BRIEF WIRINGS:-

Kansas Masons.
Topeka, May 19.—The Masonic grand
commandery for Kansas meets in annual
conclave here to-day.

Frye's Estimate of Blaine.
Lawson, Mo., May 19.—In response to
an invitation from leading citizens, Sen-
ator Frye will repeat his eulogy on Blaine
in the City Hall here this evening.

Whitenside Holidays.
Liverpool, Eng., May 19.—The Whit-
enside holidays will begin in the Liver-
pool cotton market here at noon to-day
and will continue until Wednesday morn-
ing, May 24.

Music at the World's Fair.
Chicago, May 19.—The musical features
of the World's fair to-day and to-morrow
are the New York Symphony orchestra
concerts, under the leadership of Walter
Dorosch.

Unitarians in Conference.
Chicago, May 19.—A conference of Unit-
arian women will be held to-day in con-
nection with the Women's Branch of the
World's Congress Auxiliary of the Colum-
bian exposition.

Cycling for Purposes.
New York, May 19.—A meeting of the
National Cycling Association of America,
the new professional organization, will
be held in New York to-day, when a
schedule of race meets will be adopted.

Daughters of the Revolution Meet.
Chicago, May 19.—A department con-
gress of the Daughters of the American
Revolution has been called to meet to-day
in the Art Palace, under the auspices of
the woman's branch of the World's con-
gress auxiliary.

Fatal Explosion.
Geneva, Ill., May 18.—With a roar that
was heard three miles and a concussion
that shook every house and shattered
half the windows of the town, the plant
of the Chas. L. Pope glucose works blew
up yesterday. Six men were instantly
killed and several wounded.

Thieves at Trinidad.
Trinidad, Colo., May 19.—The store of
Thomas Cook, at El Moro, was entered
by burglars and the safe blown open.
Thirty dollars in money and some valu-
able papers were taken. The safe is
ruined. Bramlet's bloodhound Mack is
on the trail.

Helping Out Kansas.
Topeka, Kan., May 19.—The attorney
general to-day rendered an opinion for
the guidance of the state insurance de-
partment, to the effect that every insur-
ance policy on Kansas property must be
absolutely written in the state, and
every company's agent looking after
Kansas business must reside here.

Nickerson Dead.
Dedham, Mass., May 18.—Albert W.
Nickerson, ex-president of the Mexican
National railroad, and ex-director of the
Atchison, Topeka & Santa Fe and New
York & New England railroads, died
last night of peritonitis. His estate is
estimated variously from \$5,000,000 to
\$20,000,000.

CAPITAL BUDGET.
A Court Martial Session—Col. Car-
lin has been ordered to the Cherokee
Lands—National Notes.

WASHINGTON, May 19.—The findings of
the general court martial convened at
Fort Leavenworth, Kan., for the trial of
Capt. W. A. S. Johnson, retired, and the
recommendation in the case has been
disapproved by President Cleveland.
The court finds him guilty of the general
specification only and of the general
charge "not guilty," but guilty of con-
duct to the prejudice of good order and
military discipline. The court sentenced
him to be reprimanded by the reviewing
authority.

The court martial was presided over by
Col. James W. Forsyth, 7th cavalry, and
Capt. Sigourney W. Taylor, 4th artillery,
was judge advocate.

The following is Sec. Lamont's order
in the case:
"In the foregoing case of Capt. W. A. S.
Johnson, retired, the findings of the first
and second specifications and upon the
charge and sentence of the court are dis-
approved by direction of the president.
In private life a person tried and ad-
judged guilty of assigning property as
collateral and then collecting and appro-
priating its avails to his own use, or of
transferring for value received the same
property to two separate persons, would
be subjected to severe and humiliating
punishment. That a court martial, com-
posed of officers of rank and experience,
should so lightly regard the similar of-
fenses here fully established and found, is
a reproach to the service and the proceed-
ing is in marked inconsistency with the
high sense of personal honor which has
long characterized the reputation of the
army."

