NATIONAL CAPITAL.

Populists Vote With the Democrats on the Wool Schedule.

Silver Men in the House Discouraged—Sugar Trust Investigation.

Washington, June 15.—Even the most ardent advocates of the free coinage of silver are about ready to abandon the idea of resurrecting their crusade in the house this session. They have not been brought to this pass by any weakening of their faith, but because circumstances seem to have conspired against them to crowd the silver question aside. Until recently Representative Bland, chairman of the coinage committee, has been steady in his determination to report a bill to the house for the coinage of silver and compel the members to put themselves on record, particularly those who voted for the repeal of the purchasing clause of the Sherman act, but unfortunately for the cause of silver coinage there is only a majority of one on the committee in favor of free coinage.

SOME TIME ago this majority was broken by the absence of Representative John Allen, of Mississippi, who was detained at home for a month. Before Mr. Allen returned, Mr. Kilgore, of Texas, whose seat is rarely vacant, was obliged to go south on account of the illness of his wife, and he is still away. The silver men are ready to admit that the probabilities of further steps are small during this session. When the tariff bill is disposed of there will be a pressure for adjournment, which will leave but little time for any business but the appropriation bills.

PROSPECTS OF THE MEXICAN SILVER CONVENTION.

The result of the steps taken by the Mexican government to ascertain the sentiment of the silver using nations of the world toward the conference on that subject at the City of Mexico is being watched with much interest by the advocates of the future use of the white metal in this city. Should a sufficient number of these nations indicate a willingness to send delegates to confer, one will be held, and the belief is expressed by those in a position to know that such will be the case. Peru and the Argentine Confederation have already signified a willingness to participate in the conference, but the United States has not yet indicated its attitude on the subject. China and Japan are also expected to return favorable answers, though as yet sufficient time has not elapsed in which to receive replies. It is expected that if a conference is held it will take place during the latter part of the present year.

A NEW FREE COINAGE BILL.

Senator Squire, of Washington, has introduced a bill for the free coinage of silver. It provides that the owner of silver bullion may deposit at the mints, receiving in payment standard silver dollars equal in value to the bullion deposited. The day of deposit, the difference to be retained by the government as seigniorage as a reserve fund and used by the secretary of the treasury in maintaining the parity of silver dollars. The coinage of silver dollars shall not exceed \$4,000,000 each month. When the aggregate amount of money in the country reaches \$40 per capita, further silver coinage shall be discontinued and shall be resumed when it falls below that figure. Provision is made for coining silver half dollars of the present size and maintaining their parity in the same manner as other silver. They also are made legal tender.

TO-DAY'S SENATE.

In the senate to-day Senator Stewart secured unanimous consent for the passage of a bill amending chapter 3, of the Revised Statutes, relating to mineral lands and mining resources.

When the tariff bill was laid before the senate Senator Duff took the floor and resumed his speech against free wool, which was not completed when the senate adjourned yesterday.

TEST VOTE IN THE SENATE.

The first vote on the wool schedule was taken at 3 o'clock this afternoon upon Senator Teller's motion to restore the McKinley rate of twenty. The motion was lost by a vote of twenty-nine to thirty-seven, a party vote.

Senator Stewart offered an amendment changing the McKinley rate of 11 cents to 7 cents and the McKinley rate of 12 cents to 8 cents. There were no changes from the previous vote and the amendment was defeated, 29 to 37. Senator Peffer voted with the Democrats.

On Senator Peffer's amendment as modified by himself the vote resulted: Yeas, 33; nays, 35. Senator Hill refrained from voting and Senator Allen, of Nebraska, Peffer, Kyle and Stewart voted aye.

TO-DAY'S HOUSE.

The house got down to business to-day and Mr. Outwater, from the committee on rules, offered a resolution at 3:30 p. m. providing that the Indian appropriation bill be reported to the house after being debated under the five minute rule and the previous question was ordered and the bill put on its passage. The resolution caused considerable opposition, principally from Messrs. Burrows, McMillan and McCrea.

SUGAR TRUST HAVEMEYER EXAMINED.

The presence of the sugar trust in the city caused the senate investigating committee to change its plans for to-day and put Mr. Havemeyer on the stand instead of beginning an examination of members of the senate as had been con-

templated. Mr. Havemeyer's examination occupied but a short time. The committee did not think the testimony was of particular importance or that it developed facts that had not been brought out. Possibly no other witnesses will be examined to-day.

ARMOR PLATE INSPECTION.

Hill continues his story of the armor plate frauds before the congressional investigating committee to-day. It was mainly a detailed and technical elaboration of the frauds, which he explained in a general way before. He took up sheet by sheet the "false reports" made to the government officials and pointed out how Supt. Kline changed the figures so as to make them meet the government requirements. The tedious process of identifying each false entry proceeded through the morning and part of the afternoon.

FRUITFUL CONFERENCE.

Conferences between the Democratic and Republican leaders on the question of progress on the wool schedule have been barren of results. The Republicans are strenuous in their demand for concessions which the Democrats are not prepared to grant. The threat to filibuster is heard in Republican quarters, but even with a resort to that the leaders have no hope that they will be able to gain a point. Some dependence has been placed upon Senators Kyle and Allen ultimately voting with the Republicans, but since the speech of Senator Kyle to-day that has been seen to be futile. The ultimatum of the Democrats is

FREE WOOL.

And the income tax must be in the tariff bill. The margin by which the Democrats hold the senate is so narrow, however, that they scarcely dare resort to arbitrary measures to force a vote.

