NO. 198.

## IF!—BENJAMIN FRANKLIN

Was on deck now and could see those Franklin Stoves at Goebel's which are named after him, he would indeed be surprised, but the low price at which they are sold would cause him to drop his loaf of bread from under his arm and take a stove for this winter, instead of trying to depend on a fire-place.

## BRIEF WIRINGS.

New York, Oct. 9.—Silver is steady at 75 1/2.

### De Lesseps.

Paris, Oct. 9.—Count Ferdinand de Lesseps is dying.

### Called a Conference.

London, Oct. 9.—The mayors of the towns affected by the coal strike have called a meeting at Sheffield to consider a settlement of the dispute between miners and owners.

### Charged With Arson.

Pittsburg, Oct. 9.—Jacob C. Heinze, of the firm of Heinze Bros. company, pickle and preserve dealers, had a hearing today on the charge of arson and was held in the sum of \$2,000 bail, which was promptly furnished.

### A Street Car Robbery.

Des Moines, Oct. 9.—Four masked men attacked an Ingersoll avenue electric car at a lonely bottom early this morning. They cut the trolley rope, leaving the car in darkness, and robbed the motor man and the conductor and escaped.

### Religious Congress.

Chicago, Oct. 9.—The second session of the World's congress of the Evangelical alliance opened today with a general discussion on the religious condition of protestant christendom. The speakers were Col. L. Nephew, of the Netherlands; Prof. Jean Pancy, of Vassar college, and Rev. W. Falk Gieszen, of Scandinavia.

### The Next World's Exposition.

Paris, Oct. 9.—Temporary offices for the committee on organization of the next French World's exposition, to be held in this city in 1900, have been opened in the Rue St. Honore. A staff of twenty clerks has been engaged for the preliminary work, which will be under the direction of Commissary General Alfred Picard.

## CONGRESSIONAL.

### SENATE.

Washington, Oct. 9.—Senator Harris, of Tennessee, rose to a question of privilege after the assembling of the senate and presented the joint resolutions adopted at a meeting of the Memphis cotton exchange and chamber of commerce condemning the Tennessee senators, Harris and Bate, for speaking against and antagonizing the passage of the silver purchase law repeal bill. The senator spoke at some length upon the resolutions denying the charges contained therein in full. Senator Wolcott then addressed the senate in favor of his resolution to carry into legislation the declaration of Senator Voorhees in the latter's substitute for the Wilson repeal bill favoring and declaring for bi-metalism.

### HOUSE.

The debate on the federal election law repeal is still on; Aldrich, of Illinois, made a strong speech in opposition to repeal; Dooliver, of Iowa, followed in a powerful speech in which he opposed repeal and stated that the federal election laws were of vast importance to the people of this country and should remain on the statute books.

### Sixty Years Ago.

New York, Oct. 9.—Sixty years ago yesterday the first mass was celebrated in the church of St. Nicholas and the event was yesterday commemorated with high pontifical ceremonies, in which Archbishop Corrigan and a large number of the clergy took part. Thirteen Gothic memorial windows which have been placed in the sanctuary by wealthy members of the parish were also dedicated.

### No More Shells.

Washington, Oct. 9.—President Peixoto, of Brazil, has consented to dismount the guns in Rio, and Admiral De Mello, commander of the insurgents, has agreed not to fire on the city so long as the guns remain dismounted. This agreement was, it is believed, brought about by the efforts by the representatives of the foreign powers at Brazil. For the last week the foreign ministers have been trying to bring about an arrangement to save the Brazilian capital from destruction at the hands of the rebels.

### AMICK'S CURES.

Marked Success Said to Be Attending the New Consumption Remedy.

Cincinnati, Ohio, Oct. 7.—The fame of the city as a center of medical research has gone to the ends of the earth. D. C. Howard Strong, of Cape Town, South Africa, has been here a week investigating the Amick cure for consumption and takes back with him sufficient medicine for sixty patients. He said from New York October 10, Dr. Joaquin Dumas, secretary of Cuba's delegation to the Pan-American Medical congress, was also sufficiently impressed to order the Amick medicine and another delegate obtained a supply for Venezuela. In far off Alaska an American physician, Dr. Arthur Jordan, is stopping the ravages of consumption amongst the natives on the island of St. George with Amick's help; and the Cincinnati discoverers offer to physicians anywhere of free test medicines for any number of patients as an eagerly accepted in the frozen north as in the southern tropics.

## THE GREAT BATTLE.

Wednesday Night Will See the Silver Fight Nearing an End—A Critical Time.

What Western Republicans Will Do to Help the White Metal—Manderson's Views.

Washington, Oct. 9.—Next Wednesday will practically decide the fate of the silver bill. The silver men are counting upon the difficulty of the repeaters holding a quorum. They know that some of the men who are counted in the repeal ranks are not sincerely for repeal and that they will flunk at the critical moment.

THE SILVER REPUBLICANS have openly announced that they will flunk. There will be no concealment about it. When 6 o'clock comes Wednesday evening a motion to adjourn will be made from the silver side. If the repeaters have their full ranks this motion will be defeated. Then the filibustering will commence. The opposition will not make even a pretense of talking, but will use all the time of the session by making motions, which will necessitate a call of the roll. Motions to adjourn or go into executive session and to take a recess will follow one another in regular rotation and these motions can be repeated without end. To be able to demand a roll call.

THE SILVER MEN must have from twelve to fifteen senators present. They claim they will have this and more. To obtain breathing time they will make a point of no quorum whenever the opportunity presents itself. In this way the long hours of the session will drag themselves away.

MANDERSON'S VIEW. Senator Manderson authorizes the statement that in his opinion this test of physical endurance will result in either a compromise or an adjournment of congress.

If Cleveland in the end, refuses to sanction a compromise measure granting concessions to the silver men the present Sherman law will certainly stand. No one with any insight into the situation as it now stands in congress believes that there can be any other outcome. If the Sherman purchase clause is not repealed there will be no

NO OTHER LEGISLATION of any importance in this session or in the regular session, which will convene on December 7. The elections repeal bill will be defeated as will also the bill to repeal the McKinley law unless the silver purchase clause is repealed. No bills except those in the nature of an appropriation measure will be passed at this extraordinary session or at the regular session of the 53rd congress.

## CHICAGO DAY.

The Great Crash—10,000 People Sleep in the Streets—A Marvelous Western Enterprise.

Chicago, Oct. 9.—This is Chicago day truly. The greatest crowds ever known through the city to overflowing. All means of transportation to Jackson park and the World's fair grounds are absolutely inadequate and completely swamped. Even the Illinois Central railroad viaduct is packed with a dense mass of humanity. Men are fighting for places to get on the cars. The streets are filled with the hundreds of people leading to the fair grounds and

PAINTING WOMEN are being held above heads of crowds. A similar state of affairs is the order at all street car lines and elevated road stations. The side-walks on the principal streets are fearfully crowded with people waiting to get on the cars. It is not possible to even transport the dense masses of humanity to the fair grounds and how to get them back, should they reach there, is still a greater puzzle.

SLEPT IN THE STREET. It is estimated that 10,000 people slept in the streets of the city last night, there being no accommodations for them in the central portion of the city, at least. Visitors by the hundreds flocked into the police stations and asked for the privilege of sleeping on the floor.

Special orders issued to the police department not to disturb people found asleep on the streets, saloons or other public places. At the leading hotels and in many public resorts chairs rented during the night at \$1 each.

AT THE FAIR GROUNDS. Patriotic airs were rendered by 300 bands and orchestras united and a chorus of 2,000 voices, and the exercises were of a patriotic character throughout. Tonight a grand street regatta will parade the streets and the floats will be manned by 500 persons, while 2,500 horses will be required to carry out the elaborate program.

Two hundred singers from the Cherokee nation will accompany the 1812 float, and Chief Pokegon, of Hartford, Mich., who is a son of the Potawatomi chief who originally owned the ground upon which Chicago stands, will be upon the float.

Little vegetable health producers: De Witt's Little Early Risers cure malarial disorders and regulate the stomach and bowels, which prevents headache and dizziness. New Mexico Drug Store.

## WINS AGAIN.

The Vigilant Leads the Valkyrie for a Second Time.

Sandy Hook, Oct. 9.—The second out of the three contests to be sailed by the Vigilant and Valkyrie for the American cup took place today. The course is over a triangle of thirty miles.

### THE START.

The yachts got away amid the greatest enthusiasm on the part of the crowd, the Valkyrie slightly leading. At 11:43 the wind was blowing twenty miles an hour and the Valkyrie was four lengths ahead.

### THE VIGILANT GAINS.

At 1:10 p. m. the wind had increased to twenty-four miles an hour and the Vigilant had made a spurt that sent her five lengths ahead of the Valkyrie, and again came off victorious.

## REPORT OF THE CONDITION OF THE FIRST NATIONAL BANK

of Santa Fe, At Santa Fe, in the Territory of New Mexico, at the close of business Oct. 3, 1893.

