-BRIEF WIRINGS:-

Coming Back to America.

SOUTHAMPTON, N. Y., March 11.—The New York starts on its first western trip under American colors to-day.

Not Legal.

THENTON, N. J., March 11.—Attorney General Stockton has officially pronounced the proposed school bill unconstitutional on the ground that it provides for the appropriation of public money to private corporations. This opinion will probably kill the bill.

New Men Only.

WASHINGTON, March 11.—Senators and representatives who called on President Cleveland yesterday received confirmation evidence that Mr. Cleveland does not intend to give office to those who had been favored during the previous Democratic administration.

Won't Issue Bonds.

WASHINGTON, March 11.—It is announced here that Mr. Cleveland does not believe the financial situation at this time is such as to make the issue of bonds necessary, and that Sec. Carlisle thinks the issue of bonds can be avoided. Tremendous pressure is being brought to bear upon the president and secretary of the treasury in favor of the issue of bonds, but so far without apparent effect.

Harvard's Winter Games.

CAMBRIDGE, Mass., March 11.—The winter meeting of the Harvard Athletic association will be held to-day. The clubs invited to compete in the open events are the New York Athletic club, the Manhattan Athletic club, the Boston Athletic association, the Technology Athletic association and all club members of the Intercollegiate Athletic association.

Fencing for Money and Medals.

CHICAGO, March 11.—Prof. Henri Daurio and Capt. Frank E. Yates will tonight contest in a fencing match for a purse of \$400, of which \$100 is to go to the loser. The men will fence with foils at Central Music hall. The match is to be the first nine points or the greatest number of points in twenty minutes of actual fencing. To-night also, William Riebel and W. S. Dodge will fence for a gold medal.

A New Judicial Question Settled.
BLOOMINGTON, Ill., March 12.—In the McLean circuit court Judge Tipton decided that the interest of unborn heirs can be legally sold and the purchaser be given a perfect title. He also decided that the money derived from the sale of interest must be preserved until it was certain who all his heirs might be. The question involves a principal in law which, it is said, has never before been judicially considered in the United States or England.

Mystic Shriners as Pilgrims.
NEW YORK, March 11.—A great party of Mystic Shriners from all parts of the east leave on a pilgrimage for the City of Mexico to-day. They will be gone about three weeks. The trip will be taken via Washington, D. C.; Shenandoah valley; Chattanooga, Tenn.; Birmingham, Ala.; New Orleans; Dallas and Austin, Texas, and City of Mexico. On the return stops will be made at Little Rock, Ark.; Memphis, Tenn.; Mammoth Cave and Louisville, Ky. In most of these cities are located Shrine temples who will greet the party.

The Browns in the Field.
ST. LOUIS, March 11.—The St. Louis Browns have been ordered to report here to-day and Monday. They will open the preliminary season at Memphis March 16, 17 and 18, and the Memphis club will return here, playing the Browns at Sportsman's park March 25 and 26. Manager Watkins is in charge. The Browns have the following players to start the season with: Catchers, Buckley and Foster; pitchers, Gleason, Gleason, Barnett, Hixley, Hawke, Breitenstein and Dolan; 1st base, Warden; 2d base, Quinn; short stop, Glasscock; 3d base, Crooke; left field, Griffin; center field, Dowd or Carthers. Newell will be used as utility man.

Selecting an American Gun.
SPRINGFIELD, Mass., March 11.—The American inventors who felt that they had been neglected by the war department in its recent test of inventions of magazine guns secure the order detailing a board of officers to assemble at the armory in this city to-day. The board is composed of Col. Otis, 20th Infantry; Lieut. Col. Hall, 6th Infantry; and Farley, ordnance department; Major Freeman, 16th Infantry; Capt. Blunt, ordnance department; and Anderson, 6th Cavalry. The board, as required by the latest army appropriation act, will examine only guns of American invention. The report of the board must be handed in by the 1st of July. If the board finds a gun which is superior to the Krag-Jorgensen gun selected by the former board, the weapon will be adopted in place of the foreign gun. The former board was in session for some months, but left unexamined one or two guns which are said to have greater merit than the chosen weapon. The arms submitted must be of thirty calibre and must use the Frankfort arsenal experimental cartridge. It is understood that there are two new guns ready for trial by the board, one the invention of Lee, already famous as a magazine gun maker, and the other by Capt. White of the Marine corps. The ordnance officers are a good deal interested in this second trial as it may dispose of the Krag-Jorgensen gun, for whose distribution to the troops preparations were making.