A NEW BRIGADIER GENERAL.
The president has appointed Col. William
P. Griffin of the 4th U. S. infantry to be
brigadier-general, to fill the vacancy
caused by the retirement of Brigadier-
General E. A. Carr. The president also
appointed Capt. William H. Hammer or
the 20th infantry, paymaster in the army
with the rank of major.

TO OPEN THE STRIP.
Sec. Hoke Smith, on behalf of the
United States and Chief C. J. Harris,

treasurer; E. E. Starr, D. W. Lipe and J.
T. Cunningham, the authorized repre-
sentatives of the Cherokee nation yesterday
afternoon signed the contract which is
the final step in the proceedings by which
the United States becomes the owner of
the Cherokee strip. The number of acres
ceded is 8,022,754.

Sec. Smith says that he hoped by ex-
peditioning in every possible way the prepa-
rations for the opening of the strip, to
have everything in readiness for the
president's proclamation on Sept. 15.

NATIONAL NOTES.
Postmaster General Bissell has ap-
pointed John L. Thomas, of Missouri, to
be assistant attorney general for the post-
office department.

Reports from forty of the sixty-three
internal revenue districts show that 28,
304 Chinese have registered. No reports
have yet been received from the Pacific
coast districts.

The secretary of state has accepted the
resignation of William E. Curtis as di-
rector of the bureau of American republi-
cism, and has directed Mr. Frederick
Emory, secretary of the bureau, to take
charge until the successor of Mr. Curtis is
named.

The Chinese minister had a conference
with Secretary Gresham regarding
the constitutionality of the Geary act. He
gave no intimation whatever of an inten-
tion to suspend diplomatic relations with
the United States, but on the contrary in-
dicated his purpose of quieting affairs in
China as much as possible.

MINES AND MILLS.

**Unprecedented Activity in Sierra
County-Rich Properties and
New Enterprises.**

KINGSTON, N. M., May 18.—The King-
ston Ore Reduction company have started
their big sixty-ton smelter, after a shut-
down of several months. During the in-
terval the works received many needed
repairs and improvements, among them a
new water jacket furnace. The fires will
be kept kindled indefinitely.

The Pomplun mine, which has been
lying idle for several years, is soon to be
worked. J. H. Ridenour, of Kansas City,
Mo., was here the past week and made
final arrangements for work to begin
immediately. In the past the Pomplun
was a good producer of rich sulphides of
silver and its aggregate output netted
the company a large sum.

The Brush Heap mine is working steady-
ly and the increase in the productions of
ore is in no way diminishing. The ore is
sulphides, mixed with native and horn
silver, which is shipped to Denver for
reduction.

In Carpenter district, readiness is being
made for the erection of a twenty-ton
smelter for the treatment of the lead
carbonate ores that exist in that district
so plentifully. The road across the
mountain from the Grand Central mine
to Lake valley is to be completed at once
and supplies to the wagon road from the
railroad at the latter place. Mr. D. B.
Barnes, a well known mining and smelting
man of Denver, has the work in charge
and big things are looked for over the
range.

Activity in mining circles at Hermosa
keeps up its record very nicely and three
carloads of high grade ore from the Palo-
mino Chief mine is now in transit for Den-
ver. The Embolite and Pelican mines
have a large shipment of almost ready ore
others in like readiness.

