THE WAR IS ON.

The Japs and Chinese Assailing Each Other in Downright Warlike Fashion.

The King of Corea a Japanese Prisoner—Live News from the Hermitage Kingdom.

Washington, July 27.—The king of Corea is a Japanese prisoner. This information was the important statement contained in a telegram dated yesterday which Secretary Herbert received from Capt. Day, of the U. S. steamship, Baltimore, now at Chemulpo, Corea. Capt. Day, besides stating that the king of Corea is a captive in the hands of the Japanese, reported that he had dispatched a PORCE OF U. S. MARINES from his ship to Seoul, the capital, to protect the U. S. legation.

The state department to-day received no advice confirming the declaration of war between China and Japan.

The Japanese minister called at the department and arranged for his farewell call upon the president. He said the department was also without information as to the actual commencement of hostilities.

WAB.

London, July 27.—Dispatches received here at 11:20 a. m. to-day from Lloyd's Steamship company's agent at Shanghai, China, confirm the announcement, exclusively cabled the Associated Press on Saturday last, that war between China and Japan had been declared, and fighting is said to have begun.

Hugh Mathieson & Co., Chinese government agents in England, deny a cable message that also confirms this announcement. Up to noon, however, neither the Chinese nor Japanese ministers had received advice which enable them to confirm the report of an outbreak of hostilities which apparently followed the declaration of war. The ministers also seemed to be ignorant of anything which would tend to confirm the report that the Japanese have captured the king of Corea.

CONFIRMING.

The only dispatches received in London are those which have been forwarded to the American Associated Press.

Last evening a telegram was received from a high authority at Tien Tsin saying the prospects for a continuance of peace were more favorable. The dispatch added, however, that war had been declared between China and Japan and rumors were in circulation there to the effect that several Chinese war ships are in trouble.

BEGINS TO LOOK LIKE IT.

The manager of the Hong Kong and Shanghai bank said:

"I have not received the confirmation of the report that war has been declared, but I should not be surprised if such is the case. One of the results of the war will be to put the great trade hands of England and Europe to a disadvantage in China and Japan, but the end of the war will be the making of China everywhere and opening the Chinese empire for all time to western civilization and trade."

SIDES WITH THE STRONGEST.

The Associated Press correspondents find the consensus of opinion in London and England to be in sympathy with China. This is owing mainly to Russia's active wish to see Japan successful and thus form a barrier to England's progress in the far east.

Some Anglo-Chinese traders in this city suggest doubts as to China's ability to cope with Japan as it is known much of the Chinese war equipment, recently purchased in Europe, is bad.

The immediate cause of the declaration of war is said to be the fact that the Japanese attacked the Chinese transports conveying troops to Corea. In this engagement at least one Chinese transport was sunk by a Japanese cruiser. But now there seems to be fighting between the Chinese and Japanese war ships and

MUCH MORE SERIOUS

than at first announced, for it is rumored in Anglo-Chinese circles that the Chinese already have suffered a heavy loss and it is believed a number of Chinese ships have been sunk by Japanese cruisers.

FIRE WITH PROVOCATION.

Yokohama.—Cable communication between Japan and Corea is interrupted, but a rumor comes from semi-official circles that the Japanese warship fired upon the Chinese warship Kasan upon receiving hostile provocation.

FIRE IN OHIO.

Business Part of a Village Consumed with Light Insurance.

Celina, Ohio, July 27.—A fire started last night in two buildings alongside each other, quickly communicating to others and then to the business portion of the city. It destroyed Metzner & Puffer's machinery store, the National hotel, the postoffice, the Citizens' Commercial bank, Wickoff's drug store and a dozen business houses, causing a loss of about \$150,000 with about \$80,000 of insurance.

Rain Comes Too Late.

Minneapolis, July 27.—Dispatches from Bismarck and other Dakota points say that a heavy rain fell in that region during the night. It comes too late, however, to benefit anything but corn.

Stringent Methods.

Paris, July 27.—In the chamber of deputies the government's anti-anarchy bill was adopted; vote 268 to 163.

Duel With Swords.

Paris, July 27.—A duel with swords was fought between M. Paul Deschanel and M. Clemenceau to-day. M. Deschanel was wounded in the cheek.

Overcome by Heat.

New York, July 27.—Thomas W. Wright, general attorney for the Rock Island, and a son of ex-Senator George S. Wright, of Des Moines, Iowa, died here suddenly last night. He is supposed to have been overcome by heat.

COAL LANDS ACT.

Some Important Changes Proposed in a Bill Now Before Congress.

Washington, July 27.—Representative Hall, of Minnesota, reported to the house a bill amending the existing law regarding public lands. Provision is made whereby settlers in townships not mineral or reserved by the government or persons and associations lawfully possessed of coal lands shall have the right to have such lands surveyed under certain conditions. This feature of the bill has in view the enlargement of the facilities contained in the coal land laws, by permitting such lands to be surveyed as can now be done in the case of agricultural lands required for actual settlement. The discoverer of a valuable deposit of coal upon the unsurveyed public domain may now take possession of and hold his mine, yet there is no provision of law under which a patent can issue therefor until the public surveys have been so extended as to embrace it.

