DEFEAT OF  
REBELLION  
COMPLETEBut Heroic Spirit Is Sinister  
Warning to Autocracy.ANOTHER SUCH VICTORY AND  
THE GOVERNMENT IS LOSTTo Inflamm Public Revolutionaries  
Spread Rumor That General Mas-  
sacre of Jews Is Planned.

St. Petersburg, Dec. 29.—The sup-  
pression of the insurrection at Moscow  
and the certainty that similar upris-  
ings elsewhere will be crushed, marked  
the collapse of the first attempt of the  
"Reds" to overthrow the govern-  
ment and administrators a defeat from  
which it is not believed in govern-  
ment circles the revolutionaries can  
quickly recover.

Now that the smoke of battle is  
clearing away, the utter hopelessness  
of the conflict seems to be apparent.  
The populace held aloof, and not a  
single military unit actually joined the  
revolutionaries. Even the general  
strike crumbled under their feet by  
their challenging and precipitating a  
conflict before the proletarian organi-  
zations were prepared. The govern-  
ment secured a comparatively easy  
though ruthless victory, and it is be-  
lieved in high official circles that the  
organizations have been so demoralized  
and disrupted by the blow and by the  
arrest of their most able leaders  
that it would be impossible for them to  
attempt the coup planned for the an-  
niversary of "Bloody Sunday." In de-  
spairing undoubtedly the revolution-  
aries will again have recourse to acts  
of terror which they will spring at the  
most unexpected moment.

The country has quieted down, and  
the cabinet now hopes that the selec-  
tions to the duma are assured and  
that the government can devote its  
time to the suppression of the revolt in  
the Baltic provinces and more espe-  
cially to the solution of the agrarian  
question. It means cannot be  
said to in some measure satisfy the  
hard hunger of the peasants before  
spring, the universal opinion is that  
the peasants everywhere will rise.  
The land proprietors seem to be con-  
vinced of this to such an extent that  
the landlords in the neighborhood of  
Minsk are calling their tenants to-  
gether and are voluntarily arranging  
the distribution of a portion of their  
private holdings upon terms satisfac-  
tory to the peasants.

DEFEAT OF REBELS IS  
PRACTICALLY ACCOMPLISHED

St. Petersburg, Dec. 29.—Peter  
Struve, editor of the Osvoboditel  
(Emancipator), who has again shifted  
his position, publishes a ringing ar-  
ticle this afternoon in which he ad-  
mits the defeat of the attempt aimed  
at the overthrow of the government.  
He says the attempt, of course, was  
madness and was bound to be ex-  
tinguished in blood. Nevertheless, he  
alleges, there was a heroic spirit be-  
hind it which should terrify the gov-  
ernment.

"Another such victory and the gov-  
ernment is lost," says Mr. Struve, who  
in conclusion summons all the forces  
of emancipation to bury their dissen-  
sions and to unite in a final struggle.  
The report that Lieutenant General  
Mitschenko has been wounded is not  
true.

With the evident object of inflaming  
sentiment abroad the revolutionary  
agents are putting out a story to the  
effect that the government is delib-  
erately plotting a general massacre of  
Jews. These agents display what pur-  
ports to be the text of an appeal by  
a rabbi addressed to the Jews to fight  
against the cross, which they declare  
is being printed by the ministry of  
marine for distribution among the ig-  
norant classes, with the object of pro-  
ducing a concerted attack. Investiga-  
tion fails to substantiate the charge  
that the government is favoring any  
such document.

ORDER RAPIDLY BEING  
RESTORED IN MOSCOW

Moscow, Dec. 29.—The electric light  
system was restored at 3 o'clock this  
afternoon. The streets are gradually  
assuming their normal conditions. It  
is expected that the railroads will  
shortly after their regular sched-  
ule.

## Martial Law Proclaimed.

Beridicheff, Southwest Russia, Dec.  
29.—Martial law has been proclaimed  
here.

EIGHT PERSONS INJURED  
BY BURSTING BOMB

Divinsk, West Russia, Dec. 29.—A  
strike was declared here today. Mar-  
tial law has been proclaimed. By the  
accidental explosion of a bomb at a  
meeting of workmen last night eight  
persons were killed and twenty-eight  
wounded.

FATHER GAPON PLAYS  
BOULETTE WITH CYRIL

Paris, Dec. 29.—The New York Her-  
ald's European edition publishes the  
following:

"Adversity makes strange bedfel-  
lows," says the proverb, and a dispatch  
from Monte Carlo to the European  
edition appears to indicate that it also  
makes strange gambling companions.  
According to this dispatch, which is

LONG ISLAND  
DENTIST HELD  
FOR MURDERSensational Developments at  
Inquest.WATCH CHAIN DRIVEN  
THROUGH HORNER'S BODYWidow's Testimony Shows Simpson  
Killed Father-in-Law  
for Spite.

Northport, L. I., Dec. 29.—At the in-  
quest held here today over the body  
of Bartley T. Horner, who was shot  
and killed by his son-in-law, Dr. J. W.  
Simpson, a New York dentist, Simpson  
was held on a charge of murder by the  
coroner and was taken at once to a  
prison at Rivers Head. Sensational  
developments came out at the inquest.  
The autopsy disclosed that there were  
two bullet wounds in the dead man's  
body, about four to six inches apart.  
One of the wounds was directly in line  
with the watch pocket in the vest, and  
a portion of the gold chain was carried  
clear through the body by the force  
of the bullet and imbedded in the  
muscles of the back.

Mr. Horner was for years the south-  
ern representative of the Lorillard  
tobacco firm and was worth about  
\$100,000.

At the inquest, Mrs. Horner, the  
widow was the most important wit-  
ness.

"Dr. Simpson," she declared, "said  
in my hearing at the supper table  
Wednesday evening, the night of the  
shooting that he wished the 'old man,'  
meaning my husband, was dead."

"A few months ago, my husband  
made up his mind to have his will  
changed. He was worth about \$100,000.  
I should say. He wanted the will  
fixed so that his fortune would not be  
squandered by Dr. Simpson."

"The lawyer arranged to come to  
our house yesterday. On Wednesday  
my son-in-law arrived in New York,  
and at the supper table declared that  
the will could not be changed, that  
such a thing was not possible. Then  
he made the remark that he wished  
Mr. Horner was dead."

## Haven't Found Morals.

San Domingo, Republic of Santo Do-  
mingo, Dec. 29.—The United States  
gunboat Duquesne arrived here this  
afternoon. The converted yacht  
Scorpion will leave tomorrow for  
Monte Cristi.

The whereabouts of President Mor-  
ales is as yet unknown. The city and  
vicinity are quiet. Telegraph commu-  
nication has been restored. Business  
is dull and a feeling of unrest prevails.  
Several arrests have been made.

NORDICA PUTS  
OUT FIRE

New York, Dec. 29.—Mme. Lillian  
Nordica won the enthusiastic plaudits  
of a large matinee audience at the  
Metropolitan Opera House today when  
she quite coolly stamped out a blaze  
on the stage near the footlights caus-  
ed by fire dropping from a torch car-  
ried by a chorus girl in Gotterdam-  
merung. The incident occurred dur-  
ing the fire scene of the last act of  
the opera.

Burning oil spilled from one of the  
chorus torches and set fire to the stage  
carpeting. Immediately there was an  
uneasiness apparent in the audience,  
and several persons started to leave  
their seats. Mme. Nordica, who was  
singing, walked over to the blaze and  
without interrupting her song stamped  
out the last spark of the fire.

GENERAL BINGHAM JUST  
PLAIN "AMERICAN CITIZEN"

Officer Will Be Next Police Commis-  
sioner of New York.

New York, Dec. 29.—Mayor Mc-  
Clellan tonight announced the ap-  
pointment of Brigadier General The-  
odore A. Bingham, U. S. A., retired, as  
police commissioner, succeeding Wil-  
liam McClellan's first term.

