ELEMENTS ON THE RAMPAGE

A Furious Wind Storm Followed by a Disastrous Deluge of Rain.

GREAT DAMAGE DONE IN NEW JERSEY

Rivers Swollen Out of Their Banks—Dams Giving Way—Cities Flooded—Many Lives Lost by Falling of a Rotten Bridge.

Sommerville, N. J., Feb. 7.—While the loss of property at Bound Brook last night by fire and flood will be well up to the expectation, based on the meagre information obtainable in season for the morning papers, it is now reasonably certain that but one life was lost.

A man named Miller entered a row boat intending to rescue a family, whom the rising waters had driven to take refuge in the upper part of their home about 100 feet back of the Raritan river. The swift current upset the boat, and Miller was not seen again.

Last night when the last messenger left Bound Brook, the flood had begun to subside. The water had spread backwards from the river about 1,000 feet, and the residents had been forced to take refuge in the upper stories of their houses. At 3 o'clock this morning the water was nearly ten feet high in Main street.

The flood was caused by a heavy rain fall overflowing the Raritan river.

SURROUNDING COUNTRY FLOODED.

Meadow Brook, about a quarter of a mile from the heart of Bound Brook, was also overflowed. The surrounding country for a quarter of a mile on each side of the heart of the village was flooded.

The three main blocks of the city were flooded, and while the citizens were trying to rescue the people from their houses, a fire was discovered in the lumber yard of L. D. Cook & Co.

Sommerfield and Plainfield were asked for assistance. Engines were started for Bound Brook but the roads were impassable. The fire had simply to burn itself out.

It is thought that twenty houses have been destroyed by fire and flood. There are reports current of loss of life in Bound Brook, beyond that of Miller, but the basis of the rumors can not be ascertained.

The telegraph operators at the Lehigh Valley and Central railroad depots for a time sent messages while standing in water up to their knees, but finally had to leave their posts.

The water put out the fire in the Raritan water works, leaving Raritan and Somerset valleys without water.

HURLED INTO THE TORNADO.

Plainfield, N. J., Feb. 7.—While a locomotive was making an ineffectual effort to draw a flat car carrying a fire engine to Bound Brook last night, it ran upon a mound, probably from Bound Brook, whom the overflow had driven to the higher ground upon which the track is built. It was hurled into the torrent and swept away.

BRIDGE HORROR AT BRISTOL.

Bristol, Conn.—Three men were killed by the fall of Pequabuck river bridge during the great storm last night. The bodies were recovered to-day. The victims are: Martin Curry, Daniel O'Brien, Nicholas Rich.

There were thirteen men on the bridge when it went down. The ten survivors sustained painful injuries.

The men constituted a gang of engineers, mechanics and laborers, engaged in strengthening the bridge which had recently been condemned as unsafe.

FEARED THAT EVEN MORE WERE LOST.

This afternoon consternation was caused by the discovery that on the bridge at the fatal moment there were twenty-one men instead of thirteen. Seven men are missing.

Searchers feel confident that in the Plainfield pond there are several bodies. The pond is covered with ice.

ROCKMOUNT LAKEDAM GAVE WAY.

Morristown, N. J.—The residents of Lower Stringtown were kept in a state of terror all night by floods caused by the breaking of Rockmount lake dam in the upper end of town.

The water rushed into the valley, sweeping everything before it. The people had to take to the upper stories and remain there until they could be removed in boats.

The water in the streets rose to a depth of from seven to ten feet. No lives were lost.

The most serious damage was done to the Hygiene Ice company, electric light power house and the Cady and Seely estates.

FURY OF THE STORM MODERATED.

New York.—The storm, which began on Wednesday night and reached a hurricane force yesterday, continues to-day, but greatly moderated.

SIMMONS

REGULATOR

GOOD FOR EVERYBODY

and everyone needs it at all times of the year. Malaria is always about, and the only preventive and relief is to keep the Liver active. You must help the Liver a bit, and the best helper is the Old Friend, SIMMONS LIVER REGULATOR, the RED Z.

Mr. C. H. Hiram, of Lancaster, Ohio, says: "SIMMONS LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish Liver.

