VOL. 30.

SANTA FE, N. M., THURSDAY, JANUARY 4, 1894.

NO. 268

"In the Land of Poco Tiempo"

Is the title of a new book written by Chas. F. Lummis, in which he refers to New Mexico. He does not mention anything in his book about Goebel's Crack Heater the Estate Oak because he failed to interview Hon. T. B. Catron, who thinks the Estate Oak Heater is the best stove on earth. He claims it will take a keg of powder 53 hours and 15 minutes to go off in such a wonderful combination of stove architecture. He is using three of them.

Death of a Bishop.
Paris, Jan. 4.—Monsieur Faict, bishop of Burgos, died to-day.

Distress in Italy.
Rome, Jan. 4.—Great distress prevails in the district of La Puglia, southern Italy, and disturbances are feared.

Extremely Cold in England.
London, Jan. 4.—Extreme cold weather prevails in England and on the continent. The gale blowing over the English channel is so severe that mail boats are unable to cross.

St. Petersburg Wants to Celebrate.
St. Petersburg, Jan. 4.—The municipal authorities of this city have proposed to hold an international exhibition here in 1908 upon the 200th anniversary of the foundation of the city in 1703 by Peter the Great.

Blood Thirsty Sports.
New York, Jan. 4.—Jere Dunn and Jas. F. Caldwell, two well known sports, between whom there was a deadly enmity had an encounter, which would have been fatal in its results had it not been for the interference of friends. Caldwell declares he will kill Dunn on sight.

Death of Mexican Statesmen.
City of Mexico, Jan. 4.—Two leaders of Mexican affairs died here yesterday. Vicente Garcia Torres, editor of the Daily Monitor Republicano, one of the most influential of "Diaz" friends, and J. I. Valerietta, one of the commission that drafted the Mexican constitution of 1857, and ex-vice-president of the republic.

Mrs. Lease Again.
Topeka, Jan. 4.—Mrs. Mary Lease has filed quo warranto proceedings in the supreme court against M. Freburn, appointed by Gov. Leavelle as his successor on the state board of charities. Freburn has been ousted and Mrs. Lease holds her place on the board of charities till the final hearing in February before the supreme court.

Important Elections.
City of Mexico, Jan. 4.—The permanent committee of the chamber of deputies yesterday elected Senator Ignacio Hombo and Antonio Arguizones president and vice president of congress ad interim. The position of president of the chamber ad interim is a very important one, as in case of the death or removal of the president of the republic the duties of chief executive would devolve upon the president of the congressional permanent committee by law.

Bandits in Close Quarters.
Fresno, Cal., Jan. 4.—The latest news from the mountains is that Evans and Morrell, the noted bandits, have been located in Pemaster's logging camp, Sinky creek, about four miles from Pine Flat. The officers were to surround the cabin last night, and it was expected that by to-day the question would be solved as to whether Evans would be brought from the hills dead or alive. Parties who have arrived from the hills are so confident that the officers have trapped the outlaws that they are freely offering bets that Evans will be brought in within forty-eight hours.

Subduing Indians.
Hermosillo, Sonora, Mexico, Jan. 4.—Gen. Lucius Torres, governor of the state and military commander of the northern zone of Mexico, is on a tour into the Yaqui country in an effort to restore that troublesome tribe of Indians to peace. Gen. Torres is entirely familiar with the country and probably has more influence with the warlike race than any man living. He will endeavor to make such overtures to the Indians as will bring harmony to the Sierra Madre once again, and if the Indians do not submit and return peacefully to the reservation, renewed efforts will be made to wipe out the tribe. The outcome of Gen. Torres' trip is being anxiously awaited.

GREAT YIELD OF WOOL.
Annual Statistical Review of the Industry for the Year Just Ended.

Boston Jan. 4.—The Boston Commercial Bulletin in its annual statistical review of the wool trade says: The wool shorn in the United States in 1893 and grown in 1892 amounts to 299,780,000 pounds. The wool pulled from slaughtered sheep amounts to 64,000,000 pounds. There has been an increase of 40 per cent in the slaughter of sheep during the year 1893. The total yield of wool is 363,780,000 pounds, the largest American clip ever raised; the next largest, in 1893, was 338,500,000 as estimated by James Lynch, of New York, at that time the accepted trade statistician. The stock of domestic wool unsold on hand in the United States to-day is 18,362,000 pounds, against 68,354,000 pounds at the same time last year. The stock of foreign wool unsold on hand at the eastern seaboard is 23,572,500 pounds, against 18,388,875 pounds at this time last year. Prices on wool have fallen on an average one-third since last March.

Disastrous Conflagration.
Toledo, Ohio, Jan. 4.—The cause of last night's big fire is yet a mystery. The wind carried the burning brands to the northwest for a distance of half a mile, and threatened at one time to involve the city in a general conflagration. A careful estimate of loss foots up \$750,000, by all odds the greatest fire Toledo ever suffered.

WASHINGTON NEWS.

Financial Statistics—To-day's Presidential Nominations—Tariff Bill Affairs.

IMPORTANT STATISTICS.
Washington, Jan. 4.—The treasury department presents a table showing the monetary system and the approximate stocks of money in the aggregate and per capita in the principal countries of the world. It shows that France, with a population of 38,300,000, has the highest per capita circulation of any country named, viz: \$36.81. The Straits, with a population of 3,080,000, have a per capita circulation of \$28.94. Others are Belgium, \$26.70; Austria, \$26.50; the Netherlands, \$24.24. In China, with a population of 402,000,000, the per capita circulation is but \$1.80, all in silver. The table puts the stock of gold money at \$3,501,500,000; silver, \$3,351,100,000, and uncovered paper money at \$2,700,000,000.

PRAYER OF CIGAR MAKERS.
The senate is being flooded with printed petitions from the cigar makers throughout the country, asking for a uniform rate of duty of 35 cents on unstemmed leaf tobacco. They represent that the duty as provided by the McKinley act increased the cost of manufacturing cigars to such an extent as to wipe out the margin of profit to manufacturers. To raise the price of cigars proved impossible, as nickel and dime cigars, which are smoked by the masses, could not be advanced to 6 and 11 cents respectively. The impossibility therefore of increasing the cost of cigars to the consumer compelled the manufacturers to cut down the wages of cigar makers and furnish an inferior quality to the public. This, they claim, was the only way in which manufacturers could make up for the increased rate of duty.

