### NATIONAL NEWS.

**They Lifted Wilson Off His Feet—Enthusiastic Tariff Reformers Turned Loose.**

**Hill Plays Cute—State Bank Tax Voted Down—National Capital Gossip.**

**WILSON RAISES A TUMULT.**

Washington, Feb. 2.—The tariff reform bill, including the income tax feature, passed the house at 8 o'clock last evening by a vote of 204 yeas to 140 nays. Representative Wilson responded to Representative Reed's attack on the bill. He said Mr. Reed had forsaken his usual course of congressional procedure and had resorted to a set oration with old phrases of protection "sifted over with the pale hand of philosophy."

Turning to the subject in hand, Mr. Wilson eloquently portrayed the advance of freedom. This bill, he said, was but one of these advances. No McKinley bill could stem the advance of human progress. Throughout Mr. Wilson's speech was an eloquent and able oration. His closing words were: "In the name of honor, in the name of freedom, I sum up every Democrat to vote for this bill."

When he closed with a wave of applause re-echoed through the hall. Representatives Tucker, Bryan and McMillin sprang forward and lifted Wilson from his feet to their shoulders. He was borne up the aisle above the heads of his enthusiastic associates.

After this demonstration, Mr. Wilson was allowed to return to his seat, where the aisle was choked with members who sought to shake his hand. It was a demonstration seldom exceeded in congress in enthusiasm and dramatic climax. For twenty minutes after Mr. Wilson's speech the house was in such disorder that business came to a standstill.

**HILL PLAYS CUTE.**  
In the senate yesterday afternoon Senator Hill presented a resolution of the New York legislature congratulating the president in his abandonment of his Hawaiian policy and protesting against the Wilson tariff bill.

**OF INTEREST TO OFFICE APPLICANTS.**  
Now that the tariff bill has passed the house and the bond issue is under way Secretary Carlisle will devote considerable time of the present month to looking over the papers in the cases of applications for office under the treasury department.

**THE TARIFF BEFORE THE SENATE.**  
The engrossed copy tariff bill has been completed by the house clerks and it is expected that it will be transmitted to the senate at 2 o'clock, when Senator Voorhees will probably ask that it be referred to the finance committee.

**THE STATE BANK TAX.**  
The effort to repeal the tax on state bank circulation was defeated in the committee on banking and currency today by a vote of 8 to 9. The vote was taken on the bill of Representative Cox, of Tennessee, which relieves the state banks from any tax on their circulation, but does not extend the relief to the circulation issued by private individuals or corporations. The vote in detail was: For the bill—Cox, of Tennessee; Cobb, of Alabama; Hall, of Missouri; Ellis, of Kentucky; Johnson, of Ohio; Cobb, of Missouri; Black, of Georgia; and Culbertson, of Texas, all Democrats. Against the bill—Springer, of Illinois; Berry, of Connecticut; Warner, of New York; Democrats, and Johnson, of Indiana; Brocius, of Pennsylvania; Walker, of Massachusetts; Russell, of Connecticut; Henderson, of Illinois; and Haughey, of Wisconsin, Republicans.

The favorable votes of Johnson, of Ohio, and Cobb, of Missouri, were given without reservation. They voted against the bill on the floor of the house. A second vote was taken on the motion to reconsider the motion to lay the bill on the table, and this time the lines were differently drawn, although the result was the same, 9 to 8.

Chairman Springer said concerning the vote: "I do not regard it as finally disposing of the state bank question. It will go before the house in one form or another."

**THOSE BONDS.**  
The total subscriptions for the 5 per cent loan, received by Sec. Carlisle up to 12 o'clock today, amounts to \$38,000,000. The secretary may begin the work of allotting the bonds to subscribers this afternoon.

### HORNY-HANDED SONS.

Delegates to the Topeka Meeting of the F. & A. M. A New Constitution Proposed.

Topeka, Kan., Feb. 2.—Delegates are arriving to attend the national meeting of the Farmers' Alliance and Industrial Union which opens Tuesday, February 6, at the National hotel. Among the prominent ones on the ground are "Farmer" Dean, of New York; Mann Page, of Virginia, and U. L. Upson, of Buffalo, N. Y. The latter said to a reporter this afternoon: "I will propose a new constitution for the Alliance similar to that of the Masons." He proposes to have more grips and pass words and to make every local alliance subordinate to the grand master who shall order, instead of as now to the president, who only suggests matters for the good of the cause.

**Death of a Cardinal.**  
Rome, Feb. 2.—Cardinal Lingiserafini, bishop of Sabina, is dead.

**Poseyville Sings.**  
Poseyville, Ind., Feb. 2.—Fire destroyed nine buildings in the business center of the village last night. Loss \$60,000; only partially insured.

