BRIEF WIRINGS.

Arizona's G. A. R.
Tucson, A. T., March 14.—Arizona's G. A. R. goes into annual encampment today.

Pittsburg Begins Work.
CHARLESTON, S. C., March 14.—The Pittsburg base ball club expects to open its preliminary season here to-day.

Opposition to Satelli.
BUFFALO, March 14.—Father Cronin, editor of Bishop Ryan's organ, says that mitted heads will fall as a result of opposition to Mgr. Satelli. It is thought Bishop Wigger will be removed first.

Dedicating a Cathedral.
St. PETERSBURG, March 14.—It is announced that the services in connection with the dedication of the great Russian cathedral, erected on the spot where the late czar was killed, begins here to-day.

Iowa's Religious Revival.
Des Moines, Iowa, March 14.—A call has been issued for a meeting in Des Moines, to-day and to-morrow, to arrange for a grand religious revival to be carried on simultaneously in all towns of the state.

Eight Hundred Newspaper Men Meet.
ROCKFORD, Ill., March 14.—Eight hundred delegates are expected to take part in to-day's annual meeting of the Illinois Press association. President Lewis will preside, and it is likely that Major Elijah Halford will present the address.

Southern Tennis Tournaments.
St. AUGUSTINE, Fla., March 14.—The Southern tennis tournaments under the auspices of the United States Lawn Tennis association begin here to-day. They will be followed by the big events of Tampa Bay, March 21.

A General Strike.
NEW YORK, March 14.—Private advices were received by labor leaders here to-day from Chicago saying that a big strike will undoubtedly be on before the week is out in Chicago, and that leaders of organizations are in conference preparing for the big event.

Albany Inundated.
ALBANY, N. Y., March 14.—The freshet in the Hudson is the highest known since 1883. The lower part of the city is under water and steam railroad trains and electric cars are prevented from running. The flood is fourteen feet above mean tide.

Parsons Steps Out.
BOSTON, March 14.—This is the date set for the annual meeting of the New York and New England railway company, a bitter fight for possession between the Parsons management and the Reading for possession was settled some weeks ago and the resignation of President Parsons and his board of directors goes into effect to-day. McLeod and friends will assume control.

Scottish Rite Masons.
KANSAS CITY, Mo., March 14.—The 6th semi-annual convention of Scottish Rite Masons will begin here to-day and continue for three days. Degrees from the 4th and 22d will be conferred. It is expected that from fifty to sixty candidates will present themselves. The work of the convention will be interspersed with social functions and a number of receptions will be tendered the visitors.

Texas Gentlemen to Organize.
FORT WORTH, Texas, March 14.—At the convention of Texas stockmen held in San Antonio steps were taken looking to the consolidation of all the little associations in the club in one body. The plan of organization of the new association will be finally acted upon at the annual convention of the Northwest Texas Cattle Raisers' association to be held here to-day. The name of the consolidated organization will be the Texas Cattle Raisers' association.

Growing serious.
LONDON, March 14.—The Ulster unionists are in earnest in their threats of civil war because of the home rule agitation. A firm in Ulster recently ordered 10,000 Martini rifles from English manufacturers. The order was referred to the British government for advice as to whether it should be complied with. The government sent a reply that if an attempt was made to fill the order it would be stopped.

Beginning To Talk.
WASHINGTON, March 14.—President Cleveland has commenced to talk freely concerning his policies, financial, political and otherwise. He feels supremely confident of being able to effect such a change of sentiment on the silver question that by the time congress shall convene in December next but little difficulty will be experienced in securing the repeal of the silver purchase law.

He does not explain the entire modus operandi by which he is to accomplish this revolution of feeling or change of heart on the part of the silver men, but he believes he will be sustained by the people in his efforts to rescue the country from its present financial distress, and that, by next December, there will be a general demand from north, east, south and west to repeal the Sherman law and congress will heed the warning.

Joseph's saloon sells bottled beer two bottles for 25 cents.

STORING SILVER.

