DOWN IN THE DEEP.

Brave Behavior of the Amsterdam's crew in trying to save an American Schooner.

New York, Jan. 17.—The steamship Amsterdam, from Rotterdam, January 8, arrived at the bar this morning. She had a continuance of heavy gales from all round the compass and tremendous high seas and a very low barometer throughout the voyage. On Sunday, January 14, in latitude 43, 12 longitude 58.18 about 11 a. m. she sighted a schooner south showing the American union down and at half mast. She made for the schooner and saw that the sea was constantly washing over her and that only by hard pumping she kept afloat. She had a crew of about fourteen men. The Amsterdam manned a life boat in charge of Chief Officer Meyer and six men, but the gale capsize the boat and all drowned except one sailor. Another crew member was thrown overboard and boat, owing to the increasing wind and high seas the captain objected and concluded to wait for better weather and a calm sea. The Amsterdam kept in the vicinity of the wreck until in a heavy squall she lost sight of the disabled craft, and although search was made she was not able to find any trace of her. The wreck appeared to be the American fishing schooner Maggie Wells. The following are the names of the Amsterdam crew who went to the rescue of the sinking schooner and were lost: Chief Officer J. Meyer, aged 28; Second Boatman E. E. E. E. E. Carpenter A. J. Ondyne; Sherage Steward A. Bass; Quartermaster Fly Eychhorn; Seaman A. Van Vleet. A. Vanderwelt, who was an expert swimmer, was saved.

Promptly Dispatched.

St. Louis, Jan. 17.—John Buckner, a convict who criminally assaulted Mrs. A. Mudge and Miss Allie Harrison near Manchester, Mo., yesterday, was lynched early this morning. The scene of the lynching is near Manchester, one hour's run from this city.

Chicago's Great Museum.

Chicago, Jan. 17.—It seems probable that the fine arts building at Jackson park will have to be remodelled or reconstructed entirely before it can be used as the Columbian museum. As the result of its inspection by the fire underwriters the insurance has been raised, and announcement made that the building is not fit to house the valuable exhibits which aggregate fully \$3,000,000.

TIRADE OF ABUSE.

The Alleged Ex-Priest, McNamara, Causes Another Riot at Kansas City.

Kansas City, Mo., Jan. 17.—Following a lecture, delivered by J. V. McNamara, who styles himself a late priest of Rome at Turner hall last night, a serious riot occurred. Possibly a score of rifle and pistol shots were fired. Albert Gowdy, a hack driver, was shot and slightly wounded. Half a dozen men were injured by stones and brickbats, and one man seriously clubbed. McNamara's lecture was a tirade against the Catholic church, its priests, nuns and sisters of charity. He claimed to be the representative of the American Protective association. Members of that body deny the statement and repudiate him.

THE MARKETS.

New York, Jan. 17.—Money on call is easy at 1 per cent. Sterling exchange dull. Silver 68c. Corn 48c. Wheat 85c. Omaha—Cattle receipts, 2,800; slow and weak; natives, \$3.15 @ \$3.25; westerns, \$2.75 @ \$3.15; Texas, \$2.25 @ \$3.25; cows, \$1.50 @ \$3.25; feeders, \$2.25 @ \$3.40. Sheep receipts, 1,600; steady \$2 @ \$3.50. Lambs, \$2.50 @ \$4.50. Kansas City—Cattle receipts, 5,600; steady to strong; Texas, \$2.70 @ \$3.90; shipping, \$4 @ \$5.40; Texas and native cows, \$1.40 @ \$3.50; butcher's stock, \$3.15 @ \$4.15. Sheep receipts, 1,100; shipments none, market dull. Chicago—Wheat steady; cash 59c; May 64c. Corn steady; cash 34c; May 37c. Oats steady; cash 26c; May 29c. Pork easy; Jan. \$18.05; May \$18.20. Lard easy; Jan. \$7.22; May \$7.52.

Bondholders Frozen Out.

Duluth, Minn., Jan. 17.—There is to be a reorganization of interests in the Lake Superior consolidated mines and John Rockefeller, who by his bond interest secured by a trust mortgage had practically obtained control of the greater part of the Mesaba range by an expenditure that would hardly have exceeded \$1,000,000, will now figure in the deal like other stockholders. This will wipe out the bonded indebtedness which stands against the consolidated and insures stockholders who put money in the mines some return for their stock.

Refuse to Strike.

Pittsburg, Pa., Jan. 17.—Reports from the different mining districts indicate that the miners have failed to obey the general order to strike and the greater number of pits are working. At the office of the Hackett Coal company and the Pittsburg & Chicago Gas company, the superintendent reports the miners in full operation. There is a strike though at the German mines of Henry Florsheim. The diggers went to work yesterday morning at a 2 1/2 cent rate and are yet loading according to reports received.