GLAD IT'S SETTLED.
Juan S. Hart, editor of the El Paso Times, has been in Washington for several days in the matter of the prescription of his paper by the Mexican authorities. Mr. Hart had an interview with Senator Romero, the Mexican minister, and has been able to get assurances that the circulation of his paper in Mexico in the future will be unopposed by the government authorities.

CONDITION OF TREASURY.
The available cash balance in the treasury to-day is \$90,164,909; national bank notes received for redemption, \$428,479; government receipts, internal revenue, \$404,771; customs, \$584,209; miscellaneous, \$332,330.

TRYING TO PREVENT A QUORUM.
The Republicans are pursuing the same tactics as yesterday in the house, and the Democrats are again without a quorum to take up the tariff bill.

NOMINATIONS SENT IN.
The president has sent to the senate the following nominations: John W. Ross, of the District of Columbia, to be commissioner of the District of Columbia; Tully Brown, of Tennessee, to be attorney of the United States for the middle district of Tennessee. Postmasters: Frisby B. Logan, Yuma, Ariz.; Geo. H. Clark, Breckenridge, Colo.; Marcus Lacy, Central City, Colo.; J. York, Ouray, Colo.; Paul Fisher, Silverton, Colo.; Wm. Livingston, Lehigh, I. T.; Albert C. Parmenter, Scotland, S. D.; S. H. Dickson, Clarksville, Texas; J. M. Carroll, Hubbard, Texas; D. F. Thompson, Pittsburg, Texas. Naval department—Frank Clarkson, of the District of Columbia, to be an assistant surgeon.

Coloradoans in Caucus.
Denver, Jan. 4.—Twenty-five members of the lower house of the assembly called to meet in extra session on next Wednesday, held a caucus in the city last night and decided that on account of the many subjects of local importance, such as state reservoirs and irrigation ditches, etc., which will give work to the unemployed and which they will be asked to consider, that they will not adjourn the session at once as has been suggested. They will be in session at least thirty days.

D. & R. G. Earnings.
Denver, Jan. 4.—The earnings of the D. & R. G. railway for the month of December were \$655,100, a decrease from December of 1893 of \$218,400. The earnings for the year commencing July 1, 1893, were \$2,413,146, a decrease from the same time of 1892 of \$1,571,537.

San Diego, Cal., Jan. 4.—News was received to-day from Hermosillo of the death of Senora Torres, mother of Gov. Louis F. Torres.

King Humbert's Fortune.
Milan, Jan. 4.—The Seceto declares that the private fortune of King Humbert, of Italy, amounting to 100,000,000 livres, has been deposited with the London house of Rothschilds. The Seceto says the greater portion of this sum has been saved out of the civil list at the rate of 10,000,000 livres per year.

Preparing for the Encampment.
Washington, Jan. 4.—The Knights of Pythias of this city are getting well in hand the work of organization for the encampment of the order, to be held in this city next August. Arrangements can be made for entertaining 150,000 visitors, and Gen. Jas. B. Carrington, head of the order, says 2,000 uniformed men will encamp on the lot south of the White house, the use of which has been granted by act of congress.

RATTLED RAILWAYS.

Receivers Named for the L. E. & St. L.—The New England Road Receivership.

Indianapolis, Ind., Jan. 4.—Judge Wood has appointed F. O. Hopkins and Jas. H. Wilson receivers for the Louisville, Evansville & St. Louis Consolidated Railway company. The line is 300 miles long.

New York.—An important meeting of the investors of the New York & Newburg Railway company was held at the office of the company at 12:30 o'clock. It was determined to support Thomas C. Platt for permanent receiver.

CONGRESSIONAL.

THE SENATE.

Washington, Jan. 4.—There was a small attendance when the senate met this morning, only a score of senators being present when the president rapped the senate to order.

Senator Horner presented the following resolution, with the request that it lie on the table for the present: Resolved, That the secretary of the treasury be requested to inform the senate of what sums have been paid to Hon. Jas. H. Blount for salary, services or other expenses as special commissioner to Hawaii, together with copies of all orders, vouchers and receipts for such payment, and also to inform the senate from what funds and under or by virtue of what appropriation or law the same have been paid.

On motion of Senator Gorman it was agreed that when the senate adjourned to-day it would meet on Monday next.

The senate adjourned at 12:04 p. m. until Monday without transacting any important business.

THE HOUSE.

Although, when the lack of a quorum blocked the tariff debate yesterday, and an order was passed recalling absentees, only ninety-eight members by actual count were on the floor when the house was called to order at noon. The prospect for a Democratic quorum looked gloomy. Still Col. Ike Hitt, the Democratic whip, expressed the opinion that a quorum of Democrats were in the city. The speaker announced the appointment of Messrs. Wheeler, of Alabama; Breckenridge, of Kentucky, and Hitt, of Illinois, as regents of the Smithsonian institute.

Thereafter the fight over the Hawaiian matter was precipitated by Mr. Boutelle, of Maine, although a majority of the members of the ways and means committee are willing to make an arrangement to devote the two days, to-morrow and Saturday, to this subject. They decided after the wasting of the day yesterday, through the persistency of Mr. Boutelle, to shut the Hawaiian debate entirely out until the tariff bill was disposed of. Accordingly when Mr. Boutelle called up his privileged Hawaiian question this morning, Mr. McMillan, on behalf of the committee, raised the question of order.

Mr. Boutelle was sarcastic and Mr. McMillan rather contemptuous on the exchange shots before the vote was taken. By a rising vote of 58 to 124 the house decided not to consider the resolution. The ayes and nays were then demanded.

The house adjourned at 1:40 p. m., without taking up the tariff bill, being unable to secure a quorum.

WAITE TO LEWELLING.

An Incoherent and Meaningless Mass of Rubbish.