REPUBLICANS FILIBUSTERING.

The Republican members of the house committee on elections are resorting to filibustering tactics to-day to prevent the report being agreed upon in the Finston-Moore contest from the 2d Kansas district. As two Democratic members are out of town the committee could not muster a quorum without the Republicans.

WOMAN SUFFRAGE IN KANSAS.

The declaration of the Kansas Populist convention in favor of the woman suffrage amendment is not a surprise to the congressional delegation from Kansas. Representative Broderick said to-day that he would not be surprised to see the cause succeed at the polls.

CORREY GRANTED A HEARING.

J. S. Correy and Carl Brown, of the Commonwealth movement, were granted a hearing by the committee of labor to-day to advocate their good roads bill.

NATIONAL NOTES.

Mr. Pence has introduced in the house a petition against child labor.

Efforts are being made to make the income tax feature acceptable to its opponents.

CORREY IS AT THE CAPITAL and has arranged to address the committee having in charge the good roads bill.

The house yesterday passed a bill appropriating \$100,000 for the erection of a national home for aged and infirm colored people.

The president has sent the following nominations to the senate: To be consuls of the United States—John B. Gorman, of Georgia, at Matamoros, Mexico; John H. Miller, of Kentucky, at Port Stanley, Falkland Islands.

THE ARID LANDS.

Western Representatives in Congress Moving in the Matter of Irrigation.

Washington, June 15.—Western members of the house have held a caucus to map out a plan of campaign on the irrigation question, and have resolved to spare no labor to secure action by this congress. Representatives of thirteen western states and territories, including members of all parties, joined in the conference.

Representative Sweet, who called the meeting, was elected chairman, and the matter was thoroughly discussed. In accordance with the instructions of the meeting, a committee consisting of Representatives Sweet, of Idaho; Coffeen, of Wyoming, and Baker, of Kansas, called on Speaker Crisp to ask that the committee on rules set apart three days for the consideration of a bill which is to be agreed upon by the western men. The speaker suggested that a resolution should be introduced in the regular order, and asked to have copies of the bill submitted, but made no promise. Another caucus will be held by the westerners this week.

Homeopathic Convention.

Denver, June 15.—At a business meeting of the American Homeopathy Institute to-day some modifications of the by-laws were adopted. At 11 o'clock the representative men from the different educational institutions of the country were on hand with voluminous reports, able discussions and pertinent subjects. Prof. I. F. Allen, of New York, one of the ablest exponents of materia medica living, was welcomed with great applause.

Deaths From Plague.

Hong Kong, June 15.—Eighty-four more deaths from the plague are reported to-day.

Ex-Minister Phelps Dying.

Englewood N. J., June 15.—There is no change in the condition of Mr. Phelps. His physician says he thinks he will live until this afternoon.

TERRIBLE DISASTER.

One Hundred and Fifty Coal Miners Killed by a Fire Damp Explosion in Austria.

Tropan, Austrian Silesia, June 14.—A terrible disaster involving great loss of life is reported at Karwin. An explosion of fire-damp took place this morning at the Johann and Franziska mines. Over 150 miners were killed and both mines were on fire when the dispatch was sent. The elevator shafts are destroyed and the fire is spreading in all directions. The Johann and Franziska mines are owned by Count Von Larich.

Prendergast Case.

Chicago, June 15.—The Prendergast case before Judge Payne was continued to-day until 1:30 p. m. to-morrow. It is expected that it will then be decided whether the insanity trial can be commenced on Monday.

Italy's New Cabinet.

Rome, June 15.—The cabinet reorganization has been completed by Signor Boselli becoming minister of finance, in place of Signor Sonnino, who will have the portfolio of minister of the treasury. Signor Damiani replaces Signor Boselli as minister of husbandry.

Irrigation Engineers.

Denver, June 15.—The American Society of Irrigation Engineers will meet in annual session in this city during the National Irrigation congress in September and will discuss international irrigation laws. The chamber of commerce and mining exchange has appointed F. G. Patterson and E. W. Merritt as the executive committee on behalf of the congress.

The Montana Sun Dance.

Great Falls, Mont., June 15.—Judge Benton of the district court has refused an injunction against any interference with the sun dance by the governor and the sheriff on the ground that the petition asked protection against the Montana statute prohibiting Sabbath breaking. Managers of the dance will take an appeal to the supreme court.

WEALERS ARRESTED.

The Coxeyites Who Attempted to Steal a Train at Julesburg Jailed in Denver.

Denver, June 15.—The seventy Commonwealers arrested at Julesburg yesterday arrived in the city to-day in the custody of deputy United States marshals and were placed in jail. It is claimed that the men took part in the seizure of the Union Pacific engine at Julesburg and that the real offenders, when they learned that the deputies were after them, marched out of town.

RAIDING WEALERS.

Ogallala, Neb.—The wealers are breaking up into small parties of tens and twenties and striking out on their own. The only source of danger is the 200 wealers marching from Julesburg for Ogallala, with the avowed purpose of capturing a train here. They are ten miles to the west at noon and will reach here this afternoon when the issue will be decided.

Re-Organization Scheme.

New York, June 15.—It is said that the Chisum re-organization plan includes the issuing of collateral trust bonds to the amount of \$5,000,000 on security of \$11,700,000 in St. Louis and San Francisco bonds, Colorado Midland bonds and Santa Fe Atchafson funds held in the Santa Fe treasury.

Railroad Sold.

Richmond, June 15.—The Richmond & Danville property as a whole was sold to-day, Chas. Coster purchasing.