The Black Cap.

Gettysburg, Pa., Jan. 17.—Murderer Heist was hanged here at 11:14 this morning.

Slide Slides Out.

Wichita, Kas., Jan. 17.—Clide Mattox, who yesterday was found guilty for the third time of murdering John Mullen in Oklahoma in 1889, escaped from jail last night. Officers are in pursuit, but his capture is doubtless.

Osborne's New Job.

Topeka, Kas., Jan. 17.—Secretary of State Osborne, it is ascertained to-day, is to be the Kansas organizer of the "Ancient Order of Loyal Americans" exposed a few days ago in a dispatch from Lansing, Mich.

TRAIN FATALITIES.

Collision on the Richmond & Danville Line—Death on a Trestle.

Chester, S. C., Jan. 17.—The limited train No. 5 from New York to Florida on the Richmond & Danville road was run into by a Georgia, Carolina & Northern train at a crossing here at 1 o'clock this morning. The sleeper was full of people and was struck in the center. The day coaches were turned upside down on the side of the track. Several persons are reported to be killed and a number injured. The excitement and confusion were so great that it was at first reported that twenty-five persons had been killed, but this proved to be an error. Up to this time no accurate list of the dead and injured has been obtainable. All the wounded persons who remain here are being well cared for.

THROUGH A TREBLE.

New York.—Information has just reached here that a construction train in use on a temporary railroad run in connection with the building of a new tunnel at New Jersey fell through the trestle this morning and killed one man and injured twenty-eight others. Many of the injured are reported to be badly mangled and not expected to live.

Found a Bomb.

Salem, Jan. 17.—When John Evans, one of the leading coal men of this section, came to his office in this city yesterday morning, he found a bomb lying against the office door. A piece of lead pipe, two inches in diameter and ten inches long with a charred fuse running through a plug, was loaded with dynamite and blast powder. Evans, with other operators, have been having trouble with their miners over the question of wages and the only explanation of the bomb's presence is that some of the miners sought revenge by wrecking his building to intimidate him.

CONGRESSIONAL.

Washington, Jan. 17.—In the senate to-day Senator Barry, of Arkansas, introduced a bill to grant right of way to the Kansas, Miami & Southern railroad through the Indian territory and Oklahoma.

A bill was presented by Senator Palmer, Democrat, of Illinois, authorizing the secretary of the navy to transfer the reproduction of the caravels of Columbus to the Columbian museum at Chicago.

The resolution of Senator Call, Democrat, of Florida, directing an inquiry into the condition of the civil service and expediency of its retrenchment or increase, came up. Senator Barry said: "I think," said he, "there is a great deal of humbug about this civil service business and I am not in favor of extending it one iota further than has been done." (Applause.)

THE HOUSE.

Some routine business preceded the resumption of the tariff debate this morning.

The speaker announced the following committee appointments: Foreign affairs, Mr. Money, of Mississippi; judiciary, Mr. De Armond, of Missouri; naval affairs and expenditures in the interior department, Mr. Griffin, of Michigan; on library, Messrs. Compton, of New York; Bartlett, of New York, and Adams of Pennsylvania.

The bill authorizing Salt Lake City to increase its debt to 6 per cent of its taxable valuation was passed. The house then went into committee of the whole for the consideration of tariff bill.

The pending amendments were those fixing the date on which the free wool schedule should go into effect. Mr. Morse, Republican, of Massachusetts, maintained that the country had been carried by the tariff reform party by false pretenses, as shown by the result of the elections last fall, and that the tariff should not be tampered with until the people had a chance to express their opinions at a general election. A blow was struck at the great corporations, he said, it was a blow as well as the laboring men employed by those corporations.

Mr. Payne moved to amend the bill to make free wool go into effect October 1, 1898, was lost by a vote of 128 to 154. The amendment of Congressman Tom Johnson, of Ohio, to have the free wool clause go into effect immediately on the passage of the bill was carried by a vote of 112 to 102. This was the first defeat for the committee, which was in favor of extending the date some months beyond the period the bill takes effect.

Prominent Kansas Dead.

Topeka, Kas., Jan. 17.—Dwight Thatcherd died at 1 o'clock this afternoon.

NATIONAL NEWS.

The Treasurer Forced to Issue Bonds—Crumbs That Soon Will Come to Good Democrats.

