BRIEF WIRINGS.

GOOD NEWS.

Special to the New Mexican.

WASHINGTON, Feb. 8.—The bill authorizing survey and patent of small land holdings in New Mexico has passed both houses.

(Signed.) E. F. HOBART.

Horses for the Derby.

LONDON, Eng., Feb. 8.—Horses from the famous stable of Col. North are to leave England for America to-day. The horses include the colonel's entries for the American Derby.

An Interstate Cooking Main. LAYENWORTH, Kas., Feb. 8.—In the interstate cooking main between Missouri and Kansas birds to-day, each party is to show fifteen birds ranging in weight from four and a half to six pounds and fight all that fall in for \$20 a battle and \$50 on the main.

Feather Weights Will Fight. BUFFALO, Feb. 8.—The Buffalo Athletic club has matched "Jimmy" Kennard, the "St. Paul kid," and "Mary Haugh," of Brooklyn, the featherweight, to fight to a finish. The boys will meet to-night at 115 pounds, for a purse of \$1,000, of which \$200 will go to the loser.

Seavanna's Great Banquet. SEAVANNAH, Feb. 8.—For weeks the board of trade has been making elaborate preparations for its annual dinner, and invitations were issued to President-elect Cleveland, Lord Stanley, governor-general of Canada, and to all the noted men of the country. Many have accepted and to-day's event promises to class among the most important given in recent years in the south. Bishop Nelson will open the feast with prayer. Congressman Livingston is expected to speak.

Fearful Weather.

ST. PAUL, Feb. 8.—The cold weather continues. The thermometers range from 15 to 25 below zero with a cutting wind blowing.

Harrison, Mich.—While searching in the blizzard last night for a missing daughter, Henry Graham perished within a few feet of his door. The child is still missing and is believed to be frozen to death.

Helena, Mont.—For the past ten days the temperature has been below zero and the cold weather prevails all over the state. It takes in most of the stock country.

Reports from the ranges are meager, but stockmen fear that cattle have suffered greatly and heavy losses are expected. Sheep have been well sheltered.

Massachusetts G. A. R.

BOSTON, Feb. 8.—Commander James K. Churchill will call the G. A. R. of Massachusetts to order in Tremont temple this morning. The sessions are to close to-morrow afternoon. The 12th annual reunion of the Roanoke association will be held at Young's hotel this afternoon. All comrades of the army and navy who took part in the Burnside expedition on the island of Roanoke are members of this association.

BRIEF TELEGRAMS.

HARTFORD, Ct., Feb. 8.—From all parts of the country the Yale Alumni meet here to-day for their annual dinner. Notable speeches will be made.

Augusta, Me.—The state bar association holds its annual meeting here to-day. Proposed changes in the judicial system of the state are to be considered.

Augusta, Ga.—The State Agricultural society will meet here to-day. There is a bitter struggle over the location of the state fair, Macon and Augusta being the contestants.

HOLDS THE WHIP.

The West's Grip on the Senate Wakes Up the Eastern Gold Bugs.

BALTIMORE, Feb. 8.—The board of trade by resolution protests against the utterances of Senator Teller in threatening to block legislation in case the Sherman silver bill is to be repealed. The resolution says:

"It is a public outrage, that the fourteen senators or any one of them from Colorado, North Dakota, South Dakota, Montana, Idaho and Nevada, representing a total population of but little more than twice that of New York state, should thus imperil the commercial interests of the whole country."

The resolution reiterates its demand for repeal, stating that the "Sherman silver bill" is a wrong to the masses, vicious in principle and will fail to create a market for a metal no longer a standard among intelligent and progressive nations.

The funeral of Mrs. W. C. Whitney took place in New York yesterday.

Washington, Montana, Nebraska and Wyoming have not yet named U. S. senators.

A disastrous flood from the Monongahela and Allegheny rivers threatens to inundate Pittsburg. Reports from surrounding towns are to the effect that the lowlands are submerged and the water is still rising.

Gail Hamilton and Mrs. Blaine will write the great statesman's biography.

ARMY COURT MARTIAL.