Another feature of the bill provides that when settlers or owners or grantees of public lands make deposits in payment of the cost of surveys, certificates shall be issued therefor, and these may be used in part payment for the lands settled upon.

Black Friday.

Clayton, Mo., July 27.—At 6:29 a. m., Harrison Duncan was hanged for the murder of Police Officer James Brady, whom Harrison murdered at a crap game October 6, 1890.

McKane Denied a New Trial.

Brooklyn, July 27.—At the general term of the supreme court Justices Brown, Cullen and Dykman denied the motion for a new trial of John Y. McKane, the boss of Gravesend.

New York Republicans.

New York, July 27.—The Republican state central committee has appointed a committee of five to consider the differences between the elements in the party, generally designated as the committee of thirty and the Mulholland-Platt factions. The committee is composed of three Platt men, one whose sympathies are with the thirty, and one doubtful. The state convention will meet September 18, at Saratoga.

WANT A CHANGE.

A Talk with Chairman Myers, of the A. T. & S. F. Protective Committee.

New York, July 27.—Theodore W. Myers, who is chairman of the A. T. & S. F. protective committee, in an interview in regard to the purposes of that committee, said:

"We wish to completely change the management of the A. T. & S. F. in favor of new men of tried railroad experience with some financial methods."

"The stockholders stand ready to furnish whatever cash capital is necessary, provided the conditions are made sound and they retain the clear equity to which they are entitled. I am confident the system can earn interest on its general mortgage bonds and at the same time improve and the traffic becomes normal, it can also earn enough to make those improvements which are absolutely essential."

"How will you save the property from the demands of the second mortgage?"

"The owners of the second mortgage bonds will agree with the stockholders to sacrifice sufficient of their matured and maturing coupons to enable the system to work out of its present depression. The position of the second mortgage bonds is such that an agreement of this kind is necessary for their own protection. The second mortgage bondholders must surrender their coupons for a few years at least, and this relief to the company will make the stockholders safe in furnishing the new capital. We have assurances from holders of these securities which indicate that a majority of them will support the plans of the protective re-organization committee, and therefore I believe the plans of that committee can be carried out."

AN ILLICIT STILL.

Proprietor Arrested and Held at Las Vegas in Default of Bail.

Las Vegas, July 27.—U. S. Marshal Loomis to-day arrested Asa Leasher and Willie Dix for running an illicit still in Rocky Glen, near Baldy mountain, in Colfax county. Leasher, the proprietor, was held to-day in default of \$2,000 bail. Dix, an employee of Leasher, was released on \$500 bond.

BACK TO CONFERENCE.

The Senate Returns the Tariff Bill to the Conference Committee Without Instructions.

Iron-clad Anti-Lottery Bill Passes the Senate—Sugar Trust Discussed—Bad Blood.

Washington, July 27.—There is a strong probability that Senator Hoar's iron-clad anti-lottery bill, which passed the senate, will become a law if its supporters can secure recognition of it at this session. The bill is now in the hands of the subcommittee composed of Representatives Broderick, of Kansas; Bailey, of Texas, and Goodnight, of Kentucky, who will endeavor to report it to the judiciary committee to-morrow.

CONFERENCE REPORT CALLED UP.

At 12:45 o'clock to-day the report of the conference on the tariff bill was called up by Senator Jones, of Arkansas.

DEMOCRATS HAVE THE SITUATION IN HAND.

The indications when the senate met at noon to-day were that the struggle over the resolution to agree to the further conference on the tariff bill asked by the house would be ended before the adjournment. The Democratic leaders said that they had the situation well in hand and they believed the program agreed upon in caucus would be carried out.

In the morning hour some debate occurred over the clause of the conference report on the army appropriation bill transferring the Apache Indians, held prisoners of war in Alabama, to a military reservation in the west. Senator Doherty, of Idaho, protested against the sending of these Indians to Oklahoma.

BAD BLOOD MANIFESTED.

Some bad blood and bad temper grew out of Senator Blackburn's open charge that the Republicans were trying to display action on the appropriation bills. Messrs. Doherty and Manderson were especially incensed at this, each accusing Senator Blackburn of bad faith in receding from the amendments he had offered.

"You had no right to recede," said Senator Doherty.

"I had the right," replied the Kentucky senator hotly, "and I object to the senator's attempt to define my rights on this floor. It is a piece of impertinence which I resent."

"No more than I resent yours," retorted Senator Doherty.

The conference in the report was agreed to by a vote of 45 to 18. Then at 1:35 Senator Jones, of Arkansas, called up the conference report on the tariff bill.

SPECULATION ON THE TARIFF.

Democratic senators feel very confident that they will have the tariff bill back from the conference without any instructions from the senate. While the matter of instructions depends greatly on the vote of Senator Stewart, the general impression is that he will vote at all and the vote then being a tie the motion to instruct will be lost. It is possible that a direct vote on the question may not be reached.

Senator Harris, who occupies the chair, will decide Senator Washburn's motion out of order. An appeal will be taken and a vote come up on sustaining or overruling the chair.

WASHBURN'S MOTION LOST.