The gold mines at Cold Springs, six
miles north of here, are very active this
spring, and big mining operations are
looked for the ensuing summer and fall.
Besides the many rich quartz mines being
worked, sixteen miles of pipe line are to
be laid from the head of the Rio Animas
to the heart of the district to sluice and
hydraulic the rich placer gold. The sur-
vey for this undertaking is in readiness for
the pipe to be laid, and work is to com-
mence at once. The output of ore at the
Snake and Opportunity mines is unusu-
ally large and the shipments of ore are very
regular. The Bonanza mine is running a
third tunnel below the two upper ones and
will soon be on the ore body from this
point. The Huntington concentrator be-
longing to this mine is kept running night
and day on its own ore and the bins are
always kept full. The Happy Jack
mine has 150 tons of high grade ore on
its dump awaiting the completion and
readiness of the Hobson Brothers' roller
concentrator on the Rio Animas, which is
to start June 1. The happy Jack ore
averages \$100 to the ton in gold, besides
copper and silver, and Messrs. Lannon &
Ryan, the owners, are confident they
have not reached the largest ore body yet.
The Chance mine also has a big shipment
of rich ore on the dump which was first
intended being sent to Pueblo, but will
now be treated by the Hobson Brothers.
The Golden Era mine, which was worked
under bond and lease four years ago by
a Detroit, Mich., company, is soon to re-
sume operation on a quite an extensive
scale by a Chicago company. The mine
has a vast quantity of ore in sight in its
drifts and tunnels, but of low grade, and
the new company will erect a new con-
centrator of its own near the works. Some
of the ore is very rich in gold, in pyrites
of iron and sulphides of copper, but a
majority of it is low grade, and it is
found in such great quantities that the
new company believes that it will pay
handsome dividends to work it by the
means above stated.

TERRITORIAL TIPS.

ALBUQUERQUE ATOMS.
Pitt Rosa, the surveyor, returned from
trip to San Pedro, Golden and Cerrillos.
He reports heavy rains and the stock men
feeling jubilant over the prospects.

DR. PRICE'S
Cream Baking
Powder.

The only Pure Cream of Tartar Powder.—No Ammonia; No Alum.
Used in Millions of Homes—40 Years the Standard.

We have the best volunteer fire depart-
ment in the western country, and we can
hardly do too much to render the peril-
ous work of the fire boys easier and
safer.—Times.

A. D. Johnson has closed a contract for
placing a windmill and pumping ma-
chinery at Mr. C. Lampert's 200 foot
well on the mesa. There is plenty of
water in the well, and the question of
water supply for limited irrigation on
the mesa is settled.

Capt. Baldwin, of the cavalry, Capt.
Houderbarts, of the guards, Capt. Max
Luna, of the militia company of Los
Lunas, and Lieut. Saltmarsh, of the
guards, called on Gov. Thornton for the
purpose of getting his views on the ter-
ritorial affairs. The governor assured
them that he would do all in his power to
keep the militia going and would en-
deavor to put it on a firmer basis than
ever.

BATON RANGINGS.

A great charity ball is to be given on
Friday evening, May 26.

All the reservoirs on the Vermejo and
Springer ditch systems are filled with
water.

The recent rains in this section of New
Mexico has dispelled the blues from our
farmers and stock growers. Good crops
and plenty of grass is now assured.

The fellows who were going to move
the shops away from Batons know more
now than they did before their inter-
view with the A. T. & S. F. manage-
ment.

Raton merchants ought to combine and
purchase their goods at Missouri river
prices. By so doing they can buy goods
at as great advantage as in Trinidad. There
has already been some talk of such a
movement.

There are a lot of boys around Batons
from 12 to 15 years of age who will bring
grief to their parents and friends unless
their present propensities miscue. They
have progressed far enough in delinquency
to break into a freight car in the yards
last Monday night and stole a box of
candy.

The town council has very wisely of-
fered a reward of \$100 for the apprehen-
sion of the miscreant who threw an iron
nut through a window in the A. T. & S.
F. machine shops last Thursday night.
The missile was thrown at a workman by
some miserable wretch who ought to be
caught and severely punished.

LAS VEGAS LOCALS.

Mrs. Cordelia Harris, nee Sloan, of
Delaney, Mo., will spend the summer
with her parents at Colorado Springs,
Colo.

A postal card came to the old town
postoffice, addressed to "The Most Pro-
gressive Merchant." It was put in Chas.
Hild's box.

Testimony is being taken, in the cele-
brated Barney divorce case. Both are
applying for a decree of separation.
John Wesley asking for a division of the
property.

A notice has been posted at the May
Hays place, Apache springs, that certain
fences must be removed, else the conse-
quences will have to be taken.

Geo. G. Crittenden, of Jolley, Iowa, has
bought the painting business of C. F.
Potter. Mr. Crittenden came here two
years ago for his health, and he was so
much pleased, that he has come back to
stay.

