BRIEF WIRINGS.

Wyoming in Luck.
WASHINGTON, March 1.—The house has
favorably reported Mr. Clark's bill to
grant to the state of Wyoming 30,000
acres of unappropriated land of the
public lands within the state, to be ap-
plied exclusively in promoting technical
education in such schools as the legis-
lature of Wyoming may designate in the
branches of learning connected with the
mining of coal and iron ore, the produc-
tion of iron, coal and steel and its man-
ufacture.

Infidel Logic.
CHICAGO, March 1.—Joe Lewis, a col-
ored man, killed himself because his no-
tion of things religious and Bob Inger-
soll's logic did not jibe. Lewis was in-
tensely religious until a few days ago,
when he bought Ingersoll's "Gems of
Thought." The contest between faith
and unbelief waged fierce. Finally Joe
ended the controversy with a bottle of
carbolic acid. He had "Gems of Thought"
in his hand when he died, and his last ef-
fort was to try to shout for Bob.

Special Session.
WASHINGTON, March 1.—So far as the
closing up of important work of congress
is concerned, everything is in a bad way.
It will be necessary for both the senate and
house to rush things at a very high rate
of speed until the close, in order to finish
the legislation that is absolutely neces-
sary. To-day it seems almost impossible
to accomplish this, and it looks more
than ever as though Cleveland would be
obliged to have an extra session of con-
gress at no far distant day.

The Sherman Bond Amendment.
WASHINGTON, March 1.—Two years re-
lative to the Sherman bond amendment
obtain in the senate. The indications
are, however, that the senate will recede
from its amendment in this particular
and that the results of the struggle will be
passed without this amendment attached
to it.
Teller, one of the most ardent of the
anti-bond faction, said that there was a
visible weakening of the forces that
passed the amendment when it was upon
consideration, and that when it came back
from the house the motion to recede
from that amendment would probably prevail.

Mexico Rail Enterprises.
DURANGO, Mexico, March 1.—It is now
definitely settled that the Mexican Inter-
national railway is to be immediately
extended from this city to the port of
Mazatlan, on the Pacific coast. The sur-
vey has been made across the Sierra
Madre mountains and approved by the
government. The line when completed
will be the most picturesque and impor-
tant railroad route in the republic. It is
also the intention of C. P. Huntington,
the president of the Mexican Interna-
tional company, to build a line from Du-
rango to the city of Guadalajara and
ultimately to the city of Mexico.
The Mexican National Railroad com-
pany expects to have its extension to the
Pacific coast completed to Colima within
two years.

A Gigantic Federation.
WICHITA, Kas., March 1.—At a meeting
held here plans were perfected to form a
vast confederation of the employees of all
the mechanical departments of the Santa Fe
system. Over fifty delegates were
present, representing the Brotherhood of
Locomotive Engineers, the Order of Rail-
way Conductors, the Brotherhood of Loco-
motive Firemen, the Switchmen's Mutual
aid association, the Order of Railway
Telegraphers and the Brotherhood of
Trainmen. Delegates were sent from the
lodges at Chicago, Kansas City, Denver,
Colorado Springs, Topeka, Emporia, New-
ton, Wichita, Chanute, Springfield, Mo.,
Galveston and Cleburne.

The A. T. & S. F. Presidency.
DENVER, March 1.—There is still much
speculation in railroad circles as to the
man to be selected as the successor to the
late President Marvel of the Santa Fe.
It has been prophesied that ex-President
Strong will be reinstated in his old posi-
tion, but this is hardly probable.
E. T. Jeffrey, of the Rio Grande, has
been given prominence by the slate-
makers, but the Rio Grande people would
make a strong fight before they would
allow the name of their chief.
Among the others who are mentioned
for the presidency are G. C. Magoun,
chairman of the board of Santa Fe direc-
tors; J. W. Reinhart, first vice president
and general auditor; A. A. Robinson, sec-
ond vice president and general manager,
and E. H. Wade, general manager of the
Southern California branch.
Each of the gentlemen named has a
host of friends and their demands for
first place will receive the attention of
the Santa Fe board, but the winner in the
race can not now be picked with any de-
gree of certainty.

TERRITORIAL TIPS.
ALBUQUERQUE WAITS.
A number of Republicans are urging an
early call for the city convention.
The temperance apostle, ex-Gov. St.
John, will lecture on Monday and Tuesday
nights next.
Albuquerque will make an effort to
secure the location there of the proposed
Baughman smelter.
Mr. Aley, a Methodist minister from
Delta, Colo., is quite ill with consumption
at the residence of Mrs. Austin.

On Friday afternoon the public school
of Los Ranchos de Albuquerque will be
closed for the lack of funds to continue.
Capt. E. N. Jennings and Prof. Frank
Lawson will give a sword contest at the
fair grounds, next Sunday afternoon.
Capt. Jennings is the champion sword-
man of the world.

