THE SCOTT JACKSON TRIAL

Barrenness Results in Disappearance of An Important Witness for Prosecution.

EFFORTS TO SAVE JACKSON BY PERJURY

Sensation Created by Testimony of a Girl from Cincinnati Tenderloin District—George Taylor Reported in Nebraska Yesterday.

Newport, Ky., May 6.—Before the trial of Scott Jackson was resumed to-day it was learned that W. R. Trusty had left his bond expired last night and by a mistake was not returned. He is wanted on a charge of perjury. Seward, the detective, who coached Trusty, is still here under bond.

The forenoon was spent in examining Counselor Charles Akers, to impeach Trusty, A. J. Clark, Charles Owens, Frank Rebstock, Anna and J. R. Pinkard as to George Jackson's reliability.

George Jackson's testimony was corroborated.

The testimony of Carrie Evans, of the tenderloin district, of Cincinnati, created a sensation.

Trusty testified that he met her on January 21, was introduced to an old doctor by her, and they took the body of Pearl Ryan out of a house on George street and conveyed it across the river to Fort Thomas.

Carrie Evans testified to-day that she never saw Trusty until April 3, a month ago. She was then introduced to Trusty by John Seward, the detective, who drilled her and Trusty for witnesses.

GEORGE TAYLOR RECOGNIZED.

Shelton, Neb.—George Taylor, the condemned murderer who recently escaped from jail at Carrollton, Mo., was seen and recognized near here yesterday. He is reported to have boarded a train for Kearney, Neb., where all trace of him was lost.

MURDERER CAPTURED AT EL PASO.

Denver.—News has been received here from El Paso that Pedro Baca, the murderer serving a twenty-four year sentence, who escaped from the Canon City penitentiary on April 7, has been captured there. Baca killed Charles Allen in Starkville about a year ago. A reward of \$500 was offered for his capture.

MORTUARY RECORD.

Minneapolis, May 6.—Jacob F. Jeld, the famous sculptor, died last evening from an operation for eye trouble.

CONSPIRACY TO DEFRAUD.

Prominent Chicago Contractors Indicted in the Federal Court for Attempting to Rob Uncle Sam.

Chicago, May 6.—The federal grand jury voted to-day to indict three bidders for the material in the old postoffice building on the charge of conspiracy to defraud the government.

The men indicted are: Patrick J. Gorton, president of the Chicago Brick company; Ezekiel Smith, of Smith & Eastman, drainage canal contractors; Frank John, foreman for Smith & Eastman.

It is alleged that the highest bidder of the trio was to take the work; the other two filing deposits of \$500 each to give the third man an advantage of many thousands dollars.

Section is one of the best known contractors in the west, worth \$2,000,000.

MEETS TO-MORROW.

Indianapolis, May 6.—An invitation signed by State Chairman Gowdy and Secretary Mansfield has been presented to ex-President Harrison to address the Republican convention which meets here to-morrow. Mr. Harrison has not yet indicated whether he will accept the invitation.

A WORTHY PRECEDENT.

City of Mexico, May 6.—In the case of Chester Rowe, of Potosi county, Iowa, accused of embezzling public money, Judge Aguelar has imposed a sentence of twelve years and two months' imprisonment in Belm prison.

This case has been a notable one in the history of Mexican jurisprudence, as Rowe, after committing the offense, came here and took out papers of Mexican citizenship, hoping thus to evade punishment. But, under the penal code, an offense committed abroad and continued on Mexican soil is punishable, and Rowe's case will serve as a warning for criminals hoping to find a safe asylum in Mexico.

Forest Fire Near Victor.

Victor, Colo., May 6.—There is a big forest fire in the vicinity of Elton. Elton and Victor are not in danger.

THE MARKETS.

New York, May 6.—Money on call easy at 2 1/2 per cent; prime mercantile paper, 4 1/2 @ 5 1/2; silver, 68 1/2; lead, \$3.00.

Chicago.—Cattle, market to-day, beef, \$3.45 @ \$3.48; cows and heifers, \$1.70 @ \$4.05; stockers and feeders, \$2.00 @ \$4.05; Texas steers, \$2.90 @ \$4.10. Sheep opening slow but steady.

Kansas City.—Cattle, market today, Texas steers, \$2.70 @ \$3.75; Texas cows, \$1.90 @ \$2.75; beef steers, \$3.50 @ \$4.20; native cows, \$2.15 @ \$3.25; stockers and feeders, \$2.75 @ \$4.25. Sheep, lambs, \$3.90 @ \$5.00; muttons, \$3.50 @ \$4.25.

Discouraged at Her Hard Lot.

Denver, May 6.—Mrs. Mary Gover, of 2035 Curtis street, committed suicide last night by taking morphine. Her husband ran for alderman two years ago and was defeated. Since then he has had no work, and of late has been ill. Mrs. Gover became discouraged at her hard lot.

THE BEST SPRING MEDICINE

is SIMMONS LIVER REGULATOR. Don't forget to take it. Now is the time you need it most to wake up your liver. A sluggish liver brings on Malaria, Fever and Ague, Rheumatism, and many other ills which shatter the constitution and wreck health. Don't forget the word REGULATOR. It is SIMMONS LIVER REGULATOR you want. The word REGULATOR distinguishes it from all other remedies. And, besides this, SIMMONS LIVER REGULATOR is a Regulator of the Liver, keeps it properly at work, that your system may be kept in good condition.

FOR THE BLOOD take SIMMONS LIVER REGULATOR. It is the best blood purifier and corrector. Try it and note the difference. Look for the RED Z on every package. You want find it on any other medicine, and there is no other Liver remedy like SIMMONS LIVER REGULATOR—the King of Liver Remedies. Be sure you get it.

Arizona for Silver.

Phoenix, May 6.—The report telegraphed that Arizona's Republican delegation favors McKinley is misleading. The delegation was unimpressed except that it is to demand free silver at 16 to 1 and statehood.

NATIONAL POLITICS.