Just a "Plain Citizen."  
New York, Dec. 29.—General Theo-  
dore Bingham, of the United States  
regular army, called on Mayor Mc-  
Clellan today. He said the mayor  
had offered to appoint him police com-  
missioner of New York City and that  
he has the offer under consideration  
and expects to give his answer to-  
morrow. General Bingham said he is  
neither a republican nor democrat, but  
an American citizen.

## War on the Quacks.

London, Dec. 29.—The British Med-  
ical Journal announces that an anti-  
quackery congress is to be held in  
Paris next spring. The programme of  
discussions includes every form of  
quackery except, oddly enough, faith-  
healing, says the Journal, unless that  
be covered by the terms "sorcery" or  
"magnetism."

Jerome Declares New  
York Gambling Houses  
Are All Wide OpenDistrict Attorney Lashes Bookmakers.  
Calls Them "Statesmen Criminals."

New York, Dec. 29.—That gambling  
houses and pool rooms in this city are  
as wide open today as ever and that  
many of the employees in these places  
are given positions by political leaders  
as a part of their patronage, was  
charged by District Attorney Jerome  
in his court of general sessions today.  
There were a large number of pool  
rooms and gambling house cases on  
the calendar, and Mr. Jerome ap-  
peared in person as prosecutor. It was when  
three men who had been indicted for  
bookmaking in an Eighth avenue re-  
sort pleaded guilty, that the district at-  
torney addressed the court.

"These men pleaded guilty and tell  
me they are only employees," said he.  
"They are what I term statesmen  
criminals. They are put into these  
pool rooms by political leaders as a  
part of the patronage of their district,  
and it is almost impossible to tell  
whether they are politicians or crim-  
inals. Pool rooms and gambling  
houses are at present as numerous as  
ever. The police organize a series of  
false raids, dart into houses, wreck  
furniture, put a few gentlemen in dur-  
ance vile, and call it an attempt to get  
evidence. In this case I ask your hon-  
or to impose a fine of \$100 each, and  
I say if they cannot pay, the backer  
of the game will. If he does not come  
forward and pay, I will bring him here  
myself in a manner that will surprise  
him."

Fines of \$100 each were imposed in  
several cases.

POPE PIUS IS BIG BROKERS  
DISPLEASED  
IN CRASHUNWORTHY AMERICANS HAVE  
BEEN PRESENTED AT VATICAN

Rome, Dec. 29.—The Vatican au-  
thorities have received remonstrances  
from several American bishops against  
the audience granted by the Pope to  
Americans, who, in the opinion of the  
bishops, were not worthy of the hon-  
or, which, it is added, created dissat-  
isfaction among the faithful.  
The Pope has also been informed  
that among the persons presented to  
him a few days ago was an American  
woman who had been divorced. This  
irritated the Pontiff, who declared that  
such a presentation must not occur  
again.

The officials of the Vatican are also  
recalling that two Americans recently  
refused to kneel when the Pope ap-  
peared and the persons having author-  
ity in these matters have been order-  
ed to be more strict in arriving at de-  
cisions upon applications from Amer-  
icans for audiences of the Pope. Amer-  
ican applicants in the future must be  
recommended by their respective  
bishops or have their applications sup-  
ported by a recognized official here.

## Longevity in the English Fens.

London, Dec. 29.—During October  
twenty-five persons more than 80  
years old died in the Fens. Their to-  
tal ages amounted to 3,920 years.  
During November ten persons more  
than eighty years old died in the same  
district, and their ages totalled 825.

HUGHES WILL  
SOON FINISHSt. Louis, Mo., Dec. 29.—After a  
division of almost one hundred years  
the steps were consummated today in  
the joint session of general committees,  
which, when formally ratified, will  
unite the Northern Presbyterian  
church, U. S. A., and the Cumberland  
Presbyterian church. Almost two  
days have been consumed by substi-  
tute committees in arranging details for  
the union. Their reports were sub-  
mitted to the general committee, rep-  
resenting each church, this afternoon.  
Within two hours the two general  
committees had met in joint session  
and agreed upon a basis for the union  
of the two denominational bodies.

This agreement will be reported to the  
general assembly of the Presbyterian  
church, meeting at Des Moines, Iowa,  
on May 17, 1906, and of the Cum-  
berland Presbyterian church, meeting  
in Decatur, Ill., on the same date, for  
formal ratification by these two execu-  
tive assemblies, which will be follow-  
ed by the official announcement that  
the union of the two churches has  
finally been consummated.

Artillery's Long March.  
San Antonio, Texas, Dec. 29.—The  
Sixth battery of the United States field  
artillery is expected to march into  
Fort Sam Houston tomorrow after a  
march of 1,000 miles (weekend) from  
Fort Riley. The battery left Fort Ri-  
ley November 13 and is now near Aus-  
tin. This is one of the longest marches  
ever made by a battery of artillery  
in time of peace.

Terrific Eruption.  
Victoria, B. C., Dec. 29.—Passen-  
gers on the steamer Tees from the  
north Saturday report a great volcanic  
eruption on Princess Royal island on  
December 23. The whole side of the  
mountain, which is over 1,000 feet  
high, slid to the surf at Inlet lake,  
raising the level about twelve feet.  
General Manager Leedu of Surf Inlet  
and a party were crossing the lake in  
a launch at the time and as enormous  
waves had been created they had great  
difficulty in saving their lives.

## Charged With Stabbing Friend.

St. Louis, Dec. 29.—William Mur-  
phy, 31 years old, son of Jeremiah  
Murphy, a wealthy pork packer, was  
arrested and is being held on a charge  
of stabbing his friend, David Leahy,  
early today. Leahy, it is stated, is  
probably mortally wounded. Murphy  
asserts highwaymen attacked them  
and stabbed Leahy when they re-  
sisted. Leahy refuses to talk of the  
matter.

## Presents From Komura.

Tokio, Dec. 29.—Haron Komura, the  
Japanese plenipotentiary, who has just  
concluded a treaty with China, relative  
to Manchuria, left for Tokio at 1  
o'clock this afternoon. He traveled  
by special train to Tien Tsin, where he  
will be entertained by Yuan Shih Kai,  
viceroy of China. Prior to his depart-  
ure he gave \$1,000 to be divided  
between two Chinese girls' schools, a  
boys' school, and the Japanese volun-  
teer instructors; \$1,500 to the Peking  
Japanese club, and \$500 to the Ho Tay  
Paoting club.

## Hill Indisposed.

New York, Dec. 29.—Former Sen-  
ator David Bennett Hill has written the  
legislative insurance investigating  
committee, saying in answer to the re-  
quest that he appear as witness, that  
he is ill and would be unable to appear  
for two weeks at the least. It is re-  
corded that Hill received \$5,000 as an  
annual retainer from the Equitable for  
a period of years.

RAILROAD

YERKES DEADEnd Comes Before Greatest  
Work Is Finished.HAD ALMOST COMPLETED  
GREAT LONDON SUBWAYStubborn Wife Who Had Quarreled  
With Millionaire Relents at  
Last Moment.

New York, Dec. 29.—Charles T.  
Yerkes, the noted railway financier of  
Chicago and London, died today in his  
apartment at the Waldorf-Astoria  
hotel, where he had been ill for more  
than six weeks. Mr. Yerkes suffered  
from a complication of diseases, grow-  
ing out of a severe cold which he con-  
tracted in London early in the fall.  
Since last night the patient had been  
kept alive by strong stimulants.

Despite statements said to have  
come earlier in the day from Mrs.  
Charles T. Yerkes, wife of the cap-  
italist, that she would not go to the  
Waldorf-Astoria, the following official  
statement was made by Dr. Loomis,  
who had attended Mr. Yerkes  
throughout his illness:

"At the death of Mrs. Charles T.  
Yerkes, his wife, Charles Edward  
Yerkes, a son, and his wife, Mrs.  
Charles Edward Yerkes, a daughter, and  
myself."

