IOWA WHEELS IN LINE.

Democrats of Hawkeye State Declare Unanimously for Silver-Speakers at Memphis-Bimetallism in Louisiana.

New Orleans, June 8.—Arrangements have been completed for a bimetallic convention in this city on Monday. The country delegates are already beginning to arrive and the indications are that the convention will be one of the most successful ever held in this state. William Bryan, of Nebraska, and H. D. Money, of Mississippi, will deliver addresses.

DEMOCRATS FOR SILVER.

Des Moines, Iowa.—Free silver Democrats met here yesterday in convention. Ex-Lieutenant Governor Bestow, of Chariton, presided. After many speeches a working committee, consisting of a state chairman and one vice president from each congressional district, was appointed.

The resolutions passed declare that gold and silver are the constitutional money of the country, and declare the free and unlimited coinage of both gold and silver on terms of equality at a ratio of 16 to 1 to be a cardinal principle of the Democratic faith. The working committee will strive to fill the coming state convention with free silver Democrats.

The convention is a practical continuation of the Democratic and the non-partisan conference held yesterday with an augmented list of participants. The conference yesterday resolved to support none but free silver candidates.

It is the object of the managers of the present conference to so shape events that the coming Democratic state convention will name free silver men and take advantage of the non-partisan action. General Weaver has promised so much of the Populist support as he can swing for a suitable Democratic ticket, and some assurances of free silver Republican help have been received. The candidate for governor, who has been most acceptable to the silver elements, is Ex-Congressman Fred White, but he was earnestly opposed by Ex-State Senator S. H. Bashor. W. H. Taylor and Mr. Bashor himself were added to the list of candidates. No nominations will be made to-day. The attendance includes the leading free silver editors of the state.

ORATORS BILLED FOR MEMPHIS.

Memphis, Tenn.—The arrangement committee of silver convention to meet here Wednesday today announced the following speakers had accepted invitations to address the convention: Congressman J. C. Sibley, of Pennsylvania; Ex-Governor L. B. Prince, of New Mexico; Senator David Turpie, of Indiana; Congressman H. D. Money, of Mississippi; Senator J. E. Jones, of Arkansas; and Senators W. M. Stewart, of Nevada, J. Z. George, of Mississippi, A. J. McLaurin, of Mississippi, and George L. Shoup, of Idaho, and Alexander Delmar, of California.

The Grand opera house has been engaged for overflow meetings. Special trains will be run from New Orleans, from Mississippi, southern Illinois and Kentucky, and from a number of points east and south of here.

SILVER CONVENTION IN KANSAS.

Fort Scott, Kan.—The Bourbon county convention to-day was largely attended. Senator Peffer was the principal speaker. The Populists took complete control and voted to nominate a county ticket solid upon the free silver issue.

Feeling Strong and Hearty.

Indianapolis, June 8.—Benjamin Harrison got home to-day, feeling strong and hearty.

Murdered by Burglars.

Ocoato, Wis., June 8.—Michael Bumgartner, a saloonkeeper near Pensauk, was murdered by burglars at midnight. Mrs. Bumgartner was aroused by her husband's cries and saw him grapple with two strangers, who afterwards escaped in a carriage. Bumgartner was formerly a large mill owner. The burglars secured about \$30.

Fell Over a Cliff.

Chihuahua, Mex., June 8.—About two weeks ago P. R. Flowers and John T. Benton, wealthy young Americans from Michigan, arrived here and left on an overland trip to Hermosillo, across the Sierra Madre mountains. Advice has since been received that Benton was killed three days ago by falling over the side of a cliff. His companion is on the way to Nogales, Arizona, with the body.

Contest Over Tribal Lands.

Pender, Neb., June 8.—U. S. Senator Allen held a council with the Omaha Indians at the Omaha agency yesterday to personally inform himself on the controversy menacing the peace of this country. The trouble is in regard to the disposition of the tribal lands. The Omaha Indians have about 50,000 acres. The prominent Omaha Indians told the senator that their people were unanimous in their desire for an immediate allotment, in order that they might handle their tribal lands themselves.

Lieut. Backus Dying.

