Painting a house gives it a new and inviting appearance. Any paint is better than none, but some paints are far better than others. A paint though, that won't wear, soon becomes as good as none at all. For paints that look well and will wear well, and are cheap on that account, our stock presents first choices in all desirable colors. You will save your money by painting it, and you will save your money by giving your house a double coat of our paint. We supply all paints mixed and ready for use at the lowest prices and carry a full line of painters' supplies.

COUDERT ON SILVER.

Plain Talk on the Subject—Europe Must Yield or Suffer—Strong Position of United States.

New York, June 3.—Frederick R. Coudert, local representative in this country of the government of France, keeps a sharp eye on the financial conditions. He says: "If the nations of the world should agree upon a uniform standard there is no doubt in my mind that it would be the greatest boon the world of finance ever received. It strikes me the ratio of 15 to 1 or 16 to 1 or 20 to 1 would be immaterial, as long as the ratio was uniform. It may come to this, however, that the United States will start out alone in a declaration for bimetalism. European writers on finance are becoming impressed with the fact that, unless the European nations soon reach an agreement on the question of adopting a uniform double standard of the metals, they will have to face the certainty that the United States will do business on a silver basis. The Populist spirit abroad throughout the west and south is such that it can not be ignored, and, if this fact becomes evident, the nations of Europe intend to refuse any relief when the storm breaks.

The result would undoubtedly be a financial revolution and a loss to the United States. But it would be ruin to Europe. They are beginning to realize the fact that they can not get along without the United States, while we get along without them. If worst comes to worst, we could build a Chinese wall of silver around our country and the world would be knocking at our doors. I tell you they are afraid to tempt providence too long. They are just waking up to this fact and the prudence of the financiers of England and the continent will force the conclusion that silver must be recognized as a currency or they will be forced to recognize it.

KANSAS SILVER MEN.
Topeka, Kan., June 3.—A. C. Shinn, of Ottawa, vice president for Kansas of the American Bimetallic league, has issued a call for a conference of the Kansas free silver men in Topeka, on Tuesday, June 15. Under this call the friends of free silver at a ratio of 16 to 1, of all political parties, are invited to participate in the conference. The call was made under the name of the American Bimetallic league, so that the silver men of Kansas may throw aside their partisanship and unite in the interest of free coinage. It is expected that this conference will among other things discuss the advisability of forming a currency reform party.

THE MARKETS.

New York, June 3.—Money on call nominally at 1 1/2 per cent; prime mercantile paper, 2 1/2 per cent.
Silver, 66 1/2 per cent.
Chicago.—Cattle market for best grades steady; others weaker. Sheep, market strong to 10 cents higher.
Kansas City.—Cattle, market for best steady; Texas steers, \$3.00 @ \$4.00; Texas cows, \$1.25 @ \$3.00; beef steers, \$3.00 @ \$3.50; native cows, \$1.25 @ \$3.00; stockers and feeders, \$2.50 @ \$3.50; bulls, \$3.15 @ \$3.55. Sheep, steady to strong.
Chicago.—Wheat, June, 77 1/2 @ 77 3/4; July, 78 1/2 @ 78 3/4. Corn, June, 51 1/2; July, 51 1/2. Oats, June, 28 1/2 bid; July, 30 1/2.

HEAT IN THE EAST.

Red Hot in St. Louis—Prostrations in Chicago and Pittsburgh—Rain in Colorado.

St. Louis, Mo., June 3.—At 11 o'clock to-day the thermometer marked 92 degrees in the shade with the temperature rising. Notwithstanding the intense heat, but one prostration was reported up to noon.

HEAVY RAINS IN COLORADO.
The heavy rains yesterday and last night have swollen all the streams and caused uneasiness among railroad managers. No trains arrived from the east on time to-day. However no serious damage has been done as yet in Colorado by freshets.