"At 11 o'clock Mrs. Yerkes was tel-  
ephoned that her husband was dying,  
and she related and went to the ho-  
tel and was present when he died.  
This was the first time Mrs. Yerkes  
had been at the hotel during her  
husband's illness. The death was  
peaceful but unexpected at the time."  
Speyer & Co., the New York bank-  
ing firm which had much to do with  
the local financing of Mr. Yerkes' af-  
fairs, today made the following state-  
ment:

"The death of Mr. Yerkes is par-  
ticularly sad, coming at a time when  
his great work in connection with the  
London underground railway was rap-  
idly approaching completion and im-  
portant portions of it were being put  
in operation."

"Mr. Yerkes' failing health had  
warned him and the bankers associ-  
ated with the enterprise that arrange-  
ments should be made for relieving  
him of a portion of his work or for  
completing and carrying it on in case  
of his death. These arrangements  
have been perfected and will be an-  
nounced at the proper time."

HELENA MORGAN  
A WORLD-BEATERBarnett Horse Defeats Billings, Greatest  
Two-Year-Old Pacer.

Special to the Morning Journal.

Phoenix, Ariz., Dec. 29.—Following  
Albuquerque's victory of yesterday,  
when Stranger O beat California's 2:09  
pacer, Dedalion, in a sensational race,  
Helena Morgan defeated the great  
Billings, touted as the fastest three-  
year old pacer in the world, shipped  
from New York here for the races, in  
a sensational race for three-year old  
pacers. Billings took the first heat by  
two lengths, but got second heat only  
by a nose, coming under the wire only  
by hard whipping. Helena got third  
heat by half a length and hard work.

In the fourth Billings broke. Helena  
won easily, and took fifth by two  
lengths.  
Time — 2:11 1-4; 2:14 1-4; 2:15;

FILIPINOS WANT  
MR. BRYAN  
A TRAGEDY

Manila, Dec. 29.—Filipinos who  
spoke at the banquet given to W. J.  
Bryan demanded the immediate inde-  
pendence of the islands and said they  
were looking to him to champion their  
cause with the American people.

Mr. Bryan, in his response, made no  
promises, and the natives were disap-  
pointed. Aguinaldo was among those  
present.  
Americans here are pleased with  
Mr. Bryan's conservatism.

Charged With Discrimination in  
Favor of Steel Trust.

Chicago, Dec. 29.—The federal  
grand jury today returned an indict-  
ment against the Chicago, Burlington  
and Quincy railroad, Darius Miller,  
first vice president, and C. G. Burn-  
ham, foreign agent, on the charge of  
granting railroad rebates.

The indictment charges that the re-  
bates were all granted to the United  
States Steel Products Company of  
New York, a subsidiary company of  
the United States Steel Company.

The indictment further alleges that  
by an agreement between the defend-  
ants and a number of connecting rail-  
roads a joint tariff was made and filed  
with the interstate commerce com-  
mission. The freight rates were paid,  
it is declared in the indictment ac-  
cording to the tariff, but afterwards  
a rebate of about 30 per cent was  
allowed to the shippers. In all cases  
the United States Steel Products Com-  
pany was the recipient of the money  
according to the indictment.

As soon as the indictment was laid  
before Judge Beetha in the United  
States circuit court he fixed bonds of  
\$5,000 in each case and the officials  
of the Burlington road were notified  
to call and give bail to the amount of  
\$15,000, which they agreed to do  
without delay.

## Killed by Gas Explosion.

McKeesport, Pa., Dec. 29.—Mrs.

ously injured today by a gas explosion  
in the kitchen which wrecked the  
house.

## Bold Arizona Holdup.

Lovell, Ariz., Dec. 29.—A bold  
holdup occurred here by which Con-  
O'Shea, proprietor of one of the well-  
known saloons of the town is shy \$75.  
At 3 o'clock in the morning two mask-  
ed men armed with revolvers entered  
the place and compelled the employees  
to hand over the contents of the cash  
drawer. No clue to the robbers has  
been found.

## Correspondence Morning Journal.

Washington, Dec. 29.—There have  
been 11,250 bills introduced by this  
congress but probably not more than  
thirty really important bills of nation-  
al scope will be passed. Many of these  
11,250 bills are private in character  
and a hundred or two of them will  
probably be passed without opposition.  
The great majority of them have been  
presented by request of some enthu-  
siast or crank and the member or sen-  
ator has gone through the formality of  
presenting the bill to make himself  
solid with a voter. There are other  
bills presented by corporations, some  
of them apparently innocent, but as  
insidious and dangerous as thieves in  
the night. It is hoped by their pro-  
moters that they may be put through  
when the senate or house are off their  
guard or when there is a slim atten-  
dance or toward the end of the session,  
when in the hurry to reach an ad-  
justment bills are tacked on as riders  
or amendments. Three bills have  
been introduced to extend the time  
that cattle, sheep, hogs and horses  
may be detained on freight cars with-  
out food or water, from twenty-eight  
hours to thirty-three or forty hours.  
Under the present law twenty-eight  
hours is the limit of time that animals  
may be kept without feeding or water-  
ing them. For animals that are in  
the habit of eating at least half their  
time, and are never without food for  
more than three to five hours, if they  
can reach it, twenty-eight hours de-  
privation would surely appear to be  
the limit of hardship; and humane  
people throughout the country should  
see to it that their representatives in  
congress shall not permit further out-  
rage to animals that can neither vote,  
speak or strike for shorter hours, al-  
though they are big-brained vertebrates  
like ourselves, and duplicate in their  
bodies, as comparative anatomy  
teaches, every bone, muscle and  
nerve that we have. The suffering of  
live stock in transit is indescribable  
and they come to market in a fatigued,  
enfeebled, unwholesome condition that  
renders them, in a degree at least, less  
fit for food. The remedy which should  
be applied is to slaughter them at the  
starting station—then the cattlemen  
can have their thirty-three or forty-  
eight hours to transport the insensate  
creatures to market.

CUTTING OFF PASSES A BLOW  
TO PENNSYLVANIA GANG

Several great railroads have de-  
clared that hereafter no free passes  
will be issued. There will no doubt  
be a great saving to the roads in  
this policy. It must be remembered  
that all state officers, municipal and  
county officials, judges, senators, rep-  
resentatives, members of the press and  
others travel on passes and if this rule  
is carried out, there will doubtless be  
an increase of revenue for the roads  
as well as the diminution in the travel  
of the classes named. The liberal dis-  
tribution of passes is a system of graft  
which has become a source of corrup-  
tion. It is said that the movement  
which began with the Pennsylvania  
railroad system will be a hard blow  
to the already crippled Pennsylvania  
political machine. By passing the gang  
cemented its power and influence  
among those who were susceptible of  
corruption and the practice of bribery  
in the universal bestowal of passes  
among federal, state, county and mu-  
nicipal officers was an important  
means for machine control. A free  
ticket handed to a public official is a  
very delicate and persuasive way to  
dispose him favorably toward schemes  
and measures in favor of the road.  
The inequality of the distribution of  
passes is thus characterized by the In-  
dianapolis Star: "Passes are generally  
issued to those who do not need them  
and are withheld from the deserving  
and helpless. The ordinary rich man  
has an annual pass, the millionaire  
gets an extra one from Pullman and  
the multi-millionaire is tendered a  
special train or a round trip ticket to  
Europe. The struggling reporter, a  
month behind with his board bill, can-  
not get a pass to Broad Ripple, but  
when he owns the paper and several  
blocks of real estate his pocket book  
bulges with annuals."