**Mr. Childs Comfortable.**  
Philadelphia, Feb. 2.—Mr. Childs passed a comfortable night and is resting easy this morning. The attending physicians do not anticipate any serious change at present.

**Murdered for Money.**  
Luvens, Ala., Feb. 3.—Mr. and Mrs. Wm. Brush, respectable people living five miles from the railway station here, were murdered night before last. Who the assassins were is not known. It is thought that robbery was the cause, as Brush was known to have considerable money and none of it could be found after his death.

### THE TERRITORIES.

**Their Admission to Statehood Not Opposed by the President.**

Special to the St. Louis Republic.  
Washington, Jan. 29.—There is a report in circulation to-night that the president is opposed to the admission of the four territories applying for statehood for the reason that he does not want eight free coinage senators from them in congress. The Republic correspondent is authorized to state emphatically that the president is not opposed to the admission of the new states from the west, but on the contrary is ready to approve bills admitting the new states just as promptly as congress can act upon them.

The president has made his wishes known on the subject to almost everybody who has taken the pains to ask for them. He thinks that Arizona, New Mexico, Utah and Oklahoma should be admitted to the Union, and he has so informed everybody in and out of congress that has talked with him in regard to the matter.

**Foreign Silver.**  
Calcutta, Feb. 2.—At a meeting of the Currency association the president favored the taxation of silver, saying India would be unable to bear further direct taxes to meet the loss caused by the fall in exchange. The president also denounced speculators who obtained news concerning the government's policy and were thus able to fatten on India's misfortune. The Currency association appointed a committee to present an address to the government upon the silver question.

**A Deep Cut.**  
Topeka, Kas., Feb. 2.—The Santa Fe line has notified the chairman of the Western Passenger association that in the future it would sell tickets west of the Missouri river, to parties of ten or more, at two cents a mile. It claims that other roads have made the rate secret.

### SOVEREIGN'S MOUTH.

**An Incendiary Speech in Chicago—Bitter Denunciation of the U. S. Treasury.**

Chicago, Feb. 2.—General Master Workman James R. Sovern, of the Knights of Labor, declared last night that the "black flag of Anarchy is floating over the U. S. treasury at Washington, and when the November election comes the working people of this country will rise in their might and by means of the ballot change the condition of affairs." The declaration was made in the course of an address which Sovern delivered before a large audience of workmen. Sovern bitterly attacked the bond issue and said that "if it can not be defeated by an injunction some other way will be found."

**Cotton Mills Cut Wages.**  
Lancaster, Pa., Feb. 2.—A cut of 10 per cent in wages went into effect yesterday in the Conestoga cotton mills Nos. 2 and 3. These mills employ over 2,500 men and only run four days in the week.

**Electric Cars Burned.**  
Cincinnati, Ohio, Feb. 2.—Fire this morning destroyed the car sheds of the Avondale Electric company. Sixty motor cars and several small dwellings adjoining the sheds were burned. Loss, \$80,000; insured, \$30,000.

**An "Ex-Priest" on Trial.**  
Kansas City, Feb. 2.—The jury in the case of J. V. McNamara, whose trial began at Independence yesterday, charged with vilifying Father Lillias, of this city, has not yet returned a verdict. It is understood the jury stands five for conviction, one for acquittal and that the one juror who is haggard that body is a member of the A. P. A.

### WATCHING BENHAM.

**Cipher Dispatch Relating to the Situation at Rio—Authorized to Use His Discretion.**

Washington, Feb. 2.—A dispatch in cipher was received at the navy department this morning from Admiral Benham. It is thought to be a request for instructions as to what course to pursue in view of DaGama's declaration that he should bombard Rio when he pleased and without giving notice to foreign commanders in Rio bay. Admiral Benham probably desires to know whether he is authorized to demand that DaGama shall give notice. This dispatch must have been sent before the admiral received the message of Secretary Herbert, sent him yesterday, in which it was said: "Rely upon you for further exercise of wise discretion."

Buenos Ayres.—The Brazilian minister of war has resigned after a somewhat excited interview with President Peixoto. The cause of the resignation is said to have been the minister's disagreement with Peixoto as to the state of affairs in Brazil, and that he protested strongly against the action of the president in prolonging the state of siege.

### THE HAWAIIAN MUDDLE.

**President Dole Complains of the Strained Condition of Things on the Islands.**

Washington, Feb. 2.—The president today transmitted to congress a dispatch received from Minister Willis last Saturday. It reads as follows: [Confidential] Legation of the U. S., Honolulu, HI., Jan. 12, 1894.

