SANTA FE DAILY NEW MEXICAN.

VOL. 32.

SANTA FE, N. M., FRIDAY, AUGUST 30 1895.

NO 160

The hardware man is a friend you always need. He comes home to you and fills a more important place in your home than almost anyone else. Friends should be selected with care. Take special care in selecting your useful hardware friend. There are more reasons than you have fingers why you should select as your hardware man. Our ware is the best in quality. You can always depend upon our goods absolutely. Our prices are always the lowest. If you doubt it, come and see. Don't be deceived; for ware that wears every time at a money saving price, buyers must come to us.

W. H. GOEBEL,
Catron Block - Santa Fe.

CHAS. WAGNER,

DEALER IN

There is nothing better than—
BAXTER'S BEST FLOUR.
ELGIN CREAMERY BUTTER.
MONARCH BRAND CANNED GOODS.

S. S. BEATY.

SANTA FE RAILROAD RUMOR.

Reported in Chicago That Edward T. Jeffrey Will Become President of Santa Fe System.

System Has Been Managed Without a President Since Reinhart Retired—Vice President Robinson Knows Nothing About Jeffrey Rumor.

Chicago, Aug. 30.—The Daily News says: Edward T. Jeffrey, president and general manager of the Denver & Rio Grande Railroad company, it is understood, will be president of the reorganized Atchison, Topeka & Santa Fe company.

A year ago J. W. Reinhart resigned the presidency and senior vice-presidency of the company. Since that time the receivers and officials have managed the line without a president.

Mr. Jeffrey has all his life been connected with railroads. He was for a long time associated with the Illinois Central railroad as general manager.

NEWS TO VICE-PRESIDENT ROBINSON. Chicago.—D. B. Robinson, first vice-president of the Santa Fe railroad, said: "So far as I know, Mr. Jeffrey is not in the city. I know of no conference having been held and the whole matter, I must confess, is news to me. I have not seen Mr. Jeffrey to-day and know nothing of the matter."

JEFFREY DENIES THE RUMORS. Denver.—President Jeffrey, of the Rio Grande, arrived this morning from the east. He says there is nothing in the Santa Fe presidency rumor. He has heard nothing of it.

DEFENDER AND VIGILANT.

An Interesting Ten Mile Race Between These Two Celebrated Yachts.

Highlands of Navesink, Aug. 30.—The yacht race to-day between the Defender and the Vigilant will be ten miles to windward and return, leaving the mark on the starboard hand. The yachts will thus run out to sea and along the Long Island coast. The wind is officially announced as east-south-east.

Highlands.—The Defender turned the stake boat at 12:50:15. The Vigilant went round the stake boat at 12:55:30. The Defender finished at 2:05. The Vigilant finished at 2:10. By official time the Defender won the race by five minutes and five seconds.

THE MARKETS.

New York, Aug. 30.—Money on call nominally easy at 1 per cent; prime mercantile paper, 3 1/4 @ 1/2. Silver, 66 1/2 @ 1/2. Lead, \$3.30.

Chicago.—Cattle, market steady; Texas steers, \$2.80 @ \$3.00; bulk, \$3.15 @ \$3.40; westerns, \$2.00 @ \$2.60. Sheep quiet.

Kansas City.—Cattle, market for best grades, weak to 10c higher; Texas steers, \$2.75 @ \$3.75; Texas cows, \$2.25 @ \$2.50; beef steers, \$2.75 @ \$3.50; native cows, \$1.10 @ \$3.35; stockers and feeders, \$2.75 @ \$4.25; bulls, \$2.00 @ \$3.50. Sheep, steady to strong; lambs, \$3.00 @ \$4.25; muttons, \$2.75 @ \$4.00.

Chicago.—Wheat, August, 61 1/2; September, 61 1/2. Corn, August, 60 1/2; September, 36. Oats, August, 18 1/2; September, 18 1/2.

THE NATIONAL CAPITAL.

Minister Ransom's Troubles Not Ended—More Complications in His Case—Inspection of Meats—Horse Meat Must Be Labeled.

Washington, Aug. 30.—Minister Ransom's troubles have not ceased. At first his salary was withheld for months. Then his appointment as minister was declared illegal and his office vacated. It was thought that the reappointment by the president on August 24 would end the complications, but Deputy Auditor of the Treasury Willis has decided that Mr. Ransom cannot draw his salary until his appointment is confirmed by the senate, it being a personal appointment during a recess of the senate to fill a vacancy in an office vacant while the senate was in session. A further question is raised as to whether, when confirmed, Mr. Ransom's accrued salary, since the date of the last appointment, can be paid, or whether he will have to look for relief to congress, as in the case of the first appointment.

INSPECTION OF MEATS. An important order giving full protection to foreign consumers of American meat products has been issued by Sec. Morton. It will prevent the exportation of any beef that is not inspected, and will cause the exporters of horse meat to mark the packages that the nature of the contents shall be apparent. The action is authorized by an act of March 3, 1891, amended March 2 last.

HEAVY GOLD SHIPMENTS.

