WATERLOO OF THE GOLDBUGS

Silver's Champions in the Democratic National Convention Prove Contrary and True.

EASTERN GREED AND GOLD ARE DEFIED

Desperate Efforts of Hill to Force a Cowardly and Straddling Compromise Money Question Spurned by Silver Men.

Chicago, July 9.—Last night's session of the Democratic national convention was attended with the liveliest scenes imaginable. The question under discussion was the adoption of the majority report of the committee on credentials, the main point at issue being the admission of the Michigan delegation. The majority report favored a compromise, admitting sixteen silver and twelve gold men in that delegation. A minority report sought to practically reverse this order of things and give the gold men the majority, as under the unit rule in case the majority report was adopted, Michigan's delegation would be bound to support the free coinage proposition.

AN ANIMATED DISCUSSION.
A long and animated discussion ensued. At times the scenes were exciting and dramatic, at others humorous in the extreme. Brennan, of Wisconsin; Crosby, of Massachusetts; Sullivan, of Delaware; Stephenson, of Michigan; Sheehan and Brady, of New York, warmly supported the minority report. The majority, or silver interest, was ably championed by McLaughlin, of Mississippi; Thomas, of Colorado; Judge Powers, of Utah, and McKnight, of Michigan. The latter said the original delegation from Michigan was secured through fraud and by federal interference with the rights of the people. He appealed to the convention to right the wrong and said if the majority report was adopted the state of Michigan would this fall roll up a Democratic majority of 25,000. Judge Powers declared the free coinage advocates only sought to do justice; they didn't need Michigan's delegation as they already had a two-thirds majority in the convention. Great cheering.

At 8 p. m. the roll of states was called and the majority report of the committee on credentials was adopted by a vote of 568 to 388. At first a demonstration followed, the delegates waving flags, hats, handkerchiefs and shouting; many of the Kentucky delegates danced a break-down in the aisles.

At 9:10 p. m. order was restored. The committee on organization was presented and adopted. It named Senator White, of California, for permanent chairman. Senator White spoke at length, and at 9:35 adjournment was taken to 10 a. m. to-day.

To-day's Session.
Convention Hall, Chicago, July 9.—As the doors of the mammoth coliseum were thrown open this morning and the black streams of people rolled up through the entrances, the band struck up "Mars" in the Cold, Cold Ground."

To-day, which many believe will be the last day the convention gladiators will meet in the arena, a declaration of principles is to be made and candidates to be selected.

The silver cohorts, jubilant and confident, were in control, and the preliminary scenes were largely a repetition of those of the two previous days. Several speakers, making themselves obnoxious, were ejected.

Sixteen delegates, constituting the minority of the committee on resolutions, filed nine declarations in the report of the majority of the committee to which they can not give assent.

The minority content themselves with this general expression of their dissent without going into a specific statement of the objectionable features of the report of the majority.

But upon the financial questions, which engages at this time the chief share of public attention, the views of the majority differ so fundamentally from what the minority regard as vital to the Democratic doctrine as to demand a distinct statement of what they hold as the only just and true expression of Democratic faith upon this paramount issue as follows, which is offered as a substitute for the financial plan in the majority report:

HILL'S PROPOSED SUBSTITUTE.
"We declare our belief that the experiment on the part of the United States alone of the free coinage of silver and a change of the existing standard of value independently of the action of the other great nations would not only imperil our finances, but retard or entirely prevent the establishment of international bimetallicism to which the efforts of the government should be steadily directed.
"It would place the country upon a silver basis, impair contracts, disturb business, diminish the purchasing power of wages and labor and inflict irreparable evils upon our nation's commerce and industry.
"Until international co-operation among the leading nations for the free coinage of silver can be secured, we favor the rigid maintenance of the existing gold standard as essential to the preservation of our national credit, the redemption of our public pledges and the keeping inviolate of our country's honor.
"We insist that all of our paper and silver currency shall be kept at a parity with gold. The Democratic party is the party of hard money and is opposed to legal tender payments as a part of our permanent financial system, and we therefore favor the gradual retirement and cancellation of all United States notes and treasury receipts, and the legislative provisions as will prevent undue contraction.
"We demand that the national credit shall be resolutely maintained at all times and under all circumstances."
ADMINISTRATION AMENDMENT.
The majority also feel that the report of the majority is defective in failing to make any recognition of the honesty, economy, courage and fidelity of the present Democratic administration. They therefore offer the following declaration as an amendment to the majority report: "We commend the honesty, economy, courage and fidelity of the present Democratic administration."
[Signed] David B. Hill, of New York; William F. Vilas, of Wisconsin; George Gray, of Delaware; John Prentice Poe, of Maryland; Irving W. Drake, of New Hampshire; C. O. Johnson, of Maine; P. J. Farwell, of Vermont; L. Harrison, of Connecticut; David E. Baker, of Rhode Island; Thomas A. C. Wescott, of Michigan; James E. Brien, of Minn.

esota; John E. Russell, of Massachusetts; Robert E. Wright, of Pennsylvania; William B. Steele, of South Dakota; Allan A. McDermott, of New Jersey; C. Rogers, of Alaska.
Senator Hill also offered a number of amendments to the platform to bring it into conformity with the views of the minority.
The amendments offered by Hill: "But it should be carefully provided by law at the same time that any change in the monetary standard should not apply to existing contracts.
"Our advocacy of the independent free coinage of silver being based on the belief that such coinage will effect and maintain a parity between gold and silver at a ratio of 16 to 1, we declare, as a pledge of our sincerity, that, if such free coinage shall fail to effect such parity within one year from its enactment by law, such coinage shall thereupon be suspended."

THE VOTE.
The vote on Hill's motion to substitute the official resolution of the minority for that of the majority was as follows: yeas 360, nays 568: Alabama, 22; Arkansas, 16; California, 10; Colorado, 10; Connecticut, 12; Delaware, 12; Florida, 11; Georgia, 12; Idaho, 10; Illinois, 10; Indiana, 10; Iowa, 10; Kansas, 10; Kentucky, 10; Louisiana, 12; Maine, 10; Maryland, 12; Massachusetts, 27; Michigan, 12; Minnesota, 11; Missouri, 10; Montana, 10; Nebraska, 10; Nevada, 10; New Hampshire, 10; New Jersey, 10; New York, 12; North Carolina, 12; North Dakota, 10; Ohio, 10; Oregon, 10; Pennsylvania, 12; Rhode Island, 10; South Carolina, 10; South Dakota, 10; Tennessee, 10; Texas, 10; Utah, 10; Vermont, 10; Virginia, 10; Washington, 10; West Virginia, 10; Wisconsin, 12; Wyoming, 10; Alaska, 10; Arizona, 10; District of Columbia, 2; New Mexico, 10; Oklahoma, 10; Indian Territory, 10. Total, yeas, 360; nays, 568.

IMPORTANT ADDITION TO PLATFORM.
Ex-Congressman Bryan offered the following, which was adopted as a part of the platform:
"We are in favor of the arbitration of differences between employers engaged in interstate commerce and their employees, and recommend such legislation as is necessary to carry out this principle."

CLOSING TO DAY'S SESSION.
At 3:45 it was announced that the convention would take a recess, after the final adoption of the platform, until 8 o'clock this evening.
The silver men reiterated their claim that they have a two-thirds working majority in the convention.
Geo. Frederick Williams, of Massachusetts, it is announced, will place in nomination for the presidency, Wm. J. Bryan, of Nebraska. His nomination is predicted on the second ballot.