CHICAGO, Feb. 8.—According to a story current among army men here the court

martial that convened yesterday, at Fort Wayne, Mich., will try Capt. Alexander W. H. Taylor, of the 19th infantry, on charges of conduct unbecoming an officer. Just what these charges are is a subject upon which army men are mum. It is alleged, however, that Capt. Taylor's fellow-officers are indignant over his marriage some little time ago to a widow named Minnie Mooth, who for some time had been engaged as a domestic in the captain's bachelor home.

PRESIDENTIAL COUNT.

Congress Tackles the Electoral Vote This Afternoon.

WASHINGTON, Feb. 8.—Congress is required to be in joint session to count the electoral vote at 1 o'clock this date. Meanwhile each body will have appointed two tellers, whose duty it will be to read the vote. A few moments before 1 o'clock to-day the senate will proceed in a body to the hall of the house. The president of the senate will preside over the joint assembly, with the speaker of the house sitting at his left. The certificates will then be opened by the president of the senate in the alphabetical order of the states, California, Kansas, Michigan, Ohio, Oregon, and in this event the law provides that the two houses separate, consider the objections, and report their findings. The count can not proceed until each objection has been disposed of. After the certificates have all been read the tellers will deliver the results to the president, who, in accordance with the facts, will make the proper announcement. This announcement is declared by law, and will be a sufficient and constitutional declaration of the election of Grover Cleveland and Adlai E. Stevenson. This will include all formalities prior to the inauguration.

Memorial Work.

WASHINGTON, Feb. 8.—The senate bill for the relief of the assignees or legal representatives of John Roach, deceased, to pay the balance due on the United States ship Dolphin, \$16,450 was taken from the calendar and passed. The senate, by a vote of 22 yeas to 24 nays, refused to take up the New York and New Jersey bridge bill. The senate then resumed consideration of the substitute reported from the committee on interstate commerce to promote the safety of employees and traders upon railroads by compelling common carriers engaged in interstate commerce to equip their cars with automatic couplers and continuous brakes, and their locomotives with driving wheel brakes.

Valuable Reports.

WASHINGTON, Feb. 8.—Copies of Secretary of the Treasury Foster's report to the senate under the Sherman resolution of July last, are in demand. The first part of the report was delivered Monday. It is one of the most valuable statistical reports published by the government and when completed will contain a summary or outline of the banking history of the government from its formation down to 1892, with a full and complete history of the state and national banking systems from 1892 to June 30, 1892.

Retail cigar dealers claim that the demand for "Brown Palace Perfectos" is phenomenal.

SPEAKING OF SHEEP.

Successful Rancheros from Eastern Mora Talk of a Great Industry.

Messrs. P. L. Pinard and Mateo Luján, influential citizens from eastern Mora county, and among the heaviest stock owners in the Ute creek country, are visiting the capital. They are interested in the establishment of the new county of Union, and present many cogent arguments as to why it should be established.

Speaking of the sheep industry, these gentlemen say they, in common with all who are engaged in this business in their section, have been successful to a most gratifying degree during the past four years. Prices for wool and sheep have ruled steady at a figure which has greatly stimulated wool growing in Colfax and Mora counties. They have a flock of 30,000 sheep, and during the past year have sold to outside buyers some 12,000 head. Their last year's wool clip amounted to 125,000 pounds and it was sold at Clayton, which point, they declare, is by far the best wool market in the territory. Thus far this winter their losses have been little or nothing, and the outlook for a big crop of lambs and good range is very flattering.

TERRITORIAL TIPS.

CHAMA CHATTERS.
Plenty of snow and slush.
There is talk of establishing an Odd Fellows lodge in Chama.

Mamuel Gomez has gone to Valencia county to purchase sheep.

The Biggs Lumber company have started up their shingle machine.

Messrs. Fleck & Henderson, of this place, have purchased 640 acres of timber land on the Navajo.

The Tierra Amarilla Southern is not bothered with snow, and consequently is making regular trips.

Capt. B. F. Moore, a Pueblo mining expert, spent a day in town the first of the week. The captain intended going to the Abiqui placer fields, but after reading Joe Mulhatten's letter in Sunday's Durango Herald, concluded to postpone his visit till some future time.

The Chama Northwest says: Tommie Sargent, a well known El Rico merchant, with embezzlement of \$10,000, has been general manager for the Surprise Mining company. Legal steps have been taken to collect nearly \$6,000 of claims against the company largely due to employees.