TURNING DOWN MCKINLEY.

Washington.—Senator Allison, Senator Quay, National Committeeman Feasenden, of Connecticut, National Committeeman Clarkson, of Iowa, and other anti-McKinley men held a long conference at Senator Quay's home. As the result of it an elaborate statement was given out through Col. Clarkson. This statement declares that "McKinley will be shorter of a majority on the first ballot at St. Louis than Blaine was in the emotional year of 1876. Grant to 1880 or Sherman in 1888, when the latter in a field of fourteen candidates voted for on the first ballot had 329 votes."

"He will not be nominated by acclamation," says Col. Clarkson, "because I can say positively that Allison, Quay and Morton will remain in the contest, and so surely will Reed, and I judge so will Bradley and Cullom. Allison has no least idea of withdrawing, nor Iowa any idea of giving up the fight. I believe this is true of the other candidates and their states. McKinley will fall from 80 to 100 votes short of enough to nominate at the start and the field will represent from 525 to 550 votes. By the field I mean Allison, Reed, Quay, Bradley, Morton and Cullom, already suggested and other available men as Harrison, Lincoln, Foraker, Hobart, Davis and Gen. Tracy, of New York."

HARRISON IN IT.

New York.—From Indianapolis, John C. New, who is as close to Harrison as any man on the green earth, sends word as follows:

"Several of the ex-president's friends have talked over the presidential situation with him within the last two days. Gen. Harrison is bitterly opposed to the nomination of McKinley."

"It was only a few days ago that he said to one of his callers: 'They may nominate and elect McKinley, but he will not be followed by a Republican president.'"

"Gen. Harrison has intimated on several occasions recently that were he McKinley, he would like to go any length to prevent the nomination of McKinley."

There is no mistaking this language. Gen. New is not the man to mislead matters. He is personally opposed to Maj. McKinley, and he will fight the Ohio man to a finish in the state convention to be held to-morrow."

The McKinley managers have boldly claimed they would win in the Indiana convention, and it has been intimated that Michener and New had agreed to get in the McKinley band wagon without delay.

How little substance these claims had is apparent from the statement of Mr. New.

It is said that Gen. Harrison has been invited to address the state convention on Thursday. If he should accept, it is conceivable that he will so impress himself on the convention that the delegates will be instructed for him in spite of any protest that he may make.

Mark Hanna is said to have got word of the invitation to Gen. Harrison, and, according to a telegram from the west, the McKinley men will seek to get a resolution into the Indiana convention intimating the delegation to St. Louis for McKinley before any other business is taken up and before the ex-president appears, if he shall, indeed, conclude to address the Hoosier Republicans.

Mr. Platt thinks that when the first ballot is taken the McKinley boom will collapse, and that the Blaine, Sherman and others in times past.

Mexican Central Earnings.

New York, May 6.—The report of the Mexican Central for the fiscal year ending December 31 shows that the gross earnings were the largest in the history of the company. A total increase of 12.70 per cent is shown.

The report contains a table showing the effect of depreciation in silver on the company's revenues. The Mexican currency earnings are much less than they would have been had the same average rate for silver prevailed as in 1890.

WARRING WESLEYITES.

The Woman Question Positively Will Not Down in the Big Cleveland Conference.

Cleveland, May 6.—The woman question in the Methodist Episcopal general conference seems to be irrepressible. To-day the resolution, which provides for changes in the constitution of the Episcopate so that women may become trustees, was made the order of business for a week from to-day. Bishop Warren presided. It was decided to elect bishops and other officers on May 15.

The resolutions providing for a reunion of the church south with the church north were referred to the committee on the state of the church.

Rev. Dr. D. H. Moore, of Cincinnati, opened the debate on the woman question. His speech was followed by twenty others.

Two hours were consumed in the debate and just before the adjournment the reports of the majority and minority committees on the question of admitting women were referred back to the committee on eligibility with instructions to report to-morrow morning.

THE MARKET.

New York, May 6.—Money on call easy at 2 1/2 per cent; prime mercantile paper, 4 1/2 @ 5 1/2; silver, 68 1/2; lead, \$3.00.

Discouraged at Her Hard Lot.

Denver, May 6.—Mrs. Mary Gover, of 2035 Curtis street, committed suicide last night by taking morphine. Her husband ran for alderman two years ago and was defeated. Since then he has had no work, and of late has been ill. Mrs. Gover became discouraged at her hard lot.

ILLINOIS SILVER WINGS.

Democrats of McLean County Nominate a Silver Republican for Senate—Declare for Stevenson for President on a Silver Platform.

Bloomington, Ill., May 6.—The Democrats of McLean county have nominated for state senator a Republican, a member of the present house of representatives of Illinois, Dr. J. N. White. He was defeated for the Republican nomination.

F. M. Hall was endorsed for congress. He is a free silver man.

The platform is: Vice President Adlai Stevenson for president; A rigid for governor, and the free coinage of silver and gold as it existed before the Sherman law demonetized silver."

CALIFORNIA FOR SILVER AND MCKINLEY.

Sacramento, Cal.—The Republican state convention platform declares for free silver at the rate of 16 to 1 and instructs the delegates at St. Louis to vote for McKinley.

NATIONAL CAPITAL BUDGET

The House To-day Passed a Resolution Providing for Adjournment on May 18.

A DISAGREEMENT BETWEEN SENATORS

Sweeping Order of President Placing About 30,000 More Federal Employees Under Civil Service Rules.

Washington, May 6.—In the house to-day, Mr. Dingley, chairman of the ways and means committee, presented a resolution providing for the final adjournment of congress May 18. It was adopted without discussion.

SESSION OF THE SENATE TO-DAY.

In the senate to-day a difference of opinion developed between the two Florida senators, Messrs. Call and Sherman, as to the resolution of Mr. Sherman, the president to protest against the execution of American citizens taken on the Spanish gubato.

Mr. Call wanted immediate action.

Mr. Sherman moved to refer the resolution to the committee on foreign affairs.