Millions of Ounces of White Metal Being Accumulated by Uncle Sam.

PHILADELPHIA, March 14.—The coffers of the United States mint hold the largest amount of bar silver ever stored in one mint in the United States. The quantity is 110,000,000 ounces, or fully enough with the alloy to make no less than 150,000,000 silver dollars.

The vaultage of the mint is said to be unexcelled in this country, yet the steel walled treasure holders are filled to overflowing and the bullion is being received from the government at the rate of \$3,800,000 ounces a month. Besides this amount there are in separate vaults \$10,000,000 in coined silver. The seal on the door has not been broken for two years.

All the available storage having been utilized, it has been found necessary to have another steel lined vault constructed for the sole purpose of storing the bullion. The new vault is about ten feet from floor to ceiling, about eight feet wide and thirty-five feet long. It was filled yesterday with the silver piled clear up to the ceiling.

This new storage place will contain but 20,000,000 ounces, and at the rate it is coming in it will be filled in less than six months. The construction of another of these immense strong places for the silver is a necessity if the purchase of silver continues. This condition of affairs is far beyond all precedent in the history of the mint. Previous to 1890 it was a rare event to have stored within the walls of the mint more than a single million ounces of bullion.

The Senate.

WASHINGTON, March 14.—The senate discussed for nearly an hour yesterday the resolution offered last week by Mr. Manderson, intended to limit the action of the senate in the present extraordinary session to legislative matters or to matters requiring co-operation on the part of the house. Objection to unanimous consent came from the Democratic side of the chamber. The resolution was adjourned until Thursday.

Fire Swept.

PLAINVILLE, Kas., March 14.—A prairie fire started yesterday in western Rooks county and was driven by a furious gale southeast across Rooks into Ellis county. Nearly everything was swept away in the path of the fire, which was several miles wide.

WASHINGTON NOTES.

No presidential nominations were sent to the senate yesterday. The Democratic senators went into caucus on the organization of committees at 11 o'clock this forenoon.

Secretary Carlisle yesterday issued 21 new regulations regarding the precautions to be observed in admitting immigrants to the United States.

A number of congressmen called on the president yesterday for the express purpose of ascertaining the truth about the "no journalists need apply" rule. Mr. Dooley asked Mr. Cleveland point blank whether it was true or not that he had discriminated against newspaper men, and the answer came just as straight as the question, that there was no such intention.

THE NEW LAWS.

Repeal of an Act of '91—A New Law of Interest to Incorporated Cities and Towns.

Among the acts of the 30th legislative assembly are the following:

CHAPTER XLV.

An act to repeal Chapter XI of the Session Acts of 1891.

Be it enacted by the legislative assembly of the territory of New Mexico.

Section 1—Chapter XI of the Session Laws of 1891, being an act entitled "An act making an appropriation for the arrest and conviction of the persons concerned in the shooting and wounding of Hon. J. A. Anheuser," approved Feb. 6, 1891, is hereby repealed.

Sec. 2—The auditor is hereby directed to audit and adjust the accounts of the governor for expenditures and expenses heretofore incurred and paid under the provisions of said act, and close said account; and the unexpended balance of the sum of ten thousand dollars appropriated by said act shall be covered into the territorial treasury.

Sec. 3—This act shall be in force from and after its passage.

Approved Feb. 28, 1893.

CHAPTER XLVI.

An act relating to municipal corporations and for other purposes.

Be it enacted by the legislative assembly of the territory of New Mexico.

Section 1—Hereafter all trustees and other officers of incorporated towns and villages now elected by law shall be elected annually on the first Tuesday in April of each year.

Sec. 2—Bonds of trustees of incorporated towns and villages under the provisions of chapter 32, session acts of 1891, in the territory of New Mexico, shall have and possess all the general and other powers now by law conferred on incorporated towns for the good government, order and welfare thereof.