RESOURCES.	
Loans and discounts	\$247,870 40
Overdrafts, secured and unsecured	5,207 31
U. S. Bonds to secure circulation	40,000 00
U. S. Bonds to secure deposits	20,000 00
Stocks, securities, etc.	25,801 48
Due from approved reserve agents	32,606 25
Due from other National Banks subject to check	55,301 30
Due from State Banks and bankers subject to check	730 70
Real estate, furniture and fixtures	28,291 00
Other real estate and mortgages owned	520 00
Current expenses and taxes paid	1,747 24
Premiums on U. S. Bonds	9,600 00
Fractional paper currency, nickels and cents	127 86
Specie	28,736 40
Legal-tender notes	13,956 00
Redemption fund with U. S. Treasurer (5 per cent of circulation)	1,800 00
Total	\$512,181 37

LIABILITIES.	
Capital stock paid in	\$100,000 00
Surplus fund	26,000 00
Undivided profits	13,823 40
National Bank notes outstanding	30,000 00
Individual deposits outstanding	78,969 20
Demand certificates of deposit	20,750 17
Certified checks	45 00
Cashier's checks outstanding	14 85
United States deposits	19,434 01
Deposits of U. S. disbursing officers	22,743 26
Due to other National Banks subject to check	5,985 24
Due to State Banks and bankers subject to check	647 54
Notes and bills rediscounted	3,010 00
Bills payable, including certificates of deposit representing money borrowed	12,000 00
Total	\$512,181 37

## TERRITORIAL TIPS.

ALBUQUERQUE ATOMS. There are sixty pupils enrolled at the university.

Albuquerque boasts of the excellence of its Catholic church choir music.

Mr. Albert Grunfeld and son, Ivan, left last night with Gen. Supt. Gable in his private car for California, where they will spend several weeks recuperating.

The Eagle base ball club of Las Vegas have challenged the Browns of this city for a game at Las Vegas, for a purse or side bet, or both.

A party of the cyclists of the town left Sunday morning for Tijeras Pass and San Pedro. Those who made the run are John S. English, Tom Scott, Arthur L. Barney, Alfred Frost and Mr. Brooks.

The murder case of Ernest Hart, one of the alleged murderers of N. J. Sanchez, who was killed in this city on the 20th of July, 1892, during the performance of John Robinson's circus, is on trial in the district court today.

Bids were opened in Architect Cristy's office yesterday afternoon for the enlargement of the house owned by J. Yrisarri, esq., Silver avenue and Fifth street. There were ten bids, the highest of which was \$1,536, the lowest \$956, showing that "we do not all look at the same thing alike."—Times.

SOCORRO SIFTINGS. There was a slight frost last Tuesday night, but not enough to do much damage.

The Rio Grande Smelting company is buying all the ores it can get, silver, lead and gold.

The passenger and freight traffic of the Santa Fe is steadily increasing throughout New Mexico.—Chieftain.

W. H. Patterson returned to his home in Ohio, this week. He will come back in about two months and make Socorro his future home.

On Monday night the city council passed a vote of thanks to Mayor Esteban Baca for the manner in which he had conducted the public work at the point of the mountain.

The Santa Fe has been repairing all bridges and culverts leading to the clay works. A new manager is expected soon, when the works will start on a larger scale than ever.

### LAS VEGAS LOCALS.

Rev. A. A. Layton is probing into the affairs of the "home" conducted by the Ladies' Relief society.

Horse rallies are contrary to law, but they take place at Las Vegas.

It would seem that the penitentiary is yawning for Geo. W. Fuller, Lincoln avenue liveryman, for the reason that before leaving town between two days and many creditors in the lurch, he disposed of some mortgaged horses and buggies.

A thief stalked into J. N. Farlong's photograph gallery and appropriated every stitch of that gentleman's clothing; also a pair of costly opera glasses. The office of Geo. W. Bell, in the railroad yard, was broken into and a quantity of clothing stolen; also the clothing of a man employed at the coal chutes, and their well-filled dinner pails, were made away with by the night prowlers.

Race course notes: "Gray Daisy," Joe Blakely's mare, beat "Kingaroo Dick," owned by E. H. Crews, by a neck; distance one-fourth mile, \$50 a side; time twenty-five seconds. Alex. McElroy's "Hammer" beat Blakely's "Indian," quarter mile dash, by a length; time twenty-five seconds, \$25 a side. Moya's "Mexican Charley" beat Oldham's "Kentucky Dick," distance 300 yards; time twenty-three seconds, \$10 a side.

Among the Things That were. At Ranchos of Taos, last week, Isaac Martinez returned home at night, to find his own uncle in a compromising position with Isaac's wife. The uncle opened fire, as soon as discovered, but Isaac proved the better marksman, and the uncle was numbered with the things that were. The next morning, Martinez gave himself up, and after two trials was freely exonerated.—Las Vegas Optic.

Star of the Month. Go to Velasco for health, sea air, and comfort; where ships too deep for all other Texas ports sail in and out with ease; where fruits ripen earlier and pay better than in California, where the soil is a natural hot-bed. Fresh vegetables all winter. Coldest day in three years 25 degrees above zero. Warmest day 92 degrees. Velasco offers the best investments in the south. Write the Commercial club, Velasco Texas.

## SOUTHWESTERN NEWS NOTES.

The Denning Tanning Extract company is now shipping extract to Vienna, Hamburg and Liverpool.

The Lightbody ranch, and the experimental farm, in part were again flooded by the rain, which fell Thursday evening.—Las Cruces Independent Democrat.

The Maxwell Grant company is cutting, stacking and hauling hay outside of the Crow creek fence, Colfax county, something that has not been done for eight years.

The Rio Grande was out of its banks in several places near this city yesterday, and the gates had to be closed and the pumps started on our main discharge sewer.—El Paso Times.

Taos valley this year boasts of 250,000 bushels of wheat to grind and good mills to flour it; plenty of oats and fat stock, grama grass, alfalfa, timothy, red top and blue grass hay in abundance.

The reason secret marriages are so easy in New Mexico is that no license is required, and the party tying the nuptial knot is allowed six months in which to make a report to the proper officials.—Trinidad Advertiser.

Cassius Belden, the Chicago crank who fired into the crowd in the board of trade building recently, formerly lived in Las Vegas, where he is now employed as an extraordinary good carriage painter, employed by Potter & Co., from 1880 to 1892.

C. D. Bonney, one of the owners of the Mormona mine on the eastern slope of the Organ mountains, "which is now acknowledged to be the richest gold mine in New Mexico," says the El Paso Times, is now in El Paso "to see about diverting the product and the trade of the coming gold and coal camp to El Paso."

The Eddy Hunt is evidently trying to play even. Hear this: "Nearly every citizen in Eddy has been fined for alleged violation of some law or ordinance. While trying to collect a bill from a delinquent the Current editor was fined \$3 and costs for talking too forcibly. We take our medicine without a murmur, as did the mayor and other citizens for other little offenses, and will take our men off the street to talk them into paying in the future."

### Work That Counts.

Messrs. Brooks and Cleland were out yesterday soliciting subscriptions for the printing and mailing of 20,000 health pamphlets, edited and prepared by E. A. Long. About \$800 was subscribed, but they need about \$1,400, which they claim will be easily secured. These pamphlets will be mailed to physicians all over the country, urging them to send their weak-lunged and invalid patients to this valley.—Albuquerque Times.

This is the right sort of enterprise. It is a cold day, indeed, when Albuquerqueans are not working for the benefit of their town. This action is in marked contrast to the methods that prevail in Santa Fe, which is really the greatest sanitarium of the world, and only needs to have the facts properly set forth to the eastern public to cause the expenditure here of thousands of dollars annually by people who come to receive benefit from a residence in this climate.

Mr. A. D. Leonard

Of Ulen, N. Y., suffered severely from Liver and Kidney troubles, causing great pain and That Tired Feeling. Other medicines failed to do him any good, but so successful and satisfactory was Hood's Sarsaparilla that he has taken no other medicine and is now well. The best known kidney and liver remedies are so happily combined with tonics and alteratives in Hood's Sarsaparilla

that it is an unequalled remedy for all troubles with these important organs, overcomes That Tired Feeling and makes the weak strong. HOOD'S PILLS cure Habitual Constipation by restoring peristaltic action of the alimentary canal.

New Mexican Printing Co., Santa Fe, New Mexico.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

MONDAY, OCTOBER 9.

The Vigilant won Saturday's race; America to the front against the Britisher and every other foreigner.

The repeaters in the United States senate are not quite as certain of victory as they were six weeks ago.

There is too much undesirable immigration still coming to this country; stop it and as quickly as possible.

The New Mexican is the organ of no single section of this territory; it is the organ of New Mexico as a whole.

Do not wait till the clouds roll by; put your shoulders to the wheel and push New Mexico ahead now and keep on doing so.

The state of New Mexico, no more and no less; Arizona can take care of herself as a state and so can New Mexico; no combination is wanted.

