreds would sally forth, be driven back and rally against the enormous odds, eager to accomplish the impossible. Early in the evening the hospitals were filled and private dwellings were crowded with the wounded.

The principal thoroughfare, the Iverskaya, looks like a street in a city captured by a foreign foe. Bivouac fires burn in the streets and rifles are stretched on the pavement.

"During all this needless effusion of blood, in old Moscow, the people were shopping, visiting and otherwise carrying on the ordinary occupations as if nothing in particular was going on."

"Yesterday's doings marked the most important manifestation of Russian anarchy and will prove, as the anarchists say, that it will end in the defeat of the troops."

"There is still hope that a popular reactionary movement may be avoided, but the wrath of the peasants is waxing strong."

In the station at Yelna, on the Kieff and Voronezh line entire families of railway officers and strikers have been literally cut to pieces by infuriated peasants and there is other cumulative evidence of a determination on the part of the peasants to oppose the strikers.

"The anarchists have not dislodged the government, imprisoned Premier Witte or deposed the emperor, but they have struck a deadly and wanton blow at the empire. Already hungry bands are pillaging wherever they can. At the station of Nicolaieff, on the Kazan railway, they looted fifteen cars loaded with necessities of life for the Christmas tide."

"An ukase will be published in a day or two embodying the new electoral law and fixing a date for the election to the Duma."

"The severest criticism is directed against the government for the failure to adopt repressive measures against the revolutionists."

"Only a Fake," Says George Ade.
Chicago, Dec. 24.—George Ade today characterized as the fabrication of a press agent the story from San Francisco that Miss Dorothy Tennant, the actress playing in the coast city in "The College Widow," was engaged to marry him.

"Absolutely no foundation for it," he said. "Evidently the work of some chap who thought it a good thing to boom the show with the San Francisco newspapers," he added.

"I have a speaking acquaintance with Miss Tennant; met her during rehearsals of the play, but there is positively no ground whatever for the story that we are engaged."

FORTY HURT
IN TROLLEY
COLLISIONSpectacular Accident in the
Streets of Los Angeles.HOLLYWOOD CAR IS
CRUSHED LIKE EGGSHELLHeavily Loaded Electric Gets Beyond
Control and Dashes Down Hill
at Fearful Speed.

Los Angeles, Dec. 24.—Forty or more persons were injured shortly after 6 o'clock tonight in a collision of three street cars. The collision occurred at the corner of Second and Spring streets, one of the busiest spots in the business section of the city. A West Second street car descending the steep hill got beyond the control of the motorman, dashed down the hill at a tremendous speed and crashed into the end of another street car, shoving the latter car into a Hollywood car which was at the moment crossing Second street at right angles on Spring. The Hollywood car was struck almost in the center, being crushed like an egg shell and turned completely over. The Second street car that was struck by the runaway was demolished at both ends and thrown from the tracks and turned half over. The runaway car was also badly smashed. Hardly a passenger on the cars escaped injury, some of them being very seriously hurt. The motorman and conductor of the runaway car and the motorman of the Hollywood car were injured. All the injured gave city and suburban addresses, and it is not thought any of them were visitors in Los Angeles.

Attempt to Stab Cardinal.
Barcelona, Dec. 24.—An attempt was made tonight by an anarchist to stab Cardinal Casanas Pages, bishop of Urgel, as he was coming out of the cathedral. A canon frustrated the attempt and the would-be assassin was arrested.

Lewis Graham Dead.
New Orleans, La., Dec. 24.—Lewis Graham, aged 84, a Mexican and civil war veteran, and president of the National Typographical union, died suddenly today.

Dewey Sends Christmas
Greeting to the Jack Tars
Of Uncle Sam's Navy"Let Us All Stand Together for Good
of Service" Says Admiral.

Washington, Dec. 24.—Admiral Dewey has prepared the following Christmas greeting to the officers and men of the American navy throughout the world which, it is expected, will reach practically every American warship sometime Christmas day:

"My Christmas Greetings to the Officers and Men of the Navy:

"Let us have neither cliques nor grudges, but all stand together for the good of the country and the service."

"GEORGE DEWEY."

This message was prepared by the admiral of the navy at the request of the Associated Press, and was started on its trip around the world early this afternoon.

FOLK RAIDS 100 MULES ARE
CLUB ROOMS
SUFFOCATED

St. Louis, Dec. 24.—Nearly 100 club rooms were raided by the police today and persons found selling liquor arrested, charged with violating the Sunday saloon closing law. Since the strict enforcement of the Sunday closing statute, clubs have sprung up like mushrooms in all parts of the city and the raids were made under direct orders of Governor Folk, who has declared he would suppress all such "hid off" institutions. In many instances the clubs were raided two or three times. Upon their first arrest the proprietors, after being released on bonds, would immediately return to the club rooms and reopen. In several instances three different persons were arrested in as many raids on the same club room. As soon as arrested another would take his place selling drinks.

Chicago May Build New Water System.
Chicago, Dec. 24.—A plan for a privately owned system of water works inside of and independent of the municipal ownership water plant is now being worked out by the stockholders' interests. It contemplates a plant supplying nearly one billion gallons of water a month.

The promise is that if the franchise can be obtained the water will be furnished to the company's consumers for not more than 2 1/2 cents a thousand gallons and probably 2 cents. The city's rate to wholesale users is now 4 cents and runs from that to 10 cents to those who buy less quantities. The city is losing money on the 4-cent rate.

Thief Gets \$1,000 In Jewels From Show Window.
Daring Robbery Perpetrated on Fifth Avenue.

New York, Dec. 24.—Four thousand dollars worth of antique jewelry, including diamonds, emeralds, rubies, topaz and pearls was stolen early today from the show window of a firm of dealers in antiques at 252 Fifth avenue. The thief smashed the window and seized a tray in which the missing jewels were exhibited.