Sec. 3—All vacancies in any city council or board of trustees of any incorporated city, town or village may be filled by

DR. PRICE'S
Cream Baking Powder

The only pure Cream of Tartar Powder—No Ammonia, No Alum.
Used in Millions of Homes—40 Years the Standard.

appointment of such council or board, the person so appointed to hold his office until the election and qualification of his successor at the next succeeding annual election for municipal officers.

Sec. 4—All incorporated cities, towns or villages may call, upon thirty days notice in the public press, special elections to vote upon the question of issuing bonds for the construction of sewers or other public improvements, and for the issuance of bonds to provide funds for the outstanding indebtedness; provided, however, that no bonds shall be issued in excess of the amount necessary to cover the actual cost and expense of such sewers or other public improvements, as may be estimated, under oath, by the engineer or other officer submitting plans and specifications therefor, which plans and specifications have been approved by any such council or board.

Sec. 5—All incorporated cities, towns or villages shall have full power and authority to make all needful and necessary police and other regulations, for the flowing and use of water in public acqueducts for irrigating purposes within the corporate limits of such cities, towns or villages.

Sec. 6—All towns and villages shall have power to grant, by ordinances, franchises and privileges for street-car lines, water works, lighting purposes and other public conveniences and comforts, for the furnishing of which such franchises and privileges are necessary.

Sec. 7—This act shall take effect from and after its passage.

Approved Feb. 23, 1893.

TERRITORIAL TIPS.

ALBUQUERQUE ATOMS.

Gus Eibel, a well-known suburban resident, died suddenly of pneumonia yesterday.

J. D. Bush, of Roswell, arrived in the city. He comes to Albuquerque under contract to bore for artesian water.

Willie Ruby, the 22 months old son of Mr. and Mrs. William Ruby, died from malignant diphtheria, and Patricia Hagley, aged 18 months died of croup.

The carpenters of the city are requested to meet in the city building, on Wednesday evening, to arrange for the nine hour movement, to take effect on May 1.

Prof. Hall, the barber, was arrested by Policeman Cooper and taken to the city jail. The old colored barber has gone crazy, and it is feared that his insanity will develop dangerously.

Eugene Bohn, tank repairer for the Atlantic & Pacific railroad, was crushed to death by a moving train in the A. & P. yards Sunday night. He was a native of Bismarck, Alaska, Germany, where he was born in 1858. He came to Albuquerque about five years ago, almost direct from Germany.

SAN JUAN CACTUS RUDE.

Triplett Bros. are erecting a neat 13-room brick hotel on a splendid site on San Juan avenue, Farmington.

Miss Eula McHenry, of Junction City, is preparing to start on her journey to Chicago to be present at the opening of the World's fair.

S. L. Harwood has purchased forty acres of land near the confluence of the two rivers, between Junction City, and is rapidly getting it in shape for the cultivation of different fruits.

A meeting was held at Farmington on Saturday to take steps toward the formation of one or more propositions to secure the agricultural sub-station at that place of Junction City.

Judge Greaves has forsaken the British unicorn and lion and concluded to cast his fortunes with the eagle and the stars and stripes. The judge has opened a law office in the Miller block and is prepared to sell Blackstone with Hamerican simplicity.

Harry Hepler, of the La Plata, has purchased a fine Cleveland bay stallion of T. Helm, paying \$350 for him. Sammie Prudden, of Ridge basin, last week completed the purchase of a shire stallion from the same party, paying \$500 for it.

Percy and Cyril Collyer, of Fruitland, have named their beautiful ranch the "Hurtworth Bend Ranch" from their own home in "Old England" and are well pleased with their purchase; they intend to add to their present fruit orchard some twenty acres in the spring, planting principally apples and plums.

Dg. and Mrs. Frank E. Prewitt, who have made their home in this vicinity since childhood, Tuesday morning bade adieu to old friends and associations and took their departure for Phoenix, A. T., where the doctor goes to take medical charge of a branch Keely institute for the cure of liquor, tobacco, opium and kindred habits.

KINGSTON CRUMBS.