The Bank of Commerce, with its ef-
ficient and trustworthy officers, is in the
handsome quarters at the new N. T. Ar-
mijo building, and everybody in and
around the popular banking institution
now wears pleasant smiles.

ROSWELL RECORDS.
Roswell wants to organize a fire com-
pany.
The telegraph line from Roswell to
Eddy has been completed.
How cold is it when it is twice as cold
as two degrees below zero? is a question
that the Roswell press and people are
discussing.

GRANT COUNTY GRAYS.
The Jim Crow mine at Piedmont is
working three eight-hour shifts.
As the present time seventy-five stamps
are dropping on gold ore from the mines
of Pinos Altos.

Grant county will have a very creditable
exhibition at the World's fair and will
probably have the largest amount of rich
ores on display of any one county in the
west.

The largest assemblage ever congregat-
ed at an entertainment in Silver City was
present at the fifth annual grand ball
given by Silver City lodge No. 12, K. of
F., on Wednesday evening.
W. Lee Thompson, charged with the
order of Isidro L. Ancheta, on the Min-
nera, near San Lorenzo, on the 10th of
last month, was held on the charge of
murder in the third degree and placed
under bonds in the sum of \$3,000.

Frank McGlinchey, deputy United States
marshal, of Deming, has started for San
Francisco as part of a guard for eight
Chinamen, whom he found illegally at-
tempting to enter the U. S. They will be
sent to China.
Bert C. Gilbert, of Silver City, the ap-
pointee to West Point, resigned by
Antonio Joseph, passed through Deming
on his way to San Diego to undergo ex-
amination by the board of examiners of
the government. If physique is equal to
mental equilibrium, there is no doubt that
he will enter with high honors.

STOCK ROUND-UP.
The Spring Program Agreed Upon by
the Stockmen of the
Southeast.

The stock raising riders of the New
Mexican will be interested in the fol-
lowing round-up program adopted by the
stockmen in southeastern New Mexico:
Commence at the Guadalupe mountains,
March 25, work to Seven Rivers by April
5, and work up the left side of the Pecos.
Commence ten miles below old wire
fence, on east side of Pecos, and be op-
posite Seven Rivers about April 10. Jas.
Sutherland will commence at Pajarito
mountains, April 10, and be at Junction
about April 15, and work down Hondo.
The block outfit will commence about
White Oaks April 10, work down north
side of Captain mountains, and be at
Agua Azul April 21. Noah Ellis will
commence at Junction April 15, work up
the Bonita to Military Spring, and back
on the south side of the Capitans, and be
at Agua Azul about April 21. All work to
concentrate about Roswell between April
25 and 30, and then work up both sides
of the Pecos river. A horse round-up
will begin at the lower Cedars, March
20, work down to Yellow Lake, the heads
of the Berrendo and North Spring river,
up the Hondo to the Diamond A ranch
across to Black Water spring.

THE NEW ACTS.
Protecting the People Against Fail-
ing Banking Institutions.

Among the good and timely acts of the
30th legislative assembly is the following:
CHAPTER XXIX.

An act prohibiting the receipt by
bankers of deposits under certain cir-
cumstances and providing a punishment
therefor.

Be it enacted by the legislative assem-
bly of the territory of New Mexico.

Sec. 1. That section 162, chapter 1,
title 8, be and the same is hereby amended
by adding thereto the following words:
viz: "If any president, director, manager,
cashier, or other officer of any banking
institution, or the owner agent, manager,
of any private bank or banking institu-
tion doing business in this territory, shall
receive or assent to the reception of any
deposit of money or other valuable thing
in such bank, or banking institution, or
if any such officer, owner, or agent shall
create or assent to the creation of any
debts or indebtedness by such bank or
banking institution in consideration or
by reason of which indebtedness any money
or valuable property shall be received
into such bank or banking institution
after he shall have had knowledge of the fact
that such banking institution, or the
owner or owners of any such private bank,
is insolvent or in failing financial straits, he
shall be deemed guilty of larceny and
upon conviction thereof shall be punished
in the manner and to the same extent as
is provided by law for stealing the same
amount of money deposited or valuable
thing. Provided, That the failure of any
such bank or banking institution shall

be prima facie evidence of knowledge on
the part of any such officer or person
that the same was insolvent or in failing
circumstances, when the money or prop-
erty was received on deposit.
Sec. 2. This act shall be in force from
and after its passage.
Approved, Feb. 17, 1893.

THE COLORADOANS.

They Are Still Singing Praises of
Their Reception and Entertainment
in New Mexico.

Advice from Denver say that the Colo-
rado senatorial party, recently here and
at Albuquerque on a visit, did not reach
home until 9 a. m. Monday, having
been delayed by a heavy snow storm in
southern Colorado. The representatives
that went over the narrow gauge got
home twelve hours ahead of the senators.