Mr. Call protested, saying: "With death hanging over American citizens, the senate should act."

Mr. Packer differed with Mr. Call, saying he had had several interviews with the secretary of state and had learned that Mr. Olney was doing everything possible in all this class of cases.

Mr. Call expressed a vigorous disagreement with his colleague.

The resolution was referred.

Investigation of the alleged election irregularities in Florida, was referred to the committee on privileges and elections by a vote of 29 to 20.

CABLE TO HAWAII AND JAPAN.

The senate committee on foreign relations to-day agreed to compromise the bill for a cable to Hawaii and Japan. The bill authorizes the postmaster general to enter into a contract in behalf of the United States with any company which may pay the cable to pay a subsidy of not exceeding \$150,000 per year. The bill has the support of Senator Morgan and all the Republican members of the committee. The other Democratic members on the committee, Messrs. Gray, Turpie, Daniel and Mills, opposed the bill.

SWEEEPING CIVIL SERVICE ORDER.

The long expected order of the president, including in the civil service most of the officers now remaining outside of the classified service, was issued this afternoon.

The order will include about 30,000 additional employees. Practically the only persons left outside of the civil service will be the assistant secretaries, heads of bureaus and a few private secretaries and laborers. The order is to take effect immediately.

PROVIDING FOR INCREASING PENSIONS.

The house committee on pensions to-day ordered a favorable report on the bill introduced by Representative Stallings to increase the pensions of veterans of the Mexican and Indian wars and their widows from \$8 to \$12 a month.

EACH EXPRESSED REGRET.

Representative Money, of Mississippi, and Mr. Hall, of Missouri, who recently had a personal encounter, have adjusted their differences and shaken hands. Explanations showed that the unpleasantness arose from a misunderstanding of the remarks of the two members over a bill relating to the personnel of the navy. Each expressed regret.

ATLANTIC & PACIFIC REORGANIZATION.

The house committee on Pacific railroads decided to make a favorable report to the house on the senate bill to confer all charter rights of the Atlantic & Pacific railroad on the purchasers of the property. This will permit a reorganization of the company.

SPECIAL AGENTS SUSPENDED.

Washington.—Twenty special agents of the general land office have been suspended from May 16 to June 30, inclusive, on account of inadequate appropriation for the current fiscal year.

St. Paul Decidedly Republican.

St. Paul, Minn., May 6.—The Republicans won a notable victory in the municipal election, the assembly being solidly Republican and the Democrats electing only one alderman out of twenty. F. B. Doran was elected mayor by 3,250 plurality.

Kentucky Derby in Progress.

Louisville, Ky., May 6.—The crowd that will witness the twenty-second renewal of the Kentucky Derby run this afternoon promises to be the largest that has attended that race in years.

Willie Sims will ride Ben Brush, who sold favorite in the pools last night, and will probably be about 4 to 5 on the track to-day.

Charley Thorpe will have a mount on First Mate, "Soup" Perkins on Semper Ego and Sheron on Ben Eder.

Knowing ones think that the race will be between these four horses, but Loh wins the Derby.

ILLINOIS SILVER WINGS.

Democrats of McLean County Nominate a Silver Republican for Senate—Declare for Stevenson for President on a Silver Platform.

Bloomington, Ill., May 6.—The Democrats of McLean county have nominated for state senator a Republican, a member of the present house of representatives of Illinois, Dr. J. N. White. He was defeated for the Republican nomination.

F. M. Hall was endorsed for congress. He is a free silver man.

The platform is: Vice President Adlai Stevenson for president; A rigid for governor, and the free coinage of silver and gold as it existed before the Sherman law demonetized silver."

CALIFORNIA FOR SILVER AND MCKINLEY.

Sacramento, Cal.—The Republican state convention platform declares for free silver at the rate of 16 to 1 and instructs the delegates at St. Louis to vote for McKinley.

MILWAUKEE STREET CAR STRIKE.

Milwaukee, May 6.—Sixty cars are running on the street railway lines and it looks as if the strike would be broken in a day or two. Considerable trouble was experienced in opening up the Bay View line because of obstructions constantly being placed on the tracks by women and children.

To-day noon, at Third and Walnut streets, the brewery employees stopped a car and attempted to pull the motorman off the platform. The policemen on the car were powerless. A squad soon arrived and a pitched battle ensued in which clubs were freely used. Six policemen were injured.

WEEKLY CROP BULLETIN.

Season So Far Very Backward—Cold and High Winds—Rain Needed—Fruit Crop Will Be Light.

U. S. DEPARTMENT OF AGRICULTURE, Weather Bureau, Santa Fe, N. M., May 5, 1896.

High, dry winds, cool nights, and a general fall and extremely low humidity have been the conditions prevailing generally. While these unfavorable conditions have retarded the growth they have not seriously injured crops in general. A few days of warm weather with a good rain would bring everything forward in good shape. All crops are very backward for the time of year but wheat and alfalfa are generally reported to be looking very well. It will be some time before the exact condition of fruit can be reliably ascertained but the outlook is very discouraging in many places.

Grapes appear to be in good condition in most localities. The stock ranges are drying up badly and stock is falling off. Rain is very badly needed all over the territory.

The following extracts from a few of the reports received at this office will be found of interest:

Albuquerque.—A. Montoya.—All kinds of crops damaged by the recent frost. Nearly all the fruit killed excepting grapes which do not appear to be injured. Wheat and alfalfa have made little progress. Corn planting just commenced.

Alma.—William Viro.—Heavy wind storm on the 27th followed by snow in the mountains. Fruit all killed here. Alfalfa looking well. Ranges dry but stock in fair condition. Total precipitation for this year only .07 of an inch.

Artes.—Prof. H. H. Griffin.—Rather too cold for most crop growth. A light frost on the 28th did some damage to tender vegetables and fruit. Warmer nights and moisture needed.

Alamo.—Brother Gabriel.—High wind on the 27th; cold nights and snow on the Sandias. Remainder of week warm and dry. Crops looking well and gardens somewhat improved. Grapes vines are beginning to grow rapidly and give hope of good crop.