To Hon. W. Q. Gresham, Secretary of State.  
Sir: Yesterday at 6:20 p. m. I received the Hon. Dole's answer to my letter of Jan. 1, requesting him at his earliest convenience to give me specifications contained in his prior letter. His answer is about fifty pages of closely written official paper, and has been received too late to either copy or read in time for the steamer leaving at 2 p. m. today. There is one extract, however, to which I think your attention should be called wherein it is stated: "This government has been and is now subject to the necessity of increased watchfulness and large additional expense which but for such attitude would have been unnecessary."

In a previous letter of December 27 Minister Dole has stated "the government officers have been placed and still continue in condition of defiance and preparation for a state of mind bordering on terrorism."

Some portions of the letters from which these extracts are made confirm the above statements, while others seem to negotiate them. With this explanation I submit them to your consideration. The next steamer leaves here February 3, which should place you in possession of Dole's letter and my purpose reply thereto about February 18. Very respectfully, (Signed) A. S. WILLIS.

### Plenty of Money.

New York, Feb. 2.—Six million dollars in gold had been deposited in the U. S. sub-treasury here up to 1 o'clock today for the purchases of the new government bonds.

The Union Pacific receivers will on Monday pay the interests on the Oregon Navigation first 6s, due January 1, amounting to \$148,260.

### INDIANS ON THE WAR PATH.

**An Apache Outbreak in Western Arizona—Prospectors Driven In and Camps Looted.**

Tucson, A. T., Feb. 2.—Reporters reached here yesterday from Mammoth, sixty miles northwest of this city, that the Indians are on the war-path. Four of them attacked a prospector named Haulpik Clerk, who escaped and started for Mammoth for assistance. On the way he found the camp of Emmerson, looted of everything. Emmerson could not be found and Clerk believes him killed. A party left Mammoth in pursuit of the Indians last night and another will take the trail today. The scene of the present trouble is where the Apache Kid and his party killed John Diehl six years ago.

On receipt of the news in Tucson word was at once telegraphed by Marshall Meade to Ft. Grant giving an account of the affair with a request that troops be sent there. The request will doubtless be complied with.

### CONGRESSIONAL.

#### TO-DAY'S SENATE.

Washington, Feb. 2.—In the senate today Senator Quay, of Pennsylvania, presented an amendment embodying several new sections to the tariff bill. These sections provide for the free coinage of silver and for the purchasing of 14,125 ounces of fine gold monthly and the issue of treasury notes in payment thereof and the repeal of all existing laws providing for the issue of bonds.

#### THE HOUSE.

The house passed the Wilson tariff bill at 6 o'clock last evening by a vote of 204 to 140.

The following Democrats voted with Republicans against the bill: Bartlett, of New York; Cadmus, of New Jersey; Campbell, of New York; Covert, of New York; Cummings, of New York; Davey, of Louisiana; Geary, of California; Haines, of New York; Hendricks, of New York; Meyer, of Louisiana; Page, of Rhode Island; Price, of Louisiana; Robertson, of Louisiana; Schermerhorn, of New York; Sibley, of Pennsylvania; Sickles, of New York; and Sperry, of Connecticut.

A standing vote on the amendment fixing the time when the wool schedule shall go into effect on August 2, 1894, was carried, 205 to 47.

A standing vote on the amendment that the manufactured wool schedule should go into effect December 2 was carried by a vote of 186 to 42.

The vote on the amendment putting petroleum on the free list, and striking out reciprocity was carried—170 to 44. Bourke Cockran asked unanimous consent to vote on the income tax separate from other internal revenue schedules, but objection was made. Speaker Crisp ruled that the internal revenue amendment must be voted as one amendment.

The internal revenue bill, including the income tax, was sustained as part of the bill on an aye and nay vote, 182 to 60. The Republicans refrained from voting. Mr. Covert, Democrat, New York, moved to reconsider the bill to the committee to be reported with such amendment, that duties on imports will provide revenues for the government. The motion lost, 103 to 177.

Tremendous cheering greeted Bourke Cockran when he voted for the bill on the final vote.

**TO-DAY'S HOUSE.**  
Before the reading of the journal this morning the house in the case of Morse, of Massachusetts, rising to an inquiry, asked if it would be in order for him to offer an amendment to the title of the tariff bill. The speaker stated that it would not. The amendment which Mr. Morse desired to offer would have made it read as follows: "A bill to increase taxation, reduce the revenue of the government and to place at a disadvantage honest men who make truthful returns and for other purposes."