PROSTRATIONS IN CHICAGO.
Chicago.—The government thermometer registered 87 at 10 o'clock this morning, the highest record ever reached in this city for this hour. A good breeze alleviated the suffering, but prostrations were numerous.

SUNSTROKES IN PITTSBURGH.
Pittsburgh.—At noon the thermometer registered 93 degrees in the shade. There were three deaths from sunstroke to-day.

TO-DAY'S CONDENSATION

Archbishop Kenrick, of St. Louis, has been deposed by the pope.

President E. R. Cassat, of the First National bank of Peila, Iowa, attempted suicide.

Frank Sheldon walked from Chicago to New York in twenty-five days.

Three-quarters of an inch of rain fell in South Dakota last night.

Floods and washouts are reported in Nebraska.

The membership of the Travelers' Protective association is now 10,000.

The Cubans at Key West, Fla., are rejoicing over the news that Jose Marti is alive.

BURST FROM ITS BANKS.

Great Loss of Property in Nebraska Caused by Giving Way of a Dam.

Omaha, June 3.—A special to the Bee from Curtis, Neb., says: "Curtis lake burst from its banks late yesterday afternoon and the volume water released caused destruction through Medicine valley. The lake covered an area of 100 acres and was constructed as an irrigation reservoir and incidentally to furnish power to the Curtis roller mill. An enormous dam was built across the mouth of Wilder canon where it intercepts Medicine river. The first intimation the Curtis citizens had that the locality was threatened with disaster was when the banks of the lake burst with a roar that could be heard several miles and a wall of water ten feet high rushed down the valley carrying everything in its path. The loss is very great, but no lives are so far reported lost."

Church Property Destroyed.

Shanghai, June 3.—Intelligence has been received that, between May 29 and May 31, the French, English and American Catholic missionary property at Ching Foo, capital of the province, of Szechuen in western China, was destroyed by rioters. The missionaries are reported to be safe.

LIVE TOPICS.

How the Next Congress Stands on Silver, the Tariff and the Income Tax.

New York, June 4.—The World publishes a telegraphic poll of the next congress as far as obtained on the silver, tariff and income tax. The World sums up the result as follows:

In a general way it may be said that only 10 members who gave unequivocal answers to the silver questions 55 are in favor of free coinage, and 44 favor bimetalism generally with the proviso of an international agreement. Only 17 can be fairly classed as favoring a single gold standard, and the attitude of the rest of these is not definite. The south and far western states are almost unanimous for free coinage, the central states lean toward silver with international bimetallic qualifications, and it is only in New York, New England and adjacent eastern states that there are any avowed gold standard members. The income tax question brought out many sharp and pungent answers. Fifty-nine congressmen say they favor the principle of the tax. Forty-seven oppose it. A great many evaded the question or failed to answer it.

A few details by states will be interesting. Alabama, Arkansas, California, Colorado, Florida, Idaho, Mississippi, Montana, Nevada, North Carolina, South Carolina, South Dakota, Virginia, Washington, Utah and Wyoming are solid for silver so far as heard from. The bimetalists are chiefly in Delaware, Georgia, Illinois, Indiana, Iowa, Kansas, Louisiana, Michigan, Minnesota, Missouri, Nebraska, Ohio, Pennsylvania and West Virginia. New York, New Jersey, Pennsylvania, Rhode Island, Massachusetts and Vermont have the gold delegation. Alabama, Arkansas, Texas, the Carolinas, Georgia, Louisiana, and most of the other southern states are solid for the income tax. New York and the east generally oppose it. Elsewhere the division is nearly even.

Rail Fatalities.

Omaha, June 3.—A special to the Bee from McCook, Neb., says that, about 11 o'clock last night, while searching for washouts between Edison and Oxford, the engine of a repair train plunged into a washout about two miles from Edison, and of five men on the engine four were killed. The dead are: B. V. Haley, Omaha; Frank Jeffrey, engineer; U. C. M. Rowell, fireman; Samuel Mundy, conductor. The accident is one of the results of the breaking of the Curtis Lake dam.