Dies From Wounds.
Colorado Springs, Dec. 24.—Frank J. Scott, vice president of the Davis Real Estate company, died tonight from wounds inflicted by hold-ups Wednesday night.

WADSWORTH
IN FIGHT TO
THE FINISHConfers With President
Roosevelt on Situation.SAYS EXECUTIVE WAS
IGNORANT OF CANDIDACY"I Have Every Confidence That I
Will Win" Says Seeker After
the Speakership.

Washington, Dec. 24.—James W. Wadsworth, Jr., the announced choice of Governor Higgins for the speakership of the New York assembly, was in conference with President Roosevelt at the White House tonight. The conference was by appointment and Wadsworth remained about half an hour with the president. There was full discussion of the events which preceded and have followed the selection of Wadsworth by the governor as his choice for the party's leader in the lower house of the state legislature.

"The president was anxious to know all about the situation," said Wadsworth. "I gave him all the facts in the case and so far as I know there is nothing to add to what has already been said on the subject. Neither the president, my father nor I knew I was to be a candidate for the speakership when I left here about a week ago for Albany. I reached there Sunday morning, to support Assemblyman Hooker for the position. It was after I arrived that I learned that Governor Higgins desired me to make a contest for the position. I am in the fight to stay and I have every confidence that I will win. There is to be no compromise."

Mr. Wadsworth said he thought the president's attitude was amply set forth in Representative Cocks' statement issued last week.

Civil Service Commissioner Cooley left the White House with Mr. Wadsworth.

DEVIL WAGON'S
LATEST VICTIM

New York, Dec. 24.—James E. Martin, prominent in business and society, a member of the New York Yacht club, the Metropolitan club and the Country club, was instantly killed today near Flushing, L. I., when his automobile ploughed into a strip of loose dirt on the side of the road and turned completely over.

Stacy Clark, who was in the car, was seriously injured.

Martin's skull was fractured.

The accident was witnessed by Martin's wife and his son and daughter-in-law, who were following in another automobile.

The machine driven by the younger Martin started first from the golf club at Bay Side, L. I., and made fast time as the entire party wished to be in New York in time for dinner. The larger and heavier machine with Mr. Martin, Sr., and party, followed not long after and midway between Bay Side and Flushing overtook the lighter machine. The leading machine gave way to the other to pass and an attempt was made to do so. The road appeared to be in good condition but it proved to be soft. Gas mains are being laid between Bay Side and Flushing, and the recent rain must have caused a settling of some of the earth in the newly filled trenches without disturbing the surface. When the automobile's wheels struck the soft earth they cut down into it until the machinery hit the hard edge of the trench and that caused the machine to jump and turn completely over. When it fell it landed with wheels up.

All the occupants were thrown out. Mr. Martin sustained a fracture of the skull at the base of the brain and was dead when picked up. The others were cut and bruised.

The chauffeur was arrested and charged with criminal negligence. Magistrate Commerton later accepted bail in the sum of \$1,000.

Daring Toledo Hold-Up.
Toledo, Ohio, Dec. 24.—A daring robbery and safe blowing job was committed by seven bandits at the office of the Central Avenue car barn of the Toledo Railway and Light company at 2:45 o'clock this morning.

The robbers secured about \$700 and missed \$7,000 which was in the strong box of the safe which they failed to force open. The employees who were in the office were overpowered before the robbers began the work on the safe.

Great Fire in Hankow.
Victoria, B. C., Dec. 24.—Mail advices from Shanghai tell of a great fire at Hankow, known as the Chicago of China, in which about 5,000 houses were destroyed, and a large number of lives lost, variously estimated at from 100 to 500.

Killed at Crossing.
Alma, Kan., Dec. 24.—Chris Anderson, his son Morton, and his mother-in-law, Mrs. L. J. Woodward, of Alta Vista, Kan., were killed here today while crossing the railway tracks, their carriage being struck and demolished by an engine. Mr. Woodward was the wife of a Probate Judge Woodward of this county.

VAN NUYS
HOTEL IS
IN ASHESBiggest Blaze in History
of Los Angeles.OVER A HUNDRED GUESTS
FLEE IN THEIR NIGHT CLOTHESFierce Blaze Destroys Magnificent
Hostelry With Loss of Almost
Half Million Dollars.

Los Angeles, Cal., Dec. 24.—In the largest hotel fire in the history of Los Angeles, the Van Nuys Broadway hotel, one of the first class hostels of the city, located in the heart of the business district was almost completely destroyed today. One hundred and ten guests, most of whom were still in bed at the time the fire broke out, escaped in their scant clothing to the street. Many of them got out in their night robes and practically all suffered the loss of their entire baggage and personal effects. Six firemen were injured during the progress of the flames by the collapse of the rear of the second floor.

The Injured.
J. Lawson, fireman; Hose Company No. 2.
M. C. Stewart, fireman; shocked, bruised and cut.
J. Laidis, fireman; incinerated scalp and bruised.
W. C. Phillips, fireman; bruised, and cut.
Thomas Lane, fireman; shocked, bruised and cut, still unconscious; may die.
Richard Huntley, fireman; bruised, cut and suffering from shocks.

Fire Chief Lips was also severely cut by broken glass, but had his injuries dressed without leaving the scene of the fire. The total financial loss will approximate about \$200,000. The Martz estate and August Winstel, owners of the hotel building, will lose \$100,000, insurance \$75,000.

Very few of the guests were able to get out any of their effects.

The origin of the fire is not known. It was discovered at 6:55 o'clock by the clerk. The flames appeared to come from the basement or engine room of the hotel, although the hotel management claim the fire originated in the store on the ground floor of the building. The hotel employees worked valiantly in arousing the sleeping guests, who were barely awakened in time.