WEDNESDAY, MAY 6.

DEMOCRATIC CALL.

HEADQUARTERS DEMOCRATIC Territorial Central Committee, Santa Fe, May 2, 1896.

Whereas, At a meeting of the Democratic territorial central committee, held at the city of Santa Fe on the 5th day of February, 1896, it was ordered that a territorial convention be held at Las Vegas on June 15, 1896, for the purpose of electing six delegates to the national Democratic convention to be held at Chicago on July 7, 1896.

Now, therefore, pursuant to said order, and in accordance with the general authority in us vested, a convention of the Democratic party of New Mexico is hereby proclaimed to be held at Las Vegas on June 15, 1896, at the hour of 11 o'clock a. m., to be constituted according to the order of this committee made at its said meeting as follows, to-wit: One delegate from each county for each 100 votes cast for Antonio Joseph for delegate to congress at the last general election, and one delegate for each fraction of 100 votes so cast amounting to 50 or more.

Upon this apportionment of delegates, so authorized, the various counties will be entitled to delegates to said convention, as follows:

Bernalillo county	12
Chavez county	8
Colfax county	8
Dona Ana county	8
Eddy county	8
Graham county	8
Hidalgo county	8
Lincoln county	8
Mora county	11
Rio Arriba county	11
San Juan county	2
San Miguel county	21
Santa Fe county	13
Sierra county	3
Socorro county	9
Taos county	11
Union county	5
Valencia county	3

Total delegates, 153. The county central committees of the respective counties are hereby requested to call county conventions to be held in due time for the selection of the authorized number of delegates to said territorial convention in accordance with the rules and regulations, or the usages and practices of the party in each county. It is suggested that primaries be held in the various counties not later than May 30, and that the county conventions be held not later than June 6, 1896.

In carrying out the orders of this committee at its said meeting, all Democrats and all those who intend to act with the Democratic party are hereby invited to participate in the primaries in the respective counties.

In view of the great weight which the Democratic delegation from this territory had in the last national convention in the selection of candidates for president and vice president, and in view of the magnitude of the interests involved in the coming national convention and of the recurring possibility for the exercise of potent influence by New Mexico's delegation, particularly in silver's cause, the Democrats in all counties are urged to make their voice heard in the primaries and in the county conventions to the end that one territorial convention may be a largely attended and representative one, thus assuring the election of a delegation to the national convention composed of Democracy's strongest and truest sons. This is a vital year for silver's cause and it is the hope of this committee that New Mexico Democrats will take a vital part, beginning down at the primaries.

RAFAEL ROMERO, J. H. CHAIR, Secretary, Chairman.

HANDS OFF the land court business, Mr. Catron!

FREE coinage, an income tax and war on the trusts should be the battle cry for Democracy in the approaching campaign.

The statutes of New Mexico are most generous in the treatment of married women. In this respect we are far in advance of many states.

The sensational sheets haven't found Fountain's body nor discovered his murderer for three whole days. However, the proper officials have in no wise relaxed their efforts.

And have you heard the silver news from Iowa. It is now in order for the Washington correspondent of the St. Louis Republic to again assure an anxious public that silver is losing its grip in the west.

Now that the A. P. A. has given McKinley its heartiest indorsement, old man Morton threatens to throw up the sponge and quit. Scotts! but won't Boss Platt squeal if Morton should carry his threat into execution.

In western Colfax county doesn't overdo the town lot boom business her mines will make a splendid showing before the year is out. The presence of 100 prospectors in the vicinity of Hematite camp is vouched for by Judge Stephen E. Booth, and that means a whole lot for the country round about.

In their sure-thing count at the Chicago convention the goldites figure on Iowa, ten votes; Kentucky, thirteen votes; Indiana, ten votes, and Georgia, six votes. Well, there's many a slip betwixt the cup and the lip. We believe that not only these states, but Texas and Ohio also, will be found in the free coinage column before the fray is over.

ARRORS to the rather remarkable and somewhat acrimonious controversy at Cleveland touching the eligibility of women to a voice in the general conference of the Methodist Episcopal church, it occurs to the average secular on-looker that the women have an easy victory within their reach. All they have to do is quietly to withdraw their support from the church and the meager masculine minority will make haste to grant them any recognition they feel disposed to demand. The Methodist church without the zealous support of the women, or any other church for that matter, would fall as flat as a Missouri papaw in autumn.

PLEADING THE BABY ACT.

The Catronist organs are pleading the baby act. They make no pretense at defending their political champion, yet when the Democratic press of the territory indulges its prerogative and presents legitimate criticism of Delegate Catron's official acts they whine "personal abuse," "vindicative misrepresentation" and like rot. We find the Raton Range and Silver City Enterprise specially grieved over this matter. Only in terms of the most fulsome flattery or of meaningless platitudes do they ever refer to Delegate Catron and his work (?) in congress and yet when other journals undertake to point out his many grievous and inexcusable blunders their retort is always on the same line—the Democratic newspapers are "abusing" Mr. Catron! These complainants either do not know how, or are too puerile to meet the issue and discuss the distinction between just official criticism and personal abuse. But let's see how near the truth they are when they lay at the door of the Democratic press all that which they are pleased to denigrate "personal abuse" of our delegate in congress. Only a day or two ago the New Mexican quoted from the Chicago Times-Herald, a Republican newspaper, a most scathing criticism of Delegate Catron's actions as delegate from New Mexico. This was followed by a keen, cutting editorial comment on his extraordinary conduct from the Washington Post, also Republican. Now we find the Republican Denver Times chipping in thus:

"It will probably make very little difference to Delegate Catron, of New Mexico, whether that territory is admitted to statehood or not. He has appointed one son to West Point and the other to Annapolis, and each is named as alternate for the other, in case either fails to pass the examination. Such an exhibition of hogwash nepotism ought to be severely rebuked. It is unworthy of New Mexico and the west."