THE NATIONAL CAPITAL.

Supreme Court Decides When the New Tariff Law Became Effective.

Washington, June 3.—Chief Justice Fuller to-day handed down the opinion of the supreme court in the case of the United States vs. Burrard Hardwick, involving the date when the present tariff law went into effect. The decision was that this did not occur until August 28, 1894, when the bill became a law, notwithstanding that the law itself fixed the date as August 1. The case was regarded by the government as one of great importance and by special arrangement was advanced to a speedy hearing. The government won.

THE PUBLIC SCHOOLS.

Directors Not Eligible to Hold Clerkships—Opinion by the Solicitor General.

The following explains itself:
Hon. Amado Chavez, Superintendent of Public Instruction, Santa Fe, N. M.

Dear Sir:—I am in receipt of your letter dated May 31, in which you request my official opinion as to the legality of the appointment by boards of education in incorporated towns, of one of their own members as secretary of the board on a salary. The act establishing such boards is found in the laws of 1891, page 186, and it seems plain to me that the whole phraseology of that act, so far as it relates to this subject, indicates that the legislature intended the secretary to be a person not a member of the board. This is shown by section 15 in which it is expressly provided that the president and vice-president shall be elected from the members of the board, whereupon it is then provided that they (the board) shall also elect a clerk who shall hold his office during the pleasure of the board. The imposition of a condition in the first instance and its omission in the second would indicate that the legislature intended that the clerk should not be a member of the board. Section 20 makes it the duty of the clerk to be present at all meetings, and the law itself fixed the date as August 1. The case was regarded by the government as one of great importance and by special arrangement was advanced to a speedy hearing. The government won.

Respectfully,
John P. Virovay,
Solicitor General of New Mexico.

A RICH LAY-OUT.

Splendid Program for the National Irrigation Congress at Albuquerque.

The official program of the fourth national irrigation congress, which will be held at Albuquerque during September, has just been issued. On Thursday last Col. Frost, who is the chairman of the territorial committee of the congress, met Mr. W. E. Smythe, editor of the Irrigation Age, of Chicago, chairman of the national committee of the congress, at Denver. After a consultation the program, given later on, was adopted. It was also found on comparing notes, that the attendance of actual delegates will be greater at the coming congress than it has been at the three previous congresses and that the northwest, Idaho, Montana, the two Dakotas, Kansas, Nebraska, Wyoming, Utah, Colorado, Arizona, Nevada, California and Texas will be well represented. The number of delegates may reach 200. A large attendance of others interested in irrigation matters in the seventeen states and territories known as the arid west will also be had on account of the low rates that the several railroad companies will make to Albuquerque during the congress. It is expected that several thousand farmers, irrigators, land seekers and capitalists will be present.

The several committees charged with the work of the congress are energetically pushing the duties assigned them and everything indicates that the gathering will be a great success and will prove of vast benefit to every section of New Mexico. The official program is as follows:
Monday, First Day, 9:30 a. m.—The congress called to order by Wm. E. Smythe, chairman national committee.
Addresses of welcome by Governor W. T. Thornton and others.
Address by chairman of national committee, review of the years' progress of irrigation during year 1894-1895.
Temporary organization: appointment of committees on credentials; order of business and permanent organization. Address by Judge J. S. Emery, of Kansas, national secretary.

Afternoon Session.—Reports of committees on credentials; order of business; permanent organization; address by permanent president; appointment committee on resolutions; presentation of reports of state commissions.
Evening Session.—Address by Hon. Clark C. Carr, ex-minister to Denmark, and ex-Gov. Lionel L. Sheldon, of Los Angeles.
Second Day, 9:30 a. m.—Topics for discussion: colonization of arid lands. Opening remarks by John E. Frost, land commissioner, Arkansas, Topeka & Santa Fe road; discussion.

