Bill Making Prize Fighting a Felony in Federal Territories Passed Senate To-day.

PRESIDENT WILL SIGN BILL TO-MORROW

Federal Authorities Preparing to Enforce the Measure—Populists Unite Against Quay's Effort to Re-commit Silver Substitute.

Washington, Feb. 6.—Secretary Morton has received a letter from the secretary of the Bay State Agricultural society of Massachusetts, enclosing a resolution adopted by that body approving of the action in stopping seed distribution, and condemning the old system of seed distribution to members of congress as an extravagant, unnecessary and wasteful use of public money.

THE ANTI-PRIZE FIGHT BILL.

The full text of the anti-prize fighting bill which passed the house yesterday is as follows: "That any person who in any of the territories or District of Columbia shall voluntarily engage in a pugilistic encounter between man and man, or fight between ox and bull or any other animals for money or for other things of value or for any championship, or upon the result of which any money or anything of value is bet or wagered, or to see which any admission fee is charged either directly or indirectly, shall be deemed guilty of a felony and upon conviction be punished by imprisonment in the penitentiary not less than one year nor more than five years.

"By the term 'pugilistic encounter' as used in this bill is meant any voluntary fight by blows, or by use of fist or otherwise, whether with or without gloves, between two or more men, for money or for prize of any character, or for any other thing of value, or for any championship, or upon the result of which any money or anything of value is bet or wagered, or to see which any admission fee is charged either directly or indirectly."

Mr. Quay to-day modified his resolution to recommit the tariff bill so as not to include instructions to the committee, and at his own request it went over until Monday.

Populist senators have decided in caucus to vote solidly against recommitting the silver substitute for the tariff bill.

If the Democrats stand together against the Quay motion, the decision of the Populists will be a defeat.

SECRETARY SMITH ON PACIFIC RAILROADS.

Secretary Hicks Smith, in a conference with the house Pacific railroads committee to-day, advocated the foreclosure of the government mortgage on the Pacific railroads and the sale of the roads.

He declared that there would be no difficulty in doing this without government ownership of the roads, to which he was opposed absolutely. He recommended that congress pass an act forfeiting the lands granted the two companies, exemption being made in favor of bona fide purchasers from the railroads. If congress did not legislate, he would revoke his suspension orders and patent the lands to the roads.

SCHEDULING BOND BIDS.

The work of scheduling and classifying the bond bids opened yesterday was resumed to-day and until the task is completed no exact information can be obtained as to the amounts bid for at each of the several rates, or how low a rate will be accepted.

The bid of J. P. Morgan and his associates will undoubtedly be accepted for a large amount, variously estimated at from \$45,000,000 to \$55,000,000.

In any event it can be stated that all competitors at a rate above that submitted by Morgan, \$110,000,000, will be rejected.

TAXATION OF INDIAN LANDS.

The senate Indian committee to-day adopted a favorable report on Senator Pettigrew's bill for the taxation of lands allotted to Indians in severalty.

The Red Lake and White Earth Indian reservations, comprising about 1,000,000 acres, a part of the old Chippewa reservation in Minnesota, will be opened to settlement on May 1, by a proclamation to be issued shortly.

NEW SENATE BILLS.

Among bills introduced in the senate were the following: By Senator Cannon, for annexation to Utah all that portion of Arizona lying north of the Colorado river and west of the eastern boundary of Utah. By Mr. Davis, to amend the Indian depletion act so as to permit the payment of claims for losses by Indian raiders on those persons who declared an intention of becoming citizens.

Work of a Hurricane.

Brooklyn, N. Y., Feb. 6.—A three-story brick building on Second avenue, between 29th and 40th streets, was blown down during a storm this morning.

The following persons are buried in the ruins: James Quigley, Michael Mulichy and Simonds.

The building was occupied by Bush & Denison, chemical manufacturers.

The bodies of Quigley and Simonds have been taken from the ruins.

Mulichy, the third man, was taken out alive, with a fracture of the leg and scalp wounds.

AN ERRING PREACHER.

Pastor of a Methodist Church in Kansas City Suspended Pending Investigation of Serious Charges.

St. Joseph, Mo., Feb. 6.—Rev. Thomas Cooper, L. D., pastor of Hurdley Methodist church in this city, has been suspended from the ministry, pending an investigation of charges of conduct unbecoming a minister. The matter will be investigated by a committee appointed by Presiding Elder O'Bryan. Rev. Cooper recently came from England, and at one time was pastor of a large church in Brooklyn.

THE BORDER PUGILISTS.

What Dan Stuart Has to Say—Laying Wagers—A Story from the Mexican Capital.

El Paso, Texas, Feb. 6.—Dan Stuart says: "There is nothing that can stop the prize fights. They are coming off just as advertised. You can say for me that so sure as the principals are alive and in condition to get into the ring on the day for the contests so sure will they fight to a finish. If there is anybody who evinces any sort of doubt as to this I will lay them four to one for any part of \$50,000."

City of Mexico.—El Globo says that the prize fight managers have offered the state of Chihuahua \$20,000 in gold for permission to have the contests take place on Mexican soil. Permission, adds El Globo, will positively not be granted.

Preparing for the Fight.