Senator Harris in the chair sustained the point of order. The then pending question was on the decision of the chair on the points of order raised by Messrs. Gray and Mills against Senator Washburn's motion to instruct the senate conferees to recede from the one-eighth of one cent differential on sugar above the fourteenth Dutch standard.

SENATOR MANDERSON

was immediately recognized and proceeded to argue against the point of order upon which so much seemed to hinge. He maintained that it was competent for the senate to instruct the conferees, and discussed at length on the methods of conferences between the two houses of parliament and congress drawing a distinction between "a simple conference" and "a full and free conference." In the house he declared it had never been disputed that the house could instruct its conferees. Certainly it would not be contended that the senate had no power nor control over its conferees. How could any committee of the senate be superior to and above the senate which created it? There is more involved in it than a simple question. In it is involved the right of

THE SUGAR TRUST

which was so eloquently declared against by Mr. Vilas. It was said inside and outside of this chamber that the trust was so powerful that it could defeat any bill that did not give it what it wanted. He apprehended this was true, for no matter how close the senate came to striking at "the differential" a vote was always forthcoming at the last moment to save it. The ruling on this point of order would determine whether the senate should have the right to pass upon this odious differential, the striking out of which meant the defeat of the whole bill. Mr. Manderson then reviewed the precedents bearing on the point of order, citing numerous cases in the house where the conferees had been instructed.

The vote to lay the appeal on the table was a tie—32 to 32—and it was lost.

BACK TO CONFERENCE.

The tariff bill was referred back to the conference committee without instructions.

THE CENSUS WORK.

The census bureau has begun the work

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder
ABSOLUTELY PURE

tabulating the statistics of occupations.

There are 200 employees of the farms, homes and mortgages divisions engaged in the work, which is expected to last six or seven weeks. It is the last tabulation work undertaken by the bureau and is considered the most difficult. It is expected that the 11th census will be practically completed in the latter part of September. There are 600 employees now on the rolls and before that time all save a score of these will be dropped. The work of those retained will be mainly to revise the uncompleted portion of the census work.

WASHINGTON BLAZE.

Investigating the Causes—Arrests Made by the Police.

Washington, July 27.—The police to-day arrested W. T. Harris, inventor of the gasoline motor, on the suspicion of having caused the Knox building fire, in which three firemen lost their lives and over a half million dollars' worth of property was destroyed. The motor was intended for street car use and the police believe that Harris, while experimenting, caused the explosion which resulted in the fire. Harris denies that he is responsible for the explosion, but admits that he was in the building at the time of the fire. He says there was an explosion and after he was burned he left the building to go for doctors while the watchman ran to turn in the alarm.

THE MARKETS.

New York, July 27.—Money on call easy at 1 per cent; mercantile paper, 3 @ 5 per cent; silver, 62½; lead, \$3.10.

Kansas City.—Texas steers, \$2.20 @ \$3.25; beef steers, \$3.35 @ \$4.65; native cows, \$1.15 @ \$2.30; stockers and feeders, \$2.00 @ \$3.60. Sheep market, slow and steady.

Chicago.—The cattle market was slow and easier. The sheep market was slow and prices steady.

HOT IN KANSAS.

Crops Suffering from Intense Heat and Drought.

Pittsburg, Kas., July 27.—Hot winds and drouth are injuring all kinds of crops in this region. Gardens are also being devoured by worms and insects and everything tends toward damage and ruin. The thermometer ranges every day from 100 to 104. Those best posted claim that if rain does not visit this section soon, there will not be more than a half crop of corn.

HOT WIND YESTERDAY.

Washington, Kas.—The hot wind yesterday increased the damage to the corn crop 50 per cent. This morning wind from the southwest is the same as yesterday.

RED HOT AT ST. JOSEPH.

St. Joseph, Mo.—The temperature is 100 above zero to-day and the hot winds continue. There has already been great damage done to crops and so wide-spread has been the effect of the storm that many traveling men of this city will not go out on their runs until rain has fallen throughout the west.

Debs Talks Again.

Chicago, July 27.—At a meeting of the A. R. U. yesterday, President Debs violently assailed the prosecution in the contempt proceedings. Toward the close of the speech, he said: "I am under indictment all the way to San Francisco, from Pennsylvania and St. Paul to New Orleans, but I have not forfeited my right of free speech, and if Judge Woods annulled the law, I would rather rot in jail than be a free man. If I alone were concerned in this matter, I would permit no defense to be made in my behalf, for I consider it an honor to be in contempt of the court that is going to try me."

Earthquake Shocks.

Belgrade, July 27.—Earthquake shocks have been felt to-day in Macedonia, Old Serbia and eastern Bulgaria. Many houses in Varna Bulgaria have been damaged and a number of people have been killed as a result of the shock.

PULLMAN NOTIFIED.

Mayor Hopkins Will Withdraw the Militia Unless Works Resume.

Chicago, June 27.—Mayor Hopkins said to-day that if the Pullman works were not started within the next few days he would withdraw the militia. The mayor informed Vice President Nielsen, of the Pullman company, of his decision, and the latter will at once decide on the date of resuming work.

BLOODSHED AT VEGAS.

The New Affair Results in Two More Deaths—Billy Green in Custody—Conflict of Official Authority.