HILL BEATEN AGAIN.
Hill's motion for a separate vote of the states on that part of his amendment endorsing the Cleveland administration was defeated, yeas 355, nays 568.

THE PLATFORM ADOPTED.
Latest, 4:50 p. m.—The platform as reported by the majority was adopted by an overwhelming vote. On the roll call, the vote stood 628 yeas, 301 nays. Adjourned to 8 p. m.

Attgeld's Emphatic Denial.
Chicago, July 9.—It was emphatically denied by Gov. Attgeld to-day that the Illinois delegation was changing from Bland to Stevenson.

SPORTS ON THE THAMES.
Henley-on-Thames, July 9.—In the final heat for the grand challenge cup Leander beat the Thames Rowing club as they liked by two and one-quarter lengths in five minutes. In the final heat for the Wyford challenge cup, for four oars, Trinity college, Oxford, beat the London Rowing club. In the final heat for the visitors' challenge cup, for four oars, Calus college, Cambridge, beat Magdalena college, Oxford.

TO-DAY'S CONDENSED.

Baron Hirsch's widow has donated \$200,000 to promote the emigration of Russian Jews to Argentine.
John La France and Norman De Baux arrived in San Francisco from New York last night, having made the trip on bicycle in thirty-seven days. The best previous time was forty-one days.

THE CRIMINAL CALENDAR.

An Ohio Boy Convicted of Murdering Three Persons—Sensational Arrests in Iowa.

Akron, Ohio, July 9.—A verdict of murder was returned last night in the case of Romie Cotell, aged 17, charged with killing Mr. and Mrs. Alvin Stone and Alvin Stillson. His motive was to assault the woman's daughter.
Dubuque, Iowa.—The arrest of two young men, Millburg and Ekerlie, on suspicion of being the murderers of Minnie Kiel, whose body was found in a pasture near Bellevue, caused intense excitement. The prisoners' attempt to prove an alibi failed.

Notice for Publication.

(Small Holding Claim No. 916.)
LAND OFFICE AT SANTA FE, N. M., July 3, 1896.
Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver, at Santa Fe, N. M., on August 19, 1896, viz: Guadalupe Mear, of Santa Fe, N. M., for tract in sections 16, 21 and 28, tp. 17 n., r. 9 e.

He names the following witnesses to prove his actual, continuous, adverse possession of the tract for twenty years next preceding the survey of the township viz: Andres Dominguez, Jose Antonio Romero, Antonio Armitio and Anastasio Sandobal, all of Santa Fe, N. M.
JAMES H. WALKER, register.

Short order meals, hot and cold lunches, at the Bon Ton. Open day and night.
Pass the good word along the line Piles can be quickly cured without an operation by simply applying DeWitt's Witch Hazel Salve. Newton's drug store.

Christian Endeavor Convention.

Washington, July 9.—The Christian Endeavor delegations and their friends are fast taking possession of Washington and there is every indication that the prediction of the local committee will be realized by the arrival of between 35,000 and 40,000 delegates. The convention was formally opened by services in twenty-two churches to-day.

The plans of the Christian Endeavorers were disarranged this morning by the blowing down of the tent at Williston. It is water-soaked and torn and probably can't be raised again.
Notwithstanding the discouraging weather conditions, thousands of Christian Endeavorers attended the sunrise service. The great meetings in the big tents, originally fixed for 9:30, were unavoidably delayed owing to the damage done by last night's storm. The tent at Williston was abandoned entirely for the day at least. The Endeavorers crowded the "Washington" and "Endeavor," each calculated to accommodate 10,000 people. In the tent "Washington," President Clark, of Boston, presided. Rev. S. Foster acted as director of the vast chorus. The "Hymn of Welcome," especially composed for the convention by Col. John Hay, was rendered with grand effect. The welcome was delivered by W. H. H. Smith.

The response was by Rev. J. R. Service of Detroit.
The report of Secretary John Willis Beer and the annual address of President Frances E. Clark were read.
Services in the tent "Endeavor" were conducted by Rev. Howard B. Grose, of Boston. The services were similar in every respect to those in the tent "Washington."

NEW MEXICO NEWS.
Peaches are selling at 10 cents a pound at Kinross.
The 4th of July celebration at Kinross was a dazzling success.
The glorious rains of the past week have been valuable to the miner, stockman, ranchman, and all animal and vegetable life in this section.—Silver City Independent.

Peter Roth, a blacksmith, formerly employed by the Crescent Coal company at Gallup, committed suicide at Albuquerque yesterday afternoon. He is believed to have been troubled by morphine.
The Topoka Journal says: "It is understood that the board of directors of the Santa Fe will present D. B. Robinson, the retiring vice-president, with a handsome silver service as a token of their esteem and to honor his splendid service while with the system."

Miss May De Mier, the accomplished daughter of J. R. De Mier, who recently returned from Mexico, Mo., where she has been attending Hardin college, for the past two years, will spend the summer here with her parents and probably return to the college next year to resume her studies.—Rincon Weekly.

Mr. Sam Childers, brother of W. B. Childers, United States district attorney for New Mexico, died at his home, Pulaski, Tenn., the early part of the week, after a lingering illness of two months. His death was not unexpected, as Mr. Childers was laid to bed by the attending physician, when he visited his brother recently, that he was beyond all human aid.

The announcement of the marriage of Miss Ella McIntosh and Dr. W. C. Field, of Mogollon, has been the subject of much talk here. The ceremony will take place at the home of the bride's parents on July 22, 1896. Miss McIntosh is of this city, and is a charming and amiable young lady, and is loved by all who know her. Dr. Field is the attending physician at Mogollon, in which he resides and is highly esteemed and respected.—Silver City Eagle.

E. W. Dobson, lawyer, returned from Socorro last night, where he was on business connected with the U. S. Cattle company, which has been in the hands of receivers for some time. Mr. Dobson informs the Citizen that Receiver Stevens has negotiated the sale of the entire herd, numbering about 10,000 head, to Theis, Weldon & Shafer, of Kansas City, for \$100 per head.—Albuquerque Citizen.

City Assessor Betts has completed his work and filed his reports with the city council at its regular meeting on Thursday. The levy, however, was not made for the coming year because of uncertainty as to the manner in which the railroad bond question should be treated. The valuation of all property in the city subject to taxation shows a decrease over last year of \$38,000. This is due to the loss sustained through the great flood in July. The revenue for the present year shows a total valuation of \$561,246.—Silver City Independent.

Sheriff Shannon returned from Juarez, Mexico, last Monday, where he has been for several days endeavoring to obtain release from the Mexican government of one of the Lujan boys who assisted in the murder of Supt. Reed at the Copper Rose mine, last fall. Mr. Shannon had a conference with Ahumada, governor of Chihuahua, and obtained the assurance that as soon as the minister made his report in the matter that Lujan would be turned over to the United States.—Silver City Independent.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericksburg, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale at Ireland's Pharmacy.

CONVENTION IN BULLETINS

Story of Third Day of Great Chicago Convention Told in Briefs.

SOME STIRRING SCENES AND INCIDENTS

Most Exciting and Dramatic Convention in the History of the Country—Events of the Day as They Occurred.

Chicago, July 9.—The weather is cloudy and cool.
According to the morning papers Bland's chances are the best at present. It is claimed the key to the situation rests with Alabama, Georgia, Mississippi and North Carolina. This admission encourages the Matthews supporters.