El Paso, Texas, Feb. 6.—Dixon and Walcott, the colored team booked to fight Marshall and "Bright-Eyes," arrived here yesterday accompanied by Tom O'Rourke and Joe Choyanski. Bat Matternson, Reddy Gallagher and Bob Austin will arrive to-night from Denver. Over 3,500 reserved seats for the carnival series of fights have been sold. Every train brings in a crowd and arrangements have been made for the side-tracking 400 Pullman sleepers here on the 15th.

The books on the carnival events were opened here yesterday with the following odds posted: Fitzsimmons, 7 to 10; Maher, 1 to 1; Walcott, 2 to 5; Bright-Eyes, 2 to 1; Dixon, 1 to 2; Marshall, 8 to 5; Everhart, 9 to 10; Leeds, 9 to 10; Barry, 4 to 5; Murphy, 1 to 1.

HEADLESS WOMAN AFFAIR

Murderers of Pearl Bryan, Found Dead Opposite Cincinnati, Have Confessed.

INDIANA PREACHER'S SON IMPLICATED

A Shocking Story of Ruin, Abortion and Murder—Bloody Satchel Found in Which Unfortunate's Head Was Carried Away.

Cincinnati, Feb. 6.—Scott Jackson, accused of the murder of Pearl Bryan, of Greencastle, Ind., has confessed and implicated Alonzo M. Walling.

Walling has also confessed to a personal knowledge of the murder. Walling tries to lay the whole blame on Jackson.

Jackson, while he admits his own guilt, takes pains to implicate Walling. The satchel, which the murdered woman brought here on January 28, was shown to Jackson to examine the blood stains in it.

He would not quite admit that the head had been in the satchel, but said it looked as if it had been there.

Previously Jackson said: "I am afflicted with fainting spells, and after they pass away I get delirious and don't know what I am doing. When I was a boy, living in Indianapolis, I have written in a delirium after a spell, dressed myself and wandered around for hours without knowing what I had done."

Scott Jackson made his confession by small statements because he saw the clouds evidently gathering around him. He was told of the details of the crime. When he admits that the girl was murdered, he does it as if a third person had committed the crime.

His room-mate, Alonzo Walling, has confessed to a knowledge of the crime, and is a go-between for Jackson. There is no doubt that Jackson was the principal.

William Wood, arrested at South Bend, Ind., is deeply implicated. A bundle of letters from Wood to Jackson bear this part of Jackson's confession out.

Nearly all of Wood's letters are about the girls and some are too grossly indecent to be read aloud.

Pearl Bryan would have become a mother in four months. Jackson says that Wood was responsible for her condition.

She arrived at the Cincinnati, Hamilton & Dayton depot here, on Tuesday night, January 28, at 7 o'clock.

John Bell took her to the Indiana house and by her orders notified Jackson. She told Bell that if Jackson did not come to see her, Walling would.

Jackson says that she came here to have an abortion performed. He implies that Walling procured it. He admits that she was killed in an attempt to perform the operation.

Neither Walling nor Jackson are specific in their statements as to where and how the crime was performed. Both agree that it was committed on Friday night.

Walling is more frank. Jackson speaks stolidly, but looks as if he would burst with remorse.

YOUNG WOOD ARRESTED.

South Bend, Ind.—Will Wood, son of Rev. D. A. Wood, of Greencastle, was arrested here on account of a telegram alleging that he might be an accomplice in the murder of the young woman at Fort Thomas, Ky., whose headless body was found there last Saturday morning.

It is alleged that Wood put the unfortunate girl on the train at Greencastle and was the last person at that place seen with her.

Wood and the officers left for Cincinnati to-day.

Business Disaster.

New York, Feb. 6.—Robert Adams, carrying on business under the name of R. & H. Adams, manufacturers of cotton goods, assigned to-day without preference to Chas. F. Shadle. The failure is said to involve \$500,000.

NEW MEXICO NEWS.

The first assay of ore from the Ulysses mine showed but 21 per cent iron. The latest assay is 1.64 in gold, 1.24 in silver and 46 per cent iron. It is enough to say that the owners of the mine are confident, and well encouraged to go ahead with the work of development as rapidly as possible.—Las Vegas Optic.

The monthly report of County Tax Collector A. Sandoval, compiled by Chief Deputy Jose L. Perez, at Albuquerque, shows January collections to have been as follows: Territorial, \$3,192,223; county of Bernalillo, \$10,995,771; city of Albuquerque, \$6,423,811; town of Gallup, \$728,362; total, \$23,325,144.

Cattle buyers for the Converse Cattle company, of northern Wyoming, are in this section. They have made large purchases from Bragaw & Potter, George town, Julius Wellenbach, Central, Kilburn Brothers, Mimbres; Sam Carpenter, Sapello; Farnsworth Bros, Gila; C. F. Schmidt, Pine Clowaga; F. M. Harper and Thomas Clark, Gila, and Horace Hooker, from the Mangus. The prices have ranged from \$12 to \$15 for 2-year-old steers. Deliveries will be made at the Silver City stock yards in May.—Silver City Sentinel.