Thieves broke into the Congregational church at Deming during the week, and nearly dismantled the interior of the edifice. All the lamps, brackets, ornaments and in fact everything of value that could be easily taken, are gone. No clues to the perpetrators. The congregation is at present without a minister, and this fact prevented the discovery of the robbery sooner.

SAN JUAN SETTING.

Mrs. Harry Hawkins, of Junction City, was seriously injured by her horse running away.

W. W. Shea will open a shoe-shop at Farmington, and George Duvall a barber-shop. Both are new comers from Colorado.

Traders from Rifle, Colo., an expert and handler of fruits, is stopping at Mr. Blacklock's, and intends to stay during the summer and will handle the fruit of the Phelps and Carson ranches.

Messrs. Chambers Brothers, two Colorado prospectors from the lower San Juan, are stopping at Foster Blacklock's, with the intention of prospecting the country thoroughly in the vicinity of Farmington.

It is reported on good authority that a new ditch is to be taken out on the lower San Juan, running some fifteen feet below the Coolidge canal. There is less than 1,000 acres difference between the two ditches, and the cost of construction will be nominal compared with the benefits arising from it.

Lincoln Post G. A. R., installed the following officers: Commander, W. H. Williams; Senior Vice Commander, M. L. Page; Junior Vice Commander, J. D. Rumburg; Officer of the Day, C. H. McHenry; Chaplain, N. L. Hayden; Quartermaster, A. Severs; Surgeon, A. Bowman; Adjutant, H. C. King; Assistant Quartermaster, C. Mercer; Quartermaster Sergeant, W. R. Epperson.

SOCORRO WAITS.

Tree planting is popular.

The ladies of the Sanctuary society will give a "phantom" ball and supper at the San Marcial opera house March 17.

We couldn't appreciate our incomparable climate without an occasional sand storm. They are "blessings" (!) in disguise, says the Bee.

Elario Pena and Esperidion Sapato, were arrested at San Marcial with several horses in their possession belonging to grant county parties. They were taken back to Silver City.

The Rio Grande smelting works of Socorro are running with a smaller force than for years, about 125 men being employed. There full force is about 250 men.

The Socorro Fire Clay company have a flattering prospect; with a large and well equipped plant, and an abundance of material of different kinds close at hand, they are enabled to turn out the very best quality of both fire and common brick promptly, and at reasonable prices. With a capacity of about 10,000 brick per day, they are now several weeks behind their orders, but are making improvements that will enable them to increase the output.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Silbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

A. A. WILLIAMS.

HOOD'S PILLS are the best family cathartic, gentle and effective. Try a box. Price 25c

The Knights of Pythias lodge No. 12, of Silver City, are making arrangements for a grand ball to be given on Washington's birthday, February 22.

The reported arrest of Bank Examiner Lazarus, at Del Norte, Colo., for theft, is officially denied. The party arrested bore the same name, but was not in government employ.

Deputy Sheriff McGlinchey has gone to Cook's Peak, with a warrant for the arrest of Robert Milliken, who is charged with embezzlement. Milliken has been general manager for the Surprise Mining company. Legal steps have been taken to collect nearly \$6,000 of claims against the company largely due to employees.

SHOOTING STARS.

No doctor's bills presented to the families who use Simmons Liver Regulator.

A Disciple of Munchausen.

In a museum: Guide (pointing to a large skull)—This, ladies and gentlemen, is the skull of Ignatius Loyola, and this, pointing to a much smaller one, "was his skull when he was a young fellow."—*La Lanterne de Cocorico.*

Completely Uprooted.

How many remedies there are which merely relieve without uprooting disease. The contrast with sterling medicines which such palliatives afford, not only enhances the dignity of the former, but serves to emphasize the folly of employing half-way measures when thorough ones are available. A marked instance of this is the effect, on the one hand, of Hostetter's Stomach Bitters in cases of chills and fever and bilious remittent, and on the other of ordinary remedies in maladies of this type. By the Bitters, malarial complaint in every stage, and of the most malignant type, are completely conquered and lose their hold upon the system. They are rarely, if ever, dislodged by the ordinary resources of medicine, although their symptoms may unquestionably be mitigated through such means. The same holds good of indigestion, biliousness, kidney complaint, rheumatism, nervousness and debility. By the Bitters they are cured when many remedies fail.