Topeka, Jan. 4.—Gov. Leavelle made public to-day a letter he has received from Gov. Waite, of Colorado, wherein Waite scores congress and Wall street and gives his reasons for calling the special session of the Colorado legislature. The letter reads: My Dear Governor: Yours of December 18th received. In all probability there will be a special session of our state legislature early in January. The legislature is not populist in either branch. Although we fairly carried the state we were scientifically counted out by defects in our Australian ballot law.

The chief object of calling a special session is to provide ways and means to furnish work for the unemployed; to repeal the infamous bonding system, which is fast burdening our municipalities with debts; to permit the state, counties, cities and school districts to make public improvements on their own credit with their own script, and that script receivable for taxes.

With a hostile majority in both houses, it is perhaps too much to expect an endorsement of silver. That will be recommended, but will force those ideas to the front and compel their discussion. Six months from now, or one year at most, it will be generally acknowledged that no relief can be obtained from congress, for the attempt to procure the free coinage of silver within the lines of the two old parties has been a complete failure for fifteen years. It can never succeed, because it implies that we are finally to win by the aid of Wall street, which is an impossibility.

The bimetallic convention at Washington seems to me at present to have been a failure. There are three great national parties. Two of them are bitterly opposed to the free coinage of silver and one of them is for it. So far as I can see, this convention put all these parties on a par. It makes the issue local and the practical effect must be to eliminate the Populist party. I have not full proceedings and perhaps have only a one-sided view.

Fatal Railway Wreck.
Warsaw, N. Y., Jan. 4.—A freight collision on the Buffalo, Rochester & Pittsburgh railway at 2 o'clock this morning, resulted in the death of two men and the serious injury of another. The killed were D. J. Cassman, of Machias, and Wm. Morrell, brakeman, Elmira. Geo. W. Kaifer, the flagman, is badly injured. Cassman's body was found under the wreck, Morrell's on the top of the boiler of the engine. He was evidently in the cupola of the engine.

Jarvis-Conklin Affairs.
Glasgow, Scotland, Jan. 4.—At a meeting of the debenture holders of the Jarvis-Conklin Mortgage company, of New York, the proposed scheme of reorganization was rejected and the meeting appointed an influential committee to protect the interests of the creditors of the company.

New York.—A representative of the Associated Press saw the manager of the Jarvis-Conklin company shortly after the above dispatch was received. The manager said: "It really does not matter much what course is pursued by the English and Scotch debenture holders, as they represent but a very small part of the company and exercise but slight influence. Our company's plan of reorganization, which provides for 4 per cent interest instead of 5 per cent, has been approved by a majority of the holders and is regarded as a liberal plan. Our foreign friends want the full 5 per cent their debenture calls for, but I have no doubt they will finally agree to our plan of reorganization and swing into line."

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the south-west.

THURSDAY, JANUARY 4.

ANNOUNCEMENT.

The subscription list and good will of the Santa Fe Sun has been purchased by the NEW MEXICAN PRINTING COMPANY, which company has undertaken to comply with the contracts of the Sun by substituting the WEEKLY NEW MEXICAN Review therefor. To the subscribers thus obtained, the New Mexican extends a hearty New Year's greeting with the hope that they may long remain among its most valued patrons, and the assurance that no pains will be spared to furnish them the news of the territory and of the country at large, and this journal will, to the best of its ability, imitate the example of the Sun in battling for the cause of sound Democracy and exposing the fallacies of the opposition.

CHAIRMAN WHEELER is right. Let New Mexico and Oklahoma stand on their own merits before congress.

THE NEW MEXICAN doffs its sombrero to the press of New Mexico for the many congratulatory words it has had for the new management.

THE REPUBLICANS OF PENNSYLVANIA have decided to try the bloody shirt dodge once more. They talk of the Wilson tariff bill being a "sectional measure."

THE AMERICAN people want action. Pass the Wilson bill. Let the people know where they stand, and business will immediately revive. The time for talking is past.

PRESIDENT REINHART speaks hopefully of the early restoration of the credit and financial standing of the great Santa Fe system. He has the best wishes of New Mexico.

THE time is near at hand when the silver question will be recognized as vastly more than a local issue. Significant signs of a popular revolt against the single gold standard are observed in both England and Germany.

THE record of dishonesty for 1893 shows embezzlements, fraud and forgeries aggregating \$19,929,692, as compared with \$8,887,847 in 1892, \$19,720,294 in 1891, and \$8,622,946 in 1890. Of course the Democratic administration is responsible for all this.

IN common with the public in general throughout this territory the New Mexican regrets to learn of the removal of the El Paso Bulletin to Los Angeles. Prof. Chas. Longmire has always stood as a power for good, clean methods in mining and business circles. May success follow him in his new field.

THE gold output of Colorado for 1893 was in round numbers \$8,000,000—an increase of nearly 50 per cent over the output of the previous year. At this rate Colorado will easily take first place as a gold-producing state in 1894. California now only leads the list by \$4,000,000 and her production is likely to decline rather than increase.

SENATOR JONES, of Nevada, affirms in the most solemn manner that "the alignment of parties must not be upon the silver question, but upon the money question." Inasmuch as he has occupied a seat in the senate for many years solely on account of his mastery use of the "money question" in politics, he ought to be an authority on the subject.

IF the owners of the silver mines in New Mexico desire to know what it is that is depressing their industry, they can get some valuable information by examining the smelting charges they have been paying since the passage of the McKinley bill, and compare them with the

charges paid prior thereto. The exclusion of cheap fluxes necessarily increases the cost of smelting.

SENATOR FAULKNER, of West Virginia, chairman of the senate committee on territories and one of the most useful members of that body, was married at Hampton, Va., last evening. It was one of the most brilliant social events that has occurred in the south for many years. The New Mexican joins the people of New Mexico in tendering cordial congratulations. Senator Faulkner has proved his friendship for this territory by his acts.

HON. J. H. CRIST.

Elsewhere appears an extract from the Albuquerque Citizen in reference to the sale of the New Mexican. Many thanks to the Citizen for its kindly expression, but our neighbor is a little in error as to the future management of the New Mexican. Mr. Crist will not be connected with its editorial department. A position upon its staff was at one time tendered him, which he declined, as his legal business since his appointment as district attorney had so increased as to occupy his entire time. For this reason, he has sold to the New Mexican the good will and subscription list of the Santa Fe Weekly Sun, and will henceforth devote his entire energies to the arduous duties of the legal profession.