Speaking of the trip, the Denver Sun of
Monday afternoon says:
"It was a cordial greeting between
Colorado and her fair passenger on the south
who was, indeed, a charming hostess.
Nothing was left undone to make the visit
profitable and pleasant. At every point
visited the travelers were received with
open arms and entertained in the most
royal manner. Every member of the two
parties, numbering 300, has nothing but
the most pleasant remembrances of the
trip."

The senatorial train made a stop of six
hours at Las Vegas hot springs, of which
the Sun says:
"One of the happiest events of the entire
trip occurred at this point. It was the
expression of the good will and thanks of
the entire party toward the officers of the
Santa Fe road, over which the sena-
torial party traveled as it guests.
"Resolutions which were unanimously
adopted were drawn, highly commending
the management of Mr. J. P. Hall, the
Colorado passenger agent, and Mr. J. J.
Slavin, the traveling passenger agent of
the Atchison, Topeka & Santa Fe.
"The resolutions were presented by
Senator Webster in the midst of the large
party of people which had assembled at
the Montezuma hotel.
"The resolutions were read by the unex-
pected turn, and when Senator Gunnell
presented Mr. Hall with a handsomely en-
graved gold-headed cane, the climax was
reached.
"The affair was a great success, made so
through the untiring efforts of the rail-
road companies and the excellent hosts in
fair New Mexico."

A Grant County Tragedy.
To the Editor of the New Mexican.
SANTA FE, N. M., Feb. 25, 1893.—Ed-
ward Harrison who was shot from ambush
yesterday afternoon, died at the Grant
County Charity hospital last night, all
efforts to prolong his life proving of no
avail. The funeral took place from the
hospital at 4 p. m. this afternoon under
the auspices of the hospital ladies. The
beautiful Episcopal service for the dead
was read by Rev. A. B. Lloyd, Mesdames
Davenport and Hand having charge of
the music. Mr. Harrison's last moments
were made as comfortable as possible,
and he adds one more to the long list
of unfortunate who have had cause to bless
this worthy institution.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

WEDNESDAY, MARCH 1.

PRESIDENT HARRISON need not fear the verdict of history.

INHER home rule would seem to be among the possibilities of 1893.

Is there a Hill man among those selected for the new cabinet, he has not yet been discovered.

How about the coming city election? Bestir yourselves; this city must have a progressive and strong city government for the coming year.

LOOKING at Mr. Cleveland's selection for cabinet officers, it is apparent that Mr. C. A. Dana, of the New York Sun, that shines for all, was not consulted.

SENATORS JOHN SHAFERMAN and Calvin Brice from the great state of Ohio have joined hands on the free coinage question; politics make strange bedfellows, indeed.

If you would know what is going on in New Mexico, you should subscribe for, pay for and read the New Mexican either the daily or the weekly or the Spanish edition.

EVERYBODY and then some fellow comes along and tells you how some bill of his passed in the last assembly or how he defeated some one else's pet measure. Talk is cheap, especially now.

SO FAR as the New Mexican can ascertain, no bitter tears have as yet been shed by the insurance agents in New Mexico over the failure of the bill taxing insurance companies on their gross incomes in New Mexico.

THE wild-eyed Kansas Populists tried to stir up the railroads with a sharp stick, but since the state supreme court decided that their doings were illegal and revolutionary, the railroads do not care a continental red cent about them.

CONGRESSMAN CHARLES H. MANUEL, of Missouri, is a candidate for the position of commissioner of the general land office under G. C. As in the nature of things a change must take place, Mr. Manuel will do very well indeed; he is a Missourian and that is his favor.

WHENEVER Mr. Cleveland shall be confronted with the several Democratic candidates for governor of New Mexico, he will look them over and murmur to himself in a sad and solemn strain, "how happy could I be with either, where the other fair charmer away."

THE SMALL HOLDINGS.
Of the 8,000 and odd small holding land claims in New Mexico, title to which must be settled by and through application to the surveyor general, less than 600 have thus far been filed for such adjustment of title. It is not only to the personal advantage of these small holders of land that their titles be settled, but it is essential to the prosperity of the territory that the matter receive attention. The press of New Mexico can greatly aid by calling attention to the subject in its columns.

HOME RULE FOR NEW MEXICO.
SOMEBODY in congress tried to tack a home rule clause for the territories onto an appropriation bill the other day, but the Democrats wouldn't have it. They knocked it out in short order, thus indicating that all the hungry element of the Democracy does not live in New Mexico. And it was a right good thing that the clause wasn't adopted, for it would have played hob in New Mexico, where there are several rows in progress among the home-folks just now that will likely be settled by the appointment of outsiders.

THE TERRITORIAL SUPREMACY COURT.
The territorial supreme court adjourned yesterday for the term. This is all likelihood is the last meeting of the court as a body, consisting solely of Repub-

licans. When the court meets next, which will be in July 1893, the complexion will have changed somewhat and two Democratic judges will in all probability be upon the bench.