The Georgia delegation is divided between Bland and Teller.
Chairman White predicts that the struggle will be a lengthy one.
10:57 A. M.—The committee on platform has added an anti-A. P. A. plank. It demands the civil and religious liberty of every citizen.
It is claimed that McLean, of Ohio, will receive thirty votes for president on the first ballot.

11:05 A. M.—Senator Jones, of Arkansas, presents the report of the committee on platform.
11:03 A. M.—Various points in the platform were received with cheers. The platform is substantially the same as published by the New Mexican yesterday.

11:08 A. M.—Senator Hill presented a minority report from the committee on platform. He demands a modification of the free coinage plank and wants to endorse Cleveland. Hill's report advocates that all money be kept at a parity with gold.

It is announced that one hour and twenty minutes will be allowed each side for debate. Hill to have the closing half hour.
11:29 A. M.—Tillman, of South Carolina, offers an amendment and is to speak. He received with cheers and hisses. He said the newspapers had lied about and misrepresented him. He didn't know whether he was a representative southerner or not, but did know that this country had been called to liberate "the white slaves of the nation." Great cheering. Tillman wanted to know if New York and Pennsylvania had honestly come by their increase in wealth, and said in the last decade their wealth had increased more than that of any twenty-five states in the south and west.

11:57 A. M.—Tillman, said the sectionalism was between the people and the money oligarchy of the east. He asked: "Where are the New York leaders now?" The response had been called to liberate "the white slaves of the nation." Great cheering. Tillman wanted to know if New York and Pennsylvania had honestly come by their increase in wealth, and said in the last decade their wealth had increased more than that of any twenty-five states in the south and west.

12:05 P. M.—Tillman says he will have his say if he has to stand on the platform till sundown. He says: "Hill forced the issue and left it to me to tell why. If we should ignore the Cleveland administration, we write ourselves down as asses and liars." His reference to bond issues was received with cheers and hisses. He said Cleveland had the courage to overrule his oath of office and invade Illinois with government troops. Cheers and hisses. He said Cleveland had been as far as he could be, the death of the Democratic party. His reference to John Sherman and Cleveland-Republicanism provoked laughter and cheers. He said the platform had been called to liberate "the white slaves of the nation." Great cheering. Tillman wanted to know if New York and Pennsylvania had honestly come by their increase in wealth, and said in the last decade their wealth had increased more than that of any twenty-five states in the south and west.

12:26 P. M.—Senator Jones spoke in favor of the majority platform report.
12:33 P. M.—Senator Hill spoke in behalf of his minority report. He said if he is to follow South Carolina he would say he is a Democrat, "but I am a Mugwump. My mission is to unite, not to divide the Democratic party. Need I defend New York and her citizens? New York is the Gibraltar of Democracy." He said finance was not a question of patriotism but a question of business. The convention should declare only for international bimetallicism. Hill also denounced the income tax feature of the resolutions. He regarded it as an assault on the U. S. supreme court. He thought it unwise to criticize the bond issue, and wanted to know if the platform means repudiation.

1:31 P. M.—Senator Vilas spoke. He warned the convention to heed the protest of the minority.
2:01 P. M.—Russell was pained to learn that the minds of the members of the convention were not open to arguments, therefore he had little to say.
2:25 P. M.—Bryan, of Nebraska, made a strong appeal to the convention to stand by the majority report of the platform committee. He said the people had waited patiently twenty years for an international agreement and they were now tired out. He added, amid cheers, there is not a state represented here to-day in behalf of gold that is not in control of the platform. He said the Republican party, when he closed Bryan received an ovation, and the band played "I won't go home till morning."

3:11 P. M.—Hill moved to substitute his minority for the majority report on the platform. On this roll of states was called.
3:41 P. M.—Hill's motion was lost by a vote of 303 yeas to 626 nays, one not voting. The announcement of this victory was greeted with cheers.

3:45 P. M.—The Georgia delegation has voted to cast 26 votes for Bryan for president. Whitney says all the goldie candidates for the presidential nomination have withdrawn save Pattison. Whitney, it is said, opposes Bland's nomination most earnestly and from this it is inferred that the votes of the eastern wing of the party will be thrown to some more conservative candidate, either Matthews or Boies, although Hill adheres to his original position that Bland is the logical nominee on a 16 to 1 platform.

THE WOOL GROWERS.

Organization Completed by the Election of Officers—Executions to the McKinley Schedule—Fairness for the Producer Demanded.

The organization of the Territorial Wool Growers' association was completed at Las Vegas yesterday afternoon by the election of the following officers: President, M. W. Browne, San Miguel county; first vice-president, Pedro Perea, Bernalillo county; secretary and treasurer, Geo. Arnot, San Miguel county; executive committee, M. W. Browne, San Miguel county; E. Montoya, Socorro county; Sal Lann, Valencia county; M. S. Otero, Bernalillo county; J. G. Clancy, Guadalupe county. A vice-president for each county was chosen as follows:
Bernalillo, Wm. McIntosh; Chaves, W. S. Francis; Colfax, Jerome Gray; Dona Ana, C. H. Armitio; Eddy, to be supplied; Grant, L. Burdick; Guadalupe, Charles Sumner; Lincoln, M. Chavez; Mora, Serafino Romero; Rio Arriba, T. D. Buras; San Juan, Salomee Chavez; San Miguel, Chas. Heford; Santa Fe, Juan Ortiz; Sierra, J. J. Garcia; Socorro, E. Chavez; Taos, A. Mueller; Union, T. Gallegos y Baes; Valencia, V. Salis.
A resolution was offered, advising sheepmen to hold on to their sheep and not dispose of them, as it was believed that better times would prevail at no distant date and after adopting a lengthy preamble the following was adopted:
Whereas, The act of 1890, while it to a great extent rendered protection to the wool and sheep industries, was nevertheless defective in many particulars, and to such an extent that great frauds could be perpetrated under it by means of undervaluations, skirting, sorting and adulterations, to reduce values, importing coarse wool as washed and washed wool as unwashed and better classes thereof as lower classes, which defects should not be repeated in future legislation; therefore, be it

Resolved, By the Wool Growers' association of New Mexico, That the expressed condition of our wool and sheep industries in this territory, and in the whole United States, demands the enactment of such tariff legislation by congress as will furnish ample protection to those industries against all foreign competitors, and restore them to their former state of prosperity.
To that end, we demand a flat, specific duty of 10 cents per pound on all imported unwashed wools, and double that amount on washed wools, and triple that amount on sorted wools, and that such provision be incorporated in a law as will prohibit the advantage taken under former laws by means of skirting, sorting, adulterations to reduce value, importing coarse wool as washed wool, and washed wools as unwashed wool, and better classes as lower classes; that we object to each and every enactment which imposes an ad valorem duty and insist that every duty shall be specific, and that the duty on shoddy shall be prohibitory, and we demand further, that a duty of not less than 75 cents per head be placed upon all sheep imported from foreign countries.
Resolved, That it is the belief of this association and the wool growers of New Mexico, that by the enactment of such laws, not only will be regained in New Mexico, and throughout the United States, the prosperous condition enjoyed by our sheep and wool industries during the years ending June 1893 and 1894, but, that within a period of five years under such legislation, the United States will be able to supply all the wool consumed by the people in this country.
Resolved, While we demand protection for the sheep and wool industries of this country, we insist that the same shall be fully brought about by an adequate compensatory duty placed by legislation, upon all woolen fabrics imported from foreign countries; that we believe the manufacturer and producer must both be protected, so as to secure the full benefits sought to be derived.
Resolved, That this association will insist upon the most rigid enforcement of all sanitary regulations against snob and all other diseases. We recommend that the sanitary board be requested to devote more attention to the sheep interests in connection with the excellent services that they are rendering to the cattle industry.
Resolved, That this association requests the secretary of the interior, under proper regulations to be established by him, to permit the use of the Pecos reservation and all other reservations in this territory, by the sheep owners for the purpose of watering and grazing their sheep thereon during seasons of severe drought, as being a use which can do no harm, but will contribute to the preservation of timber and the prevention of forest fires.