Comparisons may be odious, but a just comparison will award the palm as being the best territorial newspaper in New Mexico to the Santa Fe New Mexican.

The Democratic newspapers, that expect Mr. Cleveland to withdraw Mr. Jimmie Van Allen's nomination as minister to Italy, do not know their man, that's all.

The federal election law repeal bill is holding the boards in the house of representatives of the present congress and is being made quite a spectacle of, but one that is not creditable to the country at large.

The extraordinary session of the 53d congress has been on for two months and the president's desire as to the repeal of the purchasing clause of the Sherman act has not yet been gratified; even presidents do not get all they desire upon this mundane sphere.

The Albuquerque Citizen has passed the eighth mile stone in its existence; it is an excellent paper, heartily and honestly devoted to the advancement of the best interests of the city, county and territory it is published in. Hon. Thomas Hughes, its editor, believes in making the Citizen an honest, energetic, clean and new paper and succeeds admirably. The best wishes of this journal for the future of the Citizen and its editor.

"The Sunshine State" is the pride of appellation used by New Mexicans in speaking of their state that is to be. It is doubtful if any other part of the world is more royally entitled to such a descriptive epithet.—Fort Worth Gazette.

Yes, and New Mexico is fully fairly and justly entitled to that prideful appellation and to statehood; the representatives of the state of Texas in the senate and in the house of representatives of the 53d congress should aid New Mexico to attain her desire.

The removal of Gov. Hughes will come none too soon. An honest, fearless and progressive Democrat should occupy the executive chair during the coming winter, or the progress of Arizona to statehood will be materially retarded.—Phoenix Gazette.

There seems to be somewhat of a row among the Democratic officials in our sister territory; the Gazette is a Democratic paper but fights Mr. Cleveland's appointee for governor, L. C. Hughes, bitterly and uncompromisingly. It's none of our fight and the Arizona Democrats probably know what they are about.

## SIERRA A WINNER.

The St. Louis Globe-Democrat announced in its Chicago dispatches the other day that Santa Fe county had been awarded three of the best premiums given in the department of mines and mining at the World's fair. The item was copied into these columns on Saturday, with full credit, and part of the edition was

run off before it was discovered that the Globe-Democrat's dispatch was inaccurate and that the awards really went to Sierra county. The New Mexican's press was stopped and the error corrected. This journal is nothing if it isn't fair. Santa Fe county had no exhibit at the great exposition, while on the other hand Sierra county made an excellent showing and should have full credit for the awards brought to New Mexico.

## THE NINTH WEEK.

At last the Cleveland administration has practically acknowledged its defeat on the silver question and has shown its hand by coming forward through Sec. Carlisle and offering to compromise. It is clear that, in the face of repudiation by the people and a Democratic senate of his schemes, Mr. Cleveland is going to permit the west to have just as little as he possibly can. This is his idea of statesmanship. But if he thinks for an instant that the west will accept any such sop as Carlisle offers in his suggestion to compromise he is very seriously in error. The idea even is enough to make a horse laugh.

The offer to compromise is an acknowledgment that the silver men have the best of the fight and if they can force the offer from the administration they can eventually get a better one—and they will.

Senator Voorhees will on Wednesday next ask the senate to remain in continuous session until the unconditional repeal question is disposed of. This means a test vote on the whole silver proposition. Thus the ninth week of this extraordinary session of congress opens with more interest than ever for western readers.

## THE PRICE OF CATTLE.

It Must and Will Advance—Such is the Logic of the Situation.

The shipment of Texas cattle to Chicago fell off 90,000 head in the month of September as compared with September of last year. Such a remarkable decrease in shipments can be accounted for only by the scarcity of the cattle. If they were here, the financial condition is such as to compel the owners to market them, for cattlemen are as much pushed for money as any class of men. That the cattle were not sold because they were not here to sell. This amounts to little with the man who has sold out, but to him who has a little herd it means much—to wit, that prices will go up, and he will get more for what he has left. While wheat has fallen until the market price is 50 per cent less than it was a year ago, cattle are worth more to-day than they have been at any time for six or seven years. There is large money in cattle as soon as the business world pulls itself together and gets to distributing cash again.—Fort Worth Gazette.

## CRANK PROPOSITIONS.

New Mexico and Arizona Must Beat Themselves to Defeat Them.

The gold-bug Democratic papers of the country are opposed to the admission to statehood of the Rocky mountain territories, because they will increase the silver power in the senate, just as many of the Republican papers oppose their admission because they are supposed to be Democratic. Thus it appears that New Mexico, Arizona and Utah are between the devil and the deep sea. The Globe-Democrat says:

"The compromise that is being proposed on the territorial admission question is entitled to some consideration. This proposition is to annex Utah to Nevada and to unite Arizona to New Mexico, and to admit them as one state. Under this arrangement Nevada would have about 220,000 instead of 40,000, and the New Mexico-Arizona combination would be 220,000. If these territories are admitted to statehood in the next ten years, they will have to come in under some such conditions as these.

The Cleveland, Ohio, Leader is even more candid. It says:

It is generally felt that it would be well if some provision could be made whereby all the territories might be given the benefits of statehood, and a compromise is suggested that meets with favor from many quarters. By it Utah is annexed to the present rotten borough of Nevada, and Arizona and New Mexico are united. In area neither of the new commonwealths would be as large as Texas, and the rejuvenated Nevada would have a not much greater territory than that of California. This proposition to unite the scattered populations of areas that have a mere fraction of fertile soil in a great waste of mountains and desert country, is eminently wise and sensible. It would give Nevada some character and make her less of a rotten borough than now, while the residents of Utah would be granted full privileges as citizens, as would those of Arizona and New Mexico also. If any change in the territories is to be made, this is undoubtedly what the best interests of the nation demand should be done."

The folly of this proposition is only equalled by its stupid partisanship. The proposers evidently forgot that Nevada is a state, and that she can neither be deprived of statehood nor compelled to lose herself in the proposed absorption by Utah. If statehood depends on these combinations, it will never come, for the people of the different sections mentioned, would indignantly reject the "compromise." Our only hope is that the party love of the Democratic majority in congress will be stronger than their silver hatred, and thus the three Rocky mountain territories may be admitted by the present congress.—Las Vegas Optic.

# Where to Stop in Chicago.

The perplexing question which is every day asked by people who desire to go to Chicago to attend the World's fair is "Where are we going to stay when we get there?" This is easily answered, and if you will go to the ticket agent of the Santa Fe, Mr. W. M. Smith, he will tell you.

Arrangements have been made for the distribution by Santa Fe company of a pamphlet entitled "Homes for Visitors to the World's Fair." This is a reliable pamphlet containing the names and addresses of about 9,000 families who will furnish accommodations to visitors from May 1 to October 31, 1893. The pamphlet also contains sectional maps which will enable the intending visitor to select any quarter of the city that he would prefer. Correspondence can then be carried on and definite arrangements made so that when visitors arrive in Chicago they can proceed at once to their quarters.

## The Alameda.

A new and very attractive resort in the charming Mesilla valley, one mile from Las Cruces, N. M. Thoroughly comfortable and home-like. Strictly first-class in every respect. The choicest of fresh fruits at all seasons and Jersey milk and cream a specialty. Livery furnished at reasonable rates. Terms \$10 to \$14 per week. For further particulars, address J. E. Lutz, Las Cruces, N. M.

# WORLD'S FAIR.

How to economize time and money as to see the World's fair to best advantage, is a question that may have puzzled you. Avoid mistakes by getting posted in advance. Perhaps the illustrated folder just issued by Santa Fe route is what you need. It contains views of World's fair buildings, accurate map of Chicago, and other information of value to sight-seers. G. T. Nicholson, G. P. & T. A., T. & S. F. R. R., Topeka, Kas., SANTA FE ROUTE, and ask for free copy.

Our word describes it—"perfection." We refer to De Witt's Witch Hazel Salve cures obstinate sores, burns, skin diseases and is a well known cure for piles. New Mexico Drug Store.

## Important Announcement.

To Those Who Contemplate a Trip to the World's Fair.

Under its new summer schedule now in effect, the Burlington route is enabled to offer increased facilities in train service and time from Denver eastward. Train No. 6, "the Chicago and St. Louis special," leaves Denver daily at 8:35 a. m., reaching Chicago at 4:10 and St. Louis at 3:00 p. m., the next afternoon, being only one night on the road.

Train No. 2, the popular evening "Flyer," leaves Denver at 10:15 p. m., reaching Chicago at 8:20 and St. Louis at 7:25 the second morning.

These trains consist of vestibuled Pullman sleepers, chair cars and diners, serving all meals en route, and making quicker time by several hours than any other road. For full information, tickets and sleeping berths, call on local ticket agents, or address G. W. Valley, General Agent, 1700 Larimer street, Denver.

Little vegetable health producers: De Witt's Little Early Bitters cure malarious disorders and regulate the stomach and bowels, which prevents headache and dizziness. New Mexico Drug Store.