In journalistic circles throughout the territory Mr. Crist is known as an able and forcible writer, and a staunch advocate of all those sterling principles of government upon which Democracy is founded. For four years he has conducted the Santa Fe Weekly Sun on a broad and liberal basis and has been a power in aiding the Democracy of the whole territory. Journalistic circles will miss him and will join the New Mexican in wishing for him in his new field all possible prosperity.

HOW THEY LIKE IT.

It is announced as a fact that the Democratic syndicate headed by Governor Thornton has purchased the New Mexican and will take possession of the property on the first day of next month. We are sorry to see this paper join the Democratic ranks, but congratulate the governor on getting such a valuable property.—Lordsburg Liberal.

Col. Max Frost steps down and out from the New Mexican tripod, where he has sat more or less serenely for the last seven years. His farewell address, in the paper of Saturday, shows a spirit of friendliness to all, but is chiefly remarkable for the absence of any reference to Geo. Cross, who has been associated with him during all those years, and to whose labors and ability, if report speaks not untruthfully, much of the strength and success of the New Mexican has been due.—Las Vegas Optic.

Col. Max Frost has sold the New Mexican to Geo. T. Thornton and a number of Democrats, who will attempt to make the paper the journal of that party in the territory. To the retiring editor, Col. Frost, the good wishes of the people of New Mexico are due. For seven years he conducted the paper in a fearless, fair and honorable way, and while he has not made a fortune by his labors, he can rest assured that his work will be of lasting benefit. While it may be beneficial to the Citizens in a financial way that the New Mexican has changed proprietors and politics, we regret to see Col. Frost retire. He was a tower of strength with the New Mexican for the Republican party, and this move of the Democrats is a shrewd one to attempt the capture of the coming state. The paper will, we understand, be under the able control of J. H. Crist as editor; Geo. Cross, news editor, and J. D. Hughes, business manager. To all concerned the Citizen wishes financial prosperity, and also hopes that Col. Frost will not be many months out of the editorial harness.—Albuquerque Citizen.

Saturday's issue of the New Mexican was the last under the old management and as a Republican organ. As announced in the Daily Times several weeks ago, a syndicate purchased the plant and good will of the paper, and it will hereafter be run as a live Democratic sheet. Col. Max Frost retires with well earned laurels. During the years he has been in charge, he has piloted the paper through perilous times, and what is more, has obtained the news from all quarters of the territory. He can retire from the newspaper field with the assurance that he has gained an enviable reputation as a hustler after news and business.

Just who takes his place as editor has not yet been decided. Mr. Geo Cross retains for the present his position as all around editor. He is one of the most re-

liable and versatile newspaper men in the west, being able to do good work in any department. It is understood that Mr. Hughes will also continue with the new management for a while at least. The Times is glad to see the New Mexican spreading good Democratic doctrine among the benighted Republicans of the territory. That much good will come of the change in the politics of the paper there is no doubt.—Albuquerque Times.

SHOOTING STARS.

Such a Truthful Little Woman.
Your summer must have done you a world of good, remarked the young man. I never saw you looking so well. You'll pardon the boldness of the statement, but you are rosier than ever you were. Oh, do you think so? said she. But it really isn't the summer, you know. I'm buying my complexion at a new place—that's all.

—New York Herald

Of Interest to Athletes.

James Robinson, the athletic trainer at Princeton college, Princeton, N. J., says: "I have found it imperative to have sure and simple remedies on hand in case of strains, cuts, bruises, sprains, colds, rheumatism, etc. Shortly after entering upon my profession, I discovered such a remedy in Alcock's Porous Plasters. I tried other plasters, but found them too harsh and irritating. Alcock's Porous Plasters give almost instantaneous relief, and their strengthening power is remarkable. In cases of weak back put two plasters on the small of the back and in a short time you will be capable of quite severe exercise. In 'sprains' and 'distances' races and jumping, the muscles or tendons in legs and feet sometimes weaken. This can be invariably relieved by cutting the plaster in narrow strips, so as to give free motion, and applying on muscles affected."

At the Dance Club.

Chorus (as Dicky enters in an apparent state of mental perturbation)—Great heavens! What's the matter?

Dickey—A wude girl on the street called out to me. I went by. Oh, mamma, buy me that! and a policeman wouldn't arrest her.

—Stonington Bulletin.

In Torment.

Surely if there are unhappy sufferers on earth upon whom the angels look down in pity it is people agonized with rheumatism. They are in torment the year round with little or no respite. Now, there is no evidence to which publicity has been given in behalf of Hostetter's Stomach Bitters more concurrent and convincing than that in behalf of its efficacy in incipient rheumatism. And since rheumatism and rheumatic and simple gout are among the most obstinate complaints to which this admirable remedy is adapted, and since they all have a fatal tendency to attack the vital organs, the advisability of an early use of the Bitters, when they manifest themselves, must be apparent. Efficacious, and most signally so, are the Bitters, too, in malarial disease, kidney and bladder inactivity, constipation, dyspepsia, liver complaint and nervous ailments.

Hard Lines.

Gus de Smith—The days are getting shorter.

Dudley Caneucker—I should say so. I get up about 11 and have breakfast and then I have hardly time to play a few games of billiards before I have to dress for dinner. It is a bore, a twosie bore doncher know.

—Texas Sittings.

Miles' Nerve & Liver Pills.

Act on a new principle—regulating the liver, stomach and bowels through the nerves: A new discovery. Dr. Miles' pills speedily cure biliousness, bad taste, "acid" liver, piles, constipation. Unequalled for men, women, children. Small size, mildest, sweetest, 50 doses, 25 cents. Samples free, at A. C. Ireland, Jr.

Knocked Himself Down.

Mr. Borem—I tell you, sir, there is no controverting Darwin's theory of the survival of the fittest.

Pete Amsterdam—But you yourself disprove that theory. On that theory you would have died long, long ago.

—Texas Sittings.