"I want to say through your paper that
I am content of the charges recently
raised against me, and I attribute my
being connected with the trouble entirely
to the malice of two men, on the east
side. My innocence I will prove at the
next court," writes John Green to the
Optic.

Jim McGuire and Arthur Wilson are
making quite a success of the fish busi-
ness. The Rod & Gun club are anxious
to rid their Cherry Valley lake of the
native mullet, with which it abounds, and
McGuire and Wilson have undertaken the
job. They camp up there, and are en-
gaged in seining the lake, their catch
some days being as high as 400 and 500
pounds.

ROSWELL RECORDS.
Many home seekers are coming in at
present.

Ice is selling at 3 cents a pound and an
ice factory is wanted.

J. B. Mathews has a fine flow of artesian
water from his well, which was procured
at 150 feet.

The Roswell public schools close to-
day by the presentation of an elaborate
program made up of forty selections in
the shape of recitations, songs, dialogues,
etc.

Mrs. G. F. Johnson, of Springfield, Mo.,
has come to Roswell to spend the sum-
mer visiting her brothers, R. M. and R.
H. Parsons, and her sister, Mrs. James
Bathurst.

A mass meeting of the citizens of Ros-
well and vicinity was held at the court
house for the purpose of organizing and
arranging for the second annual meeting
of the Southwestern New Mexico & Pecos
Valley fair. C. A. Richardson was elected
president; Nathan Jaffe, vice president;
E. A. Cahoon, treasurer; Scott Truxton,

secretary. R. S. Hamilton, Dr. C. G.
Eaton, J. P. Church, W. H. H. Miller,
Nathan Jaffe and A. B. Allen were selected
as a committee to solicit subscriptions.

A Serious Charge.
For some weeks past a band of Indians
has been at large in Colfax, San
Miguel and Mora counties. The Mora
correspondent of the Las Vegas Optic
writes:

"The Apaches who have been camped
in the Agua Negra canon have moved to
the vicinity of Watrous. We don't miss
them much, as they were getting too
familiar with other people's kids and
goats, besides they have killed nearly all
the game in this vicinity. Wonder why
they are not taken to the reservation,
where they belong?"

When Your Eye Strikes This Stop and Read It.

The famous hot springs of Arkansas
world renowned for their health qualities,
and as a health and pleasure resort, can
be reached quickly in Pullman buffet
sleeping cars from Denver, Colorado
Springs and Pueblo via the Missouri Pa-
cific railway. Sufferers of "la grippe," in-
fluenza, asthma and kindred diseases can
obtain relief by a visit to this famous
sanitarium.

Santa Fe, New Mexico.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the south-west.

FRIDAY, MAY 19.

APPOINTMENTS are slow; it is very evident that Mr. Cleveland makes them all himself.

MR. CARL SCHUTZ has constituted himself general attorney for the Democratic administration; this is rough on the administration.

YOUNG men are coming to the front in the Republican party; a very hopeful sign indeed and one that augurs well for success in the next campaign.

THE World's fair grounds will be open on Sunday; the World's fair exhibits should also be open on Sunday; this half way business satisfies no one.

THE World's fair at Chicago is not yet coming money; but Buffalo Bill's show, just outside the fair grounds, is coming money. Another and comment upon the innate wickedness of human nature.

PEOPLE who are booked to attend the World's fair are generally in a quandary. The institution will not be in full blast till very hot weather comes, and then there is fear that cholera will come with the latter, so that there is a general waiting of results all along the line.

THE decision of the supreme court of the United States shows that for the time being the Chinese Six Companies and a few New York lawyers are not any "bigger" than the people of this country; the Chinese exclusion act will have to be carried out. Stand from under.

SEC. OF WAR LAMONT proposes to change matters about and have an even distribution of work and of the softness in the regular army. It is to be hoped, for the good of the service, that the secretary will carry out this determination fully and in spirit as well as in the letter.