J. H. Zeller & Co., Philadelphia.

THE SICK MAN'S DOMAIN.

Sultan in the Role of a Serene and Artistic Lion—Improbable Story Regarding Dardanelles.

Constantinople, Feb. 7.—The sultan has replied to the autograph letter of Queen Victoria, which it has been understood was a personal appeal to the better nature of the sultan against the conditions in Asia Minor, sympathizing with her in the humane sentiments expressed and declaring that the reports of the massacres were spread by evil disposed persons. The sultan adds that, contrary to allegations, the Turks were first attacked while praying in a mosque.

THE SULTAN'S SERENE ASSURANCES.

The sultan assured the queen that the measures taken have succeeded in restoring order, that, except at Zeitoun, quiet prevails everywhere, and that the negotiations going on with the insurgents are sincere and will undoubtedly lead the inhabitants to quiet.

WOMAN MUST ASK THE POWERS.

Regarding the request of Minister Terrell that the United States legation be allowed a dispatch boat for its service, the Turkish cabinet contends that, as the passage of the straits of Dardanelles was regulated by an agreement between the six powers, the United States must apply to them for the necessary permission, as she is not a party to the treaty of Paris.

On behalf of the United States it is understood that the contention is made that the regulations do not apply to the United States and she considers the straits of Dardanelles open waters.

It is stated that the reason for the port's hesitation to grant the request of Minister Terrell is the opposition of Russia.

THE ILLINOIS DEMOCRACY.

Much Ado Over Morrison's Financial Views—Statements by Cable and Hinrichsen.

Chicago, Feb. 6.—The managers of the Democratic state convention appeared considerably disturbed over the report that Col. W. R. Morrison would not ask the support of the Illinois delegation as a candidate for president unless the leaders of the party in this state abandoned their position on the silver question.

Charles Hinrichsen, of the state committee said there was no truth in the story. "I suppose if true," Mr. Hinrichsen said, "that Col. Morrison will be in Chicago about the middle of this month. He will not, however, undertake to state the position which the Democratic party in Illinois shall assume on the financial issue. I have a perfect understanding with Col. Morrison. I know that he would be glad to have the support of Illinois Democrats for the presidency. He has his views on the money question, just as I have mine."

"Neither of us can assume to say what the party will do. That is a matter to be settled at the state convention. I have no doubt that the convention will declare in favor of FREE COINAGE."

of silver at 16 to 1. I am confident the support of the delegates because they stand on a 16 to 1 platform. I look upon the report that this is in coming out here to submit an ultimatum on the money issue to Governor Altgeld and me."

Benjamin T. Cable, national committeeman from Illinois, said to-day that the report concerning Col. Morrison's attitude toward the silver leaders was true.

"Col. Morrison is an advocate of sound money," Mr. Cable said, "and he will not be a candidate for president on a platform which declares in favor of free silver. If the silver leaders in this state are sincere in the support of Col. Morrison for the presidency, they should permit him."

TO FRAME THE PLATFORM.

upon which he proposes to stand. It would be absurd for the state convention to adopt a declaration in favor of free silver and then instruct the delegation to the national convention to vote for Col. Morrison for president.

"Such action would prove a handicap which would prevent him from receiving the support of delegates from the sound money states. I know that it is Col. Morrison's purpose to confer with Mr. Hinrichsen and Governor Altgeld when he comes to Illinois. He will ask them to stop the agitation for free silver if they honestly desire to see him nominated for the presidency. If they decline, he intends to take an active part in the fight which is to be made in this state for sound money. Those who know Col. Morrison could not reasonably expect him to do otherwise than I have stated. He is a man of convictions and he would not surrender a principle in order to be president."

Can Not Fight in Mexico.