Unless the Gold Syndicate Again Comes to the Rescue the Treasury Reserve Will Be Harassed Upon To-morrow.

New York, Aug. 30.—Handy & Harman will ship \$100,000 and Steinwender & Stoffen \$150,000 in gold to-morrow. Newsinger & Fuller have increased by \$50,000 their gold engagements made earlier in the week. Hard & Rand will also ship \$300,000 in gold and Crossman & Bro. have decided to increase their shipment to \$1,500,000.

Some gold has already been engaged at the sub-treasury and it is likely that all the shippers, with the exception of Handy & Harman, will get their gold at the sub-treasury.

These withdrawals will bring the gold reserve about \$400,000 below the \$100,000,000 mark, but it is likely that the bond syndicate will place some more gold in the sub-treasury before the close of business to-day, so as to maintain the reserve at about \$100,000,000.

Arrangements have been made for a free-for-all race to take place at Louisville September 12, between John R. Gentry, Joe Fatchen and Robert J. The purse will be \$5,000.

Business Building Up.

New York, Aug. 30.—A large business was done on the stock exchange yesterday and buyers were more numerous than sellers. The favorable market conditions of the past few days held good and were supplemented by railroad reports of a favorable character. A. T. & S. F. securities to the amount of 22,800 shares changed hands; D. & R. G. preferred advanced 1 1/2 cents.

London.—The markets were again very active yesterday. American securities attracted more attention than for some considerable time past. Some prominent jobbers who denounce the American market for the Fair mining section are returning. Prices were very materially higher in most cases. A strong tip was circulated to buy D. & R. G. preference, and this resulted in a rise of \$3. Northern Pacific five consolidated bonds advanced a like amount.

OLNEY AT THE HELM.

Here's One Secretary of State Who Really Likes to Hear the Eagle Scream.

Washington, Aug. 30.—Every day that passes carries with it the conviction that Sec. Olney is at the head of the state department, not only in name, but in fact. It is well understood that when Mr. Olney was offered the department of justice he accepted it with the distinct understanding that he was not to be interfered with and that he alone was to be its head and responsible for the business of the department. It is probable that he transferred the same tacit understanding to the department of state when he went thither.

At all events, a much more vigorous foreign policy is manifested since the advent of Mr. Olney as secretary of state, and he seems determined to redeem the reputation of this administration in that respect. The striking illustrations of this line of conduct appear in the Morn and Waller cases, both of which have been pressed unceasingly and to favorable outcomes.

The Morn case is practically ended, and it is quite apparent now that this government will stand no dilly-dallying at the hands of the French. If Mr. Olney brings the Waller matter to so successful a finish as he did the Frenchman, it will have done much to lead the people of this country to believe there is still some virtue in the American flag, and to show that the eagle has not altogether lost its voice. It has been some time since the eagle was permitted to scream, and Mr. Olney appears to be in a humor to let it peep.

WALLER CASE IN PARIS.

A French Paper Advises That No Attention Be Paid to Idle Complaints of Americans.

Paris, Aug. 30.—The Estafette protests against the statements made in some American papers relative to the sentence and imprisonment of ex-Consul Waller, who had the Frenchman sold arms to the enemies of the United States. Americans would never tolerate any interference on the part of the cabinets of Europe. It adds: "Moreover our line of conduct should be clearly marked. We need not pay any attention to the idle complaints of the American papers. Indeed, Waller ought to have been immediately shot for his glaring treason."

TO-DAY'S CONDENSATION.

Yesterday Robert J. won the free-for-all at Fleetwood park. Time 2:04 1/2 and 2:04 3/4.

Augustin Gordon leaves to each of the younger children of President Diaz \$5,000. He leaves \$50,000 to charity. The total fortune is estimated at \$3,000,000.

A Buffalo evening paper declares that ex-Postmaster General William Blissell has been offered by President Cleveland the place on the United States supreme court bench and will accept.

The Philatelic Sons of America are holding their second annual convention in the club rooms of the Albany hotel at Denver. The association is composed wholly of stamp collectors and has a membership of 500 in the United States.

Western roads will in all probability be forced to come around and make cheap rates for the Atlanta exposition, the same as the other roads. The Burlington has announced that it would make low rates from Kansas City to Atlanta and return.

Taylor, the embezzling treasurer of South Dakota, will be taken to the penitentiary to-night. The supreme court to-day decided that the lower court did not exceed its jurisdiction and that after Taylor has served two years he can test the validity of his five-year sentence.

The Utah Republican convention completed their state ticket by the following nominations: For congress, C. E. Allen; secretary of state, J. D. Hammond; treasurer, J. C. Shipman; attorney general, A. C. Bishop; auditor, Morgan Richards; superintendent public instruction, Mrs. Emma J. McVicker.

A large crowd gathered at the Easton railroad station to witness the departure of the London Athletic club and Cambridge university teams for Liverpool, where they take the Cunard line steamer Aurania for New York to meet respectively teams from the New York Athletic club and Yale university.

ADMISSION OF HOLMES.

He Says that the Body Found at Irvington Is that of Howard Peitzel, But That Hatch Did the Killing.