A Landslide Very Marked Results.

The term landslide usually conveys intelligence of disaster, whereby many are killed, but this is used to indicate the enormous sales of Dr. Miles' Restorative Nervine, a remedy that is daily saving the lives of thousands who are suffering from nervous disorders. It cures palpitation, nervous prostration, headache, backache, spinal diseases, hysteria, ill effects of spiritous confusion of mind, etc., and builds up the body surprisingly. Brown & Maybury, Portland, N. Y., say one patient used Nervine and gained fifteen pounds of flesh. Sold by A. C. Ireland, Jr., the druggist, on a guarantee. Get a book free.

Prepared for It.

I always scream when I think, she said. That a man means to kiss me soon. Then I won't, he groaned; but she shook her head; I screamed some this afternoon.

Immense, that's What They All Say.
It is customary in these later days to express our perfect satisfaction with a thing by saying "It's immense!" It's so expressive that nothing can be added. Geo. L. Fink, Philadelphia Pa., says, "My wife has been taking your New Cure for the Heart and says it is immense! She has not been troubled with pain or smothering spells since using it." Jno. L. Roberts, St. Louis, Mo., says he is 70 years old, and has suffered from heart disease over 40 years. Was treated without avail by prominent New York physicians; grew constantly worse; took Dr. Miles New Heart Cure and was completely cured. Sold by A. C. Ireland, Jr., on a guarantee.

Used It as a Substitute.
The Questioner—Why do you smoke tobacco?
The Nicotine Fiend—Because I can't get any cigarettes.

If You are Going East
It will be to your advantage to know the Washburn is the shortest line between Kansas City and St. Louis.

The Washburn is the shortest and most direct route between Kansas City and St. Louis, connecting at both those points with the trunk lines east. The Washburn forms the most convenient route from western points to Chicago, and lands passengers in Chicago more conveniently to the world's fair lines than any other road.

The Washburn runs finer equipments for both first and second-class passengers than any other route. Call or write. O. M. HANCOCK, Com'l Agent, 1234 17th St., Denver, Colo.

The Grand Canon of the Colorado

the most sublime of nature's work on earth, indescribable, can easily be reached by Flagstaff, Williams or Peach Springs on this road. To the bridge of Arizona and Montezuma's well you can journey most directly by this line. Observe the ancient Indian civilization of Laguna or Acoma, "the City of the Sky." Visit the petrified forest near Carrizo. See and marvel at the freak of Canon Diablo. Take a hunting trip in the magnificent pine forests of the San Francisco mountains. Find interest in the ruins of the prehistoric.

Grand Canon of Colorado River.

On the Santa Fe route, in northern Arizona, 1,262 miles from Kansas City, is the town of Flagstaff. A tri-weekly stage line runs from Flagstaff to the Grand Canon of the Colorado river. More than a mile in depth, this is the sublimest of gorges—a Titan of chasms. Twenty footfalls might be hidden unseen below, and Niagara would look scarcely larger than a brook.

Don't fail to visit this first wonder of the world. You can "read up" about it by asking G. T. Nicholson, G. P. & T. A., at T. & S. F. R. Co., Topeka, Kas., to mail you a free copy of an illustrated book describing this terra incognita. The book is no common affair; but is entertainingly written, beautifully illustrated and a gem of the printer's art.

A "RUN-DOWN"

and "used-up" feeling is the first warning that your liver isn't doing its work. And, with a torpid liver and the impure blood that follows it, you're an easy prey to all sorts of ailments.

That is the time to take Doctor Pierce's Golden Medical Discovery. As an appetizing, restorative tonic, to repel disease and build up the needed flesh and strength, there's nothing to equal it. It rouses every organ into healthful action, purifies and enriches the blood, braces up the whole system, and restores health and vigor.

For every disease caused by a disordered liver or impure blood, it is the only guaranteed remedy. If it doesn't benefit or cure, in every case, you have your money back.

Can be counted on to cure Catarrh—Dr. Sage's Catarrh Remedy. It's the newest. For 25 years it has been doing that very thing. It gives prompt and complete relief. The proprietors offer \$500 for an incurable case of Catarrh.

A Seasonable Explanation.

PIPPINS AND PORK.

The Wallen-Paupack river runs through a wild but beautiful valley of Pennsylvania and New Jersey, and it is often skirted by dense swamps, and where the big hemlocks, birch and oak trees still stand Bruin finds his congenial haunts and plays wild havoc among the some time fertile farms of the Paupack valley, carrying away the calves, but occasionally loses his life by reason of being too fond of climbing apple trees.

Marcus Killam is a "logger" and a farmer and has 1,000 acres under cultivation in Palmyra township. Marcus was 75 years old on the 4th day of July. He goes to church at the Paupack Valley Methodist meeting house on the Wallen-Paupack river once every Sunday, dressed in gray pants, blue boots and a blue cutaway coat with brass buttons, and standing 6 feet 2 in his stocking feet looks like a sturdy English gentleman of the olden time. Marcus loves the flock and herds, and he entertains a deadly hatred for bears.

It was over a fortnight ago that he found a pig missing whose dying squeal had not aroused the honest old farmer from his sleep of the just, and what enraged him most, a favorite apple tree was scratched up and down the trunk, the limbs were broken, and the tree was absolutely denuded of apples. Bears had been there, old Marcus well knew. Summoning his nephew, Volney Bennett, a lad only 16, but ready to shoot anything from a woodpecker to a white Rocky mountain goat, he put the boy on the trail to diagnose the situation.

Young Bennett sought the neighboring village on the Wallen-Paupack river, and there found three travel stained hunters who had trailed the pigstealing bear all the way from within three miles of Banghamton, N. Y., across the river, and among the big hemlocks and oaks of Palmyra township. The New York sportsmen were down in the mouth because after a tramp of 10 miles they had lost traces of the bear. Young Volney was quite enough while "pumping" the foreign bear hunters not to anything about old Ephraim's fondness for raw apples and his Uncle Killam's uncooked shoats.