City of Mexico, Feb. 7.—The position of the Mexican government on the impending prize fight is decidedly hostile. Gov. Ahumada, of the state of Chihuahua, is in the city and said:

"On no pretext will I grant a permit for a fight on Mexican soil. I will go further than that, for I will take every possible means to prevent the fight. I have a force of cavalry out scouting along the frontier and have ordered them to arrest anyone entering Mexico to take part in a prize fight. I shall be myself at Juarez Sunday for the purpose of stopping this business. There is a piece of debatable territory near Juarez that is under control of the United States, but I may say in that on Mexican soil, under our jurisdiction, the fight shall not take place, nor is there money enough in the United States to induce me as governor to allow the fight."

Will Be a Total Loss.

New York, Feb. 7.—A dispatch from Patehogue, Long Island, says: It is blowing a gale all along the coast. The men who remained on the stranded steamer Lamington have been taken off by the breeches buoy. The opinion seems general that the Lamington will be a total loss.

CRIME'S HIDEOUS DOINGS

The Murderers of Pearl Bryan, Opposite Cincinnati, Held Without Bail.

WOMAN'S HEAD BURIED IN THE SAND

Victim of a Woman's Rage in Kansas City—Fratricide and Suicide in Iowa—Acquitted of Wife Poisoning in Nebraska.

Cincinnati, Feb. 7.—Scott Jackson and Alonzo M. Walling, dental students, arrested on the charge of murdering Pearl Bryan, were to-day brought into the police court and arraigned on the charge of murder.

Both pleaded not guilty and were remanded without bail.

William Wood, arraigned on the charge of aiding in committing abortion, pleaded not guilty, and was held in \$5,000 bail, which will be given in a short time.

BURIED IN A SAND-HOE.

Alonzo Walling, one of the suspects of the murder of Pearl Bryan, to-day confessed that all the clues he furnished as to the head of the decapitated woman were misleading.

He said: "The head is buried in a sand-hoe at Triton, a suburb near Fort Thomas, on the Kentucky side of the river. Jackson often spoke of that place as a good one to hide anything."

SHOT IN A RAGE OF JEALOUSY.

Kansas City.—Louis Frank, aged 21, was shot and fatally wounded this morning by Mand Clifford, a disreputable woman, in a rage of jealousy.

SHOOTING FRATRICIDE.

Hedrick, Ia.—J. O. Merfield, aged 13, quarreled to-day with his brother, Hugh, aged 10, shot and killed Hugh and then committed suicide.

AT THE NATIONAL CAPITAL

Anti-Prize Fight Bill Was Signed by the President at 4:30 P. M. and Is a Law.

LAW WILL BE ENFORCED TO THE LETTER

Senate Passes Shafroth's Bill Opening Forest Reserves to Colorado Prospectors—Silly Sectional Wrangle in the House.

Washington, Feb. 7.—The Catron prize fight bill will be sent to the president to-day and very likely will be a law before to-morrow morning.

The emergency due to the prospective Fishcom-Maher and other contests has aroused the friends of the bill to move with a celerity extraordinary in congressional procedure.

Speaker Reed's signature will be affixed to the bill early this afternoon and the bill will then be rushed to the White house. The president's attention will be called to it at once and no doubt it is entertained regarding his prompt signature. The bill from that moment will be a law of the United States.

The temper of the officers of the government is so well known that, although they decline to be quoted, it can be stated positively that no effort will be spared to prevent the fight.

The Catron bill makes prize-fighting a felony punishable by imprisonment of from one to five years.

Should those connected with the proposed fight have the temerity to bring it about in violation of law, they will find themselves vigorously prosecuted as a warning to any persons who may design following their footsteps.

WILL BECOME A LAW TO-DAY.

At 2:30 this afternoon, Speaker Reed announced to the house that his signature had been affixed to the anti-prize fight bill. President pro tem Frye, of the senate, has also signed the bill.

Delegate Catron says that the bill will reach the White house before 4 o'clock this afternoon and he expects it will become a law to-day.

SIGNED BY THE PRESIDENT.

The Catron bill to prevent prize fighting in the District of Columbia and the territories was signed by the president about 4:30 this afternoon.

MAINE AGAIN COMES TO THE FRONT.

The first hour in the senate to-day was consumed in the election of Mr. Frye, Republican, of Maine, as president pro tem. The election was unanimous.

BOND SCHEDULES IN PRESIDENT'S HANDS.