The flames spread with great rapidity and in thirty minutes from the time the first alarm was turned in the whole building was ablaze. All of the guests were able to escape by way of the stairways and elevators although the halls and corridors were densely filled with smoke and many were nearly suffocated.

Although a fire engine was on the ground four minutes after the first alarm was turned in, the building burned like tinder and there was no chance to extinguish the blaze.

The fire was not under control until 10:30 and was not extinguished until afternoon. Almost the entire interior collapsed shortly before 1 o'clock, carrying down everything in the hotel rooms which was not already damaged by fire, by the basement filled with water.

**POLISH CATHOLIC MOB
GOES AFTER NEW PASTOR**

Wagon Load of Police Necessary to
Quell St. Louis Riot.

St. Louis, Mo., Dec. 24.—An exciting meeting of the parishioners held in St. Casimir's Polish Catholic church today to protest against the pastor appointed by the archbishop culminated in a riot which required the presence of a patrol wagon load of police to quell. Seven arrests were made and two policemen have been detained to guard the church property.

The trouble is of several weeks' standing. Immediately after the resignation of the regular pastor, the parishioners took exception to Archbishop Glennon's appointee and taking possession of the church, locked out the new pastor.

Contrary to the usual custom and only through a desire to propitiate the congregation, the archbishop withdrew his first appointee and sent another priest to the parish. The parishioners objected and last Friday night the pastor and assistant pastor were forced to flee from the paragonage by a mob of several hundred persons.

WEAK KNEED PROSECUTOR GETS FIRED

Roosevelt Removes Omaha
District Attorney.

DIDN'T ENTHUSE ENOUGH
OVER LAND FENCING CASES

Omaha, Neb., Dec. 24.—The Omaha Bee will tomorrow announce that Irving F. Baxter has been summarily removed from the office of United States district attorney for this district, by order of the president. Mr. Baxter, however, made public tonight a letter which he sent on December 21 to the attorney general in reply to one asking for his resignation. In his reply Mr. Baxter said:

"Having faithfully and honestly performed the duties of the office to which I was appointed in April, 1904, for a four years term, and being in no way responsible for the sentence imposed in the Richards and Comstock cases, out of which the request for my resignation has come, I decline to resign. While I am mindful of the president's power to summarily remove me, I cannot under the circumstances resign."

The removal of Baxter is one of the results of the prosecutions started by the government three years ago of Nebraska cattlemen for illegally fencing the public domain. Bartlett Richards and W. E. Comstock, two of the wealthiest cattlemen in the state were indicted on the charge of unlawfully fencing about 22,000 acres of the public land. They recently entered a plea of guilty and were fined \$300 each by Judge W. H. Munger, and sentenced to six months in the custody of the United States marshal, who deputized the attorney for the prisoners to carry out the latter part of the sentence and the time is said to have been spent at the Omaha club. The president is said to have been dissatisfied with the results of the prosecution, and week before last Marshal Matthews was removed, and last week the resignation of District Attorney Baxter was asked for.

TWO ITALIANS KILLED IN CHICAGO RACE RIOT

One Negro Stabbed in Fight Which Lasts Twenty Minutes.

Chicago, Dec. 24.—In a race riot between Italian and negroes at Eighteenth and Dearborn streets tonight two Italians were shot and severely injured and one negro stabbed but not fatally injured. The police of the Twenty-second street station, after liberal use of their clubs on both factions, forced peace between them.

As a result of the riot, which lasted for more than twenty minutes and in which more than 300 people participated, both races are on the alert and the police fear a renewal of the fight. The seriously injured are:

Vito Umbrello.
Fortunato Brutticco.
Charles Ames, (colored).

Many others suffered slightly, but the police were unable to learn their names. Twenty persons were arrested after the riot. For some time ill-feeling has existed between the colored and Italian residents on Dearborn street and several street fights have occurred recently.

HOW TO WIN A HUSBAND.

Women's sphere in this 20th century is not limited any more than in man's. She can occupy almost any business position or profession, and yet the popular view of womanhood is that she best fits the position of wife and mother and head of the household. Every girl should know her heart and also know that her womanly system is equal to the strain of marriage. If a girl is nervous and irritable ten chances to one it is due to some trouble peculiar to womanhood.

Cupri has no place in a girl's heart if she is nervous and irritable, feels dragged down, worn out for no reason that she can think of. The weak back, dizzy spells and black circles about the eyes are only symptoms. Go to the source of the trouble and correct the irregularity. Stop the drains on the womanly system and the other symptoms will disappear. This can be done easily and intelligently. So sure of it is the World's Dispensary Medical Association, the proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for women who cannot be cured of leucorrhea, female weakness, prostration, or falling of the womb. All they ask is a fair and reasonable trial of their means of cure.

"Your Favorite Prescription" cured me of ulceration and inflammation, from which I suffered for many years," writes Mrs. Delphia Wheaton, President Santa Barbara Laxative Club, Arlington Hotel, Santa Barbara, Calif. "Health was completely broken down when I began its use and I was in dreadful pain most of the time, but now I feel better than ever."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

YOUNG GIRL AN EMBEZZLER

FASHIONABLE OAKLAND MAIDEN
SHORT \$7,000 IN ACCOUNTS

Oakland, Cal., Dec. 24.—Charged with a shortage of \$7,000 in her accounts, Miss Lulu Bowen, a pretty clerk, employed at Substation No. 1, Oakland postoffice, was taken into custody last night. Embezzlement is the charge against her.

Miss Bowen is a daughter of Mrs. Mary P. Bowen and lives with her mother in a fashionable residence. She has been employed at the substation for many months. Her alleged shortage covers a period of a month only. The big amount was made possible by the heavy Christmas rush at the office.

It is impossible to learn what has become of the large amount of money Miss Bowen is said to have taken from the office.