Afternoon Session.—Topics for discussion: water supplies for the semi-arid region; reservoirs, etc. Opening address by Hon. E. R. Moses, of Kansas, president of the Interstate Irrigation congress. Reports of delegates from Kansas, Nebraska and Texas. Fruit exchanges versus the common market system. Discussion by Hon. Allos, of Los Angeles, who will describe the methods of California fruit exchanges; discussion.
Evening Session.—Irrigation in Missouri. Thomas Knight, irrigation in New Mexico and Colorado, by extension of the Santa Fe and Rio Grande. Practical methods of irrigation; discussion by Lute Wilcox, editor "Field and Farm," Denver.

Third Day, Morning Session.—Irrigation, a continental issue, by Col. R. J. Hudson, editor of the Irrigation Age, Santa Fe. Discussion on the scientific aspects of irrigation; forestry; reservoirs; arid lands; climatology; by members of the national board of irrigation, official officers and engineers, officials of the weather service and geological and irrigation surveys.
Afternoon Session.—Discussion: Political problems of the arid region; the Carey laws; the desert land law; the land system and land law of the United States; pasturage lands. Discussion of interstate and international streams. Irrigation in Mexico and Canada by delegates from those countries. Address on the legal aspects of irrigation by Judge R. T. Blaney, of the Section of national committee and choice of next convention city.

Fourth Day, Morning Session.—Reports of committee on resolutions; investigation and explanation of proposed extension of the Santa Fe and Rio Grande. Inspection of exhibits from New Mexico and Arizona; closing exercises.
The exercises will follow immediately after the adjournment of the congress as follows: First excursion.—From Albuquerque to Santa Fe, thence returning, going down the valley of the Rio Grande by daylight to El Paso, stopping at Socorro and Las Cruces, at night from El Paso to Pecos City, Texas, then up the valley of the Rio Pecos to Roswell by daylight via the Atchafalaya, Topeka & Santa Fe, Texas Pacific and Pecos Valley railways. Second excursion.—From Albuquerque west over the Atlantic & Pacific railway, via Prescott to Phoenix and the Salt River valley, and return.

FLAT-OPENING BLANK BOOKS
Being satisfied that if you have once used flat-opening books, you will always use them, and in order to get you to try one the New Mexican Printing Co. of Santa Fe, will sell you HAND-MADE BLANK BOOKS, bound in full leather, with patent FLAT-OPENING STUBS, with your name and the number of the book, at the following low prices:
5 gr. (400 pages) Cash Book - \$5.50
4 gr. (300) Journal - 4.00
3 gr. (200) Ledger - 3.00
2 gr. (100) " " " 2.00
They are made with pages 10x12 inches, of a good ledger paper with round cornered covers. The books are made in our bindery and we guarantee every one of them.

National Educational Association, Denver, Colo., July 5 to 12, 1895.
For the above occasion the Santa Fe route will place on sale tickets to Denver and return at a rate of \$19.80. Dates of sale July 5 to 8, but tickets will not be on sale until after July 4. These tickets must be used from Colorado common points returning July 12, 13, or 15. Passengers wishing to remain in Colorado longer can on or before July 15, deposit their tickets with joint agents at Denver, Colorado Springs, Manitou or Pueblo, and withdraw such transportation tickets at pleasure for return passage any time prior to September 2, 1895. July 6 to 20 the Santa Fe route will also place on sale round trip tickets from Denver, Colorado Springs, Manitou and Pueblo to all points in Colorado, and to Santa Fe at one fare for the round trip, final limit for September 1, 1895. Stopovers allowed. Low rates to Salt Lake. For particulars call on agents of the Santa Fe route,
H. S. Lutz, Agent.

SALE OF A RAILROAD.

Texas, Santa Fe & Northern Sold to Bond-holders—Interesting Incident—Denver & Rio Grande Will Doubtless Take the Road.

Pursuant to a decree of the district court in and for the county of Santa Fe, territory of New Mexico, at the front door of the court house in the city of Santa Fe, at high noon to-day, Hon. Antonio Joseph, special master, sold the Texas, Santa Fe & Northern or the Santa Fe Southern railroad to Charles W. Waterman, of Denver, for the sum of \$75,000. The important transaction was witnessed by many prominent people.