ANOTHER HEAVY RAIN.

Missouri River Again Nearing the Danger Line at Omaha.

Omaha, June 15.—The Missouri is rising to-day rapidly. It rained several inches during the night and the stage of water at noon was within two feet of the danger line. Reports indicate heavy rains throughout the valley last night and much higher water is probable.

Wiman's Forgery Trial.

New York, June 15.—Erastus Wiman was cross examined for a half hour to-day as to the charge of forgery in the second degree, under which he was on trial. After it had been concluded several witnesses were asked as to his previous good character and the taking of testimony was then concluded. Gen. Tracy addressed the jury in behalf of the defendant. His main plea was the absence of criminal intent. The case was sent to the jury at 3:15 p. m.

At 4 o'clock this afternoon the jury returned a verdict of guilty in the Wiman case and recommended a merciful sentence.

TELEGRAPHIC BREVITIES.

Kansas Prohibitionists have nominated E. O. Pickering for governor. The supreme lodge of United Workmen is in session at San Francisco. A natural gas explosion wrecked the tile mills of Smith & Co., Wilkinson, Ind.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder
ABSOLUTELY PURE

The supreme council of the Royal Baking Powder Co. has reduced the degree fee from \$4 to \$2.

Col. Breckenridge denies once more the report that he will retire from the congressional race.

William Deering from Chicago has presented the medical school of the Northwestern university with a donation of \$50,000.

Mrs. Henry T. Sweet, of Duluth, Minn., lost her life while trying to save her 3-year-old son, who had fallen into Lake Superior.

Theodore Nevins, one of the door keepers at the Chicago board of trade, has been attacked with smallpox, and the members and visitors on 'change who came in contact with him are feeling very uncomfortable.

THE MARKETS.

New York, June 15.—Money on call easy at 1 per cent, prime mercantile paper 2 1/2 @ 4 1/2 per cent.

New York.—Silver, 63. Lead, \$3.10. Copper, Inke, \$30.00.

St. Louis.—Wool: the market was firm, slightly higher. Medium Missouri and Illinois combing, 14 1/2 @ 14 3/4; coarse braid and medium clothing, 13 1/2 @ 14; Texas, six to twelve months, medium, 11 @ 12 1/2; coarse and low, 7 @ 10; medium western and northern, 11 @ 11; choice tub washed, 20.

Kansas City.—Texas steers, \$2.80 @ \$4.50; Texas cows, \$1.50 @ \$2.50; beef steers, \$3.75 @ \$5.00; native cows, \$1.25 @ \$3.10; stockers and feeders, \$2.55 @ \$3.75; bulls, \$1.50 @ \$2.50. Sheep, steady.

Omaha.—Steers, \$3.80 @ \$4.70; westerns, \$2.90 @ \$3.80; Texans, \$2.75 @ \$3.70; cows, \$1.25 @ \$3.80; feeders, \$2.25 @ \$3.40. Sheep, \$3.25 @ \$3.80; lambs, \$4.00 @ \$4.00.

Chicago.—Native steers, \$4.75 @ \$5.00; medium, \$4.00 @ \$4.25; others, \$3.85 @ \$3.95; Texans, \$3.00 @ \$4.00. Sheep, \$3.25 @ \$3.50; lambs, \$4.00 @ \$4.25.

MOB VIOLENCE.

Non-Union Men Badly Beaten by Strikers—Conflicting Action on the Columbus Compromise.

Bellefleur, Pa., June 15.—The strikers at Brownsville met last evening and decided to return to the Columbus conference. This practically destroys all hope of the continuance of the strike by the fourth pool miners.

INDOUBTED BY MINERS.

Columbus, Ohio.—The officers of the United Mine Workers of America have received from Erie, Pa., where 3,000 miners are employed, the following message: "Local union No. 65, on the 12th, 400 miners being present, endorsed the action of the national board.

"(Signed) HENRY SCOTT, Secretary."

WORK OF A MOB.

Greensburg, Pa.—A mob of 800 strikers stopped a coal train on the Youngwood branch of the Pennsylvania railroad last night and at the point of guns forced the engineer to take the train back to the Strickler mines, the starting point. They then partially demolished the Hecla and Youngwood bridge, after which they attacked a party of non-union workers, badly beating two of them.

COLUMBUS RATE REJECTED.

Columbus.—At a large mass meeting of miners at Orbistown last night it was voted not to accept the 60c Columbus rate, but a motion to request the national officers to resign was voted down, pending further investigation. President Adams spoke condemning the national officers.

CONSIDERING THE COMPROMISE.

Pittsburg.—The miners of the Pittsburg district are in session at the common council chambers to hear the official explanation of the Columbus compromise and decide upon its acceptance or rejection. The meeting is the largest since the inauguration of the strike.

ADJOURNED WITHOUT ACTION.

Neweltraville, Ohio.—The miners here have met twice since the Columbus compromise to ratify or reject, but still are at sea. Last night 1,500 miners assembled to hear the official circular from President McBride, but adjourned without action.

USEFULNESS ENDED.

Breckenridge Will Be Retired from a Profitable Railroad Attorneyship.

Lexington, Ky., June 15.—It is said that the managers of the Chesapeake & Ohio railroad of which Breckenridge and Shelby have been attorneys for years have become disaffected with Breckenridge, as they believe he has lost his usefulness and that he is now a positive disadvantage to the road. The talk here is that his services will be dispensed with as

soon as it can be done without undue haste. President Ingalls, of the Chesapeake & Ohio, is said to have determined upon this course.