COMFORT FOR GOOD DEMOCRATS. Washington, Jan. 17.—The largest number of commissions of presidential postmasters will have expired during the three months ending February 28, in any previous quarter of the year. The number of clerks whose commissions expired last month was 480. Already this month 125 commissions have expired, and the expirations during the month will aggregate 250. The number of commissions which expire during February is about 175.

WOULDN'T LISTEN TO IT.

The rumor that the Hawaiian ex-queen will present a claim for damages to the United States government continues to be discussed, although it is pretty generally discredited and semi-officially denied at Honolulu. Leaders of the house say a claim of this kind would never be sustained. Judge Holman says congress would not listen to such a proposition for a moment.

EARLY ACTION.

It is believed that Secretary Carlisle has in contemplation the taking of prompt action on the bond question, in view of what appears to be the impracticability of securing early relief by congressional action. A statement made by treasury officials to-day, together with other significant facts, form the basis for this belief. An official statement is not obtainable.

Later, 3 p. m.—The secretary of the treasury will very soon, probably this evening, offer to the public enough bonds to replenish the gold reserve to the extent to which it will have been depleted on February 1, when it will probably be reduced to \$60,000,000 or \$65,000,000. The bonds will be ten-year 5 per cent bonds, but must sell for enough to make them really a 3 per cent bond. An offer has been received from one person to take all the bonds issued but the secretary prefers that the general public have an opportunity to bid for them.

Tried to Wreck It.

Richmond, Ind., Jan. 17.—An attempt was made just east of here last night to wreck the Pennsylvania system pay car. A huge piece of timber was placed on the track, but the pilot of the engine threw it off. The car carried a large sum of money and robbery was undoubtedly the motive.

AFTER OCHOA.

Reported Battle in Chihuahua—Diaz's Favorite Fighters Sent Into the Field.

El Paso, Tex., Jan. 17.—It is still impossible to get further details of yesterday's conflict between Mexico soldiers and revolutionists, but it is certain that there has been a battle near the Mexican Central road between here and Chihuahua. Trains that reached Chihuahua to-day from the City of Mexico brought 600 of the favorite troops of President Diaz which have a wide name and fame as fighters. They are especially fitted for mountain wars. Just where these troops are bound for can not be learned.

Prosecution Closed.

Chicago, Jan. 17.—The prosecution in the Coughlin trial after its weeks of constant recurring sensations, rests its case to-day. The state's attorneys have delayed proceedings as long as possible hoping for the arrival from Scotland of Joe McLaughlin, brother of Mrs. Andrew Foy, but to-day they decided he would not be present to testify and allowed the defense to begin its work.

The Milwaukee Hebberry.

Milwaukee, Wis., Jan. 17.—At 10:30 this morning the police succeeded in getting the first trace of the money and valuables belonging to the murdered Mrs. Schrumm. A small tin pill weighted with shot was found sunk in a vault in the rear of the home of Prechmann's mother, on Cherry street. The pill contained a watch, a bracelet and a diamond pin; the money is still missing.

Won't Fight There.

Jacksonville, Fla., Jan. 17.—Several companies of militia from the southern sections of the state have received orders from Gov. Mitchell to assemble in Jacksonville on the 25th, the date of the Mitchell-Corbett fight. They will obey the orders.

GOOD FOR NEW MEXICO.

Land Agent Cliver, of the A. T. & S. F. Here on An Important Mission.

Mr. W. T. Cliver, land agent for the A. T. & S. F. company, arrived in this city from Las Cruces to-day and will remain several days gathering samples of Santa Fe county products, which will comprise a part of the mammoth exhibit from New Mexico to be displayed by the A. T. & S. F. company at the Antwerp international exhibit, and, in fact, throughout all Europe wherever the company has its agencies. Specimens are wanted of coal, timber, grain, wool, cana-agria, fire clay, kaoline, turquoise, building stone, etc. These may be left with either the local agent of the Santa Fe or Col. Frost, secretary of the immigration bureau, and citizens having in their possession such articles and who are willing to lend a helping hand in this project are urged to send them to the office of Gov. Thornton, Col. Frost and others. Mr. Cliver has made excellent headway to-day in gathering these samples, and he hopes to be able to make a especially fine showing of the resources of Santa Fe county.

OFFICIAL GOSSIP.

The work of taking testimony in the Amargo land contest, wherein Felix Garcia asks to be recognized as the bona fide holder of land on the Jicarilla Apache reservation, was concluded at the U. S. land office to-day.

The members of the New Mexico board of equalization have been diligently at work for the past three days. They are this afternoon closing up their business, a full report of which will be published in these columns to-morrow.