## WASHINGTON POST SCORES

## TREATMENT OF CHINESE

When some future Lecky writes the  
history of American morals of the  
nineteenth and twentieth centuries he  
will find something for criticism in the  
relations of the country that proclaims  
itself the most progressive to China,  
in which it denounces as the Antelope  
more scores than one. To China we  
are sending missionaries with Bibles  
and an assortment of religions, and  
drummers with hundreds of commodi-  
ties which we wish to sell, but these  
"beaters in their blindness" are able  
to see that while our missionaries are  
teaching them that they are good  
enough for heaven, we are at the same

time holding that they are not good enough for the United States. Our illogical attitude is thus told in the Washington Post: "We send people there to exploit their material resources, to decay their moral and social standards, to vex them with theories which they do not understand or welcome, and to preach down at them against every conviction, standard, and observance handed down to them through countless centuries. Yet we expect them to submit patiently to interference which would in this country be required with instant and deadly energy. Our missionaries must go to China and do as they please, without the smallest consideration for the sentiments, the creeds, and the established civilization of the people, but when a Chinese gentleman comes here (to travel, to study or to engage in business he is treated as though he were an enemy or an abandoned criminal."

**Alfonso to Meet Bride.**  
Madrid, Dec. 29.—King Alfonso has gone on a hunting expedition to Granada in the south of Spain. As a coincidence the British armored cruiser Drake, the flagship of Rear Admiral Louis of Battenburg, has arrived at Malaga, about 50 miles from Granada. The prince and two ladies landed at Malaga and proceeded to Granada. It is expected that a meeting between the king and future queen of Spain, Princess Ena of Battenburg, will occur at the latter city.

**Betting and Charity.**  
Paris, Dec. 29.—The sum of \$480,000, which represents a 1 per cent tax on betting transactions under the French law between January 1st and December 31st of the present year, is available for the relief of the poor in this country.

**Cost of Germany's War.**  
London, Dec. 29.—Statistics on the Hottentot uprising in German Southwest Africa show that the revolt has cost the German empire 1,197 lives, including 116 officers. It has also cost \$11,000,000, while the appropriation made for the coming year for the few thousand men still kept in South Africa are at the rate of \$5,000 per capita.

**\$12,000,000 Dam for Nile.**  
London, Dec. 29.—The Egyptian government has resolved to construct a barrage at Esch at a cost of \$12,000,000. Esch is 100 miles below Assuan. When the new barrage is completed it is estimated that 240 miles more on either side of the Nile will be brought under perennial irrigation.

## DEFEAT OF REBELLION COMPLETE

(Continued From Page 1, Col. 1.)  
Father Gapon, the noted Russian agitator, was playing roulette at Monte Carlo a few days ago, sitting at the same table as the Grand Duke Cyril. Truly, this is a democratic age. If the Comte d'Artois or any other of the royal blooded emperors who went abroad at the outbreak of the French revolution had happened to meet one of the leaders of the revolutionary party it is fairly certain that he would never even have dreamed of sitting down with him at a gambling or any other sort of table.

**Resistance Only Feels.**  
St. Petersburg, Dec. 29.—The correspondent of the Associated Press at Moscow telegraphs that the scattered revolutionists there are only able to keep up a feeble show of resistance to the troops, and the workmen's council, realizing the revolt is crushed, is negotiating terms for the strikers who participated in the uprising with a view of calling off the strike on Monday.

**Trouble in the Urals.**  
St. Petersburg, Dec. 29.—For a week past Zlatoust, a town of seventeen thousand in the Ural mountains, has been in the hands of revolutionists according to information received by Major (Rus). They have formed a local republican government and the red flag is flying over the government arms factory, the officials of which are held as hostages. Former local authorities threaten to summon the Cossacks, but the revolutionists declare if Cossacks appear, the officials of the city will be killed.

**Great Plague Epidemic.**  
Berlin, Dec. 29.—The St. Petersburg correspondent of the Tageblatt telegraphs as follows, under today's date: "Slowly, but surely, the danger of a great plague epidemic advances. Nothing more can be done to suppress it, and already the indication covers an area of 180 by 300 miles. Owing to the lack of doctors it is impossible to isolate the sick."

**Noted Swimmer Dead.**  
Brisbane, Dec. 29.—R. B. Kierman, the champion Australian swimmer, who made a notable record in England last summer, when he beat the times of some of the best swimmers in the world, died here today. He was only about 19 years old.

**The Corporations' Side.**  
New York, Dec. 29.—James Douglas, who is the executive head of the mining enterprises in Arizona grouped as the Phelps Dodge and Company interests, is quoted today regarding his views upon joint statehood for Arizona and New Mexico. Douglas said among other things: "To force Arizona into a union with New Mexico is to do a great wrong to the people of the former territory, who in racial antecedents, religious preferences and industrial interests are wholly unlike the inhabitants of New Mexico. The New Mexico population is sufficient to justify admission as a single state and the people of Arizona, among whom I have spent twenty-five years, would rather wait twenty years for statehood than to be joined to New Mexico."

## FEAR OF LYNCHING EXPRESS ROBBERS DROVE NEGRO TO SUICIDE

According to the story told by Mrs. Tom Wilson, colored, who was found wounded and unconscious beside the Rock Island track near Jarilla, she was brought to that condition and her husband evidently killed himself on account of a fear that had been instilled in their minds regarding the way negroes were treated in this western country.

The woman is at the hospital at Alamogordo and has recovered sufficiently to tell her story. According to her version her husband and herself had sold all their belongings in their home town of Alamo, Arkansas, and were en route to Tucson, Arizona, via Coffeyville, Kas., where they had visited Mrs. Wilson's mother.

There they first heard stories of the way colored people were said to be treated, in the west, and the stories greatly excited both of them. They heard more of the same kind of stories on the train and several other colored persons, hearing of their fright, strengthened it by telling further details of lynchings and other killings of negroes in the wild and woolly west. This so worked on Wilson's feelings that he decided that he would go no further into this land of terror and although the train was running at a high rate of speed, he rushed to the door and said he was going to jump off. His wife followed him, and grabbing hold of him, attempted to hold him on the train. But he jumped and pulled her with him.

He was evidently so crazed with fear that he paid no further attention to her, but wandered away. She was found a few hours later, but he was not discovered until Tuesday night, when he was found several miles away with his throat cut from ear to ear. It is supposed that his fears so worked upon him that he committed suicide. The body was buried at Jarilla.

## ALAMOGORDO MURDERER RESISTS SHERIFF WITH AN

Special to the Morning Journal.  
Alamogordo, N. M., Dec. 29.—A man named Baca, an employee of the Santa Fe western railroad shops here, was found lying dead on the railroad track not far from the Adobe saloon with several knife wounds in his body, any one of which would have caused death. Grilaco Moreno is in jail charged with the murder of the man, the crime having been committed at a native ball. The dagger was found in the woods next morning. Moreno, who is only nineteen years of age, confessed to the crime. When captured by sheriff Phillips in an adobe shack in the native quarter he was crouching in the corner with an ax and made a fierce fight before he was disarmed. A woman has been arrested as his accomplice.

## COMMITTEE ON GRIDIRON REFORM NOW ORGANIZED

Dr. H. L. Williams, of Minnesota, Made Chairman of Body.  
Philadelphia, Pa., Dec. 29.—The committee of seven appointed by the New York conference on football to confer with the inter-collegiate football rules committee, now in session in this city, met tonight and organized by electing Dr. H. L. Williams, of Minnesota State University, chairman, and Dr. G. A. Babbitt, of Haverford College, secretary.

Late in the evening the committee of seven was invited to confer with the original football rules committee. After a long conference the inter-collegiate football rules committee decided that its members had no power without first consulting their respective universities, to amalgamate with the committee appointed by the New York conference.

**Grover Heads the List.**  
New York, Dec. 29.—It was announced here tonight that former President Grover Cleveland heads the list of signatures to the petition which is to be forwarded to Governor Higgins next week, asking for clemency in the case of Albert T. Patrick, who is now under sentence of death for the murder of William Marsh Rice.

## ARE FOILED AT MAGDALENA

Local officials of the Wells Fargo company have received advice that a robbery of their office at Magdalena was attempted Thursday night but that the robbers secured nothing, as the agent had taken all the money and valuables home with him upon looking up the office at the end of the day's work. The would-be thieves broke into the office sometime during the night and ransacked the place, hastily leaving when they found there was no wag available. The sheriff of Socorro county was notified and the officials are endeavoring to locate the robbers, but no clue exists as to their identity or where they went.