After the reading of the lengthy advertisement offering the property for sale to the highest responsible bidder, a protest against the sale, in behalf of Mr. C. H. Gilderleeve, signed by H. L. Warren, attorney, was read by Mr. W. J. Eaton.
Mr. Joseph thereupon invited bids for the property and Mr. J. H. Knebel promptly offered \$40,000. This bid was raised by Mr. Waterman to \$45,000. Several bids then followed back and forth between the gentlemen named and finally the property was knocked off to Mr. Waterman for the sum named.

The purchaser paid Mr. Joseph a certified check for \$25,000 and the balance will be paid within thirty days from confirmation of the sale by the court. Mr. Waterman, who is one of the attorneys for the Farmers' Loan & Trust company and also of the firm of Wolcott & Vail, attorneys for the D. & R. G. road, represents \$538,000 of the \$575,000 first mortgage bonds of the road, and bid the property in to protect that interest.

Thirteen of the remaining thirty-seven bonds are held by Mr. Gilderleeve and twenty-three more are held by persons in this territory. One is unaccounted for. The judgment entered against the railroad company in favor of the Farmers' Loan & Trust company, of New York, for principal and interest of the first mortgage bonds held by that company was \$1,100,238.83.

It is understood that a re-organization will soon take place and that the road will pass into the hands of the Denver & Rio Grande Railroad company.

FUTURE OF THE NARROW GUAGE.

Anticipating this sale, the Denver Republican of Friday said: "Next Monday the Texas, Santa Fe & Northern will be sold under the hammer, and it is stated in Denver on good authority that the Denver & Rio Grande has as good as already purchased the line to connect with its southern terminal. If this statement be correct it will be good news for the citizens of Santa Fe. It will force the Rio Grande to bend energies to build that city up, instead of leaving it to the fruitless efforts of two side tracks, as it has been for many years now. By acquiring the Espanola branch the Rio Grande will be almost compelled to build on to Cerrillos in order to get coal for its own engines. At Cerrillos the best anthracite coal in New Mexico is to be had, and it would prove an economical stroke for the Rio Grande people to build into this district. The only danger of getting as far as Cerrillos would be that Albuquerque would be then so near that public clamor and inducements would urge the managers to build on to that point. It is hinted here that President Jeffery's trip to England is really in the interest of getting money to build extensions for the Rio Grande system than any other purpose."

PERSONAL.

Hon. A. A. Jones and Mr. H. W. Kelly, of Las Vegas, spent yesterday in the capital.

Mr. Sherard Coleman is home from an overland trip through Rio Arriba county. He says it has been raining and snowing up there for two weeks.

Hon. J. R. Reed, of Connell Bluffs, Iowa, chief justice of the United States land court, Mr. Justice Sloss and Chief Clerk Reeder, of Kansas, reached the Palace last night.

Archbishop Chapelle, accompanied by Rev. Father Stephan, of Washington, and Miss Eagan, of the government Indian school, are at Santo Domingo pueblo on a visit to-day. They return to-morrow.

J. C. Tipton, an alumnus of the University, with a host of friends in Columbia, will arrive from New Mexico Saturday. His brother, Dr. Tipton, of Las Vegas, will accompany him and be present at commencement exercises and the dedication of Academic hall—Columbia, Mo., Herald.

At the Exchange: A. L. Kendall, Cerrillos; Thos. Torkelson; N. P. Nelson, A. H. Peterson, F. Dupeplain, E. W. Cutler, John Reman, J. L. Emerhouse, Lumberton; J. W. Morrison, Glorieta; Nepomuseno Torres, Socorro; Mrs. C. M. Carr and son, Cerrillos.