TROLLEY CAR HELD UP

Los Angeles, Dec. 24.—Two masked men held up and robbed a Pasadena electric car near East Lake park about 9 o'clock tonight.

There were fifteen passengers on the car, mostly men, and these, together with the conductor, were forced to give up their cash. The two men then leaped from the car and escaped in the darkness.

The car was bound for Pasadena. The two men boarded the car on the "Short Line" near East Lake park and rode to the city limits beyond the park, where they drew revolvers and commanded the crew and passengers to "put up" their hands. Everyone complied with the request. One man covered the crowd with his guns and the other went through the car and took the cash from the male passengers. They then ordered the conductor and motorman, "Go ahead, and don't stop." The order was obeyed and as the car started, the men leaped off and fled in the darkness.

As soon as the car reached Pasadena news of the robbery was telephoned to this city. A dozen detectives and several uniformed officers were sent to the vicinity of the hold-up.

It is not known how much the robbers secured.

Life-Savers Called Out.
Atlantic City, N. J. (Monday), Dec. 25.—At 2 o'clock a. m. the "Townsend" Inlet life-saving crew went to the assistance of an unknown vessel.

Types to Keep Up Fight.
St. Louis, Dec. 24.—At a special meeting today of the Typographical Union No. 8 it was unanimously voted to continue the fight for an eight-hour working day. It was also decided to increase assessments from seven to ten per cent in aid of the strike movement.

Authority on Cavalry Tactics Is Dead.
Paris, Dec. 24.—General Baron Favre de Kerbrecht, one of the greatest authorities on cavalry tactics in France, and formerly director of the remounts, died today.

Steamers Will Touch at Honolulu.
St. Paul, Minn., Dec. 24.—Vice President James O. of the Great Northern Steamship company, who returned today from Japan and China, made the announcement that he is considering a schedule for the coming year whereby the Great Northern steamships Minnesota and Dakota will touch at Honolulu on their return trips from Seattle to Japanese and Chinese ports.

Lions Escape From Train in France.
St. Etienne, France, Dec. 24.—Owing to an accident today to a passenger train near Roanne, a town of about 30,000 inhabitants, four lions escaped from their cages and threw the inhabitants of Roanne into a state of terror. A number of armed men pursued one of the lions into the forest of Venizanges where it was surrounded and killed. Gardarmes killed another in the center of Roanne and the other two were lassoed and driven back to their cages.

CLING TO ALGERIAS.
Germany and Morocco Object to European Capital for Congress.

Rome, Dec. 24.—According to information received here both Morocco and Germany are opposed to a change from Algiers to Madrid as the place for holding the conference on Moroccan reforms. Morocco, it is said, objects to Madrid on the ground that about ten years ago the Moroccan ambassador had his ears boxed there, and Germany, because from the beginning she has upheld the principle that in order to avoid local influences the conferences should not meet in any capital.

An Important Step

LAST summer President Roosevelt appointed a commission to examine the naturalization laws and to make recommendations concerning revision. Desiring to have an expert rather than an amateur opinion, the commission was made up of men who have had practical experience with various phases of the naturalization problem, viz.: Milton D. Purdy, assistant attorney general; Gallard Hunt, chief of the passport bureau of the state department; and Richard K. Campbell, law officer of the bureau of immigration. This commission has filed its report. It recommends that the general principles of the existing law be respected in any new legislation, and then proceeds to suggest important changes. First, it would have no one admitted to citizenship who does not furnish satisfactory evidence that he intends permanently to reside in this country; second, that no one shall be admitted to citizenship who does not know the English language; third, that no naturalization shall be conferred within thirty days of a presidential or congressional election; fourth, that the declaration of intention, now made two years before naturalization, should be discontinued, and in place a provision substituted that a person desiring naturalization file a petition in the court in which his case is to be heard at least three months before the final hearing. In addition, the commission finds, which is not a surprising discovery, that many courts, both state and federal, are now exceedingly lax in their methods of granting naturalization, and recommends that naturalization be restricted to federal courts.

About "Tainted Money"

D R. WASHINGTON GLADDEN'S resolution was down by the American board of commissioners for foreign missions—they would not consider it; and yet Dr. Gladden expresses his assurance that its intent is gained, and that it is now quite accepted that no application for help will again be made to men whose wealth has been gained with the reputation of dishonorable means. Still, says the Springfield Republican, the board did not dare to say no; the commissioners shirked their duty; they could not say outright what they knew was so, that they had done wrong, and would never do so again. And a Protestant Episcopal convention in New York state was equally afraid to condemn the growing encroachments of corporate wealth and to deplore the lowering of the old standards of honesty. Men eminent in the clergy of this church thought it inopportune, and indeed aside from the church business, to make any such moral pronouncement. They shirked, also. But, continues the Republican, the Springfield convocation of clergy and laymen, has not shirked. Its action came with a refreshment like the dew of Hermon that descend upon the mountains of Zion. "Whereas," began the resolution that was passed, "the recent revelations of lawlessness and wickedness in business and politics, ministry and society, have stirred to their depths the moral sensibilities of the nation," therefore these ministers and members of the Protestant Episcopal communion recognize the situation; acknowledge the responsibility of the Christian church; deplore its laggard attitude, and earnestly desire "that the church the whole land over shall take the position of moral leadership which it is both her duty and privilege to take," and "reverently and prayerfully" hope "that Christians of our fold and of every fold shall lose no opportunity to voice as we today are doing the Christian conscience of the land we love."

The Republican thinks the Springfield convocation has set the example for the whole church in America. If there be anything in Christianity more than a name, this is the way that the churches should speak. The press, notwithstanding its shortcomings, is ahead of the church, in this matter, and is outspoken in its denunciation of crooked methods in business as well as in politics.