If you need a carpenter telephone Hesselien.

The holiday rates will be one and one-third fare to all points via Santa Fe route. Call at ticket office and get particulars.

## LOCAL AND PERSONAL

A. D. Dockery and wife, of Fort Wingate, are in the city.

J. J. Burke, of Lamar, Colo., in the city for a few days' business trip.

D. J. Rankin returned to the city last evening from a business trip to Elgin.

Raymond L. Carruthers of La Mirada, Cal., is in the city and will remain for a few days.

Senator William Keck, a prominent mining operator of Golden, is in the city on a business trip.

A marriage license was yesterday granted to Andrea Baca, age 16, and Demetrea Garcia, age 21, both of the county of Bernalillo.

Dewey Wilson, the well known base ball player, left yesterday morning for Alamogordo, where he is employed in the Rio Grande shops.

O. C. Watson and E. C. Abbott arrived in the city last night from Santa Fe and will remain in Albuquerque for a few days on business matters.

S. S. Robertson and wife of Pittsburg stopped off in the city for a day's rest last evening and will continue to the Grand Canyon and California points today.

## HOLIDAY TRAVEL THIS YEAR WAS CLOSE TO LIMIT

### Jerry Black Explains Lateness of Trains.

#### WOULD HAVE REGULAR EXPRESS-BAGGAGE SECTIONS

"Holiday travel this year," said "Jerry" Black, the Santa Fe's passenger traffic manager this week, "has been of enormous proportions. It has been heavier than ever before and has been handled in pretty good shape. There was only one drawback to it, and that was the inability of the trains to make their schedule time. This was due solely to the unprecedented amount of express business which the railroads have been asked to handle. At every important point along our line trains were delayed from a few minutes to quite a while in order that express matter could be put aboard and taken from them. This sort of delay is unjust to the persons traveling on the trains and will have to be remedied in the future."

"It occurs to me now that there is but one way to remedy it and that will be to take the express and baggage cars off the big through trains during holiday times, make them up in separate trains and let them follow the passenger trains. This seems to me to be the only solution of the question. The passenger trains could then be run on their schedule and would not have to be delayed a minute on account of baggage and express."

#### EASTERN DIVISION OFFICES REMOVED FROM TOPEKA

Decision has been reached by the operating officials of the Atchison, Topeka & Santa Fe Railway company to move the office of the train dispatcher and the trainmaster of the eastern division of the road from Topeka to Emporia.

The change will involve the transfer of ten men from Topeka, among whom will be Lloyd Stanley, chief day train dispatcher and Mr. McFee, the chief night train dispatcher, and six other dispatchers, as well as W. K. Ritter, the trainmaster, and the latter's stenographer.

For the last three or four years the officials of the Santa Fe have been contemplating the making of this change, but have put it off from time to time. It has now been determined upon finally and it will be but a matter of a few days before the change will be effected.

Topeka is in the middle of the eastern division of the road and hardly any of its freight, with the exception of that of a local character, passes through there. All of the through freight is handled over that portion of the road which is known as the Emporia cut-off. These trains have been dispatched with considerable difficulty from Topeka.

### PAST WEEK A STRENUOUS ONE IN LIVELY HAMLET OF ASH FORK

There has been something doing almost every day in Ash Fork during the joyous holiday season. Aside from the fierce revolver battle between the negro Baws and Officer Whitley there have been several other spectacular "rough houses."

On the day after Christmas Charles Kincaid, colored, assaulted a colored woman at Ash Fork. Deputy Sheriff Foley was at once notified and went on a hunt for the black man. He found him in one of the saloons on Ash Fork's main thoroughfare. Kincaid at once drew a big gun and prepared to resist arrest. The officer got the drop on him and he was disarmed, putting up a stiff fight, however, after his weapon was taken from him. Kincaid was at once taken to Prescott and after trial was sentenced to six months in jail.

Meet me at the White Elephant Saturday night and get in on the good cold beer and the free lunch.

## TERROR OF THE RUSTLERS EASILY VANQUISHED BY CUPID

Mr. and Mrs. James Mitchell Coburn, of Berlin, N. M., announce the marriage of their daughter, Grace Eleanor to Burton C. Mossman, at 1023 Pennsylvania ave., Kansas City, Mo. Accompanying this announcement is the statement that Mr. and Mrs. B. C. Mossman would be at home after January 1 at Lakewood, N. M. The groom was the first captain of Arizona rangers, and in that position pretty thoroughly cleaned the territory of rustlers. This is not all of Mr. Mossman's history, but probably the one incident most familiar to New Mexicans. Mr. Mossman is at present resident manager of the Turkey Track ranches in the Roswell country, while the bride is the daughter of the general manager of the same ranches. Messrs. Mossman, Coburn and W. C. Greene are closely connected in the cattle business, all three of them having a very large pasture in North Dakota, where they are pasturing and feeding steers from their New Mexico and Old Mexico ranges.

G. W. Mossman and wife, parents of B. C. Mossman, live at Earlham and have been residents of that place for twenty-five years.

**Pickpocket Bound Over.**  
A. C. Emery, arrested about 3 o'clock yesterday morning for picking the pocket of Ferdinand Bowen in the St. Elmo saloon, was bound over to the grand jury in the sum of \$500 yesterday morning in police court. As he was unable to produce he was locked up. It appeared from the evidence that Bowen was drunk and while in that condition Emery, who was spending a pleasant evening with him, quietly separated him from part of his roll. A line man named Kratz testified that he saw the incident. Emery bears a bad reputation. He has been living in a shack on North Third street with another questionable character, who is said to be an ex-convict.

Bowen says he was taken home in a hack by another man, and it is believed that while en route his companion assisted in relieving him of whatever superfluous change he had about his person.

**George Murray in the Toils.**  
One George Murray, antecedents and past unknown, is in jail pending an investigation. Murray is accused by one Riggs and another man of entering the Myers lodging house near the American Lumber Co.'s plant and appropriating the bed generally occupied by Riggs and another man. Riggs and his companion occupied another bed and when they awoke in the morning Murray and \$3 or \$4 that belonged to Riggs et al was missing.

**A Certain Cure for Croup.**  
When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz.: Chamberlain's Cough Remedy. Give it and a quick cure is sure to follow. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by all druggists.

ALBUQUERQUE ————— NEW MEXICO  
SATURDAY MORNING, DECEMBER 30, 1905.

### The Terms of the Deal

ALL accounts from Washington agree that the terms of the deal between the president and the New Mexico gang in regard to statehood matters were correctly stated by the Journal a few days ago, namely, that the president was to put up, and the gang to shut up. The president has carried out his part of the contract and the members of the gang are carrying out theirs—those who were but a little while ago the noisiest in their opposition to statehood now go about with their lips hermetically sealed, and even the New Mexican, which appeared to have no other stock in trade, is as dumb as an oyster on the statehood question, and the large portion of its valuable space which it recently gave to misrepresenting the people of the territory and knocking their best interests, is now devoted to the Albuquerque Journal. Great is the potentiality of public plunder.

### Early in the Field

SAYS the Tucson Star: Now comes the news from northern Arizona that T. G. Norris has announced himself as a candidate for the democratic nomination for congress. This is right and proper. Northern Arizona is justly entitled to the nominee this trip. T. G. Norris will prove a most acceptable candidate for the democracy for he is an able lawyer. He is a citizen of good character. He will poll the entire democratic strength and as the next election will send a full-fledged congressman to Washington, it is important that a clean, upright citizen be selected for the honor. Northern Arizona will secure the democratic nominee this time and it is most likely to be Tom Norris.

SAID Mr. B. A. Fowler, of Arizona, to a Las Vegas newspaper man, "what lies they do put in newspapers!" And then to illustrate the force of his remark he told the reporter to say in his paper that 90 per cent of the people of Arizona are opposed to joint statehood.