Messrs. H. L. Warren, B. S. Rodey and F. W. Clancy arrived from Albuquerque to-day. Judge Warren is elated over the announcement that the appeal taken by the United States in the Arisco grant case has been dismissed. This confirms title to that disputed strip across the Rio Grande, claimed as part of the Albuquerque grant, to the people of the town of Arisco.

At the Palace: H. Essinger, Jerusalem; C. W. Waterman, Denver; Rev. Dr. J. L. Barnes and wife, Dr. E. Barnes and wife, London, England; A. A. Jones, Las Vegas; John Bance, Denver; Harry Kaufman, New York; E. R. Pierce, Boston; J. H. Reeder, J. R. Reed, Hays City, Kas.; H. C. Sloss, Wichita, Kas.; W. H. Constable, El Paso; B. Reinken, St. Louis; Charles S. Harmon, Chicago; A. J. Chandless, Phoenix; C. L. McJehoney, Philadelphia;

C. E. Jones, Pueblo; H. W. Kelly, Las Vegas; George W. North, Cerrillos; S. Burkhardt and wife, Albuquerque; J. D. Memham, Phoenix.

The Christiana Endeavor Excursion.
The official route to Boston and return for the Christian Endeavor Association, is the Santa Fe and Wabash: Leave Denver 1:30 p. m. Friday, July 5th taking up Colorado Springs, Pueblo and New Mexico delegations en route, also parties wishing to make connections with the train at these points, arriving at Chicago Sunday morning at 9 o'clock.

The "Wabash Special" Christian Endeavor train will leave Chicago at 3 p. m. Monday, taking breakfast at Niagara Falls Tuesday and spending the entire day there, arriving at Boston at 4 p. m. Wednesday, July 12th.

Parties wishing to do so, may leave Chicago at 3:30 or 10:30 p. m. on the regular Wabash trains, Sunday or Monday.

All desiring to go, please make application immediately to the undersigned for Sleeping Car accommodations.

Further information cheerfully furnished.

One fare for the round trip.

C. M. HAMPTON,
Commercial Agent,
Denver, Colorado.

J. A. DOLAN MISSING.

A Well Known Lincoln County Politician Said to Have Fled the Country.

The example set by Frank Lesnett, formerly receiver of the U. S. land office at Roswell, and Lucas, postmaster at Silver City under the Harrison administration, seems to have been adopted by the Hon. James A. Dolan, also of Lincoln. "Jimmy," who in his day was a smooth manipulator of Republican political methods in his neck of the woods, is missing. Perhaps he has gone to South America to join his friend Lesnett who was recently seen there and recognized by a former resident of New Mexico. The White Oaks Eagle says:

"It is reported that James A. Dolan is in Los Angeles. He suddenly disappeared from Gold Hill some months ago and it was thought for a time that he was dead. Then there was a rumor that Gold Hill was thoroughly searched for him, but no trace could be found except a track leading toward the Southern Pacific railroad."

Mr. Charles G. Farnisher
Walla Walla, Wash.

Inflammatory Rheumatism

Much Treatment Without Avail

Hood's Sarsaparilla Effects Beneficial Change in Constitution.

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs: At the age of 10 years I was confined to my bed with inflammatory rheumatism. I was treated by a local physician, but relief only came to me with the warm weather. For 12 years doctoring did me but little good. We read about the great change Hood's Sarsaparilla could effect in the entire constitution. We concluded to give it a trial and it has

Made a New Young Man of Me.

After taking the contents of three bottles I was able to walk a little. I have continued to take it and have not missed a day for six months. During the bad

Hood's Sarsaparilla Cures

winter weather nor any time since have I felt any of the symptoms of the return of my rheumatic trouble." CHAS. G. FARNISHER, Walla Walla, Washington.

Hood's Pills are purely vegetable and do not purge, pain or gripe. All druggists. 25c.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

MONDAY, JUNE 3.

On the subject of the silver question the lieutenant general was non-committal. —Albuquerque Citizen. Well, that settles it. Now we know he is not a presidential possibility.