And in commenting on what the Times says the Chronicle Black Range, also a Republican sheet, makes it convenient to tell a story. The Black Range says:

"Catron's intensified hogwashness reminds us of the following fable: 'A lion, a goat, a fox and a sheep once agreed to share whatever each might catch in hunting. A fine, fat stag fell into a snare set by the goat, who thereupon called the rest together, and the lion divided the stag into four parts. Taking the best piece for himself, he said: 'This is mine, of course, as I am the lion.' Taking another portion, he added: 'This, too, is mine by right—the right, if you must know, of the strongest.' Further putting aside the third piece: 'That's for the most valiant,' said he, 'and as for the remaining part, touch it if you dare.'"

In view of this array of comments on Delegate Catron's official acts would it not be wise for his organists to keep quiet and cease pleading the baby act or come out of their shells and put up as stiff a bluff in attempting a defense as their elastic consciences will permit.

PRESS COMMENT.

It Has Gone Glimmering.

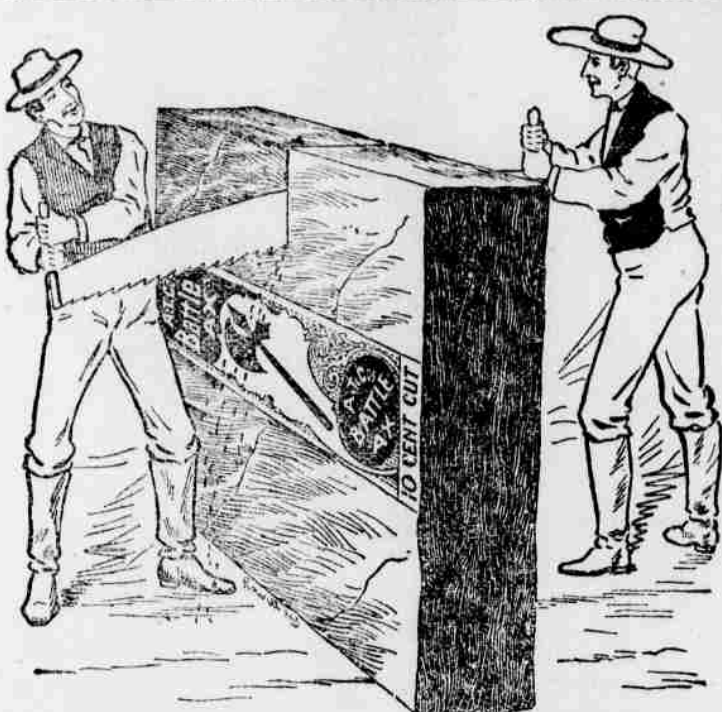

Statehood prospects have gone glimmering for the present session without doubt. The prince of Washington correspondents, Walter Wellman, whose daily letters to the Times-Herald, of Chicago, are one of its best features, is of the opinion that the McKinley wing of the party is determined to fight the admission of the territories and will win. Many anti-McKinleyites are no less opposed to the step on account of the out-and-out silver sentiment of the territories.—Gallup Gleaner.

NEW MEXICAN PRINTING COMPANY.

The PECOS VALLEY of NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.

The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world.

Enormous yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.

The cultivation of ensilage—a silage material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Land with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Felix section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

Did You Ever see a ghost?
Probably not. But you are lucky if you have never been face to face with the foul fiend, indigestion. That limp from the nethermost hades subjects his victims to numberless horrors, among them heartburn, flatulence, heart palpitations, headache, biliousness, broken rest, and others that we will not enumerate. Hostetter's Stomach Bitters will drive away this mischief breeding spirit. Tackle him with the great corrective at once. Malaria, constipation, kidney troubles, debility all yield to this leading remedy, which is no mere palliative, but achieves decisive results. For overworked nerves and weary brains this fine medicinal recuperant is highly to be recommended. Its pure spirituous basis is modified by botanic simples of first-rate remedial efficacy.

It's an old saying that "The proof of the pudding is in the eating of it." And it is because people have taken Simmons Liver Regulator that they know it to be a most excellent medicine and especially for the spring and fall when there is so much malaria in the air. Mr. W. T. Lee, of Pendleton, N. C., says: "I have used Simmons Liver Regulator for twenty years, in place of calomel and quinine."

How to Treat a Wife.
(From Pacific Health Journal.)
First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be harder for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom.—To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to protect her health. For sale by Ireland's pharmacy.

Yes, continued the pilgrim, there has been a distinct gain of morality among us of the West. You see the horse thieves haven't had time to get the bicycle craze. Ah, yes.
Evolution, however, was upon the point of scorching.
Did you ever think how readily the blood is poisoned by constipation? Bad blood means bad health and premature old age. DeWitt's Little Early Biscuits, the famous little pills, overcome obstinate constipation. Newton's drug store.
There is a distinguished minister of an Episcopal church in New York who never thinks of going into the pulpit without having made up after the manner of an actor who struts his half hour on the stage. He rouges his cheeks, pencils his eyebrows, and paints his lips. He's a good looking out of the pulpit, but when he appears in his paint and powder he's an Apollo Belvidere.

Yes, the charge was carrying concealed weapons.

DeWitt's Sarsaparilla cleanses the blood, increases the appetite and tones up the system. It has benefited many people who have suffered from blood disorders. It will help you. Newton's drug store.