Connections with main line and branches as follows:
At Antonio for Durango, Silverton and all points in the San Juan country.
At Alamosa for Jimtown, Creede, Del Norte, Monte Vista and all points in the San Luis valley.
At Salida with main line for all points east and west, including Leadville.
At Florence with F. & C. O. R. R. for the gold camps of Cripple Creek and Victor.
At Pueblo, Colorado Springs and Denver with all Missouri river lines for all points east.
Through passengers from Santa Fe will have reserved berth in sleeper from Alamosa if desired.

The Daily New Mexican

BY THE NEW MEXICAN PRINTING CO.

Entered as Second-Class matter at the Santa Fe Post Office.

RATES OF SUBSCRIPTIONS.

Daily, per week, by carrier.....\$ 2.00
Daily, per month, by carrier.....6.00
Daily, per month, by mail.....5.00
Daily, three months, by mail.....15.00
Daily, six months, by mail.....28.00
Daily, one year, by mail.....50.00
Weekly, per month.....1.00
Weekly, per quarter.....2.50
Weekly, per six months.....5.00
Weekly, per year.....10.00

All contracts and bills for advertising payable monthly.
All communications intended for publication must be accompanied by the writer's name and address—not for publication—but as evidence of good faith, and should be addressed to the Editor. Letters pertaining to business should be addressed to the New Mexican Printing Co., Santa Fe, New Mexico.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every post-office in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

Notice is hereby given that orders given by employees upon New Mexican Printing Co. will not be honored unless previously endorsed by the business manager.

Notice.

Requests for back numbers of the New Mexican, must state date wanted, or they will receive no attention.

Advertising Rates.

Wanted—One cent a word each insertion. Local—Ten cents per line each insertion. Reading Local—Preferred position—Twenty-five cents per line each insertion. Displayed—Two dollars an inch, single column, per month in daily. One dollar an inch, single column, in either English or Spanish Weekly.
Additional prices and particulars given on receipt of copy of matter to be inserted.
Prices vary according to amount of matter, length of time run, position, number of changes, etc.
One copy only of each paper in which an ad. appears will be sent free.
Wood base electrots not accepted.
No display advertisements accepted for less than \$1 net, per month.
No reduction in price made for "every other day" advertisements.

THURSDAY, JULY 9.

The St. Louis convention wasn't a marker to the great Democratic gathering of the people's representatives now in session at Chicago.

Democracy has spoken in behalf of the wool growers and cattle raisers of the west. Democracy represents the people and their welfare.

Truly the bitter partisan lines of former days have disappeared beneath the present great struggle for human liberty when the widow of U. S. Grant lends her gracious presence to a Democratic national convention.

The question naturally arises, what do David B. Hill, Whitney, Flower et al. expect to gain by it. As true Democrats they certainly must bow to majority rule. In other words, take their medicine. Many a good Democrat has done it before them.

So New York has concluded not to bolt. That's cheerful! When we consider that nearly one-half of the delegates to the New York state convention were favorable to free coinage, this decision on behalf of Hill, Whitney, Flower & Co. certainly does credit to their political sagacity.

The U. S. flag is carried every day this week through the streets of London. A regiment of American artillerymen from Boston is there now as the guests of the honorable artillery company of London, and they are received everywhere in their daily parades with ovations of enthusiastic welcome.

The great southwest, not New England, will henceforth take the lead in shaping the tariff policy of this nation. That was demonstrated at Chicago yesterday by the adoption of the Texas delegation's plank providing for a tariff that fosters the interests of wool growers and cattle men of this country. Now look out for a rise in the price of wool. It's bound to come.

Many of the fairy tales which the Republican organs of Chicago and the Associated Press have joined in circulating throughout the land during the past few days can safely be taken with a modicum of salt. As a rule every petty goldbug growler at the Democratic convention has been treated with more deference than the lenders who are actually in control, and much space has been given up to reporting threats of bolts and alleged dissensions which subsequent events show had little or no basis in fact. A few first-class news reporters who realize that the English language is not entirely made up of the word "confusion" should be employed by the Associated Press.

DRAWING A CONTRAST.

Democracy has at last spoken in behalf of the wool and cattle growers and proposes a plan that is absolutely essential to their welfare, while the defunct McKinley plan merely helped the rich manufacturers of New England and provided no sort of relief for the producer. The contrast is here distinctly drawn. Republicanism looks out for the fat-fryers at the east who can put up gold to buy votes; Democracy looks to the interests of the plain people and the producers, and demands fair play not only for silver but for the wool grower and cattle raiser also. Note the difference.

A TARIFF WITHOUT DISCRIMINATION.

Appended is the moderate and sensible declaration of the Democratic national convention on the subject of the tariff:
"Resolved, That we favor a tariff sufficient to defray the necessary expenses of the government economically administered, and so adjusted as not to discriminate against the industries of any section and especially the raw materials of the south and west including their wool, hides, sheep, cattle and other live stock interests."

This is almost as radical a departure from the extreme free trade doctrines of some of the former leaders of the Democratic party as the unequivocal declaration

in favor of the restoration of free silver coinage at the ratio of 16 parts of silver to 1 part of gold, but it is nevertheless in harmony with the spirit that animates modern Democracy and we confidently predict that it will meet with nearly as much favor among the people as the free coinage plank. The American people neither favor the adoption of a free trade policy in this country nor do they believe in McKinleyism or a tariff so adjusted as to enrich the manufacturing barons of the east at the expense of the rest of the country and especially the producers of the raw materials. They favor an equitable tariff for the purpose of defraying the necessary expenses of the government, and the incidental protection thus afforded to American interests is generally satisfactory to fair-minded persons, but events have plentifully demonstrated that only a meagre minority want the tariff monstrosity known as McKinleyism, with all its class and combine breeding discriminations, restored in the United States. Intelligent producers of wool, hides and other raw materials fully realize that the McKinley tariff was not devised for their benefit, that their interests and the interests of the eastern manufacturers are diametrically opposed, and that a party dominated by New England greed and gold can be depended upon to do more for western producers of the raw materials than to attempt to "pull the wool over their eyes."

PRESS COMMENT.

Can't Straddle in New Mexico.
Would it not be a good idea for the Silver City Enterprise to take down that silver dollar of 16 to 1 while supporting at its masthead the Republican nominee on the goldbug platform? Don't try to whip the devil around the stump in that manner Joe, it won't work in this enlightened age. That's what McKinley is trying to do. Take one or the other down.—Springer Stockman.

Dissatisfied Republicans.
There are a few "pie-eating" Republicans in New Mexico who will howl for Republicanism, regardless of its candidates or principles, yet there are many, and right here in Lincoln county, of the rank and file who are dissatisfied with the gold platform adopted at St. Louis and are ready to make common cause with the Democrats on the silver question.—Lincoln News.