Candid.

"Chappie isn't afraid to tell the truth about himself."

"No."

"No. The other day he said he had half a mind to take French lessons."

Hibbard's Strengthening and Rheumatic Plaster.

ARE A REVELATION TO THE WORLD AND ARE THE ONLY GENUINE RHEUMATIC PLASTERS.

Nine-tenths of all troubles which require the aid of plasters are rheumatic in their nature. A change of weather or sudden draft causes a cold which develops into muscular, and that into inflammatory rheumatism. And yet there has never been such a thing as a distinctly rheumatic and strengthening plaster, and hundreds have attacked the heart, whose lives might have been saved had this plaster been applied in season. They are constructed on purely scientific principles, and are purely vegetable. Prepared only by the Charles Wright Medicine Co., Detroit, Mich.

Common Talk Now.

Humbled Citizen—Hello, senator! How are ye?
Statesman (replying mechanically)—Hawaii!—*Chicago Tribune.*

If, when crossing a railroad track, you see a train approaching at thirty miles an hour—get out of the way as soon as possible. When threatened with chronic rheumatism or catarrh, take Ayer's Sarsaparilla persistently and patiently, and the danger will soon pass away.

Accounted For.

"Why do you sign your name John B. B. Bronson?" asked Hawkins.
"Because it is my name," said Bronson.
"I was christened by a minister who stuttered."—*Life.*

Miles' Nerve & Liver Pills.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, children. Small, mild, sweet! 50 doses, 25 cts. Sample free at A. C. Ireland's.

He smiles.
The fields hidden 'neath the snow,
And it is cold in town,
The mercury is at one below,
And sometimes lower down.
Yet in the face of one we meet
There is no lack of cheer;
The plumber goes about the street
And smiles from ear to ear.

Wonderful Cures.
Dr. Miles' Nerve and Liver Pills cure all nervous diseases, headache, blues, nervous prostration, sleeplessness, neuralgia, St. Vitus dance, fits and hysteria, but also builds up the body. "I am pleased to say that after years of intense suffering with nervous disease, headache and prostration, I tried Dr. Miles' Restorative Nerve and Liver Pills, and in two weeks gained eight pounds in weight. I could not lie down to sleep, but now sleep perfectly easy, and am still improving wonderfully. Can not say enough for the Nerve and Liver Pills. R. Millard, Dunkirk, N. Y." "One customer used Nerve and Liver Pills, and gained fifteen pounds in flesh."—Brown & Maybury, Portland, N. Y. Trial bottles and elegant book free at A. C. Ireland, Jr.'s.

A Patriot.
Mr. Jones—"Are you going to the german this evening, Count French?"
Count French—"German! Ciel! No!"
Simmons Liver Regulator never fails to relieve the worst attacks of indigestion.

Defined.
The Professor—"What is happiness?"
The Philosopher—"The condition of forgetting that you are unhappy."

The Genuine And Sham.

Every good thing has its host of imitators; every genuine article its counterfeit. The imitators always choose the most valuable and popular article to counterfeit, so that when they claim their sham to be equal or as good, or the same as "So and So's," the public may depend upon it that "So and So's" article is the best of the kind. The sham proves the genuine merit of the thing it copies and never has this been better illustrated than by the imitations of ALCOCK'S PLEASANT PLASTER.

ALCOCK'S PLEASANT PLASTER is the standard of excellence of the world over, and its imitators in their cry that there is "as good as ALCOCK'S" are only emphasizing this fact and admitting "ALCOCK'S" to be the acme of perfection, which it is. The difference between the genuine and these imitations, which copy only general appearance, is as wide as that between copper and gold.

The only safe way for purchasers is to always insist upon having ALCOCK'S PLEASANT PLASTER. They are the only perfect plasters ever produced.

Evidently an Impostor.

Barkeeper (in a whisper)—Keep your eye on that man.
Proprietor—What's the matter with him?
Barkeeper—He claims to be a special policeman. And he's ordered plain lemonade.—*Chicago Tribune.*

A hale old man, Mr. Jas. Wilson, of Allen Springs, Ill., who is over 60 years of age, says: "I have in my time tried a great many medicines, some of excellent quality; but never before did I find any that would so completely do all that is claimed for it as Chamberlain's Cough Remedy and Diarrhoea Remedy. It is truly a wonderful medicine." For sale by A. C. Ireland, Jr.