The territorial grand jury at Lincoln reported twenty-nine true bills. Among the number are indictments against Esiquio Sanchez, Victoriano Lucero, Cruz Herrera and Juan Gutierrez for the murder of Elijio Garcia, near San Patricio, last summer, says the News. The bond of Esiquio Sanchez was fixed at \$12,500, and that of Victoriano Lucero and Cruz Herrera (joint bond) \$5,000, which also was given. Damiano Gutierrez, who confessed to having killed Garcia, and claims that he had no associates in the commission of the bloody deed, still languishes in jail, having waived an examination at the preliminary hearing held some months ago before Justice Gomez.

The Illinois Democracy.

Chicago, Feb. 6.—A local paper says: "Mr. Morrison will be in Illinois with the interstate commerce commission about February 22. If possible he will come sooner and immediately go to Springfield, call on Gov. Altgeld and Chairman Hurlbush and endeavor to get an inkling from them what they intend the Illinois delegation to do in the convention. He will remind them that last year when they were agitating the free silver movement he kept silent at their request and raised no protest when the silver state convention adopted an out-and-out 16 to 1 platform. If they refuse to make any promises favorable to sound money, Col. Morrison told his friends, he would make Democratic politics interesting for the next few months in Illinois."

THE FOREIGN BUDGET.

British Troops After Slave Raiders—Denial from Rome—France Displeased with Brazil.

London, Feb. 6.—Advices from Blantyre, under date of January 25, say that the Sikhs, under British officers, gained two brilliant victories over the slave raiders in British Central Africa. The Arabs were totally routed, fourteen chiefs captured and the road into the interior thereby cleared.

AN AUTHENTICATIVE DENIAL.

Rome.—The report that Cardinal Rampolla, papal secretary of state, had resigned, owing to serious differences with the pope, is denied in authoritative circles.

FRANCE AND BRAZIL.

Paris.—Several newspapers declare that the position of Brazil regarding the Amazon territory and the conduct of Cabral, the alleged governor of the disputed district, is becoming intolerable and that the national dignity requires that the matter be speedily concluded.

THE COCHITI DISTRICT.

Interesting Budget of Notes from the New Mexican's Special Correspondent at Bland.

Correspondence New Mexican.

Bland, Feb. 3.—What is most needed now in the Cochiti district is milling facilities and the attention of investors and competent and experienced mill men is invited to this fact.

We have two mills in the district, which from the lack of good management, that is evident to the most casual observer, have proved so far signal failures.

It is the history of most enterprises that there are always several failures to each success; but as the most trustworthy sources from which such information can be obtained it is asserted that there are no especial difficulties in the treatment of this ore, there is apparently no good reason why a large and successful mill should not now be operating upon the many dumps in this camp which are crying aloud for treatment.

One thing can be confidently asserted, that any successful process introduced into this camp that will save from 60 to 75 per cent of the values, and whose charges are reasonable, will be crowded with business.

The Washington, Lone Star, Albarbari, Union and No Name are working steadily. A number of claims in Colla and Peralta canons are also being worked, and the samples that have been brought in from this portion of the camp look very encouraging. It is likely that both of these canons will be connected with the railroad by good wagon roads this coming season, thus placing the mine owners in a position to work their claims profitably.

Some valuable claims were re-located on the first of this year through the negligence or indifference of their former owners to protect their rights by doing the necessary amount of work in 1895.

Sportsmen and fishermen, who intend visiting the James and San Antonio springs next summer, should make the trip over the new road via Bland. It will make an interesting trip and an easy one compared with others.

Bland has a full fledged literary society through whose efforts it is expected to produce some of New Mexico's future statesmen.

The Cochiti Miners' Protective association is the name of a new organization, which has recently been started. Meetings are held on the first Saturday of each month and the object is to defend all miners in their rights in this district as far as may be.

The action of the supreme court on the Cochiti grant case is eagerly waited for by our citizens. It is likely that some important deals will take place here when that decision is arrived at.

UNITED AND HARMONIOUS

Meeting of Democratic Territorial Committee at the Court House Last Night.

LAS VEGAS, ON MONDAY, JUNE 15, 1896.

Unanimously Agreed Upon as the Place and Time for Territorial Convention

—Strong Resolutions in Favor of Silver and Statehood.

The Democratic territorial committee met pursuant to call at the court house in the city of Santa Fe at 7 o'clock last evening with Chairman Crist presiding and Secretary Rafael Romero officiating at the desk. Besides members of the committee, 100 or so active and faithful Democrats of this city and vicinity were present by special invitation.

HARMONIOUS WORK.

The committee members actually present were Messrs. H. B. Ferguson and O. N. Marron, of Bernalillo; Pinito Pino, of Dona Ana; W. B. Walton and J. W. Fleming, of Grant; W. P. Cunningham and H. Crist, of Santa Fe; Rafael Romero, of Mora; and W. S. Howell, of Sierra, Alonzo Scherich, of Taos.

A number of gentlemen present held proxies, a committee on credentials, consisting of Messrs. Marron, Cunningham and Howell, was appointed to examine the proxies and report upon same.

This committee reported twenty-seven votes represented in the meeting by proxy or otherwise.