The work of classifying bids for the new loan above the Morgan rate of \$10,577 has been completed and the schedules were taken to Secretary Carlisle just before he left for the cabinet meeting. The result was laid before the president this afternoon. The opinion still prevails that the Morgan syndicate will get something in the neighborhood of \$50,000,000 of the bonds.

SILLY WRANGLE IN THE HOUSE.

The house to-day suddenly became involved in a bitter controversy. It sprang from remarks made by Mr. Talbot, Democrat, of South Carolina, in defense of secession, which Mr. Barrett, Republican, of Massachusetts, interpreted as treasonable.

Mr. Barrett had the speaker's words taken down and offered a resolution of censure.

After a wrangle and some explanations, Mr. Delzell, of Pennsylvania, moved to refer Barrett's resolution to the committee on judiciary. This was carried by a large majority. This is understood to mean that no notice will be taken of the matter.

COLORADO INTERESTS CARED FOR.

Senator Wolcott to-day obtained unanimous consent to take up the forest reservation bill in the senate. The bill passed without opposition or debate, except that Senator Hill asked whether the purpose was to permit gold mining. To which Mr. Wolcott replied that it was for the encouragement of mining a metal for which the New York senator's constituents had especial veneration. Mr. Wolcott also made a brief explanation of the bill. It will now go to the president.

THE GOVERNOR'S REPLY.

After having given out their garbled extract from Gov. Thornton's letter, which so grossly misrepresented the executive and served as an invitation for the prize fighters to invade Mexico, the El Paso Minister's union seems to have endeavored to remedy their ill-advised action by giving to the press the governor's letter in full. This is what Gov. Thornton wrote them:

"I have the honor to acknowledge the receipt of your favor of the 2d inst., in reference to the report that Dan Stuart was arranging to bring off the prize fights in New Mexico. I have looked into this matter very carefully, and, while I have some fears of the truth of what you say and suggest, I think the intention is to compel New Mexico, only in the event that they fail to make arrangements in Juarez. I have already written the legal authorities in Dona Ana county and requested them to see that the law is fully enforced, and to prevent any violation of it. I must be candid, however, and say that the powers of the legal authorities are very limited in this territory; there is absolutely not a word upon our statutes making it a crime to be engaged in prize fighting in this territory, and we can only depend upon the law with regard to branches of the peace officers of the militia. I am candid with you, because I know just how you feel on this subject and I desire you to realize how helpless the territorial officers are should an attempt be made to bring off the fight in New Mexico. I will, however, do all I can, you may rest assured, to prevent this disgrace being brought upon our territory. Yours very respectfully,

"W. T. THORNTON."

Railroad Men Killed.

Pittsburg, Feb. 7.—A shifting engine on the Baltimore & Ohio railroad ran into a second engine at Rankins crossing, nine miles east of here, this morning, killing Conductor W. H. Cooper and fatally injuring Motorman John Ridgely eight passengers escaped with slight bruises.

AGAINST THE CAT'S PAW.

Chicago, Feb. 7.—Attorney General Maloney to-day decided, in an exhaustive legal opinion, that the proposed consolidation of the Chicago gas companies, comprising the so-called trust, can not be made under the laws of Illinois.

WILLIAM H. ENGLISH DEAD.

Indianapolis, Feb. 7.—William H. English died here to-day.

[The deceased was born in Lexington, Ind., 74 years ago, was a representative in congress from 1882 till 1886, and in 1890 was the Democratic candidate for vice-president on the ticket with Gen. Hancock.]

KANSAS FOR McKINLEY.

Topeka, Kas., Feb. 7.—The Republican state central committee named March 10 and Wichita as the place for holding a convention to elect six delegates at large to the national convention. There was much opposition to this early date by the friends of Reed and Allison, who contended for April 13, but the committee being largely composed of McKinley men, the date was fixed because the Ohio convention was called for March 10. McKinley men said they wanted to send greetings to Ohio while its convention was in session.

PRESIDENT RIPLEY'S TRIP.