A. A. Robinson.

CHICAGO, March 11.—When asked regarding the rumor that he intended to resign his position with the A. T. & S. F. and go to the Missouri Pacific company, Mr. A. A. Robinson said yesterday that he was not prepared to say what he would do, though in a general way he denied the rumor that he had resigned.

Gold for Treasury Notes.

WASHINGTON, March 11.—Sec. Carlisle has received an offer from Chicago bankers to exchange \$3,000,000 of gold for a like amount of small treasury notes of the denominations \$5, \$10 and \$20. Intimations were made that the amount of small notes needed will reach \$10,000,000, for which gold will be paid. He will forward the small notes at once.

San Francisco & Salt Lake Road.
COPPER, Utah, March 11.—The Hon. A. C. Cleveland of Nevada, one of the original promoters of the San Francisco & Great Salt Lake railroad, was in Ogden yesterday. He still has great faith in the enterprise, and has secured a five years' extension of the right-of-way across Nevada and Utah to Salt Lake and Ogden, and also some extension of the bonus offered by the State of Nevada of \$3,000 for every mile of road completed.

A Great Country.

WASHINGTON, March 11.—Mr. Allison, chairman of the senate committee, has prepared a statement which shows that the appropriation of the 51st congress amounts to \$463,498,430 and for the second session \$325,501,515, making a grand total of \$788,999,945. The appropriations for the sessions of the congress just ended were: For the first session, \$307,600,186; for the second session \$519,221,851, a total of \$1,016,822,047, an increase of appropriations by the last congress of \$238,404,065. Mr. Allison says the government's resources are sufficient to meet its expenditures.

Boston in a Blaze.

BOSTON, March 11.—Fire broke out in the toy department of Horace Partridge & Co., who occupied the fifth and sixth floors of the seven-story building, corner of Essex and Lincoln streets, yesterday afternoon. Before it was put under control, three hours later, it had burned more than an acre, and had consumed property valued by a conservative estimate at \$1,500,000, had caused scenes of panic and distress never before equalled here, and had injured several persons, many human lives, and mangled or maimed at least thirty persons, some of whom will die of their injuries.

Silver Men Lead.

WASHINGTON, March 11.—The Post says the work of arranging the senate committee chairmanships has progressed that nearly all have been selected. The most interesting development of the proceeding, however, is the fact that the free silver men propose to run the senate in their own way, and they are recasting the finance committee so as to leave no doubt of the stand which the committee will take upon any question of coinage that may come before it. The Democrats on the committee are Messrs. Harris, Vance, Coke and Vest. It will thus be seen that, no matter what Mr. Cleveland may desire, the personnel of the finance committee is such as to make it almost impossible for him to dominate the financial policy to be followed by the senate. All the anti-silver men, such as Mr. Vilas, Mr. McPherson and others, have been purposely kept off the committee.

Senator Morgan will be chairman of the committee on foreign relations, Senator Cockrell, chairman of appropriations, Mr. Harris, of the District of Columbia, Mr. Gorman, of printing, Mr. Mills, of library, and Mr. Palmer, of military affairs.

THE NEW LAWS.

Oaths and Affirmations.—The New Mexico Military Institute at Roswell.

Among the acts of the 30th assembly are the following:

CHAPTER XLII.

An act for the establishment, maintenance and control of the New Mexico military institute at Roswell, Chaves county, N. M.

Be it enacted by the legislature of the territory of New Mexico:

Sec. 1.—That the Goss military institute, located at Roswell, Chaves county, N. M., be, and the same shall hereafter constitute one of the educational institutions of this territory, to be known as the "New Mexico Military Institute."

Sec. 2.—That said institute shall be under the supervision and control of a board of seven regents, to serve without compensation, consisting of the governor and superintendent of public education, ex-officio, and five citizens to be appointed by the governor. The term of office of the appointed to be so arranged that one shall retire each year, and after the selection of the first board, the term of office of each appointed member shall be five years.

Sec. 3.—Upon the appointment of the members of the board, as hereinafter provided, they shall organize and elect from their number a president, secretary and treasurer, who shall do and perform all the duties that shall be incumbent upon them as such officers.

Sec. 4.—It shall be the duty of the board of regents to establish, maintain and control at Roswell a military institute for the education and training of the youth of this country of as high a standard as like institutions in other states and territories.

Sec. 5.—The said board shall have full power and authority to make such rules and regulations concerning the government and course of said institute, as they may deem proper; to make contracts with teachers; to erect buildings and make such other improvements as the institute may require.