The Monero coal contest case between David Ray and W. E. Broad, which has been pending before the U. S. land office for several days, has been postponed until February 7. This action is rendered necessary by the fact that District Attorney Crist, who represents the Ray interests, is engaged in the preliminary hearing before Judge Seeds.

New Mexican Printing Co., Santa Fe, New Mexico.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

WEDNESDAY, JANUARY 17.

Hold on to your cattle and wait for the boom in beef.

The New Mexican doffs its hat to the Albuquerque Times on general principles.

The west is again at the front. Emporia, Kas., has shown the effete east how to deal with the deadly cigarette.

Singular, isn't it, how many people one finds in the ordinary walks of life who seldom, if ever, read the newspapers?

Every good citizen, regardless of politics, cordially sustaining the vigorous efforts of Sheriff Cunningham to bring criminals to justice.

The San Marcial Bee should be fair in its treatment of recent events in Santa Fe county. The Bee got sadly off on the wrong foot last week.

Gov. Waite and Gov. Lewelling have not interchanged letters for something like a week. Perhaps the longer time between these letters the better.

The primary and proper function of government is the preservation of life and property. The protection of "infant industries" is not the particular business of congress.

That famous journal, the Irrigation Age, comes to us this week in a spic, span new dress. It is a friend of the great west, New Mexico included. Success attend it.

Good for Grant county. The mines there shipped \$178,841.03 in gold and \$233,351.79 in silver bullion during the past year. We miss our guess if Grant county doesn't increase these figures 100 per cent during 1904.

Mr. Astor's newspaper, the Pall Mall Gazette, is cutting a wide swath in English journalism, with its tilted editorial staff, electrical motive power and all that, but these things do not keep it from making great blunders as a political prophet on affairs in the United States.

PRESIDENT DOLE, of Hawaii, still rudely refuses to give up his seat to a lady. The same kind of thing occasionally happens in American street cars, some of which are about as large as the island over which Dole professes to be president.

The indications are that neither Mr. John Sherman nor the late Mr. Benjamin Harrison cordially approve of Gov. McKinley's presidential boomlet. The little affair will receive attention at the hands of the American people when the proper time arrives.

The Deming Duster has been revived by George Lockhart. It isn't much bigger than one of the late lamented Postmaster General Wannamaker's Columbian stamps, but it is chock full of "grab, gossip and paid locals," as Ed. Howe used to say of his journalistic infant, the Atchison Globe. The Duster may grow, therefore no one should shirk its lack of respect because of its size.

The "colored man and brother" of the south is coming on pretty well these days. There are 25,530 negro schools now in the south, where 2,250,000 negroes have learned to read, and most of them to write. In the colored schools are 238,000 pupils and 20,000 negro teachers. There are 150 schools for advanced education, and seven colleges administered by negro presidents and faculties.

The Rock Island railroad management appears to be trimming its sails for an invasion of New Mexico. This is one of the few roads in the west that has been able to more than hold its own throughout the late business depression, and there is unquestionably more than mere gossip back of the reports of its movements.

When the Rock Island builds it will reach out for the Pacific coast through northern New Mexico and send a spur southwest, crossing the fruitful lower Pecos, to either El Paso or Deming, with the probability favoring the latter point.

DANGER IN DELAY.

If New Mexicans are not on the alert the statehood bills, now pigeon-holed in congress, will remain pigeon-holed for some time to come. Citizens who have friends in congress should write them at once urging them to act favorably immediately the tariff bill is out of the way. If this is not done the Hawaiian difficulties and the silver seigniorage bill will be sprung and another wrangle will be precipitated, that, with the fight to follow over the income tax proposition, may cause indefinite delay. Let the friends of statehood be up and moving. There is absolute danger in each day's delay.

SHERIFF CUNNINGHAM COMMENDED.

Touching the brutal killing of ex-Sheriff Frank Chavez the New Mexican publishes another letter from Rev. G. G. Smith-to-day, which indicates how thoroughly in sympathy with this journal are the people of the community in its efforts to ferret out crime and punish wrong doers. Sheriff Cunningham and his associates have by their prompt and energetic action brought consternation and terror to the gang of thugs and cut-throats that have long held sway hereabouts and the good work the sheriff is doing toward the suppression of crime receives the heartiest commendation from the New Mexican as it should from every one who has at heart the welfare of the county and territory.

Press Comments on Territorial Affairs.

Falseness Never Wins For Any Party.
Both the Optic and the New Mexican pay their respects to "Junius," the political correspondent of the Citizen. "Junius" is invited to come again and often, and the more he shakes up the Democrats, the better.—Albuquerque Citizen.