There's more trouble at Las Vegas. Two men have been killed and there is a conflict of official authority that only tends to complicate the situation. Shortly after 1 o'clock this morning, the governor being absent at Cochiti, Secretary Miller was called up and handed a dispatch reading:

To Gov. Thornton:

Las Vegas, July 26.—Come to Las Vegas on the first train. Two men killed. Had to call out the military. People are greatly excited and need your presence here to quiet matters, as great danger of a riot prevails. Come without fail. (Signed) L. C. Four.

An hour later a second telegram was received to the executive office:

Las Vegas, July 27.—Can deputy marshals with soldiers interfere with and oppose my arrest of criminal prisoners when I hold warrants for the arrest of same for murder? Is martial law in force to that extent? Answer at once. (Signed) LORENZO LOPEZ, Sheriff.

In response Secretary Miller wired the sheriff thus:

"The governor is at Cochiti. Am trying to reach him by telephone. Call on your district attorney for counsel and advice."

THE CAUSE OF IT.

It appears that Wm. Green and Eli Green, acting as deputy sheriffs, yesterday morning brought in from the country Nicmar Gallegos and brother, charged with participating in the hanging of Patrio Alvarado, under the Gallinas bridge. One of the Gallegos brothers was badly shot by Billy Green, in making the arrest. This man died last night and a warrant was sworn out charging Billy Green with murder and a posse sent to arrest him. He is said to have defied the posse and killed one of them, whereupon a great crowd gathered and there were threats of lynching, necessitating the district attorney calling on the U. S. troops, temporarily stationed at Las Vegas, for aid. Sheriff Lopez' dispatch to the governor would seem to indicate that Green is in the custody of the U. S. authorities.

The New Mexican has endeavored to get particulars by wire but the Western Union wires at Las Vegas are in such a tangle that up to 3:30 nothing could be learned.

Gov. Thornton will reach home from Cochiti this evening and go at once to Las Vegas.

World's Fair Highest Medal and Diploma.

DEATH AND DIAMONDS.

Suicide of One of Denver's Noted Market Street Women.

Denver, Colo., July 27.—Mrs. Ella Wellington, aged 31, blew her brains out to-day in her house at 1942 Market street, one of the most fashionable resorts on that notorious street. The furnishings of the place cost \$50,000 and Mrs. Wellington left \$30,000 worth of diamonds. Melancholy over her separation from her husband, an Omaha man, and her children caused the suicide.

New Mexican Printing Co.,
Santa Fe, New Mexico.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

FRIDAY, JULY 27.

The Wisconsin Republicans got in a beautiful straddle on the silver question.

Evidently Senator Quay is getting tired of Washington and would like to go home. He threatens to resume his tariff speech.

The eastern stock of wool is far below what it usually is and prices are steadily advancing. The screech of the bears over the tariff agitation will no longer serve to keep prices down.

Col. J. Franco Chavez and ex-Gov. O. A. Hadley positively refuse to be sacrificed on the Republican delegateship altar. Judge McFie and the Hon. Singlefoot Alexander are yet conspicuous by their silence.

The English language is spoken by 115,000,000 people and the number is rapidly increasing. The prediction that English is destined to become the language of the civilized world does not seem improbable.

Business men should keep a watchful eye on the territorial weather bureau's crop reports. These bulletins serve as a guide for merchants and others, as showing the condition of affairs generally in every part of the territory.

A few of the territorial newspapers are still discoursing learnedly on the railroad strike. With the New Mexican it is a back number. There are too many live topics needing editorial attention to waste space on so complete a fiasco.

Greater men than Gorman, of little Maryland, have fallen hopelessly by the wayside as the result of waging savage, personal warfare on honest and upright presidents. Roscoe Conkling, the peerless New York lawyer and orator, is a notable example. His impassioned and unwarranted assaults on President Garfield swiftly wrought his own downfall and sent him untimely to the grave, a disappointed and broken-hearted man.

It is understood that the territorial Republican central committee has called a meeting of its members, for the purpose of naming a place for holding the next delegate nominating convention, at Santa Fe on August 11—the same day that the Democratic central committee are called to meet here. The selection of the same date was purely accidental, but it foreshadows a short and sharp campaign. This is as it should be.

Senator Cullom's friends made a very awkward stagger in trying to stampede the Illinois state Republican convention into endorsing him for renomination. A bombastic telegram from Cullom was read explaining his absence and denouncing tariff reform and then a delegate sprang to his feet and moved that the convention declare its choice for U. S. senator. The proposition was nipped in the bud by a vote of 1,019 to 315, and Cullom's friends subsided. The custom of state conventions declaring for U. S. senators is too Democratic, too near the people, ever to be popular in Republican conventions.

THE CAMPAIGN.

The following self-explanatory communication was last evening addressed to the members of the Democratic territorial central committee:

Santa Fe, N. M., July 26, 1894.—Dear Sir: In the course of political events in New Mexico the time has arrived for a meeting of the Democratic territorial central committee for the purpose of fixing the when and where of a Democratic territorial convention for the nomination of a candidate for delegate to the house of representatives to succeed Hon. A. Joseph, whose current term expires on the 3d day of March, 1895.