Philadelphia, Aug. 30.—A local paper says: Holmes admits that the remains found in the house at Irvington are those of Howard Peitzel. This he has told his counsel, Mr. Shoemaker, but Holmes says that he did not murder the boy. The crime, he says, was committed by another.

In Holmes' statements about this phase of the case, the mysterious Hatch comes to the surface. Holmes believes, so he says, that Howard was killed and that Hatch murdered him, as he did the girls in Toronto.

KNIGHTS TEMPLAR CONCLAVE

Grand Officers Were Installed at the Conclusion of the Business Session this Morning.

White Squadron Visited by Hundreds of Knights—Minneapolis Will Be Presented with Solid Silver Service by Minneapolis Commanderies.

Boston, Aug. 30.—The triennial convocation of Knights Templar closes to-day. Many knights have departed already, but a large number will remain in this vicinity in small parties for a week or so longer. Nearly all the commanderies have closed their headquarters, however, and before night will disband.

The templars who remained went on excursions in every direction to-day. All the harbor resorts have entertained thousands and many pilgrimages have been made to Concord, Lexington and Plymouth.

The white squadron which arrived in the harbor this morning, was also the objective point of hundreds, and as soon as visitors were allowed aboard the war ships, the decks of the vessels were crowded.

The last session of the grand convocation opened at the Masonic temple at 10 a. m. At the conclusion of the business of the session, the new grand officers were installed.

To-morrow the chief interest will center in the Minneapolis, when she will be presented with a solid silver service by the Minneapolis commanderies.

Of the proposed changes in the constitution, considered this morning at the business session of the convocation, one is to make all officers of the grand convocation elective. Four are now appointed by the grand commander. Another proposition is that, after the next convocation in Pittsburgh, all conclaves shall be held in one city.

STOCK IN A WESTERN MINE.

Supposed to be Worthless For Years, But Will Probably Pay Out a Collapsed Eastern Bank in Full.

Painesville, Ohio, Aug. 30.—When the Painesville Savings Bank collapsed four years ago, among the assets found was \$250,000 worth of stock in a western mine. At that time it was thought to be worthless, but now it appears to be valuable. The mine is paying fair dividends and the stock is nearly at par. The indications are that the depositors in the wrecked bank will be paid a good dividend, with prospects of ultimately receiving their deposits in full.

AN AWFUL FALL IN OHIO.

A Workman Dropped Down Five Stories to the Pavement—Struck and Killed a Man in the Street.

Cleveland, Ohio, Aug. 30.—James Beckmeier fell five stories from the top of the World building to the sidewalk to-day and was instantly killed. The body of the falling man struck John Nickerson, who was walking along on the sidewalk, breaking his back and both legs. The latter is dying.

Beckmeier was engaged with a number of others placing a large sign on the building. The accident was caused by the slipping of the ropes supporting the sign scaffold.

Two other men, Lewis and Cormier, who were on the scaffold at the time, had a desperate struggle for their lives which was witnessed by a number of horrified spectators in the street.

Lewis was thrown from the scaffold and caught with his hands the narrow coping under the windows. He managed to work along till he reached the fire escape and then was easily rescued.

Cormier clung to the rope for some time and finally was rescued by a man in the building, who stepped on a window ledge and swung him into the room.

Prof. Nathan Jaffa, father of Mrs. Simon Cohn and Miss Hedwig Jaffa, of Raton, died at his home in Wiesbaden, Germany, last Saturday morning.—Raton Range.

For Sale. Must be sacrificed at once, two valuable mining claims at San Pedro, Santa Fe county, N. M., in the New Placers mining district, near the Lucky and Big Copper mines. Sixty-five feet work done on one and forty feet on the other. Both have good leads and assay well. Address D. A., this office.

GRAND MUSICAL CONTEST.

Las Vegas Hot Springs, N. M., Sept. 19 and 20, 1895.

A grand musical contest will be held at the Montezuma hotel on September 19 and 20, for which occasion the "Santa Fe Route" offers the exceedingly low rate of 1 cent per mile, from all points in New Mexico to Las Vegas hot springs and return, (from Santa Fe, \$1.80). Tickets will be sold September 15 to 21, inclusive, good to return until September 24, 1895. This will probably be the last opportunity to visit these famous springs at such a nominal cost.

Agent, Santa Fe, N. M., E. COPLAND, General Agent, El Paso, Texas.

NEW MEXICO MINES.

What is Being Done in the Gold Camps of Taos and Colfax Counties—Strikes at Hematite.

A wide lead has been cut in the Keystone tunnel near La Belle. The 200-foot mark has been passed.

Lynch Bros., at Elizabethtown, are putting up a 40-stamp mill and it will be in operation in a short time. It is located east of town near their celebrated placer diggings.

Tom Bryan was over from Amizett Monday and informs us that a Texas company has been buying up mines in that section. Doc Gardom has made a rich strike on Fraser Hill and several parties are working placers.—La Belle Cresset.

Phillips & Gaines are driving a tunnel on the Louise, La Belle district. This property is owned by them in company with Mr. Reeder and is producing some fine ore. They have an open cut about thirty feet long and a tunnel the same length. The vein is four feet wide and the ore appears to be free milling.