Topeka, Kas., Feb. 7.—The general reduction in the force of all departments of the Santa Fe system commenced by President Ripley in Chicago, and continued on his trip to the west, has caused consternation here. The President's ax has fallen on the neck of scores of employees in the general office building and in the shops at Topeka, while every day reports of cutting down and dismissals come from points along the entire line. It is announced here that President Ripley to the west is made for the purpose of gaining information as to where he can cut off expenses, and that he is determined to reduce the operating expenses to a minimum.

It is probably true that President Ripley after abolishing all positions which appear to be more ornamental than necessary, will follow the rule of his predecessors and order a general reduction of 10 per cent on all salaries.

THE BORDER PUGILISTS.

What Dan Stuart Has to Say—An Unclaimed Strip of Land—The Preachers and the Governor.

According to the El Paso papers Dan Stuart has not in the least been touched by the action of congress in prohibiting prize fighting in the territories. The Times says that to the newspaper men he turned a placid and confidential front and smilingly assured them that his great carnival of physical culture contests would come off as scheduled, even should England send her "hying squadron." He did not know nor had he been trying to take his carnival to New Mexico, and said Mr. Catron's bill would not interfere with the carnival program.

It seems that there is a strip of "no-man's land" about a mile wide lying between Texas and New Mexico. A few miles north of El Paso, on which the fight may take place. The El Paso Tribune says of this: "Of course, the officers of New Mexico have no authority south of the territorial line, and those of Texas can not go north of the state line, and if anybody wants to fight between what's to hinder?"

THE GOVERNOR'S REPLY.

After having given out their garbled extract from Gov. Thornton's letter, which so grossly misrepresented the executive and served as an invitation for the prize fighters to invade Mexico, the El Paso Minister's union seems to have endeavored to remedy their ill-advised action by giving to the press the governor's letter in full. This is what Gov. Thornton wrote them:

"I have the honor to acknowledge the receipt of your favor of the 2d inst., in reference to the report that Dan Stuart was arranging to bring off the prize fights in New Mexico. I have looked into this matter very carefully, and, while I have some fears of the truth of what you say and suggest, I think the intention is to compel New Mexico, only in the event that they fail to make arrangements in Juarez. Wood has electronic not accepted. No display advertisements accepted for less than \$1 net, per month. No reduction in price made for "every third day" advertisements.

FRIDAY, FEBRUARY 7.

DEMOCRACY'S STAND.

Resolutions unanimously adopted by the territorial Democratic committee in session at Santa Fe February 5, 1896:

Resolved, That the Democratic party of the territory of New Mexico is heartily in favor of the free and unlimited coinage of silver, equally with gold, at the ratio of 16 to 1, without waiting for the action or consent of any other nation, and that we invite all believers in such bi-metallicism in New Mexico to attend our primaries and act with the Democratic party in striving to attain this great relief to the common people.

Resolved, That it is the earnest desire of this committee that New Mexico be admitted to the Union at the earliest practical moment, and that we pledge our unqualified support and bespeak the support of the Democratic party of this territory to any just measure looking to that end, believing that the interests of all of the people of the territory would be advanced thereby.

Resolved, That we commend the action of the recent Republican territorial committee with reference to statehood as eminently fair and just and stand ready to lend our heartiest support to any bill framed on the broad and generous lines therein laid down, but we unqualifiedly oppose and denounce as unfair and unjust the apportionment feature of the bill for the admission of New Mexico into the Union as a state, provided for in the bill introduced at the present session of congress by the delegate from New Mexico.

Resolved, That we heartily endorse and commend the manly and patriotic message of President Cleveland on the Venezuelan question, and his interpretation of the Monroe doctrine as the truest kind of Americanism. We furthermore congratulate the president on his courageous position on the tariff question, and we declare ourselves in favor of the true tariff for revenue measures.

Resolved, That the income tax seems to us to be the equitable distribution of the expenses of our government, and the only way to place the just share on those who derive the most benefit from the protection which our government affords.

Resolved, That we regard with pride the excellent administration of our territory and its enviable record under a Democratic head in the promotion of justice and the protection of the lives and property of our citizens; and we close with an appeal to all Democrats to stand together, and not listen to the siren voice of radicals and Populists, who are bent upon the destruction of our party and the formation of a mushroom growth with but one idea. The Democratic party is the bulwark of the rights and safety of the people, and its existence is the assurance of popular government in these United States.