As soon as the journal was read this afternoon the speaker recognized Mr. Catchings, from the committee on rules, to present from the committee a report setting aside to-day, Saturday and Monday for consideration of the McCreary Hawaiian resolution, the vote to be taken at 4 p. m., Monday next, at which time intervening motion shall be in order. Adopted.

**Dr. Flint, of Hutchinson, Pats Dr. Burrough, of Wichita, to Sleep by Telephone.**

Wichita, Kas., Feb. 2.—Dr. Flint, the hypnotist at Hutchinson, forty-seven miles distant, hypnotized Dr. Burrough, of this city, at the Wichita Beacon office today, over the telephone wire. Burrough was thrown into a profound sleep which lasted five minutes and from which no one at Wichita could awaken him. Other tests were successfully carried out.

### COLORLESS CRITICISM.

**An Abundant Comment in Astor's Fall Mail Gazette—No Ground for Its Strictures.**

London, Feb. 2.—The Fall Mail Gazette, commenting upon affairs in Brazil, says: "Brazil is no more under Cleveland's sovereignty than the United States is under English authority. Admiral Benham quite rightly has met with the steady opposition of all the other powers. The Monroe doctrine is not yet codified with the laws of nations."

### DIPLOMAT WANTS DIVORCE.

**Secretary of the American Legation in Mexico Gone to Kansas City for a Divorce.**

City of Mexico, Feb. 2.—E. C. Thirty days' leave of absence was granted him by the state department at Washington.

### Grand Canon of Colorado River.

On the Santa Fe route, in northern Arizona, 1,263 miles from Kansas City, is the town of Flagstaff. A tri-weekly stage line runs from Flagstaff to the Grand Canon of the Colorado river. More than a mile in depth, this is the sublimity of gorges—a Titan of chasms. Twenty Yosemite might be hidden unseen below, and Niagara would look scarcely larger than a brook.

Don't fail to visit this first wonder of the world. You can "read up" about it by asking G. T. Nicholson, G. P. & T. A. A. T. & S. F. R. Co., Topeka, Kas., to mail you a free copy of an illustrated book describing this terra incognita. The book is no common affair; but is entertainingly written, beautifully illustrated and a gem of the printer's art.

The New Mexican is the oldest newspaper in New Mexico. It is sent to the Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

FRIDAY, FEBRUARY 2.

New for statehood. Work for it.

The wealthy tax dodger is an individual who is wholly unworthy of respect.

Gov. WATTS is respectfully recommended to imitate the Louisiana lottery by taking a change of venue to Honduras.

Well informed western men are counting confidently on a beef famine throughout the country before eighteen months are past. Some even predict that the price of beef to butchers will touch 8 cents before the year is out.

Jeopardy from the prolonged absence of Cris Evans and his partner in the mountains about Sampson's flat, California's law and order element needs the backing of a few first-class deputy sheriffs.

Yesterday was a regular gala day in congress and the Associated Press did itself proud in reporting the facts for the New Mexican's telegraphic news page—twelve hours ahead of any other paper in the territory.

It is alleged that "a great religious wave is sweeping over New York and Brooklyn." The adjectives "wave" is certainly entitled to the best wishes of Christendom, but fears are entertained that it will be beaten into froth when it strikes the rocks in Wall street.

Pope Leo XIII recently gave a reception at St. Peter's in Rome. Twelve thousand people attended and the pope personally addressed them. This suggests the thought that the three most remarkable living men are Pope Leo, William Ewart Gladstone and Prince Bismarck.

Sheriff GEORGE CURRY, of Lincoln, is the right man in the right place. He has ever served the people well and faithfully, and while it is no small honor to serve as sheriff and collector of the largest, and one of the richest, counties on earth, still there are wider fields open for such men as Mr. Curry. Time will tell.

The southwest has the brightest immediate future of any section of the union. The late hard times throughout the country were felt less here than anywhere else. If congress does its duty and gives us that enabling act, New Mexico will lead the southwest in the boom that is bound to follow. Statehood will bring prosperity to every interest. Work for it.

It is impossible to avoid the conclusion that Senator Hill, of New York, is a politician rather than a broad-minded statesman. His opposition to the nomination of Mr. Hornblower might have been pardoned, but the personal malice that clearly inspires his present opposition to the nomination of Wheeler H. Peckham is inexcusable.

The New Mexican may say for the benefit of its neighbor, the Albuquerque Times, that it has no sort of sympathy with the bull fighting exhibitions now occurring at Albuquerque. No matter what precautions are taken to tone them down and do away with their more brutal features, such "entertainments" appeal only to the lower instincts of man and come so near bringing New Mexico down to the level of barbaric nations that the moral effect both at home and abroad is thoroughly bad.