Has Seriously Crippled Them.
The Albuquerque Citizen boasts that Catron will be re-elected to congress by an increased majority. Leaving out of the discussion Catron's fitness for the position or his personal qualities and accepting the issue as made at St. Louis and it will be hard for Catron's friends to figure out just how he is going to carry New Mexico. Some people may deny that the great battle about to be fought between the Democratic and Republican parties over the financial question will have any bearing on the election in this territory, but it will nevertheless. The action of the St. Louis convention in declaring for the single standard has seriously crippled the Republican party in New Mexico.—San Juan Index.

ECZEMA
From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs and was treated by the best medical men, but was not benefited. When all things had failed I decided to try S.S.S. and in four months was entirely cured. The terrible eczema was gone, not a sign of it left. My general health built up, and I have never had any return of the disease. I have often recommended S.S.S. and have never known a failure to cure. GEO. W. IRWIN, Irwin, Pa. Never fails to cure, even when all other remedies have failed. Our treatment on blood and skin diseases mailed free to any address. SWIFT SPECIFIC CO., Atlanta, Ga.

Notice for Publication.
(Small Holding Claim No. 916.)
LAND OFFICE AT SANTA FE, N. M., July 3, 1896.

Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver, at Santa Fe, N. M., on August 19, 1896, viz: Guadalupe Maez, of Santa Fe, N. M., for the tract in sections 16, 21 and 28, tp. 17 n., r. 9 e.

He names the following witnesses to prove his actual, continuous, adverse possession of the tract for twenty years next preceding the survey of the township viz: Andres Dominguez, Jose Antonio Romero, Antonio Armijo and Anastacio Sandobal, all of Santa Fe, N. M.

Meals on the European plan.

The dollar-a-meal method of operating dining cars is no longer in vogue on the Burlington.
Something better has taken its place.
Meals in Burlington Route dining cars are now served on the European plan—you pay only for what you order.
Prices are reasonable (a \$1.00 meal can be had for a little as 40 cents) and the service is as good as it can be.
Gumbo, Chicago, Peoria, St. Joseph, Kansas City, St. Louis—you can reach them all via the Burlington. Dining car service all the way.

G. W. VALLERY, General Agent, Denver.

"A Scorching."

Battle Ax PLUG

Tobacco Dealers say, that "BATTLE AX" is a "scorching" because it sells so fast. Tobacco Chewers say, it is a "scorching" because 5 cents' worth goes so far. It's as good as can be made regardless of cost. The 5 cent piece is almost as large as the other fellows' 10 cent piece.

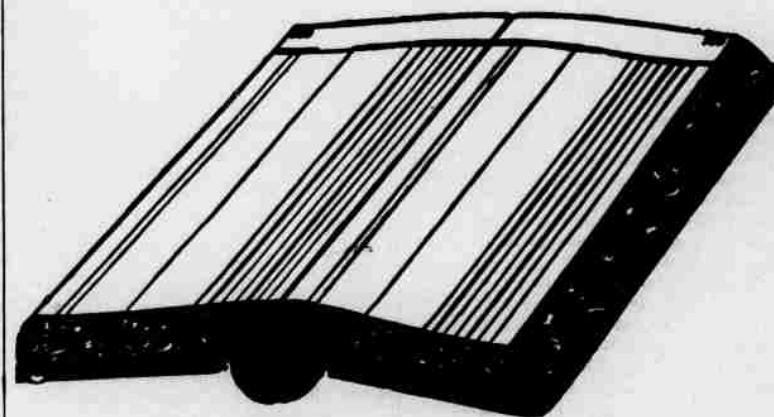

We call especial attention to our celebrated Frey's patent flat opening blank book

We make them in all manner of styles.

We bind them in any style you wish.

We rule them to order

We are the Sole Makers

JOB WORK

Of all kinds done with neatness and despatch. We carry a large and complete line of commercial stationery, consisting of wedding cards, business cards, programs, etc.

BOOK WORK

We are the best equipped establishment in the whole southwest for this line of work, and our unequalled facilities enable us to turn out work at the lowest possible figures.

LEGAL BLANKS

We carry a full and complete line of all Legal Blank, including those required by the Brand Law enacted by the last legislature.

NEW MEXICAN PRINTING COMPANY.

The PECOS VALLEY of NEW MEXICO

OFFERS unequalled advantages to the farmer, fruit grower, live stock raiser, dairyman, bee-keeper, and to the home-seeker generally.

The soil of the Pecos Valley is of high average fertility, and under irrigation produces bountiful crops of most of the grasses, grains, vegetables, berries and fruits of the temperate and some of those of the semi-tropical zone. In such fruit as the peach, pear, plum, grape, prune, apricot, nectarine, cherry, quince, etc., the Valley will dispute for the pre-eminence with California; while competent authority pronounces its upper portions in particular the finest apple country in the world.

Immense yields of such forage crops as alfalfa, sorghum and Egyptian corn make the feeding of cattle and sheep and the raising and fattening of hogs a very profitable occupation.

The cultivation of sawgrass—a tanning material of great value—is becoming an important industry in the Pecos Valley, a home market having been afforded for all that can be raised, at a price yielding a handsome profit.

The climate of the Pecos Valley has no superior in the United States, being pre-eminently healthful and health restoring.

Land with perpetual water-rights are for sale at low prices and on easy terms. The water supply of the Pecos Valley has no equal in all the arid region for constancy and reliability; and this with the superb climate, productive soil and the facilities afforded by the railway which extends through the Valley's entire length, will cause these lands to enjoy a constant, and at times rapid, increase in value.

The recent completion of the Pecos Valley Railway to Roswell will cause the more rapid settlement and development of the upper portions of the Valley, including the rich Felix section. The company has recently purchased many of the older improved farms about Roswell, and has now for sale lands to meet the wants of all—raw lands, partially improved lands, as well as farms with houses, orchards and fields of alfalfa and other crops. In the vicinity of Roswell several pieces of land have been divided into five and ten acre tracts, suitable for orchards and truck farms in connection with suburban homes. Certain of these tracts are being planted to orchards, and will be cultivated and cared for by the company for three years at the end of which period they will be handed over to the purchasers. Write for pamphlet fully describing the terms and conditions on which these several classes of tracts are sold.

This is what Salva-crea is doing.

Wm. TAYLOR, Bishop of the Methodist Episcopal Church in Africa, writes:

"NEW YORK, Nov. 2, 1895.
"I know SALVA-CREA to be an excellent remedy. I have proved its healing virtues, both for bruises and flesh wounds, and also to kill the virus of mosquitoes and chegois."

E. A. GARLINGTON, Major and Insp. General, U. S. A., writes:

"WASHINGTON, D. C., Apr. 21, 1895.
"I have used SALVA-CREA for soreness or rheumatic pains in the muscles of my arm, which is disabled from a gun-shot wound involving the elbow joint; relief was quick and complete."

E. G. ISAACKS, Pay Office, Navy Yard, writes:

"BROOKLYN, N. Y., Aug. 3, 1895.
"Having been a sufferer from troublesome Piles, and not only obtained immense relief, but I can safely say, cured, I cheerfully recommend SALVA-CREA to those suffering likewise, and hope it will afford them the same relief that it has me."

"P. S. I suffered with Piles for more than a year and tried many remedies before I was recommended to try SALVA-CREA."

SALVA-CREA does just what it is advertised to do.

Two sizes, 25 and 50 cents per box. At druggists, or by mail.