Under the authority in us vested, a meeting of said committee is hereby called, to be held in the city of Santa Fe at the hour of 11 a. m. on the 11th day of August next.

In addition to the calling of said convention and apportioning the delegates thereto among the several counties, other important business awaits the attention of the committee. If controlling circumstances make it impossible for you to attend, please send your proxy to the chairman or some member of the committee whom you know will attend, together with your preferences as to the time and place of holding said convention.

Cordially yours,
J. H. CHASE,
Chairman.
T. P. GABLE, Secretary.

The executive committee of the territorial central committee is composed of the chairman and secretary above named and Messrs. N. B. Laughlin, H. B. Ferguson, W. B. Childers and Felix Martinez. The members at large of the central committee are Messrs. Felipe Chavez, Beien; W. B. Childers, Albuquerque; F. A. Manzanarez, Las Vegas; W. S. Hopewell, Hillsboro. The members of the full committee by counties are: Bernalillo county, H. B. Ferguson, Ernest Meyers; Chavez county, G. A. Richardson; Dona Ana county, T. Michelson; Thos. J. Bull; Eddy county, John R. Joyce; Grant county, J. W. Fleming; Jos. Boone; Guadalupe county, Pablo Aragon; Lincoln county, John Y. Hewitt; Mora county, Agapito Abeytia, jr.; M. Gallegos; Rio Arriba county, J. R. Martinez; Wm. Kindermann; San Juan county, Frank Pierce; San Miguel county, Felix Martinez; C. Moise; C. F. Rudolph; Santa Fe county, J. H. Crist; Wm. E. Dame; Sierra county, Fred Lindner; Socorro county, E. V. Chavez; J. G. Fitch; Valencia county, Jose G. Chavez.

Neuralgia

ATTACKS THE EYES

Makes THE LIGHT Unbearable.

PERMANENTLY CURED BY USING

Ayer's Pills

"My husband was subject to severe attacks of neuralgia which caused him great pain and suffering. The pains were principally about his eyes, and he often had to remain in a darkened room, not being able to stand the light. Ayer's Pills being recommended, he tried them, using one before each meal. They very soon afforded relief, followed by permanent cure. I am a strong believer in the efficacy of Ayer's Pills, and would not be without them for ten times their cost."—Mrs. M. E. DEAR, Liberty, Tex.
"I have used Ayer's Pills in my family for forty years, and regard them as the very best."—Uncle MARTIN HANCOCK, Lake City, Fla.

New Fast Time.

TWELVE HOURS SAVED BETWEEN COLORADO AND NEW YORK CITY.

The Missouri Pacific railway on April 29, 1894, placed in effect a new schedule for its "Fast Mail" train between Denver, Colorado Springs and Pueblo, and Kansas City and St. Louis; leaving Denver at 8:00 p. m., Colorado Springs at 5:25 p. m., and Pueblo at 7:00 p. m., and arriving at Kansas City at 5:45 p. m., St. Louis at 6:55 a. m., and Chicago at 8:00 a. m., with a direct connection over all trunk lines for New York City, Boston, Philadelphia and Washington, D. C., and all intermediate points.

This will enable passengers from Colorado interior points to make a direct connection with the Missouri Pacific "Fast Mail" at Pueblo, by taking D. & R. G. train No. 4, thereby saving twelve hours time on the eastbound trip, and enabling them to avoid a disagreeable lay-over, with the advantage of only one change of cars between Colorado and New York City, or other eastern points, which is made in Union Depot.

Pullman Buffet Sleeping Cars, and Free Reclining Chair Cars of the latest design. All trains heated with steam, (no danger of fire), and lighted with the famous Pintech gas light.

THE MAXWELL LAND GRANT

Farm Lands!

UNDER IRRIGATING DITCHES.

Gold Mines!

Choice Mountain and Valley Lands near the Foot Hills FOR SALE.

For the Irrigation of the Prairies and Valleys between Raton and Springer One Hundred miles of large Irrigating Canals have been built. These lands with perpetual water rights are sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.

In addition to the above there are 1,400,000 acres of land for sale, consisting mainly of Agricultural, Coal and Timber Lands. The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.

Those wishing to view the lands can secure special rates on the railroads, and will have a rebate also on the same, if they should buy 160 acres or more.

The famous Gold Mining Camps near Elizabethtown and Baldy are thrown open to prospectors on more favorable terms than locations on Government land. Mining regulations sent on application.

Daily, four-horse, covered coaches leave Springer at 7 a. m., except Sundays, for Cimarron, Baldy and Elizabethtown, and leave these points every morning, Sundays excepted, for Springer.

The A. T. & S. F. and U. P. D. & G. railroads cross this property. WARRANTY DEEDS GIVEN. For full particulars apply to

THE MAXWELL LAND GRANT CO.
Raton, New Mexico.

HO! FOR COCHITI

Mr. John Fewell, the rustler, will hereafter leave the Claire hotel daily for Cochiti with his stage, leaving Santa Fe at 8 o'clock, arriving at destination at 8 o'clock p. m. Leaving Allerton at 8 o'clock arriving in Santa Fe at 4 p. m. same day. Hacks and busses to and from the depot.