For your Protection.—Catarrh "Cures" or Tonics for Catarrh in liquid form to be taken internally, usually contain either Mercury or Iodine of Potassa, or both, which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of Catarrh will follow; severe pain in the head, a roaring sound in the ears, bad breath, and sometimes an offensive discharge. The remedy should be quick to kill inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

says she saw Mr. Slymkins give Sam some money last night.
"Yes, I know it was Slymkins."
"More than that. Sam was married last night to Miss Seymour's maid, and they went off together by the 12 o'clock train."
"But, my dear woman," said I, "I don't care anything about whom he has married or where he has gone. The question is, Has he carried my leg with him?"
"Why, I'm sure I don't know."
"Well, that is just what I want to know, ma'am. This isn't a time for trifling. You must remember that I am to be married today, and, by Jove! I want my leg!"
"Why don't you ask Slymkins for it?"
"Yes, and be laughed at. No, I don't intend to let him know anything about the trouble he has caused me. Besides I don't know that he has got it."
"But what are you going to do?"
"Why, just as soon as I finish my breakfast I shall go to Mr. Seymour's and tell him of the perjury of my servant—and I shall take that leg to prove my statement—and, unless he objects very strongly, I shall insist on being married upon catches rather than to have the wedding postponed. That would please Slymkins too much. It's what he expects, but I'll disappoint him, by Jove!"
I finished my coffee, and going to my chamber I took the ownerless leg, and wrapped it up in paper. Then I came down, and ordering my carriage rode out to Mr. Seymour's residence.
The old gentleman met me at the door. He took no notice of my crucifixion. With averted face he made me good morning and led me into the parlor.
"I'm sorry, Captain Boomerang, very sorry, but the wedding will have to be postponed."
"What, not on my account, I hope?"
"For you see I thought he had already heard of my loss."
"Amelia!"
"What? My dear Amelia! Oh, has anything happened to her. Is she ill?"
"It's nothing serious, my dear captain."
"But is she ill? Oh, where is she? Let me go to her. Do let me see her!"
"She's in her boudoir. Go. Perhaps you can comfort her."

I did go. I burst into the room and found her lying on the sofa.
I rushed forward to clasp her in my arms, but recoiled in surprise and amazement when I saw upon the chair in front of the lounge upon which she was lying my—
"Great heavens! Amelia, where did you get my leg?"
"For you see I recognized the limb instantly."
"The leg—Oh, George Henry, I—I can never be your wife!" she sobbed, fixing her liquid orbs on the limb before her.
"But where did you get my leg?" I reiterated, at the same time unfolding the paper from the short one that I had brought with me.
"Where did you get mine?" she screamed, hopping up from the lounge and clutching the limb that I still held in my hand.
"Yours!" I gasped.
"Mine!"
"Oh, this is too much!"
Amelia sat down, too, and for about two minutes we gazed into one another's faces without speaking a word. At last I spoke.
"Oh, Amelia, Slymkins has played a cruel joke upon us! He bribed your maid and my man to change these limbs."
"Yes, and now?"
"But luckily we have found it out in time, and now the wedding can go on as if nothing had happened."
"Now! I cried clasping her to my breast. 'I'd marry you now if you hadn't a leg to stand upon.'"
Then I kissed the dear creature, while she laid her beautiful head upon my breast and cried for joy.
In conclusion I am happy to inform the reader that the wedding took place at precisely 2 o'clock that day. Slymkins was not there, and I haven't seen him since, but where I do see him—well, I'll write you about it.—T. B. Bits.

Colder Than the North Pole.
Walter Wellman, who has been to the arctic regions himself, says that McVillie's theory of an eternal ocean (see page 1) is as indefensible as the old notion of an open polar sea. At the pole the mean annual temperature is reckoned at 2 degrees F. above zero. In summer it is doubtless often so warm there that the explorer who reaches its neighborhood will pull at his sledge with bare hands and without any coat to guard him. During three months of summer the mercury would not fall below 10 degrees above zero. He might pass a whole winter there without seeing the mercury drop any lower than it occasionally falls in Manitoba and northern Minnesota. But he would find a staid old fellow. For three months, probably, he would have no higher temperature than 20 degrees below.

Arctic climate. Like many other things in that region, is little understood by people who have not given the subject special study. In that country it is always cold when the wind blows, summer or winter. But even in winter, when the wind is light or still, a well clad man can move about in comfort.

In Memory of Flora MacDonald.
It is well over a century since the death of Flora MacDonald, who made herself famous by the aid she gave in 1746 to "the pretender" Charles Stuart in his escape from the king's troops, but never before has her memory been honored by a monument of any kind. Now, at last, a stained glass window is to be put up as memorial of her courage and devotion in a church in the Isle of Skye. This is the place of safety, it will be recalled, to which she conducted Bonnie Prince Charlie disguised as her woman servant—a piece of loyalty to the exiled house for which she was rewarded by several months' imprisonment.

Mr. D. P. Davis, a prominent lawyer and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain Balm eased the pain and the use of one bottle completely cured him. For sale by Ireland's pharmacy."

One Minute is the standard time, and One Minute Cough Cure is the standard preparation for every form of cough or cold. It is the only remedy named; that produces immediate results. Newton's drug store.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no better use could be made of one of those quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. The mirror doesn't lie. It is not a flatterer. Its story is plainly told, and cannot be contradicted. Women whose blood is poor and whose whole system is run down by sickness and weakness, are afraid to look in the glass. The condition of all the body is written in the face.
Thousands of women are dragging out a weary, miserable existence, because they do not fully realize what is the matter with them. They know that they have "female weakness," but they do not really appreciate what that means. They do not know that to this one trouble is traceable almost all of their bodily ills. They consider it a disease by itself, and if they have also neuralgia, nervous headaches, biliousness, kidney troubles and other things, they see no connection between them and the derangements of a strictly feminine nature. Busy and overworked physicians often treat these things as separate ailments, when the whole trouble has the one source. The reproductive organs are so important a part of the body that when they are out of order, the whole system is deranged. Whatever illness a woman has, she will do well to look there for the cause.
A great many women knowingly neglect themselves, because they dread the telling of their troubles to a physician and the subsequent examination and "local treatment." All this is needless for Dr. Pierce's Favorite Prescription has been found to perfectly and permanently restore lost strength and promote regularity of functional action.
Twenty-one cents sent to World's Dispensary Medical Association, No. 653 Main Street, Buffalo, N. Y. will bring a 1000 page book, called "The People's Medical Adviser" full of sound advice.