THE dictionary people have asked Governor Folk to define the word graft. The politicians and McCurdy will certainly feel hurt over this apparent slight.—Philadelphia Telegraph.

IT has been nearly a century since a Russian Czar said to an English diplomat, "There is a sick man in Europe" and Turkey is still alive.—Baltimore Sun.

### Modern Engineering

THE authorities of the Simplon tunnel announce that an electric line for public traffic through the tunnel will probably be open by the first of May, 1906. The engineering work involved in this great enterprise has now been accurately tested, and another illustration of the wonderful precision of the modern tunnel builder put on record. The bore is exactly twelve and a half miles and thirty-one inches in length. It was cut from both sides of the mountain, toward a central point, where the engineers had contracted to make the two tubes meet. That they did meet at all is wonderful enough, but when it is found that each of these six and a quarter-mile bore holes, apparently groping blindly for one another under 5,000 feet of solid rock, joined with almost mathematical accuracy, the wonderful experience of the modern tunnel builder, seems almost devilish. The difference in level between the two tubes was but three and one-half inches; the north tube deviated laterally four and a third inches to the west; the south one three and two-thirds inches to the east. Thus the total deviation from a point situated six and a quarter miles from the surface, in the heart of a mountain of granite, was but eight inches.

### The Arizona Fair

THE genial character of the climate at Phoenix, Ariz., may be judged from the fact that the Arizona territorial fair is now in progress at that place, and, according to all accounts, the weather is just such as is best adapted to the purpose—bright, balmy and warm enough to sit out doors with comfort. And that reminds us that there is one "exhibit" at the fair which the managers did not think of making, and that is, what an ideal spot Phoenix would be for the capital of Arizona the Great! Sessions of the legislature are always held in the winter, and to escape the rigors of such weather as we are now having all over New Mexico would well repay the members from this side of the state for making the trip to Phoenix. As to the fair itself, the Gazette says:

"It's great! It's grand! It's an assured success, and, furthermore, the first Arizona territorial fair will be and is everything and more than was predicted for it. Owing to the fact that the first day fell upon Christmas, that day on which we all like to stay pretty close to home, it was expected that the attendance would not be anything to brag of, particularly, but all predictions of a small crowd were dissipated yesterday morning, when as early as 8 o'clock every car labeled 'Fair grounds' was filled to its capacity."

Then follows this paragraph, to which we call the special attention of New Mexico readers:  
"Of the fair itself, one has to see it for himself to fully appreciate all that it is and all that it means to Arizona. It is an exposition of the varied and wonderful resources of the territory that has never been equaled, and will work untold benefits to the territory. The idea of a territorial fair is new, and therefore the exhibits in many lines are not, perhaps, as full and complete as they will be a year or so hence. However, all things considered, the first Arizona territorial fair is a credit to the gentlemen who first conceived the project, to those who have carried out the details in its building, and those others who have direct charge of the enterprise."

The strongest argument that has been invented by the enemies of statehood in New Mexico against the union of the two territories, is the allegation that "Arizona has no resources except its mines, and no people except adventurers," and that the "mines are liable to play out and the people to move out," and that it would be "worse than blasphemy for us to sink the name and identity of New Mexico in such a country." But the exhibits made at the fair give the lie to that allegation, just as effectively as the truth of history has exploded the other lie, so glibly repeated for awhile, that "98 per cent of the people Arizona are opposed to jointure." There is an old saying to the effect that "a lie well stuck to is as good as the truth," but that depends entirely upon whether you are sharp enough to keep from being caught at it—and the anti-statehood prevaricators have not been able to exercise sufficient acumen to prevent the truth from overtaking them.

Follow Each New Discovery of Science  
The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered, the doctors have not been slow in finding a drug to kill it. In a few years it will be rare to find a bald-headed man or woman. The falling out of hair is due to a dandruff germ, and now it has been discovered how to kill this germ. The remedy used is called Newbro's Herpicide. Its success has been marvelous. Not a failure has been so far reported. It is also a delightful hair dressing free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., Special Agents.

The International Bioscope that comes to the opera house next Saturday, January 6th, must not be confused with the many picture shows seen here before. ## MADRID COAL CAMP IS NOW DESERTED VILLAGE

Soft Coal Mine Shut Down  
Indefinitely.

BIG CROWD OF MINERS  
LEAVES FOR THE NORTH

Madrid, the big New Mexico coal camp of the Colorado Fuel & Iron company is deserted. The bituminous coal mine in which a fire has been raging for a week, has been finally shut down entirely and about two hundred men left yesterday for Colorado to seek employment.

It was thought that after bulkheading the mine the fire would be smothered. The blaze, however, has proved so persistent that all hope of extinguishing it at any time soon has been abandoned and the mine was shut down. The anthracite coal mine has been closed for some months, so that all operations at Madrid are now suspended.

The train was literally swamped with miners," said a Santa Fe man who arrived from the north last night. "I suppose there must have been two hundred on the north bound train, some with tickets and some without tickets, some drunk and some otherwise mostly drunk. At Lamy about forty of them swooped out of the train and went over to Fluigger's. Almost every man in the crowd ordered a glass of beer, a lot of them ordered a bottle, and then the whole works sallied forth without paying the proprietor a red cent. They were a warm bunch. One man got off at a midway station and started off across the frozen waste with a big bottle of whiskey sticking out of his pocket. I suppose likely he'll freeze to death."

J. T. Kebler, general superintendent of the properties of the Colorado Fuel & Iron company, arrived at Madrid yesterday and took personal charge of the fight on the fire. A force of men will be kept at Madrid to watch the blaze and to take whatever steps are possible to get it under control.

## MERCURY STILL HOVERS ABOUT THE ZERO MARK

Bitter Cold Unprecedented  
in This Section.

TEMPERATURE AT LAS VEGAS  
REACHES EIGHTEEN BELOW

The thermometer in Albuquerque this morning is expected to reach several degrees below zero. Yesterday morning it was close to the cipher, some thermometers in the city registering as much as four below and none higher than one above.

Arrivals from Las Vegas yesterday said that the temperature there early yesterday morning was variously recorded as from fifteen to nineteen below zero. At Gallup similar conditions prevailed and in northern Arizona it was again ten and fifteen below the zero mark.

Old-timers in Albuquerque say it is the coldest weather and the most prolonged experienced here for some years and some say twenty years.

Another heavy fall of snow occurred yesterday all over central and northern New Mexico. All of the hundreds of miles of mesa east and west of the city are covered with from one to four inches of whiteness. Farmers and ranchmen are well pleased with the prospect for spring moisture, with the exception of the sheepmen, who fear that the snow may cover up the winter pasturage and cause much loss of life among the fleecy animals.

The plumbers did a land office business yesterday and the day before and water pipes were frozen all over the city.

Skating on the Rio Grande.

Skating on the Rio Grande is reported good at several places and at points a few miles above the city ice several inches in thickness covers the river in places.

All trains yesterday were as usual delayed by the cold weather and the heavy snow. The California Limited was pulled out of here for the west by two big engines. No. 9, the fast mail train from the east, due here before midnight, did not arrive until nearly three o'clock this morning.

Enjoyable Card Party.

The second winter card party given at St. Mary's hall last evening by the Catholic Ladies' Aid Society was an evening most pleasantly spent. At the conclusion of the games dainty refreshments were served by the ladies in charge. The next card party will be given January 18, 1904, on which occasion a one-act play of merit will be given by amateur talent.

At last night's party Mrs. Davies won the first ladies' prize, Miss Anna Korber the second and Miss Milkenhaugh the consolation. Mr. Dooley captured the first gentleman's prize, John Henderson the second and Mr. Pink the consolation.

OUTCRY ON THE RAMP.

Mine Owners Against an Embargo on Chinese Labor.