For detailed facts and explanation of the joints see Salva-crea, "Extra Strong," Sold in time at 17 cents each.

THE BRADSHAW CO., 274 Canal St., N. Y.

SUNBEAMS.

"That was a touching and beautiful prayer," said the Bostonian to another while leaving the church. "Ye-ah," was the hesitant reply "but there was a false quantity in the seventh Latin quotation."

When the bowels are disordered, no suitable remedy. Hostetter's Stomach Bitters is the most reliable and widely esteemed medicine of its class. It removes the causes of constipation, or of undue relaxation of the intestines, which are usually indigestion or a misdirection of the bile. When it acts as a cathartic, it does not gripe and violently evacuate, but produces gradual and natural effects, very unlike those of a drastic purgative; and its power of assisting digestion nullifies those irritating conditions of the mucous membrane of the stomach and intestinal canal which produce first diarrhea, and eventual dysentery. The medicine is moreover, an agreeable one, and eminently pure and wholesome. Appetite and tranquil night sleep are both promoted by it.

After keeping out of the way of rattlesnakes for ninety-one years, Josiah Emmert, the founder of Watanga, Tenn., was bitten by one last week and died from the effects of the poison.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial, but got no relief. She then sent me to see if I had anything that would help her.

I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich.

For sale at Ireland's Pharmacy.

The Indian farmer who hanged himself because he had been threatened to death by a peccantary convict, recalls DeWitt's Little Early Riser as the man who shot himself because he was afraid to fight a duel.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericksburg, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale at Ireland's Pharmacy.

A bland shower at the Sherman house in Chicago was choked off by some Teller rooster, who filled the bland fellow's pockets full of freckle crackers and then touched them off.

Chamberlain's Cough Remedy cures colds, croup and whooping cough. It is pleasant, safe and reliable. For sale at Ireland's Pharmacy.

Mr. Stately (getting sentimental at 11 p. m.)—Yes Miss Sweetly I believe in the smile of the sturdy oak and the clinging vine.

Miss Sweetly—Ah, but you couldn't play the part of the sturdy oak, Mr. Stately.

Mr. Stately—And why not, pray?

Anthony Forrochegon, of Santa Fe, N. M., for a tract in sections 16, 21 and 28, tp. 17 n., r. 9 e.

He names the following witnesses to prove his actual, continuous, adverse possession of the tract for twenty years next preceding the survey of the township, viz:

Jose Antonio Romero, Jacinto Gallegos, Antonio Arrijo, Eleuterio Barcia, all of Santa Fe, N. M.

JAMES H. WALKER, Register.

Pass the good word along the line Piles can be quickly cured without an operation by simply applying DeWitt's Little Early Riser. Newton's drug store.

The manuscript mailed in the morning, reaching touches would not have a not a copy loaned to a friend near printed.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending One Minute Cough Cure as a preventive of pneumonia, consumption and other lung troubles that follow neglected colds. Newton's drug store.

GEMS IN VERSE.

Uncle Sidney's Views.
I hold that the true age of wisdom is when we are boys and girls, and not women and men. When, as credulous children, we know things because

We believe them—however adverse to the law. It is faith then, not science and reason, I say. That is genuine wisdom—and would that, today.

We, then, were as wise and ineffably blest As to live, love and die and trust God for the rest!

So I simply deny the old notion, you know, That the wiser we get as the older we grow. For in youth, all we know we are certain of;

The greater our knowledge the more we allow For skeptical margin, and hence I regret That the world isn't flat, and the sun doesn't set.

And we may not go creeping up home, when we die, Through the moon, like a round, yellow hole in the sky.

—James Whitcomb Riley.

A National Hymn.
Our faith and hope, our joy and pride! America, we hail thee! With thee shall Liberty abide.

Thy sons shall never fall thee. Thy sons shall go forth, from east to west, One law, one flag, one nation.

The love that fills each patriot breast Shall be thy firm foundation.

CHORUS.
Home of the free, Land of the brave, Shiny inspiring story, While, brave and bright, Thy flag of light Floats in the van of glory!

The stars that from thy banner shine Back to Freedom's beacon. To all the world a sacred sign, A flame that cannot weaken—A flame that o'er Atlantic burns, That glides the ocean.

Whoever man for Freedom burns, His symbol of devotion.

Republic that no hate divides, United in affection. A hemisphere in thee confides And claims thy strong protection.

Stand, freemen, calm and steady! The battle blast, the tap of drum, Shall find Columbia ready.

For tyrannies and kingships all The passing bell is tolling. O nations, hear Columbia's call! For ye the world is rolling.

Nur for the rulers ye have made, The puppets of your power. Rise, freemen, strong and unafraid! The planet is your dower.

Sublime Republic, unto thee Is given a holy mission—To lead the legions of the free, To better man's condition.

In this thy glory we rejoice. Thy sons shall never fall thee. Beloved land, with heart and voice, America, we hail thee!

—Grover Wilson in New York Sun.

Who Plants a Tree.
He who plants a tree Plants a hope.

Roots that through forests blindly grope; Leaves unfold into horizons free. So man's life must climb From the clods of time Unto heaven's sublime.

Canst thou prophesy, thou little tree, What the glory of thy boughs shall be?

He who plants a tree Plants a joy; Plants a comfort that will never cloy. Every day a fresh reality, Beautiful and strong.

To whose shelter throng Creatures big and small bring. If thou couldst but know, thou happy tree, Of the bliss that shall inhabit thee!

He who plants a tree, He plants peace; Under his green curtains jargons cease, Lead and soughy murmur and songing; Shadows soft with sleep Down tired eyelids creep, Balm of slumber deep.

Never hast thou dreamed, thou blessed tree, Of the benediction thou shalt be.

He who plants a tree, He plants love; Tents of coolness spreading out above Wayfarers he may not live to see. Gifts that grow and multiply, Hands that bless are blest.

Plant—life does the rest. Heaven and earth help him who plants a tree, And his work its own reward shall be.

—Lucy Larcom.

Her Majesty.
Her majesty comes when the sun goes down And clambers up to her throne, my knee. Her royal robe is a small white gown, And this is her majesty's stern decree: "Let me know when the sandman passes by, For we're going to speak to him, you and I."

"There was once a monarch of old," I say, "Who sat where the beach and the breaker met."

"Roll back!" he said to the waves one day. "For the royal feet must not be wet! But the waves rolled on. For things there be," I tell her, "that mind not majesty."

"And silent and shy is the sandman old, And never, I'm sure, since the world began, Has any one seen the sandman of gold."

Or spoken a word to the kind old man. But perhaps, when the twilight's gold turns gray,

You may see the old sandman pass this way.

"For your majesty's eyes are young and bright, Though mine with the dust of time are dim, And possibly queens have a clearer sight Than subjects who away to a sovereign's whim."

But I'll watch for him, sweetheart and queen, I say, "And speak if I see him pass this way."

But the sandman came, for the young eyes drooped, And the small mouth curved in a drowsy smile.

Then down to her majesty's lips I stooped And kissed her and whispered a prayer the while:

"O thou that giveth thy loved ones sleep, This night let her majesty safely keep!"

—Independent.

A Woman's Will.
Oh, the dishes! Oh, the dishes! Just the same old weary round. If I realized my wishes, Not a dish would ever be found.

For I'd have them made of paper, Very light and very cheap, And when every meal was over I would throw them in a heap.

And I'd burn them up for fuel, We could get them in a minute. Then life wouldn't seem so cruel With no washing dishes in it!