At the Charity Ball.

Minnie—Capt. Foster has never paid me any attention before, but he danced with me four times last night.
Maud—Oh, well, it was a charity ball, you remember.

When suffering from throat or lung troubles, take only such medicine as has been proved worthy of confidence.

A remedy is Ayer's Cherry Pectoral; a specific for sudden colds, and invaluable in all forms of pulmonary complaints. Sold by druggists. Price \$1.

Great Effort.

"Yes, I wrote that," said the poet. "It's one of my greatest efforts."
"That's what I thought," said his friend. "It was one of my greatest efforts to read it."

Trade Mark Case.

Judge Thayer, of the U. S. circuit court at St. Louis, recently granted a perpetual injunction, and reference to a master to assess the damage sustained by the plaintiff, in a suit against Joseph Tegethoff, instituted by the Hostetter company of Pittsburgh. Defendant Tegethoff is restrained from making or selling imitation Hostetter Stomach Bitters in any manner whatever; either in bulk, by the gallon, or by refilling empty Hostetter bottles; and from the use of the word "Hostetter" in connection with any article of stomach bitters, thus protecting the plaintiff in the exclusive use of the word "Hostetter" as a "Trade name."

Exceptions to the Rule.

"They say when you do a thing once, it is easy to do it over again."
"Yes."
"How is it when a man dies?"

Joseph V. Dory, of Warsaw, Ill., was troubled with rheumatism and tried a number of different remedies, but says none of them seemed to do him any good, but finally he got hold of one that speedily cured him. He was much pleased with it, and felt sure that others similarly afflicted would like to know what the remedy was that cured him. He states for the benefit of the public that it is called Chamberlain's Pain Balm. For sale by A. C. Ireland, Jr.

Her Reward.

The maid took off her bonnet there;
He married her next day.

A Ferventest of His Plans.
Bjones—I hear your friend married a western girl.

Giles—Yes. He went to Colorado to save his lungs and succeeded only in losing his heart.

Without the means at hand for combating it, a cold may prove more dangerous than the small pox. No family is safe unless provided for such an emergency. In sudden attacks of cold, croup, asthma, etc., Ayer's Cherry Pectoral is an invaluable specific.

Admitted the Facts.
Newspaper editors have to be very careful in opening their columns for statements. But aware that the Dr. Miles Medical Co. are responsible, make room for the following testimonial from R. McDougall, Auburn, Ind., who for two years noticed a stoppage or skipping of the pulse, his left side got so tender he could not lie on it, his heart fluttered, he was alarmed, went to different doctors, found no relief, but one bottle of Dr. Miles' New Heart Cure cured him. The elegant book, "New and Starting Facts," free at A. C. Ireland, Jr., drug store. It tells all about heart and nervous diseases and many wonderful cures.

The Inevitable Encore.

The Prima Donna (hastily)—"They're applauding yet out in the parquet. What shall I sing for an encore?"
The Impresario—"Sing 'Home, Sweet Home.'"

The Prima Donna—"But I don't know it."

The Impresario—"So much the better. They'll think your giving it a new interpretation."

To grow old gracefully, one must live temperately, calmly, methodically; be interested in all that is going on in the world; be cheerful, happy, and contented, and above all, keep the blood pure and vigorous by the use of Sarsaparilla. Be sure you get Ayer's.

Mr. C. F. Davis, editor of the Bloomfield, Iowa, Farmer, says: "I can recommend Chamberlain's Cough Remedy to all sufferers with cold and croup. McGinnis—That's a mighty fine whisky; how could it be, Pat?
Pat (pouring the last drop into his friend's glass)—Faith, Oi don't know; but it's oiled as it ever will be!

Mr. Albert Favorite, of Arkansas City, Kan., wishes to give our readers the benefit of his experience with colds. He says: "I contracted a cold early last spring that settled on my lungs, and hardly recovered from it when I caught another that hung on all summer and left me with a hacking cough which I thought I never would get rid of. I had used Chamberlain's Cough Remedy some fourteen years ago with much success, and concluded to try it again. When I had got through with one bottle my cough had left me, and I have not suffered with a cough or cold since. I have recommended it to others, and all speak well of it." "Are You Sure?"