Among those who held proxies were A. A. Jones, of Las Vegas, proxy for G. A. Richardson, of Chavez county; E. L. Hall, of Santa Fe, proxy for Gov. Thornton; and J. H. Crist, of Santa Fe, proxy for C. H. Gildersleeve; A. Scherich, proxy for Juan Romero, of Taos.

Thereupon, on motion of Sheriff Cunningham, Mr. J. C. Hubbard was unanimously elected as a member of the committee from San Juan county, vice Frank E. Prewitt, removed from the territory, and Mr. Hubbard took his seat.

Secretary Romero then read a communication from Mr. J. H. Crist tendering his resignation as chairman of the committee.

Mr. Cunningham promptly moved that the resignation be laid on the table and the motion was seconded by Mr. Jones.

Pending this motion Mr. Crist called Mr. Ferguson to the chair.

Upon taking the floor, Mr. Crist explained that he had not tendered his resignation because he wished to shirk any duty he owed to the Democratic party; he had been an earnest worker in the cause of Democracy for twenty-three years and always expected to be such; his devotion to his party was only second to his loyalty to his family; but, under all the circumstances, he thought the acceptance of his resignation at that time would promote the interests of the party and for that reason it had been tendered.

The resignation was then laid on the table by a unanimous vote.

Upon resuming the chair, Mr. Crist said that he respectfully bowed to the expressed will of the committee and would allow the resignation temporarily to lie on the table.

QUESTION OF DELEGATES.

The question being asked at this juncture how many delegates New Mexico would be awarded in the Democratic national convention in Chicago, Mr. Ferguson, national committeeman from this territory, took the floor. After expressing deep regret that imperative professional engagements prevented his attending upon the recent meeting of the national committee at Washington, he explained that he had given his proxy to Mr. Allen W. Thurman, of Ohio, with explicit instructions to use his best endeavors to secure recognition of the territory to the extent of six delegates in the national convention, and had also urged written Chairman Hurlbush to the same effect. He said he was aware that, at the close of the last Democratic national convention, Messrs. Gorman, Bruce, and some others had spoken very bitterly against the territories having six votes each, accusing the delegates from New Mexico and Arizona of having cast the votes needed to nominate Mr. Cleveland, and had then declared that this should not happen again. Hence he had been particularly careful to urge the matter upon the attention of Messrs. Thurman and Hurlbush and was surprised that the latter had only awarded the territories two delegates each. He believed that New Mexico should select six delegates, and besides writing personally to all the members of the committee on the subject, he would certainly attend the next meeting of the committee in a few weeks and felt confident he could secure a change of the apportionment.

Mr. Howell then moved that the Democratic territorial convention to select delegates to the Democratic national convention to be held at Las Vegas on Monday, June 15. This motion was unanimously adopted.

After some discussion, the committee decided that the representatives in the territorial convention should be on the basis of one delegate for every 100 votes and one for each fraction over fifty votes cast for Hon. Antonio Joseph at the last election for delegate in congress. This will result in a convention of 154 members.

It was also decided to invite all who intend to act with the Democratic party in the future to participate in the primaries and county conventions.

Mr. Ferguson was confident that the Democratic party would take such an unequivocal stand in favor of silver that all friends of the white metal would feel bound to support its candidates.

The following committee was appointed to draft suitable resolutions: Messrs. J. W. Fleming, W. S. Howell, H. B. Ferguson, A. A. Jones and J. C. Hubbard.

After deliberating for half an hour the committee on resolutions, through Mr. Jones, reported the following:

THE RESOLUTIONS.

Resolved, That the Democratic party of the territory of New Mexico is heartily in favor of the free and unlimited coinage of silver, equally with gold, at the ratio of 16 to 1, without waiting for the action or consent of any other nation, and that we invite all believers in such bi-metallicism in New Mexico to attend our primaries and act with the Democratic party in striving to attain this great relief to the common people.

Resolved, That it is the earnest desire of this committee that New Mexico be admitted to the Union at the earliest practical moment, and that we pledge our

ABSOLUTELY PURE

unqualified support, and bespeak the support of the Democratic party of this territory to any just measure looking to that end, believing that the interests of all of the people of the territory would be advanced thereby.

Resolved, That we commend the action of the recent session of the

as eminently just and stand ready to lend our earliest support to any bill framed on the broad and generous lines therein laid down; but we unqualifiedly oppose and denounce as unfair and unjust the apportionment feature of the bill for the admission of New Mexico into the Union as a state, provided for in the bill introduced at the present session of congress by the delegate from New Mexico.

Resolved, That we heartily indorse and commend the manly and patriotic message of President Cleveland on the Venezuelan question, and his interpretation of the Monroe doctrine as the truest kind of Americanism. We furthermore congratulate the president on his courageous position on the tariff question, and we declare ourselves in favor of the free tariff for revenue measures.

Resolved, That the income tax seems to us to be the equitable distribution of the expenses of our government, and the only way to place the just share on those who derive the most benefit from the protection which our government affords.

Resolved, That we regard with pride the excellent administration of our territory and its enviable record under a Democratic head in the promotion of justice and the protection of the lives and property of our citizens; and we

close with an appeal to all Democrats to stand together, and not listen to the siren voice of radicals and Populists who are bent upon the destruction of our party and the formation of a mushroom growth with but one idea. The Democratic is the bulwark of the rights and the assurance of popular government in these United States.