—New York Recorder.

Sacrilege.
When those whom heav'n distinguishes o'er millions, Profusely gives them honors, riches, power, What's the expanded heart can wish; when they,

Accepting the reward, neglect the duty, Or, worse, pervert those gifts to deeds of ruin, Is there a wretch they rule so mean as to say, Guilty at once of sacrilege to heaven

And of perdition robbery to man? —Hallet.

Gold is a potentate, a mighty power; It builds, destroys and buys to fill the hour. All things save true love is never sold, And happiness cannot be bought for gold.

—H. L. Friable.

JAMES H. WALKER, Register.

An important message often comes by telegraph, but the most important message that ever was delivered to mankind has been given to them through the newspapers. It is given again in this article.

It is the information that 98 per cent. of cases of consumption can be completely and permanently cured. There is no doubt about it. It is a statement that is not made recklessly, but after the experience of thousands has made it an indisputable fact. Consumption is not a disease of the lungs, it is a disease of the blood, which in weak lunged people manifests itself by the formation of tubercles in the lungs and the wasting away of lung tissue. The cure for consumption is simple. It consists in the administration of a medicine that will assist the lungs in throwing off tuberculous matter, and that will cleanse the system so that this refuse matter will be replaced by strong, healthy tissues. That sounds like a very simple operation, and yet consumption baffled the combined medical skill of the whole world for hundreds of years. Consumption was considered incurable until the advent of Dr. Pierce's Great Medical Discovery. This great remedy is the most wonderful blood purifier and strengthener that the world has ever known. It is the result of years of study and experiment, by a scientific physician and has been tested in every way by him for over 30 years. It has an unbroken record of success. It cures a great variety of diseases, because almost all diseases have their origin and support in impurity and weakness of the blood. As long as a man's blood is rich and pure, he is in no danger from diseases. The blood is the medium through which food is carried from the digestive system to all the tissues of the body. If it carries impure things, or an insufficient quantity of good things, trouble will ensue. There is nothing about Dr. Pierce's Great Medical Discovery that is perfectly plain and natural and rational. The "Golden Medical Discovery" puts the digestive system in perfect order, purifies and enriches the blood and so puts the whole body into perfect tune.

This talk is continued in Dr. Pierce's Common Sense Medical Advice. This book page book cost free on receipt of 21 one-cent stamps to cover cost of mailing only. WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from the Denver & Rio Grande Railway, from which point a daily line of stages run to the springs. The temperature of these waters is from 90° to 122°. The gases are carbonic. Altitude 5,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 100,000 grains of alkaline salts to the gallon; being the richest Alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. For further particulars address—

ANTONIO JOSEPH, Prop.,
Ojo Caliente, Taos County, New Mexico.

Passengers for Ojo Caliente can leave Santa Fe at 11:40 a. m. and reach Ojo Caliente at 6 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7.

18 N. SECOND AVE., PHOENIX, ARIZ

ESTABLISHED 1887.

THE COUNTY CONGRESS.

Regular Meeting of the County Commissioners—Report on the Española and Sulphur Springs Road—Accounts Allowed—Assessment Matters.

The county commissioners met on Monday afternoon with Commissioners Rogers and Lujan and Clerk Hill present.

In the absence of Chairman Dwyer, Commissioner W. C. Rogers was elected temporary chairman.

In the matter of the application of E. F. Hobart and others for the establishment of a public road from near Espanola, in Santa Fe county, to Hot Sulphur springs, in Bernalillo county, the following report was submitted by Atanacio Romero and Gilbert La Bar, special commissioners for Santa Fe and Bernalillo counties respectively:

To the Honorable the Board of County Commissioners for the counties of Santa Fe and Bernalillo, respectively.

The undersigned, Atanacio Romero, the commissioner heretofore duly appointed herein to view and examine the proposed road, and being so appointed by the county commissioners of the said county of Santa Fe; and Gilbert La Bar, the commissioner heretofore appointed by said board of county commissioners of the said county of Bernalillo to view and examine said proposed road, hereby respectfully report that they acted in concert as required by statute, and, on Tuesday, the 30th day of June, 1896, they met at Espanola in the said county of Santa Fe and together proceeded to the beginning of the proposed road at a point about one mile south of the town of Espanola in the said county of Santa Fe and about fifty yards south of the house of Esquipula Lujan, on the road from said Espanola to the Santa Clara Indian pueblo, and together traveled over such proposed road to the terminus at Hot Sulphur spring in said county of Bernalillo and viewed and examined the same, and informing their judgment as required by statute they did each take into consideration both public convenience and inconvenience, and also the expense of the proposed road, and, they each of them, do hereby respectfully report that they are in favor of establishing said proposed road and they deem such establishment expedient and they have laid out said proposed road according to the description thereof as set forth in the petition or application herein of record and as specified in the order of your respective boards appointing them commissioners herein, except we find said road has been opened and used for many years and still is used as a public road from the point of its beginning in Santa Fe county for about twelve miles to site of old saw mill in Santa Clara canon and we have therefore laid out said proposed road as commencing at said site of old saw-mill and continuing on to Hot Sulphur spring as described in said petition; and they do hereby respectfully report accordingly.

Action on the foregoing report was deferred until August 10, when the board will hold a special meeting for the consideration of the subject.

H. C. Kinell, of Cerrillos, appeared before the board and represented that his assessment for 1896 was too high.

After consideration the board reduced Mr. Kinell's assessment for 1896 from \$2,750 to \$1,750.

The following accounts were approved: W. P. Cunningham, sheriff, \$139; H. B. Cartwright, treasurer of school board, \$75; Apolonio Chavez, probate judge, \$100; Jose A. Martinez, jailer, \$80; Cosme Herrera, school superintendent, \$279.10; H. B. Cartwright, treasurer, \$75; C. W. Dwyer, commissioner, \$41.65; W. C. Rogers, commissioner, \$46.11; Pedro A. Lujan, commissioner, \$44.77; A. P. Hill, clerk, \$96.00; T. H. Tucker, under sheriff, \$1.00; A. F. Spiegelberg, merchant, \$45; Cayetano Garcia, jailer, \$50; Patrocinio Lopez, janitor, \$40; Fr. Gonzales y Baca, assessor, \$330.64.

At the session on Tuesday afternoon, Gen. E. L. Bartlett appeared before the board in behalf of Abram Staab and asked that the latter's assessment be made as reported by him.

This petition was denied and Mr. Staab's assessment for 1896 was ordered to stand as raised at the previous meeting of the board.

Gen. Bartlett gave notice of an appeal to the territorial board of equalization.

The assessment of Romulo Benavides, precinct 2, was reduced from \$188 to \$73 for 1896.

The assessment of E. O. Wilcox, precinct 2, was reduced from \$1,000 to \$650 for 1896.

The action of the board at its previous meeting, in refusing to allow L. Bradford Prince the \$200 exemption on his assessment, was rescinded, and the ex-governor was allowed the exemption.

B. M. Read asked the board to allow him a free exemption of \$500. The petition was referred to the district attorney for a written opinion.

The board then adjourned subject to the call of the chairman.

Pure Rock Candy Syrup Used in Fischer's Soda Water Syrups.

For a No. 1 genuine imported Mexican cigar, 5 and 10 cents, go to Gold's general store.

THE FORT WINGATE FIRE.

Further Particulars Regarding the Destruction of This Important Post.