THIS thing of being the duke of York is not quite as nice as it is cracked up to be; there are some disadvantages to it; for instance, he will have to marry the Princess May, a girl for whom he does not care. But then he may be able to console himself in the company of a lot of English aristocratic beauties, as some of his more or less distinguished ancestors have done before him. It's in the blood.

A BIG JOB.

THE St. Louis Republic has a big job on its hands now in its efforts to induce Sec. Carlisle to redeem the certificates issued for silver bullion in "coin," which means either gold or silver. The law permits the use of silver "coin" for this purpose, but it will be a cold day in July when Mr. Cleveland's administration gets out from under the Wall Street domination long enough to do this. If Sec. Carlisle had the nerve to do it there would be a very sudden check on gold shipments abroad.

A CLEVER POLITICAL TRICK.

ONE doesn't hear much of the Hon. David Bennett Hill these days. Mr. Cleveland turned the cleverest political trick of his career in squelching and side-tracking his New York antagonist. He arranged to have Hill call at the White House in spite of the latter's assertion that he would never do so as long as Grover was its master. That visit settled Hill and at one fell swoop the reputation he had made as the anti-Cleveland leader went to pieces. It is singular that Hill fell so easily into the trap.

SUGAR BEETS IN NEW MEXICO.

NEW Mexico farmers should not lose sight of the fact that big profits are to be made out of the cultivation of the sugar beet in this territory. The fact that government tests have shown that New Mexico soil produces more saccharine matter to a given quantity of beets than any other section of country, not excluding Germany and France, ought to stimulate the cultivation of this article.

Whenever a community has progressed far enough in this matter to justify the erection of a sugar factory, there will be no lack of funds to do it with. This subject is one that ought to have earnest champions in every farming community in the territory.

THEN AND NOW.

"The robber tariff" does not seem to be quite as great an iniquity now as it was before Mr. Cleveland's election. Then the vocabulary of vituperation was exhausted in searching for words, where in to denounce the McKinley law, that "eliminating atrocity of protection." Before election it was a burden so oppressive and atrocious, that the demand for its immediate abolition rose strong and loud from Democratic newspapers, Democratic candidates and Democratic stump speakers.

Since then it seems a change has taken place; the people now seem to carry that horrible burden with ease and complacency.

Before election "the robber tariff" was unconstitutional, but now none of the Democratic statesmen and newspapers have very much to say on that point.

Before election the Democratic statesmen, in and out of congress, paid particular attention to the "sufferings of the people" and howled for the abatement of those "sufferings"; now, being in office, they take the Vanderbilt view of the "sufferings" of the people and say "the people be damned." Consistency is a jewel, but a rare one indeed among Democratic statesmen and politicians, enjoying the sweets of office.

THE SPIRIT OF THE PRESS.

A New Citizen for Arizona.

Gen. Weaver will remove to Arizona. The general evidently believes Arizona has grown sufficiently to need a new political party. There is also a nice senatorial boom growing in Arizona which may need reforming.—Denver Sun, Rep.

Notes a Back Number.

Gov. Boies has recently raised a stir by his repudiation of free silver coinage. It makes no difference what Boies may do, now he is a "back number." The silver men will hold the balance of power in the next Iowa legislature.—Denver News, Democrat.

A Pension Policy.

The pension policy of the administration seems to be to evade the execution of laws legally enacted, and send veteran pensioners to death under a cowardly spy system that would disgrace any civilized nation upon the globe. Every spy turned loose will try to earn his salary, and lying will be the cheapest asset of the Democratic party.—Chicago Inter-Ocean, Rep.

Shall We Manufacture?

"Shall we manufacture?" The "Memphis Avalanche" asks the question. The obvious answer is: Certainly not; prepare raw material for free trade. Let the Europeans do the manufacturing. Use the black labor and votes to cheapen white labor and votes and money, and there you have theospel of the Democratic party.—Brooklyn Standard Union, Rep.

No Time to Bother With Pledges.

The country is waiting with a good deal of interest to see what the Democracy intends to do with the platform which was adopted in Chicago last June. Since that party has been in power no attempt has been made to execute the pledges which were then made. No attention has been paid to anything but the spoils. This does not comport with reform professions, but then Democrats never give much heed to ante-election pledges after the contest is decided.—Albany Express, Rep.

