We repair all kinds of furniture, sewing machines and musical instruments. Remake mattresses and all kinds of upholstery. Call and be convinced. No trouble to show goods.

### HARD AT WORK.

Congress Seems Really to Be Trying To-day to Help the Country—The Carlisle Bill is Up.

A Land Grant Bill Adversely Reported—Senator Hill Speaks—Other News Notes.

Washington, Dec. 18.—Notwithstanding the fact that debate on the currency bill was scheduled to begin in the house today, less than 100 members were present when Speaker Crisp dropped the gavel. The committee on rules had prepared a special order, under which the house should operate, but had decided, in view of the Democratic opposition to the measure, not to offer it at present, but to allow Mr. Springer to call up the bill by virtue of his privilege. Immediately after the call of the committee for reports, therefore, the chairman of the banking and currency committee moved that the house go into a committee of the whole for the purpose of considering the measure.

His motion prevailed without discussion and Mr. Springer, of Tennessee, took the chair. Mr. Walker of Massachusetts, who is in charge of the opposition to the measure, gave notice that at the proper time he would offer a substitute. Mr. Springer, before entering upon argument, asked that general debate be considered closed on Saturday, when the holiday recess is to be taken. Mr. Walker protested against any arrangement at this time. He said that he felt convinced that no member would discuss this measure in other than a serious vein.

THE SENATE DOES SOME WORK.  
One of the first acts of the senate today was to pass an appropriation of \$100,000 for the public printing. Chairman Cookrell, of the appropriation committee, said that it was absolutely necessary, as otherwise public printing would stop this evening.

LAND GRANT BILL ADVERSELY REPORTED.  
Senator Dolph, in reporting adversely the general land grant forfeiture bill, expressed the belief that congress had not the power to forfeit these lands, but that the right to them was vested in the railroads. Even if congress had the power to forfeit them, it would be unjust and inequitable to the railroad companies. Senator Berry, of Arkansas, said that the majority of the committee in favor of reporting the bill adversely was but one, five members, including himself, having voted for its passage. In order to get the bill on the calendar, one member had changed his vote.

He declared that the senate ought to pass the bill and said the railroads were not entitled to one foot of land.

On motion of Senator Carey, of Wyoming, the senate passed the bill to perfect the title to the townsite of Yuma, Colo.

Senator Gallinger, of New Hampshire, presented a resolution inviting the

ANNEXATION OF CANADA.

He asked its reference to the committee on foreign affairs.

Mr. Lodge, of Massachusetts, introduced a resolution calling on the president for the correspondence in the extradition case of Gen. Ezeta and asked for its immediate consideration, but Senator Gray, of Delaware, objected.

HILL WANTS THE RULES CHANGED.

Senator Hill, of New York, then made a speech in favor of changes in the rules of the senate with the view to limiting debate. At the conclusion of his speech, Mr. Harris gave notice that he would call up the Shiloh park bill tomorrow, and Mr. Turpie resumed his speech on the Nicaragua bill.

HUBBARD FOR OUR REPUBLICAN LEADS!

A telegram from the sub-treasury at New York announces that up to 2:16 today \$1,500,000 in gold had been withdrawn.

WAITING FOR THE INDIANS.

Representative Wheeler, of Alabama, chairman of the committee on territories, who has taken a deep interest in the negotiations with the Indian tribes whereby it was hoped to reach an agreement for the establishment of some form of government for them, is somewhat discouraged by the present condition of affairs, and is of the opinion that a radically different course must be pursued toward them.

Speaking of the matter, he said he had hitherto maintained that congress ought not to take action until the commission had exhausted every effort to negotiate with these Indians in the spirit of the law by which the commission was created.

TALK OF RECESS.

The disposition among senators is favorable to an adjournment on Thursday until after the Christmas holidays, but it is probable that the house will not consent to this arrangement and that the adjournment will be delayed until Saturday. The program there with reference to an adjournment, so far as one has been arranged, is to adjourn on Saturday, the 22d inst., until Thursday, the 3d of January.