DEMOCRATIC TRIUMPH.

Illinois Supreme Court Will Not Interfere with the Legislative Apportionment.

Springfield, Ill., June 15.—The Illinois supreme court handed down an opinion to-day in the cases brought by the Republicans at Danville and the Populists at Springfield to set aside the legislative apportionment made by the Democratic legislature last year. The supreme court virtually affirms the decrees of the lower court, holding that it has no jurisdiction.

WORK OF TRAMPS.

Train in Illinois Wrecked and One Man Killed.

Aurora, Ill., June 15.—A train of four freight cars and a caboose on the Greenfield & Northern railroad was wrecked by rocks placed on the track at Munday's cut, three miles north of Mt. Vernon. The entire train was derailed and thrown down an embankment. The fireman, J. White, was terribly scalded and died. Engineer Ephraim was badly burned, but will recover. It is thought that the obstruction was placed on the track by tramps.

Scripture in Schools.

Chicago, June 16.—A petition bearing 60,000 names and representing many religious has been prepared for presentation to the Chicago board of education recommending that the reading of books, consisting of selections of sacred scriptures, in use in the schools of Toronto, Canada, with the approval of both Catholic and Protestant churches, be put in use in the public schools without delay.

Advance Endeavor.

The initial number of a new publication entitled the "Advance Endeavor," was issued from the New Mexican presses yesterday. It is published under the auspices of the Young People's Society of Christian Endeavor of the Presbyterian church. Its watch-word is: "For Christ and the Church." J. E. Wood is editor and general manager, Doncezetta A. Jones, associate editor, and E. C. Herlow, business manager. Its mechanical appearance is bright and attractive and its contents are pure, elevating and instructive. Five hundred will be distributed monthly free of charge throughout the territory.

Furniture.

The highest prices paid for second-hand household goods, or the same will be repaired and sold on small commission, by David Lowitzki.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

FRIDAY, JUNE 15.

We must congratulate the Albuquerque Citizen upon its silence on the subject of territorial politics. Or is the Citizen only getting ready to spring some dark horse on the lawyer-politicians?

The name of Hon. E. V. Chaves, of Socorro, is being frequently mentioned by leading Democrats these days in connection with the delegateship. He is a young attorney of fine ability; a man of the people and a first-class Democrat.

Even John Sherman's party in John Sherman's state did not dare dodge a promise of free silver coinage. Manifestly it is merely a transient vote catching promise. John Sherman and his disciples continue to despise silver as cordially as the devil is alleged to hate holy water.

In a speech before the International Temperance congress, at New York the other day, Gov. Tillman, of South Carolina, declared upon honor that he "never drank five gallons of whisky, all told, in his whole life." Evidently the relations between the governor of South Carolina and the governor of North Carolina are not as fraternally and cordially convivial as they used to be.

"The laws of New Mexico were made by men who were looking out for their own interests, and in leaving loopholes for themselves, provided others with the means of escaping the enforcement of the same law," remarks the Socorro Advertiser. There is a whole lot of solid fact in this, hence the plain people had best look out in selecting men to represent them in the coming legislative assembly. Old methods must be turned down.

REPUBLICAN resolutions effectively eulogistic of Senator David Bennett Hill are so common these days that it hardly seems worth while to mention that the Republican club of Brooklyn has just tendered him a vote of thanks and confidence. Senator Hill's tariff bill is proving nearly as useful to the Republican party as his action in the campaign of 1888.

MULTIPLICITY OF WILLIAMS.

Some initial letter flend attracts attention to the fact that the name William—Messrs. William D. Kelley, William R. Morrison, William McKinley and William L. Wilson being cited as examples—has been intimately and curiously associated with the tariff legislature of the last quarter of a century. The writer might have added that William has of late years displaced John, Charles and James and is now the commonest masculine front name used in the United States. In the present congress there are just fifty-four Williams and forty-six Johns.

SHALL BUSINESS.

It appears that the wool buyers of the land and the Republican press have gone into a combine to keep down the price of wool. This is so in New Mexico as well as at the east. In this territory, for instance, a Republican newspaper in noting wool sales never states the price of the product. They know the figures are steadily advancing, and they are afraid the producers will find it out. That would hurt the buyers and knock the props from under the claim of the Republican organs that Democratic tariff reform is solely responsible for the depression the sheep men have suffered during the period the McKinley law has been in force.

BIMETALLISM'S STRENGTH.

It is no thanks to Senator John Sherman that the United States is to-day mining more silver than ever before in its history. When the Democratic state convention in Ohio that nominated Campbell for governor adopted a bimetallic resolution John Sherman and the other gold men laughed, and they afterward attributed Campbell's defeat by McKinley

to this very resolution. It must now grind Ohio Republicans not a little to come out now and even make a bungling attempt at straddling the silver problem. Nothing more clearly shows the inherent strength of bimetalism. Speaking of Sherman's position the St. Louis Republic says:
"John Sherman must take the stump for bimetalism—much as he hates it and far as he is from ever consenting to do anything but kill it."
"Europe may not be able to agree upon international bimetalism. We can agree upon a ratio of free coinage for ourselves. Ohio has been lately classed as an eastern state. When John Sherman's friends and pupils there dare not dodge a promise of free coinage, what must be the temper of the voters in the south and west?"

PRESS COMMENTS.

House of Correction Needed.

The next territorial institution which the legislature of New Mexico should establish is a house of correction for the reformation of bad children. There are in this city, and we suppose in all the towns of New Mexico, children under the age 12 or 14, many of them under 8 or 10, who are going to the devil as fast as time and wrong doing can take them.—Las Vegas Optic.