On motion of Mr. Hall the foregoing resolutions were unanimously adopted.

Whereupon one of the most harmonious and satisfactory Democratic meetings ever held in the territory closed and the committee adjourned subject to the call of the chairman.

The Prize Fight Law.

A bill introduced by the representative of Grant county at the last session of the New Mexico legislature making prize fighting a felony, and killing a man in such fight murder in the first degree, failed to pass the house by a vote of 10 to 14, and there is no law against prize fighting in New Mexico, except the common law, under which it is a disturbance of the peace and not a felony.

Had public sentiment been aroused last winter as it has been since the fate of the bill in the legislature of this territory would have been a different one. At the next session adequate punishment for the human wastes who make public exhibition of their brutality for gain will be provided by statute and New Mexico will not thereafter be disgraced by alleged sport, which even in Texas is a felony.—Silver City Eagle.

THURSDAY, FEBRUARY 6.

Good for Democracy! Free coinage and statehood first, last and forever!

A splendid gathering of earnest Democrats. That was the size of last night's meeting.

To the gentlemen on the other side of the aisle: A united Democracy confronts you. Now beat it if you can.

Some of the goldites back east were afraid the "coin" bond issue would not be subscribed for. They don't know how big our country is.

The filling in of the gap between Albuquerque and Sempulpa would provide a new transcontinental route upward of 400 miles shorter than any now in existence.

The interests of the new south and the great west are identical. They can easily carry the country at the next election if they act together with wisdom and discretion. Will they do it?

The lower house of congress has passed an anti-prize fight bill. We are glad of this and the senate will not delay in following suit. Under this act it will be the duty of the U. S. marshals to suppress prize fighting in the territories. Attorney General Harmon has been in correspondence with Gov. Thornton and U. S. Attorney Hemingway for four weeks past on this subject and it was chiefly due to his activity in the premises that the act was so promptly pushed through the house yesterday.

A few years ago the region where the magic cities of Cripple Creek and Victor are located was regarded as only valuable for grazing stock and not very valuable for that. No one dreamed that that most barren and unpromising looking tract of land in Colorado would in 1896 be famous the world over as the richest gold producing district in the world. Once more permit us gently to hint that the yellow stuff is where you find it. So the gold prospectors of New Mexico are urged not to despair. There are more Cripple Creeks than one in the Rocky mountains.

DELEGATE CATRON'S MAIDEN SPEECH.

Delegate Catron's speech in congress yesterday was thoroughly characteristic of the man. It was his maiden effort, and his text was a good one—the suppression of prize fighting in the territories. Naturally, under such circumstances, it was to be expected that Delegate Catron would put forward his best efforts to make a good impression on his hearers and the country at large. The opportunity was at hand for him to exercise some tact and diplomacy; to have so judiciously selected his words as to impress the members of both senate and house with the idea that he was there as a statesman representing an enlightened and deserving constituency who would ere many days ask the attention of congress to other matters of which they stood in need, thus paving the way for consideration of the statehood bill by making friends at the outset among both Republican and Democratic members.

But did Delegate Catron do this? Not much! He could not even for once rise above his common level and cease to play the political demagogue. He must go out of his way to attack Gov. Thornton, and in doing so not only deliberately misrepresented the territory's chief executive, but placed all the people of New Mexico in a false light before congress and the country at large. The matter is made all the worse when one considers that Mr. Catron is himself a lawyer and knows well the text of every law on the New Mexico statute books. He understands perfectly that, whatever Gov. Thornton might earnestly desire to do toward the prevention of this prize fight on New Mexico soil, he is most heavily handicapped by the weakness of the territorial law on the subject. He might have referred to that fact in his speech, and pointed out that New Mexicans are as a rule so thoroughly law-abiding that

it never occurred to our legislators the necessity of placing the ban of the law on prize fighting—but he didn't. He preferred to give vent to his characteristic, petty partisan nature even at the expense of misrepresenting his constituency. That's Catronism pure and simple!

PRESS COMMENT.

Speaker Reed's Opposition.

By continuing his opposition to silver and statehood for Arizona and New Mexico Reed will read himself out of the presidency.—Las Cruces Republican.

A Light Place for Reed.

Now let Speaker Reed and his Republican colleagues in the house face the music like little men and go on record either for or against free coinage. No man can skulk into the White house, and Speaker Reed should be the last candidate in the country to try it.—Denver Republican.

Calla Catron "a Chap."

The Black Range says "the chap" that promised Reed six New Mexico votes for the presidency at the coming national Republican convention won't be able to deliver the votes, for as the "chap" is able to deliver the votes, he is Republican contingent, if he wants to, and has repeatedly asserted his ownership, the Black Range is.—Socorro Advertiser.

Twin Martyrs.

The New Mexican suggests that there is a disposition in certain quarters to make Col. Hudson a political martyr and asks "what will become of Col. Hughes?" There is room in the road for two abreast so neither need be dropped, and when all the Republican sealwags are in the line of "martyrs," what a procession they will make.—White Oaks Eagle.