IT IS intimated from England that there is to be a great revolution in men's dress, and that in the near future we shall see male bipeds strutting about in silks and satins, and all the colors of the rainbow. King Edward has set the pace by wearing a scarlet-colored Tam 'o' Shanter in public, and the tailors of the United Kingdom are praying that he will soon appear on the streets in robes of an equally vivid color, so as to encourage the donkeys who are longing to imitate him. Perhaps it is as good a use as the latter could make of their money to spend it on circus clothes.—San Francisco Chronicle.

A Good Way

IT IS currently reported that executive officers of many western railroads have agreed to aid in the enforcement of the inter-state commerce act by promptly notifying the commission of all violations. In the case of shipments passing over more than one line the way bills give to all connecting lines evidence of the improper rate if openly made by the initial line. If made by allowances from the general office the way bills prove nothing, and hence it is said in respect to rebates thus secretly made nothing but expert examination will disclose the facts. If the railroad executives are in earnest in this movement, they will, without waiting for any law to require it, prove their sincerity by freely opening their books to the expert accountants of the commission.

THE Las Vegas News has expatriated Wallace Hesseiden, one of the most prominent and substantial citizens of Albuquerque, and located him in Tucson, Arizona. You will have to take that right back. Mr. News, or you will run up against a bunch of trouble that will make your young life a burden. We have a few citizens that you might send to Tucson, or take to Las Vegas, without getting up any row with us about it, but Hesseiden isn't one of them.

A MERRY CHRISTMAS to our enemies. Our friends will have one anyway, now, because they live right.

Christ, the Lord of The Passing Years

(By the Rev. J. W. Barron, Pastor of the Congregational Church.)

When the herald angels said to the astonished shepherds of Bethlehem, over nineteen centuries ago: "For unto you this day is born a Savior in the city of David, which is Christ the Lord," even he did not know what great events were wrapped up with that babe with its swaddling clothes lying in the manger. As we approach another Christmas day let us recall the fact that Christ is the Lord of the passing years, and that all great events and beneficent changes may be traced to Him. Before he came all the years had led up to His advent, and since the time of His coming in the flesh He has been leading forward the years and the centuries to that "far off" divine event, to which the whole creation moves, a new heaven and a new earth, wherein dwelleth righteousness.

Childhood owes a great debt to Jesus. Before a stable gave Him room and a manger became His cradle children had been rated very cheaply by the foremost nations of the world. Near the Lactarian column, in Rome, parents left defective infants and unwelcome feeble children to die of exposure or to be carried away by criminals who bought them up to be sold as slaves or trained them to a life of shame, and even Seneca, the moralist, commended this heartless custom. But Jesus took a little child, and placing him in the midst of a wondering multitude, He spoke of childhood that it was lifted into the kingdom of heaven and made forever sacred.

Woman now sits at Christ's feet and hails Him as her liberator. Under the Grecian and Roman law her standing was but little better than that of a household servant. Her marriage was a mercantile transaction; her husband had the power of life and death over her; and she had little control over her property, her earnings, or her children. But now woman stands at man's side as his companion and equal; and she owes her elevation to Him who humbled himself to be born of a virgin. All her rights are not yet accorded to her, but at Christ's feet she will certainly find redress of all wrongs and the possession of all rights.

The passing years bear testimony to the fact that Jesus is the author of civil as well as spiritual freedom. He refused to be a politician, but there is a liberty-giving spirit in His Gospel which makes it most potent of all political forces. Free men's souls from the bondage of sin, and the despots tremble before them, and either grant them their civil rights by the peaceful methods of constitutional reforms or are hurled from their seats by popular revolution. We can see the handwriting of Christ in the constitution of every representative government of modern times.

It is one of the marvelous surprises of history that Jesus, an unlettered man from provincial Galilee, a carpenter from despised Nazareth, should become the great founder of schools and colleges. The great educational institutions of the world are found in Christian lands, and when we can trace them back to their origin we find that they rest on Christian foundations. Formally, he founded no institutions of learning, and for centuries after His death pagan masters seemed to be all powerful in the schools; but, efficiently He founded all the noble institutions of learning which have blessed and are now blessing the Christian world.

The same is true of the best literature of the world; it is a Christian product. We do not underestimate the importance of classic literature, most of which appeared before Christ was born, and which played an important part in the intellectual awakening of the Renaissance, but when all is said, the most weighty and influential books of the world, especially the books that get into the hands of the people, may be traced to Christ who is the primal source of that great intellectual and spiritual awakening which has made Christian lands differ from all other lands. Even the books that do not formally recognize Christ, but which recognize Him to oppose Him, such as the vast scientific literature of the day, could have been written only in lands blessed by Christian civilization.

Jesus did not come to teach art, though his language showed that He had a poet's heart and soul, and was a lover of all beauty; but there was a spirit in His religion, which led, in time, to a renaissance of art. The architects and sculptors of the age of Pericles represent the acme of art under classical culture, and in the days of Christ art had entered on a decline. But Christianity taught men again how to build. The cathedrals of Christianity are the noblest structures under the sun. The finest pictures in the world are representations of Bible persons and scenes. The grandest music heard this side of heaven caught its inspiration from Christianity. The poems of first rank since men began to date events from the birth of Christ are distinctively Christian in theme, or reflect Christian civilization.

And then there are a number of beneficent results which have come about as the years are gradually unrolled from the scroll of time, because Christ is the Lord of the passing years, such results as the abolition of slavery; the establishment of hospitals, asylums and charitable institutions for all classes of unfortunate; a growing sentiment in opposition to war and in favor of arbitration; a growing sense of human brotherhood; a better ethics in business and in social life; and above all the steady spread of Christianity over the earth. All the first class nations of the world, the nations which will determine the policy of present and future time, are nominally Christian. They are far from being predominantly Christian; they are strongly secular, but are not heathen.