Fryers of Fat Must Be Had.

The Republican newspapers, in proposing names for the Republican nomination for delegate to congress, go into the ridiculous in many cases. In fact, the Republican party is hard pressed for a candidate that can stand any show of winning, as he must possess both popularity and wealth, especially the latter qualification, or must have friends who are willing to put up the necessary "groceries" and take their pay in "services" to be rendered.—Socorro Advertiser.

The Truth Plainly Told.

Democrats received the government from Republican hands in time to catch the full effect of thirty years of misrule. Every law that has been a factor in producing the miserable condition of the country, save one, is still unrepelled. To undo the Republican misrule was the work voted into the hands of the Democratic party by a disgusted people in 1892. If a disgusted people in turn vote the Democratic party out of power for not fulfilling its pledges—leaving things as it found them—it is the fault of Democratic traitors. But all the same, the country will never prosper as long as the special privileges granted by the Republican party are maintained, no matter who is president or what set of men have a majority in congress.—Deming Herald.

Opposed to Everything.

If Delegate Joseph should fail to secure the passage of the New Mexico statehood bill, the Republican press of the territory would be wildly intoxicated with joy. The fact is that much of the delay has already been caused through their treacherous opposition to the measure, and as greatly desired as statehood may be by the people of this territory if left to a vote of the Republican scribblers it would be defeated to-day by a majority so large that their pretended friendship would be revealed as a miserable sham. Rather than lend their assistance to Mr. Joseph in a measure, which if accomplished, would insure to the well being of our people they crawl into their little political lairs and snarl at everything which bears the semblance of Democracy. Statehood is not a question of politics, but policy. Suppose that New Mexico was admitted a state under a Democratic administration, it would argue nothing. True, federal patronage might fall to the lot of the dominant party for a time, but only for a brief time if the sentiment of the people should oppose it. Since that is true, why is it that the Republican party of the territory so bitterly opposes the matter of admission? The whole matter seems to hinge upon the fact that they are opposed to everything good, bad, and indifferent, that the Democracy urge as beneficial and expedient.—Silver City Sentinel.

AS IN YOUTH

Ayer's Hair Vigor
CORDIALLY INDORSED.

RESTORES Natural Growth OF THE HAIR—WHEN—ALL OTHER Dressings FAIL.

"I can cordially indorse Ayer's Hair Vigor, as one of the best preparations for the hair. When I began using Ayer's Hair Vigor, all the front part of my head—about half of it—was bald. The use of only two bottles restored a natural growth, which still continues as in my youth. I tried several other dressings, but they all failed. Ayer's Hair Vigor is the best."—Mrs. J. C. PREUSSER, Converse, Texas.

AYER'S HAIR VIGOR
PREPARED BY
Dr. J. C. AYER & CO., LOWELL, MASS.

Scrofula Miss Della Stevens, of Boston, Mass., writes: "I have always suffered from hereditary Scrofula, for which I tried various remedies, and many reliable physicians, but none relieved me. After taking six bottles of **SWIFT SPECIFIC**, I am now well, I am very grateful to you as I feel that it saved me from a life of untold agony, and I shall take pleasure in speaking only words of praise for the wonderful medicine, and in recommending it to all."
Treatise on Blood and Skin Diseases mailed free.
SWIFT SPECIFIC CO., ATLANTA, GA.

Why Take the Wabash
For ST. LOUIS? Because it is the shortest line; the best equipped line; runs free chair cars, Buffet Pullmans and gives you ample time in Kansas City for supper.
For TOLEDO OR DETROIT? Because it is the shortest line; avoids transfer across the city in case you are going further east, and makes close connections with all trunk lines.
For NEW YORK OR BOSTON? Because it has solid through service from both Chicago and St. Louis, via NIAGARA FALLS; gives "forty minutes" stop at the falls at reasonable time in the morning.
For ALL OTHER EASTERN PORTS? Because its service is uniformly good and you can make no mistake in asking for tickets VIA THE WABASH.
C. M. HAMMOND, Com'l Agent,
1224 17th St., Denver, Colo.

HEART-BROKEN PARENTS.

Beautiful Little Jack Downing Disappeared Yesterday Evening.

Hundreds of People Have Since Been Hunting for Him Without Success.

Mr. and Mrs. M. A. Downing have the profound and active sympathy of the good people of Santa Fe. Their bright and beautiful 4 year old boy, Jack, disappeared yesterday afternoon and no trace of him has since been discovered. It seems that he went out walking with his mother in the early part of the afternoon. They wandered up the main arroyo along the Tesuque road and above the old powder house Mrs. Downing sat down. Meanwhile the little boy amused himself picking flowers and hunting pretty pebbles. Soon the mother arose and called "Jack," but received no answer. She then spent an hour in a fruitless search for her child, and, becoming alarmed, hastened home and related the story to her husband. Mr. Downing immediately started up the trail confident that he would soon find his missing boy. But he was sadly disappointed. After walking several miles without success he hurried into town and gave the alarm. Supt. Chester, of the water works, was one of the first persons notified of the facts and he at once sent ten men out on the trail and rode rapidly to the penitentiary to secure the dogs. Then he personally went on the search and was out all night.

HOUSES GIVEN THE SCENT.