Some senators predict that the final vote on the Nicaragua canal bill will be reached this week, but the friends of the bill scarcely hope for this result. They realize that the presidents of the senate are all against action so speedily on a measure of such importance and presenting so many points for debate and set speeches, and they are also prepared to encounter opposition which has not yet

taken definite shape. Senator Caffrey's objection to an agreement for a vote on the bill to-morrow is understood to have been made upon constitutional grounds, and it is quite probable that he, with several other senators, including Vest, Teller, George and Vilas, will desire to be heard in opposition to the measure before it shall be disposed of. Senator Callum will to-morrow open the speaking for the week with a speech on this question.

RACE FOR LAND NEXT SPRING.

Armour, S. D., Dec. 18.—Information has been received here from Washington confirming reports that the Yankton reservation would not be opened for settlement until next March or April. The reservation contains over 200,000 acres.

HEAVY LOSS BY A ROBBERY.

Eric, Pa., Dec. 18.—Mr. and Mrs. David Slocum, a wealthy couple living near Edinboro, were robbed about midnight by a gang of masked burglars, who broke down the door with a sledge. They secured between \$5,000 and \$10,000 in gold and greenbacks, and escaped. Mr. Slocum was badly beaten about the head.

CAUGHT BY CANNIBALS.

The Probable Horrible Fate of a Traveler in Mexico—The Mexican Northern to be Extended.

Hermosillo, Mexico, Dec. 18.—The party which left here a few weeks ago to explore Tiburón island in search of gold mines has returned with one missing. The Seris Indians, the cannibalistic tribe which occupies the island, made no hostile demonstration, but Edward Flores, a young member of the party, became separated from his companions and although a long search was made for him he could not be found. It is feared that he was kidnapped by the Indians and killed and eaten.

TO CONNECT WITH THE R. P.

Sierra Mojada, Mexico.—It is announced here that the Mexican Northern railroad is to be extended to the rich mining camp of Carman, on the Rio Grande border, and thence across Presidio county, Texas, to Marathon, where connection will be made with the Southern Pacific road. The Mexican Northern has proved one of the most profitable railroad properties in Mexico on account of the heavy traffic in silver and lead ores.

AN ELECTRICAL TRUST.

Philadelphia, Pa., Dec. 18.—W. W. Gibbs, president of the Electric Storage Battery company, of this city, states that the company has consummated in New York the purchase of all patents and patent rights concerning the manufacture and use of the electric storage batteries of the General Electric company, the Edison company, the Thomson-Houston company, the Brush company, the Consolidated Electric Storage company and the General Electric Storage company. Mr. Gibbs asserted that this secures to the Electric Storage company the sole right to supply in this country electric storage batteries of all the various types heretofore developed, as well as the protection of every decision thus far rendered by the federal courts in the interpretation of patents of this kind.

WITH A RAZOR

Mrs. Jones Cuts the Throat of Her Two Children and then Commits Suicide.

Cassville, Mo., Dec. 18.—At Dry Hollow, eight miles south of this place, in a fit of despondency, Mrs. William Jones cut the throats of her five and seven year old children with a razor and then in like manner committed suicide.

PRESIDENT OF THE CHAMBER OF DEPUTIES.

Paris, Dec. 18.—M. Brisson, prime minister on the fall of M. Jules Ferry, in 1885, was elected president of the chamber of deputies in succession of the late M. Buleau to-day by a vote of 249 to 213 for M. Maline, the French protectionist leader.

DENVER DOINGS.

The Federation of Labor Still in Session—A Heavy Deal in Mining Property.

Denver, Dec. 18.—At the morning session of the American Federation of Labor a resolution from the Cigar Makers' union, opposing compulsory arbitration, was concurred in without discussion. The plan to abolish the sweating system, outlined in a bill prepared by John Tracey, of New York, was on motion of President Gompers, referred to the executive council. A report recommending the revocation of the charters of some local street car unions in New England, unless they immediately become identified with the national organization, was concurred in.