After the passage of more than nineteen centuries there is no name in the world like the name of Jesus. We see not as yet all things put under Him; but His kingdom is steadily advancing. His cross is everywhere victorious; and both the trend of events and the voice of prophecy declare, that the kingdom of this world shall become the kingdom of our Lord and of His Christ; He shall reign forever and ever.

FIREMAN BADLY CRUSHED WHILE UNDER ENGINE

Ponderous Decapod Injures
G. E. Davidson.

NOW IN HOSPITAL IN A
PRECARIOUS CONDITION

G. E. Davidson, a fireman on the coast lines of the Santa Fe, was seriously crushed while at work under his engine, the 1632, at Rio Puerco yesterday evening.

He was brought to this city last night on a fast freight and placed in the Santa Fe hospital, where his injuries were attended by Dr. Cutter. His side and shoulder are badly crushed.

Davidson was adjusting a bolt on the engine and was lying on his back, with one arm across the rail. Engineer Little did not see Davidson, as he was on the opposite side of the engine, and on a signal he started ahead. The wonder is that he did not run the ponderous engine entirely over the fireman. Davidson tried to extricate himself from his precarious position, and yelled to the engineer, who stopped instantly, but not until one of the drivers had crushed Davidson's shoulder. The engine had to be reversed before he could be released.

Davidson was suffering intense pain, and is believed to be in a very serious condition. He has been in the employ of the company for some years and lives with his family at 321 South Arno.

SCIENCE SCORES AGAIN.

A Preparation That Will Destroy the
Dandruff Germ Discovered.

Finally the scientific student has discovered a certain remedy for dandruff. When it first became known that dandruff is the result of a germ or parasite that digs into the scalp and saps the vitality of hair at the root, causing falling hair and baldness, biologists set to work to discover some preparation that will kill the germ. After a year's work in one laboratory, the dandruff germ destroyer was discovered; and it is now embodied in Newbro's Herpicide. It prevents baldness, stops falling hair and speedily eradicates dandruff. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

YULE WEATHER IN NEW MEXICO IS PHENOMENAL

Thermometer at Torrance
Shows Thirty Below Zero.

TWO ABOVE THE RECORD IN
ALBUQUERQUE YESTERDAY

"It ain't what you call sultry," said a small boy shiveringly, yesterday, to a Morning Journal reporter. The small boy expressed the conviction of anyone and everyone who has been out of doors during the past three or four days.

The weather is phenomenally cold for New Mexico. The mercury "let go all bolts" Saturday night and fell with a dull thud, going clear to two degrees above the zero mark in Albuquerque yesterday morning. But that wasn't a marker to what the elusive quicksilver did in other parts of the territory. In Santa Fe it was eight degrees above the cipher, but in Willard and Estancia over on the high Estancia plateau, from reliable sources it is learned that the temperature was 25 and 30 degrees below zero. Acting Director Sloan of the weather bureau in Santa Fe says that while the temperature readings from the Estancia country are startling, they are doubtless correct, as the high plains east of the Manzanos are more exposed than almost any other part of the territory to extremes of weather on account of the vast country being absolutely unprotected from the wind.

The thermometer at Alamosa, Colorado, up on the Denver & Rio Grande, just across the New Mexico line, registered two below yesterday morning. At Las Vegas the cold was close to the zero stage and at Gallup and points in northern Arizona it went four to ten below zero in many places. Even at El Paso with its low altitude and southerly location, a coldness of between fifteen and twenty above was noted. All trace of the mercury was lost over in eastern New Mexico along the Rock Island, where the most serious snow blockades always occur, and where the icy blasts from Texas have unobstructed sweep across the open country.

From reports available the snow storm has ceased although all trains are running away behind schedule on all roads. No. 2 from the west due here yesterday morning at about 3 o'clock did not snow up until 3 p. m., the second section, all baggage and express cars, arriving at 6 p. m. Trains Nos. 7 and 9 from the east of Saturday night did not arrive until after noon yesterday, along with the

flyer due in the forenoon, this delay, however, being partly the result of the wreck of No. 9 at Otero station.

All last night's trains, at last accounts were marked up to arrive at various hours this morning, ranging from 1 to 5 o'clock, and it is expected that it will be later than this before they are lit.

HANS HANSON

Will Be at the Opera House.
Our theater-goers are preparing for the jolliest night of the season for "Hans Hanson" is to be presented at the opera house.

"Hans Hanson" is an American comedy drama. The principal character represents a young Swede lately arrived in America—a big-hearted, whole-souled, honest fellow, always ready to assist the depressed. The fun lies in his endeavor to speak the English language and the various comical situations that arise during the action of the play. At times the audience is held spell-bound by the tender pathos that pervades the piece, and the next moment convulsed with laughter. James T. McAlpin, who has been seen as "Ole Oleson" through this country, has found in "Hans Hanson" an ideal Swedish play, giving him all possible opportunities for the display of his peculiar talent, both as a comedian, singer and warbler. His supporting company, twenty-five strong, is made up of the best talent in the dramatic and vaudeville lines, with solo, band and orchestra.

LUNA PREFERS NOT TO TELL HIS JOINTURE VIEWS

Until After Congress Takes a Whack at the Bill.

NATIONAL COMMITTEEMAN IS NON-COMMITTAL ON SUBJECT

In view of this year's unusual developments in the fight of New Mexico and Arizona for admission to the union there has been much curiosity in the public mind regarding the position of the statehood question of Solomon Luna, for years a republican leader in New Mexico politics and member of the national republican committee.

Mr. Luna returned Saturday night from an extended visit in Washington, where he had several conferences with the president on subjects vital to New Mexico. Mr. Luna was interviewed yesterday at the Alvarado by a Morning Journal reporter as to his position on the statehood question.

"Just at this time," said Mr. Luna, "I would prefer not to state my position in regard to joint statehood for New Mexico and Arizona. I would rather wait until the bill is acted on by congress. It will be time enough to say then what my position is."