I said: "Nell, I love you." I said it and swore.
It was true, by the heavens above me; I said it and said it of times near a score.

She asked, as she often had asked me before,
"Dear Ned, are you sure that you love me?"

Observing the Commandment.

"It seems to me that there is a marriage occurring in the Salvation army every day."
"They consider that necessary."
"For what reason?"
"To show that they are faithfully observing the new commandment, 'Love one another.'"

Simmons Liver Regulator always cures and prevents indigestion or dyspepsia.

Financially Embarrassed.

A large manufacturer, whose affairs were very much embarrassed, and who was overworked and broken down with nervous exhaustion, went to a celebrated specialist. He was told that the only thing needed was to be relieved of care and worry, and have a change of thought. This doctor was more considerate of his patient's health than of his financial circumstances. He ought to have advised him to use Dr. Miles' Restorative Nerve and Liver Pills for nervous prostration, sleeplessness, dizziness, headache, ill effects of spirit, tobacco, coffee, opium, etc. Thousands testify to cures. Book and trial bottle free at A. C. Ireland, Jr.'s.

Patent medicines differ—One has reasonableness, another has not. One has reputation—another has not. One has confidence, born of success—another has only "hopes."

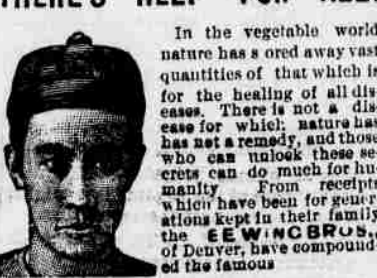

Don't take it for granted that all patent medicines are alike. They are not.

Let the years of uninterrupted success and the tens of thousands of cured and happy men and women, place Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription on the side of the comparison they belong.

And there isn't a state or territory, no—nor hardly a country in the world, whether its people realize it or not, but have men and women in them that're happier because of their discovery and their effects.

Think of this in health. Think of it in sickness. And then think whether you can afford to make the trial if the makers can afford to take the risk to give your money back as they do if they do not benefit or cure you.

COUNCIL.

YESTERDAY'S AFTERNOON SESSION.

The council met at 2 p. m., and resolved into committee of the whole to consider H. B. No. 101, to require sheriffs and ex-officio collectors to keep a record of public funds, and recommended that the enacting clause be stricken out. The committee rose and the council on motion of Mr. Hubbell took the action recommended.

The general conference committee from the house announced through Mr. Hopewell, the chairman, the action of the house in appointing them and on motion of Mr. Fall, the president appointed Messrs. Fall, Hubbell, Martinez, Sanchez and Patterson as the members on the part of the council. The house committee consists of Messrs. Hopewell, Bowman, Labadie, Read and McMullen.

In committee of the whole, C. B. No. 50, to provide a system of recording marks on official bonds, was read twice and referred to the committee on live stock.

C. B. No. 70, to repeal chapter 32 of the session laws of 1891, was read and made special order for this afternoon.

C. B. No. 77, to promote the discipline in the penitentiary, was on motion of Mr. Burns passed by a vote of 10 to 2, Messrs. Fall and Valverde voting in the negative.

C. B. No. 141, to prevent usury and fix a lawful rate of interest, was on motion of Mr. Fall referred to the general conference committee.

Under the head of business on the president's table:

H. B. No. 95, to regulate the sheriffs on official bonds, was read twice and referred to the committee on counties and county lines.

H. B. No. 158, an act providing a contingent fund for the legislative assembly, was read twice and referred to the finance committee.

C. B. No. 12, exempting railroads from taxation for the period of six years, was read twice and referred to the general conference committee to consider the amendments.

H. B. No. 88, to amend section 6 of chapter 88 of session laws of 1891, was referred to the judiciary committee.

H. B. No. 88, to amend section 782 of the Compiled Laws of 1894, was referred to the judiciary committee.

Mr. Salit, by unanimous consent, called up C. B. No. 75, providing a lien upon live stock for the care thereof under contract.