A BIG MINE DEAL.

A special to the Times from Cheyenne says that a Chicago syndicate, representing \$12,000,000, has bought the properties of the Vandyc, Sweetwater and Rock Springs coal companies, comprising all the mines at Rock Springs not controlled by the Union Pacific. It is said that the syndicate has bought mines in Kansas and Nebraska and intends to obtain control of a string of mines reaching across the continent.

### ON TO PEKIN

March the Victorious Japanese Armies—Trouble Feared at Shanghai on Account of the War Tax.

New York, Dec. 18.—A dispatch to the morning papers from Shanghai, dated December 17, says: "The first and second Japanese armies are marching direct on Tientsin. They are now north of Niu Chwang, which has been captured. Several other cities have also been taken without serious fighting. Shanghai officials in the native city have removed their wives and families to the foreign settlement for safety in anticipation of the outbreak, which is feared in consequence of the imposition of the war tax."

### THE MARKETS.

New York, Dec. 18.—Money on call, easy, 1 1/2% @ 2 per cent; prime mercantile paper, 2 1/4% @ 4 1/2%.

Denver.—(Brokers' quotation) Silver, 59 1/2; lead, \$3.00.

Chicago.—Cattle quiet and unchanged. Sheep dull and unchanged.

Kansas City.—Cattle, market to-day is steady to firm for the best; others weak; Texas steers, \$2.00 @ \$3.70; Texas cows, \$1.75 @ \$3.00; beef steers, \$3.75 @ \$3.50; native cows, \$1.15 @ \$3.50; stockers and feeders, \$2.55 @ \$3.60; bulls, \$1.50 @ \$2.50. Sheep, steady.

Chicago.—Wheat, December, 53 1/4; May, 55 1/4. Corn lower; December, 46 1/4; January, 46 1/4. Oats lower; December, 29 1/4; January, 29 1/4.

### THE A. & P. RAILROAD.

Receiver Walker Says that that Road will Still be Operated by the Santa Fe.

Topeka, Kas., Dec. 18.—Receiver Walker, of the Santa Fe system, in speaking to-day of the recent action taken to terminate existing contracts with the Atlantic & Pacific company, said that it was not the intention to cease operating the Atlantic & Pacific or to affect in any way the present arrangements for handling its traffic. It was found that by various old agreements the Santa Fe and Frisco lines had undertaken, not only to make good all losses incurred in operating the Atlantic & Pacific railroad, but also to pay various other obligations, including interest on 4 per cent bonds. Those contracts could not be carried out by the receivers of the former road, because they are now insolvent.

### TO-DAY'S WIRINGS.

In a trouble between union and non-union laborers at Uniontown, Pa., to-day 200 shots were fired and a number of persons were injured, one probably fatally.

The United States circuit court, in the case of the United States against the Bell Telephone company, handed down a decision to-day declaring the Berliner telephone patent void.

The Vicksburg Commercial Herald, the oldest morning paper in Mississippi, the Roanoke, Va. Times, and the Columbus, Ga. afternoon Herald have joined the Associated Press and now get the same excellent telegraphic service as the New Mexican.

The Prussian diet has been summoned to meet at Berlin January 8, when the government intends, after a close session, to prosecute Herr Liebknecht, the socialist member of the reichstag, who took such a prominent part in the demonstration against the emperor upon the opening of the reichstag.

### WILL SEND A DELEGATE.

President Cleveland Has Decided that America Shall Be Represented in Investigating the Armenian Troubles.

Constantinople, Dec. 18.—It is now stated that President Cleveland has finally decided to accede to the port's request to send a delegate with the commission appointed to inquire into the stories of the atrocities upon the part of the Turkish soldiers in Armenia.

A Fatal Boiler Explosion.