The hounds were brought in as soon as possible by Barney Spears, given the scent of one of the boy's shoes and some of his clothing, and taken to the place where the little one was last seen about 5 o'clock in the evening, playing in the sandy arroyo this side of Mrs. Mugler's residence with the boys of Marcos Castillo. The dogs promptly started on a trail and refused to leave it, but, after it was discovered that they were following the track of a man, they were called back. Meanwhile about thirty people were already out in the hills hunting and this number steadily increased as the heavy hours dragged on. About 6 o'clock in the evening a representative of the New Mexican called on the foreman of the alleged fire department and suggested that the fire bell be rung for the purpose of calling the people together while there were two hours of daylight. Mr. Ashdown refused to act on the suggestion, but about 8 o'clock Mr. Chester insisted that the bell be rung and Charles Parsons dared to trespass upon the pretended private property of the fire department to the extent of pulling the rope and sounding the alarm. Shortly before this the alarm notes of the bugle had been sounded at Fort Marcy and the soldiers were turning out by command of Col. Pearson.

LINE A MILE LONG.

At 8 o'clock nearly all the soldiers at the post under the leadership of Lieuts. Stottler and Stokes and fully 500 citizens started out in search of the missing child. A line was formed a mile long, the men being five yards apart, and this deployed and moved northward up the hills, arroyos and gulches. A scope of country fully five miles square, including every rock and bush, was thus carefully examined. A search was also made on the way back on horse-back. But the quest unhappily proved unavailing.

Among those who were out all night were Engineer J. M. Howells, H. B. Hersey with his hounds, Major Baker and his son, Lincoln, C. E. Chester, J. W. Akers, Deputy Collector C. L. Betterson, Deputy Sheriff's Tucker and Beaver, James D. Hughes, Hon. E. A. Fiske and Postmaster Gable. City Clerk A. P. Hill and Charles Broder rode out to Tesuque early in the evening and gave the alarm there. They returned at 9 o'clock this morning and report that, when they left, fully 500 people, including men, women and children, were out scouring the hills for the lost lad. The governor of the Tesuque pueblo and nearly all his Indians went out on the hunt last night and early this morning.

SEARCH RESUMED THIS MORNING.

The search was renewed with desperate energy this morning, but much more apprehension was felt than last night. The volunteer searching party, consisting of about 100 soldiers and citizens, formed in front of the Palace hotel at 9 o'clock and immediately moved out into the hills in the same manner as last night. The soldiers were led by Lieuts. Stottler and Stokes and the citizens by Messrs. J. W. Akers and W. E. Griffin. Harbilla offering a reward of \$100 for the recovery of the child were circulated this morning. When last seen little Jack wore a red jacket and a straw hat. It is estimated that since the reward was published at least 500 men and boys have gone out hunting on their own hook. A number of persons have gone out with teams.

LATER ACTION.

At 1 o'clock most of the searchers from the city returned, and Mr. Akers said they had unquestionably found the boy's tracks on the hillside about two miles northwest of St. Catherine's Indian school. Accordingly, some experienced trail riders were sent for, among them Antonio Chavez, and a party started out about 2 o'clock to follow this trail. At this hour also the fire bell was sounded by a number of citizens and after a great throng of people had assembled Sheriff Cunningham addressed the crowd and called earnestly upon every man to return to the foothills and continue the search. This suggestion is being generally complied with.

There are many theories advanced over the possible whereabouts of the child, but it is a subject that will not bear much speculation. The little fellow is missing and there is no trace of him save the one just above noted. His mother is well and cheerful with grief; his father is in the field on horseback scouring the country, and, in the meantime, if the child is not in the hands of strangers, he is positively dead or dying from thirst and fright.

LATER.

At 4 p.m. no tidings had been heard of the child, though every available horse in town, many vehicles and hundreds of people were out scouring the foot hills. At this hour Major J. P. Baker and young Mr. Kilbourne returned to the city after having been all over the ground a second time without finding any trace of the missing little one.

ROUND ABOUT TOWN.

Ladies' sailor hats at 25 and 50 cents at Miss Mugler's. Clean cotton rags wanted at the New Mexican office.

Joseph has leased rooms in the Claire hotel block fronting the plaza and is fitting it up to open a saloon.

Prof. Landrum's dancing soiree takes place this evening when the feature will be the figures of the Garman.

James Johnson, Jr., and Julia A. Filger of this city, were united in marriage by Justice Tomas Alarid yesterday.

You can get engraved visiting cards at the New Mexican, or have them printed from your plate if you have one.

Ben Cannon, the horse that Sheriff Cunningham's colt, Joe Baile, defeated with ease at the May races in Albuquerque, has taken several prizes in the Denver races now in progress.

The malicious work of vandals in meddling with the Cochiti telephone line ought to be condemned by all good citizens. The line is in proper working order to-day and an effort will be made to keep it so. Anyone caught tampering with the wires or poles will be prosecuted to the fullest extent of the law.

Mr. Henry Russell Wray and his talented wife, now of Colorado Springs, were here last winter gathering data for a series of articles on Santa Fe and New Mexico to be published in Harper's, and other eastern journals. The first of these letters appears in the Philadelphia Public Ledger of May 29 and it is a highly entertaining column and a half that will do much toward attracting tourist travel to this historic city.

Will Play for Two Hundred Dollars.

To the Manager and Captain of the Athletic Base Ball Club: I notice in yesterday's New Mexican that your club challenges the S. F. B. C. to play a game June 24th, for \$50 a side. In reply to this I will say that June 17 my club is dated to play at Cerrillos and on June 24 Cerrillos will play a return game at Santa Fe, and we have already accepted the return game, knowing that the people would like to see a good game on the 24th than to witness a poor one. Therefore we can not accept your challenge for that date. But on any other Sunday my club is ready to play you for \$200 a side. And it will be well to state right here that my club will play you under no consideration for less than \$200.