## If You are Going East

It will be to your advantage to know the Wabash is the shortest line between Kansas City and St. Louis.

The Wabash is the shortest and most direct route between Kansas City and St. Louis, connecting at both those points with the trunk lines east. The Wabash offers the most convenient route from western points to Chicago, and lands passengers in Chicago more conveniently to the World's fair lines than any other road.

The Wabash runs finer equipments for both first and second-class passengers than any other route. Call or write C. M. Hargreaves, Gen'l Agent, 1224 17th St., Denver, Colo.

## SHOOTING STARS.

**Happy Ending.**  
Will there be a meeting between Brown and Jones?  
No.  
Isn't there a question of veracity between them?  
No. They each called the other a liar and the referees decided both were right.  
—Puck.

**Twenty Years' Experience.**  
C. D. Fredricks, the well-known photographer, 770 Broadway, New York, says: "I have been using Allcock's Porous Plaster for 20 years, and found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back Allcock's Plaster fills the body with nervous energy, and thus cures fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pains in side, back or chest, indigestion or bowel complaint."

**Too Late.**  
Mr. Finnigan—Ye kin charge that drink to me, Finnigan.  
Bartender—Hold out (Raising his voice). Say, is Finnigan good for a drink?  
Proprietor (from the inside room)—Has he had it yet?  
Bartender—Yes.  
Proprietor (shortly)—He's good for it.  
—Life.

**Safety From a Periodic Scourge.**  
Do you want to be insured, dweller in a malarious region, against the periodic scourge which threatens to assail you in the form of chills and fever or some of the forms of malarial disease? It goes without saying, that you do. Then, instead of using quinine or other alkaloid and mineral drugs, which merely relieve and are always detrimental to general health, seek aid where it is always forthcoming and where it is through preventive and remedial. Hostetter's Stomach Bitters, which, in regions where malaria is far more violent and prevalent than it is in this country, eradicates it completely from the system. Biliousness, dyspepsia, constipation, kidney and nervous complaints, neuralgia and rheumatism are among the maladies to which the national tonic and corrector is adapted. Physicians everywhere know its genuine worth.

**Not If He Knew It.**  
A few weeks ago a railway collision killed, among others, a passenger living in a country town. His remains were sent home and a few days after the funeral the solicitor to the company called upon the widow to effect a settlement. She placed her damages at \$5,000.  
Oh, that sum is unreasonable! replied the solicitor. Your husband was nearly 80 years old?  
Yes, sir.  
And lame?  
Yes.  
And his general health was poor?  
Very.  
And he probably would not have lived more than five years?  
Probably not, sir.  
Then it seems to me that \$400 or \$500 would be a fair compensation.  
Four or five hundred? she echoed.  
Why, sir. I counted that man for ten years, ran after him for ten more, to get him to marry me. Do you suppose that I'm going to settle for bare cost of shoe leather and ammunition?

The man of law concluded that she deserved all she could get.—Spare Moments.  
Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold, and greatly lessen its severity, if not effectually cure the cold in two days' time, and it is the only remedy that will do this. It acts in perfect harmony with nature and aids nature in relieving the lungs, opening the secretions, loosening the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly or leave the system as sound a condition. For sale by A. C. Ireland, Jr.

**Didn't Regret It.**  
Belle—Are you glad you lit Fred?  
Maud—Of course I am. Why, it nearly killed him.—Truth.

"During my term of service in the army I contracted chronic diarrhoea," says A. E. Belding, of Halsey, Oregon. "Since then I have used a great amount of medicine, but when I found that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow." For sale by A. C. Ireland, Jr.

**Consolidation.**  
Jens—After Brice and Miss Bagley marry, they are to amalgamate their fortunes.  
Bess—On what basis?  
Jens—About the same as Jonah and the whale did.—Puck.

If you can afford to be annoyed by sick headache and constipation, don't use De Witt's Little Pills, for these little pills will cure them. New Mexico Drug Store.

**A Menaceless Policy.**  
Mary Gold—Papa, you know I've been interested in finance since I studied political economy at Vassar. But there's one thing that isn't quite clear to me.  
Old Gold—What is that?  
Mary Gold—Why should be Government accumulate bouillon in the treasury?  
—Puck.

"I consider Chamberlain's Cough Remedy a specific for croup. It is very pleasant to take, which is one of the most important requisites where a cough remedy is intended for use among children. I have known of cases of croup where I knew the life of a little one was saved by the use of Chamberlain's Cough Remedy." J. C. LaGrange, druggist, Avon, Neb. 50 cents bottles for sale by A. C. Ireland, Jr.

**Mistook Her for a Man.**  
The maid wore a coat, collar, necktie and shirt.  
And parted her hair on the side.  
But when some one addressed her as sir she felt hurt  
And ran to her chamber and cried.

**A Landslide, Very Marked Results.**  
The term landslide usually conveys intelligence of disaster, whereby many are killed, but this is used to indicate the enormous sales of Dr. Miles' Restorative Nervine, a remedy that is daily saving the lives of thousands who are suffering from nervous disorders. It cures palpitation, nervous prostration, headache, backache, spinal diseases, hysteria, ill effects of spirits confusion of mind, etc. and builds up the body surprisingly. Brown & Maybury, Cortland, N. Y., say one patient used Nervine and gained fifteen pounds of flesh. Sold by A. C. Ireland, Jr., the druggist, on a guarantee. Get a book free.

**Hypothesis.**  
He—Will you be my wife?  
She—You must ask mamma first.  
He—But suppose she doesn't refuse me?

Dr. P. A. Skinner, of Texarkana, Arkansas, is an enthusiast in the praise of Chamberlain's Pain Balm. He used it for rheumatism, and says: "I found it to be the most excellent local remedy." For sale by A. C. Ireland, Jr.

**Oh No!**  
He—What if I steal a kiss?  
She—I hope that you will never be guilty of keeping stolen goods.—Truth.

**Miles' Nerve & Liver Pills.**  
Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, children. Small size, mildest, surest, 50 doses 25 cts. Samples free, at A. C. Ireland, Jr.

**Tantamount to a Rejection.**  
The youth resolved to know his fate  
And drew a long, deep breath;  
"When will you wed me? Tell me, Kate  
Suspense is worse than death."  
She said: "There's time enough, land sakes  
Alive! Get up—don't kneel;  
I'll wed you when the Senate takes  
A vote, John, on repeal!"

**Immense, that's what they all say.**  
It is customary in these later days to express our perfect satisfaction with a thing by saying "It's immense!" It's so expressive that nothing can be added. Geo. L. Fink, Philadelphia Pa., says, "My life has been taking your New Cure for the Heart and says it is immense!" She has not been troubled with pain or smothering spells since using it." Jno. L. Roberts, Stirlington, Pa., says he is 75 years old, and has suffered from heart disease over 40 years. Was treated without avail by prominent New York physicians; grew constantly worse; took Dr. Miles New Heart Cure and was completely cured. Sold by A. C. Ireland, Jr. on a guarantee.

**A Mesalliance.**  
Pike—Did you read about the Kansas farmer who killed himself because his daughter disgraced the family?  
Dyke—No; what did she do?  
Pike—Married a gold-bug.—Puck.

All the talk in the world will not convince you so quickly as one trial of De Witt's Little Hazel Salve for scalds, burns, bruises, skin affections and piles. New Mexico Drug Store.

**The Collecting Fat.**  
Clara—And are you having a nice time this summer?  
Lonnie—Perfectly lovely! I don't want to boast, dear, but when I return to Syracuse I'll have the finest collection of souvenir engagement-rings that you ever saw.—Judge.

We could not improve the quality if paid double the price. De Witt's Little Hazel Salve is the best Salve that experience can produce, or that money can buy. New Mexico Drug Store.

**Business Notice.**  
Frank Masterson has fitted up his cabinet maker and carpenter shop, on corner opposite the People's office on Water street. He is prepared to do all kinds of upholstery, cabinet making and general carpenter work, with neatness and dispatch, and solicits the public's patronage. If you have any extra nice or difficult work to do, give him a call.

**Ignorance of the merits of De Witt's Little Hazel Salve is a misfortune.** These little pills regulate the liver, cure headache, dyspepsia, bad breath, constipation and biliousness. New Mexico Drug Store.

**When Your Eye Strikes This Stop and Read It.**

The famous hot springs of Arkansas, world renowned for their health qualities, and as a health and pleasure resort, can be reached quickly in Pullman buffet sleeping cars from Denver, Colorado Springs and Pueblo via the Missouri Pacific railway. Sufferers of "grippe," influenza, asthma and kindred diseases can obtain relief by a visit to this famous sanitarium.

All that honesty, experience and skill can do to produce a perfect pill, has been employed in making De Witt's Little Hazel Salve. The result is a specific for sick headache, biliousness and constipation. New Mexico Drug Store.