Dallas, Texas, June 8.—Lieut. Geo. D. Backus, of the 1st cavalry, now located in Arizona, is dying at a hospital in this city. He was found unconscious in the woods near here, with an empty tin cup beside him, by Lieut. Stephens, to whom he had left a note saying where he might be found. Lieut. Backus had been in failing health and was recently given an indefinite sick leave.

CUBAN FILIBUSTERS.

Bands of Heavily Armed Cubans Get Away from Key West.

Key West, June 8.—The rumor that a filibustering expedition would soon leave this city for Cuba has been confirmed. A small vessel came in from the Gulf, around the eastern end of this island, and anchor close to the beach. Shortly afterward a small boat was sent ashore with messages for the leaders. Bands of Cubans, heavily armed, were soon taken aboard the vessel. Several well known revolutionists have disappeared, among them being Generals Roloff and Sanchez.

Wants Pe Reorganization Effective.
New York, June 8.—The Santa Fe reorganization committee has declared the plan of reorganization effective. The securities deposited under the plan include \$300,000 general; \$450,000 second; and 500,000 shares of stock.

Cattle and Sheep War Over.

McCoy, Colo., June 8.—News received by a special messenger indicates that the trouble between the cattle and sheep men is over for the present at least. The cattle men found only from 1,800 to 2,000 sheep in Colorado. The remainder had already been driven across the state line into Wyoming. Those still in Routt county were headed in the same direction. The assurance was given by the herders that they would cross the state line at the earliest possible moment.

DETECTIVE AND CONVICT.

Late Chief of Detectives in New York Spent Last Night in the Tombs.

New York, June 8.—William M. McLaughlin, late inspector of police and chief of the detective bureau of the metropolis, spent last night in the tombs, a convict. He waited up and down the cell through the small hours of the night, having no inclination to rest or to go to bed. To-day he declined to see reporters. It is believed by his friends that he will never serve in a penal prison.

Kansas Penitentiary Row.

Topeka, June 8.—The supreme court decided to-day that the auditor of state need not audit Warden Chase's accounts. This would put Chase without means to run the penitentiary were there not receipts from fines and other sources that provide an income.

DEBS NOT A CANDIDATE.

The Chief of the A. R. U. Doesn't Want to be President. He Wishes to Remain Untrammelled.

Cleveland, Ohio, June 8.—An officer of the local A. R. U. has received a letter from E. V. Debs, who says: "I can not be considered a candidate for president. I would not myself harbor such aspirations at an instant, not that I would fear to face the whirlwind of denunciation which such an ambition would arouse, but I wish to remain untrammelled and to do what little I can in my own way to free the American people."

DEBS READY TO START.

Terra Haute, Ind., June 8.—Eugene V. Debs is quietly waiting to be re-committed to jail. As yet the supreme court of the United States has not issued the mandate. Mr. Debs thinks it is issued yesterday and that he will receive a telegram calling him to Chicago to-morrow. Debs is working at A. R. U. business as usual, as possible, getting all the general work cleared up.

SICK MAN FIRM.

Possibly the Civilized Powers May Teach Him a Needed Lesson.

London, June 8.—The Exchange Telegraph company says that it is semi-officially informed that the Turkish government is very firm and intends to remain so, because the sultan believes that the whole Armenian question is merely a huge insurance, supported and encouraged by nonconformist ministers of Great Britain and America.

Weekly Bank Statement.

New York, June 8.—The weekly bank statement is as follows: Reserve, decrease, \$1,553,350; loans, increase, \$890,000; specie, increase, \$142,800; legal tenders, decrease, \$1,724,400; deposits, decrease, \$32,000; circulation, decrease, \$22,700. The banks hold \$39,667,900 in excess of legal requirements.

BATTLE WITH OUTLAWS.

Desperate Train Robbers Chased to Cover by Marshals in Oklahoma—Two Badly Wounded—Women Captured.