In reviewing the record of the court during the past three and a half years, it becomes plain, that while there has been a disposition in certain quarters to sneer at its ability, nevertheless, the court has done exceedingly good service and has made a very fine record during the years 1890, 1891 and 1892. The business has been cleared and the docket is practically free of all business that has been submitted to the court either upon argument or briefs.

The decisions of the court have stood and are universally acknowledged now to be good law and valuable precedents. Several cases have been appealed from the territorial supreme court to the U. S. court of appeals and to the U. S. supreme court, and in all of them so far decided, and they are four out of five, the supreme court of the territory has been sustained.

The individual members of the court have worked hard, faithfully and ably for the territory of New Mexico, and the New Mexican is gratified to say. It is just that the names of the judges should be held before the community, for when they retire they will do so with the respect and confidence of the people as men, lawyers and as judges. The present personnel of the court consists of Chief Justice James O'Brien, Associate Justices John R. McFie, W. D. Lee, E. P. Seeds and A. A. Freeman. Gentlemen, you have done well, and as far as this journal is concerned, the people shall be duly reminded of this fact.

PRESS COMMENTS.

Mr. Cleveland and Louisville.
It is understood that Mr. Cleveland looked Louisville over carefully, but could not find a cabinet member there. Louisville's claim to distinction must remain undisturbed. As expressed by a gentleman from the interior, "She is the boss market of the world."—New York Advertiser.

Ample cause for congratulations.
If we understand the language of our esteemed southern exchanges the fire are burning on every hill top and crenelated in the south to celebrate the fact that three southern gentlemen have been called to the cabinet. It certainly is ample cause for the congratulatory. Heave on another tar barrel.—New York Advertiser.

Gen. Wallace on the Situation.
"The appointment of Judge Gresham as secretary of state, I think, an announcement that the tariff policy will not be changed," said Gen. Wallace, of Indiana. "Yet the Democratic party is pledged in various ways to repeal the 'robber tariff' and to reform a good many things. The division of sentiment among the Democratic leaders will, I think, result in a smash-up. The Republican party has not been hurt. It will be stronger in '93 than it is to-day, while I think the Democratic party will make so many mistakes and be so split up that the Populists will be the chief opponents of the people's cause. The Republican party will want a general in '93, and I think the hero of the present administration, President Harrison, will be the man who will be selected and will lead the party to victory. He has made an admirable president, and his administration has been a clean one."—New York Press.

When Measured by the Postoffice.
In 1863 this country had 22,320 post-offices, 217,743 miles of post routes, and the mail service performed was \$1,892,542 miles. The annual postal income amounted to about \$6,000,000 and the expenditures \$8,000,000, leaving a deficit of over \$2,000,000. That was the middle of the "golden era" of Democratic rule. Postmaster General Wamaker leaves office, after more than a quarter of a century of Republican political ascendancy, with 67,884 postoffices and 450,491 miles of post routes in the country performing 371,890,847 miles of mail service annually. Postal revenues in 1892 are placed at \$79,000,000 and expenditures at \$80,000,000, with prospects that this insignificant deficiency will be practically wiped out next year. There is no better index of the growth of a country intellectually and commercially than the volume of its post-office business. Judged by this standard, as by every other, Democracy compares with Republicanism as a tallow candle compares with an electric light.—New York Press.

PRESS COMMENTS ON TERRITORIAL AFFAIRS.

The Territorial University.
The territorial university will prosper the ensuing two years, the appropriation for its maintenance being considerably increased.—Albuquerque Citizen.

A Good Record.
Hon. E. Meyers, of this city, made an excellent record in the recent legislature. He introduced the following bills, which became laws: An act creating county courts; for the assessment and collection of taxes in incorporated cities; an act relating to justice fees. He was one of a committee that examined the territorial officers; helped make the report on the penitentiary; favored the fee and salary bill; was chairman of the committee to examine into the burning of the capital. His vote will be found recorded in favor of every reform measure before the legislature. Mr. Meyers was never absent an hour from his desk during the session. This is a record any legislator might be proud of.—Albuquerque Citizen.

For Scrofula

"After suffering for about twenty-five years from scrofulous sores on the legs and arms, trying various medical courses without benefit, I began to use Ayer's Sarsaparilla, and a wonderful cure was the result. Five bottles sufficed to restore me to health."—Boufford Lopez, 227 E. Commerce St., San Antonio, Texas.

Catarrh

"My daughter was afflicted for nearly a year with catarrh. The physicians were unable to help her, my pastor recommended Ayer's Sarsaparilla. I followed his advice. Three months of regular treatment with Ayer's Sarsaparilla and Ayer's Pills completely restored my daughter's health."—Mrs. Louise Apple, Little Canada, Ware, Mass.

Rheumatism

"For several years, I was troubled with inflammatory rheumatism, being so bad at times as to be entirely helpless. For the last two years, whenever I felt the effects of the disease, I began to take Ayer's Sarsaparilla, and have not had a spell for a long time."—E. T. Hambrugh, Elk Run, Va.