A very rich strike has been made near Red River City which promises to be a shipper at once. The ore is mostly hematite and shows free gold visible to the naked eye. It is reported that an average sample ran \$84 per ton. Experienced prospectors who have visited the strike inform us that it is all that they claim, says the Cresset.

The large steam dredge, one and one-half miles south of Elizabethtown, is being repaired and put in shape to work. This is among the largest enterprises of that section and the outcome of the first test will be watched with interest throughout the mining districts of Taos and Colfax counties.

The late discoveries made a short time ago about six miles west of Elizabethtown have been attracting no little attention in the past two or three weeks. Messrs. Schumann, Clauson and Foster located the Gold Belle in the fore part of July and began operations. Being satisfied that the ore was of high grade from the surface and would pay to ship, they lost no time in making a shipment of sixty sacks. Their shaft on this property is about twenty-five feet in depth and exposes a fine vein of hematite ore from the surface improving with depth. The ore of this district are mostly hematite and show many particles of gold visible to the unaided eye. The veins are nearly vertical, only dipping a few degrees at most and in nearly all the best prospects both walls have been found.

The veins contain some tale and from general appearances are very much alike. The prospects are that these mines will be shippers from grass roots as nearly every dump in the camp has specimens that show visible gold. A townsite has been laid off and some substantial houses and cabins are going up. The town and camp will be known as Hematite. The camp is located on the Maxwell land grant which gives reasonable terms to locators. The extensions are reserved to the grant company but can be leased.—La Belle Cresset.

NEW MEXICO NEWS.

Collector A. B. Laird, of Grant county, has returned home from New York.

The Clayton Enterprise announces its intention to get out a special edition of 2,000 copies for circulation through the east and south.

Las Cruces war note: "Everybody has had his say, nobody has been hurt and we trust the town is off its war footing for the present. For a change, let us talk about the weather."

Dr. Cowan, U. S. pension examiner for Las Cruces, has been ordered to examine John P. Dorn and Philip Mothersill. Wednesday of each week is the day set for examinations.

Mr. and Mrs. Moses Friedman celebrated the golden anniversary of their wedding, yesterday afternoon and evening. Ninety-six guests attended to the invitations extended, rather the larger number being present in the afternoon. In addition to this some forty-odd telegrams and letters of congratulation were received from friends who desired to be present but whom distance prevented. Among the latter were two married daughters, who though absent were not forgotten. Among those who responded to the banquet were J. J. Judd, Louis J. Marcus, Col. Marcus Brunswick, Dr. Geo. T. Gould, Myer Friedman, Charley Rosenthal and several others.—Las Vegas Optic.

paper in New Mexico. It is sent to every
Post Office in the Territory and has a large
and growing circulation among the intelli-
gent and progressive people of the south-
west.

FRIDAY, AUGUST 30.

JUDGE HENRY C. CALDWELL has placed
himself squarely on record as favoring
free coinage. That settles it. He'll never
be president if the Republican politicians
can help it.

If it is true, as charged by Hon. D. P.
Carr, that "a McKinley presidential
bureau" has gone to work in New Mexico
to "down ex-Gov. Prince because of his
well known views on free coinage," what
an outrageous proceeding it is. Ungrate-
ful is no name for it.

A GREAT many good things have come
to the country since the Democratic tariff
reform law—with all its defects, thanks
to Brice et al—became operative one year
ago yesterday. Before another year is
half gone other benefits will be so thor-
oughly realized that McKinleyism will be
a back number by the time the presi-
dential conventions assemble.

The well-edited Silver City Eagle, has the
New Mexican's congratulations upon its
entry on the second year of its existence.
Clean, nowy and thoroughly abreast of
the times, we are quite sure the Eagle
means what it says when it announces
that it "will endeavor to merit the appro-
bation of all good citizens and does not
expect praise at the hands of those who
are not."

IRRIGATION makes a considerable show-
ing in the census of 1890. In that year,
according to the official report, says the
Globe-Democrat, 52,684 farm owners in
the arid and sub-humid regions of eleven
states and territories were employing
artificial means of watering their land,
to the extent of 3,561,416 acres. The av-
erage size of these farms was sixty-eight
acres, and their average annual produc-
tion was placed at \$14.89 per acre. The
census of 1900 will show a large extension
of the area irrigated. The various sys-
tems are still in the experimental stage,
but the main fact looms up that irri-
gation will be one of the leading elements
of the American agriculture of the future.

THE supposition that all the members
of the Salisbury family had several weeks
ago been comfortably provided for at the
British pie counter proved to have been
erroneous. Another relative of the pre-
mier has just bobbed up as deputy
speaker of the house of commons. Be-
sides this latest discovery, Lord Salis-
bury's "nice little family party" adminis-
tration includes a father and a son, Mr.
Chamberlain and Austin Chamberlain; a
father-in-law and a son-in-law, Lord Salis-
bury and Lord Selborne; two brothers,
Arthur and Gerald Balfour; an uncle and
two nephews, Lord Salisbury and the
Messrs. Balfour; two brothers-in-law,
Lord George Hamilton and Lord Lans-
downe, and when the members of the
cabinet meet the clerk of the house of
commons they extract joy out of the
thought that he is the husband of Lord
Salisbury's niece. Real sweet, isn't it?