West Bay City, Mich., Dec. 18.—By the explosion of a boiler in Russell Bros' planing mill and box factory this morning, five persons were instantly killed and several others injured. The dead are: John Calcut, fireman, aged 21; George Frund, 17; Albert Rahn, 16; John Brann, 16 and Al Heavensbacher, 17. The injured are: Fred Wildauer, Charles Dodge and George Hudson. One boy who is still missing is believed to be buried in the debris.

### THEY WON'T APPEAL.

Debs and His A. R. U. Colleagues will Go to Jail Next Monday to Serve Out their Terms.

Chicago, Dec. 17.—Eugene V. Debs, the president of the A. R. U., and his colleagues have decided to take the penalty imposed by Judge Woods without appealing. They will go to the Cook county jail next Monday.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

ABSOLUTELY PURE

### Fine Cattle Into Mexico.

City of Mexico, Dec. 18.—It is announced here officially that the government will grant a concession to T. R. Jones and O. R. Nelson, cattlemen of Pueblo, Colo., and Kansas City, respectively, for the establishment of extensive stock yards in this city. It is the intention of the originators of the enterprise to bring large quantities of fine American cattle into the country, place them on exhibition in some locality especially designed for the purpose, and dispose of them to Mexican breeders and dairymen.

### ROSWELL REJOICES.

Emigrants Flocking in and Railroad Surveyors in the Field.

A dispatch from Roswell says: "It is hardly beyond the limits of the truth to say that Roswell and the surrounding country is alive with people. Not houses to take care of them and many are living in tents. There are fresh arrivals every day. All have an abiding faith that this is to be a great railroad, business and agricultural center. Many of the new arrivals are not home seekers, but are here on the expectation that the railroad is soon to be built from this point to White Oaks or eastward to the Santa Fe in Texas. On the other hand there never were as many desirable people looking for homes in the Pecos valley as at this time. What is better still, the newcomers are well content with the country, being favorably impressed at the outlook and generally their first impressions are strengthened after being here several weeks."

In this connection it is interesting to note the improved railroad prospects as viewed by the Roswell Record:

"There is considerable comment going the rounds of the press in regard to the proposed extension of the Pecos Valley railroad from Roswell to Pahrump, N. M., or, more properly speaking, from Pahrump to Roswell. This comment is not without foundation, as a corps of engineers are now in the field and are expected in Roswell in a few days. There are many reasons why this road should be built. Chief among them is: It would give the products of the Pecos valley a direct market; it would place Roswell 400 miles nearer (by rail) to the north-eastern markets than it is now; it would, in connection with the Texas and Pacific from Pecos, shorten the route from Kansas City to El Paso, the gateway to Mexico, by nearly 400 miles. The road could be built as cheaply as any road of the same length in America. There can be secured, on a direct line between the two points, a tangent longer than any in North America, that would not require a cut or fill of six inches; but three bridges will be required on the entire route, one here in Roswell, the next at Berrendo, four miles distant, and the third and last at the crossing of the Pecos."

Keep your blood pure and healthy and you will not have rheumatism. Hood's Sarsaparilla gives the blood vitality and richness.

New Mexican Printing Co., Santa Fe, New Mexico.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

TUESDAY, DECEMBER 18.

The Albuquerque Citizen is an anarchist.

Roswell is growing rapidly. No wonder. Live men there—and they all advertise.

What a merry time there'll be when those Dona Ana county contests come up for hearing.

Judging from late Washington dispatches statehood is liable now to hit us any moment.

The Republican organs are all on the anxious seat lest a Democratic congress will really pass the statehood bill.

The whole territory should help the Duke city make that national irrigation convention next fall a real southwestern hummer.

Whenever it comes to assailing any citizen's financial credit or attacking any reputable financial institution, the New Mexican is always willing to let out the job.

So it seems that Mr. Catron has at Washington other fish to fry. He has little time for statehood, when a timber claim for \$100,000 against the government calls him to duty.

The gang need have no fears about Judge Fall's removal from the bench. If he quits, it will be because he desires to. Certainly not because of the pusillanimous fight that Fountain and the Republican organs are making upon him.