The Progressive Pecos For Statehood.
New Mexico is knocking at the door of congress for admission once more, and her bidding should be adhered to. She has again and again asked for admission, but a deaf ear was always her fate. We emphatically say that her prayer should be answered, for there is not another territory in the United States that is more qualified to enter the sisterhood of states than New Mexico is to-day.—Eddy Independent.

A Republican Scheme to Retard Statehood.
The Republican minority of the house committee on territories will make a report in favor of admitting New Mexico and Arizona as one state and joining Utah on to Nevada. They will not be able to accomplish a move so detrimental to the interests of the people of these territories, already too extended for the convenience of business or other communication of a public nature, but they may succeed in preventing final action on the bills for the admission of New Mexico and Utah during this congress.—White Oaks Eagle.

The Times is All Right and Stands Straight up for Justice and Fair Play.
The New Mexican, in its just strictures upon the villainous reports of the killing of Hipolito Vigil, as given in the Citizen and Democrat, shows the Times marked and repeated discourtesy by saying "The Albuquerque papers." Can it be that our esteemed brother, the New Mexican, does not consider the Times a paper? If so, it may live long enough to distinctly and "pintedly" change its mind. The Times is the only newspaper in Albuquerque and the only paper of any kind that, from the first, gave a correct, unbiased and authentic account of the arrest of the murderers of Francisco Chavez and the necessary killing of one of them. The Times had an interview with Hon. L. B. Prince handed in by one of its reporters, but did not see fit to use a rumor from a Republican standpoint. All we ask of our esteemed brother is to do justice and not mix us up with the "common herd," the two Republican sheets of this city.—Albuquerque Times.

TOOLS TIGHTENING.

F. Rivera Tells a Straight Story Detailing the Assassination of Ex-Sheriff Chavez.

Urged to Take a Hand in the Crime—Saw the Accused Men Armed and on the Ground.

Startling Evidence That Created a Sensation in the Court Room this Morning.

Further Light on the Vigil Shooting—His Bullet for Sheriff Cunningham Strikes Frank Borrego.

The preliminary examination of Chino Alarid, the Borrego brothers and Patricio Valencia, accused of participation in the assassination of ex-Sheriff Chavez, was resumed before Judge Seeds at 2 o'clock yesterday afternoon.

Nelson Lewis, manager of the Western Union telegraph office, took the witness stand. He testified that about 10 o'clock on the night of May 29, 1932, he was at his home on the south side. He heard a number of shots and ran to his window, thinking it was a fire alarm. He saw two men, one rather large and the other rather small, running south along the east side of Guadalupe street, probably 425 feet south from the place where Chavez was killed. This was a few minutes after he heard the last shots.

BERT SLOAN

next testified that on the night ex-Sheriff Chavez was killed he was at his home near the University building. He heard shots and soon after saw two men running south. They stopped a few minutes in the shadow of the University and then ran around the Congressional church in a southeast direction.

Atlano Gold was next put on the stand for the purpose of establishing the fact of the killing and connecting the story of other witnesses. His testimony was essentially the same as before the Chavez inquest. About 10 o'clock on the night of the killing he accompanied Frank Chavez from Dixon's saloon down San Francisco street and thence around by Sandoval street to the railroad bridge leading to Guadalupe church. They were going home. They were walking together. He was on the west side of Chavez. When near the end of the foot bridge

at them from the west side. When the first shots were fired Chavez turned to Gold and said, "These brutes have murdered me," and fell dead. He did not identify anybody. Two men walked out of the church yard to the middle of the street and fired two shots at him (Gold). He then turned and ran back across the bridge, jumping over the dead body of Chavez, and met Mr. Hogle near the planing mill at the north end. After the two men fired at him they ran south on Guadalupe street.

Dr. Sloan was called. He examined the body of Frank Chavez soon after the killing. The body was lying near the south end of the foot bridge with the head southeast. He noted four gun shot wounds. One entered about the eleventh rib on the right side, to the rear of a line drawn down from the arm-pit and passed

THROUGH THE LIVER, diaphragm, heart and upper edge of the left lung, and was cut out near the left nipple. This shot was probably fired from a rifle and produced instant death. Another ball entered near the eleventh rib, in front of a line drawn down from the arm-pit, passed through the stomach and bowels, and came out on the left side. Another passed through the left hand, which must have been in the pocket, and fell in the clothing of the dead man. The fourth ball entered the left foot below the ankle and came out in the shoe on the right side of the heel.

The examination was resumed at 10 a. m.

SENSATIONAL DEVELOPMENTS.