Sec. 6.—The said board of regents shall have power to sell, lease or otherwise dispose of, as to them may seem best for the benefit of the institute, the lands and property heretofore donated by the citizens of Chaves county to said institute, or that may hereafter be donated, except forty acres surrounding the proposed site of the institute, which shall forever be set apart for the use of the institute.

Sec. 7.—That all deeds for the sale of lands and all contracts made by the said board shall be signed by the president.

Sec. 8.—This act shall take effect and be in force from and after its passage.

Approved, Feb. 23, 1893.

CHAPTER XLIII.

An act prescribing the legal form of oaths and affirmations.

Be it enacted by the legislative assembly of the territory of New Mexico:

Sec. 1.—Whenever any person shall be required to take an oath before he enters upon the discharge of any office, place or business, or on any other lawful occasion, any person swearing shall do so in the following form, viz: The person swearing shall with his right hand uplifted follow the words required in the oath as administered beginning "I do solemnly swear" and closing "so help me God."

Sec. 2.—Whenever any person is required to take or subscribe an oath and shall have conscientious scruples against taking the same, he shall be permitted, instead of such oath, to make a solemn affirmation with uplifted hand in the following form, viz: "You do solemnly, sincerely and truly declare and affirm, and I swear with 'and this I do under the pains and penalty of perjury' which affirmation shall be equally valid as if such person had taken an oath in the usual form, and every person guilty of falsely, willfully or corruptly declaring as aforesaid shall be liable to punishment for the same as for perjury."

Sec. 3.—All laws and parts of laws in conflict herewith are hereby repealed.

Approved, Feb. 23, 1893.

TERRITORIAL TIPS.

LAS VEGAS TOWNERS.

Burglars were thwarted in their attempt to rob and pillage the house of C. H. Bristol, a train dispatcher.

W. B. Stapp and R. Honok are at home from a nineteen days hunting trip, reaching down into the Red river country.

Talk-is-cheap note from the Optic: "Las Vegas is the natural trade center, the distributing point of New Mexico and no power on earth can keep it from being the railroad center."

Dr. J. M. Cunningham's telegram of congratulation to D. B. Robinson, recent

ly elected to the first vice presidency of the Atchison, contained no superfluous words. It simply read: "Congratulations. Bully for you!"

E. W. Wise has discovered some clay banks near this city, which promise to be very remunerative. He took some of the clay back to Clay county, Mo., where there are large pottery works, and had it thoroughly tested. It is pronounced of the finest quality and suitable, not only for pressed bricks, but tiles and pottery. He has a number of objects made from it, which show the excellent quality of the material and the range of purposes to which it can be applied. The color is red, of a very attractive shade.

EDDY SCHOOLS.

It is said that a Waco ice factory would remove to Eddy for a bonus of something like \$1,200.

The heaviest fall of rain during the past year occurred Monday night, fully two inches on the level being precipitated.

The postoffice at Black River will be removed to Malaga about March 16, or as soon as permission is received from Washington.

The Pecos Improvement Co. has offered \$500 to any person who will be first to find flowing water west, or northwest of, and in not less than five miles, from Pecos City.

F. G. Campbell and Rev. Allen Bartley have gone to the Las Lun and White Oaks country to obtain a knowledge of that land and view the site of the big reservoir projected by a company in which several eastern capitalists are said to be interested.

C. W. Greene has already received 300,000 plant and trees from France, 20,000 rose bushes from New York, and thousands of fruit and grape vines from California, as well as numerous carloads of shade trees from Louisiana and the Rio Grande valley. These statements will indicate only a small fraction of the work going on in the valley.

ALBUQUERQUE ATOMS.

M. C. Wilson, a visiting health-seeker, died of consumption.

The injunction suit to restrain the building of that viaduct has been dismissed by complainants.

The opera of "Chimes of Normandy" will be given at the opera house on Tuesday and Wednesday, April 4 and 5. The costumes are expected from Los Angeles in a very short time.

Announcement is made of the dissolution of the firm of W. C. Leonard & Co., W. C. Leonard retiring, and the business hereafter will be conducted by a new firm, E. L. Washburn & Co., the company being represented by Jacob H. Gainsley.

SPRINGERS ESTATE.
Mrs. M. W. Mills has been very ill all week.

Messieurs Hooser and Morton are busy with World's fair matters.

Miss Hays has accepted a position with the Springer Mercantile Co.