FACTIONALISM AT FAULT.
Bishop Foley, of Detroit, the traveling
companion of Cardinal Gibbons during
the trip through Europe, says that fac-
tionalism in Ireland and among Ireland's
supporters in parliament has set that
country back a quarter of a century.
This is undoubtedly true. It's always
the case. Factions in political parties as
well as in social and business circles ever
constitute a bar to progress. There never
was a truer saying than "united we stand,
divided we fall." The lesson taught
thereby is one that we can all take to
heart.

QUAY'S VICTORY.
There was something more than cold
politics back of the Quay-Gilkeson fight
in Pennsylvania. Quay is a notorious
Republican boss and political trimmer,
and under ordinary circumstances his
suppression is to be desired on general
principles, but circumstances alter cases.
In this case Quay's victory possesses a
significance that the west has much inter-
est in. The fight really wasn't upon Quay
at all, but upon his supporter, Senator Don
Cameron. The Pennsylvania railroad was
back of the anti-Quay movement. When
the repeal of the Sherman silver purchase
act was pending in congress the Pennsylv-
ania railroad had pending the sale of
\$10,000,000 of its securities to a New
York and London syndicate. This syn-
dicate agreed to take the bonds if Sen-
ator Cameron could be "pinched" into line
and would cease to fight for free coinage.
The Pennsylvania Railroad company
looked to Quay to "fix" Cameron, but
Cameron wouldn't listen to either Quay
or President Roberts, and Quay wasn't

very eager in approaching Cameron on
the subject. The bonds were sold, but
since then all the railroad company's pull
has been against Quay and Cameron. This
explains why Senator Quay introduced
that resolution in the state convention on
Wednesday denouncing "the growing use
of money in politics, the corporate con-
trol of political primaries," etc. That's
the sort of influence that came very near
shelving Quay.

PRESS COMMENT.

A WARNING to Land Grabbers.
James Addison-Peralta-Reavis, who has
been figuring as the greatest land grant
claimant of the century, will have to re-
main in confinement for the present at
least. The supreme court of the terri-
tory, last Saturday, decided the habeas
corpus case which has been pending
since the first week of the term and de-
cided it adversely to Mr. Reavis. His in-
carceration will perhaps be a warning to
others who would like to become the
possessors of large tracts of the public
domain and who are trying to establish
fraudulent claims.—Silver City Eagle.

INDIANS ARE ADVANCING.
Some encouraging facts and figures re-
garding the present condition and
marked advancement of the Indians have
recently appeared. These relate to edu-
cation, social condition, religious life and
material prosperity. They show gratify-
ing increases in all these lines of activity.

The property holdings of Indians have
nearly doubled within the past five years.
That fact may not be due entirely to the
superior education which these statistics
prove the Indians to have absorbed, but
it is undoubtedly due to the better condi-
tions of living and thinking which are
the direct outgrowth of his better train-
ing in the schools. The increase in
church membership is also due, in large
part, to the same influence.

It is a mistake to suppose that igno-
rance, more easily than intelligence, is
brought to realize its responsibilities to
divine power. It is with the Indian as
with the Caucasian; the growth of the
church is contemporaneous with the
growth of education and advancement in
all the elements of civilization.
Apparently the objection of Indian par-
ents to the detention of their children in
the reservation and government schools
is disappearing. The solution of the In-
dian problem clearly lies in the educa-
tion of the young Indian. The old In-
dian will perhaps never be able to see the
advantages of such an education, but the
old Indian can not last much longer.
The next generation will show even more
gratifying results than this one is show-
ing.—St. Louis Republic.

NATIONAL IRRIGATION CONGRESS

Albuquerque, N. M., Sept. 16, 1895.
For the above occasion the Santa Fe
route will place on sale tickets to Albu-
querque and return at 1 cent a mile
(\$1.70). Dates of sale, September 15 to
21, inclusive. Tickets will be good for
return passage until September 24, 1895.
Delegates will be present from nearly
every state in the Union. Papers will be
read by eminent scientists, successful
farmers and prominent statesmen. The
program has been arranged on practical
lines, and all sessions will be open to the
general public. Reduced rates to all
points south of Albuquerque to parties
holding tickets east and north of Trin-
idad. For particulars call on agents of
the "Santa Fe Route." H. S. LUTZ,
Agent, Santa Fe, N. M.
Geo. T. NICHOLSON,
G. P. A., Chicago.

NEW MEXICO TERRITORIAL FAIR

Albuquerque, N. M., Sept. 17 to 21, 1895.
"ONE CENT."
One cent per mile is all the Santa Fe
route asks for tickets to the territorial
fair at Albuquerque, N. M. Dates of sale
September 15 to 21, 1895, good to return
until September 24. Low rates from Al-
buquerque to the Las Vegas hot springs,
on above dates on account of grand
musical contest held there. Call on
agents of the Santa Fe route for par-
ticulars.