"Just what the chances of statehood will be, one cannot find out by a visit to Washington, and only those who have made a decided fight for or con, will make a positive statement in regard to it," continued Mr. Luna. "I, myself and the balance of the party who were in Washington, used our best efforts to get as favorable a statehood bill as possible and I believe we have made arrangements for enough land to go with the bill to pay the railway indemnity bonds, which will be a big aid to the new state should one be formed of the two territories."

"My visit to Washington was not in the interest of joint statehood, but as a member of the republican party of the territory. We were quite successful in having members of the party appointed to federal positions in all offices, except the governor, which appointment had been made before we arrived."

"The principal object of my visit was in regard to the Gila forest reserve, which the government intended enlarging on the north. This we were successful in blocking and we also had pasture rates reduced for government reserves from 8 cents per head on sheep and 50 cents on cattle, to 5 and 30 cents, respectively. The limit law for cattle aboard trains in transit, will also be extended from 28 hours to 36 hours."

Mr. Luna was accompanied on his return by H. O. Bursum, superintendent of the penitentiary at Santa Fe, and Colonel W. H. Greer.

Swiped School House Fuel.

A few weeks ago the school board caused to be built what they fondly hoped would be a burglar proof wood-house, and that the job of furnishing free wood would be over, says the Lordsburg Liberal. The door next the street was locked on the inside, and the other door had a padlock on it. Last week it is supposed that some scholar, whose home was short of wood, unlocked the door next the street, and the next morning the school was short of wood. Mr. wood was immediately ordered, also a padlock for the street door, but before wood could be procured the children had to pick up all the chips in the yard, to keep school going. The school board is in the market for a guaranteed burglar proof woodshed.

PROVE IT ANYTIME.

By the Evidence of Albuquerque People.

The daily evidence of citizens right here at home supply is proof sufficient to satisfy the greatest skeptic. No better proof can be had. Here is a case. Read it:

Mrs. J. Hall, of 519 South First st., says:

"One of my daughters suffered from backache for about eight months or a year. Sometimes it was so bad that she was completely prostrated for a day or so at a time. I read about Doan's Kidney Pills in an Albuquerque newspaper and thought they might help my daughter and we purchased a box. In a remarkably short time the medicine took effect and a little longer stopped the backache. We are pleased to recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

NILES RELEASED ON FURNISHING A HEAVY BOND

Friends Raise Necessary
Thousand Dollars.

OPINIONS VARY AS TO
GUILT OF THE PRISONER

The friends of A. H. Niles, the old man bound over to the grand jury Saturday on the charge of attempting to assault two little girls, yesterday raised the full amount of the \$1,000 bond required and Mr. Niles was released from custody.

E. J. Brunt and wife, stepfather and mother of Celia and Pearl Davidson, upon whom it is alleged the assault was attempted, said yesterday that the evidence of the man's guilt was incontrovertible. Two other roomers in the house say that the evidence against Niles is incriminating, and that since the crime was attempted a flood of light has been shed upon previous actions of the man of which at the time they thought nothing.

Mr. Brunt says that Niles is only 56 years of age and has been living with him since last August, enjoying the absolute trust and confidence of the members of the household. Niles has been working as carpenter under the direction of Brunt, who is in the employ of Contractor W. W. Strong. Brunt says that since the discovery Friday night he is sure that Niles has been planning a deal of this kind for a long time.

Friends of the man under bond, however, assert that the case against him has no foundation whatever and that a gross injustice is being done him. If his guilt is proved in the end it is the general feeling that he should have the full penalty, but on the other hand it is the opinion that if he is innocent the instigators of the charge should be made to feel its seriousness.

MOVING PICTURE OF PARFISAL TO BE SEEN AT THE ELKS' THEATER

Wagner's great opera drama, which has created such a craze in the large cities for the last two seasons and at St. Louis, Mo., played to a \$40,000 business in a two night's engagement, has recently been secured by the Hagy Scenic company in a moving picture, as presented by the Metropolitan Opera company of New York, the original producers of the drama in this country.

All the costumes throughout the entire length of the picture have been colored at great expense, making it the longest colored as well as the most costly moving picture in the world. This picture will doubtless give a fine idea of the mystical drama, and a large attendance is expected as this comes the nearest to the original play that can ever be expected to come to Albuquerque. The show will be presented on Friday, December 29.

Enjoyable Christmas Music.
The people of the Congregational church were treated to a very high-class musical program, rendered with unusual ability at the Christmas service yesterday morning. The program opened by a duet, piano and organ, by Mrs. Washburn and Miss Chestnut. Dudley Buck's "The Deum from Elt" and "Hark, Hark, My Soul," by R. R. Shelley were two anthems given in fine style by the choir consisting of Mrs. Washburn, Miss Campfield, Prof. Clark and Mr. Washburn with Miss Chestnut as organist. The last selection was a beautiful solo, "Bethlehem," by Miss Campfield. The concert given by the children of the Sunday school was attended by a very large audience and each part of the carefully prepared program was greatly enjoyed. The services of yesterday were the last to be held in the main audience room until all repairs are completed. Services and Sunday school will be held as usual in the church parlors.

Cleland-Wright Wedding.
A Wheeling, West Virginia, newspaper contains the following account of the wedding of Percy E. Cleland, of Denver, brother of A. W. Cleland, of this city, both being well known in Albuquerque:

The wedding of Miss Susan Marsh Wright, the youngest daughter of Mrs. Susan Taylor Wright, and Mr. Percy E. Cleland, of Denver, Colorado, took place last evening at the home of the bride's grandfather, Mr. George R. Taylor, on Fourteenth street at 6 o'clock, and was witnessed by only the immediate relatives of the bride and groom. There were no attendants. The ceremony was performed in the main drawing room of the house by the Rev. David A. Cunningham.