For "fine writing," which Horace Greeley used to so emphatically denounce in young reporters, commend us to the Albuquerque Citizen's report of the recent attempted murder and suicide there. Wouldn't Stanley Waterloo and Cliff Saunders have some fun with that reporter if they could catch him out in St. Louis or Chicago "after the forms were closed?"

THE PARTY THAT LEADS.

Oh no, the Democracy isn't in the saddle this year of our Lord. Just look at this: Senators Daniels, of Virginia; Turpie, of Indiana; Reagan, of Texas; George, Walthall and McLauren, of Mississippi; Harris, of Tennessee; Jones, of Arkansas; Blackburn, of Kentucky; Morgan, of Alabama; Voorhees, of Indiana; Speaker Chas. F. Crisp, of Georgia, and a score of congressmen—all staunch and true Democrats—have accepted invitations to speak for free silver at the Memphis free coinage convention June 12 and 13. With such an array of Democrats at the throttle there is no longer room for doubt as to where the Democracy stands on this vital question of the day.

REPUBLICAN TWADDLE.

Here's richness: "The coinage question will be settled by the Republican party in a manner entirely satisfactory to the people," says the astute Socorro Chieftain, and then it proceeds to explain how satisfactory it will be to have it settled by "the coinage of American silver, a duty of 60 per cent on foreign silver and silver ore, the payment of all import duties on gold coin, the withdrawal from circulation of all notes and gold pieces under \$10 and their place to be filled by silver dollars or silver certificates." This is John Shermanism with a vengeance—another compromise. What do the intelligent Republicans among the mining men of New Mexico think of that sort of hedging to keep the gold trust in power?

MAKE AN EXHIBIT.

Mr. W. S. Hopewell has a communication in the Sierra County Advocate which is most timely in its suggestions touching the duties of the citizens of that and other counties toward making the best possible exhibit at the territorial fair in September. The first national gathering ever held in New Mexico, the irrigation congress, will also meet at Albuquerque during the week the fair is in progress. There will undoubtedly be a large influx of capitalists, investors and home seekers at that time in the territory, and, as Mr. Hopewell suggests, "it will probably be the greatest opportunity New Mexico will have for years to advertise her wonderful resources in a thoroughly practical way." His idea that a public meeting be held in the near future, looking toward some concerted action for preparing exhibits for the occasion, is one that should be put into effect in every county.

THAT CONSPIRACY.

The trial of the men charged with assassinating ex-Sheriff Frank Chavez, now going on in Santa Fe, develops the fact that the attorneys for the defense, Messrs. Catron & Spitz, have attempted to tamper with some of the most important witnesses of the prosecution.—Clayton Enterprise.

Yesterday was the thirty-fifth day of the Chavez murder trial at Santa Fe. This is one of the most celebrated, if not the most celebrated, of the murder trials in New Mexico. The murder was committed for political reasons and the testimony which has been brought out at the trial shows that a deplorable state of affairs existed at Santa Fe at the time of the murder and there are reasons for believing that there has been little improvement since that time. The evidence is not calculated to make the citizens of this territory proud of their delegate to congress who has been shown by the evidence to have been mixed up in the affair too deeply to appear entirely innocent to the public.—Silver City Eagle.

The trial of the famous Chavez murder case is in full swing in Santa Fe. Of course it is not in our province to anticipate the result, but the fair spirit in which this case is being pushed to a conclusion in the cases of justice, and the manner in which murders and other crimes have already been tried and the perpetrators convicted and sentenced, throw the glaring light of comparison on the past and present administration of justice in our territory, most favorably to the gentlemen who now occupy the positions of judges and prosecuting officers.

The people of our territory who, in some parts, have been actually suffering from the terrorism of an apparently protected criminality, see with joy the onerous and even dangerous duties of the judicial and executive performed in a manner untrammelled by fear and unbiased by political motive. Let us acknowledge this with pride.