Perry, O. T., June 8.—The deputy marshals here give further details of the terrible fight between Bill Doolin, Zep Wyatt and one other outlaw, and some marshals in the Glass mountains. The outlaws' horses were all killed and two of the outlaws badly wounded. Two women, Jennie Black and Zep Wyatt's wife, were captured and jailed at Guthrie last night. The marshals still have the cave surrounded, in which the outlaws took refuge, and there is little doubt of their capture. Ever since the Rock Island train robbery, the robbers have been in close pursuit of the ten outlaws engaged in it. Two were killed near Guthrie, some weeks ago. The marshals still pushed the remainder of the gang, until they changed their stamping ground and went to the western part of the strip in the Glass mountains. Marshal Nix is determined to exterminate the gang.

THE NATIONAL CAPITAL.

Secretary Olney and Attorney General Harmon Commissioned—Quackenbush Case.

Washington, June 8.—The commissions of Richard Olney as secretary of state and Judson Harmon as attorney general were signed by the president to-day.

QUACKENBUSH CASE.

The application of John M. Quackenbush, late commander in the United States navy, for a writ of mandamus to compel Secretary Herbert to restore his name to the rolls of the navy, came up in the district court to-day. The question at issue being whether a rule should issue requiring Secretary Herbert to show cause why the mandamus should not be granted.

Quackenbush was tried by court martial and sentenced to dismissal from the navy, but his sentence was commuted by the president to suspension for six years. Before the expiration of that time the officer next below him in rank was promoted to his place and later Secretary Chandler removed his name from the rolls. Quackenbush applied repeatedly to Congress for reinstatement and several times nearly succeeded in his efforts.

In discussing the case Justice Bradley said he was of the opinion that the court had no jurisdiction, the only remedy lying with Congress.

NEWS FROM GOLDEN.

One Hundred and Twenty-five Persons Confirmed by the Archbishop—Golden in Festal Attire.

Correspondence New Mexican.

Golden, N. M., June 6.—One of the most notable events of the past eight years transpired at the old San Francisco church at this place yesterday.

Archbishop Chapelle, of Santa Fe, confirmed 125 persons. These accompanied the archbishop on this mission, Rev. Jno. Gloid, parish priest of St. Patrick's church of Washington; Father J. M. Garner, of Santa Fe; Father M. Dumerest, parish priest of Pena Blanca, and visiting priest for this district, and his assistant, Jesus Lopez, of Pena Blanca, and also M. Dumerest, of Santa Fe, a brother of the priest last named.

The services were very impressive. The church was densely crowded and many were unable to gain entrance. Many of those confirmed came from San Pedro, San Antonio, La Madera, Tejon and Dolores. These, with their numerous friends and relatives, who came to witness the ceremony and to participate in the feasting which followed, made up the largest crowd Golden has witnessed for some time, and in consequence everyone was in festal attire. All felt highly honored by this visit of the archbishop and the other reverend gentlemen, and due courtesy and attention was shown them.

PATHETIC APPEAL FOR AID.

Destitute and Hungry People in Oklahoma—Children Crying for Bread.

Wichita, Kas., June 8.—An appeal for aid has been received here from Medford, O. T. The appeal closes as follows: "In the name of suffering humanity, we appeal to you for such food and other things as you can spare to help the destitute and to appease the hunger of crying children. Ship to the Lamont Township Aid association, care Mrs. Elma Benecok. Rock Island carries supplies free of cost."

Stone Throwing Strikers.

Cleveland, Ohio, June 8.—The police were called upon to-day to quell a riot at the works of the American Wire company, where 200 laborers struck yesterday for an increase of wages. The strikers, on learning that their places were being filled, became very threatening. Stones were thrown and windows broken, but no one was injured.

United States Land Court.

The Petson grant case, involving the ownership of 166,977 acres of land in Rio Arriba and Taos counties, still occupies the attention of the United States court of private land claims. C. A. Spiess represents Benigno Hernandez and thirty odd other professed owners, and ex-Gov. Prince and Gen. Barlett represent L. Z. Farewell, bankers of Trinidad and La Junta, who claim to have bought the grant. Mr. Spiess contends that at most the Farewells own three interests, while his clients own the other thirty-three interests.

SPRAYING OF TREES.

Views of the Horticultural Commissioners on the Best Methods of Ridding Orchards of Insect Pests.