The Colorado Junketing Trip.
The legislature is in session again today. The few days of travel and recreation the members have enjoyed must have given them renewed strength and energy. The generous and elegant hospitality and the marked respect with which they have been treated in the historic city of Santa Fe can not fail to have put them in good humors. The signs of enterprise and the marks of progress they have seen and the lessons from old and quaint things they have noted must have given them healthful inspirations and valuable suggestions. The days of commingling together in social delights must have served to soften personal and partisan asperities among them. Therefore they must be in just the condition for good and effective work. Gracious and speedy response to this will likely appear in rapid progress with needed legislation.—Denver Sun.

Partly Correct, Partly Incorrect.
Now that the legislature has adjourned without taking any action as to the removal of the capital from Santa Fe to Albuquerque, the facts are coming to light. The Albuquerque contingent was at Santa Fe from the opening of the session until the close, all the while using every means within their power to secure sufficient support to insure the passage of their bill. It was the intention to introduce the same in the last day of the legislature but despite the influence which was brought to bear, one vote was lacking in the house, the council being a tie. That vote could not be obtained, or rather changed, and the bill was never introduced. Those members of the house favoring Santa Fe were Bowman, Barlow, Bland, Frampton, Maestas, F. Gonzalez, McMullen, Read, Clancy, Hopewell, F. Gonzalez, Salazar, Ortiz, Martinez, Jr. (13). The council members were Pino, Veeder, Chavez, Burns, Sanchez, Martinez. The Albuquerque advocates left no stone unturned to secure the capital, but that one vote caused all the trouble.—Deming Chronicle.

SHOOTING STARS.

He Will Find an Excuse.

The ice baron is seldom "stumped." He says now that the severe cold of this winter has greatly increased the usual cost of harvesting the ice and price will rise as usual next summer on that account.

A Landslide, Very Marked Result.

The term landslide usually conveys intelligence of disaster, whereby many are killed, but this is used to indicate the enormous sales of Dr. Miles' Restorative Nervine, a remedy that is daily saving the lives of thousands who are suffering from nervous disorders. It cures palpitation, nervous prostration, headache, backache, spinal disease, hysteria, all effects of spirit confusion of mind, etc., and builds up the body surprisingly.

Dr. Miles' Restorative Nervine, N. Y., says one patient used Nervine and gained fifteen pounds of flesh. Sold by A. C. Ireland Jr., the druggist, on a guarantee. Get a book free.

A True Connoisseur.

"So the painting which you showed me last week has been sold to the Baron for \$5,000?"

"Yes, sir."

"Well, give me one for \$4,000. I want folks to see that I am better art connoisseur than the Baron."—*Elisande Bletzer.*

Immense. That's What They All Say.

It is customary in these later days to express our perfect satisfaction with a thing by saying "It's immense!" It is so expressive that nothing can be added. Geo. L. Fink, Philadelphia Pa., says, "My wife has been taking your New Cure for the Heart and says 'It's immense!' She has not been troubled with pain or smothering spells since using it." Jno. L. Roberts, Stratford, Pa., says he is 76 years old, and has suffered from heart disease over 40 years. Was treated without avail by prominent New York physicians; grew constantly worse; took Dr. Miles' New Heart Cure, and was completely cured. Sold by A. C. Ireland Jr., on a guarantee.

"Mamma," said little Frances, "is it right to put glass in your mouth?"

"Oh, no, baby, it isn't," replied mamma, earnestly.

"Why isn't it?"

"You might swallow it, and it would kill you if you did."

"But a little boy at the kindergarten put glass in his mouth this morning."

"I hope you will never put glass in your mouth, will you, Frances?"

"But, mamma."

"Well!"

"The little boy at the kindergarten put glass in his mouth so he could drink out of it."—*Pittsburgh Chronicle.*

Swinging Around the Circle

Of the disease to which is adapted with the best results, Hostetter's Stomach Bitters, a family medicine, comprehensive in its scope, has never been thrust upon public attention in the guise of a universal panacea for bodily ills. This claim, daily arrogated in the columns of the daily press by the proprietors of medicines far inferior to it as specifics, has in a thousand instances disgusted the public in advance by its absurdity, and the prospects of other remedies of superior quality have been handicapped by the pretensions of their worthless predecessors. But the American people know, because they have verified the fact by the most trying tests, that the Bitters possesses the virtues of a real specific in cases of malarial and liver disorder, constipation, nervous, rheumatic, stomach and kidney trouble. What it does thoroughly, and mainly for this reason, it is endorsed and recommended by hosts of respectable medical men.

Cholera in Pennsylvania.

Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for a few days were cured by a few doses of this medicine.

The Hoosiers Want the Best

"The people of this vicinity insist on having Chamberlain's Cough Remedy, and do not want any other," says John V. Bishop, of Portland, Maine, Indiana. That is right. They know it to be superior to any other for colds, and as a preventative and cure for cough, and why should they not insist upon having it? 50 cent bottles for sale by A. C. Ireland Jr.