The children of the Loyal Temperance Legion will give a concert at the school house next Sunday night.

Wednesday night Ed. White, in jail from Clayton for assault on H. A. Jager, and three bums sent down from Raton, broke jail here. No clue yet as to which course they pursued.

DEMING DOTS.
The Baraca cattle in Dona Ana county, numbering 15,000 head, and purchased by Col. James A. Lookhart of Deming, and Capt. John H. Riley, of Las Cruces, are being shipped to feeding grounds in Montana, as rapidly as possible.

The Silver City Sentinel is out in a long editorial on the county division question, the substance of which is to the effect that the residents of the southern end of the county, with the possible exception of Deming, are not in favor of division and that two years hence the feeling in favor of change will have been replaced by a desire to retain the lines as they are at present.

The first extraction of the tannic acid from the cane-agria root was made at the plant of the Tanning Extract company at this point Thursday afternoon and the process proved a thorough success. The company will now commence active operations and the pulp will be shipped from here in large quantities. For over a year past the promoters of the new industry have been engaged in the construction of a \$75,000 plant to the east of town. This has been completed and all the machinery placed in position and as stated above, the initial test made.

DR. BETTS' CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

We have had wonderful success in curing thousands of the worst and most dangerous cases of Colic, Cholera and Diarrhoea. It is a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

Gents: This is to certify that I had what is called sciatic rheumatism so badly that I was laid down over three days. My hip ached so that you could lay your hand in the cavity, and I could do no work for over one year. I tried some of the best physicians and did almost everything I could bear or think of, and nothing did me any good until I purchased a bottle of Chamberlain's Rheumatic Syrup, of Hines & Son, druggists, Van Wert, Ohio. Four bottles cured me and have never had it since.

The Commercial Traveler.
His home is in the sleeping car,
No vine or fig tree's shade,
His music is his clinking wheels,
His poetry is trade.
This missionary of the mart,
He spreads the true faith's germs
The endless merits of his house
Above all other forms.

He buttonholes the kings of trade,
His sample case unravels,
And talks until the love of life,
Grows feeble in their souls.
The bolted doors swing wide for him,
He needs no locks nor bars,
And fears not any face of man
Beneath the sun or stars.

The heroes of baronial times
Were armed from hair to heel,
With iron pots upon their heads
And pantaloons of steel,
The hustler hero of the day
Is armorless and weak,
Cut for the vigor of his tongue
And blushing breadth of cheek.

He meets all men with fearless mien,
Nor knows to pause or avert,
With Lilliputian bashfulness
And brooding bashfulness.
No dim abstractions vex his soul;
His creed and happiness
Is just to make a sale and catch
The 2 o'clock express.—Amusing Journal.

Joseph V. Dory, of Warsaw, Ill., was troubled with rheumatism and tried a number of different remedies, but says none of them seemed to do him any good, but finally he got hold of one that cured him. He was much pleased with it, and felt sure that others similarly afflicted would like to know what the remedy was that cured him. He states for the benefit of the public that it is called Chamberlain's Pain Balm. For sale by A. C. Ireland, Jr.

He Was from Boston.
Want a job, my man? asked the Wabash avenue car manager of an anxious looking man.
Yes, sir.
Where are you from?
Boston, sir.
All right. I think we can give you a conductor's position.
Is that the line, sir?
Yes, sir.
With the blue cars?
Yes, sir.
And shall I be expected to hitch on that green Indiana avenue car every trip at Eighteenth?
Yes, sir.
I'm sorry, sir, but I can not accept the position.
Why not?
My dear sir, it would shock my artistic instincts to lend myself to such an inharmonious combination of colors as a juxtaposition of blue and green.
Delays are dangerous. Take Simmons Liver Regulator in time for dyspepsia, biliousness and all diseases of the liver.
A Slight Misunderstanding.
Do you ever commit your verses? asked the managing editor of a poet with a manuscript.
Oh, yes, indeed. I can recite one of them—
Oh, yes, indeed. I did not mean, do you commit them to memory? but do you ever commit them to the flames?
And he went out with a hunted look in his eyes.
To enjoy life take Simmons Liver Regulator to stimulate digestion and regulate the bowels.
False Report.
Mrs. Herdso—Hear your son has married a girl you didn't like.
Mrs. Saidso—On the contrary, she was a girl we did like, and one of the best we ever had in the house.

The Coming Crinoline.
The coming hour, so the modistes tell,
Which women will wear with pride,
Will bear a shape like that of a bell,
And the shape of the bells will hide.