The Albuquerque Citizen has at last fallen off the statehood fence and, Republican like, comes out flat-footed against it. Now that the Citizen has found where it is "at" let the procession of statehood and progress proceed.

The Socorro Chieftain becomes savage and warns the Democrats "not to attempt to steal a Republican majority." Bless your dear old soul, Windy, what on earth would a Democrat want with "a Republican majority?" Go to.

"No state next year," screams the Albuquerque Citizen. Later on perhaps we shall have an opportunity to see whether or not the astute politician (for revenue only) who conducts the Citizen carries the fate of the state of New Mexico around in his coat tail pocket. Possibly the people will have something to say in deciding this question.

The fact that Dunn's commercial agency, the greatest "bear" at large, admits that more men are now employed in American industries than a year ago, and that in many respects the great factories of the country can't supply the demand for their products, means that McKinleyism is steadily getting it where the chicken got the axe. Just wait a little while.

The order of the czar to refrain from interference with the Catholic clergy in Poland, and the consequent resignation of General Gourko, governor of war, indicate a more liberal policy under the new emperor. The Poles are mostly Catholics, and Gourko is, although of Polish origin, a Russian of Russians, and has been a hard ruler in Poland.

The Socorro Advertiser would have the New Mexican expose all of Democracy's guns to the fire of the enemy; would have us furnish the unscrupulous ringsters of the Republican party with a club wherewith to drive honestly elected Democrats out of the legislative fold; would have the New Mexican supply the enemy with a much needed supply of ammunition. Go to, Br'er McCutcheon! However, we print your complaint in another column—and it makes us laugh.

The Citizen ought to try and fall over a truth once in awhile. It says: "The New Mexican rejects the idea of seating the legally elected members of the territorial legislature." Indeed, the New Mexican does nothing of the sort. It is the legally elected members that the New Mexican most desires to have seated. We may here add that this is a proposition that all New Mexican Democrats are united on.

## A JUDICIAL CHANGE.

Judge A. A. Freeman retires from the New Mexico bench carrying with him the respect and esteem of the people of the territory generally. There has been some complaints of his course of late in the 5th judicial district, but the New Mexican can not believe them merited, for it appears that, in the opinion of the judge, the grand juries had failed to follow their plain path of duty and the court summoned them promptly and told them what he thought about it. Wherever the lot of Judge Freeman is cast in future the New Mexican is sure the masses of the people of New Mexico will not let political bias prevent them from wishing him all possible prosperity.

Two very excellent gentlemen were actively in the field as Judge Freeman's successors. These were Hon. John Y. Hewitt, of White Oaks, and Hon. H. B. Hamilton, of Socorro. Each had his most ardent supporters among good Democrats, and it is no sort of reflection upon Judge Hewitt that he should have been defeated in the race by a man so well qualified for the position as Judge Hamilton.

Judge Hamilton is an old and honored resident of central New Mexico; a most capable man, well grounded in the law, and he will make the people of the 5th judicial district as well as the people of the territory at large an upright, honest judicial officer.

## PRESS COMMENTS.

### Hear the Socorro Advertiser.

The trouble is that the New Mexican appears to be afraid of hurting someone's corns and does not publish facts and figures. The weekly newspapers of the territory must look to the daily at the capital for news of that nature, and, in case of a failure to get it from that source, must guess at it. For awhile it looked very much like a Republican lower house, but, owing to the late decisions of the courts, it now looks differently. The Advertiser simply wants the men elected to take their seats, whether Republicans or Democrats, and if the majority are Democrats, so much the better, but if the New Mexican would just get a hustle on itself to the extent of keeping up with the movements of the politicians the weekly newspapers of the territory can keep better posted.—Socorro Advertiser.