Fruit growers are reminded that no time should be lost in spraying the trees after the recent rains. The codling moth is still busy laying its eggs upon the apples and pears, and the leaf roller, which binds together leaves and fruit and eats holes in the fruit, is very prevalent this season.

In orchards, where the plum aphid is found to be abundant, curling the foliage of plum and peach trees and turning them yellow; the trees should be sprayed with lye or kerosene emulsion, but it will be much more effective to spray early for this and another pest; the best time is just after the blossoms fall.

It must not be lost sight of, that gardens, which are fenced in with cedar posts or surrounded by adobe walls or near adobe structures of any kind, require spraying more frequently than orchards apart from such structures, because the bark on the posts and the crevices in the adobe, form too poor a shelter for the larvae and pupae of insects, and on the north side are so cool as to retard the maturing of the perfect insect, thus prolonging the season when the eggs are deposited on the foliage and spraying to kill them becomes necessary.

It has doubtless been noticed that small birds are not so numerous this year as usual, and, therefore, the greater necessity exists for destroying the pernicious insects by some other means. The only way to success in fruit growing in these days is by spraying frequently.

Good Health.

And a good appetite go hand in hand. With the loss of appetite, the system can not long sustain itself. Thus the fortifications of good health are broken down and the system is liable to attacks of disease. It is in such cases that the medicinal powers of Hood's Sarsaparilla are clearly shown. Thousands who have taken Hood's Sarsaparilla testify to its great merits as a purifier of the blood, its power to restore and sharpen the appetite and promote a healthy action of the digestive organs. Thus it is, not what we say but what Hood's Sarsaparilla does that tells the story and constitutes the strongest recommendation that can be urged for any medicine. Why not take Hood's Sarsaparilla now?

Mr. H. H. Whitehill will leave Silver City next week on a prospecting trip into Old Mexico. Col. Head, Thomas B. Peaby and Frank Thurman have already gone to Alaska on a gold mining expedition.

Silver City Enterprise: The grand jury suggested that the county commissioners should take immediate and initial steps to have the railroad bond question settled. There is something very pertinent in the suggestion and the commissioners should take the hint.

Several rains have visited southern New Mexico during the last week. Cowmen are jubilant. They are just concluding the most successful spring shipping season since the big drought and now look forward with anticipation to a similar good time in the fall.

Don H. Kedzie, editor of the Lordsburg Liberal, has been appointed United States commissioner at Lordsburg, N. M., by Judge Thos. Smith. This appointment was made more especially that Mr. Kedzie may take applications and make final proofs on homesteads.

Rincon Weekly: The town was plunged into gloom early on the morning of 31st ult., by the news of the accident to F. Landgren and the later intelligence of his demise received in the evening of the same day. Mr. Landgren was the most popular inhabitant of Rincon and his cheery smile and greeting will be missed from our midst.

Las Vegas Optic: At last the committee for re-adjustment of the accounts of Guadalupe and San Miguel counties, has reached a conclusion. Celso Baen and Esteban Baen having made a majority report, M. C. de Baen dissenting. As his name does not appear upon the face of the report, he will probably submit a minority report.

At the recent meeting of the regents of the territorial normal school at Silver City, no changes took place in the board. They will remain here during the day, and this evening go up to Bland. From there they will visit the James hot springs, and remain several months.

Mr. Ferguson's Views.

The following telegram was wired to several eastern newspapers yesterday as the views of Hon. H. B. Ferguson, Democratic national committeeman for New Mexico, on the action of the Illinois Democratic convention at Springfield, Wednesday, respecting silver:

"The action of the Illinois Democratic convention was right. The interests of England and the interests of this country are antagonistic in the matter of a financial policy. The advantage of the moneyed classes of class-governed England got in 1873 was by stealth; the people of this republic are fully informed both of the wrong done this country then, and of the proper remedy now. Gold monometallism, as advocated now, will tend to make this country, like England, a class-governed country, a moneyed aristocracy. The issue is fully made, and it will be settled in 1896. The Democratic party belongs in this fight, where the Illinois Democracy have taken their stand, on the side of the great body of the plain people and against the selfish schemes of the moneyed classes."

"Boston '95."