Albuquerque. + New Mexico.

Why Take the Wabash

For ST. LOUIS? Because it is the shortest line; the best equipped line; runs free chair cars, Buffet Pullmans and gives you ample time in Kansas City for supper.

For TOLEDO OR DETROIT? Because it is the shortest line; avoids transfer across the city in case you are going further east, and makes close connections with all trunk lines.

For NEW YORK OR BOSTON? Because it has solid through service from both Chicago and St. Louis, via NIAGARA FALLS; gives forty minutes' stop at the falls at seasonable time in the morning.

FOR ALL OTHER EASTERN POINTS? Because its service is uniformly good and you can make no mistake in asking for tickets VIA THE WABASH.

C. M. HAMPSON, Com'l Agent, 1224 17th St., Denver, Colo.

You can get engraved visiting cards at the New Mexican, or have them printed from your plate if you have one.

You May Strike It Rich.

If you could pick up \$21,000 in gold by one week's work, it would be worth going a few hundred miles to get, wouldn't it? That's just what the Aztec mine (Colfax Co., New Mexico) produced in seven days with total product to date of nearly a million dollars.

This rich mine is one of many in the newly discovered Monero valley and Ute Creek placer and quartz gold districts. Take Santa Fe route to Springer, N. M., thence stage to the camp. Short winters, delightful climate and rich prospects. This may be the chance of a life-time. Ask local agent A. T. & S. F. for illustrated pamphlet. It tells the truth about this new country.

City of Mexico.

Round trip tickets to the City of Mexico on sale every day in the year at \$67.70. Tickets good six months from date of sale. Reduced rates to all other principal points in Mexico. H. L. Lutz, Agent, Geo. T. NICHOLSON, G. P. A.

SUPREME COURT.

Session Will Begin on Monday—Forty Cases on the Calendar—Many Are Important.

The supreme court of New Mexico will convene in the county court room at 10 o'clock on Monday morning. Judge Laughlin is personally supervising the arrangements for the session.

Chief Justice Thomas Smith will preside and it is understood that all the associate justices will be present, as follows: Hon. N. B. Laughlin, of Santa Fe; Hon. N. C. Collier, of Albuquerque; Hon. A. B. Fall, of Las Cruces, and Hon. A. A. Freeman, of Socorro.

Hon. J. B. H. Hemingway, United States attorney; Gen. E. L. Bartlett, solicitor general for the territory; Hon. Edward L. Hall, United States marshal, and Hon. H. S. Clancy, clerk, will also be on duty, as well as members of the bar from all parts of the territory.

There are forty cases on the calendar and many of them are of more than ordinary moment. Appeals come from all the districts in the territory.

Two of the interesting cases are entitled Charles M. Conklin vs. William P. Cunningham and another, is brought by William P. Cunningham vs. Charles M. Conklin. The question of the governor's authority to remove Conklin from the office of sheriff of Santa Fe county and commission Cunningham to act as sheriff in place of the officer removed is involved in these cases. The hearing of the Conklin and Bartlett will appear for Conklin and Judge H. L. Warren for Cunningham.

The cases of Marshall Field & Co. et al. vs. M. Romero & Co. et al., from San Miguel county; Pacific Gold company vs. William Skilleorn et al., from Grant county; the Oak Grove & Sierra Verde Cattle company vs. E. L. Foster, receiver of the First National bank of Deming, from Grant county; Charles Bent vs. Guadalupe Miranda, from Colfax county; Maxwell Land Grant & Railway company vs. Guadalupe Thompson et al., from Colfax county; E. N. National bank of Albuquerque et al. vs. John A. Lee, executor, from Bernalillo county; the Lincoln-Lucky-Lee mining cases, from Santa Fe county; Nestor P. Eaton vs. E. L. Brown, treasurer of Socorro county, from Socorro county; John W. Schofield, receiver, vs. S. M. Folsom, late president of the Albuquerque National bank, from Bernalillo county; the United States vs. S. M. Folsom, from Bernalillo county; John G. Albright vs. Texas, Santa Fe & Northern Railroad company; Patrick P. Ford vs. Springer Land association et al., from Colfax county, are among the notably important matters in which able arguments will be made and final opinions invited. The session is looked forward to with deep interest by many attorneys and litigants.

Doctors! Pshaw! Take Beecham's Pills

Closing Dancing School.

The last of Prof. and Mrs. Landrum's pleasant dancing soirees takes place at Adams' hall this evening from 9 to 12. Among the special features to-night will be a recitation and dance by little Miss Wrenetta Miller, "Grandma's Minuet," and tiny little Mignon. La Bruu will execute the serpentine skirt dance.

The children's dancing class will close to-morrow afternoon when the sixty little ones will bid farewell to their faithful instructors, and will signalize the occasion by dancing a program of twenty pieces, which includes the Cigarette, Schottische, York, Orford Minuet, Berlin, Green Rye Waltz, Rushmore, Loomis College Lancers, Vassar, White City Polka, Master's Waltz Lancers, Loomis Gavotte, etc.

A number of invitations to friends of the children have been sent out for this event, which opens at 3 p. m.

Articles Filed.