There was an "early to supper" and an "early to bed" at the Killam farmhouse that night, and long before the break of day a hot breakfast of fried trout, flapjacks and wild honey and butter milk antedated the hunter's departure in search of bear meat. A casual glance at the pigpen revealed the blood of another lost pig a year old, bodily lifted by Bruin over the palings of the pig pen. Another apple tree stripped. Then old Marcus breathed fire and death against that particular black bear. Marcus had a rifle, a rifle with which he had brought down a bounding buck in the Paupack valley "40 years ago come next Christmas." Young Bennett had a double barreled shotgun loaded with buckshot. All day they tracked that bear through the hemlock swamps and through the laurel and wild blackberry bushes.

Night came on, and the old farmer asked his nephew if he could stand a night in the woods. "Sure," said the boy, and producing a box of matches and a fish line he handed the matches to old man Killam, and with the trout line sought a trout hole in the stream near him and he knew it.

Farmer Killam soon had the fire ready, but not too soon, for Volney returned in half an hour with a dozen beautiful trout, which were fried in a moist newspaper, after being washed and cleaned, made a supper fit for the gods on high Olympus, and the old man produced a flask of generous size from the side pocket of his hunting coat, but whether it contained buttermilk or the spirit of "Oh, be joyful" young Volney did not disclose. The hunters had tramped 15 miles in a hot August day, and they slept without dreaming, and only Gabriel's final "horn" or a catamount's yell could have broken their slumbers.

A council of war was held at 4 o'clock in the morning, and Farmer Killam decided that the bear would try another pig that morning, as he had swallowed undisturbed the best yearlings in the pen already. Water was brought up in the now empty flask and the woods fire extinguished, for everything was as dry as a tinder box. A straight walk was made for the apple orchard, and just as the bedroom of the morning left his knees of purple and gold on the edge of a mossy eastern cloud the anxious hunters reached the dense oak woods fringing the apple orchard on the west side.

Farmer Killam, who has an eye like a falcon's and doesn't wear glasses for all he is 75, peered out behind a big oak tree. "My God," he said—and he is a good Methodist—gasping for breath. "My God, there's old Ephraim—a ruin my pippin apple tree!"

The wind was right and the bear was full of fresh pork and uncooked apples. He snatched apples while the stealthy hunters sought a cove of vantage in a fence corner. By the dim and misty light Killam drew a bead with his trusty Betsy on the too confiding Bruin.

The rifle ball went home and down dropped a 300 pound bear. Both hunters ran to the bleeding bear, and as Killam, flushed with victory, reached with his bowie knife for Ephraim's jugular the bear, the blood gushing from his right shoulder, his Killam with his left paw, knocking him six feet out from under the pippin tree and leaving bare three inches of Ephraim's scalp, which will stay bare until he dies.

While the old man was temporarily hors du combat, the youthful Volney gave the bear a coup de grace at 10 paces and sent a load of buckshot crashing into his brain. Ephraim quivered and died. Old man Killam soon revived, and the hunters boxed executed a war dance around that ponderous bear. By the time the farm folks got out to see a bloody farmer and a bleeding bear, Mrs. Killam informed the forgetful hunters that it was Sunday morning! This fact in the excitement of the chase was totally forgotten. "The frosty son of thunder," who expounds and pounds the gospel along the Wallen-Paupack valley, preached a rousing sermon against violating the Sabbath with guns. His text was "Ephraim is joined to his idols; let him alone." It was not quite clear to Marcus Killam whether the preacher was hitting at him and his nephew or not, but he said to his wife at dinner that day: "Mrs. Killam, I don't just know what that preacher meant by leaving Ephraim alone; but, by gosh, I won't leave no bear alone who steals my best yearling pigs and ruins my best apple trees. So, by gosh, preacher or no preacher."—Philadelphia Times.

OFFICIAL GOSSIP.

Meeting of the Penitentiary Board—Talk of Charges—Official News Notes of the Day.

The board of penitentiary commissioners went into session at the office of the institution at 11 o'clock this morning. There were present Messrs. H. H. Betts, president, N. B. Laughlin, secretary, Wm. E. Dame, O. A. Hadley, J. L. Lopez, Roman A. Baca and Thos. McQuiston. At the short morning hour session only routine business received attention and the board took a recess for dinner, assembling again at 1:30. At this afternoon's session some lively developments are expected. It is said that W. B. Sloan has filed charges of irregularities against Supt. Bergman and these are to be discussed with the probably result that the matter will go over for one month in order that Col. Bergman may have time in which to reply to the charges, whatever they may be.

Important changes are to be made at Fort Logan, coincident to the establishment of Gen. McCook, at Denver. Two new company barracks and four sets of officers' quarters are now being constructed. They are under contract to be finished by May 1. This means the addition of 120 men to the garrison now stationed at Fort Logan, but whence these detachments are to come only the powers that be know. The buildings now under course of erection are to cost \$35,000, and the company barracks are to be models of their kind. Gen. McCook has expressed a desire to have two troops of cavalry moved to Fort Logan.

Hon. A. B. Fall, who has been passing several days with friends here, leaves this evening for Las Cruces. Tomorrow he will be called upon to decide a mandamus proceeding as to whether the law under which Silver City was organized into an independent school district has been repealed, and if so, how should the school fund of the county be prorated in order that each school district should get its proper share.

This week in the columns of the Index will be found the full report of Gov. Thornton to the secretary of the interior on irrigation. The report is complete, setting forth in a fair manner the agricultural advantages of the territory and what can be made with proper irrigation.—San Juan Index.

Hon. Walter C. Hadley has at last been discharged from performing the duties of postmaster at Hadley postoffice. He declares that it is a good deal more trouble to "cut loose" from a postoffice than to get hold of it in the first place.

On petition of the complainant in the case of Hon. S. B. Elkins, ex-secretary of war, vs. Carmen Aroe, Hon. T. B. Catron has been substituted as attorney in place of Judge O. D. Barrett, law partner of the late Gen. B. F. Butler.—Las Vegas Optic.

We have received Gov. Thornton's report and will take some extracts from it in the near future. It is an exhaustive and able document.—Roswell Register.

ROUND ABOUT TOWN.

Florence Donoghue is still quite ill and his friends are somewhat alarmed over his condition.