New Mexico's Democracy is all right.

The unanimity with which the business before the Democratic territorial committee was transacted constitutes a happy augury for the future of the party.

The goldites are getting scared sure enough. Banker Henry Clews' Wall street circular calls for "the prompt and earnest union of the friends of sound money, irrespective of party lines, and its firm defiance of the wily influences of party leaders." Thought the silver crass had "faded out."

UNEQUIVOCAL, sound and sensible are the resolutions adopted by the Democratic territorial committee. The New Mexican will carry them on this page for a time in order that every citizen of the territory may read and ascertain where the Democracy stands on leading questions of the day. Read them over.

Hon. Wm. R. Morrison, prominently spoken of as possible Democratic nominee for the presidency, promises to come out to Illinois in a few days and have a plain, old-fashioned pow-wow with his Democratic friends. That's good. It won't take long to find out just where Col. Morrison stands as to matters of finance after he and the Hon. Brook Hinrichsen get together. The west is waiting.

THE ghoul! Here's the report that comes from Las Cruces touching the Fountain case: "Republicans are diligently working the case for political effect and to influence the court in deciding the contest case. The Rio Grande Re-

publican prints an extra saying the murder is the direct result of Judge Bantz' delay, and calling upon him to decide at once in favor of Raymond." For shame! Despicable indeed must be the cur who at such a time and under such circumstances would give vent to such utterances.

NEW MEXICO'S MISREPRESENTATIVE.

The Albuquerque Democrat makes editorial mention of the fact that the house committee on Indian affairs has favorably reported a bill providing for a commission to treat with the Shoshone and Bannock Indians with a view to arriving at an amicable agreement for the enforcement of the game laws of Wyoming; and, as the same conditions as those sought to be remedied in Wyoming prevail touching the protection of game in New Mexico and the other states and territories embracing and contiguous to Indian reservations, the suggestion seems timely that the scope of the bill as reported should have been enlarged to cover all similar cases. Unquestionably the committee could easily have been persuaded to make the bill applicable to New Mexico as well as to Wyoming if Delegate Catron had cared enough about the protection of game in this territory to ask for such an amendment.

Appropos to the measure mentioned it may be added that a bill has also been favorably reported to the house making liberal provision for schools of mines in all of the western states, and that Representative Shafroth has actually secured the passage by the house of his bill throwing open to prospectors and miners the national forest reserves in Colorado. But, notwithstanding that our school of mines and our prospectors are surrounded by conditions exactly like those existing in the mountain states and are really in greater need of the fostering care of congress, no mention of New Mexico is made in either of these bills and it does not appear that Delegate Catron made the slightest effort to have the territory he misrepresents recognized in either. How easy, how fitting and how natural (one would think) it would have been for him to go before the proper committees and urge amendments to these measures so that New Mexico would share equally with the mountain states in their benefits.

But what does the great I am of the Button brigade care about the protection of game, the building up of mining schools or promoting the mining industry of New Mexico? Just as much as he once declared he did about the education of the "d—d pauper children of Cerillos," or as old Commodore Vanderbilt announced he did about public opinion when he said "the public be d—d," or as much as the infamous Boss Tweed once indicated he cared about being called a thief, when, with his vaults bursting with plundered millions, he impudently and audaciously replied to a newspaper exposure of his colossal crimes against the people by asking: "What are you going to do about it?" But Boss Tweed fell from his throne of stolen gold with an awful crash and some other great people we have in mind better beware how they insult and defy public opinion.

We carry a full and complete line of all Legal Blank, including those required by the Brand Law enacted by the last legislature.

NEW MEXICAN PRINTING COMPANY.