In the office of the territorial secretary there have been filed articles of incorporation of the Toilee Gold Mining company. Incorporators, James T. Long, Thomas McEniry, Albert Stickley; capital stock, \$5,000,000. Principal place of business, county of Grant, with office at Denver, Colo.

Also articles of incorporation of the Rose Hardware company, Incorporators, Frank M. Rose, Booker Mason Rose and William B. Nesbitt; capital stock, \$50,000. Principal place of business, Albuquerque. Also a certificate of the probate clerk of Union county setting forth boundaries of precincts 2 and 3 in said county, amended by the county board, July 23, 1894. "The lines of the said precinct 2, south, east and north, are the same as originally established, and of precinct No. 3, south, west and north; but the line dividing them has been moved west six miles, and established between ranges 32 and 33, instead of being between ranges 33 and 34, as formerly."

Short on Water.

Mr. M. F. Sena returned from Los Lunas yesterday. Water is again the cry down there, the recent rains having caused the precious fluid to run only a couple of days as far as that point. He says crops are in a sad plight between Albuquerque and Los Lunas, the fields having been without water for some forty-five days. Mr. Sena says the New Mexican is right in its endeavor to arouse the people of the Rio Grande valley to put less trust in the weather clerk and pin their faith to storage reservoirs.

ROUND ABOUT TOWN.

Mr. John Bouquet, in to-day from Pojoaque valley, says not in very many years has northern Santa Fe county had so good a corn crop as at present.

Manager Dixon says that both the Santa Fe and the Athletic base ball teams will be in fine trim for the base ball game on Sunday and he anticipates a game of much more than ordinary interest.

The recent heavy rains washed out nearly a mile of telephone poles between Cerrillos and the Cochiti ferry crossing. Col. Moore went down last night and put men at work rebuilding the line to-day.

That's not a bad idea the firemen have which suggests the fitting up of the fire company premises for use jointly as a city council chamber and headquarters for firemen. The councilmen can well afford to consider the subject in all details before it declines to adopt the suggestion.

A special meeting of the firemen and all citizens interested in providing Santa Fe with protection from fire is called at the hose house for 8 o'clock to-morrow, Saturday, evening. It is the duty of

property owners to take some sort of interest in this movement.

Letters continue to pour in complimenting the intelligent and painstaking manner in which the news, especially the Associated Press report, is daily displayed in the New Mexican. No faithful and conscientious worker, however modest, ever objected to having his labor appreciated and the New Mexican is not an exception to the rule. It delights in the cordial praise of the public and is inspired to greater efforts thereby.

Judge Laughlin this afternoon moved his library and desk to the spacious room on the first floor of the county building lately occupied by County Surveyor White and hereafter cases in chambers will be heard in that room. This avoids the necessity of climbing stairs to see the judge.

A HYDRAULIC NOVELTY.

How Santa Fe's Second Great Storage Reservoir is Being Built.

Under the supervision of Supt. Day the water company yesterday resumed the work of tearing down the foot hills with its big hydraulic giant for the mammoth storage reservoir just north of the city. The process is highly interesting. From the reservoir at the mouth of the Santa Fe canon the water comes surging down through a fourteen inch main and by means of this giant contrivance is fired into the embankment under a pressure of 140 pounds to the square inch. The debris and the fine sand and particles of rock thus torn out are conveyed through a twelve inch pipe for a distance of some 300 feet where it is lodged against what will eventually prove to be a mammoth dam. The action of the water both cements and paddles it here. This is Engineer Howell's own invention. He has lately finished at Tyler, Texas, a great dam by this process and it works like a charm.

PERSONAL.

J. T. Chilton, St. Louis, is in the city.

Hon. B. M. Read has returned from Mora.

Surveyor Wm. White is at work on the Tierra Amarilla grant near Chama.

Dr. H. B. Trist, of the pension commission, returned from Chama last night.

Mrs. Aniceto Abeytia and daughter returned last evening from a trip to Las Vegas.

Sheriff Geo. Curry and Deputy Guyse departed last evening for their Lincoln county homes.

Mrs. Juan Delgado and children have gone to San Miguel county for a visit of several weeks.

J. J. Gussenhoven, owner of three very promising claims in Calla canon, is in the city and makes a very liberal offer to secure money for development work.

At the Palace: H. B. Trist, Washington; J. Reiss, Chicago; D. R. Crunden, St. Louis; C. Habbey, Kansas City; M. H. Lang, Milwaukee; E. B. Leamer, Kansas City; H. R. Wood, Philadelphia; W. H. Johnson, Emporia.

At the Bon-Ton: D. C. Williams, Albert Siger, Cerrillos; John J. Zumerhous, Cochiti; W. F. Groom, Allerton; Sam Cusabander, Trinidad; Elma A. Wigan, Los Esperanza; Joseph Whitmore, Alamosa, Colo.; Teodoro Trujillo, Los Conejos; F. C. Marlow, Pueblo.

The Annual Reunion of the Grand Army of the Republic is to be held at Pittsburg, Pa., September 15, 1904.

Already the old veterans, their families and friends, are figuring as to probable cost of trip, and deciding which route to take.