It was considered in committee of the whole and the words "verbal or written" were stricken out so that the bill read simply "under contract," also providing that claim for damage should be made within sixty days of said damage or the conclusion of the contract.

The committee rose, reported its amendments and the bill passed the council.

An adjournment was then taken until 9 a. m.

THIS MORNING'S SESSION.

The council met at 9 a. m. and the special order, C. B. No. 75, to compel owners of land to contribute proportionately toward obtaining title to same, was read.

On motion of Mr. Fall the first section was amended by the insertion of the words "the real property so affected."

Mr. Fall also moved to strike last part of section 1, and insert the words "shall be collected with interest at the rate of 12 per cent per annum, as a charge or lien upon the real property of such owner which was beneficially affected by such act, and none of such real estate so beneficially affected shall be exempt from such charge or lien by reason of any exemption or forced sale exemption law in force in this territory," which amendment was adopted; and the bill then duly passed.

The council then on motion of Mr. Veeder resolved into committee of the whole to consider C. B. No. 17, to quiet title to real estate in the territory of New Mexico.

The bill was considered in committee, which finally rose and recommended to the council that the bill and the substitute therefore be referred back to the judiciary committee with instructions to draw up a proper substitute and have the same printed in English and Spanish. This was ordered by the council.

THE HOUSE.

YESTERDAY'S AFTERNOON SESSION.

The house met at 2 o'clock and received a message from the council announcing the passage of the joint memorial to congress requesting an extension of time of the legislative session, and to extend the time for filing claims before the land court; which were taken up by unanimous consent and passed.

The governor's invitation to attend his reception on Monday evening, Feb. 13 was received and accepted.

Mr. Hopewell, chairman of the house committee on arrangements for the trip to Denver, reported that it was the opinion of the conference committee that the telegraphic invitation from the Colorado legislature to visit them on Monday, February 13, and that the visit would be returned on February 17, should be accepted, and in order to facilitate business he moved that a conference committee be appointed to consider such bills as may pass either branch of the legislature.

This is for the purpose of facilitating business. The motion passed and the conference committee was appointed as follows: Messrs. Hopewell, Bowman, Labadie, Read and McMullen.

The rules were suspended and the following bills were introduced, read twice, ordered printed and referred:

H. B. No. 165—By Mr. Barila, taxing railroad car companies; committee on railroads.

H. B. No. 174, in reference to justices of the peace; committee on railroads.

H. B. No. 175—By Mr. Hinkle, to establish and maintain a military school at Roswell; committee on railroads.

H. B. No. 176—By Mr. Hopewell, relating to forging checks and tickets of railroad companies; committee on railroads.

H. B. No. 177—By Mr. Frampton, repealing chapter 27 of the laws of 1887, relating to gambling; penitentiary committee.

Mr. Claves introduced a resolution stating that it was the sense of this legislature that the World's Columbian exposition should be open on Sunday.

Mr. Frampton moved that the bill on the table was lost and the resolution prevailed by a vote of 18 to 4.

Mr. Hinkle then moved to take up the business on the speaker's table and consider it, which passed unanimously.

The resolution appointing a committee on arrangements for the trip to Denver and resolution of the council to investigate the World's fair commission were disposed of.

H. B. No. 145, requiring chattel mortgages to be recorded by the county clerk of the county in which the property is situated, or else the mortgage shall not be good against a bona fide purchaser, was read twice and referred to the judiciary committee.

Council substitute for C. B. No. 26, providing that no brick manufactured by the convicts of the penitentiary shall be sold until the wall now in course of construction on penitentiary.

C. B. No. 70, providing for a coal oil inspector and a safety test for oil, was read twice and referred to the committee on mines and public lands.

C. B. No. 48, relative to execution on real estate, was read twice and referred to the judiciary committee.

The house then adjourned until 2 p. m.

THE DENVER TRIP.

Under instructions from the joint legislative committee on the visit to Denver, Supt. Helm, of the narrow gauge road, has for a second time perfected plans for making the trip. To this end the wires cleared of all except those having business connected with the business of the house.

Mr. Montoya said that so far as he was concerned no one could sway his vote.

Mr. Frampton said he was utterly disgusted with the proceedings of the house and if his actions were at his own command he would take his hat and go home.