Tribute.

While it is over thirty years ago since Alcock's Porous Plasters were first introduced to the medical profession and public, the marked success and unprecedented popularity which they met with not only continues, but steadily increases. No other plasters have been produced which gain so many testimonials of high value as those continuously accorded to Alcock's Porous Plasters, and the only motive for their being a medicinal and pharmaceutical preparation of superior value. Additional proof of the true value of Alcock's Porous Plasters lies in the fact that they are being largely imitated by unscrupulous persons, who seek to deceive the public by offering plasters which they claim to be the "same," "equal," "as good," "better," "best porous plasters," etc., while it is in general appearance only that they resemble Alcock's. Every one of the so-called porous plasters are imitations of Alcock's Porous Plasters.

Avoid dealers who attempt to palm off inferior and worthless plasters that are purchased by them at low rates for the purpose of substitution.

Mrs. Maryann—Never mind, then. I guess I'll have a dozen cards printed. They'll last as long as I'll want them. —*Chicago Mail.*

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hip and leg, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by A. C. Ireland Jr.

Gents: This is to certify that had what is called sciatic rheumatism in my body that I was all drawn over to one side. My hip sank in so that you could lay your hand in the cavity, and I could do no work for over one year. Trade Mark Case.

Judge Thayer, of the U. S. circuit court at St. Louis, recently granted a perpetual injunction, and reference to a master to assess the damages sustained by the plaintiff in a suit against Joseph Tegobol, instituted by the Hostetter company of Pittsburgh. Defendant Tegobol is restrained from making or selling imitation Hostetter Stomach Bitters in any manner whatever; either in bulk, by the gallon, or by refilling empty Hostetter bottles; and from the use of the word "Hostetter" in connection with any article of stomach bitters, thus protecting the plaintiff in the exclusive use of the word "Hostetter" as a "Trade name."

That's What She Did.

The fair young Chicagoan's hand had been sought and to some extent found by a distinguished European nobleman. That she was rich it is hardly necessary to state.

That he was poor, but titled, is equally unnecessary of statement.

The girl's father was a simple pure American. He had staid up the nobleman.

At the same time he was fond of his joke. "Daddy," she said to him in her airy, fairy-like manner, "the nobleman, 'the count,' has popped the question."

"Has he?" inquired the father with interest. "Well, my dear, we don't want any foreign poppers around here, so you just unpop it and let him slide."

Deceitful Billy.

Mr. McSwain came home tired, hungry and upset, and found that his supper wasn't ready or likely to be ready for an hour or more.

If there is any point in which Mr. McSwain is rigid, inflexible and uncompromising it is in this. "Now you know well enough, Lohella," he said, throwing his overcoat on the lounge and walking up and down the room, "that I don't like to be kept waiting for my supper in this way. When a man has been working hard all day, he ought to have his supper ready for him."

"Billie," exclaimed Mrs. McSwain in a broken voice, "don't reproach me. I have had something else to think of, and I didn't speak to Billy about supper till a few minutes ago. I have had such a shock— you don't know!"

"What is the matter? Any bad news from the relatives?"

"No, no!"

"Did a quarrel with the neighbors?"

"No, it's not that."

"Aunt Jerusha coming?"

"I'll tell you if you'll give me a chance, Billie," said Mrs. McSwain, wiping her eyes. "It's Billy!"

"Billy the canary?"

"Oh, it's the canary, is it? If he's got away, Lohella, I think I can stand it. That bird, madam, has cost me in eggs and feed and medicine since you first got him, three years ago, about sixteen dollars, and—"

"He hasn't got away, has he, Billie?"

"No, he hasn't. It's— it's not that!"

"What then?"

"Billy has—has laid an egg!" —*Chicago Tribune.*

Quin's Replies.

James Quin, the actor, was extremely indignant at the success of Garrick and retired from the stage. The public mistook him, but not to the extent he imagined, and he therefore became anxious to return by way of hinting the possibility of such an occurrence he wrote to Hieb, the manager, a note remarkable for its brevity. "I am at Bath, Quin." To this an answer, equally laconic, came back: "Play there, Hieb." But Quin could not surmise the cause of the young Jackanapes' note to him. "What would you give to be as young as I am?" "In truth, sir, I would submit to be almost as foolish," said the old fellow.—*Argonaut.*

Don't You Know

that you can secure almost immediate relief from indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with indigestion and the like. It is the inaction of the liver that causes indigestion, and that fullness; also Constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons Liver Regulator—a medicine unfailing and purely vegetable.

From Rev. M. H. Wharton, Baltimore, Md. "I find it affords me pleasure to add my testimony to the great virtues of Simmons Liver Regulator. I have had experience with it, at occasion demanded, for many years, and regard it as the greatest medicine of the times. No good medicine deserves universal commendation."