Gold prospectors have been very successful in the vicinity of late.

Chas. H. Laidlaw was elected Friday to take charge of the Sierra county exhibit at the World's fair.

W. J. Stephenson, aged about 43 years, committed suicide at Hermosa last week, February 27. No cause is known for the rash act.

Mr. N. Gilles, the general manager of the Standard Gold company's mines and smelter at Hillsboro, has procured the necessary fluxes and amount of ores to guarantee a long and prosperous run.

Sheriff Sanders and Deputy Sheriff Houston were in town Tuesday and sold the remains of the first Kingston sampling works for taxes due thereon, about \$100. Hon. N. Gilles bought the old iron and what was left of the shed that once protected the machinery that used to be there for \$50. Another old Kingston landmark gone.

A waterjacket for the Kingston smelter has been ordered, and is now in course of construction and will be shipped in a few days, and as all preparations have been made there is not the least shadow of a doubt but that the smelter will prove a grand success, and will utilize all low grade ores that have heretofore been valueless for the reason of our great distance from the railroad.

DEMING DOTS.
The mountains surrounding Deming are again covered with snow.

Considerable alfalfa is being shipped to this market from the Mesilla valley.

Strawberries have been on the local market for some time past. They are shipped from California.

Deming is enjoying the novelty of a bread war. The price has been cut to thirty loaves of bread for \$1.

Miners at Cook's Peak are looking for a fairly busy season, although the output of the mines there has not been so large recently as it was last summer.

Israel H. King of this city, has, within the past week, purchased over 800 head of cattle belonging to the Hart Brothers Cattle company. Consideration nominal.

T. H. Booz, who has charge of the engineers of the Deming-Mexico road south, came up from Las Palomas, Mexico. He expects to be ordered into the field any day.

Rain fell for several hours Friday night, and still further improved the cattle situation in this section. It is feared, however, that the cold weather of the past few days has injured the fruit trees, many of them being in bloom.

Frank W. Smith, of Las Cruces, who has charge of the construction of the large irrigation ditches in the Mimbres valley, was in the city Friday afternoon and Saturday morning on matters connected with preliminary operations on the same.

An attempt was made to rob the store of Max Heyman & Co., but the thieves were discovered while endeavoring to force open the rear door. Several shots were fired at them by Chas. Kluksman and L. Mayfield, but they escaped in the darkness. It is not thought they were hit.

EDDY COHES.
District court opened at Eddy yesterday.

Henry D. Golding, late of the Argus, has taken the local editorship of the Daily Current. 'Tis well.

Fifty men are now employed on the lower Greene farm, setting out fruit trees and sowing alfalfa.

Thmas Douglas has taken a contract to break eighty acres of land for Mr. McMillen, who expects to put forty acres in alfalfa and forty acres in cane-sugar root.

The Daily Current holds the following city ticket: For mayor, Charles C. Blodgett; for trustees, 1st ward, Lucius Anderson, James L. Warren; for trustees, 2d ward, George C. Standford, Charles F. McDonough; for recorder, Charles L. Martin.

S. W. Russell has sold the following property within the past few days: On Black River, 160 acres improved land, to L. F. Andrews, of Milford, Mich.; south of the Feliz, 160 acres, improved land, to W. W. Caldwell, of America, Kas.; lot 8, block 44, town, to F. E. Downs.

Joseph's saloon sells all kinds of the best California wines at 5 cents a glass or 20 cents a pint, also the genuine Hennessey brandy.

BECHAM'S PILLS
In this family are more often the result of disorders digested in the most proper manner. Weak Stomach, Impaired Digestion, Disordered Liver, Constipation and all Diseases of the Nervous System arising from these causes. Cured with a Tasteless & Soluble Coating. Of all druggists. Price 25 cents a box. New York Depot, 361 Canal St.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy liver. When the liver is torpid the bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headaches ensue, a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.
As a general family remedy for dyspepsia, torpid liver, constipation, etc., hardly ever fails to give relief. It is a safe and reliable remedy for all ailments of the stomach and bowels.