The PECOS VALLEY of . . . NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally. The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world. Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation. The cultivation of canebrake—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Lands with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Fells section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold. FOR FULL INFORMATION REGARDING THE PECOS VALLEY WITH COPIES OF ILLUSTRATED PUBLICATIONS ADDRESS

Sierra County Bank of Hillsboro—Loans and discounts, \$32,931.10; due from other banks and cash on hand, \$55,236.20; other resources, \$1,000; capital stock paid in, \$50,000.00; surplus and profits, \$1,348.32; deposits, \$57,821.38.

OFFICIAL NOTES.

Hon. E. L. Hall, U. S. marshal, left Santa Fe last night for Silver City on official business.

The governor has appointed the following notaries public: Oscar R. Tanner, Roswell, Chaves county; George H. Moore, Albuquerque, Bernalillo county; Miss Dora Snyder, Lumberton, Rio Arriba county.

The examination of witnesses in the Biggs timber trespass case still occupies the attention of the U. S. district court. Mr. Hobbs, purchasing agent of the Denver & Rio Grande Railroad company, concluded his testimony in rebuttal last night and left for Colorado this morning. Col. C. G. Coleman is now on the stand in rebuttal.

ROUND ABOUT TOWN.

Old papers for sale at the New Mexican office.

A nice little snow last night but not enough to set the sleighs a-going.

U. S. weather bureau forecast for New Mexico: Generally fair to-night and Saturday; colder to-night.

Last night's snow storm was heavy in northeastern New Mexico, delaying the morning train from the east until 1:20 this afternoon.

All the cuts and canons in the Santa Fe mountains are packed hard with snow and on the level the mountains are well covered. There will be no lack of water for irrigation purposes in the valleys this year.

Heavy cattle shipments from the south via this city and over the narrow gauge to San Luis valley are expected this spring. The two railroad companies are discussing plans for the building here of joint stock yards so as to facilitate transfers from the broad to the narrow gauge cars.

Sheriff Geo. Sena arrived from Lincoln county this afternoon and brought several convicts for the pen.

Don't forget the dramatic and musical entertainment and dance at St. Francis hall to-morrow night. One special feature of this entertainment will be a musical selection on the harp and flute by Prof. Davila and Mrs. Noceda respectively. This alone will be worth the price of admission.

Santa Fe's bread war is still on and 8,000 tickets have been sold at the rate of \$1 for 40 loaves; but up in Trinidad there is a groceryman's war in full blast. Here are some of the prices: 20 lb granulated sugar, \$1; sugar cured hams, 1 lb, 9c; sugar cured breakfast bacon, 5c; best grade dried salt bacon, 5c; pure broken Mocha & Java coffee per lb, 17c; 17 lb pail fruit jelly, 50c; California apricots, 3 lb can, 10c; California grapes, 3 lb can, 10c; California peaches, 3 lb can, 12c.

Eruptions on the Skis.

Fort Wingate, N. M., Dec. 20, 1895.—"My little daughter who had eruptions on the skin and body looked as though it was blistered. I have been giving her Hood's Sarsaparilla and she has taken several bottles and is now almost entirely cured. The doctor said she would need a change of climate, but Hood's Sarsaparilla has made this unnecessary." J. T. Freeman.

Hood's Pills cure all liver ills.

COUNTY COMMISSIONERS.

Transactions at Regular Monthly Meeting—Accounts Allowed and Paid—Other Routine Business.

The board of county commissioners met on Monday afternoon with all members present.

Mr. John P. Victory, attorney for Mrs. Eselbach, appeared before the board and asked for a reduction of assessment on property owned by his client in Santa Fe. Petition not granted.

In the matter of the petition of Mrs. Augusta Probst for a reduction of assessment on the Yrisarri property, the board reduced the assessment 33 1/3 per cent.

A petition was then presented by the tax payers of Espanola asking that Manuel D. Martinez be appointed road overseer of that precinct. The petition was granted.

Mr. A. P. Hill, county clerk, submitted his annual report, which was examined and approved.