**Star of the South.**  
Go to Velasco for health, sea air, and comfort; where ships too deep for all other Texas ports sail in and out with ease; where fruits ripen earlier and pay better than in California, where the soil is a natural hot-bed. Fresh vegetables all winter. Coldest day in three years 25 degrees above zero. Warmest day 92 degrees. Velasco offers the best investments in the south. Write the Commercial club, Velasco Texas.

**FREE in CHEROKEE STRIP.**  
Write to G. T. Nicholson, G. P. & T. A., A. T. & S. F. R. R., Topeka, Kas., for free copy of illustrated folder describing CHEROKEE STRIP.

and the Tonkawa, Pawnee and Kiokapoo reservations, soon to be opened for settlement by the U. S. government. Millions of acres in the finest agricultural country under the sun, waiting to be tilled by the husbandman's plowshare. This is almost the last chance to obtain one of Uncle Sam's free farms.

## In the Early Days

of cod-liver oil its use was limited to easing those far advanced in consumption. Science soon discovered in it the prevention and cure of consumption.

## Scott's Emulsion

of cod-liver oil with Hypophosphites of lime and soda has rendered the oil more effective, easy of digestion and pleasant to the taste.

Prepared by Scott & Bowne, N. Y. All druggists.

### Call for Irrigation Convention.

THE TERRITORY OF NEW MEXICO,  
EXECUTIVE OFFICE,  
SANTA FE, N. M., August 2, 1903.  
To the People of New Mexico, Arizona, Western Texas, and the State of Chihuahua, in the Republic of Mexico:

WHEREAS, All of the citizens of the above states are actively interested in the irrigation industry, and are in a large measure dependent upon irrigation for the development of their agricultural resources; and  
WHEREAS, A large portion of the people in the territory of New Mexico, of the western portion of the state of Texas, and of the northern portion of the state of Chihuahua are largely dependent upon the Rio Grande river for their water supply for irrigation purposes; and  
WHEREAS, The greater portion of said river passes away during the season of the year when not needed for purposes of irrigation, which, with a proper system of reservoirs, could be saved and utilized, and would thereby greatly aid to the wealth and prosperity of said region; and

WHEREAS, Large quantities of the water of said river which have for many years been appropriated and used by the citizens residing in the valley thereof, south of Albuquerque, for the purposes of irrigation, and upon the condition of which depends the life and prosperity of the community, has been wrongfully appropriated and diverted to other uses by the residents of the state of Texas, and of the northern portion of the state of Chihuahua, in Colorado, thus causing a water famine in the lower valley, which from year to year grows greater, until the use of said river for irrigation purposes is in imminent danger of destruction unless such diversion be stopped.

Now, therefore, for the purpose of consulting together, and devising ways and means to stop such unlawful use of the waters of the Rio Grande, and of storing and preserving in reservoirs the spring and storm waters that now so waste annually, and of discussing and considering all important questions relating to irrigation law, irrigation securities, irrigation methods, and to devise and agree upon some general and concerted plan of action looking to the development of the agricultural, industrial and horticultural resources of such region, by saving and utilizing the waters thereof, a convention of the citizens residing in the northern portion of said state and territories is hereby called to meet at Deming, in the territory of New Mexico, on Tuesday, November 1, 1903, and subsequent days.

All persons resident within said portion of said state and territories are respectfully requested to attend and participate in the deliberations of said convention, and to voice their views on the subject of irrigation, and on all matters connected therewith.

[Said] W. T. THORNTON,  
Governor of New Mexico,  
S. ALEXANDER, Secretary of Territory.

### TRUTH IS CHEAP.

And He Couldn't Help but Wonder What a Lie Would Do.

This is the story as he told it to me the other night, just outside the Fort street depot:  
"If I were lazy or extravagant I shouldn't ask you or any other man for money. I'd be ashamed to ask you. I'd say I deserved to starve and freeze. It is in nowise my fault that I am brought to this condition."  
"It's circumstances, I suppose?"  
"Exactly. I'd been working for a man in Indiana for nearly a year and had saved up \$100. I started out to go into partnership with a man buying apples. We expected to make \$500 in two months. A mule suddenly kicked the man, and he died—the man did. That's circumstances, isn't it?"

"Certainly."  
"Then somebody robbed a store, and as they couldn't find anybody else to arrest they collared me. I wasn't within 15 miles of the store, but they are not at all particular in Indiana. They didn't claim I was guilty, but said they paid their constables for hunting and expected them to arrest everything lying around loose. Circumstances again, eh?"  
"Looks like it."

"I wasn't content to stay in jail. It was too confining, and the sanitary arrangements were bad. I sent for a lawyer and gave him \$50 to advise me. He advised me to give the other \$50 to the jailer to let me out. See the hand of circumstances?"  
"Yes."

"Came out dead broke and headed for Detroit, expecting to meet friends who would help me. On the way up a tramp held me up for an exchange of clothes, and I got here to find my friends gone to Europe for a five years' tour. More circumstances, plenty of 'em."

"Heek it in a gingerly way, felt of it, held it up to the light on the tip of his finger and said:  
"If that's all you pay for 10 cents of solid old truth in this town, what on earth would a liar do to get a bed and a bowl of soup?"  
—Detroit Free Press.

**STRIKES AT THE ROOT**  
—Dr. Pierce's Golden Medical Discovery. That's the reason so many different diseases and disorders yield to it. They all have the same beginning—there's a torpid liver or impure blood. And they all have the same ending—they're cured, by this remedy.

Dyspepsia, Indigestion, Biliousness; the most obstinate Skin and Scalp Diseases, such as Salt-rheum, Tetter, Erysipelas, Eczema, and kindred ailments; the worst forms of Scrofula—even Consumption (or Lung-scrofula) in its earlier stages; every blood-taint and disorder, no matter how it came—all are cured by it.

It's the only medicine for all such diseases that's so positively certain in its effects that it can be guaranteed. If it fails to benefit or cure, in any case, the money is refunded.

Nothing else can be "just as good." It may be better—for the dealer. But as isn't the one who needs help. Beware of spurious imitations or dilutions, at less prices.

THE  
HISTORIC CITY.  
SANTA FE AND ITS ATTRACTIONS ANCIENT AND MODERN  
Mountains of Mineral, Fruitful Orchards and Other Resources.  
AT THE GATEWAY OF THE NATIONAL PARK.

The World's Chiefest Sanitarium—Statistical Information for Tourist, Invalid and Health Seeker.

Santa Fe, the city of the Holy Faith of St. Francis, is situated on the site of an ancient Indian Pueblo called O-ga-p-ho-ge. It is probably the oldest civilized community in the United States and the most ancient of American capitals. The Spanish town was founded in 1605. Authorities disagree as to whether this city or San Augustin, Fla., were first founded. Santa Fe was first visited by American traders in 1801, and from that time dated a wonderful era of prosperity. The thrilling incidents of the old Santa Fe trail, starting from Westport, Mo., gave it a world wide fame.

THE WORLD'S ONLY SANITARIUM.  
Prof. Mark Harrington, chief of the U. S. weather bureau, says: "Santa Fe is in the driest habitable part of the United States. This region is extensive, and changes in form from season to season, but Santa Fe is always in it."

It is situated in a charming nook of the Santa Fe range, and its climate is dominated by the influence of mountain peaks that tower nearly 14,000 feet high. Together with this it lies at an altitude of 7,015 feet, and latitude, about the 36th degree north, that gives it a peculiar advantage as a sanitarium. The elevation tempers the summer heats, which naturally should be about that of Memphis, Tenn., or Bakersfield, Cal., and its southern situation reduces the rigors of winter. As an illustration, during the winter of 1892, the daily public concerts in the plaza were only stopped three times by weather, and great winter excursions did not exceed half a dozen.

The altitude compels the lungs to work, and no one in Santa Fe can be accused of being "too lazy to breathe," as a great physician expressed it. The rare, ozonized air permeates every coil of the lungs, and thus prevents hemorrhages. Dr. Symington and Harroun, who have practiced in Santa Fe for over twenty years, report that they have only found two cases among the native people of consumption.

NORMAL TEMPERATURE.  
The U. S. weather observation office has been stationed here for twenty years, and the following statistical data tells better than words how even and mild is the climate of Santa Fe. Taking the summer heat and the winter cold the following tables show a most equable and delightful temperature:

YEAR.	ANNUAL MEAN.	YEAR.	ANNUAL MEAN.
1872	47.9	1883	47.9
1873	47.9	1884	47.9
1874	47.9	1885	47.9
1875	47.9	1886	47.9
1876	47.9	1887	47.9
1877	47.9	1888	47.9
1878	47.9	1889	47.9
1879	47.9	1890	47.9
1880	47.9	1891	47.9
1881	47.9	1892	47.9
1882	47.9	1893	47.9

The annual monthly values will show the distribution of temperature through the year.