In Chavez Murder Case—Hearing Postponed Until Next Saturday on Account of Mr. Catron's Absence.

Judge H. B. Hamilton arrived from Socorro last night, and at 10 o'clock this morning, appeared upon the territorial district court bench, for the purpose of hearing argument on the motion for a new trial in the case of the Territory against Francisco Gonzales y Borrego, Antonio Gonzales y Borrego, Laureano Alarid and Patricio Valencia, charged with the murder of ex-Sheriff Chavez. At 2 p. m., after hearing Mr. Kanebel a second time, and with the consent of the district attorney, Judge Hamilton consented to a postponement of the hearing until next Saturday morning, when the motion positively must be argued.

Dr. J. H. Sloan is in receipt of a letter from Mr. H. C. Wisner announcing the safe arrival of Mrs. Wisner and himself

at their home in Detroit. The letter also conveyed the interesting bit of information that, while Mr. Wisner was pleasantly chatting with Gov. Thornton on his piazza in Detroit, on Wednesday afternoon, May 29, he received a dispatch from the Chavez murderers. He immediately handed the dispatch to the governor and thus was the first to give that gentleman the news.

Last Thursday night a goodly number of brethren gathered in Montezuma lodge to witness the conferring of the M. M. degree on Brothers W. E. Griffin and Arthur Seligman. The work was very well done, indeed, probably never better done in the history of the premier lodge of New Mexico. Evidently the infusion of new blood into the official body is beginning to show results, and careful and diligent rehearsal of the degrees is producing beneficial effects in their practical exemplification. The worshipful master, Brother W. S. Harrison, and his efficient corps of officers are to be congratulated on the work of Thursday night. The "refreshment," which succeeded the closing of the lodge was worthy of the preceding "labor," and that is high praise. The writer speaks from pleasant experience, and he is justified in his remarks, since he rashly made a hearty supper of chicken, schrimp salad, tongue, sweet cake and ice cream. He retired to sleep and slept the sleep of healthily reposed. Surely this is practical evidence of the excellence of the above usually indigestible mixture!

TERRITORIAL FIREMEN.

The following official call explains itself:

To the Chiefs and Foremen of the Fire Departments and Fire Companies of the Territory:

Albuquerque, N. M., June 3, 1935.

Gentlemen: In pursuance of a plan in the constitution and by-laws of the New Mexico Association of Volunteer Firemen each and every fire company in the territory is entitled to a representation of seven delegates in the annual convention of the above association. Therefore, at the next regular or special meeting of the various companies, I hereby request that seven delegates from each company, now a member of the association or likely to join, be selected to attend the third annual convention of the above association, which convenes in Santa Fe, on July 3, 1935, at 10:30 o'clock a. m. The second annual tournament of the association meets also at Santa Fe, on July 3 and continues for three days. Urge a full attendance of the companies so that all firemen will have a voice in the election of delegates. Yours fraternally,

W. T. McCORMICK, Pres't N. M. A. of V. F.

Attest:

J. B. SLOAN, Secretary.

Commenting on the coming meet the Albuquerque Citizen says:

"Santa Fe has responded to our call to visit us during the territorial fair for about thirteen years, and she has never failed to come to time with a rousing big crowd. Let us reciprocate this time, and surprise the Santa Fe people by sending up on the excursion train several hundred happy excursionists. Again, the Fourth will be the big day of the third annual convention and second annual tournament of the New Mexico Association of Volunteer Firemen. The wet test, for the championship belt and a purse of \$75, will be run, and the president of the association has information which prompts him to state that half a dozen running teams will compete. Horse coupling contests, foot races, hook and ladder races and many other exciting events are down on the program for that day."

The Record Game.

As the NEW MEXICAN goes to press, the first of the series of ball games between Las Vegas and Santa Fe teams is in progress, and, judging from the noise heard down town, things are very lively.

Las Vegas has greatly strengthened her club, which contains a manly set of young men. They came over with the express purpose of winning both games, but will find they have run onto a stumbling block, as the Santa Fe are very strong and in excellent condition. The second game, to-morrow afternoon, will be called at 2:30 sharp. Admission, including grand stand, 25 cents.