They say that men have the blues more than women do.
Of course, you women always have us men to think about.
One swallow does not make a spring, but one swallow of One Minute Cough Cure brings relief. Newton's drug store.

IN THE DISTRICT COURT.

Trial of Three Young Men Accused of the Murder of Marcelino Vigil in June, 1893, Occupies Attention of Judge Laughlin's Court.

The jury trial of the case entitled the Territory of New Mexico against Desiderio Gallegos, Luterio Padilla and Emeterio Garcia, charged with murdering Marcelino Vigil on June 12, 1893, occupied the attention of the district court all day yesterday and as this report closes is still in progress. District Attorney Crist is prosecuting and Messrs. B. M. Read and H. L. Ortiz are defending.

The story of the revolting crime out of which this trial grows is not pleasant reading. At an early hour on Tuesday morning, June 12, 1893, the dead body of Marcelino Vigil was found in the arroyo about 200 yards east of Gaspar avenue and just south of Manhattan avenue. The body was in a shocking plight. The head was beaten and crushed wholly beyond recognition and the lower half of the body was nude. Two pools of blood were visible near by, one a small one, where evidently the first assault with stones had been made, and the second one ten feet away, where the brutes finished the job of stoning their victim to death.

Desiderio Gallegos, Luterio Padilla and Emeterio Garcia, three young men, were promptly arrested charged with the murder. The testimony brought out at the subsequent hearing disclosed the fact that the persons accused and dead boy were seen about sundown, on April 12, near the place where the body was found, in an intoxicated condition; that they were boisterous and appeared to be quarreling among themselves; that one of the party was seen lying, apparently too drunk to help himself, in the arroyo. The accused admitted being drunk with the deceased that night at the scene of the killing, but declared that they left Vigil lying drunk in the arroyo and had no knowledge of the murder.

Other evidence and the circumstances surrounding the sad case strongly indicated that the four boys named engaged in a drunken brawl, in the course of which stones were thrown, one of which struck Vigil and knocked him senseless in the arroyo, and that in their drunken frenzy and alarm the other three concluded to make an end of their victim.

The three persons accused of the crime were bound over to the grand jury, were duly indicted and have since been held awaiting trial.

ROUND ABOUT TOWN.

The K. of P. lodge holds a special meeting at 8 o'clock this evening.

The wagon road from Bland to the Jemez country is open for travel.

Just now the sportsmen are daily swapping yarns as to their luck at trout fishing and dove shooting.

U. S. weather bureau forecast for New Mexico: Fair to-night and Thursday; stationary temperature.

Regular meeting of Carleton post, G. A. R., at 8 o'clock sharp to-night. Visiting comrades cordially invited.

The Oxford saloon is fitting up a library and public reading room on the second floor of the Schumann block.

The arrangements for the Fats and Leans base ball game are going on merrily. Webber's prizes, the Fats, are at present the public favorites.

The Santa Fe nine will likely play in Las Vegas on the 24th and in Albuquerque on the 30th and 31st, and our braves claim they will have three more games to their credit.

Hon. J. Sterling Morton, secretary of agriculture, and his son, Vice President Morton, of the Santa Fe system, will arrive in this city at midnight on special car 220.

The base ball players of the government Indian school left this afternoon overland for Albuquerque, where they play two games with the Indian school team at that place on Friday and Saturday.

The dances for the benefit of the base ball club will come off Saturday evening at Firemen's hall. It behooves the townspeople to encourage the boys in order that they may be able to keep their present excellent team together.

There will be a special meeting of the Santa Fe fire department to-morrow evening at 8 o'clock for the purpose of making arrangements for a dance to raise funds to send delegates to the Albuquerque tournament. Other important business will come up.

Thos. E. Wade, the well known actor and theatrical manager, died at Pueblo April 30, of pneumonia. He was 38 years of age. Deceased was well known throughout the west and at the time of his death was manager of the Topic theatre, Cripple Creek. He leaves a widow—the actress, Trixie Wade, who has often appeared on the stage at Montezuma.

Speaking of D. & B. G. extensions and the building of the line from Santa Fe to Albuquerque, the Denver Republican says: "It would give Denver connection with the interior of New Mexico and break the monopoly of southwestern trade which the Atchison, Topeka & Santa Fe has for so long enjoyed. Denver is

cut out of New Mexico's trade by the monopoly of traffic which is in the hands of the Santa Fe road, and it is a condition which is likely to remain unchanged until a competitive line is constructed."

The third advertising car for the great Wallace shows reached town last night and a squad of men have been engaged in distributing advertising matter all day. This attraction appears in Santa Fe one week from to-day. The car is a beauty, being a sixty-foot palace car, handsomely decorated and finished, inside and out, and is probably the finest finished advertising car now on the road.

Charles W. Dudrow has not yet qualified as a member of the city council from the 2d ward, and it is understood that he doesn't intend to do so, regarding the duties of alderman as incompatible with those of chairman of the county board. If he does not qualify at the next meeting of the council his seat will be declared vacant and his successor will be appointed by the seven members who have qualified.

Mr. C. D. Boucher, one of the cleverest of the A. T. & S. F. main line conductors, arrived from Las Vegas to-day to take the run on the Lamy branch, he having arranged to take this assignment while Conductor Drury goes to the Las Vegas hot springs run. Conductor Carlisle, whom he succeeds, goes to Las Vegas for a preferred freight assignment. Mr. Boucher will bring his family here shortly.

The city marshal starts out well. He has the city prisoners at work on the streets to-day. They should be kept employed thus. Last month it cost \$64 to feed the city prisoners and the marshal should try and make things break even for the tax-payers by keeping all prisoners in his charge occupied at some public work daily.

NEW MEXICO NEWS.

E. A. Pearson has been appointed official surveyor of Bernalillo county, vice William Harris, resigned.

The Deming base ball club met the Silver City team the other day and defeated them by a big score. The Deming team has Rose as catcher and McGuire as pitcher.