MONTH.	MEAN.	MONTH.	MEAN.
January	28.3	July	62.0
February	31.7	August	62.9
March	35.0	September	60.0
April	43.3	October	59.4
May	50.0	November	56.7
June	55.4	December	49.2

There is no other locality, even the boasted climate of southern France, that can show such a stable and equable range of heat and cold. The health seeker need fear no sudden changes. A little attention to clothing and he can bid colds and inflammations defiance. In cases of death from tuberculosis disease the New Mexico rate is only 3 to 1,000.  
This is the lowest known record, and it must be remembered that the local contingent of consumptives is daily augmented by the immigration of those who seek respite from that dreaded scourge.

Plenty of it. Here's a nukelet.  
He took it in a gingerly way, felt of it, held it up to the light on the tip of his finger and said:

"If that's all you pay for 10 cents of solid old truth in this town, what on earth would a liar do to get a bed and a bowl of soup?"  
—Detroit Free Press.

Besides this Santa Fe lies in a most picturesque valley. It is at the entrance of a splendid canon, abounding in natural curiosities. It is also the gateway of the Pecos National park, where fish and game abound. Within easy riding or driving distances there are over forty places of picturesque and of historic interest. Among which may be mentioned the old adobe palace, first erected shortly after 1605, from which the Spanish viceroys ruled this great province. The present structure dates from about 1716; but it is full of interest, as every room is consecrated by the memory of thrilling events. In this building Gen. Lew Wallace wrote his famous Ben Hur.

The chapel of San Miguel, was built in 1690 and still stands. By its side is the oldest house in the United States. The walls of the old cathedral date from 1622, but the rest of the structure is of more modern date. Indian convenient distances are the Indian pueblos of Tesuque and Nembe; in a side canon of the Santa Fe are the delightful Aztec springs, while about nine miles up the main water course is Monument rock. The road thither is one of surpassing loveliness. To the south of town is Agua Fria, and the famous turquoise mines pronounced by Tiffany the finest in the world. Beyond the Rio Grande are the San Diego Pueblo and the curious cliff dwellings.

the church museum at the new cathedral, the archbishop's garden, church of Our Lady of Guadalupe with its rare old works of art, the soldiers' monument, monument to the Pioneer Path-Finder, St. Francis, erected by the G. A. R. of New Mexico; St. Vincent's hospital, conducted by the Sisters of Charity, and the Orphan's industrial school; the Indian training school; Loretto academy and chapel of Our Lady of Light; the Ramon Julian school; St. Catherine's Indian school.

It will therefore be seen that while Santa Fe possesses the delightful climate of a sanitarium, she is not devoid of interest. The health seeker should never go to this place. Enjoyment and business are the handmaids of disease. Here is interest for the studious historian, the gay sportsman or the mere sight-seer. If you have energy enough to move around you can not be dull amid such surroundings.

NATURAL BEAUTY.  
Even the invertebrate lazy can enjoy life here also if they have money. To the east Old Baldy lifts a snowy dome in winter, and his steeply sloping forested sides in summer rival his winter beauty. In the winter the full moon at night and the sun by day turn his crest into a diadem of brilliant. To the west the Jemez and Valle mountains, scarcely less grand than the Santa Fe range reflect the sunsets in a hundred glorious tones, while their purple bases lend an ideal background for all this splendor.

PUBLIC INSTITUTIONS.  
Among the more important public institutions located here in spacious and attractive modern buildings, are the U. S. court and federal office building, the territorial capitol, St. Vincent's sanitarium, territorial penitentiary, New Mexico orphan's training school, St. Vincent's charity hospital, U. S. government Indian school, Ramona memorial institute for Indian girls, St. Catherine Indian boys training school, Fort Marcy barracks, St. Michael's college, Loretto academy, Presbyterian home missions industrial school for girls, New Mexico deaf and dumb institute, New West academy, Catholic cathedral and four parish churches, Episcopal, Presbyterian, Methodist and Congregational churches, the governor's palace, the archbishop's residence of Archbishop J. B. Salpointe and Archbishop P. L. Chappelle and many others, including first-class hotel accommodations, and several sanitary institutions for the benefit of health-seekers.

The U. S. court of private land claims is situated here through, and through the year, and the arguments therein, involving as they do points of historical and archaeological interest, are instructive, not only to the lawyer but to the layman.

RESOURCES.  
Santa Fe county has an area of 1,498,000 acres and a population of about 17,000. The city itself contains over 10,000 actual residents. The valley soils are especially adapted to fruit raising, and the product is of the finest flavor and appearance. Peaches such as a nectarine, plums and apricots, large and luscious, apples, pears, berries and all the hardy fruits flourish in abundance, usually commanding a better and more remunerative market than even the California fruits. The cloudless, sunny days bring out all their fruit and saccharine qualities.

Large mineral deposits, including gold, silver, precious stones, principally the turquoise and garnets nearly as fine as rubies, and topaz, also; both bituminous and anthracite coal are found in giant veins. The two kinds sometimes run in parallel veins in the same mine. In addition to this "natural coke" is found.

PROSPECTIVE RESOURCES.  
The Chicago Municipal & Investment company has completed a magnificent water works system just east of town, furnishing water under 140 pounds pressure. All the modern improvements in the way of aeration, etc., are provided. In addition thereto preliminary work is now being conducted on reservoirs and canals that will irrigate over 100,000 acres of splendid land in and around the city. These will undoubtedly be completed within two years, as every effort is being made to hurry their construction.

THE WATERS OF SANTA FE.  
Dr. J. E. Danter, vice president of the American Health Resort association, says: "It is worth traveling miles to drink of such waters as flow through this deep cut in the mountains and supply the city of Santa Fe for domestic purposes and for irrigation of the fruit farms. The water is absolutely pure, cold and fresh from the melting snows above, or trickling from springs in the mountain side. It is free from all lime, alkali or other ingredients so very injurious to the consumptive patient. Such water is a great boon anywhere and at any time, but here, where other features of sunshine and pure air combine to produce an ideal climate, it is of special value."

THE MILITARY POST.  
Fort Marcy, at Santa Fe, is the oldest established military station on American soil. The Spaniards occupied it as such in 1602. Old Fort Marcy was built by Gen. Kearney in 1846; and the present site was occupied in 1850; the post is garrisoned by headquarters, the band and two companies of the 10th U. S. infantry under command of Col. E. P. Pearson; its location, here adds greatly to Santa Fe's attractions, socially and commercially. The military band stationed here is one of the best in the army and renders delightful music daily in the public plaza for the pleasure of citizens.

METEOROLOGICAL DATA.  
The following is taken from the records of the U. S. weather office of Santa Fe for 1892:  
Average temperature..... 49.1  
Average relative humidity..... 65.0  
Average velocity of wind, miles per hour..... 9.1  
Total rainfall..... 11.62  
Number of rainy days..... 218  
Number of fair days..... 97  
Number of cloudy days..... 29  
From January 1, 1898, to August 15, 1899, the following is the record:  
Number of clear days..... 115  
Number of fair or partly cloudy..... 64  
Number of cloudy days..... 19  
These records speak for themselves. Anyone in search of a dry, sunny, salubrious climate can do no better than to Santa Fe.

tables, Patent Imperial and Pride  
of the Valley Flour.

## TOO FRESH.

Chas. Latterner, Wanted for Forgery.  
Caught Masquerading in Woman's  
Attire - In Jail.

Chas. Latterner, the young man wanted  
for forgery at Durango, Colo., and who  
has been in hiding at a house near the  
mouth of the canon for the past three  
weeks, was arrested by the city marshal  
Saturday night while masquerading in  
female attire about the streets. Latterner  
was spotted on lower San Francisco  
street by Frank Romero and Frank  
Anaya who knew him despite the  
removal of his mustache, and the  
police were not long in landing him in  
jail. At the time of his arrest he wore  
over his clothing a dress skirt of black  
with a white plaid, had his head covered  
with a black shawl and carried an ancient  
umbrella, after the fashion of old mother  
Hubbard.

Before Squire Garcia this morning the  
young man pleaded guilty to violation of  
the city ordinance respecting the wear-  
ing of clothes of the opposite sex and he  
was sentenced to sixty days in the city  
bastille.

Sheriff D. C. Sargent, of Durango, state  
agent of Colorado to secure the extradition  
of Latterner, was telegraphed yesterday  
by City Marshal Alarid notifying him of  
the capture, and Sheriff Sargent wired  
ex-Deputy Sheriff Earhart to bring Lat-  
terner to Antonio today, but the city  
authorities declined to give Latterner up  
to anyone save the authorized agent of  
Colorado. It is probable that Sheriff  
Sargent will reach here tomorrow night  
and make a second earnest  
effort to have the New Mexico authori-  
ties accord proper recognition to the re-  
quest of the governor of Colorado for  
Latterner's extradition.

### ROUND ABOUT TOWN.

The western sky is very beautiful these  
October evenings.

The new street improvements on Hill-  
side avenue will be finished in about ten  
days.

Dress parade daily, except Saturday and  
Sunday, at Fort Marcy at 9 in the morn-  
ing.

Private M. W. Smith, company D, 10th  
infantry, Fort Marcy, was discharged to-  
day by order of the war department.