Santa Feans are anxiously looking forward to the time when the new telephone system will be in operation.

For the freshest and fullest news relating to the official and military worlds look to the New Mexican.

The members of the numerous Colorado colony here speak in glowing terms of Santa Fe's peerless climate.

The perpetual sunshine has a depressing effect upon the ice dealers. They are longing to know: "What will the harvest be?"

Meeting of the Guild, Friday January 5, at the residence of Mrs. W. T. Thornton, at 2 p. m. Business of importance. C. L. Bartlett, secretary.

Jacob Stein, the accommodating clerk at the Eldorado, entertained a lively company of friends on Sunday night last in celebration of his 26th anniversary. Long may he wave.

Mr. and Mrs. Charles F. Yardman held an informal reception at their home in this city last evening. A nine pound boy arrived on schedule time and is as bright as a new golden eagle this morning. All well.

The special services at the Methodist church are growing in interest, and are well attended. To-night Rev. Dr. Bovard will preach and Rev. W. R. Weaver, of Chama, will follow. Everybody is cordially invited to be present. Services commence at 7:30 p. m.

Will Sloan, now a resident of Archuleta, N. M., who came here from the east a few months ago an invalid, has entirely recovered his health. He left for his camp yesterday with his horse loaded down with grub, while he tramped along behind whistling like a young kid.

Hon. L. A. Hughes writes Mr. Valentine Carson that he is having unexpected success writing life insurance risks in Mora county. Among the number who deemed it prudent to insure their lives were two brothers of ex-Sheriff Doherty, recently assassinated at Mora.

F. E. Williams, musician in the 10th infantry band, writes the Las Vegas Optic saying: I noticed in the Optic the advertisement of Mrs. R. Smith, asking for employment as clerk or any literary work. You would begin your New Year's work in charity if you would give my address to the lady in question, who is, I think, a long-lost relative.

What's become of all the foot-ball contests that were hinted at a few weeks ago? The Albuquerque team has as yet failed to respond with an acceptance of Fort Marcy D company's challenge. Why don't the Santa Fe team hang up a challenge for D company, just to keep up interest in the sport? It is understood D company is ready, latest rules to govern.

PERSONAL.

J. H. Clancy, of Chicago, registers at the Exchange.

Dr. William Eggert is still a sick man, but his condition is improving.

S. Kaenpfer, New York; T. F. Clay, Las Vegas, are at the Claire.

Hon. J. L. Lopez is over from San Miguel county to-day on official business.

Mariano Sena, of Los Lunas, is spending the holidays with capital city friends. Sixto Chavez, a well known politician of Rio Arriba county, is visiting the city on U. S. court business.

Mrs. Quintana, mother-in-law of J. M. Lamberson, car repairer, is here on a visit from Santa Fe.—Las Vegas Optic.

Thomas F. Clay, the wide awake city marshal of East Las Vegas, is in town to-day as a witness in a court martial case.

Hon. W. E. Dame, of Cerrillos, is in the city attending the regular monthly meeting of the board of penitentiary commissioners.

Sheriff Cunningham is rapidly recovering from his recent severe illness at St. Vincent's sanitarium.

Miss Grace Burnett, kindly remembered as a teacher here last year, is in the city from Rinconada on a visit with friends.

Archbishop P. L. Chapelle left last evening for San Francisco, where he will remain some six weeks on a visit to Archbishop Roldan.

H. B. Trist, M. D., I. H. Laferly, wife and babe, J. T. Manier and Lee Hersch, of the pension examining board, have gone to Las Vegas.

Hon. Thos. McQuiston and wife, of Rinconada, arrived over the narrow gauge last evening and are guests at the Palace hotel.

Messrs. E. and A. Mallenbrodt, members of a famous chemical house of St. Louis, are at the Palace accompanied by their mother.

Hon. A. O. Hadley, one of the solid citizens of the famous Mora valley, is visiting the capital to-day, coming on official business.

Chas. B. Kehrman, St. Louis; W. E. Dame, Cerrillos; T. McQuiston and wife, Rinconada; O. A. Hadley, Watrous, N. M., are at the Palace.

Col. Grant, late of the Chicago custom house, now a New Mexican health-seeker, who is doing excellently well in the New Mexico climate, returned from a brief visit to Santa Fe.—Las Vegas Optic.

W. W. Coughlan, Eugene Conti, of Silverton, Colo.; Merrill Dunn, of Rico, and O. C. Cloud, of Durango, mining men seeking a location, came in over the narrow gauge last night.

Arrivals at the Bon Ton hotel: Allan Butcher, Rock Corral; Geo. C. Peters-Glorieta; Arthur Frisch, Las Vegas; W. W. Coughlan, Silverton, Colo.; D. N. Jackson, Maxwell City; Merrill Dunn, Rico, Colo.; Eugene Conti, Silverton, Colo.; Oliver C. Cloud, Durango, Colo.; Benito Martinez, Chama; Carlos Trujillo, Tierra Amarilla; W. W. Dugro, Cripple Creek, Colo.; A. F. Ainsworth, Creede, Colo.

Sister Victoria, of the St. Vincent institutions, went to Lamy last evening accompanied by her two little wards, Gene and John Brady, and they were turned over to the care of Sister Fidelis, of Albuquerque, who will escort them to Cincinnati. The lads go to attend school in company with Richard M. Armijo and Joseph Sanchez, of Albuquerque, and Mariano Otero, of Los Lunas.

U. S. DISTRICT COURT.

Judge Seeds Enforcing the Rule That Jurors Must Have Paid Taxes for 1892.

The United States district court met at the federal building yesterday afternoon, but as the venire for jurors had not been returned, an adjournment immediately followed.

At the session this morning the petit jury was completed, and it is hoped that a grand jury will be secured this afternoon. It appears that it has been customary to regard persons as qualified for jury service who had paid taxes at any time in the past, but Judge Seeds holds that, under the law, a man can not serve on the jury for 1894 who is delinquent in his taxes for 1892. He is strictly enforcing this construction of the law and refuses to accept jurors who can not show a tax receipt for the past year. Hence the delay in starting in motion the machinery of the federal court.

STILL MISSING.

