## **Brazil: January Steel Production**

*by John Neagle*

*Category/Department: General*

*Published: Tuesday, February 20, 1990*

On Feb. 8, the Brazilian Steelworks Institute (Instituto Brasileiro de Siderurgia) reported that national steel output dropped 8.1% in January relative to the same month in 1989. Production totaled 1.969 million tons, compared to 2.141 million tons last year. (Basic data from Folha de Sao Paulo, 02/09/90)