The following accounts were audited and paid:

J. H. Crist, district attorney, \$33.33; J. B. Cartwright, treasurer, \$27.50; John Hampel, services, \$3.52; Manuel Valdez, ex-assessor, \$329.51; A. P. Hill, clerk, \$38.25; New Mexican Printing Co., \$113.50; New Mexico penitentiary, \$46.50; W. P. Cunningham, sheriff, \$334.50; Cayetano Garcia, jailer, \$50; Jose A. Martinez, jailer, \$60; Dudson & Davis, coal, \$37.50; C. W. Dudson, county commissioner, \$41.87; W. C. Rogers, county commissioner, \$46.23; Pedro A. Lujan, county commissioner, \$43.77; Apolonio Chavez, probate judge, \$50; Esiquio Chavez, services, \$44.25; Patrocinio Lopez, janitor, \$41.50; Stephens Printing company, \$10.

The board then adjourned subject to the call of the chairman.

John McCallough Havana cigars at Colodosaloon.

PERSONAL.

Ex-Senator John Martin is a guest at the Palace.

S. L. Bachelder, of Tree Piedras, stops at the Exchange.

U. S. Marshal Hall and Assistant U. S. Attorney Geo. P. Money have gone to Silver City on court duty.

John J. Bell, esq., a well known Grant county citizen, is visiting the capital. He registers at the Exchange.

Mr. Camilo Padilla is officiating as interpreter at the U. S. district court during the temporary absence of Mr. Rafael Romero.

At the Palace: H. O. Barsam, Socorro; Thos. F. Van Wagener, Denver; Jim Curry, Espanola; S. Burkhardt, Albuquerque; W. F. Ehlennacher, Ft. Worth.

At the Bon-Ton: George Murray, Cerillos; Francisco Montana, Albuquerque; Albert Parks, Raton; Jose De La O, Antonio Mestas, Chimalay; G. A. Riddle, R. A. Dunn, Antonio.

What Was Expected of It?

An assay of ore from the Greater Las Vegas mine, located about 500 feet up Vegosa arroyo, from the Ulysses mine, gives a return of 40 per cent iron, with no indications of either gold or silver. This is much better than was expected of it.—Las Vegas Optic. It may be an important question, but the New Mexican really can not refrain from asking, what was expected of the stuff? Possibly more "manganese."

THE MARKETS.

New York, Feb. 7.—Money on call firm at 4 per cent; prime mercantile paper, 6 @ 8 per cent. Silver, 67 1/2; lead, \$2.90.

RAILWAY RIGHT-OF-WAY.

Somebody Preparing to Build a Road from Sepulpa Into New Mexico.

The bill introduced by Congressman Curtis, of Kansas, authorizing the St. Louis, Oklahoma & Southern Railway company to construct and operate a railway through Indian Territory, Oklahoma and New Mexico was passed in the lower house of congress on Tuesday. This is important to New Mexico residents as indicating that somebody has an eagle eye on the main chance which lies between Albuquerque, White Oaks and Clayton. The right-of-way bill authorizes the above named corporation to build both south and west from the western terminus of the St. Louis & San Francisco road at Sepulpa. The southern arm, it is provided, shall run via Stone-wall on Red river and Willis, I. T., to Aransas Pass, and the western line skirts "the northerly side of Wilbarger county, state of Texas, and from thence to the east line of the territory of New Mexico, and thence through New Mexico to a point at or near El Paso, Texas." The road must be completed inside of five years.

Notice.

Nurse F. R. Hilder, from St. Luke's hospital, Denver, is open for an engagement for three weeks. Apply at Mrs. Varhol's, corner of Frisco and Rosario streets.

Cheap Clothing.

Parents can leave their orders with Jake Levy and get boys' and youths' clothing from Wannamaker & Browne 25 per cent cheaper than anywhere else in town. Prove it by calling on him.

For Sale or Rent.

The Siamous house, a nicely arranged home in good condition. Prices to suit the time. Inquire of H. B. Harey.

Milk Punch 10 cts a glass at the Colodsaloon.

Ladies who desire to learn more about Viavi, and how by its aid you can cure yourselves, will find me at home, near Santa Fe depot, on Wednesdays and Thursdays. Mrs. W. B. Sloan, local agent.

OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90° to 122°. The gases are carbonic. Altitude 5,600 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 199.34 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases:—Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidney, Syphilis and Mercular Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. For further particulars address—