The militia company was out for a  
practice march on Saturday night. The  
boys made a fine showing.

The Athletics and Fort Marcy teams  
crossed bats on the diamond yesterday  
and the Athletics won by a score of 16 to 5.

The first daily train under the new  
schedule left this morning over the Santa  
Fe Southern & Denver and Rio Grande  
for Denver.

H. S. Lutz, late A. T. & S. F. agent at  
Las Vegas hot springs, has been trans-  
ferred to this city and appointed A. T. &  
S. F. agent to succeed to the vacancy  
caused by Agent Smith's promotion.

For the very latest and best telegraph-  
ic news daily, you must read this jour-  
nal; it gives you this and also the latest  
and best territorial news of the day every  
afternoon. This paper is a great credit  
to this town and ought to be supported  
accordingly.

For this afternoon's plaza concert by  
the 10th infantry band the following is  
the program:

March - The Rifle Regiment.....J. P. Sousa  
Overture - The Fair Maid of Perth.....J. W. Aldrich  
Waltz - Among the Pines.....F. Loebl  
Selection - Prize.....M. B. Salazar  
Gipsy Dance - Rinska.....Lila Clay  
Gala - All Aboard.....F. Linden

In company with Supt. Day, Dr. Sym-  
ington and Mr. Gildersleeve, Col. Thos.  
M. Jones, in charge of the U. S. Indian  
school, paid a visit to the reservoir yester-  
day. Capt. Day went into details in  
explaining the plans of the water com-  
pany and assured Col. Jones of an abun-  
dant supply of water for the Indian school  
and the 100 acres of land belonging  
thereto.

### PERSONAL.

J. W. Schofield and wife leave for Albu-  
querque to-night.

Mr. Frank Young, a well known San  
Francisco citizen, is visiting the city  
for a few days.

Hon. T. B. Catron returned this morn-  
ing from a trip to Socorro, where he has  
been on legal business.

Mrs. Philo Ramsey and Mrs. Loring  
and son will leave for Omaha about the  
middle of the present week.

B. G. Wilson, of Las Vegas, general  
agent for the Continental oil company,  
is in the city accompanied by his wife.

At the Exchange: R. R. Fouka, Kan-  
sas City; James Miller, Cerrillos; E. R.  
Ballard, Cerrillos; O. S. Mullin, Topeka.

Mrs. Palen and daughter will leave  
Wednesday morning for Chicago to visit  
the World's fair. They will be absent  
about two weeks.

James Pye, the Kentucky representa-  
tive of T. H. Sherley & Co., distillers,  
leaves this evening on a business trip  
down the Rio Grande.

At the Palace: B. G. Wilson and wife,  
Las Vegas; A. Barela, Las Cruces; Miss  
Sarah R. Hickman, St. Louis; D. K. Fitz-  
hugh, Washington, D. C.

Mrs. Hild and daughter, Miss Belle,  
leave tomorrow morning for Las Vegas,  
from which place Miss Belle will  
proceed to New York City to attend school.

Miss Lillian Greene, daughter of Chas.  
W. Greene of Eddy, who has been on-  
set for two months visiting relatives and  
also viewing the World's fair, has returned  
to her home at Eddy.

Hon. M. G. Reynolds, the efficient at-  
torney of the court of private land claims,  
left yesterday for Albuquerque; he will  
remain there one day going thence to St.  
Louis for the coming month.

At the Bon Ton Hotel: N. A. Sider, Oak-  
land, Gaudalope Jimenez, Rico, Colo.;  
Teodoro Marquez, Socorro, N. M.; James  
East, Gallup, N. M.; J. B. Holt, Colorado  
Springs, A. B. Brinkfield, La Junta, Colo.;  
Cosmo de Herrera, Espanola; Antonio  
Martinez, Socorro; A. F. Matchman, Gun-

nison, Colo.; Thomas Wendell, Phila-  
delphia; Catalino Cortinas, Socorro; N.  
M. H. J. Harris, San Pedro; John P. El-  
liot, Colorado; H. Donnell, Silver City;  
Herman Pino, La Cienega; Horace Arm-  
strong, Pueblo; Philip Maynard, Creede.  
Jose M. Pino, Antonio.

### OFFICIAL GRIST.

Judge Seeds Called to Open the  
Springer Court - Other Of-  
ficial News.

In response to a telegram from Chief  
Justice Thos. Smith, requesting him to  
attend to the Colfax term of the district  
court, Judge Seeds left for Springer this  
morning, and will probably be engaged  
there all week, unless the Chief Justice  
arrives from Washington, which is hardly  
probable. The docket is a large one, but  
only one week is allowed by legislative  
enactment for the fall term in Colfax  
county, while in the county of San Juan,  
where but one civil case has been filed in  
the past year, the legislature fixed the  
term at two weeks.

#### PENDING CASES.

Owing to the absence of Judge Seeds  
three important cases fixed for hearing  
this week will have to go over until his  
return. One of these is the Webster in-  
junction against the city school board;  
another is the water-works injunction  
from Cerrillos involving the right of  
municipal authorities to grant exclusive  
franchises, and the other is a hearing in  
the matter of a change of venue asked for  
by C. M. Conklin's attorneys in the  
sleeriverty contest. Mr. Conklin desires  
the case heard on its merits at the earli-  
est moment possible and has asked,  
since there is no money for holding next  
week's term in San Juan county, that the  
case be heard at the Taos term opening  
October 16.

#### OFFICIAL NOTES.

Gov. Thornton will return to the cap-  
ital from Roswell and Las Cruces on  
Thursday next.

Adam Lawrence has been appointed  
postmaster at Weed, Lincoln county, vice  
Samuel Collins, resigned.

Late advices are to the effect that Chief  
Justice Thos. Smith will probably reach  
Springer about Thursday next.

Hon. J. H. Walker, register of the U. S.  
land office, left Saturday for a visit to  
Raton. He will return to-night.

There are funds enough in sight to  
warrant a brief term of the district  
court in the Santa Fe district in Decem-  
ber.

Sheriff Cunningham yesterday tele-  
graphed Chief Deputy Garcia that he had  
safely reached O'Neill, Neb., and delivered  
Barrett Scott, the defaulter, to the officials  
there.

I. D. Lafferty, chairman, and his dozen  
or so assistants on the board of U. S.  
pension examiners, left this morning for  
Las Vegas. The city will be their head-  
quarters for some weeks.

The application for the appointment  
of a receiver for the Albuquerque Savings  
bank comes up before Judge Lee to-  
morrow, the Sanchez murder case being  
still on trial to-day.

Hon. J. D. W. Veeder has been desig-  
nated as a delegate from the Agricultur-  
al college at Las Cruces to the national  
convention of agricultural colleges, that  
meets in Chicago on the 17th instant.

According to the best obtainable offi-  
cial and other statistics, New Mexico con-  
tained in 1892 2,967,480 sheep and con-  
tains during the present year 2,720,082, a  
decrease during the year of 247,398 head.

It is reported this afternoon that Hon.  
Feliz Martinez, of Las Vegas, has been  
declined the clerkship of the 4th judicial  
district court by Chief Justice Smith.  
The New Mexican stated last week that  
Mr. Martinez had the call.

### THE CROP REPORT.

Splendid Showing for the Month and  
Season - Last Official Bulletin  
of the Year.

U. S. DEPT. OF AGRIC. WEATHER BUREAU.  
Weather Crop Bulletin, of the  
New Mexico Weather Service.

For the month of September, 1893.  
Bulletin No. 6. - The temperature for  
the month of September averaged about  
normal and the precipitation above the  
normal. From the 6th to the 20th, gen-  
erally clear mild weather prevailed, with  
all conditions favorable for the ripening  
and curing, and harvesting all crops and  
fruits. From the 20th to the 27th, light  
showers were frequent, and on the 27th  
and 28th, a steady general rain prevailed  
for more than twenty-four hours, causing  
many washouts on the railroads in the  
territory; this was followed by cooler  
clear weather. Not much damage was  
done by the rain of the 27th and 28th, to  
crops, as nearly everything was harvested  
except the fourth cutting of alfalfa, and  
this was generally benefited. Nearly  
everything is now harvested and we can  
observe the result of the season's work.

#### SUMMARY FOR THE SEASON.

Wheat and other small grains are a little  
below the average in the northern part,  
but fully up to the average in the central  
and southern parts, in amount and  
quality. New Mexico wheat captured the  
first prize at the Columbian exposition,  
competing the World, and New Mexico  
secured the second prize, in same com-  
petition on oats, being beaten only by  
Russia, thus winning over all other states  
and territories in this country on quality  
of both wheat and oats.

The corn crop is fully up to the aver-  
age, except in a few localities, and in the  
southern part was above the average.

Alfalfa has given from three to five cut-  
tings, and yield for the season will  
average about five tons to the acre, of  
good quality.