W. J. McElroy, M.D., Ga.

OFFICIAL BUDGET.

Capital City News of the Day Gathered from Sundry Sources.

Surveyor General E. F. Hobart took the oath of office September 7, 1899, and his four years will run him up to the 7th of September coming. He may be allowed to serve out his full term, if all reports are true.

Sister Victoria, of St. Vincent hospital and territorial orphan school, is having a number of blanks printed at the New Mexican job office in order that she may comply in every detail with the new law respecting the disbursement of territorial funds for this class of institutions. It is a good example that other charitable institutions receiving territorial aid might follow with advantage to all parties concerned.

Nothing has yet come to hand from Washington as to when the \$62,000 direct tax fund will be forthcoming from the national treasury. On January 31, Gov. Prince forwarded to the secretary of the treasury a certified copy of the joint legislative resolution touching this subject, and he also sent a copy of same to the secretary of the interior, asking if any further action on New Mexico's part was necessary to secure this money, but as yet nothing has been received in response. The governor again wrote to Washington on the subject to-day.

Mr. Harvey, of Ogden, Utah, local secretary of the Western congress, of which Gov. Prince is president, and which assembles at Ogden April 24, will arrive in Santa Fe to-morrow to confer with the governor on business connected with this important gathering of western men. His coming will probably result in the issuance of a call for a meeting of the members of the advisory committee to be held here early next month.

The North American Review for March contains an able article by Gov. Prince, on the reasons for New Mexico's admission as a state. The article contains 3,000 words, and reaches a wide and influential constituency that has hitherto paid little or no attention to this subject. The article will doubtless do much good.

The newly appointed boards of the insane asylum at Las Vegas, the university at Albuquerque, and the agricultural college at Las Cruces were booked for meetings at those points yesterday for the purpose of organizing. The trustees of the school of mines meet at Socorro on Thursday.

Territorial Librarian F. F. Pino, having been called to his home at Galisteo for a few weeks, has placed Chas. Brosier, late of Blain Bros., in charge of the territorial library. Office hours are from 9 to 12 and 1 to 4 o'clock.

Small holding claims of land continue to be filed in the surveyor general's office. Up to this time some 1,200 claims out of a possible total of 5,000 have been filed.

The U. S. court of private land claims was in session all the forenoon hearing arguments in the Marcos Valdez grant.

ROUND ABOUT TOWN.

Lewis' creamery butter, 32 and 35 cents, at S. S. Bentley's.

City politics is beginning to warm up a bit, but candidates for office are scarce. Clean up your orchards and gardens now and thereby destroy many of the fruit pests.

N. F. Cornell added a number of new names to the Denver Republican's reading list here to-day and left for Albuquerque at 5 o'clock.

Another animated voting contest is on in town, this time to prove who is the handsomest young man. Much interest is being shown in the result of the vote.

A mass meeting will be held at the A. M. E. church, Johnson street, Wednesday night at 8 o'clock. It is hoped every colored person will attend. All are welcome. By order, S. Jackson.

The city school board ought to prepare for having the public school children take an active part in the observance of Arbor day. If trees can be no where else planted convenient to water let the irrigation ditches be lined with them.

A meeting of the Ladies Aid society will be held at the Presbyterian manse to-morrow (Wednesday) afternoon, from 3 to 5 o'clock. This is a special meeting, as the ladies wish to make arrangements for a supper to be held in Easter week.

Every citizen should say a good word for the proposition to vote \$25,000 in bonds for the construction of a city sewerage system. Santa Fe already can boast of the best water in the west, and a better sewerage system is all that is needed to make this the most healthful resident city in the Rockies.

There will be a "social tea" at the Presbyterian manse on Thursday evening, March 16, beginning at 7:30. The object sought to be attained by this entertainment is the promotion of sociability. There will be music and brief literary exercises. To augment the fund of the Ladies Aid society, there will be an admission fee of 15 cents. All the members of the congregation and all friends are most cordially invited.