The speaker said he fully agreed with him; that the dilatory action of the house was disgraceful; still he hoped that Mr. Frampton would not insist on his motion to clear the floor as many of the gentlemen present were of high standing and such a proceeding would be rather degrading to them; and especially as they were on the floor by virtue of the speaker's card.

Mr. Meyers said he would willingly wait for the motion, but he must insist that such action was a disgrace. Here was one man whose only interest in this bill was that it might possibly affect his fees. Who were the masters, the people or the officers?

Mr. Meyers then withdrew his motion.

On motion by Mr. Clancy the reading of all the first four sections of the bill were dispensed with and passed, except section 8, to which a grammatical amendment was made.

Mr. Clancy then moved that section 15, which provides that the bill shall go into effect from and after its passage, be so amended as to make the act effective on January 1, 1905.

Mr. Meyers moved its rejection.

Mr. Hinkle moved that the amendment be amended so as to read 1894 instead of 1895, which was adopted, together with the section.

The committee rose and recommended the passage of the bill; which was adopted, and the bill passed.

The house then adjourned until 10 a. m.

THIS MORNING'S SESSION.

The house met at 10 o'clock a. m. and approved the journals of the last three days.

HOUSE.

YESTERDAY'S AFTERNOON SESSION.

The house met at 2 o'clock and received a message from the council announcing the passage of the joint memorial to congress requesting an extension of time of the legislative session, and to extend the time for filing claims before the land court; which were taken up by unanimous consent and passed.

The governor's invitation to attend his reception on Monday evening, Feb. 13 was received and accepted.

Mr. Hopewell, chairman of the house committee on arrangements for the trip to Denver, reported that it was the opinion of the conference committee that the telegraphic invitation from the Colorado legislature to visit them on Monday, February 13, and that the visit would be returned on February 17, should be accepted, and in order to facilitate business he moved that a conference committee be appointed to consider such bills as may pass either branch of the legislature.

This is for the purpose of facilitating business. The motion passed and the conference committee was appointed as follows: Messrs. Hopewell, Bowman, Labadie, Read and McMullen.

The rules were suspended and the following bills were introduced, read twice, ordered printed, printed and referred:

H. B. No. 175—By Mr. Barila, taxing railroad car companies; committee on railroads.

H. B. No. 174, in reference to justices of the peace; committee on railroads.

H. B. No. 175—By Mr. Hinkle, to establish and maintain a military school at Roswell; committee on railroads.

Mr. Frampton moved that the bill on the table was lost and the resolution prevailed by a vote of 18 to 4.

Mr. Hinkle then moved to take up the business on the speaker's table and consider it, which passed unanimously.

The resolution appointing a committee on arrangements for the trip to Denver and resolution of the council to investigate the World's fair commission were disposed of.

THE DENVER TRIP.

Under instructions from the joint legislative committee on the visit to Denver, Supt. Helm, of the narrow gauge road, has for a second time perfected plans for making the trip. To this end the wires cleared of all except those having business connected with the business of the house.

Mr. Montoya said that so far as he was concerned no one could sway his vote.

Mr. Frampton said he was utterly disgusted with the proceedings of the house and if his actions were at his own command he would take his hat and go home.

The speaker said he fully agreed with him; that the dilatory action of the house was disgraceful; still he hoped that Mr. Frampton would not insist on his motion to clear the floor as many of the gentlemen present were of high standing and such a proceeding would be rather degrading to them; and especially as they were on the floor by virtue of the speaker's card.

Mr. Meyers said he would willingly wait for the motion, but he must insist that such action was a disgrace. Here was one man whose only interest in this bill was that it might possibly affect his fees. Who were the masters, the people or the officers?

Mr. Meyers then withdrew his motion.

On motion by Mr. Clancy the reading of all the first four sections of the bill were dispensed with and passed, except section 8, to which a grammatical amendment was made.

Mr. Clancy then moved that section 15, which provides that the bill shall go into effect from and after its passage, be so amended as to make the act effective on January 1, 1905.

Mr. Meyers moved its rejection.

Mr. Hinkle moved that the amendment be amended so as to read 1894 instead of 1895, which was adopted, together with the section.

The committee rose and recommended the passage of the bill; which was adopted, and the bill passed.

The house then adjourned until 10 a. m.