The yield of apples and pears was  
about the average and the quality very  
good. Peaches were not up to the aver-  
age for the whole territory, though some  
localities report an excellent crop.

Grapes fell below the average, due to  
the unusually late frost in the spring,  
most varieties giving about two-thirds of  
the usual amount and not quite up to the  
standard in quality.

The supply of food on the cattle ranges is  
better than it has been for years and  
stock of all kinds are in splendid condi-  
tion, and the outlook for the winter is  
very favorably.

## SETTLING TITLES.

Application for Survey of the Arroyo  
Hondo Grant - Sec. Smith's  
Ruling in Two Fa-  
mous Cases.

N. B. Laughlin, attorney for claimant's,  
to-day applied to the surveyor general's  
office to have the government survey the  
Arroyo Hondo grant, claiming about 24,  
000 acres in the Taos mountains and  
which was recently confirmed by the U.  
S. court of private land claims. The con-  
firmation of this tract settles title to a  
valuable mineral region in Taos county.

The surveyor general is also advised that  
Secretary Hoke Smith has finally passed  
upon the action of ex-Surveyor General  
Julian and ex-Commissioner Sparks in  
holding that suits should be brought to  
reduce the area originally claimed and  
patented in the Antonio Ortiz grant, San  
Miguel county, and the Armendaris  
grant in Socorro county. Ex-Sur-  
veyor General Julian investigated these  
patented grants and concluded that he  
had discovered a mare's nest in that  
there were errors in the surveys. The  
secretary reviews the cases at length. In  
the matter of the Antonio Ortiz grant  
the secretary says:

"The survey when made in apparent  
good faith and, unchallenged, as this has  
been, for about fifteen years, whatever  
doubt may exist as to its correctness,  
must be resolved in favor of the title as  
patented. U. S. vs. Hancock (133 U. S.  
192). The courts can examine into the  
correctness of a survey but they can not  
order a new one, or change that already  
made." U. S. vs. San Jacinto Tin Co. (10  
Sawyer, 639). With this view of the case,  
I decline to recommend to the attorney  
general that he be instituted with a  
view of setting aside the outstanding  
patent in the claim in question."

In returning the papers to the surveyor  
general in the Armendaris case Sec.  
Smith says:

"It not appearing to me conclusively  
that the survey is erroneous, I decline to  
recommend that the grant be set aside to secure  
cancellation of the grant patent."

A Correction.

It appears that the secretary of the  
city school board was in error in stating  
that Mrs. Williams had been designated  
to "aid in the primary department," in  
the 2d ward. The following is self ex-  
planatory:

To the Editor of the New Mexican.

Santa Fe, Oct. 7. - Allow me to correct  
your report concerning the city school  
board in your issue of Oct. 6. Instead of  
that Mrs. Williams be transferred to  
Ward No. 2, to aid in the conduct of the  
primary department, I should read: Mrs.  
Williams is transferred to open and con-  
duct the intermediate department, and  
take part of Miss Culbertson's pupils to  
form this department.

Mrs. Williams does not directly "aid"  
in the primary, but has her own depart-  
ment, which is the intermediate.

Yours truly,  
W. WILLIAMS.

Beecham's Pills are faithful friends.

Irrigators on the Fly.

E. R. Moss, Great Bend, L. M. Pick-  
ering, Garden City, Judge J. S. Emory,  
Lawrence, A. V. Hinchley, chief engineer  
A. T. & S. F. Topeka, D. M. Frost, Gar-  
den City, Judge J. W. Gregory, Garden  
City, went west on Saturday night as de-  
legates from Kansas to the Los Angeles  
irrigation convention. On the same  
train also were Wm. E. Smythe, editor  
Irrigation Age and J. M. Rice, of Peoria,  
Ill., interested in Gila Bend enterprises,  
along with the New Mexican's good  
friend, Col. Richard J. Hinton, of the Ir-  
rigation Market. New York is Col. Hin-  
ton's headquarters at present, but he will  
spend much of his time for the coming  
few years in New Mexico, believing that  
in the early admission of this territory  
as a state a great boom is sure to come  
to all irrigation enterprises.

### THE CLERKSHIP.

Hon. L. C. Fort Writes in Reference  
to the Hayden and Bunker  
Application for It.

To the Editor of the New Mexican.

East Las Vegas, Oct. 6. - Dear Sir: My  
attention has just been called to the  
article headed, "The Chief Justiceship," in  
the Daily New Mexican of October 5,  
wherein it speaks of the "revised list of  
the applicants for the district clerkship  
under Chief Justice Thomas Smith," in  
which article you mention me as among  
the applicants Mr. Hayden, of Las Vegas,  
and then say "that Mr. Hayden is a  
nephew of Hon. L. C. Fort, and in case he  
gets the place, W. B. Bunker is an ap-  
plicant for the deputy clerkship."

I desire to correct two errors in the  
above article. First, Mr. Hayden, although  
a worthy young man, is not a nephew of  
mine, nor related to me in any manner.  
Secondly, I do not know or believe that  
he, Mr. Hayden, is an applicant for the  
position, but should he be, I certainly do  
not believe that Mr. W. B. Bunker would  
get the position of deputy under him.

Yours truly,  
L. C. FORT.

The people quickly recognize merit, and  
this is the reason the sales of Hood's  
Sarsaparilla are continually increasing.  
Try it.

Legal Notice.  
Charles C. Hitchcock, District Court,  
Complainant, Santa Fe County,  
vs. No. 3221.  
Santa Fe Electric Co.  
Defendant.

Master's notice of sale of mortgaged  
premises and property.

I, Edward L. Bartlett, the special mas-  
ter duly appointed by and under the de-  
gree of foreclosure and sale made and  
entered in the above entitled cause, at the  
June term, A. D. 1893, of the above named  
court, that is to say, on the 29th day of  
June, A. D. 1893, do hereby give notice,  
pursuant to the order and direction of  
said decree, that I will, on Thursday the  
19th day of October, A. D. 1893, expose  
and sell at public auction to the highest  
bidder for cash, at the front entrance  
door of the Santa Fe county court house,  
in the city of Santa Fe, in said county of  
Santa Fe, N. M., at the hour of 10 o'clock  
in the forenoon on said last mentioned  
day, all and singular the said mortgaged  
premises, that is to say, all of the follow-  
ing described lots, tracts, pieces or por-  
tions of land and real estate, together with  
all of the buildings, and structures thereon  
erected and all of the property of the  
said Santa Fe Electric company therein  
contained, including all the machinery  
and other property and articles used in  
and necessary for the proper working in  
its entirety of the plant of the said Santa  
Fe Electric company, including all poles  
and wires erected and in use or otherwise;  
all of said real estate, lands, buildings  
and other property and articles, situate,  
lying and being in the county of Santa  
Fe and territory of New Mexico and said  
lands and real estate together with said  
buildings and other structures thereon  
erected being better described as follows,  
to-wit:

First - All that certain real estate meas-  
uring from east to west seventy-two feet  
and from north to south eighty feet, and  
bounded on the east by property of  
Charles C. Hitchcock, on the west by the  
property of James D. Hughes, formerly  
of Rafael Ortiz y Lucero; on the north  
by Water street; and on the south  
by the property hereinafter described of  
the said Santa Fe Electric company,  
formerly of Magdalena Lucero de Ortiz.  
And also

Secondly - All that certain real estate  
known and designated as lot number 2,  
in block number 1, on Don Gaspar  
square; which lot number 2 fronts twenty-  
five feet on the east side of Don Gaspar  
avenue, in the present city of Santa Fe  
and runs east, 157 feet to the west line of  
the property of Agapito Sena; and lot  
number 3 being about eighteen feet wide,  
more or less, at the east end, according  
to the plot of Don Gaspar square on file  
in the probate clerk's office of said county  
of Santa Fe; and also the land, tenements,  
hereditaments and appurtenances to the  
said several parcels of real estate belong-  
ing or in anywise appertaining.

Dated Santa Fe, N. M., September 28,  
A. D. 1893.

EDWARD L. BARTLETT,  
Special Master.

The above sale advertised for the 19th  
day of October is hereby adjourned, post-  
poned and continued under the same  
terms and for the same time and place  
and under the same conditions as above  
advertised until Monday the 8th day of  
November, A. D. 1893, by me, the under-  
signed special master, at which time and  
place the said sale will be made as above  
advertised.

Specialties at Beatty's: Teas, coffees,  
butter, flour and potatoes. Always first-  
class.

Sweet cider at the Bishop's garden.

Fine McBrayer whisky at Colorado sa-  
loon.

Milk Punch 10 cts a glass at the Colo-  
rado saloon.

Coal Notice.

On and after October 1 orders for coal  
must be accompanied with the cash to  
receive attention. DUDROW & DAVIS.

Lost - Between Santa Fe depot and D.  
H. Smith house, Saturday morning, a  
pocket-book containing nothing but  
promissary notes and railroad passes  
and other receipts. Suitable reward will  
be paid if returned to T. F. Moore, post-  
office box 207, Santa Fe.