Home-seekers' Excursion.

A series of home-seekers' excursions
have been arranged, and all agents at and
east of Missouri river stations are au-
thorized to sell tickets to points in Ar-
izona, Kansas, Colorado, Kansas, Nebras-
ka, Missouri, Louisiana, New Mexico, Ok-
lahoma, and Indian Territory. North and
South Dakota, Texas, Wyoming, and
Utah, at one standard fare for the round
trip plus \$2. Dates of sale, August 29,
September 10, and 24, 1895. Tickets
must be used for return passage on Sep-
tember 13, 20, and 27, October 4, and 11,
1895. For particulars call on agents of
the "Santa Fe Route."
Geo. T. NICHOLSON, H. S. LUTZ,
G. P. A., Chicago, Ill. Agent, Santa Fe.

G. A. H., Louisville, Ky., Sept. 10-14, Rate \$41.00.

For the above occasion the Santa Fe
route will place on sale tickets to Loui-
ville, Ky., and return at one fare for the
round trip to Chicago or St. Louis, added
to 1 cent per mile from those gateways to
Louisville and return. Dates of sale
September 6 to 8, 1895, good for return
passage until September 25, 1895.
For particulars call on agents of the
"Santa Fe Route."

A LADY'S TOILET
Is not complete
without an ideal
COMPLEXION
POZZONI'S
POZZONI'S
Combines every element of
beauty and purity. It is beauti-
fying, soothing, healing, health-
ful, and harmless, and when
rightly used is invisible. A most
delicate and desirable protection
to the face in this climate.
Insist upon having the genuine.
IT IS FOR SALE EVERYWHERE.

The PECOS VALLEY of . . . NEW MEXICO

OFFERS unequal advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.
The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world.
Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.
The cultivation of canebrake—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.
The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.
Lands with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.
The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Feliz section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

THE MAXWELL LAND GRANT

Farm Lands!

UNDER IRRIGATING DITCHES.

Gold Mines!

Choice Mountain and Valley Lands near the Foot Hills
FOR SALE.

For the Irrigation of the Pecos and Valleys between Raton and Springer One Hundred miles of large irrigating canals have been built. These lands with perpetual water rights are sold cheap and on the easy terms of ten annual payments, with 7 per cent interest.
In addition to the above there are 1,400,000 acres of land for sale, consisting mainly of Agricultural, Coal and Timber Lands. The climate is unsurpassed, and alfalfa, grain and fruit of all kinds grow to perfection and in abundance.
Those wishing to view the lands can receive special rates on the railroads, and will have a rebate also on the same, if they should buy 100 acres or more.
The famous Cold Mining Camps near Elizabethtown and Baldy are thrown open to prospectors on more favorable terms than locations on Government land. Mining regulations sent on application.
Daily, four-horse, covered coaches leave Springer at 7 a. m., except Sundays, for Cimarron, Baldy and Elizabethtown, and leave these points every morning, Sundays excepted, for Springer.
The A. T. & S. F. and U. P. D. & G. railroads cross this property. **WARRANTY DEEDS GIVEN.** For full particulars apply to

H. B. HENRY, Observer.

Are you taking SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES"? That is what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is BETTER THAN PILLS, never gripes, never weakens, but works in such an easy and natural way just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons Liver Regulator.

Be sure you get it. The Red & is on the wrapper. J. H. Zeilin & Co., Philadelphia.

IN OFFICIAL CIRCLES.

Transcript and Brief in Peralta-Reavis Case—Placer Company Incorporated—Rewards Offered—Official Notes.

"The Transcript of the Trial in the United States court of private land claims of James Addison Peralta-Reavis and Dona Sofia Loreto Mienela de Peralta-Reavis, nee Maso y Silva de Peralta de la Cordoba, husband and wife, plaintiffs, against the United States of America, defendant," together with the "Brief and Argument for the defendant," by Matt G. Reynolds, U. S. attorney, Summers Burkhardt, assistant U. S. attorney, and S. Mallet-Prevost, special counsel, have just been issued in book form from the New Mexican office. The transcript contains 1,061 pages and the brief and argument eighty-eight pages. Both are beautifully printed with new type upon first class calendered book paper, and the two books, particularly the copies bound in sheep, would adorn any library. Indeed, their contents, giving a complete account of probably the most cunningly devised and stupendous land swindling scheme ever undertaken by man, are so deeply interesting, read so much like pages from the realm of romance, that unquestionably many copies could readily be sold to persons who are collecting rare volumes. While heartily congratulating the law officers of the United States who prepared these books upon the ability and learning displayed therein, the New Mexican wishes to indulge in the modest hint that it is rather proud of the handsome manner in which the mechanical part of the work has been done.

GOLDEN PLACER MINING COMPANY.
The Golden Placer Mining Company has filed articles of incorporation with the territorial secretary, reciting the following particulars: Objects, acquiring and operating both lode and placer mines and reducing ores; capital stock, \$1,000,000; life, fifty years; directors, Francis Downes, Elwin T. Webster, W. T. Thornton, of Santa Fe, and Thomas Taylor, of Midway, Pa.; principal place of business, Santa Fe.