DR. PRICE'S
DELICIOUS
Flavoring
Extracts

NATURAL FRUIT FLAVORS.
Of perfect purity.
Of great strength.
Economical in their use.
Flavor as delicately
and deliciously as the fresh fruit.

Messrs. John Z. Adams and H. J. Denckla, of Denver, came in last night from a visit to the Chama river placers, above Abiquiu. They found the gravel along the river in that locality showing good colors, but it is the same old question as to whether the gold isn't too light to be saved by any ordinary process of sluicing.

A dozen or more orchardists have clubbed together and secured Mr. Rivenburg to send east for spraying outfits with which to rid their orchards and gardens of fruit pests this season. He has, in order to aid the county horticultural board in popularizing this matter, agreed to forward all such orders and deliver the machines at actual first cost laid down. Parties desiring to secure spraying outfits will do well to take advantage of this offer.

POLITICAL WAIFS.

The attempt to pull Mr. W. B. Childers out of the race for U. S. attorney for New Mexico will in all likelihood not succeed. W. B. C. is considerable of a stay.

A private letter from Hon. Jas. A. Randall, of Detroit, mentioned in connection with the governorship, announces that he is in no sense an applicant for the position.

The date is not positively known here, but Judge McFie's term as judge of the 3d judicial district probably expires within the coming week. He took the oath of office April 1, 1899.

Col. T. B. Mills, who has been named to have charge of the New Mexican exhibit at Chicago during the exposition, passed down the road yesterday for Las Cruces, where he goes to confer with Sec. Llewellyn on the arrangement of the articles for exhibit.

James A. Lang, who is making a rushing fight for the office of U. S. marshal, left for Washington, D. C., last Saturday night. Santiago Baca, who is coming up the stretch very close to Mr. Lang, is also arranging to make a trip to Washington in a few days. Albuquerque Citizen.

There is a combination in this city, headed by some of the best Democrats, to defeat W. B. Childers in his attempt to secure the appointment of U. S. attorney for New Mexico. The Citizen is Republican in the core, but if there is a man in New Mexico who should receive substantial recognition from the new administration, that man is W. B. Childers. He has always proved a hard working Democrat, and President Cleveland should recognize his services. Albuquerque Citizen.

Scott Truxton, of the lower Pecos, was a candidate for the Roswell receivership to which Fred P. Gayle, of Roswell, was named. It is intimated that certain parties in Albuquerque and Santa Fe will undertake to have Gayle's commission "voided" with a view to eventually securing the place for Mr. Truxton. At any rate, the New Mexican contingent now at Washington is expected to take a hand in the Roswell contest.

Of a brother of E. T. Webber, a visitor here with the Colorado legislators, the Denver Sun says: "The speech of Senator Webber on the anti-capital punishment bill was one of the ablest addresses delivered this session, and is creating no little talk among the senators. Mr. Webber's remarks were original, and his argument strong and clear. To Mr. Webber as much as to any senator is due the credit for carrying the bill through the upper house."

Joseph's saloon sells old Claret at 25 cents a bottle.

PERSONAL.

A. M. Bergere, of Los Lunas, is booked to arrive from the south to-night.

Frank Delgado and family returned last night from a visit to Las Vegas.

J. W. Cooper, of the Pecos Lumber company, came in on last night's train from the east.

Major Baker, paymaster U. S. A., and son, have gone south on a pay trip to Fort Wingate, Stanton and Bayard.

John Z. Adams, of Denver, secretary of the Denver, Lakewood & Golden railroad, is in the city on a visit to E. T. Webber.

H. H. Sheppard, traveling passenger agent for the Chicago & Alton line, is in the city from Denver and stops at the Claire.

Hon. Frank Springer has reached Las Vegas, his home, after a protracted visit among the bond-holders of the Maxwell grant in Holland.

R. W. Nance, Quincy, Ill.; F. G. White, N. F. Cornell, J. V. Dexter, H. H. Sheppard, H. J. Denckla, John Z. Adams, Denver, are at the Claire.