Johannesburg, South Africa, Dec. 25.—Mining officials here deplore the action of the home government regarding the importation of Chinese coolies, as announced by Sir Henry Campbell-Bannerman in London on Thursday night. In mining circles it is pointed out that expensive preparations had been made for the coolies, and that the prevention of the importation would entail much hardship on the mine owners. The latter are determined to make a strong campaign, with the possible result of serious difficulties. The cry is raised that the imperial government has interfered unparliamentarily with the rights of the Transvaal, and many persons here look for an outbreak of dissension.

THE WORLD IS FULL OF ODD AND CURIOUS PEOPLE SO THERE MAY STILL BE THOSE WHO HAVE NOT USED MORNING JOURNAL CLASSIFIED ADS.

# OFFICER AND NEGRO RIDDLED WITH BULLETS

Savage Revolver Duel at Ash Fork Station.

OFFICER WHITLEY AND BAWS BOTH IN DYING CONDITION

Burly Negro Thought To Be Assailant of Mainz Exchanges Eighteen Shots With Santa Fe Man.

News reached Albuquerque yesterday of a savage shooting at Ash Fork Wednesday between Special Officer T. Whitley of the Santa Fe, and a huge negro named Peter Baws. As a result of the encounter both men were riddled with bullets, Whitley being taken to the Santa Fe hospital at Los Angeles in a dying condition, and Baws to Prescott. Neither is expected to live. While a crowd of passengers on the station platform rushed to the scene, the officer and the negro were lying on the ground, the latter having been shot through the head and once through the right leg. It is feared the wound in the groin may prove fatal.

**Details of the Battle.**  
The fight was the most spectacular revolver duel ever witnessed on the Santa Fe. It took place directly opposite the Santa Fe station about 11 o'clock in the afternoon, when train No. 1, westbound, arrived at Ash Fork. The trouble arose when Conductor McGinnity of No. 1 attempted to put the negro off the train between Williams and Ash Fork. Baws refused to pay his fare and when the conductor threatened to eject him produced a big revolver.

When the train reached Ash Fork the conductor called Whitley to put the belligerent negro off the train. Baws did not resist until the officer had him on the platform of the coach. He then broke away and leaped off the train on the side opposite the station. The officer jumped off the car after him calling to the fugitive to halt. When he leaped Whitley drew his revolver, a 32-caliber, and fired one bullet piercing the negro's shoulder. The latter instantly turned, drew his six-shooter, and blazed away at Whitley, his first two shots taking effect.

After having emptied the chambers of his revolver, Whitley, already seriously wounded, fell, probably against the depot, and although in intense pain, began reloading his gun. As he stepped away from the scene of the shooting he received another bullet from the negro's gun in the fleshy part of the thigh. After reloading his weapon Whitley, although suffering from the loss of blood, again opened fire under the train, but because of his faulty aim his aim was poor, and no more than one of the bullets struck Baws.

Both of the men finally fell, desperately wounded, and a Santa Fe physician who happened to be on No. 1 was called to assist them. After receiving first aid it was decided that Whitley should be taken through on No. 1 to the Los Angeles hospital. Baws was taken to the county hospital in Prescott and upon making an examination of his injuries Dr. Yount found that one bullet had entered the left side of the lower jaw and had passed through the mouth, coming out through the jaw on the right side. The jawbone was broken in two places.

Another bullet entered the back of the shoulder blade, coming out through the fleshy part of the arm. The wound that will probably result fatally is in the right lung under the second rib, one and a half inches from the breast bone. The lung is badly lacerated, and blood is flowing freely from it.

A fourth bullet entered the abdomen, but ranged downward into the thigh, where it still remains. **Panic in Passenger Coach.**

One of the negro's bullets glanced from the side of a passenger car, train No. 1, and another went through the window, narrowly missing a woman's head and frightening her so that she fainted. This created a panic in the car and the passengers made a frantic rush to the far end of it.

Baws had a white companion, who remained in the car with a drawn revolver during the excitement but who did not mix in the fracas. The negro, who was wounded, gave his name as Peter Baws, from Charlotte, Alabama, and later said that he was from Oklahoma. Both he and his companion are believed to be escaped convicts from some southern prison.

**Little Chance to Live.**  
In speaking of Baws' condition Dr. Yount said "There is very little chance for the man's recovery. The bullet which entered the lung will probably be the cause of his death, although the wound is not necessarily fatal." Officer Whitley is well known in Albuquerque and was here recently on his way west after an extended vacation in the east. He is known as a fearless officer and handy with his gun when occasion requires. He was at one time depot master here.

**Probably Mafioso Assailant.**  
There is small doubt that Baws is the identical negro who took two shots at Special Agent F. C. Officer Charles Mainz at Tulsa a few days ago and who was suspected of being Bandera, the escaped Santa Fe convict. It will be remembered that the negro in question drew his gun and fled at Mainz with very little provocation. Mainz fired one shot but the man escaped. Mainz is quite positive from the unusual stature of the negro that he is the same man who wounded Whitley.

CHARGED WITH DISPENSING WHISKEY TO MESSENGER BOYS

Yesterday afternoon the case of the Territory of New Mexico vs. Ira B. Ritter, charged with selling whiskey to minors, was concluded before Justice Jose Miguel Chavez of Old Albuquerque and the judge took the matter under advisement.

Ritter is the bartender at the summer garden of Peter Neco, which was formerly the property of Joe Badaracco, and on Christmas day he sold a pint of whiskey to a messenger boy named Jimmie Boylan. Ritter claims that the boy stated that the whiskey was for his father, who was sick in bed with pneumonia. Little Jimmie, after getting the whiskey, met four boy companions later in the day and all of them became gloriously drunk. The occurrence came to the attention of the ministers of the gospel in Albuquerque, and they procured an attorney to prosecute the case.

Attorney Frank Moore represented the complaining witness yesterday, and Judge W. C. Heacock defended Ritter. Under the territorial statutes the selling of liquor to minors without a written order, is a misdemeanor.

**Grip Quickly Knocked Out.**  
"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Edgerton of Maple Landing, Iowa. "Knee and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, adding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by all druggists.

# METZGER FORTUNE MAY BE TWO HUNDRED MILLION

Further Details of Treasure  
Hoarded in Holland.

BERNALILLO COUNTY MAN  
ONE OF HEIRS TO FORTUNE

The story of the great fortune of the house of Metzger, to a part of which David J. Metzger, of Rancho de Atrisco, in this county, is a claimant, is one of the most interesting of modern times, or, rather, of ancient times. The Morning Journal, some time ago printed part of the story and the following fuller account in the Los Angeles Times will be of interest to the friends of Mrs. Metzger in Albuquerque.

Living a retired life at one of the sanatoriums of California, never mentioning her claims, and unknown to her associates as an heir to uncounted thousands of dollars, is Mrs. Louise Westcott Piper—active claimant to a great share of the famous Holland estate of Theobald Metzger.

Hoarded in the vaults of the treasury of Holland, it is said, are thousands upon thousands of dollars which really should be scattered among the heirs of Metzger. The estate is said to amount, with its accumulated interest, to fully \$200,000,000.

While Mrs. Piper is known to be a direct descendant of the man who provided the foundation for this enormous fortune, and while she has valuable family documents to prove the validity of her claims, it is believed that there are in southern California several other heirs, and it is the desire of the known heirs to reach all others who can make a substantial showing of their claims to a share of the Holland millions.

The history of this famous fortune reaches away back in the year 1681. Then it was that Theobald Metzger von Weibum died at The Hague. The date was February 23. He left one of the largest fortunes in the world at that time, with provision that it was to be held in trust by the government of Holland for 100 years, and that it should then be divided equally among the heirs.

At various times since the expiration of the century during which the Holland government was to hold the funds intact, attempts have been made by the Metzger heirs to secure a distribution of the property; but for various reasons they failed to bring the matter to a successful issue.

The death of members of the family who were best equipped with the evidence to substantiate the claims of the heirs brought disreputable to others, and there were long periods of inactivity.