Immediately after the ceremony the bride and groom together with the families witnessing the ceremony were driven to the Glenner home at Edgewood, Pleasant Valley, where a reception was held from 8 until 11 o'clock to which Wheeling's social set were invited.

The bride and groom were assisted in receiving by Mr. and Mrs. Glenner, Mr. and Mrs. Will Wilson, Miss Sophia Wright and Mr. Andrew W. Cleland, of Albuquerque, N. M., brother of the groom.

At 11:30 Mr. and Mrs. Cleland left over the B. & O. for Cincinnati, making a southern trip before arriving at Denver, which will be about the first of January when they occupy their suite at the Hotel Metropole.

THE WEATHER.

For the twenty-four hours ending at 6 o'clock yesterday afternoon:
Maximum temperature, 29; minimum, 2.

Forecast.

Washington, Dec. 24.—Arizona and New Mexico: Fair Monday and Tuesday.

A. B. McGaffey returned yesterday from a business trip to Ketter and Thoreau.

Maynard Gussel returned yesterday on the limited from a business trip to New York.

Henry Wortman came in from Peralta and will spend Christmas the guest of Albuquerque friends.

Deputy United States Marshal George A. Kaseman returned yesterday from a northern trip.

H. S. Lutz, agent for the Santa Fe Railway company at Santa Fe, is in the city to spend Christmas.

B. F. Barnard, of Flagstaff, Ariz., arrived in the city yesterday and will remain here over Christmas.

Mrs. H. W. Crawford and children of San Marcial, spent yesterday in the city and left last night for their homes.

F. H. Schwenker has returned from a trip to Williams, Arizona, and other points in the northern part of that territory on insurance business.

A. J. Kuriz, an employee of the American Lumber company, at Ketter, came in from that town yesterday and will spend Christmas in the city the guest of friends.

Survivor General Morgan O. Llewellyn and wife were in the city yesterday from Santa Fe on their way to Las Cruces where they will spend Christmas with Major W. H. H. Llewellyn and family.

Mr. and Mrs. F. A. Rickard gave a Christmas tree party last evening at their rooms at the Sturges hotel. A miniature Christmas tree, prettily lighted, bore many handsome presents for their friends.

At the German Lutheran church last evening there were Christmas exercises after which the distribution of presents was made to the children and grown up members of the congregation from a handsomely decorated and heavily loaded tree.

The Harugart, the German fraternal organization, will give a Christmas party this evening at Red Men's hall. A Christmas tree, musical program, refreshments and dancing are among the amusements for the evening. The party will be strictly an invitation affair.

A young lady in the Highlands lost her watch Saturday afternoon and wisely at once inserted an advertisement in the Morning Journal. At 10:30 yesterday morning the watch was returned to this office. It is hardly necessary to call anyone's attention to the moral of this little tale.

There will be service in St. John's Episcopal church at 10:30 this morning. Special music including Gounod's "Nazareth" by Mrs. A. G. Harrison, with violin obligato by Mr. H. W. Hadden. The subject of the pastor's sermon will be "Born of a Woman." All are cordially invited.

M. A. Gonzales, of Tierra Amarilla, Rio Arriba county, is in the city and will spend the holidays here. Mr. Gonzales is one of the wealthiest wool growers of northern New Mexico. It has been some time since he visited

Albuquerque and he says that he sees a wonderful growth in the city.

The body of Thomas H. Thompson, the old gentleman who died from exposure while attempting to make his way from Long Beach, Cal., where he had gone bankrupt in business, to his home at Ypsilanti, Mich., was yesterday shipped to the old home for burial. He was being taken to the hospital in this city from Gallup, when he died.

Simon Stern and family and Mrs. Leon B. Stern and little son Bertie left last night for Socorro, where they will spend Christmas visiting relatives and friends.

William P. Clarke, right of way agent for the Kansas City, Mexico & Orient railway, is in the city from Chihuahua and will spend the holidays visiting friends.

Mrs. Clara LaSalle and little daughter who have been in the city for the past year, left last night for their home in Duluth, Minn.

Mrs. M. Lewis, mother of J. G. Lewis, of this city, left last night for San Marcial, where he will spend a few weeks visiting with relatives. Mrs. Lewis is 86 years of age.

William Preisner left last night for El Paso where he will spend a few days visiting friends.

R. H. McKenzie, of Santa Fe, arrived in the city last night.

Leonard Mayhall came down from the Ancient City last night and will spend Christmas in Albuquerque.

H. M. Hall, of Las Vegas, is in town.

United States Deputy Marshal Harry Cooper returned home last night from a business trip.

A. Staab arrived in the city last night from Santa Fe to spend Christmas.

Albert W. Thompson, of Clayton, N. M., is in the city and will spend the holidays, the guest of O. D. Buzzell, foreman of the Santa Fe carshops.

S. L. Frank and wife, of Philadelphia, Pa., who are on a tour of the southwest arrived in Albuquerque last evening.

S. E. Smith, of the Harvey news department at El Tovar at Grand Canyon, arrived in the city yesterday. He met his wife here who came from Denver and they left last night for a vacation trip to the City of Mexico.

A Shoe Store in the Making

The shoe business of this clothing store has been built. It is yet possessed of a healthy natural growth. It began small—it expanded—it is still building. Today we sell three times the number of shoes we sold three years ago, six times the number we sold five years ago. WHY? It grew for three main reasons, viz:

Hanan Shoes — Douglas Shoes — Guaranteed Quality

Years ago we sold any make of shoes. Now we concentrate our efforts in selling the two best lines in their respective classes, and guarantee every pair to give entire satisfaction.

Hanan Shoes sell at \$5.50 to \$6.50.
Douglas Shoes sell at \$2.50 to \$5.00.