Gen. Wheaton, commanding the department of the Colorado, has spent the past two days at Fort Wingate. What plan he may suggest relative to the rebuilding of the post or the transfer of troops has not yet been divulged. The fire, it appears, was even more serious than at first reported. A private letter received to-day from Fort Wingate says: "The fire has done considerable damage to the post, and it is a question at present, whether it will be rebuilt. Six large barracks, the post hall, library, and four sets of officers' quarters were totally destroyed, besides several small buildings used for miscellaneous purposes."

BRAIN WORKERS!

Try Kolo-Celery-Phosphate "for that tired feeling." A great nerve and brain food. Sold only at Ireland's Pharmacy.

All goods bought at Gold's general store delivered free to any part of the city.

John J. Bell Dead.

On last Sunday afternoon about 5 o'clock the sad news was spread that Hon. John J. Bell was dead. Mr. Bell had been in good health up to within an hour of his death. The Eagle was unable to get a biographical sketch of his life, as his wife and daughter were in California to spend the summer. He came to this country in 1890 from Ohio. Mr. Bell is a lawyer by profession and is known all over the country as an intelligent and eloquent lawyer, and he is a member of the K. of P. A. O. U. W. and I. O. R. M. which will conduct the funeral services.

It is said that the deceased was troubled with rheumatism and the doctors report that it must have reached his heart therefore causing instant death. The deceased leaves a wife, daughter and two sons to mourn his loss—Silver City Eagle.

Mrs. Bell and daughter reached Silver City Tuesday night and the funeral took place yesterday.

EVERY DAY, RAIN OR SHINE

You can get ice cream soda water with pure fruit syrups at Ireland's Pharmacy.

Go to Gold's general store for fresh groceries and provisions.

Meals on the European plan.

The dollar-a-meal method of operating dining cars is no longer in vogue on the Burlington.

Something better has taken its place.

Meals in Burlington Route dining cars are now served on the European plan—you pay only for what you order.

Prices are reasonable (a \$1.00 meal can be had for a little as 40 cents) and the service is as good as it can be.

Omaha, Chicago, Peoria, St. Joseph, Kansas City, St. Louis—you can reach them all via the Burlington. Dining car service all the way.

G. W. VALLEY, General Agent, Denver.

WEEKLY CROP BULLETIN.

Past Week Was a Grand One for New Mexico—Favorable State Have Saved Crops and Ranges.

U. S. DEPARTMENT OF AGRICULTURE, Weather Bureau, Santa Fe, N. M., July 7, 1896.

The week ending July 6 was a grand week for New Mexico. Moderately cool, partly cloudy weather with almost daily rains prevailed over the greater part of the territory. The country has changed its appearance entirely under these perfect conditions. All crops have made excellent growth and the grass on stock ranges has improved wonderfully.

There is now plenty of water on the ranges for stock, in most localities the lakes and ponds being well filled. Some grain and alfalfa that had been cut was injured but this damage was insignificant compared with the benefit.

The following extracts from a few of the reports received at this office will be found of interest:

Alma.—William French—Good rains all around this week, heavy in sections, cutting plenty of water in the streams. A little hay damaged but not enough to signify. The outlook for good grass almost assured.

Aztec.—Prof. H. H. Griffin—Clear, hot and dry. Ideal conditions for hay-making. The first crop of alfalfa in first-class condition. In general the conditions are more favorable than any time this year.

Bernalillo.—Brother Gabriel—Crops looking well after the welcome rain. Wheat in most parts nearly ripe. Corn from Algodones to Albuquerque in general very good. Grape vines doing well and since the rain grapes are getting quite large. Ranges much improved during week. Water sufficient for irrigation but not much needed on account of almost daily rains. River in good supply and the farmer in good cheer.

Espanola.—L. A. Phillips—Heavy rains every day in the mountains furnishing plenty water for irrigation. One light rain in the valley during the week. Nearly all alfalfa secured in good condition. All vegetation growing rapidly. Gallinas Springs.—J. E. Whitmore—All conditions good for growing crops and range grass. Total rainfall for the week 1.20.

Lower Gila Valley.—J. E. Casper—The long looked for rain has set in. Big rains in the mountains and the river high. This is a great blessing to the country; the range will be fine and crops are assured. The header is running in the valley heading the grain. Onions and garden truck doing well.

Las Cruces.—Fabiola Garcia—Weather has been somewhat cool and with the exception of the first two days has rained every day. Vegetation recovering rapidly since it commenced to rain. Second crop of alfalfa spoiled by rain and wheat that has been cut and left out is in danger of sprouting if the rain does not stop. Farm work slow, too muddy out in the fields.

Las Vegas.—Dr. F. H. Atkins—Beneficial rains continuing through the week insure a growth of grass. The stunted small grains are maturing well. Corn a problem still. Rainfall for the week 1.46 inches.

Los Alamos.—Wm. Frank—Frequent heavy, soaking rains; afternoons of the 2nd arroyos overflowing. Second crop of alfalfa growing vigorously and will soon be ready to cut. Oats and corn doing well. Wheat very poorly.

Lower Pecos.—H. von Basse—Farmers and stockmen smile once more as a result of the fine rains. It has rained more or less every day, the total for the week being 1.97 inches. The Pecos left its banks in some places but did no damage. Alfalfa crop had been secured before the rains came. Corn is in the best possible condition and gardens have commenced to yield abundances of vegetables. Ranges are already covered with a fresh coat of green grass.

Rincon.—C. H. Raitt—The rain looked for so long has fallen this week in plentiful quantities. Some hail accompanied the first rain, but the damage was slight. Early wheat harvesters were inconvenienced, but the general result is satisfactory. Total rainfall for week 2.30 inches.

Santa Fe.—U. S. Weather Bureau—Partly cloudy, moderately cool weather prevailed during the week with several light showers. These favorable conditions have improved all crops wonderfully.

Shattuck's Ranch.—J. S. Shattuck—Within the last week the country has changed to a beautiful green, just in time to save stock. Outside water holes all refilled and the mountains fairly boggy. Crops are doing well and farmers and stockmen have a broad grin of contentment.

Springer.—Dr. L. Hines—Have had several nice rains. Grass on range is three inches high and crops that were kept back by unfavorable conditions are coming out well. Fruit crop will be much better than was anticipated.

NO PLACE ON EARTH

Where soda water is made purer, cleaner and more wholesome than at Ireland's Pharmacy.

"Cathode Rays" 5c cigar. The latest invention at Scheuchers.

Remember Gold's general store, telephone No. 6, for ranch eggs and butter.

The best place to board in the city is at the Bon-Ton, 26-cent meals a specialty.

O. YATES,

West Side of Plaza,

SANTA FE, N. M.

IS NOW PREPARED TO FILL ORDERS FOR

WHITE BRONZE MONUMENTAL

WORKS

IN ALL DESIGNS

AND DESCRIPTION.

PRICES TO SUIT THE TIMES.

White bronze is manufactured in an unlimited variety of designs including everything that is popular in monuments and statuary, both in large and small work.

White bronze is not an experiment; it has been in use for hundreds of years in Europe, and about twenty-five years in this country and is not affected by the elements.

White bronze is not porous, has no fissures, will not crack, will not absorb moisture, does not become moss-grown, inscriptions will remain legible, holds its color and is endorsed by scientists as everlasting.

White bronze is much cheaper than granite or marble. I have hundreds of designs to select from. Call and see them before placing your orders.

I also handle wrought-iron fences of every description, for private residences and cemeteries.

Artistic, cheap and the most enduring monuments made