POLITICAL PRATTLE.

Personal and Other Paragraphs Pertaining to Office Seekers Under the New Administration.

Hon. H. L. Pickett, of Silver City, passed up the road yesterday en route to Washington to attend the inaugural of President-elect Cleveland. He seeks the appointment as judge of the 8d district and goes on with excellent backing. Other candidates for the place are Judge A. P. Elliott, of Hillaboro; J. J. Bell and G. D. Bantz, of Silver City. The term of Judge J. R. McFie, expires on April 1, and the appointment of a judge in the 8d district will be called upon to make in this territory. The second will be that of Governor, which expires on April 9.

C. Coleman, C. F. Easley and Albert W. Puetz are the leading candidates within the territory for the office of surveyor general. The latter is said to have a strong pull, as he is a brother-in-law of Senator Voorhees, of Indiana. Mr. Puetz's home is near Roswell, though at present he is engaged in mining in the Organ mountains. He was a candidate for the place at the time George W. Julian was appointed; in fact, it was practically agreed that he should have it, but Julian had stamped Indians for Cleveland and at the last moment made such a showing of his claims that Mr. Puetz was dropped and the place given to Julian.

Hon. B. Seligman returned last night from an extended visit to Washington. The mission upon which he went, on behalf of the Board of Trade, to secure the big military post, was not successful. Mr. Seligman says there will be an extra session of congress this spring to settle the silver question one way or the other. He thinks there will be no chance for statehood at this extra session, but that at the next regular session New Mexico, Arizona and possibly Utah will be admitted.

R. M. Foree, who seeks re-appointment as clerk of the 1st district court, is preparing to depart shortly for a trip to Washington city. It is understood that Delegate Joseph will urge the appointment of N. B. Laughlin to succeed Judge Seeds, thereby opening a way for Mr. Foree to receive the appointment to the clerkship.

Ex-Gov. E. G. Ross left last night for a visit to Las Vegas, and after a day or two there will return to Deming. In about three weeks he goes to Washington to push his claims for appointment as governor of New Mexico.

It is said the reason C. H. Gildersleeve lingers so long at the east is that he is especially interested in the appointment of a U. S. district attorney to succeed Mr. Fluke.

Chairman J. H. Crist, of the Democratic territorial central committee, will leave for Washington in about ten days.

CRAZED WITH ITCHING

And Pain from Eczema. Scratched until Blood Came. Scales Like a Fish. Cured by Cuticura.

"I had a very bad case of Eczema on my neck. It was just terrible. At times it seemed as if it would drive me crazy with itching and pain. Through the use of Cuticura I was cured. I scratched until the blood would come, and during the night I would cry over it. I now say that I would rather scratch off the scales of a fish. I doctored with the family physician for one season. He gave me temporary relief, but my trouble would come back at about the same time each year. Then I began using Cuticura. It has cured me entirely."

Write HANX N. M. WILLIAMS, Lawrenceville, Ga., for Cuticura.

Fine Head of Hair.

"My head became very sore and all my hair fell out. I spent all I could make in doctoring, but a thing helped me. I bought Cuticura. It cured me in six weeks' time. My head was well, and I used the Cuticura and my hair grew. I now say that there is not a finer head of hair in Northern Indiana than mine for only a year's growth."

Write HANX N. M. WILLIAMS, Lawrenceville, Ga., for Cuticura.

Cuticura Resolvent

WHERE IS LESNET?

Receiver of the U. S. Land Office at Roswell Mysteriously Disappears.

The El Paso Times at hand this morning says: "Mr. Frank Landron, land commissioner at Roswell, N. M., has disappeared, and as no news has been had of him for nearly three weeks, foul play is strongly suspected."

This statement is followed up with the assertion that Charles Perry, of Roswell, was in El Paso on Monday searching for his missing friend. The "commissioner" referred to can be no one else than Hon. Frank Lesnet, receiver of the U. S. land office at Roswell and a leading citizen of Chaves county, formerly of Lincoln. Mr. Lesnet was in Santa Fe some three weeks ago, working before the legislature in behalf of the Guss military institute of Roswell. He left Roswell on the 7th of February, and on the 9th deposited \$9,000 in the El Paso National bank, subsequently, on the same day, drawing out \$900. An examination of his accounts shows that he owed the government just \$900, and it is supposed he drew out this sum to pay this debt when he returned to Roswell. But he has never returned, and has been seen at Pecos City, Texas. Chas. Perry, formerly of Lincoln county, and a personal friend of Mr. Lesnet, is doing all he can to trace out the missing man's whereabouts. Mr. Lesnet, it is feared, is the victim of foul play somewhere in Texas. He is wealthy, and has a wife and seven children at Roswell. John L. Zimmerman to-day telegraphed Sheriff Kemp, of Lincoln, asking for further particulars regarding the affair. At 3 p. m. Sheriff Kemp telegraphed a response saying Lesnet was missing and asked if he was in Santa Fe.