It is said that these recently acquired documents show that the heirs have a well defined claim for many millions of dollars on the great banking house of Rothschild, as the claim is set forth that the original Theobald Metzger von Weibum had loaned Rothschild \$100,000 during which sum has accumulated interest since 1691.

## PAT GARRETT GOES TO LOOK INTO MURDER OF AMERICANS

Pat Garrett left El Paso yesterday morning over the Mexican Central to investigate conditions surrounding the arrest and imprisonment of Finstad and "Shorty" at Santa Rosalia. He will exert every effort to bring the criminals—whom he believes to be bandits—to justice and to secure the release of the two Los Angeles men.

In a few days Mr. Garrett will return to El Paso in person to turn over the business of the customs house to A. L. Sharpe, who will take

charge at the first of the new year. J. J. Kaster also left for Santa Rosalia to render what assistance he can to Mrs. Finstad and Mrs. Gill in their efforts to secure the release of Mr. Finstad.

The only further information received regarding the case was that the Mexican authorities were continuing their activity and that while they had not released the two Los Angeles men, who are held on charges of responsibility for the murder, they were running down every clue that might support the story of an attack by the survivors of the killing.

Clan Johnstone Dancers With the Kilties.

Albert Johnstone, who is the head of the Clan Johnstone troupe of highland dancers with the Kilties Band, is said to be the greatest piper in the world. The two young women and the two young men who compose the troupe have already danced themselves into popularity. They repeat the "fire dance," which in Scotland is known as the Reel-O-Tulloch, and which is being done for the first time in this country.

The dance has a history. When Her Majesty, Queen Victoria, was a young woman and visited the Highlands of Scotland for the first time, she stopped one night at the Marquis of Braemar's castle. The marquis was at a loss to entertain her, and highland chiefs solved the problem by dancing the "Reel-O-Tulloch." The queen was delighted with the dance and the honor of Scotland's hospitality was saved. The chiefs, however, danced on the lawn in the moonlight, each carrying a blazing torch in his hand.

For years Albert Johnstone, a dancing master and piper, lived in England and frequently he is commanded by the king to come to the palace and regale his majesty with the weird instrument.

The bag pipe is the most difficult instrument in the world, to learn, Johnstone declares. "There are only nine notes," said he, "and consequently one has to be very busy to make music with them."

"It is the work of a lifetime to become proficient on the pipes. I have been playing ever since I was a boy at school. Mere practice will not conquer the instrument. I consider it a gift. I rarely practice, but I have carried off high honors in Scotland for expertise with the instrument, which as I have said before, I consider to be largely due to natural ability."

Johnstone says that many of the society women of London try to learn

Illustration of a woman in a long, dark dress with a high collar and long sleeves, standing and looking to the side.

are the most dangerous enemies of man. The mosquito with its bite injects into our veins malaria, yellow fever, and other fatal troubles. The fly, with its spongy feet, collects the invisible germs of disease, spreads them over our food and poisons us with typhoid, cholera and other plagues of the human race.

Dr. Pierce, the eminent physician of Buffalo, N. Y., says, "If each person will consider his system as an army of men which he controls as a general, and will see to its proper provisioning and that it has plenty of ammunition in the shape of good red blood, he will be able to overcome the enemy in these germs of disease." Every healthy man has five million red blood corpuscles to every square millimeter of blood. The best tonic for increasing the red blood corpuscles and building up healthy tissue is no doubt Dr. Pierce's Golden Medical Discovery. This medicine has been on the market for over a third of a century and numbers its cures by the thousand.

Many popular patent medicines or tonics are made up largely of alcohol and will shrink the corpuscles of the blood and make them weaker for resistance. What is needed is an alternative extract, like Dr. Pierce's Golden Medical Discovery, made of roots and herbs, without the use of alcohol, that will assist the stomach in assimilating or taking from the food such elements as are required for the blood, also an alternative that will assist the activity of the liver and cause it to throw off the poisons in the blood. When we have accomplished this we have put the system in a fortified condition so strong that it can repel the germs of disease which we find everywhere—in the street-cars, the shops, the factories, the bedrooms, wherever many people congregate, or where sunlight and good air do not penetrate.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Neglected constipation means headache, heart burn, sour stomach, foul taste in the mouth, biliousness, pimples, and palpitation of the heart. Constipation is promptly cured by Dr. Pierce's Pleasant Pellets. Use for mild cases, otherwise two.

## LOCAL ITEMS OF INTEREST

### THE WEATHER.

Forecast.  
Washington, Dec. 28.—New Mexico: Fair Saturday; colder in southern portion; Sunday fair. Arizona: Fair Saturday and Sunday.

J. P. Silva, superintendent of schools of Sandoval county, returned to his home at Bernalillo last night after attending the convention of school superintendents in this city.

Territorial Superintendent of Public Instruction Hiram Hadley left yesterday for Santa Fe, after spending the week here in attendance upon the meeting of the Educational association.

William H. Wise, the eminent student of mental science will deliver the second of his course of lectures Sunday evening in the Glickler building, at 128 South Fourth street. His subject will be "The Truth of Your Being."

Low Wallace Chapter of the Daughters of the Revolution will meet with Mrs. Rupert P. Asplund, at 415 West Lead avenue, at 2 o'clock this afternoon. All members are requested to be present as there is important business to be transacted.

A. R. Todd, master mechanic at Ray Bernardino, for the Santa Fe railway, W. E. Bush, master mechanic at Needles, and General Foreman, George of the latter place passed through Albuquerque yesterday on their way to New York on company business.

"Dorothy," shown in moving pictures by the Hazy Studio Company at the Elks' theater last night, pleased a rather small audience. The pictures were good, much better than the average biographic exhibition depicting the great drama in make-believe reality.

Dr. D. A. Johnson, of Antonio, Colo., arrived in the city last night and was taken to the St. Peter's Sanitarium. The doctor is suffering from a complication of diabetes and the altitude of Colorado was found too high for him. He is accompanied by his wife and brother and Dr. R. C. Payne.

The small boys who live in the neighborhood of South Third and Haining have been in the habit of jumping on and off the electric cars. They have grown to be a great nuisance. It is understood that a police officer will be assigned to that beat for a few days and will take all the boys to jail who attempt to board cars while in motion.

T. J. Ross, of Hermosa, a prominent cattlemen of that section is in the city and will remain for a few days on business matters. Mr. Ross is interested with Colonel W. S. Hopewell in the cattle business and has been in New Mexico for many years. He states that there is more snow at present in the Black Range than for sixteen years past.

George W. Bowen, of Denver, president of the American Fuel Co., and the Victor Fuel Co., stopped off in the city last night for a visit with W. H. Hahn, the local coal dealer, on his way to Gallup, where he goes to look after the interests of the American

Fuel Co. The threatened coal famine will be relieved in this city today and the dealers will have sufficient coal on hand to tide over the present shortage.

C. A. Goss, the Albuquerque agent of the Singer Sewing Machine Co., returned to the city last night from a business trip to Gallup and points west.

M. A. Gonzales, of Abiquiu and Tierra Amarilla, Rio Arriba county, who has been in the city for the past several days, left last night for his home.

E. A. Miera, treasurer and collector of Sandoval county, returned to his home in Cubero this morning, after a couple of days in the city attending to business matters.

Just two more days in which to pay your poll tax at O'Reilly's drug store. Suits will be commenced after January 1st.

## A Shoe Store in the Making

The shoe business of this clothing store has been built. It is yet possessed of a healthy natural growth. It began small—it expanded—it is still building. Today we sell three times the number of shoes we sold three years ago, six times the number we sold five years ago. WHY? It grew for three main reasons, viz:

**Hanan Shoes — Douglas Shoes — Guaranteed Quality**

Years ago we sold any make of shoes. Now we concentrate our efforts in selling the two best lines in their respective classes, and guarantee every pair to give entire satisfaction.

Hanan Shoes sell at \$5.50 to \$6.50.  
Douglas Shoes sell at \$2.50 to \$5.00.

**SIMON STERN, The R. R. Ave. Clothier**