To enable them to make the journey at reasonable cost, and plan in advance for this, their great jubilee time, the Santa Fe route has for the grand reunion, which forms an important feature of the opening days of the encampment.

Besides convenient selling days, the Santa Fe also announces that it will honor G. A. R. tickets for return from its eastern terminals on any day within the final limit of Sept. 25 for tickets sold in territory east of Colorado common points, and Sept. 30 for tickets sold from territory west thereof. This concession will accommodate members of the G. A. R. and that is what the Santa Fe always aims to do. It tries to please its patrons.

The rate is one fare for the round trip, added to the lowest rates authorized from Chicago and St. Louis, which makes a rate of \$51.05 via Chicago and \$48.55 via St. Louis to Pittsburg and return. Call on agent of A. T. & S. F. railroad for particulars.

GOLDEN COCHITI.

Col. Marmon Talks of the Riches of the District—Free Gold at Borrego Springs—Bright Prospects.

Col. Walter G. Marmon, who has for some time been engaged in surveying claims and doing assessment work in the Cochiti mining district, came to Santa Fe on important official business last evening and will return to his work in the Golden Cochiti mountains as soon as possible. Of course he was spotted for an interview by a New Mexican scribe before he had been in town an hour. His judgment, founded upon thorough investigation, fully sustains all that this paper has proclaimed as truth respecting the riches of the district, and it may be added that the statements printed in these columns exclusively were carefully verified before they were given to the public.

Col. Marmon says that Cochiti is unquestionably the great gold camp of the future. He has no doubt about it. Owing to the general business depression and the unexampled scarcity of money the development of the camp has been delayed and it may not blossom into full glory as a gold producer before next spring, but its future is assured.

The splendidly equipped gold mill at Allerton started up yesterday with its bins full of ore, chiefly from the Iron King and other mines of the company, and a long and successful run is anticipated.

Col. Marmon fully confirms the reports of the development of free gold ore at Borrego Springs and in La Jara canon. He says that he has personally seen the rock crushed and panned and knows whereof he speaks. The first lady, named in honor of Mrs. J. T. Jeffords, the first lady in the camp, will run \$31 in free gold and four ounces of silver at a depth of twelve feet, and other claims in the neighborhood prospect as well.

Indeed, the colonel says that free gold ore abounds throughout the district, and he is persuaded that the Allerton mill people are informed of the fact.

Tired, Weak, Nervous. Means impure blood, and overwork or too much strain on brain and body. The only way to cure is to feed the nerves on pure blood. Thousands of people certify that the best blood purifier, the best nerve tonic and strength builder is Hood's Sarsaparilla. What it has done for others it will also do for you—Hood's Cures.

Hood's Pills cure constipation by restoring peristaltic action of the alimentary canal.

THE SCHOOL FUNDS.

Conflict Between City and County Authorities—Supt. Chaves Sustains Mr. Ortiz' Action.

The NEW MEXICAN stated yesterday that Mr. Ortiz, the county school superintendent, had taken charge of the liquor license fund belonging to the city and had apportioned it to all the old county school districts that lap over into the city limits, which covered the city before the same was incorporated. This statement was made on authority of members of the city school board, and it appears to be incorrect. Hon. Amado Chaves, superintendent of public instruction, states that Mr. Ortiz has apportioned the money in strict compliance with the law. The liquor license fund, he has apportioned to "the precincts" wherein it has been collected, and Mr. Chaves explains that it happens that portions of such precincts are outside of the city limits wherein hundreds of children reside, and Mr. Ortiz has simply apportioned to those children the pro rata of the funds to which they are, it is alleged, entitled by law.

At all events there seems to be an annoying conflict here between the city and county school authorities and the matter should be settled to the bottom now to the end that each side may know just where it is "at."

A stimulant is often needed to nourish and strengthen the roots and to keep the hair a natural color. Hall's Hair Renewer is the best tonic for the hair.

Reduced Rates.

Commencing June 1st, 1894, round trip tickets will be on sale to Denver at \$28.50, to Colorado Springs, \$23.85, to Pueblo \$21.05, limited to return until Nov. 15th 1894. Low rates to other points in Colorado. Call at city ticket office for particulars. H. S. Lutz, Agent. Geo. T. Nicholson, G. P. & T. A.

Also a large and complete stock of latest sheet music and general musical merchandise.

All goods at factory prices and on easy terms. Careful attention paid to orders from a distance.

Write for catalogue of sheet music.

M. M. HARRIS, 506 Douglas Ave., East Las Vegas

Grand Canon of Colorado River.

On the Santa Fe route, in northern Arizona, 1,262 miles from Kansas City, is the town of Flagstaff. A tri-weekly stage line runs from Flagstaff to the Grand Canon of the Colorado river. More than a mile in depth, this is the sublime of gorges—a Titan of chasms. Twenty Yosemite might be hidden unseen below, and Niagara would look scarcely larger than a brook.

Don't fail to visit this first wonder of the world. You can "read up" about it by asking G. T. Nicholson, G. P. & T. A., A. T. & S. F. R. Co., Topeka, Kas., to mail you a free copy of an illustrated book describing this terra incognita. The book is no common affair; but is entertainingly written, beautifully illustrated and a gem of the printer's art.