Report had it in town last night that Mrs. Lane, wife of the ex-secretary, had died suddenly in Washington. It could be traced to no authority, however, and Mr. Seligman says she was quite well when he left Washington four days ago.

Alexander Bowie, the Gallup coal operator, this morning made an entry for eighty acres of coal land at the U. S. land office here, paying therefor the sum of \$1,600. The tract in question is the W 1/2 of the S W 1/4, section 4, T. 15 N. R. 18 E., and near the town of Gallup. S. W. Bridgman and family, H. C. De Raham and a party of friends, New York capitalists, accompanied by some four or five lady friends, reached the city last night, traveling in a special Wagner car. They have pretty thoroughly done the historic city to-day and depart this evening for Los Angeles and a trip up the Pacific coast.

H. J. Armstrong, railroad and commercial printer, and J. W. Hanlon, also connected with a big job printing plant, both of Chicago, looked through the New Mexican office last evening, and expressed surprise at finding so complete a news, book and job office "out on the frontier." They said there was no use in their soliciting job work in New Mexico as long as so perfect a plant was here to meet the demands of the trade.

Death's Work.

Harry I. Hopper died at the residence of Mrs. G. A. Smith yesterday morning at 8 o'clock. Mr. Hopper was a young man who had not yet attained his majority. He graduated with distinguished honors in Richmond, Ind., last summer and had entered upon the study of law when the dread disease, consumption, displayed itself, and accompanied by his mother he sought relief in the climate of Santa Fe last November. There was at no time any hope of his ultimate recovery entertained, and he gradually grew worse until he passed away yesterday morning. The remains were temporarily interred in the Fairview cemetery at 3 o'clock this afternoon, at 2:30 o'clock.

Mrs. Catherine Mecke, mother-in-law of Chas. Probst; mother of Ernest Mecke, and sister of August Kirohner, departed this life at 5:30 o'clock last evening, aged 88 years. The funeral will take place from the Probst residence to-morrow afternoon.

A telegram from Catekill was received at 10 o'clock this morning announcing the sudden death there last night of Nestor Kolbal, a former well known citizen of Santa Fe, and cousin to Cleto Kolbal, whose death occurred there on Friday. Both were engaged at Catekill in filling a tie contract for the Union Pacific road and both died of pneumonia. Nestor Kolbal was 27 years of age. He was a son-in-law of Seneca Burgess, of Santa Fe, and leaves a wife and one child. The body will probably be brought here for burial.

New Pensioners.

New original pensions have been granted the following residents of New Mexico: Anastacia Martinez, Juan Lorenzo Garcia. Release: Jose Torivio Lavato.

The Courts.

The supreme court adjourned yesterday afternoon after admitting to practice before that body Acting Governor Silas Alexander. The order was made on motion of Neil B. Field. Mr. Alexander was first admitted to the bar in Montour county, Pa., in 1877, and later in the same year was admitted as a member of the supreme court bar of Colorado. In 1884 he was at Hillaboro admitted to practice before the 8d judicial district court of this territory.

SECRET OF THE RAILROD.

In the contested election case between Eugenio Romero and Lorenzo Lopez, involving the title to the office of sheriff and collector of San Miguel county, Chief Justice O'Brien has been called upon to answer a question of general public interest. A witness, Casados, by name, declined to testify as to the names of the parties for whom he voted. The chief justice decides that the secrecy of the ballot must remain inviolate, and "it not appearing that the witness, Casados, voted illegally, he is clearly within the protection of the law and is not bound to reveal the names of the candidates for whom he voted."

ANOTHER LINCOLN-LUCKY VICTORY.

At 6 o'clock last evening Judge Seeds announced his decision in the case of J. P. O'Brien et al. vs. the Lincoln-Lucky & Lee Mining company, deciding in favor of the latter company. This was a suit brought to restrain the Lincoln-Lucky & Lee people from following the trend of their vein into the territory of the Farnell claim.

Now your blood should be purified. Take Hood's Sarsaparilla, the best spring medicine and blood purifier.

Stockholders' Annual Meeting.

The regular annual meeting of the stockholders of the Mutual Building and Loan association, of Santa Fe, N. M., for the election of a board of directors for the ensuing year and for such other business as may legally come before it, will be held at the office of the secretary (at the Second National Bank) on Wednesday, March 8, 1893, at 8 o'clock p. m.

Tobacco Users Beware!

When told that tobacco hurts them; their wives never do, because their shattered nerves, weak eyes, chronic catarrh and lost manhood, tells the story. If your business uses tobacco, you want him to quit; post yourself about No-to-bac, the wonderful, harmless guaranteed tobacco habit cure, by sending for our little book titled "Don't Tobacco Spit and Smoke Your Life Away," mailed free. Drug stores generally sell No-to-bac. The Sterling Remedy Co., Indiana Mineral Springs, Indiana.

Books, stationery and notions at cost. Blain Brothers.