A Do Nothing Policy.

Mr. Reed in advising a policy of inaction at the dictation of the so-called business interests, represented by the great newspapers and small publicists, has made a mistake which bids fair to cost him the presidency. His present attitude ill becomes his reputation for broad and courageous statesmanship, and if he expects to be a candidate in 1896, he will do well to put in a supplemental answer, and demand a restoration of the wool and woolen schedules, as well as many other provisions of the much abused but very practical McKinley bill.—Las Vegas Optic.

NEW MEXICAN PRINTING COMPANY.

The PECOS VALLEY of . . . NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally. The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world. Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation. The cultivation of canebrake—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring. Lands with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Pecos section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and track farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

SUNBEAMS.

It was simply a blunder of his in writing, and she should have known better; but there! women are such queer things! and she got as mad as could be about it. You see, he meant to speak of her laughing eyes, and as luck would have it, he wrote laughable eyes. That was all.

The Tyranny of the Desk.

We will suppose that your occupation is sedentary—that you are chained, so to speak to the desk in some counting house, or perhaps to the loom in some vast mill where you are compelled to labor from morning till night. Sunday is your only day of relaxation. Your return home every evening wearied mentally and bodily. Your health and strength begin to fail. What will most effectively recuperate your vital energy? The weight of evidence points to no other conclusion than that Hostetter's Stomach Bitters is your safest, most reliable sheet anchor. Use it persistently, and your system will soon regain its pristine vigor. Every function will receive a healthy impulse. There is no remedy to equal the Bitters for nervousness and want of sleep, dyspepsia, constipation and biliousness. It averts and remedies all forms of rheumatic disease, and is a preventive of rheumatism and neuralgia.

Mrs. Newrich: Henry, you gave yourself away badly at the dinner table to-night. Do you know you were actually eating with your knife?

Mr. Newrich: Not was I, though? I hope none of our guests noticed it.

Mrs. Newrich: Oh, I don't care so much about them—but our English butler did.

It is about as hard to break some people of bad habits as it is to break malarial fever when it once gets a firm hold upon one. Mr. C. H. H. of Lancaster, Ohio, says, "Simmons' Liver Regulator broke a case of malarial fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need of any medicine, and I recommend it."

Dr. Sage: You are troubled with headaches, and you do not sleep well. Evidently what you need is exercise. What is your occupation?

Patient: I am a woodsawyer.

Dr. Sage: Well—er, suppose you do not grease your saw for a week or two.

Threw Away His Cane.

Mr. D. Wiley, ex-postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his cane. He says this liniment did him more good than all other medicines and treatment put together. For sale at 30 cents per bottle by Ireland's pharmacy.

Bishop Gulkam. You mustn't grieve too much my dear sister. Remember that, though your dear husband has left this mortal body, he is still with you. That isn't going to affect the insurance, is it?

The little daughter of Mr. Fred Webber, Holland, Mass., had a very bad cold and cough which he had not been able to cure with anything. I gave him a 25 cent bottle of Chamberlain's Cough Remedy, says W. P. Holden, merchant and postmaster at West Brimfield, and the next time I saw him he said it worked like a charm. This remedy is intended especially for acute throat and lung diseases such as colds, croup and whooping cough, and it is famous for its cures. There is no danger in giving it to children for it contains nothing injurious. For sale by Ireland's pharmacy.

Mr. Washington, remarked Mrs. Cayenne, with a very gracious smile, you have not been as polite as most young men of my acquaintance. You have never proposed to me.

Why—replied Willie. I never thought you would listen to any such conversation on my part.

Oh, but I should, I can assure you, Miss Higgins and Miss Gittany both told me that you are wonderfully funny when you propose.

HE DENIED IT.

A Truthful Citizen Who Disputed a Doubtful Snake Story.

A man with a brilliant wad of London county whisks waging in front of him as he walked entered the office of The Star the other morning and asked to see the snake editor. That useful and at all times ornamental adjunct of every well regulated newspaper office was pointed out to the visitor, and he came over and sat on the corner of the desk. The snake editor smiled and bowed.

"Are you the man that writes those snake articles about London county?"

"Well," hedged the editor. "I put into readable form the truthful narrations of well known citizens of that rich, redied, religious, redundant and robust county, if that's what you mean."

"Do you mean to tell me," exclaimed the visitor, getting down off the desk in his excitement, "that London county has got hares into it like that?"

"Aren't those stories truthful?" asked the editor innocently.

"Course they ain't. They're a pass of lies from start to finish. Of course we've got snakes in London county, but no such dern fool snakes as them you've been printin' about. I've lived there for forty years, and I've never seen anything remarkable about our snakes. That's what I come in here for. I want to refute the statements I have been readin'."

"Why do you want to do that?"

"Because it is injurin' the good name of the county. People won't come to no such county as that if they read them stories."

"Well, if you will give me your name, I'll print a card from you in refutation of all these tales."

"That's what I'm after. My name is William Henry Harrison Higgins and—"

"Excuse me, Mr. Higgins," interrupted the man at the desk, "but weren't you in town four days ago?"

"Yes," and the visitor showed that he was surprised by the inquiry. "I come in there three or four times a week at this season."