TWO HUNDRED DOLLARS REWARD.
EXECUTIVE OFFICE,
Santa Fe, N. M., August 30, 1895.
Whereas, One Francisco Martin de Gonzales was in the month of March, in the year 1893, murdered by unknown parties in the county of Mora and the territory of New Mexico; and
Whereas, Parties committing said murder are fugitives from justice,
Now, therefore, I, W. T. Thornton, governor of the territory of New Mexico, do hereby offer reward of Two Hundred Dollars (\$200) each, for the arrest and conviction of the parties guilty of this murder, or the testimony leading to the conviction of the party or parties committing it, said reward to be payable out of any moneys in the territorial treasury appropriated for rewards.

Done at the executive office, this, the 30th day of August, A. D. 1895.
Witness my hand and the great seal of the territory of New Mexico.
W. T. THORNTON,
Governor of New Mexico.
By the Governor:
LORION MILLER,
Secretary of New Mexico.

OFFICIAL MILEAGE.
The decision of the comptroller of the treasury that the statute allowing double fees to United States marshals, district attorneys and clerks in western states and territories does not apply to mileage is manifestly unjust. At the U. S. marshal's office it was learned to-day that there would probably be a wholesale restriction of deputy marshals if this order stands, and doubtless a similar spirit prevails in all the western states and territories. One of Marshal Hall's assistants explains that the usual allowance of 12 cents, double mileage, just about covers the cost of travel in New Mexico. If this is cut to 6 cents as proposed every trip on public business will be made at a loss. Take the narrow gauge road, for instance, and the actual fare is 6 cents per mile, leaving the deputy marshal out of pocket for other necessary expenses. At the marshal's office it is thought the attorney general will decide to direct the continuance in force of the "double mileage" system.

OPINION IN REAVIS MATTER.
In the matter of the application to the supreme court of James Addison Peralta-Reavis, charged with entering into a conspiracy with one Sofia Treadway to defraud the government of \$100,000, for release from the U. S. prison on a writ of habeas corpus, the written opinion of a majority of the court was handed down by Associate Justice Bantz, Justice Hamilton and Laughlin concurring. The opinion holds that "the commitment was issued in the exercise of the jurisdiction of the subject matter, and that a sufficient cause is set forth upon which the prisoner should be held."

OFFICIAL NOTES.
The San Marcial Bee suggests the name of Dr. Cruikshank as Judge McFie's successor on the agricultural college board.
Deputy Sheriff T. H. Tucker is in the southern part of the county on an important official mission.
Judge Laughlin has called a special term of the district court to meet at Aztec, San Juan county, on September 16. The juries were drawn yesterday afternoon. It is expected that the term will last about ten days.

IN THE WORLD OF BEAUTY

Citigura SOAP
IS SUPREME

Not only is it the most effective skin purifying and beautifying soap the world has ever known, but it is the purest, sweetest, and most refreshing for toilet, bath, and nursery. It strikes at the cause of bad complexion, falling hair, and simple baby blemishes, viz.: THE CLOGGED, ENLARGED, OVERWORKED, OR SLOTTED PORES.
Sold throughout the world. Belding's Hair Cream. London. POTTER, DICK & CO., LTD., Boston, U. S. A.

Judge Laughlin this morning referred the matter of the deers pro confesso, against the Golden Hydraulic Mining company and in favor of M. Harrold, to Geo. W. Kusebel, special master.
Upon the recommendation of the district attorney who presented and the judge before whom the case was tried, the governor has granted an unconditional pardon to Raphael Andrus Rivers, sentenced to seven years in the territorial prison from Dona Ana county for larceny.

The governor has appointed the following notaries public: Henry J. Winn, of Bell Ranch, San Miguel county; James H. Hunt, of Cimarron, Colfax county, and Albino Yrieta, of Mesilla, Dona Ana county.
The governor has issued a requisition upon the governor of Missouri for the apprehension of George Harry and Con. Phillips, charged with the crime of burglary in Colfax county. Sheriff Marion Littrell was designated as agent.

D. & R. G. Improvements.
A new time card will go into effect on the D. & R. G. road next Monday. The passenger train for the north will leave at 8 a. m. and arrive at 7:40 p. m. No information is yet at hand as to when the chair cars are to be put into service in and out of Santa Fe. Probably no steps will be taken in this direction until the improvements on the road-bed are completed. At present some fifty men are engaged on repairs of track, bridges, culverts, etc. Superintendent Cole Lydon was down from Alamosa yesterday to view the progress of work.

An Espanola correspondent writes on this subject: "The Denver & Rio Grande has two bridge gangs and a large work train overhauling the road between Espanola and Santa Fe. 27,000 new ties are one of the items of repair. The men of the work train work for \$1.40 per day a few days ago, and Supt. Lydon promptly ordered them discharged. Over 500 men were ready to take their places within three days at the old wages, \$1.25 per day."

Five McHenry whisky at Colorado saloon.

ROUND ABOUT TOWN.