The Late Navajo War.

The investigation made by Adj. Gen. Tarsney shows that the recent Navajo scare was almost without any foundation whatever. It is not even certain that the killing of a cowboy and the wounding of another were the acts of Navajos, for there is some reason to believe that in these cases the guilty Indians were Utes. The Navajos are peaceable Indians who are trying to maintain themselves. The government could and should help them by aiding them in improving the grade of their sheep and horses. This is the policy advocated by Gen. Armstrong, the new assistant commissioner of the Indian bureau, and it ought to be applied as soon as possible to the Navajos.—Denver Republican, Rep.

A New Party Probable.

The St. Louis Republic is persistent in its declaration that a new party is coming to the front. In a recent elaborate review of the Louisville convention the St. Louis paper predicts that "there are certain to be great changes in party alignment in the immediate future." It expresses the opinion that these changes may "be temporarily at the expense of the Democratic party," but the ultimate death of the Republican party. It closes by saying: "There will be a new party." The Republic, like many of the leading senators and congressmen of the south, anticipates a presidential veto of a silver bill. That veto will split both of the old parties.—Denver News, Democrat.

What the Navajos Need.

The Navajo outbreak seems to be nearing an amicable settlement. Chief Black Horse has agreed to deliver to the government authorities all the Indians charged with the recent outrages. If he keeps his word, the difficulty will be settled.

Nevertheless, the cases which led to the late disturbance should receive the careful study of the federal authorities with a view to their removal. The trouble comes from the custom of the Navajos in leaving their reservation and occupying the public lands, where they necessarily come in conflict with the white settlers. Although technically the Indians have no right to leave their own lands, yet the facts in the case show that it would be inhuman to deny them the privilege of doing so. The water supply on their reservation is wholly inadequate to support the tribe with their numerous flocks and herds. We can not expect them to live in a desert and could hardly justify ourselves in forcing them back onto their reservation, where their horses, sheep and goats must perish through lack of water and pasturage.

This was the humane view taken of the situation by President Harrison's administration. Last year the president instructed Gen. McCook to divide the reservation into suitable districts and to have made a complete survey and contour map of it "with a view to establishing a system of irrigation and developing a water supply thereon." Gen. McCook was further instructed to submit a detailed estimate of the cost of developing a water supply for the 16,000 Navajos who rightfully belong on the reservation. "I will, doubtless, reach congress on time and should be promptly acted upon. Until the needs of the tribe are met in some such way as this the recurrence of conflict and bloodshed can not be permanently stopped.—New York Press, Rep.

On the move
—Liver, Stomach, and Bowels, after Dr. Pierce's Pleasant Pellets have done their work. It's a healthy movement, too—a natural one. The organs are not forced into activity one day, to sink back into a worse state the next. They're cleansed and regulated—mildly and quietly, without wrenching or gripping. One tiny, sugar-coated Pellet is all that's needed as a gentle laxative; three to four act as a cathartic. They're the smallest, cheapest, the easiest to take. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels are promptly relieved and cured.

BURLINGTON'S NEW FAST TRAIN.

Only 28 Hours—Denver to Chicago.

Under its new summer schedule the Burlington train is enabled to offer increased facilities in train service and fast time to Denver eastward.
Train No. 6, "The Chicago Special," leaves Denver daily at 9:00 a. m., reaching Omaha at 11:40 the next evening and Chicago at 2:15 the next afternoon, making the run—Denver to Chicago—in 28 hours and only one night on the road.
This train has also through Pullman sleepers for Kansas City and St. Louis, making quicker time than any other line.

Train No. 2, popularly known as "The Flyer," continues to leave Denver as formerly, at 8:30 p. m., reaching St. Louis at 7:10 and Chicago at 8:00 the second morning.
Both of these trains consist of vestibule Pullman sleepers, chair cars and diners, serving all meals en route. For full information, tickets and sleeping berths, call on local ticket agents, or address G. W. Valley, General Agent, 1700 Larimer street, Denver.