A JUST JUDGE.

Judge Seeds was unquestionably right in holding the men accused of conspiring together and assassinating ex-Sheriff Chavez, and committing them to jail without bail. It is too often the case in New Mexico, as elsewhere, that parties under suspicion of having committed the gravest of crimes are shiftlessly dealt with and permitted to go free on bail when their very presence in a community

is a menace and a disgrace. In this case, the court, after the most exhaustive inquiry that has, perhaps, ever been made in the criminal annals of the west, had the courage, in reviewing the case, to speak its mind frankly and plainly, and acted accordingly. Thus Judge Seeds places himself on record as a fearless, honorable and just man, having at heart the good of New Mexico and all its people who abide by the laws and ask that justice alone shall prevail.

## STATESMEN ON DECK.

An extraordinary piece of legislative manipulation was that which occurred in the lower house of congress last evening. On January 17 the house, all aglow under the brilliant oratory of Congressman Tom. Johnson, who represents the wool growers of Ohio, voted that the free wool schedule in the Wilson tariff bill should become effective on the same date that the Wilson bill became law. The vote was close, 112 to 102, but the proposition carried. Now, however, this is changed, and yesterday the house by a vote of 205 to 47 decided that free wool should not take effect until August 2 next.

It will not take the shrewd observer very long to find the milk in this coconut. New England demanded this concession from the west in return for voting aye on the income tax proposition. New England recognizes that the income tax will help the west immensely, and cut into the pockets of her tariff barons, and that section is equally cognizant of the fact that the duty on wool cuts into the pockets of western sheep raisers, benefiting chiefly the New England manufacturers, hence this exchange of courtesies. And it is all right, too, for what the western sheep men may lose by the extension of time for free wool to become effective will more than offset in the gain that will come to them by reason of the passage of the income tax proposition. On the whole, it may be said that Chairman Wilson and his colleagues put up as clever a piece of legislative diplomacy yesterday as has ever occurred on the floor of congress.

## RETROSPECTIVE.

\*\*\* There is not a particle of doubt, in the mind of any honest citizen of Santa Fe, but that the testimony furnished is sufficient to convict the prisoners.—Las Vegas Optic.

Thomas B. Catron, in his testimony before the court in the Chavez murder investigation, acknowledged that he was a member of the "Knights of Liberty," a political secret society with a grip and pass-word. If the Times remembers aright, he declared in his speech in the opera house in this city, when he was a candidate for delegate to congress, that he belonged to no such political party.—Albuquerque Times.

## ON STATEHOOD.

It is a strange alliance which now exists between the newspapers of Oklahoma and those of New York on a line of policy directed toward the postponement of statehood, and which can have no other result than to defer the admission of the territory. It is not necessary to argue any question as to the effect of insisting upon incorporation of the Indian tribes in the state which it is proposed to erect. Its only possible effect could be one of delay, and that is its only intended effect by those who are using it to defeat the growth of the new southwest in political power and importance. New Yorkers who insist that Oklahoma shall not become a state without including the Indians insist also that Arizona and New Mexico shall not be admitted because Indians are included in their population. These influences are the most active in opposing the Republic's proposed omnibus bill admitting all of the four territories now applying for admission with or without the Indians of the five tribes.

The question is not one of partisan so much as it is one of sectional politics. The eastern press of both parties does not denounce the admission of what it terms "sage brush states," because they might be expected to become the political chattle of any party. The experience of the Republicans with the new states of the northwest has put an end to that superstition. Eastern opponents of new states in the southwest place the sole ground of their opposition in the fact that the new states might be expected to "go after strange goods," just as the new states of the northwest have done. The Boston Transcript admits that New Mexico is as apt to be Republican as Democratic, but opposes its admission because it might always be expected to be southwestern in its sympathies and political affiliations.

There is a great deal of politics in the territorial question, but it is sectional and not partisan. The new southwest is dreaded as a political force by those who have the most to fear from its development. The northeast is playing fine politics in Oklahoma, but it is deceiving but the Oklahomans.—St. Louis Republic.

**A Skeptic.**  
I wonder, said Blix, how they manage it with the weather predictions. Whenever they hang out the cold wave flag, the blizzard always gets here, even though it does occasionally take time.

That's just it, replied Baux. It's a triumph of patience.  
What do you mean?  
When they once hang out the flag, they stick to their principles and wait for the blizzard to get ready.