At the Palace: Frank A. Sage, Elkhart, Ind.; J. W. Cooper, Pecos; E. C. Standinger, St. Louis; C. F. Amoworth, Phoenix; C. C. Menett, St. Louis.

Chris Sellman leaves for Santa Fe this evening. Mrs. Sellman will go over on Saturday. They will remain in Santa Fe till they start to the World's fair in May. —Las Vegas Optic.

E. V. Chavez, one of the territorial managers of the World's fair, passed through the city on his way to his home at Socorro from Chicago Sunday night. —Albuquerque Citizen.

W. A. Givens, Las Vegas; F. H. Pilling, Salt Lake; Jacob Bear, Pueblo, Colo.; G. C. Wagner, Denver; Geo. Blakely, Las Vegas; Cerrillos; R. Bradley, Buffalo, N. Y., are at the Exchange.

H. J. Denckla, a prominent member of the Denver Athletic club and for three years past the holder of the Colorado tennis championship, is a visitor at the Claire.

J. D. Hughes, clerk of the town of Santa Fe and book-keeper for the New Mexican Printing company, came down from the capital last night, and is registered at the San Felipe. He called at the Citizen office this afternoon. —Albuquerque Citizen.

Hon. G. W. Pritchard, of Las Vegas, who passed through the metropolis on the 17th of January last for a visit to southern California, was enroute on his return home on this morning's delayed north-bound passenger train. —Albuquerque Citizen.

Joseph's saloon—8-year-old W. H. McBrayer whiskey at 10 cents a drink. Put up in fancy bottles at 50 cents a pint.

Dry goods of all description, at cost. Blain Bros.

GRAPHIC GROUP SALE.

Indiana Capitalists Capture a Great Mining Property—The Deal Closed in Santa Fe Yesterday.

Hon. W. H. Patterson left for his home in Socorro county last night after closing the sale here yesterday of the famous Graphic group of mines, situated at Kelly, in the Magdalena mining district. The purchasers are Terre Haute, Ind., parties, represented here by Judge M. Balun, of that city, who has been here for some weeks in connection with the transaction. All the papers in the case were signed and transferred yesterday, and Judge Balun departed for his Indiana home to complete the organization of a big company for continuing work on the property on a larger scale than ever.

The Graphic group of mines at Kelly has been famous as a lead carbonate producer, running rich in silver, for some five years or more. The principal claims are the Graphic, the Review, Samson and Waldo, patented mines, and part of the Greyhound and several adjoining locations. The owners were Col. V. S. Shelby, Judge Thornt and Mrs. W. H. Manderfield, of this city. Some three years ago Patterson Bros. purchased Judge Thornt's one-third interest and paid \$15,000 therefor. They then took a lease on the other two-thirds interest and developed still larger bodies of ore. In two years past they have extracted ore from the workings worth \$140,000.

Some six months ago these Indiana parties employed an expert to come and examine the property with a view to purchasing it, and he reported \$300,000 worth of ore in sight. Yesterday's sale was the result. The consideration can not be obtained, but as Senator Patterson remarked, "it is way up in the pictures." At any rate, it is the most important mining deal New Mexico has witnessed in years, and Senator Patterson, Mrs. Manderfield and Col. Shelby are no longer pleased over the sale than is the legal representative of the buyers, Judge Balun.

Before leaving last night for his home at Kelly, Senator Patterson said he would continue to make Socorro county his home, having other mining interests there which he thought would develop into quite as big a bonanza as the Graphic group.

By using Hall's Hair Renewer, gray faded or discolored hair assumes the natural color of youth, and keeps luxuriant and strong, pleasing everybody.

John Morton's Adventure.
A New York press dispatch of the 9th inst. says:

"John Morton, of New Mexico, came to this city intending to sail for Europe on the New American line steamship Paris to-morrow. On Wednesday he met Thos. Farrell in a saloon near the steamship pier, and they had several drinks together. Morton had never seen Farrell before. He says that Farrell and a friend, or confederate, took his gold watch and \$350 while he was under the influence of liquor. He believes the liquor he drank was drugged."