Francisco Rivera was called to the stand. He testified that on the afternoon of May 23, 1932, he was solicited by Hipolito Vigil, then justice of the peace, to attend a meeting at Vigil's office on Shelby street. Vigil met him in the plaza about 4 p. m. on the day mentioned, and insisted that he should attend the meeting. He followed Vigil to his office and found Francisco Gonzales y Borrego, Antonio Gonzales y Borrego, Chino Alarid and Patricio Valencia there assembled. At that meeting it was agreed that Francisco Chavez should be killed. The witness was urged to join in the conspiracy. When the plot was revealed he hung his head and said nothing. He worked to get away. He was in Vigil's office about 10 minutes. When he went away he was warned that any one giving away what had occurred at the meeting

WOULD BE KILLED.

On the evening of the 29th of May, 1932, Hipolito Vigil approached the witness Rivera again in front of Conway's, gave him a 45 calibre pistol, and told him to come along as they were going after Chavez. He took the gun. The two Borregos, Valencia and Hipolito Vigil went ahead, and he followed with Chino Alarid. When the party reached the alley leading to Water street the witness said to Chino Alarid "Give me the pistol back to Vigil as I don't want anything more to do with this matter." The witness adds "we were then going toward Guadalupe church, and I knew for what purpose by what had been said at Vigil's office."

RIVERA TURNED BACK.

After being accused of showing the white feather, the witness turned back and went to Conway's saloon. This was about 9 o'clock. Soon after Tom Roberts sent me with Nicolas Gutierrez to Erick's bottling house, on the south side, for a keg of beer. "Coming back from the bottling house I carried the keg on my shoulder and Nick was supporting it from behind. When we came to the south end of the bridge by Guadalupe church we rested a few minutes. I then heard a noise. Saw my namesake Fran-

cisco Borrego standing behind a telegraph pole, and saw Antonio Borrego, Chino Alarid, Patricio Valencia and Hipolito Vigil standing partly under the bridge. I recognized them all, but said nothing to Nicolas. Nothing further occurred then."

NEWS OF THE SHOOTING.

The witness continues. "When we reached Conway's saloon, Tom Roberts paid us 50 cents and we got supper. Then we went back into the saloon. This must have been about 10 p. m. Just then a boy ran into the saloon and said that Frank Chavez had been killed on Guadalupe street bridge. They locked the saloon and we all went to the place."

Touching these facts the witness stood a very rigid cross examination without finching or materially deviating from his original story. He saw the persons accused about 9:30 p. m. near the south end of Guadalupe street bridge on the night Chavez was killed. Frank Borrego had a rifle and the other four had pistols.

TOLD SHERIFF CUNNINGHAM.

Rivera says he told the facts relating to the killing of Frank Chavez to Sheriff Cunningham about Dec. 20, 1933. Since then he admits that owing chiefly to the threats of Hipolito Vigil, he has contradicted the story he told Cunningham. Vigil threatened to kill him unless he went to Catron's office and made an affidavit that what he

TOLD CUNNINGHAM

was false and the result of intimidation. In the language of the witness "no one then said anything to me but Hipolito Vigil," but afterward Frank Borrego called on me and said "let's go and fix up that affidavit." "We then went to Catron's office, but found no one present except Mr. Spies, Mr. Thomas, ex-Sheriff Conkling and Mr. Catron's clerk. We waited for Mr. Catron before making the affidavit." It was witnessed by Morrison and Manuel Valdez. It was induced by the intimidating threats of Hipolito Vigil and others.

Rivera was still undergoing cross-examination when the noon hour arrived. The hearing was then adjourned until 2 p. m.

IMPORTANT TESTIMONY.

Francisco Borrego sent for Sheriff Cunningham to visit him in his cell at the county jail late yesterday afternoon and revealed to him the fact that the bullet which Hipolito Vigil first fired from his revolver at the sheriff and his posse when they were sent to arrest him had struck him, Borrego. The latter's coat shows two bullet holes to evidence the correctness of this statement. The coat is a chinchilla of loose pattern, and an examination of the garment shows two jagged holes, about six inches apart, made by a battered bullet. It will be remembered that Borrego had been arrested, handcuffed and left standing on the sidewalk in the rear of the sheriff's posse under guard of Deputy Sheriff Pacheco. Sheriff Cunningham was between Borrego and Vigil. When the latter fired, his bullet struck the side-walk, glanced up, whizzed past the back driver, who stood beside his vehicle, and pierced Borrego's coat just below the arm-pit.

Called Down Again.

The Albuquerque Citizen, notwithstanding it has had a reporter here investigating matters, keeps up its unfair, unjust and altogether malicious tirade against residents of the capital city. The Citizen at hand this morning says: "The fact of the matter briefly stated is that the best citizens of Santa Fe are arrayed against each other, and everyone can see the result. The atmosphere is positively nauseating. Everybody knows it is absolutely untrue."