JUAN SPOONMAKER.

Captain S. F. B. B. C.

Disordered liver set right with Beech-

am's Pills.

Wanted at Cochiti.

Geo. W. Green, constable of Allerton precinct, arrived in the city last night and placed Clarence Jones, of Cripple Creek, under arrest on a warrant sworn out by Mrs. J. H. Benson, of the Exchange hotel, Bland City, charging him with obtaining money under false pretenses. The officer and his prisoner left for Allerton this afternoon where Jones will have a hearing to-morrow before justice B. H. Shaw. Jones is accused of giving checks on banks in Santa Fe and Denver, which came back marked "no funds." He claims that a well known Denver gentleman, Mr. Bachelder, had agreed to deposit money in these banks to his credit in order to enable him to make report on several mining properties at Cochiti, and that the failure of his friend to comply with the agreement is the cause of his trouble.

Nothing Strange.

Intelligent people, who realize the important part the blood holds in keeping the body in a normal condition, find nothing strange in the number of diseases that the people who are able to see a good doctor, the best way to treat them is through the blood. Hood's Sarsaparilla vitalizes the blood.

Hood's Pills are the best after-dinner pills, assist digestion, prevent constipation.

Brutal Murder at Folsom.

News of a foul and brutal crime at Folsom has just reached the New Mexican by mail. On Tuesday afternoon the body of an unknown white man was found buried under the sand bins at the stock-yards in the village named. The body was nearly nude, the man's brains had been beaten out as if with some blunt instrument and he was buried face downward. The head of the unfortunate was wrapped up with a piece of an old quilt. No clue to the murderer has been discovered.

PERSONAL.

Mrs. Paulson, a charming lady from La Junta, is visiting Mrs. Dooley. J. M. Freeman, Greeley, Colo.; Jasper Sipes, Oklahoma; Miss L. A. Corpin, Phoenix, are at the Palace. Hon. Pablo Gallegos, a highly respected citizen of El Rito, Rio Arriba county, is visiting Santa Fe friends.

H. J. Ely, El Paso; John O'Connor, Prescott; L. Weimer, Kansas City; A. A. Enger, Chicago; R. T. Owens, Pueblo, are visiting the city.

Gen. E. F. Hobart is in from his Espanola farm. He says the fruit crop of that region, including apricots and prunes, will be large this season.

Col. T. F. Moore returned from the Cochiti ferry last night. He sat in his office here yesterday and heard over the telephone wire the piano upon which his daughter was playing at his home on upper Palace avenue.

Hon. J. M. Freeman, a prominent member of the bar of Colorado and late collector of internal revenue for that district, is visiting the city on legal business. He is an old friend of Col. Frost and is seeing the city under that gentleman's guidance.

At the Bon Ton hotel: A. K. Hawkins, C. Dalton, J. Rutledge, C. Romero, G. Burtling, Glorieta; J. G. Lucero, Largo; J. D. Acton, M. T. Morarity, Albuquerque; E. B. Boardman, Georgetown; J. W. Coughlin, M. Keeler, Cerrillos; M. Panin, Taos; F. Trujillo, Cienega; A. D. Shondley, Clay, Mo.; Geo. McCook, Denver; D. W. Collins, Jonesville, N. C.; R. R. Bell, Welsboro, N. C.

Wagner & Haffner.

Headquarters for furniture; bed-room sets, all oak, \$18.00; wood seat chairs, 65 cents; all other furniture in proportion. Goods sold on easy payments.

COCHITI CRUMBS.

Wire Gold in the Lone Star—Rich Strike in the Victor—Industrial Progress Everywhere Apparent.

The ore now being extracted from the Lone Star frequently shows patches of wire gold.

There is talk of a company putting up a stamp mill at Bland, and piping the water from Cochiti canon.

Messrs. W. B. Twitchell and F. W. Studley have gone to Cochiti to develop their mining claims.

Big teams that will haul from 2,500 to 3,000 pounds of freight are in demand here for the Cochiti trade.

G. W. Hickox & Co. have on exhibition a fine lot of specimens from many of the famous mines in the Cochiti district.

A. O. Berg, of Nebraska, a friend of Dr. Deuney, has arrived at Bland, and will erect a house at once for a clothing store.

George C. Smith leaves to-morrow for Colla canon with supplies and tools for doing over 200 feet of development work on the Smith-Hickox claims.

The new strike in the Albermarle has added value to Colla canon prospects, particularly since free gold rock has been encountered.

Three car loads of machinery for the Bailey mill are now on the ground at Allerton. The frame work is in the hands of an even dozen workmen and is rapidly going into place.

R. T. Owen, a mill contractor, is in the city from Pueblo. He goes to settle at Bland City and said to-day that a dozen friends would come from Colorado points to locate in Cochiti at no distant day.

Local trade at Bland could be materially increased by the opening of the road over the mountain to Jemez hot springs, but just now everybody in town is too busy erecting new buildings and making other improvements to give due attention to this subject.

Bland City is sadly in need of a justice of the peace. For some reason the county board has failed thus far to supply this want although there are fully 500 people in the new town to-day. Business men of Bland indulge in the hope that the county commissioners will not much longer delay action in this matter.

Chas. F. Yardman, who is developing several claims near Peralta canon, came in from Cochiti last night and after loading up with camp supplies will return to work. He says the Victor claim on the divide between Colla and Peralta canons, has run an eighteen foot tunnel and cut a seven foot vein that runs from \$100 to \$125 to the ton. It will be added to the list of shippers in ten days.