There is no condition without its remedy. There is no remedy for a diseased condition of the blood and for restoring health equal to De Witt's Sarsaparilla. It cures, it repairs, and that's what you want. New Mexico Drug Store.

A New Party Probable.

The St. Louis Republic is persistent in its declaration that a new party is coming to the front. In a recent elaborate review of the Louisville convention the St. Louis paper predicts that "there are certain to be great changes in party alignment in the immediate future." It expresses the opinion that these changes may "be temporarily at the expense of the Democratic party," but the ultimate death of the Republican party. It closes by saying: "There will be a new party." The Republic, like many of the leading senators and congressmen of the south, anticipates a presidential veto of a silver bill. That veto will split both of the old parties.—Denver News, Democrat.

What the Navajos Need.

The Navajo outbreak seems to be nearing an amicable settlement. Chief Black Horse has agreed to deliver to the government authorities all the Indians charged with the recent outrages. If he keeps his word, the difficulty will be settled.

Where to Stop in Chicago.

The perplexing question which is every day asked by people who desire to go to Chicago to attend the World's fair, is "Where are we going to stay when we get there?" This is easily answered, and if you will go to the ticket agent of the Santa Fe, Mr. W. M. Smith, he will tell you.

Arrangements have been made for the distribution by the Santa Fe company of a pamphlet entitled "Homes for Visitors to the World's Fair." This is a reliable pamphlet containing the names and addresses of about 9,000 families who will furnish accommodations to visitors from May 1 to October 31, 1893. The pamphlet also contains sectional maps which will enable the intending visitor to select any quarter of the city that he would prefer. Correspondence can then be carried on and definite arrangements made so that when visitors arrive in Chicago they can proceed at once to their quarters.

Star of the South.

Go to Velasco for health, sea air, and comfort; where ships too deep for all other Texas ports sail in and out with ease; where fruits ripen earlier and pay better than in California, where the soil is a natural hot-bed. Fresh vegetables all winter. Coldest day in three years 25 degrees above zero. Warmest day 92 degrees. Velasco offers the best investments in the south. Write the Commercial club, Velasco Texas.

Legal Notice.

In the matter of the vol- District Court, Santa Fe Co. No. 3055.
The Fischer Brewing Company for the benefit of its creditors.

Office of the clerk of the 1st judicial district court, in and for the county of Santa Fe, territory of New Mexico, ss:
I, R. M. Goshorn, clerk of said court, do hereby give notice, pursuant to an order of the judge of this honorable court, dated May 18, 1893, and duly entered and filed on that day, that on said day and year, John G. Schumann, reg., the assignee herein, exhibited on oath to the judge of said court (in vacation) a statement of the accounts of his trust as such assignee, with proper vouchers, since the exhibiting and filing of his last account herein; that said first above mentioned statement and vouchers purport to be for the three months ending March 31, 1893, and the same were duly filed in my office on said 18th day of May, A. D. 1893. I do further give notice that, pursuant to the terms of said order, said accounts will be allowed pursuant to statute, (unless good cause to the contrary is shown) by the honorable judge of said court (in vacation) at his chambers in the court house of said county, in the city of Santa Fe, on Saturday, the 27th day of May, A. D. 1893, at the hour of 10 o'clock in the forenoon, or as soon thereafter as counsel can be heard.

In witness whereof, I have hereunto set my hand and affixed the official seal of said court, at my office in said county, this 16th day of May, A. D. 1893.
R. M. Goshorn, Clerk.

Don't You Know

that you can secure almost immediate relief from indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with indigestion and the like. It is the inaction of the liver that causes indigestion, and that fullness; also constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons Liver Regulator—a medicine unfailing and purely vegetable.

From Rev. M. B. Wharton, Baltimore, Md.
"It affords me pleasure to add my testimony to the great virtues of Simmons Liver Regulator. I have had experience with it, as occasion demanded, for many years, and regard it as the greatest medicine of the times. So good a medicine deserves universal commendation."