PERSONAL.

Simon Sanders, a well known Trinidad merchant, is visiting the city.

Hon. E. V. Chavez, always a welcome visitor at the capital, came up from Socorro this morning.

Mr. A. B. Fitch, one of the owners of the great Graphic mine at Kelly, is in the city on business.

F. W. Barton, Las Vegas; Geo. L. Hoping, Albuquerque; E. V. Chavez, Socorro, are at the Claire.

Mr. A. T. Hunt, proprietor of the San Marcial Bee, is paying his initial visit to the capital city to-day.

Mrs. W. H. Wood, of Minneapolis, and Miss McMurry, of Los Gatos, Cal., are pleasant ladies who are doing historic Santa Fe to-day with a kodak in hand.

Capt. John Ayers, who has been in training at the National cemetery at Jefferson City, Mo., for a year or so, writes that he expects to be in Santa Fe on Thursday.

Mr. J. D. Hughes, business manager of the New Mexican, left last night on a ten days' trip through southern New Mexico.

Mr. Frank C. Chavez and family, of Rio Arriba county, are visiting relatives here. They are surprised to find such spring-like weather here, saying the thermometer last week touched 32 below zero at Tierra Amarilla, the coldest ever recorded there.

At the Bon Ton hotel: Frank Burke Salda, Colo.; Alberto Perea, Bernalillo; John Franklin, Denver, Colo.; James B. Anderson, Creede; Gregorio Martinez, Filomeno Martinez, Frank Becker, El Rito; John Matheson, Oursay, Colo.; Herman Jackson, Francisco Salazar, Rico, Colo.

At the Palace: S. Sanders, Trinidad; E. S. Waddles, St. Joseph; R. E. Cammack, New York; A. B. Winter, Kansas City; Mrs. H. B. Wood, Minneapolis; Miss McMurry, Los Gatos, Cal.; J. N. Richardson, and wife, Mt. Victory, Ohio; Mrs. F. M. Fargo and children, Chicago; Miss J. Luttewick, New York city; A. B. Fitch, Kelly; W. T. Oliver, Mesilla Park; A. T. Hunt, San Marcial.

Crockery, glassware, tinware, hardware at your own price. Blain Bros.

This paper is kept on file at E. C. Lake's Advertising Agency, 64 and 65 Merchants' Exchange, San Francisco, California, where contracts for advertising can be made for it.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

PUBLIC SENTIMENT.

It Stands Solidly Back of the Officials Who Are Clearing Up the Moral Atmosphere at Santa Fe.

To the Editor of the New Mexican.

Santa Fe, Jan. 16.—I was sorry to see the head lines placed over my letter in Saturday's newspaper. They seemed to attribute to ex-Gov. Prince, exclusively, all that was contained in the communication. The great mistake made by him in Albuquerque did occasion the writing of the article, but some things said by me had no application, so far as I know, to Gov. Prince. They bear directly upon the conduct of other politicians, in both parties. For instance: I do not imagine that Gov. Prince seeks office for emoluments. On the contrary, I presume he expended for the entertainment of the public, and for other objects that lay near his heart, much more, while he was governor, than the salary of his office would justify the incumbent in spending. Men have different reasons for seeking office.

The chief points of the letter were these:

1. A contradiction of the assertions said by the Albuquerque Citizen to have been made by Gov. Prince.

It is not true that the best citizens of Santa Fe disapprove of Sheriff Cunningham's employment of men qualified to deal vigorously and successfully with outlaws and assassins. This I knew before I wrote the letter, but since its publication overwhelming evidence of the general approval, among good men and good Republicans, of all that I wrote has come to me in volume that almost astonishes me. The people are in no mood to tolerate a word that will weaken the arms of efficient officers of the law. Only energetic execution of justice can save us from lynch law. He is an enemy to the public peace who would assist or retard movements that aim to ferret out crime and punish criminals. The most determined investigation of the murders committed in recent years should be unceasingly prosecuted. If it be possible to apprehend, convict and hang the murderers of Faustino Ortiz and Frank Chavez, this city and this state will be the gainer, in respect of security and of reputation, for such proceedings.

2. The good citizens of Santa Fe, of both parties, are filled with intense indignation against any managers or agents of either party who have formed compacts with political thugs and rewarded them for political assassinations. That a man was suspected of complicity with crime should have deterred conventions from nominating him for even the lowest office. It debauches public opinion to consider such a man as eligible to nomination.