Philpot & Chase have erected a substantial and commodious two story frame building at Bland City in the heart of the Cochiti mining district and have opened therein a large stock of choice wines, liquors and cigars. They have ten nicely furnished rooms on the second floor for lodgers. Mr. Philpot was for several years engaged in business at Durango, Colo. Prior to coming west he was assistant editor of the Louisville Courier-Journal.

OFFICIAL GOSSIP.

Thomas P. Gable has resigned as member of the territorial board of equalization from the first judicial district. His successor has not yet been named.

The following notices have been appointed: William B. Greager, of Albuquerque, Bernalillo county; Luis A. C. de Baca, of Baca, Union county, and Sam Pate, of Rowe, San Miguel county.

Jose Montoya, the deputy United States marshal, with headquarters at Bernalillo, came to Santa Fe to take to Albuquerque yesterday, George Musach, of Chabon, and lodged him in the county jail on an indictment found at the last term of the court charging Musach with selling liquor to Indians.

Articles of incorporation of the Woman's Improvement Association have been filed in the secretary's office. Incorporators: Mrs. M. M. S. McFee, Mrs. Kate Raymond, Mrs. Emma R. Dawson, Mrs. Amelia Ascarate, Mrs. Ida M. Llewellyn, residents of the county of Dona Ana. Objects: General improvement in and about the town of Las Cruces, by the purchase, construction, laying out, and sale of public buildings, libraries, cemeteries, etc., the capital stock being \$10,000.

Chief Justice Thomas Smith has very appropriately furnished up the court etiquette of the attorneys and officers of this district court. The little amenities that make justice run smoothly and tend to strengthen the respect rightfully due the court ought to be rigidly observed, and so long as Judge Smith presides it now looks as if they would be.—Raton Range.

District Court.

It appears that, when the jury in the case of the U. S. vs. Merced Duran, adultery, returned yesterday morning to sign its verdict, the discovery was made that one of the jurors had gone crazy during the night and nothing could be done with him. His name is Antonio D. Archuleta, of Taos. He was discharged and a special venire issued for another juror. The case will have to be tried again.

The case of the U. S. vs. Juan B. Archuleta, adultery, was completed this forenoon. The judge instructed the jury to find a verdict of not guilty.

In the matter of the U. S. vs. Jose A. Lucero, et al, an old Espanola postoffice case, a judgement of one cent and costs was entered up by consent.

Buckingham's Dye for the Whiskers can be applied when at home, and is uniformly successful in coloring a brown or black. Hence its great popularity.

The Fire Apparatus.

If the city authorities really desire to ascertain whether or not the fire apparatus is public property or the individual property of Mr. Ashdown and his associates, they should inquire of Hon. Sol Spiegelberg. This enterprising citizen years ago raised by public subscription the sum of \$1,200 and Major M. A. Breedon was the treasurer of the citizens' committee. They sent east and bought the fire apparatus and through the influence of Hon. W. G. Ritchey secured from the secretary of the interior permission to erect the hose house on its present site in the rear of the postoffice. This building was also erected by the subscription of business men in order to provide the city, which then had no municipal government, with proper fire protection. If the present fire company persists in refusing to turn the apparatus over to the city unless its members are paid for it, they should, to be consistent, also set up a claim to the hose house as their private property.

For Sale

A first mortgage covering some of the best improved property on San Francisco street, calling for \$1,700 and due in three months. Business reason for selling. Buyer can make a handsome profit. Inquire at the New Mexican office.

Stockholder's Annual Meeting.

Notice is hereby given that the regular annual meeting of the stockholders of the Santa Fe Water company will be held at the office of the company in Santa Fe on Monday, July 2, 1894.

MAX. FROST, Secretary.

Notice.

To the Tax-Payers of Santa Fe County: I desire to state to you that I have about completed a list of delinquent taxpayers in this county, which has been a great task owing to the fact that delinquent taxes date back as far as 1884. It has been my intention as collector of taxes in and for this county to allow each and every taxpayer all the time possible for the payment of his or her taxes. By this notice I desire to inform you that sometime during the early part of July I will publish the delinquent tax list showing your indebtedness, in accordance with a requirement of the law. After due notice by such publication I will proceed to collect taxes from each and every individual alike. I trust that you will allow no additional cost to accrue on your taxes, but that you will make an effort to satisfy your account before such delinquent tax list appears before the public. Wm. P. CUNNINGHAM, Sheriff and Collector in and for Santa Fe County.

The Capital at Bland.

When you visit the great Cochiti gold mining district you will find the town of Bland its metropolis. You are cordially invited to call at the Capital, Philpot & Chase, proprietors, and sample their fine "Old Crow," also their fine imported cigars. Every attention paid to visitors and all inquiries regarding the district cheerfully answered.

THE CAPITAL.

PHILPOT & CHASE, Proprietors.

Dissolution Notice.

Notice is hereby given that the partnership heretofore existing between Florence Donahue and Quintus Monier has been dissolved; that the business of contractor and builder will be carried on by Quintus Monier. He will settle all accounts against the firm and collect all accounts due it.

For Sale

A second-hand phonograph. Apply at New Mexican office.

Milk Punch 10 cts a glass at the Colorado saloon.

Notice.

The firm of F. W. Studley & Co., druggists, ceased to exist on the first day of June, 1894, and Mr. Fred W. Studley has no longer any connection with said firm or the undersigned.