"And weren't you talking to a policeman down at the B. and P. station that day?"

"You mean the depot?"

"Yes."

"Well, I was talkin' to him. I've knowed him since he was a boy."

"He told me that you had told him that you had killed a snake on your farm that was 18 feet long, and it had 12 chickens and a half of hen eggs inside of it."

The visitor banged the desk with his horny handed fist.

"Did he tell you that?" he exclaimed.

"He did, and told me that you would verify it."

"Well, I won't do nothing of the sort. He's a bigger liar than the rest of 'em."

"Didn't you tell him that story?"

"No, sir, I didn't." And the visitor was very indignant. "I told him the snake was 19 feet long and I've never mentioned chickens. There was turkeys, full grown turkeys, sir, and there was a plumb bushel of eggs. I don't see what a man wants to lie like that about a thing that comes as straight as what I told him. You just wait till I go out and settle with him, and I'll come back and write that card. Darn a liar anyway." And the man from London hurried away to see the policeman.—Washington Star.

Centuries ago, people used to fear what they called the pestilence. "Black death" was the most terrible thing in the world to them. They feared it as people now fear the Cholera and Yellow Fever. And yet there is a more terrible thing than any of these. There is a thing that causes more misery and more affliction than any of these. It is the commonest trouble that human beings suffer from. It is so common that nine-tenths of all the sickness in the world is traceable to it. It is merely that simple, common thing—constipation. There is no telling what it may lead to, but it is sure to lead to something bad. Its immediate effects are unpleasant in the extreme. It makes people listless, gives them headaches, makes the digestion poor, causes dizziness, loss of appetite, loss of sleep, foul breath and distress after eating. All this merely because Nature has been imposed upon, and has been refused the little help she needed.

This little help is furnished by Doctor Pierce's Pleasant Pellets. One pill is a gentle laxative and two a mild cathartic. There are two remarkable things about the "Pleasant Pellets." One is that they never gripe; the other that they cure permanently. There is no other medicine that does cure permanently. You can take any other thing else you like, as long as you like, and if you stop, your trouble will come back quickly, and the chances are the trouble will be worse than it was before. This is the reason of Doctor Pierce's Pleasant Pellets. You take them until you get yourself into perfect working order, and then you stop. You don't have to take any more Pellets. Gold at Cripple Creek.

The best way to get there is over the Santa Fe Route. The fabulously rich gold mining district of Cripple Creek, Colo., is attracting hundreds of people. By spring the rush bids fair to be enormous. That there is an abundance of gold there is demonstrated beyond doubt. Fortunes are being rapidly made.

To reach Cripple Creek, take the Santa Fe Route, the only standard gauge line direct to the camp. Through Pullman sleepers and chair cars. The Santa Fe lands you right in the heart of the Cripple Creek.

COURT TRANSACTIONS.

Supreme Court Yesterday Afternoon Made an Order Fixing the Terms Thereof—Biggs Timber Trees Case.

The territorial supreme court met at 2 o'clock yesterday with all the judges present except Mr. Justice Collier. No opinions were handed down. The only business of moment transacted was the adoption of the following order:

"It is ordered by the court that there will be held in each year two regular terms of the supreme court of New Mexico, to commence on the last Monday in the month of June, and the first Monday in the month of January.

"The July term of said court as heretofore provided is hereby abolished, and all writs, causes and other proceeding returnable or determinable at the said July term of the year 1896 shall be returnable and determinable at the term commencing on the last Monday in June next as hereby created."

In the U. S. district court, Judge Laughlin presiding, both the prosecution and the defense in the Biggs timber trespass case have rested and Mr. Hobbs, purchasing agent of the D. & R. G. company, is now on the witness stand for the prosecution in rebuttal.

This morning Mr. Hobbs declined to answer certain questions asked him respecting the consignees of certain dressed lumber turned over to the Denver & Rio Grande railroad by Mr. Biggs until he had consulted counsel, holding that if his answers would tend to criminate Mr. Biggs he would also tend to criminate the witness.

As neither of the counsel for Mr. Biggs cared to advise the witness in the premises, he was granted time to consult Gen. Bartlett, local attorney for the Denver & Rio Grande Railroad company.

ROUND ABOUT TOWN.

Democrats had the capital city grabbed last night.

U. S. weather bureau forecast: For New Mexico, fair weather to-night; Friday, snow and colder in north, and fair in south portion.

Chief Jose Cruz, governor of Taos pueblo, and twelve of his people are in town to-day talking "negotios" with Major J. L. Bullis.

The Postal Telegraph company has put on a messenger boy and Agent Imhoff will now undertake the prompt delivery of messages to any part of the city.

There will be the regular meeting of Paradise lodge No. 2, I. O. O. F., this evening at 7:30 at Paradise hall, to which all visiting Odd Fellows are given a cordial welcome.

Mrs. A. P. F. Caspe, nee Mary Motta, after a lingering illness, died at Denver a day or so ago. Her husband accompanied the remains to Las Vegas and they were interred there to-day, from the east-side Catholic church.

Zacarias Gallegos, son of Dario Gallegos, of San Luis, Colo., died at Lumberton on Monday evening after a long illness. The deceased was 30 years old and was at one time treasurer of Rio Arriba county. His body was taken to San Luis for burial.