3. Leaders who wink at crime, or screen criminals, the good citizens of Santa Fe will desert, condemn and abhor. Such leaders are the blackest of all villains, and should be openly branded as such.

Geo. G. Smith.

ROUND ABOUT TOWN.

Old papers for sale at this office.

Improve the ways about Santa Fe, particularly the irregular side-walks.

Regular meeting of Carleton post, G. A. R., at 7:30 this evening. Visiting comrades cordially invited.

Perfect order prevails in Santa Fe. The law and order element, regardless of politics, is easily on top.

Attention should be given to the hydrants about town. The fire department should see that they are always in perfect working order.

A Raymond and Whitcomb excursion party from New England will arrive in a special train over the Santa Fe line tomorrow morning.

Santa Fe's peerless winter climate is commended by all. These bright, balmy January days more than justify the glowing bills of the advance agent.

Who drove the hack that stood near the Beech planing mill on the night that ex-Sheriff Chavez was assassinated? Sheriff Cunningham is on the right track.

The plaza concert by the 10th infantry band will to-morrow take place at 10:30 a. m., instead of 3 p. m. This out of compliment to the Raymond & Whitcomb excursion party.

Mr. Thomas Gwyn was yesterday appointed by the probate court administrator of the estate of the late John Gwyn. Mr. T. F. Conway, of Silver City, a long time friend of the deceased, was present. An inventory of the estate was made by the probate judge.

Billy Burton writes from the Soldiers' home at Santa Monica, Cal., that he and

BEECHAM'S PILLS

(Tasteless—Effective.)

FOR ALL BILIOUS AND NERVOUS DISORDERS.

Such as Sick Headache, Weak Stomach, Impaired Digestion, Constipation, Liver Complaint, and Female Ailments.

Covered with a Tasteless & Soluble Coating. Of all druggists. Price 25 cents a box. New York Depot, 46 Canal St.

Capt. Wood are enjoying good health. Billy says that he is assistant steward to the surgeon in charge, and is boss of the theatrical troupe. He is evidently in clover.

The electric light smoke stack blew out about 6 o'clock last evening and the fire alarm brought out both the city and Fort Marcy teams. No harm resulted but the fire boys were pretty thoroughly disgusted when they found the hydrants so completely out of trim. The water company is asked to give immediate attention to their repair, and the city authorities should see that they do so.

The New Mexican aims to print the news without fear or favor. In the daily rush of item gathering mistakes may be made, but rest assured that errors will be corrected at the earliest possible moment. Rely upon the New Mexican for the facts.

The people of Santa Fe are beginning to arrange matters so as to tender the territorial militia and 1st regiment band a big reception on Washington's birthday, February 22. They expect to see Capt. Saltmarsh present with a full membership of company G; likewise Lieut. Col. Borrado and Adj. Spencer, and all the players of the 1st regiment band.—Albuquerque Citizen.

The colored Masons and Odd Fellows are looking after the burial expenses of their late member, W. W. Tate, and have authorized no one to solicit subscriptions on the plea of securing money for this purpose. They charge that one George Miller has approached several citizens in this matter, and they are quite indignant thereat.

The weather prophet, Foster, says January 31 will be the coldest day of the season. By the way, the weather clerk has out some unusual didoes in New Mexico this winter. At Santa Fe the percentage of sunshine has been greater than ever before recorded, and the thermometer's lowest record has been three degrees above zero, whereas, singular to relate, 300 miles south it has been colder. At Deming on Monday a week ago the mercury dropped to two degrees below zero, and on the same day it was four below at Silver City.

MANZANO MINERAL.

Discoveries East of Belen that Promise to Attract Much Attention from Prospectors.

J. R. Humphrey, of Gallego, a settlement on the southern boundary line of Santa Fe county, is in town to-day with a sack full of splendid looking copper ore which he and Mr. August Keiser, school teacher at Gallego, took from a new discovery in the Manzano mountains. An assay shows it to run 55 per cent copper and carries some iron.

Twelve claims have been located. It lies in a blanket vein four feet thick and is to be traced over an area of 400 acres. It is situated on public land, between the Manzano and Belon ranges, twenty miles east of Belen, the nearest railroad station. Near at hand a soft coal cropping, three and one-half feet vein, is also now being opened. Mr. Humphrey says this copper can be mined for 60 cents a ton and on this basis he calculates that it will prove a bonanza. Six miles from the copper claims, Socorro parties are now opening very promising gold, silver and copper deposits and they claim that they have raised capital to erect there at once a smelter. This is an entirely new mineral district and the New Mexican is pleased to be able to give these facts concerning it.

To Rent.

House of eight rooms, hard finished; good location. Inquire A. Staab.