Further still there is, we are assured, an intention, combined with its action, on the part of the citizens of Santa Fe to do all that lies in their power to promote the sure advance of law and order. This step should be universally imitated, to the end that, as the Times has prophesied, the record of wrong doing in New Mexico will be reduced to a minimum.—San Juan Times.

Time usually brings its remedies to all evils; and serious crime can seldom go long undetected, where the authorities make honest efforts to unearth it.

These murderers had the benefit of the strongest defense which could be found in the territory. Every inch of testimony and law was fought over; and every effort which legal skill and personal pride and tenacity could suggest, Mr. Catron employed upon their behalf. They were met, on the other hand, by an earnest and able prosecution, which, backed by the overwhelming testimony, well selected and well handled, proved too much for the defense, and secured the verdict of guilty. Mr. Crist is to be complimented on the very high degree of legal ability he displayed during the trial.

The jury was a good one, and their deliberation for fifteen hours, after having been in the jury box for twenty-six days, showed them determined to get down to the truth of the matter. The friends of law and order are elated over the verdict, and believe that the truth has been reached. There was the usual motion for a new trial, and arrest of judgment was given until the 8th of June, when the motion will be heard. It is much to be hoped that a skillful manipulation of technicalities shall not be permitted to defeat the demands of justice, as set forth by a verdict of twelve honest, disinterested and well informed men.—Las Vegas Optic.

PROFESSIONAL CARDS.

J. B. BRADY,

Dentist. Rooms in Kahn Block, over Spitz's Jewelry Store. Office hours, 9 to 12 a. m.; 2 to 5 p. m.

FINEST STANDARD PAPERS

THE NEW MEXICAN

The PECOS VALLEY of NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.

The soil of the Pecos Valley is of high average fertility, and under irrigation produces beautiful crops of most of the grasses, grain, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world.

Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.

The cultivation of canisra—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Lands with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Fells section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten-acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

FOR FULL INFORMATION REGARDING THE PECOS VALLEY WITH COPIES OF ILLUSTRATED PUBLICATIONS ADDRESS

THE MAXWELL LAND GRANT Farm Lands!

UNDER IRRIGATING DITCHES.

Gold Mines!

Choice Mountain and Valley Lands near the Foot h. Ms

FOR SALE.

For the Irrigation of the Prairies and Valleys between Raton and Springer One Hundred miles of large irrigating Canals have been built. These lands with perpetual water rights are sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.

In addition to the above there are 1,400,000 acres of land for sale, consisting mainly of Agricultural, Coal and Timber Lands. The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.

Those wishing to view the lands can secure special rates on the railroads, and will have a rebate also on the same, if they should buy 160 acres or more.

The famous Gold Mining Camps near Elizabethtown and Baldy are thrown open to prospectors on more favorable terms than locations on Government land. Mining regulations sent on application.

Daily, four-horse, covered coaches leave Springer at 7 a. m., except Sundays, for Cimarron, Baldy and Elizabethtown, and leave these points every morning, Sundays excepted, for Springer.

The A. T. & S. F. and U. P. D. & G. railroads cross this property. WARRANTY DEEDS GIVEN. For full particulars apply to

The Forum

AMERICA'S LEADING REVIEW

\$3.00 PER YEAR. 25c. a Number. For Sale Everywhere.

THE FORUM will take up for discussion, during 1895, an unusually wide range of timely and important topics by the most eminent writers in the fields of Politics, Finance, Sociology, Literature, Religion, Art, and Science.

To read The Forum is to keep in touch with the best thought of the day.

To be without The Forum is to miss the best help to clear thinking.

A catalogue of the writers who have contributed articles to THE FORUM in the past would embrace practically every man of eminence in America, and most of those in Europe. A list of subjects treated would cover in the widest degree all topics of contemporaneous interest. THE FORUM is therefore of inestimable value to any one who desires to keep closely in touch with the best of current thought.

THE FORUM PUBLISHING COMPANY, Union Square, New York.