Bonifacio Barron, collector of Taos county, reached the city last night. He comes to answer before the governor the county board's allegations that he is delinquent in his official duties. Mr. G. W. Knebel has been retained by him as attorney. The case is set for hearing on Tuesday next.

Hon. Geo. Curry was unavoidably prevented from attending yesterday's meeting of the Democratic committee, he having gone out from Las Cruces with one of the parties in search of Col. Fountain and son. Mr. Curry will, however, arrive here shortly and will proceed on to Washington to aid in pushing the statehood matter.

The remains of John A. Mackintosh, who died of hemorrhage at St. Vincent sanitarium yesterday, were shipped to Waterbury, Conn., to-day, accompanied by his wife. The funeral service was conducted by Rev. Mr. Craig. The deceased was a Mason and the local members of the order rendered every service possible to Mrs. Mackintosh.

If the miners of New Mexico desire to bring the mines of the territory prominently before the people of the country, every man interested in mining should give all the information he can for the mining pamphlet soon to be published by the Bureau of Immigration. Such information should be addressed to Major E. G. Ross, secretary, Santa Fe.

COL. FOUNTAIN'S FATE.

Still No Tidings of the Missing Father and Son—A Theory—Quiet at Las Cruces.

A Las Cruces telegram to the New Mexican states that up to 2 o'clock to-day nothing new had developed there as to the fate of Col. A. J. Fountain and son. There are three searching parties in the field. A member of one of the parties returned to Las Cruces yesterday afternoon and reported that Major Llewellyn's party were still following the trail along the Rio Pecos valley. It is probable that search parties from Lincoln, Roswell and Eddy are out by this time.

The idea now most generally expressed is that but for the presence of his son Col. Fountain would have been murdered when first captured. It is contended as probable that the desperadoes are heading toward the Pecos valley; that when at a safe distance from some small settlement father and son will be separated and the boy sent in to town, while Col. Fountain will be shot.

This afternoon Gov. Thornton telegraphs from Las Cruces that matters are quiet there. The suspense, however, must be terrible.

PERSONAL.

Hon. L. Bradford Prince returned home last night from Denver.

C. Van Dyne, Denver; R. T. Herrick, Topeka; F. R. Reese, Kansas City, are arrivals at the Palace.

Davy Morgan, of Lumberton, well known in northern New Mexico, passed through Santa Fe en route to Albuquerque to-day.

Billy Swyers, who has for years been one of the best posted miners and prospectors in the San Pedro district, is in town on his way to Cripple Creek.

At the Bon Ton: H. B. Weaver, Cripple Creek; Andres Gonzales, Cerrillos; R. Richardson, Antonito; F. A. Melancon, Lamy; H. E. Berry, Silver City; J. K. Ward, L. M. Risdon, El Paso; Frank Sawyer, Las Vegas; Richard Bailey, Albuquerque.

A Wood Peeper Shot.

Antonio Salazar has developed a decided and apparently irresistible penchant for the contents of other people's wood piles and clothes lines. Yesterday he was jailed for stealing clothes hanging in the yard of James Edwards, but was turned loose in time to make his usual morning raids on the wood preserves of Charley Palmer and Cooley Beaver. About 6:30 the latter saw Salazar on his (Beaver's) wood pile loading up his arms with fuel for a cold day. Beaver first at the thief with a 22-calibre rifle through a glass door and says that at the crack of the gun Salazar gave a "blat" and ran away with the wood he had secured in his arms. As Beaver shot at close range he is sure he hit his man, but, as he has heard nothing about the incident since, he thinks Salazar was not badly hurt.

They will arrive to-morrow at 10:30 a. m., another large shipment of dressed turkeys, spring chickens, broilers, extra select farm butter, pure country lard, guaranteed fresh eggs, etc. I get all my goods direct from the farms by special arrangement and keep nothing except strictly first-class goods, especially for those who can appreciate a good article, and my prices are always the lowest, quality of goods considered. Goods will arrive every Monday and Friday at 10:30 a. m., in the future. Don't forget the dates, and call early as my goods go out almost as fast as they can be unpacked and weighed. My store will be known in the future as "The Model."

Eruptions on the Skin.
Fort Wingate, N. M., Dec. 24, 1895.—"My little daughter who had eruptions on the skin and body looked as though it was blistered. The Ancient Pottery Fund.

Since we last mentioned the subject, one subscription of \$25 to purchase the pottery collection for the Territorial Historical society has been received from Hon. Felipe Chavez, of Belen. This is the more creditable to Mr. Chavez, as he was one of those who subscribed to purchase the Cole collection. The time for the purchase has almost expired and much anxiety is felt lest the collection should be lost to New Mexico.

Gov. Price, as president of the society, wrote eighty-six letters to those supposed to be most interested or public-spirited and thus far has only heard from ten. The other seventy-six responses are anxiously looked for. Meanwhile the whole public is appealed to, to keep this collection in the territory. Subscriptions of any amount will be thankfully received.

OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barrancas Station on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 95° to 125°. The gases are carbonic. Altitude 6500 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 100.84 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases:—Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day.