Nice refreshing showers nearly every day.

The Ladies' Aid society will meet tomorrow afternoon between 3 and 5 o'clock at the Presbyterian church.
By arrangement a delegation of Odd Fellows from Santa Fe and Albuquerque will meet at Cerrillos to-morrow night and organize a new lodge there.

Prof. Frank Perez will give a private ball at Gray's hall to-morrow evening. The proceeds will go to purchasing uniforms for the two additional members of his musical organization.
Charlie Zinsner, who has been playing second base for the Santa Fe, leaves this evening for Albuquerque, where he joins the Winslow ball players, who are to do battle with the Browns on Saturday and Sunday in that city.

A north Santa Fe county farmer tells the NEW MEXICAN that there is a very heavy wheat crop and the Espanola mill is making an excellent grade of flour from the new crop. The bean crop, this year, he says, was never equalled.

Bishop Kendrick came into town, on Wednesday night, en route for a two weeks visitation to the San Juan country. He remained here through the day, and held a meeting with the committee of the church of the Holy Faith in the afternoon at the office of Judge Prince. Through October he will be in attendance at the general convention of the Episcopal church at Minneapolis, and then will go east for a short time to interest some of the people there in his field of action.

Stomach and Liver Troubles.
"I have been subject to indigestion, constipation and liver troubles for years, and was not able to find relief. At last I began taking Hood's Pills, and I feel it duty to testify to the great benefit which I have derived from them. I have always been a victim to headaches, and have never found anything to relieve me like Hood's Pills.—Joseph S. Vigil, Tres Piedras, N. M."

Hood's Pills cure indigestion.
You can get engraved visiting cards at the NEW MEXICAN, or have them printed from your plate if you have one.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

PERSONAL.

Ex-Judge A. B. Fall is in Santa Fe from Las Cruces.
Mr. Summers Burkhardt, assistant attorney for the land court, returned yesterday from a trip to California.
Mr. D. K. Brown, who represents the Western Publishing company, with headquarters at Salt Lake, is a visitor at the capital.
Mr. M. S. Hart, of Las Vegas, territorial coal oil inspector, and Col. E. W. Eaton, of Socorro, are registered at the Exchange.
At the Palace: S. Burkhardt, Albuquerque; Mrs. Mary C. Parker, Miss Belle M. West, Providence; Mrs. A. A. Jones, Las Vegas; Wm. S. Standish, East Las Vegas; G. B. Keen, Chicago.

Among the Bikers.
At the request of the Territorial Fair association, Mr. A. J. Fischer has applied to the League of American Wheelmen for proper authority to enable the management to conduct the bicycle races at the fair.
The races this year promise to be unusually good, prizes being offered which place in the shade the premiums of former years. There will be six races and in all probability a seventh will be added for boys under 17 years of age who have never won a prize. Local wheelmen are in practice for the events. Mr. Fischer says the purses this season promise to approach nearer their advertised value than ever before and also that the track is to receive more attention than in former years.

TO THE SULPHURS.

Bond Bros. and the Springs People to Construct a Road Up Santa Clara Canon.

Santa Fe county citizens have long cherished the project of opening an available public highway into the heart of the Valles and Jemez mountain regions fifty miles west. Here the famous sulphur and Jemez hot springs are situated and the adjacent valleys are peopled by a class that would add much to the trade of Santa Fe.

For the past year Photographer Curran, Dr. Sloan, Mr. H. B. Cartwright and others have sought to co-operate with the people of Allerton and Bland in securing a route via the Cochiti district, but when one side was ready to act the other wasn't, so between the see-saw of it nothing has been accomplished.

Now, however, it appears that the original route suggested, years ago, is to be adopted, and Bond Bros., the well known merchants at Espanola, are to push the work on their own account, realizing that the road will repay them by bringing to Santa Fe county the patronage of probably 1,500 settlers. The sulphur springs are forty miles west of Espanola, and up the picturesque Santa Clara canon a good wagon road is to be built thither. Messrs. Smith and Zellhofer proprietors, of the two hot springs, are co-operating with Bond Bros. and aiding the enterprise financially. Advice from Espanola today say the contract has been let for construction of the road.

A Great Gathering.
The irrigation congress which meets in Albuquerque next month should be well attended by delegates from Colorado. Colorado people have not paid as much attention to New Mexico as they should, and some of them should take advantage of this opportunity to see that territory and become acquainted with its people. There will be an interesting excursion after the convention adjourns which will enable all who participate in it to see parts of New Mexico which probably some of them have never seen. This excursion will visit Santa Fe and then make a run by way of El Paso, Texas, to the Pecos valley.—Denver Republican.

S. SPITZ, The Jeweller

SANTA FE, N. M.

Engagement rings are pledges of the most joyous event in one's life. They point to the coming establishment of a new family in the state. No man ever does a handsomer act than placing the engagement ring upon the finger of his betrothed, and a man ought to choose the token with due care, as he does his future wife. There isn't any doubt about it, the greatest place in the town for young men to select engagement rings is at Spitz's grand jewelry emporium. He presents a sparkling array of them from the cheapest to the most costly.