### As the Eagle Screams.

Those who want statehood for New Mexico, and we believe they are the majority of the better element of the territory, should unite in urging the matter upon the senate and get Joseph's bill through during the short session. Whether the Republicans are unfriendly or otherwise to statehood, the bill is liable to remain pigeon-holed if it is not disposed of before March 4. The completion of congress changes then and other business is likely to cause it to be lost sight of especially as it is not a Republican measure. Let pressure be brought all along the line. Statehood may give us a few additional burdens, but these will certainly be offset by the many advantages arising from local self-government and the impetus that our internal development would receive from the inflow of capital that now stands aloof, either because it prefers to operate under state laws or because the laws as they are now are a barrier to it.—White Oaks Eagle.

## ASTHMA,

Distressing Cough,

SOFT JOINTS

## Be Honest.

The Raton Range gets up and not only figuratively but literally bows because Anew County Voorhees has been ousted out of the next council and commencing on what we have previously said on this subject, the Range says:  
 "Now as a matter of law, about which the editor of the Stockman knows so much, when the commissioners canvassed the vote, at that time, according to law, their functions for that specific purpose ceased, and there is no law by which they can change the result. The clerk of Mora county officially certified as above (that Mora gave Abeytia seventy majority) to Colfax county, when his functions ceased, and he had no authority to make another certificate two weeks later."

The conflict of certificates is fully explained in the proceedings of the board of county commissioners, which we publish this week.

From this it appears that the clerk and chairman of the Mora board executed a certificate and filed it with the territorial secretary showing the total vote to give Abeytia a majority of seventy, while a foot-note, which was a part of the certificate, explained that the vote legally entitled to be canvassed placed Abeytia's majority at 106.

In the next certificate issued by the Mora board it appears the explanatory foot-note was omitted, and in the last certificate issued they rectify their former omission and certify that Abeytia's legal majority was 106.

We do not claim to be the ultimate authority on the technicalities of election law, but the common sense view of it would be that any authority has the power to correct an error. Whether it was or not does not enter into the discussion so far as the Colfax board is concerned. It was evident that Mora board intended Colfax to recognize the 106 majority, and our board would have been going behind the returns, which we agree with the Range they had no right to do, and they attempted to adjudicate discrepancy between the final certificate and the former one which the Mora board had declared erroneous.  
 If the Range can lay aside its life long political prejudice, and make one unbiased statement, it will acknowledge that whomsoever fault it is, (if fault there be,) it is not chargeable to our present county commissioners.—Springer Stockman.

# THE MAXWELL LAND GRANT Farm Lands! UNDER IRRIGATING DITCHES. Gold Mines!

Choice Mountain and Valley Lands near the Foot of the FOR SALE.

For the Irrigation of the Prairies and Valleys between Raton and Springer One Hundred miles of large Irrigating Canals have been built. These lands with perpetual water rights are sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.

In addition to the above there are 1,400,000 acres of land for sale, consisting mainly of Agricultural, Coal and Timber Lands. The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.

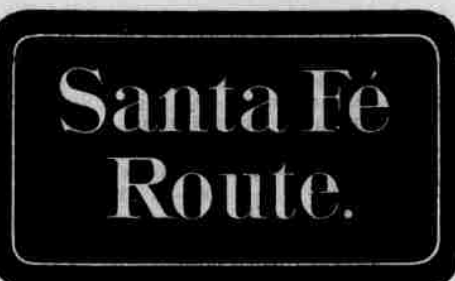

Those wishing to view the lands can secure special rates on the railroads, and will have a rebate also on the same, if they should buy 160 acres or more.

The famous Cold Mining Camps near Elizabethtown and Baldy are thrown open to prospectors on more favorable terms than locations on Government land. Mining regulations sent on application.

Daily, four-horse, covered coaches leave Springer at 7 a. m., except Sundays, for Cimarron, Baldy and Elizabethtown, and leave these points every morning, Sundays excepted, for Springer.

The A., T. & S. F. and U. P. D. & G. railroads cross this property. WARRANTY DEEDS GIVEN. For full particulars apply to