Silver City's Postmaster Thought to Have Become Deranged or Been Murdered.

Much uneasiness is felt by the family and many friends of our popular postmaster, Harry W. Lucas, says the Silver City Sentinel. Mr. Lucas left here two weeks ago last Sunday to go to Albuquerque to close a mining deal in which he and several others were interested. He was expected back in two or three days but has not yet returned, and his whereabouts are unknown. The secret societies to which he belongs have communicated with their lodges in New Mexico and Colorado, but have not been able to find him. He is known as an honest man, an accurate official and as a man who has a charming family to which he is devoted. It is feared he has either been stricken with a temporary attack of insanity or that he has been murdered.

NATURAL GAS.

Another Important Element of Wealth Opened in San Juan County.

Thursday morning the report reached Aztec that natural gas had been struck on the ranch of S. R. Blake, at Farmington, at a depth of 280 feet. A pipe was put down and the ceasing gas confined to a small outlet. When a match was applied it burst into flame and has been burning brightly ever since, which conclusively proves that it is connected with a large body of gas or it would soon have burned out and vanished. The Aztec Index at hand to-day says:

"Henry J. Arnold and Joe Prewitt, of Durango, passed through town yesterday burning on route to the scene, having been called there by a letter announcing the discovery. With natural gas, irrigation, fruit orchards and artemisia wells, San Juan will become the banner county in the new state of New Mexico."

VOICE FROM THE NORTH.

Capt. John Gray Writes Entertainingly from Spokane.

Everybody remembers Capt. John Gray. Years ago he was a partner of H. B. Cartwright in the grocery business. Afterwards he was deputy warden at the penitentiary, and later he served as the first marshal of the city of Santa Fe. He is now located in Spokane, Wash., and his street number is 327 Main street, where he is engaged in the commission business. He writes Capt. John T. Forsha that he is in good health and prospering in business, but longs for "the bright sunshine and starry-decked heavens of Santa Fe." He pathetically adds: "We have fog up here. You can even smell and taste them." Touching politics he says: "Spokane is Republican and Santa Fe is not in it for booting. The city council here has stolen everything but the rights of way for the street cars, and that is in litigation. I see many wanderers here whom I knew in sunny New Mexico. Among the number I may mention Old Jim Curry, at one time in the penitentiary at Santa Fe, and Jasper Thompson, who was sentenced to hang at Socorro. Both are working here."

RAIL NEWS NOTES.

The up-town money and freight order office of the D. & R. G. express has been established at A. C. Ireland's drug store.

Supt. Chas. Dyer and Division Engineer Meade were at Lamy last night, having spent yesterday working on Col. Moore's men. They say that the A. T. & S. F. track and equipment will be put into better condition immediately.

It is the belief of all railroad employees on the Pecos Valley road that the Roswell extension will be commenced as soon as grading teams can be taken off the dams, which will be within a month. The road can probably be completed to Roswell within six months by using 300 teams and 500 men, the force now on the dams.

The A. T. & S. F. receivership will not effect the plans of the Santa Fe Hospital association which has already planned for the building of the finest railway hospital in the west at Topeka. This will make the fifth hospital erected by this association on the Santa Fe system proper, the others being at Fort Madison, Iowa, Ottawa, Kas., La Junta, Colo., and Las Vegas. The hospital system on the Atchison, Topeka & Santa Fe is the most complete in the west.

About the 15th inst. Contractor Moore, in charge of the Galisteo river improvements along the A. T. & S. F., will double his present working force and put fifty men to work in the Cerrillos stock quarries. The money spent for this labor will lighten up the gloom for many a working man in south Santa Fe county during the coming four months.

TERRITORIAL TIPS.

ALBUQUERQUE ATOMS.
Ernest Grunsfeld has retired from the firm of Grunsfeld & Co., having sold his interest to his cousins, James and Ivan. Samuel Bagnall, a moulder in the employ of the A. & P., was found dead in his bed at the house of G. Scottie yesterday afternoon.

The funeral of Mrs. Teresa Perea, whose death occurred at Bernalillo Monday night, took place there this morning. The deceased was the mother-in-law of Joe L. Perea, and was 68 years of age.

Mr. John C. Muir and Miss Pauline Whiteman were married last night at the residence of the bride's parents, Judge and Mrs. Whiteman. Only a few friends were present as the wedding was private, owing to the illness of Judge Whiteman. Rev. W. L. Githens performed the ceremony.

Attorney Prouty, of Vermont, representing Chase & Suter, is in the city looking after the interests of his clients. His firm are trustees of the Albuquerque National bank. They hold a majority of the debenture bonds of the New Mexico Savings Bank & Trust company, to the extent of \$50,000.

Yesterday morning Pedro Jose Mares, an old gentleman about 70 years of age, met with a sad death at his home at Los Candelaria. He was drawing a bucket of water from a well, when he slipped and fell head first into the water and was drowned before he could be rescued.—Citizen.

ROSWELL RUSTLINGS.
The Argus states that a small outfit is now working on the Pecos Valley railway extension. It is added that the entire population of the world began from one pair.

Don't overlook the fact that the Pecos valley has stood the panic better than almost any other section of the country. This is due to her ability to sustain herself under all circumstances.

It looks now as if statehood for New Mexico is assured. All things are said to come to him who waits, and New Mexico has been patiently waiting for her rights for a very long, weary time.—Roswell Register.

Christmas has come and still no snow in the Pecos valley. Not more than twenty days, or rather mornings, that an overcoat has been tolerable. Grass is good, stock fat, feed plentiful and farmers happy. Surely this is a favored section, where there is harm for thousands yet to come.—Roswell Record.

LAS CRUCES LOCALS.
A light rain on Wednesday evening. Misses Alice and Josey Casey came down from Santa Fe Saturday to spend Christmas with their parents, Captain and Mrs. J. F. Casey.

Three thousand feet on the vein, to the westward of the Bonoi, has been uncovered, and shows up an unbroken ore-shoot which is very rich.

Phil Fall and John Mack left the first of the week for Magdalena, where they will superintend the removal of the 10-stamp mill from that place to the Gold camp on the east slope of the Organs.