**Man's Inhumanity to Himself.**  
The most inhuman outrages, outrages which would disgrace the savage, man perpetrates upon his own system by swallowing drastic purgatives which convulse his stomach, agonize his intestines and weaken his system. Many people constantly do this under the impression that medicines only which are violent in their action, and particularly cathartics, are of any avail. Irreparable injury to health is wrought under this mistaken idea. The laxative which most nearly approaches the beneficent action of nature is Hostetter's Stomach Bitters, which is painless but thorough, and invigorates the intestinal canal instead of weakening and irritating it. The liver and the stomach share in the benign discipline instituted by this comprehensive medicine, whose wholesome influence is felt throughout the system. Malarious, rheumatic, kidney and nervous complaints succumb to it.

**A Case for Promptness.**  
Whoo! yob makin' so much 'sturbance about dat job ov wuh? asked the man who had just stopped his horse and cart. Co's I've got ter finish dis business 'up quick. Dat's why. I's got ter hurry up and git dis snow shoveled up foh de sun comes out and ap'les de contras'.

**Seventy-five Convulsions A Thrilling Experience.**  
There is no one but at some period in life has an experience that stands out prominently beyond all others. Such is the case of John B. Collins of Romeo, Mich., who says: "From September 1 to January, before using Nervine, I had at least seventy-five convulsions. After three months' use I have no more attacks." Dr. Miles' Restorative Nervine also cures nervous prostration, headache, poor memory, dizziness, vertigo, etc., and builds up the body. Mrs. J. R. Miller, of Valparaiso, Ind., and J. R. Taylor, of Logansport, Ind., each gained twenty pounds of flesh by taking it. Sold by C. C. Ireland Jr., on a guarantee. Get the Doctor's book, free.

**Miles' Nerve & Liver Pills.**  
Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, children. Small size, most pleasant, 60 doses 25 cts. Samples free, at C. C. Ireland Jr., N. M.

**A Critical Period.**  
Young Editor (reflectively)—I don't publish this poem Grace has written she will have nothing more to do with me. And if I do publish it, I shall probably lose my position.

**Antoni's Fact, Suspected by Comparatively Few.**  
Things that embody the most truth are frequently among the last to be realized. Incredible as it may seem one in four has a weak or a diseased heart, the early symptoms of which are, short breath, oppression, faint and hungry spells, vertigo, pain in left side, smothering, swollen ankles, dropsy, wind in stomach, etc. Levi Logan, Buchanan, Mich., suffered from heart disease thirty years. Two bottles of Dr. Miles' Heart Cure cured him. "The effect of your New Heart Cure is wonderful," Mrs. Eva Dresser, McGregor, Iowa. This favorite remedy is sold by C. C. Ireland Jr., on a guarantee for the Doctors book, "New and Startling Facts," free.

**A Definition.**  
Teacher—What is the feminine of man, Thomas?  
Thomas—Woman!  
Teacher—And the feminine of gentleman?  
Thomas (unhesitatingly)—Dude!

**Regeneration.**  
To secure a normal and regular tissue change throughout the body use Brandrett's Pills. This tissue metamorphosis consists in constantly proceeding waste of tissue and its regeneration. Brandrett's Pills are the best solvent of the products of disintegration of the tissues and increase their elasticity. They are an alternative and eliminative remedy, which allay irritation and remove obstruction by aiding nature and are of great benefit in case of temporary and habitual constipation, torpid liver, biliousness, headache, indigestion, rheumatism and diseases arising from an impure state of the blood.

**Advice.**  
Though these good old weather jokes respect is surely due;  
To Mr. Peckham said not  
Is it cold enough for you?

## COLLECTION OF TAXES.

Gov. Thornton Addresses an Official Communication to Collectors and County Commissioners.

The Law Must Be Enforced—Taxes Past Due—Distraint and Sale of Personal Property.

The sheriffs and ex-officio collectors in each of the seventeen counties of the territory were personally addressed by the governor to-day in the form of a letter reading as follows:

TO THE SHERIFFS AND COLLECTORS.

Santa Fe, N. M., Feb. 2, 1894.—Dear Sir: The condition of the territorial and county finances are such as to require at this time every cent of revenue that can be collected by law, and justice demands that each and every property owner should be made to pay the taxes assessed upon his property; as a failure to do so, simply places a larger burden upon those who pay their taxes promptly.

The law provides a remedy against those who do not pay their taxes at the time required by law, and it is made your duty to enforce this law. Section 14, chapter 61, laws of 1893, makes it "the duty of every person subject to taxation to call upon the county collector between the 1st day of August and the 1st day of January following and pay half his taxes, and to call upon the county collector between the 1st day of August and the 1st day of July in the following year and pay the other half of his taxes, and if any person shall fail or neglect to pay his taxes as herein provided until after the first day of January and July following the levy thereof, the collector shall proceed to make the same by distraint and sale of his personal property, and the tax list shall be sufficient warrant for such distraint."