Sheriff Hubbell, of Bernalillo county, wires from Lincoln, Neb., that he has in charge Jackson Allen, Page, the forger, and will reach Albuquerque with his man to-morrow morning.

Remigio Sanchez, arrested for the murder of Jacob Garcia, on a complaint sworn to by Santanita Garcia y Romero, was discharged by Justice Crawford at Albuquerque upon the evidence given by witnesses for the prosecution.

The preliminary examination in the Doherty murder case still continues. Juan Lucero was on the stand and gave Tomas Lucero's story as he had it from him and it seems to corroborate that told by Tomas in court, yesterday.—Las Vegas Optic.

Hon. H. L. Pickett, of Silver City, who has been one of the leading lawyers of this county for the past fourteen years, started yesterday for Salt Lake City, where he intends to reside in the future and practice his profession.—Deming Headlight.

Receiver C. W. Smith, of the Atlantic & Pacific, is at Los Angeles, where Mrs. Smith and family have been visiting the past few weeks. Don A. Sweet, agent for Receiver Smith, expects to leave the city the last of this week for Los Angeles.—Albuquerque Citizen.

M. A. Otero has recently returned from St. Louis, where he has arranged comfortable and convenient quarters for the New Mexico delegation to the St. Louis Republican convention, says the Optic.

The headquarters are located in the Hotel Rozier, and are equal to the best that could be secured in the city.

A Las Cruces correspondent writes to the Democrat: "About the last hope entertained by fruit growers in this valley has been dissipated, fruits which had clung to their stems with a death grip having at last succumbed to the ravages of recurring light frosts, withered and fallen off. Vines have fared but little better, and appear unequal to the production of more than a sufficiency for home consumption, if permitted later on to finish a second growth."

Judge Smith gave a hearing in chambers last evening in the matter of the Goldberg assignment. The creditors of the estate claim that gross mismanagement and unreasonable costs have about consumed the entire estate. Judge Smith held that under the order of Judge Hamilton the assignee had the privilege of closing out the stock by retail, and that large expenses necessarily resulted, and that the assignee is not responsible for bad judgment. W. C. Wrigley was the attorney for the assignee and J. Leahy for the creditors.—Las Vegas Optic.

RECEIVER NAMED.

The New Mexico Mining Company Heavily Involved—San H. Elkins Appointed Receiver by the Court.

Newton S. Finney, of New York, who owns 533,000 shares of the stock in the New Mexico Mining company, yesterday afternoon applied to the district court through his attorney, Hon. Matt. G. Reynolds, for the appointment of a receiver for this property. The petition is based on the grounds of insolvency, ceasing to do business under its franchises, want of revenue to pay current expenses and taxes, failure to protect the property from waste, destruction and trespass and numerous other grounds. This company was organized years ago by S. B. Elkins, Larson, Simpson and others of New York. It owns 54,000 acres of the Ortiz mine grant in south Santa Fe county. Its capital stock was placed at \$500,000. Its debts amount to about \$50,000, of which sum about \$20,000 are due for taxes to the territory and Santa Fe county and suit is now pending for some \$18,000 of this amount.

The showing in the petition was so clear and conclusive that the prayer was at once granted by Judge Laughlin, and San H. Elkins, of Cerrillos, brother of the senator, was named as receiver. He was given twenty days in which to file his bond, the amount of which was fixed at \$2,500.

G. A. R. Orders.

Department Commander John C. Bro-magen, G. A. R., announces the following staff appointments:

Assistant Adjutant General—Eli Caldwell, East Las Vegas.
Assistant Quartermaster General—Morris J. Crowley, East Las Vegas.
Inspector—Wm. B. Branton, Watrous.
Judge Advocate—Lee H. Rudisill, White Oaks.

Further appointments on the staff will be announced in future orders.
Department headquarters are established at East Las Vegas.

Murder or Suicide.

Cruz Tafayn arrived in this city early this morning from Gallinas Springs, bringing a letter from J. E. Whitmore, Jr., of that place, conveying the news that Frank Reitz, the sheepman, had either been murdered or had committed suicide, at a place south of Gallinas Springs, and at the time of writing his father had gone to bring the body up to Gallinas Springs. The word came to him from a Mexican, who did not know any of the particulars, not even whether he had been shot or stabbed, says the Optic.

Mr. Reitz was a member of the firm of Reitz & Johnson, Bros., sheep dealers of Gallup. W. W. Prigmore has been telegraphed from Gallup to go down to Gallinas Springs, embalm the body and bring it to Las Vegas. People who know Reitz do not give the suicide theory much credit, and think that he must have been either murdered or had shot himself accidentally.

Hicks' Forecast for May.

Rev. Irl R. Hicks' weather prophecy for May says: "During 4th to 7th look for storms to run their course from west to east. Northern sections will be in danger of frosts after storms. Reactionary storms, due 9th and 10th, will likely continue past new moon on the 12th, and renewed danger of frosts will follow in all northern directions. This is at the center of the Venus period, and very warm, with thunder, rain and hail, will prevail during the first part of all disturbances in the month, followed suddenly by very cool. The 15th to 18th comprises a storm period, in which a series of daily storms of much energy will transpire. The 21st and 22d are storm dates. Look for radical changes in the mercury, and numerous storms. The 28th to 29th is a marked storm period."

Missup to a Wheelman.

Mr. F. C. Alley, local agent for the Wells-Fargo Express company, met with a mishap last evening that came near being very serious. In coasting down the Fort Union road hill into the city on his wheel his foot got caught in the spokes, he thus lost control of his rapidly moving wheel and the machine struck a boulder, hurling the rider with great violence to the ground. When his companion, Mr. B. C. Gortner, reached the prostrate young man, the latter was unconscious and it was twenty minutes before he came to. Then he rode into the city on Mr. Gortner's wheel, but he says he recalls nothing about this nor of anything else that happened to him after the accident. He suffered an ugly scalp wound, his wrist was badly wrenched, and his back and legs were injured, but he was able to be at the office this morning, congratulating himself that it was no worse. The wheel is a total wreck.