VAN WERT, Ohio, July 11, 1893.
Gents: This is to certify that I had what is called sciatic rheumatism so badly that I was laid down over three days. My hip ached so that you could lay your hand in the cavity, and I could do no work for over one year. I tried some of the best physicians and did almost everything I could bear or think of, and nothing did me any good until I purchased a bottle of Chamberlain's Rheumatic Syrup, of Hines & Son, druggists, Van Wert, Ohio. Four bottles cured me and have never had it since.
We certify to the above testimonial.

But you certainly ought to consider the wishes of your parents.
Why should I? They didn't marry to please me.—Life.

Headache and Dizziness: Frequent Causes of Apoplexy and Paralysis.
The most recent and profound researches in this direction by specialists, have eloquently demonstrated that the above disorders frequently result in death or permanent disability. Dr. Miles' Restorative Nervine is the greatest remedy for either of these apparently insignificant causes. Nothing approaches it in merit. Mrs. W. E. Burns, of South Bend, Ind., who has suffered from constant headache for three months, was cured by the daughter of Daniel Myers, Brooklyn, Mich., had been insane for ten years, and was having from 15 to 20 fits a day. Mrs. W. E. Burns cured her of both fits and insanity. Hold on a guarantee by A. C. Ireland, Jr. Get a book free.

Old Time Methods of treating Colds and Coughs were based on the idea of suppression. We now know that "feeding a cold" is good doctrine.

Scott's Emulsion
of cod-liver oil with hypophosphites, a rich fat-food, cures the most stubborn cough when ordinary medicines have failed. Pleasant to take; easy to digest.

The Fountain Head of Strength.
When we recollect that the stomach is the grand laboratory in which food is transformed into the secretions which furnish vigor to the system after entering and enriching the blood; that is, in short, the fountain head of strength, it is essential to keep this important supplying machine in order, and to restore it to activity when it becomes inactive. This Hostetter's Stomach Bitters does most effectively, seasonably, regulating and reinforcing digestion, promoting due action of the liver and bowels. Strength and quietude of the nerves depend in great measure upon thorough digestion. There is no nervous tonic so highly esteemed by the medical fraternity than the Bitters. Physicians also strongly commend it for chills and fever, rheumatism, kidney and bladder trouble, sick headache, and want of appetite and sleep. Take a wineglassful three times a day.

A Western Ad.

Trade Mark Case.
Judge Thayer, of the U. S. circuit court at St. Louis, recently granted a perpetual injunction, and reference to a master to assess the damage sustained by the plaintiff, in a suit against Joseph Hostetter, instituted by the Hostetter company of Pittsburgh. Defendant, together with several others, had been using the name Hostetter Stomach Bitters in any manner whatever; either in bulk, by the gallon, or by refilling empty Hostetter bottles; and from the use of the word "Hostetter" in connection with any article of stomach bitters, thus protecting the plaintiff in the exclusive use of the word "Hostetter" as a "Trade mark."

It's Always Lost.
The janitor of one of the Portland public schools, coming into the classroom one day recently, saw on the black-board this sentence: "Find the greatest common divisor." "Hullo," said he, "is that darned thing lost again?"

Elderly people remember their spring bitters with a shudder. The great generation have much to be thankful for, not the least of their blessings being such a pleasant and thoroughly effective spring medicine as Ayer's Sarsaparilla. It is a health-restorer and health-maintainer.

Encouragement.
He—So you don't know that I might linger by your side forever? I would be another man?
She—Well, it will be another man that does linger there.—Chicago News-Record.

The Hoopsters Will Be Best.
"The people of this vicinity insist on having Chamberlain's Cough Remedy, and do not want any other," says John V. Bishop, of Portland Mills, Indiana. That is right. They know it to be superior to any other for colds, and as a preventative and cure for croup, and why should they not insist upon having it? 50 cent bottles for sale by A. C. Ireland, Jr.

A Remarkable Woman.
Mr. Toddles with sarcasm—You say you thought you'd find a burglar under the bed in your room. Well, it's not remarkable for you to have that thought.
Mrs. Toddles—Oh, but it is. I—
Mr. Toddles—Heaven! You found one?
Mrs. Toddles (triumphantly)—I didn't look.

Mothers' Recommendation.
We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and more are recommending it every day. From personal experience we can say that it has broken up bad colds for our children in Centerville, South Dakota. Children. 50 cents bottles for sale by A. C. Ireland, Jr.