The time has already passed when one-half of the taxes assessed for the year 1893 should have been paid, and it is made your duty by this law to proceed to collect the same by "distraint and sale of his personal property." I urgently request that you will comply at your earliest convenience with the provisions of this law and proceed to make these collections as the law requires, for, as you will observe by a further provision of the above section, it is provided "that when the collector negligently or willfully fails or refuses to collect any of such taxes, or to make such distraint, he shall be liable on his bond for the full amount of the taxes which he failed to collect or distrainted for, together with interest at 12 per cent."

Under this settlement you will not be entitled to receive any credit in your settlement with the county commissioners on account of failure to collect taxes wherever the party against whom the same were assessed is the owner of a certain amount of personal property out of which you could have made the same, and I shall advise the county commissioners in making settlement with you to hold you to a strict accountability under the terms of this section. Respectfully,  
W. T. THORNTON, Governor.

TO COUNTY COMMISSIONERS.

On the same subject the governor also sent the following communication to each of the county boards throughout the territory:

To the Honorable Board of County Commissioners.

Santa Fe, N. M., Feb. 2, 1894.—Gentlemen: I beg leave to call your attention to section 14, chapter 61, of the laws of the territory enacted in 1893, which is as follows: "It is the duty of every person subject to taxation to call upon the county collector between the 1st day of August and the 1st day of January following and pay half his taxes, and to call on the county collector between the 1st day of August and the 1st day of July in the following year and pay the other half of his taxes; and if any person shall fail or neglect to pay his taxes as herein above provided until after the 1st day of January and July following the levy thereof the collector shall proceed to make the same by distraint and sale of his personal property, and the tax list shall be sufficient warrant for such distraint, thus making it the duty of the sheriff to proceed by distraint and sale of personal property to collect all delinquent taxes. The sheriffs and collectors are the best paid officers of the territory, and they should be held to a strict accountability under the provisions of this law. You will also notice that by further provision under such section: "That when the collector negligently or willfully fails or refuses to collect any of such taxes, or to make such distraint, he shall be liable on his bond for the full amount of such taxes as he failed to collect or distrainted for, together with interest at 12 per cent."

I hope you will call the attention of the sheriff of your county to the provision of this law, and inform him that you have been instructed not to give him any credit upon his account of delinquent taxes, where it was in his power to have collected them, and that he will be held to a strict accountability under the law. Justice to those who pay their taxes promptly demands the enforcement of this provision against all delinquents, and I hope that it will be strictly enforced. Very respectfully,  
W. T. THORNTON, Governor.

## ROUND ABOUT TOWN.

The county commissioners will meet on Monday.

Chief Deputy Garcia says taxes are pouring in at a lively rate these days.

The police department has at last gone to streak cleaning once more. "Tis well.

The festive tramps yielded to the pangs of hunger. They went to work sweeping the streets around the plaza without a murmur this morning.

Call at Welmer's book store, buy a ticket and go and enjoy yourselves at the Spanish dramatic entertainment and dance at Gray's hall to-morrow night.

"Please add six copies of El Nuevo Mexicano to my regular order," is the word that comes up to-day from S. E. Newcomer's news and stationery depot at Albuquerque.

John Hull is laying a neat new sidewalk in front of the Delgado block, west side of the plaza. The pitch pine sleepers which are being torn out are in perfect order though they must have been in use fully forty years.

The U. S. weather bureau figures show that Santa Fe had twenty-one cloudless

days in January, seven partly cloudy days, and three cloudy days. How's this for a mid-winter sunshine record?

Citizens generally are still loud in their complaints over the action of the school board in its deliberate work of crippling our public school system by employing incompetent and inexperienced teachers. "Observers" plain-spoken communication in these columns yesterday meets with a responsive echo on all sides. Less politics and more consideration for the good of all the people is the demand of the hour.

COAL OIL INSPECTION.  
M. S. Hart, of Las Vegas, territorial coal oil inspector, has submitted a detailed report of his transactions for 1893 to the governor. His report is very complete and satisfactory. GOOD FOR SHERIFF LOHMAN.

Sheriff Martin Lohman, of Dona Ana county, is bending every energy to discover the parties who robbed and murdered the aged Frenchman, P. Duhalde, at Mesilla, last week. Officers are searching upon every possible clue, and several suspects have been arrested. In a circular which has been sent broadcast over the southwest Sheriff Lohman announces that he will pay a reward of \$250 for the arrest and conviction of the murderers. This, with the amount offered by the territory, brings the total reward up to \$500.