"He went to the Fifth street station house when he sobered up and gave a description of the two men. Farrell was arrested two hours later. He is an old offender. None of the money was found on him, but the police are confident that they will recover it. Farrell was held to await the action of the grand jury and Morton was held to the house of detention as a witness against him. His departure for Europe will be indefinitely postponed, as there is no telling how long he may be detained."

Joseph's saloon keeps all kinds of smoking and chewing tobacco.

List of letters remaining unclaimed for in the postoffice at Santa Fe, New Mexico, for the week ending March 11, 1903. If not called for within two weeks will be sent to the dead letter office at Washington.

SAM STEEL'S SLAYER.

Judge Seeds Called to Las Cruces to Try a Red-Handed Murderer.

John Rube—not Roper, as first reported by telegraph—who shot and killed Sam Steel, Judge McFie's nephew, at Las Cruces, on Thursday evening last, has been indicted for murder in the first degree by the grand jury now in session, and is to have his trial at once.

To-day Judge McFie telegraphed Judge Seeds requesting him to come to Las Cruces and preside at the trial of the case as he, Judge McFie, is disqualified to act. Judge Seeds will depart for Las Cruces to-night for this purpose.

The trial will no doubt be one of more than ordinary interest. From all reports the killing of young Steel, an excellent young man, of a most peaceable character, was one of the most wanton and cold blooded of crimes.

Rube is a cowboy who is said to be responsible for many vicious deeds, and from all present indications Donna Ana county bids fair to witness a hanging before many more moons.

To Get at the Facts.
Regarding Hood's Sarsaparilla, ask the people who take this medicine, or read the testimonials often published in this paper. They will certainly convince you that Hood's Sarsaparilla possesses unequalled merit and is the Hood's Cure.

Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic.

RAILWAY NOTES.
The rumor is again current that General Manager A. A. Robinson will resign his position with the A. T. & S. F. He has been with the Santa Fe since 1877.

Cumbres mountain, that famous divide west of Antonito, has been frequently blocked with snow this month, but the rotary plow which the D. & H. G. keeps ready for use at Chama has had no difficulty in keeping the line open.

It is said on good authority that the Union Pacific company will construct an important extension through Colfax county, and they had several drinks together. Morton had never seen Farrell before. He says that Farrell and a friend, or confederate, took his gold watch and \$350 while he was under the influence of liquor. He believes the liquor he drank was drugged.

"He went to the Fifth street station house when he sobered up and gave a description of the two men. Farrell was arrested two hours later. He is an old offender. None of the money was found on him, but the police are confident that they will recover it. Farrell was held to await the action of the grand jury and Morton was held to the house of detention as a witness against him. His departure for Europe will be indefinitely postponed, as there is no telling how long he may be detained."

General Passenger and Ticket Agent Geo. T. Nicholson, of the Atchison, Topeka & Santa Fe road, has issued a circular stating that the road from Ash Fork to Prescott, length sixty miles, will be open for travel about April 1, and a rate made of \$3.60 for single one way fare.

J. J. Burns, superintendent of the first division of the Denver & Rio Grande railroad, has announced the appointment of a regularly ordained minister as chaplain of his division. So far as can be learned, this is the first appointment of the kind that has ever been made by any railroad company west of the Missouri river. It is stated similar appointments are to be made for each division of the road.

The D. & R. G. company has just contracted with the Madison Car company, of Madison, Ill., for 400 new box cars and fifty additional stock cars of the latest pattern and design. The box cars are all to be 60,000 pounds capacity, and will be the heaviest and most modern in use. The order is in keeping with the efforts of the Denver & Rio Grande to remain in the front rank of modern railroads. About \$300,000 is represented in the contract. The cars will be delivered in July and August.

Dressmaking.