ADJUDGMENT OF THE U. S. COURT.

The U. S. grand jury made its final report at 3 o'clock this afternoon and was discharged. A number of indictments were returned, but they are withheld from the public until the persons accused are apprehended. The court soon after adjourned sine die.

OFFICIAL NOTES.

Custodian Shannon is making important improvements in the federal building, Preliminary to-morrow.

Mr. G. E. Money, having made application for admission to practice before the district court, is undergoing examination this afternoon.

Mr. John H. Walker, deputy U. S. surveyor, has just received a brand new transit from Troy, N. Y. It cost \$250 and is a beautiful instrument.

Juan N. Jaquez, ex-treasurer of San Juan county, who is accused of robbing the county of \$1,500, was taken Monday morning by the sheriff and is being prepared for the spring term of the district court, in which he proposes to fight the matter to the end, and will try and show that he is innocent, and where the money has gone to.—San Juan Times.

The board of regents of the University of New Mexico met in the office of Frank W. Clancy, in Albuquerque, yesterday afternoon. There were present Messrs. Stover, Otero and Clancy; absent, Messrs. Meyler and Waldo. No particular business was transacted aside from allowing bills and receiving reports.

Under date of Washington City, January 27, Senator John Sherman, of Ohio, writes Judge A. L. Morrison to this effect: "I will be glad to give forty miles stop at the falls at reasonable time in the morning."  
Arizona. I hope that all the existing territories will be speedily converted into states. A territorial form of government is not favorable to the prosperity of the people living under it. New Mexico has the requisite population and there are many reasons why its people should be invested with the power of state government."

Scriptural Authority for Advertising.

A reverend gentleman who has charge of the advertising of a prominent religious weekly was recently asked what scriptural authority he could find for his occupation. "Oh," he replied, "that is easy enough. Advertising is not only a scriptural authority, but is of very respectable antiquity as well. If you will look in Gen. xiv, 14, you will find Balaam saying, 'Come, now, and I will advertise,' and Boaz says in Ruth i, 4, 'And I thought to advertise.' Advertising is no modern thing."

Trial of the Accused Probably in June—Facts Pertaining to the Big Reward Offered for Discovery of the Murderers.

Frank and Antonio Borrego, Chino Alarid and Patricio Valencia, committed to jail, without bail, charged with the assassination of ex-Sheriff Chavez, are more than likely to be indicted and tried at the next regular term of court in this county. For the information of those who appear not quite to understand the present status of the case, it may be said that the accused have yet to be indicted and tried in due form, so that the forty odd witnesses and the 3,500 pages of type-written testimony have all to be gone through with again, because when the grand jury which begins its sittings here on the second Monday in June has reviewed the case, and should it return bills, then the accused men will be placed on trial for their lives at the regular June term of the district court. That is, it is more than probable that the trial will come off at this time and in this county. It is not thought likely that a change of venue will be asked for on behalf of the accused, because that would take their trial over, if held in this district, until next October, when the San Juan term opens, while on the other hand it seems most probable that the defense would move to take the case out of the district.

THE TERRITORIAL REWARD.

In response to an inquiry the New Mexican has taken some pains to examine into the matter of the reward offered in the Chavez assassination case. On May 21, 1893, the then governor of the territory, Hon. L. B. Prince, issued a proclamation announcing that for "information which would lead to the apprehension and conviction of the person guilty of such killing, or each person so guilty, if there be more than one, the sum of \$500" would be paid by the territory. On May 8, 1893, Gov. Thornton issued a proclamation intended to continue in force the above reward, but specifying more distinctly that to the parties furnishing information leading to the arrest and conviction of these assassins the sum of \$500 would be paid for every such person so arrested and convicted. Thus, if the five men, including Gold, now charged with this crime, should be convicted, the territory would be called upon to pay a reward of \$1,000.

CITIZENS' REWARD.

In addition to this the sum of \$3,550 is offered by the citizens of Santa Fe as a reward for "the discovery" of said murderers. Appended is a copy of this document which bests date of June 6, 1892, the original of which is in possession of the governor:

We the undersigned residents of the territory of New Mexico, agree and bind ourselves to pay the respective sums set opposite our names for the discovery of all or any one of the parties concerned in the murder of Francisco Chavez, in the city of Santa Fe, on the night of the 29th day of May, A. D. 1892. And we hereby offer a reward for the discovery of said murderers, or any of them, to the amount set opposite our names.
